

# Rebecca Parish Goes To Japan In Youth Exchange Program

Rebecca Parish will spend four weeks in Japan this summer under the Texas Youth Exchange Program. She is sponsored by the Springlake Lions. Rebecca is a Baylor University student and the daughter of Mr. and Mrs. Earl Parish, Springlake. She will join approximately 50 other Texas students ages 17-20 who qualified for the trip. The Texas youths leave Dallas for Hawaii June 18. After a week in Hawaii the contingent will move to Japan. Rebecca will live with a host family, the Kunikazu Hamada family, in Osaka, Japan.

REBECCA PARISH

As a part of the Texas youth exchange program three students will spend a month in the Springlake Community. Ann Gustafson arrives from Orsa, Sweden June 15. Her host families are the Earl Parish family and the Ed Jones family. On July 19, Miyachiroh Itatsuka of the Osaka area, Japan and Norika Iwashima from Yata-gawa, Japan will arrive to spend a month

with the Don Holmes family and the Leslie Watson family respectively. The Texas Exchange Students will return to the States July 23.

## WHAT ARE WE WAITING FOR???

June is the month of roses and brides but apparently June is good for little else. For instance everyone in Earth seems to be sitting and waiting, for something or other, just what, I have been unable to find out.

A clean up day for Earth has been met with little or no enthusiasm at all. Seems as if we want to take command and have to get the rest of the people to help. Yet some cities are doing a bang up job in making their city sparkle. We are waiting!!!

The enthusiasm from a local firm over a combine ad, was to wait until next fall and he'd want it said the wheat in the area was already cut. Who's kidding who-Its been to wet to get into the fields for days to cut wheat. Are we waiting till fall for business?

The idea of a local feedlot, got off to a speedy start and seemed as though it was going to become a reality--then, it settled down and is little more than an occasional murmur of life. We're waiting, on what?

Yet, all around us, feedlots, meat packing plants and industry of all sorts are finding their way to small Texas towns who work to get them. What are we waiting for?

For instance, in April, Hamilton, Texas landed a L&K Hydro-Term, Inc. Plant which is expected to employ 150 men within the next two years. It is already beginning to function. They also received a Grant for Airport Improvement.

Luckney is opening a new feedlot expected to contain 20,000 head of cattle. Orlan, who started working on the site after Earth had begun, is now midway on erecting it. They hope to be able to turn out 60,000 head per year.

Floyd County Farmers are getting interested in raising hogs as an additional cash crop. Dumas, and Panhandle are also building new feedlots.

The Missouri Beef Packers, Inc. are planning to construct two additional packing plants. To be built somewhere within

the tri-state area. Industries of all types are expanding and moving into areas that seek growth. Areas not waiting-but who are quick to act and have positive information of what they have to offer. Even in June some small towns are working and not waiting.

They aren't saying "Everyone knows we're here, so why advertise--why try for business, so why try for industry."

This attitude can defeat any place, anywhere, why can't we analyze the situation and see that N O W is the time to put our shoulders to the grindstone and GO-O-O-O.

Spending our time waiting and giving excuses for none-effort leaves us with nothing.

The Chamber of Commerce is sponsoring a dinner Friday 12:00 noon at the Community Building. Whatever the reason for this event, is not quite plain, lets go and find out. Maybe it will be something we can do together for the betterment of all.

You stamp lovers can have "a jolly licking good time" this week if you will clip the free stamp coupon from Patterson-Play-N-Save ad in this paper and present it for \$10.00 worth of free stamps.

Along with the free stamps you will notice bargains galore throughout the store, as they are throwing a First Anniversary Event.

## REV. LINDLEY MOVES TO FRIONA

Rev. and Mrs. Albert Lindley and children recently moved to Friona from Petersburg. Rev. Lindley is the new pastor of the Friona United Methodist Church.

The Lindleys are former residents of Earth. He is a native of Midland and a graduate of McMurry College, Abilene, and Perkins School of Theology, Dallas. His wife, Peggy, is also a graduate of McMurry.

The Lindley's have three children, Pamela, who is 11, will be in the sixth grade this fall, and Paul, 9, will be a fourth grader. Phyllis is four.

## City Council Lays Paving Plans

The Earth City Council met in a regular meeting Monday night.

City Secretary, Betty McAlpine, read the minutes of the previous meeting. They were accepted.

Those present voted to pay for retopping paved streets in Earth. They also discussed the possibility of paving other streets.

E. C. Hudson, Tuffy Dent and Bob Armstrong were appointed to serve on the Equalization Board.

Present for the meeting were Mayor E. C. Kelley, Neil Pounds, Doug Parish, Bill Bryant, H. S. Hickman, Bob Belew and Secretary Betty McAlpine. Also present were Johnny Enloe and Andy Stroebel.

## "What Is A Kindergarten?"

People are asking, "What is a Kindergarten?" It is not an earlier first grade, but provides a foundation for it. It is a typical classroom, open with centers for various activities rather than rows of desks.

The kindergarten program will last for one-half day instead of a full one offered in the public school. The following are examples of what kind of aims the program desires to achieve:

- reading, readiness (recognizing symbols, left-right orientation)
- number concepts and writing readiness
- ability to listen and follow directions
- a successful transfer from home to classroom
- pattern of expectation of success
- sound health practices
- exposure to a variety of creative experiences
- success in working with a group

---accepting guidance and authority from adults other than parents

Citizens interested in the establishment of a Kindergarten are asked to meet Monday, June 23, at 4:00 p.m. in Fellowship Hall of the United Methodist Church in Earth. The purpose of the meeting is to appoint committees and further discuss fundraising and planning. Plans are being made to have a certified Kindergarten teacher present at the meeting.

## C of C To Discuss Expansion

The Earth Chamber of Commerce is sponsoring a dinner Friday, June 20 at the Community Building at 12:00 noon. The cost of the meal will be \$2.25 per person.

The purpose of the meeting is to discuss the possibility of industrial expansion in the Earth area. Bill Thompson of Hereford will be guest speaker at the luncheon.

The Chamber cordially invites all interested people to attend this informative meeting and express ideas concerning an expansion program of this type. They are always open to suggestions for the betterment of our community.

## Southwestern Public Service Reports To Stockholders

Portland, Oregon (Special)-Southwestern Public Service Company's 1968 Annual Report to Stockholders was the first place winner in Class B of the Reddy Kilowatt Annual Report contest. It was announced today.

Ashton B. Collins, chairman of the board of Reddy Kilowatt, Inc., said that Class B competition was among the nation's electric utility companies which

serve from 200,000 to 400,000 customers. Collins presented the first place citation to Don Loden, chairman of the board, and W. L. Pearson, vice president, of Southwestern Public Service Company. The ceremony took place at an awards breakfast which was part of the annual meeting of the Edison Electric Institute, which opened today in Portland.

## Earth Lions Discuss Kindergarten

A regular meeting June 10, the Earth Lions Club appointed a committee to further investigate a location for a community kindergarten.

Those appointed to the committee were Johnny Williams, Norman Sulser, and Dale Riggs. The committee reported the possibility of repairing the old "Jaycee" building in Earth at a nominal cost and donated labor.

Watch the paper for other notices and plans concerning the establishment of a community kindergarten.

## VICKI SANDERS IN COLORADO

Vicki Sanders, daughter of Mr. and Mrs. Tom Sanders, has been employed by Mr. and Mrs. Clarence Black, who recently bought the Rainbow Lodge at Vallecito Lake in Colorado. Vicki went to Colorado to work with the Black's daughter, Elaine. Elaine and Vicki are students at Texas Tech and plan to continue their studies there in the fall.

## 4-H Club Meets

The Springlake-Earth 4-H Club met in the Earth livestock barn Monday, June 16 at 8:00.

The meeting began with members reciting the club motto and pledge. Secretary Sheila Lewis gave the roll call and read the minutes of last meeting.

Mrs. Lady Claire Phillips brought a program on the importance of record books. The program consisted as a group discussion. The group began making plans to attend the Rally Day which will be held Monday, July 7 at Crescent Park in Littlefield.

Members and guests will meet at 5:00 o'clock to play games, swim and have supper. A Vesper service will conclude the Rally Day Activities. This service will be directed by the Springlake-Earth Club. Kent Lewis will represent the local club at the Leadership Camp being held in Levelland June 24-26. The next meeting will be the annual picnic. No definite plans have been made at this time. Tommy Graham was introduced as a new member and the meeting adjourned. Mrs. Gaston served refreshments to those attending.

## GSPA WORKING TO PREVENT PAYMENT LIMITS

Officers of the Grain Sorghum Producers Association were in Washington, D.C. this past week working with senators and other farm leaders in an effort to remove the limitation of payments from the bill passed by the House of Representatives concerning 1970 agricultural appropriations.

Melvin Barton, Dimmitt farmer and vice president of GSPA, and Elbert Harp, executive director of GSPA, spent most of the week in Washington, D.C. meeting with administrative leaders, congressmen and leaders of other farm organizations to make plans for long range farm programs.

Barton urges all farmers in the area to contact their congressman or senator and urge them to vote against the grain sorghum payment limitation. If the bill passes, a level of \$20,000 is not to be exceeded by any farmer. If the bill is not accepted, there will be no limitation.

## Torrential Rains Dampen Area

Friday the 13th continued to be an unlucky day for many residents in the Lamb county area. A vicious thunderstorm moved across the area Friday, dumping more than eight inches of water in some areas.

The weather element continues to raise damages and crop loss to higher sums. The rain storms have added greatly to damage estimates left by the hail storm of last week.

Little lakes and non-existent lakes grew into big lakes late Friday and early Saturday when almost every road in the county was under water at one time or another.

The flood waters have been responsible for the deaths of three persons.

Raymond E. Sevier, 60 and his wife of six weeks, Roxie Sevier, 67, were drowned when flash flood waters washed their car off a farm-to-market road near the Beck Gin south of Sudan Friday evening. Sevier former Earth resident operated the Texas Cafe and Hotel in Earth for a short while.

Archie Copeland, 62, a former Amberst resident, drowned when the pickup in which he and his wife were returning to Lubbock was washed off U.S. Highway 84. Water rose to the top of the couple's pickup when it was washed into a draw on farm-to-market road 597 one and one-half miles south of Anton.

Copeland apparently drowned while attempts were being made to reach him. Mrs. Copeland was admitted to West Texas Hospital where she was reported in good condition.

The Roping Club also reported that three Riding Clubs of thirteen invited have accepted invitations to ride in the rodeo parade. Others are expected to

## Earth Lions To Install Officers

New officers of the Earth Lions Club will be installed Tuesday night, June 24 at 8:00 p.m. in the Earth Community Room. Tuesday night will also be ladies night.

Officers to begin serving in July are President, Dutch Been; 1st Vice President, Norman Sul-

ser; 2nd Vice President, Phillip Haberer; 3rd Vice President, Neil Pounds; Secretary, Roger Haberer; Treasurer, Dale Riggs; Tail Twister, Pete O'Hair; Lion Tamer, W. L. Barton; Directors for 2 years, Jr. Littleton and Harold Miller and one year directors, Norman Hinchliffe and Wendell Clayton.

## Roping Club Makes Plans For Rodeo

The Earth Roping Club began preparations for the Annual Rodeo by having a "Work Night" Tuesday June 10.

Members of the club hauled 20 loads of sand dumped it on the arena area to prevent it from becoming muddy in the event of rain during Rodeo Week. They also cleaned the area and mowed weeds.

Three bands and the local Pony Express team have been included as a part of the parade.

Members of the club are also planning a booster trip for Tuesday July 8. This trip will involve visiting surrounding towns and announcing the Rodeo and connecting events.

The saddle to be given away by the Roping Club is on display in Citizen State Bank this week. It will be displayed by different businesses before Rodeo time.

## French Rites Held Monday

Services for C. O. French, 73 of Lubbock were held in the Oakwood United Methodist Church in Littlefield June 16.

Albert Lindley, pastor of the United Methodist Church in Friona, and Rev. James Herrell, minister of visitations at Oakwood officiated.

Memorial services were held at 5:00 p.m. in the Olustee, Oklahoma United Methodist Church. Burial was in the Olustee Cemetery under direction of Tim's Funeral Home in Altus, Oklahoma. Franklin Bartley Funeral Home of Lubbock handled local arrangements.

French died at 8:32 p.m. Thursday in Ray's Hospitality Home, where he had been a patient five weeks. He had been a resident of Lubbock 23 years and was a member of the Oakwood United Methodist Church.

Survivors include his wife, Berna, two sons, Elwood of Denver, Colorado and C. Emory of Lubbock three brothers, Leslie of Huntington, W. Va., Frank E. and Joe, both of Lubbock; two sisters, Mrs. Emily Robinson of Napa, Idaho and Mrs. Lorraine Atchinson of Olustee; four grandchildren and one great-grandchild.

French was a brother-in-law of Abe Griffin of Earth.

## 52 Auto Accidents In Lamb

The Texas Highway Patrol investigated nine accidents on rural highways in Lamb County during the month of May, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in seven persons injured, and an estimated property damage of \$7,430.00.

The rural traffic accident summary for this county during the first five months of 1969 shows a total of 52 accidents resulting in no persons killed, 17 persons injured, and an estimated damage of \$32,835.00.

A last minute invitation is being given by the Texas Department of Public Safety to high caliber young men to fill its uniform ranks. A recruit training school for the position of patrolman will begin in July.

Applicants must be between the ages of 20 and 35, a height of at least 68 inches, a weight of not less than two pounds or more than three and one-half pounds per inch of height, and be in sound physical condition.

They must be a citizen of the United States, and be of good moral character. Because of the short time remaining to test applicants, immediate inquiry is urged for young men to contact the nearest DPS office or patrolman.

## Thomas Bryant Home On Leave

Mr. and Mrs. Bill Bryant went to Lubbock Thursday, June 12 to greet their son, Thomas, who is home on a 30 day leave from Brooks Army Medical Center in San Antonio.

Bryant has spent the last four weeks at the medical center undergoing treatment for wounds sustained while in Vietnam. He had been in the country for approximately eight and one-half months.

He will return to the medical center for further treatment and therapy.

## PHIL MIDDLETON HAS KNEE INJURY

Phil Middleton received an injured knee during a practice baseball game Sunday afternoon at Littlefield.

Exray proved no bones were broken, but he has been required to remain in bed this week.

## Museum Association Sets Organizational Meeting June 26

The Lamb County Museum Association urges each county town to have representatives present for the organizational meeting Thursday, June 26, at 2:30 p. m. in the County Courtroom at the Courthouse in Littlefield.

Museum, antique collectors, in any field, are especially urged to be present and make suggestions.

The By-laws are to be presented at this meeting along with the election of officers and naming those to serve on the Board of Trustees.

## Women Use More Mood Changing Drugs Than Do Men

Washington, -Nearly half of all adults have tried a mood-changing drug.

One out of four adults is now taking such a drug. Tranquilizers are the most popular by far, followed by sedatives. Stimulants are least widely-used.

Studies issued by Public Health

Reports reveal that women far out-number men in their use of mood-changing pills.

In a 10-year period, the proportion of Americans taking tranquilizers grew enormously. In 1957, one out of every 14 adults had taken a tranquilizer. By 1967, the figure was one out of four.

## Child's Summer Job Helpful In Family Tax Exemption

A child's summer job may be a tax boon to many parents, says Linda Jacobsen, Extension home management specialist.

Both parent and working child can get \$600 exemptions. Even though the child earns more than \$600, the parent is entitled to an exemption because he supports the child. Law permits the youth to have his own personal exemption even though the parent claims him as a dependent.

Children, however, adds the Texas A&M University specialist, must be full-time students or under 19. This is the only situation in which two different

taxpayers get the \$600 personal deduction for the same person.

## International Harvester Conducts Training Course

Bert Weil, service man for Brown-Jordan Equipment Company, International Harvester dealer in Earth, recently completed a one-week training course at International Harvester's Service Training Center near Tifton Georgia.

The training course is conducted so that service men who work with International Harvester equipment will be fully qualified to work on the machines. They study diesel fuel injection system, power steering, hydrostatic drives and torque amplifiers by disassembling and re-assembling I-H Equipment.

Classes are small enough for each Serviceman to receive ample personal direction. Each Serviceman "learns by doing." By actually trouble shooting the equipment and working with it, they are prepared to quickly diagnose and correct service problems. This new and practical experience can be put to use as soon as each man returns home.

The service training center was originated to enable dealer service specialists to acquire training in the professional skills needed to meet today's demanding requirements of complex farm and industrial machinery.

## DEATH OR TAXES?

This letter was passed to us from one of our local advertisers. Thought you might enjoy it.

"MY DEAR SIR:"

"In reply to your request that I send a check, I wish to inform you that the present condition of my bank account makes this almost impossible.

"My shattered financial condition is due to federal laws, state laws, county laws, city laws, mother-in-laws, brother-in-laws and outlaws. Through these laws, I am compelled to pay a business tax, amusement tax, school tax, head tax, gas tax, light tax, income tax, food tax, furniture tax and excise tax. Even my brain is taxed.

"I am required to get a business license, car license, dog license and truck license, not to mention marriage license, and fishing license. I am also required to contribute to every society and organization which the genius of man is capable of bringing to life; to women's relief, the unemployed relief and the Foot People's March.

"Also to every charitable institution in the city, including the Red Cross, Black Cross, Purple Cross and Double Cross. For my own safety, I am required to carry life insurance, burglar insurance, property insurance, liability insurance, accident insurance, unemployment insurance, old age and fire insurance.

"My business is so governed that it is no easy matter for me to find out who owns it. I am inspected, expected, suspected, disrespected, rejected, defected, examined, reexamined, informed, summoned, fined, commanded and compelled, until I provide an inexhaustible supply of money for every known need of the human race.

"Simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up, held down and robbed. I expect to be looted any day now.

"I can tell you honestly that except for the miracle that happened this morning, I could not have enclosed this check.

"The wolf that comes to my door so often just had pups in my kitchen. I sold them as registered German Police dogs and here is the money...."

"Sincerely, Your Creditor...."

## Car Thieves Don't Take Summer Vacations

Just because you may be taking a vacation this summer, don't think car thieves are doing the same, warns the National Automobile Theft Bureau.

C. C. Benson, manager of the southwestern division of the NATB, says that car owners who leave their windows down to avoid returning to a hot, stuffy car are looking for trouble.

"It's going to be a lot more uncomfortable if some alert car thief takes advantage of that generosity and drives away with the wide open car, forcing the owner to walk home," said Mr. Benson.

The NATB official warned car owners to take these precautions the year round. Always take the keys from the ignition and lock the car when leaving it unattended; avoid parking the car for long periods of time on dark, residential streets, always get a claim check when parking in public lots, and never leave a spare key hidden inside the car.

Do you not know... God's Spirit dwells in you? —(1 Cor. 3:16).

All of us want to be self-confident. It is a natural result of being spiritually minded, of being God-centered. When we are aware of the God-qualities in us and give expression to them, we feel assured and at peace within ourselves. His light gives us direction. God in us does the work through us. In fact, for the work to be done in this world, we need to have confidence in the God-self dwelling in us and give expression to it.

## Swimming Lessons Begin Monday

The Old Timer

Beginner and Advanced Beginner swimming lessons are scheduled to begin Monday, June 23 at 10:00 a. m.

Swimmers are asked to be present at the Earth pool at that time. They will be grouped according to swimming ability. David Jaquess, instructor, said he would like to have 15 students in each class. None will be turned down.

The classes will meet in two week sessions, daily, five days a week. The cost is 50¢ per lesson of \$5.00 for the entire two week period.

"Ah, for the good old ways when a teacher's strike landed on the seat of the pants!"

Carol Jackson is visiting in the home of her grandmother, Mrs. Mary Gilmore.

## You Are Invited To Reception Monday, At Governor's Mansion

Gov. Preston Smith announced today that every resident of the 30th and the 31st Senatorial districts, represented by Senators Jack Hightower and Grady Hazlewood, will be invited to a reception in the Governor's Mansion on Monday, June 23.

The Governor is holding a series of "Open-Mansion" get-togethers which will eventually include open invitations to every Texan.

"We have opened the door of the Governor's Office in the Capitol Building for any and all who want to visit with us," said Gov. Smith. "We now want to open the doors of the Governor's Mansion and give every Texan an opportunity to come visit with us there."

"Lina and I are looking forward to seeing our friends from all over the State, as well as making new friends at these get-togethers."

"It is my firm belief that when the people know that they can talk to their governor, they can be much more responsive to their duties as citizens in a democracy," said Gov. Smith.

Citizens of the 30th and 31st Senatorial Districts will be host-

ed on Monday, June 23 from 5 p.m. to 7 p.m.

The first reception was for the 28th Senatorial District, which Gov. Smith represented from Lubbock before becoming lieutenant governor. Receptions are continuing until July 3, when Texans from all districts will have had a chance to visit the official residence of the Governor.

## Babe Ruth Team Plays Ten Innings

The Earth Babe Ruth team met Parsons Funeral Home from Olton June 12, in an exciting close game. Parsons came out the final victory with a score of 5-4. Mike Cleavinger got a home run during the game, Hoyt Glasscock was the losing pitcher for the Earth Team.

June 16, saw one of the most exciting games the Earth team has played. Jack Straw of Olton locked in a 10-10 tie with the home town boys and played 10 innings before the tie was broken. Greg Slover hit a double in the 10th which drove Mike Cleavinger in with the winning run of the game.

Hall Woods pitched 1 1/3 innings and was then relieved by Mike Cleavinger, the winning pitcher. Monty Clitwood was the losing pitcher for Jack Straw. The next game will be played June 19, (tonight) against Llatway.

## Mrs. Axtell Is Honor Graduate

Mrs. Charles Axtell, daughter-in-law of Mr. and Mrs. R. A. Axtell of the Sunnyside community, received her bachelor's degree from the University of Northern Iowa May 29.

Mrs. Axtell graduated summa cum laude, with highest academic distinction. She was editorial assistant and later news editor for the university newspaper, the Northern Iowa, during her junior and senior years.

Her husband, 1st Lt. Charles W. Axtell, is serving in Vietnam, and is scheduled to return home in September. The couple plans to live in the Sunnyside community.

A veteran's pension is generally not reduced when he is in a VA hospital and if he has a wife or child.

Funeral directors normally file the necessary papers with the VA for payment of a veteran's \$250-maximum burial benefits.

## Communities Offered Computer Service In Seeking Industry

Austin--The Texas Industrial Commission is offering every community across the state the modern technology of computers in seeking new industry.

"This new program will give Texas communities a rifle rather than shotgun approach in attracting industry," Chester Wine of Corpus Christi, chairman of the Industrial Commission, said in announcing the recently approved plan using existing computers owned by the state.

The Industrial Commission offered use of the four phase program to Chambers of Commerce across the state recently in asking Chamber managers to assist as Computer Program Evaluators.

By serving as evaluators, local leaders will have the opportunity to get a comprehensive look at the program being developed before its introduction later this year. "Wine said. Four basic programs are to be offered in the industry-attracting plan. It will give communities an instant site location service for national companies seeking to locate branch plants in Texas; printouts of existing Texas companies of the export potential for their products; matching of location resources with location requirements for communities to compare their facilities with other cities of similar size.

The site location service will provide manufacturers with the opportunity to specify up to 700 requirements for characteristics the company considers suitable for location of a new plant. Given these requirements, the computer would scan the bank of information on every town in Texas, pulling out the specifications requested.

Texas manufacturers can check their export potential through a printout of overseas countries in which their particular product is in demand, and information on the value in that particular market with names and addresses of contacts in the markets.

Communities can take advantage of the candidate industry phase of the program, checking to determine which types of industry they would most likely attract, and names and addresses of national concerns in these areas.

Communities will also be able to request a printout comparing local facilities such as hospitals, recreational areas, community services, etc., with cities of similar size. This phase of the program will allow communities to establish specific goals for improving their attractiveness to industry in the next decade.

Cities wishing to serve as Computer Program Evaluators should contact the Texas Industrial Commission, Sam Houston State Office Building, Capitol Station, Austin, Tex. 78711.

## Into Battle With Red Hots

Boston, Mass. - Three Air Force medics have taken time out from their South Vietnam duties to describe the odd case of a fellow doctor's unbridled passion for cinnamon red hots.

"Since such luxuries are seldom available in the war zone," the doctors wrote in The New England Journal of Medicine, their colleague has had to organize a complex line of supply from the United States. When supplies are plentiful, the 31-year-old doctor is hyperactive. But when the supply line fails for a few days, the doctor is "withdrawn, irritable and short tempered."

His colleagues reported that his insatiable appetite for the small red candies, in force for 20 years, has recently grown. He sometimes mixes the candies with roasted peanuts so as to stretch his supplies.

He concludes the three medical observers: "There is no abdominal discomfort."

## Financial Facts

By Norian Dudley

Do you know what to do when you receive a counterfeit bill? During the exchange of currency people do not usually examine each bill. Nor do they question its validity.

There are purchases made and bills received in change. Seldom is a thought given to the source of money!

Thus a person could wind up the day with a counterfeit bill. So, what should be done about it? The first step is to try to recall from where the bill came. Then take it to your bank, the police station or the local Secret Service Office.

You will not be reimbursed. Your reward will be knowing that you have done a good deed.

MRS. JERRY CARPENTER (nee Diana Gregory)

Gregory - Carpenter Exchange Vows

Standing before an archway of greenery and white candles and altar arrangements of heavenly blue and white carnations in The First Baptist Church of Earth, Miss Diana Louise Gregory of Earth and Jerry Alton Carpenter, of Muleshoe exchanged wedding vows Saturday evening, June 14 at 8:00 o'clock. Rev. Don Knight of Tokio, Texas, was the officiating minister at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Carl Gregory of R. 4 Muleshoe and Mr. and Mrs. Alton M. Carpenter, 202 West 8th St. Muleshoe.

Given in marriage by her father the bride wore an original gown of bridal satin. The A-line skirt banded in Venetian lace, and fashioned with a scooped neckline, was attached to a banded Empire waistline featuring long petal point sleeves fastened at wrist with tiny self covered satin button. The chapel train of satin, banded in wide Venetian, pearl and sequin encrusted, was caught at each shoulder with four satin covered buttons. Her wattleau veil of silk illusion hung from a head piece of silk organza petals, outlined with seed pearls and sequins, and enhanced with silk organza bows. The bridal bouquet was a cascade of cymbidium orchids, with streamers of white satin.

Matron of Honor was Mrs. Gayland Stephens of Earth, sister of bride. Bridesmaids were Miss Linda Gregory and Vicki Gregory, of Earth also sisters of the bride and Miss Dwala Boone of Lubbock and Mrs. Tommy Gregory of Ada Oklahoma.

Vonda Stephens of Earth, niece of the Bride, was flower girl. The brides attendants were all gowned in heavenly blue sorrenti. A line street length, fashioned with straight short sleeves. They wore matching blue veils and blue and white shalied carnations enhanced with streamers of heavenly blue satin and English ivy. Candles were lighted by Miss Joy Lynn Killough of Hamilton, the brides cousin and Janice Woodard of Ralls, cousin of the groom.

Ringbearer was Jimmy Lee Gleason of Muleshoe. Best man was J. R. Carpenter, of Muleshoe, brother of the groom.

Groomsmen were Kenny Carpenter and Mike Carpenter of Muleshoe also brother of the groom. Tommy Gregory of Ada, Oklahoma brother of the bride, and Dr. Jerry Gleason of Muleshoe.

Ushers were Mike Bean of Muleshoe, cousin of the bride and Gayland Stephens of Earth, her brother-in-law, Randy Woodard and James Caddell, both of Ralls.

Miss Kathy Clayton furnished traditional wedding music and accompanied Mrs. Joe Nemecek of Plainview as she sang, "O Promise Me" and "Til."

Mr. Mike Bean of Muleshoe registered the guests. Immediately following the ceremony a reception was held at fellowship hall of The First Baptist Church of Earth. Assisting in hospitalities were Miss Carolyn Kelley, Mrs. Donnie Stephens and Mrs. Jerry Townsend, all of Earth.

The Brides table was laid with

white lace over Heavenly Blue. Three branched candelabra holding white tapered flanked the centerpiece of white roses and heavenly blue roses crystal and silver appointments were used to serve the three tiered wedding cake and punch.

Out of town guests were Mr. and Mrs. M. G. Killough of Hamilton, Texas, uncle and aunt of the bride. Mr. and Mrs. Frank Drennen of Arlington uncle and aunt of the bride. Mr. and Mrs. Tommy Gregory brother of the bride. Mr. and Mrs. Jim Gregory of Lubbock, uncle and aunt of the bride and guests from Ralls, Lubbock and Clovis.

For a wedding trip to Rudoso the bride chose a pale pink whipped cream dress, double breasted and buttoned in brass buttons, made with long sleeves and a pleated skirt joined at hipline, and trimmed with gold buttons. Her accessories were white patent and she wore an orchid corsage.

After June 18th the couple will be at home at Earth, Texas, Box 320.

The grooms parents hosted the rehearsal supper Friday night at The First Baptist Church dining hall.

The groom is a graduate of Muleshoe High School and South Plains College and is employed by Muleshoe Animal Clinic. The bride is a graduate of Springlake-Earth High School and is a graduate of South Plains College and is employed at Pioneer Natural Gas Company of Muleshoe.

### Vaughn - Bills United In Double Ring Ceremony

Miss Deborah Elaine Vaughn and Larry Don Bills were united in marriage June 14 at 7:00 in the United Methodist Church, Dimmitt. Rev. Jim Pickens officiated.

Deborah is the daughter of Mr. and Mrs. E. H. Vaughn of Dimmitt. Mr. and Mrs. R. V. Bills of the Sunnyside Community are parents of the groom.

The double-ring, candlelight ceremony was read before an altar featuring floor candles, flanked with baskets of yellow gladiolus and white carnations. The floral baskets were complemented by greenery, white and yellow bows and white tapers. A prayer bench completed the setting.

The bride, given in marriage by her father, attired in a formal length gown of white silk organza and Chantilly lace. The empire bodice of overlay lace was fashioned with a bateau neckline and long lace petal point sleeves. The A-line skirt featured scattered lace appliques and two-bands of lace encircling the hemline. A detachable wattleau chapel length train featuring scattered appliques and an edge of lace completed the ensemble. Her shoulder length veil of imported illusion was held in place by a cluster of petals and pearls. She carried a bouquet of white cymbidium carnations with yellow and white streamers tied in love knots. Deborah carried out the tradition of wearing something old, new, borrowed and blue, with a good luck penny in her shoe.

Mrs. Tommie Bills, of Earth, sister-in-law of the groom, was Matron of Honor. Terry Newton of Dimmitt served as Maid of Honor. Jr. Brides Maid was Randa Henry of Shamrock, niece of the bride. Flower girls were Elaine Bills of Earth, niece of the groom and Renee Henry of Shamrock, niece of the bride. All wore identical floor length gowns of yellow crepe fashioned with empire bodices and A-line skirts. The Matron and Maid of honor wore matching

head pieces of white illusion and carried a single long stemmed yellow rose. The flower girls wore head bands of white carnations.

Richard Bills, Earth served his brother a Best Man. Carl Dean Carson of Hart was Groomsman. Mrs. Dale Winters, organist, presented traditional wedding selections during the ceremony. She accompanied Miss Linda Lankford as she sang, "Oh Promise Me."

Jerry and Bobby Carr of San Antonio, Don Ott, Lee Bradley and Randy Bills of Earth ushered guests to their seats.

The mother of the bride chose for her daughter's wedding, a beige lace dress with matching accessories. Mother of the groom also chose a beige lace dress for her son's wedding. Both wore corsages of green cymbidium orchids.

A reception was held in the Fellowship Hall of the church. The beautiful four-tier wedding cake was centered on a table covered with yellow satin over laid with white net. Crystal and silver appointments completed the serving table. Guests were served by Mrs. Ron Henry of Shamrock, sister of the bride, Mrs. Jerry Carr, San Antonio, sister-in-law of the bride and Mrs. Bobby Carr of San Antonio.

For a wedding trip to Dallas, the bride wore a pink voile dress with white accessories. Her corsage was an orchid lifted from the bridal bouquet.

The bride will be a senior in high school and is a member of the Student Music affiliate association. She plans to continue her education in Dallas.

The groom is a 1969 graduate of Dimmitt High School and attends the United Electronic Institute in Dallas.

Mr. and Mrs. Bills will make their home at the Villa Lee Apts 4303 Cole Ave. Apt. 106, in Dallas.

A rehearsal supper was hosted by Mr. and Mrs. R. V. Bills, parents of the groom, at the Colonial Inn Restaurant in Dimmitt Friday evening.

Mrs. Beard helps class members with individual sewing needs and problems such as facing, hemming and zippers. It is not too late to enroll!

Mrs. Grace Hooley has been staying with her grandchildren in Morton while their parents Mr. and Mrs. Bob Mayton were in Houston.

To my many friends, I would like to say a personal thank you to each of you for the many lovely cards, those who sat with me, your prayers, your donations and kindness in so many ways during my illness. May I take this means to express my deepest gratitude.

Sincerely,  
Mrs. Ferol Pickrell

I would like to take this means to say Thank you to each one for the cards, flowers, visits and prayers and the money you gave to help me pay my hospital bills. It was deeply appreciated and I will always remember it.

Mrs. Nat Bearden

Citizens interested in the establishment of a kindergarten are asked to meet Monday, June 23, at 4:00 p. m. in the Fellowship Hall of the United Methodist Church in Earth. The purpose of the meeting is to appoint committees and further discuss fund raising and planning. Plans are being made to have a certified kindergarten teacher present at the meeting.

### Date For G. S. Day Camp Nears

The week for the Girl Scout Day Camp is near. The Day Camp will begin Monday June 23, and continue through June 27.

Week long activities at Mrs. Bob Belew's have been planned for the 65 participating girls. The girls have been grouped according to their abilities and

number of active years in Girl Scouts. There will be four groups.

The camp will end with the Fly-up promotion ceremony in which the girls will receive badges and pins along with promotion and a swimming party.

Mrs. Dale Riggs, director of the camp asked that each girl bring a sack lunch Monday.

### Among Those Who Are Ill

Furch Riley is recovering very well from surgery on his hip. He is in the Methodist Hospital in Lubbock.

Mrs. Ferol Pickrell is at home now recovering from surgery. She is up and around and doing very well.

Mary Parish is in room 14 in the Muleshoe Hospital. She is resting and recuperating nicely.

Mrs. Elvin Barlow returned Saturday from a two weeks visit with her daughter and family, Mr. and Mrs. Dale Nance and Monica of Ft. Leonard Wood, Missouri.

Troy Byers and sons, Larry and Steve spent the weekend fishing at Possum Kingdom.

### Nature Encourages Nail Biting

New York-Nature actually encourages nail biting!

A recent study reveals that the fingernails of nail biters grow 20 percent faster than the fingernails of non-nail biters, thus providing nail biters with constantly replenished temptation.

The child with long fingers is most tempted. Other studies show that the longer your fingers the speedier your nail growth and, like everything else, nail growth slows down as you get older.

If you don't bite your nails, it takes about six months for them to reach their full growth.

Mr. and Mrs. W. R. Morris spent last week visiting with his brothers W. E. and E. E. Morris in East Texas.

### Hello World

Mr. and Mrs. Floyd Henderson of Friona announce the arrival of a son born June 11 in a Friona hospital. The little lad weighed six pounds 15 ounces and has been named Mark Shane.

Maternal grandparents are Mr. and Mrs. Bob Coen, Paternal grandparents are Mr. and Mrs. Floyd Henderson, of Earth. Great-grandparents are Mr. and Mrs. S. E. Whittington and Mr. and Mrs. V. J. Carlisle.

## South Plains Development Program Set For Today

Lubbock... Key agricultural leaders and agribusinessmen from 19 South Plains counties will gather here on Thursday, June 19, to discuss and formulate plans to boost the economic development of the area.

Purpose of the meeting is to revitalize unified efforts of the South Plains Development (SPD) Program which was launched about two years ago. Officers and an executive committee will be elected.

The 2 1/2 hour session will begin at 1:30 p. m. at the Plains Co-op Oil Mill, 2901 Avenue A, Lubbock, announces Billy C. Gunter, District Agricultural Agent for District 2 of the Texas Agricultural Extension Service.

"Areas of emphasis for economic growth and development of the area will be discussed," says Gunter. "These will include Increased Livestock Production, Producing Cotton for the Market and Reducing Cost of Production, South Plains Agricultural Economy Past, Present and Future and Future of Irrigated Farming on the South Plains."

Featured speakers will be Dr. H. O. Kunkel, dean of agriculture at Texas A&M University and acting director of the Texas Agricultural Experiment Station; John Hutchinson, director of the Extension Service; Dr. Lowell Schalkie, Extension area livestock specialist; Dr. Robert Metzger, Extension area agronomist; Dr. James E. Osborn, Associate Professor of Agricultural Economics, Texas Technological College, Lubbock and Billy Wayne Clayton, State Representative and Executive Director of Water, Inc.

The 19 counties participating in SPD are Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza, Gaines, Dawson, Borden, Andrews, Martin, Howard and Midland. County Program Building Committees in each of these counties have played an important role in the program and will be instrumental in its future success.

"The South Plains has a tremendous potential for economic development, both for agriculture and related industries," points out Gunter. "A lot of hard work and some creative and imaginative thinking are needed to exploit the area's resources to the fullest."

"We hope to lay the groundwork for an 'action packed' movement that will 'catch hold' among the people. We are striving for maximum utilization of natural, human and capital resources in the most efficient manner possible to meet present and future needs for continued growth and development of the area. The people of the area are the 'heart' of the South Plains and we hope to instill in them a common goal and a desire for action."

No doubt, there is room for economic growth on the South Plains. A detailed study compiled prior to the launching of the SPD program pointed out many areas for vast improvement. One such area for improvement was the utilization of natural resources. Through proper and efficient use of these resources, the area's income could be boosted appreciably.

ASTROWORLD'S BARBER SHOP QUARTET will entertain entering crowds throughout the Summer. From the left the boys are, Bill Roberts, Carl Davis, Denny Douglas and Edwin Grauke.

## International Textile Research Symposium At Tech, October 30 - 31

Invitations have gone out to industry, research and educational leaders of both Americas, the Far East, Europe, Africa-- wherever fibers are produced and processed--to the International Textile Research Symposium to be held at Texas Tech's Textile Research Center October 30-31.

The symposium is timed to bring the world's textile industry leaders to Texas Tech for the open house at the recently expanded Textile Research Center, itself a rarity in textile research.

The center will be the "only university related research laboratory in the nation capable of performing textile operations on a commercial scale from fiber processing to dyed and finished materials," according to Director John R. Bradford, dean of the Tech School of Engineering. Dr. Bradford recently attended the International Cotton Research Symposium in Paris to invite personally speakers and textile industry leaders to the symposium and open house.

Jack D. Towery, director of the Textile Research Center's Physical Measurements Laboratories, is spending six weeks in Indonesia for the Far Eastern Staff of the Aid for International Development, Department of State, and will extend invitations while there and at other points along his tour.

En route to Indonesia he will renew acquaintances with Hong Kong spinners who visited Texas Tech last fall.

He will return by way of Australia and visit three woolen research laboratories. At all stops Towery will be inviting fiber and textile people to the symposium and open house.

"The symposium is devoted to the subject of textiles in a continuously changing economic and social environment," Dr. Bradford said.

"It will provide opportunity for the participants to meet in formal and informal discussion of current problems and progress in the utilization of fibers and textiles.

"Interchange of ideas between the scientific and utilization communities will concern the broad sector of a applied research and its relation to the expanding international fibers and textile products industries," he said.

The series of lectures and luncheon and dinner addresses are being planned to explore the subjects of:

- Distribution and pattern of textile utilization, fashion and consumer demand;
- Fiber properties and functions in blends, as dictated by end use;
- New developments and broadened potentials in chemical finishing;
- Apparel manufacturing methods versus new fabrics; and
- Innovations in knitting and resulting effect upon the apparel industry.

Dr. Bradford said the key objectives of the newly equipped and expanded center are to:

- Develop new and improved textile processing techniques and blends using cotton, wool, and mohair as well as blend of these with synthetic fibers to stimulate new markets;
- Evaluate the properties and processing characteristic of natural fibers;
- Provide facilities and skilled people to train students in textile engineering; and

## Pee Wees Play Ball

In the Pee Wee Little League, the Reds played the Blues Tuesday, June 17 in a close game. The Reds were downed 14-10. Leading the Blues to victory in the pitchers circle was Kevin Kelley and Ray Van Banks. Carlton Gregory and Cory Hoppling displayed fine pitching ability for the Reds. The Reds were coached by Pete O'Hair, B. V. Pajon and Donald Runyon are coaches for the Blues. The Reds were defeated by the Greens in the June 12th game.

## The Old Timer

"Inflation is when, after you get the money to buy something, it isn't enough."

To help the textile industry in Texas solve problems of manufacturing, from processing of raw stock to the procedures in finishing.

He said the modern mechanical and chemical processing pilot plant and laboratories will provide research on and expedite development of new yarns and fabrics via new processing techniques and finishes.

Academically, the facilities are used by the Department of Textile Engineering to "play a dynamic role in educating students who may assume positions in any sector of the vast industry where fibers are used."

Gov. Preston Smith of Texas called the center "another bold, exciting step toward improving and expanding our fibers industry; toward expanding our industry and agriculture, toward helping us realize the true economic and social benefits offered by our vast fibers industry."

Additional information about the symposium and open house may be obtained from the Textile Research Center, Texas Technological College, Lubbock Texas, 79409.

## House Favors 20 Thousand Limit On Payments To Farmers

The House of Representatives voting 224 to 142 in favor of limiting to \$20,000 the total payments an individual farmer can receive under 1970 farm programs is "almost unbelievable."

This was the observation of Donnell Echols, Dawson County farmer and Vice President of Plains Cotton Growers, Inc., who was in Washington for the House debate and vote on the issue.

Also on hand for the House action and concurring in the opinion expressed by Echols on their return, was J. D. Smith, PCG Board Chairman, of Littlefield. "For those of us on the farm and in Congress who understand farm programs and can see the full implications of a payment limit," Echols said, "There seem to be no logical reasons at all, other than political reasons, for the House making such a move."

The House vote came on an amendment to the Agricultural Appropriations Bill by Representative Silvio Conte (R-Mass). The amendment provides: "That no part of the funds appropriated by this act shall be used to formulate or carry out any price support program (other than sugar) under which payments aggregating more than \$20,000 under all such programs are made to any producer on any crops planted in the fiscal year 1970."

The fiscal year 1970 begins July 1, 1969 and ends June 30, 1970, but Secretary of Agriculture Clifford Hardin is of the opinion that the limitation would apply to all 1970 production.

Echols and Smith noted that every argument advanced in favor of the limitation on payments to the House floor was "shot down" by Congressman George Mahon (D-Tex.), Jamie Whitten (D-Miss.) House Minority Leader Gerald Ford of Michigan, and others.

In the statements made in opposition to the amendment it was repeatedly shown that, because of the "snap-back" clause for cotton, limiting payments in 1970 would increase, not decrease, the cost of farm programs.

It was also shown that driving large farmers out of the pro-

## Kabobs Ideal For Outdoor Party

College Station, -Spectacular skewer cookery delights guests. Let each person construct and grill his own kabob, suggests Extension Consumer Marketing Specialist Gwendolyn Clyatt.

Make kabobs by alternating chunks of food on skewers. Use meat and vegetables which will cook at the same time. This may mean some vegetables, such as potatoes and onions, have to be cooked partially.

Or give each vegetable its own skewer so each can cook the right item.

Before broiling, season with salt and pepper, Mrs. Clyatt says, and brush with barbecue sauce or melted butter and lemon juice. Chunks of meat will cook faster and more evenly if they are not crowded.

To serve point skewer down and slip the food onto the plate, platter or a hot roll.

The Texas A&M Specialist suggests interesting kabob combinations:

... Franks, canned pineapple or apple chunks, bacon squares

... Luncheon meat, pineapple, banana chunks

... Ground lamb shoulder, tomatoes, green pepper, onion

... Beef steak, mushrooms, sliced onions

... Luncheon meat, quartered tomatoes, small cooked onions

... Chicken livers, small bacon squares, mushrooms.

## Keep Up With Your Credit Cards

What would happen if you lost your wallet? Could someone go on a shopping spree at your expense? This is one hazard of the new credit world, points out Mrs. Doris Myers, Extension home management specialist at Texas A&M.

Record names and addresses of credit card companies so you can phone and write to them to stop use of the cards. List, licenses and other items keep your wallet.

Keep the list in a safe place for emergencies, advises Mrs. Myers.

## Surplus Of Bachelors Found In County

Attention career girls! If you class yourself as a career girl but are actually what most people call an "old maid," don't despair. Things may not be as bad as they seem. A recent survey shows that Lamb County has a surplus of unmarried men. That's right, more men than women.

The excess of bachelors is such that there are 142 single men locally for every 100 single women.

In most other communities, the surplus, if one exists, is much smaller than this. The average in the United States is 124 men per 100 women and, in the State of Texas, 137.

The findings are based upon

the latest marital data, gathered from all parts of the county by the Department of Commerce. They indicate that the male-female ratio varies considerably from one area to another. In most places there is a shortage of eligible bachelors.

In Lamb County, according to the figures, approximately 20.9 percent of the male population over the age of 14 is unmarried as against 14.6 percent of the females over that age.

That takes into account only those who have never been married. It does not include those who have been widowed or divorced.

Throughout the United States as a whole, 26.7 percent of men over 14 and 20.9 percent of women in that category are single.

Despite the disparity in numbers, the chances of a woman going through life unwed are much slimmer today than in former years.

Forty years ago, nearly 15 percent of the women were unmarried by the time they reached

## Diet, Clothing To And Exercise Add Summer Health

Austin: Summer officially arrives on June 21, and the intense hot weather ahead calls for a few simple health rules which can make it more bearable, says the Texas State Department of Health.

First of all, avoid heavy, fat-loaded meals. They are difficult to digest during hot weather. Emphasize fruit and vegetables on your summer menu rather than protein foods, like eggs, fish and meat which your body needs for fuel during winter months.

Perspiration helps cool the body, but at the same time it drains the body of vital fluids. To replace these fluids, drink plenty of water or other liquids. Fruit juices are a pleasant way to make up the loss. But don't

gulp down large amounts of ice water when you are overheated. The body also loses salt through perspiration. Replace your salt loss at meals, or if your work or exercise causes you to sweat profusely, take salt tablets, about one every half hour with a glass of water.

Parents can place extra salt in children's diet with salted nuts or crackers plus a little added salt during meals.

Your clothing plays an important role in keeping cool. Loose light clothing is highly recommended for summertime wear. Normal body temperatures are dependent on the evaporation of sweat.

Avoid wearing clothes that inhibit evaporation. Also, remember that white or light colors

are cooler than dark ones, since they do not absorb hot sun rays so readily.

Exercise is an essential part of a well-rounded, healthy life, but it can easily be overdone in the summer. Use common sense and start gradually if you are initiating a summer exercise program. Also, confine any long periods of hard yard work or active tennis games to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed, including not swimming alone, getting chilled, waiting at least an hour after meals and avoiding tiredness.

All in all, summer can be one of the most enjoyable seasons of the year, provided you use your head as well as your body.

### SS Checks Recipients Asked To Report Any Changes

Residents of this area who are receiving monthly social security checks are reminded by John G. Hutton, social security manager in Lubbock to report directly to the Lubbock office any change of address or other events affecting continued receipt of their checks. Reports may be made by mail (the back of the check envelope may be used for this), phone, or in person. Appropriate report forms are available at the Lubbock office.

Hutton said this reporting method enables the district office to take advantage of the increased capacity of its high speed communications circuits to transmit information to record centers. Until recently, social security beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events by mailing pre-addressed postcard forms to a record center.

Events that affect receipt of monthly social security checks, in addition to address changes, are starting or stopping work (employment), marriage, or remarriage in some instances, divorce, and death.
