NUMBER 44

SCHOOL STRUCTURE—An architect's sketch of the new \$15,000 annex to the Estelline school building, which will house the home economics and vocational agriculture class, modern farm shop, sewing room, and banquet room. In the drawing is the present building, while the new addition forms the center arcade and the right wing. Note how the building will change the building from a north to an east exposure. The building is being made under the supervision of the National Youth Administration, and will be valued at more than \$25,000 when completed.

FOUNDATIONS FOR NEW ESTELLINE SCHOOL BUILDING ARE COMPLETED

Foundations have been laid for the \$15,000 Estelline Independent School District vocational agriculture and home economics building, which is to give Estelline youth work experience and related training along defense lines.

With more than six thousand feet of floor space, the building will house the home ec unit, vocational agriculture classes, and a modern farm shop.

It is being constructed of native red limestone and salvage material under the supervision of the National Youth Administration, and will be valued at more than \$25,000 when completed.

Of the \$15,000 to be spent, approximately \$7,000 will be paid youths there between the ages of 16 and 24 years inclusive, who, in addition, are gaining work experience in the construction of the building.

The Estelline school board entered upon a contract with the NYA to demolish an abandoned country school. The salvage in bricks, windows, doors, and woodwork greatly reduced the cost of the material to be purchased.

Native stone, a rich-red limestone which is quarried in the "breaks" near Estelline, will be used on the exterior.

In addition to housing home ec and vocational agriculture classes, farm shop, and sewing room, the new structure will have a banquet room with a seating capacity of 110 persons.

With 43 windows, adequate lighting will be found in all parts of the annex, and plumbing and wiring are roughed in to take care of any additional equipment the future may bring. Large roomy lockers and storage rooms are also a feature of the building.

Explanation of the changes in the farm program for 1941, as well as the election of land-use committeemen, are the purposes of the meetings being held throughout the county this week and next.

The opening meeting was held Wednesday night at Lakeview, and the next is scheduled to be held in Memphis tonight at 7:30 o'clock at the courthouse.

74 Seek Graduation With 1941 Class of Local High School

Commencement Exercises To Be Held May 21 for Class, Principal Announces

Seventy-four candidates for graduation from Memphis High School with the class of 1941 were announced this week by Principal Noah Cunningham. The commencement exercises will be held May 21.

Senior girls are as follows: Mary Wanda Hawkins, Mary Kathleen McMaster, Glenna Mae Melton Onita Mae Wilson, Audie Ruth Wilson, Patsy Ruth Hall.

Junior girls are as follows: Annie Geneva Vick, Artie Naomi Vick, Opal Marie Martin, Dorothy Barker, Lucille McCoy, Eula May Seal, Ida Mae Robertson, Mary Sue Huckaby, Charline Gerlach.

Senior boys are as follows: Charles A. Williams Jr., John Perkins Jr., Johnny Lewis Sargent, William Richard Landis, William Howard Lavender, Bill Browning.

Junior boys are as follows: Don Tyler, Boyce Bruce, Wiley Crump, Merle Padgett, Eldon Padgett, Cecil Evans, Ted George, Grady Smith, Y. Z. Taylor, Bobby Lindsey, Jack Miller, Jim Caviness, George Carter.

Harold Smith, Bailey Gilmore, Billy G. Joyce, Cecil Foster, Edward "Tootsie" Lester, Billy (Continued on page 7)

Funeral Services Held in Childress For Judge Fires

Pioneer Lawyer, Official Dies in Wichita Falls; Was Called 'Father of Childress'

Funeral services were held Monday afternoon at Childress for Judge A. J. Fires of that city, known in this area as the "grand old man of the Panhandle bar."

Judge Fires died early Sunday morning at the home of his daughter, Mrs. Ross Robertson of Wichita Falls. He had been ill for about two weeks, and was taken to Wichita Falls last Friday.

He died Sunday morning of a heart attack. Survivors include one daughter and two sons, Dr. I. W. Fires of Throckmorton and Chester Fires (Continued on page 12)

Dr. Goodall Home Damaged by Fire

Fire, originating underneath a bedroom floor, damaged the home of Dr. O. R. Goodall in the southwest part of the city, to an extent of about \$75 early Monday morning.

In addition to damage to the floor and walls, an estimated \$300 damage was done to clothes in the room, it was learned.

Although the exact cause of the fire has not been determined, it is believed that defective wiring started the blaze.

Judge Grants Injunction Against Tax Collectors

DR. E. W. JONES OF WELLINGTON TO MAKE ADDRESS ON CANCER

As one of a series of lectures on cancer control which are being held throughout the county, Dr. E. W. Jones of Wellington will speak Tuesday afternoon, April 22, at 2 o'clock from the Junior High School auditorium.

The lectures are being sponsored by the Woman's Field Army, with Mrs. W. Wilson and Mrs. Lloyd Phillips in charge of the local drive.

Dr. Jones will speak at noon at the Rotary luncheon, in addition to his address at the school. No admission charge will be made, it was announced, but everyone will be given an opportunity to join the Woman's Army.

Dr. W. Wilson of Memphis spoke last Thursday night at one of the meetings in Newlin. Mrs. D. W. Lawrence was in charge of the session there.

Every cancer is curable, Dr. W. Wilson told the audience, if it can be diagnosed in the first stages. Surgery, radium, and X-ray are the only effective methods of treatment of cancer, he declared, and pastes, salves, and ointments are to be avoided.

Symptoms of the disease were also explained by Dr. Wilson.

DR. E. W. JONES

Order Will Restrain Firm From Making Collections in Area

The delinquent tax controversy once more was in the spotlight this week as District Judge A. S. Moss granted an injunction to prevent the Vance Swaim firm of Lubbock from collecting any delinquent taxes and to prevent the Hall County Commissioners Court from approving the surety bond which Swaim has filed.

The injunction also restrains Swaim from sending out notices to the delinquent taxpayers of Hall County, and also restrains the firm from filing suits or from collecting taxes until further order of the district court.

Those named as plaintiffs in the petition are J. P. Montgomery, H. E. Tarver, N. E. Burk, R. H. Crawford, and S. B. Pallmeyer. Attorneys for the plaintiffs are J. M. Elliott, C. Land, W. J. Bragg, John Deaver, J. O. Fitzjarrald, and Sam J. Hamilton, all of whom last week offered their services free in the tax case.

The petition states that the injunction is sought for two reasons: First, because the Swaim firm sought employment in violation of Article 430 of the Penal Code, and the contract is therefore void and unenforceable as being against public policy; and second, that the commissioners court acted individually, instead of as a body, in signing the contract with Swaim. Only three members of the court, W. B. Morrison, Buri Bell, and Roy Russell, signed the contract.

The surety bond in question is scheduled to be acted on by the (Continued on page 7)

Moisture in City Over Half of Inch; General in County

Rainfall early Sunday morning, and still more Monday morning, once more brightened up the hopes of a good fall in 1941.

In Memphis the Sunday moisture totaled .12 of an inch, and then an additional half-inch fell Monday morning.

The rain was general throughout the county, and a two-inch rain was reported as falling around Lesley. A similar fall was also reported from one vicinity across Red River south of Memphis.

Temperatures for the week remained in the warm vicinity despite the rain. Except for brief spells, the sun continued to shine throughout the days.

Eubank Explains Stand on O'Daniel Appropriation Bill

Representative Tells Why He Opposes O'Daniel Bill in Address in Memphis

Explanations of why he voted against Governor O'Daniel's gigantic social security appropriations bill and for the omnibus tax bill were given by Representative Paul Eubank in an address in Memphis last Friday afternoon.

O'Daniel's bill, which calls for an appropriation of \$26,883,000 annually from the general fund, would take more than the total income of the fund in 1940 amounted to, the state representative said.

Taking out this much money would cut off all available funds for rural school aid, state colleges, insane asylums, orphan homes, and Confederate veterans homes. Eubank said, and "I do not think you people would want to do that to pay the social security obligations."

"We can provide the money to pay the pensions and other social security obligations on a permanent basis and take it out of politics by passage of House bill 8 (the omnibus tax bill)," Eubank said.

It provides for taxes on oil, sulphur, gas, and corporations, and will raise between \$25,000,000 and \$30,000,000 annually. Of this, \$16,000,000 annually will be earmarked for pensions alone. With the \$9,000,000 already available for pensions, this will be \$25, (Continued on page 12)

Dan Floyd Eudy of Turkey Is Killed In Auto Accident

Countian's Car Collides Head-On With Truck; Five Others Are Injured

Dan Floyd Eudy of Turkey, 26, was killed, and five other persons injured, when the automobile driven by Eudy collided head-on with a truck driven by H. O. Barham of Blooming Grove Wednesday morning near Electra.

Eudy was returning from California to his home in Turkey, where he was engaged in farming, and was bringing several people from the coast state to Texas.

Mrs. Eudy suffered a concussion, but was resting well Wednesday night. H. O. Barham Jr., who was riding with his father in the truck, was dismissed after treatment.

Mrs. Marjorie Clay of Los Angeles was dismissed from a Wichita Falls hospital after treatment, and her son, Timmie, was uninjured. Howard Luttrell of Pasadena received a broken leg, and Wayne Ray of Kennett, Mo, sustained slight head injuries.

Eudy is survived by his wife; his parents, Mr. and Mrs. J. M. Eudy, well-known Hall County farm couple; and seven brothers, Lewis Eudy of Matador, and Bob, John, Gus, Tom, Sam, and Jay, all of Turkey.

The truck driver, Barham, was arrested immediately following the accident, and Wednesday afternoon pled guilty to negligent homicide. He was sentenced to 60 days in jail, plus costs.

Week of Revival Services Will Start Sunday Morning at Baptist Church

Initial services for the week's revival will be held at the First Baptist Church in Memphis next Sunday, Rev. S. F. Martin, pastor, announced this week.

Conducting the services will be Rev. Dick O'Brien, pastor of the First Baptist Church of Stamford. Rev. O'Brien will not be in Memphis for the morning services Sunday, but will be here for the night services, Rev. Martin said.

Morning services throughout the week will begin at 10 o'clock, and evening services at 7:30, it was announced.

Conductor for the song services has not yet been announced, the local pastor said, although it is expected that the song leader will be selected either today or Friday.

REV. DICK O'BRIEN

SPEAKER—Clinton Voyles, principal of Memphis Junior High School, who will speak Friday afternoon in Amarillo before members of the Panhandle Press Association. He will tell what he believes the newspapers should do to aid education.

Roy Brewer

Among Memphis' outstanding citizens is a man who has become a leader in his profession and a recognized authority on telephone service, although he has not reached his 35th birthday, and who has enjoyed wide and varied experience in many fields of business activity—Roy L. Brewer, district manager of the Southwestern Associated Telephone Company.

Roy Lee Brewer was born August 3, 1906 near Lyons, Green County, Indiana. He grew up on the farm and for the first seven years of his schooling attended the little country school in the community where he was born. When he had finished the 7th grade he went to the public schools of Lyons for the first year in high school.

In 1921 the Brewer family moved to California to Alhambra, in Los Angeles County, and Mr. Brewer re-entered high school and finished there. After his graduation from the 12-year system

About Folks You Know . . .

MEMPHIS PERSONALITIES . . . BIOGRAPHICAL SKETCHES OF THE PEOPLE WHO MAKE MEMPHIS PROGRESS

ROY L. BREWER

school, he returned and took one year post-graduate work. While he was in high school he was made Commissioner of Athletics in the school government of the school which had an enrollment of 2,500 students. After school hours and on week-ends Mr. Brewer worked in a clothing store to help defray the expense of his education.

It was while he was still a school boy that his natural instinct for leadership made itself evident during a forest fire on Mt. Wilson. Volunteers were called for and Mr. Brewer with many others responded, and were camped near the Mt. Wilson Observatory. A crew of 50 or 60 Mexican laborers were brought into the camp to help with the fire fighting and Mr. Brewer, although just a school boy, was placed in charge of this crew to cut out under brush and retard

the fire. After his graduation from high school Mr. Brewer went to work for a wholesale baking company in Los Angeles and worked for that company for two years. In 1927 he had his first utility experience with the Los Angeles city water department working on a service truck.

Shortly thereafter he spent a year as an advertising salesman for the Los Angeles Morning Examiner.

On April 13, 1929 he came to Texas, to Lubbock, and on April 19 he went to work with a surveying crew for the States Telephone Company, now the Southwestern Associated Telephone Company, constructing intercity lines. While working with this crew he helped build toll-lines all over this portion of west Texas, and New Mexico.

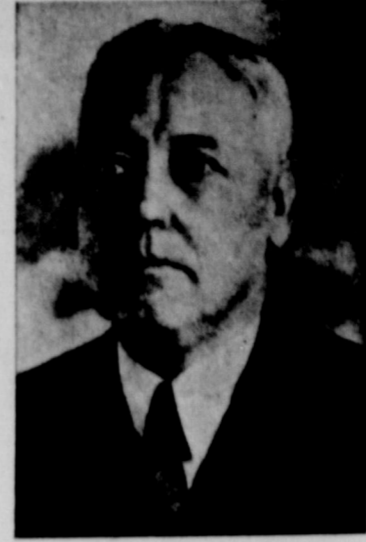

He spent one year with this department of the company and in 1930 was transferred to the installation department in Lubbock where he spent another year. In 1932 he was transferred to Carlsbad, N. M., as district manager for the company and spent three years in that capacity.

In 1934 he was transferred to Memphis as district manager and has been located here in that capacity since. Mr. Brewer's office here in Memphis has twenty-seven exchanges in this district, extending from Elkhart Kansas on the north to Matador, Paducah, and Floydada on the south.

On July 18, 1930 Mr. Brewer was married to Miss Mildred Stuart of Wellington, the wedding ceremony having been performed in Hollis, Oklahoma. Mr. Brewer became acquainted with his wife while working in Wellington setting up the telephone central system in that city.

Mr. and Mrs. Brewer have two

C. R. Webster

C. R. WEBSTER

From the standpoint of civic services, Memphis has no more outstanding citizen than Charley Webster, manager of the Grundy Abstract and Title Company, who has devoted many years of his life toward civic betterment and community progress.

Charles Robert Webster was born January 4, 1884 on a farm near Bells Grayson County, Texas. He has always been aggressive as evidenced by the fact when he was only two years old he stopped a freight train by sitting on the tracks. At the family home at Bells the house and barn lay on one side of the T-P tracks while the fields lay on the other. One day young Charley decided to go over to the fields to see his father and brothers. His mother missed him and then heard a freight train and intuition told her that her two-year-old son had gone toward the railroad. She looked out and saw Charley sitting on the railroad track in the path of the oncoming freight. She rushed toward him but realized that she couldn't make it before the freight reached him. The train crew saw him and applied the brakes and came to a grinding stop just a few feet from the baby who was enjoying thoroughly the demonstration being put on in his behalf.

When he was five years old in 1889, the Webster family moved to Hall County and built the first house in the town-site of Memphis. The house was situated in the northeast part of town the land for which was given Mr. Webster's father by J. C. Montgomery. Later the Websters sold this property and took up a half section of land one mile west of Memphis.

When Mr. Webster reached school age he entered the Memphis public schools and took all the courses that were offered at that time. At the completion of his school here, he entered the Methodist college at Goodnight and attended there two years.

The summer following his college work, Mr. Webster worked for R. M. Stevenson on a threshing, helping him operate the machine and keep it in repair. For this service he received 75c a day and

children, Barbara, age 9, and Nancy Lee, age 4. They make their home at 510 South 10th street.

Mr. Brewer's outstanding business achievement was his association with the telephone company in which he has worked his way up from a member of a construction gang to district manager in a little more than 10 years.

The nature of Mr. Brewer's position keeps him moving from point to point over his wide-spread district and does not allow him much time for civic activity, however in spite of this fact, he is a member of the Chamber of Commerce, both local and West Texas, a member of the Masonic lodge, the Baptist Church and the Memphis Country Club.

Mr. Brewer's most embarrassing moment came while he was a school boy in California. He was a timid retiring type of boy and did not like to make speeches or public appearances. When he was inaugurated as Commissioner of Athletics of his high school before the 2,500 student body, proved to be an embarrassing moment.

Although Mr. Brewer serves a wide territory and is gone from Memphis quite a lot, he likes the town, the people and the community and is always glad to come back.

never missed a day's work during the season.

At the end of the threshing season he came back to Memphis and, upon seeing an ad offering special railroad rates of \$3.00 round trip to Fort Worth to see a ball game, he decided to visit that city for the first time. He had saved \$65 from his summer's work.

On his arrival in Fort Worth Mr. Webster saw an employment agency's sign and decided to go in and make application for work in Fort Worth. Once inside the agency, this 18 year old boy was talked into buying a news butch's stock for \$55 and assigned to a train running between Fort Worth and Brownwood. It was a mixed train and had only two passenger cars. The result was that the round trip netted him a gross of 10c in sales, and when he returned to Fort Worth his excursion ticket back to Memphis had run out. He tried to resell his news butch's stock to the agency, but they would not take it—but finally offered him \$5 for it, which he promptly accepted.

Broke and in a strange city, Mr. Webster began looking for work. He ran across Theodore Stuart, who had visited in Memphis, and asked him for work. Mr. Stuart sent him to Mansfield and Mr. Webster spent three months working for Mr. Stuart's uncle there hauling cotton from the cotton yard to the railroad platform.

Mr. Webster then came back to Memphis. The eight boys in the Webster family was sufficient to keep the home farm going so he farmed one year for himself on the halves for Ben F. Thompson, working 50 acres. Before the crop was harvested he traded it to W. L. Wheat for 2 red mules. He then went to work for A. J. Kinard, Memphis' first mayor, as a clerk and delivery boy in the grocery business. He worked in this job for one year and six months. He and his brother, Jim, bought out a dray wagon and operated that for three months.

He sold his interest in the dray wagon and went to work for J. A. Bradford as a clerk in a grocery store and worked for 2 years in that capacity and then went to work for the Cicero Smith Lumber Company. While in the employ of this company he made the race for tax assessor and was elected and in January of 1909 he took this office.

He held the tax assessor's office from 1909 until 1916 and during this time he learned the location of every tract of land in Hall County, the basis of his present abstract and title business. It was said that while he was in the assessor's office he could draw a complete map of Hall County showing all the property, both farm and town, and tell the owner-

ship without any reference.

In 1915 he hired someone to look after his assessor's work and went to work for the Grundy company, a position he has held for 26 years. In 1919 Mr. Webster started the Webster Insurance Agency, a business he carries on in connection with the abstract and title company.

October 28, 1908, he was married to Miss Lola Kealy and they have one daughter, Ione, 31, who is now Mrs. Emory Barton of Denton.

Mr. Webster is a member of the Methodist Church, secretary of the Methodist Sunday School for 34 years, and a member of the Board of Stewards; a member of the Masonic order; the Odd Fellows order; served as mayor of Memphis, as city councilman and mayor pro-tem; a school trustee and secretary of the school board; and is a member of the Memphis Chamber of Commerce.

Mr. Webster's outstanding business achievement was his association with the Grundy company, a connection he has satisfactorily followed for more than a quarter of a century. When he went with this company, they became incorporated and applied for a state charter of 25 years duration. As the time it was discussed whether the charter should be 25 or 50 years, but decided that they could do all the business they wanted in 25 years. Only recently Mr. Webster had to apply for a second charter.

Mr. Webster's outstanding civic achievement came during his ten-

ure of office as mayor several days it looked as though the city purchased the owned lines from the built a concern for expenditure of \$150,000 operated the plant months at a profit of \$50,000 a clear profit of \$150,000 months on the transaction. Mr. Webster recalled an embarrassing moment occurred while he was assessor. He was near ing taxes, and very indignity. He called his house and left his buggy at the gate. at the door and just as ing buggy and his horse Mr. Webster, who more than half a cen- County, says that no m- he goes, he's always g- the last last hill com-

County Workers Should Register For Employment
 Register now with the local office, or the traveling representative of the Texas States Employment Service for your area, J. H. Bond, director, urges workers in rural and remote communities in the State.

Attend Easter Pageant
 C. H. Cheves and brother, Raymond Cheves of Bridgeport, attended the annual Easter pageant which is held near Medicine Park, Okla. They stated the crowd was estimated at 150,000, and the magnificent performance, which is enacted by 300 players, was not halted despite the drizzling rain which fell during the entire performance of three hours. The problem of parking the large number of cars is under the direction of soldiers of Fort Sill and parking is done systematically on the many acres of the national park.

Homecoming and Cemetery Working
 Due to a slight misunderstanding about the organization of the homecoming date, Theodore Swift will meet with the people interested in the plan and help elect some officials for the event. The meeting will be held Wednesday night at the Methodist Church after prayer meeting.

Home for the Easter holidays
 was Dorothy Picture, daughter of Mr. and Mrs. Will Picture and niece of Mrs. Bess Pigford. She is attending school at Canyon, and is also visiting an uncle in Quanah. Bernice Elliott, student at TSCW in Denton, is visiting her parents, Mr. and Mrs. J. A. Elliott of Newlin, and friends in Memphis.

Joe Miles Kinard, student at WTSC in Canyon, is visiting his parents, Mr. and Mrs. A. A. Kinard.
 Miss L. B. Gresham, who is attending Texas Tech at Lubbock, is spending the Easter holidays with her parents, Mr. and Mrs. B. L. Gresham.

Mr. and Mrs. Frank Solomon and daughter Cecile Laverne spent Sunday with Mrs. Solomon's parents, Mr. and Mrs. J. L. Newton of Lela.
 Mr. and Mrs. Moody McCulloch and children of Plainville spent Sunday with Mrs. McCulloch's sister, Mrs. Pat Vardy and family.

Mrs. Manuel Burnett returned home Thursday of last week from Electra, where she attended the funeral of her mother, Mrs. Emma Roan. She was accompanied by her two brothers, W. T. and June Roan, who are in the army and are stationed at Hawaii. They will return to service in a few days.
 Mr. and Mrs. Woodrow Cheves and sons, Rondell, Harold, and James, spent the week-end with relatives in Willow Point. They were accompanied by Mrs. Claude Cheves and daughter Betty, who visited her mother, Mrs. Fennell, in Graham. Mrs. Fennell has been ill for the past three months, but is some improved at this time.

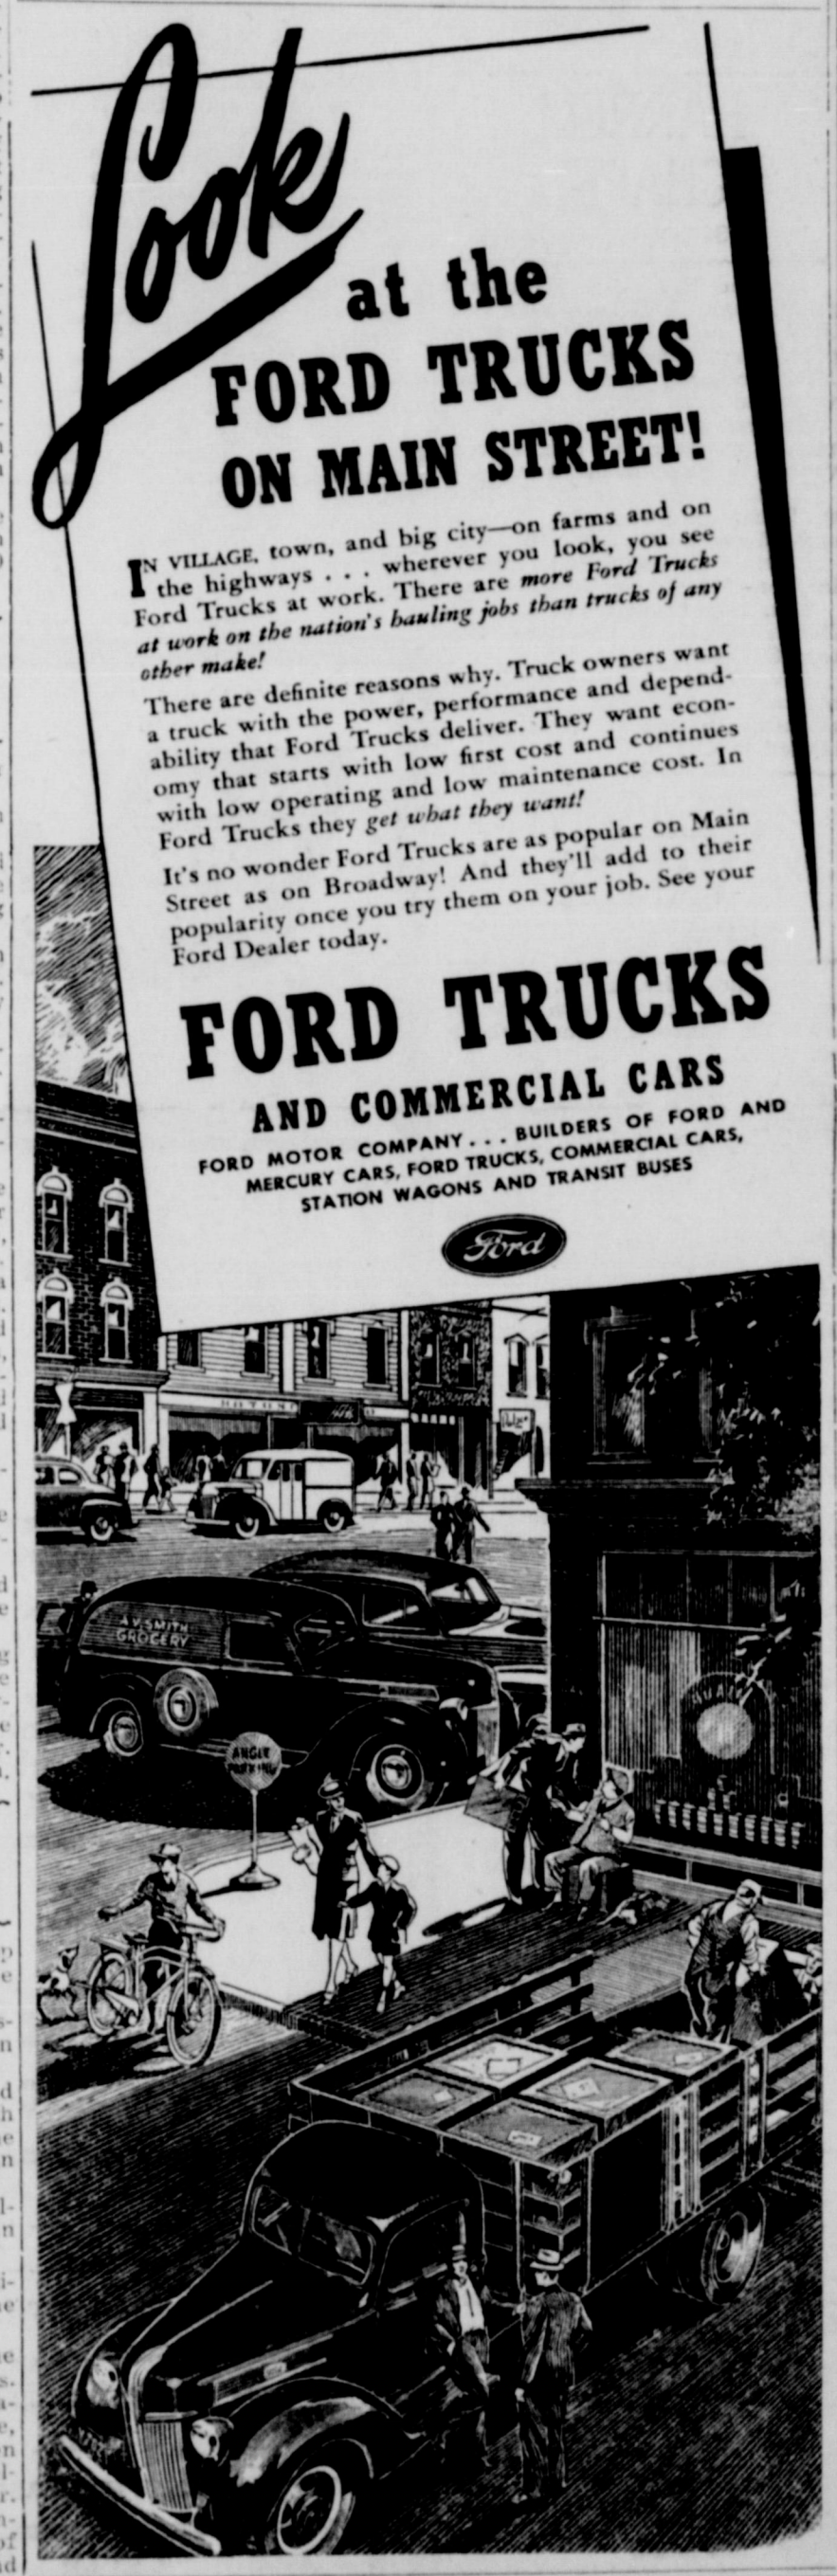

Miss Nancy Lawrence of Amarillo spent Saturday night and Sunday with her parents, Mr. and Mrs. D. W. Lawrence.
 Bob Crow spent the week-end here with his wife and daughter, Sandra Elaine. He is employed in Amarillo.

Mr. and Mrs. B. E. Rushing of Childress attended church here Sunday, and visited Mr. Rushing's sister, Mrs. John Rowell.
 Texas' first railroad was built in 1850.

ELI
 By VALDA SMITH

Sunday School and preaching services were well attended Sunday morning. Rev. Milton Evans filled his regular appointment both morning and night.
 Mr. and Mrs. A. O. Phillips made a business trip to Childress Friday.

 Darcille Stargel spent Saturday night with her grandparents, Mr. and Mrs. W. B. Stargel.

Look at the FORD TRUCKS ON MAIN STREET!
 IN VILLAGE, town, and big city—on farms and on the highways... wherever you look, you see Ford Trucks at work. There are more Ford Trucks at work on the nation's hauling jobs than trucks of any other make!
 There are definite reasons why. Truck owners want a truck with the power, performance and dependability that Ford Trucks deliver. They want economy that starts with low first cost and continues with low operating and low maintenance cost. In Ford Trucks they get what they want!
 It's no wonder Ford Trucks are as popular on Main Street as on Broadway! And they'll add to their popularity once you try them on your job. See your Ford Dealer today.

Miss Opal and Norma Coleman spent Sunday afternoon in the home of Mr. and Mrs. A. B. Stephens.

Weatherly school will close on May 16.

MRS. GUS GOOCH

Mrs. Gooch Seeks District Office

Mrs. Gus Gooch, prominent Collingsworth County farm woman and former chairman of the County Home Demonstration Council, is one of the two nominees for the place of vice president of the District Home Demonstration Association of Extension District 1.

This is the highest district office to which a Home Demonstration woman may be elected. The election will be held at the district meeting in Pampa on April 21.

One of the most able and energetic of the Home Demonstration Club women of Collingsworth County, Mrs. Gooch has done much during the last few years toward the development of the work here.

She is a charter member of the Abra Home Demonstration Club, one of the oldest clubs in the county, and has been its president for two years. She has been a demonstrator in almost every phase of home improvement work.

She was a member of the County Home Demonstration Council for four years and served two terms as chairman.

Several groups from this community attended the singing convention in Memphis last Sunday.

L. A. Richards of Texas Tech spent the week-end with his parents, Mr. and Mrs. Louis Richards.

Calvin Calahan visited relatives in Memphis Sunday afternoon.

Mrs. Roy Francis and Mrs. Ed Daugherty were Childress visitors Saturday.

Rev. Self is expected to fill his regular appointment Sunday morning and night. Everyone is invited to attend.

rolmen, when Barham started around another truck. His truck and the car driven by Eudy crashed head-on. The accident occurred about three and one-half miles east of Electra on Highway 287.

4-H Club Boys of County Instructed In Entomology Study by W. B. Hooser

A series of 15 meetings to instruct 4-H Club boys throughout Hall County in entomology has just been completed by County Agent W. B. Hooser.

A meeting was held with each of the 15 clubs, and various phases of entomology were taught, it was explained.

A chart has been made by the county agent, by which a simplified and easy method of learning characteristics of insects is possible. Each of the boys is given one of the charts, and instructed in the way in which it may be used.

Included in the study are the following topics: the food plants, or animal, or products, or insects; part of plants, or animals, infected; stage insects spend winter; place insect spends winter; kind of mouth parts insects have; economic importance of insects; injurious stages of insect; stages control directed toward or in; control recommended; and insecticides used and formula for mixing.

In addition to the study, each of the 412 4-H boys is making a collection of insects to enable him to distinguish between the various kinds.

Visitors at the Easter services were Mrs. R. L. Bevers and children, Dwight and Melva Gene, of Lubbock, Mr. and Mrs. Hennie Harper and family of Santa Maria, Calif., Chester Helms of Santa Maria, Rev. Lawson and wife of Hedley, Rev. HONOR PUPILS ARE ANNOUNCED

High School List Is Given Here; Junior High, West Ward Given on School Page

The next-to-last "go-round" for students to make the honor roll during the 1940-41 year is now over, since honor students for the second six-weeks period of the second semester were announced this week.

The high school list, including pre-freshmen, freshmen, sophomore, juniors, and seniors as announced by Principal Noah Cunningham, is given here. Junior High and West Ward honor rolls are given on the school page.

High school honor students are as follows:

Seniors: James Baldwin, Neysa Nell Coursey, Zoleta Jones, Marjorie Longshore, Virginia Rush, Juanita Scott, Eula Mae Seal, Peggy George Walker.

Juniors: Lanton Anglin, Billie Fay Brown, Edna Dewlen, Dorothy Lester, Muffet Merrell, Cassandra Morris, Ouida Orr, Wanda Posey, Adella Pyeatt, Margaret Russell, Jane Tarver.

Sophomores: Teddy Austin, Jim Deaver, Juanella Evans, Jane Hicks, Dean Morgensen.

Freshmen: Harold Ayers, Billy Jean Beckham, Bobby Clair Daventport, Laverne Dodson, Frances Gilreath, Sue Lynn Guthrie, Laura Mai Hightower, Nora Mae McMurry, Betty Jo Randolph, R. C. Taylor.

Pre-freshmen: Mary Joe Anderson, Glenn Barker, Betty Ruth Byrd, Doris Compton, Dell Eddy, Sally Foreman, Eula Gilbert, W. J. Goffinett, Sylvia Nell Goodnight, Joyce Goodpasture, Rayburn Jones, June Joyce, Bobby Meredith, Betty Bob Webb.

District Manager Of Gas Company Speaks at Rotary

Lindsey of Wichita Falls Tells of Importance of Gas in National Defense

R. W. Lindsey of Wichita Falls, district manager of United Gas Corporation, spoke before the Memphis Rotary Club Tuesday afternoon and told of the important part the natural gas industry, and particularly United Gas, is playing in the nation's defense program. Mr. Lindsey said that the natural gas industry is doing everything within its power to help the nation's factories speed up production of war material.

"The situation in the nation's defense program is far different from what it was during the last war," Mr. Lindsey said. "At that time we needed trained manpower, weapons and food. Today these things are necessary, but more important is industrial production. The multitude of requirements of mechanized warfare has made industry America's first line of defense."

"Industrial production is now on a far greater scale than we thought necessary several months ago when our plans were laid to aid Great Britain and build up our own defense reserves. As the war has progressed, we now realize more than ever before that the speeding up of industrial production is by far the country's greatest problem."

Mr. Lindsey told what the natural gas industry as a whole, and particularly the United Gas System, has done in aiding industry to meet the demands of the defense program. He produced maps which showed the growth of the natural gas industry from 1909 to the present day. The 1941 map shows the United Gas System with more than 11,000 miles of interconnected gathering, transmission and distribution lines, and the fields from which the gas is taken. United Gas draws its supply from a total of 74 gas fields.

"The Gulf South is the training center of our country," Mr. Lindsey said. "This area already has 12 army posts and cantonments, 15 army air fields and naval air bases and two naval bases. At the present time, our system is supplying army fields in the San Antonio area, in different parts of Louisiana, in the Mobile and Pensacola area."

Local Grocery? Send One Roll ... And Hurry!

This younger generation may not be so bad, but it's proving quite a problem for one merchant in Turkey.

Here's the story which appeared in the Turkey Enterprise last week:

People who buy toilet paper are probably more self-conscious than anybody.

But not the little boy who picked up a roll one day last week in Meacham's Grocery and said to Paul, "Charge it."

Paul didn't know him and asked, "Whose it for, young man?" By that time the kid was at the door.

He looked over his shoulder and said, "It's for all of us!"

NYA Jobs Open At Canyon WTSC

With the completion of the renovation of the dormitory of the National Youth Administration's Resident Center for Boys on the campus of West Texas State College, Canyon, the youth personnel will be increased by approximately 20 boys, Harold V. Hamilton, Amarillo area director, has announced.

Boys at the Resident Center are offered an opportunity to receive work experience and related training in construction, airplane and auto mechanics, lathe work, riveting, welding, etc. They are paid \$30 monthly from which \$18 is deducted for room, board, laundry, hospitalization, recreational facilities and minor items. From their salary they have \$12 for spending money.

Applications to fill the vacancies will be taken during the next few days and youths wishing to apply for entrance should write immediately the Division of Youth Personnel, National Youth Administration, Box 2369, Amarillo.

Feeder Road High On Project List

That the feeder road east of Memphis is the No. 1 road improvement project of the state highway commission was learned last week when J. E. King, chairman of the chamber of commerce highways committee, was in Austin.

As soon as funds are available for the work, it will be continued, Mr. King was informed. At present, officials stated, most of the funds are being used in roads designated for military purposes.

The road is about 20 miles in length, and extends from Memphis to the Wellington-Childress highway. It is still under county maintenance.

Boy Scouts Kite Contest Saturday

The kite-flying contest for District V of the Adobe Walls Council of the Boy Scouts of America will be held in Memphis Saturday morning, it was announced this week.

The contest will begin at 9 o'clock.

Scoutmasters and troop committees will meet with their troops for the contest. J. Troy Israel, field scout executive, said. Those planning to attend the course in Elements III, to be held at Brookhollow Lake, will meet at the First Baptist Church Saturday afternoon.

Mrs. Albright Dies At Home in Loco

Funeral services were held Thursday afternoon of last week for Mrs. Georgia Mae Albright, 43, of Loco, sister of M. N. Smith of Memphis.

Mrs. Albright died Thursday morning. She had lived in Childress County all of her life.

Other survivors include two sons, two daughters, five sisters, and one other brother.

Request Made for Men in Air Corps

A request of the local post of the American Legion to obtain the names of young men between the ages of 18 and 35 who might become eligible for service in the Army Air Corps has been made, O. V. Alexander, local commander, said Wednesday.

The request came from the recruiting officer at Fort Bliss.

All young men between these ages, who are unmarried, in good physical condition, and who have completed high school, are asked by Mr. Alexander to contact him at Alexander-Ross Men's store on the west side of the square.

Request Made for Men in Air Corps

The request came from the recruiting officer at Fort Bliss.

All young men between these ages, who are unmarried, in good physical condition, and who have completed high school, are asked by Mr. Alexander to contact him at Alexander-Ross Men's store on the west side of the square.

INDIAN CREEK

By MRS. NORA VANDEVENTER

Alma Sweat of WTSC in Canyon visited her parents over the week-end.

Mr. and Mrs. F. J. Gardenhire of Borger are here for a visit with relatives.

Edd Henry left Thursday for Vega, where he will be employed.

Mr. and Mrs. R. C. Edwards and family, and Claudia Vandeventer spent Sunday at Turkey visiting Mr. and Mrs. Lewis Edwards.

Mr. and Mrs. Elmer Watson of Pleasant Valley were Sunday guests in the Vandeventer home.

PERSONALS

Misses Bertha Lee and Flora Hunt and Mrs. Wood Beene of Hillsboro visited their sister, Mrs. H. W. Clark, last week-end. Miss Bertha Hunt is a returned missionary from Brazil and plans to return there this summer.

W. E. Weathersbee of Socorro, N. M., and Curtis Weathersbee of Lovington, N. M., visited their brother, J. M. Weathersbee, here last week-end.

L. E. Clark of Quanah visited his mother, Mrs. H. W. Clark, here last Sunday.

Vada Webster, who is attending WTSC in Canyon, spent the weekend with her parents, Mr. and Mrs. J. W. Webster.

Mr. and Mrs. T. D. Weatherly visited Saturday night and Sunday in the home of Mr. and Mrs. Howard Weatherly of Shamrock.

Mr. and Mrs. Bert Casteel of Santa Maria, Calif., are visiting her parents, Mr. and Mrs. S. P. Wells.

Jack Randall of Lubbock was in Memphis Saturday and Sunday on business. He also visited in the home of his sister, Mrs. J. H. Read.

Ted Read of Austin spent Friday and Saturday in the home of his parents, Mr. and Mrs. J. H. Read.

Ouida Read visited last week in the home of Mrs. John M. Steele of Lubbock.

PERSONALS

Mr. and Mrs. J. G. Kunkler and Mr. and Mrs. A. L. Burks attended a district meeting of the H. O. Wooten grocery company employees at Abilene last weekend.

Mr. and Mrs. Kyle Dumas of Quanah visited in the home of Mr. and Mrs. M. E. Rule Sunday. Mrs. B. W. Dumas, who has been visiting here, returned to Quanah with them.

Mrs. W. W. Clower of California, former resident of Memphis, is visiting in the home of Mrs. S. T. Harrison.

Mrs. Carl Nuhn, accompanied by her parents, Mr. and Mrs. E. T. Prewitt of Estelline, returned today to her home at Grand Island, Neb.

J. P. Watson of Lubbock was here Monday meeting old friends. Mr. and Mrs. V. L. McGlocklin and children of Levelland visited relatives and friends here Sunday. They formerly lived here.

Mr. and Mrs. D. J. Morgensen and son visited in Snyder, Okla., last Sunday.

Mr. and Mrs. Raymond Knight and daughter of Wichita Falls arrived Tuesday for a visit with her brother, V. L. Taylor and family.

Mrs. Albert A. Gerlach and son Joe Don returned to their home

PERSONALS

in Hebronville Tuesday after a visit with her mother-in-law, Mrs. Wm. Gerlach.

Mesdames Hub Matthewson, Parks Ball, Will Jacobs, E. N. Clabaugh, Hershel Richards, Jess Hollis, all of Mangum, Mrs. W. W. Clower of California, and Mrs. Frank Finch of Hedley were guests of Mrs. S. T. Harrison at a luncheon Tuesday noon, and at the Garden Club tea that afternoon.

Miss Nell McNeely, graduate student in Oklahoma University, spent the Easter holidays with her parents, Dr. and Mrs. M. McNeely.

Dr. M. McNeely was a business visitor in Lubbock Saturday.

Miss Nell McNeely of Norman, Okla., Mrs. G. R. Sensabaugh and children of Dallas, and Mrs. M. McNeely visited friends and relatives in Lubbock and Plainview during the Easter holidays.

Mrs. E. P. Anastacio of Denver is here visiting her parents, Mr. and Mrs. Bryan Reynolds.

WAR ON CANCER

WHILE WAR BETWEEN MEN is in full swing in Europe, it might be well for us in America to have a war of our own—a war against the devastating effects of disease.

One of the most deadly of these diseases is cancer—something which used to be kept strictly out of public conversation, something which had a taboo on it.

The day of the taboo on speaking of cancer is now past, however. It is a disease which may come to almost any person—not through contact because it is not contagious, but through the disorderly arrangement of tiny units known as cells. How these cells start to grow in a lawless, disorderly fashion is hard to tell, but they do.

Each case of the disease is truly personal, since it is neither a plague nor contagious. The outcome of the result of the disease is based on the treatment given it by the physician—if one is consulted.

Like most any other disease, cancer must be given treatment in the early stages—or, in most cases, the result will be death for the unfortunate victim. Some cancer cases are not as serious as others, of course, and about the least dangerous is skin cancer, which is also deadly in some cases.

Naturally, there still remains much to be learned about the disease. Hundreds of doctors have spent their entire lives in searching for some method of cure, and yet no sure cure has been found. Even when the cancer is in its early stage, it can still bring death.

During the past week and for the next few days, a series of lectures are being held, with symptoms, treatment, and results of the disease being explained. The lectures are being sponsored by the Women's Field Army of the American Society for the Control of Cancer, an organization devoted entirely to that line of work.

You may never have cancer, but you may learn much by attending one of the lectures. You may have the first stage of cancer now and not know it. You may know someone who is suffering from the disease, and it may be your desire to find out something about it.

At any rate, the lectures are educational, but they will do no good if you don't hear them.

000000

FLOWERS

FLOWERS FOR THE LIVING is an old phrase, and it's the Memphis High School band upon which this phrase should be placed now.

In the recent competition festival held in Amarillo, the local musicians were placed in Division II, which means that the band was given a rating of from 87 to 95 per cent perfect.

They weren't perfect, of course, but the rating was considered exceptionally good, and both the leader and the members of the band should be praised for their diligent efforts in giving recognition to Memphis in the musical field.

The solo contestants did well, too, and one, a newcomer to this city, did well enough to make him eligible for the national regional contests to be held in Waco.

Although few stop to consider it, any honors won by any person or group of persons of the city will be good for any town.

naturally reflect back to the city. And good publicity The band, then, is helping the town—just as the town helped the band when the new suits were bought. Time about is fair play, and the school leaders are usually glad to do their part.

MAC

Press Paragraphs

CULLED FROM THE DEMOCRAT'S EXCHANGES

The Liquor Question
The Canyon News: As every one knows, you can go into a large per cent of the drug stores of Texas, get a prescription from a doctor, and buy liquor. Canyon is fortunate in that no drug store here will sell liquor, and none of the doctors are making a practice of writing liquor prescriptions. The legislature is threatening to limit writing of prescriptions. Instead of bothering the legislature with this prescription business, the State Medical Association is rather air-tight in its dealings. It claims to have high ethical standards for its members, and collects dues, which constitutes a pretty big war chest that may be used against doctors who do not track the so-called ethical standard. Writing an occasional liquor prescription certainly would not be wrong in any doctor, but when a drug store keeps a doctor on duty at all hours just for the single purpose of writing prescriptions for liquor with no questions asked as to the need of this liquor, the ethics of the doctor in question is certainly at a pretty low ebb, and there should be some provision for the association to do something about such fellows.

Wild Oats
Gertie Haskett in the Childers County News: The planting of maize and corn will soon begin, but the sowing of wild oats never ceases.

The Time Is Right
The Liberty County News: Good men should come to the aid of their country, for then and only then, can the good countries come to the aid of their men.

Bad for the Disposition
Gertie Haskett in the Childers County News: It is too bad, but it is true that a man cannot own a mule, and at the same time be a good Christian.

Boom?
The Amarillo Times: To millions of consumers, the current cost-of-living indices are making unsettling reading. The price trend is definitely upward. That does not mean that we are in the

Paying the Bills
The Paducah Post: It is very well and good to put on public demonstrations, march behind the bands and salute Old Glory when it is unfurled. It is all right for us to put tin tags and stickers on cars, our windows, or other con-

spicuous places displaying the Stars and Stripes or a picture of Uncle Sam, but when the old gentleman begins to call on us for money by the billions and billions of dollars and we begin to make a thousand and one excuses, we can put ourselves in the "slacker" category and be assured that our patriotism was only "imaginary."

That's Close, Anyway
The Plainsman in the Lubbock Morning-Avalanche: That Girl on Broadway says Nature provides man with everything except enough money to pay his debts.

Soldiers and Religion
The Amarillo Globe: The American soldier, like the American civilian, is entitled to full opportunity to link himself to a religious faith. The army in recognizing this and providing for it, builds even deeper and stronger the foundations of America's strength.

Man's Rights
The Moore County News: There's a bigger right than even the right of a union to have things just like it wants it. There's the constitutional right of every workman to be able to work and to earn a living for himself and family, free from the necessity of having to support a horde of leeches, who neither toil nor spin, but merely fatten on the blood of those who work with their hands.

Midst of a great inflationary boom and that we should at once spend all the money we can lay our hands on in buying against the future. But it does mean that the dislocations which inevitably result from a war abroad and a multi-billion dollar super-defense drive at home are making the welfare of the consumer a definite problem.

Spacious places displaying the Stars and Stripes or a picture of Uncle Sam, but when the old gentleman begins to call on us for money by the billions and billions of dollars and we begin to make a thousand and one excuses, we can put ourselves in the "slacker" category and be assured that our patriotism was only "imaginary."

How will we meet the acid test? It's coming—and not far away.

Wild Oats
Gertie Haskett in the Childers County News: The planting of maize and corn will soon begin, but the sowing of wild oats never ceases.

The Time Is Right

By BOUGHNER

A Year's Summary of the School Year 1940-41 of the Plaska School.

'Living' at School Taught Beginners

The morning of September 9 found a group of 30 first second grade pupils eager to begin 'living' at the Plaska school. The first unit was one on the 'home' which gave us a good opportunity to feel at home while in school. A miniature home was constructed and furnished, and a great deal of pleasure and many benefits were derived from this initiatory unit.

The next unit was 'pioneer homes.' We made a study of homes as they were in early days and compared them with our homes. The Thanksgiving scene was entered into this unit. As the children learned of the many conveniences of the homes of today, they became more appreciative of the many things for which they should be thankful.

Sharing and giving in the home was our unit for December. We made gifts for the members of the family; and decorated and shared a Christmas tree with little brothers, sisters, and friends. During January we compared the Eskimo homes with ours and learned as much as we could about Eskimo land through pictures and reading.

H. E. Girls Learn Cooking, Sewing

The Plaska home economics class took cooking the first semester. We learned how to cook a number of things, such as cakes, pies, and bread, and then we prepared a regular breakfast and luncheon.

We have also made scrapbooks and put pictures of breakfast foods and luncheon foods in it. We worked on our home projects, and studied everyday courtesies and child guidance.

This semester we are sewing. We have sewed different kinds of seams and different kinds of plackets. We are going to start our dresses soon. We are also making a scrapbook on sewing, personal grooming, and first aid.

The members of the Plaska class are Jo Kathryn and Billie Frances Murdock, Vernadine Sasser, Lottie Mae Upton, and Elma Faye Gardenhire, and the teacher, Mrs. Henry Foster.

Texasans spend nearly twice as much money for candy and four times as much for tobacco than they do for education.

Of the 16 presidents of the U. S. since the Civil War, 13 have been Republicans and 3 Democrats.

Letters Show—

HOW PLASKANS LIKE CAFETERIA

Dear Mr. Fletcher: I am writing to tell you how I enjoy the hot lunches at Plaska. We have a nice clean cafeteria, new tables and benches. We have three women to cook for us. They are nice to us and are good cooks. We have well-planned menus. We get the kind of food that contains the right vitamins for us.

Some of the children have gained as much as 7 pounds in three months. Before we had the hot lunches, some of the children went to school without lunch and did without and now they have regular meals and the right kinds of food. We hope the hot lunches will continue and more schools will have them.

Yours truly, Elma Faye Gardenhire.

Dear Mr. Fletcher: I want to tell you how well I like the hot lunch room. I have gained about 5 pounds since I have started eating there. I know some who have gained more.

When we had to carry our lunch, it cost about 15 cents a day, now our P. T. A. pays 5 cents per child and we get more to eat and it is twice as good.

I really enjoy all the meals we have. We have such things as potatoes, raisins, English peas, butter, an apple, and a cup of milk in one day.

The nickles are used to buy other things which we do not get free. We had hamburgers one day, and boy, were the good! We have about everything to eat that could make a person healthy.

Our cooks are always nice and clean. I have learned to eat more things since I've started

Plaska Cafeteria, Built by Students, Has Fed 3,000 Meals in Four Months

No Rain, No Sand No Spills, No Fun —You Guess What

No rain, no sand, no wind blowing at Plaska Tuesday. Not one of the parents came. We weren't served chicken, dumplings, pie, salad, raisins, or anything of the sort for dinner.

While playing ball no one got up to bat without making a home run. The Plaska men were victorious over their sons by a large score.

The Plaska women also won over their daughters by a top-heavy score. No one scooted or fell while skating. In fact everyone who had to skate had a terrible time and never wanted to do it again.

After the day was over everyone was refreshed and clean and in bad spirits for it had been a miserable day. APRIL FOOL!

Students Learn To Sell Groceries

An interesting feature of Mrs. Morris' room is a grocery store. The primary children are learning about numbers and many other things as they play. The store is 8x7x6 feet, and is stocked with shelves of empty cartons and cans.

Each shelf has correct price tags, and the counter is equipped with a "cash register" and bill pads. An improvement feature of the store is the "refrigerator" in which the butter cartons, bacon boxes, and milk bottles are kept. The storekeepers wear white aprons and caps, and try to look as neat as possible.

Customers at the play store are greeted courteously, and are always given prompt and accurate service. The parings they hear are "Thank you" and "I'll be right back."

5th, 6th Graders Booklets Made

The fifth and 6th grades have made booklets of what we have been studying in reading. The 5th grade studied about Holland and the 6th about Texas.

In health class, we made a windmill with "Comb Hair," "Brush Teeth," "Wash Hands," and "Shine Shoes." We turn the mill and what it stops on. We check to see if we have done what we are supposed to do. The girls ran against the boys and the girls won.

We have woven baskets, rugs, and mats. We have made posters of spring, Easter, April, and ducks. We have enjoyed it very much.

The Odessa meteor, ten miles southwest of Odessa, is 500 feet across. It was made by a meteor striking the earth, and under a WPA project is being made into an educational exhibit.

Letters Show—

Dear Mr. Fletcher: We buy milk only from owners of tested cows, so that no one will take a disease from the milk. There are not enough words to tell you how well I like the lunch.

Your pupil, LaVerne Orr.

I have enjoyed my seven years of school here at Plaska very much. I had hoped when I started to school that I would always come here, but many things have changed since then.

Instead of 12 grades, we only have nine, and I will go to Memphis High School with the rest of my class next year.

Among the many things that have improved our school are the hot lunches. I think it is probably the most important improvement that any rural school can have. I especially like the kind of food we have and the cost is so little that everyone can eat a warm lunch. I believe that all the children going here are a lot healthier since the beginning of the lunch room.

I have gained 12 pounds and many of my friends have gained too. I was in the tuberculosis sanatorium for six months and I never felt very well after I came home. I was ill a lot and lost 11 pounds, and now I have gained it back and I feel much better.

I hope that all my friends and the students of Plaska school and the future students enjoy the swell lunchroom as much as I have enjoyed it this year, and I'm sure they will.

Very sincerely, Vernadine Sasser.

By Raymond Martin The Plaska cafeteria was built by the Plaska manual training boys. They worked one month trying to get it finished as quickly as they could. They have built three tables, six benches, and two built-in cabinets.

Stoves have been installed and gas piped to the stoves. Cooking utensils have been bought. The total cost was approximately one hundred and fifty dollars.

Cafeteria sponsors presented Cal Farley and his troupe and made 90 dollars on the show. Each family gave something to the cafeteria.

The cafeteria has been going for months. Here is a sample of what is served: Peach pie, scalloped potatoes, English peas, rice pudding, Spanish rice, liver, spare ribs, whole wheat bread, asparagus, salads, gelatine, cake, cocoa, pop, hamburgers, and other varieties.

For Christmas dinner in 1940, the menu included gelatine, candy, nuts, and cake.

Students use good table etiquette, and offer thanks each day. No loud noises are allowed and no one leaves the table until every one is finished eating. After they are seated, they do not get up and all use good manners while eating.

The cafeteria has bought two pigs for the 7th graders to go to Carlsbad. They have three cooks employed by the WPA: Mrs. Nona Dunn, Mrs. W. T. Davis, and Mrs. W. Davis. All three are good cooks, and are clean in their work.

The P. T. A. has donated about \$300 to the cafeteria, which has served about three thousand meals in four months.

—BRIEF BIOGRAPHIES—

DEANE FLETCHER

Deane Fletcher is the principal and teacher of manual training and social sciences in Plaska High School. Formerly he was principal of the Highpoint High School in Childress County.

He was born in Childress in 1914, and is a graduate of Childress High School. Later he attended Caners Junior College and Texas Tech at Lubbock. He completed his work for his B. S. degree at WTSC at Canyon. Two years ago he received his M. A. degree at Canyon. He plans to start work this summer on his E. D. degree at the University of Wyoming.

During his five years of teaching experience, he has made many friends with all his students. Recently he was re-elected at Plaska for a third term.

Mr. Fletcher is the junior boys coach and so far they have been successful in most of the games they have played. He is very talented in making useful and practical objects of wood.

SARAH HENDRICKS

Miss Sarah Hendricks is the third and fourth grade teacher in the Plaska public school.

She taught one year in the public school of Pleasant Valley and two years at Bray in Donley County before coming here. This is Miss Hendricks' fourth year to teach. She is doing an excellent job and is liked by everyone.

Miss Hendricks was born May 20, 1915, the daughter of Rev. and Mrs. A. V. Hendricks. Rev. and Mrs. Hendricks have three other children, one other daughter and two sons.

Miss Hendricks attended six different schools in her grammar and high school years. They are Slaton, Albany, San Angelo, Crystal City, Sudan, and Hedley. When she finished high school, she entered Clarendon Junior College. After that she attended McMurry and North Texas State Teachers College.

Her hobby is reading. She said she divides her time between about three different things, but she likes reading the best.

MRS. C. D. MCRRISS

Mrs. C. D. McRriss is the first and second grade teacher of the Plaska public school. She was born at Point in Rains County. Mrs. McRriss finished her seventh year in the Woosley community, and then she entered the Point high school and finished the 10th grade. Mrs. McRriss then entered the high school division at the East Texas State Teachers College at Commerce, and completed her work there in 1926.

She taught her first year here in the Plaska school and is completing her 14th year as teacher, 11 of which have been spent here. The other three years were spent in the Indian Creek and Friendship schools.

Mrs. McRriss has her B. S. degree. She is an elected member of the Alpha and is to be initiated this spring at the annual breakfast which she plans to attend. The Alpha is an honorary society which elects its members from the highest-ranking ten per cent of each

Ball Teams Have Good Season in '41

The Plaska junior boys basketball and baseball teams are composed of Ed Shirley, Robert Galloway, Raymond Martin, Jack Wheeler, Charles Campbell, Theron Gossett, Billy Murdock, Jack Nix, K. D. Nabers, Eugene Galloway, Colbert Chappell, Gene Sasser, Tommy Boswell, and J. O. Dixon.

Both teams have been successful during the year. Two tournaments were attended. One was in Lakeview, where we narrowly were defeated by one point in the conquest for the consolation prize. At Newlin, we were again defeated by one point in our try for first place.

Our baseball team was more fortunate in that we haven't been beaten this year, and hope to continue our present percentage. A team composed of younger Plaska boys was winner by a narrow margin over the Plaska men in the annual ball game April 1. We invite any team to contact us and we will endeavor to beat them.

Our basketball team was more fortunate in that we haven't been beaten this year, and hope to continue our present percentage. A team composed of younger Plaska boys was winner by a narrow margin over the Plaska men in the annual ball game April 1. We invite any team to contact us and we will endeavor to beat them.

Brief History of Plaska Is Given

A few years ago there was just a post office at Plaska, which was called Lodge.

It was kept going for a few years and finally stopped. We got on the rural route and then the post office was returned. There was another town in Texas named Lodge, so the name had to be changed.

My father, N. M. Orr, sent in the name of Plaska to Washington, D. C., and the name, with the exception of the letter "U," was chosen. So this little town was called Plaska.

graduation class. She is also a member of the Delta Kappa Gamma, teacher's sorority. She is treasurer of her chapter which includes Hall, Donley, Collingsworth, and Childress Counties.

Mrs. Morris' hobby is reading. Her ambition is to go back to school to work for another degree.

MRS. HENRY FOSTER

Mrs. Henry Foster was the third child of five children born to Dr. and Mrs. J. H. Ball of Crystal Falls. In 1917, Mrs. Foster moved with her parents to Breckenridge, and in 1920 she moved with her parents to Abilene.

She graduated from Abilene High School in 1926, and received her B. A. degree from Simmons University with a major in mathematics and a double minor in speech and education. Since her graduation she has completed special work in Texas Tech at Lubbock, WTSC in Canyon, and Abilene Christian College.

She is completing her 12th year of teaching—eight of which have been in the Plaska school. She teaches the following subjects this year: music, penmanship, English, mathematics, art, reading, health, and home economics.

Mrs. Foster has made many friends in the 11 years she has lived in Hall County. She is active in community work and church work.

She is a life member of the Texas State Teacher's Association and the Delta Kappa Gamma Society.

Pretty Punny, Eh?

As I was going to CHAPPELL one COLE morning I met the BISHOP who had just come from a call on his NABERS. And I GRANT you he looked as though he had just come out of the GARRETT.

He was rolling a WHEELER something and onto it he had tied several BALLONS. I thought at once he must have gone to see HENSON who lived five miles WEST of PARNELL toward the CONNER of HALL county.

I yelled to him, trying to make myself heard over all the noise he was making, "Where'd you get that contraption?" I asked. He said, "Oh, I just picked up the pieces near PLASKA. My wife got the idea of tying all this junk together. It SHIRLEY is a

lot of fun. She is just like a LAMB, even if she did chase my son's GALLOWAY."

I said, "What are you doing down this way?"

And he answered, "My wife wants me to hire a COOK. The last one we had left within three days."

I told him, "There's a grand COOK out in our GARDEN HIRE her if you want to."

Just as he turned to look at the maiden on the garden bench, a donkey BRAYED. He jumped as though he had been shot. I knew that he was thinking of MARTIN, ORR iron being thrown at him, because I knew his wife and oh, boy!

"You'd better not SASSER," I warned, but I only laughed and said, "NIX, it's just a donkey."

School Trustees Are Introduced

Let me introduce the trustees of the Plaska school board: president, Vernon Sasser; secretary, Harold Hodges; and Ed Murdock, Mr. Ellis, Frank Wheeler, Mr. McBride, and Walter McMaster.

These trustees have saved the Plaska taxpayers many hundreds of dollars by issuing new bonds by which the school building will be paid for ten years earlier than originally planned.

The board meets regularly once a month and attends to administrative matters. During the past two years, much money has been saved for the taxpayers by operating on a cash budget. The schoolhouse was completely refinished on the exterior. Radios and other equipment has been bought to improve the audio-visual method of teaching.

During this school year we have been entertained by moving pictures on various occasions.

Some of them have been about health and some about metal, such as copper and nickel. We have seen shows about raw materials, such as rayon and silk. During the year, we have had one show of the 7th and 8th grades.

We have all been interested in the shows, and we take this opportunity to thank the operator, Mr. Fletcher.

There was a picture shown, in which about twenty children came out of one barrel. Another was a picture of boys and girls fighting, including the pulling of hair. Most all of the shows have been educational.

Texas and Tennessee are the states which pioneered in the South about three years ago in establishing cooperative freezer locker plants. Following their lead, Arkansas now has seven plants, Georgia five, North Carolina four, Louisiana three, and South Carolina and Florida one each.

An average of 42 cents of each dollar spent for food by the American housewife in 1940 went to the farmer. The pro rate was 41 cents in 1939 and 53 cents in 1913.

TRAINING FOR A Topsy-Turvy World. BOTTOMS-UP may be merely a game with this athletic young man, or it may be his way of getting a new slant on the world. It's tough to tell what's on his mind, especially when his mind is upside down. But when you want to be on the safe side in caring for your engine, you have inside information to help you pick a winning oil. Here it is: Phillips refines many oils, in various grades to match varying needs and pocketbooks. Of all these oils, we have set one apart as our best. Without reservations of any kind, we frankly tell you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer. No experienced car owner needs to be told about the economy of good oil. So ask for Phillips 66 Motor Oil when draining winter-worn lubricant or when making the normal 1,000-mile oil change.

All material prepared submitted by the student faculty of the Plaska School.

Manual Training Class Kept

During the year of manual training, many beautiful things have been made. Among these things, work has been done of sweet gum; chests of holders of cedar; made in the shape of ironing boards of wood; Edd Shirley made also ironing board; also made an end Nix, a letter holder; dock, a match holder.

One quilt box was made by Raymond Martin, and were made for other community.

The boys are now holders, with their them. They are cherry, black wax sassafras, and maple boys, under the name Fletcher, have been to the school, community in the repair they do free for the

P-TA Active Group At Plaska School

The P. T. A. of Plaska is one of the hardest working, best functioning organizations of Plaska.

The president is Mrs. Dave Conner; vice president, Mrs. Ed Galloway; and secretary-treasurer, Mrs. Walter McMaster.

We have more members this year than in a long while. The P. T. A. sponsors the hot lunch project. They have also helped the 7th graders in raising money to go to Carlsbad this year. They are planning to buy an electric refrigerator for the hot lunch room.

7th Graders Have Year of Activity

The first meeting of the 7th graders was held February 2. We organized our class, and the following officers were elected: President, Elma Faye Gardenhire; Plaska; vice president, Irene Vick; Friendship; and secretary, Jeanette Vaughn, Eli.

The members of the Plaska class are Edward Shirley, Jack Wheeler, Charles Campbell, Doyle Griffin, Theron Gossett, Lottie Mae Upton, and Elma Faye Gardenhire.

The class decided to have a skating party February 13. All members had a good time. We skated from 7:30 to 9 o'clock, then a business session was held.

We are going to have our graduation May 13. We want to invite everyone to attend.

We are going to Carlsbad after the graduation. We are going to have with us one sponsor from each school and also Miss Gilreath.

We also have a civics club and cacti gardens. We have whitewashed the racks. We have had a good time working with the cacti.

8th Graders Play During

The 8th grade members for a play to grade raise enough to Carlsbad. The name "The Red Lamp" actors are as follows:

Harold Deering, Bert Galloway; Mad Jo Kathryn Murdock; Vernadine Sasser; O'Shane, Billie Frae; Billy Worth, Raymond

 Mr. Henry H. Pharris, of 2716 West Sixth St., Amarillo, Texas, states: "I was constipated, had nervous indigestion. There were

MR. HENRY H. PHARRIS
 terrible pains in my shoulder. My sleep was broken, I couldn't rest, was tired all the time. The food I ate didn't seem to do me any good. My general health went from bad to worse.
 "Hoyt's Compound proved to be the thing to correct these ailments. It's effects apparently do not wear out. Today I have more strength and ambition than I have had in years. Pains, indigestion and constipation have been corrected. I eat what I want, feel much better."
 Hoyt's Compound is recommended and sold by Tarver's Pharmacy, and by leading druggists everywhere. But it for \$1.25 a bottle or save 31 cents on a purchase of 2 bottles for \$2.19.

Plaska Methodist Women's Society Meets at Church

The Methodist W. S. C. S. of Plaska met at the church Monday for a program concerning Easter.

The devotional service, led by Mrs. Edgar Foster, began with a song "Christ Arose." Mrs. W. J. McMaster was lesson leader and gave a discussion of a topic, "Because He Lives."

Two other topics, "Easter Revelation" and "Easter in Uruguay" were given by Mrs. Bob Tiner and Mrs. Deane Fletcher, respectively. Mrs. Tiner presided over the business session which was closed with the World Prayer.

Those attending were Mesdames Foster, McMaster, Tiner, Fletcher, Wilson, Milton Orr, and Jim Oliver.

Needle Craft Club Meets in Home of Mrs. H. Newman

Members of the Needle Craft Club held a breakfast Tuesday morning in the home of Mrs. Henry Newman.

The social committee composed of Mesdames Lloyd Phillips, Jerry Wright, Henry Newman, Lloyd Byars, and Carl Wolf, had charge of the arrangements.

Purple iris formed the centerpiece for the tables, and other table decorations were in keeping with the season. Cut flowers were used throughout the reception room.

Attending were Mesdames Floyd McElreath, George Hammond, J. M. Ferrel, T. D. Weatherly, Earl Pritchett, Lloyd Byars, Jerry Wright, Carl Wolf, Bruce Webster, Bess Crump, Lloyd Phillips, Barney Wattenbarger, and Henry Newman.

Study Club Has Meeting in Home Of Mrs. J. Jones

The 1913 Study Club met Wednesday afternoon, with Mrs. Jessie Jones as hostess.

The meeting was called to order by the president. Program for the session was debate on the question: "Resolved, Texas Should Increase the Tax on Natural Resources." Mrs. M. McNeely and Mrs. Allen Dunbar were affirmative speakers, and Mrs. Norma Hunt and Miss Mary Foreman were on the negative side.

Present were Mesdames Byron Baldwin, T. J. Dunbar, R. S. Greene, Gayle Greene, Jessie Jones, R. C. Walker, M. McNeely, M. G. Tarver, L. B. Merrell, Allen Dunbar, Norma Hunt, Juanita Montgomery, T. M. Harrison, and Miss Mary Foreman, and two guests, Mrs. G. R. Sensabaugh of Dallas, and Mrs. W. W. Clower of Beverly Hills, Calif., a former member of the club.

Mr. & Mrs. Hoggatt Entertain With Dinner, Egg Hunt

Mr. and Mrs. Bud Hoggatt entertained 45 friends and relatives with a dinner and egg hunt Sunday.

Present for the dinner were Mr. and Mrs. Edward Evans and daughter Patty Ann of Mangum, Okla. Mr. and Mrs. Bud Halford and family of Broken, Okla., Ella, Allea, Freddie Lee, and Babe Hoggatt of Friendship.

Afternoon guests included Mr. and Mrs. T. P. Fancher and family, Walter, Henry, and Billy Joe, of Deep Lake; Mr. and Mrs. Pete Fancher of Pleasant Valley; Mr. and Mrs. F. J. Gardenhire Jr. of Borger; Ernest Hoggatt of Friendship.

Charlie Spencer and M. M. Shirley of Pleasant Valley; Mr. and Mrs. Elmo Kennedy and family, Ruby, Jim, Ida Mae, and Dillard, of Deep Lake; Mr. and Mrs. Frank Polasek and family, Ozie, Paul, Charles, Huston, Bill, Mary Lou, Barbara Leen, and Alice Fay, of Pleasant Valley.

Plaska Needle Club Meets in Home of Mrs. T. J. Spry

The Plaska Needle Club met Tuesday afternoon in the home of Mrs. T. J. Spry.

The afternoon was spent in quilting, piecing quilts, crocheting and embroidering. Mrs. W. L. Crawford presided over a short business session.

Answering roll call were Mesdames E. E. Foster, W. L. Crawford, G. P. Owens, Troy Dunn, W. L. Nabers, J. E. Murdock, T. J. Spry, John Smith, Harold Hodges, Herbert Hodges, and Edd Murdock.

The club will meet Tuesday afternoon, April 22, in the home of Mrs. G. P. Owens.

CHURCHES

FIRST CHRISTIAN CHURCH Joe Findley, Pastor

The regular service hours at the First Christian Church are as follows:
Sunday School at 10 a. m.
Church services at 11 a. m. and 7:30 p. m.
Christian Endeavor at 6:30 o'clock Sunday evening.
Prayer meeting at 7:30 o'clock Wednesday evening.

CHURCH OF CHRIST 7th and Brice Streets J. L. Moyer, Evangelist

SUNDAY—Bible class, 9:45 a. m. Preaching at 11 a. m. and 8 p. m. Communion, 11:40 a. m. and 8:45 p. m.
MONDAY—Women's Bible Class, 3 p. m.
WEDNESDAY—Prayer meeting and Bible study, 8 p. m. You are invited.

FIRST BAPTIST CHURCH S. F. Martin, Pastor

SUNDAY—9:45 a. m., Sunday School, 11 a. m., Morning worship, 7 p. m., Training Union, 8 p. m., Evening worship. Our revival begins Sunday and lasts throughout the week, closing on the following Sunday, April 27. Rev. Dick O'Brien, pastor of the First Baptist Church, Stamford, will be the preacher. We are extremely fortunate to secure this outstanding preacher. He is in as great demand as nearly any preacher in Texas. You are cordially invited to hear him. The music will be under the direction of a good leader and you are especially invited to be in these services each morning at 10 a. m. and in the evening service at 7:30 p. m.

PLASKA FRIENDSHIP and ELI BAPTIST CHURCHES M. O. Evans, Pastor

SUNDAY—10 a. m. Sunday School, 7:30 p. m. Training Union. Sunday will be our preaching day at Plaska. We will begin a week's meeting at Plaska Sunday. We are hoping to have a good attendance Sunday and on through the week. We welcome everyone. We hope when you come you will receive a blessing. We pray that this church will be a blessing to the community.

CHURCH OF THE NAZARENE D. M. Duke, Pastor

Sunday School, 9:45 a. m. Morning worship, 11 a. m. N. Y. P. S., 7:30 p. m. Preaching service, 8 p. m. Wednesday night prayer meeting, 8 p. m. Spring is here, and brings along a new earth that is green, fragrant, and enjoyable. Let us all turn to the One who giveth all, and praise His name which is worthy. We extend an invitation to all to attend all of our services.

METHODIST NEWS NOTES E. L. Yeats, Pastor

The Vernon district conference was held in Estelline Tuesday. The meeting was attended by about ten ministers of the Clarendon district, including Rev. Palmer of Clarendon, Rev. Biggs of Hedley, Rev. Herrell of Quitaque, Rev. Wright of Turkey, and Rev. Yeats of Memphis. Tickets are on sale for the Father and Son banquet which will be held May 1.

Rev. Bryant, pastor at Sparenberg, will assist in the revival meeting which will begin April 27. He will assist at choir director, singer, and young people's worker. The young people of the Clarendon district will meet in this city Thursday evening for their quarterly session. The president of young people's work in Northwest Texas, Rev. J. W. Gamble of Lubbock, will be present.

Future Readers of The Democrat

Mr. and Mrs. C. W. Hankins are the parents of a son, born April 14 in a local hospital. He weighed 9 pounds and 2 ounces and has been named Rodney Curtis.

Mr. and Mrs. Otho Gardenhire of Lakeview announce the birth of a girl April 16.

Mr. and Mrs. O. G. Anderson of Quail are the parents of a girl, born April 11. She has been named Glenda Edna.

Mr. and Mrs. J. M. Rice of Lesley announce the birth of a girl April 11. She has been named Mary Edith.

Mr. and Mrs. Edward "Butter" Bourland of Los Angeles, announce the birth of a daughter, April 3. She weighed 7 pounds, 1 ounce at birth, and has been named Beverly Kay. Mrs. Bourland is the former Esther Jones, daughter of Mrs. R. T. Jones of Memphis.

Paul Bunch Killed In Airplane Crash

Lieutenant Paul Bunch, of the U. S. Army air corps transport squadron at McClellan Field at Sacramento, Calif., and son of Mr. and Mrs. A. P. Bunch of Bakersfield, Calif., former residents of Memphis, was instantly killed Saturday, March 8, at Shafter when his plane crashed while going thru maneuvers for a group of Hi-Y delegates who witnessed the tragedy.

Many will remember Mr. and Mrs. A. P. Bunch, since they lived in Memphis a number of years before going to California.

Surviving Bunch, besides his parents, are three brothers, Douglas and Ellis Dale of Los Angeles, and Truett of Bakersfield.

PLASKA METHODIST CIRCUIT

Albert Cooper, Pastor
April 20 is preaching day at Eli. Would like for the membership of the church to be present to elect a delegate to the district conference, which meets at Lakeview April 29.

Spring Campaign On Goodyear Tires Started by Dealer

Sales Campaign to Last From April 16 to 26, Says Manager Pioneer Supply

"Every spring we look forward to the opportunity afforded by the April tire sales feature which Goodyear organizes to stimulate business for us which is also as well a contribution toward safer driving," said Joe C. Webster, local Goodyear dealer who told The Democrat that his company had just placed a season-opener, campaign to extend from April 16 to 26.

Featuring the lines of the brand-new G-3 All-Weather, Marathon in standard and reversible sidewall types, and the All American, successfully introduced last year in five sizes, the 10-day campaign marks the first big tire selling promotion of the company this year, Mr. Webster declared.

Fact that there will continue to be considerable bad driving weather yet this spring, with heavy rains creating slippery pavements, the matter of buying new traction, is, in the opinion of Mr. Webster, coupled with the point that as soon as highways get hot the traffic will be heavier and then, if there are tire failures on crowded roads, the resulting potential is likely to be much greater, in toll of injury and property damage.

Funeral Services—

(Continued from Page 1)

of Wellington, three grandchildren, and one great-grandson.

Judge Fires was born June 15, 1860, at Jefferson, Ind., and came to Texas in 1883 after having finished law school at Louisville, Ky. He arrived in what is now known as Childress in 1885.

He was married in 1888 to Miss Margaret Warnick of Bloomfield, Ind., a schoolmate of his boyhood days.

Governor Dan Moody appointed him to an unexpired portion of a term as judge of the 100th district court. He was elected to the office twice afterwards, and retired January 1, 1937.

He was well-known as a civic worker, and was often called the "father of Childress." At one time he was judge of Childress County.

Large Crowd of Countians Attend Spring Singing Convention in Memphis

Threatening weather, coupled with special Easter services at the churches, kept many away from the Saturday night and Sunday morning sessions of the Hall County Singing Association meeting in Memphis, but singers from throughout the county were present at the afternoon session.

Lunch of sandwiches, cake and coffee was served Sunday at noon. Highlighting the convention singing was again the 6-year-old songstress, Letha May Moss of McKnight. The Moss family quartet of McKnight was also present.

Another featured quartet was the Donley County quartet, composed of New Waldron, Mrs. Joe Crawford, Gene Moss, and O. L. Barham. Barham was substituting for a regular member of the group, who was unable to be present.

At the business meeting, the association voted to hold the next county meeting at Plaska on the second Sunday in September.

Officers of the association are Edgar Foster of Plaska, president, Hayden Goodnight of Memphis, vice president, and O. L. Barham, also of Memphis, secretary-treasurer.

The rural school of the county will appear in the program of the district Teachers, which is to be held at the county seat on Sunday, April 20. She was better Wednesday.

Mrs. F. N. Foxhall as resting well through her condition. She has been several months. Mrs. Myrtle Woodson, tomsilley, tomy in a Sunday. She was better Wednesday.

Eubank Opposes—

(Continued from page 1)

000,000 in state funds, to be matched dollar-for-dollar by federal funds, making a total of \$50,000,000 annually for old-age assistance in Texas.

The omnibus tax bill was passed by the House March 10, and has been in the Senate since that time. The Senate has taken action on no measure for social security.
