

# Wolverettes Take State in Record Breaking Victory, 105-52

All the power that the Wolverette powerhouse had stored up throughout the day when they would take state was unleashed on Cross Plains Saturday, rendering them almost powerless, in a game that broke more records than any other game ever played in the Gregory Gym on the campus of Texas University when the Wolverettes defeated Cross Plains in a 105-52 victory.

The Wolverettes who always star as a team, using any of the thirteen member players who proudly wear shades of green and gold, went wild, claiming the ball on every turn and racking up points with ease and accuracy almost unbelievable to the eyes of the multitude who had gathered to see the game, in an over-heated gym, which left West Texas fans who had left a cold spell of winter weather at home and packing only winter clothing for their stay in Austin, sweltering but in a happy way, when Springlake-Earth took control of the ball game to give a performance unequalled in the history of championship tournaments in the capital city.

Some teams represented in the tournament had knelt for prayer as they entered the court, others stopped to sing the school song, Springlake-Earth paused for neither. They hit the court to play, but judging from their mode of play, their sportsmanship attitude throughout the game, and their walk in life, one would assume they had already said their prayers, sung their school song and were ready now to unwind themselves on their opponent.

From the moment the ball left the officials hand for the center jump, kicking off the opening of the game, Springlake-Earth captured it almost as though they were the only team on the court, to make a goal in a matter of seconds.

The spy Wolverettes never for a moment seemingly toyed with the cloud of doubt that they would not win, but on the contrary, with every moment concentrated to make every move pay off.

When Cross Plains, though a strong hard playing ball team scored their first point on a free throw, resulting from a foul by senior forward Anita O'Hair, in the first minute of the game the score was then 5-1 in the Wolverettes' favor. This was the nearest Cross Plains ever came to threatening Springlake-Earth, each minute on the court widened the gap between the two teams.

The ball moved like a rocket from one end of the court to the other with Cross Plains finding it hard to hit the basket, while the fast moving Wolverette threesome Vicki Sanders, Pansy Been and Judy Gover wasted no time in retrieving rebounds and sending it hurling back to the Wolverette forwards, who were hitting with ease and accuracy, in some occasions without ever a glance in the direction of the basket.

At the end of the first quarter the score was 25-11. Of that total Susan Britton had made four goals from the floor giving her 8 points, Marsha Dawson had hit three field goals and two free shots, totted with Britton, while O'Hair had hit one field goal and made seven of her nine attempted free shots, for a total of 9 points. O'Hair had fouled twice during the first few minutes of the game and both Britton and Dawson had fouled once during the first quarter.

Cross Plains account of the first quarter tallied up with one 2 field goals to their credit. One of these was made by Darlene Hargrove to give her 2 points for the entire quarter and the other was made by Valeta Edington who also was credited with three free shots out of an attempted four, giving her a total of 5 points. Barbara Renfro hit four free shots out of an attempted six making her total of 4 points for the first quarter.

In the second quarter of the game the tempo and excitement increased, snowballing and spreading like wildfire to every player wearing the green and gold as coach Dean Foshee started running in other members of his team replacing his six starters. Senior guards 5 foot 3 inch Linda Jordan and 5 foot 4 inch Carolyn Hucks went in to replace Sanders and Been. The two remained in the game for approximately one minute before Foshee sent Been and Sanders back in.

Cross Plains coach, Jack Grey also did some switching. He pulled no. 44 Valeta Edington, 5 foot 10 inch forward, and tallest girl on his team from her place as forward to place her as guard in an effort to hold the Wolverettes 6 foot 1 inch sophomore forward Marsha Dawson from scoring. She remained to guard Dawson until half time. This, however failed to hold Dawson down, because she held all members of the Wolverette team refused to think negative to any opposition and the scoring forwards continued their scoring ways.

Coach Foshee shifted the guards around about half way through the second quarter. He sent Carolyn Hucks and Ginger Dent in to replace Been and Gover. The score was then 40-15. Shortly thereafter, he sent Beverly Prather in to replace Dawson and Vicki Gregory to replace Anita O'Hair whom he shifted to the defensive side of the court. At the same time Foshee sent Gover and Sanders back into the game to team up with O'Hair.

The ball game was moving fast, Vicki Gregory fouled and sister Linda Gregory was sent in to replace her. While fans in the stands were concerned about O'Hair as guard with four fouls already accredited to her and a bit fearful that she might foul out in that position, and be needed in the second half as forward, it didn't work that way, fast thinking coach Foshee, who studies his moves, managed his point and pulled her out as guard in just a matter of seconds and sent her back to a position as forward with Gregory and Britton holding the other two positions. Judy Hitt took the place vacated by O'Hair on the defensive end of the court.

As the half time buzzer sounded every player on the Wolverette team had seen action in the final game of the state championship tourney, and the score was 52-23.

The local team had scored 27 of their 52 points in the second quarter. Of these 27 points Susan Britton had scored 5 goals and one free shot out a possible three giving her a total of 11 points for that quarter. O'Hair had 2 goals and 3 free shots out of a possible six attempts giving her a total of 7 points while Dawson had 2 goals and 1 free shot out of a possible two attempts, her total for the quarter was 5 points and Linda Gregory had added 2 field goals for a total of 4 points.

Cross Plains had totaled 12 points in the second quarter with only one goal to their credit and 10 free shots.

The six starters went on the court when the buzzer sounded to begin the third quarter. This quarter was similar to the second, with players being switched throughout the entire quarter. Foshee, who had 13 players suited out, nine of them seniors, seemed to know just what to expect from each member of the team, and he was not let down by the playing of any member of his team. They all contributed to the team effort to take home the coveted state championship trophy.

The six starters played about two and half minutes of the second half and the scores started stacking up and widening the gap between the two teams. Linda Gregory replaced Dawson who had collected a couple of fouls during the first two minutes, making a total of four fouls to her credit. Gregory played approximately a minute and a half before Prather went in to replace her.

With the score now 66-30, Foshee ran in Dent, Hucks and Jordan to replace his three starting guards. The three though they were pint sized, compared to their opponents lost little time in grabbing off rebounds and making it tough for the opposition. At the end of the third quarter the Wolverettes had added 23 points to their score making it 75-40. Britton had scored 7 goals and one free shot, making a total of 15 points in the third quarter. O'Hair had 2 goals and 1 free shot giving her 5 points and Dawson had made one goal and one free shot, crediting her with 3 points.

Cross Plains account of the third quarter was four goals and 7 free shots out of ten attempts. Making a total of 15 points to their credit.

With 75 points on the score board, Foshee told his team if they wanted a hundred points to go get it. So when the buzzer sounded, the six starters took their positions. As the score board showed 87-42, senior forward, Anita O'Hair, playing her last game for the old Alma Mater fouled out and left the court with fans giving her a loud, long ovation. On the following play with the score 87-43 Marsha Dawson fouled out and likewise left the court in a loud applause from fans in the stands.

Prather and Linda Gregory replaced the two forwards, and the effort was still in force to reach the 100 mark. Britton who had four fouls to her credit was pulled out for an instant and Vicki Gregory went in. However, Britton went back in, in time to rack up the goal that put Springlake in the three digit numbers and the crowd went wild. Fans from various places joining Springlake-Earth fans in giving a standing ovation. Scoring continued until the buzzer sounded ending the game with the score standing at 105-52.

The last quarter had seen Springlake score 30 points and Cross Plains only 12.

Of the 30 points made in the final quarter Britton had basketed 4 goals and four free shots out of a possible six giving her

### Lions Queen Contest Scheduled Tonight

The Earth and Springlake Lions Clubs annual queen contest will get underway tonight at 7:30 p. m. in the school auditorium, with 39 Springlake-Earth high school beauties competing for the coveted crown.

Emcees for the event will be Clifford Hopping of the Springlake Lions Club and Norman Hinchliffe of the Earth Lions Club.

The Springlake-Earth high school stage band will furnish entertainment preceding the opening of the evening events and will continue to provide background music during the contest.

Each local beauty is sponsored by merchants and individuals of the Earth and Springlake communities.

Contestants will be judged for beauty, poise, and personality by three out-of-town judges.

From this group of lovely ladies a queen and a first and second runnerup will be selected.

The queen will receive a \$50 scholarship to the college or school of her choice, upon graduation from high school, in addition to representing the two local Lions Clubs at the annual Lions International District 2-T-2 convention at Lamesa April 28-29.

Miss Linda Jordan, current queen for the two local clubs, will crown the new queen.

Co-chairmen for the queen contest are V. W. Bearden of the Springlake club and Ross Middleton of the Earth club. Mrs. Vernie Bearden is heading the decorations committee.

Attend this event for an evening of enjoyment. In addition to seeing all the local beauties appearing on the stage, there will be one of the finest stage bands in the state of Texas furnishing music for the event.

There will be an admission charge of \$1.00 for adults and 50¢ for children. The proceeds will be used in part as a donation to the Springlake-Earth fund for their trip to Corpus Christi. The clubs are jointly donating \$50 to the band trip fund.

Following is a list of the girls who are participating in the contest: Judy Angeley; Donita Kelley; Karen Jones; Debbie Barton; Ruby Buckner; Dianne Hodge; Anita O'Hair; Vicki Sanders; Kathy Clayton; Carolyn Smith; Janet Elliott; Margaret Wilborn; Susan Ruby; Debbie McAlpine; Jane Marroquin; Pam Avery; Cindy Barton; Laquita Saught; Linda Gregory; Beverly Prather; Kathie Brown; Dianne Avery; Arta Simmons and Anita Kelley.

### Dr. Floyd Golden, Veteran Educator To Speak at Annual Chamber Banquet

The annual Chamber of Commerce and Agriculture banquet has been set for Saturday, April 1 in the Springlake-Earth cafeteria.

Dr. Floyd D. Golden, Educational Consultant for Rittenberry and Associates, Architects in Amarillo, will be guest speaker for the banquet.

Dr. Golden, 69, is a noted educational administrator having served in that capacity in various schools and colleges since 1921. He was chosen one of 30 educational administrators to tour the Soviet Union, primarily to study their educational system.

The group made a thorough study of various types of schools, included in these were kindergarten, 7-year schools, 10-year schools, boarding schools, vocational schools, technical schools, pedagogical institutions, research institutions, medical schools, law schools, colleges and universities.

In addition to studying the educational system, the group also gave considerable time to the study of economical and political conditions in the Soviet Union as well as religion within its borders.

The chosen group was sponsored by the National Education Association, American Association of School Administrators

DR. F. D. GOLDEN

and the National Association of Executive Secretaries of State Education Association.

Mr. Golden received his BS degree in 1925 from West Texas State College in Canyon. His majors were education and industrial arts with a minor in English.

In 1932 Golden received his MA degree from University of Colorado, Boulder, Colorado. His major had been educational administration and he minored

in literature. He has taken advanced study, majoring in higher educational administration, at Colorado College of Education, Greeley, Colorado; University of Texas, Columbia University, New York, New York. In 1950 he received an honorary LL.D from Hardin-Simmons University in Abilene.

He began his school administrators career 46 years ago in the spring of 1921 when he served as principal for the Friona Public School. By the fall term of that same year he was advanced to superintendent of that system where he served through the school term 1921-22.

His long career in education includes positions of importance in the following schools and colleges. Among those are: principal, White Deer Public Schools at White Deer, 1922-24, graduate assistant, West Texas State College, in Canyon, 1924-25; superintendent, Miami Public School, Miami, Texas 1925-28; superintendent, Portales Public Schools, Portales, New Mexico, 1928-35; dean, Eastern New Mexico University, Portales, New Mexico, 1934-41; president, Eastern New Mexico University, Portales, New Mexico, 1941-60 and president emeritus, Eastern New Mexico University, Portales, New Mexico, 1960.

Following these positions in educational administration he was secured in 1960 as educational consultant for Rittenberry and Rittenberry in Amarillo where he is currently serving. He has been associated with various organizations and activities throughout the years. Included in these are the New Mexico Education Association, National Education Association, Member of National Planning Committee, Department of NEA Adult Education, American Association of School Administrators, New Mexico Schoolmasters Club, and National Congress of Parents and Teachers.

He has also served as New Mexico Commissioner for Western Interstate Commission for higher Education; Vice-President, Board of Trustees, Golden Gate Baptist Theological Seminary; Commissioner, Conquistador Council, Boy Scouts of America; Member at Large, National Council, Boy Scouts of America; Member, Advisory Board to the New Mexico Land Commission; Co-Chairman, American Legion - National Education Assn.

### O'Hair Drops Out of School Trustee Race

Alvin E. "Pete" O'Hair has withdrawn as candidate in the local School Trustee Election to be held on Saturday, April 1, in the high school library.

O'Hair gave as his reason for withdrawing, the fact that seven other candidates are to be placed on the ballot, quite enough to give voters a choice in making their selections for the three available positions on the board. When O'Hair filed there were not nearly so many candidates.

Absentee voting began Monday and will continue through March 28, to allow those who plan to be out of town on election day, a chance to vote absentee.

Voters may have their choice in selecting three of the following candidates, James Busby, for re-election, Weldon Barton, Mrs. B. T. "Anne" Hamilton, Jerry Kelley, Thurman Lewis, J. A. Littleton, Jr., and John Bridges.

All trustees will be elected for three year terms.

### Don't Miss the Junior Class Play

A three act comedy entitled, "Boys and Ghouls Together" will be presented by the local Springlake-Earth Junior class, on Tuesday, March 21 at 7:30 p. m. in the school auditorium.

The play takes place in an old castle in the Alps. The curtain rises on the entrance and main hallway it is a late afternoon in summer. The front door is open and sun streams in the doorway. Yodeling can be heard far off, as granny, a shapeless old crone dressed in a long dark skirt and blouse, resembling a monster, enters.

From there action begins, and a hilarious monster comedy unfolds, using a sensational 16 member cast. The cast includes: Count, Ransy Clayton; Letha, Lynda Packard; Dirga, Beverly Miller; Granny, Debra Parish; Model S, David Jaques; Fritz Washburn, Melodie Brock; Buddy Ford, Gary Kelley; Barbara Ames, Becky Parish; Ron Connors, Lonnie Dear; Isabel Connors, Linda Barden; Eddie Phelps, Randy Washington; Evelyn Robinson, Sherry Blackwell; Merry Bean, Billie Kaye Kelley; Nancy Brown, Charlotte Sawyer; Frau Hulschmidt, Gay Upchurch; Magnificent Marvelini, Mike Cowley.

Directors for the play are Harold Fields, E. G. Gaston, and Mrs. Betty Smith.

Adult tickets will be 75 cents and students tickets will be sold for 50 cents. Proceeds from the play will be used for the Junior-Senior banquet.

Don't miss this hilarious comedy, featuring unforgettable monsters from the castle in the Alps.

## Potpourri...

By DPW

I wish everyone who castigates our teenagers knew Melody Brock. She would show cause for shame. She is living proof that in youth, hope springs eternal, and would undoubtedly create pangs of jealousy and envy among the very adults that know no better than to pour unjust criticism on the "jet set" of today.

Melody is the 17 year old daughter of Mr. and Mrs. Ross J. Brock. She is a junior at Springlake-Earth High School, and has maintained an A average throughout her public school career. A member of the National Honor Society and the local FHA chapter, Melody was selected as Miss FHA for 1967.

Her extra curricular activities are numerous, and all are nothing short of commendable. Last summer, she attended the Farm Bureau's Citizenship Seminar on the campus of Baylor University at Waco and returned to share with others her rich and rewarding experiences.

Recently, Melody competed in the annual oratorical contest sponsored by the Bailey County Electrical Co-operatives and won a trip to Washington, D.C. She will leave Dallas on June 9 for a tour of our nation's capitol.

These are but a few of her laurels. There are many more and all so richly deserved. But the laurels themselves are not what makes Melody a beneficial

"Ambassador" for a youth of today. It is Melody herself.

Melody is one of the most unselfish and friendly young people I have ever known. Whenever she sees you there is always a smile of genuine warmth and goodness actually flows from her person. I've not heard her speak evil of anyone; indeed, I believe her to be incapable of doing so.

I don't intend to hold Melody up before the populace and say here is The One. But I do intend to say she is an example of our youth of today and that from her, we older people can find hope for a much better and lasting future for our nation and the world.

The strength and safety of a community consist in the virtue and intelligence of its youth. Melody is abundantly endowed with both. And, as she is a bona fide representative of our younger generation, we can take hope in this future of which I speak.

To use an analogy, unless a tree has borne blossoms in the spring, it is useless to look for its fruit in the autumn. The same with youth. But, for the greatest proportion of our youth, they are bearing their blossoms in the spring. They are carrying out their roles in society and are molding for themselves the personalities and character traits so necessary for the responsibilities of adult citizenship.

So the next time we read in the papers about the barefooted, bearded, banner-carrying, long-haired offbeats which give us cause for alarm, let us first remember Melody Brock, and all the Melody Brocks in this nation, for they are the ones who will truly carry on the tradition of our forefathers.

## EDITORIAL... Today We Cry For Leaders...

This country, no we need not stop there, this world is in desperate need of soundly motivated educated leaders to mould every phase of its uncertain existence.

The opportunity for leadership is greater today than ever before in history, due to the vastness of expanded, yet unexplored fields, that have been opened up by our scientists, engineers, doctors, and geologist who have as yet only barely scratched the surface.

The world's populace today find themselves living in an era that is screaming for leadership to command the big tasks that this, and other generations, have brought to our view.

The accomplishments that a man can attain alone are limited. That is why today, we point so desperately to the need of leaders. Those people who can obtain a following are truly valuable. The success of leadership is gauged by what and how much he can get others to do. The man who can lead multiplies the efforts of a lone worker time and time again until at last the idea or project gains momentum and becomes a mass movement. His one time singular walk becomes a parade.

Yet leadership as always remains an individual quality... America was built on the concept of individual freedom. The individual is, as always the backbone of our American way of life.

We have many today who can garner together a mass of unthinking people and exalt themselves to what they term a position of leadership. Giving no thought to the fact that leadership goes beyond the function of leading. With true leadership comes the responsibility to lead in the right direction, we have chanting Pied Pipers and beatnik type riff-raff spitting out poisonous cynicism, hate, atheism and anti-American propaganda... But be not misled these are not men of sound intelligent leadership.

We need gallant, intelligent, godly men for the cause of freedom to lead the populace of the nation, and the world, from beneath a cloud of irresponsibility and lost initiative, into the bright sunlight of wholesome thinking.

We need leaders who can point out the actual meaning of the phrase "that all men are created equal." They are equal by law. They are equal in the sight of God, for the scripture says "whoever will let him take of the water of life, freely"; yet there are those who disagree over the equality of race, in their quest of opportunity to fulfill ones own destiny.

But aside from controversial opinions, we note that foreigners have found a haven of economic security within the borders of the U.S.A., and have succeeded because of sheer determination, hard work and guts certainly not from sitting in the shade accepting handouts.

In the entertainment world and field of sports we find there are plenty of talent in various races and colors. These who are famous are doubtless those who did not take the path of least resistance, but set their sights and daily pushed forward using individual initiative to gain their place at the top.

Sound thinking intelligent leaders, that our country is so in need of would be quick to point out that equality should cease when it comes to forcing physically and mentally unequal people into a common mould. This is not, and has never been the American way. It is shallow and cruel that people should be forced into a sameness... The American goal is not uniformity nor is there an American formula to seek the lowest common denominator.

America needs leaders, the world needs leaders, prayerful, intelligent leaders who refuse to be content to say nothing - do nothing - and be nothing, but will step out realizing you can't lead a parade from the rear.

## Coach Dean Foshee Provides Ample Leadership

Victories that are easy are cheap. Those only are worth having which come as a result of hard fighting. This is apropos of Coach Dean Foshee and the Springlake-Earth Wolverettes. That they have worked diligently, conscientiously and with complete dedication is no secret. The rewards and honors they have won for the school, community and themselves are all highly merited.

What is it that makes a champion? The question is hard to answer in that the reasons are many and varied. But among those, one definitely stands as all important--leadership. Foshee has provided this.

Since assuming this leadership during the 1963-64 season, Foshee has led the Wolverettes to a 10-2-25 won-loss record. They have won three of four district championships, two bi-district victories, second in state play offs and this season, the coveted State Class A Championship. Very impressive indeed.

Coming to Springlake-Earth from Midland six years ago, Dean has shown continued success and leadership in all his endeavors. His marching bands, stage bands and beginning classes in music have all shown marked and successful results. The sportsmanship and spirited attitudes displayed by all his students are further proof of his brand of leadership. The awards filling the trophy cases and adorning the walls add further testimony. The list is innumerable.

In summation, Dean has provided the necessary kind of leadership that many people so desire but evidently lack. The community can be justly proud to have him among them and support whenever the occasion should continue to give needed arises.

## Billy Robnett Employed As Federal Meat Inspector at Lubbock

Mr. and Mrs. Billy Robnett and their two daughters, Cristy and Marjorie are moving to Lubbock where he has been employed at a civil service job, inspecting meat for the government.

Robnett took the civil service test at Littlefield, 18 months ago and received his rating shortly thereafter. However, there were no civil service openings at the time. Robnett is in Ft. Worth this week attending a job training school to qualify himself as a federal meat inspector.

Beginning Monday, Robnett will be working at the Superior Meat Packing Company near Lubbock, where he will be required to inspect animals prior to their being slaughtered as well as afterwards. Sausage, bologna, weiners, etc. will be inspected before being placed on the market.

Robnett is a graduate from Springlake-Earth high school and South Plains College at Levelland. He has been employed for the past 16 years at Patterson Bros. Grocery in Earth.

## Have Advantages, Disadvantages

Although the popular split-level houses have many advantages, their disadvantages, too, should be carefully studied by families before buying or building this type home, says Bonny Lay, Extension housing and home furnishings specialist at Texas A&M University.

Since the distance between the levels is only six to eight steps, the space is more easily accessible than in a two-story house with the same total space, but more steps. Even the few steps between the levels in the split-level may be considered a disadvantage, especially for elderly or handicapped persons. The various areas for sleeping, living, and working are clearly defined and separated in the split-level house which allows for more privacy and quiet for family members. This definite division of areas helps eliminate many circulation or traffic problems present in many one-story houses.

The split-level house requires less space on the lot than a one-story house of the same total space, leaving more area of the lot for out-door living. Since the split-level was originally designed for a sloping lot, the exterior appearance is not always pleasing when the house is on flat land. The split-level plan can not always be used for a small house because many of the lines will be short and choppy, creating an unsatisfying design.

The split-level plan possesses some of the economical construction features of a two-story plan, such as less roof and foundation construction, but it may also present problems in connecting the staggered levels. Because there are many variables involved in a valid comparison, it is difficult to say whether the split-level is more economical than other types of houses.

## Seven Rural Accidents Reported in County for February

The Texas Highway Patrol investigated 7 accidents on rural highways in Lamb County during the month of February, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in no deaths, four persons injured, and an estimated property damage of \$6,820.00.

The rural accident summary for this county during the first two months of 1967 shows a total of 11 accidents resulting in no persons killed, 5 persons injured, and an estimated property damage of \$7,795.00.

### DEADLINE FRIDAY...

## Less Than 75 Farmers Left To Sign for ASCS Program

With approximately 2,200 farmers in Lamb County, there remains only about 75 to sign up for the 1967 cotton, feed grain and wheat program before the deadline Friday, March 17. L. D. Aten, Lamb County ASCS office manager, said Friday that this year's sign-up by county farmers has been one of the smoothest operations ever. Aten said \$2,530,000 in advanced payments have been sent

from the local office, and all advanced payments have been made. He said about \$14,033,000 in total payments will eventually be made to Lamb County farmers.

a total of 12 points, O'Hair had scored 2 field goals and one free point out of the two attempted, giving her a 5 point score. Dawson had hit one goal and all 3 free shots for 5 points. Prather had racked up one goal and one free shot crediting her with 3 points to the game and Linda Gregory had 5 free points.

Cross Plains accounting of the twelve points in the last quarter is as follows, 1 goal and 10 free shots.

The 105 points made in the game, gave Britton a total of 46 points, O'Hair 26, Dawson 21, Gregory 9 and Prather 3. Britton had made 20 goals and 6 free points, O'Hair 7 goals and 12 free points, Dawson 7 goals and 7 free points, Gregory 2 goals and 5 free shots, Prather shot 1 goal and 1 free shot.

Cross Plains made only 8 goals during the entire game. Springlake's many fouls had kept them in the game, giving them 34 points by free shots.

Springlake made 38 fouls while Cross Plains made 33 fouls.

Four state meet records and six Class A marks fell victim of the Wolverettes' scoring onslaught.

Buna held the previous touring scoring high with 92 points and North Hopkins of Sulphur Springs owned the old record for highest points scored in a championship contest with 86 points.

## Texas Tops Nation in Number of Entries In GFWC-Shell Oil Co. Education Program

Texas Federation of Women's Clubs submitted a total of 107 entries in the 1967 General Federation of Women's Clubs-Shell Oil Company Education Program. This was the largest entry for any state in the United States. This is also the largest number of entries ever submitted by the Texas group, according to Mrs. Howard Weant of Fairfurlias, State Chairman of the Texas Federated Women's Education Department. Among this group of entries was an entry made by the local Town and Country Study Club.

Now in its fifth year, the General Federation Women's Club and Shell program rewards local clubs for outstanding work in assisting young people from their

community in furthering their education.

Three state awards totaling \$1,000 will be given to the Texas winners. The first-place prize is \$500, second-\$300, and third-\$200. In addition to the state awards, three national awards will be given this year: \$2,500, \$1,500, and \$1,000.

Judging the Texas entries were Morris S. Strong of Fairfurlias, Superintendent of Schools, Brooks County; Col. (Ret.) Gilliard Beck, USAF, now Vice President of the Laredo Chamber of Commerce; and Donald E. Hood of Austin, Southwestern Regional Representative for the Educational Testing Service.

In evaluating the entries, the judges must consider such things

high score for two game series with 171 (held previously by Freeport Brazosport with 161) and high point in a two-game series by a championship team (held previously by Buna with 158.) Other new Class A marks were aggregate high score for one game (57 points) and aggregate high score for a championship game.

The House Public Health Committee is currently considering a bill to set up state standards for farm-worker housing. The committee heard testimony last week from state officials telling of the insanitary living conditions of the 162,000 migrant farm workers in Texas.

The HPH Committee sent the bill along to a sub-committee, after such officials as Col. Egon Tausch of the migrant section of the Texas Good Neighbor Commission gave case studies of migrant conditions and pointed out that cases of infant dysentery often range as high as 30 per cent among the children of farm workers.

## Inflation Effects Average Lamb County Family

What has been the dollars and cents effect of inflation on the average Lamb County family in the past year?

How much has the rising cost of living reduced purchasing power locally?

On the strength of recent economic studies, it appears that local families had a loss in the year, attributable to inflation, of

about \$111 on the average.

That is the amount of additional goods and services they would have been able to buy had prices remained the same as they were in 1964.

The estimate is based on data from the Bureau of Labor Statistics and on figures presented before the Joint Economic Committee of Congress.

They show that the consumer dollar was worth about 2 cents less last year than in 1964. That was the average amount of erosion. With respect to some goods and services, the change was less than that and, as to other items, more.

The major change was in the cost of food, which rose over 4.5 percent in the year. Transportation costs went up 4 percent and services, 2.5 percent.

The \$111 loss per family in Lamb County represents 2 percent of the net income locally, based on the latest figures from Sales Management, which show an average income per household of \$5,530 after taxes.

In other families, the loss in purchasing power was more or less than this average, in proportion to their incomes.

At the \$4,000 level it came to \$80, at \$7,000 to \$140, at \$11,000 to \$220 and at \$15,000 to \$300.

The total cost of inflation in the past year, for the county as a whole, amounted to \$807,000.

### Town and Country Club Members Visit School Wednesday

The Town and Country Study Club met Wednesday at Springlake-Earth Schools in observance of Public Schools Week.

The club was given a guided tour of the main points of interest in the school, visited several rooms and was served lunch in the cafeteria.

A business session was presided over by Mrs. M. E. Kelley, vice-president of the club.

Plans were made for the TFWC Caprock District meeting to be held at the Pioneer Hotel in Lubbock March 27-28 where the local club will serve as co-host.

It was revealed that the public is invited to the banquet March 28, in the evening, where a Viet Nam news correspondent, Peggie Parker, will be guest speaker.

Those present included Mrs. B. Campbell, Mrs. M. E. Kelley, Mrs. C. W. Terry, Mrs. Lena Hite, Mrs. Marie Ross, and Mrs. W. E. Gill.

### Mrs. Dwayne Stiles Honored With Shower

### Funeral Rites Held For Grandson Of Local Couple

Mrs. Dwayne Stiles, of Tulia, formerly Linda Pat Usery, was honored Tuesday morning with a bridal shower in the home of Mr. and Mrs. Truman Stine.

The serving table was covered with a white lace cloth and centered with a lovely bridal doll dressed in white satin standing before a background of five tall white tapers. The base was made of lovely white net.

A white sheet cake with scoring icing was served with assorted mints, hot tea and coffee from a silver service by Mrs. Bill Freeman and Mrs. Norman Ellis.

A program of interpretive readings were presented by Mrs. Claud Ellis.

Approximately 50 guests were present. Out of town guests included, Mrs. Max Neal, Mrs. Carla Bills both of Lubbock, Mrs. Gene Stephens, Mineral Wells and Mrs. Stiles of Circle.

Assisting Mrs. Stine with hostess duties were Mrs. Claud Ellis, Mrs. Houston Stephens, Mrs. Fred Clayton, Mrs. Norman Ellis, Mrs. Lexie Branscum, Mrs. Bill Freeman, Mrs. Eddie Hayden, Mrs. Loyd Blanton, Mrs. Lewis Faver, Mrs. Jewel James, Mrs. Neil Pounds, Mrs. Ronny Smith, Mrs. Bill Mann, Mrs. E. ### Lions Club Zone Meeting Held Tuesday at Wolverine Drive In

Fourteen Lions were present at a meeting for zone no. 6 Tuesday night in the Wolverine Drive In.

Representatives of the five clubs within the zone included Muleshoe, Littlefield, Amherst, Earth and Springlake.

Don Avery, zone chairman, and a member of the Littlefield club, led a discussion on the importance of winding up the club's business in good shape before turning it over to new officers. This will be the last zone meeting before new officers for these clubs will be elected. The nominating committees of the five clubs begin functioning this month, and election of officers is expected to take place before the District Convention on April 28-29 at Lamesa.

The group also discussed their intentions of building up their membership before the convention.

Earth, Springlake and Littlefield showed a slight increase in membership with Muleshoe and Amherst showing a small decrease, therefore within the zone as a whole, membership remained about the same.

Those present from Earth were president, Fred Clayton; deputy district governor region 3, Jarvis Angeley, also secretary for the Earth club; treasurer Neil Pounds and projects chairman M. H. "Dutch" Been.

The group enjoyed a delicious charcoal steak dinner.

### Brownie Troop To Participate In Birthday Celebration

Brownie troop no. 398 met Tuesday afternoon at the Boy Scout Building with 21 girls present including one visitor Barbara Graham.

The girls completed their sit-ups and made name tags to be used at the Girl Scout birthday event Saturday in which all the troops from Earth plan to participate.

Thank you cards were also written to contributors of the Girl Scout drive which had been held in December.

Some of the cookie money was turned in to the troop leaders, and the remainder of the cookie money should be turned in by Saturday so that the neighborhood cookie chairman may send in the proceeds to the council.

Mothers meeting with the troop were Mrs. Roy Eagle and Mrs. Donald Street also troop leaders Mrs. James Smith and Mrs. Wil-

### Competition For Labor Forces Farm Mechanization

Competition for efficient workers in our present day society is forcing more farmers to mechanize and automate more and more of their productive processes.

The further farmers go with mechanization and automation, the greater the skill required of workers who run the machines and, subsequently, the greater the competition for effective workers, says W. S. Allen, Extension agricultural engineer, Texas A&M University.

This combination of ever-increasing investment in productive equipment and workers makes it harder and harder for every farmer to own his own machines and keep his individual full-time workers, points out the engineer. This situation is forcing an increasing number of farm jobs to be done by commercial hire, or automatic equipment.

Such an arrangement can allow many part-time farmers to continue a profitable farm enterprise and allow some full-time farmers to concentrate on more complete management of their main enterprise, he adds.

However, the effective use of commercial hire for farm machines cannot happen without pre-planning of jobs and job requirements by both the farmer and commercial agent, cautions Allen. Such a system cannot be turned on and off like a light switch.

### LOCAL TYPING CLASS HAS WORKSHOP

Representatives from the International Business Machines in Lubbock were at Springlake-Earth School Tuesday morning for a general workshop.

The couple gave a demonstration to the local typing class on the IBM electric typewriters, and showed the group how to use various other business machines.

## Bill Anderson Attends School On Alcohol Studies at Baylor

Bill Anderson attended the annual school on Alcohol Studies on February 24 and 25 which was held on the Baylor University campus at Waco. This school was jointly sponsored by Baylor and Texas Alcohol Narcotics Education Inc. (TANE). The W. M. U. of First Baptist Church, Earth, sponsored his attendance at the annual school.

The purpose of the seminar was to provide a background of information on alcohol and its related problems for public school teachers, religious workers, social workers, and other interested people.

Herbert H. Hill, First Vice-President of American Council on Alcoholism Problems, and William N. Plymat who is President of Preferred Risk Mutual Insurance Company of Des Moines, Iowa.

Topics discussed by members of the faculty included "New Research and Developments in Alcohol Studies", "The Effects of Alcohol on the Brain", "Alcohol and General Body Health", "The Effect of Smoking on the Heart and Lungs", and "Alcohol and Highway Safety".

This seminar afforded those who were in attendance the opportunity to get up-to-date statistics and factual information on the very current and pressing social and medical problems caused by the use of alcohol as a beverage.

HAROLD BRITTON GOT REAL FRIENDLY with everyone after the Wolverettes won state in such a sweeping victory and after kissing or hugging everyone at the tournament he found his lovely wife Louanne and ended up by remembering to kiss her. ## Census Bureau Will Collect Household Data During March

Questions aimed at providing new national information about households and families will be asked in this area as part of the Census Bureau's monthly Current Population Survey the week of March 19. Director Francis H. Wilner of the Bureau's regional office in Denver announced today.

The special March inquiry will ask about the number of children in a family, the quarter of the year of individual births, whether the household remained in the same house or county during the previous year, and family income. Answers to these questions will supplement the regular Decennial Census of Population, which is updated each year through surveys of a sample of the population.

The identity of those questioned is kept completely confidential and the facts obtained are used only for statistical purposes. These questions will be asked of all households in the survey throughout the United States, Director Wilner said.

Census Bureau interviewers who will visit households here during the March survey is Mrs. Rosemary McNeese of Amherst.

WOLVERETTES STATE CHAMPS

## Fire Prevention District Can Reduce Insurance Rates

Rural citizens may qualify for reduced fire insurance rates by creation of a fire prevention district, according to Reagan Brown, Extension sociologist at Texas A&M University.

Such a district, the sociologist emphasized, must be approved by the State Board of Insurance. Once a fire prevention district is established, the district becomes a political subdivision of the state with full authority to lease, own, maintain, operate and provide fire engines, fire stations and other equipment for prevention and extinguishment of fires within the district, he said.

Brown added that the district may also enter into contracts with other districts, including incorporated cities or towns, for reciprocal operations or for facilities and services that would be mutually beneficial to the district.

The following steps were listed by Brown for creation of a fire prevention district within one county: (1) A petition presented to the county judge, signed by not less than 100 qualified voters who own taxable real property within the proposed district, or else a majority of voters when there are less than 100 voters within the proposed district. (2) The petition must contain the signed agreement of at least two petitioners obligating themselves to pay costs (not to exceed \$150) incidental to formation of the district, cost of publication notices and election

costs, (3) Filing of and hearing on the petition by the Commissioners Court. (4) A called election submitted as a single proposition to the qualified voters living in the proposed district. In fixing the boundaries of a district, the Commissioners Court shall exclude all incorporated cities, towns, or villages in the event any one or more of them should fail to cast a majority vote in favor of the district and a tax levy not to exceed 3 cents on each \$100 valuation. (5) Issuance of a court order after electoral approval.

Brown said that in certain instances, it appears that potential reduced premiums may offset a tax levy. The real savings from rural fire prevention will be realized in terms of property and lives spared when a county gains the ability to fight fires quickly and efficiently.

He said more detailed information on rural fire prevention districts can be had by writing to Judge J. C. Davis at the Attorney General's Office in Austin.

## Baptist Minister Of Music Appointed Summer Missionary

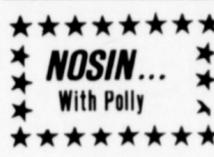

Joe Coombes, music and youth director at the First Baptist Church in Earth, recently received an appointment by the Texas Baptist Student Union Program, as a summer missionary to Trinidad to do summer mission work and serve as music missionary through the months of June and July. He was interviewed by state selected board of college students and leaders.

The local church granted Coombes a leave of absence through the two month period, in order that he may go. The church will also contribute twenty dollars monthly to assist Coombes in his work.

Marvin Sanders has been appointed to serve as music director for the local church in his absence.

## SHORT AND SWEET

Did you know the Canadians have the distinction of being the people who do the most talking on the telephone? In 1966 they averaged 635.6 conversations per person, as against 620 per person by people in the United States... There were 8.1 million telephone calls between the United States and overseas points during the year 1966. Direct overseas dialing on a regular basis between points in the United States and Europe is expected to begin in 1970... Sometime during the year 1966 the world's 200 millionth telephone went into service, with 93.7 million being used in the United States, 14 million in Japan, 10.7 million in Britain, 8.8 million in West Germany, 7.9 in Russia and 7.5 million in Canada.

Cont. From Page 1

They went... they played... they conquered... to bring home the coveted championship trophy... the first state trophy in the history of Springlake-Earth School.

In the 105-52 victory over Cross Plains, the girls set 16 records by putting on a performance unequalled by any high school girls team in the capital city.

The 100th point was racked up by Susan Britton and the fans went wild, but were seemingly joined by approximately 100% of the fans in the gym... but only Springlake-Earth knew what it meant to the team and to coach Foshee. It was a happy climax to a hopeful dream.

Every West Texan in the gym was complaining about the heat. That is until the Springlake-Earth game started, after that, I for one felt no pain... However, I did come home with the flu, resulting from getting too hot.

'NOSIN' The trip to Austin seemed to be an eventful one. Heard coach Foshee though fully suited out was persuaded to take a shower under the muscle power of the playful Wolverette team.

'NOSIN' The News-Sun it seems was de-

layered to the State Senate House and even placed on the governors desk. Also one I'm told was delivered to the porch of the governors mansion... Every place we went, someone had already delivered a paper. So I think it could safely be said that Austin, as well as the entire state of Texas knew the Wolverettes went to Austin, to play, to win, to represent the best school and community on Earth.

### Card of Thanks

The family of Paul Chance want to take this means to say thanks a million to all our friends who sat at the hospital with Paul, for your prayers, words of encouragement, for the food, cards, flowers, calls, for keeping our children, taking care of our livestock and for anything else if we have failed to mention it.

The children and I know that without this consideration we would not have a husband and father. Your kindness and thoughtfulness will never be forgotten.

Thanks from the bottom of our hearts: Dorothy, Patsy, Julia, Kathy, and Steve.

## LAZBUDDIE...

by Mrs. C. A. Watson

The Lazbuddie school cafeteria was decorated in the school colors, orange and black, Saturday for the annual athletic banquet. A goal post dangle with crepe paper at one end of the banquet tables gave the memo of the goal post of the past fall where the Lazbuddie football team scored many times. Little football players, basketball players and the track team carried out part of the table decorations. Miniature footballs and basketballs were placed as plate favors. Mrs. D. B. Ivy, Mrs. Max Steinbock and Mrs. Volley Hodges were credited with making the decorations. The banquet was sponsored by the Lazbuddie Boosters Club. Boy's coaches, Eddie Wilt and Bob Coleman were recognized for their outstanding work the past school year. Coach Bob Coleman was named South Plains coach of the year in the district B division. Coach Wilt introduced members of the fine basketball team the past season. Coach Coleman introduced the football players and members of the track team. Terry Parham was recognized for being named All District Quarterback of 1966 football season. Plaques and awards will be presented at a later date due to the absence of the person not being available to present the awards. He is a member of the Avalanche Journal staff. The cooks of the school cafeteria prepared the food for the banquet.

Mrs. Fred Graham visited Mr. Grahams sister, Mrs. Mary Rush in Elida, N. M. Thursday of last week.

Mrs. Helen Garthel, Mrs. Annie Cargile, Mr. and Mrs. John

Agee, Sr., and Mr. and Mrs. John Neil Agee were in Lubbock Sunday to see the film "The Bible." Annie Cargile also visited a nephew in the Methodist Hospital, Rickie Tarnell age 14, who received burns recently when he tried to shake a rabbit from a pipe, touching it to a highline pole near his home in Floydada. He is the son of Mr. and Mrs. Jesse Tarnell. He is slowly improving.

Mr. and Mrs. Richard Engelking and Mr. and Mrs. Fred Wilbanks attended the funeral of Mrs. Wilbanks' mother and Mrs. Engelking's grandmother Mrs. W. L. Stephenson in Arkansas, Tuesday of last week. They reported about 15 inches of snow on the ground which made mountain road driving hazardous. The Wilbanks picked up their son, Paul at S.W. College in Oklahoma who accompanied them to Marshall to attend the funeral.

Birthdays greetings this week go to: Delayne Steinbock, Rosa Ramon, Gerardene Broadhurst, Melanie Pecure, Jeffery Vares, Beverly Johnson, Gaylon Beavers, Charlotte Davis, David Roeha, Sidney Bood, Judy Ann

Clark, Sammie Lee Cox, Jerry Don Glover, Judy Brown and Kent Seals.

The Farmer County 4-H Food Show will be held in the Hub Community Center Saturday, March 18. Lazbuddie members will be on hand with their entries. The food will be judged on the preparation and knowledge the members have learned. The food will be on display after 3 in the afternoon. Adult leaders will serve refreshments. Mr. and Mrs. Olen Ivy and Mr. and Mrs. Junior Matthew visited the Chunky Ivy family in Clovis

Mr. and Mrs. Jack Hinson of Springlake returned Saturday from spending three weeks in Truth or Consequences, N. M.

Mr. and Mrs. Gene Brown and Dickie were in Austin over the week-end to see the Wolverettes win State Championship. While there they toured the Capitol Building and visited with Representative Bill Clayton of Springlake and his secretary Janice Cowley formerly of Earth.

# Wolverettes Win State Semi-Finals 64-41 Over Brownsboro

Friday morning, at Gregory Gym in Austin, found the Wolverettes of Springlake-Earth making their comeback for a state championship.

At 11:35 a. m., the Wolverettes took the floor against Brownsboro and found, the row just a little rough to hoe during the first three quarters, before breaking the game wide open in the final stanza with brilliant shooting and a terrific defensive effort by the guards.

At the end of the first quarter, the score was deadlocked 15-15. It was still anyone's ball game at the end of the first half with Brownsboro holding the lead 30-23.

Both teams started just where they left off, and all through the third quarter battled back and fourth with both teams taking the lead several times.

During the fourth quarter, coach Dean Foshee made a defensive move by putting Anita O'Hair in as a guard to try to stop the shooting of Pat Edwards and Gail Palmer, this proved to be the winning factor for the Wolverettes. The defense rose to the challenge and held the Brownsboro offense to only three points during the entire fourth quarter, while the Springlake-Earth offense led by Susan Britton, Marsha Dawson, and Beverly Prather kept up the attack and dumped in an amazing 23 points during the final quarter to give the Wolverettes their victory and the right to meet Cross Plains in the final championship game.

The Wolverettes hit 65.7 per cent of their field goals, and were led in scoring by Anita O'Hair with 23 points, while Marsha Dawson had 22 points and Susan Britton added 21.

Senior forward Pat Edwards received high point for Brownsboro with 23 points, followed by Gail Palmer with 20 and Diane Hopson with 2.

In the foul department, Anita O'Hair received 3, Susan Britton 3, Marsha Dawson 2, Beverly Prather 1, Linda Gregory 2, Judy Gover 1, Vicki Sanders 1, and Carolyn Hucks 2.

Brownsboro lost two players by the foul route, Patricia Leach and Carol Brown with 5 each and Pat Edwards received 3, Gail Palmer 1, Diane Hopson 1, Prissy Vines 2, and Brenda Thompson 2.

Anita O'Hair turns killer guard during fourth quarter of play against Brownsboro in the semi-final state finals in Austin. Anita stopped the scoring of Pat Edwards, high point forward of Brownsboro. Other guards in the game are Pansy Beem and Linda Gregory who helped to stop the Brownsboro offense to only 3 points during the fourth quarter.

## Springlake-Earth Varsity Track Team To Compete in Hale Center Meet Saturday

Members of the Springlake-Earth Varsity Track team will compete in their first meet of the season to be held in Hale Center this Saturday, March 18.

Coach Danny Smith, in discussing the season's meets, has praised the cindermen for their cooperative and good attitude.

He said, however, that they would be hampered by lack of natural speed and in getting started much later than area teams. He felt it was more important to support the girls' basketball team in their march to the State Championship and as such, missed the Idaho and Abilene meets.

The following athletes will participate in the meet at Hale Center: 100 yd. dash, Logan Armstrong, Neal Armstrong, James Thomas, 220 yd. dash, Danny Kelley, Ricky Byers, W. B. Washington, 440 yd. dash, Doug Messer, Neal Armstrong, Randy Clayton, 880 yd. dash, Randy Washington, James Hood, Gary Biles, mile run, Gideon Polk, Tim Matthews, Joe Alcala, high hurdle, Doug Messer, Terry Bridge, Gary Haber, low hurdle, Terry Bridge, Gary Haber, Kelly O'Hair, 440 yd. relay, Logan Armstrong, Neal Armstrong, James Thomas, mile relay, Doug Messer, Steve Larkin, James Hood, Logan Armstrong, pole vault, Steve Larkin, Terry Bridge, W. B. Washington, high jump, Gary Haber, Tim Ray Matthews, Danny Kelley, broad jump, Danny Kelley, Doug Messer, Neal Armstrong, discuss, James Thomas, Logan Armstrong, Ricky Byers, shot put, Tommy Barlow, Doug Messer, and James Thomas.

Several members of the track team will not be running in this initial meet. They are as follows: O. C. Thomas, Wayne Henderson, Jose Triana, Dell Vining, David Jaquess, Bobby Cummings, David Templeton, Perry Don O'Hair, Lonnie Dear, Thomas Mann, Eddie Sam Jones, and John Haber.

Coach Smith has advised that O.C. Thomas is out because he broke his ankle over this past weekend, and that his injury will definitely hurt the track team.

Total number of boys out for this year's track team is 30, and adding to this the freshmen who are participating, the number reaches 45.

The first freshmen meet will be held at Springlake-Earth on April 1. Members of the freshman team include: Tim Oden, Terry Ott, Steve Sanderson, Steve Busby, Billy Street, Galen Bock, Willy Wilborn, Danny Parish, Jimmy Littleton, Mike Wages, Freddy Helms, Terry Houchin, Elroy Wisian, Gill Vining and Thomas San Miguel.

## Tryouts for Wayland College Basketball Team Scheduled

The second tryout for high school senior girls for the Wayland College basketball team is scheduled April 8 at 2 p. m. in the Pla inview High School gymnasium.

The first tryout was March 11 and was arranged by Harley Redin, coach of the Wayland College Flying Queens who a few years ago set one of the most fabulous records in amateur sports with 131 consecutive victories under the hoops.

Redin said that if a player is going to enroll in Wayland anyway, there is no need to participate in a tryout, as scholarships are not awarded on basis of tryouts.

"We had much rather have the

girls attend Wayland and then come out for the team," Redin commented.

During a year on the freshman team, they will have a fair chance to demonstrate basketball ability and if they can play for, and maintain in a good academic record, they will be eligible for scholarships in their sophomore year. Or, if a scholarship is awarded in the freshman year, it will be renewable on basis of scholastic standing and achievements of the basketball court," Redin said.

Those attending the tryouts may stay in women's dorms on the campus and eat in the dining hall as guests of Wayland. The visitors are to bring their linens.
