### ISTOMACH DISTRE DINTILLAN OF HELLING TO KIDNEYS, LIVER, BOWE with AND CAUSES SHARP

Sour Stomach, Foul Breath, Painful Gas Alin made. Symptoms. Rheumatic Pain and Neu-Affliction Often Follows 10-

Does your food form an undigested mass in your stomach, fer menting and forming gas? If your stomach swells and you feel a sour taste in your mouth, then Nature is warning you!

Indigestion, gas and bloating are the first stages in the complete disorganization of your health. Unless you correct this stomach condition, your bowels will become congested and swollen and pour poisons into your blood stream. Your kidneys will become dammed up with impurities and you'll feel aches and pains in your back.

Awful Spells of Dizziness Your liver becomes congested and you get dizzy spells. You feel lazy, tired. Your complexion becomes yellowish. When the liver bile stops flowing, food doesn't digest-just decays in your bowels and your breath becomes foul and your skin breaks out.

It is only a matter of time until the acid created in your system by this unbalanced condition causes rheumatic pains-one of the most terrible of all ailing conditions. This dreaded disease often

tions. This dreaded disease often swells and stiffens the limbs. Dreadful pain settles in the muscles so you can't move without suffering terrible agony.

A World War Medicine

Even at this advanced stage, wonderful results are obtained with swilliams S.L.K. Formula, a medicine designed especially to combat the conditions described here. If you suffer from any of these symptoms, by all means start at once to take this famous formula which has been so successful in thousands of such cases. Williams S.L.K.
