LIONS SPONSOR GILTS FOR CO. CLUB BOYS

Salisbury Boy Makes
Enviably Record With
Duroc Jersey Gilt

Registered Duroc-Jersey gilts have been delivered to four Hall County 4-H Club boys under the sponsorship of members of the Memphis Lions Club. Under the plan as worked out, each boy signed a note at a local bank for the purchase price and a member of the Lions Club signed the note with the boy. The names of the boys who have been furnished with gilts and the Lions sponsoring each are as follows: Raymond Spivey, Eli Club, sponsored by C. C. Meacham; Troy Davis, Lesley Club, sponsored by Dr. L. M. Hicks; Morris Brown, Lesley Club, sponsored by D. J. Morgenson; Joe D. Bennett, Lesley Club, sponsored by R. D. Stuart. It is expected that there will be two or three additional pigs purchased under the same plan.

Example of Club Boy
County Agent E. W. Thomas gave an example of what a club boy can accomplish with registered gilts. One year ago, Earl Richards, 13 year old club boy of the Salisbury community, purchased a registered Duroc Jersey gilt from Lillard and Sons, of Arlington, Texas, and showed her at the Hall County District Fair the following September, winning first in her class. He won a trip to the Dallas Fair on his work with the pig. He then bred the gilt for a (Continued on page 4)

The significance of Memorial Day, which falls on May 30, has changed during the passage of years. Originally designed as a day on which to commemorate the deeds of those valiant men who fought the battles of the Civil War, it has today a larger meaning. On this day, recognition is accorded, or should be accorded, to all those men and women who have given their lives in line of duty, or as a result of their service in the armed forces of the United States, regardless of what war they may have participated in.

Jerry Sitton, oldest son of Mr. and Mrs. W. F. Sitton, left Memphis Thursday morning for Clayton, New Mexico, to accept a position in the editorial department of The Clayton News, a weekly newspaper. Jerry takes the place made vacant by the resignation of Vance Johnson, who has accepted a job as reporter on the newspaper at Clovis, New Mexico. Vance will assume his new duties the first part of next week, while Jerry will start to work Friday morning. Both boys received their training on The Democrat.

Jerry started to work for The Democrat as a reporter some two years ago. He took the course in journalism offered by the Memphis High School last year and made one of the highest grades in the class for the term. He has been given the opportunity, while working for this paper, to try his hand in every department and his work has been quite satisfactory. During the school year which has just come to a close, Jerry was editor-in-chief of "The Whirlwind," student section of this newspaper, and helped to edit the school edition which was brought out in the spring of 1929.

Vernon Pastor Is Headliner At Meet Of Rotary Tuesday

The Memphis Rotary Club, at the regular Tuesday luncheon, bade farewell to George A. Sager, who leaves this week to take up his duties as secretary of the Quana Chamber of Commerce. Mr. Sager was the only honorary member of the local club, and his resignation was accepted with regret. Chairman Claude Wells, in a few well chosen words, expressed the club's appreciation of the work done by both Mr. and Mrs. Sager.

Rotary Anns Present
It was Rotary Ann day at the local club and a number of Rotary Anns were in attendance. They were given an insight into the workings of Rotary through the medium of an address delivered by Rev. Gene Moore, of Vernon, pastor of the First Presbyterian church of that city. Rev. Moore brought out the fact that Rotary is not a substitute for anything else, that it is not a secret society or religious cult, but rather, a service club whose cardinal principles are fellowship, good will and friendship. He traced the growth of Rotary to its present international proportions. Directors of the Chamber of Commerce were guests of the club at this meeting.

Was Born In Germany
In 1867; Came To
Texas As Youth

C. H. Nuhn, long time resident of Memphis, died Tuesday afternoon at the age of 63 years. Born in Germany on August 19, 1867, he came to Texas at the age of 16. Mr. Nuhn was married on June 30, 1903 to Miss Agnes Terry, to which union three children were born, one dying in infancy. He is survived by a daughter, Miss Oradel Nuhn, who is a teacher in Houston, and a son, Carl Nuhn, a student at the University of Texas. A sister-in-law, Mrs. Ora G. Oglesby of Ladonia, was in Memphis at the time of Mr. Nuhn's death.

The deceased was a saddle and harness maker, and, in accordance with German traditions, was a thrifty man. The present business of J. H. Norman and Son was founded a number of years ago by Mr. Nuhn. True to his baptism in infancy into the Dutch Reform Presbyterian church, Mr. Nuhn always loyally adhered to that church, and since coming to Memphis, as long as his health would permit, he attended the services of the First Presbyterian church. Previous to his death, he requested that Dr. J. Hardin Mallard attend him at his bedside and administer to him the sacrament of the Lord's Supper.

PERCENTAGE OF GAIN IS FOUND TO BE 49.77

Memphis' Population
Compares Favorably
With Other Towns

The long-awaited report of the Fifteenth Census for Memphis was completed on Monday of this week, and shows that Memphis has a population of 4,252, as of April 1, 1930. The report on Memphis was released by Owen M. Unger, Supervisor of the Census, District No. 2, with headquarters at Plainville. On January 1, 1920, the census of this city was given as 2,839, showing that during a period of ten years, the city's gain in population is 1,413, or a percentage of increase of 49.77. Nine farms were enumerated in this area at the Fifteenth Census, Mr. Unger's report shows.

No County Figures
No figures were released for Hall County, but the census for the county is expected to be available within the near future. Much speculation has been the order here since the census enumeration was completed. Some believed the figures would exceed 5,000; others were of the opinion the census would show around 4,500. Those persons interviewed seemed to be fairly well satisfied with the figures and more especially with the percentage of increase. Only 43.1 percent increase was shown by Childress, and other towns in this vicinity did not show as big an increase as did Memphis.

Very Satisfactory Gain
When informed of the official census figures, Mayor S. T. Harrison stated: "When the reports of the other towns in this vicinity are noted, we feel that Memphis has made a very satisfactory gain. We much prefer to have a steady gain every ten years, than to have a boom period and then drop back. Taking the country over, we have achieved a good percentage of gain."

Troop Four Of Boy Scouts Go On Hike

BY J. HARDIN MALLARD

Boy Scout Troop No. 4 of the First Presbyterian Church took their first overnight camp hike for the present season to Browder's canyon, Friday night of last week, leaving in the afternoon of Friday and returning at noon Saturday. Though the night was chilly and some of the boys did not have enough cover, they made up for it by taking short turns sitting up by the fire throughout the night. The stars were unusually bright and two owls and a fine mockingbird kept up a serenade to the interest of the boys during their waking hours. Some new adventures were made by the boys in camp cooking, and Bobby Thomas came off with the laurels in this art by making pan cakes that suited the general taste of the camp so well that he had more applications for cakes than he could supply.

Number of "Cubs" Along

Quite a number of the "Cubs" were along with the troop on this camp and for most of them it was their first trip. They enjoyed it all immensely because it was a brand new adventure for them. One of the "Cubs" got so busy having a good time he forgot that rocks were hard and got his head seriously tangled up with one and showed the boys how a real "Cub" could be bold heroically for the sake of a good time. The first aid Scout soon had the blood washed off and the head bandaged and the "Cub" was going right on without a flinch, having his good time just the same.

Stories Around Fire

Story telling was indulged in around the camp fire after supper and then some real play in the light of the fire. Saturday morning after breakfast was cooked and the camp set in order, the boys explored the canyon to see what they could find and they were not disappointed. They got up some rabbits and tortoises and at last they heard something that did not sound like a love song and was even more chilly to their spines than the chill of the night was to their flesh and nerves. That sound told them that danger was right close at hand and there was a stampede from the spot

with the cry, "Rattlesnake!" The boys found the snake and the target rifle was brought into play and the snake soon had a bullet through its head and his rattles were the trophy of Bobby Thomas and Floyd Wattenbarger. Target practice was held in which the whole troop took part. Some good shooting was done by all the boys but Wayne Baker carried off the laurels with the highest score. On the way back to town, the two patrols had competitive marching drill. The Eagle patrol made two points and the Flaming Arrow, one. The boys got home tired but ready more than ever for another hike next month.

7 BOY SCOUTS PASS TENDERFOOT TESTS

Seven Boy Scouts, members of Troop No. 5, sponsored by the Charles R. Simmons Post No. 175 of the American Legion, passed their Tenderfoot tests last Friday night and these Scouts will be in charge of the Tenderfoot Investiture Service Friday night of this week. The boys passing their tests are Ross Springer, Bud McAbee, Junior Godfrey, Dale Graham, Norris Williams, Woodrow Alexander and Glen Fletcher.

Billy Ragsdale, S. R. McCowan and Carl Euday joined the Troop at the meeting held last week.

DR. McNEELY ATTENDS DENTAL CONVENTION

Dr. M. McNeely spent last week in Fort Worth attending a convention of the State Dental Association, in its golden jubilee. About six hundred doctors were present, and heard fine lectures from specialists from the Eastern section of the United States. Dr. McNeely took a special course in plate work and treatment of pyorrhea, while there.

Dr. E. E. Robinson was called to Plainview Tuesday to preach a funeral service, returning home Tuesday evening.

Mr. and Mrs. C. L. Caviness and son Jim, and Mrs. Preston Bethel left Sunday for Conway, Arkansas. They will visit in Holdenville, Tulsa and Oklahoma City on the way to Conway, and Mr. and Mrs. Caviness and Jim will visit with Mrs. Bethel for some weeks in Conway.

Miss Dollie Kemp returned Saturday afternoon from Toga, where she attended the 50th wedding anniversary of her parents, Mr. and Mrs. H. P. Kemp. Miss Dollie reports that seven of the descendants of Mr. and Mrs. Kemp were present to share in the celebration.

Baptist Campaign Is Taken Part In By Seven Churches

W. A. Chisholm, of Temple, Baptist missionary of Bell County, is making a success of the educational and Sunday school revival campaign which he is conducting this week for the Panhandle Baptist Association, which is being taken part in by seven churches in Hall and Donley counties. The program of the week got off to a good start with 218 workers enrolled, according to J. M. Sibley, local missionary.

In First Campaign
 This is the first campaign of this nature to be conducted by the Panhandle Association and all churches are invited to attend the commencement exercises which will be held Sunday afternoon, June 1, at the First Baptist church here, beginning at 2:30 o'clock.

FIRST FLAG TO BE FLOWN OVER COUNTY MADE BY MRS. QUIGLEY

Howard A. Finch, superintendent of the Dalhart Public Schools, brother of Mrs. W. B. Quigley, and for many years a resident of Memphis and Hall County, recently presented to the Panhandle-Plains Historical Society Museum the first flag that was flown over Hall County. According to Mr. Finch, this flag was made in 1892, on the "Bar 96" Ranch, ten miles south of Red River. The ranch was then managed by J. A. Finch, and was owned by Finch, Lord and Nelson.

Mrs. Quigley Made Flag
 A fourth of July picnic was planned on the ranch and all the people of Hall County were invited, so Miss Winifred Finch, who is now Mrs. W. B. Quigley, was commissioned to make the flag. She was assisted by her brothers, Howard and Orville, both of whom now reside at Dalhart. The flag was first flown over an arbor which had been constructed to shelter the picnic party, there being some 100 of them, this number including practically every citizen of Hall County at that time. About 1900, the flag was flown over the County Courthouse at Memphis on a similar occasion, the population of the county having increased to 1,670 by that time.

Given Historical Society
 Mr. Finch believes that this was perhaps the first flag to be flown over a picnic in the Panhandle. It will be placed in a prominent place in the building of the Panhandle-Plains Historical Society, if the plans for building a museum are carried out successfully.

Mrs. J. W. Binkley and daughter, Miss Charlie, of Dbdsonville, are visiting their daughter and sister, Mrs. Thos. B. Huff this week.

Miss Margot Shaw left Friday, May 23, for a visit with friends in Amarillo, and to attend the graduation exercises with her former school associates in the high school.

Mrs. Buster Guthrie, of Rosenberg, Texas, is visiting this week with her father and mother, Mr. and Mrs. John Alexander.

HARDWARE

We think you'll agree that a hardware store is always an interesting store. The suggestion of constructive work is everywhere expressed. Every home has an ally in the hardware store, as conducted in America today.

Here you will find those things which make for the spirit of civic pride and bring it about—the implements of thrift and of pride. Every home-owner, for example, should have a fairly complete set of tools, for there are so many Fix-up jobs around the place that a man—or a woman—can do, provided they have the proper tools.

Also you will find here paints, varnishes, lacquers, crack-fillers—a long list of the essentials of successful and tidy home-keeping.

Roofs Are More Artistic Than Ever—
 Preserve Them for the Sake of the Entire House

The roof is up where you can't give it regular and close scrutiny. The snows and rains of winter and the blistering sun of summer may have caused it to depreciate sadly. And you may not be aware of this until entire areas decay and leaks are of common occurrence.

Paint is a preservative and the modern stains put a stop to decay. Then, also, gutters should be repainted if they are to have longer life. Aside from this, the new idea in art colors for roofs helps make a place look charmingly artistic.

Consult us about your roof.

On The Level—

General observance of Memorial Day will take place here Sunday with special services at the First Baptist church and with appropriate exercises at Fairview cemetery Sunday afternoon. The diminishing lines of those once proud warriors who wore the blue and gray will not permit of many of these veterans having a part in the exercises. Equally, vast inroads have been made into the ranks of the Spanish-American war veterans. It is logical, therefore, that the burden of responsibility for remembering our war dead should fall on the shoulders of the veterans of the World War.

With thousands of disabled ex-service men in the various hospitals maintained by the American Legion and the United States Veterans' Bureau, the American public should glance back to those stirring days immediately after the United States had entered the great conflict. The sound of marching feet, of bands playing, of crowds cheering; the speeches of patriots of the moment, of minute-men, of dollar-a-year-men were to be heard from one end of the country to the other. The fires of patriotism burned brightly in those days.

Troop trains passed through towns and cities with their windows crowded with young men in khaki. Food and drink were given them. They were acclaimed by the multitude. They were going across the pond to help wage a battle that would "make the world safe for Democracy," and they were the nation's darlings.

Song writers caught the spirit of the times and produced one song after another, full of courage and inspiration, and still others, full of nothing at all. Do you recall "Rose of No Man's Land," "My Belgian Rose," "Over There," "Good Morning, Mr. Zip, Zip, Zip," "Don't Bite the Hand That's Feeding You," "A Long, Long Trail of Winding," "Mademoiselle From Armentieres," "It's a Long Way to Tipperary," "A Baby's Prayer at Twilight," and "Keep the Home Fires Burning," to name just a few?

Now, what has happened? The world war is now only a hazy memory to many of those who twelve or thirteen years ago made impassioned pleas to Hooverize, to buy Liberty Bonds and War Savings Stamps, and to do everything possible for the boys "over there." The home fires have not been burning any too brightly since the Armistice was signed. People have forgotten—that is, many of them have.

Friday and Saturday of this week, workers in the American Legion Auxiliary will sell poppies on the streets of Memphis to help the disabled boys who are now languishing in hospitals get their chance, after all these years, to face the world again. Is Memphis willing to play the part of a slacker? Are citizens here big enough to help in the worthy program of rehabilitation, or are we content to let matters stand as they are?

I have a feeling that Memphis is going to "come through." The finest tribute that can be paid to the boys who have "gone west" is to show a willingness to help those who have been left behind, disabled and incapacitated for work. At this moment, Gold Star Mothers are at the graves of boys who paid the supreme sacrifice that the United States might enjoy uninterrupted freedom and the right to happiness. Has this sacrifice been made in vain? Surely not.

The purchase of a few red poppies fashioned by the emaciated fingers of the ex-service men in hospitals is not asking such a big thing of any one. It is nothing more than our duty as American citizens. No more fitting way can be found to recognize Memorial Day than by helping the Legion Auxiliary in their poppy sale. After all these years, it is still our right and privilege to "carry on" and keep faith with those who sleep in Flanders' Fields.

Rich with pure, sweet cream, fresh cooked eggs, and mellow caramel scotch, Gate City Caramel Custard is the most delicious dish you can order at the fountain.

Will Receive Reward

Sheriff Christian plans to leave for Fort Sill, Oklahoma, with his prisoner Saturday, at which place he will be turned over to the military authorities. The law specifies that for the delivery of a deserter to the nearest army post a reward of \$50 is paid, and officers will collect that sum upon arrival at Fort Sill.

Belonged to 7th Cavalry

Slotta told the officers that he was a member of Headquarters Troop of the Seventh Cavalry, stationed at Fort Bliss, El Paso, and that he had deserted on May 19. This was substantiated by Brigadier General Symmonds in a telegram. The youth said he had been in the army for 17 months, that he had asked to be transferred to another outfit and when this request was denied, he decided to desert. He gave himself up because he stated he was hungry, not having had anything to eat in more than a week.

The Legion is hopeful that a large crowd will attend all the services of the day. Those veterans who do not have a way of attending will be furnished with a conveyance if they will inform H. L. Nelson in time, so that arrangements to this effect can be perfected. It is particularly desired that all Confederate Veterans in the city be present for the services.

Will Inspect Work

The American Legion has been asked by the city to inspect the work and this will be undertaken Tuesday afternoon. Committees have been appointed for each ward to see that a thorough job is made of the clean-up days. It is desired to make the work as thorough as possible and people of the city are asked to give their best cooperation. Premises should be brightened, lawns mowed, trees

whitewashed, weeds cut, tin cans and rubbish of all kinds stacked in convenient places so it can be hauled away.

To Make Intensive Drive

"It is the desire of the Legion as well as the officials of the city to make an intensive drive next Monday and Tuesday to rid the city of all unsightliness and to do a thorough job of the clean-up campaign," H. L. Nelson stated. "To this end, it is necessary that each citizen cooperate to the best of his ability. We should have a clean city, not only because it looks better, but if conditions are to be left as they are, sickness is likely to result. The Legion will carry out its part of the contract and will inspect all sections of the city Tuesday afternoon. We ask the cooperation of all concerned in this important work."

Memphis Owls Give Estelline Cubs Their Season's First Buggy Ride

SEASON'S BEST GAME ENDS 3 TO 2

Walker's Pitching Is Cub's Waterloo Wednesday

Relief pitching that bewildered their opponents, and good hits when hits counted most, gave the Memphis Owls the big end of a 3-2 score against the Estelline Cubs at Owl Park Wednesday.

It was the first time the Cubs have been taken for a "buggy ride" this season and it was a gala day in Memphis, probably because of the fact that it is no little accomplishment to defeat an Estelline baseball team. Estelline for years has produced a victorious club that has been one of the Panhandle's most outstanding, and every one of the men who faced the Memphis Owls Wednesday was a creditable player.

The game began with Estelline easily the favorites to win. The Owls' stock, however, underwent a sudden and definite rise when the locals made the first score in the second inning. Estelline quickly tied the contest by returning the threat in the third frame, and secured the edge in the first of the seventh when Bacus' single scored Burleson who had walked. A double by Clary in the last of the seventh scored Patchell and Nelson. Seago, making the score 3-2, Estelline 2. The eighth and ninth innings were scoreless. The pitcher, who pitched the entire game for Estelline, proved to be an experienced hurler who kept the Owls from scoring. He allowed Memphis but 5 hits. His support was good, although 3 errors were charged to Estelline.

Handley, who started on the mound for Memphis and who appeared dangerously shaky at intervals, succeeded in twirling six to a fraction innings that brought him a hearty round of applause when he was pulled in the seventh to be replaced by Walker. The Cubs secured 4 base hits off Handley.

Walker's relief pitching was extremely satisfying. An underhanded ball beyond the conception of Estelline batsmen enabled the Owls to hold their one run lead and emerge victorious.

Perry Seago, in center field for the Owls, received a stiff workout Wednesday. He secured 7 putouts, and one catch in the ninth inning did much to save the day for Memphis.

The Owls played Wednesday under the management, for the first time, of Bobbie Clary, well known Silvertown player who has been engaged to pilot the local team this season.

Victorious Owls Are Banqueted By Club's Directors

Estelline Wins From Silvertown

The Estelline Cubs won a hotly contested game from Silvertown on their home grounds last Sunday by a score of 2-1. It was a battle of wits between pitchers, with the Cub twirler finally emerging the victor. Estelline's battery was Weathered and Sims. Walker pitched for Silvertown.

Estelline has played 11 games, won 10 and lost 1—a percentage of .909.

QUANAH, May 29.—Frank Foxhall, defending Green Belt golf champion from Memphis, had City Walker of Quanah 3 down on the first 18 holes, completed just before noon today. Bobbie Clary Is New Owl Skipper

Fans, meet the new Owl skipper—Bobbie Clary, who hails from Silvertown. If you saw Wednesday's game with Estelline, you saw Bobbie in action, and what action! He has the reputation in the Panhandle of being almost unbeatable at shortstop position, and what is more important, he's a good consistent hitter as well. And what is still more important, he knows baseball.

"I believe the Memphis team is shaping up rapidly," Bobbie told The Democrat yesterday. "We are signing some mighty good material now and I believe that Memphis fans can count on seeing the Owls play a good brand of baseball every game, win or lose."

COTTON PICKER TO BE TRIED OUT HERE

Demonstration Is To Be Conducted Here Early Next Week

C. R. Alexander, salesman for the Fort Worth Steel and Machinery Company, who is making his headquarters in Memphis, announces that two officials of the company will be in Memphis Monday and Tuesday of next week to demonstrate the Smith-Conrad Combine Cotton Harvester. One machine will be on display on the streets of Memphis and the demonstration will be held Monday and Tuesday in the neighborhood of the Farmers Union Supply Company. Accompanying the cotton harvester to Memphis will be Ed P. Williams, vice-president of the company and J. C. Conrad, the inventor.

The Smith-Conrad Combine Cotton Harvester ranges in price from \$850 to \$1,500. With the use of this combine harvester, the value of burs, trash and so forth, to the land as fertilizer is saved. It is estimated by agricultural authorities that these burs are worth \$10 per ton as fertilizer or about \$3.50 per bale where cotton is snapped. With the use of this machine, \$5 to \$7 per bale are saved in the gathering, also \$2 to \$5 per bale are saved in the ginning cost. One cent per pound lint or \$5 per bale is often paid premium on machine gathered cotton over cotton carried to the gin in the bur.

Use Is Two-Fold
The Smith-Conrad Combine Cotton Harvester's use is two-fold. First, its use as a bur extractor and cleaner in the field when gathering is first begun. It seems snapping from the first is practiced now. The machine is set up in the field and as the cotton is snapped by hand it is run through the machine and is cleaned thoroughly of all burs and dirt. The clean cotton is elevated into a trailer or wagon ready to go to the gin in better shape than hand picked. The burs, and so forth,

PA CAN'T BUT MA CAN AND UNDOUBTEDLY WILL

When a special State Supreme Court denied James E. Ferguson's mandamus petition to have his name placed on the Democratic ticket for Governor, Farmer Jim announced immediately that his wife would file for the office which she once held, as the result of a protest by the people of Texas of Ku Klux Klan rule and domination. In other words, in the event Mrs. Ferguson should be elected Governor, she will sign on the dotted line and Jim will exercise the prerogatives accruing to the position.

A report is current that when the state Democratic executive committee meets in Austin on June 6, this body will attempt to reject the name of Mrs. Miriam A. Ferguson. Regardless of the action taken by the committee, there is really nothing in the way of Ma's name going on the ticket and Pa will undoubtedly see that it does go on. To express the situation mildly, voters of the state had just as well make up their minds now whether they will scratch Ma's name or not, for it is certain to go on the ticket.

Ma and Pa—what colorful political capers have been cut by the two in Texas politics! And this may be the beginning of the end. Some of us have thought that the end had already come to the Fergusons insofar as politics are concerned, but you never can tell. Twenty years from now, Pa or Ma may be running for public office, and the chances may be as good then as they are this year of having a Ferguson in the run-off primary.

MEMORIAL DAY IN MEMPHIS

FRIDAY, May 30, will be Memorial Day. On that day and the day following, members of the local American Legion Auxiliary will sell poppies on the streets to assist in the rehabilitation and hospitalization programs of the Legion. Memphis has shown a disposition to cooperate in other years and we believe that the same will hold true this year. The poppies are made by disabled veterans confined to hospitals. The money that is received from their sale enables the work of the Legion and Auxiliary to go forward unimpeded. It is a little thing to spend a quarter for a flower, but the little things in life contribute in a fine way to make the big things possible.

A program is to be conducted at the First Baptist church on Sunday morning, June 1, which will carry out the spirit of Memorial Day. Veterans of all wars are asked to take a part in the exercises of the day and to go to the cemetery in the afternoon where fitting tribute will be paid to those who have passed over the boundaries of the great divide. These services should not only have an appeal to the veterans themselves, but equally, to the public at large. We hope that Memphis will show the interest she should have in the day by a willing participation in the events which are being arranged by the local American Legion post.

THE CUB SCOUT PROGRAM

THE new program which has recently been worked out for Boy Scouts in the making, or Cub Scouts, is worthy of attention and admiration. This is the first step in planning for the younger boys—those who are not yet old enough to take up the duties and obligations incident to Boy Scouting. We are of the opinion that this program will have as far reaching results as the Scout work proper. It is in the initial stages of development, but regardless of this fact, the work commends itself at once to the person who has some idea of what the Scout movement aims to accomplish.

Boys nine, ten and eleven years of age are to be the recipients of the benefits accruing from the program. It will definitely shape their activities. The whole movement is based on parental supervision in the form of Mother's Clubs, and unless a mother gives her consent, her boys will not be allowed to take part in the work of the Cub Scouts. The idea of the program, as we understand it, is to develop boys in the aims and purposes of Scouting, so that by the time they reach the Scout age, they will know what they are expected to do and will be in a position to make the most of their training. We believe the Cub Scout movement in Memphis will be a success in like proportion with the Scout program in general.

SENATOR SMALL CHOOSES WISELY

ANNOUNCEMENT comes from the state headquarters of Senator Clint Small, candidate for the Democratic nomination of Governor of Texas, that the Wallington man will confine his energies largely in sections of the State other than West Texas. This policy is essential if Mr. Small expects to enter the second primary. It goes without saying that he will carry West Texas, and the Panhandle particularly, by a good vote, but he must take his cause and his candidacy in East, Central, North and South Texas where the big vote lies.

The success or failure of his campaign will depend on what his vote will be outside of West Texas. While he is not going to neglect this part of the state entirely, he is going to concentrate on other sections and in following this policy, he is showing himself to be a good politician who understands what he is up against, and is making his plans accordingly.

If those in charge of Senator Small's campaign can get enough "Small for Governor" clubs started throughout not only West Texas, but more particularly in sections where the Senator is not so well known, this, of itself, will prove to be a big boost. Organization counts for at least a third of the battle and if the state is properly organized, added impetus will be given the campaign that it would otherwise lack.

Closing Exercises Of Local Schools Are Held Last Week

GRADUATES ARE HONORED WITH 3 PROGRAMS

Large Audiences Are Present To Witness Final Exercises

School days are over for the hundreds of Memphis boys and girls who have been attending classes for the past nine months. They came to a close with the presentation of diplomas last week to members of the Junior and Senior High School graduates and to those who passed their work in the High Fifth and Low Sixth Grades at the West Ward School. Report cards were given out Friday morning. With the ending of school proper, summer school got off to a good start at the Senior High School building Monday morning, and it is understood that a number of students are to take courses during the summer months. The summer school is in charge of Lester C. Linn and Sam S. Cowan.

Cap and Gown Regalia
 Eclipsing in importance any other event of the week was the occasion of the graduating exercises last Thursday night for the 64 members of the Senior Class at the high school auditorium. Attired in cap and gown regalia, members of the 1930 Senior Class filed into the auditorium shortly after eight o'clock to the inspiring strains of the Processional, Triumphal March, by Verdi, played by Mrs. Elmer S. Shelley. Some ten rows in the center of the auditorium had been reserved for the Seniors, and as they marched to their places with measured tread, all eyes were focused upon them. They went through with the entire exercises of the evening without so much as a bobble. The high school faculty followed the Seniors in the line of march.

While the class was still standing, Mrs. Shelley began playing the high school song, "Spirit of Memphis High," which was sung by the class. This was followed by the invocation delivered by Dr. Ernest E. Robinson, pastor of the First Methodist Church. Jda Jones, Salutatorian, then delivered her address. At this point in the program, an enjoyable duet, "In Bluebonnet Time" by Wm. J. Marsh, was sung by Sarah Bradshaw and Margot Shaw. Clara Alexander, valedictorian, was the next speaker on the program. The class then stood and sang the class song, "Dear High School Days," by Arthur A. Penn.

Dutton Main Speaker
 The main address of the evening was delivered by Dean C. Dutton, of Oklahoma City, well known platform orator, who has delivered many addresses in this city. Dr. Dutton had, for his theme, "Adventures with Masterpieces." He insisted that the Seniors make a supreme effort to have adventures with the great things of life, telling them that by so doing they would achieve and fulfill their destinies.

Following Dr. Dutton's address, members of the Senior Class who had made outstanding records in scholarship and activities were recognized by Principal Ike W. Jay. He commented briefly on what each student, thus honored, had done during the course of the school year.

M. E. McNally, secretary of the Memphis School Board, was the next speaker. He brought greetings from the Board to the Senior Class, ending his remarks by introducing Superintendent H. A. Jackson who proceeded to award the diplomas. The Seniors left their places, one line at a time, and filed before the Superintendent, who presented each with a diploma.

The benediction was pronounced by Rev. E. T. Miller, pastor of the First Baptist church. Mrs. Shelley started the Recessional and the class marched from the auditorium and out of high school life forever.

Senior High Graduates
 The Seniors who received their diplomas were Mary Louise Thomas, Mazie Perkins, Clyde Pannell, Ola Mae Jones, Crump Morrison, Frances Joy Tomlinson, Clarence Jackson, Pauline Ross, Mattie Nall, Howard Wilson, Sara Hart, Walter Massey, Homer Shankie, Ernestine Walker, Annie Rene Montgomery, Lindsey Hoffman, Margot Shaw, Mary Ratson, Gertrude McQueen, Clara Alexander, Mary Louise Huff, Cathryn Easterling, Ethel Jones,

Commencement Exercises
 The members of the Junior High School Graduating Class were held in the auditorium of the Junior High School on Friday morning of last week at 10 a. m. The commencement speaker was Rev. H. A. Shaw, pastor of the First Christian Church. He delivered an inspirational address to the class urging that they make the most of their opportunities that would be before them upon taking up the duties and responsibilities of their Senior High School days.

A large crowd witnessed the commencement exercises at the West Ward School on last Friday morning at nine o'clock. The professional was followed by a clever "Court of Honor," each of the participants being from the membership of the graduating class, who had been on the honor roll during the term.

Foxhall Is Herald
 Harold Foxhall acted as herald and announced each arrival. First came the King of the Court of Honor, G. W. Smith, accompanied by the Queen, Geraldine Kinard. These positions were won because of an outstanding achievement in scholarship. Each member of the class on the honor roll was introduced in turn to the King and Queen and to the audience.

A reading by C. A. Powell, "What's In a Name?" was well received. A sextette, composed of some of the loveliest girls of the school, gave a vocal number. Tommie Noel followed with a piano solo. The entire class then gave the class song.

Mrs. H. B. Estes, principal of the West Ward School, awarded the diplomas, first calling the attention of the audience to the following high point students: Geraldine Kinard, G. W. Smith, Harold Foxhall, M. E. McNally, Dorothy Nell Evans and Thelma Lindsey. Attendance certificates were then awarded to students who had not been absent or tardy during the year.

Dorothy Jones Is Presented Friday In Piano Recital

A recital which, for sheer enjoyment and excellence of rendition, has not been surpassed during the current year was that of Friday evening last when Mrs. Elmer S. Shelley presented her advanced music pupil, Dorothy Jones, in a piano recital at the First Christian Church. Dorothy was assisted by her sister, Mrs. Erin Jones Couch, violinist, and Sarah Bradshaw, soprano. Attractive decorations of flowers under the soft glow of myriad lights added to the effectiveness of the program.

Understanding of Values
 Dorothy showed an understanding of values, a delicacy of touch and such comprehensive feeling as one usually associates with the mature artist. Difficult numbers were played with ease and a fine interpretative spirit. The violin numbers of Mrs. Couch were entirely adequate, displaying as they did, excellent fingering and a harmonious balance of tone. The solos rendered by Sarah Bradshaw endeared this youthful artist to her audience in a feeling manner. Those who attended the recital were loud in their praise of the three artists and comments were frequent that the program was superior to most and the equal of any to be given in Memphis by local talent.

Program of Recital
 The program was as follows: Two Pianos, Sonata in C, by Mozart, arranged by Greig, Dorothy Jones and Mrs. Shelley; Piano, Curious Story by Heller and Sol-fogietto, by Bach, Dorothy Jones; Voice, A Thrush's Love Song by Travers, Sarah Bradshaw; Piano, Narcissus by Nevin and Dance of the Dolls by Poldini, Dorothy Jones; Violin, Cradle Song by Hauser and Salut d'Amour by Elmer, Erin Jones Couch with Dorothy Jones.

Says His Wife Aided By Orgatone

Says He and Wife Will Always Speak a Good Word for Orgatone (Argotane)

"Anyone who had noticed the dreadful condition my wife was in can readily see the great change Orgatone (Argotane) has made in her" said J. E. McCollum, living on rural route No. 1 Amarillo, Texas.

"My wife has improved so much that her neighbors often speak of it. Her health has been broken up for years and she suffered from stomach trouble. Her appetite left her and what little she did eat would sour on her stomach causing gas to form. She was never able to eat breakfast at all. She was weak and dizzy and had terrible raging headaches and was losing weight and strength. She had severe cramps in her stomach and sides most of the time and would rot and toss at night and never get very much rest. She had a bad case of constipation.

"Since taking Orgatone (Argotane) my wife is greatly improved and feels like a different person. She isn't bothered with stomach trouble and constipation and Orgatone has certainly helped her and we think it is a wonderful medicine and both will always speak a good word for it."

Genuine Orgatone (Argotane) may be bought in Memphis at the Tarver Drug Company.—Adv.

"THREE years ago, I was in bad health," says Mrs. J. B. Bean, of Kirbyville, Texas. "I was going through a critical time, and I suffered a lot. My back hurt almost all the time, and my legs and ankles ached. My head hurt me until sometimes I would be almost past going. As I had used Cardui before, and knew how much I had improved after taking it, I got a bottle and started taking it. I continued to use it for several months. Lions Have George Sager As Guest At Meeting Last Week

George A. Sager was the honor guest at a recent meeting of the Lions Club, on last Thursday, May 22. Lion J. A. Odom introduced Mr. Sager, as the new member of Commerce secretary from Quannah.

Mr. Sager said, in part, "In leaving Memphis I want to say that I have enjoyed the work of the Chamber of Commerce secretary, and I have enjoyed knowing the Memphis people. In looking back over the nine years since I have been here, I can see the many changes that have taken place in the community. The population has increased at least 50 per cent, many additions in the way of business firms and buildings have been made, and the Chamber of Commerce membership has grown from 60 to more than 150, at the present time.

Future of Memphis
The future of Memphis, and of the Chamber of Commerce, depends entirely upon the service clubs, the luncheon clubs, and the citizenship in general. The board of directors are able to do little without the support of the service citizenship. If Memphis is to grow and develop as it should a lot of hard work will have to be done, not just by the directors, but by all of you.

Memphis has many very desirable qualifications now, a splendid water system, with an abundance of good, pure water, and a splendid trade territory. With another railroad leading to the north and south, this will be an ideal location for cotton mills, and with the glass sand near Memphis, there should be mills to utilize it."

Coach Makes Talk
The high school football coach, Nolan Walter, was induced to say a few words, as he was leaving town to return in the fall. Mr. Walter said that a fine ground had been procured for the football games for next season, and these would take place on the field next the East Ward School. Fine material has been secured, according to Mr. Walter, for the team, and he would be willing to promise a winning team for Memphis next season.

Nominations for Officers
Nominations for next year's officers are as follows: boss Lion, L. M. Hicks; first vice-president, Chas. Meacham; second vice-president, David Fitzgerald; third vice-president, R. D. Stuart and J. H. Croft; secretary and treasurer, Lyman E. Robbins; Lion tamer, H. A. Shaw; tail twister, George Spann; directors, A. S. Moss, Robert Grundy, J. A. Odom, R. D. Stuart, J. D. Morgensen, D. C. Hyder, J. Nelson Seago's Single Scores Winning Run for Owls

N. Seago, second sack man for the Owls, did much toward preventing Memphis with her first baseball victory this season when she smacked out a nice single to score Wessel and defeat Turkey 4 at Owl Park Sunday. The wls, still green and showing signs of insufficient workouts, struggled through 10 innings of a game that was deadlocked 4-4 at the end of the sixth frame. In the last of the tenth Wilson was at bat first, P. Seago walked and as thrown out at second. Wessel singled and stole second. Leggett followed suit. Nelson Seago knocked out a single, one of the day's prettiest hits, and made possible the winning score.

Although errors on Memphis' part were far too plentiful, and even despite several bonehead plays, Sunday was fan's paradise. The close score and the almost air tight playing in the last four innings supplied thrills enough to satisfy any spectator.

Buck Caraway, new pitcher who received his first tryout Sunday, as a disappointment to Owl officials. He was released Monday. Caraway is apparently on the road to a pitching career, but he is young yet—eighteen—and at present has little more to offer than slow ball and an out.

The game started with snapperschel Stuart, playing right field, robbed Turkey's first batsman, Morrison, of a long hit when he caught a difficult fly that all at turned him a somersault. Disputing loose playing at the start of the game, the Owls redeemed themselves very well for the murderous defeat they accepted at the hands of the Amarillo Tacks when the season opened last Friday.

Relieving Caraway after 5 and 3 innings, Jack Knight supplied a brand of pitching that made it possible for Memphis to win. He allowed but one hit, while the Turks succeeded in slugging 11 of Caraway's throws. Jack made short work of the visitors in the ninth inning, when he apparently cut loose for the first time this year.

Hodges' twirling for Turkey was commendable. He pitched 10 innings and allowed 9 hits.

TACKS SMOTHER MEMPHIS IN OPENER

Owls Defeated Unmercifully By Amarillo Friday

The Memphis Owls felt like the original hard luck guys last Friday when Herschel Stuart's arm failed in the third inning of the opening contest with Amarillo's Tacks and he stepped from the box shaking his head.

With Stuart out, and with a weak and incomplete pitching staff, the Owls were doomed to destruction long before the game finally ended with Amarillo on the long end of a 15-5 score. Wessel, catcher, attempted to pitch, but it was little more than an attempt. His was merely an effort to keep the game going until Jack Knight, Wellington pitcher, who was a spectator at the game, could get into a suit. His effort was in vain and the game was thoroughly lost before Knight took the mound in the latter part of the sixth inning.

Jack's pitching was probably all that could be asked of one who had not played baseball for nine months and who was receiving a

poor brand of support. Nichols, Tack pitcher who relieved Maxwell in the third, tossed a nice game, allowing but one hit. The box score:

The Owl's Nest

Fans, it looks like we're in for an interesting baseball season. Memphis is going to have a good club—I feel it coming on. Maybe you think I don't know what I'm talking about, but I do. There

are plenty of jolts and shake-ups due in the Owl line-up. There have been some already, but more drastic ones are in prospect. Owl President Edwin Thompson and Business Manager Ben Woodington promise the best club that can be brought together in this part of the Panhandle, even if it takes another month to iron out several difficulties they are confronted with.

I know several little secrets that I'm not going to tell you yet, but you'll soon notice the difference in forthcoming games the owls will play. However, I will confide in you the fact that Jack Knight has been signed for the Owls' pitching staff. It isn't necessary for me to tell you that Jack knows his baseball. He won 21 games and lost but 3 for Wellington last year. A fair record, if you ask me.

Some of you have seen Jack work in parts of two games, but "you ain't seen nothing yet." Wait until you see Jack come off the

mound squatting and you'll know he's letting 'em have it right where they don't want it.

That kink that Herschel Stuart jerked in his arm in the third inning against Amarillo on opening day at Owl Park is what's worrying me. Assisted by 250 local fans, I'm praying that that boy's arm will heal before very long. He's a pitcher of no mean ability and we need him. With Jack and Herschel heading our pitching staff, we'll get along nicely by supplementing our tossing stars with a couple or three second raters. If his arm doesn't heal within the next two weeks, there just ain't no justice.

Speaking of Herschel Stuart, it does beat all how that boy can play baseball anywhere you put him. Why, I believe he'd even make a good bat boy! I've seen him play every position on the diamond. He works hard where

ever he's placed, and no one yet has ever made a monkey out of him at any position.

I like Wade Wilson's form, don't you? Wade is the outfielder who let's darn few fly balls get through him. Besides playing his position well, he promises to make a good hitter for the Owls, too. He played last season with Wellington's Texas-Oklahoma League club, and he's quite a favorite among Collingsworth fans.

Sunday's hero undoubtedly was Nelson Seago, who managed for a nicely placed single to score Wessel and defeat Turkey. It was his second hit out of five times at bat. Horace Leggett's percentage of .600 was the highest of any batting average on either team in Sunday's game. Leggett is a consistent hitter, and he handles first base mighty well, too, considering his weight.

Another Contract Has Been Awarded Sanders And West

It is understood that another contract has been awarded to Sanders and West of Memphis for the construction of a building in Hardeman County. This particular building will be erected in Quana and will be a new ward school building for that city which will cost, when completed, something like \$55,000. The contract was awarded the local firm over some of the largest contractors in the western part of Texas.

Work on the building will start about the middle of June and will be completed in 90 working days. The building will be of one-story construction with eight classrooms and an auditorium. Vukler and Dickson, of Wichita Falls, are the architects. Following their usual practice, Sanders and West will use labor from the city

in which the building is to be constructed.

Private Ownership of Utilities

Capital for the development of electric companies comes, after all, from the public.

These companies may be owned either by public investors or by local governments. The chief difference between the two is that ownership by the investors means working on a business basis, while municipal ownership too often results in political operation.

Private ownership keeps them out of politics, puts a premium on efficient operation and encourages service satisfactory to you.

The West Texas Utilities Company, with its three major generating stations, fifteen auxiliary plants and more than 2,100 miles of transmission lines, insures you dependable service, 24 hours a day, 365 days a year.

To Those Who Will LEAD and BUILD

THE scene shifts this month to dozens of young men and women about to shoulder the important tasks and responsibilities for which the community trained them. With ambition as yet untarnished by failure, each is a potential leader in this community.

These young men and women are stepping forth, gayly, yet a little gravely, too, eager to cope with the duties of life and citizenship. Some will seek at least four more years of learning; others will be obliged to enter life's battle of livelihood immediately.

To further their success is a community duty, since upon their leadership the community will one day depend. Memphis banks have therefore dedicated this page to the graduates of the Memphis High School.

Our best wishes for successful careers for each of the 64 graduates of the 1930 Senior Class are herewith extended. We will continue to watch your progress and achievements, and we stand ready to be of service to you when you command us.

CENSUS GIVES CITY 4,252

CLEAN-UP DAYS ARE PROCLAIMED BY MAYOR

PERCENTAGE OF GAIN IS FOUND TO BE 49.77

Memphis' Population Compares Favorably With Other Towns

The long-awaited report of the 15th Census for Memphis was made on Monday of this week and shows that Memphis has a population of 4,252, as of April 1, 1920. The report on Memphis was released by Owen M. Unger, director of the Census, District 1, with headquarters at Plainfield, N. J. On January 1, 1920, the population of this city was given as 2,837, showing that during a period of 17 years, the city's gain in population is 1,415, or a percentage of 49.77. Nine persons were enumerated in this city at the Fifteenth Census, Mr. Unger's report shows.

No County Figures
Figures were released for Memphis only, but the census for the county is expected to be available in the near future. Much attention has been directed to the census enumeration completed. Some believed that the figures would exceed 5,000; but the report shows that the population would show around 4,500. Persons interviewed seem to be fairly well satisfied with the figures and more especially with the percentage of increase. Only 43.1 percent increase was shown by Childress, and other towns in this vicinity did not show as big an increase as did Memphis.

Very Satisfactory Gain
When informed of the official census figures, Mayor S. T. Harrison stated: "When the reports of the other towns in this vicinity are noted, we feel that Memphis has made a very satisfactory gain. We much prefer to have a steady gain every ten years, than to have a boom period and then drop back. Taking the country over, we have achieved a good percentage of gain."

169 Are Unemployed
Unger reported that "the number of persons living in Memphis and usually working at a manual occupation, who were registered at the census, was 169."

HENRY NEWMAN WILL TAKE OVER METHODIST TROOP

According to an announcement made this week by Scout Executive I. E. Jolly, Henry Newman will take over the Methodist Boy Scout Troop No. 2. The Scouts in this troop have been without an active leader for some time.

Mr. Newman will accompany the Scouts on an overnight hike, leaving town Friday afternoon and returning Saturday morning. The boys are to meet at Library Park at six o'clock. Mr. Jolly will also accompany the troop.

LIONS SPONSOR GILTS FOR CO. CLUB BOYS

Salisbury Boy Makes Envious Record With Duroc Jersey Gilt

Registered Duroc-Jersey gilts have been delivered to four Hall County 4-H Club boys under the sponsorship of members of the Memphis Lions Club. Under the plan as worked out, each boy signed a note at a local bank for the purchase price and a member of the Lions Club signed the note with the boy. The names of the boys who have been furnished with gilts and the Lions sponsoring each are as follows: Raymond Spivey, Eli Club, sponsored by C. C. Meacham; Troy Davis, Lesley Club, sponsored by Dr. L. M. Hicks; Morris Brown, Lesley Club, sponsored by D. J. Morgan; Joe D. Bennett, Lesley Club, sponsored by R. D. Stuart. It is expected that there will be two or three additional pigs purchased under the same plan.

County Agent E. W. Thomas gave an example of what a club boy can accomplish with registered gilts. One year ago, Earl Richards, 13 year old club boy of the Salisbury community, purchased a registered Duroc Jersey gilt from Lillard and Sons, of Arlington, Texas, and showed her at the Hall County District Fair the following September, winning first in her class. He won a trip to the Dallas Fair on his work with the pig. He then bred the gilt for a

The significance of Memorial Day, which falls on May 30, has changed during the passage of years. Originally designed as a day on which to commemorate the deeds of those valiant men who fought the battles of the Civil War, it has today a larger meaning. On this day, recognition is accorded, or should be accorded, to all those men and women who have given their lives in line of duty, or as a result of their service in the armed forces of the United States, regardless of what war they may have participated in.

Allen Is Recipient Of Willard Battery In Recent Contest

T. E. Allen was the recipient of an 86 ampere threaded rubber Willard Battery on last Saturday, as the result of his guess as to how long a light globe attached to the battery would burn. At the instance of the Charles R. Simmons Post No. 175 of the American Legion and with the approval of the city aldermen, Mayor Sam Harrison issued a proclamation Monday, officially designating Monday, June 2, and Tuesday, June 3, as city-wide clean-up days for Memphis.

The mayor's proclamation reads as follows: "In accordance with our usual custom, I am asking the hearty cooperation of the citizens of Memphis in a city-wide clean-up campaign. In this our health may be safe-guarded, thrift promoted, fires prevented, civic pride stimulated and our homes and city made more beautiful."

Vernon Pastor Is Headliner At Meet Of Rotary Tuesday

The Memphis Rotary Club, at the regular Tuesday luncheon, made farewell to George A. Sager, who leaves this week to take up his duties as secretary of the Quannah Chamber of Commerce. Mr. Sager was the only honorary member of the local club, and his resignation was accepted with regret. Chairman Claude Wells, in a few well chosen words, expressed the club's appreciation of the work done by both Mr. and Mrs. Sager.

It was Rotary Ann day at the local club and a number of Rotary Anns were in attendance. They were given an insight into the workings of Rotary through the medium of an address delivered by Rev. Gene Moore, of Vernon, pastor of the First Presbyterian church of that city. Rev. Moore brought out the fact that Rotary is not a substitute for anything else, that it is not a secret society or religious cult, but rather, a service club whose cardinal principles are fellowship, good will and friendship. He traced the growth of Rotary to its present international proportions.

VICTORY IS WON ON 34TH HOLE DURING DOWNPOUR OF RAIN

Green Belt Championship Cup Will Be Brought To Memphis For Second Successive Year

QUANAH COUNTRY CLUB, May 29.—Frank Foxhall of Memphis won the championship cup of the Greenbelt Golf Association at 4:30 today when he defeated L. S. (City) Walker of Quanah 3 down and 2 to play. It is Foxhall's second successive year as champion. Had Walker won, the cup would have passed permanently into his ownership, since he was the victor in 1926 and 1927.

The last nine holes of the match were played in a downpour of rain, but the Memphis golfer refused to allow his ardor to be dampened by the elements and he continued to shoot a wonderful game for a decisive victory.

When the first 18 holes were completed at noon today, Walker was 5 down. He fought back bravely and was only 2 down the 27th, 28th and 30th holes. Foxhall led the match from the beginning and did not suffer seriously from any rally by the defending champion.

The score for the 34 holes was as follows:

Foxhall	Walker	4	20th	4
4	1st	4	16th	5
5	2nd	4	17th	4
4	3rd	5	21st	4

Noted Lawyer Details Crucifixion Of Jesus From Legal Viewpoint

Judge D. B. Welby, noted lawyer of Oklahoma City, delivered an address at the First Presbyterian church last Sunday evening on the subject of the "Crucifixion of Christ From a Legal Point of View." He spoke with such force that rapt attention was given him and the praise of his hearers was loud at the close of the evening service. The judge was the teacher of the Men's Bible of the First Presbyterian church of Oklahoma City, and has the reputation of a noted Bible teacher.

posed of three political factions and presided over by a corrupt and shrewd high priest, with a horse boss behind the scenes in the person of Annas, who was the political boss of Caphis, the president of the council. He showed how every legal requirement was disregarded by that body. The witnesses were not sworn; the trial was not held at the hour of the day required by law and was held on an illegal day, and was so irregular in every respect as to resolve itself into a mob.

Death Comes On Last Thursday Following Long Illness

Mrs. Donnie Forkner, wife of Sam Forkner, died at the family home in Memphis, Thursday afternoon of last week at 2:30 o'clock, following an illness of nearly two years. Mrs. Forkner had made numerous trips to Amarillo for treatment and had also been under the treatment of local physicians.

Funeral Last Friday

Funeral services were held on last Friday morning at ten o'clock at the First Baptist church, with Rev. E. T. Miller conducting the services. The burial was at Leon, in Love County, Oklahoma, the former home of Mrs. Forkner, she and Mr. Forkner having been married at that place. She had been a resident of Memphis for some ten years.

Pallbearers were J. L. Carlton, S. T. Harrison, Byron Baldwin, Wilbur Jones, J. L. Barnes and C. W. Crawford. Those in charge of the flowers were Misses Alice Marie McKelvy, Gladys Hammond, and Mesdames Hamp Prater, Ernest McMurry, Hal Goodnight and Ray Webster.

Mrs. Forkner is survived by her husband, and two sons, John R., and Roy. Mrs. J. A. Porter, of Leon, Oklahoma, sister of the deceased, attended the funeral Friday, as did her brothers, Homer Jones, of Oklahoma City; Ches Jones, of Pampa, and Bant Jones, of Hobbs, New Mexico. Earl Porter, of Estelline, a nephew, attended the funeral with his family and another nephew, Virgil Porter, of Wellington, was present.

Burial took place in the cemetery at Leon at 2:30 Saturday afternoon.

Born in Parker County

Mrs. Donnie Forkner was born in Crescent, Parker County, Texas, on May 7, 1881. She moved from Crescent to Granbury, Texas, where she made her home for 12 years. From Granbury, she re-

moved to Leon, which was then in the Indian Territory, where she met and married Sam Forkner in January, 1902. Two sons were born to this union, John and Roy. The Forkner family moved to Memphis some ten years ago.

Mrs. Forkner was converted in 1907 and united with the Missionary Baptist church and has been a consistent member of the Baptist church since that time. She has been a well known and well loved member of the First Baptist church of Memphis since her arrival in the city.

Troop Four Of Boy Scouts Go On Hike

BY J. HARDIN MALLARD

Boy Scout Troop No. 4 of the First Presbyterian Church took their first overnight camp hike for the present season to Browder's canyon, Friday night of last week, leaving in the afternoon of Friday and returning at noon Saturday. Though the night was chilly and some of the boys did not have enough cover, they made up for it by taking short turns sitting up by the fire throughout the night. The stars were unusually bright and two owls and a fine mockingbird kept up a serenade to the interest of the boys during their waking hours. Some new adventures were made by the boys in camp cooking, and Bobby Thomas came off with the laurels in this art by making pan cakes that suited the general taste of the camp so well that he had more applications for cakes than he could supply.

Number of "Cubs" Along

Quite a number of the "Cubs" were along with the troop on this camp and for most of them it was their first trip. They enjoyed it all immensely because it was a brand new adventure for them. One of the "Cubs" got so busy having a good time he forgot that rocks were hard and got his head seriously tangled up with one and showed the boys how a real "Cub" could be bold heroically for the sake of a good time. The first aid Scout soon had the blood washed off and the head bandaged and the "Cub" was going right on without a flinch, having his good time just the same.

Stories Around Fire

Story telling was indulged in around the camp fire after supper and then some real play in the light of the fire. Saturday morning after breakfast was cooked and the camp set in order, the boys explored the canyon to see what they could find and they were not disappointed. They got up some rabbits and tortoises and at last they heard something that did not sound like a love song and was even more chilly to their spines than the chill of the night was to their flesh and nerves. That sound told them that danger was right close at hand and there was a stampede from the spot

with the cry: "Rattlesnake!" The boys found the snake and the target rifle was brought into play and the snake soon had a bullet through its head and his rattles were the trophy of Bobby Thomas and Floyd Wattenbarger. Target practice was held in which the whole troop took part. Some good shooting was done by all the boys but Wayne Baker carried off the laurels with the highest score. On the way back to town, the two patrols had competitive marching drill. The Eagle patrol made two points and the Flaming Arrow, one. The boys got home tired but ready more than ever for another hike next month.

7 BOY SCOUTS PASS TENDERFOOT TESTS

Seven Boy Scouts, members of Troop No. 5, sponsored by the Charles R. Simmons Post No. 175 of the American Legion, passed their Tenderfoot tests last Friday night and these Scouts will be in charge of the Tenderfoot Investiture Service Friday night of this week. The boys passing their tests are Ross Springer, Bud McAbee, Junior Godfrey, Dale Graham, Norris Williams, Woodrow Alexander and Glen Fletcher. Billy Ragsdale, S. R. McCowan and Carl Euday joined the Troop at the meeting held last week.

DR. McNEELY ATTENDS DENTAL CONVENTION

Dr. M. McNeely spent last week in Fort Worth attending a convention of the State Dental Association, in its golden jubilee. About six hundred doctors were present, and heard fine lectures from specialists from the Eastern section of the United States. Dr. McNeely took a special course in plate work and treatment of pyorrhea, while there.

Dr. E. E. Robinson was called to Plainview Tuesday to preach a funeral service, returning home Tuesday evening.

Brings His Mother Greatest Happiness

"I am so happy since my little boy, Francis, gets out and plays with the children again," says Mrs. G. M. Hays, who lives at 215 Colquit avenue, in Bossier City.
 "For a long time he didn't seem to have any life about him and was awfully cross. My mother said he acted like he had round or pin worms. He would cry out in his sleep, and grit his teeth. On my mother's advice I began giving him White's Cream Vermifuge and he started picking up. He sleeps soundly, isn't cross and doesn't grit his teeth any more. Now my boy romps and plays day long."
 White's Cream Vermifuge is wonderful for children when they have round or pin worms usually creating too much uncooked food.

Baptist Campaign Is Taken Part In By Seven Churches

W. A. Chisholm, of Temple, Baptist missionary of Bell County, is making a success of the educational and Sunday school revival campaign which he is conducting this week for the Panhandle Baptist Association, which is being taken part in by seven churches in Hall and Donley counties. The program of the week got off to a good start with 218 workers enrolled, according to J. M. Sibley, local missionary.

Is First Campaign
 This is the first campaign of this nature to be conducted by the Panhandle Association and all churches are invited to attend the commencement exercises which will be held Sunday afternoon, June 1, at the First Baptist church here, beginning at 2:30 o'clock.

The following program will be rendered: 2:30 p. m., song and praise service; 2:45, recognition of churches; 2:50, special music; 3:00, address, Rev. E. T. Miller; 3:25, announcement of awards by churches; 3:30, greetings from Missionary J. M. Sibley; 3:40, adjournment.

Mrs. Boswell, and Miss Imogene King, of Memphis, and Mrs. Brawley, of Clarendon, drove to Duncan, Okla., Sunday morning, where they will visit with Mrs. Smith, returning home the last of this week.

Byron Baldwin, C. W. Flanery and E. T. Miller drove to Lelia Lake for a fishing expedition Tuesday evening.

FIRST FLAG TO BE FLOWN OVER COUNTY MADE BY MRS. QUIGLEY

Howard A. Finch, superintendent of the Dalhart Public Schools, brother of Mrs. W. B. Quigley, and for many years a resident of Memphis and Hall County, recently presented to the Panhandle-Plains Historical Society Museum the first flag that was flown over Hall County. According to Mr. Finch, this flag was made in 1892, on the "Bar 96" Ranch, ten miles south of Red River. The ranch was then managed by J. A. Finch, and was owned by Finch, Lord and Nelson.

Mrs. Quigley Made Flag
 A fourth of July picnic was planned on the ranch and all the people of Hall County were invited, so Miss Winifred Finch, who is now Mrs. W. B. Quigley, was commissioned to make the flag. She was assisted by her brothers, Howard and Orville, both of whom now reside at Dalhart. The flag was first flown over

an arbor which had been constructed to shelter the picnic party, there being some 100 of them, this number including practically every citizen of Hall County at that time. About 1900, the flag was flown over the County Courthouse at Memphis on a similar occasion, the population of the county having increased to 1,670 by that time.

Given Historical Society
 Mr. Finch believes that this was perhaps the first flag to be flown over a picnic in the Panhandle. It will be placed in a prominent place in the building of the Panhandle-Plains Historical Society, if the plans for building a museum are carried out successfully.

Mrs. J. W. Binkley and daughter, Miss Charlie, of Dodsonville, are visiting their daughter and sister, Mrs. Thos. B. Huff this week.

Miss Margot Shaw left Friday, May 23, for a visit with friends in Amarillo, and to attend the graduation exercises with her former school associates in the high school.

Mrs. Buster Guthrie, of Rosenberg, Texas, is visiting this week with her father and mother, Mr. and Mrs. John Alexander.

Roofs Are More Artistic Than Ever—Preserve Them for the Sake of the Entire House

The roof is up where you can't give it regular and close scrutiny. The snows and rains of winter and the blistering sun of summer may have caused it to depreciate sadly. And you may not be aware of this until entire areas decay and leaks are of common occurrence.

Paint is a preservative and the modern stains put a stop to decay. Then, also, gutters should be repainted if they are to have longer life. Aside from this, the new idea in art colors for roofs helps make a place look charmingly artistic.

On The Level—

(Continued from page 1)

General observance of Memorial Day will take place here Sunday with special services at the First Baptist church and with appropriate exercises at Fairview cemetery Sunday afternoon. The diminishing lines of those once proud warriors who wore the blue and gray will not permit of many of these veterans having a part in the exercises. Equally, vast inroads have been made into the ranks of the Spanish-American war veterans. It is logical, therefore, that the burden of responsibility for remembering our war dead should fall on the shoulders of the veterans of the World War.

With thousands of disabled ex-service men in the various hospitals maintained by the American Legion and the United States Veterans' Bureau, the American public should glance back to those stirring days immediately after the United States had entered the great conflict. The sound of marching feet, of hands playing, of crowds cheering; the speeches of patriots of the moment, of minute-men, of dollar-a-year-men were to be heard from one end of the country to the other. The fires of patriotism burned brightly in those days.

Troop trains passed through towns and cities with their windows crowded with young men in khaki. Food and drink were given them. They were acclaimed by the multitude. They were going across the pond to help wage a battle that would "make the world safe for Democracy," and they were the nation's darlings.

Song writers caught the spirit of the times and produced one song after another, full of courage and inspiration, and still others, full of nothing at all. Do you recall "Rose of No Man's Land," "My Belgian Rose," "Over There," "Good Morning, Mr. Zip, Zip, Zip," "Don't Bite the Hand That's Feeding You," "A Long, Long Trail of Winding," "Mademoiselle From Armentieres," "It's a Long Way to Tipperary," "A Baby's Prayer at Twilight," and "Keep the Home Fires Burning," to name just a few?

Now, what has happened? The world war is now only a hazy memory to many of those who twelve or thirteen years ago made impassioned pleas to Hooverize, to buy Liberty Bonds and War Savings Stamps, and to do everything possible for the boys "over there." The home fires have not been burning any too brightly since the Armistice was signed. People have forgotten—that is, many of them have.

Friday and Saturday of this week, workers in the American Legion Auxiliary will sell poppies on the streets of Memphis to help the disabled boys who are now languishing in hospitals get their chance, after all these years, to face the world again. Is Memphis willing to play the part of a slacker? Are citizens here big enough to help in the worthy program of rehabilitation, or are we content to let matters stand as they are?

I have a feeling that Memphis is going to "come through." The finest tribute that can be paid to the boys who have "gone west" is to show a willingness to help those who have been left behind, disabled and incapacitated for work. At this moment, Gold Star Mothers are at the graves of boys who paid the supreme sacrifice that the United States might enjoy uninterrupted freedom and the right to happiness. Has this sacrifice been made in vain? Surely not.

The purchase of a few red poppies fashioned by the emaciated fingers of the ex-service men in hospitals is not asking such a big thing of any one. It is nothing more than our duty as American citizens. No more fitting way can be found to recognize Memorial Day than by helping the Legion Auxiliary in their poppy sale. After all these years, it is still our right and privilege to "carry on" and keep faith with those who sleep in Flanders' Fields.

Rich with pure, sweet cream, fresh cooked eggs, and mellow caramel scotch, Gate City Caramel Custard is the most delicious dish you can order at the fountain.

hit their corrupt practices so hard and humiliated them to such an extent that the members of the Sanhedrin were bitter. He brought out the fact that it was the boss Annas who was responsible for the corruption in the temple which made Jesus cleanse it, and this cut off a source of his monetary gain. He showed how this gave to the world a crucified Christ, but a Christ whose character was glorified rather than reflected upon by reason of his actions. The address was memorable throughout.

A firing squad of American Legion boys will be on hand as final tribute is paid to those former soldiers who sleep in the local cemetery. rear of the premises not later than next Tuesday afternoon. The city is furnishing wagons to haul off the trash, and they will start their work Monday morning.

Will Inspect Work

The American Legion has been asked by the city to inspect the work and this will be undertaken Tuesday afternoon. Committees have been appointed for each ward to see that a thorough job is made of the clean-up days. It is desired to make the work as thorough as possible and people of the city are asked to give their best cooperation. Premises should be brightened, lawns mowed, trees whitewashed, weeds cut, tin cans and rubbish of all kinds stacked in convenient places so it can be hauled away.

"It is the desire of the Legion as well as the officials of the city to make an intensive drive next Monday and Tuesday to rid the city of all unsightliness and to do a thorough job of the clean-up campaign," H. L. Nelson stated. "To this end, it is necessary that each citizen cooperate to the best of his ability. We should have a clean city, not only because it looks better, but if conditions are to be left as they are, sickness is likely to result. The Legion will carry out its part of the contract and will inspect all sections of the city Tuesday afternoon. We ask the cooperation of all concerned in this important work."

Memphis Owls Give Estelline Cubs Their Season's First Buggy Ride

WALKER'S BEST GAME ENDS 3 TO 2

Walker's Pitching Is Cub's Waterloo Wednesday

Left pitching that bewildered opponents, and good hits counted most, gave the Owls the big end of a 3-2 victory against the Estelline Cubs at Park Wednesday.

As the first time the Cubs been taken for a "buggy" ride this season and it was a gala in Memphis, probably because of the fact that it is no lit- tle accomplishment to defeat an Estelline baseball team. Estelline has produced a vic- torious club that has been one of the city's most outstanding, every one of the men who have pitched for the Memphis Owls Wednesday a creditable player.

The game began with Estelline the favorites to win. The stock, however, underwent a definite rise when Walker made the first score in the second inning. Estelline quick- ly returned the contest by returning to the third frame, and the edge in the first of the seventh when Bac- cus' single Burleson who had walked, was hit by Clary in the last of the seventh scored Patchell and Seago, making the score 3-2, Estelline 2. The eighth and ninth innings were scoreless.

Walker, who pitched the entire game for Estelline, proved to be a consistent Owl hitter who kept the Estelline batsmen from suc- cessfully smacking the old Owl. He allowed Memphis but his support was good, al- though three errors were charged to him.

Walker, who started on the mound for Memphis and who ap- parently was shaky at in- sulted in twirling six fraction innings that him a hearty round of ap- plause he was pulled in the seventh to be replaced by Walker. Walker secured 4 base hits off

Estelline's relief pitching was ex- tending beyond the concep- tion. Estelline batsmen enabled Walker to hold their own run emerge victorious.

Seago, in center field for Memphis, received a stiff work- ing Wednesday. He secured 7 and one catch in the seventh and did much to save the Memphis. Estelline played Wednesday at Estelline, for the management, for the first time, of Bobbie Clary, well known Silvertown player who has been charged to pilot the local season. Estelline's score:

COTTON PICKER TO BE TRIED OUT HERE

Demonstration Is To Be Conducted Here Early Next Week

C. R. Alexander, salesman for the Fort Worth Steel and Machin- ery Company, who is making his headquarters in Memphis, an- nounces that two officials of the company will be in Memphis Mon- day and Tuesday of next week to demonstrate the Smith-Conrad Combine Cotton Harvester. One machine will be on display on the streets of Memphis and the demon- stration will be held Monday and Tuesday in the neighborhood of the Farmers Union Supply Com- pany. Accompanying the cotton harvester to Memphis will be Ed P. Williams, vice-president of the company and J. C. Conrad, the inventor.

The Smith-Conrad Combine Cotton Harvester ranges in price from \$850 to \$1,500. With the use of this combine harvester, the value of burs, trash and so forth, to the land as fertilizer is saved. It is estimated by agricultural au- thorities that these burs are worth \$10 per ton as fertilizer or about \$3.50 per bale where cotton is snapped. With the use of this ma- chine, \$5 to \$7 per bale are saved in the gathering, also \$2 to \$5 per bale are saved in the ginning cost. One cent per pound lint or \$5 per bale is often paid premium on ma- chine gathered cotton over cotton carried to the gin in the bur.

Use Is Two-Fold
The Smith-Conrad Combine Cot- ton Harvester's use is two-fold. First, its use as a bur extractor and cleaner in the field when gather- ing is first begun. It seems snapping from the first is prac- ticed now. The machine is set up in the field and as the cotton is snapped by hand it is run through the machine and is cleaned thor- oughly of all burs and dirt. The clean cotton is elevated into a trailer or wagon ready to go to the gin in better shape than hand- picked. The burs, and so forth,
