## 1313--Quota Set For Red Cross

America's national defense efforts require a great expansion of all American Red Cross activities, E. E. Roberts, chairman of the Hall County Red Cross Chapter, declared this week in urging "all-out" support of the greatest membership roll call in Red Cross history, to be held from November 11 to 30.

Roberts said the county chapter had set a quota of 1,313 members for its share in the national appeal. "We must go over the top in this roll call," he added, "because the continuance of the national Red Cross program depends upon the success of the local chapters in appealing for members."

To arouse interest in the annual roll call, stickers bearing the numerals "1313" have been placed on numerous cars and in several windows, Mrs. Roy Guthrie, roll call chairman, said this week. The stickers have caused an unusual amount of interest and curious citizens have been inquiring as to the meaning of the stickers.

Funds realized during the roll call period, he pointed out, will be used to enable the American Red Cross and its chapters to carry on its expanded services to the Army and Navy and to widen its national defense program for the civilian population.

The Red Cross has more than doubled the number of field directors and medical workers in its employ stationed at Army and Navy posts and hospitals. Red Cross staffs are at 185 stations and hospitals covering 900 points of military and naval service. Approximately 200 field directors and assistants are dealing with the able-bodied personnel of the Army and Navy, while another 140 workers, assigned to Army and Navy hospitals, render medical social service and communication service for convalescent patients as well as plan medically approved recreation.

To facilitate these within-camp activities, Roberts said the Red Cross has under way a \$1,250,000 construction program to erect Red Cross administration buildings at each of 62 army camps. These buildings contain offices, consultation rooms, living quarters for

## Billy Hancock Gets T. E. Wilson Award

Billy Hancock, Lesley 4-H Club youth, has been awarded the Thomas E. Wilson award of the Wilson Meat Company for his work in feeding calves, it was announced last week.

Presentation of the award, only one of which was given in Hall County, was made by County Agent W. B. Hooser.

Hancock's award was made for his work in feeding calves for the past 3 years, and for records he has kept on the progress of his calves during that time.

Hancock has been president of the Lesley 4-H Club for the past four years.

## Induction Ceremonies Held at School For Members of Hi-Y and Tri-Y Clubs

Induction ceremonies for new members of the boys Hi-Y Club and for all members of the girls Tri-Y Club, only recently organized, were held Monday night at Memphis High School.

Included on the program were talks by W. C. Davis, school superintendent, and Harold Nichols, area executive director of the Great Plains District of the Y. M. C. A.

The program was as follows, with Jane Hicks, Tri-Y president, presiding:

Group singing, led by Muffet Merrell and Ruthie Johnson; cornet quartet of Larry Grundy, Dean Morgensen, Betty Sue Lindsey, and James Baldwin, directed by Norman Heath.

Talk by Davis; brief address by Robert Devin, Hi-Y sponsor; brief address by Louise Smith, Tri-Y sponsor; address by Nichols.

New Hi-Y members are Jack Hightower, Bobby Lee, Thomas Rogers, Larry Grundy, Dean Morgensen, J. D. Watson, Rayburn Jones, Roy Johnson, Jim Deaver, Bobbie Jack McMurry, Thomas Pyle, and Robert Cummings.

## TAX DEADLINE IS SATURDAY

### Large Number of Citizens Take Advantage of Saving And Pay Delinquent Taxes

One of the busiest places in Hall County this week has been the office of the tax assessor-collector, J. M. Ferrel, as large numbers of citizens paid their delinquent taxes penalty and interest free.

The deadline for making the saving is midnight, Saturday, November 1.

Many of the back taxes have run for a number of years, it was explained, and much time is required in compiling statements for those taxpayers, especially when the owner has more than one piece of property or a great deal of property.

A number of citizens have also paid this year's taxes during the month of October, since a three per cent discount is allowed. In November the discount will be two per cent, and in December one per cent.

County and state taxes are payable in Ferrel's office in the court house, city taxes in the office of W. V. Coursey in the City Hall, and Memphis school taxes in the office of George Forgy in the City Hall.

## Pirates Edge Out McLean to Take District 3-A Lead

### Lefors, Shamrock Battle Next Friday May Decide 1941 Winner of Conference

The Pirates from Lefors aren't just fooling this year when it comes to football.

They proved that last week-end when they remained the only undefeated team in grid District 3-A by edging out the McLean Tigers with a last-quarter field goal to win by 9-6.

Now the Pirates are ready for their next crucial test when they meet the Shamrock Irish next Friday night at Shamrock. The Irish, beaten only in a non-conference game with Childress, have been figured out of the conference race by some—but not by the Irish. At least that's what some of the green-clad boys from Shamrock (Continued on page 8)

## Legion to Present Armistice Program

The American Legion and Auxiliary will present an Armistice Day program at the First Baptist Church Sunday night, November 9, it was announced this week.

Details of the program will be worked out this week, it was explained. The public will be invited to attend the program.

## Local Red Cross Gets Urgent Call; More Aid Needed

An urgent call for more surgical gowns has been made by the American Red Cross, Mrs. C. L. Hamrick, local worker in charge of the Red Cross sewing and knitting, said, and women were urged this week to aid in the emergency call.

The response for sewing helpers has been good, Mrs. Hamrick said, but knitters have not responded. The local chapter has 100 pounds of yarn left to be knitted.

The surgical gowns are needed to be sent to Britain, it was explained, since the British have exhausted their supply in aiding Russia.

The sewing room in the old Clark Hospital building will be open every afternoon next week, with some one in charge to give instructions in the work, Mrs. Hamrick said. One hundred women will be needed, and volunteers may contact Mrs. Hamrick by telephoning 197M.

## Eight Men Named By Draft Board to Fill County Quota

### Six to Be Selected from Group to Leave Memphis November 17 for Induction

Eight men, six of whom will fill Hall County's quota in the November 17 Selective Service call, were named this week by the local draft board, W. J. Bragg, chief clerk, announced.

The men and their order numbers are as follows:

Thomas Urbane Hughes, 316; Frank Lee Armstrong, 342; John Noble Plaster, 356; Voda Davis McKee, 358; Varion Louis Hoggatt, 365; Winfred Wilson McDaniel, 373; B. D. Williams, 384; and Wade Alfred Majors Jr., 432.

The six selected will be sent directly to Fort Bliss, Bragg said, and will take their army physical examinations in advance. The new ruling concerning the advance exams will go into effect after this call.

Registrants selected after this call, it was explained, will be given their Army physical examinations within 30 days prior to the induction. The new regulation will be put into effect due to the large number of selectees which have been rejected after being sent from the local boards.

## Book Week to Be November 2 to 8

The week November 2-8 has been set aside as National Book Week, and members of the Carnegie Library Board this week invited all citizens to take advantage of the facilities of the library.

The library is open each week day from 1 to 6 o'clock in the afternoon. On Wednesday, the library is also open from 9 to 12 in the morning.

Among new books received by the library recently are the following:

Hermann Rauschnig's "The Conservative Revolution"; Stefan Zweig's "Brazil"; Hitler's "My New Order"; Mackail's "Barrie, Barrett's "Joseph Pulitzer"; Rene Kraus's "The Men Around Churchill"; Deems Taylor's "A Treasury of Gilbert and Sullivan"; Eric Knight's "Invitation to Life"; De la Roche's "Wakefield Course"; A. J. Cronin's "The Keys of the Kingdom"; Elizabeth Seifert's "Bright Scalp"; Kathleen Norris' "Venables"; and Vincent Sheehan's "Bird of the Wilderness."

## Two More Groups Of Checks Arrive

Two more shipments of parity checks for Hall County Farmers, received during the past week, shot the total so far to \$119,214.29, Millard P. Brown, ACA secretary, reported Wednesday.

Last Friday 318 checks brought in \$23,604.48, and then Wednesday's group of 249 amounted to \$18,944.48.

The total amount of checks now here is 1,524, and approximately 2,000 are expected, aggregating around \$160,000.

## Rainfall Once More Stops Harvesting Cotton, Feed

## EMPLOYMENT OFFICER HERE

### C. H. Yandell to Work With Farmers in Locating Men To Aid in Crop Gathering

C. H. Yandell of the Texas State Employment Service arrived in Memphis this week to begin his work here during the crop-gathering season, and to ease the shortage of farm laborers this fall.

Yandell will work with farmers of the entire county and surrounding area in helping them find men to pick cotton and gather feed, it was explained by Carroll Smyers, manager of the Memphis Chamber of Commerce. The chamber worked with County Agent W. B. Hooser in obtaining the branch Employment Service office for Hall County.

A large sign is being erected at the corner of Noel street and Highway 287 near Cudd's Service Station. The sign, with the wording "Cotton Pickers Wanted," will direct transient workers to the Cudd station.

The concentration point for the pickers will be west of Cudd's on the vacant lot there. Yandell will call at the concentration center at various times during the day to instruct pickers where they may find work.

## Food-for-Freedom Campaign Meeting To Be at Amarillo

### Representatives of County USDA Defense Board to Attend Two-Day Session

Farm-committeemen of the AAA and representatives of government agricultural agencies from the Panhandle counties are meeting in Amarillo today and Friday to lay plans for the Food-for-Freedom campaign in this area, according to D. A. Neeley, chairman of the Hall County USDA defense board.

The district meeting will be one of 12 similar meetings being held throughout the state at the same time to get the food production campaign into high gear, the defense board official said.

Representatives of the Hall County who plan to attend are W. B. Hooser, county agent; Millard P. Brown, ACA secretary; Neeley, J. L. Marcum, J. B. Smith, AAA committee members; Robert C. Land, James D. Gouldy, Miss Maggie L. Henson, FSA representatives; Ralph Howe, PCA secretary-treasurer.

Following the district meeting, the county USDA defense board, working with AAA committeemen, will undertake a farm-to-farm canvass in the food production sign-up. Farmers in the county will be asked to produce their share of the foods which are needed for defense and for aid to the nations resisting aggression.

"We are undertaking the greatest food production job in the history of the world," Neeley declared. "We have the goals to meet and we will meet them. I believe the farmers of this county will go all-out in their effort (Continued on page 8)

## Democrat Staff Poet to Appear On Radio Sunday

Something which even this writer has never been told will be "heard" next Sunday morning over radio station KGNC in Amarillo.

The voice of The Democrat staff poet, whose philosophies have graced the column of editor J. C. Wells for a number of months, will be heard at 8:15 o'clock Sunday morning over Lewis Nordyke's "Exchange Editor" program.

The announcement was made by Nordyke last Sunday morning when he stated that Editor Wells has consented to bring the staff poet with him to Amarillo.

Nordyke still thinks Editor Wells and the staff poet are one and the same. If you think so, too, listen in next Sunday morning and hear the result.

## Farmers Can Get Financial Aid Through Defense Program

### FSA Extends Services To Low-Income Families To Step Up Production

Financial assistance is available through the Farm Security Administration to assist small farmers who need supplies, equipment, and repairs to enable them to contribute to the Food-for-Defense program, Robert C. Land, county rehabilitation supervisor, said this week.

Expanding its services to low-income farm families, this agency of the Department of Agriculture, is conducting a state-wide drive to be ready to make loans to qualified farm families to step up their production of needed foods. Long term loans are available for a great many purposes.

Increased production and improved home consumption will be encouraged by the FSA for its borrower-families rather than the expansion of the farm enterprise. Better care of livestock, more adequate use of available facilities, purebred sires, culling, better housing, for poultry and livestock, more canning and improved selection, and preparation of food and feed storage, are among the things being emphasized by this agency, it was explained.

Among types of assistance which the Farm Security Administration is prepared to furnish eligible small farm families in Hall (Continued on page 8)

## Rotary Meeting To Be in Memphis

An inter-city meeting of Rotary Clubs of this section will be held in Memphis next Monday night, it has been announced.

Jeff Williams, director in the Rotary International whose home is in Chickasha, Okla., will be present to speak to the group.

Delegations are expected to be present from clubs in Wellington, Shamrock, Hollis, Childress, and Quanah.

A "chuck wagon" supper will be served at the high school gym.

## OVER HALF INCH FALLS IN CITY

### Farmers Get to Gather Cotton Only Two or Three Days Before Rain Begins

The downfall of moisture let up last week-end and cotton pickers got in between two and three days of work this week, but once more rain started falling Wednesday night to halt the harvesting of both cotton and feed.

The rainfall had totaled only .08 of an inch at 6 o'clock this morning, J. J. McMickin, local weather observer, reported, but heavy clouds over the city indicated that the rainfall is not yet nearly over.

At 11 o'clock this morning, a total of .56 of an inch had fallen in Memphis since the rain started last night, Mr. McMickin reported.

Farmers and business men alike seemed agreed that danger to the crops is now great, for a freeze is more likely to follow this downpour of moisture. The freeze almost came before this last rain, as the mercury in Memphis dropped to 38 degrees Tuesday night.

Prior to October 18, the county gins had ginned only 3,498 bales of cotton, as compared to 7,414 at the same time last year. During the two or three days of ginning (Continued on page 8)

## Lakeview to Meet Clarendon Broncs On Eagle Stadium

### Game Expected to Be Evenly Matched; Eagles Lead Broncs in District

The small but eager Lakeview Eagles will have another match on their hands Friday night when the Clarendon Broncs journey to Lakeview, but few observers are sticking their necks out and attempting to pick a definite winner.

The game will be played on the Lakeview gridiron and will start at 8 o'clock.

The Eagles, on the bottom rung of the district ladder for the past several years, are now resting precariously on the fifth step, having won two and lost three conference games. The Broncs, on the other hand, are just one step behind in sixth place with one victory and three losses in conference play.

Last year's great Clarendon team, which lost to Shamrock and relinquished its hold on the title in 1940, went away with the graduation of several senior players, and this year the Broncs have been unable to click very well.

Clarendon started the season off with a victory over its football (Continued on page 5)

## Former Resident Dies at Hillsboro

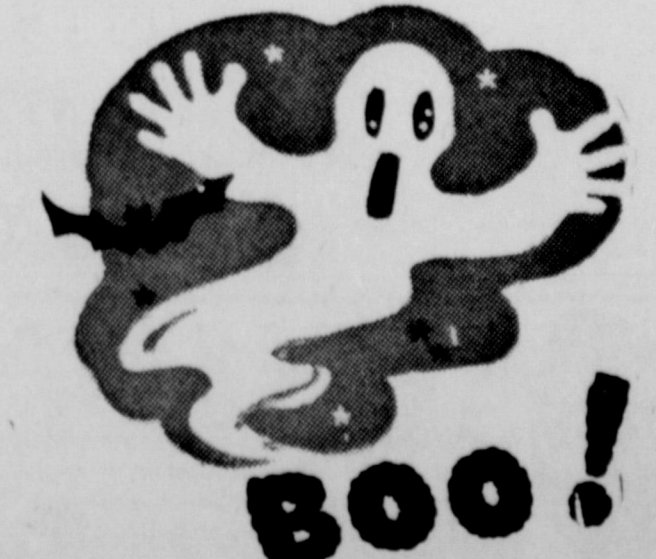

P. M. Holland, 72, former resident of Memphis, died Tuesday of last week in Hillsboro. Funeral services were held Wednesday at Itasca.

Holland, who moved from here about 18 years ago, was a former superintendent of the oil mill here. He is survived by his wife, who is a niece of Mrs. L. L. Foreman of Memphis.

## Wright Murder Case Remanded

The case against Oscar Wright, convicted in District Court here of the murder of a fellow CCC enrollee, was reversed and remanded in a decision handed down by the Court of Criminal Appeals Wednesday.

Wright was charged with the murder more than two years ago, and has been convicted in District Court twice. This is the second time the case has been remanded to the local court.

**TRADITIONAL CROCHET DESIGN**  
For a Charming Modern Luncheon Set

BACK from the rich Indies, Yankee Clippers brought the lordly pineapple—and housewives borrowed its design to create the classic pineapple motif in crochet. Here it is charmingly used in repeating circles for this luncheon set with a flavor as traditional as the early New England, where the design was first used. Crochet this heirloom design for your own luncheon table, using white or ecru mercerized crochet cotton for a crisp, firm finish and long wear. Directions for making this luncheon set may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design #7355.

**Mrs. Lyman Davenport of Childress Honored at Bridal Shower in Memphis**

Mrs. Lyman Davenport of Childress, formerly Miss Neysa Nell Coursey of this city, was complimented with a bridal shower last Tuesday, October 21, in the home of Mrs. C. H. Compton.

The living room and dining room were decorated with autumn flowers and softly illuminated by candle light. The guests registered in a white and gold leather-bound brides' book, presided over by Miss Ann Compton.

Mrs. J. D. Roden, Mrs. L. D. Sanders, and Misses Charlene Gerlach and Betty Calahan gave a radio program coming through Station LOVE, depicting the lives of Mr. and Mrs. Davenport.

The theme song for the skit was "Those Wedding Bells Are Breaking Up That Old Gang of Mine," "Here Comes The Bride," "Little Sonny Boy," "That Little Girl of Mine," "Silver Threads Among the Gold," and "When I Grow Too Old to Dream" followed with Mrs. L. D. Sanders playing the piano.

A blarney stone from Ireland brought many good wishes and a shower of gifts to the bride. Hostesses for the event were Mesdames Alvis Gerlach, D. A. Neeley, J. H. Vallance, R. C. Cummings, W. F. McElreath, Barney Wattenbarger, Alvin Massey, L. D. Sanders, Clyde Read, and C. H. Compton.

Refreshments were served to Mesdames G. M. Duren, George Copeland, B. B. McMillan, E. N. Hudgins, Bess Crump, D. L. Johnson, Dan McCollum, J. L. Barnes, A. S. Moss, Park Chamberlain, H. B. Bennett, Wyley Whitley, Clyde Milam.

Mesdames Frank Wright, Winnie Stidham, Tomie M. Potts, J. J. McKiekin, W. B. Kimberlin, Louie Goffinetti, Chas. Williams, J. D. Roden, E. Davenport, and Margaret Mitchell of Childress, W. V. Coursey, and C. F. Srygley. Misses Betty Calahan, Charlene Gerlach, and Ann Compton.

Those sending gifts were Mesdames Albert Gerlach, Hal Goodnight, Forrest Hall, C. S. Compton, Hollis Boren, N. A. Hightower, Hub Bass, Chas. Webster, Ellis Veteto, Browning, W. C. **Shower Is Given At Hotel in Honor Of Miss Weaver**

Honoring Miss Rebecca Ray Weaver, bride-elect of J. C. Turner of Amarillo, a shower was given in the Memphis Hotel ballroom Tuesday evening at 7:30 o'clock.

Miss Weaver was met at the door by "two blue birds," Misses Margaret Ann Massey and Nancy Brewer, as a rainbow chorus consisting of Misses Ruthie and Betty Johnson, Betty Lindsey, Betty Ewing, Muffet Merrell, and Cassandra Morris, sang "Here Comes the Bride," accompanied by Miss Mary Helen Lindsey at the piano.

The chorus also sang "Somewhere Over the Rainbow." Miss Martha Draper read an original poem, "The Blue Bird," written by Mrs. R. S. Greene.

The ballroom was decorated with fall flowers, with a rainbow across one end where the bucket of gold, the gifts, were found.

Miss Weaver was assisted in opening her gifts by her mother, Mrs. Allie D. Weaver, and Mrs. C. Lee Rushing. Mrs. Lester Campbell presided at the bride's book.

The hostesses for the occasion were Mesdames H. H. Lindsey, H. B. Gilmore, Sam Foxhall, D. A. Grundy, Lynn Harris, Lonnie Edmondson, O. N. Hamilton, D. J. Morgensen, Mary Bownds, Bess Crump, C. **Rural Teachers Are Honored At Dinner in Newlin School**

The rural teachers of Hall County dined in the Newlin school lunch room as guests of the Newlin teachers, Tuesday evening at 6:45 o'clock.

As the teachers arrived they spent a few minutes observing the class rooms and work done by the children as exhibited. The luncheon was decorated in Halloween colors consisting of black, gold, and white.

When the guests entered, the luncheon room was lighted with candles. The tables were set with white linen spreads, with centerpieces composed of small shocks of feed surrounded by candles in the forms of cats, ghosts, and jack-o'-lanterns. Large jack-o'-lanterns alternated with bouquets of marigolds, zinnias, and cosmos.

The plate favors were candies dressed in Halloween colored crepe paper. The menus were written on orange pumpkin-shaped booklets listing the three-course dinner as follows:

Fruit cocktail and salad, fried turkey, creamed potatoes, English peas, gravy, cranberries, hot rolls, butter, coffee, ice cream and cookies.

Teachers present were Miss Edna Bryan, Miss Maggie Bryan, Loren Denton, Miss Addie Fisher, Chester Borders, Mrs. Letty Phipps, Miss Ethel Hillhouse, Olson Sweet, Mrs. Olson Sweet, Mrs. Lola Black and daughter, Miss Couch, Dean Fletcher, Mrs. Henry Foster, Mrs. Clarence Morris, Mrs. B. # CYCLONE FINALLY WINS, WHEELER IN 19-6 TILT HERE

look so good at first play of the second period. J. W. Harrison and Glen Stilwell, who got but few chances to catch the ball due to the slick pigskin, did all right on end-around plays and worked the ball down within-scoring distance. Douglass Lawrence picked up 4 yards to place the ball on the 2-yard stripe. Louie Grimes made another, and the quarter ended. On the first play, Grimes plunged the ball over for the first counter. The kick attempt was spoiled when the holder was unable to handle the slick ball, and Memphis led 6-0.

In the middle of the second period, everything was going all right until the Mustangs' end, Johnson, intercepted a pass, and raced 45 yards for the lone score for Wheeler. The kick was no good.

For a while, it looked as if the game might end as the half did—in a 6-6 deadlock.

But in the third period, Grimes punted close to the goal line, and Craig of Wheeler fumbled the ball. Memphis recovered the pigskin on the 1-yard stripe, and Grimes went over in one play. Jackson made the kick good to give the Cyclone a 13 to 6 lead.

In the fourth period, one of those "touchdown plays" worked as it should, with all men taking out their opponents, and Lawrence ran through and among the Mustangs for 48 yards and the final victory of the Cyclone.

nal score of the game. The kick attempt was foiled.

The game wouldn't have been particularly exciting had it not been for the intercepted pass run by the Wheeler end, and the long run by Lawrence. It was exciting to Memphis, however, for a victory-less team is always excited when the time does come for a win. Probably the most outstanding change was that in Harrison, who got his long legs moving on the end-around plays and who also played his best defensive game of the season.

Had it not been for the punting of Grimes, the score might have been different. The Wheeler punter booted the ball just about as good, and Memphis had to rely on Grimes' booting much of the time. His kick in the third quarter, when Craig fumbled, brought on the score which broke the tie.

Memphis starters: Grimes, Lawrence, Shirley, Butler, backs; Harrison, Stilwell, ends; N. Bruce, Evans, tackles; Chappell, Romines, guards; R. Bruce, center.

Wheeler starters: L. Pendleton, Whitener, Craig, Farmer, backs; Riley, Henderson, ends; Reeves, Goad, tackles; C. Pendleton, Lamb, guards; Red, center.

# IRISH TOUCHDOWN TWINS RUN WILD TO DOWN LAKEVIEW EAGLES 39 TO 0

The Shamrock Irishmen, unbeaten in conference play so far this season, ran in the "touchdown twins" of last year against the Lakeview Eagles Friday night at Lakeview and the Eagles found themselves on the short end of a 39 to 0 score at the end of the game.

The "twins," Sewell and Sims, accounted for four of the six tallies made by the Irish. Sims had been out of the line-up for several weeks due to injuries.

The scoring started in the initial quarter, when Montgomery went over from the 1-yard line for the first touchdown. The ball had been moved down the field by the Irish in 10 plays to the single-yard stripe. Exum kicked the goal to give the Irish a 7-0 lead.

From then on, it was Shamrock's game. Sewell, beginning the work of scoring for the "twins," counted in the second period on a 29-yard tear. Exum came through for the kick to make the score 14-0.

Later in the second period, the other "twin," Sims, carried the ball for 13 yards and the third

touchdown. The kick was no good, and the score stood at 20 to 0 until Sims found a hole from the 20-yard line later in the period to make the fifth touchdown. The kick was missed, and the score was 32 to 0.

Late in the third quarter, the Eagles were backed up to the 5-yard line. A fumble resulted on an attempted punt, and Clync recovered the fumble behind the goal line for the final marker for the Irish. Rives kicked the extra point to make the score 39 to 0. The final quarter went scoreless.

Lakeview starters were Johnson, Bownds, Scott, Merrell, backs; Davis, Gibson, ends; Fancher, Summers, tackles; Craft, Brownlee, guards; and Story, center.

Shamrock starters: Rives, Sewell, Montgomery, and McPherson, backs; Lister, Ewton, ends; Kersh, Exum, tackles; Risley, Callan, guards; Glover, center.

## Food Stamp Sales Increase Buying

Surplus Marketing Administration blue and orange food stamp sales amounted to \$6,911,398 during the month of September in 13 Southern States. Figures were released this week by L. J. Cappleman, regional director.

The surplus marketing Administration, in cooperation with other federal agencies, is conducting an educational campaign stressing proper foods and diets. The study indicates clients of the food stamp program are using more of the stamps to purchase health-building foods. This is in line with Secretary of Agriculture Claude R. Wickard's policy of building America's health defense by proper nutrition.

Of the total amount \$3,169,313 was used to purchase "Blue Stamp Foods." The balance, \$3,742,076, represents orange food order stamps purchased from the local issuing office.

Clients purchased \$455,937.37 worth of dried raisins, dried prunes, oranges, fresh apples, peaches, plums and pears with blue stamps. Dried beans, snap beans, potatoes, fresh tomatoes, cabbage and other fresh vegetables amounted to \$894,204.79 in blue stamps. \$1,336,786.03 was used to purchase self-rising "enriched" flour, self-rising wheat flour, "enriched" wheat flour, wheat flour, graham flour, corn meal and hominy grits. Free "Blue Stamps" bought 1,358,111 dozen eggs totaling \$482,358.31.

## THE 'WHY' OF CONSERVATION

**A** DAY HARDLY passes without either you or someone with whom you are talking mentioning national defense, and its effect on your everyday living.

The term "national defense" is used so often, in fact, that it has only a vague meaning. Why is national defense affecting your everyday life? Can you sensibly and correctly explain why you are asked to conserve various materials, drive your car less, avoid buying as much as possible?

There are three reasons: America's dependence on imports of certain raw materials, huge material requirements for defense, and the necessary shifting of men and machines into defense production.

It's true that America is rich in raw materials, but we still are dependent on other nations for materials which the average person may not realize we do not have. Take manganese, for example—the United States produces less than one per cent of the world's supply, but uses about a fourth of the world's production.

Another is nickel. We require half of the world's production of nickel to produce special steels and alloys, yet only a few hundred tons are available from American sources.

The defense program is necessarily calling for large amounts of the raw products. The average aluminum skillet requires about one pound of aluminum, but a 4-motored heavy bomber requires about 20,000 pounds. A 28-ton tank takes enough rubber to make 125 automobile tires. All of the steel used in the two million refrigerators manufactured in 1940 would make only 20,000 light tanks.

The last factor is that of shifting men and machines to the manufacture of tanks, guns, and other defense needs.

Machines that make kitchen gadgets are being converted into machines to make parts for guns. Automobile assembly lines must be relied on for bomber parts. Typewriter factories turn to the manufacture of rifles.

In all lines of manufacturing, machines and men are being used in the defense program. Every week more of these shifts are being made. The defense program must be placed in high gear, we must be ready, and we are quickly realizing our goal.

When, sometime in the next few months, you try to buy a radio, a refrigerator, or a car, and you have trouble in finding what you want, console yourself in the thought that you are helping indirectly in the defense program. The defense program is not merely national, it is a local program—one which will protect you from the hard life which conquered European people are now undergoing.

## HUMOR DOESN'T HURT

**A**S THE WAR goes on, we still hear funny stories about Hitler, Stalin, Churchill, and even Roosevelt.

One of the best we have heard recently was told by Roosevelt on Hitler. The President said that Hitler had gone to one of the few prominent Jews left in Germany and told him he could stay there if he would disclose how Moses managed to make the waters of the Red Sea stand aside so that the children of Israel could cross.

The story, of course, is on the ridiculous side, but at least it gives us some diversion from the regular horror of war which we hear each day.

It is also comforting to know that the leader of our nation has the sense of humor which he has. Likewise we should be glad to know that the President has been able to maintain his sense of humor despite the burden which he carries.

There is certainly a time for all things, and one thing which will not hurt us now is a little humor mixed in with the everyday war news. All work and no play is pretty bad, just as is all worry and no laughs.

## The American Scene

## Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

**Dust Bowl?**  
The Canyon News: Who started this Dust Bowl business? Albert Law, editor of the Dalhart Texan, has offered a reward of \$50 for the person who started this name. Law and the Dalhart Chamber of Commerce want this person to visit the Dalhart section and see the wonderful crops which are being raised on the Plains this year.

**Law objects to the term for other reasons.** If the Panhandle is the Dust Bowl, why not call California the "Earthquake Bowl"; the Mississippi Valley the "Flood Bowl"; the Gulf Coast the "Hurricane Bowl"; the eastern part of the nation the "Heat Bowl"; the northern states the "Blizzard Bowl"; and so on down the line. Albert Law raises a question which should appeal to all citizens of the Panhandle.

**Buying at Home**  
The Ford County News: The fellow who only always buys at home when he can buy it cheaper at home than he can buy it any place else could not be called loyal to the town. Loyalty to the town comes in when one pays a little more to buy an article at home than it would cost in some other market.

**So That's Why**  
Roy W. Hahn in the Briscoe County News: These flies—they have the coldest stomachs this morning I ever saw—and already every fly in town has tried to warm his stomach on my face.

**Lindbergh**  
The Quannah Tribune-Chief: Lindbergh has outlived his fame and now stands out as the foremost Nazi of this continent: a little man, actuated by prejudice and hatred, who admires and befriends gangsters. He is best known by the company he keeps!

## No More Hobbies

Douglas Meador in the Matador Tribune: Eccentric moods of the weather were sponsored by Cupid to provide bashful loves with a subject for conversation. However, the modern swain is more apt to suggest a variety of potent liquors to untie the ancient and ornate hobbies of timidity.

**Speeches**  
The Menard News: Orchid—A flower that brings ten bucks because it is highly prized, and is highly prized because it costs ten bucks.

**Not Much**  
Gertie Haskett in the Childress County News: We like the spirit of that Fort Worth girl who reported that she was unraveling her wool bathing suit to knit a pair of socks for some soldier. But what is she going to use for the other sock.

**Weapon**  
The Claude News: A tommy-hawk is what if you go to sleep suddenly and wake up without hair there is an Indian with.

**What to Do**  
The Tulia Herald: "What would I do with a million dollars" has been answered completely and finally, not to say convincingly, by the new tax law.

**Horse Sense**  
The McLean News: Time was when horse sense was valuable; now most people are interested in horse power.

**Long War?**  
The Moore County News: Why can not Britain match Hitler somewhere in armament and men, two years after war has started. Well, our own production, with no war on our hands, just now is barely matching that of Britain and Canada. Unless we can get an offensive started in some sector soon, we bid fair to be sentenced to a grueling twenty years or more, of defensive warfare in which we will be strictly on our own.

The Iowa Park Herald: There is far too strong a tendency to depreciate the men of finance. This country could not have been built without them, and it most assuredly will have no free and independent future without the continued operation of private financial institutions. The sooner we all understand that fact, the more rapidly will we forge ahead as a nation.

(READ THE STORY, THEN COLOR THE PICTURE PASTE IN YOUR SCRAPBOOK)

To Ozone Island soon they came, And learned about its magic fame. The trees seemed funny as could be; They looked like clouds above the sea.

Then Scouty said, "A hike's all right, But first let's fix our log real tight. If we find things to cause us fear It will be safe to have it here."

And so they pushed the log into The island. "There, that ought to do," Said Dotty. "Now, come follow me, And we shall find what there's to see."

They walked for just a while, And then one Totty, well Said, "I just felt one of 'em. It's just a cloud caught in a breeze."

Just then the Totties sound And they all turned around. "Well, who are you?" said "Say, We hope that you'll play."

### State Department Of Health Gives Vaccines in County

ELI ALDA SMITH

Joe Miller and Mr. and Mrs. Pat family of Lakeview... Jack Norman and... parents, Mr. and... Mrs. H. Gleaton... visited Mr. and Mrs. Sunday afternoon... visited his father, Newlin last week...

Detailing some of the ways the State Department of Health is aiding each county in the prevention and control of communicable disease, Doctor Geo. W. Cox, state health officer, this week revealed that the number of specimens examined and the amount of vaccines distributed free to Hall County in 1940 by the State Hygienic Laboratory would have cost \$1,158 if purchased through private laboratories.

"The service rendered to this County is but one of twelve organized services set up to help you," Doctor Cox added.

The other services maintained by the State Department of Health include vital statistics, food and drug inspection, venereal disease control, public health education, tuberculosis control, sanitary engineering, maternal and child health, nursing service, local health service, and administration. "The assistance rendered this one county in this one division of service will convey to you some idea of the scope of Texas' health program," Doctor Cox stated. "The State Department of Health operates on a state appropriation of four cents per person, which amounts to \$484.68 for this county. When compared to the return from only one of the twelve divisions in the State Department of Health, it is readily seen that Texans are getting much more health protection than they are paying for."

### He Wanted Eggs, And He Got 'Em Thru Democrat

J. E. Roper, City Grocery manager, is a believer in newspaper advertising, and his faith in The Democrat's reading public was strengthened no little amount last Saturday.

In his regular ad in last Thursday's Democrat, Roper offered to pay 30 cents per dozen for fresh, country eggs.

He found out The Democrat is well read, for by 4:30 o'clock Saturday afternoon, he had bought 240 dozen eggs—a time when they are supposed to be somewhat scarce.

"I didn't know that there were that many eggs in the Panhandle," the grocer said, "much less that many in this area. They came from Estelline and south, and from as far north as Clarendon."

### NEWLIN

By MRS. FRED HEMPHILL

#### Weather (Sun Shines Again)

After five days and nights of an almost continuous downpour of rain, the sun broke through the heavy overcast skies early Sunday morning and shined throughout the day Sunday and Monday. This was followed Sunday night by a cool norther, and a forecast of fair and DRY for the week, which cheered the farmers whose crops have been slightly damaged by the prolonged wet weather. Precipitation for the past week amounted to more than 5 inches here, causing the school bus to discontinue service on part of the route for two days and delaying the mail. Farmers say the cotton and feed have been slightly damaged, and some report the maize sprouting in the head. Some cotton is sprouting, but the amount is small.

#### Baptists Call Pastor

The local Baptist Church held conference Sunday following the preaching service conducted by Rev. W. S. Crawford, and called him as pastor for the coming year. Rev. and Mrs. Crawford will move with their family here in January. He has accepted the pastorate here and at Parnell.

#### Kurr-Long Marriage

Mrs. Pearl Kurr of Memphis and R. D. Long of this city were united in marriage by Rev. L. J. Crawford at the home of the bride Thursday afternoon of last week. They will make their home in Newlin, where Mr. Long has resided for the past several years.

#### Any Needles in Your Walls?

If you have carelessly stuck a needle in your wall paper and left it there, please go take it down immediately lest you should wish you had.

Mrs. Sam L. Smith had the misfortune of driving a needle into her arm above her elbow while doing her usual household chores last week. The needle about two inches long had been stuck in the wall and forgotten.

While working near the wall, she stooped, and pushed her arm over it imbedding it into the muscle of her arm. With the exception of a slight sting she was not sure of her injury until she moved her muscle and could feel the needle. It was necessary to X-ray the arm twice to locate the needle before an incision was made to remove it.

W. W. Mayo, a local grocery merchant, had the same experience two days later when he came in contact with a "stray" needle in the wall at his store, sitting an X-ray and operation to remove it. Moral: Do not leave any needles stuck in the wall.

#### Rural Teachers to Meet Here

The rural school teachers of Hall County are to meet with the Newlin faculty Wednesday night. Dinner for the group will be served in the lunch room. After a short business session, a social hour and play time will be held in the auditorium.

#### Man's Hand Severely Burned

Otis Norris, who is employed on the W. C. Prater farm, had his hand severely burned last week when assisting Mr. Prater with a roof on a storm cellar. The men had heated tar in a bucket and were applying the tar and sand over the top of the building when Mr. Norris placed his hand in the bucket containing the hot tar, mistaking it for the sand. He was rushed to a Memphis hospital where he was treated for the burns, but his hand was so severely burned that he will be unable to use it for months.

### Pork and Butter Added to Stamp Program Foods

Fresh pork and butter have been added to the list of foods obtainable by stamp program participants during November in Hall County, it was announced this week by Wynn S. Goode, area supervisor, Surplus Marketing Administration.

Except for the addition of these two staple food items, which appear on the stamp program food list for the first time since July, the November list is the same as that for October. These foods are obtainable in local stores throughout the month of November.

Commenting upon the return of pork products and butter to the list of foods available with blue stamps, Roy F. Hendrickson, administrator of the Surplus Marketing Administration, said:

"It is doubly fortunate that we are able to return pork products and butter to the stamp program list at this time. It not only makes it possible for us to provide wider markets for farmers to move increased supplies, but it also will make important food commodities available to millions of low-income people.

"Farmers need these wider markets in order to get a fair return on their full production. Needy families must have the food for a balanced diet. An adequate selection of foods for distribution to supplement the limited food supplies low-income families are able to buy is especially important in these days of emergency, when we must plug all the weak spots in our national health defense.

"Consumer buying power has been increased materially by defense and other employment, but there are still millions who need help. Supplying these people with foods they need and keeping open markets for increasing farm production are twin objectives of national concern."

The complete list of blue stamp foods for the period November 1 through November 30 in all stamp program areas is as follows: Butter, fresh pork (except that cooked or packed in metal or glass containers), fresh pears, apples, oranges, and fresh vegetables (including potatoes), corn meal, shell eggs, raisins, dried prunes, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour. Pumpkins are also included under the term "fresh vegetables."

#### CCC Recreation Work Continues During Past Week

Activities under the supervision of the Hall County recreation project continued during the past week at the Veterans CCC Camp in Memphis, Mrs. Roy Guthrie, supervisor, reported this week.

Wednesday of last week, a musical program was presented. Mrs. L. G. Rasco gave piano numbers, following which three cornet numbers were given by Larry Grundy, Holmes Posey, Betty Sue Lindsey, Dean Morgensen, and Norman Heath. Dorothee and Edna Dewlen gave a vocal duet, accompanied by Laura Mai Hightower.

Thursday night a "42" party was held at the camp, and a large number attended. The party proved to be a "huge success," Mrs. Guthrie said.

Members of the young people's choir of the First Methodist Church sang at the camp Sunday, and Chaplain J. V. G. Anderson spoke.

Community extension work also continued, with the Memphians going to Friendship Wednesday night and to Eli Friday night.

Basketball activities were likewise in progress, with a group of Memphians downing Hedley 33 to 14. Henry Wasson supervised the basketball.

### Overplant Wheat—Get Smaller Check

Wheat farmers overplanting their 1942 wheat acreage allotments by any amount will be ineligible for full parity and conservation payments and wheat loans, according to D. A. Neeley, chairman of the Hall County AAA committee.

Under the 1941 program, farmers who exceeded their allotment by not more than the larger or three per cent of three acres could dispose of the excess acreage within a prescribed length of time and qualify for maximum payments, Neeley said in explaining that this tolerance would not be permitted under the 1942 program.

The deduction rate for excess wheat under the 1942 Agricultural Conservation Program has been raised from six times the payment rate specified under the 1941 program to ten times the payment rate. The new deduction rate applies to parity as well as agricultural conservation payments.

Soldiers' field rations will soon include a food confection containing cottonseed flour. The product which is manufactured and marketed by a Fort Worth cotton oil mill, has been endorsed by the Council on Foods of the American Medical Association.

said last Friday when they came through Memphis en route to Lakeview. They proved it when they went on to down Lakeview 39-0.

The Memphis Cyclone weren't fooling either Friday night, and in a "battle of the bums," the Cyclone kept from being on the bottom rung by whipping the also-often-beaten Wheeler Mustangs 19 to 6.

Wellington, with only one black mark on its record and that by McLean, won a mud battle from the Clarendon Broncs with the score ending 14 to 0 in favor of the Rockets.

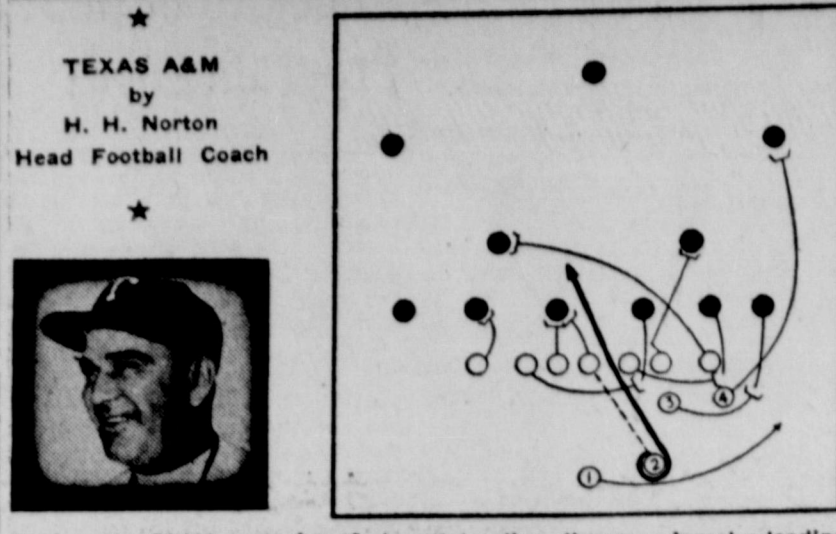

In addition to this week's headlining district game at Shamrock, two other conference tilts will be played. Wellington comes to Memphis in the third home game of the Cyclone's season, and the Rockets will be favored. Clarendon will journey to Lakeview for what should be a close game. McLean and Wheeler will have open dates.

The full season standings find Lefors perched on top with 6 victories and no losses; McLean second with 6 wins to 1 loss; Shamrock and Wellington deadlocked for third with 5 victories and 1 loss; Lakeview fifth with 2 victories, 3 losses, and 1 tie; Clarendon sixth with 2 victories and 4 losses; Memphis seventh with 1 win and 5 losses; and Wheeler last with no victories and 5 losses.

Conference standings:

| Team       | W | L | Pct.  |
|------------|---|---|-------|
| Lefors     | 4 | 0 | 1.000 |
| Shamrock   | 3 | 0 | 1.000 |

the Red Cross staff, and a reception room and lecture room for classes in Red Cross first aid and home nursing courses.

He added that the Red Cross also is completely furnishing and operating hospital recreation buildings constructed by the War Department at 65 army stations and general hospitals. The buildings will provide recreational service for convalescent patients, including current popular motion pictures, state presentations and other entertainment. The program in these quarters will be conducted by a trained Red Cross staff aided by volunteer Gray Ladies, the Motor Corps and other volunteer units of nearby Red Cross chapters.

"It is essential for the complete functioning of this vital program that local chapters strengthen their home service departments," Roberts said. "These departments, with the field directors at the camps and hospitals, form the liaison between the military and civilian populations which is the duty of the American Red Cross to provide. Our own chapter must be prepared to bear its share of the load, but it can only do so with the wholehearted support of the entire community during roll call."

Roberts said that the Red Cross on a nationwide basis is performing a number of other services for the armed forces, including the enrollment of nurses and medical technologists, production of 40,000,000 surgical dressings by women volunteers, furnishing of \$1,000,000 worth of athletic and recreational equipment to Army and Navy posts, instruction of first aid, swimming and life saving at Army camps and supplying of extra-comfort articles to convalescent military and naval patients.

### Side CCC Camp To Be Constructed

Two side CCC camps located at Turkey Hill in the near future will be in the territory covered by the Soil Conservation Service. Each of the camps will work with the other in carrying out the reforestation program. Construction of the camps is being done to attract workers throughout the local camp enrollment, to working with the radius, the area of the camp is not being large as the entire district.

the names mentioned in the paper. Might I suggest someone start a movement to have Memphis High alumni homecoming during the old settlers reunion."

Last week's total funds collected for Fairview power mower amounted to \$50.25. Oren Jones adds \$1 to the fund this week. At the rate of a dollar a week, the necessary amount will be raised in about three years. Fast going, don't you think?

Memphis has two good bakeries and the bread made by them compare favorably with the best in the state. I wonder why some folks right here in Memphis call for bread made in some other town? The other town's bakers do not pay taxes or make contributions to keep up Memphis schools and other institutions, and their bread is no better than that made in Memphis. When home people become home-town minded, the home-town citizens will prosper. There are other business institutions in Memphis that are treated like the bakeries. I might suggest that Memphis printers do not print all the stationery used in Memphis.

The Democrat Staff Poet will be on KGNC radio broadcast next Sunday morning at 8:15. Lewis T. Nordyke, who handles the Exchange Editor's program at that time, has frequently hinted that he thought the poet and yours truly were one and the same and last Sunday morning came right out in plain words to that effect. So, I have made a date with him for next Sunday morning, and will be surprised? Don't forget to tune in at 8:15 Sunday morning and see if you can recognize the staff poet. He is well known to all Memphians. It's up to you to find out his identity.

This week the poet discusses: **WHEN COMPANY COMES**

We all have a part when company arrives, to make an impression that's fair; Mother is stuffing things under the bed and Dad drapes himself on a chair.

Little Brother takes a sneak to the yard, and Sister turns the lights low; while Mother is praying to all of her saints that the hole in the wall paper doesn't show.

But they don't seem to notice the house, as they sit and chat for awhile. What seemed to get over with them was the welcome you gave with a smile.

### Rockets Meet—

Grimes turning in one of the best performances in the district with his booting. If Friday night's game does not feature too many "breaks" for one team or the other, the fans should witness an excellent punting duel.

Memphis will, of course, enter the game as the underdog, since the local gridders have been able to win only one game this season, and that from the Wheeler Mustangs last week. The Cyclone has been downed by Lakeview 6-2; Paducah 19-6; Shamrock 26-0; McLean 19-0; and Lefors 46-2.

The Cyclone is also stronger on defense than on offense, and only one team, the high-scoring Lefors Pirates, has run up more than four touchdowns. Shamrock was the only team to make the four touchdowns along with Lefors.
