## NOTICE TO FARMERS

### THE ROSAMOND GINS

Are now ready for business. I have overhauled and repaired both plants from bottom to top, and can safely say that I am now in position to give the farmers of Memphis territory the best turnout, the best sample and the most prompt and efficient service to be had in Hall County, as I believe that twenty-five years of gin experience will enable me to do this.

Every department is handled by men well matured in experience, who understand and work to the best interest of the farmer, for we all know that a satisfied customer is the best advertisement in the world. Every piece of machinery in both plants has been gone over carefully and every needed repair made that was essential to good ginning.

I came here to make this my home and to be one of you and will certainly appreciate a portion of your business.

Anyone, big, little, old or young, who can prove that the Oil Mill owns any interest whatever in these gins can call on Judge Deaver and get this check. Same will be in his hands for 60 days from date. If you feel lucky get busy.

## Which Shall It Be?

DO you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove.

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in awhile—you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

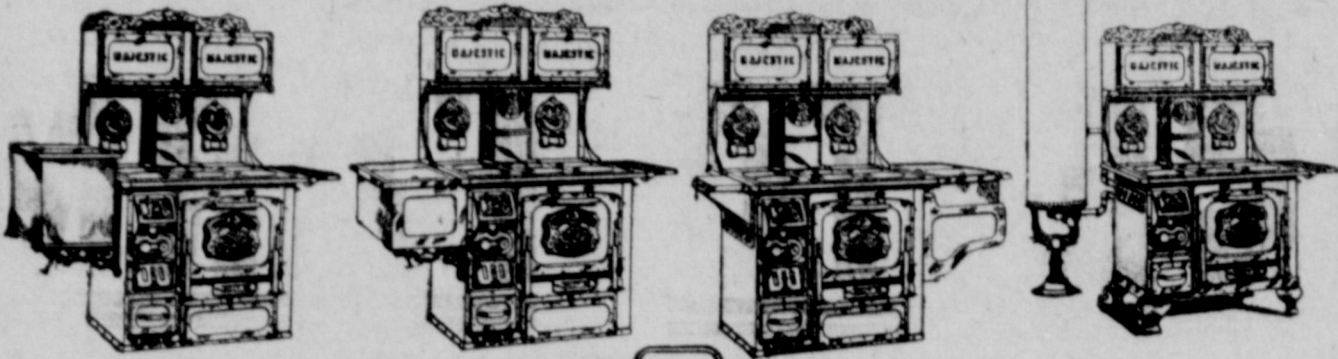

## The Great Majestic

MALLEABLE AND CHARCOAL IRON RANGE

You make no mistake in buying the GREAT MAJESTIC—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC use so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats fifteen gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the Majestic is 300 per cent stronger than other ranges where most ranges are weakest.

**Oscar Graham Coming.**  
 In speaking of Oscar Graham  
 and his Company in The Higher  
 Law, a recent press review  
 states  
 "There is always a strong vital  
 theme for every one of Mr.  
 Graham's plots, there is always  
 a happy commingling of laughter  
 and tears, there is always a  
 smoothness and finish to every  
 performance; a clean cut and  
 well groomed appearance to the  
 actors and a noticeable attention  
 to details. The Higher Law has  
 all the elevating qualities of Mr.  
 Graham's other plays. It is  
 something to make one think and  
 to give one a better faith in  
 his fellow man.  
 The engagement of Oscar  
 Graham and his Company should  
 prove of interest particularly for  
 the reason that he comes here  
 year after year and always with  
 something new. Mr. Graham is  
 somewhat unique in that he is  
 both author and actor of his pro  
 ductions.  
 The Higher Law will be at the  
 Opera House September 25.

# How Much Money Have You?

To spend for dry goods for the fall season. IT won't take much if you exercise your good judgment in selecting the proper place to buy them. Crops are not as good as we expected and you are going to be inclined to economize. Economy doesn't mean that you should buy a lot of riff-raff because you can buy it cheap. True economy means that you should buy good clean merchandise of quality, because it is the cheapest in the long run.

We have used unusual diligence this year to get the best of everything--goods we can stand behind. We have always carried good dependable merchandise, but this season we have made an extra effort to get the very best possible value to sell at a fixed price.

Again our business is a cash business--you don't have to pay a lot of credit losses when you trade with us.

We buy our goods in connection with one of the largest combinations of stores in Texas and Oklahoma. We sell some goods almost as cheap as other merchants buy them.

Crude Thoughts From The Editorial Pen

### MY MOTHER'S BIBLE

(Contributed.)

On one of the shelves of my library, surrounded by volumes of all kinds, on various subjects and in various languages, stands an old book, in its plain covering of brown paper, unprepossessing to the eye, and apparently out of place among the more pretentious volumes that stand by its side. To the eye of the stranger it certainly has neither beauty nor comeliness. It covers are worn, its leaves marred by long use; its pages once white, have become yellow with age; yet worn and old as it is, to me it is the most beautiful and the most valuable book on my shelves. Other awakens such associations, or so appeals to all that is best and noblest within me. It is, or rather was, my mother's bible—companion of her best and holiest hours, source of her unspeakable joy and consolation. It was the light to her feet and lamp to her path. It was constantly by her side and, as her steps tottered in the advance pilgrimage of life, and her eyes grew dim with age, more and more precious to her became the well worn pages.

One morning, just as the stars were fading into the dawn of the coming Sabbath, the aged pilgrim passed on beyond the morning, and entered the rest of the eternal Sabbath—to look upon the face of Him of whom the law the prophets had spoken, whom, not having seen she loved. And now, no legacy to me, more precious than that Bible. Years have passed; but it stands there on its shelf, eloquent as ever, witness of a beautiful life that is finished. When sometimes, from the cares and conflicts of external life, I came back to the study, weary of the world and tired of humanity, so hard and selfish and a world that is so unfeeling—and the strings of the soul have become untuned and discordant, I seem to hear that book saying, as with the well remembered tones of a voice long silent, "let not your heart be troubled for what is your life? It is even as vapor." Then my troubled spirit becomes calm; and the little world that has grown so great, and so formidable, sinks into its place again, I am peaceful. I am strong.

There is no need to take down the volume from the shelf, or to open it. A glance of the eye is sufficient. Memory and the law of association supply the rest. Yet there are occasions when it is otherwise; hours in life when some deep grief has troubled the heart; some darker, heavier cloud is over the spirit and over the dwelling, and when it is a comfort to take down that old Bible and search its pages.

Then, for a time, the latest editions, the original languages, the notes and commentaries, and all the critical apparatus which the scholar gathers around him for the study of the scriptures are laid aside; and the plain old English Bible that was my mother's, is taken from the shelf. Blessed, holy book, inspired, That lit my mother's may, Thou comforter in earth's sad hours, Thou light in darkest day; We cherish all thy promises, Thy word renews our youth. They're manna to the hungry soul— So full of grace and truth.

### BOYS ARE WATCHED.

When we see boys on the streets and public places we often wonder if they know the

business men are watching them. In every bank, store and office there will soon be a place for a boy to fill. Those who have the management of affairs of business will select one of the boys; they will not select him for ability to swear, smoke cigarettes or tap a beer keg. And the social swell who is daft about little social functions and is happy in the conceit that he is "just the articles" the young ladies find indispensable on all occasions, is also given the glassy stare quite as often as the beer guzzler or cigarette smoker. Business men may have a few loose habits themselves, but they are looking for boys who are as near gentlemen in every sense of the word as they can find, and they are able to give the character of every boy in the city. They are not looking for rowdies. When a boy applies for one of those places and is refused, they may not tell him the reason they do not want him, but the boy may depend upon it that he's been rated according to his behavior. Boys cannot afford to adopt the habits and conversations of the loafers and rowdies if they ever want to be called to responsible positions.

Cheerfulness is a gospel that every woman should possess; it is worth more than creed or dogma. Ask the man who fights the hard battles of life what it means to go home to the cheerful wife. Cheerfulness is a jewel either in prosperity or adversity. A low spirited, fault-finding wife can kill the last bit of hope and enthusiasm remaining in a troubled heart, while the cheerful, hopeful one leads it to press on or to begin over again with a "heart for any fate." The prime requisite to success and happiness is cheerfulness.

### The Higher Law.

The Higher Law, which will be here September 25, is the latest of Oscar Graham's plays. As author and producer of such marked successes as A Prince of His Race, The Stumbling Block, Circle C Ranch, Shadows of the Past, and latterly his novelization of the play A Prince of His Race, he is known far and wide as a writer and purveyor of thoroughly high class and extremely popular drama and fiction. His plays are marked by that persistently dominating quality of moral uplift and are fraught with an optimistic endeavor to leave the auditor impressed with a newer and stronger faith in something better than the sordidness of material injustice.

Oscar Graham and his company will be seen here in The Higher Law September 25.

### Don't Mistake the Cause.

Many Memphis People Have Kidney Trouble and Do Not Know It.

Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored contain sediment? Weak kidneys give warning of distress. Heed the warning; don't delay—Read this Clarendon testimony. Mac B. Elbon, W. Second St. Clarendon, Texas, says: "I had an extreme lameness across my loins and some time ago I got a supply of Doan's Kidney Pills. They did me a world of good, not only removing the lameness but also ridding me of the backache and regulating the passages of the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other

The Democrat editor in company with several citizens and twenty-five or thirty visitors made a trip in autos over a large portion of Hall county last Friday, and it is our opinion that Hall county could use over one thousand cotton pickers for over thirty days in the white cotton fields we now have. The cotton is opening fast and is blowing out and wasting for the want of pickers. The section of the county over which we traveled will make from one-third to one-half bale of cotton to the acre, and good prices are now being paid to pickers. We would be glad to have the county filled up with pickers at once in order that we may save the large crop of cotton in the county.

### Music For the Fair.

The News is informed that the Memphis booster band has been secured to furnish music for the Panhandle Fair and Exposition to be held in Clarendon October 2, 3, and 4.

This insures plenty of good music to visitors in Clarendon on those dates, since the Memphis band is one of the leading musical organizations of Northwest Texas. Their ability along this line is known to a majority of our citizens who have heard them play a number of engagements, giving entire satisfaction on every occasion.

And besides being splendid musicians, the members of the Booster band are excellent citizens, without exception, and the fair association is to be congratulated upon securing them.—Clarendon News.

### Special Notice.

As it is being circulated that I am preparing to leave Memphis, I wish to say that this month I started in on my seventh year in the Tailoring Business in Memphis and every year since the beginning has been an increase over the previous one, until now I have nearly a \$12000 annually business which is not for sale, exchange or give away. I have exchanged my residence property for land because I thought I saw an opportunity for a good investment and I wish to thank the people of Memphis and surrounding country for their liberal patronage and assuring you a continuance of same will be greatly appreciated and that you will find me in the future as in the past, at the same old stand. Welcoming and gladly serving my friends and customers to the best of my ability.

### Arrested for Theft.

Sunday night Deputy W. H. Lindsey and A. C. Carson went over to Wellington and intercepted W. W. Bradshaw and Jack McCullough in company with a woman by the name of Bertha Davis, who, it is alleged was getting away with one of Mr. Carson's livery teams. The man Bradshaw and the woman were brought to Memphis Sunday night in an auto and placed in jail. The other man, Jack McCullough, was brought over Monday afternoon by Scott Sigler in a car and placed in jail.

The parties had been acting queer all day, and when the team failed to arrive at the proper hour, Mr. Carson called Deputy Lindsey, and upon hearing that the team was seen about nine miles east of Memphis going towards Wellington, they immediately followed in an auto,

## MEMPHIS ENTERTAINS NORTH-WEST TEXAS PRESS ASSOCIATION.

Large Number of Pencil Pushers in Attendance and One of the Most Profitable Meetings in History of Association.

The Northwest Texas Press Association met in Memphis Friday and Saturday, September 19 and 20 and celebrated their twenty-fifth anniversary by holding one of the most profitable meetings of the entire life of the association. Following the usual opening ceremonies an invocation was offered by Rev. Will T. Swaim, pastor of the First Presbyterian church. The welcome address by Attorney A. S. Moss on behalf of the city of Memphis; Secretary A. W. Read on behalf of the Commercial club; response by Hon. Edgar P. Haney of Wichita Falls, the business of the association was taken up.

The Newspaper, Past Present and Future was handled by W. A. Johnson and Harry Koch of Quanah, two of the oldest newspaper men in this section, in a most pleasing way. Advertising rates and how they differ created quite an interest and the question was discussed at some length, the conclusion finally being reached that the country weekly and the small dailies were not receiving as much for their advertising space as they should. We believe that this move will be of great benefit to all the newspapers of the state.

At four o'clock Friday afternoon seven cars were loaded with the visiting editors and their wives and several citizens making a pleasure trip out over a portion of Hall County. The start was made from Carnegie Library where the sessions were held, going west to the little village of Eli, then from there to the busy little berg of Lodge where a stop was made to get water and gasoline. From there we went to the little city of Lakeview, thence on to Memphis. A stiff breeze came up about the time we made the start on the trip and continued until late in the night.

On our trip over the country we saw some of the best feed and cotton crops we have seen in years. The cotton fields will make from one-third to one half bale per acre and the feed crops are excellent. It was indeed a revelation to the visiting editors, the most of whom were from the districts where they had had little rain and the crops were all ruined.

At the Commercial club rooms Friday night, the guests were entertained very pleasantly with light refreshments. During the evening several informal addresses were made, among which was one by Mrs. Mary Christensen, chairman of the peace committee of the Federated Woman's clubs of Texas.

Saturday morning after several more editors arriving on the morning trains, the business session was again taken up. At eleven o'clock the announcement was made for the body to repair to the south side of the library where a great watermelon and cantaloupe feast was awaiting. The melons were furnished by Judge J. F. Bradley, on whose place the melons were grown about one-half mile from Memphis. This was indeed a pleasant surprise to all and the whole assembly is deeply indebted to Judge Bradley for this treat. After the program was dispensed with, the election of officers and the selection of the next place of meeting followed. The following officers were elected for the ensuing year: Hon. Edgar P. Haney of Wichita Falls, President; J. C. Thomas of Childress, Vice President; Cyrus Coleman, Henrietta, Secretary; Sam A. Roberts, Burkburnett, Treasurer. After the session was closed, the visitors were taken over the city in automobiles for a

pleasant drive and an inspection of our beautiful little city.

We were glad to see so many of our citizens and the ladies of the city at these meetings taking a great interest in the entertainment of these visitors. The general expression from the visitors were that we had royally entertained them and that they would at some future date be glad to again come to Memphis. Amarillo was chosen as the next place of meeting. The following out of town guests were present: Early Hendrix and wife of Chillicothe; C. W. Boner and wife, Bellevue; Cyrus Coleman and wife, Henrietta; Ralph Shuffler and wife, Olney; J. C. Wells and wife, Hedley; J. M. Warren and daughter, Clarendon; J. H. Hamner, Claude; J. L. Pope, Amarillo; J. C. Tomas, Childress; Harry Koch, Quanah, J. M. Dalton, Estelline; Sam A. Roberts, Burkburnett; Edgar P. Haney, Wichita Falls; Eugene Thomson, Dallas; Mr. McDaniel, Wellington.

Several of the visitors remained in the city Saturday and listened to the beautiful musical program given by the famous Memphis Booster Band on the court house lawn.

### Eastern Star Hold Interesting Meeting.

The Order of Eastern Star had a call meeting Thursday night at which time they initiated a candidate and the work of the order was inspected by Mrs. E. L. Houghton, special Grand deputy Matron of Texas, and the degree team was highly complimented on their efficiency in the work. Mrs. Houghton was presented a beautiful cut glass water pitcher by the order, for which Mrs. Houghton was very proud, not so much as to the price of the pitcher, but because of the spirit of the givers. After this refreshments were served consisting of ice cream and cake to about one hundred members.

### New Compress Steams Up

On Thursday afternoon the new compress steamed up and made its initial run. At this time there were a large number of our citizens present to witness the first run, many of them never having seen a compress before. At four o'clock, Capt. G. J. Adkisson pulled the whistle giving one long, two short and one long whistle to announce that the season had opened. After the successful pressing of ten bales, Capt Adkisson again pulled the whistle as in the first instance announcing that the machinery would stop for the present. Thus, one of the best institutions in Memphis opened for business. Another run was also made Saturday afternoon at which time twenty-five bales were pressed. The platform is now about full of unpressed cotton and the press will start in a few days and run regular as the cotton is ordered out.
