Testimony Given In Dr. Boaz Trial

AS RAIN STOPS, SO DOES COTTON

Testimony in the case against Dr. E. H. Boaz, that indictment made of assault with intent to murder C. B. Hume, was still being taken at 11:15 o'clock this morning.

After all testimony is made, both the defense and prosecuting attorneys will make their pleas before the jury leaves the courtroom. District Attorney John Deaver is the prosecuting attorney, and defense attorneys are Clem Calhoun of Amarillo and Ed Heiser of Wichita Falls.

Jurors for the trial were selected Wednesday morning, and the trial was begun shortly after. Court was adjourned Wednesday afternoon, and was called again this morning.

Earlier in the week, V. H. Sidle was declared not guilty of a charge of disposing of mortgaged property. No other criminal cases have been tried.

Three indictments were returned by the grand jury against Dr. Boaz, the Hume case, and two other charges of assault with intent to murder W. C. Anderson and G. C. Baskerville.

The cases grew out of a shooting affray which occurred at the Boaz home last March.

Jurors in the Boaz case are M. E. Dunn, J. K. Gueat, Paul McCanne, W. P. Koening, J. L. Benham, Dock Bell, Dot Webster, Ward Gurley, Tom Spry, L. E. Jenkins, W. E. Beckham, Y. Z. Smith.

Lakeview Chapter Of FFA Second in Tri-State Exhibits

The Lakeview chapter of the Future Farmers of America strutted its stuff Monday at the Tri-State Fair in Amarillo and carried off the prize for second place with their educational exhibit. The Wellington chapter won first place.

Winning of second place gives the Lakeview chapter the right to enter, along with the Wellington chapter, the contests for FFA boys at the State Fair in Dallas next month.

The Lakeview chapter, in addition to a cash prize, will receive a banner for taking second place honors.

The importance in building soil fertility was stressed in the Lakeview booth, which presented two miniature farms, one of which had been contoured and properly farmed and the other which was badly eroded.

The Memphis FFA chapter, although not placing in the top three, sponsored a booth which illustrated the comparative advantages and disadvantages of hand feeding versus self feeding.

M. A. Mullins Rites Held in Memphis

Funeral services for Meady Alford Mullins, 63, were held at Fairview Cemetery Wednesday morning, with Rev. E. L. Yeats, pastor of the First Methodist Church, conducting the rites.

Mr. Mullins has been ill for a number of months, and died Monday afternoon. Burial was in Fairview Cemetery with King's Mortuary in charge of arrangements.

Survivors include one brother, Joe Mullins of Pampa, who was present at the funeral.

'N. B.' Writes Home As CONSCRIPTION TIME DRAWS NEAR

Dear Mom,
Well, it won't be long now Mom, until I'll be taking off for parts unknown.
At any rate, Mom, the bill has been passed. If I go, I'm to get \$21 a month for awhile and then get my pay raised to \$30 if something doesn't go wrong. Maybe I should have got married long ago. I notice by the papers that married men may not be conscripted—that is, for a while anyhow. But gosh, just think of that trip to the Philippines I would have missed.
There's been quite a lot of talk going on in Memphis the last few days concerning the draft—in fact, the drying-up cotton has been forgotten temporarily.
Some of the boys are wishing they had married, others are just commenting, and still others can hardly wait. And the "inclusive" group (that bunch who are just 35) are feeling as if they were born just one year too late.
Well, Mom, I'll try to get around to writing again before I leave for the army, but, you never can tell, my next letter may come from the Philippines, Alaska, or Hawaii—whoo, whoo!
Your ever-lovin' son,
N. B. TWENAGE

LOAN RATE OF COUNTY COTTON IS 9.34 CENTS

15-16 Inch Middling Is Set as Base for Determining Rate

Hall County cotton farmers, who produce middling cotton of 15-16 staple length, may place their 1940 crop under government loan at 9.34 cents a pound, J. C. Thompson, secretary of the Hall County AAA committee, announced this week. Loans will be available until May 1, 1941.

Loan rates for all eligible grades and staples have been established by the Commodity Credit Corporation. They are on a net-weight basis, which makes them average 40 points over commercial quotations. Premiums and discounts vary with each grade and staple length, Thompson said. (Continued on page 6)

High School Lunch Room Is Officially Opened for Year

Official re-opening of the Memphis High School cafeteria was held Tuesday at noon under the supervision of Mrs. Gene Barnett.

The tables, under a new arrangement, have been moved into the hall between the old and new gymnasiums to accommodate better the students, it was explained.

Anyone who has beans, peas, watermelons, okra, squash, or any other foodstuffs growing in the fields and gardens are urged by Mrs. Barnett to send them to the school where they will be served to the school children. Donations of food by parents may be applied on the cost of meals to children.

The cafeteria last year was unable to care for all the students who sought the meals. Balanced diets are provided at a minimum cost.

Similar lunch projects have been appropriated funds by WPA over the entire Panhandle. The lunchrooms are intended primarily to prepare and serve lunches without cost to needy or undernourished children who are certified by school authorities as eligible to receive the lunches.

Conducted Services Here
In May; Funeral Rites Are
Held at Clarendon Church

Rev. G. S. Hardy, 78, pioneer Methodist minister of the Panhandle, died early Friday morning of last week at the home of a daughter, Mrs. M. R. Allensworth of Clarendon.

Rev. Hardy, at one time president of Clarendon College, conducted services at the local Methodist Church one Sunday in May, when the church was observing its 50th anniversary. He was well-known in Memphis, and had a number of friends here.

Funeral services were held at the Clarendon Methodist Church Friday afternoon, with Rev. E. Landreth of Lamesa, Rev. T. Palmer, presiding elder of the Clarendon district, and Rev. H. C. Gordon, Clarendon pastor, conducting the rites. Burial was in Sweetwater Saturday.

Rev. Hardy, who was born in Russellville, Ky., came to Texas as an attorney and student of law, opening offices in Burk Burnett. He entered the ministry 45 years ago, and was at one time presiding elder of the largest Texas Methodist district. He made his circuit from Childress to Texline and Lubbock in a horse-drawn buggy.

He served as minister or presiding elder at Margaret, Quanah, Childress, Clarendon, Plainview, and Sweetwater, and was president of Clarendon College in 1904-05.

Local Hi-Y Boys to Go to Conference

Members of the local chapter of Hi-Y boys are planning to attend the Ceta Canyon conference of the Panhandle Hi-Y Saturday, September 28. The conference will be held September 26-29.

The program for the conference will be in two parts, Harold Nichols, district YMCA manager, said this week. The first part will consist of addresses by outstanding men, and the second will deal with Hi-Y work, installation of new members, and similar activities.

Addressing the conference will be Dr. S. H. Condon of WTSC at Canyon, Bishop E. C. Seaman, and District Judge John B. Honts of Dalhart.

Robert Devin and Jack Jarrell, local Hi-Y sponsors, will also attend the session, and Jarrell will lead a discussion on the "Relationship of the Hi-Y to the School."

\$86,000 in Cotton Checks Now Here

Another shipment of parity checks arrived last Saturday morning to bring the total amount received to \$86,322.57, J. C. Thompson, ACA secretary, said this week.

The checks, 333 in all, aggregated \$29,944.99. The number of checks now received is 965.

Still more applications are being sent weekly to the state office, and additional checks are expected to arrive at any time, it was explained. Farmers are being notified as their checks arrive.

JONES, FOXHALL WIN IN TOURNEY

Boone-L. Foxhall to Play Springer-Tarver in Finals Of 2nd Flight of Linkens

O. B. Jones and Frank Foxhall won top honors in the first flight of the second Scotch golf tourney of the year Sunday when they defeated R. S. Greene and Murray Dial 6-5.

Finals of the second flight have not been played, and will be between Jack Boone and Leslie Foxhall, and Floyd Springer and Mac Tarver.

Foxhall and Jones reached the final rounds by successively defeating R. S. Greene and C. O. Davenport, and Ed Foxhall and Jim Vallance.

Greene played in the final rounds with Dial, when Dial's partner in the other matches, Tom Bob Harrison, was forced to leave for college before the final rounds came up. Harrison and Dial had defeated Carl Harrison and Herschel Montgomery and then downed Carl Harrison and Jack Norman (O. B. Smith, regular partner of Norman, was out of town when the match was scheduled).

Norman Heath of Ozona Is Elected As Band Director

Graduate of Texas Tech Succeeds James W. West, Summer Band Director

Norman Heath, band director at Ozona for the past year and a half, has accepted a similar position at Memphis High School during the coming year, it was announced this week.

Mr. Heath, who was employed at Merkel High School before going to Ozona, assumed his duties at the Memphis High School Monday morning. He succeeds James W. West, who resigned recently to accept a position at Iraan.

A graduate of Lubbock High School, Mr. Heath attended Texas Tech at Lubbock. He majored in music there, and took a minor in mathematics and education, receiving his bachelor of science degree in 1938.

While attending high school, Mr. Heath was a member of the Lubbock High School Band, and studied music under Tech Band Director Wiley for four years while in college.

The Ozona Band, which was composed of 45 students, entered band contests in Odessa and Abilene last year. Mr. Heath's major horns are the cornet and French horn.

Former Telephone Man in City Dies

Lee Posey, former telephone company manager of Memphis and Lakeview, died last Friday morning at Sulphur Springs. He had been ill for two or three months.

Funeral rites were held at the Myra-Wilson Chapel in Sulphur Springs, and burial was in the Peerless Cemetery.

Survivors include his wife and two daughters.

Mr. Posey lived in Memphis about 15 years ago. He visited here two years ago.

Methodist, Christian Church Members Hear Rev. Cargill's Farewell Sermon

Rev. E. C. Cargill, who will fill the vacancy left when Dr. J. A. MacMillian resigned. The Presbyterian minister was pastor of the church at Seymour for 14 years before coming to Memphis. He was active there in both civic and religious work.

He was formally installed as pastor here in March of 1937 when installation services were held. Before moving to Memphis he had been a member of the Wichita Falls presbytery, and was accepted into the Amarillo presbytery at the installation services.

Rev. Cargill made known his intentions to resign several weeks ago, and gave his formal resignation Sunday, September 8, at the regular church services.

The Presbyterian minister had made a large number of friends during his pastorate here, it has been pointed out, and numerous people have expressed their regret at his resignation.

Rev. Cargill came to Memphis in October of 1936 from Seymour

Fall Due Sunday— But Hot Weather Still in Memphis

Summer will soon be over, whether you realize it or not, for fall officially opens Sunday.

Sunday will mark the date when the sun crosses the equator in its southward journey, and that means, for some reason or other, that fall is here.

Along with the fall season comes the starting of the gins in the county, and they got a little head start on fall. Some of the gins are operating, even at night, and a haze of smoke can be seen in Memphis part of the time.

The weather is still hot, however, fall or no fall, and the autumn leaves have not starting falling.

RAISE MADE ON TWO DIVISIONS

Consolidated Precinct North of River to Have No Road Bond Tax in '41

An increase of two cents in the county-wide tax rate for Hall County was announced last week following a meeting of the commissioners court. The county tax rate is now 82 cents per one hundred dollars valuation.

The increase comes with a raise of one cent on the courthouse and jail fund, and one cent on the jury fund. The courthouse and jail fund tax is now nine cents, while the jury fund is now six cents.

Along with the announcement of the increase of two cents in the county-wide tax came the announcement that no road bond tax will be assessed in the consolidated precinct north of Red River during the coming year. The tax last year was 25 cents per one hundred dollars valuation, and in 1938 was \$1.50 per one hundred.

The road bond tax in Precinct 3, which includes Estelline, was raised from 70 cents to \$1, due to a large number of bonds maturing in that precinct during the (Continued on page 6)

Three Businesses Looted; Draper's Burglarized of \$250

Prowlers Enter Wooten, Waples-Platter; Papers Stolen from Draper Safe

Three Memphis business houses were burglarized Thursday night of last week, although only one, Draper Grocery, was looted of anything of value.

Approximately \$250 in cash and checks, most of which was cash, was taken from the safe of the Draper grocery, M. J. Draper, owner, said this week.

The other two houses entered were the Waples-Platter Wholesale Grocery and the H. O. Wooten Wholesale Company. Both places were entered after the prowlers had pried open the front doors of each building.

The safe of the Waples-Platter company was damaged, the knob being knocked off. Nothing was taken, however, it was reported.

A large number of valuable papers were taken from the Draper Grocery safe, Mr. Draper said. The papers included about \$1,000 in notes and some insurance policies. Three checks were found on the floor of the store Friday morning.

The burglars entered the Draper store by prying open the rear side door. The knob of the safe was knocked off and opened. Two diamonds, which were being kept in an envelope in the safe, were overlooked by the burglars, Mr. Draper said.

Harrison to Serve In School Offices

Tom Bob Harrison, son of Mr. and Mrs. T. M. Harrison of Memphis, will serve in several official capacities this year at Texas A. and M. College, where he is a student.

Harrison will be one of the two assistant drum majors for the Aggie Band, which consists of approximately 200 members.

In addition, Harrison will serve as assistant advertising manager of The Battalion, student newspaper of A. and M.

Massey Elected as Head of Firemen

Fire Chief R. A. Massey of Memphis was chosen as president of the Panhandle Firemen's Association at a meeting in Dalhart last week. Massey had been vice president for the past year.

W. V. Coursey, also of Memphis, was re-elected secretary-treasurer.

Present at the dinner were the honorees, Mr. and Mrs. A. Womack, Mr. and Mrs. J. C. Roberts of Abilene, and Mr. and Mrs. J. R. Butler and daughter of Lelia Lake.

Pick Coiffure By Your Party

Campaign coiffures, for ladies whose political enthusiasms have gone to their heads, are the latest fashion fad. Republican coiffure, top, features "ears" of hair at sides and trunk pompadour in form of French roll from crown to forehead. In Democratic coiffure, bottom, hair is combed high on sides and swirled into upstanding "ears," while center is brushed down into turned-under bang on forehead.

Mrs. Orvil Phillips Is Given Shower At Harrell Chapel

Mrs. Orvil Phillips, who before her recent marriage was Miss Mildred Richards, was complimented with a miscellaneous shower last Thursday afternoon at the Harrell Chapel school auditorium.

Hostesses were Mrs. T. L. Waddell, Mrs. Bill Longshore, Mrs. C. E. McCauley, assisted by Mrs. Wynnan Davis, Miss Evarene Willis, Miss Honoria Phillips, Miss Faye Jones, and Mrs. Jess Daniels.

The bride was escorted to her chair by her childhood friends. Miss Evarene Willis, accompanied by Miss Honoria Phillips at the piano, gave a program, relating a brief life story of a boy and a girl. The story was told in phrases from each of the several songs, which were sung in the following order: "School Days," "In An Old Dutch Garden," "I Love You Truly," "Lights Out, Sweetheart," "Those Wedding Bells," "St. Louis Blues," "The Story of Love," "Sonny Boy," "Silver Threads Among the Gold," and "Faithful Forever."

Guests registered in the bride's book and were served refreshments.

Present were Mrs. Roy Francis, Mrs. Faye Davis, Mrs. Wynnan Davis, Mrs. O. D. Phillips, Mrs. W. A. McClanahan, Mrs. Roy Widener, Mrs. E. O. Shepherd, Mrs. Clara Hodges, Mrs. Pearl Moore, Mrs. Alfred Hutcherson, Mrs. J. C. Spruill, Mrs. A. H. Bull Nettle Makes Good as Medicine

Somebody has finally got around to saying a good word for the bull nettle.

The "somebody" is two University of California scientists, who found that the plant contained a protein-digesting enzyme resembling pepsin in its action.

It is even more like the digestive compound found in the subtropical fruit papaya, known as papain. Papain has long been used as a medicine for indigestion, and it is possible that the new enzyme, which has been named solanain, may be useful in the same way.

It is also thought that solanain may find economic application in tanning and other industries, especially since it is more resistant to heat than other digestive enzymes.

Maybe Texas farmers will be planting bull nettles some day.

Adapting weapons of warfare to domestic needs, Forestry Service officials have announced that a new lightweight radio is being used by parachuting fire fighters for use in the National Forests. Tests made last year revealed the feasibility of dropping a crew of fire fighters from airplanes to put out small fires in inaccessible "smoke jumpers" in touch with their pilots.

cial advertising displays, banners and flags are being hung on the outside of the building.

The doors of the display room will be opened at 8 o'clock Saturday morning, Mr. Potts stated, and large crowds are expected to call during the day to inspect the new model.

Colt Show to Be Held at Childress

Invitation has been extended by V. E. Hafner, Childress county agent, to farmers and stockmen of other counties of this area to exhibit their colts at the colt show to be held there Saturday, September 28. More than \$100 in prizes are to be awarded at the show.

Special importance is placed upon the show this year because of the recent visit of two army officers here to inspect farms upon which will be placed two pure-bred stallions for free use of horse raisers of this area.

Importance of the colt show is shown by the fact the army officers said while here the army had difficulty buying horses, because most of the horses they inspect show they have not had proper care as colts.

No animals older than 30 months will be eligible to compete for prize money at the show. Those wishing to exhibit colts may secure further details by writing Hafner.

PERSONALS

Mr. and Mrs. S. A. Goodall and two daughters, Anna Mae and Jo, are visiting in the home of Dr. and Mrs. O. R. Goodall. Mr. and Mrs. Goodall are the parents of Dr. Goodall.

Mrs. J. L. Darby of Estelline was a Memphis shopper Monday.

Mr. and Mrs. Billie Morrow of Dimmitt spent the week-end in the home of her parents, Mr. and Mrs. Hollis Doren.

Mr. and Mrs. Wilson Morrison of Spur were Memphis visitors one day last week. Both are former residents of this city.

Maurine Thompson left Friday of last week for Dallas for a visit of a few days.

Jack Baldwin, Martha Thompson, Ann Fallmeyer, and Ouida Read were Clarendon visitors Friday night of last week.

Mrs. Ted Pilcher of Childress visited Sunday in the home of her parents, Mr. and Mrs. E. E. Walker.

Mr. and Mrs. W. B. Morrison and daughter, Miss Inez Morrison, spent a few days last week in Fort Worth in the home of Mr. and Mrs. John Chapman. Mrs. Chapman is a daughter of Mr. and Mrs. Morrison.

Jeanne Draper left Saturday for Lubbock to enroll in Texas Tech. She was accompanied by her sister, Martha Draper.

Dorothy Fultz spent last week-end in Fort Worth with Laverne Simmons. Miss Fultz and Miss Simmons were roommates in TCU last year. Miss Fultz was accompanied to Fort Worth by her father, Roy R. Fultz.

Lovena Moore was an Amarillo visitor Monday.

Jack Richards visited in Clarendon Sunday.

Joe William Whaley returned Sunday after a three-weeks visit in Marlin.

Mrs. L. L. Foreman and Miss Mary Foreman visited Mrs. Foreman's brother, J. W. Thresher of Seymour, last week-end.

Mr. and Mrs. J. P. Godfrey were Fort Worth visitors Thursday and Friday of last week.

Mr. and Mrs. Beauford Allen of Brawley, Calif., are visiting his father, C. C. Allen of near Parnell. The California resident was in Brawley last May at the time of the earthquake there. A number of business houses and several homes were wrecked during the quake, he said, although his home was not damaged.

Songs, Dances and Movies In Tune With U.S. Defense

Distinctly American "Liberty Parade" sets feet to dancing as national defense program swings into high gear.

CATCHY tunes and tricky dance steps speed up the nation's pulse as the defense program swings into high gear.

Just as in 1917 Tin Pan Alley came through with songs like "Over There" and "K-K-K-Katy," so the modern entertainment field turns out tunes and dances and movies in step with the sentiment of a country determined to preserve its liberties.

So far it has been an entirely spontaneous effort, not at all like the regimented propagandizing of Herr Joseph Goebbels' stooges in Nazi Germany.

It was introduced by Paul Robeson last November. Recordings by Robeson, Lawrence Tibbett and Bing Crosby have sold thousands.

HOLLYWOOD, too, is keeping in step with the national mind.

Already one film, "The Ramparts We Watch," has been released by a firm specializing in short subjects dealing with news subjects. Filmed with an entirely non-professional cast, it deals with the events which led to U. S. entry into the World War, and pleads for sanity in the present crisis.

As the nation prepares to adopt its first peacetime conscription law, the film capital has on the griddle, at least seven major movies which will deal with military subjects.

The titles alone show the way Hollywood is pointing: "Yankee Doodle Goes to Plattsburg," "As We Go Marching," "You're in the Army Now," "Flight Command," "I Wanted Wings," "50,000 Flyers," and "School for Soldiers."

Dancing, too, has gone patriotic. The Dancing Masters of America at their recent convention placed their stamp of approval on two distinctly American routines, "Liberty Parade" and "Plymouth Rock."

Authors have turned to war and defense as well. Literally scores of books published in the past year deal with the threat to America and the best ways of avoiding it.

Land Bank President to Show Motion Pictures at Farm Loan Meeting Here

A. C. Williams, president of the Federal Land Bank, will present motion pictures in natural colors showing agricultural practices in England, Norway, Sweden, Denmark, Holland, and Germany, at the annual meeting of the National Farm Loan Association at the high school auditorium in Memphis. These pictures are to be a feature of the program, according to M. E. McNally, secretary-treasurer of the association, and will be free to everyone. The meeting will be held September 27.

The pictures were taken by Mr. Williams, who made an extended cotton study tour of the countries of northern Europe in company with a group of students from Texas A. and M. college. During the showing of the pictures, Mr. Williams will discuss agricultural methods in these foreign countries and explain a number of interesting scenes.

Those attending the meeting will have an opportunity to compare the appearance of American cotton bales with those of other countries as they arrive in Liverpool and other cotton importing centers, Mr. McNally said. They will see how the cotton is handled on the docks and in the warehouses and then processed in the mills and manufacturing plants, as well as pictures of farming activities in foreign lands.

One hundred and thirty-six million acres are embraced by 246 soil conservation districts which have been organized in 29 states.

No Accidents in United Gas Pipe Line Co's Year

Meeting Held at Quanah Last Saturday in Honor of One Year's Perfect Record

Presentation of a Safety Award plaque honoring employees of the Wichita Falls district of United Gas Pipe Line company was made Saturday at Quanah, Robert Wetzel, district manager, announced Tuesday.

N. C. McGowan, president of United, made the presentation at 2:30 p. m. and Mr. Wetzel responded representing the 93 employees who were responsible for winning the plaque, first place award in Group No. 2 of the company's 1939 "No Accident" contest. Employees and members of their families were guests of the company at a victory barbecue starting at 5:30 p. m.

In winning this award a record of 383 accident free days and 165,058 consecutive man hours worked without a disabling accident was made by the employees of the district. Counties which comprise the Wichita Falls district are Archer, Baylor, Childress, Collingsworth, Donley, Hall, Hardeman, Willbarger, Wheeler, Wichita and Young.

Silverton Rodeo September 27, 28

Silverton this week sent a cordial invitation to the people of Hall County to attend the two-day rodeo there, Friday and Saturday, September 28 and 29. The rodeo is dated and planned as the closing event of the rodeo season in the Texas Panhandle.

Two snappy rodeo programs are planned—in the afternoons only. Nig Reid's rodeo pens and his tough Brahma stock have been obtained, and one of the provisions of his contract is that not a dull moment be on the program. Amateurs from all over the Panhandle are already sending for their entry blanks.

Each night there will be a square dance contest on an open air platform for old timers, and dancers, fiddlers, and callers are invited to take part.

Each night, too, there will be a rodeo dance, with music by the Hetrick's Rhythm Clowns of Amarillo. The dance will be held in the Silverton Ball Room, with the rhythmic floor.

Texas oilmen last year discovered two and one-fourth times as much oil as they produced.

Ranchmen of Southern Great Plains Build 1,026 Tanks in AAA Program

Dotting the relatively dry expanse of the Panhandle this year are more than one thousand little lakes which were not to be seen two years ago.

For under the 1939 Range Conservation Program, AAA records at College Station reveal, ranchmen in Extension Service District No. 1, composed of 22 Southern Great Plains counties, constructed 1,026 earthen tanks, moving 1,802,229 cubic yards of dirt in the process.

Here in Hall County, 55 of these tanks were constructed, and 109,638 yards of cubic dirt were removed in the process.

Tank construction, however, has been only one of the several practices widely used in this area under the range program.

The district's ranchmen, 998 of them in the program operating 6,442,406 acres of rangeland, earned \$442,805 of the \$527,270 available under the 1939 program. The maximum amount available for each ranch is determined on a basis of the range-land acreage and the grazing capacity of the land. Every cent the ranchman collects from the AAA for range improvement the work he has to earn by actually putting into effect conservation practices.

Under the 1939 program, ranchmen from District 1 accomplished the following: Reseeded rangeland by deferred grazing, 847,310 acres; reseeded artificially, 874 acres; contour listed or furrowed, 38,411 acres; contour ridged, 1,771,116 linear feet.

Dirt moved in construction of spreader dams, 14,901 cubic yards; dirt moved in construction of spreader terraces, 81,649 cubic yards; drilled 35,888 linear feet of wells for stock water; eradicated 80,097 acres of prickly pear and cactus; eradicated 1,817 acres of mesquite; constructed 466,780 feet of fireguards.

Participation in the 1940 program has been ever bit as good, if not better, than in the 1939 program, Charlie L. Thomas, state AAA committee man, has reported to the state office. All work to qualify for payments in 1940 must be completed by November 1, he pointed out, but those ranchmen who already have completed their work and earned their maximum range improvement allowances will be allowed to sign applications for payments in the near future. Earlier completion will result in earlier payment, he added.

Fifty-nine cents of each dollar earned by a Texas oil worker is spent with the retail merchants of his community. Of the remainder, 15 cents goes for rent, 15 cents for savings and insurance, 7 cents for public utilities and 3 cents for professional services.

Three million farm families of the nation, 53 per cent of them in the South, are trying to "keep soul and body together" on gross incomes averaging \$615 per year, says Howard R. Tolley, chief, Bureau of Agricultural Economics.

YOUR FUTURE Congressman?

It's HARD to tell... but EASY to pick a winning oil

YOU'RE STICKING YOUR NECK OUT, if you try to guess whether this young chap is headed for Washington.

True, he is already exhibiting signs of future political prowess. But experience has shown that some of the least likely candidates end up with high position, while school boy creators and class officers seldom rise to national affairs.

Easier than picking a winning politico is voting for a winning oil for your motor. This is why:

Of the many oils which Phillips makes, in various grades to match varying needs of cars and pocketbooks, we have set one apart as our best.

We say unconditionally and without reservation that **Phillips 66 Motor Oil is our finest quality**... the highest grade and greatest value... among all the oils we offer.

Pick a winning oil by pointing to the can marked with the **Orange and Black 66 Shield**, when you make the 1,000-mile change, as well as when you put in lighter oil for the winter.

...BUT WHY COURT-MARTIAL THE WHOLE REGIMENT?

There are bound to be one or two bad soldiers in every regiment. But why court-martial the whole regiment?

The same applies to beer retailing. Out of hundreds of thousands of wholesome, law-abiding beer retailers, there is bound to be a small minority who disobey the law or permit anti-social conditions.

To protect your right to drink good beer, the Brewing Industry wants even this small minority of undesirable retailers eliminated entirely. Beer is a refreshing, appetizing beverage—the beverage of moderation.

We want every beer retail establishment to be as wholesome as beer itself.

To that end, we have instituted a "clean-up or close-up" program—now in operation in some states and being extended to others. We'd like to tell you about it in an interesting free booklet.

Reds Feel More Confident For World Series This Year

BY ART BRONSON

IT makes no difference who the Cincinnati Reds play in the world series; one thing seems certain. The Reds are a better, more closely knit club than the one which folded before the Yankees in four straight games last October.

At that time the Yankees were riding at the top of the biggest crest of power any pennant team had ever enjoyed. It might not seem fair to say the Reds went into the series with a case of Yankee "jitters," but there were few—so very, very few—critics who gave the Rhinelanders even a fair chance.

The American League pennant chase this season between the Indians, Yanks, and Tigers proved there was no such thing as a super team in the league, and certainly it indicated the ultimate flag winner would fall far short of the Yanks' terrific power of 1939.

NATURALLY, it follows that the Reds would have a resultant gain in self-confidence, which is exactly what happened.

Bill McKeechne didn't even go to the trouble of scouting the top three American League teams. He concentrated on winning the National League flag first.

The way the Reds figure it, Bucky Walters and Paul Derringer, their two pitching aces, should be good for a game each against the American League entry, with Junior Thompson also a good bet.

Either Walters or Derringer coming back for a second fling can make it the necessary four.

THERE'S plenty of power in the Redlegs' attack. Big Frank McCormick, who very easily might be elected the most valuable player in the National

Mrs. Roy Guthrie to Review Novel At First Meeting of High School PTA

Mrs. Roy Guthrie will review "Abel Dayton," by Flannery Lewis, a novel pertaining to the problems of an adolescent boy, at the initial meeting of the Memphis High School P-T. A., to be held in the home economics room September 26 at 3:30 o'clock in the afternoon.

All mothers of high school students are invited to attend the meeting, it was announced, and are urged to attend.

Officers of the High School P-T. A. for the coming year are: Mrs. D. L. C. Kinard, president; Mrs. H. B. Gilmore, vice president; Mrs. Angus Huckaby, second vice president; Mrs. J. H. Smith, third vice president; Mrs. Theodore Swift, secretary; Mrs. D. J. Morgensen, treasurer; Miss Joyce Sheats, publicity chairman; Mrs. T. B. Rogers, parliamentary; and Mrs. L. M. Hicks, historian.

All new officers are to be installed at the initial meeting, it was announced. The program committee will have the year books ready for distribution.

Committees for the year are as follows:

Program—Mrs. H. B. Gilmore, chairman, Mrs. Roy Guthrie, Miss Rachel Deahl.

Finance—Mrs. Angus Huckaby, chairman, Mrs. Roy Fultz, Mrs. W. H. Patrick, Mrs. W. J. Bragg, Robert Devin.

Membership—Mrs. Henderson Smith, chairman, Mrs. Clyde Milam, Noah Cunningham, Mrs. Dean Morgensen, Mrs. A. J. Joyce.

Hospitality—Mrs. J. H. Morris, chairman, Mrs. Clifford Compton, Mrs. E. T. Prater, Mrs. C. L. Simmons, Mrs. W. C. Anderson.

Junior-senior banquet—Mrs. Horace Tarver, chairman, Mrs. W. B. Russell, co-chairman, Mrs. Louie Merrill, Mrs. E. T. Prater, Mrs. J. H. Morris, Mrs. William Hood.

In Texas, for every \$100 received by a farmer from regular farming operations, government payments amounted to \$21 in 1939.

Farm Income From Marketing Shows Increase Over 6 Months of Last Year

Farm income from marketing during the first six months of 1940 was up 296 million dollars over figures for the same period of last year.

The increase came from improvement in domestic demand, which more than balanced dwindling exports, T. R. Timm, economist of the Texas A. and M. Extension Service, states in an analysis of the USDA Bureau of Agricultural Economics report.

Some further improvement in domestic demand is indicated. No boom, no runaway prices are in sight—simply a sound advance stimulated by increased industrial production for national defense. Supplies of food and feed are more than ample.

The outlook for exports of farm products is very unsatisfactory as European markets which furnished an outlet for about one-third of U. S. exports of farm products are now closed. Cotton is hit worse than any other commodity.

Cotton growers, faced by a gloomy export picture, find some consolation in increased cotton mill activity in this country. Domestic mill consumption for the current marketing year now seems likely to reach 7,750,000 bales, an increase of almost a million over the 1938-39 total of 6,858,000.

The U. S. wheat supply for the current year is about the same as for last season—a billion bushels. An increase of around 25 million bushels in the carry-over is offset by a similar decrease in this year's crop. World wheat supplies appear to be from 100 to 200 million bushels less than a year ago, but holdings are still about double the normal export trade.

Mrs. May Speaks At Rotary Session

Mrs. Donald W. May was guest entertainer at the regular Rotary luncheon Tuesday noon.

Expert Suggests Home Short-Cuts

It is entirely possible for a homemaker to keep house for years and years and still waste a lot of time. Some short-cuts in food preparation to save time and energy and increase efficiency in the kitchen have been listed by Louise Bryant, specialist in home management for the A. and M. College Extension Service.

Here are some of her suggested kitchen tricks:

An egg beater solves the problem of lumpy gravy or cocoa. To soften brown sugar keep it in a covered container with half an apple or a carrot in it.

Toast your left-over bread and store the bread crumbs in fruit jars, where they will be handy for use in meat loaves and similar dishes.

Keep a supply of different size glass jars with covers to use as containers for left-over food in the refrigerator. These will take up less room than bowls and are easier to cover.

To remove the odor of fish from pots, utensils, and hands, wash them with a handful of salt in the dishwasher.

Have a kitchen file for recipes, menus, and wishes which your frequent guests like particularly or dislike. A small blackboard or bulletin board in the kitchen is convenient for notes to the family, chores to be done, market lists, and favorite radio programs.

Howard's Mother Dies in Lubbock

Mrs. Jim Pinkston, mother of Bill Howard of Memphis, died Sunday afternoon at her home in Lubbock.

Mrs. Pinkston had been in ill health for more than a year. She suffered a paralysis stroke Thursday of last week, and grew worse until her death Sunday.

Survivors include her husband, one son, Bill Howard, one daughter, Mrs. Ernest Bishop of Lubbock, two grandchildren, Gene and Betty McMurry, two brothers, Jack Walls and Dick Walls, three sisters, Mrs. Ed Putty, Mrs. Mark Dorset, and Mrs. John Sechrist, all of Lubbock.

Mr. Howard attended the funeral services Tuesday afternoon at the home of Mrs. Pinkston's sister, Mrs. Putty of Lubbock. Burial was in the Lubbock Cemetery.

Loan Rate—

(Continued from Page 1)

For example, the rate on middling 7-8 inch cotton is one-fourth of a cent less than for 15-16 middling, on which the loan rate is based, while one-inch cotton of the same grade will bring one-fourth of a cent more. Middling 1-1.8 inch cotton is one and a half cents above the basic rate.

In the same manner, strict middling cotton in the medium staple lengths will bring one-fourth to one-third of a cent more than middling cotton, while strict low middling of the same staple is discounted about two-thirds of a cent per pound.

All cotton submitted for the loan must be classed by a Board of Cotton Examiners of the United States Department of Agriculture, whose decision will be final. Cotton produced in this county will be sent to the office of the Agricultural Marketing Service in Dallas for classing.

To obtain a loan, a farmer delivers his cotton to a warehouse which has been approved for handling loan cotton. The warehouseman sends samples to the classing office, and, upon receipt of their report, inserts in the loan forms the grades and staples of the cotton. The farmer then takes his loan forms and his warehouse receipts to a bank or other lending agency and receives his cash advance or cotton loan, it was explained.

"While the new requirements for classing of loan cotton will necessarily cause some delay in the making of the loan, the benefits to be derived from the system will more than offset the inconvenience of the delay. Growers will receive a uniform classification of their cotton, done by government employees who are expert in classing cotton. The farmer will find his cotton classed according to a valuable aid, either in the sale of his cotton or in the sale of his equity in the cotton," the official said.

n't take the hint. Now comes a lot of Methodist women who are very much concerned over the untidy appearance of Memphis. In about three weeks two or three hundred women delegates from all over West Texas are to meet in Memphis for a conference, and the local women hate for these visitors to see just what kind of carelessly homekeepers live in Memphis.

Let's sharpen the hoes men, for when the women get riled up, we might just as well get to work. Starting within a block of the square Russian thistles flourish in abundance, and they are in practically every block in town and on out past the limits. Besides the weeds, rubbish of all kinds are prominently on display. Memphis citizens cannot afford to let visitors find out how careless we have become, when at one time Memphis was rated as the cleanest town in Texas.

FACING DEATH ALONE

By Democrat Staff Poet

I wonder if when I am gone,
And lying deep beneath the sod,
Will someone speak a word for me,
Or will it be just me and God,
Will the things that I have done,
And the meat things I have said,
Be for me to face alone,
Long after I am dead.
If I had lived as Mother taught,
In my heart no fear would be;
Now I must face what is to come,
And no one there but God and me.

coming year. The road bond tax in precinct 4, Turkey, will remain at 30 cents, as was the tax last year.

Increased expenses in the maintenance of the courthouse and jail, due mainly to deterioration of each of the buildings, caused the court to raise that portion of the general county-wide tax one cent. County Judge M. O. Goodpasture said. The jury fund tax rate was likewise raised due to a larger number of juries being needed the past year.

The road bond tax, Judge Goodpasture explained, is separate from the regular road tax. The bond tax collected is used in retiring or paying interest on road bonds, while the regular road tax is used in maintaining the county roads.

Eleven cents of the 30 in the road and bridge fund will be used this year to make a final payment of \$8,000 on road and bridge warrants issued in April, 1923. The warrants, which totaled \$100,000 when issued, will be completely retired. If no other unusual amount of funds has to be appropriated, the road and bridge fund may be cut to 19 cents next year, Judge Goodpasture said.

The tax rate of 82 cents is divided as follows: Road and bridge tax, 30 cents; general tax, 25 cents; courthouse and jail fund, 9 cents; jury fund, 6 cents; courthouse bond tax, 12 cents.

An attic that rises in temperature to 120 degrees occasionally is a good place to store winter clothes, for moths cannot live at that heat.

Want to Enlist in U.S. Navy? Officers To Visit Childress

Applications to Be Taken At Post Office There Saturday, September 28

Ray Lokey, chief printer of the U. S. Navy Recruiting Station of Wichita Falls, was in Memphis Monday in connection with advance publicity for a Navy recruiting party which will be in the Childress post office Saturday, September 28.

Applications for enlistment will be accepted there from 10 o'clock in the morning to 4 in the afternoon. Information and literature will be given to all interested, it was pointed out.

A quota of 150 enlistments for the month of September has been assigned the Dallas Navy Recruiting District, which includes Hall County.

Age limits for first enlistment in the U. S. Navy are from 18 to 31 years. Proof of place and date of birth must be furnished. Parents' consent must be obtained for enlistment of those under 21 years of age. Men with criminal records or dependents are not accepted for enlistment.

White men are enlisted as apprentice seamen and transferred to the U. S. Naval Training Station, San Diego, Calif., where they receive a period of training before further transfer to trade schools or ships of the U. S. Fleet.

Applications for commissioned rank in the Naval Reserve are being accepted from men between the ages of 19 and 27 who have two or more years college credits. Ex-navy men up to the age of 50 are also being enlisted in the Naval Reserve at rating in which discharged. All applications for enlistment in the Naval Reserve should be made direct to Navy Reserve Recruiting Station, room 421, post office building, Dallas, it was explained.

THE YEAR'S WAR

QUITE OFTEN today we hear of the changing map of Europe, but do we know just how this map has changed?

Three nations, Italy, Germany, and Russia, have grown in size. Small independent nations have been gobbled up in the greed of the three dictatorship nations for power.

Russia, during the past year, has taken portions of Finland, including a strip on the eastern side, some ports and a strip on the southeastern end, and a port on the southern end. In addition, Estonia, Latvia, East Prussia, about half of Poland, and a portion of Rumania have fallen prey to the dominating fangs of Stalin's Soviet States.

Germany and Italy together have taken over Denmark, Norway, the Netherlands, Belgium, a part of France (with the remainder under Axis control), and the other half of Poland. Axis domination is felt in Syria, Morocco, Tunisia, and Algeria.

The year's war has been one of the most swift in the history of the world. It's different from the Hundred Years of War which France and England once fought. It's different from the World War from 1914 to 1918, for Germany has done something she was never able to do then—take over France.

With the exception of the winter months, the war has been extremely active during the entire year. Here's a brief review of what has happened:

September 1, 1939 — Germany invades Poland. Danzig "returns to the Reich." Sept. 3—Chamberlain and Daladier announce their nations are at war with Germany.

Sept. 17—Russia invades Poland. Sept. 27—Poland surrenders unconditionally.

Nov. 30—Russia invades Finland. March 13—Finnish-Russian peace treaty is signed in Moscow.

April 9—Germany occupies Denmark and invades Norway. April 15—Aided troops land in Norway. May 2—Allies withdraw from Norway. May 10—Germany invades Belgium, the Netherlands, and Luxembourg. Winston Churchill becomes Prime Minister.

May 14—Netherlands capitulate, and Queen Wilhelmina flees to London. May 28—King Leopold of Belgium surrenders. June 2—British War Ministry announces that four-fifths of the BEF has been evacuated from Flanders.

June 5—The German Somme offensive begins at dawn. June 10—Mussolini announces Italy's entry into the war against the Allies.

June 14—Germans occupy Paris. June 17—Henri Philippe Petain, succeeding Reynaud as Premier of France, asks Germany for an armistice.

June 22—In the same "armistice car" at Compiègne where Germany sued for peace in 1918, French delegates accept German terms. June 24—French delegates accept Italy's armistice terms.

June 28—Russia occupies Bessarabia and Northern Bukovina in Rumania.

August 15—In largest of mass air raids inaugurated on August 8, German planes bomb London district.

August 19—Italians complete their conquest of Somaliland. August 22—Germans shell Dover and Channel shipping with long-range guns mounted in France.

August 30—Rumania, under Axis pressure, yields half of Transylvania to Hungary.

September 1—British bomb Berlin and the Germans London on the first anniversary of Polish invasion.

Thus the first year of the new World War was ended. France is no longer alive to aid Britain. What next after France? Britain? Then what next after Britain.

THOUGHTS TO REMEMBER

IN HIS CHARGE to the district court grand jury at the beginning of the fall term of court, District Judge A. S. Moss clearly pointed out that no session of court can be successful without the cooperation of the citizenship.

The district judge further pointed out that some new system of dealing with juveniles is needed. He explained that no child can be expected to go the right way in life if he is started off wrong, then punished, and later made to want revenge for this punishment.

Our records, not only here in Hall County but in most any county, are full of arrests made and charges filed which have finally been discarded because of the lack of cooperation of citizens.

Likewise the records are full of juvenile cases which have resulted in the making of hardened criminals when the juveniles grow into manhood and womanhood.

Both of these thoughts, as explained by Judge Moss, should be remembered.

CULLED FROM THE DEMOCRAT'S EXCHANGES

"U" or Eve

The Scurry County Times: Best story issued out of the new "No U Turn" signs being added came early this week when Simon Best stopped a motorist just after he had made a perfect U turn around the sign. "You can't make a U turn like that," Best told the driver. "The duce I can't," the main replied, "I have been herding sheep for 25 years, and I can make a ewe do anything I want 'er to!"

Wanted: Company

Ed Bishop in the Dalhart Texan: What Dalhart man called up a business place lately and asked, "Is this the beauty shop?" When informed that it was he said, "Well, bring one out to my house. I'm lonesome."

Willkie

The Panhandle Herald: A few weeks ago Willkie was talking about carrying Texas, but last week Joe W. Martin, Republican national committee chairman and congressman from Massachusetts, admitted that there was no hope of winning the Lone Star State. Just another instance of the nominee wise-cracking when he ought to have been silent.

She Lives Alone

Gertie Haskett: (After telling of receiving a matrimonial application to write letters, etc.) I have missed all of the publicity that goes with marching down the middle aisle of some church with some clodhopper to the tune of the wedding march all dyked out in white satin, yards of veiling and 25 orchids tied onto me with a ribbon. If—that sad word—I had received this matrimonial application blank 35 years ago I might

have blind-dated into marriage and have spent my life on a farm washing, canning blackeyed peas and hating men.

As it is, I am a happy old maid who loves all men, except Hitler and Mussolini—and still have my youthful illusions intact.

Heat

Virginia Anderson in the Shamrock Texan: On a chilly day, nothing can lower the temperature of a room like an electric fan, not in motion, just sitting in plain sight. White shoes look cold on such a day and so do straw hats. It must be something about one's psychology that causes it, or the power of suggestion or something.

The War

The Stephenville Empire-Tribune: If Great Britain is able to survive Hitler's attacks, the picture will be drastically changed. The U. S. as a democracy will not fall if England falls—but the future of democracy will be immeasurably brighter if England lives.

Still Afraid

Douglas Meador in the Matador Tribune: Some of the fear I used to experience as a boy when it was necessary to pass a cemetery at night, now invades my life when I enter a crowded department store. Women awaiting the kill at a bargain counter have that terrifying appearance of a calamity seeking some adequate spot in which to develop.

Peace-Makers

"The Plainsman" in the Lubbock Morning Avalanche: That Girl on Broadway says blessed are the peace-makers, for they shall never be unemployed.

Just a Postcard

Ed Bishop in the Dalhart Texan: Strange what a penny postcard can do. My wife and boys have been away a week now and yesterday the youngest boy wrote me a postal card. It was just an ordinary government

postcard, had no picture on it of some beautiful scene, but in large printed letters it said: "I wish I could see you." And when he got that sentence on the card there wasn't room for anything else, but I'm telling you that little old penny postcard has a value to me that can't be measured in dollars and cents.

Unanswered

J. C. Estlack in the Doolley County Leader: What does a deaf and dumb man do when he hits his thumb with a hammer and can't find his pad and pencil?

Hot Time

The Ochiltree County Herald: In June, the heat received by day far exceeds the losses through radiation by night, and it is not until August the two become equal and the maximum temperature of the year is reached. If he's the philosophical type, the editor may compare the heat with the sub-zero temperatures of last winter, and remind his readers that this, too, shall pass. Or he may try to be helpful with advice about keeping calm, wearing sensible clothing, avoiding exertion, eating sensible foods, and trying not to think about the heat. Or, if he finds he can neither write nor think while stewing in his own juices, he may chuck the whole thing and go home. That's what we're going to do.

Invention

The Claude News: Things to watch for—A diminishing cigarette package, having four sections of five cigarettes each, and detachable so that as pack grows smaller the fags still are held more or less upright in their own compartments.

A Job Well Done

Douglas Meador in the Matador Tribune: Each man's position has some advantages even to the blind-folded wretch standing on the gibbet trap. When his feet dangle in space he will have finished his assigned chore of dying.

Experience Must Be Studied

The International Uniform Sunday School Lesson for Sept. 22
Text: Proverbs 4:10-27

WE learn by past experiences, but it isn't a simple process. The voice of wisdom is the voice of experience, but of experience carefully considered and studied. It is not enough to take the voice of experience alone or in any limited way, because one may not see all the results of action.

Too often we are inclined to proceed in some course of action without carefully thinking out what the probable results will be. Too often we neglect to consider how the results will affect the lives of others.

We are inclined to dismiss as an old proverb without much validity in modern life the saying that honesty is the best policy. Many an individual dismisses a slight dishonesty as having no bearing on his own life.

But he forgets his action may affect the lives of persons who are dear to him.

It has been noticed that where men become wealthy and prosperous dishonestly, although no bad effects come to them, the consequences upon their sons and members of their families are often very disastrous.

What does a grafting or dishonest father gain if he builds up worldly goods and attains a sort of success, to find that his

sons are imitating him and possibly his energy and his crookedness, and are down to ruin in a way as well as a spiritual way, as given them?

Observe what is happening the world. Think about it fully and from all angles a long range view, and the voice of wisdom is that with uprightness and with choice.

"THE path of the just is as the shining light, that eth more and more until the perfect day." That is a beautiful figure, and it is the way of the wisdom that is full of darkness and of blinding.

"Keep thy heart with all diligence," says the wisdom of Solomon, "for out of this issues life." We think of a man thinketh in his heart is he." It is in our inner choice that our destiny is set before us.

To set before oneself a goal of good living, the way of wisdom and decency, it is to be wise as well as spiritual. Even where men have great sacrifices to maintain integrity, the upright are justified, for what gain is there for any man, realizing that what he himself has been won at the

Plan Landscape of Home, Says Expert

While any time is a good time to plan a home landscape this part of the year presents some definite advantages, in the opinion of Sadie Hatfield, specialist in landscape gardening for the A. and M. College Extension Service.
 "For example, now is the time to get outside and look about. You can note the direction of the sun morning and evening and see where trees are needed. Put down a peg on each of the spots, then next winter do something about getting trees planted there," the specialist advises. And the value of green grass to reduce glare of the sun is also apparent just now.
 Persons who wish to landscape their entire premises will profit from visiting well-landscaped homes and farms in their own communities and counties. A list of these can be provided by county home demonstration agents or county agricultural agents.
 According to Miss Hatfield, the home grounds fall naturally into three divisions—the public area, which is chiefly the front lawn, the service area, where unattractive things such as wood piles and garbage cans are located; and the private area which is generally known as the outdoor living room.
 Two other suggestions which Miss Hatfield makes to people who are planning landscapes are that they visit their local nurserymen to study the plants which they have for sale and to study native trees and shrubs growing in pastures or woodlands of their own communities.
 A dip of 100 pounds of wettable sulphur, and 10 pounds of five per cent rotenone cube or derris to 1,000 gallons of water, developed by the U. S. Bureau of Entomology and Plant Quarantine in cooperation with the Texas Agricultural Experiment Station and the Texas A. and M. College Extension Service, is showing promise in the control of the short-nosed ox louse or cattle louse. Live-stock are dipped at 17 to 19 day intervals.

Large Number of Mattress Making Families Selected

191,990 Declared Eligible in Texas; 64,832 in This State Finish Mattresses

More than 1,158,870 farm families in the nation, 191,990 of them in Texas, have been selected by county agricultural conservation committees as eligible to receive surplus cotton and ticking to make a mattress for home use.
 Nearly 306,000 low-income families in the country and 64,832 in Texas already have completed their mattresses, according to Mildred Horton, vice director and state home demonstration agent of the A. and M. College Extension Service.
 Under the cotton mattress demonstration program begun in March this year, the Surplus Marketing Administration allotted 100,000 bales of surplus cotton to low income families on a basis of 50 pounds plus ticking to each family. County extension agents have directed the program with the help of local volunteer helpers, and the mattresses are made at community work centers. Texas has 2,200 such centers.
 Nearly 500 counties in 17 states are now at work under the mattress program with 500 other counties getting their organization under way. Texas has 226 counties participating in the program, with 140 making mattresses currently, Miss Horton reports.
 Demonstration work centers have been set up in more than 12,000 communities, and more than 58,000 farm men and women and older boys and girls have accepted responsibilities in getting the program under way in their communities. Volunteer leaders in Texas aggregate 25,947 with 17,953 of them women and 7,994 of them men.
 Reports from the various states submitted to the Department of Agriculture indicate that as a result of these demonstrations there are many people who are encouraged to go home and make or renovate other mattresses.

Rural power lines that formerly cost around \$1,500 per mile are now being built at about half that figure as a national average, according to Harry Slattery, administrator of the R. E. A.
 A new type of flax recleaner has been developed that blows chaff out of flax. The machine has a capacity of four tons an hour.

568 Groups Apply For News Service

Applications from 568 one-variety cotton groups for free classing and market news service under the Smith-Downey Act have been recommended to the Division of Cotton Marketing USDA for approval by the Texas Cotton Review Committee, E. A. Miller, agronomist of the Texas A. and M. Extension Service chairman of the committee, has announced.
 This is almost twice as many applications as the 287 received in 1939. The cotton will be classed by the USDA Agricultural Marketing Service, which maintains offices at Dallas, Austin, El Paso and Lubbock, and the grades and classes will be accepted by the Commodity Credit Corporation as the basis for making loans, Miller said.
 The service enables farmers in the one-variety groups to know the official grade and staple of their cotton, as well as the price being paid for that type of cotton at the central markets.

52 Enroll in Aggie Course This Year

The Memphis FFA chapter has an enrollment larger than ever before in the history of Memphis High School with 52 signed up for Vocational Agriculture.

The majority are farm boys. The town boys are more encouraged this year and are taking an interest in the projects.

The students have a new form to work on this year in the notebooks. It is based on the assignment, question, and discussion method. This will be done by either the individual or class, as the case demands, strictly on the job basis.

The committees for the different phases of work undertaken by the chapter are at work and will have a report to be published next week.

4 Teachers Added To School Faculty

Four new teachers have been added to the high school faculty for this year.

C. E. Headstream replaced Abe Murphy as head coach and Bill Fletcher took W. B. Dees' position as assistant coach.

Norman Heath has been elected band director to replace G. W. Johnson.

Frank R. Martin has been employed as science and diversified occupations teacher two days a week, alternating with Robert Devin. Harold Miller has been employed in Junior High School.

22 Magazines Are Added to Library

Twenty-two magazines have been placed in the high school library, ten of which have never been offered students before.

The ten new ones are: "Hobbies," "Coach Scholastic," "Athletic Journal," "Think," "Story Parade," "National Geographic," "Industrial Arts and Vocational Education," "Contemporary Art of the United States," "Popular Home Craft."

The others are: "The American," "News Map," "Boys Life," "The Saturday Evening Post," "The Rotarian," "West Texas Today," "Readers Digest," "The Texas Outlook," "Hunting and Fishing," "Life."

460 IN HIGH SCHOOL

Four hundred and sixty students have enrolled in high school. This count was taken last Monday and several more were expected to enroll by the end of this week. The enrollment exceeds last year by 120 students.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

Advance Class in Typing Is Offered

The curriculum of the commercial department has been extended this year by the opening of an advanced class in typing, open only to second-year typing students.

Purpose of the course is to increase the pupils' skill and efficiency in the typing of letters, manuscripts, tables, tabulations, and other business forms, to which each was given an introduction in first-year typing.

FFA, FHM Work On Joint Project

The Future Homemakers and Future Farmers are working together this year on making money for their departments.

Candy, soda pop, and peanuts will be sold at the six football games played in the Cyclone Stadium this year.

The finance committees of each club will have charge of the project.

Farmers, Here's How SOIL CONSERVATION LAW WORKS

Editor's Note: This is the fifth of a series of articles designed to explain the organization, purpose, possible accomplishments, and limitations of a soil conservation district. The articles, prepared by County Agent W. B. Hooser, outline briefly the points in the state soil conservation law. Other articles will follow before the soil district election is held in Hall County in October.

UNDER THE LAW THE SUPERVISORS POWERS AND DUTIES ARE:

1. Engage such employees as they may require.
2. Furnish the State Board, upon request, important information concerning their activities.
3. Provide for execution of surety bonds.
4. Carry out control measures on state land and other land with the consent of the owner.
5. Enter into a cooperative agreement with governmental agencies and with the landowners within the district.
6. Acquire, maintain, and dispose of property, meaning that after a district is organized the supervisors are in complete control of everything. If there is a SCS project area or work area within the district that has just come under their control they acquire whatever work that has been done under the SCS supervision. If there should be some property that would come into their hands they would have the power to acquire, maintain, and dispose of it.
7. "Take over by purchase, lease, or otherwise, and administer erosion control" is put in in case the district should ever have any money. As it is the supervisors have no money at all. If the federal government should have some tractors or small equipment that they could let the district have, then the supervisors can take it over by leasing for the purpose of administering erosion control. It is presumed that the word purchase is put in the order to comply with the future in case the federal or state government should ever have some money with which to purchase on erosion control.

government should ever have some money with which to purchase on erosion control.

8. "Sue and be sued" in the name of the district. They could be sued if they did a job which caused some other farmer to sue or could sue them under the present time. Since the suit would not do any good these things are put in accordance with the law.

LET'S STOP EVEN IF WE DON'T NEED GASOLINE

Comfort means calmer, safer driving. More economical driving, too. So let's stop for comfort. And from door-knob to drinking cup, every Conoco comfort facility shows fine regard for one's feelings.

Or if tires are down a bit, let's stop. Correct inflation not only helps to save tires, but gasoline, and why toss away a single bit of the mileage to be had out of Conoco Bronz-z-z gasoline? It gives you long jumps between pumps, but in between you might as well stop for Conoco comfort and things. Please accept this invitation from Your Mileage Merchant.

November 15—McLean at Clarendon, Wellington at Lefors, Wheeler at Shamrock. November 22—McLean at Shamrock. With 1940 feed supplies, and with pastures improved by conservation farming, farmers could provide every person in the nation with 45 quarts more milk and cream and 81 pounds more cheese, butter, ice cream and other manufactured dairy products than each person ate in 1939. The number of farms served by electricity in the United States increased more than 98 per cent from 1932 to 1938, with more than 1,400,000 farms reached by electricity in the latter year.

CHURCHES

FIRST CHRISTIAN CHURCH Joe Findley, Pastor The regular service hours at the First Christian Church are as follows: Church services at 11 a. m. and 8 p. m. Christian Endeavor at 7 o'clock Sunday evening. Prayer meeting at 7 o'clock Wednesday evening.

FIRST BAPTIST CHURCH S. F. MARTIN, Pastor SUNDAY—9:45 a. m., Sunday School. 11 a. m., Morning worship. 2 p. m., Deacons' meeting. 7 p. m., Training Union. 8 p. m., Evening worship. WEDNESDAY—7:30 p. m., S. S. officers and teachers meeting. 8:30 p. m., Monthly business meeting of the church. The pastor will be in the pulpit for both the morning and evening services and you are cordially invited to be present to worship with us. We hope to have a good crowd to welcome Brother Martin home. Come to the Sunday School and Training Union. There is a place for you. "The church is the place to find God, gladness and good friends. Come on in!"

PRESBYTERIAN CHURCH "Let me live in my house by the side of the road and be a friend to man." It was grand of the pastors and their people to come and worship with us last Sunday. Never in this world will we forget you, and may God bless all of our friends in Memphis. Thank you Mr. Wells, and all the office workers for every word spoken, and for our good paper which we will appreciate more and more through many years. We do not want to miss a single copy of your good paper. Hope to see our many good friends the 5th Sunday when Miss Ada Russell of China is bringing her message to us, and on Sunday evening of that day the "Music" hour together. Goodbye dear friends of Memphis, and our love and prayers will ever be with you. Your friends, Mr. and Mrs. Cargill, 2213 West Main St., Houston, Texas.

PLASKA METHODIST CIRCUIT Albert Cooper, Pastor September 22 is preaching day at Plaska. Brother G. T. Palmer will preach at 11 o'clock. Dinner will be served at the church. In the afternoon, Brother Sam Braswell, district lay leader, will speak regarding some new phases of the work. Conference will be held after his address. Come and bring your friends. Our daughter of my people, gird thee with sackcloth, and wallow thyself in ashes; make thee mourning as for an only son, most bitter lamentation; for the spoiler shall suddenly come upon us. —Jere. 6:26. We regret very much to lose Rev. Cargill. Someone has said of a visitor that you have had a royal guest when pleasant memories linger after his departure. There will surely be many pleasant memories of the days Rev. Cargill has ministered in our city. Hen houses are being "air conditioned" in California, where evaporator type coolers capable of holding the interior under 90 degrees as compared to outside temperatures ranging upward to 110 resulted in lowered mortality among hens and raised egg production 11 per cent. On January 1, 1940, there were 32,245,000 persons living on farms in the United States, according to the Bureau of Agricultural Economics.

Special Information IMPORTANT TO FARMERS In order for our friends and customers to be better acquainted with our business, we are anxious for you to know we can serve you in a factory and profitable way. Our commercial feeds, such as cow feeds, horse and mule feed, and chicken feeds are manufactured plants in the Southwest. Some of these formulas had been tried over twenty-five (25) years. We had these formulas tested at College Station in the name of the GRAIN & COAL COMPANY. They are our supply us with cotton bags under the trade name "BISHOP'S BEST." When we order a car of feeds, the Burrus Feed grind and mix and ship out in our bags such need, using our own registered formulas, thereby quick service, a service under our own control prices you will not find elsewhere. Buying in car lots and having this unique agreement with this old established mill enables us to give customers better quality feed at a considerable price. We also grind and mix feeds in our own feed mixer, using registered and approved feeds. In this way we can use a number of home-grown feeds and give you fresh ground and mixed. Quite often you have your own grains you wish your different mashes. We do custom grinding and mixing, using your feeds if you desire. Our large electric hammer mill has been in first class condition for handling all classes of mill grinding. The charge is only 10c per hundred pounds, or 12 1/2c per hundred when sacked. Use one-third less feed if it is ground, mixed and ly balanced. Get the best result from your feeds by grinding mixing in our mills. Consult us about your feeding problems. Remember, "We have a solution every need." We are exclusive merchants for that very reason North Walsenburg Colorado Coal.
