7,450,200 MEN LOST LIVES DURING WAR

Latest Estimates Say America
Gave Two Out of Every
Hundred Engaged

Washington, June 26.—Ameri-
can casualties during the 47-day
Meuse-Argonne offensive aggre-
gated 120,000 men, or 10 per cent
of the total of 1,200,000 engaged
according to a "statistical sum-
mary of the war with Germany,"
prepared by Colonel Leonard P.
Ayres, chief of the statistical
branch of the general staff, and
published by the War Department.
"Of every 100 American sol-
diers and sailors who took part
in the war with Germany," the
report said, "two were killed or
died of disease during the period
of hostilities. In the Northern
army during the Civil War, the
number was about 10. Among the
other great Nations in this war
between 20 and 25 in each 100
called to colors were killed or
died."

Best information obtainable by
the general staff places the total
battle deaths for all belligerents
at 7,450,200, divided as follows:

Russia 1,700,000.

Germany 1,600,000.

France 1,385,300.

Great Britain 900,000.

Austria 800,000.

Italy 330,000.

Turkey 250,000.

Serbia and Montenegro 125,000.

Belgium 102,000.

Roumania 100,000.

Bulgaria 100,000.

United States 48,900.

Greece 7,000.

Portugal 2,000.

American participation is sum-
marized in the report as follows:

Total armed forces, including
army, navy and Marine Corps,
4,800,000.

Total men in the army 4,000,000

Men who went overseas 2,086-
000.

Men who fought in France
1,390,000.

Tons of supplies shipped from
America to France 7,500,000.

Total registered in draft 24-
234,021.

Total draft inductions 2,810-
296.

Cost of war to April 30, 1919,
\$21,850,000,000.

Battles fought by American
troops 13.

Days of battle 200.

Days of duration of Meuse-Arg-
onne battle 47.

American battle deaths in war
50,000.

American wounded in war
236,000.

American deaths from disease
56,991.

Total deaths in the army 112-
422.

Under the head of "sources of
the army" the report shows that
13 per cent came from the regu-
lar army, 10 per cent from National
Guard and 77 per cent from the
draft.

A concise history of the milita-
ry operations in which American
troops took part is given in a
chapter headed "two hundred
days of battle." Attention was
called to the fact that "two of
every three American soldiers
who reached France took part in
battle."

WORLD WAR ENDED BY SIGNING OF PEACE TREATY

Versailles, June 28.—Germany and the allied and associated pow-
ers signed the peace terms here today in the same imperial hall where
the Germans humbled the French so ignominiously forty-eight years
ago.

This formally ended the world war, which lasted just thirty-seven
days less than five years.

BORAH SAYS BIG BANKER FOR LEAGUE

Declares "Mask of Hypocrisy
Will Be Torn Off." Banks
Buy New York Post

Renewing his charge that inter-
national bankers are sponsoring
the league for selfish purposes,
Senator Borah (Rep.) of Idaho
charged that Thomas Lamont a
partner in the Morgan banking
house had purchased the New
York Evening Post as a part of a
propaganda to force Senate ac-
ceptance of the covenant. He
charged that the League to En-
force Peace, headed by former
President Taft, also was control-
led by the bankers.

Senator Borah declared that be-
fore the debate on the league clos-
ed he would show that big finan-
cial interests were in conclave to
exploit the natural resources of
Europe and have the United
States underwrite the investment.
"The mask of hypocrisy will
be torn off," he said, "and even
the sacred name of an ex-Presi-
dent can not be used to protect
the men who propose to sell out
this country."

AMERICANS HURT FRENCH KILLED

Trouble Between Americans and
French at Brest Results
Seriously

Brest, June 30.—Two French
civilians killed and 5 American
soldiers and sailors were injured
severely and more than 100
wounded in riots here last night.
Two of the American soldiers are
expected to die.

The trouble began, according
to available accounts, when an
American naval officer, who is
said to have been drinking heav-
ily, tore down a French flag and
trampled on it. A crowd of
Frenchmen attacked the officer
and, it is said, kicked and beat
him until he was unconscious.

Americans, who were not aware
of the cause of the fight, went to
the aid of the naval officer. The
fight then became general. A mob
of French civilians and soldiers
and sailors attempted to rush the
Hotel Moderne, where American
officers were quartered. They
burned a sentry box and threw
stones at Americans in uniform
wherever they found them. The
Americans, it is said, retaliated.

A company of marines was hur-
ried to the scene and soon restored
order. Admiral Henri Salaun,
the French naval commander at
Brest, ordered the marines to re-
turn to their barracks. As the
marines marched back to their
quarters, it is declared, they were
pursued by a mob throwing stones
and bricks.

The city is quiet today.

BLUE RIDGE FARM REPORT CENSURES STATE OFFICIALS

Officials "Knew, or Should Have
Known," Rights of State
Were Being Waived

Austin, June 30.—A specific
recommendation that the land
proceed to exercise the option to
buy the Blue Ridge prison farm
is contained in the report of the
joint legislative committee which
conducted an investigation of an
attempt to secure the release of
this option submitted to the Texas
Legislature today.

"We find from the facts that
when the Governor and two Pris-
on Commissioners signed purport-
ed release they knew, or should
have known, that they were at-
tempting to waive the rights of
the State under a contract in
which the State had a profit of at
least \$300,000," says the commit-
tee.

In passing upon the evidence
the Commission says that the land
which the State has an option to
buy for \$50 an acre is worth \$100
an acre, regardless of oil prospects
and that oil development has in-
creased the value of the land great-
ly.

"We find that at the time pur-
ported release of the option was
signed a well on said land had
reached such stage that parties
drilling same and those interested
therein had good reason to believe
that said well would be a produc-
ing well.

After stating that the evidence
shows that Walter Crawford, cam-
paign manager and personal
friend of the Governor, worked to
change "leases in a material way
detrimental to the State," the re-
port says that no evidence of pay-
ment of money to any party for
anything done in connection there-
with except the \$10,000 fee paid
to Mr. Crawford by Bassett Blak-
ely was found. This fee was desig-
nated to be "out of proportion to
amount of work done, except
such influence as might have been
thought to have been exercised
and such act deserves condemna-
tion."

WHEN HER BACK ACHES

A Woman Finds All Her Energy and Ambition Slipping Away.

Memphis women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of their merit in a Memphis woman's words.

Mrs. Fannie Blackwell, says: "When I first began using Doan's Kidney Pills my back was in such bad shape I couldn't stoop over to pick up anything and I suffered day and night with an ache in my back. Every move I made hurt me so bad I would almost scream and I was in constant agony. I used different remedies for a long time but received no benefit. My kidneys became inflamed and irregular in action. I finally heard of Doan's Kidney Pills through one of my neighbors and I used a few boxes which cured me."

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prince of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least exertion. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, "It's a good medicine, and good for that trouble," so he got me 5 bottles. After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

Dr. Price's Cream Baking Powder is made from Cream of Tartar derived from grapes, a delicious, healthful fruit, and that is why it produces wholesome food, superior in texture and keeping quality.

GAMBLE WITH THE GIANT

YOU MAY THINK you are not a gambler but you are. Life is all a gamble. It's a game of chance from before you are born to after you are dead. You gamble every time you cross a crowded street—every time you ride in your automobile. Now, we ask you to gamble with us on an oil well. We'll drill it right in the Panhandle, close to your home, as near the center of the district as we possibly can.

100 Per Cent Guaranteed

IN ORDER to facilitate the work of drilling by getting subscriptions on record in a hurry we're going to give you 100 per cent as a dividend if you are in on the first allotment. This means you'll have to hurry **Don't neglect this chance!** Buy today—NOW. Now, honest, the first ones to come in just naturally get a bonus of one additional share free for each one bought and they get double profit if we win.

We'll Drill You A Well

EVERYBODY is buying oil stocks and some of them are fine buys. All that we are agreeing to do is to drill you a well right in your home territory. We'll drill it soon, too. If we get oil your share will be worth a fortune and you will be made rich by the increased value of your farms and ranches. If we don't get oil you lose what you invest. It's a gambling chance. But, remember, you are **betting** on your own home property. Every place in the Panhandle will be affected if we get a well.

SPEED COUNTS

THE first man on the subscription books is entitled to twice as much as the last men in. That's logical, isn't it? The books on this allotment will be open August 2 to 5. But the time for you to buy is **right now.**

Millions will Be Made

We're going to plunge right into it with the same sort of pep that we're putting in to the campaign to sell this stock. And we **won't let you be fooled.** We won't even let you take a big risk. The least you can buy is **ten shares for one dollar or one thousand shares for \$100.** We won't let any one person invest any bigger sum. We know we might not get oil and you'd lose your money, so we're playing the game safe with everybody.

THE OIL IS THERE

JUDGE J. M. ELLIOT, of Memphis, writes E. C. Noble, president of the Giant Company, on this point. You know both of these men. Mr. Elliott quotes figures on a well drilled in the direction of Newlin and near old Saulsbury. Elliott says this well passed through **five oil sands**, at least one of which was "pay stuff." But the well was never completed. The hole caved in and they ran out of money or something of that sort.

Resolutions of Respect

To Estelline Lodge

A. F. and A. M.:

We Your committee appointed to draft resolutions suitable to the memory of our deceased brother Ed Clifton beg to report, that in the death of brother Clifton the lodge has lost a worthy and highly respected member and the community one of its most energetic business men.

The farmers of the community with whom he mostly had to deal, his business being that of Ginner, have lost a most useful painstaking and thorough gin man, whose loss to them is almost irreparable. The wife a devoted loving husband; the children an indulgent and kind father and while we as mortals deplore the loss of our worthy brother, we meekly bow to the will of our supreme Grand Master whose goodness and mercy knows no bounds, therefore we commit his body to dust of the earth from whence it came, and his soul to God who gave it.

Farewell brother dearest brother, what on earth can we do, but to trust the God of Heaven who is always just and true.

We recommend that a copy of these resolutions be spread upon

the minutes of our lodge a copy be furnished each of Hall county papers for publication and a copy be presented to the family of deceased.

Respectfully submitted,
R. E. TACKITT,
T. E. TUCKER,
P. L. VARDY,
Committee.
