ONE NEW AND TWO OLD (Wellington Leader)

FARMERS of Collingsworth County who favor the new deal farm program are making an intelligent and concerted effort to see that candidates who represent their views are elected to strategic positions. They are sending at least one representative to every political meeting in the county to make a short speech. The speaker is always a dirt farmer. He confines himself to one issue and one issue only—that is the farm program. But, in support of this single issue—the farmers recommend three candidates, one new and two old.

On their own parts these three candidates are running distinct races, but the farmers find one thing in common in the candidacy of all three, and that is their belief in their support of the farm program. Therefore, they publicly recommend that farmers who favor the program vote for Marvin Jones, Cliff Day and Clint Small.

They favor Marvin Jones, because of his important position in Congress as chairman of the Agricultural Committee and his ability to direct legislation vital to their industry. They favor him, because of his past support.

They favor Cliff Day, because he has worked unflinchingly as a layman to make the farm program effective and to make it operate efficiently. They favor him, because they believe a dirt farmer who has proved his sympathy with their cause can serve them better as Commissioner of Agriculture.

They favor Clint Small, because he has repeatedly shown his willingness to support and co-operate with the farm program. They favor him, because they recognize the possibility that the farm program may be turned over to the states and in that event, they want a man in the state senate who has the ability and the attitude necessary to carry on the movement.

This is something new as far as the agricultural vote is concerned. Heretofore, they have voted as rugged individualists. Now they recognize the importance of making their votes count as a mass vote and centralizing it on the question that concerns them the most vitally. It may or may not be a good trend in American politics but in view of organized industrial vote, organized labor vote, and block votes of every kind, it is the only practical solution of the problem as the farmers try to make their wishes known and their influence felt.

TO THE VOTERS OF HALL COUNTY

I am seeking your vote and influence in an effort to be elected to the office of County Clerk, believing myself to be qualified to perform the duties of this office efficiently and in such a manner as will be satisfactory to the people of Hall County.

I have had approximately eighteen years of various kinds of office work. The past four years I have worked for an abstract office in Memphis and in this work have been in constant contact with the records of the Clerk's Office so in this manner am already familiar with the records and instruments of this office to an appreciable extent.

As this is an office mostly of rules and regulations, there are no political promises to make, other than to state that if you see fit to elect me to this office, I promise to give my complete attention to the duties of the office, and give to one and all alike the most competent service of which I am capable.

Upon this basis I again earnestly and sincerely ask for your vote and support on July 25th, and assure you it will be greatly appreciated.

Judge Fires Sums Up His Case to Hall County Voters

DISTRICT JUDGE A. J. FIRES

ENDORSEMENT
We, the Children Bar Association, recognizing the untiring service Judge Fires has rendered as a citizen for fifty years in the upbuilding and development of Children and adjoining counties, his long years of practice at the bar, his ability as a lawyer, his fairness and impartiality as a judge, his qualifications and fitness as a judicial officer, do most unanimously resolve that it is for the best interest of this district that he be re-elected as District Judge for this judicial district, and we pledge our support to this end, and solicit the support of the voters of this district in the coming election.

much of the time of this absence, at my suggestion and solicitation to the bars of the various counties, my opponents have served in my place largely for the reason that no other District Judge at the time was available without leaving his court.

siduous whispering campaign has been urged to the effect that I have held the office practicing two terms and should relinquish it in favor of younger aspirants. I think I am warranted in asking that in consideration of the services that I have rendered as Judge that I be entitled to some consideration for other interests that I may have shown in my behalf. In this whispering campaign it has also been diligently urged that by reason of my health and my age that I should be required to relinquish the office to younger men. It is true that I am no longer as young as I was when I began fighting for the upbuilding of this territory that the frost of 75 winters has rested upon my head, but I still believe in the philosophy of Ben Tennyson when he said "The thoughts of men are widened with the process of the sun" and feel that age has broadened and improved my mental faculties rather than destroying any of my gray matter. In this I hope that I am not self opinionated in saying that I believe the entire membership of the bar of the state of Texas who have appeared before me will agree. So far as my health is concerned I am in better condition today than I was the day I first became your District Judge, then I was suffering from a sinus trouble and an ulcerated stomach and a nervous condition to such an extent that my medical friends advised that I should get out of the practice or I would have a nervous breakdown. I took their advice feeling that the duties as District Judge would be as hard as that of a practitioner and I have found this to be true. As I have said before the work is now a pleasure and am not asking for the office for the emoluments alone but I am asking that I may be given employment and that my mind may continue to be active. Often when I am on the bench and I have been lawyers on the floor fighting every inch of the ground and feel like an old "fire hose" when the whistle has sounded, I wish to get right down in the middle of it, and having lived this active life I feel now that a life of activity would mean that I be drawn in the live of honey making and this, to me, would be the greatest calamity that could befall me. My opponents each still have their practice and each are practically young men with their lives ahead of them. I served the people in practice until I was 65 years old before I asked to be made District Judge and thereafter several years before they were according to the estimates the make of their age in which they practice the profession and they have plenty of time to gratify their ambition. According to them my time is short and as they would not be delayed many years until they would have an opportunity to gratify their ambition. With this I am asking that I may again be your servant and continue in the work as have heretofore done and not be laid on the shelf to rust out my life.

Again I thank you for your loyal support in the past, both as a private citizen and your official and respectfully ask your favorable consideration at this time.

TO THE CITIZENS OF HALL COUNTY.

It appears from the frequent visits made to Donley County for the express purpose of advising our citizens how to vote for District officers, so the law can be inferred, so they say, is just a little presumptuous.

We people of Donley County feel that we have as clean a citizenship as there is in Texas and as law abiding, and see no cause for advice or dictation from our neighbors in Hall County.

We have the same District Officers that Hall County has and we feel that if these Citizens who are so interested in having us help them enforce the law would use as much energy in getting behind the present officers and cleaning up their own back yards, they would not need our assistance.

BUY AN ELECTRIC REFRIGERATOR

To guide your purchase of a Refrigerator!

DON'T CHOOSE BLINDLY

FOR HEALTH—Your refrigerator must maintain safety food temperatures below 50° all the time. Before you buy, be sure it will do this in the hot hours of the summer time, too.

FOR CONVENIENCE—Your refrigerator must be able to freeze ice quickly—must have a high degree of usefulness. Before you buy, be sure it will produce fresh ice during the hot hours of the day.

FOR ECONOMY—Your refrigerator must maintain the above performance at low over-all cost. Before you buy, be sure.

Remember this when you buy. All refrigerators cannot provide all three of these basic requirements. Tests prove this to be true by actual use in the home. So don't buy on claims alone. Ask for and be sure you get convincing evidence of value. Only then can you be certain you are getting your money's worth. Choose carefully and you will choose a modern electric refrigerator.

• If you buy a refrigerator that cannot provide satisfactory, economical performance, all the time, you are wasting your money. It is inconvenient to own a refrigerator that cannot freeze desserts or plenty of fresh ice quickly during the hot hours of the day. It is wasteful to own one that has a high initial cost, though little to operate, if it cannot provide satisfactory performance, all the time . . . under all conditions.

★ **MODERNIZE . . . CHOOSE AN ELECTRIC REFRIGERATOR** ★

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

MEMPHIS CREDIT ASSOCIATION SHOWS INCREASE IN BUSINESS

More members and a steadily increasing volume of business were reported for the Memphis Production Credit Association, according to H. W. Stringer, director of the association, who returned Tuesday from a meeting of the directors of a group of Panhandle production credit associations held at Amarillo July 13 and 14.

Mr. Stringer declared that directors from all over this territory report that their associations are making very satisfactory progress. Farmers and stockmen are getting a better understanding of this new system of credit and are coming to like the idea of budgeting their loans.

Mr. Stringer pointed out that the borrowers find that this method enables them to get along on less money and that getting the money as it actually is needed reduces the cost of the loan. He said that borrowers are beginning to realize just how low the cost of a production credit association loan really is.

It was reported at the meeting that the Memphis Production Credit Association had increased its volume of business from \$90,000.00 at the end of June, 1935, to \$143,200.73 at the end of June, 1936. It also was brought out that the association had net earnings of \$3,308.00 for the year 1935, and that the net earnings during the first half of 1936 were \$2,685.00.

Emphasis was placed on the fact that the association is attempting to build up adequate reserves to take care of any losses which may occur in hard times. Mr. Stringer declared that the facts brought out at the meeting convinced him that stock purchased by members of the association is being protected adequately and that in the long run it will prove to be an excellent investment.

He said that farmers and stockmen in this territory are making more and more inquiries about the association and that many of the most prominent men of this county are becoming members.

Among the speakers at the meeting was O. W. Stroup, president of the association. The meeting was conducted by Dr. Virgil P. Lee and M. L. Jones of the Houston, who told of the progress of the production credit associations over Texas and the United States.

They also led the discussion of incomes and expenses of the associations, presenting figures showing the financial condition of each of the associations in this territory. According to Mr. Stringer, a great deal of emphasis was placed upon the importance of making loans on a sound basis. A number of cases in which unsound loans had been made were studied, and it was shown that such loans are detrimental both to the borrower and to the association.

In addition to Mr. Stringer, the Memphis Production Credit Association was represented by J. Henderson Smith, secretary, treasurer, W. I. Thomas, and C. E. Fletcher, directors.

Other associations represented at the group meeting were Amarillo, Plainview, and Canadian Valley.

Water Covers 100 Acres Of Cotton In County—Said

County Agent R. E. L. Pattillo and a Democrat reporter made a trip to Calvin Rogers' farm and to the farm of Allen Monzingo in the Pleasant Valley community a few miles west of Phloka Tuesday afternoon of this week to check a report circulated at the office of the farm agent that 100 acres on the Rogers farm had been waist deep in water for a day and a night last week.

One hundred acres of water waist deep is some water in this section, and that much water on a Hall County farm is news!

The report, however, proved to be false.

The Rogers and Monzingo farms, which join each other, are on the Oaks Creek watershed and have recently been terraced. When the big rains in May fell, the water was almost waist deep over at least 100 acres, it was said.

Leaves have been constructed around three sides of the farms, and they easily control the Oaks Creek watershed in that immediate section.

FRONTIER SHOW OPENS JULY 18 IN FORT WORTH

Texas City Takes On Color of Broadway And 42nd Street

FORT WORTH, July 16.—Preparations for the entertainment of the largest crowd in the history of the city at the opening of the Fort Worth Frontier Centennial, Saturday, July 18, are now being made and will be completed in a few days. The various shows as well as all structures have already been completed.

The galaxy of song, dancing and novelty stars, showgirls and musicians assembled in Fort Worth for final rehearsals on the four major shows of the Frontier Centennial made the town look like Forty-second and Broadway this week.

Paul Whiteman and his orchestra arrived Friday to go into the final week of rehearsals with the 250-member cast of the Casa Manana Revue. Joe Venuti and his orchestra will play for ballroom dancing in the same vast cafe-theatre.

The Casa Manana Revue, spangled with such names as Everett Marshall, baritone star of Ziegfeld's "Follies," Sally Rand of the fads and bubbles, Ann Pennington of the "Follies," the Lime Trio of "Life Begins at 4:40," Walter Dare Wahl of vaudeville and the "Follies" and young Gareth Joplin of the movies, will last for a little over an hour.

Between shows in the cafe-theatre, the 130-foot revolving stage floating on water, will be moved forward to a level with the terrace so that the guests may dance.

Reservations already were pouring in this week for tables in the fabulous cafe-theatre for the opening night. Dramatic critics from every newspaper and theatrical journal in New York will be here to witness the unparalleled venture in entertainment.

The Casa Manana Revue will be one of four major shows at the Frontier Centennial. Surprise treat of the four, it appeared this week, may be the Honky-Tonk Revue whipped together quietly and without much hullabaloo for the Pioneer Palace.

Tom Patricola, dancing star of George White's "Scandala," was engaged this week for one of the Honky-Tonk principals. A hefty, chest-heaving blond named Lula Bates will sing such ballad gems as "I Fell in Love with a Handicapped Mustache" and "The Lady Known as Lula." Both have punchy dance hall lyrics knocked out by Billy Rose.

The Honky-Tonk Revue will be presented with old-fashioned dance hall line of 16 girls on a stage in the wall above the 40-foot bar. Mirror above the bar will move back to reveal the stage.

Actually the minor show of the Frontier Centennial—and one you get free with meals and drink in the Pioneer Palace—the Honky-Tonk Revue shows promise of a great punch in rehearsals.

Other major shows are Billy Rose's "Jumbo," moved down from the New York Hippodrome and installed in a breath-taking new version of an old-fashioned indoor circus building, and "The Last Frontier," a wild-riding cowboy, Indian, cavalry and square dance spectacle. Capt. Irving O'Hay, New Mexico soldier of fortune dubbed the "Connoisseur of Wars" by Irvin S. Cobb, will be announcer for the old-West melees. Picturesque figure who has rushed to every war in the world since the Cuban insurrection, he was broken in a late Will Rogers, has had contact with the show business off and on for 25 years.

In addition to these major attractions, such smaller shows as Sally Rand's Nude Ranch, Beauty and the Beast (semi-nude girl dancing in a cage of lions) and regular midway attractions fill the grounds.

West Texas exhibits and a room containing the ranch and old West collection of Will Rogers have been installed in the old-fashioned railroad station. Other memories of the Southwest, including rooms set with the furnishings of the early pioneer, are arranged in buildings on Sunset Trail, the pioneer village street.

Colorful characters will enliven the section of a frontier town with the lusty going-on of an outpost village. On the little street called Sunset Trail, Broadway and the Old West will join hands for four months of fun.

Mrs. Lesley H. Cathoun of the Howard Ranch west of Clarendon spent last week-end here with her parents, Mr. and Mrs. A. W. Howard.

Bob Alexander To Handle Soil Bill

CHILDRESS, July 15.—Final draft of a bill designed to set up a new Soil Conservation Agency for Texas, to begin work January 1, 1938, will be received soon from Washington, State Representative Bob Alexander has announced.

The announcement was made following a conference with Congressman Marvin Jones of the 18th District of Texas, chairman of the House agriculture committee. The bill is being written in Washington by attorneys for the department of agriculture and will conform to the Texas Constitution.

Suggested measures are being carefully worked out for each of the states.

The legislation is made necessary by the recent decision of the Supreme Court, which invalidated the Agricultural Adjustment Act, and ruled that any crop control or soil conservation bill must hereafter be handled by state agencies. The present Soil Conservation Bill will be handled in 1937 as at the present time, but by its own terms, federal funds to pay farmers for approved soil conservation practices after that time, will be paid to the states directly, and then distributed by whatever board or commission designated to do this work by the various state legislatures.

Such state legislation is subject to the approval of the department of agriculture, and Mr. Alexander explained that his and Mr. Jones' suggestions that the work be handled by a board working in conjunction with the Texas A. & M. College Extension Service has been tentatively approved by Washington authorities.

It was at the request of several cooperative farm groups that Mr. Alexander and a few other farm members of the Texas Legislature agreed to handle the legislation in the next regular session. Mr. Alexander said he has been working on the matter with Congressman Jones since early in the spring.

Mr. Jones expressed his pleasure that the bill would be in the hands of actual farmers who were in sympathy with the soil conservation program and familiar with the aims and purposes of the administration's agricultural policy.

Mr. Alexander said that the state would probably be asked to bear only the actual expense of administration of the program, all other funds for benefit payments to be furnished by Congressional appropriations. He said that he would insist that the administrative board be absolutely non-political and that all sections of the state be given equal representation of it.

He hopes that Texas will be one of the first states to pass this legislation and said his bill would be ready for introduction on the first day of the regular session, next January.

LOCAL GROUP TO FARMERS' SCHOOL

AAA Administrator Tolley To Be On Program At Annual School For Farm Men

County Agricultural Agent R. E. L. Pattillo will head a group of Hall County farmers to the A. and M. College short course for agricultural men and women of the Southwest.

The short course at College Station is an annual affair, and thousands of farmers, county agricultural agents, home demonstration agents and others interested in farm work attend each year. Delegations from Hall County have attended each year for the past several years.

Several national figures in farm legislation will appear on the program at the short course. Among these is R. H. Tolley, AAA administrator, Washington, D. C.

The Memphis and Hall County delegation will leave Saturday for the meeting, which begins Monday, July 20, and runs through Friday, July 24.

THE CHURCHES

FIRST PRESBYTERIAN CHURCH

Dr. Charles L. Feinberg, who is supplying the pulpit of the First Presbyterian Church, will preach Sunday morning on "Satan." This is in conformity with his plan to cover some of the great themes of the Scripture, for him, and against him. He has been praised, ridiculed, laughed out of court, and much more. But what does the Bible have to say about this character? At the evening service the subject will be "The Dilemma of the Ages." The morning service is at 11 o'clock, and the evening service is at 8 o'clock. All are cordially invited to come. "I was glad when they said unto me, Let us go into the house of the Lord."

FIRST BAPTIST CHURCH

Harvest is coming. We will all be in the field gathering. What will it be? Sunday evening the subject is "The Harvest." What is the harvest of our folly in Memphis and this community? We will tell you who is sowing and who is going to reap. The people have been responsive to these messages. We invite everyone. Time 8:15.

"Christ's Idea of an Ideal Church," is the subject for the morning message. You will be interested in this message.

Adult Education--

(Continued from page 1)

The salary and hour changes are all that were made in this year's program, other than technical reports required of the teachers.

There are a few openings for teachers in Hall County at this time, Mr. Kerr stated. However, he will not hire any additional teachers unless they are well qualified, he said.

There are now 25 adult education instructors employed by the WPA in this county. Several resigned their jobs recently to take private employment and to take jobs on the Conchas Dam at Tucuman, N. M.

A minimum of 10 persons must attend the adult classes, which is the same as was required last year. No changes in the type of work as to subject matter and methods of instruction are contemplated by the WPA, it was said.

Voluntary Soil--

(Continued from page 1)

The explicit purposes as set forth for the association which is to be formed here August 1 are:

- 1. To acquire and disseminate facts and information concerning the character of soil erosion by wind and water, the effects of such erosion, including rainfall runoff, floods, reservoir silt, and soil-blowing, and the character of the preventive and control measures.
2. To promote the cooperation of all residents, operators, farmers, land owners and land occupiers in the geographical area covered by this association, in a concerted and intelligent effort to prevent and control soil erosion, and the wastage of soil and moisture.
3. To bring about widespread adoption of proven erosion control and erosion prevention practices.
4. To promote individual and community protection and management of pasture lands, grazing

valorem tax to relieve property owners. The most equitable tax, he said, is a tax on those most able to pay. In relationship to the abolition of the ad valorem tax for his gross income levy, Hunter stated that all individuals, business and particularly labor would be fully protected through an exemption to the extent of \$6,000.

The old age pensions, Hunter declared, should be placed under the jurisdiction of the county courts state supervised, thus effecting the savings to the people of several hundred thousand of dollars each year. One per cent on utilities alone will pay an appreciable part of the pensions. The gross levy tax will pay the pensions in full, abolish the ad valorem tax, reduce the school district tax, wipe out the state deficit and meet the twenty million dollar relief bonds when they fall due, he said.

The association is a voluntary association and is being organized by Hall, Donley, Collingsworth, and Childress county agriculturists as a temporary agency to function until such time as a permanent Soil Conservation Association may be organized.

at Berger several years ago, because of misconduct in office. Hall County seems almost like my home, Senator Small said. I served here as district judge for 20 months. The Amarillo senator outlined his public career as county judge, county attorney and mayor while residing at Wellington. He has served the Panhandle as state senator for the past two terms.

The Panhandle senator opened his remarks by flaying the Republican Party. He stated that he tried to put forth any constructive efforts in the running of the national government, but has confined its actions to attacking and trying to ridicule the New Deal.

Senator Small launched a brief explanation of his work while in the state senate. "I helped secure a portion of the cigarette tax for the state available school fund. The school fund this year has been the largest in the history of the state, and we plan even a larger fund next year. Through this fund are saved thousands of dollars to the various counties of the state."

The Works Progress Administration project which has been approved for the city of Memphis calling for the graveling of 100 blocks of city streets is due to get under way shortly. It is thought that work may start Monday.

Several local men have been dropped from the WPA roll, and there are now less than 90 men eligible for work on the projects in the city.

Preference in employment of workers on all WPA projects shall be given to persons certified as in need of relief by a public agency approved by the Works Progress Administration. Except with the specified authorization of Federal Works Progress Administrator Harry L. Hopkins, at least 90 per cent of the workers on a project must be such persons.

House Loans Are Being Made Here

(Continued from page 1)

PORT WORTH, July 16.—Latest figures reveal that 8 loans amounting to \$2,584.92 have been made in Hall County under the Modernization Credit Plan or Title I of the National Housing Act, according to a statement today by P. S. Luttrell, Associate Director of the Northwestern Texas District of the Federal Housing Administration.

The Northwestern District of Texas with headquarters in Fort Worth comprises 113 counties of north and west Texas. During the 20 months operation of the Federal Housing Administration, there has been a total of 9,610 loans amounting to \$3,241,505.08 made under Title I throughout this district, states Luttrell.

Mr. Grant was born in Montague County, Texas, March 27, 1905. He came to Hall County with his parents more than 15 years ago. He graduated from the Memphis High School in 1925, having taken an active part in high school life.

Forrest has been employed with the West Texas Utilities Company for the past 15 years, and was with the company here for 10 years before moving to Dalhart in 1931. His physical condition became worse more than a year ago, and he was confined to a sanitarium for five months. He was brought to the home of his parents here last November.

Mr. Grant was married to Miss Edna Bullard of Lela Lake in 1931.

Survivors are the wife, his parents, Mr. and Mrs. Jack Grant, and one sister, Miss Nell Grant, all of Memphis.

Mr. and Mrs. James Smith of Bree were visitors in Memphis Wednesday.

Election Service At M. E. Church

The letter which follows, has been mailed to those candidates who are in our county and those district contestants who have representatives in our city. The purpose of the service is clearly stated in the letter itself.

The nature of the service will be that of a "Big Sing," which will consist of patriotic songs, special musical numbers, special lighting arrangements and so on. The pastor will address himself to the candidates, the voters, and the "Ballot Box" as the great gift to the American citizen, and will seek to place a deeper conscience on the use of the high privilege.

"We all believe in the spirit of democracy. I believe further, that the best guarantee of democracy is a conscientious citizenry, and that the church has a responsibility in the creation of such, and that this can not be delegated to any other body or institution.

"I am not interested publicly in the candidacy of any individual, though of course, you expect me to act as a citizen and thus perform my duty at the polls, which I will try to do in accordance with my best judgment.

"This letter is an invitation to all candidates to be present at the First Methodist Church in Memphis on next Sunday night at 8:30 for an 'Election Service.' There will be a reserved section for all candidates. The special music and the whole program will be of interest to all, I believe.

"Let me say here, and PLEDGE MYSELF NOW, THAT THERE WILL NOT BE ONE WORD SAID IN ANY WISE THROW EVEN A SUGGESTION IN THE DIRECTION OF ANY CANDIDATE, OR ANY REFLECTION

Mr. and Mrs. Jim Dooley of Wichita Falls spent last week-end here with her mother, Mrs. L. A. Cottingham. Mrs. Cottingham and daughter Agnes accompanied them home for a three-week visit.

Mr. and Mrs. H. W. Stringer and daughter Ruby Lee went to El Paso Wednesday for a visit with their son and brother H. D. Stringer and family.

UPON THE CHARACTER OF ANY INDIVIDUAL OR GROUP OF INDIVIDUALS.

"The purpose of the entire service will be to forward the interest of good government, right living and thinking, and the responsibility of each individual citizen not only in voting his convictions but also in looking upon you as public servants and upon ourselves as being a necessary part to your success or failure in case the election returns are in your favor.

"If you care to participate in this service and which we trust will be of lasting good in its influence, we hereby invite you to come Sunday night at 8:30.

"O. W. CARTER, Pastor."

PULPIT COMMITTEE ASKS ATTENDANCE AT CHURCH

From observation and by inquiry we learn there are quite a number of people in Memphis and vicinity who do not regularly attend church on the Sabbath. To those people especially, and of course to others, we wish to extend a cordial invitation to come to the Presbyterian Church and hear our minister. He will be with us for the summer months only, being a teacher in the Dallas Seminary, to which work he will return in September.

Tho' a young man, you will be agreeably surprised at his wonderful interpretation of the scriptures; you will be more than welcome to our church; we try to make it comfortable these hot days and altho' there are only a few of us, we will try to make you feel you are glad you came.

PULPIT COMMITTEE,
Presbyterian Church.

Ed Crowley of Paris spent Monday here looking after his farm interest in Hall County.

J. N. CYPERT
 CANDIDATE FOR RE-ELECTION
DISTRICT CLERK

TO THE VOTERS OF HALL COUNTY:

On account of my physical condition, I have been unable to see many of you. It has been my sincere desire and aim to see each of you personally but my doctor advised against my making a personal campaign.

Should I miss you during my campaign, please accept this as my solicitation.

I am happy to say I'm rapidly recovering and feel sure I will soon be my normal self.

I want to thank you for your past considerations and courtesies and assure you that your vote, influence and assistance in the coming election will be greatly appreciated.

The time is so near at hand I know of no better way of reaching you people than through the home paper.

No suits have been reversed, delayed or continued through any fault of my administration. I submit the records in support of this statement. On the merits of my record, I submit my candidacy for re-election for District Clerk of Hall County.

Yours respectfully,
 J. N. CYPERT.

Estelline Downs Electra July 12 In Series Opener

ESTELLINE, July 16.—Estelline defeated Electra here Sunday afternoon 10 to 6 in the first game of the three-game playoff for the championship of the Red River Valley League.

Jerry Blanchard pitched for the locals and turned in a fine performance, except for his wildness. He struck out 12 batters and kept the 10 hits well scattered.

Perry Hale and Tommy Shults pounded the old apple with men on base. Hale got three hits, and Shults got two long triples.

The same clubs meet next Sunday in Electra.

To The Voters

OF PRECINCT NO. 1. As the time nears for voting to select officials for the next two years, I desire to thank the people of my precinct for the splendid spirit of co-operation that has been shown me during my tenure of office.

I have attempted to make the kind of commissioner that meets the demands of the people, and in so doing have tried to carry on the affairs of this office in a way that would serve the best interests of every one in the precinct.

As you go to the polls on July 25th to select your commissioner for the ensuing two years, I ask that you investigate my record in office and decide for yourself as to whether or not I have performed the duties of the office faithfully, impartially, honestly and economically, and in such manner as to merit your support for another term in the office. I offer this record for your earnest consideration and as my best recommendation for the place I seek.

Upon This Basis, I Respectfully Solicit Your Vote and Support.

Miss Ruth Pendergrass returned Saturday from Canyon where she completed work on her B. S. degree at W. T. S. C. She will return to Canyon in August to attend the commencement exercises.

Miss Johnnie Wilson SOLICITS YOUR VOTE AND INFLUENCE AS CANDIDATE FOR THE OFFICE OF COUNTY TREASURER. In seeking this office, I do so upon the merits of my qualifications to perform the duties of the office in a manner which I believe will prove entirely satisfactory to you, the voters.

J. M. FERREL CANDIDATE FOR TAX ASSESSOR-COLLECTOR OF HALL COUNTY. I Solicit Your Vote and Influence Upon the Merits of my Qualifications and Experience.

Since the duties of this office require considerable bookkeeping and clerical experience, I present for your consideration my 3 years experience with Cicero Smith Lumber Company, of Memphis, in the above mentioned capacity, in addition to the 5 years and 4 months I have served as an assistant in the office which I now seek.

J. H. (Jim) Vallance

Candidate For COUNTY JUDGE OF HALL COUNTY. Dear Friends: As it has not been and will not be possible for me to call upon each of you at your homes, as my work requires that I spend most of my time in the office, and also I may not have reached all of you by correspondence, I am taking this method of soliciting your support in the coming election.

Most of you people have known me for the greater part of my life. You have known me in office and out of office, but for the information of those who have known me only for a short period, I wish to give a brief sketch of my biography: I am 42 years of age. I have resided in this county for 32 years continuously with the exception of 2 years spent away at school and 2 years in the army during the World War, with the 36th Division. Since which time I was engaged in business at Plaska and Memphis until being elected to this office.

I am submitting my candidacy to you for re-election upon my record, from a business standpoint, in office and out of office. I would appreciate it very much if you would check this record on a comparative basis.

I assure you that I am indeed grateful for the opportunity of serving in the capacity as County Judge of our county. It has been an honor and a privilege and a great pleasure to me. And I believe that the knowledge that I have gained through the experiences that I have had while serving in this capacity would enable me to render you a better service in the future.

You people know me and you know whether or not my services have been satisfactory. If I am rendering you the kind of service that you would expect and appreciate, and you feel that you can support me in the coming election, I will be very grateful. I want to take this opportunity to thank you for your past consideration and courtesies and assure you that your vote, influence and assistance will be greatly appreciated.

Respectfully, JIM VALLANCE. (Political Advertisement)

Then the time that I served as assistant to the late Mr. J. T. Kinkade and later as incumbent in the office has provided me with a thorough knowledge of the duties incumbent upon the person holding this office. I am asking for the office as an elective job for the first time, my previous tenure herein being by appointment of the Commissioners' Court after the demise of Mr. Kinkade.

(Miss) JOHNNIE WILSON. (Political Advertisement)

CARD OF THANKS

I want to thank all of my friends who helped me in winning the Junior Business Builder's Contest held at Meacham's Pharmacy recently. I have been delayed in expressing my thanks because I was out of town. But, anyway, thanks, and the bicycle you helped me win is swell. RAYMOND THOMASON JR.

Lady Took Cardui During Middle Life

Women who are entering middle life will be interested in the experience of Mrs. L. C. McDonald, of Paragould, Ark., who writes: "I cannot say anything but good about Cardui. I think it is a grand medicine. I took Cardui during change of life. I was so weak, so nervous, I could hardly go. I just dragged around. I had fainting spells and would just give down. My back and head hurt. I knew I had to take something to give me strength. I read of Cardui. I took about seven bottles. It gave me relief and strength. I am now 60 years past, and can do a pretty good day's work in the house and garden. Thousands of women testify Cardui benefited them. It is sure to benefit YOU."

HELPS TAKE LOAD OFF OVERWORKED STOMACH

"Stomach Troubles" due to excessive acidity, are probably among the most common ailments of suffering humanity, but it is no longer necessary to suffer the discomforts caused by these acid conditions without the benefits of a remarkably successful prescription, known as Gas Tablets, now available at your drug store. Gas Tablets soothe the raw, inflamed lining of the "acid stomach," and help contract, thereby funds into solution. If you suffer from indigestion, stomach discomfort, sour stomach, inflammation of the (intestines), gastritis, gastric acidity and acid heartburn, don't delay another day. Take Gas Tablets and get relief. The first bottle must produce results or money back. On sale at

RE-ELECT Bob Alexander

OF CHILDRESS COUNTY TO THE LEGISLATURE

Alexander is an actual dirt farmer with three years' experience as a legislator. He is the first farmer ever to be elected from this district.

He was author of House Bill 15, in the 43rd Legislature, 1933, which repealed the chauffeur's license law, as then required operators of trucks owned by farmers and others where the truck was used in conducting the private business of the owner.

Author of the Farm Truck License bill, which reduced by one-half the license fees for trucks used by farmers and ranchers exclusively in the raising of their products to market or supplies from town to their farm or ranch.

Author of the present gasoline tax law, which has resulted in increased collections of over three million dollars in 1935, by stopping the sale of bootleg gasoline and providing severe punishment for violators.

As member of Committees on Agriculture, Livestock, Constitutional Amendments, Revenue and Taxation, and other important committees has had an active part in writing and passing a great number of important bills.

He stands for re-election on his record, and welcomes any investigation of how he voted on anything which has been before the Legislature.

He has favored, and voted on every occasion for the passage of the Texas Old Age Assistance Act, and for adequate revenue to finance it. He believes the law itself should specify who should receive aid, and how much, and that the discretion in these matters should not be given the investigators. They should merely verify the facts as set out in the application for aid, thus saving thousands of dollars in the administrative cost of the act.

Has always favored and voted for liberal financial aid by the state for rural schools. In this connection,

Let's Keep the Record Straight

Since the statement has been made and published during the campaign that "Bob Alexander voted against the appropriation of State Aid for State Public Schools," the following will prove interesting:

HOUSE OF REPRESENTATIVES

(SEAL) STATE OF TEXAS
The State of Texas, AUSTIN
Coke S. Springer, Speaker
Louise Snow Phinney, Chief Clerk
Leg. W. White, Sergeant-at-Arms

July 8, 1936

This is to certify that Bob Alexander, member of the House of Representatives from the 121st District during the 43rd and 44th sessions of the Texas Legislature, voted as follows on the following House Bills:

43rd Legislature:
H. B. No. 256—the Rural Aid School Appropriation Bill which appropriated money out of the state funds for the purpose of assisting rural schools—on page 2008 of the House Journal, Mr. Alexander is recorded as voting "yes" on the final passage of H. B. No. 256 and on page 2824 of the House Journal Mr. Alexander is recorded as voting "yes" on the adoption of the conference committee report.

44th Legislature:
H. B. No. 327—which was also the Rural Aid School Appropriation Bill appropriating money out of the state funds for the purpose of assisting Rural Schools—on page 878 of the House Journal, Mr. Alexander is recorded as voting "yes" on the final passage of H. B. No. 327 and on page 2557 of the House Journal, Mr. Alexander is recorded as voting "yes" on the final adoption of the conference committee report on H. B. No. 327.

Given in the office of the Chief Clerk this the 8th day of July, 1936.

(Signed) LOUISE SNOW PHINNEY,
Chief Clerk,
House of Representatives.

I have examined the House Journals above referred to and find that the above statement is correct.

(Signed) CLAUDE W. CROSSLIN,
County Superintendent of Schools,
Childress County, Texas.

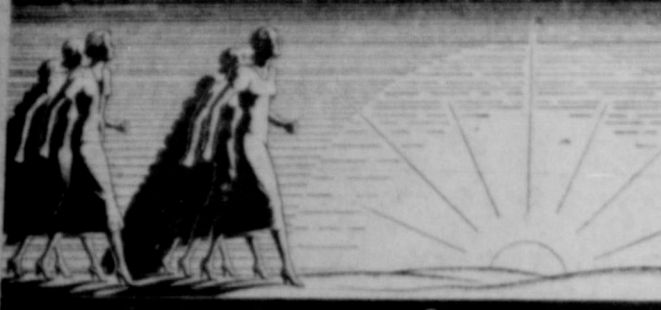

Mr. Homer D. Wade, of Dallas, Executive Secretary of the Texas Cooperative Council, an organization sponsored by almost every farm group in the state, wrote in the "Texas Cooperative News" of May 1: "Organized agriculture, in particular, and the agricultural industry in general, are especially interested in seeing such friends as Representative Alexander and others of their class return to their places. Some partial friends are urging the eligibility of Mr. Alexander for the Speakership. His popularity and ability are so outstanding that his friends are making a quiet effort to secure this great honor for him."

FOR INCREASED TAXES ON NATURAL RESOURCES

Mr. Alexander has voted for reasonable increases in the taxes now levied on the natural resources produced in Texas. He still believes that these increases are justified and will continue to favor legislation for this purpose. He will continue to oppose increasing the taxes on real estate, and will favor immediate reduction in the state ad valorem tax rate, whenever funds can be found from other sources to replace them.
