

### LAKEVIEW NEWS ITEMS

The County Interscholastic League Meet will be held in Lakeview Friday and Saturday. Arrangements are made for a large attendance. Many interesting events will be held during the two-day program.

Barnie Joe Bevers was ill with the flu last week-end. He is reported to be improved this week.

Haskell Lemmons, who has been ill for the past two weeks of pneumonia, is reported recovering at this time.

The small son of Mr. and Mrs. M. A. Wiley was reported quite ill the first of this week.

Mr. and Mrs. H. N. Davis, who were reported ill last week, are somewhat better now but are still unable to be out.

C. B. Lively has gone to Brownfield and Odessa on business. He plans to be away for two weeks.

The Friendship Class of the Methodist Sunday School was entertained at the home of Mr. and Mrs. J. H. Boren Monday night.

A good time was reported by those present. Mrs. Dessie Daventport and Mrs. Ona Skinner and Mrs. Ina Boren were hostesses.

The Woman's Missionary Society of the Methodist Church met with Mrs. Jack Allen Monday afternoon. There were nine members present, and an interesting program was given.

Robert L. Barnett has been ill with a cold for the past several days.

### Sewing Club Meets

The Lakeview mothers' sewing club met Tuesday, March 9, with Mrs. G. W. Bluer and quilted. Several new members were present. Those attending were Mrs. Roy Sneed, Mrs. Hill, Mrs. Stem, Mrs. Koeninger, Mrs. A. S. Bevers, Mrs. Ted Montgomery, Mrs. Chandler, Mrs. H. Moore, Mrs. Elton Morrison, Mrs. Pat Lewis, Mrs. J. L. Burnett, Miss Estelle Gilbreath. New members attending were Mrs. Sams, Mrs. Ernest Bluer, Mrs. W. D. Bevers, Mrs. Ezra Dunn, Miss Sallie Bevers and Mrs. Chandler.

Everyone enjoyed the day and the club voted to meet on Tuesday afternoon each week, instead of on the second and fourth Tuesdays in all-day meetings. Mrs. J. L. Burnett was the club hostess Tuesday afternoon this week. Mrs. John H. Blanks is the club president.

Mrs. Ben Smith and Mrs. Pauline Pruitt visited their son and brother Ted Smith at Duncan, Okla., last week for a few days.

T. W. Ioor was a visitor in the home of his daughter Mrs. A. S. Bevers at Deep Lake last week.

C. D. Scott, employed at the Conchas Dam in New Mexico, visited home folks and friends last week-end.

Mrs. J. H. Middleton is reported ill with a severe cold this week.

Ott Bevers has been ill with the flu the past week but was reported improving the first of this week.

The following teachers of the Lakeview school attended the Northwest Texas Teachers Conference at Canyon last Friday and Saturday: Miss Lulu Hogue, Miss Corine Lemrick, Miss Veda West, Miss Flora Hood, Miss Eulala Henderson, Miss Thelma Atchison, Mrs. Bob Clark, Mr. and Mrs. C. F. Mauldin, Ray Dunlap, and J. Tedwell.

Mr. and Mrs. George Tyler and children were called to Atoka last Saturday night because of the serious illness of Mrs. Tyler's mother.

Miss Mildred Gatlin of Sweetwater visited home folks last week-end.

Miss Lulu Hogue, Home Economics teacher in the Lakeview High School, was called to her home at Elisville Saturday because of the serious illness of her mother.

Miss Veda West and Miss Eulala Henderson visited at Lubbock last week-end after attending the teachers' meeting at Canyon.

Mrs. Don Wright and little son, Don Jr., and Miss Corine Lemrick attended the pageant presented at the Baptist Church in Memphis last Sunday night. Little Don had a part in the program.

Mr. and Mrs. Carl Smith, who have lived for some time in the H. W. Blanks residence, have moved to the home vacated by Mr. and Mrs. Ben Dial and family, who moved to Sulphur

### Auto Owners Will Help Plan Roads

The Highway Planning Survey is now collecting important information from car owners of Hall County. Each car owner as he pays his 1937 registration fee at the office of the county tax collector-assessor will be handed a post card questionnaire upon which to note a few essential facts.

These cards are self-addressed and require no postage. Vehicle owners are asked to fill them in and mail them at once. The information collected in this manner will be used by the Highway Department in designating the established system which is to be established soon. Information from car owners should be available to the Highway Department as soon as possible, and the cooperation of all car owners is requested.

### State Champs Win Estelline Tourney

ESTELLINE.—The State Championship Carey Cardinals won the invitation basketball tournament held here last Friday and Saturday, defeating a classy field of crack all-star cage quintets. Carey won the tourney by defeating Quail in the opener 43 to 22, Turkey in the semi-finals 29 to 20, and Estelline in the finals by 28 to 23.

The Carey Cardinals were playing without the services of All-State Forward Carroll Foust. Members of the winning team received gold basketballs for first place honors.

Thirteen teams entered the meet, with Estelline, Turkey, Kirkland, and Carey reaching the semi-finals. Odell won the consolation bracket. Proceeds of the tournament will go to buy sweaters for the 1937 Estelline High School cage players.

### Schools Close For Teacher Conference

Schools were closed in Memphis and at a number of other communities over the county last Friday in order for the teachers to attend the Northwest Texas Teachers Conference at Canyon on March 12 and 13.

W. C. Davis, superintendent of the Memphis schools and vice president of the conference, was to have presided at one of the sessions, but failed to do so because of a throat irritation. Between three and four thousand teachers and leading educators of the country attended the conference.

Elmer Prater went to Austin Monday on a brief business trip.

Springs, Texas, recently.

Mrs. Tom Johnson is not recovering as desired from the illness which has kept her confined to her home for the past several weeks.

Noble Wyatt, who was under medical observation and treatment for the past month, is feeling much improved and thinks he will soon be about his work again.

Mrs. Parker Floyd reports plans about completed for her and the children to join Mr. Floyd at his work at the Conchas Dam in New Mexico.

### WARN AGAINST DISPLACING OF FARM TENANTS

### Government Payment May Stop If Alter 1936 Crop Plans

WASHINGTON.—Following many complaints against landlords in the Cotton Belt that they are intending to oust tenant farmers and operate their farms with labor-saving machinery and day wage hands, steps are being taken by the Agricultural Adjustment Administration to prevent such an occurrence.

The following letter from Cully A. Cobb, director of the Southern division, to administrative officers of AAA has been made public:

"This division has received a number of complaints from both share croppers and standing-crop tenants, saying that cropping arrangement on their farms has been changed by landlords for 1937 and they are unable to operate this year as tenants with these landlords, even though they have made satisfactory settlement of their accounts with the landlords for 1936.

"Letters like this have come to us every year since 1934. Increased number this year shows that landlords are planning to change the status of tenants in order to operate their farms with wage hands and day laborers.

"The AAA provides that if the Secretary, on the basis of investigation by the State committee, finds that any person has for 1937 made any change from the 1936 leasing or cropping arrangements for the farm or has adopted any other device for the purpose of, or which would have the effect of, diverting to such person any payment to which tenants or share-croppers would be entitled if the 1936 leasing or cropping arrangement were in effect for 1937, the amount of any payment which otherwise would be made to such person may be withheld in whole or in part.

"It will be in order for you to take the necessary steps to bring to the attention of the landlords and landowners in your state the provision quoted above and to advise the county agents and county committees that they will be expected to follow the foregoing quoted paragraph in each instance where the 1937 work sheets show that there has been a change of status of the tenants on the farm. County committees should make definite recommendations to state committees in instances where the above provision has been violated."

Mr. and Mrs. Raymond Brumley and sons, Carl Ray and Harold Wayne, of Pampa spent Sunday and Monday here with his mother, Mrs. J. H. Brumley, and her sister, Mrs. Thomas Hampton. They came to attend the funeral of his aunt, Mrs. Julia Miller.

### County Teachers In Monthly Meet

Mrs. Henry Foster of the Plaska common school spoke on "Devices for Physical Training During Inclement Weather" at the monthly meeting of the Hall County Teachers Association in the First Baptist Church Annex in Memphis recently.

Round-table discussion was held on the topic of "Teaching Citizenship in High School, Intermediate, and Primary," the discussion being led by Mrs. Alvis Yarbrough of Pleasant Valley, Mrs. Roy Guthrie of Salisbury, and Miss Alice Baker of Bridge Bit.

The Bridge Bit and Wolf Flat rural schools provided entertainment numbers for the monthly session. Plans for producing a rural school yearbook were discussed at the close of the meeting, and it is certain that a yearbook will be published this year.

### Oil Test Will Begin Soon West of Turkey

TURKEY.—C. J. Barnhart left recently for Oklahoma City to complete details for the drilling of an oil test just west of Turkey. Mr. Barnhart stated that he expected to have everything in readiness within the next week or 10 days and would return here this week, at which time definite plans will be given regarding the test.

It is expected that arrangements will be made for a deep test here for oil. It was originally planned to drill 3,500 feet.

There are some tracts within the block that must be secured before definite operations can begin.

### Black-Draught High In Quality Without Being High In Price

Black-Draught is "easy to pay for" because it is so economically packaged and so reliable.

But as to quality, there's nothing "cheap" about it. For instance, its principal active ingredient is the leaves of a certain species of plant that are brought 10,000 miles from where they grow to the factory where the medicine is made. These leaves from far, far away, help to give Black-Draught its well known "laxative reliability." They could not be left out, or substituted, without real loss of good medicinal quality.

For a good, purely vegetable laxative, insist on Black-Draught. About 25 doses in each 25-cent package.—Adv.

### Junior High School Here To Take Part In County Meet

The Memphis Junior High School will have entrants in almost every eligible event of the county meet. Eliminations have been held at the school and representatives have been determined.

Don Tarver will enter the junior boys declamation, and Sandra Lee Bradshaw the junior girls declamation. The choral club of 25 members will enter, and 10 pupils will enter the picture memory contests. Ready writers entrant from the local school is Frances Clark, with Jack Miller and Roger Ellerd the number sense entrants.

The school will be entered in other literary events and in all track and playground ball competition.

# Red River Flood Control Report Given By Board

State Representative Bob Alexander of this district and Representative Tarwater of Plainview have secured passage by the House of Representatives at Austin a proposal to create a flood control and irrigation district in Hall, Childress, and Briscoe counties.

Passage of the bill does not insure the building of a dam or creating an irrigation system, as the bill is merely a preliminary step. The funds provided in the bill are for organization work, and for the purpose of making surveys to determine the feasibility of the project and the purpose of securing federal funds to assist in financing any such project.

Following is the report from the State Board of Water Engineers made after inspecting the possibilities of a dam and reservoir site on the Prairie Dog Fork of Red River in Hall County:

"In 1922, local citizens and the Chamber of Commerce of the City of Childress became interested in the possibilities of developing a water supply from this source, for irrigation, municipal supply and industrial purposes, and requested the Board of Water Engineers to investigate the possibilities of such development on this stream in the vicinity of Childress.

"C. S. Clark, a member of the Board, made an investigation of the stream in Hall County and located what appeared to be a possible site for a dam and reservoir about one mile above what is locally known as the 'Ox Bow Crossing Bridge,' in Hall County, some eight or ten miles west of the town of Estelline, Texas.

"Dr. Leroy T. Patton, a geologist then with the Bureau of Economic Geology of the University of Texas, which department was cooperating with the Board of Water Engineers in making a study of the geology of a number of possible dam and reservoir sites on some of our Texas streams, made a study of the geology of this proposed site and filed his report, which is dated January 5, 1923. In this report, Dr. Patton stated that he found gypsum, in the south abutment of the proposed dam, at such an elevation that in his opinion would endanger a structure of the type proposed, and he reported unfavorably on this site. This was the only location made as a result of this inspection.

"In October, 1935, State Representative Bob Alexander requested the Board of Water Engineers to make an investigation and study of this stream, stating that Dr. Barr, a dentist of Childress, had become interested in the possibilities of irrigating lands in Hall and Childress counties from the Red River. Dr. Barr requested him to contact the Board of Water Engineers and request them to make an investigation of the possibilities of a dam and reservoir on this stream for the purpose of irrigation. He stated Dr. Barr had devoted considerable time to a study of the possibilities on a river and had located what he considered a possible reservoir and dam site at some considerable distance above the Ox Bow Bridge site, originally selected. On November 11, 1935, Messrs. Dunlap and Clark made an inspection of the stream, beginning at the old Ox Bow Bridge site and working up to this trip, two possible sites were selected which appeared to warrant a complete study and investigation. The first site located is about one and one-half miles above the old Ox Bow Bridge site. This site appears to be somewhat shorter in length than the original site, and the gypsum found in the old site, while present in this site, is so located that it may be cut off by the proper location of the core wall of the dam. There appears to be a good location for a spillway on the south side of the river and could be so constructed as to spill the flood waters into Little Red River, and thus carried to the main stream some two or three miles below the dam.

"The other site is the one selected by Dr. Barr near the Briscoe-Hall County line. This site appears from surface conditions to be the desirable of the two sites selected. We found layers of gypsum on the north bank of the stream, but we are of the opinion that by careful location of the core trench of the dam this could be cut off. Suitable material for the construction of the dam is adjacent to the proposed dam in both instances.

"The U. S. Geological Survey operated a gauging station at Estelline for the period February, 1924 to September, 1925, and this record of stream flow is available. The estimated drainage area of the stream above this gauge is 6,969 square miles. Of this area, it is estimated that 2,930 square miles is non-contributing. We have estimated the drainage area above the location made at the Briscoe-Hall County line to be 2,839 square miles.

"We are of the opinion that the water stored in the proposed reservoir will be of a quality suitable for irrigation and other use. The low flow is highly mineralized, but is small in comparison to the flood flow, which, due to the rapid runoff and slope of the stream and the great volume of water usually carried in floods is fresh water, and will dilute the highly mineralized low flow when impounded in a reservoir to such an extent that the stored water will in all probability be suitable for the uses proposed.

"In the absence of data, information and suitable surveys of the stream and lands proposed to be irrigated, our inspection was confined to surface conditions. For this reason, we are not in a position to give detailed information regarding the proposed locations. We are of the opinion the two sites selected offer possibilities of development, and we

## Question About CARDUI

HOW IT HELPS WOMEN "Who takes Cardui?" Women who are run-down, weakened, nervous, from not getting sufficient strength from the food they eat.—Thousands and thousands have found that Cardui increased their appetite, improved their digestion, thereby promoting better nourishment and the consequent strengthening of the whole system.

And women who have suffered from functional pains of menstruation have found that, by taking Cardui just before and during the periods, this purely vegetable sedative and antispasmodic seemed to save them much discomfort. This action of Cardui is highly esteemed because the relief credited to it comes in an entirely beneficial way. Cardui is purely vegetable; nothing in it to be afraid of.—Adv.

## KIDNEY DISTRESS RELIEVED AND GENERAL HEALTH IMPROVED

Caretaker in Sweetwater Church New Sleeps and Eats Well—All Sluggishness Relieved

Practically all bodily ailments grow progressively worse when not correctly treated and have a tendency to lead to other disorders. That was the experience of Mr. Lawrence Penn, 310 Orange Street, Sweetwater, Texas. His first trouble was with his kidneys, this trouble becoming so severe that he could hardly sleep nights, having to get up 3 or 4 times every night. Indigestion and a general run down condition developed until he could hardly keep going. Williams S.L.K. Formula has given him real relief as expressed in his own words:

"No pains, no burning sensation, almost eliminated getting up nights. I sleep better than I have in a long time and my appetite is improving. And my sluggishness is being relieved."

Williams S.L.K. Formula is recommended for kidney, liver and stomach sluggishness, the symptoms of which include lame back, distress after eating, headaches, a tired, run-down feeling and many others. Keep your kidneys, liver, and stomach healthy and nature will do the rest. You can get Williams S.L.K. Formula at Tarver's Pharmacy with the positive guarantee that if you are not entirely satisfied with your very first bottle your money will be refunded.—Adv.

The Memphis Little Theatre met Saturday afternoon at the home of Mrs. Roy Fultz with Mrs. Joe DeBerry as assistant hostess. After the business session and roll call Mrs. Ingram Walker gave a review of the play, "The Whirlwind" by Essex Dane. Refreshments emphasizing green and white were served by the hostesses to Mrs. Landrum Stanford, Mrs. C. B. Harrison, Mrs. John Deaver, Mrs. Ingram Walker, Mrs. Rabb Harrison, Miss Frankie Barnes, Miss Mildred Fliegan, Mrs. Leon Bullard, and Mrs. Horace Tarver.

## Legion Auxiliary Has Program On Texas Friday

The Auxiliary of the American Legion met Friday afternoon at 3 o'clock at the home of Mrs. John Deaver, with Mrs. Mac Tarver co-hostess.

The meeting was opened with a salute to the flag. "America" was sung and Mrs. E. C. Cargill offered prayer, after which the president declared the meeting open. 30 seconds of silent prayer was observed and the preamble was read in unison. The Auxiliary voted to order 750 poppies for the May sale. Two donations were approved: one for child welfare and the other for the education of war orphans. A shower of household linen was given for the A. H. Parker family who lost their home by fire recently.

A program followed and was introduced by the members singing, "Texas Our Texas," led by Mrs. W. Wilson, Mrs. J. W. Mason and Mrs. Mac Tarver. Mrs. T. Kittinger gave a paper on "National Wonders of Texas." Mrs. Allie D. Weaver told of "Uncle Sam's Newest Play Ground" and Mrs. D. J. Morgensen told the "Legend of Texas Wild Flowers," especially the Blue Bonnet.

At the conclusion of the program the hostesses served a delicious salad plate to Mrs. E. C. Cargill, Mrs. W. Wilson, Mrs. J. W. Mason, Mrs. T. Kittinger, Mrs. P. M. Fitzgerald, Mrs. D. J. Morgensen, Mrs. Allie D. Weaver, Mrs. H. W. Stringer, Mrs. W. L. Wheat, Mrs. T. R. Franks, Mrs. W. S. Gooch, Mrs. H. H. Lindsey and Mrs. Mamie VanPelt. The next meeting will be Friday afternoon, April 9, with Mrs. R. W. Carlton and Mrs. L. L. Doss as hostesses.

## Approaching Marriage Of Miss Elizabeth Maruine Davis, Rev. J. Melvin Jones Announced To Take Place April 6th

The announcement was received in Memphis Monday of the engagement and approaching marriage of Miss Elizabeth Maruine Davis, only daughter of Mr. and Mrs. W. A. Davis of Meridian, Miss., to Rev. J. Melvin Jones of Jackson, Miss., son of Mr. and Mrs. Wilbur A. Jones of this city. The ceremony will take place Tuesday evening, April 6, at 7:30 o'clock in the East End Methodist Church, Meridian.

Dr. J. Lloyd Decell, pastor of the Galloway Memorial Church of Jackson, and Rev. J. A. Wells, uncle of the bride-elect and pastor of the Glendale Methodist Church of Jackson will perform the marriage service.

Miss Davis was graduated from the Meridian High School and the Meridian School of Music in 1931. She later attended the East Mississippi Junior College at Scooba and Whitworth College in Brookhaven from which she was graduated in 1933. Miss Davis is an accomplished musician, having majored in piano while in college, and has for the past two years been a prominent teacher of piano in Meridian and a teacher of public school music in two of the public school systems. She is also a prominent member and leader in social circles and church work.

Rev. Jones, familiarly known here as Melvin, is a graduate of the Memphis High School, having finished with the class of 1929 of which he was salutatorian. He attended Asbury College in Wilmore, Ky., and McMurry College in Abilene, Mo., where he received several appointments in Texas where he was a member of the Northwest Texas Methodist Conference before being transferred to the Mississippi Conference in 1936. He served as assistant pastor of the Broad Street Methodist Church of Hattiesburg before being appointed to his present position as assistant pastor of the Galloway Memorial Methodist Church at Jackson of which Dr. J. L. Decell is pastor.

# Red River Flood Control Report Given By Board

State Representative Bob Alexander of this district and Representative Tarwater of Plainview have secured passage by the House of Representatives at Austin a proposal to create a flood control and irrigation district in Hill, Childress, and Briscoe counties.

Passage of the bill does not insure the building of a dam or creating an irrigation system, as the bill is merely a preliminary step. The funds provided in the bill are for organization work, and for the purpose of making surveys to determine the feasibility of the project and the purpose of securing federal funds to assist in financing any such project.

Following is the report from the State Board of Water Engineers made after inspecting the possibilities of a dam and reservoir site on the Prairie Dog Fork of Red River in Hall County:

"In 1922, local citizens and the Chamber of Commerce of the City of Childress became interested in the possibilities of developing a water supply from this source, for irrigation, municipal supply, and industrial purposes, and requested the Board of Water Engineers to investigate the possibilities of such development on this stream in the vicinity of Childress.

"C. S. Clark, a member of the Board, made an investigation of the stream in Hall County and located what appeared to be a possible site for a dam and reservoir about one mile above what is locally known as the 'Ox Bow Crossing Bridge,' in Hall County, some eight or ten miles west of the town of Estelline, Texas.

"Dr. Leroy T. Patton, a geologist then with the Bureau of Economic Geology of the University of Texas, which department was cooperating with the Board of Water Engineers in making a study of the geology of a number of possible dam and reservoir sites on some of our Texas streams, made a study of the geology of this proposed site and filed his report, which is dated January 5, 1923. In this report, Dr. Patton stated that he found gypsum in the south abutment of the proposed dam, at such an elevation that in his opinion would endanger a structure of the type proposed, and he reported unfavorably on this site. This was the only location made as a result of this inspection.

"In October, 1936, State Representative Bob Alexander requested the Board of Water Engineers to make an investigation and study of this stream, stating that Dr. Barr, a dentist of Childress, had become interested in the possibilities of irrigating lands in Hall and Childress Counties from the Red River. Dr. Barr requested him to contact the Board of Water Engineers and request them to make an investigation of the possibilities of a dam and reservoir on this stream for the purpose of irrigation. He stated Dr. Barr had devoted considerable time to a study of the possibilities on the river and had located what he considered a possible reservoir and dam site at some considerable distance above the Ox Bow Bridge site, originally selected. On November 11, 1936, Messrs. Dunlap and Clark made an inspection of the stream, beginning at the old Ox Bow Bridge site and working up to the Briscoe-Hall County line. On this trip, two possible sites were selected which appeared to warrant a complete study and investigation. The first site located is about one and one-half miles above the old Ox Bow Bridge site. This site appears to be somewhat shorter in length than the original site, and the gypsum found in this site, is so located that it may be cut off by the proper location of the core wall of the dam. There appears to be a good location for a spillway on the south side of the river and could be so constructed as to spill the flood waters into Little Red River, and thus carried to the main stream some two or three miles below the dam.

"The other site is the one selected by Dr. Barr near the Briscoe-Hall County line. This site appears from surface conditions to be the desirable of the two sites selected. We found layers of gypsum on the north bank of the stream, but we are of the opinion that by careful location of the core trench of the dam this could be cut off. Suitable material for the construction of the dam is adjacent to the proposed dam in both instances.

"The U. S. Geological Survey operated a gauging station at Estelline for the period February, 1924 to September, 1925, and this record of stream flow is available. The estimated drainage area of the stream above this gauge is 6,969 square miles. Of this area, it is estimated that 2,930 square miles is non-contributing. We have estimated the drainage area above the location made at the Briscoe-Hall County line to be 2,839 square miles.

"We are of the opinion that the water stored in the proposed reservoir will be of a quality suitable for irrigation and other use. The low flow is highly mineralized, but is small in comparison to the flood flow, which, due to the rapid runoff and slope of the stream and the great volume of water usually carried in floods is fresh water, and will dilute the highly mineralized low flow when impounded in a reservoir to such an extent that the stored water will in all probability be suitable for the uses proposed.

"In the absence of data, information and suitable surveys of the stream and lands proposed to be irrigated, our inspection was confined to surface conditions. For this reason, we are not in a position to give detailed information regarding the proposed locations. We are of the opinion the two sites selected offer possibilities of development, and we

recommend that they be thoroughly studied and surveys made; that sufficient funds be provided for a topographic survey of the two proposed reservoir areas; that test borings be made at the proposed dam site; that further studies of the geology of the area be made; that air pictures of the stream be taken, possibly from the town of Estelline on the east to the Palo Duro Canyon on the west; that stream gauges be established, maintained and operated to collect data on the runoff of the stream; that soil surveys be made of the lands proposed to be irrigated, and that a study be carried on to determine the class of crops that can profitably be grown in the area."

## Question About CARDUI

HOW IT HELPS WOMEN

"Who takes Cardui?" Women who are run-down, weakened, nervous, from not getting sufficient strength from the food they eat.—Thousands and thousands have found that Cardui increased their appetite, improved their digestion, thereby promoting better nourishment and the consequent strengthening of the whole system.

And women who have suffered from functional pains of menstruation have found that, by taking Cardui just before and during the periods, this purely vegetable sedative and antispasmodic seemed to save them much discomfort. This action of Cardui is highly esteemed because the relief credited to it comes in an entirely beneficial way. Cardui is purely vegetable; nothing in it to be afraid of.—Adv.

## KIDNEY DISTRESS RELIEVED AND GENERAL HEALTH IMPROVED

Caretaker in Sweetwater Church New Sleeps and Eats Well—All Sluggishness Relieved

Practically all bodily ailments grow progressively worse when not correctly treated and have a tendency to lead to other disorders. That was the experience of Mr. Lawrence Penn, 310 Orange Street, Sweetwater, Texas. His first trouble was with his kidneys; this trouble becoming so severe that he could hardly sleep nights, having to get up 3 or 4 times every night. Indigestion and a general run down condition developed until he could hardly keep going. Williams S.L.K. Formula has given him real relief as expressed in his own words:

"No pains, no burning sensation, almost eliminated getting up nights. I sleep better than I have in a long time and my appetite is improving. And my sluggishness is being relieved."

Williams S.L.K. Formula is recommended for kidney, liver and stomach sluggishness, the symptoms of which include lame back, distress after eating, headaches, a tired, run-down feeling and many others. Keep your kidneys, liver, and stomach healthy and nature will do the rest. You can get Williams S.L.K. Formula at Tarver's Pharmacy with the positive guarantee that if you are not entirely satisfied with your very first bottle your money will be refunded.—Adv.

**CHURCH OF CHRIST**  
W. M. Davis, Minister  
Bible school at 9:45 a. m. The Lord's prophet said, "Come, let us reason together. We ought to be happy that we have the privilege of coming together to study the word of God. The devotional exercises of the morning will begin at 10:45 o'clock. The sermon subject will be, "Salvation Must Be Worked Out." What God does and what man must do will be emphasized.

The evening service will begin at 7:45 o'clock. At this hour the minister will discuss the question, "Are There Any Contradictions in the Bible?" Some people talk about the contradictions of the Bible. But these are only apparent, and not real. Where Cain got his wife is a great mystery to some people. I think the explanation of this is easy. This and other similar topics will be considered. The Lord's supper will be observed both morning and evening.

The women's Bible class meets Tuesday at 3:30 p. m. Men's class meets Tuesday at 8 p. m. The prayer service of the week will be at 7:45 p. m. Wednesday.

**PRESBYTERIAN CHURCH**  
The month of March is designated as the time for "The every member canvass," and is usually a very fine time to do some great thinking for every home.

Cultivating a sincere willingness to give of one's time, of service, of real devotion, of gifts, of making a budget for the year beginning April 1st. It is really more than educational, it is a spiritual process by which we grow and love the things that God loves.

We shall hope that every member may feel the urge to faithfully perform what we know is right.

Remember the words of the Lord Jesus, how he said, "It is more blessed to give than to receive."

On Wednesday evening, March 24, all members of the Church are requested to be present and to assist in the "Every member canvass," and to especially enjoy the fellowship of the hour.

We so much enjoy having old time friends of the church worship with us as was the case last Sunday.

The "Men's Bible Class," is doing some good work in securing additional attendance and interest.

Congratulations to our Baptist friends in their services of last Sunday.

What others have the right to expect of us, will be a good subject to think about this week.

Let us encourage the "Choir" and the men in their singing. Services next Sunday morning and evening to which strangers and friends are invited.  
E. C. CARGILL, Pastor.

**FIRST BAPTIST CHURCH**  
The First Baptist Church had a great day on last Sunday. All of the workers will really have to work for this Sunday in order that a too severe let-down will not be experienced. The Sunday school department superintendents have been asked to reach a definite goal for next Sunday. If you do not attend Sunday school and the Training Union anywhere else, you are cordially invited to come to our services each and every Sunday.

The pastor will bring a message Sunday morning on the subject, "The Church" using as a scriptural foundation Matt. 16:18. Study this verse before the service and see what you can find in it of interest. The music program is interesting—you are invited to enjoy the services with us.

For the Sunday evening message the subject to be used is, "The Average Man." The scripture lesson is from Revelations 3:14-22. Are you average? Each of us should be striving to be better than the average; but possibly we shall be "average" as we strive to better ourselves!

**School Yearbook Is Sent To Engravers**

The last half of the Memphis High School annual publication, "The Sandstorm," was sent off to the engravers Wednesday, according to Sam Cowan, annual sponsor; and a drive has been launched to sell almost 100 more yearbooks.

The 96-page annuals will sell for \$2 this year, and 80 have already been purchased. It is desired that 175 be sold. Freshmen, sophomores, and juniors have been asked to buy the annuals, as a yearbook may not be published next year. The books are expected to be distributed in about six weeks.

**SAFETY MEETING IS HELD HERE ON WEDNESDAY**

for a teacher can be added to a school faculty, be omitted. It is felt that fewer grades and more teachers are needed in the rural schools of the county here.

Hall County trustees asked that section 6 of the bill be changed. The section now states that the average daily attendance to secure rural aid be based on the first four months. Since Hall County children help pick the cotton crops in the fall and therefore enter school late, local trustees favor the average daily attendance to be based on the year-round attendance or the attendance of the last four months of the school year.

All of the county trustees also asked that House Bill 600 be supported, which bill would appropriate \$1,989,285 to pay 100 per cent of all county grants for salary aid, transportation aid, in central aid, and tuition. Unless the bill is passed it is likely that the county will have a deficit on rural aid for the present year.

from any other source, as provided by regulations issued by the governor of the Farm Credit Administration. The money loaned is limited to the farmer's immediate and actual cash needs for growing his 1937 crops or for the purchase of feed for livestock. The loans may not exceed \$400 to any one man.

Farmers are not eligible for these loans if they can borrow from an individual, production credit association, bank, or other concern. Emergency crop and feed loans will not be made by the Farm Credit Administration to standard rehabilitation clients of the Resettlement Administration whose current needs are provided for by Resettlement.

Security on these loans will consist of a first lien on the crop financed if the loan is for that purpose, and if for the purchase of feed for livestock, then a first lien on the livestock to be fed.

Those who attended the Sunday night service at the First Baptist Church were given an opportunity to learn something about the history of the church and Memphis. The church was organized 47 years ago, and a true history of its growth, was given in pageant form. Old timers, especially, could recall certain pioneer Memphis characters who had a part in the up-building of the community.

Emma Thomas, the Memphis girl who attends WTSTC and writes during spare hours, gives an interesting portrayal of Indian relics on display in the Panhandle-Plains Historical Museum at Canyon.

"There are to be found relics depicting an era when the great buffalo herds pawed the snow from the winter grass, and when the smoke from the Indian village curled slowly skyward. Look into the historical past, see bowls found in the ruins of the Cliff Dwellers pueblo, hair rope made by the tribe, pottery with unusual hues and intricate designs, elaborate bead work, stories of star gleams, history in stone, smoothly ground mauls, arrows carefully curved and balanced, leather moccasins, designed, laced, and

beaded, blankets, durable, beautiful, ornaments used in the dance ceremonies, basketry.

"Here is a painting done by some Pueblo Indian. There is the headress of a mighty Comanche Chief. What a striking figure he made, his bronze boldness accented with trailing eagle feathers!

"The sun rose serene in the east; late that afternoon it sank in blood, and when the stars came out the redman had forever gone from the great plains."

Mr. and Mrs. Frank Foxhall and son Frank Browder returned Tuesday from a visit with Mrs. Foxhall's father, J. D. Browder, and wife in Mineral Wells.

**Of Seventh District Look Annual Session At Canyon**

Dr. Rebecca Smith, of the English department of Texas Christian University, Fort Worth, will be the principal speaker of Friday afternoon session, being presented by the fine arts department. Of delightful personality, and one of the recognized educators of the state, her address will bring inspiration as well as information of definite educational value to the convention.

President's Evening, Thursday, April 8, will be featured by addresses from Mrs. R. J. Turrentine, Denton, state president, and Mrs. J. W. Walker, Plainview, district president. Outstanding musical numbers will make this program noteworthy. The response to Canyon's addresses of welcome will be given on behalf of the district by Mrs. S. E. Fish, Amarillo, district federation radio chairman.

When the session of awards is announced on Friday afternoon clubs throughout the district will have in store for them a number of worthwhile prizes and awards, as district chairmen in several departments are sponsoring this year's many interesting contests, results of which will be given at this session, and prizes presented to the winners.

A partial list of the contests follows: Music division, choral contest; senior clubs, "The Star" by Rogers-Baldwin, 3 part chorus; junior clubs, "Giannina Mia" by Friml-Rieger, 3-part chorus. Mrs. D. L. C. Kinard, Memphis, chairman.

Junior department, Mrs. L. T. Mayhugh, Kunning Water, chairman, offers: \$2.50 to club organizing and federating most junior clubs; \$2.50 to junior club giving best report at district meeting.

Mrs. John J. Smith, Plainview, assistant junior chairman, offers prize of \$3 for the best presentation of a club report by a junior

at the district convention, this presentation to be judged equally upon the following points of diction, extempore, personal appearance and manner of presentation.

Press and publicity department: Mrs. Meade F. Griffin, Plainview, offers a prize of \$2.50 to the club presenting the best publicity scrapbook, the book to be judged on the basis of make-up and news value of contents.

Mrs. Jack Reator, Spur, year book chairman, offers a cash prize for the best year book. Send entries to her now.

American Home department: Mrs. Rex Tynes, 2418 Fifteenth street, Lubbock, chairman of division of "Safety in the Home," offers an appropriate prize for "The Best Plan to Awaken Homemakers to the Large Number of Accidents in the Home, and Ways to Prevent Them." Send entries to Mrs. Tynes by April 1.

International Relations department: Miss Aves Long, general federation chairman, offers an attractive prize for the best essay on the subject, "The United States and Japan—Neighbors or Enemies." For details, write Mrs. T. J. Dunbar, Memphis, district department chairman.

Department of Fine Arts, division of poetry, Mrs. Harry Willis, Borger, chairman, offers the following prizes: One prize of \$5 for the best poem, not over 24 lines, in any form or meter; one prize of \$3 for the best regular Petrarchan sonnet. Variation from this regular pattern will disqualify contestants. Example: Milton's sonnet "On His Blindness"; one prize of \$3 will be given for the best rondeau of Voiture. Example: John McCrae's "In Flanders Fields." No variations accepted. All entries must reach Mrs. Willis by March 21.

Department of American Citizenship, Mrs. E. H. Kinsley, Friona, chairman, offers two prizes, one \$2 and another \$1, for the best essay of 250 or 300 words on "Laying the Cornerstone for Healthy Citizens of Tomorrow." The contest is open to seventh grade pupils. Essays must be submitted to Mrs. Kinsley not later than April 1.

Mrs. Jo W. Wayland, Plainview, chairman of the program planning committee, which is a new feature of district work which is proving most interesting to clubs, announces that approximately fifteen study-outlines are now available. These outlines are on the general subjects of art, literature, music, international relations, philosophy, travel, miscellaneous, and one on Old Mexico. Requests for outlines are coming in daily now, and are being made out as rapidly as possible, the chairman stated.

Complete details of the convention program will be announced soon, Mrs. Meade F. Griffin, Plainview, chairman of publicity, states.

**Gammage Needle Club Meets With Mrs. Ted Barnes**

The Gammage Needle Club met Thursday afternoon, March 11, at the home of Mrs. Ted Barnes, when the afternoon was spent in piecing quilts.

Members present included Mrs. Bill Miller, Mrs. J. Kilpatrick, Miss Avis Kilpatrick, Mrs. Will Malone, Mrs. R. Crone, Mrs. Dot Webster, Mrs. Brice Webster, Mrs. Jess Daniel, Mrs. C. E. Stilwell, Miss Winnie Stilwell, Mrs. M. E. Dunn and Mrs. L. A. Stilwell. Visitors present were Mrs. W. A. McClanahan and Mrs. Lora Johnson.

The next meeting will be Thursday afternoon, March 25, at the home of Mrs. Brice Webster.

**NOTICE OF MEETING**

Thursday afternoon, March 25, at 3:15 o'clock the High School P. T. A. will meet in regular session in the Auditorium.

The subject for the program will be "Forcefulness." A number will be given by the Spanish Class. Mrs. Orion W. Carter will give the devotional and John Deaver will talk on the subject "Power to Persuade."

Following the program a business will be held.

**Harrell Chapel 4-H Girls In Meeting**

The Harrell Chapel 4-H Club girls met in regular session Tuesday, March 16, at the school. Miss Margie Lyon, demonstration agent of Childress County, met with them. The girls discussed their plans as wardrobe demonstrators and as gardeners.

It was decided to send one girl to A. & M. College to a state meeting. Phyllis Jack Wiley enrolled as a new member. Those present were Faye Jones, Mary Nancy Littrell, Imogene McQueen, Honoria Phillips, Helen Oakley, Corine Phillips, Jessie Faye Collins, Ruby Oakley, Phyllis Jack Wiley, and Laura Lee Anderson.

**ATTEND FUNERAL**

Mr. and Mrs. Seth Thomason and her father, F. M. Gwinn went to Electra Friday of last week and spent until Tuesday with Mrs. Gwinn's sister, Mrs. A. J. Clinch. They attended the funeral of Mrs. Thomason's uncle, Will Brooks, Tuesday afternoon at Electra. Mr. Brooks died at his home in Tulia Sunday and was taken to Electra for burial.

Mrs. Dyke McMurry is reported ill this week at the family home on South Sixth street.

### THE DEMOCRAT SAYS "THANK YOU"

LAST WEEK MARKED the completion of one year of service by The Democrat under the present ownership and management of J. C. Wells and Herschel Montgomery. The Democrat feels that it has been privileged to serve the people of the Upper Red River Valley for the past 12 months, and wishes to thank the advertisers and friends for their support during the past year.

With conditions looking much better now than they did a year ago, The Democrat views the future with confidence and hopes and expects to observe many more anniversaries with the good people of this section.

### INTERSCHOLASTIC LEAGUE MEET

THE ANNUAL HALL COUNTY Interscholastic League Meet is being held in Lakeview Friday and Saturday this week, and advance indications are that hundreds of school students and patrons from over the county will converge at Lakeview's modern, new school plant for the annual event.

The county meet is the outstanding annual event for all of the schools of the county, as all of the common and independent school units of the county compete against one another in both literary and athletic contests. The county meet, it would seem, is founded upon sound principles, for it stresses the development of body and mind.

### GOOD INTENTIONS

THE WORLD is full of people whose intentions are good but whose acts do not have the benevolent results which those who perform them intend. Indeed, it is probable that more harm is done by well-intentioned people who think they are doing the right thing, than is ever done by others with deliberate intent to do harm. It is no excuse that a person's intentions were good, when the consequences of his actions are evil.

As Dr. Samuel Johnson said, 150 years ago, "Hell is paved with good intentions." He was paraphrasing the words of George Herbert, the great English preacher and poet of the 17th Century. Thoughtful men of all time have recognized the danger of giving men whose major equipment is good intent, power over the affairs and lives of others.

That is particularly true in government. Example of the effects of good intentions are to be in the troubles which beset the whole world today. In the effort to restore order and to improve the conditions of their people, well-intentioned men have taken control of the affairs of nations, with the result that instead of making things better they have become worse. So much worse, indeed, that the whole world seems on the verge of another frightful war.

Mussolini, Hitler and Stalin beyond doubt were full of good intentions when they set up their respective experiments in government. The result has been to deprive their people of their inborn human rights and liberties and reduce them to complete servility.

Wise men in all ages have learned to be wary of the man who prates too much about his good intentions. He is always a good man to keep a watchful eye on.

### THE TRUCKS THAT ENTER TEXAS

WHEN A TEXAS TRUCK driver crosses the boundary line into any of the neighboring states, he is required to halt on the other side, submit to inspection of his load as to its weight, and obtain a permit, usually after payment of certain fees, before he can proceed.

When a truck from Oklahoma, Louisiana or New Mexico enters Texas, there are no restrictions on its use of Texas highways.

Under a bill which has received a favorable report by the house committee on highways and motor traffic, Texas would follow the example of its neighbors in respect to trucks entering the state. All trucks would be required to halt at "ports of entry" and pay a mileage tax varying with the weight of the load it carried. It would be required to obtain a clearance certificate before being permitted to proceed.

Texas has in the past been much nicer to its neighbors in this matter than they have been to it. Texas wholesalers who ship merchandise to Oklahoma by truck must pay at the border for the privilege. There is no good reason why Texas should be big-hearted toward the trucks from neighboring states when there has been no big-heartedness in their attitude toward trucks from Texas.—Wichita Times.

### 4,000 Acres Surveyed For Terracing In Hall County By N. Y. A. Workmen

"Under the Soil Conservation Project with the National Youth Administration which our A. & M. Extension Service is sponsoring, we have surveyed 3,895 acres in Hall County for soil conservation," says County Agent R. E. L. Pattillo. "Our average cost per acre figures 16.2 cents, including pay for 26 boys, materials, equipment, travel, and supervision."

Thirteen of the fifteen counties in NYA District are participating in the prevention of soil erosion. Since the project began operation last December, 123,153 acres have been surveyed on 760 farms at an average cost of 5.4 cents per acre.

Up to the close of the last semi-monthly pay period, reports from the following counties show: Bailey, 1,295 acres surveyed at an average cost of 5.7 cents per acre over the county; Briscoe, 6,839, 5.3 cents; Cochran, 6,693, 3.4 cents; Crosby, 7,482, 6 cents; Dickens, 3,505, 14.9 cents; Floyd, 6,581, 6.9 cents; Hale, 16,428, 3.9 cents; Hall, 3,895, 16.2 cents; Hockley, 17,810, 5.6 cents; Lamb, 19,758, 2.4 cents; Lubbock, 23,595, 4.5 cents; Motley, 1,880, 13.3 cents; and Swisher, 7,482, 3.8 cents.

"Due to the topography of the land," says A. V. Bullock, District NYA Supervisor, "unit cost varies between counties. But, aside from the work done, our youths are finding much value in the project to themselves through learning better farming methods which they get through association with the County Agents. This training will be of infinite value to them later on."

### School Affiliation Checked by Deputy

Inspection of Hall County independent schools for affiliation was completed last week by District Deputy State Superintendent J. D. Wilson of Canyon. Mr. Wilson recommended almost all requests made for standardization, it was said, and he complimented the county highly on its progressive school system.

Mr. Wilson was accompanied on his visit to Hall County by Dr. Harris M. Cook, dean of men at the West-Texas State Teachers College, Canyon.

The educators' visit here was completed last week with a county-wide trustee meeting in Memphis, and some 25 trustees, representing every school in the county, were present.

### Marjetta Ewing Is TIPA Essay Winner

Marjetta Ewing of Estelina wrote a prize-winning essay in West Texas State Teachers College at Canyon recently. Her essay won first in the college in the Texas Interscholastic Press Association contest and will be entered in the state TIPA contest when the annual convention is held in Commerce on April 15-17.

Miss Ewing is the daughter of Mr. and Mrs. Grover Ewing of Estelina. She is a charter member of the Gamma Phi Club in WTSTC.

### Local Youths Play In State FFA Band

Ed Smith and Bill Joe Boren, Memphis youths, returned to their homes Sunday night after playing in the State Future Farmers of America Band at Fort Worth last week for the opening of the Southwestern Exposition and Fat Stock Show. The band is made up of 100 leading F. F. A. band students over the entire state.

Both of the Memphis youths will play in the state band for a number of state meetings this spring and summer and may play at the national Future Farmers of America Convention in Kansas City next October.

### High School Music Department Given Affiliated Credit

Work of the music department of the Memphis High School was submitted to the district deputy state superintendent, J. D. Wilson, last week, which met with his approval. Mr. Wilson recommended the affiliation of one credit in public school music for the local high school.

He praised the department and complimented the school for the work it is doing.

The boys' and girls' choral clubs of the high school have made public appearances for Rotary luncheons, church gatherings, school programs over the county, district home-ec conventions, Christmas recitals, district broadcasts, Amarillo Tri-State Fair, P. T. A. programs.

Mrs. Marjette McNeely is director of the choral clubs.

The Plaska Needle Club entertained with a Polly Anna social at the home of Mrs. E. T. Montgomery on Wednesday afternoon, March 10.

Mrs. N. A. Hightower of Memphis was named as honor guest and was presented with a beautiful quilt made by the club.

Mrs. Hightower had recently acted as auctioneer for the club in a fancy work bazaar in the community.

Games and contests were enjoyed and a lovely refreshment plate was served to 35 members and guests.

## Book Review Given Wednesday By Culture Club

Mrs. W. L. Wheat was hostess to the Woman's Culture Club Wednesday afternoon at her home at 123 South Twelfth street.

Both Tarkington's "Alice Adams" was the study for the afternoon. A brief outline of the story was given by Mrs. C. Z. Stidham. Throughout, which is the more serious handicap of the Adams family, lack of money or lack of understanding? How much truth is there in Mrs. Adams' contentment? was given by Mrs. J. C. Wells. Realism and pathos in the Tarkington novels; which is the more pathetic character, Alice Adams or her father? was discussed by Mrs. T. B. Rogers. Might the moral of Alice Adams as a whole be proverbially stated, "Honesty is the best policy?" was given by Mrs. J. B. Baird.

During the social hour Mrs. Wheat was assisted by her daughter, Mrs. Emma Baskerville in serving ice cream and cake to the following members: Mrs. R. E. Clark, Mrs. Roy Fultz, Mrs. A. W. Howard, Mrs. D. J. Morgensen, Mrs. J. H. Norman, Mrs. C. Z. Stidham, Mrs. J. C. Wells, Mrs. Max Nail, and Mrs. J. B. Baird.

ELECTION ORDER  
SHERIFF'S SALE  
NOTICE IS HEREBY GIVEN THAT BY VIRTUE OF A CERTAIN ORDER OF SALE ISSUED OUT OF THE HONORABLE DISTRICT COURT OF CHILDREN COUNTY, TEXAS, ON THE 6TH DAY OF MARCH, 1937, BY HIS HONORABLE CLERK OF SAID COURT, FOR THE SUM OF THREE THOUSAND NINE HUNDRED TWENTY-FIVE AND 03/100 DOLLARS (\$3,925.03) AND COSTS OF SUIT, UNDER A JUDGMENT IN FAVOR OF FEDERAL LIFE INSURANCE COMPANY, A CORPORATION, IN A CERTAIN CAUSE IN SAID COURT, NO. 214 styled Federal Life Insurance Company vs. A. Bryant et al. placed in my hands for service, I, L. E. Hill, as Sheriff of Hall County, Texas, did, on the 6th day of March, 1937, levy on certain Real Estate, situated in Hall County, Texas, described as follows, to-wit: Northwest Quarter of Section Number Fifty-four (54), Block N. A. B. & M. surveys in Hall County, Texas, and being the same tract of land conveyed by J. W. Cooper to A. Bryant, by general warranty deed dated December 31, 1925, bearing file No. 11960 of the Deed Records of Hall County, Texas, reference to which is here made for a more particular description of said property, and levied upon as the property of A. Bryant and that on the first Tuesday in April, 1937, the same being the 6th day of said month at the Court House door of Hall County, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, to the highest bidder, as the property of said A. Bryant. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Memphis Democrat, a
