Holt Bownds Leads Ticket In Saturday Elections

MUCH INTEREST IS TAKEN IN CO. RACES

Total Of 1,356 Votes Are Polled In Two Memphis Boxes

More interest was taken in the Democratic primary election last Saturday than has been the case for many years past.

Holt Bownds led the ticket in his race for Tax Collector, polling 2,600 votes; Miss Edna Bryan, running for re-election as County Clerk, was second with 2,268 votes; Marvin Jones, for re-election to Congress was third with 2,170 votes and Morris Sheppard, for re-election as United States Senator ran fourth with 2,095.

Another close race was that between Judge W. A. McIntosh and James C. Mahan for District Attorney. The Democrat has been unable to get a complete count of this race, but from reports received, it is estimated that Mr. Mahan has been re-elected by a majority of slightly over 100 votes.

As the result of the elections Saturday, two run-off campaigns are in the offing, the one between John H. Alexander and Lindsey E. Hill for Sheriff and the other between Bailey Gilmore and J. E. Hughs for Tax Assessor.

In the Governor's race, Small led the field with a total of 1,984 votes. Mrs. Ferguson was second with 786 and Love was third with 244. The other gubernatorial candidates received only a scattering vote.

Tenaha Woman Succumbs Tuesday

Mrs. W. F. Walker, 80 years of age, mother of Mrs. A. Baldwin and Mrs. W. B. DeBerry, of this city, was claimed by death at her home in Tenaha, Texas, Tuesday morning about four o'clock, after an illness of only a few days.

Number of Survivors Mrs. Baldwin and Mrs. DeBerry left immediately after news of their mother's death was received and attended the funeral which was held Wednesday afternoon.

donated from the supply on hand that is used by the Owls and others will be purchased.

The promotion of a Junior Baseball League is in line with the American Legion program, Mr. Nelson stated. Posts in all sections of the country are taking an interest in this work and have made a success of it wherever started.

DISTRICT FAIR PLANS TAKING FINAL SHAPE

Optimism Felt Over Exposition To Be Held In Fall

Progress in every department of the Hall County District Fair was reported this week by officials of the organization.

With but few exceptions, all department heads have been appointed and work in the various departments has begun. As soon as a complete roster of the officials is completed, it will be made public.

Community Exhibits The officials of the Fair have reiterated, time and time again, that they are looking forward expectantly to having more community exhibits this season than ever before.

Carnival Attractions Carnival attractions on the midway, special features in front of the grandstand, various kinds of athletic events and contests, auto racing as good as can be found in the Southwest are just a few of the many features that the Fair will have this year.

Plan Night Programs The night programs will again prove to be among the outstanding events of the four day exposition. A committee has been at work for some time arranging for the night programs and these will be announced at the proper time.

Spirit of Optimism In speaking of the forthcoming exposition, Henry Read, Fair secretary, stated: "A spirit of optimism has been noted at every meeting of the directorate in laying plans for the Fair this year. It is the whole truth when we say"

Leslie Girl Wins Award At A. & M.

COLLEGE STATION, July 31. (Special to The Democrat)—Gladys Adams, of Leslie, who was entered from Hall County in the 4-H Club Appropriate Dress Contest won first place in the state on the history of her year's work in acquiring her own wardrobe and was one of three to receive honorable mention in the clothing contest.

Miss Adams was sent to the Farmers' Short Course by the Memphis Chamber of Commerce, and is the daughter of Mr. and Mrs. J. O. Adams, of Leslie.

Local Building Permits Hold Up Well During Month Of July

Building permits in Memphis held up well during the month of July, according to Wesley J. Mangum, City Building Inspector. Five permits were issued during the month, falling short of those issued in June by only two.

Permits During July Permits issued during the month of July are as follows: Perry Follis, Block 5, Lot 4, L and R, 6

Utilities Cooking School Last Week Has Large Crowds

The cooking school sponsored last week by the West Texas Utilities Company had a successful three-day run, closing Friday afternoon, according to a number of local women who attended. The school was conducted in the new building of the company, which made an excellent setting for the demonstrations, which were in charge of Miss La Frenz, well known culinary expert.

Delightful Summer Menus Delightful summer menus and preparation of special dishes, as well as the giving of new and different recipes featured each session of the school. All of the cooking was done by Miss La Frenz on the Hot Point Electric Range. She demonstrated how economical electrical cooking really is and what a pleasure it becomes, especially during the hot summer months.

Explains Food Values In addition to her demonstrations, the cooking expert gave interesting talks on foods and their values—what is best to eat to

Infant Monroe Dies Here Tuesday After Two Weeks Illness

Edward Leslie Monroe, aged 2 months and one day, son of Mrs. W. F. Monroe died Tuesday afternoon at the family home on Brice street. The infant had been sick for only two weeks. Funeral services were conducted here Friday afternoon at 2:30 o'clock, with interment in Fairview cemetery.

The infant is survived by his mother, two sisters, Billy Frances and Joan, and one brother, C. L., and his grandparents, Mr. and Mrs. D. F. Monroe, all of Memphis. The baby's father died some eight months ago.

John Emmett Bloxom Dies Wednesday After Illness Of Three Months Duration

John Emmett Bloxom, 71 years of age, well known citizen of Memphis for the past ten years, died at 3:30 o'clock Wednesday afternoon, following an illness of three months duration, during which time Mr. Bloxom had been confined to his bed. He had lived in Hall County for the past twenty-five years and was esteemed by all who knew him.

Funeral services were conducted from the family residence on

Limer, Block 3, Dotson, 5 room frame house with bath, \$3,250; Bessie Reynolds, Block 28, original, 5 room stucco house, with bath which will cost \$2,800.

According to Mr. Mangum, a number of permits are expected to be issued during the month of August, and he believes that building in the city will take a decided jump during the month that is just starting.

In spite of the severe heat and an attack of black ants, Archie Bagwell, 11 year old tree sitter is still on his perch in the large cedar tree in front of his home on South Sixteenth street. At four o'clock Thursday afternoon, Archie had been in the air exactly 163 hours or seven days and is still going strong, without any signs of weakening.

Although he complained of the heat Tuesday afternoon, and a swarm of small, black ants invaded his nest. Tuesday night, Archie states that he has no intention of coming down any time soon. He told a Democrat representative: "I am feeling fine, and I am going to beat those Amarillo boys if it takes me until September." Archie stated that he has been receiving between 150 and 200 visitors every day, and many of them have brought him fruit, soda pop, books and magazines. One of his ambitions is to get a telephone in his little tree home, and arrangements are being made, it is understood, to comply with his wish.

Another interesting proposition has been made Archie by Henry Webb, manager of the Pee-Wee Golf Course. Henry told him that if he beats the Amarillo tree sitters, he will be given a season ticket to play miniature golf as much and as often as he may desire. Archie replied to this offer: "Boy, I'm going to get that," and from the way things are looking, he will.

OWLS TO SUSPEND PLAY UNTIL SEPTEMBER FIRST

Because of present slow business conditions and the unfavorable crop outlook at this time, the Memphis Owls will suspend their baseball activities locally until September 1, according to a decision reached by the baseball club's board of directors Monday morning. A drop in the gate receipts at Owl Park necessitated this action. Edwin Thompson, president of the club, declared.

If present plans are carried out, the club will resume its schedule about September 1, and games with the Shreveport Sports and Fort Worth Panthers, Texas League clubs, are being arranged for early fall.

For once in my life, I have had enough potato salad! At the dinner or supper or luncheon or whatever it was we had on the stroke of midnight last Saturday, I saw more potato salad than I ever saw on one table before.

Potato salad! What gastronomic crimes have been committed in my name! Thou art a food intensely interesting to behold. Thou hast a goodly ointment sprinkled over thee—that Solomon in all his glory did not have.

Thou shouldst be chewed slowly and carefully in order that thy rich content be made ready to use in the stomach of him that eateth, and does eat, most bountifully of thee, most delicious of confections, most surpassing fair of all the culinary tribe, most alarming once thou hast been eaten too frequently and at too great length.

Wherefore, therefore, let us look before we leap. Thou comest not in the silver of Kings, but rather, in the generous and ample green and white bowls of friends. Grated eggs cover thy substantial body, adding a red and yellow effect which is soon obliterated once a tablespoon of hunger tears thy beauty of countenance, which was, alas, as fair to us as any rose of Sharon or of the Valley.

Election parties were not conceived for thee—delicious food that thou art—but thou for them. Devoid of onions, still thou hast the strength to appease hunger, resuscitate the weary, invigorate and all but intoxicate. Be it true that thou art lumpy; breathe there a man with soul so dead that never to himself hath said, "This food would tickle Andy Gumpy."

Potato salad! Thou art the embodiment of all that is good. As a food, thy right hand knoweth

Endeavorers Plan Inter-Church Meet

Some fifty young people, representing the Christian Endeavor Society of the First Christian Church, of Amarillo, will meet with the Society of the First Christian Church of Memphis Sunday evening. All the young people of Memphis are invited to attend this rally and especially are the young people of the other church societies urged to be present.

The program will start at 6:30 Sunday evening with a sandwich spread on the lawn of the First Christian church. At eight o'clock, a program will be given in the church auditorium with Miss Margaret Wells, Director of Religious Education of the Amarillo church, in charge of the program. An interesting program has been prepared and a large audience is expected.

According to my figuring, people, there isn't but one thing to do now—support Sterling and TRY to beat Mrs. Ferguson. I once swore that I'd never let this column get into politics, but when sister Ferguson is trying to ride into the governorship of Texas I just can't keep my mouth shut.

If I have to choose between 2 years of Fergusonism and a \$350,000,000 road bond issue, I'll take the road bond issue, yea, even a billion-dollar issue!

Texas was disgraced once, at home and abroad, by claiming Mrs. Ferguson as its governor. Why go through the unpleasant situation again? Why allow our great state to be ridiculed and laughed at all over the civilized world? Why let Jim Ferguson feather his nest again? Aren't we ever going to get through with him?

But I'll have plenty of time to rave at length against Mrs. Ferguson. There are three more weeks yet before the election.

Some of my farmer friends are going to be all over me like a bucket of paint, but I can't help that. I'd rather be right than popular.

Last week, just for fun, I made a crazy prediction that Tom Love would lead the ticket in the primary election. I didn't expect anyone to take me seriously, but

several did. Even Bill Cooke took the trouble to write me from Rockdale and chastise my judgment severely.

Here's what Bill said about it: "Even if I didn't already know that you are a Republican, I would know it by your 'first class prediction' on the governor's race. I don't claim to be a political analyst or anything like that, but why don't you get hep, Lyman, why don't you get hep?!"

Boy Scouts in Memphis are just as handy as a pocket in a shirt. We had 13 of them helping us with our election party last Saturday night, and they were mighty good help, too. They did exactly what they were told, and they didn't waste any time doing it. I

want to thank those boys for their assistance. They were valuable aides.

If Max King doesn't quit making unkind cracks about the high grass in front of The Democrat, between our sidewalk and the curb, we're going to get mad and cut it. Max even went so far as to say he was going bird hunting in front of our office.

That reminds me, Postmaster Owens, the federal lot at Seventh and Main is looking mighty bad. For the third successive year, I believe those weeks ought to be cut. I'll cut mine if you'll cut yours. What do you say?

This paragraph is for you people

ple who want to see Memphis a little cleaner and a little more sanitary. Don't forget that the City Council meets next Tuesday night and that the matter of employing a full-time clean-up man to keep alleys clean and garbage hauled away will be brought up. Be sure to see your aldermen within the next day or two and tell them that you are heartily in favor of such a move. It's up to you people. Forget about it and don't say a word, and present conditions will continue. Voice your approval of the subject, and the plan is almost certain to be put into operation.

I suppose you've heard about the dread disease that has enveloped Texas. It is Mabeatus, a malady that requires at least a month and maybe two years to cure.

A sign at J. D. Lagrone's Service Station says, "We Can't Keep Up With Ma, But We've Got Pop on Ice."

Some people have already told me that it isn't right to joke about Ma Ferguson. Why not? Her first administration was a joke—a huge one.

It has been reported that a group of people at Quannah have been meeting, for several weeks and praying for rain. One night

last week one of the members of the cult jumped out of the traces and said, "I'm through. I don't see a bit of use in praying for rain as long as the wind is in the southwest."

I made a solemn oath last week that I wouldn't shave until it rained. I did let my whiskers grow from last Friday until Wednesday. Then one of my friends called and invited me out to dinner Wednesday evening. For fear my hostess might think a member of the House of David had broken in on her social set, I finally succumbed to the agonizing process of a (Continued on page 9)

She Surprised Her Mother

"I got the biggest surprise when I finally got my little daughter, Mary Rosalie, to feeling good again after I tried nearly everything I ever heard of," says Mrs. J. C. Swain, well-known Shreveport lady, who lives at 1016 Leon street.

"It looked like I couldn't get her straightened out. She would complain of feeling badly. Her bowels would first be too loose, then constipated. I thought she might have round or pin worms, so I started giving her White's Cream Vermifuge, and you'd be surprised, too, if you could see how she has improved. I am giving it to my little son also."

For 30 years White's Cream Vermifuge has been helping children who have round or pin worms.

WEBSTER BROS. NAMED AGENTS FOR AUSTINS

New Autos Will Be Available Within Short Time

An announcement of interest to the automotive trade was made by Joe Webster Saturday when he stated that Webster Bros. had been appointed local agents for the American Austin bantam cars. The firm will handle this car in addition to Whippets and Willys-Knights.

The first shipment of the Austins is expected within the next several weeks. They will sell for around \$500 delivered in Memphis fully equipped. The Austin weighs 1130 pounds, holds five pints of oil and five gallons of gasoline. The gasoline consumption is 40 miles to the gallon.

The cars will be available in three body types: Coupe, roadster, and commercial. They have a wheelbase of 77 inches and will develop a speed of 60 miles per hour.

A shipment of four Austin cars came through Memphis Friday night and created considerable interest. They were en route from Wichita Falls to Amarillo where they will be on display Sunday.

Leverett-Williams Serve Breakfasts

With Frank Conway as head "chef," Leverett-Williams Pharmacy has instituted a breakfast service through their fountain department, according to an announcement made this week by Vernon Williams.

Several club breakfast menus have been arranged in a manner that they may be served speedily.

"After a number of insistent requests from some of our patrons, we decided to add a speedy breakfast service to our store," Mr. Williams said. "Business men and women especially seem to appreciate the opportunity of having their breakfast from our fountain when they are in a hurry," he said.

gestion and my kidneys gave me no end of trouble; the pains in my back were terrible. I was forced to rise many times nightly and became very nervous.

"I tried many remedies without result when a friend recommended Konjola. After taking seven bottles, I was able to resume my work in the K. I. C. League as a ball player. The rheumatic pains have completely vanished and my stomach is in perfect condition. My kidneys are again normal and I do not have to rise at night. The pains have left my back and my nerves are strong. Konjola restored me to perfect health."

Although many men and women state that one or two bottles brought relief, it is recommended that six or eight bottles be taken to obtain the best results.

Konjola is sold in Memphis, Texas, at Leverett-Williams Drug Co., and by all the best druggists in all towns throughout this entire section.—Adv.

Democrat is Given Additional Treats

In the election extra that appeared Sunday morning, The Democrat attempted to express its thanks for the many treats given the staff election night. No sooner than the type had gone into the forms and the first copies of the paper were off the press, than Mrs. Thos. B. Huff brought down to the office a most wonderful breakfast, consisting of breakfast food with real cream, eggs, bacon, toast and coffee. This was almost too much but the staff fell to with a will and soon had the food devoured.

Monday afternoon, D. H. Arnold surprised the staff by bringing them a box of fifty cigars. This was greatly appreciated, as was the breakfast, and all the other favors. Members of the staff have reached the conclusion that "it pays to advertise." Certainly this would appear to be the case from the wholesale generosity displayed.

TO THE VOTERS OF PRECINCT NO. 1

I wish to express my sincere thanks to the people for the splendid support accorded me in the recent primary, and shall endeavor to show my appreciation more by serving you, and assisting you in every way possible as your Commissioner.

Dr. Robinson and Miss Greene Are Rotary Features

Featuring the weekly meeting of the Rotary Club Tuesday at noon, in a program introduced by Henry Read, was an entertaining talk given by Dr. Ernest E. Robinson, pastor of the First Methodist church and a piano solo by Miss Shirley Greene. Both were thoroughly enjoyed and elicited much applause and approbation from the 31 Rotarians present.

Dr. Robinson's talk was witty and to the point. It was particularly suited to the weather. He urged Rotarians to keep going, regardless of difficulties with which they were beset. He illustrated this point in an interesting way. Miss Greene's piano number showed the result of her musical education and training. Rufus Greene, Rotary president, remarked that his daughter had been at home for six weeks and her piano solo at the Rotary club was the first time he had heard her play.

S. I. Byars left Wednesday morning for a vacation trip of several weeks duration. Mr. Byars planned to visit Glen Rose, Tyler, and other points in East Texas before returned home.

Mr. and Mrs. J. G. Gardner of Quannah spent Sunday in Memphis visiting friends.

Martin Takes Over Local Golf Course

The Pee-Wee Golf Course, at Eighth and Main, changed hands this week and is now under new management. R. E. Martin, well known local business man, has purchased the course and Henry Webb has been employed as manager. The course will be open to the public throughout the day and until a late hour at night.

Formal opening of the Pee-Wee Golf Course, under the new management, took place Tuesday night, when local women were allowed to play the course without charge. The regular price for playing the 18-hole course will be two for twenty-five cents.

Miss Lilly Zora Darby, of Esteline, is visiting this week in the home of Dr. Pat Wiggins.

Mr. and Mrs. John Ballew, of Childress spent Sunday with Mr. and Mrs. M. G. Ray.

Miss Mary Cyrus of Quannah came Sunday to visit her sister, Mrs. L. Holt.

Mrs. L. Holt and niece, Pauline Brown, visited in Quannah, Saturday.

Mr. and Mrs. W. E. Caldwell, of Norman, Okla., visited Mr. and Mrs. Z. Edwards and family Sunday and Monday.

CITIZENS STATE BANK

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improve-

ment in the methods of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankcases reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public—so that the benefits of reliable, economical transportation may be placed within the means of every one.

Pure, Sparkling Ice---- a Necessary Convenience

According to up-to-date hostesses, Ice is the most necessary individual commodity in the planning of a summer-time party.

They say, "Good taste today demands clear, sparkling ice on the table—clinking merrily in glasses, frosting seafood or fruit cocktails, and chilling the olives, celery and radishes to appetizing tenderness. A generous use of ice is a well-established American custom."

Don't run the risk of running short of ice at any time. It is inconvenient and embarrassing, and more important—exceedingly dangerous to health to let the temperature of your refrigerator get below the safety mark of 50 degrees Fahrenheit.

Keep your ice box full—it is more economical, and assures perfect refrigeration at all times. Call 41 for speedy delivery.

FROM THE PEOPLE

Editor, Democrat:
Emulating the dailies in the large cities by featuring the election returns, The Democrat lived up to its title of first in service thoroughly on Saturday night.

No effort or expense was spared to flash the returns on the screen to the thousands who eagerly awaited them. This service that lasted throughout the night, marking the steady progress of the returns, both local and state, entailed an immense amount of work upon the part of the employees of The Democrat and was greatly appreciated by the public.

Anticipating the state dailies by several hours, an extra edition of The Democrat greeted its large field of readers early Sunday

morning with a full and authentic report of the returns up to the closing hour of the State Election Bureau.

Enterprise and unselfish service of this kind builds good will. Vive le Democrat!

Estelline Firemen Win In Water Polo Match Here Sunday

The Estelline Firemen's team won first place in a round robin Water Polo match played in Memphis Sunday between Memphis, Estelline, Wellington and Childress. These games are part of a series of games being played between these teams in preparation for the contests to be held on August 20 at the Panhandle Firemen's Association Convention at Paducah. Next Sunday, contests of a like nature, will be held at Wellington at 1:30 p. m.

Estelline has been picked for a likely winner of the contests at Paducah as they have not lost a game. The local team has been unfortunate, as they have no means for practice, and get to play only in the Sunday contests.

A crowd estimated at over 1,000 people saw the contests held on the south side of the square, and much interest was shown in the sport.

Results of the games:

	Played	Won	Lost	Pct.
Estelline	3	3	0	1.000
Childress	3	2	1	.667
Wellington	3	1	2	.333
Memphis	3	0	3	.000

ENCAMPMENT PLANNED AT CETA CANYON

LAYMEN, GIRLS TO HAVE MEET IN AUGUST

Interesting Programs Are Being Planned For Encampments

The Methodist Camp Grounds in Ceta Canyon, 16 miles from Happy, and 35 miles from Amarillo, will be used during August by the Northwest Texas Conference, for profitable recreational purposes. From August 3, to August 8, the laymen of the conference will conduct the third annual assembly at which time several interests of the church will be presented.

Abilene Man Dean
Boyd M. McKeown, a conference lay leader, of Abilene, will be dean of the assembly. Class work in the following courses will be offered: Lay Activities, F. T. Barnett, general hospital board, Atlanta, Georgia; Stewardship, Boyd M. McKeown, conference lay leader, Abilene; Sunday School Administration, Dr. D. W. Alexander, Central College, Fayette, Missouri; Evangelism, Rev. W. M. Pearce, Amarillo; Primary Education, Mrs. John E. Eldridge, Miami, Texas.

Subjects of Speakers
On Sunday, August 3, at 11 o'clock, J. F. Rawls, representative of the General Board of Missions, of Nashville, Tennessee, will speak on "Men Wanted." At the evening hour, his subject will be "Methodism, a Spiritual Power." On Tuesday, Dr. W. M. Alexander will address the Assembly on "Will Religion Be Saved to Rural Life." Fred T. Barnett will be the speaker on Wednesday and Thursday, using for his subjects, "The John Wesley Methodism," "A Call to World Brotherhood," "The Healing Ministry of Methodism," and "The Aristocracy of Service."

Class Periods Maintained
Class periods will be maintained each morning, down in a grove of trees close by a stream, in the grape arbor, in the big open auditorium—all in the out-of-doors. The afternoons will be free for rest, recreation, and to enjoy the rugged scenery of the canyons, the picturesque waterfalls, the swimming pool fed by numerous springs and the fellowship of friends.

The assembly affords a profitable vacation. Families may enjoy camping or meals will be served in the dining hall. Every Methodist church in northwest Texas should avail themselves of this opportunity presented to them and be represented by the laymen of their church.

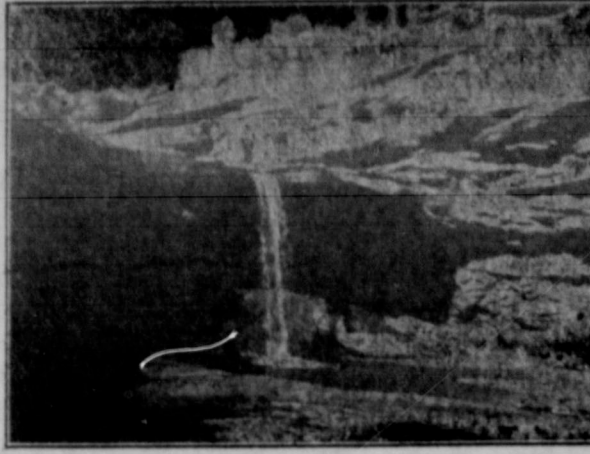

Interesting Program Planned
From August 12 to 26, the Northwest Texas Girls' Camp will observe the eleventh annual camp and a varied and interesting program of recreation has been planned. The daily program includes Morning Devotions and Vespers, Nature Study, Archery, Music, Leathercraft, Swimming, Games, Dramatics, Camp Fires, Hikes and Fun. The platform hours include Bible study, young peoples' work and speakers with great messages and entertainment.

Staff of Camp
The camp staff includes Miss Grace Potts, of Abilene, and Miss Mota Mae Shaw, of Memphis, swimming directors; Nature Study and Games, Janice Clonts; recreational supervisor at Trinity Park, Fort Worth; Music, Maydee Thompson, Memphis, and Alice Gillespie, Spivey; Dramatics and Campfire program, Mrs. J. W. Spivey, Waco, and Mrs. John M. Brooks, Amarillo. The platform hours include Mrs. Otis Trulove of Amarillo in musical program; Mrs. L. M. Hogsett, Fort Worth, member national board, Y. M. C. A., who will teach Bible and the Y. M. C. A. of Canyon, and Young Peoples' work by Mrs. C. L. Clement of Shamrock.

Outdoor features will include a water pageant, hikes to Jolly Girls Falls and Dripping Springs, a werner roast at the falls and one of the biggest surprises ever given in a girls' camp.

Camp Advisory Board
The camp advisory board named by the Woman's Missionary Society of the Northwest Texas Conference is Mesdames C. L. Clement, conference superintendent of young people, Shamrock; John E. Eldridge, Miami; Loyd H. Jones, Muleshoe; T. V. Touchstone, Merkel; and Misses Verna Crump, executive secretary of the camp; Estelle Plummer, Chillicothe; Gene Meador, Westbrook, and Violet Combs, Abilene. Mrs. T.

not what thy left hand doeth, but nevertheless and notwithstanding, thou art most satisfying. In case of emergency, be sure and specify the original for there is none genuine unless the onion is left out.

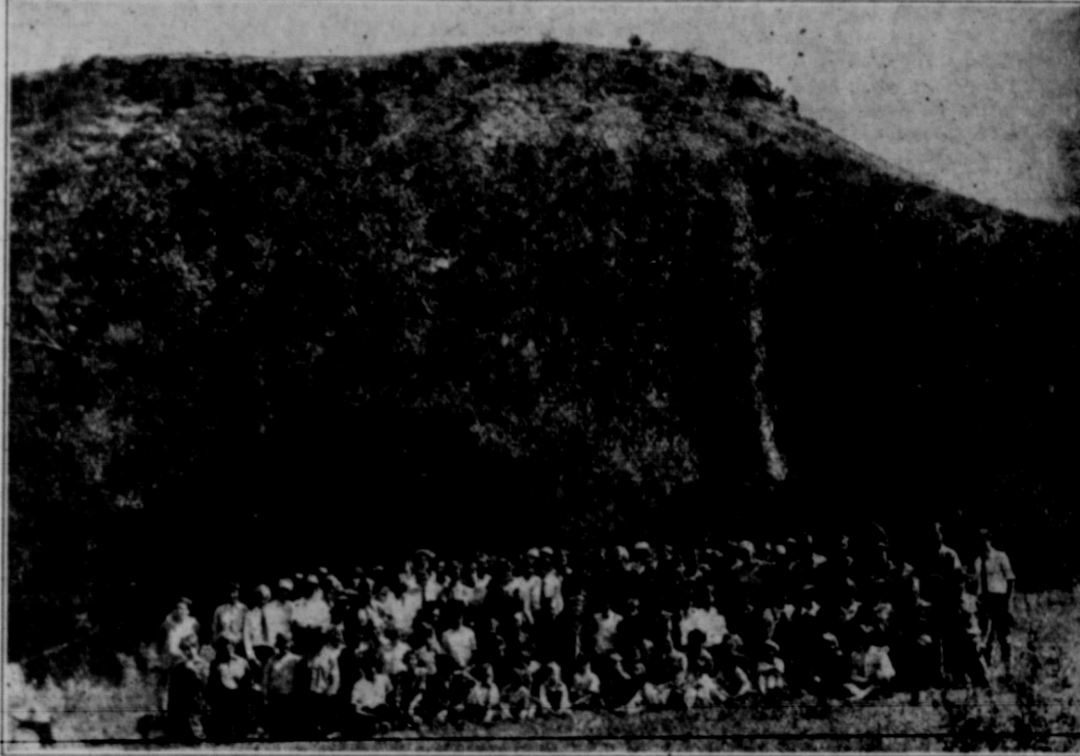

Onion and garlic have their place in life, but no place at all in potato salad. If, in the not distant future, I ever have occasion to seek rest and surcease from the cares of the day, I am going to watch more carefully the amount of potato salad I eat, so that I may wrap the draperies of my couch about me and lie down to pleasant dreams, and not have any more nightmares such as were occasioned when I let the taste of food get the better of my judgment, as was the case last Saturday.

Potato salad to the right of us; potato salad to the left of us, but on into the valley of food rode the nightmare, until eventually and inevitably, there was a rude awakening—the like of which only potato salad could have brought about and which I hope, gentle reader, you may never have occasion to experience. Be it ever so humble, there's no stomach like your own!

Let's Chat Awhile

BY DOROTHY B. ROBBINS

Does anybody know whether Will Rogers ever succeeded in getting an echo on his ranch? He was reported to have said there was every thing on his beautiful California home place but an echo and that would be installed soon. I have visited localities and listened to the echo of my voice; I have heard it in my old home—just a little spooky, probably one of the suggestions for the radio.

Now we are introduced to a new sport—echo-hunting. The game invented by the English. Clean, healthy sport this where one wanders afield following the furtive will-o-the-wisp.

There are acoustic horns that are of great assistance, some times they are megaphone shaped and again they resemble a monstrous goblet minus the stem. Each echo must have its two hunters, one to arouse it, the other to catch all its varied sounds.

Hunters in cities have found churches and palaces good quarry. Bridge arches have furnished remarkable examples, but when the Englishman goes afield he gives his best choice to the mountainous country. You should know that the Pyrenees and Alps were alive with this eerie sound. One would also suspect song famed Killarney of being incomplete without its echoes. Our own Niagara and Mammoth Cave are likewise famous and we are not surprised.

An echo is considered fair game when it repeats nine or ten times. General Wrangel has reported one in Siberia that gave back the sound made from a pistol shot over one hundred times. I wouldn't want to live in a country like that, even a whisper might end in a shout. No wonder the Russians keep on edge.

Miss Agnes Follis left Wednesday for Childress where she spends this week end with Bobbie Hardin.

Mr. and Mrs. D. L. C. Kinard and children returned Wednesday night from a three weeks stay in Gunnison, Colo.

Mr. and Mrs. Hollis Boren and children plan to leave Sunday for a week's vacation in Taos, New Mexico.

W. R. McClendon, of Wichita Falls, was in Memphis on business Wednesday and Thursday.

Mrs. Ballew is a teacher of the Dunning system of music and will be associated with Mrs. Margaret Morgan-Andrews in her Studio, 202 North Tenth street.

Holy Land Told Of In Lecture Friday

Dr. Joanna Campbell, of Wichita Falls, spoke to a large and tentative audience at the First Christian Church last Friday evening at eight o'clock on the subject of "The Holy Land." Dr. Campbell has delivered this lecture a number of times and it is always well received by her audiences.

Told of Travels
During her talk, she told of her travels over the paths that the Christ had trod during his ministry upon earth. She told of her visit to Bethlehem, in Judea, the birthplace of Christ; of the Dead Sea and the Holy Land, in general. She made her talk all the more interesting by giving examples of the things that she has seen and giving their proper relationship to the Bible. Dr. Joanna Campbell is said to be one of the foremost travelers, lecturers and writers in this section of the country, and local people consider themselves fortunate in being able to hear her interesting

The Call of the Hills

By A. J. Dunlap

Did you ever sit in the saddle alone
And hear the grey coyotes cry,
As the moonlight fell on the dun dead hills
And stars flecked the tranquil sky?
Have you felt the spell of the brooding night,
The lure of the stars that shone,
Till you longed to live for a thousand years
Out there in the hills alone?

There are those who palter a penciled prayer
Or murmur a man-made creed,
In the stress of life as they seek a peace,
To answer the tired souls need;
But a deeper peace for the hearts of men
Is out where the bright stars shine,
Where from dusk to dawn you can always feel
The nearness of things Divine.

We have joined with Firestone to not only meet but BEAT Mail Order and other Special Brand tires on Price-Quality-Service

Come in and see the facts for yourself

YOU no longer need to send for tires by mail, nor do you have to buy tires made by some unknown manufacturer. Firestone prices are now the lowest in tire history, but more important than that, Firestone quality has never been higher.

We've taken the mystery out of tire buying

Visit our store and we will show you the "inside facts" about tires. We have actually cut up new tires and have the cross sections for you to examine—you will easily see why Firestone quality is so outstanding.

Don't worry about punctures and blowouts

Punctures and blowouts are bothersome and most people fear them—but NOW, because of the patented Double Cord Breaker, Firestone has practically eliminated them. Come in and let us show you this feature that puts two extra plies of cord right under the tread where most road wear comes and where punctures and blowouts start.

Compare Prices and Specifications

Because Firestone Tires hold all world records on road and track for speed, safety and endurance, many people think they are high priced—but just check these low prices—then compare quality—you will be dollars and miles ahead.

THE DEMOCRAT SCORES AGAIN!!

With Its "Big City" Election Service

Sincere efforts to serve the people make an otherwise ordinary newspaper outstanding. Election Service afforded the people of Hall County last Saturday and Sunday was rather an expensive bit of service for The Democrat to render. The election information, however, was given gladly and was considered more as a duty than a favor. The newspaper that deserves your support is duty-bound to render the type of service you have a right to demand. Depend on The Democrat, always, to serve you to the best advantage.

THE DEMOCRAT'S PROGRAM FOR 1930

- 1. Less selfishness and more selflessness in the business, professional and social life of Memphis and Hall County. 2. The placing of agriculture on a higher plane, with emphasis being put on diversification, live at home movement, and the cow, sow and hen route to contentment and general well being. 3. A better understanding between Memphis and the towns and communities in Hall County. 4. More respect for city ordinances in connection with parking of cars in the downtown district, observance of fire rules and regulations, and keeping the streets of the city in a clean condition. 5. More general cooperation in all movements seeking the betterment of Memphis and Hall County. 6. A municipal auditorium. 7. More paved streets.

THE PEOPLE HAVE SPOKEN

The people have spoken—and what a voice! For the most part, the political prognosticators were left high and dry, holding the bag. It is nearly always the case. Let those who would predict winners in elections have their say, and it is generally far from the truth.

West Texas and the Panhandle have lost their big chance of electing a Governor from this section of the state. Despite that fact, Senator Clint Small ran a good race. It was his initial appearance in the state political arena and he delivered a number of knockout blows.

The most bitterly contested race in the county developed between A. C. Hoffman and M. O. Goodpasture, for County Judge, with the present incumbent winning the race by a small majority. A close race over the district was that between James C. Mahan and W. A. McIntosh for the office of District Attorney which Mr. Mahan won by a small margin.

Political activities over the state will get under way again in a few days. Chief interest in the state run-offs is centered in the race for Governor between Mrs. Miriam A. Ferguson and R. S. Sterling. The Ferguson strength in the initial race was surprising to many.

On the other hand, Ross Sterling has shown himself to be a good vote getter. He will have on his side thousands who denounce the practice of operating a government by proxy, and other thousands who are convinced that good government demands a permanent retirement of the Fergusons from public life and public office.

HALL COUNTY IS REPRESENTED

A number of representatives from the Girls' and Boy's 4-H Clubs and the County Home Demonstration Clubs of Hall County are in attendance this week at the Farmers' Short Course at the A. & M. College of Texas.

In order to send representatives to the Farmers' Short Course, it is often necessary that individuals and organizations come forward with help. This year, the Memphis Chamber of Commerce, the banks and dry goods establishments have rallied to the cause and have made the trip possible for a number of those who are attending the short course.

MISTAKES WILL OCCUR

It is human to err—to make mistakes. Newspapers certainly make plenty of them, but they are always ready to make corrections when errors are brought to their attention properly.

After the story had been obtained, Bird was allowed bail, which the story failed to state, and proper correction is made herewith. It is not our intention to misrepresent facts, but we are not infallible.

KNIGHT PITCHES VICTORY OVER SILVERTON

Owls Succeed In Re-venging Holiday Defeats Sunday

When he is right he cannot be beat, and Jack Knight was certainly right Sunday, when he pitched the Owls to a 6-4 victory over the Silvertown Wolves.

The Owls took the lead in the first inning with two runs and held it throughout the game. The Wolves had been able to tally only two runs until the eighth inning, when a homer brought in two more runs.

The spectacular pitching of Jack Knight was the high spot of the game, and although Walker pitched a good game for the visitors, he was no match for Knight; however, six errors on the part of his team mates had much to do with his defeat.

Here and There IN SPORTS

BY ADRIAN ODOM

The Owls are to take a vacation. There will be no baseball in Memphis until September. Due to the fact that baseball seems to have gone on a slump in Memphis, and as August is a bad month for the diamond sport, this course has been decided upon.

At present, it is not known what our team will do, but they are planning a road trip through

Mexico and western Oklahoma, if it is possible. Why not? Such a trip would be a good thing for Memphis. The Owls only want to make their expenses on this trip, and that should be easy.

Regardless of what they do during the next month, we want to see them back in Owl Park in September with the same line-up. The same brand of baseball should be obtainable when they come back to Memphis. The fans not only want it; they are going to have it.

Some little talk is beginning to be passed around about football. It is not so far off but that we can begin to look forward to it. Memphis is due a good team this year, and will undoubtedly have it.

Young Stribling added another knockout to his list of victories when he gave Phil Scott the count in London. According to Stribling, he is going to claim the heavyweight championship from Schmeling. That, of course, will be useless, but he has every right in the world to it.

Stribling is the greatest fighter in the ring today. He should be allowed to meet Schmeling before Sharkey has another chance. If he

is allowed to do so, he will undoubtedly win. It should be a knockout, and, unless the show more than he was able to show against Sharkey, Phil will win before the fourth round has spent its time.

CARD OF THANKS

We wish to express our heartfelt thanks to our kind friends and neighbors for their deeds of kindnesses, and words of sympathy expressed during the illness and death of our darling wife and mother.

We also want to thank those who sent the beautiful floral offerings. May God's richest blessings rest upon each and every one of you.

L. E. R.'s Mail

L. E. R.:
The fact that Mrs. Miriam A. Ferguson will very likely be our governor can only be blamed on the loyal and unpatriotic West Texas, as I see it. Those voters of the Panhandle and West Texas, for no reason at all except racial prejudice, voted for the candidates—candidates new, within all reason—responsible for the thing instead of Small Mrs. Ferguson. It may prove true, but it is reasonable to believe that Small would stand a much better chance of defeat.

failed to use the kind of judgment I believe they should have used, thereby causing a split in the Small vote, are responsible for the political mess we are in today. I wish them luck.
SMALL SUPPORTER.

That's a pretty bitter dose, Small Supporter, but somehow I feel as though you are about 150 per cent right! I want to be open-minded and fair about this thing, and I'll grant the fact that every man and woman, regardless of where they live, have a perfect right to vote exactly as their conscience dictates. But in this particular election, the object was to beat the Fergusons, and I agree with you that that objective could have been more nearly reached if West Texas had united in supporting Small. Senator Small ran a mighty good race. He made the rest of Texas realize that West Texas is anxious to furnish the state with a governor who will attend to business and let politics go to the Dickens. Small can still be governor of Texas, at least four years from now. I predict he'll be governor two years from now if Ma is elected.—L. E. R.

Dear L. E. R.:
I have just read with interest your column in the Memphis Democrat, and particularly your advocacy of having some kid sit in a tree for a few days.

A few days ago I noticed an article in the editorial page of a Nashville newspaper which aptly described the cause you are advocating.

I am enclosing the article and trust that it may make a good impression on you.

Sincerely yours,
H. D. STRINGER.

THE SILLY SEASON

The silly season in the United States in particular and the world in general lasts pretty well twelve months a year, but it usually seems to reach unusually feverish pitches in mid-summer and this year is no exception. No section of the country is entirely exempt from the contagion of utter brainlessness. In most respects the silly season is developing normally, but the current obsession among children for setting endurance records for sitting in trees, for bicycle riding, for sea-sawing and several other things equally absurd probably gives 1930 the unenviable right to claim the advantage of any of its predecessors in the matter of unrelieved idiocy.

By no manner or means, however, do we wish to be understood as implying, even faintly, that the children have any monopoly on nitwitery. Far from it. At a city in the neighborhood of New York an adult moron is perched on a flagpole with the avowed intention of remaining there until September. If he can so alter his plans that he never comes down, he will perform a patriotic service for his nation. Another dim-brain is industriously engaged in the effort to back an automobile from New York to Los Angeles, the only hopeful fact in the connection being the chance that he may get off the track and back over the edge of the Grand Canyon. From the large and sovereign State of Texas a pair of jackasses are on their way to New York, with matters so arranged that the two-legged one is riding the four-legged one. All this and more of the same recently led the columnist of the Macon Telegraph to venture the assertion that the man who wins the proud honor of being the "Champeen Ijit" will have to bite a polecat and it looks depressingly like he is right.

The cure for the dire effects of the silly season on children is not so far to seek or difficult to obtain. A small branch of the

CITATION BY PUBLICATION THE STATE OF TEXAS.
To the Sheriff or any Constable of Hall County, Greeting:

You are hereby commanded to summon Mrs. H. D. Hays, a feme sole by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court of Hall County, to be holden at the Court House thereof, in Memphis, Hall County, Texas, on the First Monday in September A. D. 1930, the same being the 1st day of September A. D. 1930, then and there to answer a petition filed in said Court on the 30th day of July A. D. 1930, in a suit, numbered on the docket of said Court as No. 1685, wherein Cicero-Smith Lumber Company, a corporation is plaintiff, and Mrs. H. D. Hays, a feme sole is defendant, and said petition alleging:

That defendant is indebted to plaintiff in the sum of \$124.70 for materials furnished for the construction and repairs of buildings on Lots 1 to 4 in Block 76 of the original town of Estelline, Hall County, Texas. Plaintiff alleges that said amount is long past due and unpaid and that defendant refuses to pay the same. Plaintiff further alleges that they are entitled to a lien under the constitution and laws of the state of Texas against Lots 1 to 4 in Block 76 of the original town of Estelline, Hall County, Texas, by virtue of the furnishing of the aforesaid material. Plaintiff sues for the sum of \$124.70, for foreclosure of its constitutional lien, for costs of suit and for other and further relief in law and equity that it may be entitled to.

Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in

JANE Y. McCALLUM,
Secretary of State.

Mrs. Holt Gives Picnic Honoring Guest Last Friday

Mrs. L. Holt entertained Friday, July 25, with a picnic honoring her niece Pauline Brown of Quannah, at her home on North Twelfth street.

After a water fight and other out-door games, a picnic lunch of sandwiches, pickles, tomatoes, potato chips, punch and cake was served to the following: Dorothy Evans, Sybil Taylor, Dot Dunbar, Ann Palmeyer, Anna Ruth Williams, Omega Ballew, Geraldine and Jeanette Watson, Bobbie Clark, and the honoree.

Announce Marriage Of Daughter With Dinner On Tuesday

One of the loveliest dinners of the season was given Tuesday evening at the home of Miss Cornelia McCanne by Mr. and Mrs. E. R. Adams of McLean, announcing the marriage of their daughter Opal to Mr. Lyman Daugherty of Robinson, Illinois, on March 11 at Mora, New Mexico.

The guests were served cocktails in the living room at 8 o'clock previous to assembling in the dining room. The table was laid in the bride's selected colors, pink and white, with a lovely floral piece of snapdragons and ferns. Appropriate favors were drawn from the centerpiece as soon as the guests were seated. Miss Florence Wherry drew a marriage certificate filled out with the names of the bride and groom, also other information concerning the wedding, which Miss Wherry read aloud to the group. The announcement came as a complete surprise to all the guests. Miss Marguerite Walker, house guest of Miss McCanne, drew a lovely guest gift presented by the hostess.

The honoree was charmingly dressed in blue chiffon with crystal accessories. Mrs. Daugherty is well known in Memphis, having lived here and being a popular member of the younger set. Her many friends were interested to know of the event and to wish her much happiness. Mrs. Daugherty attended the Memphis High School, Texas Christian University at Fort Worth, and New Mexico Normal at Las Vegas. Mr. Daugherty is a graduate of Leland Stanford University, having been professor of biology in the University at Las Vegas the past year. He is at present attending Leland Stanford completing work on his Ph. D. degree. Mrs. Daugherty will join her husband in Palo Alto in September.

Those attending the announcement dinner were Misses Vernadine Jones, Shirley Greene, Florence Wherry, Annie Laurie Carter, Dorrace Powell, Marguerite Walker, of Stamford, Mrs. Van Zandt Gibson, of California, Mrs. Austin Carroll McDavitt and the honoree, Mrs. Daugherty.

Young Married Ladies Class Meets Wednesday

Mrs. M. T. Jones, assisted by Mrs. Lynn Jones, were hostesses to the Young Married Ladies' Class of the First Baptist church Wednesday afternoon at three o'clock. Mr. Roy Draper, the president, opened the meeting, after which Mrs. Loyd Carson led in prayer and a chapter from St. John was read by Mrs. Sib McCrary.

After several business subjects had been discussed, lovely refreshments of sandwiches, cake and grape juice were served to the following: Mesdames Loyd Carson, H. N. Henderson, John Sheffield, Forest McCrary, Sib McCrary, Gene Boland, Roy Draper and the hostesses.

Dr. and Mrs. W. H. Ballew of Plainview are moving to Memphis to make their home. Dr. Ballew preceded Mrs. Ballew by a few weeks and has opened his offices here.

Miss Audrie Lofland is visiting friends in Clarendon this week.

Miss Lita Verne, of Clarendon was a Memphis visitor the past week.

Marriage Of Miss Elliott Announced At Lovely Party

Miss Eloise Norman entertained Wednesday afternoon with a lovely announcement party honoring Miss May Nell Elliott, at her home on South Seventh street. The approaching wedding of J. Ed Teer, manager of the Wm. Cameron Lumber Company at Clarendon, and Miss May Nell Elliott of Memphis, on August 10, was announced. The Cameron colors of orange and black were carried out in all the house decorations, as was the theme of "lumber."

The game for the afternoon was "Hearts," the tallies were in wood brown with a tiny church pictured on them. A tiny log in wood brown on each table, held the announcement of the wedding, as well as candy in the shape of logs and green leaves.

High score prize was awarded to Miss Vernadine Jones, second to Miss Florence Wherry, the gifts also carrying out the "lumber" theme. The prize for the honoree, Miss May Nell Elliott, was a wooden rolling pin, tied in maline.

Following the games the hostess served lovely refreshments of angel food squares, decorated with a tiny Wm. Cameron sign in orange and black, and ice cream moulded into the shape of logs, to the following guests: Misses Shirley Greene, Dorothy Elliott, Helen Madden, Vernadine Jones, Florence Wherry, Cornelia McCanne, Ruby McCanne, Meta Maye Shaw, Doris Shaw, Margot Shaw, Neva Duniven, Amarillo; Miss Lily Grazier of Snyder, Oklahoma, Misses Ruth Swift, Doll Merrick, Lita Verne, of Clarendon, Mesdames Heral K. Whaley, Malone Hagen, Mrs. Lyman Daugherty, and the honoree, Miss May Nell Elliott.

Miss Ruth Robbins Is Married To Mr. Leslie Bradford

Announcements of the marriage of Miss Ruth Robbins, daughter of Mrs. Dorothy B. Robbins of Hillsboro, to Mr. Leslie Hills Bradford of Amarillo have been received by several friends of the family in Memphis. The ceremony was quietly performed by the Rev. G. L. Yates, pastor of the First Baptist church of Amarillo, in the Baptist parsonage Monday, July 21. The couple left for a honeymoon trip through northern New Mexico immediately following the ceremony.

Mr. Bradford is a native of Ohio, but has been in business in Amarillo for the past three years. Miss Robbins has taught music in Amarillo for the past five years in collaboration with Mrs. Robt. Wilson. They will make their home at 1903A Tyler street, Amarillo. Miss Robbins is the sister of Lyman E. Robbins, of Memphis.

Local Supporters Of Ross Sterling Call Mass Meeting

A mass meeting has been called by local supporters of R. S. Sterling, of Houston, who is in the gubernatorial run-off primary with Mrs. Miriam A. Ferguson, to be held at the courthouse on Friday night of this week at eight o'clock. Judge A. S. Moss will preside at the meeting.

Local Sterling supporters plan to form a Sterling for Governor Club at this time, and the general public is invited to attend.

GOOD THINGS TO EAT

Korn Krispies is what we called them. Scald some slightly salted cornmeal and after it has cooled make into little round balls, flattening each one until thin. Have half a small kettle of very hot Crisco ready and drop several of the little cakes in. Do not crowd. It is almost as much fun watching them come up and brown as making doughnuts. They are so good to eat with vegetable soup, greens or yankoo bean soup. Serve Korn Krispies next time you have any vegetable with pot liquor. Yes, young onions go beautifully with them, but an onion's an onion, and an aged onion sliced will fit into the scheme perfectly.

THE ALARM CLOCK

BY A. J. DUNLAP.

They say a king has lots of grief
In keeping things Q.K.—
Stays up all night "to think things out."
When he should "hit the hay."
Out on the farm, a restful sleep
Was ours the whole night through;
We never had to stay awake
To fret and fuss and stew.

The only trouble that we had
Was when the old alarm
Disturbed at dawn our peaceful sleep
That blessed us on the farm.
Then, how we longed, to shut it off,
It still its clanging call
And drift back to the Land of Dreams—
Our faces to the wall.

But well we knew that Nature moved
With sure and silent power;
That in the corn the hungry weeds
Were growing hour by hour;
And so we let the old clock rave,
We worked all day and then
At bedtime took the old clock down
And wound it up again.

Lion Prexy Makes Plea For Better Club Fellowship

A plea for better fellowship and the devotion of more time to civic duty was sounded as the keynote in the annual address of the incoming president, by Dr. L. M. Hicks at the Lions Club Thursday. His address was declared to be one of the best that local Lions have heard since the organization of the club two years ago.

"The Lions Club in Memphis is past the babyhood period," President Hicks declared. "It can no longer exist on admiration that is shown an infant. Our club has grown up, and if it is to prosper and grow in usefulness we must go to work and accomplish something for Memphis. We cannot rest on our laurels. Our efforts must be constant if we are to justify our existence."

Dr. J. A. Odom, newly appointed chairman of the program committee, made a brief talk, pleading for the help of every Lion in making the club programs worth while. He insisted that every member of the club should respond readily to demands made of him by the program committee.
