LESTER H. CAMPBELL
Campbell
Commissioned

Lester H. Campbell was among the graduates of the United States Reserve Midshipmen's School at the Columbia University in New York City, Wednesday, November 15, 1943. He was commissioned in the U. S. N. R.

Campbell is a graduate of the University of Texas and is the editor of the Memphis Democrat before he joined the navy as a Storekeeper and his rating was changed to Coxswain. Founding in Bremerton, Wash., transferred to Farragut, where he was advanced to Ensign. Campbell was a commander and put groups through their boot camp.

His Midshipmen's school class, he was an associate of the class yearbook and a company commander. Campbell arrived in Memphis this morning for a short visit with his mother, Mrs. J. Campbell.

C Coupons
Are Worth More
For December 1

Increase for Holders
of C and C-1, But Each
Now Worth 5 Gallons

The Office of Price Administration announced a simplification program, effective December 1, under which all C-1 and C-2 coupons issued by local War Rationing Boards will have fewer coupons than in the past. Each coupon will be good for five gallons instead of the ten gallons heretofore. The amount of gasoline involved, however, and C coupons issued by the country on and after December 1 will be worth only five gallons, as compared with the present value of two gallons of these types in the far west.

The change does not mean an increase in the amount of gasoline for holders of supplemental books, it does mean they will receive their rations in a more convenient form. It is expected that many car owners, who will now buy five gallons, will now buy five gallons, as they customarily did rationing began. Consumers have fewer coupons to exchange.

Last Rites Held
For Mrs. Emma
McKee Tuesday

Mrs. McKee Died at Home
Of Son Monday Morning;
Resident Since 1906

Funeral services for Mrs. Emma B. McKee, 81, were held at the First Methodist church Tuesday, November 23, with Rev. E. L. Yeats, pastor, Rev. Alton Vaughan of Stinnett and Rev. A. B. Cockrell of Hedley, officiating.

Mrs. McKee died at the home of her son, W. D. McKee, Monday, November 22 at the age of 81 years and 10 days. Emma Barnett Culbreth was born November 12, 1863 at Benton County, Miss. She was married to A. T. McKee in Hopewell, Miss. in 1883, and to them 12 children were born, two preceding her in death.

She became a member of the Cumberland Presbyterian church at the age of 12 years, but later joined the Methodist church. Mrs. McKee was a devout christian and her life was a living monument for her children, relatives and friends.

Mr. and Mrs. McKee came to Hall County in 1906 and have lived here most of the time since then. Mr. McKee preceded her in death February 8, 1942 while they were living in Alton. Survivors are seven sons and three daughters, Sam McKee of Orange, Walter McKee of Memphis, Offie McKee of Clarendon, Ray McKee of Hedley, Bert, Oscar and Loyd McKee of Alton. Mr. P. Hamblen of Amarillo and Mrs. J. R. Jenkins of Groom, 28 grandchildren and eight great grandchildren. All of her children were at her bedside except one son, Sam McKee of Orange.

Pal bearers were: Chas. R. Webster, Chas. W. Wines, Paul Bruce, R. V. Messer, Orville Goodpasture, Byron Baldwin. Interment was in Fairview Cemetery by King's Mortuary.

WAR CHEST OF TEXAS NEARS GOAL IN COUNTY

Lack Less Than \$500, Announced Harrison, Today

With a few communities of the county not heard from and others gone over their quotas, the United States War Chest of Texas in Hall County is nearing the goal of \$5,374, announced Carl Harrison, chairman, and George Thompson Jr., treasurer, today.

A total of \$4,893.94 has been turned in to the treasurer. The six who have reached or gone over their quotas are: Friendship, \$97.00; Nowlin, \$65.00; Eli, \$83.00; Pleasant Valley, \$97.91; Deep Lake, \$116.50 and Memphis, \$3,135.37.

"We lack such a little, not quite \$400, in reaching our goal so let's get busy and finish it. Everyone is busy now, but we can take just a few minutes off to send or bring the contribution to me or George Thompson or to your community leader. A few communities have not been heard from and we know you do not want to be left out, so get up your quotas and turn them in," urged Harrison.

Other communities and amounts reported are: Brice, \$47.26; Parnell, \$32.59; Lakeview, \$2.50; Baylor, \$44.00; Estelline, \$129.25; Hulver, \$28.50; Turkey, \$717.67; Salisbury, \$54.00; Weatherly \$57.00; Plaska, \$146.85.

Brother of Mrs. Robertson Drowns

Seaman T. C. Terry, 20, brother of Mrs. M. C. Robertson, was drowned off the coast of California November 9. S. Terry has been in the Navy for two years. This article appeared in the Tucumcari American:

Mrs. Berta Terry of the McAlister community has received the following telegram from the District Coast Guard officer at San Francisco: "This office regrets to announce that your son, Thomas C. Terry was drowned from a capsized surfboat inside the breakwater at Morro Bay, California, at 3 p. m., November 9. Diligent search being made for his body."

Young Terry was born at McAlister September 28, 1923, and completed his grade and high school there. He attended the college at Portales for one year and the University at Albuquerque for one semester.

Pal bearers were: Chas. R. Webster, Chas. W. Wines, Paul Bruce, R. V. Messer, Orville Goodpasture, Byron Baldwin. Interment was in Fairview Cemetery by King's Mortuary.

ODT SAYS STAY AT HOME FROM DECEMBER 17 THROUGH JAN. 10

Joseph B. Eastman, director of Office of Defense Transportation, has requested all government agencies and all private employers to refrain from granting leaves or time off to employees where travel would be involved from December 17 through January 10, the ODT announced today.

Mr. Eastman said, "I am confident that the government agencies will be equally willing to cooperate in protecting the movement of essential passenger traffic. I, therefore, make the following request:

1. That all government agencies refrain, except in cases of personal emergency, from granting annual leave to employees, where travel would be involved, for the period from December 17 through January 10.
2. That all government agen-

Supreme Sacrifice Paid By Hall Countian In Italy

Lt. John Gilreath Is Killed in Action November 8

Tragedy of World War II was again brought home to Hall Countian, Tuesday when Mr. and Mrs. W. B. Gilreath of the Eli community received a telegram stating that their son, Lt. John Gilreath, 25, was killed in action in Italy November 8. Lt. Gilreath was in field artillery serving with the Fifth army.

Lt. Gilreath was born November 16, 1918, and came to this county with his parents when a small child. He attended Memphis schools and was a graduate of Texas A. & M. at College Station.

He received his military training at Fort Sill and attended officers Candidate school there. He was sent to Africa in the spring, landing there just before the invasion of Sicily. Since he has been overseas, Lt. Gilreath has been advanced to the rank of First Lieutenant.

Surviving him are his parents and these brothers and sisters: Miss Vera Tops Gilreath of Pampa, Bud Gilreath of Memphis, Mrs. Earl Stargel and Mrs. Hurk Roberts of Lubbock, Mrs. Jack Norman of Cisco, Mrs. Glen Stargel of Memphis, Roy Gilreath of the U. S. Army, Ruth and Frances Gilreath of Eli.

Junior Class to Present 'Old Maids Convention'

The Junior class of Memphis high school will present the comic drama, "Old Maids Convention," on December 3, 1943, in the high school auditorium. Proceeds will be for the benefit of the class.

Characters are made up of the class students who are trying to raise funds for the Junior-Senior social. The play is filled with comedy and good nature all the way to the last curtain and will insure relaxation and rest to those who see it. Tickets are being sold by the student body.

Dear Kiddies:
Just a month from today is another Christmas. This past year has been an unusual one and a strenuous one for most everybody, but I am still going to visit every one of you who have been good this year; and being good this year means helping your Mother and Daddy a lot more than usual because they are so busy.

As usual, I have contacted the editor of the Memphis Democrat and he told me to have everyone of you write your letter to me in care of the Democrat—and to do it as soon as possible. He also told me to have you sign your name very plain and either bring or mail your letter to the Democrat office.

Now kiddies, don't wait until the last minute. There is a shortage of everything, but I think I'll have enough toys to go around if you will write me right away.
Be good, and I'll see you Christmas Eve.

REV. LEON M. HILL

Baptist Church To Have Revival

A two weeks revival meeting will start Sunday, November 28, at the First Baptist Church, it was announced today by the pastor, Rev. Jeff M. Moore. Services will be held twice daily.

Rev. Leon M. Hill of San Jacinto Baptist church of Amarillo will conduct the services assisted by J. C. Arthur of Amarillo, an evangelistic singer.

Rev. Hill comes to Memphis highly recommended. He has been pastor of the San Jacinto church for the past year going there from Mineral Wells.

"We are fortunate in having such a preacher to hold our revival for us. He is an inspiring speaker and is a forceful evangelistic worker. Plan now to attend the services each day," urged Rev. Moore.

Service Men Will Get Food Rations At Local Boards

To make it possible for service men on leave to get temporary food rations without the forms usually furnished by the armed forces, it was announced that application for ration points may, in an emergency, be made on forms available at local ration boards.

As a rule a service man on leave is expected to apply for his temporary food rations on a form supplied by the armed forces, and signed by an authorized officer. He should get this form at the service post when he applies for his leave papers.

Most service men on leave apply for ration points at boards situated distantly from their posts, it is said, and it is frequently impossible for them to get the service forms after they have left the post. The new order will save both time and trouble.

Rationing officers point out, however that when the alternative form is used, application must be made by the service man in person. If his host wishes to apply for the points, only the service form will be accepted by the board.

INJURED IN TRACTOR POWER LIFT DEVICE

J. R. Mitchell suffered injuries when he was caught in the power lift of his tractor at his farm near Salisbury last Friday afternoon. He was brought to a local hospital where his injuries were treated. He was taken home Sunday, and is doing nicely. His greatest injury was a twisted knee.

Sponsored jointly by the Lions Club and Rotary Club of Memphis, work is being started on an Honor Roll to be placed on the east side of the Harrison Hardware building, known as the Craven building. This Roll will include the name of every person in Hall County serving with any branch of the armed forces.

Committee, composed of Mack Wilson, E. E. Roberts and D. J. Morgensen of the Rotary Club, and Bob Land, Ralph Howe and J. C. Ross of the Lions Club selected this site as the place for the Roll since it can be more easily kept up and will be more permanent than a wooden structure.

Names will be placed on the Roll alphabetically and the painting is being started immediately.

Finance Committee
Estimates as to the cost of the erection of the Honor Roll are around \$500.00. This expense will be met by donations from every person who cares to contribute any amount toward the erection of the Roll.

Committees were appointed by the presidents of the club and any person who cares to, may mail or take his contribution to any member of these committees.

Serving for the Lions Club are Jim Vallance, Floyd Springer, Bob Land, Ralph Howe; for the Rotary are Roy Fultz, C. T. Johnson, Horace Tarver and T. H. Deaver.

"We are behind on the actual work of the Honor Roll, though plans have been discussed for several months. We want the name of every person serving in any branch, whether Army, Navy, Marines, Coast Guard, Air Forces or any of the women's branches, not only from Memphis but every community in Hall County. This is to be the Hall County Honor Roll," stated leaders of the clubs.

Perkins Appointed Justice of Peace

L. G. Perkins was appointed justice of the peace in a called meeting of the County Commissioners court last Thursday. Perkins will fill the unexpired term of Joe A. Merrick, who died November 16.

Perkins has owned and operated Perk's Cafe for a number of years, but sold his business to accept the office. He has twice been a candidate for the office of justice of the peace and was a close second in each primary.

Joe Reheis Attends Funeral of Mother

Joe Reheis was called to Douglas, Kans., to attend the funeral of his mother, Mrs. A. Reheis, held there Monday.

Mrs. Reheis passed away about midnight Friday night at the age of 86 years. She had been in ill health for several years.

Elnora Russell Is Bride of Lt. James Masterson

Miss Elnora Russell, daughter of Mr. and Mrs. Jay Russell of Turkey, was married at 11 o'clock November 11, to Lt. James E. Masterson Jr. at the home of the bride's parents. Rev. A. V. Hendricks read the wedding ceremony.

The bride and groom stood before an improvised altar arranged with lighted patriotic colored candles. A musical background was provided by the pianist.

As a pre-nuptial offer of a piano solo was being given, the candles were lighted by Lamar Masterson, brother of the groom, and Tommie Lynn Russell, brother of the bride.

Miss Aurene Jameson, the bride's roommate at West Texas State college, Canyon, sang, "I Love You Truly." The wedding march and all piano accompaniments were played by Miss Billie Lou Bray of Turkey.

Maid of honor for the bride was her sister, Miss Katherine Russell, who wore a black and yellow suit with a corsage of white carnations. Donald Masterson attended his brother as best man.

Each of the young women furnishing the music for the ceremony and mothers of the bride and groom wore corsages of white carnations.

The bride was given in marriage by her father. She wore an ice blue rabbit-wool dress with soldier blue accessories. Her corsage was of red sweetheart roses. For something old and borrowed, she wore a ring that belonged to the groom's grandmother.

Immediately after the ceremony, the three tiered wedding cake was cut by the bride and groom and served with frozen desert. The cake centered the table and was surrounded with a decoration of greenery arrangement and candles.

The bride is a graduate of Turkey high school and is attending West Texas State College in Canyon, where she is a senior. Lieutenant Masterson Jr. is the son of Mr. and Mrs. J. E. Masterson of Estelline. He graduated from Estelline high school and attended Texas Tech in Lubbock before entering the army. He is stationed at Fort Monmouth, N. J.

After his leave expired, he returned to his station and Mrs. Masterson returned to Canyon. Out-of-town guests for the wedding included Mr. and Mrs. J. E. Masterson and sons, Donald and Lamar of Estelline, Miss Aurene Jameson of Whiteflat, and Miss Katherine Russell of Estelline.

Mothers' Club Has All Day Meeting

Since the Newlin Mothers' club has devoted all of its time to Red Cross work for the past year, an all day quilting was held at the home of Mrs. D. W. Lawrence Thursday, November 18, for the benefit of the club.

Ten members and two guests engaged in quilting during the day and at noon a luncheon consisting of sandwiches, olives, lettuce, tomatoes, cakes, cookies, pie, tea and coffee was served.

WOMEN WORK

by INEZ BAKER

"Sing, O heavens; and be joyful, O earth; and break forth into singing, O mountains; for the Lord hath comforted his people, and will have compassion upon his afflicted."

The surgical dressings quota was completed last Thursday, almost thirty days ahead of the dead line. Mrs. W. C. Davis, chairman of dressings, and her supervisors, and Mrs. B. Webster are indeed deeply grateful to all who have assisted in this work. And they wish to express their sincere thanks to each and every one for your wonderful spirit of sacrifice and cooperation.

Until further notice the Red Cross rooms will be closed. Any finished work may be left on the first floor of the building.

Work on the hospital items is still in progress and we hope, and believe, 1,000 will be completed by shipping date, December 15. We shall be very glad to advise with anyone, or any group, who would like a part in this phase of the service. Many things can be made at small expense and very little time. And some of these things are of great importance to sick or injured men.

Handkerchief Shower Given in Honor of Mrs. W. T. Phillips

A surprise party and handkerchief shower, honoring Mrs. W. T. Phillips, who is leaving for Berkeley, Calif., to make her home, was given Friday night, October 29, at the home of Mrs. Harry Aspgren, with Mrs. Ira Foster as co-hostess.

The house was decorated with jack-o-lanterns, skeletons, witches and black cats, to carry out the Halloween theme.

Mrs. Dess Crouch, as Maria, a gypsy fortune teller, who "sees all, knows all and tells all" told the fortunes of several of the guests and at the end of Mrs. Phillips' fortune presented her with several handkerchiefs and other gifts.

Refreshments were served to Mesdames Spencer Mueller Austin, Flowers, Hamilton, Hancock, Williams, Crouch, Reynolds, Aspgren, Foster and Phillips.

Those sending gifts were Mrs. McGuire and Geraldine, Mrs. Hill and Lois, Norma Aspgren of Amarillo, Oleta McCulloch, Ruby Hardwick of Childress, Mrs. Wilson and Grace, and J. G. Brown.

NOTED TO FIRST LIEUTENANT AT NEW ORLEANS

Lieutenant John A. Taylor, who is 32 years of age, is the son of Mrs. T. L. Wadgelm Estelline. He attended school at Fort Worth, went to school at Childress and played semi-pro basketball and all with Salisbury communities in 1934 and 1935. He was commissioned a first lieutenant in September and is now QM property officer at Jackson Barracks.

Taylor has three brothers and two step-brothers in the army. Lieut. Alvin Taylor is a first lieutenant in the Air Corps; Harold Taylor is a technical sergeant

in the Air Corps; Pfc. Cecil Taylor serves as a radio operator in the Armored forces; Boyce Waddill has the rank of sergeant in the Field Artillery, and Tech. Sgt. Leon Waddill is in finance department.

FRANK PHELAN MADE SECOND LIEUTENANT

Frank Phelan Jr. of 803 Bradford street, Memphis, upon completion of the intensive 18-week course for officer candidate at the Quartermaster school at Camp Lee, Va., was commissioned today a second lieutenant in the army of the United States.

Under rigorous conditions, he underwent the Quartermaster school course of instruction in all Quartermaster activities, which emphasizes military training, physical hardening and mastery of weapons varying from a .30 caliber rifle to the 37 mm. gun.

Sgt. J. P. Johnson Jr. cabled his parents, Mr. and Mrs. J. P. Johnson of near Memphis, from somewhere in India. They also received the following letter from him:

Dear Mother and Dad:
This is your Army son coming to you from somewhere in India. This is October 30. I am sitting here trying to write by the light of a candle.

I went to town yesterday and saw the sights. Boy, it was fun. I got a big kick out of talking to the Indians. By the way, the Indian women are building a road

out to the line. I wish you could see them swing an ax and carry water on their heads.

We rode back with a priest. He has been here for 18 years. He told us a lot about the Indian ways. It was the first English-built car that I have ever ridden in.

I am well and fine, so are the mosquitos and other bug: and things. We sleep under a mosquito net all the time.

Hope you are still all well and fine, so until next time I remain your Army son,

HAP.

The following letter is from Gene McMurry, grandson of Dave Howard, who is at Miami, Fla., stationed at the submarine chaser training center of the U. S. Navy.

Hello Dave:

I am just dropping you a short letter to let you know that you will not hear from me for several days as tomorrow I will be out some where in the Atlantic ocean. I don't know where we are going, so there's nothing I can tell you. There is a good bunch of guys on this ship. I am a gunner now and really like it.

Say Dave, I saw Connie Ray Robertson down here in Miami. He is in the Coast Guard. He lived at Lakeview.

Well, Dave, write me at the same address and I'll write you when I get back.

Love,
DUSTY.

Sgt. E. J. Huddleston came Wednesday night of last week for a 15-day furlough to spend here with his wife and son. He is with the U. S. Army stationed at Watertown, N. Y.

Welcome, SOLDIER!

Every day armies of servicemen move in a never-ending line throughout the Gulf South. At nearly every stop, at railroad stations and bus terminals, these men in uniform are met by friendly volunteer workers who are ready to serve coffee and doughnuts, to answer questions, mail letters, and to help in the thousand and one other ways that mean so much to a soldier away from home.

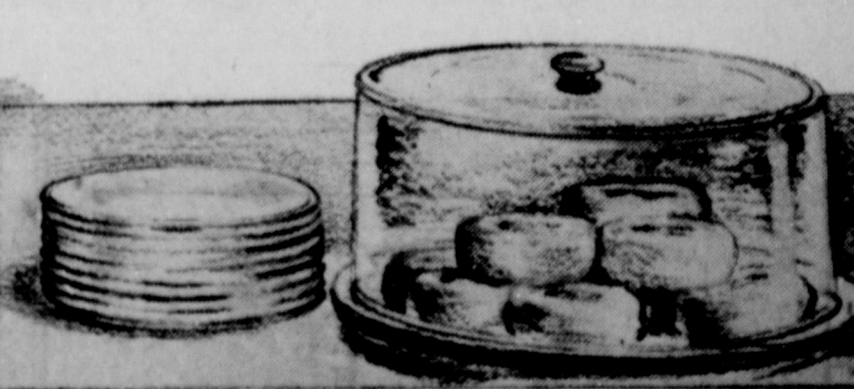

In the small hours of morning or after a hard day of house work these volunteers give unselfishly of their time. They feel that any sacrifice of theirs is small if it makes life a little easier for thousands of sons, husbands and friends who are giving up the comforts of home to fight for Victory.

We recognize the valuable service rendered to our fighting men by the Red Cross and other organizations... appreciate the helping hand that America's volunteer workers daily extend to the more than 900 United men in uniform.

THE OLD

American Virtue of Thrift

STILL LIVES ON!

BACK in the days when Thanksgiving was new, thrift was the first law and the abiding rule.

The happiness and health of the earliest Americans—yes, even their very existence—depended upon their frugal, saving ways.

And today, with Americans putting big percentages of their incomes into War Bonds, thrift has come into its own again.

We must all sacrifice and skimp and save to help win this hardest of all wars!

Please join in this pledge: "I won't buy anything—anything at all—that I don't really need."

And for the things you simply can't get along without, come to Penney's!

Penney's specializes in thrift and savings.

Penney's way of doing business keeps operating expenses very low. The result is savings for Penney's and these savings are passed on to our customers—as they always have been—in the form of lower prices.

Shopping at Penney's is so important today—that dollars must stretch further than ever!

Memphis Cyclone Ties Perryton 6-6

Tie on Points - Tie on Pens. - 7-6 on Firsts

By Gene Robertson

The match game between the Memphis Cyclone and the Perryton Rangers was a practical tie, though the Cyclone edged ahead only one first down more than the Rangers had. Both teams threw twenty yard penetrations and the Cyclone turned the ball over to the Perryton before the Cyclone turned their suits and let Big Ed Sherget married and go to the

First quarter: The game opened with the Rangers kicking off the Cyclone 20 yard line to the center who brought it back to the 33 yard line before he was shored under a swarm of red jerseys. The Cyclone tried but held for downs and kicked to the Perryton 34 where they were downed immediately. Perryton punted in return to the 55 and the ball went out on the 45. The Cyclone punted the ball down to the Perryton 40 before the ball was again the Rangers' possession. They yardage and punted to the end of the field, who in was held and punted back the Rangers' 30. The first for the Rangers brought a three yard gain through center of the line and on the end down Perryton fumbled the Smith, playing right tackle,

fell on the ball for the Cyclone and the quarter ended with the ball on the Ranger 40 for Memphis. No score.

Second quarter: The Cyclone tried for two downs but were stopped at the line of scrimmage. On the third down Sherley faded back and tossed Robertson a long smooth pass down to the 10 yard line and Robertson with the Ranger safety on his heels ran across the goal line for the only 6 points for the Cyclone. Robertson tried for the extra point but it was low and wide. The Cyclone kicked off with Robertson booting the ball out of bounds on the Ranger 32. The Rangers tried but had to punt out to the Cyclone 20. The Cyclone made short gains and then a fifteen yard penalty made it a first down for them. The Cyclone tried desperately again but Ed Sherley was thrown for a loss after trying to find a receiver, and the Rangers took over on the Cyclone 30 yard stripe. Perryton tried hard but was stopped at the line for three downs and then punted to the Cyclone 16. The first two plays brought short gains, but hard luck came and also a fifteen yard penalty to the Cyclone 4 yard line. Sherley kicked out of the danger territory to his 50 and the Rangers came near to scoring before the Cyclone again had possession of the ball.

Third quarter: Memphis kicked off to Perryton who lost the ball on the second down by a fumble. The Cyclone started forward toward the red goal line but was stopped on the Rangers 24 by a fifteen yard penalty before they again got under way. After making the 15 yards up, Sherley passed a long one meant for Erwin over the goal line, but the Perryton safety snagged it and was downed behind the goal for an automatic touchback which meant nothing. Had it been a conference game there would have been a difference but the ball was brought out to the Perryton 20 to resume play. Perryton gained 7 yards and then had to punt. The Cyclone took the ball on the 50 and made gains back down to the Ranger 15 before they lost the ball and the quarter ended with the ball in

possession of eryton on the 19 yard line, 5 down and about 12 yards to go for a first.

Fourth quarter: The Rangers made their first down and also a touchdown to tie the score with the Cyclone. They started a drive toward the black and gold line from their 21 yard stripe and didn't slow up until they had completed the 79 yards to cross the goal. On the 14 Hargrove passed to Allen who sidestepped the Cyclone halfback and collided with Sherley and the safety over the goal line. The last part of the game resided with the Cyclone in possession of the ball trying desperately to score and with long gains by Sherley before the gun sounded.

IN THE STRUGGLES OF TODAY LET'S REMEMBER THEIR STRUGGLE!

Our forefathers came to America in the pursuit of freedom and happiness. No modern inventions simplified life for them in this vast unexplored land.

They had to clear forests, build homes, till the soil to plant—and always be ready to fight for their lives. Winters were bitter and summers often brought unending days of scorching sun.

But their perseverance kept the colonies thriving and so a new nation was born—a nation that in a surprisingly short time became the greatest land on earth. Not for nothing did the early settler sweat, hunt and build to form a country they could call their own. They fashioned America with an eye to generations to come.

And we are a generation that came. Are we going to lose the freedom our forefathers struggled for? We must all do our share in today's struggle for Victory—we must protect our heritage.

DEMOCRAT'S EXCHANGE

Christmas shopping is being done earlier this year, partly because of shortages. There is a rush to buy those things that may be scarce later, but we will wager that there will be a lot of people looking for things about Christmas eve, and tired clerks will be busy as usual explaining that it is too late to find what you want.—McLean News.

Even the kids are "Pistol-Packing Mama" conscious. A young twelve-year-old pupil wrote this and accidentally I think, left it on my desk. No, he's not my boy but I'd proudly admit it if he were. This is just the way he wrote it except I have left the

name blank where he refers to his teacher:

She caught me with my Airplane
And my fate was then
She caught me and she spanked me
And hit me on my end.

Courtesy is not rationed, but some clerks seem to think it is. In a seller's market, clerks may forget that courtesy is needed, but

this will not last always, and they are sure to find that they will be left out of the picture under a buyer's market, unless they maintain a courteous attitude toward prospective customers.—McLean News.

With the Russian conference and its probable far-reaching effect upon the lives of all of us, it does well perhaps, if we give more thought with regard to the Russian mind. There have been many wise remarks, many unwise ones, too, concerning the subject of Russia. But to concern ourselves with the Russian people we should know more about them, learn some of their policies and projects, aims and aspirations, their family life and political hopes. With this war waged on so many foreign fronts and with so many different peoples concerned we could improve our spare time by finding out more about them, understanding them better. They are interested in us.—Wheeler Times.

Since 1901, one of the "prise bonners" around The Brand office happened week before last when we published a story concerning a World Community Day which is to be observed at the Baptist church November 11. We got the article mixed up in the paper so it read: "World Communion Day at the Baptist Church." Well it so happens that one of the Baptist fundamentals is a closed communion—and quite a few people got really excited. One lady of another denomination said, "My goodness, I don't want to miss that. It's an event I have been awaiting for more than 60 years." The telepicne almost rang off the wall last week. A lot of folks sure got a hearty laugh—and I want to state that the Baptist membership has been exceedingly nice about the whole thing. Not one member of the church has shown the least sign of irritation—although several of them have been in for real kidding.—Hereford Brand.

Town and Farm In Wartime

(Weekly News Digest prepared by the Rural Press Section, OWI News Bureau)

To Hold Down Flour Prices

To hold flour and bread prices at present levels, the Office of Economic Stabilization has inaugurated a subsidy program that will enable wheat flour millers to pay as high as parity prices for wheat (should the market go that high) and at the same time sell flour for no more than present ceiling prices. Without the subsidy, the OES says, it would be necessary to increase present ceilings on flour, which in turn would force an increase in bread prices.

Lift Pork, Lard Restrictions

Restrictions on the number of pounds of pork and lard made from home-slaughtered hogs that can be sold or given by a farmer to people not living on his farm have been lifted from November 17 to February 17. The War Food Administration lifted the slaughter and distribution of this year's hog supply. Farmers are asked to find out from their market agency or processor whether their hogs can be handled before sending them to market.

Byrnes Urges "Save Paper"

Urging a greater drive to conserve and salvage paper, James F. Byrnes, director War Mobilization said, "The war needs for paper and paperboard are greater than our present ability to produce. The shipment of bombs and shells depend upon paper bands and containers. Rations, blood plasma, bullets—all find their way to the fighting fronts in paper containers—we must all curtail all unnecessary use and then get all waste paper to local salvage committees or local charitable organizations and thence to the mills at once. Every scrap of paper that you can save and turn in will help.

May Cut Point Values

Storekeepers, distributors and others in the food trade may cut point values of canned, frozen and dried rationed foods that might spoil if held in stock too long, OPA announced recently. However, point values may be cut only if prices are cut at least 25 per cent.

Scorn Overweight Motor Oil this Winter of War

"The Lighter the oil the better"... Discover how very light, by changing to Winter OIL-PLATING

Have you ever been a new papa? Have you ever had to enlarge the hole in the nipple of baby's bottle? The hot milk, just about as fluid as anything, barely comes through. Far "skinnier" than small holes in nipples are many of the oil spaces in your car's engine. That's still true after it is middle-aged or beyond. Any oil...any oil...has a hard enough time coming through and spreading all around. Overweight oil—easily thickened by cold—is far worse. The lightest oil your engine can use this season is rightest. And you can know that light oil will more than stand the gaff when it

includes the ability to give your engine internal OIL-PLATING.

Because a Winter change to Conoco motor oil adds OIL-PLATING to engine parts, you can go your car's limit lighter. Any good plating is a protective surface, and so is OIL-PLATING attached all over your engine's inside if strongly "magnetized" there by a synthetic that's part of patented Conoco. Now every moving part enveloped in close-fastened OIL-PLATING must depend upon the rupture-resistant fluid film. Conoco Nth. Safety is multiplied though your economical Conoco Nth so light that your battery, too, has a chance to outlive the Winter, and War. OIL-PLATE at Your Conoco Merchant's—today. Continental

Dread Engine Acid Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

ARMON NEWS

PROPERTY OWNERS REPORTS

to their county AAA committees. Unless processors pay farmers the support price for cottonseed, the government is under no obligation to re-purchase the cottonseed products from them at support prices. This price "floor" is assured producers only if their seed is sold in lots of 10 tons or more on basis of grade, so small producers can profit by pooling seed with their neighbors.

Currently, the support price allows the grower about \$53 a ton for average quality cottonseed. This allows for an average grower's margin not to exceed \$3 a ton.

In addition to asking farmers to report price support violations, they are urged to keep accurate accounts of their 1943 cotton production, since these records usually are used in determining AAA payments, crop insurance, and marketing quotas.

COTTON IMPROVEMENT PAYS OFF IN GAINES COUNTY

Experience of 277 farmers in Gaines County this cotton season is showing that an improved variety of cotton seed will out-yield consistently the short-staple varieties in that area. And the chosen variety is opening in the field just as rapidly as any other.

The Gaines County agricultural agent reports that these 277 farmers organized three one-variety cotton improvement associations this year and are cooperating in the government's cotton planting and seed improvement program. These cotton growers purchased their seed from sources approved by the State Cotton Planting Seed Improvement committee, and the cost was little more than ordinary seed.

Here is an example the county agent cited. The first bale of one-variety cotton ginned at a Seminole gin this fall made a 510-pound bale from 1730 pounds of snaps. It graded strict middling and had a staple length of 31-32 of an inch. The short staple varieties, he says, are grading strict middling and stapling 13-16. Consequently the grosser of the approved variety is getting a difference of \$7.75 a bale in loan value.

SUGGESTIONS ON CONTROL OF ORCHARD PESTS GIVEN

Fall is the most suitable time for orchard owners to inspect their fruit trees for destructive insects or disease. Production of a crop of good quality fruit next season may depend upon the action taken now to control pests which infest the trees, says W. B. Hooser, county agent.

The San Jose scale is one of the major pests which attack many fruit and ornamental trees. The first indication of damage is the killing of twigs and branches re-

sulting from the sap being sucked out of the bark. The damage spreads rapidly because of the staggering reproduction of the insects. It is estimated that the progeny of one female of the species may be more than one-half billion scales insects in one season. This vast population feeding over trunk and branches often stunts and weakens peach trees so badly that they are especially susceptible to attack by other insects.

San Jose scale can be controlled by application either of oil emulsion or liquid lime sulphur spray during winter months when the trees are dormant. Spraying time is important. A concentration of the spray named which is strong enough to kill the pest can be used unless actually wet with the trees have no leaves or buds. Since the insects are not destroyed unless actually wet with the spray every side of trunks and limbs should be treated thoroughly.

Hooser recommends that fruit trees which have been severely damaged by scale or borers should be cut down and burned during the winter period. Trees not too seriously injured may be pruned and infested parts burned. Removal of damaged parts often will save a tree.

ADJUSTING BREEDING STOCK TO RANGE CONDITIONS

Overstocking exhausts the feed on a ranch in maintaining cows in condition too poor for profitable calf production, and similarly with sheep and goats, wool and mohair clips are lighter in weight. It is the opinion of Robert R. Lancaster of the A. and M. College

How many miles older your car this week?

"Every mile you drive makes it more important than ever to Care for your Car for your Country"

IF TIRE AND GASOLINE RATIONING were removed tomorrow, no victory-minded American would permit himself one single mile of unnecessary automobile driving!

Let the truth of this fact sink in. Even if gasoline and tires were plentiful, cars are not. There will be no new cars for the duration. And every mile you drive, today and tomorrow and the day after, is an irreplaceable withdrawal from the Nation's bank of total transportation miles.

That is why your Uncle Sam is talking like a Dutch uncle when he tells you to care for your car for your country. You must protect and even pamper your car to coax every last bit of mileage from its aging engine and chassis.

Phillips 66 Service Wardens are pledged to do their utmost to perform all services which will improve the efficiency of your car and lengthen its life. Remember, the car which is driven this winter with tires unchecked... with battery uninspected... with friction points unlubricated... may literally be running at the expense of the Nation's war effort.

The Phillips 66 Service Warden is waiting at every Phillips 66 Service Station, ready and anxious to do his part to help you "Guard America's Mileage." "COLD" FACTS About Your Refrigerator

REDDY: Say, Lady, are you posted with the latest facts about how to keep an electric refrigerator smiling?

LADY: Why, of course not; whoever heard of keeping a refrigerator smiling? Its purpose is to conserve vitamins, and it was built to last many years.

REDDY: Exactly, but now—it's different. The war makes it impossible to predict when you can buy a new one, so it's important that you take good care of what you've got.

LADY: And how's the best way to do that?

REDDY: Defrost it regularly.

Cool food before putting it in the refrigerator.

Have motor checked regularly.
