Red Cross Drive Begin Here for Armistice Day

Red Cross membership is necessary for expansion within the services within the organization of the Hall County today. He pointed out that Red Cross membership represents 2.9 per cent of the population while national enrollment has risen to 500 members.

E. E. ROBERTS

Members are dependent on membership enrolled for volunteers as well as to carry on disaster relief work. Mr. Roberts said, "The Red Cross membership is necessary for expansion within the services within the organization of the Hall County today. He pointed out that Red Cross membership represents 2.9 per cent of the population while national enrollment has risen to 500 members."

Two More Games Remain For Local Football Players

Locals Defeated by Irish In Friday's Game At the New Cyclone Stadium

Two games remain on the schedule for the Cyclone, high school football team, one of which is a conference game. Memphis will meet Wellington at Wellington November 4 for the final conference game of the 1938 season. The November 11 game will be played in the new Cyclone stadium with the Amarillo Yaguans. No game is scheduled for Friday night.

The Cyclone met defeat Friday night at Cyclone stadium at the hands of the powerful Shamrock Irishmen by a score of 26-6. Although both teams resorted to heavy aerial attacks, the Irishmen passer-receiver combination clicked with almost machine-like precision that brought both first downs and scores for the visitors.

The Irishmen's first touchdown came early in the first quarter following a desperate effort on the part of the Cyclone to push the ball down the field through the line. Sutterfield for Shamrock intercepted a Cyclone pass on his own 29 yard line after three downs had gained the Cyclone 2 yards, and ran 71 yards for the first score of the game.

Hale, special kicked for the Irish, came into the game and made the extra point from a place kick.

The second Irish score came early in the second period, when on the third play of the quarter Sutterfield passed to Fox who lateraled to Allen who carried the ball over for a touchdown. Kick for extra point failed. The same play was used by the Irish in the 6th play of the second half for

REA BOARD HAS MEETING HERE TO MAKE PLANS

R. D. Hall Named As Coordinator For County Cooperative

At a meeting of the board of directors of the Hall County Electric Co-operative held here Wednesday night, R. D. Hall of Plaska, president of the board, was named a project coordinator to assist in sponsoring a Rural Electrification project in Hall County. The board directed Mr. Hall to take charge of the work of securing right-of-way easements, and getting memberships for the newly organized co-operative.

At the Wednesday night meeting \$265 in membership fees were turned in to Tom Lenoir, secretary and treasurer of the board. This represents 53 memberships in the new organization at \$5 per person. It is the plan of the board to secure 400 members between now and December 1 when the project will be presented to Rural Electrification Authorities in Washington. Mr. Hall was instructed by the board to see that this membership quota was reached by that time.

It was pointed out that a survey of the project in Hall County could not be made until the quota of members was reached. The board urged that all interested in securing rural power lines for the county contact some member of the board in the near future and pay the membership fee. It was stated that after the survey was made and the routes of the lines actually made, any member who was not near a line and could not be served by the REA, would be refunded the membership fee.

Those attending the Wednesday night meeting included Mr. Hall, Mr. Lenoir, Jake Lamb, Mrs. C. A. Williams, Mrs. N. A. Hightower, Edgar Foster, H. A. Hodges, H. C. Fowler, H. D. Tyler, and C. M. Hawkins. Two other members of the board, Ben Gresham and W. H. Youngblood were not present.

Relief Workers To Repair Play-Things

Relief workers will repair toys this year for distribution to the poor children of the community at Christmas, according to Carroll Snyers, secretary of the Memphis Chamber of Commerce. Five men, all skilled in cabinet work and mechanical repairs, have been assigned to this work from the Hall County relief rolls.

Mrs. D. A. Neeley will supervise the work, according to Mr. Snyers, who urges all the people of this community to contribute to this movement. All kinds of toys will be accepted and placed in the hands of these repairmen who will fix, repaint and refinish them.

No announcement was made as to the method of distribution at Christmas.

CARL G. CLIFFT

Carl Clifft Is Speaker at PTA Meeting Saturday

Officers For Council Named At All-day Meeting Held at Local American Legion Hall

Carl G. Clifft of Amarillo, superintendent of public instruction in Potter County, was the principal speaker here Saturday at an all-day session of the Hall County Parent-Teacher Association Council meeting and school of instruction. Mr. Clifft spoke at the afternoon session at the Memphis American Legion Hall on the subject "Uniting Teacher Power and Parent Power."

The morning session of the school of instruction was given over to group conferences. The president's conference was held under the direction of Mrs. W. J. Bragg, president of the City Council of P.-T. A., the publicity conference was under the direction of Miss Vera Tops Gilreath, Hall County superintendent of public instruction, the membership conference under the direction of W. V. Swinburn, of Lakeview, and the finance conference under the direction of C. T. Howell of Plaska.

Dr. L. B. Ezell of Childress, director of the extension courses being taught in this vicinity from the Texas Technological College at Lubbock, spoke to the assembly following Mr. Clifft's address. A devotional was conducted by Mrs. N. A. Hightower. At the election of officers Mrs. W. D. McCool was named as president of the County Council, Mrs. H. H. Colley of Lakeview was elected vice pres.; Mrs. Chas. Williams of Salisbury was selected as treasurer; and Miss Inez Mason of Memphis, the treasurer for the organization. Precinct officers named were Mrs. Lucile Wright of Lakeview, precinct 2; Mrs. Art Latham of Estelline, precinct 3; Mrs. Lee Vardy of Turkey, precinct 4; and Mrs. Lucian Davis of Salisbury, precinct 1.

Rural School Will Reopen on Monday

Hall County rural schools will open Monday of next week, according to Miss Vera Tops Gilreath, county superintendent of public instruction. Ten of the thirteen rural schools in the county have been closed for the past six weeks in order that school harvest might help with the cotton harvest.

The school at Plaska opened Monday last week, according to Miss Gilreath, and the nine other schools will resume studies Monday, October 31.

Three of the Hall County rural schools did not close during the cotton harvest, Miss Gilreath pointed out, but remained open and will operate this year on a nine-month basis. These schools include Salisbury, Newlin, and Friendship.

Memphis Pictures Shown in Sunday's Star-Telegram

A page of rotogravure pictures of Memphis appeared in last Sunday's Fort Worth Star-Telegram. The pictures were taken from an airplane several weeks ago, and plainly showed Memphis and surroundings.

The different places of interest, important buildings, and industries were numbered so they were easily located in the pictures.

ANNUAL COUNTY POULTRY SHOW IS PLANNED

December 8 to 10 Date Set for Show; Officers Selected

The annual Hall County Poultry Show will be held in Memphis December 8, 9 and 10, according to plans announced by the officials of the Hall County Poultry Fanciers and Breeders Association.

R. B. Galloway of Amarillo has been selected as judge of the show. Chas. A. Williams and J. F. Forkner were selected to arrange for the building for the show.

The following officers were elected at a meeting of the fanciers and breeders Monday afternoon: E. M. Even, president; John Key, secretary; Chas. A. Williams, supervisor; and H. R. Wallace, assistant supervisor.

Any breeders or fanciers who are interested are invited to attend the next meeting of the association in Memphis Monday, October 31, at 8:30.

Quota Reduced For WPA in County

Judge M. O. Goodpasture received a telegram Tuesday from H. P. Drought, state administrator WPA, warning that there would likely be reductions of quotas made throughout the country. Because of heavy inroads being made by the New England hurricane and increased WPA employment throughout the nation serious reductions have been made in available WPA funds, and the appropriation must last for eight instead of seven months. The telegram is herewith quoted in full:

"San Antonio, Oct. 25, 1938. 'M. O. Goodpasture, 'County Judge': 'Answering your telegram and letter of October 22, you have doubtless seen press reports of President's instruction that WPA appropriation must last for eight instead of seven months. Moreover, heavy demands occasioned by New England hurricane and increased WPA employment throughout the nation including Texas have been making serious reductions in available WPA funds. Therefore we fear that Washington will be forced to reduce WPA employment quotas throughout the country and we want you to be warned of anticipated reduction. (Signed) 'H. P. Drought, State Administrator WPA.' Judge Goodpasture makes the following suggestions in view of the warning issued by the state administrator: 'All WPA workers should appear when the next order to report is received, in order to build (Continued on page 10)

More Homes Needed For Visitors To M. E. Conference

It is only a short time until the Methodist Conference convenes in Memphis. Several hundred visitors will be in Memphis during the conference and will have to be assigned to homes in the city. The housing committees have secured many homes, but many more will be needed, Rev. Orson W. Carter stated this week.

Citizens of Memphis who have not already registered rooms with the committee, and who have a spare bedroom and care to take care of one or more visitors, are urged by Rev. Carter to call him at Phone 23. "Bed and breakfast is all that is being asked of the citizens. The other two meals will be provided otherwise. This is an urgent appeal, Carter said, and I hope Memphis people will respond."

Library Report Is Made This Week

The quarterly report of Miss Bird Presler, librarian, at the regular quarterly meeting of the Memphis Carnegie Library board last Friday night showed that 7,503 books had been issued for home reading during the three month period ending September 30.

Books added during the quarter by purchase, 182; and by donation 30. Books discarded during the quarter, 86.

Books issued during the quarter were: Adult fiction 3,748; non-fiction 502; magazines 389; children's books 2,864. The total number of books issued, valued at the nominal price of 50 cents would have cost the readers about \$3,750.

Books in the library listed by class: General works 132; philosophy 42; religion 233; sociology 140; science 77; fine arts 31; useful arts 50; literature 459; history 621; fiction 1,422; children's books 902; a total of 4,102 books.

At a called meeting of the Charles R. Simmons Post of the American Legion here Wednesday night at the Legion Hall plans were discussed for an Armistice Day observance, according to Ottie F. Jones, post commander.

In view of the fact that November 11, 1938, will mark the passing of the 20th anniversary of the signing of the armistice, Mr. Jones pointed out, the local legion organization will make fitting observance of the occasion. Recently November 11 has been set aside as a national holiday by act of congress and places of business and schools will be asked to close for the day.

In announcing plans for the day Mr. Jones stated that the observance will be characterized with speakers, a parade, football game, and other events to give the occasion a festive touch. Plans are being made by the local Legion to present in the Armistice Day parade the civic clubs of the city and county, the Memphis pastors alliance, the local veterans CCC camp, the public school children, the women's auxiliary, the local chapter of the American Red Cross, and floats and representations of all the merchants and business men of Memphis. Mrs. W. Wilson, who has been selected to head the local Red Cross parade committee, will have charge of that organization's float in the Armistice Day parade. Plans are being made, according to Mr. Jones, for special articles, news and features as well as advertisements to appear in the columns of The Memphis Democrat. Mr. Jones urges that (Continued on page 10)

RIGHT-OF-WAY IN COUNTY TO BE SECURED

Jury of View Named For Highway East To Hall County Line

Work on Hall County's end of the new designated farm-to-market road from Memphis east to connect with the highway leading west from Hollis, Okla., was started Monday when a jury of view was appointed by the Hall County Commissioners Court.

The jury of view is composed of the following: T. J. Dunbar, O. E. Bevers, S. R. Palmeyer, C. L. Caviness and C. Lee Rushing. Their duty will be to appraise the value of the right-of-way land from Memphis east to the county line, and to negotiate settling of damages, it was announced.

It is expected that contracts will be let soon for the Childrens County part of the road, and it is also believed that such work will be started in Hall County within a short time after the right-of-way is secured.

Commemorative Token For Legion

Information has been received in Memphis by members of the local post of the American Legion that a special coin or token has been made to be presented to each Legionnaire who pays his 1939 dues. This new token is made in commemoration of the 20th anniversary of the signing of the armistice. In describing the token, the Texas Legion News states:

"The special 20-year commemorative coin which is being issued by National Headquarters and Department Headquarters to each member who pays his 1939 dues on or before November 11, 1938, is the size of a half-dollar. It was worked out in keeping with the recommendation made that a special effort be made to re-enroll all previous members of the American Legion and enroll the highest number of eligibles by Armistice Day, 1938.

"On one side of the token is the American Legion emblem and the wording American Legion. On the other side is '20th Anniversary, Armistice Day, 1938.' In the outer circle and within the circle '1918-1938 in recognition of American Legion Service and early 1939 membership enrollment.'"

RURAL COUNCIL OF PTA WILL MEET AT BRICE FRIDAY, NOVEMBER 4

J. L. Beard of Childress, deputy state superintendent of public instruction, will be the principal speaker at the conference meeting of the Parent-Teacher Association council of rural schools of Hall County that will be held Friday, November 4, at the Brice school.

The program will be held in two sessions, according to the announcement made by Miss Vera Tops Gilreath, Hall County superintendent, the afternoon meeting being set for 2 o'clock and the evening meeting at 7:30 o'clock. Mr. Beard will speak at the evening meeting.

Mrs. D. L. C. Kinard of Memphis, eighth vice president of the state organization, will speak at the afternoon session. J. W. D. Chappell, principal of the Brice school, will preside at both sessions, the Rev. Milton Evans will deliver the invocation, songs will be directed by Miss Ollie Brown and C. T. Marriage of Miss Ruth Johnson and O. L. Greer Is Solemnized Saturday

The marriage of Miss Ruth Johnson and O. L. Greer was solemnized at 9:30 Saturday night, October 23, at the Methodist parsonage in Wichita Falls by the pastor of the First Methodist Church, in the presence of a few friends of the couple.

The bride is the granddaughter of Mrs. M. T. McCormick of Memphis, having lived here from the time she was three years old until about three years ago when she went to Tyler and worked for two years for the Southland Rose Nursery Co., after which she has been employed at Wichita Falls for the past eighteen months. She graduated from Memphis High School with the class of 1932.

Mr. Greer is engaged in the oil business in Vandalia, Ill. The couple visited in Memphis Sunday, and left Wichita Falls Monday for Vandalia where they will make their home.

MRS. O. L. GREER

Former Memphis Girl Weds Roswell Man October 15

Announcement has been received in Memphis of the marriage of Miss Imogene Evans, daughter of Rev. and Mrs. Emmitt Evans, 911 Cleveland street, of Memphis, to Roy Thompson of Roswell, N. M.

The nuptial service was read at Roswell Saturday, October 15, according to the information received here.

Mrs. Thompson is a former resident of Hall County, having been reared in this community. She received her education in the local high school, graduating with the class of 1935. Following her graduation here, she entered training in a nurses school at Plainview and was graduated there this spring.

Mr. Thompson is a long-time resident of Roswell and is engaged in the interior decorating profession in that city.

Following a wedding trip to the Hondo Valley, Mr. and Mrs. Thompson will make their home at Roswell.

Mrs. Thompson visited her parents here for two weeks the first of this month.

Mrs. J. M. Ballew and her niece Mrs. Louise Worley Allen of Shamrock and Mrs. J. C. Wells spent Wednesday in Amarillo.

Pathfinders Council Meets at Home of Mrs. W. F. McElreath

The Pathfinders Council met on Tuesday afternoon at the home of Mrs. W. F. McElreath.

Roll call was answered with "Health Do's and Dont's." The thought for the program was "Our prayers should be for a sound mind and a healthy body."

Mrs. C. R. Burks reviewed the book, "The Life of Madam Curie." This is the story of the discovery of radium by Marie Curie and her husband Pierre Curie, and was written by her daughter Eve Curie after her parents' deaths. It is the story of a noble and unselfish woman who gave her life for the science which she loved.

Mrs. C. F. Srygley gave the story, "Little Doe" by Frazier Hunt, in an interesting way. This was the life story of Dr. Roi Allen Dafeo. It portrayed his early childhood, his schooling, and later his care of the Dionne quintuplets.

Those present were: Mrs. W. C. Milam, Mrs. B. B. Smith, Mrs. Chas. Williams, Mrs. A. Gidden, Mrs. C. H. Compton, Mrs. Hayden Goodnight, Mrs. Earl Pritchett, Mrs. T. J. Hampton, Mrs. L. G. Items of Interest Concerning Memphis Schools

High School Chorus on Programs

High School Chorus members at the meeting of the High School Chorus on Thursday. The group is sponsoring the program Saturday at the County-wide meeting held at the Legion Hall.

Members of the chorus are: Betty Jo Powers, Laverne Dod, Mae McTerry, Von Laura Mai Hightower, Gwendolyn Coursey, Leland, Ruthie Alice Johnson, Mary Alice Johnson, Doris Boydland, Myra Dorothy Jean Shee, Nina Rhea Vin Bradshaw, Louise Mary Jean Sanders, Bobby Claire Dod, Jackie Pounds, Sue Lynn Sue Lindsey, Jean Larose Archer, Dorothy Loveta Sadler, Lois Nell Farham, and Mary Montgomery.

Study Clubs Make Donations to Band

Members and Mr. Johnson, director, of the High School Band, express sincere thanks to the Delphin Club and Atlatenean Club for the donations to be used to buy band instruments. This interest these clubs are showing, the boys and girls in the band are always willing and anxious to take part on programs and entertainments. Last week the band played for P.T. A. meetings at West Ward and Junior High schools.

Salute to Senior Football Boys

Cyclone members of the senior class, Memphis High School is proud of you, your coaches love you, the citizens of this community applaud you, and your opponents respect you for your integrity, your loyalty, Seniors, the new standards of moral victory you have set up for teams of the Black and Gold will be played and carried on by playing fair and square football.

Memphis Schools Given High Rating

Memphis City Schools step out in front with the public school program in various departments. The public school music program trains the students to sing and play before large and small audiences.

Special attention is being given recreational facilities to broaden the students socially and physically. Home economics work trains future home makers in planning menus, designing clothes, and caring for the home.

Vocational agriculture provides practical knowledge in livestock raising, poultry, and farm management. In cooperation with the business men, boys and girls in the distributive occupations course are learning vocations.

Many students are now making a living by the skill and knowledge learned in the commercial department. Diagnostic tests given in the English classes show that the Memphis students rank with the best in the nation.

Valuable Additions To Jr. High Library

The Junior High School library can boast of the latest and best type of reference books in the new 1938 edition of the University Illustrated Encyclopedia. The deluxe edition of fifteen volumes has been in use at the library only a short time, but has already found a place of real service to all because of the superb style and quality which is especially adapted to our work.

The social science classes have a new 12-inch globe which is the latest type on the market, being washable and having a silver finish.

Program for Boys Work Is Furnished

Three hundred boys in Memphis city schools are organized in a boys' work program. The purpose is to develop the boys physically and socially. The boys are grouped according to weight with a man teacher as sponsor of each group.

Every boy in each group defends his group championship by sports and games approved by the council. The boys have five days to prepare for a contest. The winning group will receive a trophy to keep as long as that group remains in the lead.

West Ward Plans Halloween Carnival

The annual Halloween carnival which is being sponsored by the West Ward Parent-Teacher Association will be held Saturday evening, October 29, at 6 p. m. in the building formerly occupied by the Draper Grocery on the north side of the square. There will be plenty of eats, drinks, and all kinds of attractions to have fun. Bring the kiddies and look out for ghosts and spooks.

A nominal admission will be charged.

Home Economics Girls Go to Amarillo

Three home economics girls and Miss Rachel Deahl attended the Home Economics Conference in Amarillo, October 14. The girls led in the panel discussion of "Problems of Adjustments in the Local Chapter."

Elizabeth Goffinett, club president, Katie Posey, and Roselyn Williams were representatives from Memphis.

Girls Visit Summer Projects Wednesday

About twenty-five or thirty girls, studying home economics, and Miss Rachel Deahl visited three summer projects Wednesday, October 19. Katie Posey completed a bedroom improvement project and a home canning project. Ida Nixon redecorated the kitchen in her home during the summer. Athalee Hutcherson improved her bedroom.

While inspecting Athalee's summer project the girls were served refreshments of fruits, cookies, and sandwiches.

Junior High Boys Are Organized for Play

The boys of the junior high have been divided into three groups, and a washer pitching contest is in full swing between the various weight groups.

Each boy is a member of a team of boys his same weight and they in turn play another team of the same weight division in any sport they choose.

Lakeview Schools Will Be Reopened

The Lakeview Public Schools will reopen Monday according to announcement made here Tuesday by C. F. Maudin, principal of the Lakeview high school. The Lakeview schools closed approximately six weeks ago for the school children to help in gathering the cotton crop.

There are 376 students enrolled in the Lakeview schools, 170 in the high school department and 206 in the elementary and grammar schools. W. V. Swinburn is superintendent.

MEMPHIS SCHOOL BAND TO HEAR NAVY BAND

Plans are under way to send the entire high school band to hear the United States Navy Band, Thursday, November 3, in Childers. The band students and Mr. Johnson, director, have expressed a desire to hear this famous band.

SHOE SCRAMBLE PROVES ENTERTAINING

The high school boys participated in a wild shoe scramble Wednesday during the home room period. The shoes of all the boys were mixed in a pile at the base of the flag pole south of the building.

At the signal the contestants rushed madly to the shoe pile and gleefully sought and found their shoes.

PRIMARY CHORUS

Pupils in the second and third grades are being selected for a Primary Chorus in West Ward School. They are planning to work on special numbers in duets, quartets, and sextets.

STUDENTS SEE 'BOYS' TOWN'

School was dismissed thirty minutes early Thursday afternoon so the school children could see the picture "Boys' Town." Through the courtesy of Mr. Boren, the show began at 3:15, thus enabling the students to view the entire film. The admission price was cut to ten cents.

'Leto's for the Gums'

ALL YOUR CURIOSITY satisfied by Your Mileage Merchant... Ask him exactly how you're sure of fast winter starting and extreme oil economy by changing now to **WINTER OIL-PLATING**

Is OIL-PLATING just a different name? ...No. OIL-PLATING is what Conoco Germ Processed oil does! The out-and-out difference is this: OIL-PLATING will stay firmly attached—plated—clear to the topmost point in your engine, while any plain mineral oil drains clear down the crankcase at every stop.

Exactly where is your gain? Well, in starting up again—next day or next month—the coldest OIL-PLATED engine is always oiled in advance...pre-lubricated before any oil down in the crankcase could ever stir. OIL-PLATING thus keeps every engine part constantly slippery. The starter speeds... the battery lives and so does the engine, free of fierce starting friction.

But is there any oil saving? Why? ... Because less engine wear puts more miles between quarts. And OIL-PLATING itself never passes out during the use of Germ Processed oil. Only the Germ Process, patented, creates OIL-PLATING, the sensible reason for you to switch to Your Mileage Merchant today.

QUESTIONABLE ADVERTISING

RECENTLY IT HAS BEEN Memphis' misfortune to be subjected to advertising promoters whose promotional schemes take thousands of dollars annually out of towns and small cities. Memphis is also fortunate in this respect in that it has a Chamber of Commerce constantly on the look-out for these promoters and, so far, has been successful in keeping them from making their excess profits at the expense of the local merchants.

During the past few weeks concentrated efforts by song book advertising promoters have been directed toward Memphis and Hall County business men. The procedure is simple. A rural school or church is told that it will be given free song books and that the merchants of Memphis will buy advertising space on the covers to pay for the books. The cost of the books is small (about 7 cents each), the advertising rate is high and the profit that the promoter makes is enormous.

Figures supplied by the Memphis Chamber of Commerce indicate that, if left free to ply their selling scheme, the promotional advertising workers with their many schemes can run their profits into much money in just a little while and give very little in return.

Advertising in its legitimate channels is the life-blood stream of commerce. Advertising, in the hands of promoters and racketeers, becomes a business cancer that eats away profits and promotes nothing but dissatisfaction. Join hands with the Chamber of Commerce in fighting this cancer.

PENALTY REMOVED

IN AN EFFORT to collect taxes the city government of Memphis has removed the penalty and interest on all delinquent taxes until January 1, 1939, such action having been taken by the City Council in a recent meeting. Notice has been given to all delinquent taxpayers to this effect and the city officials are urging that delinquent taxes be paid during the two months that this offer is being made.

The delinquent tax amounts to \$52,167.57, and the penalty and interest amounts to \$12,899.43, making a total of \$65,067. The average penalty and interest is .2281 per cent. So by paying the delinquent taxes during the two-month period the tax payer saves an average of .2281 per cent.

The City is in need of funds for the operation of its affairs, and it is because of this fact that the interest and penalty and other costs of collection have been removed with the hope that the delinquent taxes will be collected and more stringent methods will not have to be used.

The City operates in many ways that directly influences the comfort, health and safety of its citizens and lack of funds to carry on this work threatens the well being of the people of the town. The operation of the sewage system, the maintenance of the fire department, cleaning of streets and alleyways, and the retirement of city bonds all must come out of city tax money, therefore it is essential that, if the city is to continue to give its citizens the type of service they deserve, taxes must be collected.

The City is very liberal in its offer. Take advantage of it and pay up delinquent taxes.

Governor Allred claims the famed mountain in the name of Texas, having won it in a bet on the Rice-C. S. U. football game last New Year's Day. Governor Allred probably exercised his claim on the mountain to take care of Texas' new crop of hillbillies.

Questionable Advertising

Gyp often enlists the help of local organizations or individuals as sponsors. That makes his work easier. In such cases, usually Gyp still gets all the proceeds—but the home-town helpers get a lot of valuable experience and some embarrassment.

This message is presented in the interest of legitimate business, which should quit supporting illegitimate competition.

Paragraphs Culled from The Democrat's Exchanges

IF AND WHEN HON. MARVIN JONES RESIGNS FOR FEDERAL APPOINTMENT

There has been a persistent rumor that Congressman Marvin Jones would be tendered a lucrative federal appointment, probably a federal judgeship, and that he would resign his seat and accept. Nobody could blame Marvin for accepting such "social security," in the face of political hazards always present to one who has held high office for so long a period, and a more recent addition to the rumor is that the appointment is to come soon after the new congress is under way and before 1939 is too old.

Correlary rumors have it that a number of prominent men over the Panhandle will be candidates for the vacant seat in congress, and much speculation is going the rounds as to who will run and as to who will run and as to the relative chances of this and that person in a catch-as-catch-can special election, where no run-off is required—where plurality wins, with or without a majority?

T. E. Johnson discussed the situation this week in an editorial in his Amarillo Times, under the heading of "The Burning Question." Johnson says:

"The favorite 'hot stove league' topic of discussion among Panhandle editors just now is the probable vacancy in Congress within the next few months based on the general assumption that Marvin Jones is to receive a high federal appointment.

"There are as many opinions among the newsmen as to 'first choice' candidates as there are potential candidates themselves—and the field is daily getting bigger.

"Ed Bishop of the Dalhart Texan favors John McCarty of Amarillo and drops the suggestion to Curtis Douglas of Panhandle that he should wait until 1940 and take the state senator's job on a platter. Dave Warren over in Panhandle, however, can't agree with Mr. Bishop, declaring that 'McCarty, if he had political ambitions, pulled his biggest bumer when he returned to Amarillo from Dalhart. Had he stayed out in the brush he would have had far more opportunity for political preferment. Amarillo will have too many good men in the race,' says Warren, 'for McCarty to be the high man. As president of the Panhandle Water Conservation group, he has needed to get a lake for each of the 28 counties and it doesn't look like he can do it by next summer.'

"The East Panhandle press generally is launching a campaign in behalf of Deskins Wells, editor of the Wellington Leader, a man who will give any other candidate a race for first place.

"Amarillo is expected to have two or more candidates—James O. Cahill, who opposed Mr. Jones in the recent primary and Mayor Ross Rogers—but is evident from this stage of the game that there are various counties other than Potter which will offer favorite sons.

While it is a little early for alignments and commitments, The News cannot keep from looking with favor on the potential candidacy of Hon. Deskins Wells, editor of the Wellington Leader, president of the Texas Press Association, and one of the most brilliant young newspaper men of the state. Wells is a great favorite in Collingsworth County, has the united backing of the farmers, and is of the type of brilliant young men who have been so successful in recent months in winning seats in congress.

 FFA Boy

 Pete "Goes to Town"
 By T. C. RICHARDSON, Secretary
 Breeder-Feeder Association

While back Walter Peterson of Justin, Texas, was asked by the local FFA class something about his experience, "Pete" has regularly topped the Christmas beef market in Fort Worth for a good many years, which is "going to town" in a big way. He and his brother raise Shorthorns and feed them out on their own oats, corn, sorghums, etc., and cottonseed meal for which they "swap" their own cottonseed.

These figures are quoted from memory and may not be exact, but are accurate enough for practical purposes. "Pete" read from his records without any oratorical frills, about as follows: For ten years he has fattened an average of seven and a half calves per year, they weighed an average of 900 pounds, and sold for an average of 10 cents, or \$90 a head. Prices in that ten years ranged from as low as six to as high as fourteen cents.

Several valuable points are implied if not expressed. First, Walter and his brother kept good cattle, raised good calves, and fattened some every year regardless of price. Second, fat cattle could always be sold for some price, carrying a great deal of grass and feed that could not have been sold at all or would have sold cheaply at harvest time. Third, the price variation was as wide as even cotton or wheat, but they did not go in and out on its ups and downs. Result, an average for the ten years shows a good market for the feed they ate. Fourth, they are not "big" farmers or "big" feeders. A good many people think less than a carload of beef is too little to monkey with. The Peterson boys don't; a truck-load a year has brought them an average of about \$675 more net than ten bales of cotton would have averaged for the same period.

Assuming that they had the average number and the average weight in the six-year year, "Pete" had only \$405 to show, or \$54 a

The Voice of the People

(Editor's Note—This space is open to all readers of The Democrat for the purpose of expressing their opinions on any and all subjects. All signed letters will be reprinted here upon request, so long as they carry clean, unobscured material. The following should be considered as the opinion of the writer, in no manner reflecting on the editorial policies of this newspaper.)

To the gentleman who recently mailed a clipping from the Dallas News of Oct. 12 to a Memphis business man, and in which some wise cracks were made relative to the Townsend Recovery Plan, we wish to inform him that he has been misinformed, or is grossly ignorant of the plan and its principles. The fact that you purposely omitted signing your name is evidence that you either did not have the moral courage, or was ashamed for others to know that you were against the old grey-haired fathers and mothers of Hall County. It was clearly evident that it was your purpose to besmirch the sanity and responsibility of these old people, and this Club resents such tactics as you chose to take a slap at them.

We take it that you approved of all that was contained in the article, for you took the pains to underscore with your pen the word "irresponsible" as it related to those persons favoring the plan. You did not know that 142 Congressmen have openly declared themselves in favor of the Townsend Plan, and that U. S. Senator William E. Borah of Idaho, who is recognized as the best authority on constitutional law in America, says he has studied the plan and that it is fundamentally sound, and will work. Did you know that many candidates for public office were elected and the major issue was the Townsend Plan? Did you know that it is democratic to let the majority rule? This you don't appear to do, which is very undemocratic.

The article in question further stated that the Townsend Plan would bankrupt this nation if put into effect. How you could approve of a silly statement like that is beyond us, for it is a fact beyond question that it will not cost the federal government one penny, but will accumulate from the volume of business done throughout the United States. Your attitude clearly proves the proverbial saying—"when ignorance is bliss 'tis folly to be wise."

Your attitude toward the old grey-haired fathers and mothers of our land, in wanting to rob them of the benefits to which they are justly entitled, is similar to the Bible lesson of the Jew on his way to Jericho, after being beaten and thrown to the wayside to die, he Levite and the Priest passed him by; but the Good Samaritan took him to an inn and left money for his keep. Contour Furrows and Ridges Aid in Storing Water on Pasture Lands

Contour furrows and ridges have aided in storing millions of gallons of water from the recent heavy rains in the range lands of the Southern Great Plains where the moisture will be available for grass growth next spring, the Soil Conservation Service technicians point out.

By using contour furrows at intervals dependent upon the soil type and slope, farmers and ranchers of the wind erosion area are finding they can hold a large percentage of the water on the land where it falls. Tests following recent heavy rains revealed that the penetration in and near the furrows was several times as great as or nearly untreated pastures.

Rainfall trapped and held on the land is prevented from running off and adding to flood dangers, and gully and soil losses are checked at the same time, it is pointed out.

Since contour furrowing has become a widespread conservation practice in the Great Plains region, farmers and ranchers are finding that the first green grass appears along the furrows, and that vegetation in the treated areas remains green from two to three weeks longer than on nearby untreated areas. At the same time, the taller and more dense grass is found along the furrows, which accounts for the fact that livestock usually may be observed grazing along the strips where vegetation has been increased.

W. A. Bowles, who has contour furrowed his 250-acre pasture in cooperation with the Soil Conservation Service CCC camp at Lamesa, reports that the grazing value of his land has been doubled as a result of the treatment. L. E. Stuart, in the same area, says the carrying capacity of his range land has been greatly increased by similar treatment.

"Contour furrows have doubled the grass yield of my pasture," states Joe Evans of the Soil Conservation demonstration area at Hereford.

J. A. Brown, a cooperator of the Littlefield CCC camp, reports that grass has reached a height of 12 inches along contour furrows on his pasture.

Thousands of acres of range land in the Great Plains area already have been contour furrowed, and many farmers and ranchers are planning to adopt this soil and water conservation practice next year, according to reports.

Birthday Party

Friends of Marjorie Hemphill gathered at her home Saturday afternoon to celebrate her 11th birthday. After the arrival of guests, the afternoon was spent in playing games that are dear to a child's heart. The game that caused the most merriment was biting an apple floating in a tub of water. Some of the boys risked drowning by holding their faces under water and pinning the apple to the bottom of the tub for a bite. Refreshments of candy, apples, doughnuts and chocolate were served to Don Sims, Belle Sweet, Lois Ketter, Isabelle Walker, Raymond Harper, Paul Townsend, Doris Long, Junior Burnett, Edwin Harper, Virginia Hood, Jack Sweet and Marjorie Hemphill.

Brick Work Going Up On Plant Here

Work of building the brick walls for the West Texas Utilities Company's new power-generating plant here was started this week. Welding and steel crews have completed their work of erecting the steel frame-work that will support the brick walls of the 48x50 structure located on the company's property in the Memphis business district.

face 7th street, will house a 750 horse-power diesel engine which will furnish power for a generator capable of producing 600 kw an hour.

It is the plan of the company to use this plant as an emergency unit to be used when the power lines that serve Memphis are out of order due to stormy weather or other conditions that might cause an interruption in service.

As soon as the building is finished the new equipment will be moved to Memphis and installed. Some of the equipment will be moved to this city from Vernon from the company's property there.

Memphis Little Theatre Has Book Review

The Memphis Little Theatre met Wednesday afternoon, October 26, in the home of Mrs. John Deaver, with Mrs. Frank Foxhall and Mrs. Landrum Stanford co-hostesses.

Chrysanthemums and gladioli were artistically arranged about the rooms.

After a business session presided over by the president, Miss Frankie Barnes, Mrs. T. M. Harrison gave a very interesting review of the 1038 Pulitzer Prize play, "Our Town" by Thornton Wilder.

A delectable salad course was served by the hostesses to these members: Mrs. W. B. Dees, Mrs. R. C. Lemons, Mrs. Rabb Harrison, Mrs. T. M. Harrison, Mrs. Joe DeBerry, Mrs. Roy Fultz, Mrs. R. S. Greene, and Misses Frankie Barnes, Mary Foreman, and Mildred Phelan.

MILFORD RAY GRISHAM OBSERVES 9TH BIRTHDAY WITH PARTY SUNDAY

A number of little friends gathered at the home of Mrs. A. G. Grisham of the Gammage community Sunday afternoon, October 23, honoring Milford Ray Grisham with a birthday party.

The afternoon was spent playing games. Then the little guests were called to the dining room, in which the table was centered with a lovely birthday cake, topped with nine burning candles.

Refreshments of cocoa and cookies were served to the following: W. J. Goffinet, Kenneth Malone, Reba Suggins, Juanelle Goffinet, J. B. Whitten, Don Huggins, Bobbie Don Whitten, Marvin Smith, Jimmy Smith, Charles Kenneth Smith, Marie Smith and Milford Ray Grisham.

Piano Pupils Give Studio Recital

The piano pupils of Mrs. L. B. Madden were presented in studio recital Wednesday afternoon. A varied program was given by the following group:

Mary Ruth Johnson, Melva Lou Jameson, Betty Ruth Byrd, Sue Ann Roberts, Mary Joe Lamb, Louise Rogers, Weldon Carter, Mary Sue Huckaby, Thomas Rogers, Ina Nell Rice, Barbara Blanks. Others present were Betty Sue Lindsey, Gwendolyn Coursey, Neysa Nell Coursey, Rebecca Weaver, Betty Johnson and June Seago.

After a pleasant social hour the class adjourned to meet soon in another of a series of programs.

Housewives Here Join in Crusade Against Taxes

Joining a nation-wide crusade against taxes that "are raiding the family pocketbook by increasing the cost of living," Memphis women today launched formation of a local unit of the National Consumers Tax Commission.

The appointment of Mrs. Donald May of Memphis, as chairman of the new group was announced today from the commission's headquarters in Chicago.

Mrs. May is past president of the Junior Council of the Texas Federation of Women's Clubs, and a member of the Delphin Club and Culture Club in Memphis, and the Centennial Club in Leonard.

The commission is described as a non-political organization conducting a drive by housewives of the nation against hidden and direct taxes that add to the burden of the consumer. The drive is led in this State by Mrs. Kenneth C. Frazier, of Dallas, president of the organization, and Mrs. Volney W. Taylor, of Brownsville, the commission's national committee member.

"The commission is glad to have Mrs. May among the leaders of this needed movement," Mrs. Frazier said, in welcoming the new chairman. "Already hundreds of units in many states are active in the educational drive on

taxes that raise the cost of living for all of us.

"Most people pay hidden taxes without knowing it, and it's little wonder family budgets are strained when, for example, the commission's research department finds hidden taxes add 11 cents to a 29-cent purchase of meat, \$10 to every \$20 of rent, \$1.56 to a \$5 hat and \$1.56 to a \$4 pair of shoes."

A series of study programs will be arranged for members through which to inform families here of their tax burden, Mrs. Frazier said.

Arval Montgomery of Shamrock visited here with his brother Herschel Montgomery last Saturday night.

SEIBERLING'S

Patented Vapor-Cure Process

MAKES TIRES WITH NO WEAK SPOTS!

All tire manufacturers, with the exception of Seiberling, vulcanize their tires in molds where rubber is pressed against blistering steel. Since rubber and cotton are vegetable products, heat burns the life and strength out of them. All Seiberling tires are cured by the Patented Vapor-Cure process as shown in the photograph at the right. This process of gentle steam vapor preserves the life of the cotton and rubber and makes a tire with No Weak Spots.

A SEIBERLING TIRE FOR EVERY PURSE AND PURPOSE!

Whether you select a Seiberling Special Service Rib tread design, a Special Service Low Pressure tire design or the famous Seiberling Standard Service tire, you can rest assured that you have a tire incorporating every construction advantage known to Seiberling engineers, with the exception of the Air-Cooling principle. Let us equip your car today with genuine Seiberling tires. We make you a liberal trade-in allowance on your old tires.

Police Chief Points To Driving Danger
Dangers arising from running to fires was pointed out by Ed McCreary, Memphis Chief of Police this week, who cited several accidents caused by speeding automobiles Tuesday attempting to reach the scene of a fire.
In addition to endangering lives and the possibility of wrecking automobiles, Mr. McCreary points out that Memphians rushing to fires out of curiosity delay firemen and hamper them in their work. Mr. McCreary requests that citizens of Memphis exercise care in driving and consideration for others during the rush following a fire alarm.
Mrs. D. A. Grundy and Miss Una Loard visited in Childress Tuesday.
Mrs. Louise Worley Allen of Shamrock is visiting her aunt, Mrs. J. M. Ballew, here this week.

Local Florists Attend Convention
Mr. and Mrs. W. T. Hightower, local florists, attended the meeting of Units B and C of Region 9 Florists Telegraph Delivery Association last Thursday, Friday and Saturday in Amarillo.
The district comprises West Texas and New Mexico, and 162 florists registered for the meeting.
The school of design and style show were conducted by leading floral artists of national reputation from Dallas, San Antonio, Austin, Denver, Oklahoma City, and other cities. Mr. Lang of Dallas, past president of the international association declared it to be one of the best unit meetings and schools of design he had ever attended.
The crowning feature of the show was the style show at the municipal auditorium Friday evening, the Hightowers report. The building was given a \$1,000 decoration. In the vestibule were shown various decorations, bouquet baskets, table decorations, etc.
The main auditorium was beautifully decorated, and the stage was set with a beautiful and elaborate wedding decoration. Every seat was filled to view the wonderful parade of young women dressed in costumes suited to every occasion, and each with a flower specially designed for the style and color of the dress. The wearing of flowers in the hair was featured as well as corsages.
The crowning feature of the show featured the most expensive flowers; orchids and gardenias were in prominence.

Negro Finds Skeleton of Indian Near Newlin With Mineral Detector
By MRS. FRED HEMPHILL
Newlin Correspondent
A negro boll puller with a lot of curiosity and a "mineral detector," that is supposed to find oil, gold, etc., obtained permission last week from G. B. Mullins, on whose farm he is employed, to dig in the field for what he thought was buried treasure.
After spending many hours at the task and having dug some six feet deep in several places, the negro unearthed the skeleton of what is supposed to have been an Indian. The jaw bone and lower teeth were dug up intact, and an examination of the teeth showed them to be unusually large, but well preserved and unmistakably human. A number of arrow heads were found with the bones.
Finding the skeleton cooled the ardor of the negro for treasure hunting some, but he is to continue with a team and scraper until he discovers the "something" that continues to make the mineral detector work.

Lakeview FFA Youth Attends Convention
The Lakeview FFA chapter was represented at the National Future Farmers of America convention at Kansas City by Foy Young.
Delegates from the Panhandle left by special chartered bus October 15 and returned October 21. Some 5,700 chapters were represented at the convention from 49 states and territories. Texas placed second among the states of the nation in organized FFA work leading to better farm training and general service to agriculture. Eighty-nine American Farmer degrees were awarded to the outstanding FFA members of the nation.
The boys had an opportunity to visit the American Royal Livestock Show which is considered the second largest livestock show of the world, as well as visiting large meat packing plants and other points of interest in the city.

PRESBYTERIAN CHURCH
The Prophet Micah gives us a marvelous message in few words. "He hath showed thee, O man, what is good; and what doth the Lord require of thee but to do justly, and to love mercy, and to walk humbly with thy God?"
Some writer said: "I do not fear to tread the path I do not see, because the hand of One Who Loves is leading me."
Rossetti said: "Make Thy will ours and keep us patient still. Be the days few or many, good or ill."
Phillips Brooks said: "No man has come to true greatness who has not felt in some degree that his life belonged to the race."
In 1882 George Matheson wrote: "O love that will not let me go, I rest my weary soul in Thee. I give Thee back the life I owe, That in Thine oceans depths its flow may richer fuller be."
The Lord is blessing in every service and we will be happy to greet you next Sunday in Sunday School and Church service. The delightful hour next Friday night the 28th, with the men in good fellowship. Come and bring another with you.

FIRST BAPTIST CHURCH
The pulpit will be occupied Sunday by Rev. R. G. Brister, the pastor at Lakeview who will preach both morning and evening. Brother Mason is in a revival meeting with the First Baptist Church at Lefors where Brother W. R. Lawrence is the pastor.
Our Sunday school and B. T. U. attendance was somewhat off on last Sunday due possibly to the weather, but we are hoping that everybody will soon get used to these cold spells and let Sunday find them at church for all the services. We trust that the attendance will be much higher than the figures for last Sunday. Our church is rejoicing over a special love offering for Missions on last Sunday, totaling more than \$150.

Cotton Wrapping Proving Popular

Cotton bagging and cotton rope to replace metal ties, recently introduced in Texas and used by a number of gins serving one-variety cotton community associations, not only promises an annual market for some 135,000 bales of cotton in the United States, but will be popular with foreign spinners.

The Daily Digest, issued by the United States Department of Agriculture, on October 10 quoted N. S. Pears, secretary of the International Federation of Master Cotton Spinners and Manchester, England, as declaring, "I may say that we hope the movement to cover cotton bales with cotton will increase in your country, as the elimination of jute and sisal fibers will be much appreciated by the cotton spinners of the world."

The federation Mr. Pears represents is composed of the cotton spinners of Great Britain and 19 other nations, and has long advocated the use of cotton bagging. A resolution that cotton should be covered with standard cotton bagging was adopted by the federation several years ago.

The all-cotton wrapping weighs four and a half pounds against twelve pounds for jute, according to F. E. Lichte, ginning specialist of the Texas A. and M. College Extension Service. A recent shipment of bales wrapped in cotton bagging and tied with cotton rope, received by a mill near Hendersonville, N. C., was the first under an agreement whereby the manufacturer pays the farmer the difference between the weight of the cotton wrapping and the old time jute bagging.

Finest Dividends Not Always in Cash

The finest dividends are not always direct cash returns, is the opinion of Mrs. W. C. Dennis, about three miles north of Kirklund. The influx of birds to the farm, Mrs. Dennis believes, makes this especially true of an investment in tree shelterbelts of which the Dennis place has one planted in 1936, according to Shelterbelt officials.

There are ten times as many birds on the farm now as before the trees were planted, says Mrs. Dennis. She especially appreciates the presence of mockingbirds and other song birds which stay near the home. Their continuous chatter and singing "brighten things up."

The Dennis shelterbelt, planted by the U. S. Forest Service, has become a part of the Texas State Extension Service program which has designated the place as a "whole demonstration" farm—that is, a place where approved methods are exhibited by the extension service.

The shelterbelt, only two years old, has grown to the extent that it furnishes nesting places for hundreds of birds, many of them insectivorous. Also, the extension service has found that the shelterbelt provides idea cover for game birds.

Shelterbelt planting by the Forest Service is a cooperative enterprise with the farmers. The belts' principal purposes are to prevent blowing of loose-textured farm-lands which has created a national problem, protect growing crops from hot summer winds, furnish fuel and fence posts for the farm, and to provide cover for wildlife. The trees are furnished and planted by the Forest Service. The farmer prepares the land, furnishes the fence material, and cultivates the shelterbelt until the leaf canopy is closed.

Senator Connally To Speak at Canyon

Senator Tom Connally, a boyhood friend and classmate of Dr. J. A. Hill, will be the "Prexy Day" speaker on October 29, the 61st birthday of the president of West Texas State College.

Senator Connally has accepted an invitation extended by the Epsilon Betas, men's social club which annually sponsors "Prexy Day," and a group of local citizens. He will speak at 11 a. m. in the main auditorium. A luncheon honoring the senator and other distinguished guests will be given at Cousins Hall.

Letters are being sent urging the presence of all Democratic county chairmen in Northwest Texas, and legislators of the same area will be invited.

In the afternoon, the visitors will be taken on a tour of Palo Duro State park and to Buffalo dam and lake. The concluding event of the day will be a football game at 5:30 p. m. between the West Texas State College Buffaloes and Kansas State College of Pittsburg.

The Epsilon Betas will open the assembly program with a short tribute to President Hill.

Louie G. Brady, WPA area supervisor, with headquarters in Childress, spent several days here this past week looking after official business in connection with the WPA work in this county.
