LIBERTY, AS SHE GREETES RETURNING SOLDIERS

Aside from their own mothers, there is another mother to American soldiers that stands silently in New York bay, watching and waiting for her sons who are returning by the thousands daily. This remarkable photograph shows the Statue of Liberty on Bedloe's island as an airman sees it. The tents and buildings constituting Fort Wood are plainly visible.

LONESOME SOLDIER WRITES HOME FOLK

Says He Doesn't Like to Recall Unpleasant Experiences of The War.

Flogny, France
December 12.

Dear Home-Folks:
Just wrote a letter home a few days ago but will write again. Dad, I received your letter of 11-18th, this evening, of course was proud as usual to get it. I feel awful lonesome and blue tonight, kid-like, guess I am getting pretty homesick. Looks like I ought to overcome such childishness but I don't suppose I will, and I don't care if I don't; because I have had enough of running around and when I get back I am going to try to do something. Papa, you mentioned my writing of my experiences. Well, in the first place, I don't like to recall them, and that sort of thing is hard to write about, you can't seem to express what you want to, you have to make it too brief. I have written you something about what happened but I am in hopes that I will get to come home soon, and you know I won't forget anything. If I should attempt to write it the story would be old when I get home and attempt to tell you.

Well Dad, we are having some of France's "beautiful" weather it seems. It has been cloudy continuously for over a week now, raining more or less all the time. It is naturally inclined to be muddy here anyway, so you can imagine how disagreeable it is. I have just been listening to the wind howling through the cracks, you know how it sounds when it is cold and it has an inclination to make one lonesome; especially when one is far away from home in a strange land among strangers who speak a strange tongue. There is a fire-place in my room and I have a big fire in it and have been sitting with my head in my hands gazing into the flames drawing mental pictures. I imagined I could see the folks at home sitting around the stove, about this time at night, getting ready for bed. Little Helen sitting on mama's lap while she is being undressed and her night-gown being put on, old Joe, wanting Dady to untie his shoe; Edward, Sis, and Myrtle all getting ready for bed. There sits old Dad with his magazine on his lap, but he has fallen asleep. Well this kind of stuff is not much news or much of a letter for you but it is just like I feel. I understand that our President is to land in France tomorrow. I surely hope that peace will be signed before long. I also hear that Germany wants more time but I can't see why she should need more than was provided for when armistice was signed. I suppose, Papa, that Mr. Gooch's folks have learned the truth about Glenn by now. It makes me feel bad to think of what happened; but of course, some had to pay the price for freedom and liberty. Often I have wondered was I marked to help pay, in the way that so many did. I am glad that I had a part in helping destroy the Hun army. I suppose it is wrong to say to a boy near you "look at that one fall" and similar remarks, and then shoot; but after seeing your comrades fall you can easily do it I received a card from Mr. and Mrs. Gooch yesterday, intend to write them a letter in a day or so Give them my best regards. I am bugging again, the old buglers are getting scarce you know. Am off tomorrow, on leave, for La Bourboul, will write you form there.

Love to all,
Your son,
CORP. LE ROY EWEN.

\$100,000,000 For Starving.

Washington, January 13.—The House tonight passed the administration bill appropriating \$100,000,000 for the relief of the starving peoples of Europe. The vote was 242 for and 73 against. The bill now goes to the Senate.

PHYSICIANS

Entertaining Session of the Medical Society... of Program.

Chicago, Jan. 14.—Seven States today completed ratification of the prohibition constitutional amendment and brought the number taking such action to 30. The number necessary for ratification is 36.

Arkansas, California, Illinois, Indiana, Kansas, North Carolina and Alabama were the States that completed ratification today.

In addition, the Nebraska Senate and the Utah House voted for ratification.

In California, however, attorneys for the Grape Growers Protective League filed suit for an injunction to restrain the Governor from certifying the ratification.

A fire alarm was turned in early Sunday morning, the first for several weeks; the cause was a burning bale of cotton at the Farmers' Union yard. The fire was extinguished with but slight loss.

Texas Women Arrested
Washington, Jan. 14.—Two Texas women, Miss Elizabeth Kalb of Houston and Mrs. Alexander Shields of Amarillo were arrested here last night for participation in the burning of President Wilson's speeches in Lafayette Park in front of the White House.

The recent snow and resultant mud have made the roads almost impassible in some places and retarded the gathering of both cotton and feed-stuff.

TEXANS CAPTURE HUN GUNS
Attorney General Will Quit March 4th. Pecuniary Reasons Are Assigned as Cause.

Washington, Attorney General Thomas W. Gregory has tendered his resignation to take effect March 4. President Wilson has accepted the resignation and will announce Gregory's successor soon after his return from abroad. Gregory sent his resignation to the President last Thursday. The President's acceptance was sent to the United States Friday.

It is understood Gregory's action was decided upon at a conference between himself and the President shortly before the latter went abroad. In his letter of resignation Gregory says that for pecuniary reasons it is essential that he leave the public service. Also for some months Gregory's health has not been of the best.

RED CROSS ANNOUNCES EXTENSION

Christmas Membership Campaign Is Extended Because of Influenza Epidemic. People of Hall County Are Urged to Bring Membership Up to Total Proportionate to Other Counties.

Owing to the bad weather and Flu epidemic which was prevailing during our Christmas Red Cross campaign, the time of this drive has been extended until the 28th day of January, and all committees are urgently requested to renew their efforts to solicit all persons in their respective precincts and make a final appeal for memberships. FOOD NOT FORCE, WILL STOP BOLSHEVISM SAYS PRESIDENT WILSON

Washington, Jan. 13.—In a message today solemnly urging Congress to appropriate the \$100,000,000 requested for European food relief, President Wilson said Bolshevism, steadily advancing westward, could not be stopped by force, but could be stopped by food. Food relief, he said, was the key to the whole European situation and to the solutions of peace.

W. B. Howell left Wednesday for Hillsborough, after spending several days here with relatives.

Hun Helmets to Be Distributed

Washington, Jan. 14.—Eighty thousand German helmets captured by General Pershing troops, some new, taken from storehouses behind the lines, and some battered relics of the battlefield, have been ordered by Frank R. Wilson, Director of Liberty Loan Publicity, for distribution in the Fifth Liberty Loan campaign.

INTEREST IN GOOD ROADS AROUSED

Deplorable Condition of Roads Has Stimulated Good Road Sentiment.

The present condition of the roads in this section, caused by continued snow and rain and hard freezes, has aroused an unusual interest in road work. Many people are talking and plans for making better roads are being discussed as never before in this section. We understand that an election for voting bonds for road improvement is contemplated in at least one of the commissioners' precincts and that some headway has been made in plans for co-operative work in certain sections of the county.

At present the farmers in some sections are unable to haul their produce to market, or even take cotton to the gins because of the condition of the roads.

The sentiment for better roads is general and quite evident; but there is also a general sentiment that too much money has been wasted in the past by temporary road improvements that do not last. Many people think that the work done should be of a more permanent nature, even if less mileage is improved.

GREGORY RESIGNS FROM CABINET

Thirty-Six Division Captured Much Booty. Thirty-Six Cannon 227 Machine Guns

Washington—Tangible evidence of the prowess of the Thirty-sixth Division, Texas-Oklahoma guardsmen, American Expeditionary Force, in the form of captured ordnance and materials, is partly enumerated in an interesting letter from Louis Loeffler of this city a member of one of the infantry brigades of that division, written Dec. 10 to his father, Albert Loeffler.

The list of things young Loeffler mentions that the division took away from the Boche is as follows: Three pieces of heavy artillery, seventeen trench motors, two hundred and twenty-seven machine guns, many rifles, ammunition galore and untold quantities of other stores and property.

NOT TO COME SOON

The Thirty-sixth Division of Texas and Oklahoma Guardsmen is now at the Ninetieth, made up of troops from the Ninetieth, General is at Berncastel, Germany, said today. Neither been skeletonized for replacement or return to the States, and remain as they were when the as they were when the announced that three units and an ammunition train. Casual Company made up of Texas and men, left Brest on the Panbio on Jan. 7, and New York on Jan. 17.

Mr. T. C. Anthony left Tuesday for Las Vegas, New Mexico, where he has purchased property and will make his home in the future. Both Mr. Anthony and his wife are former county officials of this county, each having served as county clerk, Mr. Anthony retiring from that office last year.

For Sale—800 acres fine land along Denver railroad; public road and school station. Twist five miles from Dalhart. Easy terms, 26-12.* JOHN SIGMOND Dalhart, Texas.

Memphis people are to be commended, and congratulated, because of the remarkably few fires this winter. More than half of the fires that ordinarily occur are preventable and the fact that fires seldom occur here indicates that Memphis people are taking reasonable and sensible precautions.

Mr. O. B. Burnett, a former prominent citizen who now lives at Dumas, came in Monday night on a business mission. He says that the Plains are still covered deeply with snow and that cattle are unable to graze, and are being fed. Wheat, he says, is doing fine but will need pasturing as soon as the ground dries sufficiently to permit stock being turned out without injury.

Slaughter Sale.

Beginning Wednesday Jan. 16th and continuing to Feb. 1st. We are going to sell 100 good suits at from \$10.00 to \$20.00. The best values ever offered in Memphis. These suits are worth from \$18.00 to \$35.00, everything in the winter clothing, included in the Sale. We are forced to sacrifice this stock to raise money to meet our obligations. This will be an opportunity to secure a good suit at prices you probably will never have again. We have a good line of Fur and Dress Caps, which will go at a big reduction. Don't forget the date, from January 15th to February 1st.

Daylight Saving Worked Well.

In the United Kingdom during the war and a half months that daylight saving was practiced in 1916, it is claimed that the saving in gas alone amounted 200,000 tons of coal. The response to consumers were reduced by \$2,375,000. Electric light companies reported a reduction of about 20 per cent.

In France fuel used for illuminating purposes was 10 per cent less after the daylight saving program was adopted.

In Germany the Berlin municipal gas works reported in May and June of 1916 a decrease of 238,500 cubic meters, in spite of the fact that 18,000 new gas meters had been installed during the previous six months.

We have consolidated our business in a way that will serve you better than ever prepared to serve you. We thank you for past favors and ask a continuance of your business.
