

### AWARD QUANAH GREENBELT MEET

Event To Be Held June 7-10; Memphis Golfers Showing Interest in Tournament

For the third consecutive year, the Greenbelt Golf Association's annual tournament will be held on the Quannah Country Club 18-hole golf course, it was announced in Childress last Sunday.

Directors of the association meeting in Childress Sunday morning unanimously awarded the 1937 tournament to Quannah and set the dates for the meet as June 7, 8, 9, and 10.

R. S. Greene of Memphis, president of the association, presided over the meeting. Childress and Electra also made bids for the tournament. Mr. Greene named T. S. Haney of Crowell, Paul Vinson of Paducah, and L. S. (City) Walker of Quannah as a committee to select trophies for the tournament winners, and the directors voted to award a "duffer" trophy by chance to one of the entrants in the meet.

Bill Cooke was elected director of the Clarendon club to replace Carl Parsons, who died recently. A resolution in memory of Mr. Parsons was also approved. Representatives were at the meeting from Quannah, Vernon, Frederick, Okla., Altus, Okla., Crowell, Paducah, Memphis, Childress, McLean, Electra, Shamrock, Sayre, Okla., and Lefors.

The Memphis Country Club did not bid for the annual tournament because it has only a nine-hole course, and the field is too large for so small a course.

Memphis golfers are already taking interest in the Greenbelt tournament this year and have begun practicing with an eye to the event. There is more interest in golfing circles here this year than in some time, and it is thought that a strong team will be ready by the time the Greenbelt meet is held.

### WORK SHEETS TO BE SIGNED HERE

To Start Initial Work Next Week on 1937 Government Farm Control Program

Work sheets, to show that farmers expect to comply with the 1937 farm program, will be signed soon. The county farm agent is asking that from 25 to 50 county farmers sign these work sheets next week as samples to be sent to the state office. Regular signing of the government forms, then, would begin the week following.

These preliminary forms are similar to the ones signed by all cooperators at the beginning of the program last year. All farmers when ready to sign the forms should know the yield per acre of their farms for 1936.

Farmers who have never cooperated with a federal cotton control program or who have never signed a work sheet must know the production and acres planted from 1928 through 1936. Description of the land is also necessary.

Where a landlord owns several farms and has them rented on the half-and-half basis, he may have one master work sheet to cover all the farms.

Either a landlord or a tenant may sign the work sheets, which are not contracts but merely forms stating that the farmer expects to comply with the governmental crop control program for this year.

The House conservation and reclamation committee recommended a bill on March 4 to create the Upper Red River Flood Control District, consisting of Hall, Childress, and Briscoe counties. Favorable report of the conservation and reclamation committee sends the measure to the House for consideration. The bill, which was introduced by Bob Alexander of Childress, state representative from this district, provides for a \$10,000 appropriation to be used by the state board of water engineers for mak-

### REV. CARGILL INSTALLED AS CITY PASTOR

Amarillo Pastor Has Charge; Is Accepted Into Presbytery

Rev. E. C. Cargill was installed as pastor of the First Presbyterian Church of Memphis last Friday night at 7:30 o'clock at an elaborate installation service at the church.

At a presbytery council meeting in the church at 6 o'clock, Rev. Cargill was accepted into the Amarillo presbytery from the Wichita Falls presbytery. Dr. R. Thomsen, pastor of the First Presbyterian Church of Amarillo, presided over the installation services Friday night, and Rev. Gordon MacInnes, pastor at White Deer, preached the sermon to the incoming pastor and to the congregation. Rev. J. Hoytt Boles, Tulsa pastor, gave the scripture reading.

Rev. Frank D. Travis of Childress gave the charge to the pastor, and Rev. Charles L. Dickey, pastor of the Canyon Presbyterian Church, gave the charge to the congregation.

Special music for the occasion was furnished by the local choir. Rev. W. M. Besire, Canyon, took part in the council recognition. Rev. Cargill, who has been here for several months, succeeds Dr. John Angus MacMillan, who left last spring for Brady.

### Community Farm Heads Are Named At Mass Meeting

Election of community agricultural committee to assist with the work of the 1937 government farm program in Hall County was begun Thursday at that day scheduled at Eli, Plaska, Brice, Lesley, and Lakeview.

Community committeemen will be elected at Estelline Friday morning and at Turkey Friday afternoon. Farmers of the Memphis sector will convene in the county court room here Saturday morning at 10 o'clock to name community farm heads.

A county committee of three members and a county board of six members, composed of the county committee and three community chairmen, will also be named to assist with the farm work.

Hall County farmers are beginning compliance with the new program. (Continued on page 6)

### County Meet To Be Held At Lakeview March 19 And 20

Preparations are being made by almost every school, both rural and independent, in the county to send literary and athletic teams to Lakeview Friday and Saturday, March 19 and 20, to enter the Hall County Interscholastic League Meet. Estelline won the meet last year, but indications are that competition will be keener in most of the events this year than last. H. B. O'Neal of Lakeview is director general of the county meet, and Coach Bob Clark of Lakeview is athletic director. Large crowds are expected for both days of the event.

### HOUSE COMMITTEE RECOMMENDS MEASURE TO FORMULATE IRRIGATION AND FLOOD CONTROL AREA IN HALL, CHILDRESS, BRISCOE COUNTIES

The House conservation and reclamation committee recommended a bill on March 4 to create the Upper Red River Flood Control District, consisting of Hall, Childress, and Briscoe counties. Favorable report of the conservation and reclamation committee sends the measure to the House for consideration. The bill, which was introduced by Bob Alexander of Childress, state representative from this district, provides for a \$10,000 appropriation to be used by the state board of water engineers for mak-

ing a complete survey of the possibilities of a dam on Red River in the western part of Hall County.

Preliminary surveys of the proposed project made last fall by state water engineers, resulted in the recommendation for further examination of the feasibility of the project as a flood control and irrigation reservoir.

The state board became interested in the proposal through the efforts of a Childress dentist, Dr. Roy E. Barr, it is said. When a favorable report was given fol-

### General Rain Aids Spring Ploughing; .50 Inch Falls Here

General rains from one-half to over an inch fell over Hall County and vicinity last Friday and Saturday. Memphis and immediate vicinity received .52 inches of precipitation, J. J. McMickin, weather bureau observer, announced.

The rain last week was the first appreciable amount of moisture received here in some time. One and one-half inches were reported at Turkey and will be especially beneficial because of the slow, steady manner in which it fell.

Land recently listed and trenched was especially benefited by the rain last week. Both farm and ranch prospects look encouraging throughout this territory, agricultural experts announce. There is a better season in the ground now than at the same time a year ago. County Agent R. E. L. Pattillo stated.

### HEDLEY GIRL IS TAKEN BY DEATH

Miss Opal Cooper, 19, Dies of Appendicitis, Pneumonia in Amarillo Hospital

Opal Cooper, 19-year-old daughter of Mr. and Mrs. J. H. Cooper of near Hedley, died in an Amarillo hospital Sunday morning, March 7, at 4:30 o'clock of pneumonia and appendicitis. Miss Cooper, a student at West Texas State Teachers College, Canyon, had been in ill health for a year.

She underwent an operation for appendicitis a year ago. Complications set in, and she underwent two other operations.

Funeral services for Miss Cooper were conducted Monday afternoon, March 8, at 2:30 o'clock from the Hedley First Baptist Church. Rev. M. E. Wells conducted the funeral rites, with Rev. V. A. Hansard assisting. Burial was in Rowe Cemetery, Hedley, with Hodges Funeral Home of Memphis directing.

Pallbearers were Allen Edwards, Alford Spalding, H. B. Seattle Jr., Edward Boliver, Will Chamberlin, and Charles Raines, all of Hedley. Those in charge of the flowers were Misses Dorothy Manless, Annie Mae Flesher, Alleane Lynch, Blanch Enoch, Mary Kate Brotherton, Ruth (Continued on page 6)

### ESTELLINE WILL STAGE TOURNEY

Caray Cardinals, State High School Cage Champs, To Be One Of Featured Teams

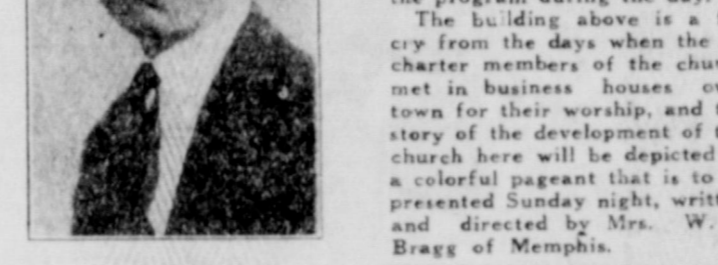

Estelline will be host to an independent basketball tournament Thursday, Friday, and Saturday, March 11, 12, and 13; and Coach Edsel Curnutt, who is in charge of preparations for the tourney, reports that about 40 invitations have been sent out to the leading teams of this district.

The state high school cage champions, the Caray Cardinals will be a feature at the tournament. Estelline will have a classy all-star team to compete in the tourney. Proceeds of the tournament will go to buy sweaters for the past season's basketball team of Estelline High School.

### Church Celebrates 47th Anniversary

Hundreds are expected to attend the all-day services at the First Baptist Church (pictured above) Sunday, March 14, to celebrate the 47th anniversary of the church. Rev. J. William Mason (left), pastor, and the church invitation committee have invited everyone to bring picnic lunches and attend the meetings Sunday. Two former pastors will be among those on the program during the day.

The building above is a far cry from the days when the 15 charter members of the church met in business houses over town for their worship, and the story of the development of the church here will be depicted in a colorful pageant that is to be presented Sunday night, written and directed by Mrs. W. J. Bragg of Memphis.

### Celebration At Baptist Church Set For Sunday

The 47th anniversary of the founding of the First Baptist Church in Memphis will be celebrated with an all-day program at the church Sunday, March 14. Two former pastors of the church, Rev. Charles T. Whaley of Weatherford and Dr. W. T. Rouse of Denton, Bible teacher in the Denton state colleges, will appear on the program. Dr. Rouse will speak in the afternoon and Rev. Whaley will deliver the sermon at the 11 o'clock hour Sunday morning.

Several hundred persons are expected to take part in the day's celebration. A mass picture will be taken of the crowd. Visitors, members, and charter members of the church will be recognized at the services.

Everyone is invited by the church to attend the meetings and to take lunches. The lunches will be spread together in the basement of the educational building at noon. An afternoon session will be held in the afternoon, and a number of brief talks will be heard. Several of the charter members of the church will give reminiscences. Mrs. Cora Oxner Warren, former missionary to China from the Baptist churches of this section, will give an address in the afternoon. Dr. J. M. Ballweg of Memphis, Judge R. J. Thorne, Dallas (Continued on page 6)

### Neighbors Plow Sick Man's Field

Farmers of the Lakeview, Fairview, and Eli communities gathered at the farm home of O. Waites of near Lakeview Monday and listed his entire place for him. Mr. Waites has been ill for the past month and is unable to work.

Those taking tractors to the Waites fields were Earl Stargel, Y. Z. Smith, Paul Smith, Sam Vaughn, Jim Scoggins, Ben Johnson, and J. P. (Hap) Johnson. Candler Hawkins and Esie Sweat sent their tractors, which were driven by Frank Smith and Sycen Shearer.

Those taking teams were Bailey Smith, Oscar Moore, Otis Rogers, Bud Vaughn, and John Bradley. The plowing was managed by Porter Johnson. Several of the neighbor women assisted with the preparing and serving of dinner. Re seeding by deferred grazing

### ONE DRAWS PEN TERM IN COURT

Oda Hawthorne Is Sentenced Twice To Pen; Action Is Light For 4th Week

Having been called to reconvene last Friday after being dismissed the first week of the current term of court, a district court grand jury Friday returned a bill of indictment against Oda Hawthorne of the Bridge Bluff community for the passing of a forged instrument before adjourning the same day.

Hawthorne pleaded guilty in district court to the forgery charges before Special Judge C. D. Russell and was sentenced to two years in the penitentiary. Hawthorne was given an additional four years when the court revoked a former suspended sentence for a felony crime.

Action was light in district court this week, with only two civil cases being disposed of until Thursday. A number of civil cases, however, were said to be disposed of outside of court.

The suit of the First National Bank vs. C. E. Covington and W. O. Covington, a suit for debt, resulted in the awarding of a judgment of \$1,265.36 in favor of the plaintiff, as the defendants failed to appear before the court. (Continued on page 6)

### Hall County Farmers And Ranchers Hear Federal Range Plan Discussed

Hall County ranchers and farmers heard a discussion on phases of the range conservation program for 1937 by County Agricultural Agent R. E. L. Pattillo here last Saturday afternoon, and much interest in the federal program was manifested.

W. P. Dial and W. J. Lewis, prominent Hall County ranchers, were named to meet with the county agricultural committee whenever it has problems to pass on that pertain to the range program. County Agent Pattillo stated this week that all farmers and ranchmen who have not signed cards showing that they plan to cooperate with the new range program should do so immediately. Signing should be done at the county agent's office here.

Payments will be made not in excess of the range-building allowance for the carrying out of the following range-building practices in 1937 at the rates and upon conditions as set forth below: For seeding by deferred grazing

### Grid Star Runs 100 Yards In Less Than 14 Seconds, Claims

Decked out in bright and shining uniforms, members of the prospective 1937 Cyclone football team called at The Democrat office Monday afternoon of this week to register a protest against the paper for having stated last week that the gridsters are slow runners.

Billy P. Hall and Taimage Pounds took offense in particular at The Democrat for having stated that they sprint the century in around 14 seconds. "Why, I ran the 100 yards once in 12.6," Hall said.

Mrs. Rudolph Wilson arrived in Memphis Thursday of last week from San Francisco and spent a few days here with her sister, Mrs. J. W. Childress. She was en route to New York where she plans to make her home. She will visit with relatives at a number of points en route. This is the first time the two sisters had seen each other in 32 years.

Mr. and Mrs. Wm. Hood and Mrs. Joe Chitwood and son, Joe Jr. spent Friday and Saturday in Dallas on business and visiting with relatives. They returned Sunday.

### PRODUCTION AND PRICES OF AGRICULTURAL PRODUCTS

Agriculture kept on producing during 1930-31-32 at the rate that had been set during 1928-29. As a result, huge surpluses accumulated and further depressed the price for agricultural commodities. When agriculture cut production, increased prices followed. Texas harvested an average of 14.7 million acres of cotton each year during the years 1930-31-32, and in the years 1933-34-35, the harvested acreage was cut to an average of 10.6 million acres, a decrease in acreage of 28 percent. The average price per pound of cotton during the last three-year period was approximately 52 percent over that of the preceding three-year period.

### DISTRICT 3-B FOOTBALL SCHEDULE FOR 1937 ANNOUNCED BY COMMITTEE

The football schedule in this class B district was announced last Saturday at a meeting of coaches and superintendents in Shamrock. W. C. Perkins of Shamrock was re-elected as chairman of the 3-B interscholastic football executive committee.

Supt. J. L. Gilmore of Wheeler was re-elected to serve on the executive committee, and Supt. C. A. Cryer of McLean was elected to succeed Supt. W. C. Davis of Memphis, who served on the board last season.

The dates of the scheduled games, without the place where they will be played, are as follows:

Sept. 17—Wheeler vs. Wellington; Shamrock vs. Lefors, and Mobeetie vs. Memphis.

Sept. 24—Clarendon vs. Wellington; Shamrock vs. Lakeview, and Mobeetie vs. Lefors.

October 1—Clarendon vs. Wheeler; McLean vs. Mobeetie; Wellington vs. Lakeview; and Lefors vs. Memphis.

October 8—Memphis vs. Wheeler; McLean vs. Lakeview; Lefors vs. Wellington; and Shamrock vs. Clarendon.

October 15—Wheeler vs. Lakeview; McLean vs. Memphis; Lefors vs. Clarendon; and Mobeetie vs. Shamrock.

October 22—Shamrock vs. Wheeler; Wellington vs. McLean; Lakeview vs. Memphis; and Mobeetie vs. Clarendon.

October 29—Wheeler vs. McLean; Mobeetie vs. Wellington; Memphis vs. Shamrock; and Lakeview vs. Clarendon.

Nov. 5—Wheeler vs. Mobeetie; Lefors vs. McLean, and Memphis vs. Clarendon.

Nov. 11 and 12—Clarendon vs. McLean; Wellington vs. Shamrock; Nov. 11; Wheeler vs. Lefors; and Lakeview vs. Mobeetie, November 12.

Nov. 18—Shamrock vs. McLean; Wellington vs. Memphis; and Lakeview vs. Lefors.

A complete schedule of the entire district, giving the date and location of all games, including non-conference contests, will be announced by the officials later.

### Shelterbelt Trees Planted at Turkey

TURKEY.—A 45-mile shelterbelt district has been completed southwest of Turkey and two shelterbelt crews of 16 men each began planting trees and shrubbery last week.

A strip of trees and shrubs will be planted every half mile, each strip being seven rods wide, with 10 rows of trees each. It will require 356,400 trees to plant this unit.

This area is under Edgar H. Kemp, senior shelterbelt assistant at Childress. Jack Burt, his assistant, has been in charge of the work. It is one of the first completed units in this district.

Mrs. Ida Cope of Memphis visited her daughter Mrs. Theo Johnson Monday and Tuesday.

Ross Springer, with Potts Chevrolet Co., made a business trip to Panama Friday.

### PRODUCTION AND PRICES OF MANUFACTURED PRODUCTS

Industry cut production, and prevented the accumulation of price depressing surpluses. Had the price of the things the farmer buys fallen at the same rate as the price of the things the farmer sells, parity between agriculture and industry would still have been in effect. But industry manufactured only enough products as to supply the demand, and so kept the price of manufactured products more or less constant.

### Carey Cardinals Capture State Title At Schoolboy Basketball Tournament

AUSTIN.—The smooth-working Carey Cardinals from Childress County romped off with the state title here last Saturday night, beating the tall Gopher Plowboys of East Texas, 26-18. "Catfish" Smith's red club finished fourth last year.

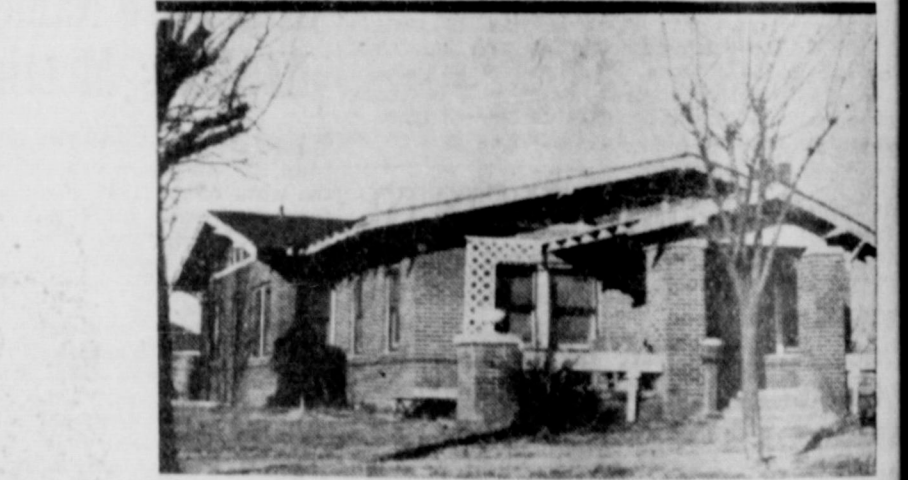

Carey was off to a slow start in the title melee. They caged only one basket in the first quarter and trailed 6-2. But in the second quarter, the boys from the Panhandle went to work and holding the East Texans scoreless, rushed on top at 12-6. It was a lead they never lost.

Outscraping the somewhat taller Gopher lads the rest of the way, Carey led 16-10 at the end of the third quarter. In the closing phase, Gopher began to pull up with long shots and with two minutes to play, the East Texans threatened for the last time at 20-17. But Middleton, ace Carey guard, slipped in for a crisp to ease the tension. Then Fate Gresham, all-state pivotman, batted in two buckets from under the hoop to tie the battle away.

Carey defeated Lakeview at Childress recently to win the right to represent this district in the regional clash, which was held at canyon with the Cards winning.

## THE SENSATION OF THE YEAR! GULF'S NEW KNOCKPROOF GAS

**WHY IS GULF'S NEW NO-NOX ETHYL** the gasoline sensation of the year?  
Because there's been a crying need for a fuel that *cannot* knock! Motorists have hailed the new No-Nox Ethyl as the answer... a fuel boosted to such a new high that it is absolutely *knockproof*—even in the high-compression 1937 cars!  
Motorists have discovered that it gives

more power, smoothness, economy in any car. And—equally important—it starts instantly—cuts down battery wear, excess choking, crankcase dilution!  
Try Gulf's new No-Nox Ethyl at the Sign of the Orange Disc. Costs no more than other premium fuels. A tankful of No-Nox and a crankcaseful of Gulfpride Oil can't be topped!

### Help Few Farmers And Do Better Job, R. A. Workers Told

Local supervisors of rural rehabilitation are being instructed to do a more thorough job of supervision, even if it calls for cutting down the number of cases handled. This is one of several steps being taken by Resettlement Administration to carry out more effectively the recent recommendations of President Roosevelt for improving conditions of tenant farmers and helping them toward eventual ownership of their land.

New instructions are being passed down the line from D. P. Trent, regional director, and members of his staff who accompanied him recently to Washington for a week of conferences. Upon his return, Trent said that farm and home plans would be reviewed where necessary, to determine whether funds in each case are adequate for financing a satisfactory program. "A complete job of rehabilitation in a more limited number of cases will be our goal," Trent said, pointing out that in the past the supervisory activities of the organization have been heavily handicapped by the large case load. More than 90 Texas and Oklahoma families have been served with grants or loans for each employee of the Resettlement Administration in the combined county, state, and regional offices, Trent said.

Lists have already been prepared showing the number of families who will be dropped from Resettlement Administration rolls in each county because of lack of funds or "because they have not shown ability to be rehabilitated." Last year there were 28,700 "farm plan" families under Resettlement supervision in Texas, but during the first two months of the new year only 15,000 such families have already received the initial check on loans for 1937 which in the final aggregate will amount to more than \$3,000,000.

In Oklahoma, where 12,500 "farm plan" families were listed last year, approximately one-half that number have been scheduled this year. The larger part of them have already received their initial check on a prospective total loan of \$1,200,000.

Mrs. Marvin Davis and children, Barbara Ann and Marvin Jr., of Panhandle spent Friday and Saturday in Memphis with her parents, Mr. and Mrs. W. L. Kellison, and her sister, Mrs. Moody McCulloch.

# HIGH TEST

makes cold motors purr-r-r

How can you tell what power, pep and speed, your motor will actually develop, until you have given it a real chance to "do its stuff" by filling up with high test gasoline? So try Phillips 66 Poly Gas. It costs no more than ordinary low test motor fuels. Yet scientific laboratory tests made day in and day out, all winter long, have proved that the effective high test of Phillips 66 is unsurpassed by any other gasoline—even those selling at a higher price. You will notice that your motor starts much faster... warms up quicker... that it literally purrs along at any speed from a snail's pace in traffic to a streamlined sprint on the out-of-town concrete. You will also feel the added power which comes from the extra energy units supplied by the patented POLYMERIZATION process. You get these two-fold economies of extra high test and extra power... without extra price... because of Phillips resources as world's largest producer of natural high test gasoline... because of Phillips initiative as an independent organization. Make it a point to get your next tankful of gas at the Orange and Black 66 Shield. You'll enjoy that difference in performance and saving in money.

**Awful Backache**  
**Quickly Relieved**  
Prescription of Former Army Doctor Enables Lady to Do Her Own Household Work Now

Millions of people are suffering because of sluggish stomach, kidneys and bowels. And you don't necessarily know why these common conditions may so often be quickly relieved by the prescription of an ex-army doctor. All too frequently the system becomes run-down that sufferers are unable to continue their regular duties as was the case with this Texas housewife who writes as follows:

"For some time I have been run down and worn out. I was troubled with gas on my stomach and had terrible backache. I was even unable to walk to town to do my regular shopping without becoming tired. I decided to try a bottle of WILLIAMS' PINK PILL, and after taking only a few doses began to notice results. Now that tired feeling is gone and I enjoy walking once again as well as doing my own household work."

Wells, Opal Pinnell, Mary Unsell, and Elnora Julch, all college classmates of the deceased.

All of the business firms in Hedley closed for the funeral, and Dr. J. A. Hill, president of WTSTC, wired that the flag at the college campus was being flown at half-mast.

The well-known Donley County girl was born January 13, 1918, in Clovis, N. M. She moved with her parents to near Hedley 17 years ago and had resided there since. She was converted and joined the First Baptist Church at Hedley in 1926. She was enrolled at Canyon for her third year of college work.

Survivors are the parents, Mr. and Mrs. J. R. Cooper, who reside two miles southwest of Hedley; and one brother, Cecil Cooper of Hedley. Mr. and Mrs. J. S. Clark, grandparents, Sunset; Mr. and Mrs. Carl Williams, Dallas, and Miss Margaret Grace of Sanger, were among the well-known relatives attending the funeral.

### CHURCHES

**CHURCH OF CHRIST**  
W. M. Davis, Minister.

Our Bible school assemblies at 9:45 a. m. We want all the members to form the habit of attending Bible school. When a Christian quits studying the Bible, he stops growing spiritually. Morning worship at 10:45 o'clock. The minister will have for his theme, "The Equipment Which Leads to Victory." Many armies have been defeated, not because the soldiers lacked courage, but because they lacked equipment. Many church members fail for the same reason. The evening service will be at 7:30 o'clock. The subject will be, "Two Ways of Following the Lord." At one time Peter followed Christ "afar off." At another time Caleb followed the Lord "fully." Some follow like Peter, others like Caleb. Women's Bible class Tuesday at 3:30 p. m. Men's training class Tuesday at 8 p. m. Prayer meeting Wednesday at 7:30 p. m. Everyone has an invitation to these services.

**PRESBYTERIAN CHURCH**  
To all church people who really enjoy attending church service. "Spring Time" has its message for you. A message of song and gladness in the land. The birds unite in telling their story in song. Flowers greet you with new life.

The budding of the trees say "All Hail."  
The anorning light breaks with a whisper of love.  
All nature joins in rapture and praise.  
So let us come together next Sunday morning and evening to think on the seasons of the year that we love and appreciate.  
If it is "Spring time in the rockies," it should bring fresh glowing attitudes in ones soul and the spirit of worship should abound in every heart.  
Your presence does add so much to every service. Your songs of praise and gratitude chase away the gloom of darkness and brings in the light.  
To our members who have so earnestly striven through all the years to promote the cause of our Master, will you endeavor to get others interested in church attendance?  
To those who have been asked to sponsor certain classes in Sunday school, we are counting on you to put forth every effort in securing attendance.

Welcome to friends and strangers.

### FIRST METHODIST CHURCH

Rev. Orion W. Carter, Pastor

Everybody enjoys a working church. A Sunday school class that is constantly working brings a thrill to all its members. You will find such a class in the Methodist Church if you are a Methodist or if you are not attending elsewhere.

Sunday night at 7:30 the Girl's Chorus from the Junior High School will sing at the opening of the service and the pastor will bring a message in keeping with the program.

### THE RIGHT TO WORSHIP

A NEWS DISPATCH states that Mexico is again on the verge of civil war, due to a renewal of the conflict between church and state; and our southern neighbor will be fortunate if she avoids another period of strife. The government has been challenged by devout peons who demand the right to use their churches for worship, and riots, resulting in bloodshed, have occurred in several places. The government has sent troops to the districts in which the riots have occurred, with orders to keep the churches closed. The people are using the churches in defiance of government orders.

"The religious war has been going on in Mexico for years. The Catholic church has been attacked by the radicals during the past few years, accused of siding with the landowners against the poor, and a campaign of persecution has been carried on against priests and church workers. Most of the church leaders have been expelled from the country and the churches have been closed. Teachers are forbidden to teach religion in the schools, but are required to teach atheism. There is little question but that Mexico has swung a long way in the direction of Communism."

How fortunate are we citizens of this country who are free from religious persecution. It is a privilege to live in a section where one may worship as he pleases, or refrain from worship if he chooses. It is good to be able to pick the church which one wishes to attend. Religious tolerance here is such that one may attend with welcome any number of churches. Last week a Dallas professor spoke at a local church, and church members from several denominations attended. This, to our way of thinking, is freedom of worship and is a desirable right.

The freedom of worship, the freedom of speech, the freedom of the press—these are worthy causes to champion. Was it Aristotle who said: "I do not believe anything you say, but will defend to the death your right to say it?"

In speaking of the Mexican church situation, the Denison Herald says editorially: "In the end, no doubt, the church-loving peasants will win. You may chain people's bodies; but you cannot shackle their souls. Religion will win in the end in Mexico, as it has finally won in every other country. Long after the leaders of the present government are forgotten, the cathedral bells will be chiming in Mexican cities, calling the faithful to prayer."

### SURELY A GHASTLY MISTAKE

A NEWS ITEM in The Donley County Leader last week stated: Whiskey bottles were scattered over a city lawn here Friday night when an automobile overturned on a downtown street. The car, rumored from Memphis, turned turtle about two blocks from Kearney Street on east Highway 5.

Surely the car was not from Memphis. Whiskey bottles! Why, that would imply that the driver of the car might have been drinking. Surely there is no person in Memphis who mixes his driving and drinking. Not after the editorials on the subject which The Democrat has recently published.

### THE CURRENT JUNK MARKET

THE COMMERCIAL VALUE of scrap iron and other junk has within the past few weeks scattered throughout the country a number of junk hunters who go about their business with truck and trailer.

The business of the junkman is creditable enough in that it offers a ready market for useless articles of iron and other metals. But in this section it has led to the pilfering of more valuable property from farm and town homes. Farmers have reported the theft of farming tools and other metallic instruments that had not been cast off.

It is reported that most of the scrap iron and steel from this section goes to the Texas Gulf ports for export to Japan—to be used perhaps for armaments.

### PLANS GO FORWARD FOR GREATER TEXAS-PAN AMERICAN EXPOSITION

The only international exposition during the year 1937 will be the Greater Texas and Pan American Exposition, which opens in Dallas June 12 to close October 31.

This Exposition is based upon the good neighbor policy of President Roosevelt as expressed at the Inter-American Peace Conference.

Every South and Central American nation is being officially invited to take part in this World's Fair, which is of great importance to trade relations between the United States and the South American Republics in the future.

The United States Government is participating in the Exposition with a Federal exhibit, in an especially constructed building, which will in value total many millions of dollars.

For the exhibits of the Latin American nations, a Pan American Palace has been erected, its architectural design being typical of the early Mayan civilization.

In this great structure a score or more of Latin American nations will exhibit their great natural resources, their industrial progress and the glories of their history. This building is landscaped with lagoons and set in tropical surroundings typical of South America.

Already in South America traveling by air, are envoys from the State Department of the United States Government and the Greater Texas and Pan American Exposition. Fifteen South and Central American countries are being visited. The government of each country is being officially invited to join in the celebration of the President's policies towards the enlargement and betterment of trade relations between the United States and her good neighbors to the South. The nations who are receiving the presidential invitation to be delivered in person by Dr. Roscoe H. Hill of the State Department and Charles H. Abbott, veteran newspaperman representing the Exposition, include Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Costa Rica, Panama, Ecuador, Peru, Chile, Argentina, Uruguay, Brazil, Venezuela and Colombia. Capitals not reached by the Exposition's ambassadors of the air are receiving formal invitations to the Exposition through the State Department and through other emissaries.

The Greater Texas and Pan American Exposition will occupy the 187 acres used in 1936 for

of the Esplanade of the Americas. By day a forest of fluttering flags, emblematical of the Americas, bordering the crystal waters of a sparkling reflecting basin. By night illuminated fountains will throw their spray high in the air, casting their lights on heroic statuary typifying the liberation and prosperity of the Southern nations. A tremendous battery of searchlights, with ever varying shades of light as day.

Restaurants, cafes and cabarets are being designed colorfully according to the Pan American theme. Noted chefs from the South American capitals will prepare the bills of fare and the cooling drinks of the tropics will be served to soothing Spanish music.

Cavalcade of the Americas, the great dramatic spectacle of the Exposition, will portray the struggle for liberty of the peoples of South America, Bolivar, San Martin, Iturbide, Hidalgo and other immortals will ride again across the greatest stage in the world at the head of their gallant troops. Hundreds of people will act in this great spectacle in which the ideals and history of every South and Central American Republic are depicted.

Dallas is ideally located as the host city for the Greater Texas and Pan American Exposition. A modern, growing, thriving metropolis, Dallas is truly the gateway for Mexican and South American trade. Texas wholesale houses for years have done a thriving business with Mexico and the countries farther South, and Dallas is favorably known throughout this vast potential trade area.

A score of railroads and many airlines center in Dallas. Great transcontinental highways link Dallas to the new Pan American Highway leading to Mexico City—a modern miracle of road building. Especially low rates to the Greater Texas and Pan American Exposition are being given this

## LAKEVIEW NEWS

W. P. Knox, educational director of the CCC camp in Memphis and a Christian layman who has given his attention to Boy Scout work for a number of years, was guest speaker at the Methodist Church in Lakeview last Sunday evening at 7:30 o'clock. A large crowd was present, despite the just storm, and those attending expressed themselves as having enjoyed the address.

Mrs. Forrest Davis has been ill for the past several days at the home of Mr. and Mrs. H. N. Davis in Lakeview.

Mr. and Mrs. J. H. Boren and daughter, Miss Bobbie Nell, Miss Lola Jo Duvall, Mr. and Mrs. C. B. Lively, Mr. and Mrs. Jack Allen and little son, Jack Jr., and Mr. and Mrs. Dewie Martin were dinner guests in the home of Mr. and Mrs. B. F. Cope last Sunday. The occasion was in honor of Mr. Cope's and Mr. Boren's birthday anniversaries.

Friends of Dewie Martin will be pleased to learn he is much improved. He has been confined to a hospital and to his home for some time.

Lloyd Paschell, local high school boy, had the misfortune of having a car accident last Friday while driving Mr. Dunlap's car to his home a few miles south of town. Fortunately, the boy escaped being hurt, but the car was damaged considerably.

Mr. and Mrs. David Davenport have been ill the past few days.

Dan Harman, who has made his home here for several years, but who moved with Mrs. Harman to Bay Town several weeks ago because of his ill health, is having his home here torn down this week and moved to Bay Town. Word from Mrs. Harman is to the effect that Mr. Harman is unimproved.

Mr. and Mrs. Herbert Payne and son Garland Gene, Mr. and Mrs. Clarence Gosden and son Harold, Mr. and Mrs. Charles Crozier and daughter Gene, Mrs. Cap Smith and daughter Jimmie Gene, and Rev. C. L. Taylor, pastor of the Church of Christ, were dinner guests in the home of Mr. and Mrs. J. H. Middleton last Sunday.

R. B. Chappelle and a nephew, Colbert Chappelle of Littlefield, are guests in the home of J. H. Blanks and family this week while making some repairs on the home.

Herbert Payne, local barber, in company with Mrs. E. E. Lane, transacted business in Floydada last Monday.

Mr. and Mrs. J. P. Dunn of Pampa, parents of Cartie Dunn, were guests here last Sunday for a visit.
