## Omer Johnsey Shot to Death

Omer Johnsey, 38, was shot and killed at his home two miles west of Tell Wednesday noon. His wife, Mrs. Virginia L. Johnsey, who until several months ago was a ward in the state hospital at Wichita Falls, admitted the slaying shortly after, Sheriff W. C. Anderson said.

Funeral services have not been arranged, since several of the relatives live in distant cities. The body was taken to the King Mortuary Wednesday afternoon.

Johnsey had been in Memphis only a few hours before the shooting occurred to make arrangements to take Mrs. Johnsey back to Wichita Falls for further treatment. He returned to Esteline to the home of his father-in-law, Jim Bell, where Mrs. Johnsey remained while he was in Memphis.

The two of them left the Bell home and went to their home, where Mrs. Johnsey was to obtain some additional clothes before she left for Wichita Falls. She then shot Johnsey, she said, covered him with a sheet, and went to the home of her sister, Mrs. Marvin Leary, who lives about four miles from the Johnsey place.

A doctor was immediately summoned, but Johnsey was already dead. The coroner's verdict gave a report of "death by gunshot wound."

Mrs. Johnsey was taken to the Wichita hospital several years ago, but had returned to her home near Tell a few months ago. She had, however, not been recuperating well, and Johnsey had planned to take her back to Wichita Falls Wednesday.

Following the shooting, Mrs. Johnsey was taken to the state hospital at Austin. The Wichita Falls hospital, the doctor in charge reported, was over crowded, and did not have sufficient room.

The shot entered Mr. Johnsey's body at about the center of his chest, and he died almost immediately. The rifle used was a high-powered .22 caliber, owned by Irvin Johnsey of Omer, brother of Omer. Omer Johnsey had borrowed the gun only recently to hunt rabbits.

Survivors include his wife, a son, Omer Jr., his parents, Mr. and Mrs. W. E. Johnsey of Memphis, three brothers, Irvin and Randolph of Memphis, and Oliver of Fort Worth, and five sisters, Mrs. W. H. Brown, Mrs. J. J. Sturges of Fort Worth, Mrs. L. H. Reneberg of Mobile, Ala., Mrs. Marvin Branch of Munday, and Frankie Johnsey of Memphis.

## Deck Wells Begins Radio Addresses

Deskins Wells, candidate for congressman from the 18th district, made his first addresses by air in behalf of his candidacy this week.

The schedule was started Tuesday night from KGNC at Amarillo, and the second speech was made Wednesday night from KPND at Pampa.

Wells will speak every Monday at 12:30 p. m. from KPND. Scheduled times over KGNC at Amarillo are as follows: Thursday, June 27, 5:30-5:45 p. m.; Wednesday, July 3, 7:30-7:45 a. m.; Tuesday, July 9, 5:30-5:45 p. m.; Wednesday, July 17, 7:30-7:45 a. m.; and Friday, July 26, 8 to 9 p. m.

## 108 CANDIDATES SEEK OFFICES IN 1ST PRIMARY

Committee Lists Order of Names For July Primary

A total of 108 candidates for national, state, district, county, and precinct offices had been filed with the Hall County Democratic Executive committee at the close of the filing time last week. All names entered on the ballot are subject to the Democratic primary July 27.

J. W. Burk, candidate for county tax assessor-collector, thru some misunderstanding, failed to file a request to have his name placed on the ballot before the deadline last Saturday night. The county committee, however, placed the name on the ballot when J. M. Ferrel, the other candidate for the office, presented a letter to the committee stating that it was "agreeable to me that Mr. Burk's name be placed on the ballot."

## Fire Department Takes 4th Place In State Contests

234 Towns Represented At Meeting in Houston; Seven Memphians Attend

Members of the Memphis Fire Department, winners of second place in the pumper drill contests at the State Firemen's Association meeting last year, again came into the winning classes, but dropped to fourth in the contests at the state session in Houston last week.

A total of 234 towns, with 719 regular delegates, were represented at the meeting this year, Fire Chief Alvin Massey said this week. Attending from here were Massey, Ed McCreary, W. V. (Continued on page 10)

## Stock for Rodeo In July Engaged

First arrangements for the rodeo to be held during the Golden Jubilee celebration of Hall County in Memphis July 24, 25, and 26 were made this week when 110 head of rodeo stock were engaged.

Making the arrangements were Mack Wilson and T. D. Weatherby, members of the rodeo committee. The stock belongs to Bill Lyons of Byars, and has the best cows and horses available for rodeos, Wilson said.

The stock was used in the Stamford rodeo, and some was used in the Madison Square Garden rodeo last fall, Wilson said.

### 32 QUALIFY IN GOLF TOURNEY

Finals to Be Held Sunday; Matches Now in Progress

Thirty-two Memphis golfers, divided into four flights of eight each, qualified last Sunday in the annual city golf tournament sponsored by the Memphis Country Club.

Favorite in the tournament again this year is Frank Foxhall, winner of the title for several years. Jack Walker, another favorite, has already advanced to the finals in the championship flight, getting a default from Leslie Foxhall in the first round, and winning 5-4 over J. H. Vallance in his second match.

Matches are being held all this week, and the finals will be held Sunday afternoon. The calcutta pool was held Monday night.

Frank Foxhall will meet Carl Harrison this Thursday afternoon in the defending champion's opening noon on their home diamond. The Spudders went down to a score of 10 to 2.

Plans now are to play a game on the local ball park next Sunday afternoon, Herschel Stewart, manager of the team said, but no game was definitely scheduled Wednesday.

Held without scratching out a single hit until the eighth inning, the Spudders started a short-lived rally. Staggis singled and then Brisbin singled. An error by the Roaring Springs shortstop brought in Staggis, and then Stewart hit to bring in Brisbin. The Spudders were then retired with no further scoring.

Staggis hurled for the Memphians and Brisbee pitched for Roaring Springs.

WINNER—Leonard D. McMurry, student at the St. Louis School of Fine Arts, who was recently awarded his third consecutive scholarship for excellent accomplishments in his field.

## 3 Softball Teams Remain Unbeaten In County League

Firemen, Democrat, and Lakeview on Top Rung; Two Games to Be Tonight

NEXT WEEK'S GAMES  
MONDAY NIGHT—  
Tarvers vs. FFA  
Grocers vs. Lakeview  
TUESDAY NIGHT—  
Hedley vs. Phillips  
Fire Department vs. Democrat

Three teams in the Hall County Softball League remained unbeaten as the second week of play ended.

The four new teams, organized after the league schedule was already made out, will play among themselves. Foster Watkins, supervisor, said this week. Scheduled to play tonight (Thursday) are Cudd's vs. Sinclair, and the Baptist Sunday School class vs. Humble. Games among these four teams will be held each Thursday night.

Tied for the top rung with two games won and none lost were teams sponsored by the Fire Department, Lakeview, and The Democrat. The Fire Department won over the FFA boys with a (Continued on page 10)

## Rites Are Held for Dorothy M. Glover

Funeral services were held Sunday from the Assembly of God Church for Dorothy Mae Glover, 12, who died Saturday at her home about five miles northwest of Memphis. Rev. Pete Love, pastor, conducted the rites.

Miss Glover, who was 12 years, 11 months, and 12 days old at the time of her death, had been ill for several months. Burial was in Union Hill Cemetery at Lakeview under the direction of King's Mortuary.

Survivors include her parents, Mr. and Mrs. H. G. Glover, and three sisters, Mildred, Lois, and Bobbie.

## Singers to Meet In City June 29

The Hall County Fifth Sunday Singing Convention will be held in the annex of the First Baptist Church Sunday afternoon, June 29, Hayden Goodnight, second vice president, said Wednesday morning.

The convention, which will begin at 2 o'clock, will last until the "singers get tired." Goodnight announced.

A special invitation to all Hall County singers was extended by Goodnight. Names of outstanding quartets to be present at the convention will be announced next week, he said.

## SOLICITORS GET ONLY \$471.75

Roberts Makes Urgent Plea for More Donations To Fund for War Relief

Falling far below the quota set, Hall County had contributed only \$471.75 during the first eight days of the drive for war relief funds for the American Red Cross.

The quota set for Hall County is \$1,240. The Red Cross has issued a call for a total of \$20,000,000 over the nation, and a telegram received by E. E. Roberts, local county chairman, this week, stated that \$12,500,000 had already been turned in to the national headquarters. Mr. Roberts has made no report from this county as yet.

Only one report outside of Memphis has been made. The Brice committee, under the chairmanship of Mrs. Anna H. Dickson, turned in \$15.75, slightly more than their quota of \$15.

"Contributions have been small," Mr. Roberts said. "People do not seem to realize how terrible and horrible conditions in Europe are today, and thus fail to contribute as much as they might be able to."

"Only a few large contributions have been turned in to date," the (Continued on Page 5)

## 520 Hall County Families Apply for Free Mattresses

Three Orders for Cotton And Ticking Sent to State Headquarters From Here

A total of 520 applications for the free cotton mattress material have been received in the office of the county agent here, J. C. Thompson, Hall County ACA secretary, said this week.

The mattress program, sponsored by the Department of Agriculture through various branches offers materials for the making of mattresses to farm families whose incomes did not exceed \$400 during the past year.

Three orders, each of which contains 120 applications, have already been sent to College Station, from where the free cotton and ticking will be ordered. The materials will probably come from the nearest warehouse, it was pointed out, following the certification of the applications by the AAA officials in College Station.

Eighty-five more applications have been approved. Deadline for submitting applications is June 29.

The first order was sent off several weeks ago, but as yet no materials have been received. When the materials are received, a school of instruction will be held in Memphis. Members of a committee, selected to aid in the mattress program, will be taught how to make the mattresses, and will in turn instruct the applicants how to utilize the materials they are given.

## Former Mayor of Hedley Dies Here

Funeral services were held from the Methodist Church in Hedley last Thursday afternoon for W. E. Reeves, 83, who died Wednesday morning of last week in a Memphis hospital.

Services were conducted by Rev. W. M. Miller, Clarendon Presbyterian minister. Interment was in the Rowe Cemetery under the direction of the Womack Funeral Home.

Survivors include his widow, three sons, W. E. Jr. of Garfield, N. M., Atlee of Richmond, Calif., and Leon of Hedley; and two daughters, Mrs. Edd Harris of Rotan, and Miss Myrtle Reeves of Hedley.

Mr. Reeves was widely known in the Panhandle, having served as mayor of Hedley for several terms. He was a prominent Masonic leader, and has been a member of the Presbyterian Church since he was 17 years of age.

Grady Hazlewood of Amarillo in Race For State Senator of 31st District

Grady Hazlewood of Amarillo has authorized The Democrat to announce his candidacy for the office of state senator of the 31st District, subject to the action of the Democratic primary July 27. He makes the following announcement: "The following is a condensed statement of my platform as given over radio station KGNC immediately after my decision to run for the senate: I am 38 years old and married, and most of my life has been spent on farms near Silverton and Canyon. I graduated from West Texas State College and the University of Texas Law School. I came to Amarillo 12 years ago as assistant District Attorney and was later elected District Attorney without opposition. After two terms, I retired voluntarily. I have practiced law and am also operating a farm near Hereford. My wife taught school in Childress and Tulsa, and I think I am a representative Panhandle citizen. "No person 'urged' me to run for this office, and I will not be 'hamstrung' with political obligations. Texas must pay her honest debts to the aged, teachers, and the blind, which will call for large appropriations, and you and I know special interests may not want to pay their part. My reputation and future is too important for me to be led around with a halter and crucified on the cross of special interests. The people who knew me as District Attorney know that I will obligate myself to no special interest or political group. "OLD AGE ASSISTANCE "The governor of Texas told the legislature to pay a debt due the aged people, and if they did not like his bill, then to try another. I favor the immediate payment of \$30.00 per month to all needy persons over 65 years of age. I will cooperate with the governor in seeing that Texas pays her legal debts. There is no use stalling around until these good old people have passed on—let us provide them with necessities while they are living. We are spending billions for implements of war. We have appropriated public funds to feed cattle in drought-stricken areas. Why not pay our debt to these worthy old people? I intend to AMEND this law so that the aged persons will not have deducted from their pensions money they have made keeping lawns or taking care of the neighbors' children. I will cut out that part of the pension law that forces old folk on employed children. I will stop the spy system that sends out snoopers to learn if mother or dad received 50 cents for keeping someone's yard, or if son or daughter's salary has been raised. "SOCIAL WELFARE "The state owes the duty to provide dependent and crippled children with the necessities of life. Unfortunate afflictions may be corrected in early life so that such children may grow up to be useful citizens instead of charges. Likewise, the state should take care of the indigent blind people. "FARM PROGRAM "I favor more farm-to-market roads, and until this Senatorial District has its just share of good lateral roads, I oppose any diversion of the gasoline tax for other purposes. I am farming myself, and I know that the Gasoline Tax MUST BE REFUNDED to the farmers the same as it has been in the past. This tax refund is constantly attacked in every session of the legislature, and the farmers must not be deprived of it. I believe the state should lend the federal government whole-hearted cooperation in the splendid effort being made toward soil conservation. "POLICEMEN'S and FIREMEN'S PENSIONS "I believe in provisions for annuities for city policemen and firemen. These officials are in constant danger of losing their lives—for the protection, security, and peace of those persons living within a municipality, and it is well known that they are not sufficiently paid to enable them to provide for old age. After they have given a life of service to the people for inadequate pay, I think we should have provisions that will take care of them upon retirement. "FOUR-YEAR TERM FOR ALL PUBLIC OFFICIALS "I favor a four year term for all state, district, county, and precinct officers. Our public officials have their own family obligations to meet, and it is wrong for them to have to spend one-fourth of their salaries running for office. The present situation causes public officers' continual financial embarrassment and retards governmental efficiency. "LABOR PROGRAM "I believe in the principle of collective bargaining, and I shall favor any legitimate program of organized labor. I shall oppose the confirmation of any man who might be appointed as state labor commissioner who is not a bona fide member of organized labor. "EDUCATION AND TEACHERS' RETIREMENT "I believe that we should take care of all public free schools and to lift as much of the burden from the local people as is possible. I shall see that the state does its full duty toward every state supported school. In this connection, I will use my best

"PUBLIC SCHOOL TEACHERS are paid little more after spending 4 years in college than if they took other employment immediately after finishing high school. If the 'isms' and 'fifth column' ideas are to be kept out of YOUR CHILDREN'S minds, then let's start treating the teachers right. They have been paying in their part—why does not Texas pay her part. The TEACHER is having a remarkable influence on YOUR CHILD. ## War Review

(Continued from page 1)

ward in mass movement, and one Nazi front was only 12 miles from Paris. This front was to the northwest of Paris, while on the east the main French armies dropped back across the Marne River.

It was on the Marne River in 1914 that the French army stopped the advance of Kaiser Wilhelm's troops, but Hitler vows that the story will be different this year, it was reported.

Paris was almost entirely evacuated, although some citizens still remained. Soldiers, however, were working rapidly in manning street barricades to meet the German onslaught if the Nazi machine continues its forward march.

Italy finally got into the swing of things, and sent bombers to raid British bases in the Mediterranean. Britain immediately retaliated by sending her bombers to raid Italian bases near Libya. No report on Italian activities on the Italo-French front were given out.

A "stop Hitler now" movement was approved by President Roosevelt. The President recommended to Congress an appropriation of \$50,000,000 to aid the American Red Cross in its work to relieve suffering humanity across the seas.

### JUNE 12

British troops began pouring across the English Channel to the north of Paris. All available men and equipment were being sent as rapidly as possible.

The Germans, however, kept steadily moving forward, and had formed a sort of half circle around Paris on the north. Closest of the Nazi troops were about 12 miles from the capital city, and the others were about 20 miles away.

Britain also struck the enemy with bombers, dropping tons of explosives along the German front in France, across the border into Germany, over the Alps to Italy's centers of industry, and into Africa against troops, ships, and airdromes.

The Italian high command, in its second day of belligerency, still kept secret its operation against Britain and France. Only a few disturbances were reported, although it was known that Italy had massed a great army on the French frontier, apparently for a drive through the Maritime Alps, where the French are strongly entrenched.

In the United States, the House of Representatives approved by a vote of 401 to 1 a bill of \$1,700,000,000, providing funds for

3,000 new planes, 68 warships, 95,000 additional men for the Army, a far-flung system of naval air bases, and other defense measures. The bill raises the total defense program to \$5,021,619,622.

### JUNE 13

The evacuation of French troops from their capital city, Paris, was started.

Reports indicated that the French had decided that they would leave the city, rather than see it possibly undergo the fate of Warsaw, Poland, when the German machine bombed the city to ruins.

At the same time, it was reported that the groups now totaled about 1,800,000 men. The Maginot Line, which the Germans had not even attempted to penetrate from the western side, was said to have been attacked from the eastern side.

Premier Reynaud of France appealed to the United States for aid. He wanted, in fact, all aid except an expeditionary force, and urged the sending of the help "before it is too late." The appeal was dated June 10, it was reported, the same day on which Roosevelt pledged the aid of all material resources to the Allies.

Turkey signed a new commercial agreement with Germany, although Turkish leaders had already said they would fulfill their mutual aid pacts with Britain and France. Trade between Turkey and Germany had been at a standstill for months because of credit and other difficulties.

### JUNE 14

Paris was left to the Germans, and by early in the morning were far to the south of their capital city. The French troops were heading for the Loire River, in the hopes of making a stand there until British reinforcements could come to their rescue.

Despite the fact that Germans by the thousands were following the retreating French troops, they still found enough strength to attack the northern end of the Maginot line. Most of the attack on the line had been thrown back, the French reported.

The Nazi tanks rumbled down the streets of Paris, something they were never able to do in the World War. Old people, who chose to remain in the city rather than try to run away, sat at tables in the sidewalk cafes and watched the procession of the victorious Germans.

Italy's part in the war, so far at least, came out as the Italians troops started a sniping action to keep the Allies harassed at many points while the Germans are trying to finish off the French.

The purpose of the Italian troops were outlined in an Italian newspaper, which indicated that the Italians merely are to play a secondary role to keep the British and French troops in the Mediterranean area busy.

### JUNE 15

The Russians got in the saddle again, and marched into the small country of Lithuania. The official telegraph agency said the troops would occupy the capital, Kaunas, the former capital of Vilna, Saulen, Poniewies, and Rowno.

Announcement was made of a treaty of the Russians with Germany for settlement of frontier problems. The statement emphasized the friendly relations between the two countries, and appeared to offset any suspicion that the advance of the Red Army into Lithuania was directed against Germany.

The Germans, in the meantime, captured Verdun in France, it was reported. Nazis said the collapse of the Maginot line was at hand, after attacks were made by the German aerial, infantry, and artillery forces.

A decision of importance was reported to be forthcoming from a meeting of the French cabinet with President Albert LeBrun. Premier Paul Reynaud had conferred with General Maxime Weygand on the military situation just before the meeting.

The Italians continued their small part in the war, and took on a part of the battle by sinking the British anti-aircraft cruiser, Calypso, 4,180 tons. The cruiser was sunk by an Italian submarine, the Admiralty said.

### JUNE 16

France once more "changed horses" in the middle of the stream. Not long ago, General Weygand was placed in charge of the military forces right in the

midst of the struggle, but the change this time was even more serious.

Premier Paul Reynaud resigned his office, and chosen to succeed him was 84-year-old Marshal Henri Philippe Petain. General Weygand was advanced another step and was named as vice premier.

The entire French cabinet resigned along with Reynaud, although several of the ministers were retained in other governmental positions.

The French troops were reported as fleeing from the Maginot line, once said by military experts as impregnable. Only a few men were left behind along a 200-mile broken front to cover the invading Nazis while their comrades fled.

Russia stepped again into the invading group by putting the "gag" on two more small countries, Estonia and Latvia both agreed to free passage of Soviet troops, and to the formation of new governments which would "ensure honest implementation" of the Soviet's mutual assistance pacts with those two countries.

### JUNE 17

The fighting French had just about stopped their fighting, although a few groups of soldiers were still hanging on—hoping that by so doing, the peace terms might not be simply "unconditional."

Hitler and Mussolini untroubled again, heading for a meeting (probably in historic Munich) where they will decide on the fate of ill-fated France. Observers believe that the two victorious leaders will soon announce the terms of peace they desire.

Great Britain, meanwhile, declared that that nation will fight on to the end. But at the same time, the British leaders were fearing the terms which Hitler and Mussolini will probably ask—including the surrender of the French navy. If the navy goes into the hands of the Germans, the Nazi-Italian navy will be about equal with the Allies.

President Roosevelt urged a two-ocean navy, along with an economic offensive which would hurt the totalitarian powers in their most vulnerable spot—foreign trade.

The president put forth a plan to create a central trading agency for the 22 nations of this hemisphere, including Canada, which would compel dictator nations to trade on American terms for all commodities produced in the new world.

### JUNE 18

The French did not lay down their arms, as Hitler and Mussolini had probably hoped for when they entrained to meet to terms and discuss possible peace terms.

Instead, Premier Petain, although new to the position, raised the French troops to continue their fighting with renewed vigor. He and his cabinet awaited the terms which the Nazis might make.

In England Prime Minister Winston Churchill broadcast to France that France would be crushed if the French gave up the fight. Churchill also warned the United States that this nation would feel the effect of the Nazi victories—and observers pointed out that the American continent would likely hear a great deal from England during the coming weeks.

German columns attempted in vain to slice the reorganized French army in the Maginot line on the southern Jura mountains, but failed to do so. The French rally proved effective, against the German onslaught, it was reported.

President Roosevelt disclosed that he is now working on a huge plan for eventual government service for all of the young men of America—and the plan will possibly include young women, he said. The plan would call for a period of disciplined training, possibly a year, for each youth.

The mightiest navy in the world was advocated in the House as the naval committee of that body recommended a four billion additional amount for the navy department. The bill would provide a fleet able to resist invasion on both shores at the same time, it was reported.

Texas oilmen last year discovered two-and one-fourth times as much oil as they produced.

Please, folks, the stranger works the song-book racket like this: He sells advertising space in song books to merchants, and after paying for printing, he takes the balance, which is plenty, out of the country to spend elsewhere. It has been announced time and again that the Memphis merchants will buy song books and present them free of charge to any community wanting them. They find that it saves money and keeps some one who is not a citizen of the area from taking the money away from this section.

### 1940 Census Report Shows Decline In Population in Panhandle Counties

#### C. Gerlach Tells Fish Story—And Can Back It Up

The business of telling fishing stories picked up this week as C. Gerlach and Oscar Gerlach told of catching a 24-pound blue channel catfish Sunday morning—and had the fish to back up their story.

The fish was slightly more than three feet long, and was caught in the Brookhollow Lake on a trot line, Mr. Gerlach said. The large fish, however, put up little fight when being taken from the line.

Another fishing party of Otho Fitzjarrald, Earl Stratton, O. B. Grant, A. S. Moss, and three Childress men, also did all right when they nabbed a 4 1/2 pound bass on their trot line Saturday night.

The group also caught several other bass, ranging from three pounds down. Mr. Gerlach also reported catching a three-pound bass.

Brookhollow Lake has been open to members for fishing since May 1, and several have reported making nice catches during the past few weeks.

county chairman continued, "and most of the ones who have contributed have given only small amounts. It just isn't possible for \$20,000,000 to relieve the suffering of 50 or 60 million people."

Mr. Roberts urged those who have not yet been contacted to mail their contributions to Mack Wilson, Otis Jones, Lee Kushing, Mrs. John Deaver, Mrs. W. Wilson, or to him. A number of people who do not work in the business district of Memphis have pointed out, and have not been given their chance to contribute.

"We will continue to drive for the funds throughout the year, if we are unable to get them now," Mr. Roberts said, "although the organization needs the money now. It is the hope of the local workers to get all the county quota raised before July 1."

### Farmers Warned Against 'Experts'

Reports have reached the state headquarters of the AAA that persons in some areas have set themselves up as "AAA experts" and are charging farmers fees for assistance in getting applications filled out and certified. These so-called experts are "setting up offices and handling all AAA business for groups of farmers" for a share of their payments, the reports stated.

All information and assistance necessary for participation in the AAA program can be obtained free of charge at the county AAA office.

"No farmer should pay any kind of fee for information or assistance in doing the 'paper work' connected with the AAA program," George Slaughter, chairman of the state committee, declared. "All such services are furnished without cost by the county AAA office, and farmers are invited to take advantage of it."

Persons who are charging fees for such services have no official status and cannot be depended upon to furnish accurate and complete information, the chairman continued, pointing out that any farmer using such assistance will have only himself to blame if errors in forms and applications result in loss of payments. When farmers pay a fee in order to receive AAA payments, their payments are necessarily reduced to that extent, while farmers who handle all such business through their local AAA office can be assured of receiving full payments earned for participation in the program, Slaughter said.

During the first month's operation of the food order stamp plan in Harris County, \$75,000 worth of stamps were issued. Earlier it had been estimated that \$60,000 in stamps would be secured during the initial month by those eligible to participate in the program.

NOTICE TO THE PUBLIC

Any anonymous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office at 817 Main Street, Memphis, Texas.

**FIFTY YEARS OF PUBLICATION**

THIS ISSUE MARKS the first publication of The Democrat on a new volume number—51—signifying that this paper and its predecessor, the Hall County Herald, has been continually published for half a century.

On looking back over the first fifty years, The Democrat can justly be proud of its record, and of the record of the Herald, which was absorbed by purchase in 1928.

This paper has attempted to maintain the high ideals set in the first issue of The Democrat, published July 8, 1908, by F. L. Vanderburgh and Other Brumley. These ideals were high, and portions of the first editorial written in the 1908 Democrat are reprinted here to show what this newspaper has had to live up to. The initial editorial read in part as follows:

"With this issue The Memphis Democrat makes its appearance among the Panhandle publications . . . True to its name, The Democrat will be democratic in all things, the editors having been lifelong Democrats according to the principles enunciated by Thomas Jefferson and maintained by all true members of the Democratic party . . .

"This paper will at all times be found boosting for not only the town in which it is domiciled, but for the country tributary thereto, believing that in the development of the farming and stock raising industry lies the town's only hope for advancement, and we are gratified to be able to state up to the present time, at least, the country has constantly and steadily forged ahead of the town. Which is as it should be, for a town without a country development to support it, must of its own weight eventually decline—since no town can remain at a standstill, it being necessary to advance or decrease, both in population and property values.

"While the editors will devote all the time and labor possible to accomplish this country development, at the same time, in order to make their efforts more effectual, we must needs have the cooperation of the people who are interested in accomplishing this development—and every resident of the town and country should be included in this class . . .

"We wish to further state that The Democrat is not a charitable institution in any sense of the word and expects to obtain its business solely on the merits of its products in both the newspaper or job printing line and give adequate value for every dollar received . . . A trial is all that we ask. No job too large or too small to receive our best attention.

"Thanking our many newly made acquaintances for their hearty support and words of encouragement—this before we have had an opportunity to demonstrate the merits of our product—and trusting that we will merit a continuance of the same, we remain,

Respectfully yours,  
Vanderburgh & Brumley, Publishers."

### TOMORROW'S FARMERS

#### RECOGNITION TO TWO FFA GROUPS in Hall County

County has recently been given in the form of the Lone Star Degree.

These two groups, one in Memphis and the other at Estelline, deserve high praise for being able to accomplish the necessary projects to receive such honor.

Members of each of the organizations are what the name of the groups signifies—Future Farmers of America. They are boys now, but in future years, they will be the men who will take over the farms of Hall County.

Many of these boys will not be able to go to higher institutions of learning after they complete their high school training. But each of the organizations have competent men to teach them what these men learned in actual practice and under the guidance of more experienced men.

The business of farming is like any other business—it is continually improving, and the young men of today who become the farmers of tomorrow will improve farming methods under the leadership of men such as the FFA groups in Hall County.

### Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

**This Modern Age**  
J. C. Estlack in the Donkey County Leader: Back in the old days we hear so much about, when the boys and girls kissed, it resembled a chicken picking up corn instead of the 1940 technique which is said to be more like vulcanizing.

**Happiness**  
Gertie Haskett in the Childrens County News: Who is that coming down the street? Why that is the clerk at the grocery store on the corner. He is going home. I wonder why he looks so happy. He has several packages. I wonder what it is he has. There is a little doll. I see a red rattle. I am sure that is for some baby. He has some fruit and other things, and there he goes down the street as happy as can be, and thinking of the glad faces that will greet him at home.

**No Trial Wanted**  
Chillicothe Valley News: They didn't want a trial—those two Negro boys—Judge Gentry was told when he visited the jail to see what they wished to do, whether or not plead guilty to a charge of being drunk.

**Pro-Wells**  
The Clarendon News: The News has no cause to qualify its early prediction that Deskins Wells would be among the leaders in the 1940 congressional race in this district. After all the smoke screen has been cleared away, and the people have digested the just but costly barrage some candidates launched against Marvin Jones for his momentary yielding to the pressure from certain quarters to get back into the contest, Deskins Wells takes the inside track and is now being watched by every other candidate as the man with whom he must come to grips if he is to be in the run-off in August.

**Picnicking**  
Jack Stamper in the Tulla Herald: We note that 50,000 persons recently sat down to a picnic table two miles long in California. Judging from past experience on such occasions we are sure that if we had been present on that occasion, the pepper and salt would have been at least a mile and a half away.

**Fear of America**  
The Quannah Tribune-Chief: Herr Hitler has almost a superstitious—a supernatural—fear of these United States. His complex on the subject, now that he seems on the way to become the master of Europe, may help to share world history—certainly American history.

**Prediction**  
Tim Midity in the Odessa News-Times: Russia will either come to the defense of the Allies or remain neutral. Japan will join the opposite side. Turkey will step into the breach on the side of the Allies—America will strive to remain neutral—a partial neutrality—but the sentiment of the people is already so strong that the U. S. will go to the de-

fense of the Allies. Although the American public dreads the thought of sending millions to die on foreign fields, the fear of invasion, should Germany and Italy win, will drive them on. We used to think of this nation as impregnable—but that belief is forever dead.

**Rubber-Tired Plows**  
The Floyd County Hesperian: Plows on rubber are doing the job better than plows on steel wheels. You'd not believe it if you didn't see it done. Less loss of power and better, closer plowing more easily done are some of the results of putting the plow on air and rubber. Slight years since rubber-tired wheels on tractors were "viewed with alarm." Now they are taken for granted. The same will be true of plows mighty, mighty soon. And free water in tires to give more weight and better traction than giant backbreaking lugs that cost much money. All ideas are worked out by farmers in the field and forced on the technicians in the drafting room. Sometimes we think a farmer is nearly as dumb as a printer—until we see things like that.

**Political Suicide?**  
W. R. Rutherford in the Moore County News: Many candidates for Congress failed to help themselves by getting too noisy over the Marvin Jones situation, before that gentleman had time to clear the air.

**One candidate** virtually eliminated himself with a circular that berated Jones for everything he has done and hit below the belt with unworthy references of a personal nature.

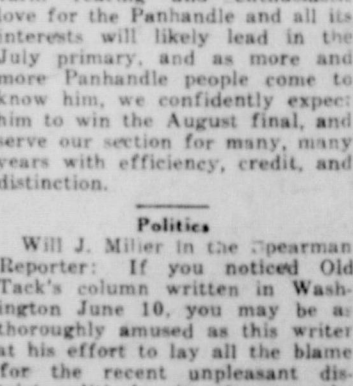

**Others** that had professed to wear the mantle of Marvin Jones' friendship rushed in to print all sorts of ways that did not help them.

**One often wonders** what action would be taken by a mechanized column up against the problem of the road hog.

**Great puzzler** these days is how to keep the chin up without being accused of having a turned up nose as well.

For one, this writer is very happy that Mr. Jones withdrew from the race. The writer has always admired Marvin Jones and a check of the printed record will show that this writer has accused the political machine of the Panhandle as being responsible for most of the unpleasant situations that have arisen during Marvin Jones' public career.

Personally we don't think much of a friendship that would not allow a friend a few hours to clear up an extremely difficult situation, especially after that friend had served us loyally thru the best years of his life.

## Distinction Between Right, Wrong

The International Uniform Sunday School Lesson for June 23  
Text: Malachi 3:7-18

THE period of the Jewish exile in Babylon did something infinitely fine for the Jewish people, developed to the highest point their sense of values. When they returned to their homeland and Jerusalem they began to put first things first.

In the loss of the things that they ought to have loved and cherished, the exiled people began to value these things at their true worth. A fervent spiritual patriotism arose among them, in which Jerusalem, "beautiful for situation," became something more than a city that they had lost. It became a symbol of spiritual life and happiness, and the poet, voicing the sentiment of his people, expressed the wish that his right hand might forget her cunning if he preferred not Jerusalem among his chief joys.

IN the days of rebuilding in their homeland, despite constant attack of enemies and great dangers and privations, there was the same high note of patriotic fervor. Under unselfish, courageous, and inspired leaders, the people built with vision—although there were lapses at times, and we have seen how one prophet rebuked them for their lack of zeal in building the House of God in contrast with their eagerness to provide comfortable houses for themselves.

Yet now, 100 years after the return from the exile, we find the people profiting so little from the experiences through which they had passed that apostasy has arisen. The people have hardened into careless, and selfish, and evil ways.

The death of their failure is evident in the intensely words with which the Malachi, reproves them, have turned from the God; they have robbed not yielding the tithes and for the service of the curse rests upon the nation. The curse will remain until a change in their ways. And yet, a beautiful saying, "Prove me now here, O Malachi represents Jehovah saying, "if I will not open the windows of heaven, and you out a blessing, shall not be room enough to receive it."

DO not these words apply to equal vividness in our time? It is only a few years ago since we here in America were in the depth of a depression. A contrast seemed evident in the We were ready for almost sacrifice or to adopt any measures if we could only get out of the slump that had almost everything in our hands.

Yet, how quickly we have gotten all this in the way of recovery that has come every age, but fortunately nature is also the same in age. There is still hope to nations where nations will righteousness and truth.

Our lesson also, ends in a hopeful and vital fact of the eternal distinction between right and wrong. Often blurred, but there is a difference between rightness and wickedness. The distinction of humanity for well or evil, wrapped up with human choice of the one or the other.

Personally we don't think much of a friendship that would not allow a friend a few hours to clear up an extremely difficult situation, especially after that friend had served us loyally thru the best years of his life.

**Jones Makes Statement Concerning Retirement as District Congressman**

Congressman Marvin Jones, who withdrew last week from the race for the office which he now holds, has issued a statement concerning his retirement from Congress at the expiration of his present term. The statement, in part, is as follows:

"It will not be easy to leave the work in which I have been engaged so many years, but sooner or later changes must be made, and the decision must be made at this time.

"The work of the Committee on Agriculture has been of great importance, not only to our section of the country, but to the nation. Hundreds of bills are referred to this committee each year. There are five subcommittees.

"The ground work is done. That a national farm program is essential to the welfare of the entire country is now an accepted fact. While improvements will be made from time to time, the basis provisions have been enacted, and a solid foundation laid for a permanent program.

"The people of the Panhandle have been very generous to me. It has been a pleasure to work for them.

"To the people of every county in this district, to the newspapermen who have always been generous, to the businessmen, to the farmers who produce our basic wealth, to the stockmen, to the railway boys on whose brave shoulders rests the commerce of our country, to the carpenters who build, and to the women and men in every walk of life in the town and in the country, I owe a debt of gratitude that I can never repay. The work has been a labor of love for the finest and most loyal people I have ever known.

"I shall continue to make the Panhandle my home. The people of the Plains shall always be my people, and their interests my interests."

**Advice on Your Health FROM ONE WHO KNOWS**

By DR. GEO. W. COX  
State Health Officer

City and county health officers over the state have been warned to take immediate control measures against the spread of diarrhea and enteritis (summer complaint). Widespread outbreaks of the disease have already been noted in several parts of Texas, and unless immediate checks against the disease are inaugurated, there is a likelihood that the 1937 morbidity and mortality total may rise above that for 1936, when a total of 2,305 deaths were reported in Texas.

June, July, and August of each year witness the peak prevalence of intestinal disorders, most of the victims being infants who suffer from so-called "summer complaint." Adults are also affected, the aged being quite susceptible.

Illness is usually of sudden onset, accompanied by fever and severe diarrhea due to inflammation of the lining of the bowels (enteritis). The patient suffers loss of bodily fluids, and the bowel discharges often contain blood and mucus. Convulsions and coma frequently precede fatalities, particularly in the infantile type of summer diarrhea.

Of the 1936 total of 2,338 fatalities, 1,775 affected infants and children under two years of age, and 563 deaths were among persons over two years of age (chiefly elderly people).

Diarrhea and enteritis as a rule results from the use of contaminated food products or contact with a patient or carrier. Dysentery bacilli or germs are often found through laboratory examination of intestinal discharges. Laboratory studies demonstrated that many patients with diarrhea and enteritis (summer complaint) are really suffering from bacillary dysentery. This infectious disease is very similar to typhoid fever in its method of spread from person to person.

Prevention of diarrhea and enteritis is dependent on positive control factors such as: (1) Safeguarding food, milk, and water supplies. Foods should be covered at all times to prevent access of flies; raw vegetables and fruits should be thoroughly rinsed before using, and should never be sprayed either in transit or in commercial establishments with Dettol.

Jimmie Bownds of Memphis spent the weekend with his cousin, Sandra Jo Bownds.

Mr. and Mrs. Troy Dunn and Aunt Sue Cleveland spent Sunday with Mr. and Mrs. Robert Grisham.

A pie supper will be held at Liberty Friday night, June 28. Everyone is invited to come and bring a pie. Cold drinks will be served.

Mrs. Dunn's mother and father spent Sunday and Sunday night with her.

Mr. and Mrs. Earl Hodnett and family visited his parents, Mr. and Mrs. W. F. Hodnett, Sunday afternoon.

**ABOUT BEER AND ALE**

**AN OPEN FORUM OF QUESTIONS AND ANSWERS**

**QUESTION: WHY IS BEER CALLED THE BEVERAGE OF MODERATION?**

**ANSWER:** Because beer's alcoholic content is low. Temperate, moderate nations of the world...and their people...prefer beer.

**QUESTION: DO BEER AND ALE REALLY AID THE FARMERS?**

**ANSWER:** Since re-legalization of the brewing industry has bought 25,000,000 pounds of farm products. That has helped farmers... particularly during the depression years.

**QUESTION: JUST WHAT ARE BEER AND ALE MADE OF?**

**ANSWER:** Beer is made by a natural fermentation process... from malted barley and other grains, hops, yeast, water. Nature makes beer. The brewer makes it good beer (and ale).

**QUESTION: HOW MUCH DO BEER TAXES CONTRIBUTE TO THE COST OF GOVERNMENT?**

**ANSWER:** Beer contributes \$1,000,000 a day... \$400,000,000 a year... to help pay the costs of government... local, state and federal. Everybody benefits from this contribution.

**QUESTION: DO BEER AND ALE MAKE JOBS FOR WORKERS?**

**ANSWER:** Beer and ale have already made a million jobs. This employment is wide-spread... all over the country. More than 100 other industries benefit from beer and ale.

**QUESTION: HOW IS THE BREWING INDUSTRY COOPERATING WITH LAW ENFORCEMENT OFFICERS?**

**ANSWER:** The Brewing Industry is actively on the side of law and order. A "self-regulation" plan to eliminate retail abuses has already been put into effect in a number of states in cooperation with law enforcement authorities. This plan is being extended. We would like to tell you about it. Write for an interesting free booklet. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N.Y.

### Regulations for County 4H and FFA Fat Stock Show in 1941 Announced

Rules for the annual Hall  
County 4-H and FFA fat stock  
show, held each year in March,  
were set forth recently at a meet-  
ing of County Agent W. E.  
Hooser, and Gene Barnett and  
Walter Labay, vocational agri-  
culture teachers.

The rules are made each year  
well in advance to give the boys  
in each group the regulations  
they must follow, Hooser said.

Regulations are as follows:

1. Only bona-fide 4-H and FFA  
boys will be eligible to show.
2. A calf to be eligible for the  
Hall County fat stock show in  
March must be dropped on or  
after September 1 of the two  
preceding years.
3. A dry lot fed calf is a calf  
that has not received milk from  
a cow or otherwise after it has  
been taken off the range. Calves  
receiving any milk after leaving  
the range are classed as milk fed  
calves.
4. Light barrow class—weight  
175-220 pounds.
5. Heavy barrow class—weight  
221 pounds and up.
6. Breeding gams will not be  
allowed to show.
7. A pen of three will be  
allowed to show but they must  
be of the same litter. One of the  
three may show in the light bar-  
row class and one in the heavy  
barrow class. The pen of three  
may be either a gilt or a barrow  
and must be fed out by one boy.
8. If anyone desires to feed out  
some lambs, classes will be pro-  
vided.

nesday evening.

**PRESBYTERIAN CHURCH**  
E. C. Cargill, Pastor  
Under many and varied circum-  
stances it would now seem that  
many, many people would find  
in the usual morning and even-  
ing service of a church much  
help and encouragement. If you  
go with that feeling you will not  
be disappointed.

Let the Sunday School, and  
each department of church ac-  
tivity help you these days.

The challenge is one of most  
vital importance. Visitors and  
friends are cordially invited to  
come. The choir was unusually  
good last Sunday. Let us create  
new friendships and a greater  
zeal for helpfulness to all. Come  
therefore and get better acquaint-  
ed with your neighbors and help  
to create new values.

**FIRST BAPTIST CHURCH**

8 p. m., Evening worship.

In the absence of the pastor,  
Rev. John Cobb of Wayland Bap-  
tist College, Plainview, will preach  
at both the morning and evening  
worship hours. You are cordially  
invited to hear him.

**CHURCH OF CHRIST**  
To Mothers and Fathers:  
Friends, I beg of you to think  
with me a few moments of the  
responsibility of the mothers and  
fathers—a large per cent of chil-  
dren are just what their parents  
give them opportunity to be.

We all strive to give our chil-  
dren the good things of life.  
Think of the millions spent, and  
the sacrifices made to educate  
our children that they may fight  
the battles of life; that they may  
meet all opposition that comes  
their way; that they may enjoy  
life. Yes, we strive to bring

### Resident's Mother Dies in Plainview

Mrs. J. C. Holley of Plainview,  
mother of Mrs. George Green-  
haw of Memphis, died Wednes-  
day of last week. Funeral ser-  
vices were held in Plainview  
Thursday, and burial was in the  
Cotton Center cemetery.

Survivors include two daugh-  
ters, Mrs. Louis Ready of Califor-  
nia, and Mrs. J. D. Davis of Lam-  
mesa; and four sons, Preston  
Greenhaw of Plainview, Newell  
Greenhaw of Temple, Will Green-  
haw of Arizona, and George  
Greenhaw of Memphis.

Attending the funeral services  
from Memphis were Mr. and Mrs.  
George Greenhaw, Reginald  
Greenhaw, son of Mr. Greenhaw  
of Memphis who now lives in Am-  
arillo, and also present at the  
funeral.

Mrs. Holley was born in Bas-  
troop County, and was about 75  
years old at the time of her  
death. She had been a resident  
of the Panhandle since 1907.

Until about six years ago, when  
Mr. Holley died, she lived in Chil-  
dres. Since that time, she had  
been living with Preston Green-  
haw in Plainview.

### Locals and Personals

Mr. and Mrs. J. D. Browder  
of Mineral Wells visited relatives  
in Memphis last week.

Mrs. T. M. Cox, Mr. and Mrs.  
Artie Cox of Muleshoe, and Mr.  
and Mrs. Jack Lake of Fort Worth  
were in Memphis to be with their  
daughter and sister, Mrs. Joe  
Forkner, who underwent an opera-  
tion in a local hospital Sunday.

Mrs. John Dennis, Mrs. Earl  
Barrick, and Mrs. Estelle Stone  
and daughter Marjorie Don spent  
Friday with Mr. and Mrs. Pete  
Martindale in Duncan, Okla.  
Marjorie Don remained there for  
a two-week visit.

Robert Breedlove attended a  
Service Men's Training School of  
the United Gas Corporation in  
Quanah Friday night.

Miss Rachel Deahl spent Sun-  
day with her parents, Mr. and  
Mrs. Toke Deahl, in Dodson.

Eton, Ga., Sunday after receiving  
a message that her mother was  
seriously ill there.

### How One Woman Lost 26 Lbs. of FAT

**Fat Girls — Here's A Tip**

NEW YORK—Special. In 40 days Mrs.  
Helga Blagch reduced 26 lbs. Took 4 inches  
off hips, 2 inches off bust and 7 1/2  
inches off waist. Writes: "I feel fine and  
look 10 years younger."

How would you like to safely and harm-  
lessly lose 15 pounds of fat in a few  
weeks? How would you like to lose your  
double chin and your too prominent hips  
and abdomen and along with it get the  
increase in energy and improvement in  
health which so often accompanies excess  
fat reduction?

Get on the scales today and see how  
much you weigh. Take a half teaspoonful  
of Kruschen in a glass of water first  
thing every morning. Then eat your fill  
of foods that lessen caloric intake. After  
30 days, weigh yourself again and just  
see if you haven't lost pounds of ugly  
fat. Kruschen is a famous English for-  
mula made in U. S. A. It comes in either  
the new pleasant bubbling form or plain  
non-fizzy form for those who prefer to  
take it in hot water. A bottle lasts 4  
weeks and costs but a trifle. Money back  
if not joyfully satisfied. MEACHAM'S

### Daily Bible School To Be Held Here

A two-weeks daily Bible school  
will be held at the Church of  
Christ in Memphis starting Mon-  
day, July 1, Minister J. L. Moyer  
announced this week.

Classes will be held from 8:30  
to 11 each morning.

Courses offered include Bible  
history and geography, Bible read-  
ing, Bible study, vocal music,  
ideal womanhood, and ideal man-  
hood. Ages five years and up  
are invited, Minister Moyer said.

Teachers for the school are  
Mrs. V. L. Taylor, Mrs. Walter  
White, Mrs. Harvey Moore, Mrs.  
Bill Howard, and Minister Moyer.

### Mrs. Charles Gilpin Dies in Quanah

Funeral services for Mrs.  
Charles Gilpin Jr. were held in  
Quanah Wednesday morning.  
Burial was in Dallas.

Mrs. Gilpin died Monday night  
after an illness of a few days.  
Mr. Gilpin formerly lived in Mem-  
phis, moving from here to Dallas  
about three years ago. His home  
is still in Dallas, although he is  
temporarily in Quanah.

Attending the services from  
Memphis were Mr. and Mrs.  
Leslie Foxhall, Ed Foxhall,  
Buster Helm, Miss Maurine  
Thompson, Marcus Rosenwasser,  
and Mrs. Carl Harrison.

She had to raise her boy to be a soldier

In many lands today, mothers are forced to give up their children—even the youngest. Dictators demand them—and dictators are all-powerful. In peace as in war, they control business and industry, capital and labor, life itself. Men and women are told what work they must do. There is no prize for ambition, no hope for the man who would like to choose his own career.

## AFTER 38 YEARS

Thirty-eight years ago my father brought me to this country as a small child. Since that time I have learned to love Memphis and the people of this portion of the west dearly, and on numerous occasions have remarked that I would stay here until someone took me away. Now they are taking me away (next week) and before I go I must wind up my business here in order for my wife to carry on while I am away.

During the coming week-end you will find bargains never heard of before in Memphis. Special prices will be placed on our new merchandise and the used merchandise left in our stock will be sold at your own price.

After I am gone—"The House of Quality" will continue to be operated as before, with Mrs. Ballew in charge, and you can get the same quality merchandise, the same guarantees, and the same fair treatment that has characterized "The House of Quality" for these many years.

I will be glad to have you come in, visit with me, see my stock of merchandise and buy whatever you need at prices that you just cannot afford to pass up. Time is short, and I won't be in a position to help you much longer with bargains like these.

Here is a list of merchandise that you can buy at your own price during these last few days of my freedom:

- 1 6-Volt Windcharger Radio. \$5.00
- 1 2-Volt Battery Radio. \$4.00 and up
- 5 Used Electric Radio Sets. \$25% discount
- 2 New Radio Sets at \$25% discount
- 1 Electrolux, a real bargain. \$25 each
- 2 Used Electric Refrigerators. \$35.00
- 1 Meter Running, Miser Built Frigidaire. \$25.00 discount
- 1 New Gas Range. \$25.00 discount

MANY OTHER BARGAINS!

These Must Go—YOUR PRICE IS MY PRICE!

— "THE HOUSE OF QUALITY" —

How different it is in the United States! Here, governed by men responsible to the people, we choose our life-work for ourselves. This system of free enterprise makes the United States the world's greatest nation. Because men are free to dream and work as they see fit, scores of industries have grown great in America: the automobile, radio, telephone and electrical industries are just a few.

As typical Americans, the employees of your electric company are devoted to the American principle of working together, producing more of the good things of life and making them available to more people. Through their efforts electric service steadily improves; at the same time, its price steadily comes down.

What inspires the people of your electric company? The best answer is this: the employees of this company are proud of their part in keeping America great. They work as free men to bring better service and value to other free men. They are glad to create wealth instead of destroying it.

This company has been built by free Americans. It is built to serve other free Americans. It is free from political dictation. Like all industry, it will succeed as long as there are free Americans to work for it and free Americans for it to work for.

Boosters to Visit City Next Week

Boosters for the July 4 celebration in Clarendon will pay their respects to Memphis citizens next Wednesday morning. Leaving Clarendon at 8:15 o'clock in the morning, the boosters will visit Lelia Lake, Hedley, Memphis, Estelina, Childress, Wellington, Shamrock, McLean, Lefors, Pampa, Borger, Panhandle, White Deer, and Groom. On the following day, the itinerary will include Brice, Lakeview, Turkey, Quitaque, Silverton, Talia, Happy Canyon, Anarillo, Conway, and Claude. Approximately 50 cars are expected to make the trip, Ralph Andis, chairman of the booster committee, said.

Fire Department—

Courtesy, Lloyd Ward, John Holcomb, Joe Crump, and Homer Tribble. The Memphis department members while dropping to fourth place, beat their time of last year, Massey reported. Winning first place was Harlingen, with a time of 17.45 seconds. San Benito was second, and Richmond was third. The Memphis team's time was 19 seconds, compared to 19.15 seconds last year. Fire Chief Hugh Nation of Crosbyton was chosen fourth vice president, the first officer from the Panhandle in a number of years. President for next year is John Blackstone of Burkburnett. The state convention will be held in Wichita Falls in 1941. Business at the convention included the passing of a resolution favoring fire protection for rural districts. Other business included speeches, public schools of instruction, and fire prevention lectures. Entertainment was given in the form of dances, luncheons, and a sight-seeing trip to the San Jacinto battlegrounds, where the new monument is now open to the public.

Mr. and Mrs. Charles Read and daughters, Marion Hope, Barbara Ann, and Lucille, of Lubbock spent the week-end with Mr. and Mrs. D. L. C. Kinard and family. Misses Marion Hope and Barbara Ann Read remained in Memphis to visit for a week. Mrs. Kinard is Mr. Read's sister.

Leonard McMurry Wins Scholarship In Sculptor Work

Leonard D. McMurry, third-year student at the St. Louis School of Fine Arts of Washington University, was awarded the Wayman Crow scholarship and medal recently. The award, given annually to the student who has made the greatest progress during the year, was won by McMurry for the third consecutive year. A graduate of Memphis High School, McMurry is the son of R. B. McMurry of near Memphis. As a sculptor, he has built up an excellent reputation during his three years in the University. He was awarded the Wayman Crow scholarship in the spring of 1939, and in the spring of 1938. That his work is recognized in St. Louis as being far above the average is evidenced by his winning the award three consecutive times. McMurry arrived in Memphis last week-end to spend the summer months with his father. He plans to return to school next fall.

Fire Trucks Given Efficiency Tests

Both pumper trucks of the Memphis Fire Department were declared "satisfactory" by C. Newsome, member of the engineering division of the State Fire Insurance Commission, following an inspection here last week-end. Efficiency tests on both trucks were run, and both were found to be delivering the rated capacities of water. The inspections are made periodically. Fire Chief Alvin Massey said. The last inspection was made about four years ago.

American Legion To Meet in Canyon

The monthly meeting of the 18th district of the American Legion of Texas will be held in Canyon Wednesday, June 26, Charlie Maisel of Phillips, district commander, announced this week. The meeting will begin at 7:30 o'clock, Maisel said. The session will be one of the greatest the district has ever held, he explained. A special program is being given for the sons of Legionnaires. Special discussions of the American Legion's "6th Column" is to be held, Maisel announced.

Deck Wells—

preserve our democratic form of government at all costs." Continuing, Deck Wells outlined the ten points in his platform: 1. An immediate defense program to enable the United States to adequately resist any and all potential threats of invasions of the Americas. In addition to fulfilling all modern mechanized needs of the air force, the army, and the navy, the defense program must be supported by sound and prosperous conditions of American agriculture labor and industry. 2. Strict enforcement of immigration laws, curtailment of immigration quotas, and rigid check on activities of all aliens by the United States Department of Justice. There is no place in the United States for any fifth column activities. 3. Recognition that international affairs might necessitate the United States furnishing planes and armaments to foreign powers; but opposed to sending American soldiers to fight on the lands of Europe. 4. Continuation of the government farm and ranch program to the end that soil resources be conserved; and the American farmer and rancher be assured of their rightful share of the national income. 5. Opposed to federal control of the Texas oil and gas industry. 6. Continuation of the CCC, WPA and PWA programs, with their future work related where possible to the immediate needs of the emergency defense program. Wages and rates of pay in Texas should be equal to those paid in other states. 7. Continuation of the federal social security program with government payments to the groups designated in the Social Security Act. 8. Continuation of the recognition of the right to collective bargaining. 9. Represent the entire Eighteenth Congressional District including every person, every county, and every town and city in this district. 10. Dedicate my efforts and my life to the preservation of democracy which has made us the freest, happiest, richest, and most tolerant people on the face of the earth. "With the richest nation on earth, the highest standard of living, vast capacity in industry and agriculture, over 70 per cent of the world's gold stored in our land, it would be folly for us to relax our vigilance one second. Every other nation looks at us with envious and greedy eyes. We should defend what is our own," Deck Wells warned. E. E. Roberts spent from Friday night until Monday visiting in Denton. Mrs. Roberts and daughter Sue Ann, who have been visiting relatives there for a few days returned home with Mr. Roberts. E. M. Even is in a hospital in Wichita Falls taking medical treatments. Mr. and Mrs. Raymond Chalk and son Billy Michael left Tuesday for a two-week visit in Oklahoma and Kansas.

Former Memphian Gets Wayman Crow Award For 3rd Consecutive Year

Continuing, Deck Wells outlined the ten points in his platform:

Johnson Writes Magazine Article

Vance Johnson, former resident of Memphis and now on the staff of the Amarillo News-Globe, has written a story on Bob Beverly, well-known cowboy, for the second July issue of the Ranch Romances magazine. The story, called "Drag Drivers' Graveyard," was written following an interview of Mr. Beverly made by Johnson. Illustrations were made by Harold Bugbee of Clarendon. The magazine will be on sale from June 21 to July 5.

Seven Doubles—

have the opportunity to brush up on their game, as two sets of horseshoes are now available. The poles have been set up near the tennis courts, to provide a place where horseshoe players may play at night. An urge was made by Watkins this week for spectators to contribute to the fund to pay for the lights on the softball field. He explained that donations were only means of paying for the electricity. Donations thus far have been small, he said. Mr. and Mrs. O. A. Ivanhoe left Monday for a two-week vacation at St. Louis.

Energization Still Not Completed on REA Extension

Construction on three stretches of the "B" section of the Hall County Electric Co-Op lines is not yet completed, and subscribers in the Turkey, Buffalo Flat, and Weatherly areas still have no electrical power, Alvis Yarbrough, project superintendent, said this week. Energization of the portions of the section was scheduled to take place about two weeks ago, but the line is still not completed. In addition, there are still a few houses to be wired before the line can be energized, even if the construction were finished, Yarbrough pointed out. Yarbrough, J. O. Fitzjarrald, attorney for the Co-Op, and some of the members of the board of directors will attend a state meeting of officials of the REA in Fort Worth Friday. Improved methods of planning new sections will be discussed, Yarbrough explained. A total of about 70 miles on the proposed "C" section has now been worked for subscribers, Yarbrough said. As soon as the preliminary work for the third section has been completed, the plans will be submitted to REA headquarters in Washington for approval and for the appropriation of the necessary funds.

Deck Wells Group Visits Memphis

Fifty-nine enthusiastic supporters of Deskins Wells in Collingsworth County stopped their tractors, put aside their hoes, and left their business houses to join a 250-mile tour of six counties, inviting the citizenry to attend Deck Wells' opening campaign speech in Wellington last Friday night. Heading by the brilliantly uniformed Skyrocket Band traveling in a school bus, the caravan visited Childress, Paducah, Matador, Lakeview, Turkey, Memphis, Hedley, and Quail before returning to Wellington. In each town these friends of Deck Wells extended an official invitation to the residents to hear their native son open his campaign.
