VOLUME 8 10 CENTS EARTH, LAMB COUNTY, TEXAS, THURSDAY, MARCH 7, 1963 8 PAGES NUMBER 91

## Six File For Place on City Ballot, Election April 2

At deadline time Saturday, six local men had filed as candidates for aldermen in the Earth City Election.

They are Eldon Parish, local farmer, Richard Stockstill, manager of Barton-Watson, Inc., W. J. Rylant, Sr., telephone repairman for General Telephone Company, E. R. (Skeeter) McAlpine, Plant X employee, Dennis Simmons of the Piggly Wiggly Store, and Rodney Balko, owner of Balko Ford Sales.

These six candidates will provide voters with ample choice on election day in their selection of two of these six for the two city posts available. The terms of Marshall Kelley and Weldon Barton will expire.

The election is slated for Saturday, April 2 in the Earth Community Room.

Absentee voting will begin March 13 and will continue through March 29.

A large turnout of voters is expected to go to the polls in this election.

## Three Candidates File For School Trustee Election, April 6

Three local men filed this week as candidates for school board trustees.

The three are A. E. (Pete) O'Hair, local farmer, Ross Middleton, publisher of the Earth News-Sun and Price Hamilton, who has filed for re-election.

The two vacancies on the school board were created by the termination of the terms of Hamilton and Bob Armstrong.

The election will be held April 6 in the High School Library.

## Junior High Honor Society Induction Service Held

The National Junior Honor Society met Thursday in the Jr. High Building for an induction service.

President Lonnie Whitford presided over the business meeting. Cecil Slover, sponsor, was present.

The following students were inducted into the Society: Ricky West, Jane Branscum, Patricia Bryant, Rebecca Parish, Kathy Clayton and Irene Hanson.

To be a member of this National Honor Society, the following qualifications are compulsory, to have the average grades of 85 or above, leadership qualities, service to school and high moral character.

The club's activities in the past, and plans for the future will follow along these lines:

1. Honor the teaching staff in the course of the year, not only present teachers, but past and future teachers as well.
2. Adding culture books to library as needed.
3. Adopting two or three needy families from the community as need arises. (During Christmas, the Society took a family of ten groceries, clothing, and toys. Also four children receive hair cuts every few weeks, paid for by the Honor students' funds.

vide voters with ample choice on election day in their selection of two of these six for the two city posts available. The terms of Marshall Kelley and Weldon Barton will expire.

The election is slated for Saturday, April 2 in the Earth Community Room.

Absentee voting will begin March 13 and will continue through March 29.

A large turnout of voters is expected to go to the polls in this election.

## Sesame Growers Meeting Set For March 15

The prospect for making profits growing Sesame on diverted feed grain land has caught the attention and interest of area farmers.

To explain the program and sign up Sesame acreage for 1963, a special meeting has been scheduled for Muleshoe Friday, March 15. Meeting time is 7:30 p.m. at the American Legion Hall in Muleshoe. Robert L. Parker, Executive Vice-President of Texas Sesame Growers, Inc., Paris, Texas will be on hand to conduct the meeting.

Sesame, which is no stranger to area farmers, is one of the most profitable crops that can be grown on diverted feed grain acres without loss of price support or loss of the 29¢ per Cwt. milo incentive payment. In addition, Sesame growers can collect 4% of their normal feed grain retirement payment.

In terms of money, this means for example, that a farmer with a 4,000 pound base yield signing up 20% diversion, can choose to collect \$6.34 per acre and grow a Sesame crop worth probably \$85. - \$90 an acre, instead of simply collecting \$15.84 per acre for leaving his milo land idle. For added insurance, if a farmer should lose his Sesame stand before June 15, the original full milo diversion payment can be reinstated.

Top Sesame yield for the entire High Plains went to Olton area farmers Clyde Ray and Roland Green this year. Their Sesame produced 1073 pounds of seed per acre. Average price in 1962 for No. 1 quality Sesame was a record-breaking \$11.12 per hundred pounds.

Color movies of the new one man self-feeding combine attachment in operation will be shown at the meeting. This new harvester attachment eliminates about 60% of the harvest labor.

County Agent J. K. Adams will be in charge of the meeting. Everyone interested in the new Sesame program is invited.

WINNERS IN THE SOLO AND ENSEMBLE CONTEST... left to right, Joan Dawson, Nancy Alair, Danny Haberer, Anita O'Hair, Jill McCord, David Jaquess, Terry Parish, Dwala Boone, Randy Kelley, Jimmy Smith, Bob Coker, Vicky Coker, Harley Galloway, Marilyn Coker and Ken Dawson.

## Springlake Band Wins 19 First Place Medals, 29 Second Place Certificates

By POLLY JEAN MIDDLETON

Sixty-three of the 90 Springlake Band members participated in the annual solo and ensemble contest held at Levell and Saturday, March 2.

Local students were in competition with 40 schools from Region I; including Class B, A, AA, AAA, and AAAA schools. Springlake band brought back 19 first place medals in the first and second divisions.

Joan Dawson played an oboe solo and won a gold medal, which signifies First Division on her music. One other gold medal was won by Anita O'Hair with a Tenor Saxophone solo.

In the first place 2nd division rating, Danny Haberer won a silver medal for his cornet solo. In the ensemble contest, four groups, trombone trio, flute trio, drum quartet and brass sextet won first place 2nd division, which is represented with silver medals. When a group of players win first place, each participating member receives a medal; 16 of the first place medals were won for ensemble ratings.

In the trombone trio, participants were Vicky Coker, Ken Dawson and Harley Galloway.

Jane McCord, Marilyn Coker and Gwen Smith were in the flute trio.

Those who participated in the drum quartet were Dwala Boone, Randy Kelley, Nancy Alair, and David Jaquess.

Those taking part in the brass sextet were Danny Haberer, Terry Parish, Bobby Coker, Jimmy Smith, Ken Dawson and Vicky Coker. All of the above won 1st place medals in the second division.

There were 29 second place winners. Each of them was presented with a certificate. There were 5 second place solos. These were won by Karen Jones, clarinet solo; Lonnie Whitford, clarinet; Becky Parish, clarinet; Bobby Coker, baritone and Cynthia Busby with an alto saxophone solo.

Six quartets, including three clarinet quartets, a saxophone and woodwind were also entered, and won 2nd place certificates.

One clarinet quartet was composed of Judy Gower, Lynn Hamilton, Janeta Blackburn, and Donna Gower. Those in the woodwind quartet were: Jill McCord, Jim Stockard, Alice

Jaquess and Joan Dawson. Pruda Kay Sanders, Cynthia Busby Norma Kelley and Cheryl Foster were in the saxophone quartet. In the 2nd clarinet quartet, those who participated were Carolyn Cummings, Lonnie Whitford, Kathy Brown and Karen Jones. The four in the cornet quartet were Diana Gregory, Alicia Galloway, Peggy Kelley and Carolyn Kelley. The last clarinet quartet was composed of Becky Parish, Susan Bolton, Irene Hanson, and Melodie Brock.

Fourteen 3rd place certificates were carried off by the drum quartet, horn quartet and brass sextet. Those in the drum quartet were Dwala Boone, Kathy Clayton, Nancy Alair and David Jaquess. The horn quartet, including Wanda Jenkins, Donna Rudd, Alicia Galloway and Steven Mann. Gary Kelley, Mark Holt, Donald Huff, Harley Galloway, Garry Bills and Charles Kimbell made up the brass sextet.

The band has done very well this year as the solo-ensemble contest shows. They lack one more first place in the concert contest to be held at Plainview March 29 and 30 in order to be a Sweepstakes Winner.

## Buy Cookies....

The Girl Scout Cookie Sale is now in progress in Earth and will extend through March 21. The proceeds from this sale are divided three ways. A box of cookies, priced at 50¢, nets the home troop \$6 for their local treasury, 23¢ goes to help retire the swimming pool indebtedness at Camp Rio Blanco, which has been built by cookie sales. The remainder goes in the Caprock Council fund to help pay our advisors salaries, printed material which troops

receive, supplies for Day Camps, etc.

This campaign is not to be confused with a finance drive that will be started shortly to help keep our troop organized. So welcome these Scouts, when they call on you to buy cookies. There are three kinds, mint cream, sandwich and shortbread cookies. Keep in mind that you are doing much more than just getting a box of cookies.

## Polly Middleton Has Severely Sprained Wrist

Polly Jean Middleton received a severely sprained wrist while on a skating party Sunday night with a group of skaters from the local Church of Christ. She was taken to Dr. Holt's office, where X-rays revealed no broken bones.

## Help!

Anyone wishing to help with the Red Cross Drive is asked to contact Mrs. Dora Tarry or Ross Middleton.

The Earth Lions were asked to help, and only one has to date, volunteered to help with the annual drive and workers are needed badly as the drive is scheduled to begin Friday morning.

Earth's quota has been set at \$845.00.

## Nosin... With Polly

HELLO OUT THERE-It's been a long, long time. However, silence they say is bliss, and doubtless you have enjoyed the silence thus far. But like the old saying, "It's All Over Now," Cause while attending a Press Meeting recently I met so many nice (probably fibbin' people, but nice) who insisted I begin this old Malarkey of writing a column again.

So here goes and Heaven help you.

## WHOOPEE WHO SAID IT COULDN'T BE DONE?

Seems, some business in the town of Earth is fairly flourishing. Probably because some old sorehead didn't get around to telling Rodney Balko and his crew that IT COULDN'T BE DONE. You know those famous words that failures insist on repeating over and over, to cover up laziness and to discourage progressive people stepping forward.

However, this foolishness that Earth can't do anything because it doesn't have a railroad, or advertising in Earth can't draw customers from her own trade territory, let alone from other places because of severe competition never slowed down Rodney Balko from selling Ford Cars.

He didn't dwell on what he couldn't do, instead he and his crew concentrated on positive thinking, and sold 8 Brand New Fords all in one day and came up selling 101 cars throughout the 28 days in February.

Too bad someone didn't tell him it couldn't be done, (He might have slowed down and quit trying.) But take it from me Earth, Texas is as good a town per capita as you'll find on the Plains of Texas or for that matter, the Plains of any state in the Nation. Ninety-nine and nine tenths percent of success depends on effort, faith and honest dealing.

Fred Adrian, salesman at Balko Ford Sales says he likes that slogan, "Buy From Balko," but he said you might add a line to it, he suggested "Buy From Balko, but get ready for Freddy" cause I'm gonna sell 'em to.

I can't help bragging "LIKE A TEXAN," that is about the building that is going on in this area, not little shacks like I live in, but the kind that I LOVE TO CALL HOME. I never cease to drive out in the new

DON YARBOROUGH, was guest speaker at the open house celebration of Springlake Schools Tuesday night in observance of Public Schools Week. Mr. Yarborough spoke to approximately 500 people who came out to hear the prominent speaker and to tour the classrooms and inspect student's work.

SERVICE PINS were presented Tuesday night by the local PT-A President, Mrs. Orville Cleavinger to three faculty members Mrs. Grace Hooley is shown receiving a 10-year pin, as Mary Dell Osborne and Eldon await to receive 5-year pins.

## FHA Girls Conducting Annual Cookbook Sale

The Springlake FHA Chapter is conducting their annual sale of the famous cookbook, "Favorite Recipes of Home Economics Teachers." The 1963 edition features desserts and party beverages. These cookbooks are sold only for fund raising. The 1962 edition featuring meats can also be obtained from the Chapter.

Homemakers will find in this book the most complete collection of dessert recipes ever printed. I contains over 2,000 recipes submitted by home economics teachers in every section of the United States. The recipes are very practical and are suitable for everyday meals as well as creative and gourmet attractions.

The "Desserts Edition" contains a separate section for cakes, cookies, pies and candies, Cooking tables, charts and helpful pointers, plus many photographs make these sections very useful. A dessert calorie chart, frozen desserts section and dessert spice charts are included.

Other sections feature frostings and fillings, puddings and custards, frozen desserts, fruit desserts, shortcakes, jiffy desserts, dessert sauces and toppings, desserts for large groups

and many others. Low calorie, foreign, and convenience recipes contained in separate sections are worth the \$2.95 price alone.

Party beverages occupy a position of importance in this grand collection of recipes. An entire section is devoted to recipes on party punch and beverages.

"Favorite Recipes of Home Economics Teachers" makes an excellent gift for weddings, showers, graduations, etc. For information on how to obtain this book, contact the home economics teacher at the Springlake High School.

## Housewives Get 50 Mile Walking Bug

Four walking Housewives sponsored by the Earth Chamber of Commerce and managed by Mrs. Jim D. McNeill will begin a 50 mile jaunt to Lubbock in the wee wee hours of the morning at 2 A. M. Friday.

The walking Housewives, garbed in comfortable walking duds are slated to meet at the Rudd Texaco Service Station in Springlake at 2 A. M. and drive out 6 miles South on Highway 385 to begin their long hike to Lubbock. This starting point has been measured to be exactly 50 miles from Lubbock.

The fast walking Housewives have 20 hours to step off the 50 mile distance, and the Earth merchants and area folks have donated a cash prize to be awarded any or all who arrive in Lubbock within the allotted 20 hour time limit.

The four walking Housewives, Mrs. John Adrian, Mrs. Gene Ward, Mrs. Alma Stockstill, and Mrs. Cecil Parish have been talking daily walks for the past week or 10 days, in making themselves ready for the big big Friday. They have increased their walking mileage daily, in order to gradually become physically fit to make the long long walk.

The group decided to do this in response to the physical fitness program suggested by President Kennedy.

Mrs. McNeill stated, that they were inviting anyone to walk with the Housewives part of the way, or join them at any point for a few miles jaunt and visit with the housewives along the way.

## Council Studies Cable Franchise

Members of the Earth City Council met at the City Hall Monday evening for the regular monthly meeting.

Minor items of business were discussed and the group voted to pay the monthly bills.

Clauses in the TV franchise, granted to Carlis Bills, were discussed.

A. F. Pike, representative of the Philco-Bendix Corporation of Amarillo, was present and voiced a need in changing the size of water line for a laundry to be opened soon at the former Layman Bros. Station. The request was granted.

Those present were Mayor Marcus Messer, Aldermen M. E. Kelley, Weldon Barton, Thurman Lewis, Wendell Clayton; City Marshal Clarence Hazlett; Water Supt. Johnny Freudenrich, Ruby Anderson, City Secretary and Mrs. Rose Rylant.

Henry Ford was instrumental in bringing industry, agriculture and recreation to the South. His offer in 1921 to buy a government-owned nitrate plant at Muscle Shoals, Ala., on the Tennessee River, kindled interest of private and public groups, and helped bring about the Tennessee Valley Authority.

WALKING HOUSEWIVES. These four gals have gone all out for the Physical Fitness Program suggested by President Kennedy. If they make the 50 miles to Lubbock in 20 hours the Lubbock Journal and Radio Station is supposed to give them a warm welcome to the Hub City. Earth merchants have donated a cash prize to those making the long journey. How many million steps do you suppose lies between here and Lubbock? (These gals have guts, as well as good sound feet.)

COOKIES WITH A SMILE... These three lovely lassies are shown making their first sale, Tuesday afternoon to Mrs. Polly Middleton. Left to right are Sandy Randolph, Beverly Britton and Debbie McAlpine. Their leaders are Mrs. Eugene Lee and Mrs. Skeeter McAlpine. (The cookies are good... buy 'em).

# News Of Interest To Women

## Miss Packard Becomes Bride of Wylie Ward

An impressive home ceremony united Miss Kay Charlene Packard, daughter of Mr. and Mrs. Charles Packard of the Wyche community, and Wylie Richard Ward, son of Mr. and Mrs. H. L. Ward of the Wyche community, on Sunday February 24, at 3 p. m. in the home of the bride.

In front of a white mantle flanked with arrangements of white gladioli and greenery, the Rev. B. L. Davis, pastor of the First Baptist Church of Hereford, read the double-ring ceremony.

Given in marriage by her father, the bride was attired in a winter white wool suit. It was styled with a boxy jacket, accented with a white mink collar, and a fitted skirt. A matching white oval hat complimented with a short veil and gold alligator shoes completed the wedding ensemble. Her only jewelry was a single pearl and diamond necklace, a gift of the groom. The bride carried a white Bible, topped with a single white orchid.

Carrying out the wedding traditions, the bride wore a blue garter, borrowed from a friend. For something old, she wore her mother's wedding band, and carried a penny in her shoe, minted in the year of her birth.

Mrs. Dwayne Cassels was the bride's only attendant. She wore a two-piece taupe knit suit, with a matching leather hat and matching shoes. Her carriage was white carnations.

Dwayne Cassels served the groom as best man.

Miss Tonnye Welch of Earth, cousin of the bride, played soft music before the wedding, and the traditional wedding marches.

The bride's mother wore a beige sheath dress with green and gold accessories, accented with a corsage of yellow carnations.

The mother of the groom was attired in a pastel blue silk shantung tunic with black

MRS. WYLIE RICHARD WARD

patent accessories and a corsage of white carnations.

Following the wedding, a reception was held in the home of Mrs. Charles Brown, sister of the groom, who registered the guests.

Hostesses for the house party were Mrs. Norman Hodges and Mrs. Carroll Newsom.

A white linen cloth covered the serving table, with appointments of silver. The center piece arrangement was of large white chrysanthemums, and carnations in a crystal

teardrop bowl, flanked by two gold candles in crystal holders. Streamers, coming from the centerpiece to the corners of the table, had the names, Kay and Richard embossed in gold.

A three-tiered wedding cake decorated with gold roses and

topped with a miniature bride and groom, was served by Ann Lance. Coffee and punch were served by Sandra Hodges.

Leaving for a short wedding trip to New Mexico, the bride wore her wedding suit, complimented with the single orchid lifted from her white Bible.

On their return from the honeymoon, the couple will be at home in the El Camino Trailer Park in Clovis, N. M. Relatives and close friends from Earth, Springlake, Ropesville, Clovis and Hereford, attended the ceremony.

Mr. and Mrs. H. L. Ward, parents of the groom, were hosts to a rehearsal dinner on Friday, February 22 in the dining room of the Western Wheel Inn. The center table arrangement was of red carnations

sprayed with gold glitter. Those attending were, Mr. and Mrs. Charles Packard and Kay Packard, Richard Ward, Mr. and Mrs. Dwayne Cassels, the Rev. and Mrs. B. L. Davis and Mr. and Mrs. L. J. Welch and Tonnye of Earth.

## Girl Scouts Fete Dads With Banquet

Troop 185 of Girl Scouts honored their dads with a Dad & Daughter banquet at the Methodist Church basement Thursday night, February 28.

The girls, led by Tresea Glasscock, sang "Johnny Appleseed", a table grace, preceding the meal. Cindy Barton, president of the troop, and her dad led the way to the serving tables.

The buffet style meal consisted of ham and other cold cuts, a variety of salads, hot rolls, tea and coffee and cake.

Several Scout songs were sung after supper, then each girl introduced her guest, either her dad or uncle.

Miss "Skeet" Anderson, District Advisor, then spoke to the group on the Scout Camp at Crosbyton, how money is spent, cookie sales and various other questions pertaining to Scouting.

A film on Scouting was shown followed by a discussion period. Sixteen girls and dads attended. Helping to serve the group were Mrs. Ardis Barton, Lynn Glasscock, Donald Kelley, Skeeter McAlpine and Eugene Lee.

The girls hope to make this an annual affair.

## NOTICE

Everyone is invited to attend a bridal shower honoring Miss Judy Upchurch, bride-elect of Doug Louder, Saturday, March 16 at the home of Mrs. W. R. Morris, 3 miles north of Earth. Calling hours will be from 3 to 6 p. m.

Do you need garbage for feeding swine? If so call Springlake High School and make request. No money involved, all that is necessary is to come and get it.

"Up Above and Underneath" will be the theme of the Cub Scout Roundtable to be held in Littlefield Monday, March 11 at 8:00 p. m. at the First Methodist Church. All den mothers, Pack committee men and Cub masters are urged to attend. The Boy Scout theme will be "Canvas Craft." Boy Scout leaders are also invited to attend.

A Pink and Blue shower honoring Mrs. Sandy Sanders will be given Saturday March 9 in the home of Mr. and Mrs. Cecil Slover in the Hite Park addition in Earth. Calling hours will be from 2 to 4 p. m. Everyone is invited to attend.

There will be no school Friday (tomorrow) due to a District Teachers Meeting in Lubbock on that day.

## CORRECTION

In last week's issue Mrs. Carter's recipe for Diabetic Date Nut Cake (in the Kitchen Corner) should have read "2 cups of unsweetened stewed apples," instead of sliced apples. And, in another spot, we printed "add eggs" and only one egg is used in the recipe. Sorry.

## Beta Sigma Phi Fete Husbands With Hobo Party

The local chapter of Beta Sigma Phi Sorority really let their hair down last week, Sunday night, the Earth Community Room at the City Hall, was a Hobo Junction, complete with campfire, tin cans and all. The fire was only an artificial one, but it did furnish the right atmosphere.

Twenty-five guests were furnished a "name tag" by way of a paper sack pinned to their backs. This party opened a membership drive for the sorority.

Sandwiches, coffee, and tea were served from newspaper covered tables, beneath a rope clothes line with all kinds of hobo clothing serving as adornment. Paper towels for napkins and knapsacks filled with candy, for plate favors, completed the fancy fixins.

## Baptist Ladies Have Week of Prayer For Home Missions

The ladies of the local Baptist church joined the South-wide Baptist Convention this week in having their annual week of Prayer for Home Missions.

Monday night, the Ladies met in a joint meeting with the Baptist Brotherhood for prayer.

Tuesday at 2:30 p. m., the ladies met for prayer at the church.

Wednesday, they assembled at the regular prayer meeting service with the entire membership.

Thursday and Friday, they are scheduled to meet at 9:30 a. m. in the Church for their regular program and season of prayer.

Everyone is invited and welcome to attend any or all of these prayer meetings.

## Altrui Study Club Sets March 8 For "Mother's March"

The Altrui Study Club met Thursday, January 28 in the Earth Community Room.

President Ramona McDonald conducted a short business meeting which was followed by a discussion on a Mothers March of Dimes scheduled for March 8, during which time mothers will canvass the city. Anyone wishing to donate are asked to leave porch lights burning during the evening hours.

Mrs. McDonald conducted a program on "Birth Control."

March 7 has been set aside as Friendship Day and the community as a whole, are asked to observe this day by visiting shut-ins in homes and hospitals. This occasion honors the birthday of the late Eleanor Breckenridge of San Antonio, a pioneer Club woman. It is hoped, through this idea, that the whole world eventually will be closely-knit circle of friends.

Refreshments of buttered coffee, refrigerator pie, cokes and cokes were served to those attending, Mrs. Billy Robnett, V. J. Sigman, Roney Smith, Doug Lewis, Bud Elmore, Charles Dunn, Bob Belew, Earl Jordan, Richard Moore, Gene Tunnel and Cecil Maddox. Hostesses were Mrs. Gary Bulis and Mrs. Bobby D. Green.

The next meeting will be March 14 in the Community Room.

## FHA Girls To Be Hostess At Family Night

**Girl Scouts Tour Ranch**

By Kathy Scitern

The Girl Scout Troop 185 toured the Halseil Ranch Headquarters Saturday, March 3.

We all met at the City Drug. Mrs. Robbins took us to the ranch, and when we got there, we went in to meet Shorty Roberson and his wife.

Then we went to the bunk house, and to see the horses and pigs. Next on the list was the little house where saddles are kept. Then we took a walk up in the pasture. After about 30 minutes, we visited the orchard and park.

We wish to thank Mr. Johnny Murrell for letting us make this interesting tour.

**DID YOU KNOW THAT...**

- At the Daytona 500 . . . America's stock car classic . . . the 1st place Ford went the 200-lap trip without a tire change.
- In the Pure Oil Performance Trials, the Ford scored the maximum of 19 points in the braking test, with stops of 183.6 and 169.5 feet from 60 MPH after 20 successive previous stops.
- Doc Greene, famous sports writer of the *Detroit News*, in a frank outspoken commentary following the Daytona race said, "After the performance of Ford at Monte Carlo and the Daytona 500, there should be no stopping them!"
- Automotive engineering expert John Holman of *Holman and Moody*, race car builders, said of the Daytona 500, "This is a gutsy test of the machinery in cars rather than speed."
- In view of the Monte Carlo Rallye results, Lee A. Iacocca, Ford Division General Manager stated, "This fantastic record on one of Europe's most punishing 'test tracks' certainly proves the total performance of Ford-built cars."
- With the exception of refueling in the Daytona 500, the top five winning Fords required a combined total of only five extra quarts of oil. Three of the winning Fords required no oil at all.
- Bill France, head of NASCAR, commented on the results of the Daytona 500, "More than a speed race, it's an extension of auto makers' testing facilities."
- A London, England, paper said, "The Falcons are part of a power and performance plan that will shake up motoring in every country of the world."
- Gordon Martin of the *San Francisco Chronicle* said, "Shocking news from Riverside was the complete annihilation of the highly respected Corvette Sting Rays by a pair of Ford-powered Cobras in the races for big production cars."
- Ray Brock, *Hot Rod Magazine*, contends, "The results of race-proven engines appear in many of the average passenger car engines built today in this country."
- Never before in history has a single make of car dominated the Daytona 500.
- "Ford has a history in this field of modified stock cars that goes back nearly 50 years . . . All this firmly established Ford's performance 'image' a long time ago," stated in *Popular Hot Rodding* by Greg Curtis.

# TOTAL PERFORMANCE!

DAYTONA 500 - PURE OIL PERFORMANCE

**RIVERSIDE, JANUARY 20**

Super Torque Ford Wins Steering and Cornering Events

At one of the fastest courses in America, with the longest sustained straightaways, a Ford Sports Hardtop flashed to victory in the 500-mile NASCAR stock car race. Here, Ford proved its remarkable cornering, stability and braking as it zoomed in and out of hair-raising "S" curves through torturous switchbacks and straightaways with the handling ease of a sports car. A dramatic show-off of total performance that comes from the meticulous assembly of each and every part.

**MONTE CARLO, JANUARY 23**

Falcon Sprints Place 1st and 2nd to Top Class—At the Monte Carlo Rallye, one of the most taxing, car-breaking automotive tests, Ford proved its built-in durability as the Falcon Sprint walked away with top honors in its class. In the 2,600 miles, Falcon was the fastest of any car down the brutal final leg of the Rallye. Through snow, ice, brutal curves, turns and downhill runs, Falcon showed its incredible performance and durability. The Sprint then went on to beat all sedans in the elimination run around the Grand Prix course at Monte Carlo.

**DAYTONA, JANUARY 27**

Super Torque Ford Beats All Competitors in Acceleration, Braking and Economy in Pure Oil Performance Trials

A barrage of delicate instruments confronted American volume-production cars at the Daytona International Speedway as they were closely checked for elements Ford insists mean total performance in an automobile. Each car was precisely measured for economy, acceleration and braking. As expected, Ford came out on top in the only tests which publicly compare the over-all performance of domestic-made cars.

**DAYTONA, FEBRUARY 24**

Super Torque Fords Sweep Daytona 500—Place 1st, 2nd, 3rd, 4th and 5th—The grueling 500-mile, 200-lap trip included all of the twisting, turning and acceleration that a car normally gets in two or three years. The performance, dependability and durability that the winning Fords displayed as they passed all competitors, proved conclusively that this was a remarkable demonstration of Ford's total performance.

## Former Springlake Student Has Essay Published in Hereford Brand

An essay written by a former Springlake School student, Judy Hollingsworth, was among the seven "thoughtful" essays published in the Sunday Brand, Hereford.

Judy moved to Hereford following completion of the 1st semester of the fourth grade. She attends the Aikman School in Hereford.

The following essay was written by Judy:

**THE DIGNITY OF WORK**

When a person, whether man or woman, has dignity that person has a reason to make something of his or her life.

The people of the United States do have a cause to have dignity. Dignity of work is one way that a United States citizen can show his pride for his country.

Skip-row systems tested, six involved interplanting of grain sorghums, soybeans and castor beans on skipped rows, and results generally show a higher gross income from these interplanted plots.

The tests were conducted in an effort to determine how best to take advantage of the Department of Agriculture's 1962

To have dignity of work means to be able to choose the type of work best suited to you, and then to fulfill this work well with pleasure and satisfaction. As you do this work, there should be no flaws in your belief that you should follow out this job. There will be many obstacles that you must defeat during your life, and your job is one.

A person does not have to have a regular job to have dignity of work. In anything you do or in anything you say you should be proud and well-behaved.

Remember as you live your life through always to have dignity of work and be glad that you have the privilege to have dignity because you are a citizen of the United States of America.

ruling which permitted farmers to count against acreage allotments only land actually devoted to cotton in any skip-row system. A similar policy has been announced for the year 1963, but could be changed in any future year at the discretion of the department. Prior to 1962, any system which skipped less than four rows was consid-

ered to be solid cotton for acreage allotment and marketing quota purposes.

In eight of the eleven tests both cotton and the interplanted crop showed yield increases over solid planting. Cotton production was increased in all of the tests, as was production of castorbeans. Soybeans showed an increase in all but two of the tests, while grain sorghum yield was improved in all except one. In each test, the skip-row system was followed until a maximum of one acre of cotton was planted. The remaining land in the 3 acre plots was planted solid to the interplanted crops or left fallow on those plots where interplanting was not utilized. Obviously such tests do not reflect returns on a total land use basis, but can be used in a general way for adaptation to an individual farm.

The two tests showing highest returns each involved interplanting, with no land left fallow. The greatest money yield was shown on a plot where two rows of cotton were interplanted with four rows of grain sorghum. In this test cotton produced 950 lbs. per acre, which was an increase of 45.9% over solid planted yield. The plot produced 5685 pounds of grain sorghum for an increase of 6.7% over solid planting.

The second highest return came from a system using two rows of cotton interplanted with two rows of castorbeans.

Cotton in this test yielded 716 pounds of lint, showing a 10% increase over solid planted plots, and castorbeans yielded 2481 pounds per acre, which was 76.7% greater than solid planting yield. It should be noted that insufficient water was available for solid planted castorbeans used for comparison, which could account for at least a part of the large increase shown.

Lowest gross return for any of the interplanted tests was received on a plot where four rows of cotton were interplanted with two rows of other crops.

While the High Plains tests cover only one year, similar results have been obtained by other tests at Texas Agricultural Experiment Stations at Lubbock, Big Springs and Spur. Farmers who wish to consider interplanting should contact any of these experiment stations or Plains Cotton Growers, Inc. of Lubbock for additional details.

Production and harvest costs were not taken into consideration in comparing the various systems in these tests. Costs, grain sorghum base, cotton

### Interplanting May Increase Farm Income

Interplanting of other crops in skip-row cotton operations could well prove to be another way to increase individual farm income. This fact is shown by an analysis of skip-row planting tests conducted in 1962 by the High Plains Research Foundation of Plainview, Texas. Of eleven different

## Cubs To Participate In Lubbock Circus

Cub Scouts of Pack 614 will participate in the Scout Circus to be held in Lubbock on March 29 and 30 at 7:30 p.m. Tickets were received this week and will be sold by the Cub Scouts at 50¢ each. Anyone desiring a ticket may contact a Cub Scout. The theme for the Circus will be the "Magic World of Scouting". The local Cubs will participate on Friday night. A project will be chosen this week by the den mothers on which the boys will practice until the night of the performance. More than 100 Scout units have signed up to participate in the Circus.

Den I met Monday at the Scout Hut with 8 boys present.

Mrs. R. J. Brock and Mrs. J. C. Randolph met with the boys and directed activities.

The boys made soap carvings and discussed the Circus. Steve Randolph led the pledge to the flag. Danny West was a new member transferring from Den IV, which disbanded last week. Bobby Glasscock, den chief, led the boys in several games.

The living circle closed the meeting.

The kite flying contest and pack meeting combined for March 16 at 4 p.m. weather permitting, was okayed by the executive committee. Place for the event will be announced at a later date.

Bill Freeman visited Sunday with his mother, Mrs. J. W. Freeman, of Kress, who is a patient in the Plainview Hospital and Clinic.

Jay Anderson, son of Mr. and Mrs. Ervin Anderson is ill with the flu.

A barn like building on Mach Avenue in Detroit was Henry Ford's first factory. There he built a total of 1,700 cars--the 1903 Model A--during the first 15 months of operation.

If we but stand on the solid ground of faith we can remain calm and unshaken regardless of the unexpected turns that life may take.

Parents sometimes perhaps become discouraged at the way our youth seem to ignore the world. However, when a crisis comes along, they come from far and near to help a friend. (God grant that our youth may always be found aiding others.) Showing love for one another.

## Henderson House Trailer Burns, Nothing Saved

The trailer home of Mr. and Mrs. L. G. Henderson and family, located on the Dimmitt road, near the Earth Elevator, was completely destroyed by flames Sunday afternoon about 3 p.m.

Firemen were called and the Earth fireboys extinguished the flames within minutes after their arrival. However, nothing was saved as the Hendersons were away from home at the time of the fire, and the interior of the trailer was completely burned before the fire was discovered.

Firemen believe the water heater tank somehow caused the fire to break out.

Act, and one relates to occupational safety. These issues have the backing of organized labor, and it is my hope that none of the bills will ever be brought out of sub-committee, because I do not believe that they would be of any real value to the people of Texas, especially our area of the State.

The House has passed four bills that affect a wide area of our population. Number one is a bill that would allow the speed limit to be increased, in areas where the Department of Public Safety thinks it is advisable, from sixty to seventy miles per hour. I helped to sponsor this bill in the House, and the mail I have received from our area indicates that this is a bill that will be welcomed. Number two is the teacher retirement allotment to be based on a ten year period, and it will increase the amount of retirement pay that retiring teachers will receive, but this will not cost the State any additional money. I supported this legislation in the House. Number three is a bill pertaining to Padre Island. It allows the Federal government to develop the island as a National Park, but retains for the State the rights to the minerals, and allows for no further expansion than the land included in the bill. Number four is a referendum that would allow counties to decide whether or not they shall continue to have an office of County Superintendent. This bill makes it mandatory for the Counties to provide for a referendum on the bottom of the ballot in the 1964 general election on the proposition to abolish the office.

After listening to the debate, and seeing the votes on these and other measures, it is apparent that the House will have a conservative vote throughout the session, as had been previously predicted, with the vote varying ten to twenty votes according to the issue.

Our Committee on Municipal and Private Corporations is considering the very important annexation bill. The bill protects future growth of cities, as well as giving protection to the areas being annexed. I believe this legislation may well be the answer to the annexation problem that has faced prior legislatures.

Toward the last of this week or the first of next week, I will introduce in the House, a bill that will be controversial, I am sure, but which if passed will provide for a central licensing office for all of the agencies that now license from individual offices. This would bring some twenty-two agencies into one office, and would result in an approximate saving of over a million dollars to the State each year, by eliminating duplicate offices, personnel and equipment used for the purpose.

Several Congressional Redistricting Bills have been heard in Committee. Some of these would affect our area.

Tuesday evening and Tuesday night, the "Loan Shark Bills" were heard before Committee, and were sent to a sub-committee for further study.

We have been putting in some long days, but feel like the

session is moving along ahead of schedule.

The Textbook Investigating Committee Report should be out in the next few days. One bill has been introduced by a member of that Committee that provides for a course to be taught in public schools on "Americanism vs. Communism". I think this is a good bill if care is used in the selection of teachers for the course.

Horse racing, liquor by the drink, and longer curfew hours for package stores will be coming up before long, but I don't think any of these will have much of a chance to pass. I hope not, as I am opposed to all three bills, and I know by the mail I have received and the people I have talked with that our district is opposed to these bills.

House Bill 106, a revision of the Sales Tax Bill, has been

heard before Committee. The big opposition to the bill, as it is now, is a 2% tax on farm machinery and removing alcoholic beverages from 2% tax. This bill is now in sub-committee.

The bill to merge the Fish and Game Department and the Parks Department has passed the House and is pending in the Senate. There is some question as to how this bill will fare in the Senate.

I am anxious to be of any service I can to the people of my district, and I would like to hear from you when any legislation, in which you are interested, is considered. I would also like to know if you would like to receive any other reports, such as this.
