## Old Settlers Plan 'Feed' as Part of Re-Union June 26

### Accused In Mail Bomb Case

Accused of mailing a bomb that blew off one hand of a Washington dead letter office clerk, John Lukas, giant Wildwood, Pa. miner, is shown here in Pittsburgh jail. The bomb, hidden in a book, was addressed to Lukas' estranged wife in Czechoslovakia, U. S. agents charge.

When old timers come here for Hall county's 44th anniversary celebration and old settlers' re-union, they are urged to bring with them well-filled baskets of food.

This request was issued yesterday by E. M. Ewen, who has charge of this division of the celebration.

In other words, the old settlers are going to have a big "feed" as part of their program which is to be staged at the Carnegie library park on June 26.

Approximately 500 are expected to attend the re-union of the people who have lived in Hall county for 25 years or more. Their part of the program will start with registration, the site of which has not been announced, and will consist of partiotic speeches and singing at the park.

Following the luncheon, a Hall county old settlers' association will be formed. This will bring their part of the day's events to a close, at about 3 o'clock.

Other events already planned for the big day include boxing matches on the court house square at 10 o'clock in the morning of Tuesday, June 26, free theater parties at the Ritz and Palace theaters from 2 until 4 o'clock and at 4 o'clock a free baseball game at Fair park between the Memphis Owls, one of the leading semi-pro clubs in this territory, and some other outstanding nine.

## CROPS DAMAGED BY HAIL IN COUNTY

### Northwest Section Is Hardest Hit During Storm Yesterday

Hail, doing considerable damage to some crops and totally destroying others, fell yesterday afternoon in the northwestern and western sections of the county.

Crops were considerably damaged just northwest and west of Memphis, extending in spotted sections to Eli.

Crops around Brice were damaged greatly by the hail storm that fell there yesterday afternoon. A lot of the hail fell north of the highway near Brice it was said.

Light rains also fell over sections of the county yesterday afternoon. The western part of Memphis. (Continued on page 8)

## Senate Proposals To Bill Rejected

WASHINGTON, June 16.—The House today rejected Senate amendments to the 2-1-4 billion deficiency appropriation bill and sent the measure to conference.

One of the major differences considered was whether congress should limit possible relief expenditures to around a half billion dollars as the Senate proposed, or permit the possible outlay of about six billion dollars as the House bill permitted.

## Fugitive Chief Of Kidnapers Captured

EAST ST. LOUIS, Ill., June 16.—Randol Eugene Norvell, fugitive kidnap gang chief, was captured here today. Norvell, head of a gang that kidnaped August Luer, Alton banker, has been free for the past 15 days, since his spectacular escape through prison sewer pipes.

He was found asleep in a three-room house which Sheriff Peter Fitzgerald, Madison County officer, has been watching for the past three weeks.

## LOUISIANA MAN IS INJURED IN WRECK

### Three Others Escape Injury When Auto Overtakes Here

Sidney Guillot, 46, was painfully injured in an automobile mishap three miles southeast of here Friday afternoon when the car in which he was riding overturned.

Mr. Guillot and three other men, all of New Orleans, La., en route to Colorado for a vacation were coming northwest toward Memphis on Highway No. 5. As they approached another car, the driver of their party became blinded by the sun, apparently, and pulled over to the side of the road.

The wheels hit a soft shoulder of dirt at the side of the paving and, as the car was moving at a fairly rapid clip, it flipped into the barpit.

Guillot sustained painful, although not serious, cuts on his left hand and forearm. One other man received minor cuts.

Guillot was brought to a local hospital where he received medical aid.

## SEEKS 45 DAIRY COWS FOR NEEDY

### County Relief Administrator Files Bid For Cows Bought Through Relief Program

Hall county's relief administrator, Judge A. C. Hoffman, has written the Texas State Relief commission, recommending a shipment of 45 cows for Hall county's needy families.

The cows are to be purchased by the Surplus Relief corporation in the northwest drouth areas and shipped to the various states over the union.

Those persons on relief who are able to feed cows and those persons who need cows, although not on relief, are eligible to receive the dairy cows, Judge Hoffman stated.

Approximately 45 relief and "border-line" clients in Memphis and in Hall county applied for cows at the relief office here last week.

Judge Hoffman stated that he was not certain that the Hall county application would be accepted or, if accepted, when the cows would reach here.

## Last Rites Held For Millie Dern Simms, 2, Friday

Funeral services for Millie Dern Simms, two-year-old daughter of Mr. and Mrs. Sam Simms of Memphis, were conducted Friday afternoon at 3 o'clock in Childress. The services were held in the home of the child's grandmother, Mrs. A. R. Anderson, with R. R. Price, pastor of the Church of Christ of Childress, officiating.

Burial was in the Childress cemetery, with King mortuary in charge.

The Simms baby died Thursday morning at the family home here at 6:40 o'clock.

## Senate Runs Into Pre-Adjournment Snarl Over Bill

WASHINGTON, June 16.—The senate ran into its inevitable pre-adjournment snarl tonight on a bill to give insolvent farmers a virtual six-year moratorium on their debts.

With all major legislation passed and only conference reports delaying the end of the session, the bill in question, previously approved by the senate, came back from the house with liberalizing amendments.

However, it is expected the bill will be disposed of in some manner and the senate will adjourn sometime tonight.

## Big Crowd Attends Supper, Candidate Meet At Estelline

A large crowd and almost all of the candidates for public office in the county turned out for the ice cream supper and candidate speaking held Friday night at Estelline.

The affair was sponsored by the Estelline chapter of the Eastern Star.

H. G. Hambrick of Amarillo, campaign manager of Clint C. Small for Potter county, was present at the gathering and made a talk in behalf of Senator Small's campaign for governor of Texas.

Ice cream was sold and cakes were auctioned off. One cake brought \$20.

## William Russell Clark Named Secretary of Senior C. of C.

### A Pressing Problem For Il Duce

Among the things Italy's war veterans want these days is a "howdy-do" from Mussolini himself. Here's how they rushed to greet Il Duce (shown center, in light suit) when he arrived to attend their Congress in Reno.

William Russell Clark Friday night was named secretary of the Senior Chamber of Commerce here, succeeding J. Henry Read, who last week was appointed acting postmaster of Memphis.

Mr. Clark was selected for the position at a called meeting of the Chamber of Commerce board of directors for the purpose of choosing from three applicants, all of whom were looked upon favorably.

#### Takes Office

The new secretary went into office yesterday morning, and with the assistance of the past secretary, immediately began work of adjusting himself to the new work. A resident of Memphis for nearly seven years, Mr. Clark is well acquainted with the problems facing the Chamber of Commerce and with the needs of Memphis and Hall county of a civic nature. During his residence here he has been associated with all civic enterprises and has taken an active interest in the welfare of the community.

#### Asks For Support

He pledged his best efforts to the development of constructive civic work and asked the support of all who would see this section grow and develop along natural lines that constructive civic work will make possible.

Upon request of The Democrat, Mr. Clark made the following statement upon taking over the office:

**Pledges Best Efforts**  
"It will be my purpose as secretary to so conduct the affairs of this responsible office as to reflect credit on the organization as a whole. Civic responsibility is something that cannot be shirked. All of us want to see Memphis and Hall county go forward and achieve their rightful place of continued leadership in the Panhandle. To this task, I shall dedicate my best efforts and ask the support of all who would see this section grow and develop along the natural lines that constructive civic work will make possible."

Tomie M. Potts, president of the Senior Chamber of Commerce, also expressed his pleasure over the selection made by the board.

**President Pleased**  
He said: "I'm sure that Mr. Clark will make us an excellent secretary. He knows the work and the problems facing the Chamber of Commerce and is very capable of meeting all of them."

Support of the Junior Chamber of Commerce was pledged by President L. M. Hicks, who stated, (Continued on page 8)

## GULF HURRICANE HITS COAST OF LOUISIANA

By Associated Press

BATON ROUGE, La., June 16.—A 70-mile-an-hour hurricane from the Gulf of Mexico today swept inland just south of Morgan City, cutting a wide path of destruction throughout east Louisiana.

The wind, accompanied by a blinding tropical downpour, tore through here at mid-afternoon.

All residents of Baton Rouge ran for safety in the strong buildings. Men, women and children were herded into the great masonry confines of the new state capitol for shelter from the howling storm. (Continued on page 8)

## Congress Approves Legislative Bill To O. K. Industry Loans

WASHINGTON, June 16.—An agreement on legislation to permit five year loans to industry was reached by congressional conferees today in the closing hours of the session.

The conferences agreed to a bill providing for \$580,000,000 for five year loans through the Reconstruction Finance corporation and federal reserve banks. One hundred million was also agreed for advances to schools and drainage districts.

## JUNIOR C. OF C. PROCLAIMS GOOD WILL TOUR TO HEDLEY ONE OF MOST SUCCESSFUL OF YEAR

One of the most successful good-will tours of the season was made Friday evening when the Memphis boosters went to Hedley for a band concert and community meeting.

J. R. Jones, chairman of the trade extension committee of the Junior Chamber of Commerce, stated that he was deeply appreciative for the courtesies extended by the people of Hedley and for the spirit in which they entered the booster project: sponsored by the Junior

Chamber of Commerce, thus helping to make the enterprise a success.

**Given Big Reception**  
Mr. Jones was no less enthusiastic over the reception extended by the boosters by the people of Hedley. "These people know how to give visitors 'the glad hand' and on no tour have the boosters received a more cordial welcome or been greeted with a greater spirit of friendliness than at Hedley," he said. Although Hedley citizens had

made no plans for the Memphis visit, the boosters were received as though the most extensive preparations had been made. Hedley cars were parked in the center of the streets, leaving the side of the streets for Memphis boosters.

**Invited Here**  
A talk was given by Joe Chitwood, who extended an invitation to all to attend the Hall county celebration to be staged in Memphis June 26.

Mr. Chitwood began by stating (Continued on page 8)

### FARMERS WILL HOLD ANNUAL COURSES

4,000 Expected To Be At 25th Meeting At Texas A. & M.

COLLEGE STATION, June 16.—A quarter century of annual farmers short courses at Texas A & M College will be rounded out the week, July 30-Aug. 3, O. B. Martin, director of the Extension Service, has announced.

This event, the largest rural gathering in Texas each year, is being planned along the same lines as last year's course, which was regarded the best in their long history. Practical courses and demonstrations will be the feature rather than talks and lectures.

Special courses will be offered to limited groups in tanning leather, making harness, grape juice, syrup, silage, rugs, in butter and cheese manufacture, wool grading, scouring and dyeing and others.

There will be general lectures of wide interest each morning, followed by group talks and discussions of all phases of farming, livestock and home making subjects. Each afternoon will be devoted to demonstrations of a variety of useful practices on farm and ranch and in the home.

Attendance this summer is expected to reach that of recent years when 3,000 to 4,000 people have come from farms and ranches in every part of the state. Special attention will be given the 1,700 boys and girls who are to come under the 4-H club banner.

### REHABILITATION MAY INCLUDE TOMATOES

Lufkin C. Of C. Asks Tomato Industry Be Protected

By Associated Press  
LUFKIN, June 16.—Directors of the Lufkin Chamber of Commerce recently adopted a resolution asking congress to include the tomato industry in the agricultural rehabilitation program and requested the state legislature to pass laws protecting farmers and prohibiting brokers from exploitation in the industry.

The action was taken after the recent collapse of the market which saw prices slum from four cents a pound to one-half a cent.

Growers reported they have found no steady markets for their product and charged buyers here with paying prices lower than those offered elsewhere. They also claimed a practice had been made of opening and closing the sheds "at will" and making it "impossible for them to know whether there was a market for their crop."

The farmers have 1,000 acres planted in this county.

In the resolution, the Department of Agriculture is asked to furnish one or more inspectors in each of the counties producing tomatoes and that each inspector be employed to enforce the payment of the same price for identical grades.

### SIXTY PERCENT OF WEBB COUNTY CORN DESTROYED

By Associated Press  
LAREDO, June 16.—It is estimated that 60 percent of the 1000 or more acres of corn planted in Webb county this season has been destroyed by the drouth and severe hot weather. Many fields that a month ago promised a heavy yield are now yellowish, dried stalks, which are being stacked for fodder. Corn planted early this year made a good crop as a result of rainfalls during February, March and April, but corn planted later, which represented the greater part of the crop, perished.

Mr. and Mrs. Jack Jarrell of Canyon and Mrs. James E. Teer of Clarendon came yesterday and will be guests in the home of Judge and Mrs. J. M. Elliott over the week end.

### DROUTH RELIEF PLAN HINTS AT ADJUSTMENT

Distressed Beef And Dairy Cattle To Be Bought On Shares

Special To The Democrat  
COLLEGE STATION, June 16.—A hint as to what the much debated cattle adjustment plan may be like has been found in the relief offered farmers and ranchers in six Texas primary drouth counties by the Agriculture Adjustment Administration and Federal Emergency Relief Administration. As outlined by O. B. Martin, extension service director of Texas A. and M. College, distressed beef and dairy cattle are to be bought on a definite price schedule, with stated shares divided between owner and mortgage holder. Cattle purchased are to be destroyed if diseased or processed for relief purposes if sound.

Those who accept the government offer are to sign contracts with the Agriculture Adjustment Administration in which they agree to cooperate in any future adjustment program for cattle. Producers also agree not to allow the females in their herds to exceed by January 1st 1936 more than 80 percent of the average number for 1932-33.

To families needing a few cows for home food supply, particularly milk, the Federal Emergency Relief Administration will lend the cows and finance the necessary feed purchase on notes. The same is true of the rancher who wishes to keep a few head for foundation stock. The limit of such loans is three cows for home food supply and 30 cows for breeding purposes.

The buying schedule calls for a price of \$12 per head for condemned cattle two years old and over, and \$13 per head for sound cattle of this age. Owner would receive \$6 per head and mortgage holder from \$6 to \$14. For cattle one to two years of age the rate is \$10 for diseased animals, and \$11 per head for sound ones. In this case owners will get \$5 per head and mortgage holders from \$5 to \$10 per head for the sound stuff. For cattle under one year of age \$4 per head will be paid for condemned stock and \$5 per head for sound stuff. Owner will receive \$3 per head and mortgage

### Dry Trend Seen In Weather Over U. S.

Rain and snow have shown a tendency to fall off in the North, especially the Northwest, and to rise in the South and East, in the last quarter of a century. The upward trend in the South and East, however, has canged to a downward trend in the last few years.

Precipitation trends in the United States east of the Rocky Mountains, on the basis of 10-year moving averages for the 40 year up to 1933, when charted do not follow as smooth and even a pattern as temperature trends. They progress more or less uniformly from highest to lowest, and back again, but their time phase is irregular, with no conformity to any law of succession.

Metorologists of the United States Weather Bureau have been unable to work out a formula that can be applied to the millions of records on file to give a dependable basis for long-time precipitation forecasts, according to J. B. Kincer, in charge of the climate and crop weather division. If past performance could be depended on to repeat itself, he says, the country's precipitation would soon show an upward trend. If it were to follow its previous pattern, however, it would not move up in one long, smooth swing, but would zigzag up and down on its way to its next high. The curve for the first 5 months of 1934 took a decidedly downward slant. There is no way, Mr. Kincer says, to foretell how much further this curve may drop, nor when it will start upward once more.

County agents are to be drouth relief directors in their counties and are to organize producer committees for administering the relief. Counties named in the primary drouth area are Dallam, Hartley, Sherman, Moore, Oldham and Potter.

Mrs. R. S. Greene returned yesterday from a visit with her mother, Mrs. William Spear, at Tyler.

### YOUTHS FEEDING JUNIOR CALVES FOR CONTEST

Boys In County Will Enter Yearlings In Fat Stock Show

Gene, Sam, Bob, and Edgar Ewen purchased junior calves from W. P. Dial's herd on June 11. They plan to feed them for the Amarillo Fat Stock show in March, 1935. The boys selected the calves from a herd of cows subject to registration and secured fine individuals. The calves were immediately placed on feed.

The boys plan to feed their calves entirely on home-grown feeds. They plan to make alfalfa hay, of which they have an abundance, and milo maize heads and grain the foundation of their fattening ration.

### Modification On Corn-Hog, Wheat Contracts Made

COLLEGE STATION, June 16.—Modification of restrictions on the use of contracted acres in the corn-hog and wheat programs to permit the planting and grazing or harvesting for hay all forage crops except corn and grain sorghums has been announced by the Agriculture Adjustment Administration. This modification, made first for official drouth counties, has been extended to include all cor-hog and wheat contract signers.

As interpreted by E. M. Rog-enbrecht, swine specialist in the Texas A and M College Extension Service, the new ruling means that corn-hog and wheat contract signers may plant their contracted or rented acres for grazing or for hay to any crop except corn and grain sorghums. For instance, su-

### Y. W. A. OF BAPTIST CHURCH IS GIVEN PICNIC AT MEETING

The Y. W. A. Girls, with their sponsor, Mrs. W. Wilson, met Monday evening in a special meeting at the home of Kathryn Oren at 503 South Seventh street for the purpose of making scrap books to be sent to an orphan home.

After the books were completed, a number of songs were sung by the group and a picnic supper was served on the porch at the

Oren home. Those present were Misses Etta Mae Hill, Mildred Lamb, Thelma and Mildred Lindsey, Marie and Catherine Barber, Grace Carpenter, Sadie and Rachel Piland, Una Loard, Kathryn Oren, Mrs. Wilson and Mrs. Oren.

Mr. and Mrs. J. M. Dalton and granddaughter, Jerry Bell Williams, returned Thursday from an extended trip in Arkansas and Oklahoma.

## Shower Given Miss Wherry, Bride-Elect

Miss Florence Wherry, bride-elect of John Otho Fitzjerald, was the charming honoree at one of the prettiest showers of the season, Wednesday afternoon at the C. R. Webster home on Memphis heights. The wedding is to take place Wednesday evening, June 20, at the home of the bride-elect's parents, Mr. and Mrs. R. H. Wherry.

Mrs. C. R. Webster, Mrs. S. T. Harrison and Mrs. Byron Baldwin were hostesses at the lovely event Wednesday.

The shades of orchid and gold, chosen colors, were featured in the lovely bows and baskets of garden flowers placed about the rooms.

The bride-elect was unusually attractive in a white crepe jacket frock with accessories, and a corsage of white and orchid.

The program included a piano number, "The Clown Dance," by Miss Shirley Greene, two vocal solos, "All For You" and "Certain Things" by Mrs. C. L. Sloan, Jr., accompanied by Miss Greene.

The honoree's chair was draped in silver cloth. Little Miss Jimma Joan Drake and Marjorie Davis, who acted as pages, escorted her to her place, after which they brought in the many lovely gifts. She was assisted in opening the packages by Miss Shirley Greene, Miss Ruth Harrison and Mrs. Ben Wilkinson.

Orchid ices and angel squares were served, further emphasizing the chosen colors.

### MISSSES WORSHAM, BAKKE HOSTESSES TO B. AND P. CLUB

Misses Maud Worsham and Mamie Bakke were joint hostesses for the Business and Professional Women's Club Tuesday evening at the home of Mrs. Ira W. Neely at 154 South Sixth street.

The business session was presided over by the president, Maud Worsham, when plans were perfected for the complete organization of the club. There was also a discussion as to the type of program that would be studied during the year. A number of committees were appointed and plans were made for a picnic.

During the social hour the hostesses served an ice course to Ruth Johnson, Maud Pritchard, Irma Carson, Alpha Youree, Altha Tom Bridge, Ora Walsh, Willie Guinn, Helen Heigenfeld, Floretta Whitefield, Pauline Turlington and Mrs. Bell McGuire, a visitor.

## Miss Jo Pearl Weatherby To Become Bride Of Adrian Odom on Tuesday Night, June 26

### Bride-Elect

Miss Florence Wherry, who will become the bride of John Otho Fitzjerald Wednesday evening at 8 o'clock at the home of her parents, Mr. and Mrs. R. H. Wherry.

Among the many pre-nuptial social affairs given in her honor, open house was held at the Wherry home Friday afternoon from 3 to 5 o'clock.

Announcement was made recently in Hubbard of the approaching marriage of Miss Jo Pearl Weatherby of that city to Adrian Odom of Memphis, which is to take place Tuesday night, June 26, at 8 o'clock at the First Baptist church in Hubbard.

Miss Weatherby is the daughter of Mr. and Mrs. W. F. Weatherby of Hubbard. Mr. Odom is the son of Dr. and Mrs. J. A. Odom of this city.

The announcement was made at an announcement breakfast, during which a young nephew of the bride-to-be distributed newspaper "extras," which announced the approaching marriage.

The bride will be attended by two brides' maids and a maid and matron of honor.

Following the ceremony, the couple will leave for a short wedding trip, after which they will make their home here.

### OFFICERS ELECTED AT SUNDAY SCHOOL CLASS MEETING

The Pilot Sunday School class of the First Baptist church met at the home of their teacher, Mrs. Hayden Goodnight, Thursday afternoon.

During the business session, officers were elected, as follows: Naomi Smith, president; Wilma Lee Watson, vice-president; Mary Helen Nelson, secretary, and Margaret Allen, reporter.

After the election of officers, refreshments were served.

If you see a parade of shiny, new aluminum trailers coming down the block you can bet that it's a shipment of new Ford cars for your local dealer. They are being shipped this way today, as the above photograph shows. This shipment was recently made in Washington, D. C., where it stopped traffic and attracted much attention. This latest method of transporting cars is replacing the old method. It has led to the suggestion that the Ford Motor Company may ultimately adopt the slogan: "Untouched by Human Hands."

## Chevrolet Price Cuts May Result In Prolonging Of Factory Employment

Although it is only a week since Chevrolet announced drastic price reductions on its entire line of passenger cars and trucks, sales throughout the country have already increased substantially, indicating that the company's objective—the prolonging of factory employment through the ordinarily quiet month of June—is likely to be attained.

The announcement was made today by W. E. Holler, general sales manager, based on dealer reports from all over the country. Concrete evidence of the effect of the reduction, Mr. Holler said, is the fact that Chevrolet's output projection for June is sharply increased over last year's June output, amounting to approximately 100,000 units, and there is every indication that June will exceed May in retail deliveries. Such a record for June is regarded as a distinct achievement, and is attributed largely to the new low price schedules, he said.

The effect of the price reduction, totalling as much as \$50 per unit, was probably accelerated by the fact that Chevrolet was in the public spotlight at the General Motors Exhibit just concluded in 61 principal cities. But the improvement in business cannot be accounted for on that basis alone, since the influx of new orders is not confined to the cities where showing were held. Dealers in almost all states report a quickening of interest, due to the fact that Chevrolet's patented knee-action is now available at the lowest price since the introduction of the 1934 line, and also to the company's offering, in the new Standard series, one of the world's lowest priced cars, of six or more cylinders.

"We have double cause to feel gratified," Mr. Holler said. "This prompt public reaction not only means much to Chevrolet but is also a decided boost for the national recovery program. The seasonal slump heretofore regarded as inevitable in the automotive industry, will be felt less severely than usual in the 21 Chevrolet plants. And equally important, though perhaps less apparent on

the surface, the huge army of suppliers of Chevrolet's raw materials will also be more active this summer than in other years, and their buying power, like the represented in our own direct payrolls, will make itself felt beneficially the length and breadth of the land.

## TERRAPLANES WIN HILL-PULLING CONTESTS FOR U. S. AND CANADA

In 72 attempts to break every important official record for hill-climbing and acceleration in the United States and Canada recently, the Terraplane with its Hudson principle of unit-engineering, won 72 victories—an achievement never before approached by any car.

These victories were won under the strict supervision of the Contest Board of the American Automobile Association, by stock Terraplanes chosen at random by an A. A. A. official.

The significance, according to Rabb Harrison, local Terraplane salesman, lies in the fact that the making of these records demands of Terraplane ruggedness, stamina and reliability such as have probably never before been built into a low-priced car.

Each of the 72 record runs is equivalent, in terms of punishment of both mechanism and structure, to thousands of miles of ordinary driving.

This is assurance that the Terraplane is virtually punishment-proof. For in the hill-climbing tests the Terraplanes were slammed around hairpin turns at full speed, tires screeching, engines running at thousands of revolutions per minute and wheels under terrific strain. Long before the runs were finished, all other manufacturers gave up the attempt to match Terraplane performance, it was said.

These records prove that gear-shifting with a Terraplane is unnecessary on any highway in America, no matter how long or steep the mountain road.

This record is a result of the Hudson principle of unit-engineering, discovered and used exclusively in the production of bigger, and more powerful 1934 Terraplanes and Hudsons.

"The Junior Chamber of Commerce congratulates the Senior organization on its selection of Russell Clark as its new secretary. We feel that he is thoroughly qualified to do the work, and he is well enough known because of his work in other fields here that he will not have to waste any time in making himself known to the public. Because of his interest in all things for the good of the town, I feel sure that I can pledge the full support of the Junior Chamber of Commerce in any of his undertakings."

that Hall county would be married 44 years on that date. He also urged Hedley people to attend the donkey baseball game to be played here Tuesday.

Great applause was given the Memphis Black and Gold band. The band played a 45 minute concert under the direction of Glenn A. Truax.

Closes This Week Two other trips this week will probably close the good-will tours for this season, and the people of Memphis are urged to give the same whole-hearted support in making these last tours the most successful of all.

Those who have attended the tours feel that the friendly community spirit fostered by this Junior Chamber of Commerce project will be felt by Memphis and the surrounding territory for years to come.

Furnish Cars Those who furnished cars for the Hedley trip were as follows: Russell MacMillan, H. B. Estes, L. L. Doss, Clyde Hill, H. C. Walker, Z. A. Moore, Carl Nuhn, C. E. Bentley, J. B. Chitwood, Henry Boyd Newman, J. P. Watson.

C. W. Crawford, Max Nail, Alan Brown, O. V. Alexander, T. W. Harrison, Ross Springer, Tom Ballew, Tommie Potts, H. H. Lindsey, Cloyd Messer, Hayden Goodnight and Leon Bullard.

# Play Ball on Burros

## Whitfield Will Hurl Tilt at Fair Park

### Strong Line-Up Goes Against Invaders This Afternoon

Baseball at its funniest will be the vogue here Tuesday afternoon when Harry Delaney's "Burro Busters" oppose Joe Chitwood's "Donkey Wranglers" in a donkey baseball game at Fair Park.

The event is being sponsored by the Junior Chamber of Commerce, and the proceeds are to go to the Black and Gold band.

The tilt starts at 6 o'clock Tuesday afternoon. Admission is 10 and 25 cents.

An idea of what is in store for the fans is given in the following: Each fielder with the exception of the pitcher and catcher are mounted. They must ride to the ball before getting off to make a throw.

The batter, after hitting, must mount and ride around the bases. Large cycles are used for bases. The "base runners" are especially trained animals that obey their trainers rather than the players. They do all sorts of tricks, from running the bases backwards to bucking just before reaching a base. The animals are being brought into Memphis for the game.

This novelty game has been acclaimed every where it has been played as the funniest of all exhibitions. The teams will be chosen from the list of Junior Chamber of Commerce members.

## WHITFIELD WILL HURL TILT AT FAIR PARK

Strong Line-Up Goes Against Invaders This Afternoon

Staging another of their hard battles, the Memphis Owls go against the McLean nine here this afternoon. The game will be called at Fair Park at 3:30 o'clock.

Manager Matthew Allen will send Buck Whitfield to the mound to oppose the invaders. Jake Leggett will do the receiving. McBride will be at first in the absence of Carl McLean, and the remainder of the line-up will be approximately the same as in previous Sunday games.

No more is known about the McLean outfit than many of the other clubs that have played here, but it is reported one of the leading nines in the McLean territory, and a good battle is expected. It will be the first meeting of the two clubs.

Admission for the tilt will be 25 cents to all.

## Baptists Come Out on Top of Softball Loop

The Baptist aggregation took a close fray from the Methodists Friday, 6 to 5, to come out on top in the Sunday School Softball league standing.

Both clubs showed plenty of defensive and offensive pep. Although the Methodists did not collect as many hits as did the league leaders, every time they got a man on base it was a potential score.

Sensational catches by Hillyer, Beckum, Edwin Gilliam and Brewer overshadowed the really snappy play of the infielders.

Nothing but singles was knocked. This was due mainly to the sensational play of the outfielders.

The box score:

## GOLF

By Art Krenz

FULL BODY PIVOT MAY CURE YOUR SLICE  
In many cases of slicing, the trouble boils down to just this fault—lack of body pivot.

Pivoting is one of the secrets of good golf, and unless the left shoulder is turned around with the club, anything may happen to your shot.

In the full shot, some golfers, Bobby Jones for example, turns so fully that their back is presented to the hole.

# 5 Six-Footers... and not a cramp in a Carload!

FIVE big men can relax in utter comfort on the deep cushions of the Ford V-8. Wide seats keep elbows out of ribs. Ample leg room keeps legs from being cramped.

Why? Because Ford measures roominess in terms of usable body room. Not in terms of the distance between bumpers, which means nothing when you come to analyze it.

The Ford V-8's very engine construction gives you more body room, as the diagram explains. Cylinders are "doubled-up" saving space, not strung along in a line to waste it.

See how much less space is occupied by the V-8 engine as compared with the ordinary "six" or "eight." Less space for the engine means more space for the passengers.

The Ford V-8 front seat is adjustable. It quickly and easily adapts itself to a six-foot-two husband or a five-foot-two wife. It ends forever that source of strife.

Before you buy any car at any price, drive the Ford V-8.

## FIRE BOYS WIN HONORS

MEMPHIS' fire department carried off second honors in a pumper contest held at the state firemen's and firemarshals' convention at Mineral Wells last week.

They were defeated only by the team from New Brunfels, near San Antonio out of 47 teams participating, finishing the drill in 19.4 seconds as compared to 019 seconds flat for the first place team.

This was a signal honor for the local fire department, the victory placing it as one of the leading volunteer departments in the entire state.

The boys have worked long and hard on the drill, doing all in their power to win. It has meant a lot to them; they had their hearts set on victory. Finishing second was not as high as they had placed their ambitions, but it was an achievement.

It is a universal habit, apparently, for volunteer fire departments to be the goat in numerous jokes. Therefore, at first thought it might seem rather humorous to state that Memphis should be proud of this group of young men. It is no joke. The business of fighting fires, taking chances with life and limbs every time an alarm is sounded, expecting and receiving no pay for their efforts, is an extremely serious matter.

Memphis has had few serious fires in recent years. The bigger ones are usually brought under control quickly. When old frame houses and buildings burst into flames, there is little hope of saving them; the business of the department mainly is to prevent a spread of the flames. Little else can be done; to gauge the work of a fire department in this manner is to do the department an injustice.

But rather, look at the fire insurance rate of the at about the time concentrated work was started in city. The rate in Memphis is 32 cents. Six years ago, building up a better fire fighting system here, the rate was above 50 cents. The success of the present department, therefore, has been in reducing the rate more than 20 cents.

The average rate in Texas, according to Fire Chief M. G. Ray, is between 37 and 39 cts. However, there are a few towns where the rate is as low as 25 cents.

## A SOCIETY NOTES.

### FRANCES OGDEN, BRIDE OF V. L. M'GLOCKLIN TODAY, IS HONORED

The members of the Baptist choir gave a delightful party and shower Thursday evening in the church reception parlors, honoring V. L. McGlocklin and Frances Ogden, whose marriage will take place today.

After the assembling of friends and guests, who were greeted by Mesdames A. Baldwin, G. H. Hartnack, S. T. Harrison and W. Wilson, in the receiving line, the following program was given: "I Love You Truly," was sung by Pauline Turlington; Tommie Mae Boren read, "That Old Sweetheart of Mine"; Iris Bradshaw played as a violin solo, "To Spring"; Ruth Harrison read, "In a Royal Garden" and Cearley Read Kinard sang, "Give a Man a Horse He Can Ride" and "I'll String Along With You." Mrs. Margaret Morgan was accompanist for the program.

In a humorous role, Mr. and Mrs. A. Baldwin held the place of honor until the bride-and-groom-to-be were recognized. Mrs. D. L. C. Kinard presented the gifts which were brought in by little Miss Elizabeth Webb and Bobbie Clark. The gift from the choir was a beautiful set of china and the honorees were surrounded by lovely gifts of every description.

Iced punch and cake were served with Misses Ruth Harrison, Martha Thompson, Anna Beth Leverett, Jackie Lee Boren and Geraldine Kinard presiding at the punch bowls.

Gordon and Edwin Gilliam and Bradshaw played orchestra music with refreshments were being served. One hundred and 25 guests attended.

Mrs. Willie Dutton, who has been house guest of Mrs. J. A. Whaley for three weeks, left yesterday for her home at Waco.

Miss Frances Ogden, bride-elect of V. L. McGlocklin, whose wedding will be an event of today, was honoree at an informal tea and miscellaneous shower Tuesday afternoon at the home of Mrs. H. A. McCanne, at 4 o'clock, given by the women of the First Christian church.

The guests were received by Misses Martha Draper, Neil Walker, Loreece Webster and Ardellia Lyons and were invited into the dining room, where Mary Gardner and Betty Dale West presided at the tea table. The table was covered with a lace cloth and centered with a silver basket of daisies and ferns. The refreshment plate carried out a pink and white color scheme, the honoree's chosen colors.

The guest list included Mesdames J. F. Ogden, W. E. McGlocklin, L. D. Pierce, Jr., E. E. Roberts, Jake Parker, Jimmie Mitchell, Bill Kesterson, J. M. Elliott, W. C. Milam, W. R. Cabaness, J. A. Swimming and boating were enjoyed after which a lovely picnic supper was served.

Besides the honored guest, those present were Cora Fox Young, Martha Draper, Nell Walker and Lewis Foxhall, Henry Boyd Newman, Guthrie Bennett and Russell MacMillan.

### MISSION PROGRAM GIVEN MONDAY AT AUXILIARY MEET

The Woman's Auxiliary of the First Presbyterian church met in regular session Monday afternoon at 4 o'clock at the church, with Mrs. T. Kittinger directing a foreign mission program on the Philippines.

Nine members responded to roll call with interesting facts about the work of the church as a whole. Mrs. P. M. Fitzgerald conducted an inspiring spiritual life program. Mrs. T. Kittinger used as her devotional, "God and Your Life." Mrs. D. H. Arnold had charge of a brief prayer service for the missionaries listed for special consideration on June 11.

Those who assisted on the program with special articles were Mrs. P. M. Fitzgerald, Mrs. D. H. Arnold and Mrs. John Angus MacMillan.

### MRS. GERLACH IS HOSTESS TO CLASS

Mrs. William Gerlach was hostess to members of Mrs. H. F. Schoolfield's Sunday School class of the First Methodist church Thursday afternoon at her home at 203 South Twelfth street.

The afternoon was spent in making a quilt which will be sent to the Methodist Home at Waco.

After the quilt was finished the hostess served lovely cake and cream to Mesdames H. F. Schoolfield, L. Dowell, C. P. Champion, J. B. Landis, C. Gerlach, C. L. Caviness, S. E. Thompson, W. E. Johnson, R. H. Pugh and G. M. Springer.

### LIGHT BEARERS IN MONTHLY MEETING AT CHURCH SUNDAY

The Light Bearers of the Presbyterian church met in the Junior church Sunday afternoon at 4 o'clock for their regular monthly meeting, Mrs. Pete Clower was in charge.

After the call to worship, 14 members and one visitor responded to roll call. The program consisted of a devotional, a missionary story, "The Changeable Bell", and a pledge service to work, study, play and serve. The children worked on their prayer books, which are fashioned in the form of a bell.

After the program they were taken to the library park where they enjoyed a spirited treasure hunt which ended with the finding of a chest of pennies in the Clower yard.

Soda pop was served to a guest, Nancy Lee Brint of Amarillo, and the following members: Frances Kinard, Paul Kinard, Pete Clower, Jr., Frances Ann Compton, Genevieve McCool, Milton Tucker, Helen Tucker, Larry Grundy, Jack Kinard, Mildred Tucker, Jeanne Denny, Winifred Jane Tarver, Frances Clark and Joe Miles Kinard.

### SUNDAY SCHOOL CLASS HAS PICNIC THURSDAY

The Intermediate Sunday School class, taught by Mrs. John Angus MacMillan, was entertained with a picnic Thursday evening on the creek north of the city.

After a time spent in playing, a picnic supper of sandwiches, potato chips, deviled eggs, pickles, lemonade, fruit salad and cakes was served to Mildred Tucker, Billie Blackwell, Ann Craver, Maggie Irene Capwell, Patty Nell Craver and Mrs. MacMillan.

 When Donna is injured by a fall from the trapeze Madeline arranges for her to be taken to GRANDFATHER SIDDAL'S farm to recuperate. To please her partner Donna pretends to be Madeline. She falls in love with BILL SIDDAL, Madeline's cousin, and though she is ashamed of deceiving Bill and Grandfather she is afraid to tell the truth.  
 Meanwhile Madeline marries CON DAVID, circus animal trainer, and takes part in the animal act.  
 Amos Siddal has a stroke. In New Orleans Madeline goes into the cage alone with the Bengal tiger. The tiger springs and she is killed. Renfro discharges Con. He is unable to get work and decides to go to the Siddal farm.  
 Bill and Donna go to a movie. They have a misunderstanding that increases Bill's jealousy.  
 On Thanksgiving day, just as the family is about to sit down to dinner, the door bell rings. Donna goes to see who is there.

### CHAPTER XXXII

Holidays meant little to Con David. He was not even aware that the day he landed in Lebanon was Thanksgiving. As he rode from the station to the Commercial House in the shabby bus that his driver, Lem Busby, called "the hack," it dawned upon Con that for some reason all the stores were closed and the streets had a more than unusually deserted appearance for a town of 4,000.

"Somebody dead?" he inquired cynically of Lem.

"Lot of folks went to Chicago or Indianapolis for the holidays," the hack driver answered laconically. "Not many drummers in town."

"Holiday? Oh, this is Thanksgiving, isn't it?"

Lem looked at his lone passenger with more interest. "Sure. Reckon it doesn't mean much to you?"

"Less than nothing. Only it's rather a joke!"

"You mean you think you're going to miss your turkey and fixings? You don't need to worry about that. The Commercial House has a mighty fine cook. Kinder sour but, oh, boy, there's no one in this neck of the woods that can beat Mrs. Planter's cooking!"

"That's fortunate," Con murmured.

"Yeh. She's a widow woman who used to work for the Siddals. Maybe you don't know who they are, but old Amos Siddal lives 'bout five miles out on the main road. After he was left without chick or child and stone blind he hired Mis' Planter to housekeep for him. Reckon her and old Amos' granddaughter didn't get along none too good for after Mis' Planter had made her home there for over five years she was turned out, bag and baggage, and had to go to work at the hotel." He accentuated the first syllable of the last word.

Con hid his interest in this information by lighting a cigaret and inquired casually, "What sort of woman is the granddaughter that she would do anything so unkind?"

Lem shifted his tobacco from one

ON TEXAS FARMS

Farm record keeping has taken a fresh start in Texas because farmers have had to sweat for a year piecing together past records of farm production.

An eight-acre alfalfa pasture has meant the difference between profit and loss in the dairy business to Bradford Lewis in Gonzales county.

A pantry with 49 feet of shelf put in at a cost of \$1 is large enough to store a year's supply of canned food, it has been found by Mrs. E. L. Collins, pantry demonstrator for the Grange Hall Home Demonstration Club, Cherokee county.

Nineteen Harris county 4-H club boys marketed 17,100 pounds of baby beaves in Houston this spring at a profit of \$12.88 per boy.

Archer county home demonstration club women this year have cured 16,831 pounds of meat, canned 6,403 quarts of meat, and made 190 pounds of American cheese as part of the living-at-home program.

An alfalfa field, developed as a demonstration in cooperation with the county agent, was a big factor in deciding local authorities that E. Clay Williams of Smithville should be given the keeping of the first stallion lo-

Better Times Are Seen By President

CHARLESTON, W. Va., June 16.—President Roosevelt, in a message to West Virginia and the nation today declared that "a year of disaster has given way to faith in the United States," in the first full year since the National Recovery act was enacted.

Millions of discouraged, suffering unemployed found their names on payrolls again, and the blue eagle found its way into two million places of business, he said.

Mrs. J. M. Browder arrived from Los Angeles, Calif., yesterday and will spend the summer at the Browder ranch in Collingsworth county.
