First, pull yourself together. Second, start praying. Third, look that snake straight in the eye and tell him you're as hard headed as any old rattler. Then fourth, (and may I pause here, to point out the importance of the start of here, to point out the importance of not losing too much time between step one, two, three, and four) get yourself into what ever type vehicle you have, like say maybe, Ford, Chevrolet, Dodge, Plymouth, Rolls-Royce, or whatever... Apply Step #2 every step of the way, and beat a path to Dr. Bausman's Earth Family Clinic, where he has snake bite serum. . Now if he isn't home... Remem-ber to keep Step #2 in progress and head for Nell Pounds, local Pharmacist, who has the same serum in his refrigerator and will be happy to help...And if you get step #2 answered...
YOU'LL LIVE...

Don't get me wrong, the ser-um is good, if you can take it within the hour. . . If you're not sure, maybe it would be wise to purchase a snake bite kit at Pounds Pharmacy to carry along with you. . . Either one I'm sure would be good...But Step #2 is always in order on all occasions, and just plain old daily living ...

"nosin"

I made a brilliant deduction Easter Sunday night, following a full day of activity... One of three things is true... Number one, either I don't have any friends at all in Earth or Lubbock...or... Number two, if I do have any, they surely don't have 20-20 vision, and must be blind as a bat, like myself... or... Number three, people just don't notice me at all, anywhere I go... Including old

You see, this all came about after I slept late Sunday, then arose in a mad rush to get all dressed up Sunday in my new spring outlit, white suit, black spanish type hat, black gloves, shoes, and purse. Following church we decided to gad around a bit so Ross and I drove over to Underwoods in Lubbock for lynch.

"nosin"

Ted and LaDon Herring had quite an exciting experience Sunday on their first outing in their new station wagon, which they purchased Friday...I'm told the car really got a try-out...According to LaDon, that station wagon is so long, and will whip around those danger-ous mountain curves of Palo Duro Canyon so fast that the backend hardly has time to get out of the way of the front end

The story goes, that even though they wanted to drive the car Saturday, Ted just had to park it long enough for him to install his CB radio...He re-minded LaDon that, "One never knows when they might be needed"... And being a guy who loves to help his fellow man, he worked until he had everything in order before he quit...
Then Sunday they took off for

Palo Duro. They climbed hills, ate a picnic lunch, and enjoyed the day thoroughly...
Tod their small 1 year old son, was real impressed with the

Upon starting home, Ted pick-ed a fellow in the canyon calling desperately for a certain ber to come in and answer him, saying he needed help in the District were allowed fast...Ted waited for the number to answer. . It didn't ... Finally, the fellow called for anyone anywhere to answer ... Ted, being on the ball, answered... The man told of a little girl falling from one of the cliffs in the canyon and needed help, as well as did her mother, who had gone into shock...Ted got to the main gate in short order, where he attempted to get a first aid kit, neither the fellows at the gate, or the ranger had one... He rad-loed to a lady in Canyon to call an ambulance, then rushed back to the scene and helped the fellow load the little girl in the car to have her at the main gate when the ambulance arrived...It had been a big day..
They had enjoyed the frolic-They had enjoyed the flow some day... They learned how

People who buy other big expensive-looking cars get one thing you won't (big expensive-looking payments)

It looks like a big car. And is—by almost any

standard you want to apply.

Width? Nobody builds a car as much as one inch wider. Length? It grew three inches this year. Roominess? Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too. Luxury? Nice little touches like the look of mellow walnut across the Impala's instrument panel. And big touches. Like the fineness of the same Body by Fisher workmanship that makes some of America's most

expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jetsmooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. Price? That's where Chevrolets fall way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

HARVEY BASS APPLIANCE

MULESHOE, TEXAS

GET THE Shortest Clothesline ELECTRIC Clothes Dryer

Just about 21/2 feet widethat's all the space you need for an electric clothes dryer (some models as little as 27 inches) and that's a pretty short clothes line, you'll agree. Too, the cost is low - the total cost just 5¢ a load and if you dried a load every day that's \$1.50 a month. And remember, this includes power for the tumbler and blower as well as gentle electric heat for drying.

Spray Propazine to control weeds and grasses in sorghum.

One spray of Propazine* 80W herbicide controls most annual broadleaf weeds and grasses in sorghum for the entire season.

This can reduce or even eliminate the need for cultivating because Propazine takes care of problem weeds for you. Propazine is particularly effective on carelessweed (pigweed) and annual morning

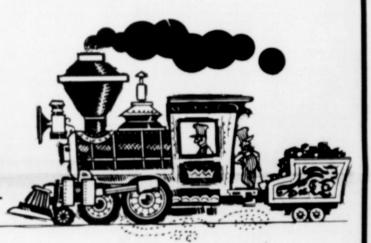

Sprayed before weeds and sorghum are up and activated by moisture, Propazine gives your crop an entire season without weed competition for moisture and soil nutrients. The result? Higher yields and more profit for you.

John Patterson Selected To Play In North-South Game

John Patterson, the first All State Football Player, from Springlake-Earth High School, has been selected by South All-Star Football Committee to participate in the All-Star activities and game to be played in the Cotton Bowl Sta-dium, in Dallas, during the Coaching School, July 31 thr-

ough August 5.
The Texas High School Coaches' Association voted to have this all important game in conunction with the annual Coachng School in Dallas, This footgame will be played by outstanding high school boys of the past season.

Patterson, chosen as one of this group, will play center position for the north squad. Each squad will have 28 players, selected from 4A-3A-2A-1A, and B class schools. There were only six players in the state chosen from 1-A schools to represent each squad. John was one of the six for the north.

Patterson will report to the Dallas Coaching School the last week in July to begin work outs, and to get in shape for the Texas Schoolboy All-Star Gridiron

Upon arrival in Dallas, John will stay in the SMU athletic dorm, and work out at the SMU Stadium. The north squad will have at their disposal, the SMU

field house, equipment, and all other athletic facilities,
During the football clinic,
which is an annual event for
Texas High School Coaches' Association.

his senior year, and his head

members of the north-south squads, will be used for demonstration purposes, showing the right and wrong way to tackle, block, pass, punt, and etc.

Each member of the squad had to meet certain qualifications before being selected. He must be a graduating senior in May, must not have entered any to each member of the two squads. With this number of high school football players together, there will doubtlessly be college coaches there to look them over, and perhaps offer scholarships to the fine players. We in Earth and Springlake feel the association could not have selected a boy more in-

May, must not have entered any have selected a boy more inleast one year on a varsity team, cally and mentally, than our Approximately 1500 Vocational Agriculture students will compete. From the Springlake-Earth High School, two teams will participate: one, a Live-stock Judging Team composed of Bob Coker, Ken Dawson, Gene Jones, and Lonnie Dear as alternate; the other, a Dair Cattle Judging Team, compose of Jerry Townsend, Bob Phipps

and Randy Kelley.

The top 10% of teams selected will go to State competition at Texas A&M College, May 1. In the sports field, local athletes competing with the eight districts in this region of Class A schools will be:

High Jumps-Ken Dawson; Shot-Put-John Patterson; Discus-John Patterson; 440 yd. Relay-John Patterson
