Insull Scorns Rest During Recess

Fighting grimly for exoneration, Samuel Insull scorned rest from his grueling ordeal on the witness stand during a recess in his Chicago trial to check over his notes with his attorney Floyd E. Thompson, as shown here. Admitting that he may have made mistakes, Insull upheld his motives, declaring he was following the same economic theories as President Hoover and John D. Rockefeller when his ability empire crashed.

GROUP CLASSES WILL START TONIGHT

Five Adult Classes On Progressive Plan Here

Five adult education classes in Memphis will begin work tonight on a one-hour, progressive-class basis at the Junior High school building, it was announced this morning by Cleron McMurry, Memphis supervisor. Teachers will call their classes at the regular hour at the school building and will conduct a one-hour class instead of the regular three-hour class, he said. Students will pass from one class to another, attending three classes during the evening if they wish, he explained. Decision was made yesterday to begin the group meetings when it was found that considerable difficulty was being experienced in securing proper meeting places for all of the classes. The new plan will also permit those attending to study three courses instead of one, and will help to maintain interest in all classes by shortening class periods, Mr. McMurry pointed out. Classes to meet tonight in the Junior High building are as follows: Literature, taught by Mrs. W. J. Bragg; Music appreciation, taught by Miss Marjorie Drake; practical electricity, taught by Theodore Musgrove; music appreciation, taught by Willie C. Wilson, and general mathematics, taught by St. Elmo Powell. Other classes probably will be added to the one-hour period later, Mr. McMurry said this morning. Sixty or more students will probably be in attendance tonight. Everything is working smoothly and all of the 19 classes in this city are now under way, the local supervisor said. Those who would like to attend the classes are invited to join at any time, and, if regular attendance is possible, they are invited to "listen-in" at any time, he said.

China Builds \$100,000 'White House'

China's \$100,000 "White House" at Nanking will be ready for occupancy before Christmas, after two years' construction work—but the occupant is uncertain. It may be Lin Sen, China's president, or it may be Gen. Chiang Kai-shek, actual government head. The mansion, shown here, is built in purely Chinese style, with yellow brick walls and blue glazed tile roof.

CANNING PLANT PASSES 2,500 OUTPUT

Canning of Beef Is Started at Close Of First Week

Production of the government canning plant in Memphis has passed the 2,500 mark at noon today after only a week of actual operation and enough appointments have been made in advance to keep the plant in full operation for a number of days, according to Mrs. Charley Williams, supervisor of the plant in this city. When the report of the Memphis kitchen was filed Saturday night, a total of 2,136 cans of food-stuff had been canned, and at the close of business yesterday, this total had been raised to 2,436 cans produced in six operating days. Due to continued clear weather, vegetables are still coming into the plant rapidly, Mrs. Williams said this morning. Only fruits and vegetables have been canned to date, but the first beef was in the process of being canned this morning. More than 15 whole-beefees have been promised the (Continued on Page 4)

W. E. 'UNCLE BILLIE' BOREN DIES SUDDENLY

W. E. (Uncle Billie) Boren, 80, father of Hollis Boren of Memphis, died suddenly this morning at 11:45 o'clock near his home at Lakeview. Mr. Boren apparently was in good health. He went to town this morning and was returning home when he suddenly fell. He died before medical aid could be summoned. Funeral services are pending the arrival of his children. Mr. and Mrs. Boren lived in Memphis about five years, coming here from Lakeview. They returned to Lakeview about six years ago. Mr. Boren survived by his wife and six children: Hollis Boren, Memphis; J. H. Boren and Mrs. A. C. Stephens, Lakeview; J. W. Boren, Oklahoma City; Ross Boren, Atwood, Okla., and Mrs. C. B. Lively, Amarillo.

Radical Members of French Cabinet Withdraw

PARIS, Nov. 6.—Radical members of the French cabinet withdrew from office today, wrecking the government of Premier Gaston Doumergue. Former Premier Edouard Herriot, minister without portfolio under Doumergue, and head of the radical socialists, had been in opposition to many of the Premier's ideas.

CRUDE OIL PRODUCTION
WASHINGTON, Nov. 6.—Crude production in the United States in September was reported today by the bureau of mines at 75,810,000 barrels, compared with 79,058,000 barrels in August and with 78,321,000 last September.

MEXICO BARS PAPERS
MEXICO, D. F., Nov. 6.—The Spanish language newspapers La Prensa of San Antonio and La Opinion of Los Angeles were barred from Mexico by the government today, presumably because of articles about the Catholic situation.

Air Commander Is Killed in Crash

GALVESTON, Nov. 6.—Lieut. Col. Horace M. Hickman, commanding officer of the Third Attack Group and Fort Crockett and ranking officer in the U. S. Army Air Corps, was killed at 7:55 o'clock last night when his A-12 attack plane nosed over on landing at the Fort Crockett air-drome. Col. Hickman was rushed to the United States Marine Hospital but was pronounced dead on arrival there.

Acreeage Reduction Signers Receiving Over \$31,000 Today

Distribution of cotton acreage reduction checks in the amount of \$31,792.15 began this morning in the office of County Agent James A. Jackson. Only about one-fourth of the rental checks and none of the parity checks were received for distribution today, but the balance of the total of \$1,242,311 is expected tomorrow or later in the week, Mr. Jackson said this morning. Acceptances for approximately two-thirds of the 1934 cotton acreage reduction contracts were received last week and it is expected that all rental and parity checks will be here ready for distribution before Saturday. Rental checks to be issued in Hall county after money for all acceptances are received, will total \$100,713.93, while parity checks will total \$65,709.18. All farmers who participated in the government's acreage reduction program are invited to call at the office of the county agricultural agent and receive their checks. Offices have been located in the basement of the court house.

Banker Identifies One of Two Bandits

LOUISVILLE, Ky., Nov. 6.—Frank English, alias Red Callan, was identified late yesterday by J. H. Carter, president of the Lake City, S. C., Palmetto State bank, as one of the two men who robbed the bank of \$114,800. Mrs. Carter also identified him. English is held under bonds totaling \$135,000 on federal and other charges.

Democrats Claim Sweep--Two Killed in Election Disorders--President Drives Through Downpour--Voting Is Light Here

Scattered returns brought claims of a Democratic sweep today in nationwide march to the polls for the New Deal's first big ballot box test. Perfect weather from coast to coast encouraged the heavy vote, but elections were marred by some reports of violence. HOLLAND, Mo.—Two men were shot to death, two critically wounded and several negroes beaten in election disorders in this area today. The disorders were supposed-

flared elsewhere in southeast Missouri recently. Horace Ferrells, white man, and an unidentified negro were slain. Ferrells' father, John, and Clarence Posey, prosperous farmer, were critically wounded. Ferrells and Posey were reported fired upon while bringing negroes into town to vote. HYDE PARK, N. Y.—President Roosevelt motored through a downpour today to the old town hall and cast his ballot in the biennial national election. ticket headed by his friend, Governor Lehman, and Senator Copeland. Mrs. Roosevelt and the President's mother voted with him. With only 130 votes cast in the two Memphis boxes at noon, indications are that voting in the general election today will be the lightest in Hall county in a number of years. Eight proposed amendments to the state constitution failed to bring out as many voters as prompted by attempts of negroes to vote. Race feelings

was expected, and the general election in this county will probably follow the trend of a mere formality as in past years. At 1 o'clock only 53 votes had been cast in the North Memphis box, Number One, and only 77 had been cast in the South Memphis box, Number 13. Early reports from other boxes in the county also indicated an unusually light vote. With the voting poles scheduled to close at 7 o'clock there was little doubt he voted a straight Democratic

TRANS-PACIFIC PLANE ATTACHED

Lady Southern Cross Is Held In Suit Asserting Flier Owes Workman \$2,750

LOS ANGELES, Cal., Nov. 6.—The Lady Southern Cross, American-made airplane in which Sir Charles Kingsford-Smith spanned the Pacific Ocean, Monday was attached in a suit filed by E. Beverly, assignee of Tom Catton, who asserted that Sir Charles owed him \$2,750 for interest and service rendered in 1928. Deputy City Marshal Jerry Wenger took charge of the plane and seated himself, legs crossed and chair cocked back against the hangar wall, where he could keep his eye on it. Under California laws, to obtain the release of the airplane Sir Charles must post bond of \$8,500. Catton alleged that he advanced money, goods and service to Sir Charles in 1928 preparatory to his flight westward over the Pacific from Oakland to Australia. These he valued at \$1,750, claiming interest and service charges additional amounting to \$1,000. The suit filed by Attorney P. M. Bokofsky, directed City Marshal Charles R. Thomas to take hold and possess the Trans-Pacific ship.

Legion Rodeo To Present Novel Showing

There may be nothing new under the sun, but hundreds of people in the Memphis Area will witness something new under the moon—as far as the Panhandle is concerned, anyway. They will see the first night rodeo ever staged in the "open air" in this part of the country. This is made possible by the use of floodlights at Fair Park stadium. The second performance of the American Legion rodeo will be staged at 8 o'clock Saturday night. The events (in all performances) will be staged on the present football field, between two rows of spectators, who will be guarded by a strong fence. The huge floodlights will make the night as easily watched Saturday afternoon performance is expected to be a popular show because of its novelty.

NEW RACKETEER RISES—THE GOSSIP
 THE gossip is always with us—has been, no doubt, since the pyramids were a-building. But it has remained for present day America to put gossip on a paying basis and make a racket out of an ancient failing.

Reporters for the New York World-Telegram recently dug up news of one of the oddest businesses ever invented.

They found that there are in New York certain firms, some of which have branches in other cities, which will circulate rumors for you, for a price; rumors about your competitor, about yourself, about some individual—inidious whispers that will spread from mouth to mouth all across the country, untraceable and unstoppable.

They have trained operatives who go about circulating such rumors. Some of them pose as house-to-house salesmen, and drop their propaganda in the ears of housewives. Others filter about through hotel lobby crowds and travelers in railroad stations, dropping a word here and there to help the cause along. Anybody, apparently, can hire their services.

One large corporation has lost thousands upon thousands of dollars because rumor-mongers have persuaded people that employes of the firm are suffering from leprosy. Another has taken huge losses because it has been whispered about that the firm has made big donations to the German Nazis.

This sort of work has been found useful in labor troubles. A strike in a large Connecticut city was broken by sly propagandists who spread the word that the union leaders were crooks. A middlewestern strike failed after gossip-mongers let it be known that the plant would be moved to another city if the strikers were victorious.

Plots of this kind are impossible to trace. The victim may work themselves to a frazzle trying to spread the truth, without success. For there is a perverse streak in human nature which makes many people believe such rumors tenaciously, no matter how many denials are broadcast.

Yet it is only through refusal to take any stock in gossip that this vicious kind of propaganda can be checked.

The next time someone confidentially tells you that such-and-such a firm employs diseased persons to package goods, or uses poisonous or adulterated materials in its product, or contributes to Hitler's war chest, or follows an anti-Catholic, anti-Jewish, or anti-Protestant policy—remember that someone, 'way off in the background, probably has an ax to grind.

Someone is trying to play you for a sucker. Don't let him do it.

The Clew of the Forgotten Murder

by CARLETON KENDRAKE

BEGIN HERE TODAY
 When DAN BLEEKER, publisher of The Blade, learns that CHARLES MORDEN, police reporter, has been mysteriously killed he employs SIDNEY GRIFF, famous criminologist, to solve the murder.

Morden had been investigating the affairs of FRANK B. CATHAY, wealthy and prominent, who had threatened to sue The Blade because the newspaper reported Cathay had been arrested. The man arrested was an impostor giving the name of Cathay and accompanied by a girl called MARY BRIGGS.

Soon after Morden is found dead comes news that Cathay is dead—possibly poisoned. Morden's fingerprints are found in the apartment of a girl named ALICE LORTON who has reported the disappearance of her roommate, ESTHER ORDWAY. Griff and Bleeker question Alice Lorton.

Griff learns that CARL RACINE, detective employed by MRS. CATHAY, is trying to locate a MRS. BLANCHE MALONE. He also discovers that the man who registered at the Hillcrest hotel the night of the arrest was the impostor and not Cathay.

NOW GO ON WITH THE STORY CHAPTER XXI
 The girl stared at Griff. The color had drained from her face, leaving it wan and pathetic. Her lips, bare of rouge, pressed together in a tight line. When she spoke the words were almost inaudible. "The police," she said, and stopped.

"Of course," Griff told her impatiently. "There's been a murder committed. That's what the police are for, you know. Did you think you could get mixed up in a murder and then have someone just slap your wrist and tell you not to do it again?"

"But I'm not mixed up in a murder," Alice Lorton said. Griff shrugged his shoulders. There were several moments of silence then Sidney Griff seemed to be waiting, the girl to be thinking.

She squirmed restlessly in the chair. Her feet shot out from her kimono. She leaned forward.

thing that might come up that would connect me with a scandal of this kind would ruin my entire life. I'm telling you the truth, I'm Alice Lorton. I can prove it to you. I'll write out for you my whole life's history if you want. I'll tell you where I was born, where I went to school, I'll bring in people who know me."

Griff's tone was that of a man who is growing less sure of himself momentarily. "But how does it happen that all of the things around here belong to Esther Ordway? Why haven't you something here?"

"Because," she said, "I didn't have anything. I came here broke. Esther picked me up on the street. Oh, it was ghastly! I can't even

FAMOUS FOOTBALL FEATS!

OHIO STATE had one of the greatest passing pairs in the Big Ten when Hoge Workman was flipping them to Pete Stinchcomb. Wisconsin found that out in the game against the Buckeyes in 1920. The Badgers had run up a 7-0 margin after 11 minutes of play. Ohio State countered with a tally in the last quarter, but failed to kick the point after. Workman then filled the air with passes, and finally connected with one, heaving it into Slyker's arms on the 40-yard line. With 20 seconds left to go, Workman dropped back into punt formation, confusing the Badgers, and leaving the way open for his pal, Stinchcomb, to cut into the open. Hoge flipped one to Pete, and the receiver scored easily. The game ended 13-7.

Cyclone Abandons Title Chase To Meet Oldest Rival This Week-End

Virtually assured of the sectional championship following their great 12 to 0 victory over the Wellington Skyrocks last week, the Memphis Cyclone forsakes title competition this week-end to clash with their oldest and most bitter rivals of all time--the Clarendon Broncs.

In the meantime, rumors were circulating that Wellington school officials were planning a protest of some Cyclone player or players. This, however, could not be verified this morning and was branded as unbiased gossip that often follows such battles as the one between the Cyclone and Skyrocks.

Coach Chesty Walker returned his gridders to Fair Park stadium yesterday afternoon to prepare for the invasion of the Broncs.

The boys snapped through signal drills and other exercises just as they were doing weeks ago. They did not show the mark of the Wellington battle as might have been expected, although there were some cripples listed on the squad.

Memphis is doped to take the Broncs into camp in grand style Friday night at Fair Park stadium, but in this battle all "dope" ceases to exist. It would take a "miracle" club from the Donley stronghold to upset the locals, who are fighting to produce an undefeated season on the new field and who are also out to avenge defeats at the hands of the Broncs for the past three years. But the battle will be worth every fan's time, for the avenging of two defeats will be not only uppermost in the minds of the players, but also with the fans it is most important.

The game is to start at 8 o'clock Friday night. Regular admission of 25 and 50 cents will

FAMOUS FOOTBALL FEATS!

OHIO STATE had one of the greatest passing pairs in the Big Ten when Hoge Workman was flipping them to Pete Stinchcomb. Wisconsin found that out in the game against the Buckeyes in 1920.

The Badgers had run up a 7-0 margin after 13 minutes of play. Ohio State countered with a tally in the last quarter, but failed to kick the point after.

Workman then filled the air with passes, and finally connected with one, leaving it into Slyker's arms on the 40-yard line. With 20 seconds left to go, Workman dropped back into punt formation, confusing the Badgers, and leaving the way open for his pal, Stinchcomb, to cut into the open. Hoge flipped one to Pete, and the receiver scored easily. The game ended 13-7.

Cyclone Abandons Title Chase To Meet Oldest Rival This Week-End

Virtually assured of the sectional championship following their great 12 to 0 victory over the Wellington Skyrockets last week, the Memphis Cyclone forsakes title competition this week-end to clash with their oldest and most bitter rivals of all time—the Clarendon Broncs.

In the meantime, rumors were circulating that Wellington school officials were planning a protest of some Cyclone player or players. This, however, could not be verified this morning and was branded as unsubstantiated gossip that often follows such battles as the lone between the Cyclone and Skyrockets.

Coach Chesty Walker returned his gridders to Fair Park stadium yesterday afternoon to prepare for the invasion of the Broncs.

The boys snapped through signal drills and other exercises just as they were doing weeks ago. They did not show the mark of the Wellington battle as might have been expected, although there were some cripples listed on the squad.

Memphis is doped to take the Broncs into camp in grand style Friday night at Fair Park stadium, but in this battle all "dope" ceases to exist. It would take a "miracle" club from the Donley stronghold to upset the locals, who are fighting to produce an undefeated season on the new field and who are also out to avenge defeats at the hands of the Broncs for three past three years. But the battle will be worth every fan's time, for the avenging of two defeats will be not only uppermost in the minds of the fans, but also with the fans it is most important.

The game is to start at 8 o'clock Friday night. Regular admission of 25 and 50 cents will

be charged. Season tickets were not used at the first game of the season will be good in order for the holders to get their full six-game value. However, those used for the opening game, with Paganah, will not be recognized.

Senate Committee Is Deadlocked on New Relief Bonds

AUSTIN, Nov. 6.—A tie vote in the senate state affairs committee today resulted in an unfavorable report on a bill by Senator Roy Sanderford, Belton, to authorize three and one-half million dollars of state relief bonds remaining of the 20 million issue.

The vote on a motion to report favorably was five-all. The committee was similarly deadlocked on a motion to report unfavorably. A minority report was ordered, however, assuring floor consideration.

Eastland Gets First Bank in Three Years

Amid telegraphic congratulatory messages, flowers from banks of the State and huge crowds the Eastland National Bank opened Monday.

More than \$21,000 was deposited the first hour as Eastland business men and others, without banking facilities since Oct. 2, 1931, attended. All had luncheon at a civic club's headquarters.

kitchen for canning during the next week or 10 days.

Despite the fact that all of the equipment needed to operate the local kitchen has not arrived, work is going forward in the regular manner. A crew of 10 workers in addition to the supervisor, were on the job this morning and more laborers will possibly be added tomorrow, Mrs. Williams said. All laborers are being selected from relief rolls.

Canning is being done on a commission basis, and all individuals who plan to have meats, fruits or vegetables canned by the relief project in this city are asked to call the local relief office for appointments.

Davis May Stay In London With lengthy discussion in prospect, Norman H. Davis, United States Ambassador at Large, considered whether to go to Geneva Nov. 20 for the scheduled conference of the steering committee of the disarmament conference. He said he will not make a decision for some days, at least until he sees how the conversations are shaping up.

The statement of Sir John Simon, Foreign Secretary, in the House of Commons Monday reiterating official denials of an Anglo-Japanese alliance struck a sympathetic chord among Americans here.
