## ISSUE POISON AND BRAN TO FARMERS HERE

Ruralists Join For Struggle Against Grasshoppers

Hall County farmers continued to wage war this week on grasshoppers which have infested the county in large numbers, as a large shipment of bran to be mixed with poison was received by County Farm Agent R. E. L. Pattillo. Eleven hundred and fifty gallons of sodium arsenite have been received by the county agent and are being distributed free to farmers in the war on grasshoppers. Over 40,000 pounds of bran were received this week. Farmers must pay for half of the bran and for the syrup and amy acetate to mix with it. Mixing is done at stations in Memphis, Turkey, and Estelline. The poison is not to be carried off by farmers until it has been mixed. A man from the state grasshopper control headquarters at College Station was in Memphis Wednesday, giving suggestions on ridding the county of the plague. He stated that the poison should be spread as thin as possible. It may be spread by hand, it was said. But if a person thinks the poison will injure his skin, he should cover his hands with axle grease and soap.

Where grasshoppers are eating the cotton, poison should be spread in the fields, but otherwise it should be put out along the fence rows and in the pastures. There is no danger of water tanks being poisoned in case a rain should wash the arsenite into the tanks, it was stated. The poison should be put out early in the morning, before sunrise, to obtain the best results. Farmers were cautioned not to waste the poison, as additional supplies may not be forthcoming. One hundred pounds of mixture should cover 20 acres. Considerable damage has been reported over the county by the grasshoppers, and several hundred pounds of poisoned bran have been distributed from the three mixing stations.

## Memphis Woman Arkansas Booster

Mrs. J. W. Burks of Memphis is a booster for the state of Arkansas. She recently returned from a three-month visit with her son Lonnie Burks near Oden, and brought with her specimens of potatoes, beans, and onions raised in Arkansas. The vegetables, which she displayed at The Democrat office, were unusually large. They were grown by Tom Huddleston, Sam Hickey, and Mrs. John Scott, all of near Hot Springs, Ark.

## Radio Entertainers Are Here Wednesday

Appearing on the courthouse lawn, at local grocery establishments, and at the Ritz Theatre, Senorita Rosita, featured Pan American radio star of WFAA, and the Pan Americans, famous radio entertainers, invited citizens of Memphis and vicinity Wednesday to attend the Pan American Exposition now in progress in Dallas.

## RECEIVE WILD HORSES

A car-load of wild horses, captured in Arizona, has been shipped to the Lett ranch in Hall County. The horses, 42 in number, have been placed on the H. Lett property, about 20 miles west of Memphis, to graze. They will be broken for use later.

## Chief Of Police Issues Warning On Fireworks

Chief of Police Edd McCreary yesterday issued a warning to youngsters that the shooting of fireworks in the business section of the city will not be tolerated on the Fourth of July. "If Independence Day revelers must celebrate by setting off fireworks, they must do so outside the fire zone," Chief McCreary stated. The fire zone extends two blocks in every direction from the square, he said. There is a city ordinance against shooting fireworks in the fire zone, McCreary said, and violators will be subject to arrest.

## 10 ADULT WPA TEACHERS ARE DROPPED HERE

County's Supervisor Is Transferred To Lubbock County

Drastic cuts in the teacher rolls of the Works Progress Administration adult education set-up has been made in this district, and over half of Hall County's adult education instructors were dropped from the program this week and last. John H. Jones, field supervisor of the district from the Pampa office, and James W. Chapman, district supervisor from the Amarillo headquarters, were in Memphis Tuesday and Wednesday making the teacher slashes. In addition to paring the number of Hall County adult teachers, T. F. Huggins, who recently was sent to Hall County as the supervisor of the program, was transferred to Lubbock County. Hall County will probably not have a county supervisor, it was said. There are seven adult teachers remaining on the Hall County list. Ten were dropped. Mr. Chapman stated that reductions are being made over the entire state, caused by a recent state ruling. There are only 40 teachers, now employed in the 26 counties under Mr. Chapman's supervision, seven of the instructors in Hall County.

## Money Arrives For Rural Teacher Pay

Hall County schools received \$2,762 recently from the State Department of Education, Austin, to be used to pay rural school teachers of the county for work during last term. The money represented a payment of two dollars per pupil in state apportionment money. A like amount is to be received from the state this month, which will be the last state apportionment money due the county for the last school term. The county has received \$23,477 to date from the state in apportionment funds.

## Lean And Fat Business Men of City Will Play Softball Battle for Funds for Band

Funds to outfit the Memphis Gold Medal Band in summer uniforms are to be raised at a softball game which is to be played at the Cyclone Football Stadium here Thursday night, July 8, starting at 8:15 o'clock. The game, which is conceded to be a thrill-studded affair, is to be played by the Memphis "Mamas," captained by Capt. Joe Chitwood, and the Memphis "Short Boys," captained by Capt. Floyd Springer. Wagers are already being laid as to the outcome of the game, and both of the team managers and the bat-boys have worked themselves into a lather in anticipation of the "grudge" battle. So confident are the "Mamas" that they are slated to win that they have agreed—some of them have anyway—to wear dresses to play in. The "Short Boys" are to play in abbreviated costumes. A parade by the Gold Medal Band through the Memphis business district Thursday afternoon

## CLARENDON BODY VISITS IN COUNTY

Invites Hall Countians To Attend Fete; Gold Medal Band To Participate

Inviting Memphis and Hall County people to attend the Golden Anniversary Celebration in Clarendon on Saturday, July 3rd, a delegation of Clarendon boosters arrived in Memphis Tuesday morning shortly before 10 o'clock and presented a brief program of band music and speeches. Sam Braswell, veteran Clarendon newspaper man, spoke briefly and invited residents of this section to take part in the anniversary celebration Saturday, stating that a large group of Clarendon and Donley County persons will be in Memphis on July 21 to help celebrate the Hall County Pioneer Reunion. Brief talks were also made by Homer Mulkey, Clarendon theatre man, and J. R. Gilliam, secretary of the Clarendon Chamber of Commerce. The Clarendon High School band, entertained with a short concert, which was broadcast over a public address system. Included in the official program for the Clarendon Golden Anniversary Celebration are singing contests, an address by C. V. Terrell, chairman of the state railroad commission; pioneer luncheon; rodeo; all-star softball game between Clarendon and Memphis; parades, negro minstrel. The Memphis Gold Medal Band, under the direction of Bandmaster Milton Pullis, is to be one of the official bands for the celebration.

## Farm Agent Asks That Work Sheets Be Re-Signed Here

Farmers of Hall County are requested by the county agricultural agent to sign the blank work sheets that have been sent them recently and to return the sheets to the county agent's office. Since the original work sheets were signed and sent off, a state ruling has been made that all typewritten work sheets must also be signed by the cooperators, W. S. Bennett, assistant county farm agent, stated in explaining why the work sheets have been sent out. Farmers are requested to hurry the signing, as a state analysis of the cooperators can not be made until all work sheets are in. And until the state analysis is made, no money can be received.

## Cottingham Quits Estelline Position

Greer Cottingham, recently elected football coach at Estelline, resigned his position to accept a similar place with the Crosbyton High School. Coach Cottingham is a graduate of the Panhandle Oklahoma A. & M. College and lettered there as a lineman. Cottingham was only recently employed to coach at Estelline following the resignation of Edsel Curnutt, who took an Oklahoma coaching job.

## Methodist Revival Will Close Sunday

The two-week evangelistic revival in progress at the Memphis First Methodist Church will close Sunday evening, Rev. Orion W. Carter, pastor, has announced. The revivalist, Dr. W. C. House, pastor of the First Methodist Church of Pampa, will leave for Pampa following the Sunday morning service, and the Rev. Mr. Carter will conclude the two-week meeting Sunday evening. Large attendance and good interest have marked the annual summer revival of the local Methodist Church. Everyone is invited to attend the closing revival meetings, Rev. Carter stated. Services are held each morning at 10 o'clock and each evening at 8:15.

## Committees Begin Work On Old Settlers Reunion

### TENNIS MEET TO OPEN HERE MONDAY NIGHT

Registration Closes Monday Noon; Wide Field Is Expected

Registration in the Memphis Country Club invitation tennis tournament will close at noon on Monday, July 5, Malone Hagan, chairman of the club's tennis committee, stated yesterday. The tournament will open Monday night at 8:30 o'clock. Several have already entered the mixed-doubles tennis tourney, and indications have been received that players from several neighboring towns will take part in the play. The registration fee is \$1 per team, which is composed of a man and woman or boy and girl. Prizes will be awarded all winners in the first and second flights and in the consolation play. All play will be at night on the Memphis Country Club courts, which are in good shape and well lighted. Invitations have been sent to tennis players of Wellington, Clarendon, Childress, Paducah, Quitaque, Turkey, Estelline, Lakeview, Hedley, and other surrounding towns. Those teams wishing to enter the tournament should register with Malone Hagan or at the Democrat office.

### General Rain Falls Over County Sunday

To Lower Mercury

General rains visited the Hall County sector last Saturday night and Sunday night. The "cotton rains" aided the young cotton and feed crops and gave Hall Countians a brief moment of respite from the long string of hot, sultry days. Thirty-five hundredths of an inch of moisture was received here last Saturday night, and an additional .37 of an inch was received Sunday night. The showers Saturday night were mostly spotted, but light rains were general Sunday night and Monday morning. The high temperature recording Monday was 95 degrees, but the mercury was soared to the 100-mark every day since.

### Vacation School To Close Here Friday

The two-week vacation Bible school which is being conducted at the Memphis First Baptist Church closes Friday night, but a commencement service will be held at the church Sunday evening to conclude the school. The average daily attendance at the vacation school was 154 through Wednesday of this week. Twenty-seven teachers are instructing the pupils, and the largest attendance for one day was 178. Two hundred and thirty-eight different persons have attended at least one session of the school. Exhibits of the work done by the boys and girls will be shown at the services Sunday night, Rev. J. William Mason, pastor, stated.

### Memphis Farmer Guns For Local Chief Of Police

Josh Lamb, Memphis business man and farmer, is thumbing through the state's statutes these days to see if it is against the law to shoot a chief of police. Mr. Lamb is peeved with the Memphis chief of police, Edd McCreary, it would seem. Thursday of last week Mr. Lamb hitched a team of mules to his wagon and went to his farm eight miles east of Memphis to work his cotton field. He soon became tired of the heavy work and lay down in the shade of a weed and went to sleep, it is authoritatively reported to The Democrat. While he was "resting," his mules wandered back to the city. When Mr. Lamb arrived in town he found that Chief McCreary had put the mules in the city pound and demanded \$2 for their release. Now Mr. Lamb is "sore" at the chief of police and the mules.

### Bus Drivers To Be Hired, Routes Will Be Settled Monday

The Hall County School Board will meet in the office of the county school superintendent Monday in an all-day session to employ school bus drivers for next year and to make final designation of the bus routes. Memphis and Turkey bus drivers will be employed by the board Monday morning, and the Memphis and Turkey routes will be definitely agreed upon. The Lakeview and Estelline drivers will be hired Monday afternoon, and the routes will be settled.

### Veteran Physician Moves Office Here

Dr. J. M. Ballew, pioneer Memphis physician, moved his office to his residence, 802 South Sixth street, here Tuesday. He had conducted his business in the old Hall County National Bank building for the past 19 years. Dr. Ballew will continue practicing at his home. He has been an active physician for the past 48 years, practicing here for 36 years, with the exception of 18 months spent at the base hospital in Houston during the World War. He practiced in Bosque County for 12 years before coming to Memphis.

### Memphis Man Goes To Salt Lake City For Weather Tests

Bill Bowermon, young Memphis aviator, will leave here Friday morning for Salt Lake City, Utah, where he has a contract to make weather test flights for the government. Mrs. Bowermon will join her husband in Salt Lake City shortly. Mr. and Mrs. Bowermon and Mr. and Mrs. Carl Harrison went to El Paso last Saturday where Mr. Bowermon purchased the airplane in which he will make the weather observation flights. Mr. and Mrs. Harrison returned to Memphis Monday, and Mr. and Mrs. Bowermon went to Dallas, where special instruments were attached to the ship. They returned Thursday.

### RESIGNS POSITION

J. B. Baird has announced his resignation as manager of the Gulf service station at Noel and Seventh streets here, and has been employed as manager of the Magnolia Oil wholesale agency at Quitaque. Mrs. Fisher had resided in Collingsworth County for the past 36 years. Survivors are three daughters, Mrs. Sanders, Memphis; Mrs. A. L. Gardner and Mrs. J. A. Dukeminier, Wellington; and one son, R. S. Fisher of Samnorwood. Mr. and Mrs. L. D. Sanders and daughters Mary Jean and Polly Ann and son Tug Sanders of Dallas attended the funeral from here.

### Most of County's Wheat Harvested

Most of Hall County's 1937 wheat crop has been harvested and shipped from the county, with consignments being shipped from the Turkey, Estelline, and Memphis sectors. Six car-loads had been shipped from Memphis to Thursday morning, and three others were loaded. Hall County wheat raisers have received approximately \$1 per bushel for their yield this year. The wheat tests about 60 pounds to the bushel, with a 20-bushel to the acre average yield. When the wheat is all sold, Hall County farmers will have received approximately \$40,000 from this year's wheat crop, it is estimated.

Complete committees have been drawn up to work out the details of the gigantic Annual Hall County Old Settlers Reunion that is to be held in Memphis on Wednesday, July 21; and at a general committee meeting Tuesday afternoon at 3 o'clock in the county courtroom here further plans for the pioneer reunion were made. Committees serving the celebration this year are as follows: Program and entertainment—J. C. Wells, chairman; E. E. Roberts, Thomas E. Noel, Carl Periman, Bill D. Hart, Jack Boone, and J. P. Watson. Arrangements—M. J. Draper, chairman; Charles Williams, and G. W. Kesterson. Finance—S. T. Harrison, chairman; T. H. Deaver, Otho Fitzjarrald, Roy R. Fultz, James E. King, J. Ray Martin, Zub A. Moore, T. M. Potts, Marcus Rosenwasser, C. Lee Rushing, and Henderson Smith. E. M. Ewen, president of the Hall County Old Settlers Association, presided over the meeting Tuesday, at which time plans for conducting a free barbecue for the old settlers of the county were worked out. The free lunch is to be held at the Memphis Library Park, and admission will be by badge for those who have resided in the county for over a quarter of a century. The celebration is not to be strictly a Hall County affair, it was pointed out. But persons living in the Memphis trade area are invited and expected to take part in the day of merry-making. James E. King and Thomas E. Noel were appointed at the meeting Tuesday to send out invitations to all old settlers of the area who might possibly otherwise miss hearing of the celebration. It was discussed at Tuesday's session to invite a high state official to address the reunion crowds here on July 21.

### Mother of Local Woman Dies June 27 at Wellington

Mrs. Sallie Ann Fisher, 86 years of age, mother of Mrs. L. D. Sanders of Memphis, died at the home of a daughter, Mrs. J. A. Dukeminier, at Wellington Sunday noon, June 27. Mrs. Fisher had been bedfast for the past 18 years, following a fall in which she fractured a hip. She had been critically ill, however, for only three days prior to her death. Funeral services for the aged Collingsworth County woman were conducted Monday afternoon, June 28, at 2:30 o'clock from the First Christian Church of Wellington. The funeral rites were conducted by Cherry Holmes, Wellington First Christian Church minister. Burial was in the Wellington cemetery. Mrs. Fisher had resided in Collingsworth County for the past 36 years. Survivors are three daughters, Mrs. Sanders, Memphis; Mrs. A. L. Gardner and Mrs. J. A. Dukeminier, Wellington; and one son, R. S. Fisher of Samnorwood. Mr. and Mrs. L. D. Sanders and daughters Mary Jean and Polly Ann and son Tug Sanders of Dallas attended the funeral from here.

### B. T. Vandiver Celebrates Birthday Anniversary Twice During One Week

B. T. Vandiver reports that he celebrated his 85th birthday anniversary, which is June 25, twice in one week.

As Sunday, June 20, was Father's Day, the family and a few friends decided to gather at the home of J. H. Vandiver, Eighth and Dover streets, and have a birthday dinner and enjoy a day of celebration in honor of Mr. Vandiver. Then when Friday, June 25, the real birthday came, Mrs. D. E. Tippett, together with the relatives and a few friends, decided to have a surprise dinner in his honor at the home of Mr. and Mrs. M. T. McCormick, and here the second birthday dinner was enjoyed by all the relatives and a few friends.

Mr. Vandiver came to Memphis with his daughter with whom he makes his home. He enjoys good health and is very active for a man of his age. He took an active part in his church and the Odd Fellow Lodge work until the last few years when his eyesight failed to such an extent that he

cannot get about at night alone.

Mr. Vandiver, or "Grand Dad" as he is familiarly known, has lived a clean Christian life, been affiliated with the Methodist Church for some 68 years. He says, "If I ever had an enemy, I did not know it."

"Grand Dad's" hobby is to visit the sick, and his friends say he visits more sick people than any twenty men in Memphis. He doesn't have to know the sick person, all he wants to know is that some one is sick and he will either call or inquire about such person.

Mr. Vandiver has three children, Mrs. M. T. McCormick and Joe Vandiver of Memphis and M. E. Vandiver of Dennison; has eleven grandchildren. He attributes his long life and good health to self control. He always knows when to quit eating, and quits at that time.

The many friends and acquaintances wish him many more happy birthdays.

Mr. and Mrs. Carl Williams and son Carl Jr. of Presidio, and Mrs. R. N. Settle of Marfa arrived Monday to spend this week here with Mr. Williams' parents, Mr. and Mrs. W. Lee Williams.

### LOSE UGLY FAT

This Easy, Safe Way

How would you like to get rid of that bulging waist, sprawly hips, double chin and at the same time feel better than you have for years?

How would you like to get your weight down toward normal and at the same time develop that urge for activity that makes work a pleasure—also gain in ambition and keenness of mind?

Get on the scales to-day and see how much you weigh. Then get a 4-oz. bottle of Kruschen salts which costs but a few cents and will last you for weeks. Take one half teaspoonful in a glass of hot water first thing every morning and cut down on fat meats, butter, cream and sugary sweets. After 3 weeks weigh yourself again and note the fat you've lost.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you'll know the pleasant way to lose unsightly fat and you'll also know that the 4 mineral salts of Kruschen salts that kidneys, liver, gall bladder and bowels should have to function properly have helped present you with more glorious health.

 "Contour furrows help keep land in place, hold rainfall, and reduce damage from blowing." The practice of terracing Texas farms, once confined largely to East Texas and designed primarily to hold soil in place, has spread rapidly to the west, north, and northwest sections of the state. The reason for terracing and contouring in the less humid areas of the state is not so much to hold the soil as it is to hold the rainfall. Wheat farmers of the northwest are reporting exceptional yields from the use of contouring practices, while fields not treated to hold rainfall are far behind in their per acre yield. In the Texas Panhandle, 1,738,762 acres were treated in the spring of 1936 to control wind erosion. Over the state as a whole, more than 13 million acres have been terraced or contoured since 1916, of which almost 4 million acres were treated in 1936. Contouring and terracing have spread from cultivated land to pastures and to ranges. At the Spur Experiment Station, it was found that contouring tripled the yield of grasses. The value of these soil and water conservation practices to the state as a whole and to individual farmers and ranchmen cannot be disputed. Under the Agricultural Conservation Program, farmers and ranchmen receive grants for terracing and contouring which carry part of the cost of the construction work.

**Farm Youths Will Receive Training**  
 J. C. Kellam, Texas Director of the National Youth Administration, has announced that plans are being completed for operating a work project for six weeks this summer at several Texas agricultural colleges, on which about 550 needy rural youths who are definitely interested in farming will be given part-time employment. During their free time they will receive elementary instruction in agriculture. The work project is planned to operate from July 15 to August 31. The training courses will parallel the work project, with youths working a part of the day and attending special agricultural classes the other part of the time. Mr. Kellam said it is planned to send 200 boys to Texas A. & M. College, 150 boys to North Texas Agricultural College at Stephenville, and 50 negro boys to Prairie View College at Prairie View. Other colleges may be added to the list later. "The project is planned for the benefit of certified youths who are genuinely interested in farming," Mr. Kellam explained. "It is planned that young people assigned to the project will work a sufficient number of hours to earn a wage that will allow them to reimburse the college for their lodging, board, laundry, and hospitalization, and to have about \$5 a month for incidental expenses. The youths during the time they are not working on the project will receive instruction from regular college teachers in subjects calculated to make them better farmers. They must have enough education to be able to benefit from the training courses, but high school graduation is not required since no college credit will be given."

### NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice of same being given to the editor personally at the office at 617 Main Street Memphis, Texas.

### THE GLORIOUS FOURTH

THE "Glorious Fourth" will be here next Sunday, and this gives us a wonderful opportunity to sit back in our chair and tell the average man how to conduct himself during the week-end holiday.

Independence day (That's the Fourth of July) celebrates the independence of our nation. But the coming week-end will demonstrate vividly how dependent the people are. Great streams of traffic pouring over the highways will show how essential are mutual regard and courtesy among drivers. Fireworks will demonstrate it, too. A firecracker thrown by another is said to be the greatest single cause of the tremendous number of fireworks accidents every Fourth of July.

Reasonable care divides a happy holiday from the tragedies which mar it. Reasonable care will insure you, your family, and the other fellow against mishap. For instance:

If you drive—see that your car is in good mechanical condition. Check tires, lights, brakes, steering mechanism, windshield wiper, rear-view mirror, horn. Drive skilfully, at a reasonable speed. Observe the rules and courtesies of the road.

If you must use fireworks—give yourself plenty of space. Keep away from children and animals and buildings. Throw firecrackers away from people and inflammable materials, not at them. Never hold an exploding firecracker, nor set them off under a bottle or can. Treat the smallest wound immediately.

If you go swimming—swim in safe and protected places. Know your limits as a swimmer. Wait two hours after eating and longer after drinking—if you get what we mean.

### HELP PREVENT BURGLARIES

SUMMER is here—and the burglar is getting out his house-breaking tools. The vacation months, when so many residences are empty and unguarded, provide ideal working conditions for the housebreaker. He does not have to be wary of sleepers who may wake momentarily and sound an alarm. He need have no fear that a dog's angry barking will reveal his presence. He can work leisurely and thoroughly.

Two robberies here were reported last week. If persons who are leaving their homes unoccupied even for a short time this summer will take the following precautions, they will add greatly to their protection and peace of mind:

Lock all doors, windows, or other entrances to the house.

Inform the police that your house will be empty. Take with you or lock securely all jewelry, silverware, furs, valuable clothing, and other articles easily converted into cash by a thief.

Be sure to suspend all deliveries, such as milk and papers. A heap of newspapers or milk bottles on a porch is a sure sign that the house is unoccupied.

Although very few burglaries have been "pulled" in Memphis in the past few months, local citizens should take extra precautions at this time of the year. That is the most effective way they can aid crime control in the community.

### CLARENDON SPECIAL EDITIONS

THE DEMOCRAT extends congratulations to Sam Braswell of the Clarendon News and J. C. Estlack of the Donley County Leader and their co-workers for the splendid pioneer editions published last week to advertise the Clarendon Golden Anniversary celebration on July 3.

The 20-page edition of the News and the 24-page edition of the Leader were replete with historical information, as well as up-to-date news, of Donley County and vicinity. Appreciation of the value of the editions was shown by the large display advertisements taken by Clarendon business men.

### 'DUST BOWL' PUBLICITY

RESIDENTS of the so-called "Dust Bowl" are now clamoring wildly because of adverse publicity received recently from "March of Time," "Life," and other sources. Demands are being made that the harmful publicity be squashed. The Plainview Herald summed the situation up pretty well when it stated that "for Chamber of Commerce purposes we don't want to be in the dust bowl. For getting our slice of the federal pie we want in it and submit facts and figures to prove that we are."

## Name To Replace 'Housewife' To Be Chosen In Utilities Company Contest

### PANHANDLE PARAGRAPHS

During the race repeal debate down Austin way, one fellow made a loud talk against it on the score that "Texas owned 264 jacks, and destroying race betting would lower the value of the stock breeding industry being sponsored by the state and federal government." Finally Gene Worley led the bozo aside and told him that the jacks were not and could not produce horses in the Panhandle, and very likely none down state. It recalls an incident some years ago when my Bohemian neighbor came over to announce the birth of a litter of pigs. The neighbor could not speak American any too well, but it got over when he staid in joyous shouts, "come queek, me hen pig he have 'um pups!" The only difference is that the Bohunk knew what he was talking about, while the law-maker did not.—Donley County Leader.

No matter whether one sympathizes with capital or labor, a good citizen will insist that law and order be maintained. Anarchy is the last thing we want to see in this country.—Quanah Tribune Chief.

A blond gal, we are informed, does a "Gone With the Wind" dance at the Pan-American expo in Dallas. . . . The idea being that her flimsy chiffon costume is swept away by the breeze bit by bit. . . . Well, somebody once said that it's an ill wind that blows nobody good.—Pampa Daily News.

In this issue of the Texan you find a financial report from the County Judge, Commissioners, and each officer. May I suggest that you cut it out and make a point to refer to it on different occasions. It cost the County \$49.50 to publish this statement, and you as a taxpayer should express your appreciation to the officials if you believe it worthwhile. . . . It is not compulsory to print this statement. They are doing it for your benefit.—Dalhart Texan.

Believe it or not the bank stayed open on a holiday—Monday was Flag Day. Inquiry developed that they had misplaced their flag.—Littlefield County-Wide News.

A chicken crowed a day after it hatched down at Paducah last week, the Paducah Post reports. The early songster is a Plymouth Rock, and five persons are vouching that they heard the chick crow.

This country will never "beat back" with the one crop standard. If we are to be a prosperous farming country again, we must return to the farm, raise more feed, return some plowed acres back to pasture, and plan a year-round program based on diversified sources of income and not shooting the whole works on a one-cash-crop.—Ochiltree County Herald.

Some fellows can get away with anything. There's one in our neighborhood that does. Morals don't mean a thing to him. He's unmarried, and lives openly with a woman he's crazy about, and doesn't care what the neighbors say or think. He has no regard for truth or law. He doesn't vote at either the primaries or the general election. He never thinks of paying a bill. He won't work a lick; he won't go to church; he can't play cards or dance, or fool around with musical instruments or the radio.

So far as known, he has no intellectual or cultural interests at all. He neglects his appearance terribly. He's so indolent he'd let the house burn down before he'd turn in the alarm. The telephone can ring itself to pieces and he wouldn't bother to answer it. Even on such a controversial subject as the liquor question nobody knows exactly where he stands, because one minute he's dry, and the next minute he's wet. But we'll say this for him, in spite of all his faults he comes of a darn good family. He's our new baby!—Exchange.

Most bachelors declare marriage is a sure cure for lovesickness, but they insist that the remedy is worse than the disease.—Chillicothe Valley News.

Six extra train crews were put on last week to move out the record-breaking wheat crop from Floyd County. Nine hundred and seventy-five carloads of wheat had been loaded out of the county Wednesday of last week. Of these more than 400 were of 2,000 bushel capacity, others running about 1,500 bushels to the car.

"If I'm Not a HOUSEWIFE, What am I?"

Prizes Worth \$500 Go to 13— Yes, 13—Women Submitting Best Names for "HOUSEWIFE" in This CONTEST

No Longer a Slave to Kitchen Drudgery!

A Simple, Easy Contest

Invent a word for "housewife." Then write a letter of not more than 100 words explaining why YOU selected YOUR name to substitute for "housewife." Use the dictionary, if you like. Use Greek, Latin—or English. A scientific term is acceptable if it describes a modern West Texas woman, defined here as:

A homemaker who employs electric servants to operate the home, giving her freedom from kitchen drudgery.

Remember that women no longer are bound hand and foot to the kitchen with its multitudinous jobs of dish-washing, scrubbing floors, cooking over a hot, flame-type stove, or even chopping wastefully at ice in order to have a cool, refreshing drink. Instead, the modern woman uses Electric Servants! Why must she continue to bear the name, "housewife," much as if she were a slave?

monthly emergency relief grants to rural families early this fall to the medium."

He explained that clients who are receiving grants are members of farm families sinking under the burdens of drought, low prices and other factors beyond their control who were turned over to the RA by the Work Relief Administration. They are in a less fortunate position than other hard hit farm families who have been receiving standard rehabilitation loans for the purpose of reestablishing themselves as self-sustaining units in our economic life.

The more than 20,000 families throughout the country who have been fully rehabilitated under the Resettlement program now are conducting their enterprises under their own power. Whatever borrowing they find necessary to do they do through the Production Credit agencies or other private sources.

Mr. Hauter, in support of the rehabilitation program, says that rehabilitation is cheaper than work relief or a grant system, and points out that the average outlay per family per year is only \$209 for a rehabilitation loan by which it is planned to put a family on its feet and which likely will be repaid with interest, while the relief grants are a hand-to-mouth proposition with no lasting benefit received.

The Resettlement Administration has a rural rehabilitation office serving every county in this five-state area.

#### BRICE SCHOOL REPAIRS

A new roof is being put on the school building at Brice this week, and plaster work is being done inside the building. The school building has been in need of repairs for some time, it is said. A Works Progress Administration project is expected to start shortly after the 1937 WPA program gets under way. The outbuildings and grounds are to receive work.

Mr. and Mrs. Herschel Mear and children, Mary Jo and Bobby, returned to their home in Okmulgee Sunday after a visit here with their parents, Mr. and Mrs. George Mear.

Mr. Abe Anisman and son Sheldon left Sunday for a visit of several weeks with her parents, Mr. and Mrs. Joe Marcus, in Pittsburgh, Pa.

### Hall County Ball Player Stars For Lubbock Hubbers

Jerry Blanchard, Estelline youth, is attracting considerable attention with his baseball ability. He is the chief moundsman for the Lubbock Hubbers and often wins his games with a three- or four-base hit.

Here is what Frank Tolbert columnist for the Fort Worth Star-Telegram, stated Sunday: Lefty Blanchard has been turning superb southpaw chores for Sam Rosenthal's Lubbock Hubbers since last summer. Rosenthal almost stands at the gates of Lubbock's Parris Field, warding off marauding talent scouts who come to look over Lefty Jerry.

"For criming sakes don't tell anyone he's good," chorus Rosenthal and Collier Parris, Lubbock sports editor, "we need him."

All this year lower-division West Texas-New Mexico League teams, punch-drunk from the barages of base hits thrown at them, have been looking at Blanchard, wet-lipped with envy.

Blanchard is a strapping 20-year-old boy. He is six feet, two inches in height and weighs 185 pounds. He lives at Estelline where all those basketball players come from. He pitched last winter for Panama City in the Florida Winter League.

So if Parris and Rosenthal wish to keep the scouts away, they shouldn't let the big lad go off down into Florida every winter. Blanchard won about a dozen games for the Hubbers last year. He should do much better this season. Blanchard has pitched two shut-outs this season, a one-hitter and a five-hitter. He struck out an average of 12 batsmen the game and his earned run average is two runs.

### County Baseball League Results

The Lesley and Cross Roads sluggers went on a batting spree last Sunday afternoon, and the Cross Roads nine emerged with a 14-10 victory which put them in the lead in the Hall County League chase.

Parnell pounded out a 10-4 victory over the Salisbury club to drop that team from a tie for first place in the league scramble. Quitaque won a hotly-contested fray from the Memphis aggregation. The defeat shoved the locals farther down into the cellar.

The league standing:

Team	W	L	Pct
Cross Roads	8	4	.667
Parnell	7	5	.583
Salisbury	7	5	.583
Lesley	6	6	.500
Quitaque	4	4	.500
Memphis	4	8	.333

No league games will be played next Sunday, as picked teams from the county will play a Fourth of July game in Memphis.

"WALLIS BLUE"—NEW FASHION SENSATION

Eyes That Changed Fate Of a Monarch Strike Keynote For Gowns And Makeup

ANOTHER pair of eyes sways the destiny of a nation and thousands of women the world over wear a new color—"Wallis blue!" The new blue is an unusual, clear shade, exactly the color of Mrs. Warfield Simpson's famous eyes. Fashion authorities say it is excitingly different from other blues, and the House of Mainbocher, which created her trousseau, admitted dyeing the crepe four times for her wedding gown before they could match the shade.

Wallis Warfield

In selecting a trousseau which is notable for its exquisite simplicity and chic, Mrs. Simpson chose blue as the keynote for the whole collection. In this respect she has followed the tradition of beautiful women through the centuries. Eyes are the most distinguished feature of all lovely women, since they are their one true personality color. Naturally, it follows that colors keyed to their eyes are those which enhance their beauty and charm.

A going away suit which is tailor-made with long skirt in light royal blue and blue and white printed blouse to match; flower-printed evening dress with tailored jackets—some in the new short length; a tea-gown of lame and a striking coat of silk and velvets are notable frocks in the wardrobe of the new Duchess. However, the wedding gown is the only garment in "Wallis blue."

that she be married in a gown which exactly matched the eyes that fascinated him. His American bride, with equal sentiment, wished to wear this specially created color for the first time on her wedding day.

The color choice of the Duchess of Windsor has placed an accolade on a trend being followed more and more enthusiastically by smart French designers; namely, to emphasize a woman's natural coloring by keying her wardrobe to her eye-color.

Many American women prefer more color variety in their costumes. They will do well, however, to follow this bit of high-fashion wisdom in their makeup, since makeup is so fundamental a problem that, if it is right, a woman can wear any shade, no matter how subtle.

Eye types fall into four major groups—brown, blue, gray and hazel. By choosing makeup keyed to her eye-color a brown-eyed woman is assured of the warm tones that will prove most flattering to her type—a blue-eyed woman of the soft, cool pastel shades that are her true personality colors.

So, though this intriguing new "Wallis blue" is the special prerogative this summer of blue-eyed women, even those of us who are brown-eyed, if we are skillful enough in choosing our makeup, may accent our summer wardrobes with a dress or two in the color that matches the eyes of the most glamorous of modern women: the Duchess of Windsor!

CHURCHES

FIRST BAPTIST CHURCH Rev. J. Wm. Mason, Pastor

The pastor's message Sunday morning will be on the subject, "The Essence of Christianity," using Matthew 28:19-20 as the text. We should like for you to study that verse and see from it if you can see what the essence of Christianity is. It is an interesting verse, and really contains much for our meditation.

The Sunday school attendance was very fine on last Sunday, but we lacked some having our five hundred. Let us have our visitation on Saturday morning and work for a large attendance on next Sunday. We can easily have 500 if each one will do his part. The B. T. U. is working to have a larger attendance. Members from the B. T. U. will visit absentees on Sunday afternoon. Every church member should not let a thing interfere with regular attendance upon the training service of the church.

Sunday evening the Vacation Bible School will have charge of the evening preaching hour. Each child who has been in the school will have a part on the program. The mothers and dads, as well as all the friends are especially urged to be present to see just what the children have accomplished during these two weeks. They have learned much and they will be disappointed if you are not present to hear and see them perform. They will have a splendid display of their hand-work in the Young Peoples' Department of the church which they will invite you to see after the program is over. We are counting on your being present for the fine program which they will render.

PRESBYTERIAN CHURCH

Next Sunday morning we are to ordain Mr. J. C. Ross to the office of "Ruling Elder," and Mr. Chauncey Thompson to the office of "Deacon." We shall hope to have all other officers of the church and their families and friends present for this occasion. Communion service also is to be held Sunday morning.

Strangers and friends are most cordially invited to attend services morning and evening.

We shall hope to have special music Sunday morning.

The sick people and all in distress have our sympathy during these days.

Before his untimely death, Dr. George Linn Kieffer, in giving statistics of religious bodies for 1936, stated that the impressive figures of 63,439,036 constituted the membership of all denominations in the United States. This represents a gain over 1935, of 837,404, almost a million in a single year. Is this a challenge to loyalty and devotion? Yes indeed devotion to Christ and the Church every where.

E. C. CARGILL, Pastor.

CHURCH OF CHRIST W. M. Davis, Minister

Our Bible classes will assemble for study Sunday morning at 9:45 o'clock. The morning worship will begin at 10:45. The sermon at this service will be on the subject, "The Worldliness of the Laodicean Church." Some people do not want to go to church when it is either hot or cold. The Laodicean church would suit them—it was lukewarm.

The evening worship will begin at 8:15, and the subject of the sermon will be, "Man's Need of the Bible." Not many of us give due consideration to the fact that this world would be an unsafe place to live, if it were not for the influence of the Bible. The Lord's Supper will be observed at both the morning and the evening services.

The women's Bible class will meet on Tuesday at 3:30 p. m. The mid-week Bible classes meet for study on Wednesday at 8:15 p. m.

CHURCH OF CHRIST Lakeview, Texas

C. L. Taylor, Minister. Preaching the first and third Sundays in each month. Bible study each Wednesday evening at 7:30 o'clock.

Mr. and Mrs. H. J. Rice moved Thursday from the Hugh Crawford residence at 721 West Bradford street to the home of Mrs. S. S. Davis at 1100 West Robertson street.

Try a Democrat Want-Ad For Quick RESULTS!

Name It!— (Continued from page 1) Efficient money to buy uniforms. launched that ought to raise \$100,000. On Thursday night of next week at the Cyclone Stadium the Fats and Leans of Memphis will play a game of soft ball and the entire proceeds will go to buying uniforms. The admission will be 10 cents for children and 25 cents for adults. Buy a ticket or two whether you intend to see the comical stunts of the fat businessmen dressed in Mother Hubbards and the tall lean men dressed in knee pants. Show the band boys that you want to see them dressed in keeping with the music they render.

Albert Cooper says in his JAUB column of the Shamrock Texan: Boy, are these Panhandle newspaper boys letting the Fort Worth Frontier Fiesta have it for not buying more newspaper advertising? Indignant protests are being lodged for their refusal to spend money with the papers and their efforts to get reams of publicity copy and pictures run free of charge.

The Memphis Democrat, the Donley County Leader and the Miami Chief fired editorial blasts at the Fiesta management's promotion tactics the past week. And the officers of the Panhandle Press Association also sent in strong protests. Knowing the financial difficulty most newspapers are having, we are glad to see many of them take in after the free space grabbers. Newspapers are as public spirited as any institution but the fact remains advertising is the only commodity they can exchange for money. It is hard to understand how the public can expect them to give it away, at the same time buying advertising on the radio and billboards and asking nothing free of them.

Cooper also exposes gyp advertising schemes, as follows: Typical of advertising gyp schemes being worked in the Panhandle was a church calendar deal a lady promoter tried to sell in Shamrock this week. She did not sell it due to the efforts of Bedford Harrison at the chamber of commerce office and due to the fact the civic body has an active advertising committee which passes on these schemes before they are submitted to the merchants.

This lady planned to sell \$125 worth of "advertising" on a printing job which would have cost her \$9.50. She planned to have the hours of all church services printed on the card along

with the "advertising." It wasn't worth a thin dime to any church in town, or to any business firm. She would have left town with about \$110 after paying her hotel, cafe, and printing bill. Don't buy so-called advertising from strangers, no matter what local organization is innocently sponsoring the schemes for a small commission. Ask these promoters to show you an okay from the advertising committee before listening to their sales talk. If you will do this, an average business firm will be able to save more money in a year's time than it pays the chamber of commerce in dues.

Mrs. J. J. McMickin and daughter Betty and Mrs. Annie Powell of Bakersfield, Calif., aunt of Mrs. McMickin and who is here visiting Mr. and Mrs. A. G. Powell, spent last week visiting with Mrs. Powell's granddaughter, Mrs. Roy Beal, and other relatives at Newcastle. They returned Sunday.

S. S. Cooper of Estelline and his nephew O. W. Cooper of Golden, who came Monday for a two-week visit with his uncle, spent Wednesday in Memphis.

"Gone With Wind" Dancer

Renee Villon, exotic dance star at "Road to Rio," midway musical extravaganza at the Dallas Pan American Exposition, has created a sensation with her original "Gone With the Wind" dance, in which a flimsy chiffon costume is swept away by the breeze bit by bit. Miss Villon was brought to "Road to Rio" after three years in the Folies-Bergere in Paris.

SINCLAIR LEWIS' 'DODSWORTH' IS COMING TO THEATRE IN MEMPHIS

Walter Huston and Ruth Chatterton head the cast of Samuel Goldwyn's screen version of Sinclair Lewis' "Dodsworth," which comes to the Palace Theatre for two days, following the preview Saturday night.

Huston again plays the title role of Sam Dodsworth, the easy-going American husband, in which he scored on the stage for more than two years, and Miss Chatterton has the role of Fran, the pretty, frivolous, selfish wife whom he adores.

Sidney Howard, who wrote the stage adaptation, is again author of the screen play, which is enacted by a great supporting cast including Paul Lucas, Mary Astor, David Niven, Mme. Maria Ouspenskaya, Gregory Gaye, Odette Myrtil, Kathryn Marlowe, John Payne, Spring Byington, and Harlan Briggs.

The story opens when hard-working, successful Sam Dodsworth retires to travel and enjoy his first taste of leisure. But to his wife, Fran, Europe means one last fling at romance before settling down to middle-age.

The couple sail on the Queen Mary. Fran has her first flirtation aboard ship. Arrived in Paris she becomes involved with a dabbly smart set and leaves Dodsworth to amuse himself as she dances in all the gayest restaurants with the worldly Arnold Iselin and the handsome Kurt Von Obersdorf, an impoverished young Austrian aristocrat.

When she becomes romantically involved with Iselin, Dodsworth forgives her. But when Kurt asks her to marry him, she ruthlessly divorces Dodsworth.

Wandering around Europe alone, he meets and falls in love with Mrs. Cortright, a charming, sympathetic woman. But in the midst of his new-found happiness, Fran's marriage plans fall through and she frantically sends for him. He leaves his happiness to return to her, but he sees her at last for the selfish, empty creature she really is and goes back to the woman he loves.

"Dodsworth" was directed by William Wyler. The settings were created by Richard Day and the costumes by Omar Kiam. The film is released through United Artists.

## Miss Omega Ballew, James Hammond United In Marriage In Quiet Ceremony

Beautiful in its quiet simplicity was the wedding of Miss Omega Ballew to James Hammond, which took place Saturday evening at 10:15 o'clock at the home of Mr. and Mrs. Irvin Johnsey, 908 West Noel street.

Only members of the immediate families of the couple were present as Rev. Orion W. Carter, pastor of the First Methodist Church, read the ring ceremony.

The Johnsey home was decorated for the occasion with a variety of summer flowers attractively placed in tall baskets and vases.

The bride was attractive in a pink marquisette gown over pink satin, made Princess style, Wallis blue trim, with puff sleeves and V-neck. With it she wore pink accessories and she carried a bridal bouquet of pink carnations and blue feverfew.

The couple was attended by Mrs. Irvin Johnsey, sister of the bridegroom, and Mr. Johnsey.

After the ceremony the bride cut the wedding cake which was served with ice cream.

Mrs. Hammond is the daughter of Mrs. Marie Ballew and Raymond Ballew of this city and has lived here all her life.

Mr. Hammond is the son of Mr. and Mrs. George Hammond and has lived in Memphis practically all of his life. He is a graduate of the Memphis high school and took an active part in athletics. He was star fullback for the Memphis Cyclone football team for four years, serving as captain the last year.

Mr. and Mrs. Hammond will make their home in Amarillo where Mr. Hammond is employed with the Amarillo Brake Co.

MRS. JAMES HAMMOND

## Birthday Dinner Is Given For Mr. & Mrs. Herbert Lytle

The country home of Mr. and Mrs. A. W. Francis Sr. of Lakeview was the scene of a gay birthday dinner Sunday, June 20, honoring their daughter and son-in-law, Mr. and Mrs. Herbert Lytle of Amarillo, June 18 and 19 being the dates of their birthdays.

Centering the white damask cloth covered dining table was the pink birthday cake surrounded by a real country dinner.

Following the dinner a number of friends and neighbors of the family called, and the afternoon was spent in pleasant conversation.

## Miss Letha Thomas And W. Gordon Are Married Here

Mr. and Mrs. W. O. Thomas announce the marriage of their daughter Letha to Wayman Gordon of Sudan, which took place Thursday, June 24, at the Baptist parsonage in Memphis.

## Dallas Exposition Plans Big Fourth Of July Activity

DALLAS, June 30—Swinging into action to give Texas and the Southwest its biggest and most spectacular Fourth of July celebration Pan American Exposition officials have centered all their activities toward assembling attractions for the three days program. Pan America's celebration starts Saturday, July 3, and continues until midnight July 5.

Three days of sham warfare will wage along the Exposition front when the great anti-aircraft guns of the 69th Coast Artillery will defend the Exposition from bombing airplanes. The defense opens Saturday night and continues Sunday and Monday nights. Searchlights with 5,000,000 candlepower each will locate "enemy" planes at an altitude of 20,000 feet.

Jack Benny and Mary Livingstone, America's most popular radio set up of Texas stars are free attractions in the Cotton Bowl. A free circus, elephants and all, is another three day attraction. At noon July 4th the 11th Infantry, stationed at the Exposition will fire a 45-gun salute over the lagoon in celebration of the Declaration of Independence.

Free attraction for the three days include the Major Bowes Amateurs at Magnolia Lounge Theatre; Don Ramond and his Mexican orchestra featuring Belenita Ortega at Texaco Gardens Guatemala's National Marimba Band in the Pan American Palace and dozens of other entertainment features.

The Casino, Cavalcade of the Americas, Black Forest, Road to Rio are shows unsurpassed anywhere. The Pan American Palace presents the exhibits of many Latin American nations. All exhibits are free.

That was a wonderful rain that fell last Saturday night, and another good rain last Sunday night. Both rains practically covered the Panhandle and Plains with a very small area excepted. Farmers say that early feed crops in this area are now assured, and that the cotton will do fine without any more rain for some twenty days.

The greatest wheat crop since 1926 is now being harvested over the southern part of the great Texas plains. With wheat prices ranging from 95 cents to \$1 a bushel means many thousands of dollars will be put into the hands of the farmers of Texas as an income that was not really expected at the beginning of the year.

Barney Lockhart, Hall County farmer, was painfully burned last Friday when he removed a radiator cap from a heated tractor engine. Steam and water blew on his face and arms and resulted in painful burns, it was reported.

Miss Geraldine Watson, who has been ill in Fort Worth for the past two weeks was sufficiently recovered to return to her home in Memphis Thursday afternoon. Her mother, Mrs. J. P. Watson, who has been in Fort Worth with her since last Friday, returned with her.

Miss Nell Ferguson, local Western Union operator, left Tuesday night for a week's vacation to be spent at Vernon and other points.

## RECEIVES BURNS

Grasshoppers of many species have appeared in most every part of Hall County, and in some fields have already done much damage. Many farmers are now engaged in spreading poison in their fields in an effort to stop further damage. County Agent Pattillo has just received 400 sacks of bran and 11 fifty-gallon drums of sodium arsenite to be furnished to the farmers for poisoning these insects. Information as to formula and how to best use this poison may be secured from Mr. Pattillo.

A bill appropriating \$630,000,000 has been completed by the House for the Federal Agriculture Department and Farm Credit Administration during the year starting July 1. The measure goes to the President for his signature. The biggest item in the bill is an appropriation of \$500,000,000 for benefit payments to farmers participating in a soil conservation program.

The Federal Senate appropriations committee voted an additional \$3,335,000 for Western reclamation projects; \$2,008,965 for the bureau of Indian Affairs, and \$2,523,500 for national park service. The respective amounts for these major interior department units, including the committee's increases now stand at: Reclamation, \$42,316,600; Indian Affairs \$33,104,013, and National Parks, \$21,134,880.

Employment in the state of Texas for the month of May this year gained 10 per cent over May last year. Wage increases averaged 9.2 per cent. Grain shipments were reported to be the heaviest in years, with Texas railroads adding about 500 extra employees.

Auction of fine strong Anxiety Herefords by the C. W. Lewis Ranch, two miles south of Sweetwater, will begin Monday afternoon at 1 o'clock. These cattle rank with the finest breeds in the world, and many ranchmen have been waiting for this sale.

A warning to Old Age Assistance pensioners from W. A. Little, state director, about fake insurance racketeers said to be operating in Texas, trying to sell recipients policies at \$1 premium to assure their maintenance on the rolls. Mr. Little also urged the pensioners not to concern themselves over a rumored slash.

## CHAMBER of COMMERCE NOTES

By BURTON SHANNON

Think—Talk—Write—the 4th annual celebration of the Old Settlers Reunion will be held in Memphis on July 21. Committees have been appointed, and are planning a most interesting program for the day and evening.

As the band will be in Clarendon all day Saturday, there will be no band concert held on the square Saturday night.

More signs of progress—a new front is now being constructed on the Draper Grocery store building. The Durian-Jones Pharmacy is making interior improvements throughout the entire store. Many stores are busy with interior remodeling and redecorating. Most all stores are adding new departments and new lines of merchandise in order to be better prepared to serve customers quicker and more satisfactory and provide more selections of up-to-date merchandise to the trading public. All merchants are anticipating and looking forward to a great fall business this year.

It has recently been estimated that there are approximately 6,502,280 farmsteads in the United States.

The Texas Highway Commission has placed on the state system and agreed to maintain roadways in eight state parks. Palo Duro Canyon was included in the group.

The Senate at Austin has adopted a bill providing for the distribution and management of 248 state owned jacks and stallions and providing that the caretakers to whom the animals were to be remitted should retain all the fees they collect to reimburse and compensate themselves. The animals may be leased at \$30 a year to suitable caretakers chosen by the Commissioner of Agriculture. The fee will be limited to \$10 instead of the \$7.50 as set out in the original bill. Bond will be required of the caretakers.

According to H. H. Fennell regional conservator of the Soil Conservation Service, treatment of 331,060 acres of land for soil and moisture conservation in the wind erosion region of the Southern Great Plains—Texas and Oklahoma Panhandle, Southwest Kansas, Eastern Colorado and Eastern New Mexico—has been completed. This work includes: 4,927 miles of terraces constructed protecting 114,888 acres; 192,754 acres contoured; 53,457 acres strip-cropped; 12,399 acres retired to grass; 26,951 gully dams built, and 2,000,000 trees and shrubs planted as windbreaks.

## It Can Be Done!

EDGAR A. GUEST is a go-getter. That's the way of his life, and of the well-loved poems that he has written. If a thing is worth doing, according to the "just folks," just do it, and the chances are that you will, if you really want to do it.

So when, early this spring, Edgar Guest had a radio program, the first thing he thought of was the great throng of plain American citizens who have done things well, who have done them against odds and have done them well because they wanted to and wouldn't give up.

He instituted a search, first of all, that reached from one end of the country to the other, finding these people in big towns and little ones, in the greatest cities and the smallest crossroad hamlets. Everybody told him that the job was impossible, that ordinary folks of the type he sought would never come all the way to Chicago just to go on the air, and he would get nothing but polite jeers for all his labor.

"You're all wrong," said Guest to his friends. "This is a job I'm going to like, and I know it can be done!"

He unearthed one, and then another, and still more, and on April 6th put on his first program featuring the life story of Dr. F. E. Austin, retired Hanover, N. H., professor who discovered and first marketed ant palaces.

Interesting personalities followed that first program thick and fast. A lady dog detective from New York City and a lady baseball scout from Texas compared notes with the owner, engineer, trackwalker and chairman of the board (four men rolled up in one) of the world's shortest railroad, in Ohio. Then there was the Chicago policeman who, at the age of forty, decided to become an attorney. At the same time she was suddenly burdened with the care of her orphaned grandchildren. She was a perfect personality for "It Can Be Done."

The number of these interesting people with "It Can Be Done" histories increase every week when the show goes on over the National Broadcasting Company's blue network every Tuesday at 8:30 P.M. eastern daylight time. Clayton Bruckner, now president of Waco Aircraft Corporation, who

made his boyhood dream a reality, and a large number of prizes were won throughout the tournament.

Miss Ruby Lee of Memphis, who won the first prize in the tournament, and a large number of prizes were won throughout the tournament.

## Daintiest Dance Star

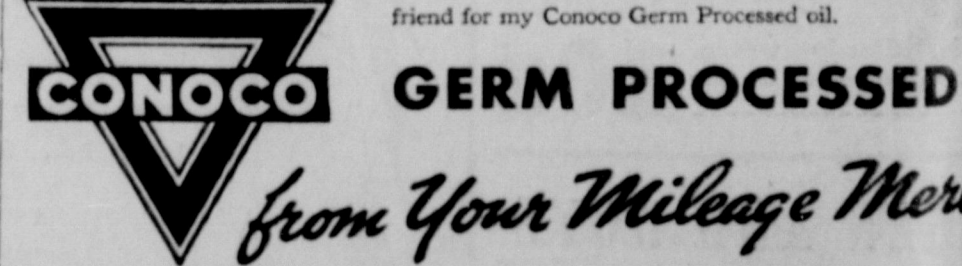

Petite June Brooks, prima ballerina in "Road to Rio," mid-way musical extravaganza at the Dallas Pan American Exposition, is declared by critics to be one of the finest dance technicians in America. She is from Hollywood and has been signed for the run of "Road to Rio," which will close October 31. Miss Brooks, America's daintiest dancer, is 19.

## LIVING UP TO MY

### Giving you tops in Miles

I know the trouble. So many oil ads yell mileage, that one way or another. I don't want my own ads to be so I'd like you to know all I'm staking, when I personally own a Conoco Germ Processed oil to you. In my case, you own my business. And there's nothing makes me repeat, for me like my Germ Processed oil . . . or I ought to tell you the mileage it gives you. The patent Germ Process makes fastened real firm to the bearings and cylinders and other parts of the engine. If they'd been built with an actual plating of oil that can't thin out and burn right up. Neither is it going every time you stop. Then you can't make any dry spots on the Oil-Plating, and right there is where engineers say you get good half of all the wear you used to get in Summer. The less oil your engine eats. You'll get on to this yourself. It's a friend for my Conoco Germ Processed oil.
