CYCLONE TEAM PREPARES FOR McLEAN GAME

Hard daily workouts marked the practices this week for the Memphis Cyclone as the local team members prepared themselves for their first out-of-town game.

Earl Foster, backfield man who missed last Friday's game, will probably be back in the line-up, having recovered from his stomach ailment.

Lois Kerr, who has been out two weeks with a sprained ankle is now ready for play, and will probably start the Friday game.

Whether Huie Justice, who injured his knee several weeks ago, will be ready to match wits and (Continued on page 10)

Four Conference Teams Now Tied In District Race

The outlook on the District 3-A football conference race took a slight change last week-end and found Clarendon, Shamrock, Wellington, and McLean on top of the list with averages of 1,000 per cent.

Memphis Drops to Fifth In Conference; Holds 2nd Place in All Games Played

Hartford Quartet To Give Concert

The Hartford Quartet of Elk City, Okla., will give a concert at the Harrell Chapel school auditorium Friday night beginning at 7:00 o'clock.

The concert will last about an hour and a half. A. B. Wills of the Harrell Chapel Singing Club, which is sponsoring the concert, said.

The program will be one of variety. Wills said, and will consist of both comedy and songs. An admission of 10 cents for children and 20 cents for adults will be charged.

Local Registrars Prepare for Day

"N. B. Tweenages," those men between the ages of 21 and 35 years, inclusive, throughout the entire United States will register next Wednesday from 7 o'clock in the morning until 9 at night for the first step of action in complying with the first peace-time draft bill this nation has ever known.

Every man from 21 through 35 years of age is required to register, or else face a possible imprisonment and severe fine.

The two Memphis precincts will receive registrars in the court-house. Those living in Precinct No. 1 will register in the commissioners courtroom, and those living in Precinct No. 13 will register in the county courtroom.

W. H. Goodnight, 62, Dies in Memphis After Long Illness

W. H. Goodnight, 62, one of the pioneer grocers of Memphis, died at his home in Memphis Wednesday morning at 7 o'clock, following an illness of several years.

Funeral services are to be held this afternoon at 3 o'clock from the First Presbyterian Church, with Joe Findley, pastor of the First Christian Church, conducting the rites.

Mr. Goodnight, owner of the local Piggy-Wiggly grocery store, had been in ill health for some time, and had not been able to work actively in the store for a number of months.

Survivors include his wife; two daughters, Mrs. Jack Knight and Mrs. Carroll McDavitt, both of Lubbock; two sons, Hal and W. H. Jr. of Memphis; and one sister, Mrs. J. D. Gwinn of Memphis.

William Henry Goodnight was born in Hardin County, Ky., June 12, 1878. He came to Memphis 28 years ago, and has been in the grocery business since that time.

Palbearers at the funeral will be L. L. Doss, Otis Jones, Dick Watson, Roy Guthrie, Zeb Moore, and Mac Tarver.

Plaska W.S.C.S. to Give Play at School

A play, "Lovely Ladies," will be presented Friday night, October 11, at the Plaska school auditorium, by the Plaska Woman's Society of Christian Service.

Precinct Quotas For Campaign Set By Demo Party

Precinct quotas for the campaign expense funds of the Democratic party have been set, County Chairman J. E. King announced this week.

The county quota is approximately 25 per cent lower than that of last year, Mr. King said, and Democratic party members in the county interested in making contributions should either contact him or the precinct chairman immediately.

An intensive campaign to raise Memphis' quota of \$181.20 will be started in the near future, Mr. King said. Other precincts will have their campaigns, he said, but each precinct chairman will have charge of his own precinct.

Precinct quotas are as follows: Memphis (two precincts), \$181.20; Newlin, \$18.45; Eli, \$13.50; Lesley, \$17.10; Estelline, \$43.80; Baylor, \$9.90.

Parnell, \$20.70; Turkey, \$73.25; Lakeview, \$40.40; Brice, \$10.50; Plaska, \$19.50; Hulver, \$13.80; Oxbow, \$6; Deep Lake, \$7.50; Bride Bit, \$7.20.

.18-Inch Rain Falls Wednesday Night

A total of .18 of an inch of rain fell in Memphis Wednesday night, and a slow rain was still falling this morning.

The temperature was the lowest for several months Monday and Tuesday nights, when the mercury dropped to the 46-degree mark. Wednesday night's temperature, however, was 68 degrees.

PROCLAMATION

The Memphis high school band represents Memphis at many public affairs and celebrations over the Panhandle, assisting in furnishing music and staging colorful parades, and in this way advertises Memphis as a progressive town.

The band is handicapped and fails to make the proper showing at home and abroad because of lack of uniforms. Some of the band members have uniforms and some do not have, thus making a ragged showing when other towns' bands look spic and span and colorful.

WHEREAS, the women of Memphis, realizing the band's need for more uniforms, have started a movement to secure them, and plan to make an intensive campaign for funds and uniforms the coming week.

THEREFORE, it is a pleasure for me as mayor of the City of Memphis to endorse the campaign and to proclaim the week of October 13 to 19 Memphis Band Week, and to ask aid and cooperation of all citizens in aiding the women in their efforts to secure uniforms for the best high school band in the Panhandle of Texas.

Just 448 Years Ago—COLUMBUS DISCOVERS AMERICA

If you happen to awaken at the 2 o'clock Saturday morning, you might think that noise from the operating gins caused it—but it might also be some strange phenomenon dating back to the time of Christopher Columbus.

For when 2 o'clock Saturday morning rolls around, it will have been almost exactly 448 years since the famous Italian navigator discovered America—not the United States itself, but what is now known as the Bahama Islands.

There will probably be a number of flags waving in commemoration of America's "Founder's Day," but few, if any, business houses will be closed. The banks, which ordinarily close on Columbus Day, will remain open since the day falls on Saturday. The U. S. post office will also remain open.

His father was only a wool comber. The son worked some at his father's trade, although, after he received his education, he became noted for his skill in the making of charts and maps.

The navigator was not looking for a new country when he discovered America, but instead was looking for a western route to India, the rich land of spices.

His efforts to gain the support of King John II of Portugal failed, and later he received aid from Queen Isabella of Spain. The voyage took her and his small fleet of three vessels from August 3 until October 12 to complete. He still thought he was somewhere in Asia, and was amazed to find a new, strange land, occupied only by savages.

HALL COUNTY'S CLUB REPORTS— WEDDINGS

Mrs. Volney W. Taylor of Brownsville Addresses Members of Local Clubs

Mrs. Volney W. Taylor of Brownsville, past state president of the Texas Federation of Women's Clubs, was a guest speaker to club women of Memphis Thursday of last week at 1 o'clock at the First Baptist Church.

Mrs. Taylor was accompanied by Mrs. J. W. Walker of Plainview, state treasurer of the federation and past district president. Mrs. Walker introduced Mrs. Taylor, who at present heads the Women's Field Army for Cancer Control in Texas.

The Field Army is an organization of all the states in cooperation with the American Society of Cancer Control, and sponsored by the General Federation of Women's Clubs. Membership is open to all women in the United States, whether members of clubs or not.

Organization and plan of work of the Field Army was given by Mrs. Taylor, who emphasized the objectives. Statistics concerning cancer, as well as important information and symptoms of the disease, were given.

Mrs. Lloyd Phillips has been appointed by Mrs. Taylor to serve as county captain of the Field Army. Mrs. Phillips will, in turn, appoint captains in other towns in the county.

The meeting was well attended by members of all Memphis clubs.

Gammage Needle Club Has Session In Webster Home

The Gammage Needle Club met last Thursday in the home of Mrs. J. W. Webster.

Two quilts were quilted for the hostess during the afternoon.

The president, Mrs. W. S. Malone, presided at the business session. Plans were made for a Christmas party, to be held December 19, with Mrs. Malone as hostess. Meeting of the club has been postponed until that time, when new officers will be elected.

THE WORLD SERIES—Knocking the war out of the minds of many Americans during the past week was the seven games of baseball's World Series. Here's one of the double plays. Gehringer, Detroit Tiger baseman, tagged Ripple, Reds' fielder, at second, and then fired the ball to York at first for the put-out of Wilson, Reds' catcher. The Cincinnati Reds won the seventh and deciding game Tuesday by a close 2-1 score.

Shamrock Takes Memphis 13 to 6

The scrappy little Shamrock Irishmen raked up enough fire last Friday night after the Memphis Cyclone had scored a touchdown on their first time with the ball to come back and mark up two tallies and down the local team 13 to 6 in a District 3-A conference game on the Cyclone gridiron.

The Cyclone recovered a Shamrock fumble on the Irish 40-yard line soon after the opening kickoff, and carried it over for a touchdown to lead for a few minutes, but the Irish came back in the same quarter for one touchdown and then made seven more

points in the third period to give them the 13 to 6 margin.

Both bands, that of Memphis High and that of Shamrock High, performed at the half. One of the most unusual demonstrations to be made on the local gridiron in some time was that made by the Memphis band when the members formed a huge "S." The gridiron lights were extinguished, and tiny spots of light carried by members of the band, made the "S" shine out in brilliance.

The Shamrock band, performing first, marched onto the field and formed a large "M."

The first score of the game was made by the Cyclone on the first series of downs they had the ball.

Following the recovery of the Shamrock fumble, Memphis gained five yards. Then Billy Jean Morris, quarterback, raced from the 35 to the 11-yard stripe. George picked up 5 more yards, and Morris went over for the touchdown. The trial for the extra point by a pass was no good.

Shamrock's first score came shortly after. Passing about mid-field, the Irish made 25 yards. One line play netted about two yards, then Sewell tore through the Memphis line, evaded other would-be tacklers, and went 23 yards for the Irish score. The kick for the extra point was no good, and the score was tied at 6 to 6.

The Irish came close to another score late in the second quarter. The ball was worked down to the 8-yard line. On four plays, one of which was an incompleting pass, the Irish tried to push the ball over, but failed. The ball went over to Memphis on the one-yard line. The half ended shortly after.

In the third quarter, Shamrock marched down the field, making first down after first down. Sims finally went around left end for the marker. Rives kicked the extra point to make the score 13 to 6.

The Cyclone tried in vain to tie the score in the final period, working the ball down to Shamrock's 17-yard line. The ball went over on downs there, and the game ended a few plays later.

Highlighting play in the Memphis backfield was Billy Jean Morris, fiery little quarterback, and big Ted George. George made several gains through power runs, and Morris showed speed in his twisting runs.

Grimes turned in a good performance for his first try-out at the center spot. He has been playing in a backfield position. Big Floyd Melton made a number of nice tackles, and showed up much better than in previous games.

Shamrock's Sewell, at 133 pounds, Sims, at the same weight, and Galbreath, at 145, made up three of the spark-plugs in the Irish backfield. Although all lightweight men, they made consistently good runs against the Cyclone.

Poultry Specialist Tells How to Rid Hens of Lice, Increase Egg Production

Lice are prevalent in exceptional numbers in many poultry houses at the present time and in many cases have caused egg production to drop sharply.

Geo. P. McCarthy, poultry specialist of the Texas A. and M. Extension Service, recommends one of these treatments: Dust the birds with sodium fluoride; dip the birds in sodium fluoride mixture prepared according to the directions on the package; or paint the roosts with nicotine sulphate.

To dip the bird in sodium fluoride, hold the fowl by the head with the fingers over the beak, and by the legs, and draw through the mixture backward. This will force the mixture into the feathers. Such dipping is recommended only during warm weather.

Large poultry producers prefer the nicotine sulphate method, especially if they have houses in which they can control the air circulation. It is most effective on still nights.

The roosts are painted lightly with nicotine sulphate about 30 minutes before the hens come in at night. When they perch on the roosts, the fumes from the chemical penetrate the feathers and kill the lice. The treatment should be repeated in ten days to take care of any lice that have hatched out in the interval. If the ventilators are closed during the treatment, they should be opened about 9 o'clock the same night to allow the fumes to escape.

District Court of Hall County Ends Fall Session Here

New Trial Granted in Case Of Insurance Company vs. Earl W. Green, Civil Suit

The fall term of District Court in Hall County closed last week with the granting of several divorces by District Judge A. S. Moss.

The next term of court will be held in February.

A new trial was granted in the civil case of Alliance Insurance Company vs. Earl W. Green. A conflict in the jury's findings was the cause of the new trial being granted, since it was decided improper to render a judgment to either party, it was explained.

The case will be called in the February term of court. Green had filed a charge of non-payment of compensation money from an accident he suffered in Turkey more than a year ago.

Four Conference

34 to 0 to gain the top position in conference standings.

The McLean Tigers opened their conference season with a 50 to 0 victory over the Lakeview Eagles, Wellington dropped a non-conference game to Perryton 7 to 6, and Lefors lost another non-conference battle to Phillips, 26 to 2.

In conference standings, Clarendon leads with two victories and no losses. Shamrock, Wellington, and McLean each have one victory, and no losses. Memphis is fifth with one win and one loss. Wheeler has lost two and won one. Lefors has lost one, and Lakeview has dropped three conference games.

In the full season standings, Clarendon has dropped one game and won two; Memphis and Lefors have won two and lost two; Wheeler, McLean, and Shamrock have won one and lost two; and Wellington and Lakeview have won one and lost three games.

This week's schedule is as follows: Shamrock at Clarendon; Lakeview at Wellington; Wheeler at Lefors; Memphis at McLean. All are conference games.

Fall Time to Make Clothing Budget

There is not a better time of year to make a clothing budget than in the fall. First, because farm family incomes for the year are pretty largely determined by the harvest season, and second, because clothing needs for the cooler months are more apparent.

To assist rural women in meeting their clothing needs, Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, has prepared a sample clothing budget. This is based on a \$50 a year expenditure for clothing, but can be increased or reduced, according to the amount of money a woman has to spend for the year's purchases.

The specialist suggests that with a \$50 budget, 44 per cent or \$22 should be spent for outer clothing including coats, sweaters, aprons, dresses, and smocks. About a fourth of the funds, 26 per cent or \$13 can be spent for footwear. The term "footwear" includes shoes as well as hose.

Of the remaining items, 13 per cent for accessories and cosmetics. Itemized cost of the articles, the number needed for year, the approximate years the article will give service, and the cost per year are listed on the sample clothing budget. Aggregate expenditures under the budget are \$49.98.

Copies of the budget may be secured upon request to county home demonstration agents or to the extension headquarters staff at College Station.

Please Pass The Rolls!

JUST what is there about homemade rolls that makes folks ask for more? Is it the buttery, golden crust? The feather-light center? Or the rich, nutty flavor? Whatever the answer, we all admit that homemade rolls are tops!

These Rich Feather Rolls combine all the goodness of yeast rolls with the richness of cakes, and an element of surprise—for tucked away inside each roll is an unexpected spoonful of jam.

These rolls are as unusual as they are delicious. They're perfect to serve for afternoon or evening refreshments, with coffee or tea, and they're a delightful addition to a special Sunday morning breakfast or "brunch."

You'll make Rich Feather Rolls often, and other delicious yeast breads, too, once you find how simple the baking is in your modern electric range. And don't let the thought of warm weather stop you! Electric cookery is fast, cool, and clean. Thorough insulation retains the heat within the oven, helping to keep your kitchen comfortable. Just preheat the oven to the desired temperature, put in the rolls and set the timer to remind you when the rolls are done. There's no watching necessary and you'll never know the oven is in use! Uniform, accurately controlled heat in the ovens of these new ranges insures even baking and browning.

Rich Feather Rolls
(Makes 2 1/2 dozen small rolls)
1/2 cup sugar
1/2 teaspoon salt
1 cup shortening
(part butter for flavor)
3 eggs (slightly beaten)
1 cup milk (lukewarm)
1 teaspoon lemon extract

1 cake yeast dissolved in 1/4 cup lukewarm water
Jam (preferably raspberry or strawberry)

Sift together the flour, sugar and salt, and cut in the shortening, using a pastry blender or a fork. Combine eggs, milk, lemon extract and the softened yeast. Add to the dry ingredients and mix well. Place in a greased bowl, grease that of the dough, and cover. Place in oven of modern electric range and heat the oven for exactly one minute. Allow dough to rise for about 50 minutes, or until the dough has doubled in bulk. Place on lightly floured board and roll out to 1/4 inch thickness. Cut the dough in 2 1/2 inch squares. In the center of each square place 1/2 teaspoon of thick jam. Pinch the four corners of the dough together and place the rolls, rounded side up, in small, greased muffin pans. Let rise in a warm place for 1 hour. Then brush with melted butter, sprinkle with streusel and bake in a moderate oven with the electric thermostat set at 350° for about 20 minutes. Cool, frost lightly with Confectioner's sugar icing and sprinkle with finely chopped nuts.

Streusel Topping
3 tablespoons butter
4 tablespoons Confectioner's Sugar
4 tablespoons flour
1/2 teaspoon cinnamon

Blend ingredients thoroughly, using a fork or the fingers, until the mixture is crumbly.

You'll like the unusual texture, taste and appearance of these delicious rolls, and you'll like the praise they bring you from an appreciative family and admiring guests.

Mr. Goodpasture points out that vegetables stored under these conditions have a richer flavor and more natural juices because they are not allowed to dry out and shrivel at room temperatures.

Scientific tests show, Mr. Goodpasture states, that refrigerated vegetables have more vitamins, the rich element of health which nature has provided.

Woodley Speaker At Rotary Session

Noel Woodley, supervisor of old age assistance, was guest speaker at Rotary luncheon Tuesday. He gave a comprehensive talk on the workings of this phase of government relief.

Mr. Woodley told of the ups and downs of the pension system in Texas, how different legislatures in Texas had changed the requirements; how the investigators would not get through investigating applicants before the set-up would be changed, and it would have to be done all over again.

He related how shortage of funds would cause the payments to be cut; and how after several years of operation, the pension board is trying to meet the requirements of the law and at the same time see that the aged needy people are given assistance.

conflagration that will take toll of lives, property, reason, morals, and chaos. A few years ago proponents of world peace thought there would be no more wars, but they didn't know that Attila the Hun would be reincarnated in the body of Hitler. If the heads of all nations want peace they could obtain it by acting peacefully instead of raising their fists at each other. It will take some mighty fine work on the part of U. S. leaders to keep us out of the conflict. Do they have the ability and the inclination to do it?

Next week has been proclaimed as Memphis Band Week, and every citizen of the community will be asked to aid in securing uniforms for the High School Band. We are all proud of the way this band plays, but when we see it in a parade with other bands that are smartly uniformed, we cannot help but feel just a little bit embarrassed, and the members of the band, I imagine, are more embarrassed. The band is always at the beck and call of the community for any and all occasions.

Let's dress the band in keeping with the fine music it always renders.

The call for young men to register next Wednesday reminds the older citizens of the draft days of the other World War. Let's hope the preparedness program will prevent war, rather than stimulate it.

DEAR OLD DAD
By The Democrat Staff Poet
Let's buy Old Dad a present said a mother to her brood; he's been a good old dad to dress us and furnish food.
I think a good electric iron and perhaps a nice floor sweeper would please Old Dad a lot and not get him in much deeper.

He could pay for it easy, just a dollar every week, and at that price a bargain; fact is, it's very cheap.

And we should have a permanent just to look good for dear Old Dad. It would sort cheer him up if he should get to looking sad.

tration are to hear explanations on the registration. The meeting, to be at 2 o'clock, will be held in the district courtroom.

Each registrant will be required

to give his full name (not merely initials), his address (giving number and street or R. F. D. number, town, county, and state), telephone (either home phone number, business place number, or number of neighbor), age in years (only in years, not in months and days).

Date of birth (month, day, and year), place of birth (town or county, and state or country), country of citizenship, name of person who will always know his address, relationship of that person, address of that person (number and street or R. F. D., town, county, and state), employer's name, place of employment or business (number and street or R. F. D., town, county, and state).

Each person helping with the registration must fill in the cards, writing in the information as given above. On the reverse side of the card, the helper must note the race, color of eyes, color of hair, any obvious physical defects, and complexion of the registrant. The approximate weight and approximate height must also be given.

Another card, smaller than the one which is filled in, will be given to the registrant, and must be signed by the registrant in the presence of the registrar. This card is to be carried by the registrant at all times to indicate that he has registered according to the law.

If an eligible person is sick, he may apply to the registrar through some other person, and the registrar may send a competent person to act as the registrar. The card either has to be mailed and brought to the registrar on the same day, and the registrant's certification card will be delivered to him.

If the eligible person is quarantined or too sick to be registered on Registration Day, he may either present himself before a local board, or notify the board, as soon as he can be registered. A physician's certificate or other competent evidence shall be necessary to prove valid cause for failing to register on the proper day.

If a person is not in his home precinct on the day of registration, he must register wherever he is, and his card will be sent to his home precinct.

R. C. Householder will act as chief registrar of Precinct No. 1 in Memphis, and his helpers will be A. Baldwin, J. E. Willeford, C. D. Denny, W. B. Russell, Jack Joyce, W. C. Davis, Chauncey Thompson, H. B. Gilmore, Carl Periman, and W. J. Bragg.

Firestone Uses African Rubber

Making another step in its work toward the establishment of an independent supply of crude rubber, The Firestone Tire & Rubber Company announces that, in addition to its steadily increasing output of synthetic rubber for commercial use, the company's plantations in Liberia, West Africa, during 1940 are expected to increase their crude rubber production of 1939 by 50 per cent. It is pointed out that the 1939 shipments were almost double those of 1938.

This rapid development of Liberian rubber production is regarded as important in national defense circles because of the unsettled status of the Dutch East Indies, major source of the world's present supply of crude rubber.

Preparing for further extension of its plantations, Firestone is installing the first section of a new 3,000 kilowatt power plant. The present plant turns over 25 per cent of its output to residential lighting in Liberia; the new hydro-electric plant will be used only for operation of crude rubber processing machinery and will begin operating in 1941.

Rubber plantations were started in Liberia by Firestone in 1927 with the acquisition of 1,000,000 acres under a 99-year lease. At the present time, approximately 70,000 acres are planted with rubber trees, half of which are now in production.

Despite this increasing supply of natural crude, Firestone is steadily producing more synthetic rubber and is building a new plant in Akron, Ohio, to be devoted exclusively to the production of this new product.

Mrs. Clarence Stroble and daughter Billy Jean of Idaho Springs, Colo., arrived Sunday for a visit with their parents and grandparents, Dr. and Mrs. J. W. Fitzjarrald. Dr. and Mrs. Fitzjarrald met them in Kansas.

Hail T. C. U. Sophomore as Mighty Mite of Southwest

By ART BRONSON

ALONG the sports trail: Southwest critics say Dean Bagley of Texas Christian is a good bet to wind up as the best of the mighty midgets ever to come out of the tough Southwest Conference.

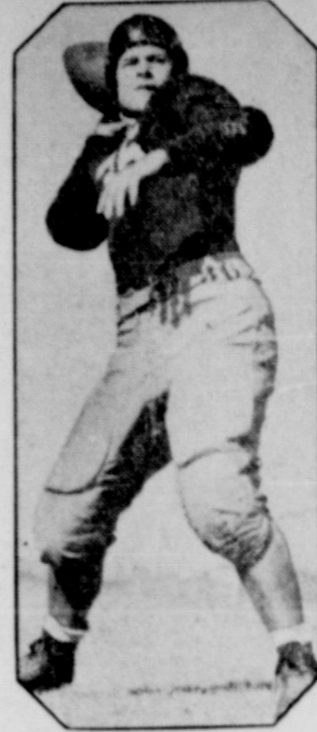

Even better than Bobby Wilson of Southern Methodist and Davey O'Brien, . . . Bagley, who led the nation's schoolboys in scoring three years ago, is a 150-pounder who runs, kicks and passes in amazing fashion.

Herb Hartman, Kansas guard, weighs 20 pounds less than he did a year ago. Reason: he peddled ice all summer so he could get under 200 pounds, as required for those passing the physical exam for the CAA flying course. . . . Frankie Battaglia, who retired from middleweight ranks three years ago, has returned to the ring around Los Angeles as Vic Balarian.

PHIL PACK, Michigan athletic publicity director for 16 years, has been given a leave of absence to pursue more serious duties as a lieutenant-colonel in the National Guard at Camp Beauregard, Louisiana. . . . Oregon, noted for its tall basketball teams, will have the tallest in its history this winter. . . . Sophomore Wally Borrevik is 6 feet 8 1/2.

Edgar (Special Delivery) Jones, Pittsburgh's crack junior halfback, is a better baseball pitcher than he is a footballer.

Plenty of major league clubs are trailing him. . . . Colorado fish and game department is appealing to out-of-state hunters to come in and help kill off deer and elk which number thousands more than the state wants. . . . Monk Meyer, former Army backfield star, is coaching the service team at Schofield Barracks in Honolulu.

Dean Bagley . . . another mighty mite who does everything.

AL BLOZIS, gigantic Georgetown shot-putter who broke all those world records this past season, is now tossing the opposition around from his tackle position on the Hoya grid team. Bill Terry, Oregon tackle, is the state's outstanding junior skier.

Pennsylvania football captains (this year it's Center Ray Erick) help Coach George Munger select starting lineups. . . . The 10-year-old son of Billy Werber, Cincinnati third baseman, shoots 18 holes of golf in the low 90s.

Children on Farms Healthy, But Still Have Handicaps

Specialist Gives Hardships Children Are Forced To Face in Life on Farms

Country life has always been considered wholesome and fine for children, nevertheless, some conditions still exist which make it difficult to provide children on the farm with a richer and more satisfactory life. This is brought out in recently published findings of the White House Conference on Children in a Democracy.

One reason the economic plight of many rural children is so serious is that in some areas there are twice as many children, proportionately, on the farm, as in the city. Dossie Hale, specialist in parent education and child development for the A. and M. College Extension Service, has pointed out. It is also true that city families have twice as much income as country families and fewer children.

Here are some of the handicaps rural people have to face in rearing their children:

Sections of the country which have the largest number of children in proportion to the population often have the last money to spend on their schools.

Less than half of all the coun-

FREAK COTTON BOLL IS EXHIBITED HERE

J. H. Kirby of near Lakeview brought a freak cotton boll to The Democrat office Wednesday. The burl has more than 20 partitions for cotton, where there are usually five.

Evidently the boll is a freak, otherwise it would take a 20-fingered picker to harvest a crop of this variety.

"I am 70 years old and have never seen a boll like it," Mr. Kirby stated.

Clovis Taylor visited his aunts, Mrs. Hayden Goodnight and Mrs. Cleron McMurry, here last Wednesday and Thursday. He was on his way to Vernon to visit his parents. He is an electrical engineer on the battleship U. S. Pennsylvania, which is now in Seattle.

ties in the United States have a full-time public health service with an adequate staff, and many country districts are without readily available medical service.

Despite improvement in recent years, relatively few farm homes yet have running water, electric lights, adequate heating facilities.

Recreational facilities for rural children are far from adequate. Regardless of these disadvantages, the rural family has much to contribute to its children. Self respect, as well as respect for others and a cooperative attitude are most likely to be acquired in childhood in a really democratic family, Miss Hale explains.

Vegetable Laxative With Proved Feature

The punctual, "satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

Seventy-Five Business Men Join High School Students in Mass Pep Rally

A mass pep rally of 75 business men and all high school students was held Friday morning at 9 o'clock. Yells, songs, and band music put pep and enthusiasm into all those attending the rally before the Shamrock-Memphis game.

The business men were picked up in town by the school buses and brought to the high school building, where they were given rousing cheers by the student body at a gathering on the south lawn.

W. C. Davis acted as master of ceremonies calling on various business men for their opinion of the score for the football game. The football boys and coaches were introduced and the visitors shook hands with each boy.

Mr. and Mrs. Carr Are Given Supper

MEMPHIS CYCLONE READY FOR McLEAN TIGERS

The Cyclone team is in fair condition for the game with the fast McLean Tigers Friday night.

The Cyclone have been somewhat handicapped for the past two games due to injuries, but most of the men are in good condition for the game with McLean.

The Cyclone are determined to win this game for it means they are still in the running if they move the undefeated Tigers down a notch. It is early in the season and victory Friday night would give the Cyclone a great chance to overcome the loss they received from the hands of the Shamrock Irishmen in a thrilling ball game last Friday night.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained an Attractiveness
Gained a Shapely Figure

When your bowels and kidneys fail to perform their work correctly your system cannot throw off the waste materials and digestion becomes deranged—you lose energy and activity. Perhaps before you realize it you're losing your appeal and getting objectionably fat.

Take one-half teaspoonful of Kruschen Salts in a glass of hot water every morning; cut out pastry, fatty meats—and go light on potatoes, butter, cream and sugar. In three weeks get on the scales and see how many pounds of fat have vanished; notice also that you have gained in energy—your skin seems clearer and eyes brighter—you feel younger in body and keener in mind.

Get a bottle of Kruschen Salts—plain or new effervescent—sparkling—pleasant, at leading druggists everywhere; lasts 4 weeks and is inexpensive.

REGISTRATION DAY

NEXT WEDNESDAY will not be a national holiday but it will be one of the most unusual days the citizens of the United States have ever experienced.

Next Wednesday, October 16, is the day on which all men between the ages of 21 and 35 years, inclusive, will register for the United States' first peace-time draft.

Registration will be held in the places for regular election balloting. In Memphis, the registration will be held in the courthouse for Precinct Nos. 1 and 13. The other precincts of the county will register those men in the age group in their respective boxes.

Every male citizen of the United States, and every male alien who has declared his intention of becoming a citizen, must register, regardless of physical defects or conditions of dependency. The registration booths will be open from 7 o'clock in the morning until 9 o'clock at night.

The registration form includes questions on the registrant's name, age, mail address, telephone number, employer's name and address, place and date of birth, citizenship, and the name of a close relative of each registrant.

Each registrant will be given a certificate, which should be carried at all times, to prove that he has registered.

All registrants will then be classed according to his availability for a year's military training. Class I will be those who are immediately available; Class II will be those whose service is of great importance, such as workers in munitions plants; Class III will be those who will be on the deferred list because of dependents; Class IV will be those whose service is undesirable on moral, physical, or other grounds, or because the law defers them, such as ministers.

The classification will be done from answers to questionnaires sent to each of the registrants. Help in filling in the blanks may be obtained from the Local Advisory Board, to be named later. If a registrant desires to be placed in a deferred status, he must make his application for the deferment when he answers the questionnaire.

The actual drafting will be done later. All registrants are to be given a number, and if their number is drawn, they must report for the training. It is possible that examination may reveal what are termed undesirable qualities after the person has been drafted and he will not be subject to the year's training. These undesirable qualities may be either physical handicaps not found in the first examination, or some other handicaps.

The first group will probably report for training about November 15. By January 1, a total of 400,000 are to be in training. At no time, the law stipulates, are more than 900,000 to be in training, meaning, of course, that 900,000 each year are to be trained.

At the end of the year's training, the draftee may return to civilian life, although he will be subject to call for active service for 10 years, or until he is 45 years old. His employer before he entered the training is obligated to take him back into his business if at all "reasonable."

Enrollees will receive transportation to the training camps by the government.

The selective service plan is a broad and detailed one, and should be understood by every American. There cannot be too many explanations, because of the many different questions which may arise. No American citizen can injure himself by a thorough study of the plan.

WELCOME, DELEGATES

IT'S A BIG affair the First Methodist Church in Memphis is playing host to this afternoon and tomorrow, and we should all feel proud that this city has been chosen as the meeting place of the annual session of the Woman's Society of Christian Service of the Northwest Texas Conference.

Delegates from all over Northwest Texas are present, and Memphians should make it a point to show these men and women that this is, truly, a "friendly city."

The Democrat joins the other Memphis business houses and all citizens in extending the glad hand of fellowship to the many delegates who are visiting with us today and tomorrow.

THE HOMING INSTINCT

NEWLIN

By MRS. FRED HEMPHILL

As Follows:
There has been a lot happening in this vicinity recently—a wedding, a shower for another bride, a new grocery store opening, church activities, P.-T. A. Tacky party, gin report, a lot of visitors, and some sick folks. Some of this should have been sent in last week, and I won't be a "tattler" and tell you why it wasn't, but I will say this much—there surely are not any women on The Democrat staff, for we WOMEN don't have to have a string tied around our finger to remember what we are supposed to do!

Lawrence Pavillard
Nuptials at Lawton
Miss Geraldine Lawrence, youngest daughter of Mr. and Mrs. D. W. Lawrence, became the bride of Ralph Pavillard in an impressive ring ceremony read by Rev. Orion C. Reed, Baptist minister, in Lawton, Okla., Wednesday evening at 7:30 o'clock.

The young couple were attended by the bride's brother and wife, Mr. and Mrs. O. B. Lawrence, and two other couples. The bride was attired in a sheer crepe navy dress with black accessories. After the wedding, the bridal party was honored with a dinner party at the Warren Hotel, where the guests were seated at a table centered with an arrangement of flowers carrying out the bride's colors.

Mrs. Pavillard is a graduate of Esteline High School of the class of 1938, and attended Druggan's Business College of Wichita Falls. Mr. Pavillard is the son of Mr. and Mrs. Tom Pavillard of Lindsey, Okla., and a graduate of Lindsey High School. He is a member of the National Guard stationed at Fort Sill.

The young couple will make their home in Lawton for the present.

Mrs. Wayne Adams Honored
With a Shower
Mrs. T. E. Davis and daughter Mary Nell honored Mrs. Wayne Adams, who before her recent marriage was Miss Dorothy Lee Rawls, with a miscellaneous shower at their home Tuesday afternoon, October 1.

The guests registered in the bride's book. After playing games, the bride was presented a number of gifts.

Refreshments of cake and punch were served to Mrs. Wayne Adams, Mrs. Elvis Lowery, Mrs. J. C. Webster, Mrs. Claude Fowler, Mrs. John T. Duncan, Mrs. Lloyd Fowler, Mrs. Fred Hemphill, Mrs. Mack Jones, Mrs. E. A. Adams, Mrs. Dee Walker, Mrs. E. O. Shepherd, Mrs. Odell Rawls, Mrs. Wyman Davis, Mrs. Howard Witherspoon, Mrs. T. E. Davis, Mary Nell Davis.

Sending gifts were Misses Rebecca McCarne, Willie Mae Jones, Wanda Davis, Ima Jo Jones, Juanita Knight, Retta Collins, Betty Cheves, Billy Lois and Doyle Walker, and Mrs. C. H. Cheves, Mrs. Cessar Fowler, Mrs. D. W. Lawrence, Mrs. Fred Hemphill, Mrs. James May, Mrs. Fred Berry, and Mrs. Ben Moore.

Mothers Club Meets
Mrs. Bill Kesterson entertained the Newlin Mothers Club at her home in Memphis Thursday of last week, with Mrs. A. O. Phillips as co-hostess.

Guests arrived at 10:30 o'clock with covered dishes for the luncheon, which was served picnic style. The day was spent quilting a quilt for the hostess. Two gifts were auctioned, bringing \$1.20. The next meeting will be with Mrs. Sidney Koeninger in

November. Fourteen members were present.

Church Activity
Rev. Alton Vaughan filled his regular appointment here at the Methodist Church Sunday. Announcement of the 4th Quarterly Conference to be held October 13 at Hulver, was made. Women of the W.C.S.C. are to attend the district meeting to be held in Memphis this week. The Newlin auxiliary met with the federated W.M.S. at Hulver September 30, which meets every 8th Monday. Mid-week Bible study meets at each church successively.

W. L. Crabtree Suffers
Eye Injury
W. L. Crabtree spent last week in an Amarillo hospital for treatment of ulcers in his right eye, apparently caused by dust from a building he has been repairing. He returned to his home Saturday, but went back to Amarillo for another week's treatment. He was accompanied by Mrs. Crabtree.

New Grocery Opens
Cheves Cash Grocery, operated by O. L. Cheves of Willow Point, was opened for business Tuesday morning in the building formerly operated by J. E. Townsend. Mr. and Mrs. Cheves moved here the past week to make their home. They are the parents of Superintendent C. H. Cheves, and Mrs. Jack Sutton of Gilpin. Will Picture will operate a meat market in connection with the grocery, and will handle all kinds of fresh meats.

Newlin Gin Report
With the largest cotton crop in this immediate vicinity for the past few years, the Newlin Gin is operating 12 to 15 hours daily. A total of 230 bales have been ginned in three weeks, and it is expected that 1,000 or more bales will be ginned. Only 500 were ginned here last year.

P.-T. A. Plans Fun for All
Plans for an old-time "Tacky Party" for the entire community were made when the program committee for the local P.-T. A. arranged for the monthly program. A regular program will be given in connection with the party, to be held Thursday night, October 17. "Comers" and "Go-ers"

Miss Mary Anne Nelson returned to her home here after spending a week with her aunt, Mrs. O. E. Morgan of Wichita Falls. Mr. and Mrs. Jim Nelson of Spade spent Sunday here with relatives. Mrs. Nelson remained for a week's visit.

Mr. and Mrs. G. R. Evans and children, Moena, Ruby Jean, and David Ray, moved last week from here to Memphis, where they will make their home.

Sam L. Smith returned to his home here after a three-months stay in Chicago, where he has been taking medical treatments. He is much improved.

Leon Townsend spent Saturday and Sunday here en route to his home in Bowie. He has been in Los Angeles for the past few months.

J. R. Nelson, who has been ill for the past two weeks, is reported some better.

Miss Alice Mayo returned to her home here after a few weeks in San Angelo, where she has been employed.

Mr. and Mrs. A. A. Odom visited Mrs. Odom's father, L. B. Kercheville, at the home of Mr. and Mrs. John Chaudoin in the Parnell community last week. Mr. Kercheville has been sick for the past few weeks, but is some better at this time.

Warren Crawford left last week for Los Angeles, where he will visit his brother and family, Noble Crawford. He will also be employed there. He was accompanied to Amarillo by his parents,

Rev. and Mrs. L. J. Crawford, and his wife, and a sister, Miss Juanita Crawford.

Mrs. C. A. McElroy is visiting her mother, Mrs. Rhoda Nelson, this week.

The Childhood of Jesus

The International Uniform Sunday School Lesson for Oct. 13.
Text: Luke 2:40-52

GLIMPSES into the babyhood and childhood of Jesus give us appreciation of His real humanity, to complete the fullness of the Gospel revealed in His mature life, His teaching, and His death and resurrection.

The strong emphasis upon the divinity of Jesus has sometimes obscured the fact that that divinity was revealed in humanity. We could not have had a real incarnation if the earthly life of Jesus had not been in harmony with the laws of birth, life, and growth from the cradle to the grave.

Here in the opening verse of our lesson, we have this emphasized. Luke is writing of Jesus as a boy of 12, and he sums up the years between babyhood and that age with the record that "the child grew and waxed strong." As Jesus grew physically, so He grew in wisdom, and as Luke says, "The grace of God was upon Him."

NOW Luke gives us a vivid picture of this boy of 12 in action—a picture that far more effectively than any description emphasizes His remarkable nature.

And yet, it is not at all an abnormal picture. The parents of Jesus, as was the custom, had gone to Jerusalem at the Feast of the Passover. The boy must have been thrilled with his visit to the city. He saw and heard a great deal to interest Him, but above all things He had come to the city of the Temple and He had come with the zeal of a youth, precocious in his religious interest.

The parents of Jesus had started on the return journey and had gone a day when they realized that Jesus was not with them. They were not anxious because they supposed that He was among some of the company, for

evidently they had come to Jerusalem with mission as their aim.

But when they did not find Him, they turned to Jerusalem, and He was sitting in the temple teaching.

It is a moving picture we have here. If it were a picture, we should be startled at the presence of a boy of 12, but even the grace of God upon the young lad of Nazareth, in the midst of the temple, would not be in any way doing anything unusual or out of the ordinary.

The teachers might be willing to keep Jesus but He was a dutiful son of an inspired man. He was as the lesson says, "subject unto them," but we might remember these sayings and ponder in her heart.

So our lesson comes to an even stronger word with which it began, "advanced in wisdom and in favor with men."

WHEN His parents had returned, His mother spoke of the depth and feeling of "Know ye not that I was my Father's house?"

It was not necessary to Him. The one thing that would not be in any way doing anything unusual or out of the ordinary.

The teachers might be willing to keep Jesus but He was a dutiful son of an inspired man. He was as the lesson says, "subject unto them," but we might remember these sayings and ponder in her heart.

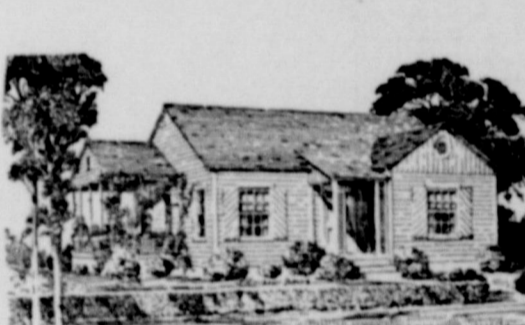

So our lesson comes to an even stronger word with which it began, "advanced in wisdom and in favor with men."

Conscription Registration Brings National Quiz Bee

Some 400,000 young men will soon shoulder arms in the conscription army. Inset shows Newton D. Baker, then secretary of war, selecting World War conscripts' numbers from draft bowl.

SIGNING of the conscription bill that brings registration of 16,500,000 young men between 21 and 36 on Oct. 16 has probably inspired more questions than have been asked on any 10 radio quiz programs during a given year.

There have been questions about registration, about the actual drafting, about insurance, about dependents, about physical condition, about payments on the new car.

Registration on Oct. 16 is not the actual drafting. . . . Registrants are given numbers at this time.

Official question and answer man on the draft law is Capt. Ernest M. Culligan, public relations officer of the joint army and navy selective service committee.

Utility Company Changes Slogan

Better times for West Texas are foreseen by the West Texas Utilities, which this month is changing its advertising slogan from "Invite a friend to West Texas" to "Invite a new business to West Texas—the land of Opportunity."

The company, according to Mack Wilson, local manager, anticipates a shifting of industry and business and believes that the Southwest will capture a good-sized portion of the flow from eastern commercial centers.

"We in West Texas have many advantages to offer most types of industry," he declared, "and it is up to all of us to help publicize the fact and secure new concerns which will bring new money to our community as well as consume more of our own agricultural products."

He mentioned West Texas' mild climate, "good clean air and plenty of space," cheap, ample supply of fuel and power, and superior

living conditions as being among assets which would prove attractive to business once "we build up the reputation of welcoming private initiative and enterprise."

The tendency toward widespread distribution of industry, he added, gives West Texas self-supporting and community-building business institutions.

The utilities company maintains an industrial department, headed by T. J. McCarty and R. M. Fielder, that devotes full time to work with business concerns either already here or seeking desirable locations.

The department has just completed a detailed survey of the region's mineral resources and now has available much valuable information on the location of numerous minerals, for which there is a wartime demand, such as magnesium and iron ore.

Parnell Youth Aids in Playing Host To President as Corporal in Marines

That life in the U. S. Marine Corps is not all deck-scrubbing is apparent in a story in the Amarillo Times of September 26, which tells some of the life of Corporal Joe L. Mothershed, former Parnell youth, since he joined the corps in February of 1937.

"Corporal Mothershed," the Times story stated, "has been furloughing at Parnell with his parents, Mr. and Mrs. R. N. Mothershed, and during his brief stay caught the fancy of several other youths of the community who are expected to follow into service."

"While still in his first year he went on maneuvers aboard the floating fortress (U. S. S. Houston) and on the following year was on deck at San Francisco when the President came on board. . . . Corporal Joe emerged. . . with the President's autograph on his certificate showing that he had crossed the equator, and wouldn't part with the signature for two months' furlough in Hawaii. . . ."

"In 1939, Corporal Mothershed was on hand when the President again came aboard for his annual fishing jaunt and the Panhandle boy had good opportunity to study the Executive, as part of the escort boat which stood guard while the official party tried its lures on the deep sea habitues. . . ."

"In addition to his corporal ranking, Joe is a gun captain of a 5-inch anti-aircraft unit, directing a gun which at one time set a fleet record."

"Today he is heading for the coast where he will board the Houston, head for Hawaii, Midway Island, Guam, The Philippines, Hong Kong, Tientsin, and finally Shanghai. In Shanghai the Houston will become the flag ship and the U. S. S. Augusta will return to the United States."

A good furniture wood should be hard and strong enough to resist normal stress and strain, yet soft enough that nails and screws won't split it; resistant to denting under ordinary use; an attractive figure, able to take strain without spoiling its natural appearance; and resistant to warping, swelling and shrinking, says an article in the Department of Agriculture publication.

Business Better? Food Stamp Plan Shows Less Blue Stamps Given Free

The first nine months of 1940 may not have been prosperous ones to many citizens, but at least there is more prosperity now than in the early part of the year, according to a report of the business done by the officials of the FSCC food stamp plan, in operation in Hall County since January 15 of this year.

orange stamps, which are good at their face value in local grocery stores. With these orange stamps are given blue stamps, equal to half the value of the orange stamps bought.

In addition, certain families who are certified as unable to buy any stamps at all are given blue stamps free of charge.

During the first 15 days the plan was in operation—from January 15 to January 31—a total of \$2,118 worth of blue stamps were given away. During the past month, September, only \$1,991 worth of the blue stamps were given away to families unable to buy stamps.

This means, of course, that \$127 less in blue stamps was given away during the month of September than during the 15 days in January—an indication of more prosperity.

The month of June found more blue stamps only being given away than during any other complete month, when \$2,793 worth of the stamps were given. The following month, July, was next with \$2,653.

The food stamp plan, when first inaugurated, was accepted rather slowly by those eligible to buy the stamps, but is gradually showing more activity in the county.

Only on two occasions has there failed to be an increase in the number of orange stamps sold. This was the case in April, when sales fell \$52 below March; and in June, when sales fell below May by \$182.

A total of \$98,740 in both orange and blue stamps have been

strength with the Tigers is not known. Justice is also a backfield man.

The Cyclone team has won one conference game, that with the Lakeview Eagles, and lost one, that to the Shamrock Irishmen. The Memphians were downed by Paducah in a non-conference game, and won over the Mobeetie Hornets in another non-conference tilt.

McLean, listed as one of the strong contenders for the conference crown this year, downed Lakeview 50 to 0, in the Tigers opening conference battle last Friday night. The Tigers had previously lost two non-conference games.

Mathematically, the Tigers are much stronger than the Cyclone, since the Memphians downed the Lakeview Eagles only 12 to 0.

The Lakeview-Memphis game, however, is usually one of the hardest-fought battles of the season, since both are Hall County teams.

Lakeview will meet the Sky-rovers at Wellington in the fourth conference tilt for the Eagles. Wellington downed Wheeler 7 to 6 in the Rockets lone conference game, while Lakeview has lost three conference tilts, one to Memphis, one to Wheeler, and one to McLean.

Probable starters for the Cyclone are as follows: Glen Stilwell, rg; Floyd Melton, rt; Boyce Bruce, rg; Louie Grimes, c; Lois Kerr, lg; Cecil Evans, lt; Joe Edwards, le; Earl Foster, Ted George, Bobby Lindsey, and Billy Jean Morris, backs.

Shower Is Given At Parnell Church For Mrs. J. May

A shower was given Friday of last week at the Parnell church for Mrs. James May, who before her recent marriage was Miss Dorothy L. Lott.

Hostesses were Mrs. Earlene Trapp, Mrs. Carl Hill, Mrs. George Weatherly, Mrs. Farge Winn, and Mrs. J. Franklin.

A song, "Ships Sails," by Mrs. Bill Orcutt. After the gifts were presented, refreshments of hot chocolate and cakes were served to about 30 guests. Several who were not present sent gifts.

Corby May presented them with a horse and a milk cow, and started them to farming on a place he bought in the Harrell Chapel community.

Methodist Class Meets in Home of Mrs. Roy Guthrie

The Anne Hicks Sunday School Class of the First Methodist Church held its regular monthly meeting in the home of the teacher, Mrs. Roy Guthrie. Mrs. Dub McCreary was hostess.

After a short business meeting, the evening was spent in piecing the quilt which the class is preparing for sale. Mrs. McCreary served assorted candies as refreshments.

AUXILIARY TO MEET

The American Legion Auxiliary will meet in the home of Mrs. W. L. Wheat Friday afternoon at 3 o'clock. It was announced this week.

KERR-LESTER

Miss Bonnie Kerr, daughter of Mrs. Pearl Kerr, and Grady Lester, son of George Lester of Memphis, were united in marriage September 9 in Lubbock. They are making their home in Brownfield.
