### Exhibits At Fair Attract Many As Exposition Opens

Members of the Hall County Directorate and department heads were well pleased with the products exhibited in the Hall County District Fair that opened here Wednesday. Large displays of school work, county home demonstration club and 4-H Club products were entered for the judging.

The numerous exhibits entered by common and independent schools of the county were very good, according to Mrs. Roy L. Guthrie, county superintendent, in charge of the school department. Mrs. Nora McMurry, county superintendent of Donley County, J. D. Wilson, county superintendent of Collingsworth County, and Claude W. Crossin, county superintendent of Childress County, judged the exhibits

of the school department. **Estelline Wins First**  
In the general exhibits, in the independent school division, Estelline won first place, Memphis, second, and Lakeview, third. Rural school division, Salisbury, first, and Bethel, second. In the home economics and manual training division, Lakeview, first, and Estelline, second.

A civic class of the Lakeview school entered a unique display in the form of a miniature city project. The plans of the city were complete in practically every detail forming a complete municipality.

**Health Work Shown**  
The sanitation and public health booth under the supervision of B. C. Ruthven, district sanitarian, and Miss Dorothy Ann Westland, district public health nurse, at-

tracted considerable attention. It features a health beauty shop cleverly displayed. A model home including a miniature improved home and other buildings in contrast with that of a home lacking the modern improvements.

A health clinic was operated Wednesday with Dr. R. E. Clark examining a goodly number who visited the clinic.

**Club Exhibit Large**  
The products exhibited by the county home demonstration clubs includes a large entry of canned goods, sewing work, quilts, and other products. Miss Paralee Brock, county home demonstration agent of Collingsworth county judged the products. Miss Ruby M. Adams, county home demonstration agent, is in charge of this department.

### EFFORT IS MADE TO CUT COSTS TAX BURDEN

Local Organization Is Perfected; Cite Expense Figures

A committee has been appointed by Col. C. T. Matkin, president of the Memphis Chamber of Commerce, to act in cooperation with the West Texas Chamber of Commerce and the Chamber of Commerce of the United States relative to instituting an organization of taxpayers to sponsor a movement for the reduction of governmental expenditures. The committee appointed was Judge A. S. Moss, chairman; W. P. Dial, S. T. Harrison, D. L. C. Kinard, T. M. McMurry, and D. A. Grundy. This committee met Tuesday afternoon at which time the matters of organization and procedure were discussed. It was decided that such an organization should be made county-wide, instead of being confined to the city.

**Purpose Is Explained**  
Judge Moss stated the purpose of the organization is to obtain information with reference to governmental expenses, not only including local and county affairs, but state and national, as well, and to get this information to the people. It is designed to have this organization act with similar organizations over the entire country working with the same purpose.

**Miss Adams Begins New Program With Co. Club Members**  
In the 14 Home Demonstration Clubs over Hall County, an extensive program of making vinegar and soap and drying and storing vegetables is being fostered by Miss Ruby M. Adams, county home demonstration agent. At the meeting of the Turkey club held Monday, Miss Adams demonstrated vinegar and soap making and methods used to dry and store vegetables. She plans to make similar demonstrations in all of the clubs.

**Dallas Expert Is To Audit Records**  
John S. Oglesby, certified public accountant of Dallas, is here auditing the records of Hall County compiled at the courthouse. He started Monday and is expected that some 30 days will be required to complete the audit. He is being assisted by a Dallas assistant and two local assistants, Mrs. Claude Roberts and Miss Nell Hoffman.

**AMERICAN LEGION GROUP POLICE FOOTBALL GAME**  
Eight members of the local American Legion under the direction of Deputy Sheriff Henry Bunch, served as police at the Memphis-Amarillo Yannigan football game here Friday. They were selected to serve in this capacity at a meeting of the local post held last week. According to post commander, R. C. Householder, they will work every home game for the Cyclone.

**Second Meeting Of Local Band Is Held On Monday Evening**  
The second meeting of the Memphis Gold Medal Band was held in the band hall Monday evening with 14 members present, according to W. C. Milam, director. Several new pieces of music have been received and were rehearsed at the meeting. Mr. Milam stated.

**"Tom Sawyer" To Play At Ritz Theatre As Benefit For Junior High P. T. A.**  
"Tom Sawyer," based on Mark Twain's immortal story, will be shown as the feature picture at the Ritz Theatre Monday and Tuesday of next week as a benefit for the Junior High Parent-Teacher Association, according to Mrs. J. Henderson Smith, president of the Junior High P. T. A. The show will play both matinee and evening and a considerable part of the proceeds will go to the school organization through the courtesy of Max L. McClure, manager of the Ritz.

**Tom Sawyer** is one of the really big Paramount releases current this season. It is a picture

### Government Cotton Estimate Is Found Largest On Record

The largest estimate the Government has ever made came ticking over the wires Thursday morning at 10 o'clock, with the cotton estimate this year placed at 16,284,000 bales, or an increase over the report last month of 599,000 bales, the estimate last month being 15,685,000. On the strength of the Government report, the market broke from two to three points.

Texas ginnings were listed at 2,269,319 bales, and ginnings by states at 5,408,317 bales. The condition of the Texas crop was reported as being 69 percent normal with a yield of 154 pounds to the acre. The crop estimate for Texas was placed at 5,100,000 bales. For Oklahoma, the condition was reported 63 percent normal with a yield of 172 pounds per acre with a crop estimate of 1,195,000 bales. Oklahoma ginnings were reported to be 280,613.

### Eight Arrested During Week-end

City and county officers made eight arrests in Memphis and Newlin Saturday and Sunday, according to Constable J. Y. Snow. Saturday afternoon, three local youths were arrested and charged with drunkenness. They were brought before County Judge A. C. Hoffman and were fined \$1 and costs.

Early Sunday morning a negro man was taken into custody by city officers and charges of drunkenness were filed. He was fined \$1 and costs, and will have to serve about 24 days on the county road for failure to pay his fine, it was said.

Sunday afternoon, local officers were called to Newlin where two young men were arrested for fighting. The fight was the outgrowth of a heated argument over one of the fellows permitting his cow to graze on land other than his own, it was stated. Two other arrests were made and charges filed.

### Turkey Merchant To Experiment To Find Best Outlet On Feed

Roy L. Cooper, Turkey merchant, has purchased 100 high grade Hereford calves and has placed them in a feedlot south-east of Turkey where they will be fattened out on rent feed from his farms, according to County Agent E. W. Thomas. The ration will consist of ground miltion heads and bundle feed supplemented with cottonseed. Mr. Cooper hopes to sell the feed through the calves at a figure well above the prevailing feed market prices.

The calves weighed 481 pounds on September 30 when they were placed in the feedlot, and it is probable that they will be fed 100 days. This demonstration will be watched with interest in the county since accurate figures on cost of feeding will be kept to determine the offers of cattle feeding as an outlet for feed when a large surplus is produced. Mr. Thomas stated.

### DRIVER UNHURT WHEN HIS CAR TURNS OVER

Gerlach, Ballew Both Win Races On First Day Of Exposition

With a fairly large crowd on hand, the Hall County District Fair was officially opened Wednesday afternoon at 2:30 o'clock with automobile races. Three auto races were run on the saucer-shaped track, the first on the program being an eight mile modified stock car race. Qualifying trials were held before each race. In the first race, Fred Gerlach, driving a Model "A" Ford roadster, won first money; Raymond Ballew driving a Chevrolet roadster came in second and Bill Monzingo would have placed third had he not suffered a mishap before the race was completed.

**Escapes Serious Injury**  
Monzingo narrowly escaped serious injury when his car overturned. He was thrown clear of the machine but sustained minor injuries to his side and back. He had made the turn on the north-west curve and was blinded by dirt from the car in front. He steered too close to the fence and the collision resulted. The car swerved to the inside of the track and then to the outside, where the driver was thrown clear, the car overturning, end over end. The auto was considerably damaged.

**Raymond Ballew Wins**  
The second race, a handicap of 12 miles, was won by Raymond Ballew, driving a Chevrolet roadster. Fred Gerlach, in a Model "A" Ford roadster came in second and J. T. Stevenson, driving an Oldsmobile, won third money. The 20 mile sweepstakes race was won by Fred Gerlach with Raymond Ballew coming in second. C. L. Sloan, Jr., driving a De Soto roadster, won third place.

**Substantial Purses**  
Purses in the first two races were \$25, first, and \$15, second. The first place winner in the sweepstakes race drew \$50; second, \$15, and third, \$10. Wes Hughes served in the capacity of official starter. M. J. Draper was in charge of the races. Draper stated it was decided to add a "junk" car race to the program Thursday afternoon.

### Local Resident Is Buried On Tuesday

Mrs. Nellie Ruth Pasley, wife of B. Pasley, age 22 years, died at the family home, 703 North Twelfth street, Monday morning at 9:40 o'clock.

Funeral services were conducted at the family home by Rev. E. T. Miller, pastor of the First Baptist church, Tuesday morning at ten o'clock. Burial was in Fairview cemetery. Mrs. Pasley was born August 10, 1909 in Adair County, Oklahoma, and came to Hall County six years ago. Besides her husband, she is survived by one daughter, Marcella Laverne Pasley, Memphis; mother, Mrs. Elizabeth Wilson, Fort Smith, Arkansas; one sister, Mrs. Ruby Sutton, Hedley; two brothers, Chester Wilson, Fort Smith, Arkansas, and J. G. Wilson, Memphis. All were present at the funeral.

### Crop Specialist Is Here Friday; Visits Several Hall Farms

E. A. Miller, field crop specialist of Texas A. and M. College, was in Memphis and Hall County Friday and visited several farms where he inspected field crops, according to County Agent E. W. Thomas.

Mr. Miller visited the farms of C. M. Hawkins, Estelline, and J. L. Darby, Lakeview. These men planted certified sorghum seed. Mr. Miller stated. He was well pleased with the results obtained.

He also made several visits to farmers over the county and inspected their crops. He gave instructions as to how the best results might be obtained. Mr. Thomas stated.

### Discussion Relative To Local Conditions Heard By Rotarians

A roundtable discussion relative to the general conditions of the city and county at large constituted the program at the regular Tuesday meeting of the Memphis Rotary Club this week.

It was pointed out that every factor in building a successful community is to protect, encourage and foster every worthwhile enterprise.

### Way Work From Mulberry Bridge To Lakeview Is To Start Next Week

Morgan, superintendent of the Pleasant Construction Company of Amarillo, announced this week that paving of the highway from Mulberry to Lakeview would be about the middle of next week. Preparations to start paving were made this week, and the work is being moved to the bridge where the concrete work will begin. The paving will be continued into next year. While it will be anxious to complete the pavement, we do not intend to rush the construction and give the county a bad job.

### Fair Gets Hen That Lays Two Eggs Each Day

Featured in the poultry department at the Hall County District Fair is a bantam hen whose name may be Sally. She is a worker for she lays two eggs a day. There may be some doubt as to the truth of whether or not she actually lays the eggs, but two eggs, identical in size, shape, and color, are in her coop, and her owners back up the statement.

**On a card attached to her coop is a sign with the inscription: "Over-grown Quail—entered for first prize only—captured by Dick Coleman and Jess Dotson."**

### Local Winner Of Radio Contest In Dallas Thursday

Miss Vernadine Jones, local winner of the Fifth National Atwater Kent Radio Audition, went to Dallas Tuesday to participate in the state audition which was held Wednesday and Thursday. V. L. McGlocklin, local winner in the boys' group, did not make the trip due to interference with school work.

Mrs. M. McNeely, local chairman of the audition, stated that preliminaries in the contest were held Wednesday while the finals will be held Thursday evening at 11 o'clock at which time they will be broadcast from radio station WFAA in Dallas.

The ten best voices in the preliminaries will be picked to sing in the finals. Outstanding musicians of the state were scheduled to serve as judges with different ones for the different contests. Mrs. Elmer Shelley went with Miss Jones to accompany her at the piano.

### Lumber Yard Closes Wednesday When Official Is Buried

The local office of the Wm. Cameron Lumber Company was closed Wednesday when the funeral of Mrs. Flora B. Cameron, vice-president of the company and wife of the founder, was held at Waco. Mrs. Cameron died Sunday at Buffalo, New York, while visiting with relatives.

As a resident of Waco, she was known as Waco's greatest benefactor. Pallbearers at the funeral were veteran employees of the Wm. Cameron Lumber Company. D. J. Morgensen is manager of the local lumber yard.

### LEGION POOL PLAYERS TO MEET COUNTRY CLUB TEAM

A committee has been appointed by the local American Legion Post to select a team of pool players to play in a tournament with players of the country club, according to R. C. Householder, post commander. No date has been set for the tournament, but it will be held in the near future, Householder stated.

### MOSES FREED IN TRIAL THURSDAY

Jury Finds Defendant Is Not Guilty As Charged; Special Venire Summoned For Case

J. F. Moses, charged by indictment with the murder of J. T. Thompson on the Estelline-Turkey highway six miles this side of Turkey on the morning of September 9, was freed by a jury in district court shortly before 11 o'clock Thursday morning. The jury received the case at 6:30 Wednesday afternoon, and deliberated until a late hour Wednesday night. They resumed their deliberations Thursday morning and arrived at a verdict of not guilty.

**Goes on Trial Monday**  
The case went to trial at nine o'clock Monday morning. A special venire of some 75 men was summoned from which to select the jury. When this number had been exhausted only ten jurors had been selected. An additional five men were summoned and the remaining two jurors were selected from this group. Personnel of the jury was as follows: R. (Continued on page 7)

### Dallas Expert Is To Audit Records

John S. Oglesby, certified public accountant of Dallas, is here auditing the records of Hall County compiled at the courthouse. He started Monday and is expected that some 30 days will be required to complete the audit. He is being assisted by a Dallas assistant and two local assistants, Mrs. Claude Roberts and Miss Nell Hoffman.

At a meeting of the Hall County Commissioners' Court held on September 24, County Judge A. C. Hoffman was authorized to enter into contract for an audit of the county records. The audit will cover a period of four years, from March 31, 1928 to March 31, 1932, and a classified report will be given to the Commissioners' Court up to March 31, 1931. Another audit will be made later covering the period from March 31, 1931 to March 31, 1932.

The amount paid for the audit was not revealed but the court specified that the amount was not to exceed \$1,000.

### Second Meeting Of Local Band Is Held On Monday Evening

The second meeting of the Memphis Gold Medal Band was held in the band hall Monday evening with 14 members present, according to W. C. Milam, director. Several new pieces of music have been received and were rehearsed at the meeting. Mr. Milam stated.

Thrasher Foreman of Harrell Chapel and Charlie Read of Newlin reported for practice and it is the hope of the director that the band will be increased to 20 members before the winter months begin. An invitation is extended to any one in the city or county who has instruments to join the band, Mr. Milam stated.

pressure is not brought to the Commissioners' Hall County, I understand we will be without the aid of a county agent and the demonstration agent November 1. I know that a retrenchment in order if the county is another year, but at the same time, I feel that the county agents are an irreparable loss to the county as a whole, if they are discharged.

It is nearly always the case that a county starts out with a list of those who have stopped. To my thinking, the situation is exactly reversed. I do not feel that any position that carries more weight or more responsibility than that filled by county agents. To be without them is equivalent to an untimely death to the county as well as to the rural instability.

On the part of the county court, as I understand it, a meeting was taken at a meeting September 24. Neither of us, however, knew of the arrival at, until Tuesday night. Of course, there is no such action. It seems that a general fund has been established as the situation was explained by the Texas A. & M. University. A contract with the college and government paying a salary of the agents' salaries was told that the county would renew the contract, automaking it ineffective.

## Cyclone To Meet Hedley Owls Here Friday

### WORKOUTS HELD IN PREPARING FOR TUSSLE

Memphis Will Enter Game Favorites To Win From Hedley

BY JACK SITTON

The Memphis High School Cyclone will enter a football contest here Friday afternoon with the Hedley Owls doped to win for the first time this season. Coach Nolan Walter stated that he does not believe in dope and is giving his charges stiff workouts daily in preparation for the tussle. While the coach is taking the game Friday seriously, he is pointing to the conference games scheduled to follow the game Friday.

**Stewart Hurts Shoulder**  
Clifford Stewart injured a shoulder in scrimmage Monday afternoon but it is thought that he will be able to start the game against Hedley. Buster Leslie sustained an injured arm in the Amarillo game, however, he is expected to be able to play.

Coach Walter has received a communication from district football officials to the effect that if a conference team loses a game to a non-conference team they will be suspended from the conference, however, if they win, nothing will be held against them.

**Hedley is Strong**

It is reported that Hedley has the strongest team that they have had in years. Their record, playing Estelline to a tie and losing to Wellington by 18 points, verifies the merit of their team. Outstanding on the Owl's team is the fullback who is six feet three inches in height and weighs over 200 pounds. He is said to be a line plunger of no small ability and a consistent defensive player. The probable starting line-up for Memphis is: West and Melton, ends; Sanders and Stewart, tackles; Bagwell and Shepherd, guards; Captain Bourland, center; Flanery, quarter; Leslie and Stargel, halves; and Leggett, full.

### Spanish Teacher To Encourage Students In Love For Music

Miss Lucille McCanne has a new teaching method that bids fair to accomplish its purpose in her Spanish classes. She intends to encourage a love for Spanish music in her pupils by acquainting them with the best Spanish songs. This is done by playing Spanish phonograph records secured in Mexico City.

The records are mostly folk songs, which compose the chief Spanish music, with a selection from an opera, such as "Carmen," now and then. Although the records cannot be played every day, they will be used at least once a week.

### Class President

V. L. McGlocklin was recently elected president of the Senior Class of Memphis High school. V. L. has taken an active interest in school activities since enrolling as a student and is popular with his classmates. He is probably best known in the field of amateur theatricals. He recently won the Atwater Kent Radio Audition for boys in Hall County but due to varied school activities, he was unable to compete in the state contest held in Dallas this week.

### PEP RALLY HELD FRIDAY MORNING

Cowan and Jackson Speak As Report Is Made On Sale Of Student Season Tickets

During the assembly period Friday, October 2, Sam S. Cowan, secretary of the Athletic Council, made a report on the sale of student's season tickets for the home football games. At that time a total of 85 tickets had been sold through teachers of both the high school and Junior High school.

After the report, Supt. H. A. Jackson made a talk to the student body in which he stated that he was well pleased with the sale of tickets this far, but that every student should see all the home games and by buying a season ticket the games would only cost 12 and one-half cents.

"This is only slightly more than the price of a show," said Mr. Jackson, "and surely every student can afford that amount." He added that victory was left much to the student body since the football boys could play much better with a large crowd of students backing them.

The assembly was concluded by a pep rally led by the pep squad leaders, Elizabeth Champion, Betty Dale West and Lewis Foxhall. Several of the Amarillo players were present for this part of the program and one of the boys made a short talk to the students.

### Football Boys Are Guests At Banquet Given By Mr. and Mrs. Martin Oct. 1

Mr. and Mrs. R. E. Martin were host and hostess to the Cyclone football team and a few invited guests at their store on Main street Thursday evening of last week at 7:30 o'clock for the third successive year, attesting to their interest in and concern for the players coming out for football in Memphis. The banquet was everything it should have been. The long table was centered with autumn flowers and fairly groaned under its heavy load of food.

**Delicious Menu**

To attempt to describe Mrs. Martin's good cooking and the menu as a whole is an all but impossible task. However, it is recalled that a few of the items consisted of baked chicken with dressing, white peas, beans, mashed potatoes, apple butter, chicken gravy, pickles, hot rolls, cake and ice cream. There was not only enough to go around, but more than enough. Every helping was ample and then some, and when it is taken into consideration that Mrs. Martin prepared this meal, enough to serve 53 hungry people, some idea of the immense job it was, can be realized.

**Walter is Toastmaster**

Coach Nolan Walter acted as toastmaster and following the dinner, a number of short talks were made. The toastmaster thanked Mr. and Mrs. Martin for this annual banquet and told how much it meant to the football

players to be invited to such a treat. Others making talks were Superintendent H. A. Jackson, H. J. Gore, Sam S. Cowan, Max L. McClure, R. E. Martin, Russell Clark, Clifford Stuart, and Boyd Dickson. In his talk, Mr. Martin expressed the pleasure he and Mrs. Martin received in thus honoring the football players, and Sam Cowan presented to Mr. and Mrs. Martin a season pass to football games on behalf of the Memphis Athletic Council.

**Those At Banquet**

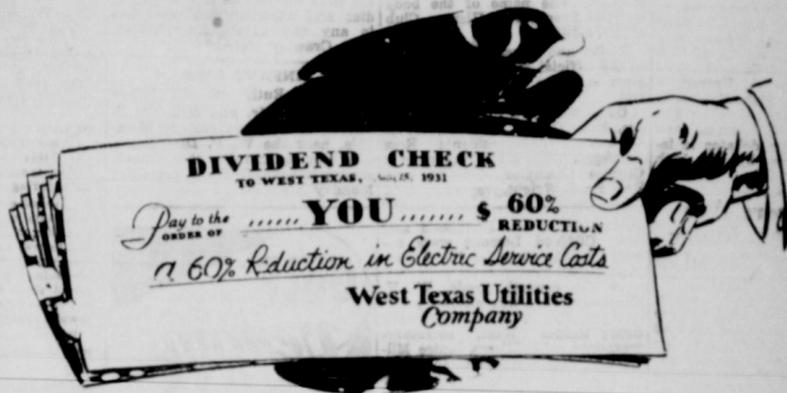

Those enjoying the banquet were Mr. and Mrs. H. A. Jackson, Mr. and Mrs. Nolan Walter, Mr. and Mrs. H. J. Gore, Mr. and Mrs. Sam S. Cowan, Arthur Howard, Russell Clark, Max L. McClure, and R. E. Martin, Jr., Harold Foxhall, Cearley Read Kinard, Jack Norman, Cyril Davis, Floyd Nichols, Lindon Gerlach, J. C. Hill, Spencer Crump, Curtis Bourland, Clifford Stuart, V. L. McGlocklin, Cecil Cudd, Kenneth Oren, Bob

Footo, Leon Boyd, Clyde Messon, John Smith, Boyd Dickson, Cecil Stargel, Charles Flanery, J. W. West, Fred Sanders, Gordon Walker, G. C. Baskerville, Jr., Russell MacMillan, James Perkins, Juliet Jones, Charles Champion, Ronald Melton, Jack Sitton, J. P. Boles, A. R. Evans, Jr., Guthrie Bennett, C. W. Crawford, Jr., Buster Leslie, Gayle Greene, B. F. Shepherd, Blanton Bagwell, and George May, the host and hostess.

### FORMER TEACHERS ARE WEEK-END VISITORS HERE

Misses Doris Robinson and Marie Thornton, and Mrs. Buck Cudd, formerly teachers in the local schools, were visitors in this city last Sunday.

Miss Robinson is now a teacher at Wichita Falls, in the grammar school and Miss Thornton holds a similar position in the public schools at Clarendon.

These Annual Dividend Checks have reduced Your Electric Bill **60% since 1923!**

AS an electric customer of the West Texas Utilities Company, you have received each year a substantial dividend—paid to you merely because you are a user of electric service! These annual dividends, in the form of reduced rates for electric service, have been made possible through efficient utility management, finance and operation. Since 1923, the year in which the West Texas Utilities Company was organized, these rate reductions have saved customers of this company a stupendous sum.

The West Texas Utilities Company has been in existence as a corporation for nine years—and during this time the average electric rate of the territory served has been reduced over 60%. You have reaped the benefit of this substantial reduction—by way of a lowered bill or through a greatly increased use and enjoyment of the comforts and conveniences of electric service.

In past years, many of you paid as high as 20 cents per kilowatt-hour for electric service in your home. Reductions made in the domestic or residential rate alone have amounted to 53%, and you are now receiving a more dependable and higher type of service at an average rate of less than 6.5 cents per kilowatt-hour. When you realize that this reduction has been accomplished in the short span of nine years, and that it has been made in a territory of small and widely scattered towns and communities, you will appreciate the magnitude of the task accomplished for you by the West Texas Utilities Company.

Electricity is your cheapest servant. It will work for you hour after hour—day after day—for an entire salary figured in pennies! Under the present modern rate schedule of this company, your additional use of service is billed at a surprisingly low rate, and adds but little to your regular bill.

#### Do You Know?

... that electric service is the only item in the household budget that has decreased continuously since 1913?

... that the cost of electric service represents less than 2c out of every dollar of the average family's household expenses?

### DEBATE CONTEST WILL BE HELD HERE SHORTLY

Rotary Club Sponsor Of Contest; Prizes Will Be Awarded

The debate contest which is to be sponsored by the Memphis Rotary Club to encourage speech arts of all kinds will be held in a few weeks at the high school. This contest will be held in accordance with all interscholastic debate rules except that every boy in the high school or eighth grade is eligible to enter, while the interscholastic rules limit it to those passing in three subjects. Also the debate questions will be used.

Any boy in the high school is eligible for the contest and also the eighth grade boys may enter upon an equal basis with the high school boys. According to Lester C. Linn, principal of the Junior High School, several of the boys of the eighth grade expect to try for the prizes of \$25 and \$10 offered by the Rotary Club to winners of first and second places. The boys will enter the contest in teams of two but the winners of first and second places will be selected separately.

Mrs. Sebron Buck, debate coach, has been working to secure debate material since the announcement was made. She has ordered material from the University of Chicago, University of Colorado, University of Oklahoma, University of Texas, and the State Extension Loan Library. The work on the debate speeches will begin as soon as the bulletin for debates is issued and received by the high school.

### Class Officers Are Selected At Junior High Last Thursday

Class officers for the sixth, seventh and eighth grades were elected during the chapel period Thursday morning, October 1. The different grades went to separate rooms, and under the supervision of the teachers, elected their officers.

Officers selected in the eighth grade are: Cecil Cudd, president; Thomas Kunkler, vice-president; Charles Champion, secretary-treasurer; and Jack Norman, re-

### Season Football Ticket Sales Are Largest In Years

After the football game Friday afternoon, Sam S. Cowan, secretary of the Athletic Council, made a summary of the sale of season tickets for football this year. He stated that the sales this year were the largest in the last few years.

A total of 107 student season tickets were sold and 21 adult season tickets. The student tickets sold for 50 cents each and adult tickets sold for \$1.50 each, including the games with the Amarillo Yarnigans, Hedley Owls, Shamrock Irishmen and Turkey Turks. A total of \$85 was taken in from these sales which is somewhat smaller than that of former years due to the reduced price.

This shows that the students and business men are backing the team to a great extent, according to Mr. Cowan.

### History Students Hold First Meet

Students of the eighth grade history section held their initial meeting Friday, October 2, at which time class officers were elected. The name of the body is "The Progressive History Club of 1931-1932."

Violet and silver were selected as the official colors, and the emblem is to be a miniature pyramid.

Officers of the organization are: Cecil Cudd, president; W. C. Crump, vice-president; Ross Springer, secretary-treasurer; Charles Champion, critic; and Ben Fred Wright, reporter. Mrs.

porter, Miss Ira Hammond and Mrs. Clifford Lemons were selected by the class for their sponsors.

In the seventh grade, W. H. Goodnight, Jr., was elected president; Archie Bagwell, vice-president; Raines West, secretary-treasurer, with Misses Janice Miller and Eloise Norman, sponsors.

Officers in the sixth grade are: G. W. Smith, president; Edward Bourland, vice-president; Harold Foxhall, secretary-treasurer, and Ann Fallmeyer, reporter. Mrs. Lon Montgomery and Miss Ber Clark were appointed sponsors of the class.

Lon Montgomery was selected as sponsor of the club. The following committees were appointed by the president, program committee, W. C. Crump; J. E. Hughes, and Buster Hughes; social committee, J. D. Webster, Joe William Whaley, and Madge-lene Jackson; and constitutional committee, Charles Champion, Norman Seago, and Anita Hubbard. The club will hold its meetings every Friday morning.

### Home Ec Class Has Unique Experiment

Girls of the high school third year home economics class have been studying the nourishment of children, and in connection with their work Miss Vada Crawley, teacher of the class, has outlined a unique plan of procedure.

Each member of the class made a visit to the grammar grades last Monday morning and chose a child that appeared to be undernourished. The weight and height of the child was taken in order to see how much they lacked in measuring up to the normal standard.

The girls gave advice to the child selected as to what they should eat and the amount and kind of exercise they should take. At three o'clock each day, these children are brought to the home economics class room and are given a properly balanced meal. A close check is made on the children, and at the end of a six weeks period the weights and heights of the child will be taken to see if the diet and exercise prescribed has in any way helped their health. Miss Crawley stated.

**We Knew You Would Feel Better When You Tried Our RELIEF!**

**Mr. Cotton Farmer:**

We want to express our sincere appreciation to our old customers and new who have rallied to our support so valiantly in the lone fight we have been waging to serve the best interests of the cotton farmer. It has been a lonely fight—this battle to see that justice is served and that right triumphs, but it has been worth all the time we have given to it—all the sacrifices we have made—all the money we have been out for we realize our efforts have not been in vain and that is the best appreciation we could possibly want or expect to receive.

When we told you recently that we would gin your picked or snapped cotton at 25c per hundred, we did not mean 25½c cents. The big response you accorded us has given us fresh courage to carry on in the face of all kinds of odds. As long as the Gerlach Gin is in Memphis—and from all indications that will be a considerable spell—you may be assured that what we tell you will stand up and that we will always come through with our part of the bargain.

Probably you have heard that a machine has been invented that can do anything but think. That's saying a lot, but farmers are not in the machine class. They were given minds to think with. They do not permit machines, whether human or inhuman, to tell them where to head in. Their heads rest on their own shoulders. Their shoulders rest on their bodies and their feet touch solid ground.

It's hard to fool all the people all the time. In fact, it is an impossibility. Sometimes, medicine will cure an illness. More often, some good old hard thinking will. The wrong pill is often fatal, but the right pill will hit the spot. You have taken the right cure by bringing your cotton to Gerlach's Gin, and as long as you gin with us, you are sure to have no relapse.

# ONE BEATS AMARILLO TEAM HERE FRIDAY BY 6 TO 0 SCORE

A brand of football un-heretofore this season, Memphis High School Cy-cloned the Amarillo Yan-nigans in a close game here Fri- day by a score of 6 to 0. The game was played in the afternoon by a score of 6 to 0. The game was played in the afternoon by a score of 6 to 0. The game was played in the afternoon by a score of 6 to 0.

selected to defend the south goal. Amarillo kicked off to Stewart on his own 23 yard line and he made a 10 yard return to Memphis 33 yard line. Memphis opened the game with a pass. Leggett to Mel-ton, which was incomplete; second down, 15 to go, Flanery lost 7 yards on a re-verse play making third down and 17 to go. A bad pass from center lost eight yards; Stewart punted 50 yards and Amarillo returned 20.

Memphis was penalized five yards for two incomplete passes, and the ball went over to Amarillo on downs. Amarillo punted 55 yards with no re- turn. Leggett hit the line for no gain. May substituted for Norman. Leggett pic- ked up one yard at center at the half end- ed. Score Memphis 0, Amarillo 0.

**Second Half**

Amarillo, defending the south goal, kick- ed off to Melton, on his own 30 yard line, who returned 16 yards. A reverse netted Leslie three yards. On a reverse, Flanery made 13 yards and a first down. Stargel carried the ball out of bounds for a yard gain. Leslie circled left end for 18 yards and a first down. Flanery hit right tackle for four yards and Leggett made it a first down on a thrust at the line. Flanery, on a reverse play, picked up four yards and Leggett went off tackle for five more. Third and one, Flanery failed to gain. On fourth down, Leggett went over left tackle for eight yards and a touchdown. Leggett's plunge for extra point was not good. Score Memphis 6, Amarillo 0.

Memphis kicked off to the Amarillo 20 yard line and the Yannigans returned 15 yards to the 35 yard line. Three line plays netted eight yards and Amarillo punted 33 yards where the ball was killed. On a double reverse, Flanery made six yards and Leslie made it third and ten by losing six yards. Flanery lost two more and Stewart punted 18 yards.

**Melton Intercepts Pass**

Amarillo lost a yard and a pass was in- tercepted by Melton. Flanery made four yards and went out of bounds. Leslie lost five yards and Leggett hit right tackle for seven yards. On last down, four to go, Stewart punted to the Yannigan eight yard line where the ball was grounded by West. The Amarillo kicker stood behind his own goal line and the ball rolled over the Cy- clone goal line. The ball went to Memphis on their own 20 yard line.

Leggett picked up five yards at center, Stargel lost a yard at the same place. Stewart's punt was grounded on Mem- phis 31 yard line, a seven yard punt.

Amarillo hit center for two yards and were stopped at left end for no gain. Bourland intercepted an Amarillo pass and the ball went to Memphis on the 40 yard line.

**Makes Nine Yards**

Leggett hit the line for nine yards and Flanery failed to gain on a double reverse. Leggett hit the line for a first down. Stargel circled left end for 18 yards and Leggett made two more at center, as the quarter ended.

Resuming play, Leggett plunged the line for a first down. Stargel made seven yards through the line and Leggett picked up two at center. Flanery lacked a foot of mak- ing a first down. Flanery hit the line on fourth down. Leggett plunged across for a first down. Flanery lost a yard and Leslie made one making third down and 10 to go. Leggett passed to West but the ball was knocked down. Leggett's pass was in- tercepted.

**Sanders Recovers Fumble**

After taking time out, Amarillo hit the line for no gain carrying the ball out of bounds. Amarillo fumbled and Sanders recovered for Memphis on the 18 yard line.

Flanery was stopped for no gain. Leggett was stopped at center for no gain. Leggett's pass was intercepted on the 19 yard line.

The Yannigans made a line play good for two yards. They received a five yard penalty. Memphis off sides, on the next play, second and three, two tries at the line netted a first down and five yards to spare. A line play was stopped for no gain. Greene went in for Bagwell for Memphis. A line thrust made three yards and an off tackle play was good for 12 yards and a first down. Leslie stopped an end run after a gain of five yards. Am- arillo added another yard at end, and hit center for a first down. After losing a yard at left end, Bourland intercepted an Amarillo pass.

**Paul Is Blocked**

Flanery made six yards on a reverse play and Leggett was stopped at center for no gain. Flanery lost a yard and Stewart's punt was blocked and Amarillo recovered. Amarillo's ball on the Memphis 32 yard line.

West threw the Yannigans for a four yard loss. On the next play, Memphis was penalized five yards for off sides giv- ing Amarillo a first down on Memphis' 18 yard line. Memphis took time out. Re- suming play, an Amarillo pass was in- tercepted by Leggett who raced 50 yards be- fore being brought down as the game end- ed.

do as other counties have done; that is, to issue script. I recognize the fact that an emergency exists in the matter of finances, but equally, I realize, with other citizens of the community and county as a whole, that we can ill afford to be without the services of the county agents, even temporarily.

I do not know of any agency that has contributed as much to the home life and farming interests of Hall County as our present agents. They have not spared themselves, but have given of their very best and the results of their endeavors have been most gratifying. People are learning to live at home as never before. More canned products have been put up in the past two years than probably at any time since the county was organized.

I do not believe that the citizens of Hall County will be willing to see these county agents leave without raising their voices in protest. Their services have meant too much to us to permit them to seek employment elsewhere when they are needed here and needed badly. I believe some plan can be evolved whereby they may continue to serve the best interests of our people, rather than leaving them to their own individual efforts.

It is my opinion that the Commissioners Court has the welfare of the county at heart. I do not think they fully realize just what a hardship would be entailed on our citizenship if they remain firm in their conviction that Hall County can get along without county agents, and refuse to reconsider their decision. They are fair minded men and if the proper representation is made to them, I am of the opinion they will be glad to cooperate in any way possible to keep the county agent and the county home demonstration agent actively identified with our county's progressiveness and general well being.

### Exhibits At Fair—

(Continued from page 1)

Maize hominy, crystallized citric, home-made vinegar, home-made soap flakes, and sorghum syrup were some of the specialties displayed. A 148 year old quilt belonging to Mrs. B. P. Crawford of Purple Hill was in the quilt display as well as a quilt

made of socks displayed by Mrs. R. E. Martin.

### Pigs Are Entered

In the livestock department, club pigs from Lakeview and Newlin were exhibited while club calves from Ell were entered. Poultry was entered from Lakeview and Ell. A sow with a litter of piglets, Hegari, kaffir, milo and cotton from Ell and Leslie 4-H clubs were entered in the agricultural department. C. C. Stinson, county agent of Collingsworth County was judge of these departments. County Agent E. W. Thomas supervised the Agricultural and Livestock Departments.

### Business Firms Exhibit

Local business firms exhibiting their products at the Fair included the Hightower Greenhouse, Memphis Planing Mill, J. M. Radford Grocery Company and the West Texas Utilities Company. The display of the Hightower Greenhouse includes many beautiful flowers artistically arranged. Various kinds are included in the exhibit.

The Memphis Planing Mill has a unique table shown. The table is about the height of a regular table and has drawers underneath that revolve on an axis making an attractive piece of furniture. It is causing much comment, according to the exhibitor.

### Radford Has Display

J. M. Radford Grocery Company is featuring Woman's Club products in their display. J. M. Tucker is in charge, and hot coffee, grape juice and pecan peanut butter is being served to visitors. Mrs. M. G. Tarver is in charge of the exhibit of the West Texas Utilities Company which features electrical equipment. On display is an electric stove, sweeper, waffle iron, Frigidaire, perculator, clock, and sewing machine.

carrying the garden; poultry feeding and carrying and canning fruits and vegetables.

Between 45,000 and 50,000 containers of fruits and vegetables have been canned by club members in the county up to this time, Miss Adams stated. It is not uncommon to find one woman with as many as 500 cans in her pantry, and the meat canning season will enlarge this number, she stated. "With the completion of the soap and vinegar program and the meat canning, the club members will have an adequate supply of foods which will last through the fall, winter and coming spring months," Miss Adams said. "I think the club women of this county have done well with their live-at-home program and I am sure the community at large will be benefitted by their efforts."

### Effort Is Made—

(Continued from page 1)

Dr. W. C. Dickey was requested to prepare an informative article concerning costs of governmental operation. The article is as follows: "The annual cost of our national, state and local governments is about \$13,000,000,000, or about one-seventh of the national income. That is, every citizen of the United States gives all of his earnings and time one day out of each week for the support of his government.

### Operation Cost Increases

"Our total public debts are upwards of \$26,000,000,000 with an interest charge of over \$1,000,000,000 a year. We find that the cost of operation of our county governments in Texas is about nineteen times as great as the maintenance of our state government. We find that the maintenance

ance of our state government is increasing at the rate of about \$2,000,000 a year. We find that out of every eleven men who are gainfully occupied in the United States, there is one person giving his or her full time to government services, which does not include school teachers.

### Taxes Are Doubled

"In the average community, taxes have doubled in the last ten years. The rapidly mounting costs of government are beginning to be a real economic problem for our people and must be met as any other business or economic problem is met, and that is, by injecting into our government operations and expenditures the strictest sort of business principles of economics. Many municipalities and units of government have exhausted their credit. In many jurisdictions, the tax delinquency is as high as seventy percent. The business leaders of our country today have a definite feeling that much relief can be had by a general awakening of the people on this question of taxation. It is not desirable to impair seriously any worthwhile government function, but it is felt that there is a tremendous waste going on in our country today that is going to become very serious indeed if not stopped. The people will soon hear considerable about this matter from organizations that are now springing up all over the country among the leaders of the various lines of en-

deavor, including farmers, stockmen, business men, lawyers, doctors, bankers, the laboring class and many others.

1 1/2-ton 157-inch Stake Truck \$810\* (Dual wheels standard)

By actual road performance, week after week, month after month—the six-cylinder Chevrolet has proved its right to be called America's most economical truck. Owners have found that on a ton-mile basis Chevrolet costs less for gas and oil, less for upkeep and less for service than any other truck—regardless of the number of cylinders. And price-comparison will show that this big, sturdy Chevrolet Six is one of the lowest-priced trucks you can buy.

Today, any truck user can apply this economy to his own particular work. The current Chevrolet commercial car line covers practically every delivery and hauling need. Twenty-five different models. Half-ton and 1 1/2-ton pay-load capacities. Three wheelbase lengths. A wide variety of Chevrolet-designed and Chevrolet-built bodies. Just name the type of truck you need—and you will very likely find it in Chevrolet's all-inclusive line.

## To Save Your Shrubs From Winter Freezes----

# WATER NOW

Thirsty, withering shrubs have scant hope of surviving a hard winter. Already weakened by lack of water, they are likely to be killed or seriously damaged by freezing Northers.

For this reason, it is of utmost importance that shrubs, hedges, rose-bushes, trees and other perennials be watered NOW, in order that they may become strong enough and healthy enough to withstand the attacks of successive freezes this winter.

General soakings several times each week will cost but a few cents per day, and may save spending many times that amount to replace dead or sickly shrubs next spring. In addition, your evergreens, regularly watered at this season, will take on a new and richer growth, thus adding beauty to your home all winter.

Why not get out the hose tonight?

### Strange As It May Seem—

Water is one of mankind's greatest aids in fighting frost damage. Prominent horticulturists agree that shrubs, trees and other perennials are less prone to frost injury when soaked in water than when dry, and recommend thorough wettings as a protection against the ravages of frost.

If you are a nature-lover who likes to keep green things flourishing as long as possible each year, you will welcome this timely tip.

### A NEW BAND, PROBABLY

The Democrat observes with interest the steps being taken to give Memphis another creditable musical organization. It will be a long time before a band can be gotten together and trained that will be on a parity with the famed Gold Medal Band that Paul James taught and trained until it became recognized as one of the foremost organizations of the kind in the Southwest. The efforts to revive the band, however, are well taken and the citizenship, insofar as possible, should lend a helping hand to put the project over.

Plans for the new band are going forward under the experienced direction of Cicero Masam, one of the best chair men of the Gold Medal organization, and probably the oldest band man in Memphis, in point of service and experience. Mr. Masam and his workers know quite well what the situation is, but despite a lack of material, they are building for the future and we trust it will not be so very long until weekly concerts are revived in this city.

There is nothing of more real value to a city the size of Memphis than a well ordered band. Look at the publicity accorded Memphis in the days when Paul James waved his baton and took his boys on trips far and wide heralding our city and her progressiveness. Unfortunately, like so many other enterprises, it takes money to run a band and finances here are not what they have been in the balmier days when the Gold Medal Band was a tradition among the musicians of the state. However, we believe a new band will eventually take the place of the old; probably not as well seasoned, or tuneful, but an organization of which every Memphian will have a right to be proud.

### DOING JUSTICE TO THE CYCLONE

CASH customers and those holding season tickets saw a new Cyclone football team in action against the Amarillo Yannigans last Friday afternoon. The locals looked much better than they did in the opening tilt when Quitaque seemed to down them with ease. They have had more seasoning, more experience and they are fast becoming infused with the spirit of the game, than which there is nothing more important in the winning of games and without which, teams with championship material become listless and insane.

We have come to think our home team can often do the impossible and we are all too ready to criticize them when they do not show up entirely to our liking. They can only do so much in a given time for they are not superhuman. They have shown what they can do when the plays are clicking as was the case in the second half of the game Friday. With good coaching, good plays and a willingness to work for the sheer love of the game, much may be expected of the team before the season is brought to a close. The well wishers of the team will say "I told you so," and those who are perennial fault finders will have the best opportunity of their careers to say nothing.

### JUSTICE GILLIS

TRIBUTES, however sincere, often pale into nothingness, after a man who has lived a well ordered life, passes into the Great Beyond. Mere words are futile to express the influence of a good man or to measure his greatness among us, but we cannot allow the opportunity to pass unnoticed to voice a few words, however feeble, at the going of Judge R. N. Gillis.

Here was a man who was affable, amiable, friendly. He was everybody's friend. Appreciating a good joke, even at his own expense, his hearty manner and sincerity of purpose were challenging. We have visited with Judge Gillis during periods of stress and strain. We have visited him in his moments of leisure and always, we found him the same.

We miss his visits to The Democrat office. Only a few days before his death, we had a long talk with him. We discussed the present unstable economic condition and we found the Judge still fearless and unafraid. He believed that his God, and ours, did all things for the best and he never doubted for a single moment that affairs would eventually right themselves. He said as much.

He told us he was planning to buy a bale of cotton and store it—for no reason other than that he wanted to have a part in helping the farmers. Little did we think that as we talked with him that day, it would be the last conversation we would ever have on this earth.

Judge Gillis was deeply religious. We have heard him speak of his faith over and over again. He put his church before everything else and he was proud of the fact throughout his long life, he had so conducted himself as to be at peace with his fellowman and his maker.

Justice Gillis has passed on, but the memory he leaves behind is something fine and inspiring to consider in this day when frivolity and lack of depth on the part of the many keep the horizon of the future clouded and uncertain. Here was a man and here a life well worth emulating.

### NOTED YACHT RACER DIES

A great sportsman has died—Sir Thomas Lipton, fine old sea dog and one of the world's greatest merchant princes. He tried for years and spent a fortune to get the America's cup, symbol of yachting supremacy, but he was a game loser. Instead of winning the cup in his last attempt in 1930, he was presented with a loving cup from the people of the United States and was known far and wide as the world's best loser.

Much of the glamour of the yachting world went out with Sir Thomas. He was always front page copy with the American press and his gameness in the face of defeat won for him universal admiration and approbation. He had the true spirit of the sportsman and the example he has set will be one of sportdom's bright pages in the history of the future.

## HIT OR MISS

a column by T. R.

The fad of horseback riding is still raging in the city. It seems that it has taken most members of the the, you might say, socially prominent set by storm. The only trouble is, that enough horses can't be found. It is a shame that we don't have one of the old time livery stables in this vicinity so that the plugs may be rented at nominal cost. Some of those who ride have to pay too much rent for their steeds, and since the depression is on, the price should be lowered, so they say.

Most every week-end you may see these horsemen and horsewomen, too, enjoying themselves by riding over the country roads and pastures. Not but a few days ago, some of these riders came to a gate. As you know, horses are strange animals. In this case, the plugs refused to go through the gate after it was opened. They merely stood there and wouldn't move a step. Can you imagine the embarrassment of the riders when this happened? I'll bet there and then the names of the horses were changed to something they will never be called again.

I had a similar experience a few years ago when the fad of donkeys was taking the town by storm. I was bringing the animal into the city and on the way there was a bridge that had to be crossed. He went just fine until he got to the bridge, but when he arrived at this point, he balked and stood there. I tried every way possible to make him move on, but he wouldn't move a step. I dismounted from my charge and tried to lead him across, but to no avail. The old story of the man who had a plug that did the same thing and built a fire under him to make him move came to my mind.

After raking around in the bushes for a time, I gathered enough paper and wood to make a fire. I struck the match to the material that had been stacked under the donkey and the fire blazed up. I was sure that this would "get the job done," but do you know, all he did was to move over a step to the side away from the fire. I kicked the fire over under him, but again, he moved to the side. It was a regular side-stepping contest. I would kick the fire under him, and he would side step. The road was blocked by me kicking the blaze under the donkey, and him moving to the side when it would get hot. We were running in circles.

I received a most amusing letter through the mail the other day, and the strange part of the whole thing is, that the letter had no name signed to it. And another thing I was unable to solve was that there was a picture of a Fuller brush salesman bursting in on a woman when she was least expecting him. The epistle had so many long words in it that I had to get Mr. Webster's masterpiece and see what they meant. Now I know that the person who wrote the letter didn't know all those words, but they had a prominent person of the city there dictating what to write. The letter was a take-off on this mop of hair I happen to have. But I must say that the epistle was one of the cleverest I have ever had the privilege of receiving. It was typewritten on Voucher Bond paper.

Lawyers are about the only people in town who use that sort of paper, so I decided I should make

a check of all the law offices in the city. I did and found who the person was, and who the one was who used all the big words. The picture came out of the new magazine "Ballyhoo," and if I am not mistaken, it appeared in last month's issue.

Turning to the local gridsters. They turned the dope bucket upside down in the game with the Amarillo Yannigans Friday. Most people in town thought the Cyclone wouldn't have a chance, and it looked that way up to the second half. When our men came back on the field to finish the game, it seemed that the coach had given them something that made them get up and play for all they were worth. Every part of the machine was working perfectly, and the line was holding the Yannigans so that the backfield could do their "stuff."

From what happened Friday, it appears the team should not lose another game on the local grid, and every one is behind them more than before. There was one man here from Amarillo, it is said, who was giving 20 points on the Yannigans. Don't you know he felt strange when the score ended 6 to 0 in our favor? He won't be able to eat for several days probably, or until he finds out that his team is not as good as he thought they were. Let's all go to the next game which will be with Hedley and show the local boys that we are behind them till the whistle blows at the end of the last quarter.

Mrs. Rube Sisk and Miss Evelyn Sanders spent Sunday at Vernon with Mrs. Sisk's mother, Mrs. Jennie Sanders, and other relatives.

Mrs. A. J. Kinard of Goodright came Thursday for a visit here with her sons, D. L. C. and A. A. Kinard. She will go from here to Cordell, Oklahoma, for a visit with relatives.

Miss Catherine McMurry returned Saturday from a week's stay at Dumas. Mildred Burnett accompanied her home and spent the week-end in the home of Mr. and Mrs. T. M. McMurry.

## Golfers Turn In Scores For City Golf Tournament

Qualifying scores for the City Golf Tournament, to be held on the local Country Club links, were turned in Sunday afternoon by 32 players from Memphis and Estelline. Carl Harrison won the medalist honor by shooting a 69 for the 18 hole round. On the first nine holes, Harrison shot a 33, one below par for the course.

Every player turning in a score will be allowed to participate in the matches, since only 32 entered, according to R. S. Greene, chairman of the tournament committee. Match play will begin Sunday, October 11, and last through the following Sunday, October 18, at which time finals will be played.

Matches arranged by members of the tournament committee and those turning in qualifying scores are: First flight, Carl Harrison, 69, and Ray Moreman, Estelline, 76; Regnal Greenhaw, 75, and M. G. Tarver, 77; Thomas Hampton, 70, and Frank Garrett, 77; and Frank Foxhall, 77, and R. S. Greene, 79.

## How One Woman Lost 10 Lbs. in a Week

Mrs. Betty Luedeke of Dayton, writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 85 cent bottle lasts 4 weeks—Get it at Tarver's Pharmacy—or any drug store in America. If this first bottle fails to convince you this is the easiest, safest and surest way to lose fat—money back. (Adv.)

Second flight, Ross Gee, Estelline, 80, and T. M. Harrison, 85; G. D. Beard, 83, and R. D. Allston, Estelline, 86; Oran Jones, 80, and Frank Wright, 85; and M. J. Draper, 83, and Dr. W. C. Dickey, 87.

Third flight, John Deaver, 87, and A. R. Evans, 88; Dr. L. M. Hicks, 87, and Reedy Farley, Estelline, 89; Buster Helm, 87, and Herschel Montgomery, 88; and Ira Neeley, 87, and Harry Delaney, 90.

Fourth flight, Leon Piland, 91, and Lewis Foxhall, 94; Owen Fields, 93, and J. B. Wright, 98; Glenn Thompson, 92, and O. N. Cooby, Jr., 93; and C. O. Thompson, 94, and C. O. Thompson, 94.

# THE "HIDDEN QUART"

That Stays up in the Motor and Never Drains Away

— is Worth its Weight in Gold to Any Motorist!

It's not the mileage your speedometer shows that makes your car wear out quickly, lose power and need costly repairs. It's motor wear, caused by friction, that does it! And almost half of all this motor wear occurs while you're starting. Cut down starting wear and you'll give your motor longer life.

That's just what the "hidden quart" of Conoco Germ Processed Motor Oil does! It stays up in your motor and never drains away and thus cuts down starting wear! Ordinary oils drain away, leaving working parts unprotected until oil is pumped from the crankcase through the motor, which takes several minutes. Conoco Germ Processed Motor Oil penetrates and combines with metal surfaces of working parts, stays there and never drains away. The "hidden quart" safely lubricates every cylinder, piston and bearing the instant you touch the starter.
