## Estelline Is Site Of Basketball And Volleyball Meet

### County Teams Will Play in Interscholastic Tournament This Friday and Saturday

The Hall County Interscholastic League volleyball and basketball tournament will be held at the Estelline High School Friday and Saturday of this week. Senior volleyball girls and junior basketball boys will participate in the tournament.

Teams from over the entire county will meet there to compete for the county volleyball and basketball championships. At the meeting from Memphis will be the Memphis High School girls' volleyball team, coached by Miss Joyce Sheats, and the Junior High School boys' basketball team, coached by Robert Devin.

Members of the volleyball team are Cressie Davis, Annie Mitchell, Athlee Hutcherson, Rhea Harris, Everine Wills, Mary Nancy Littrell, Naomi Smith, and Odema Yarbrough. Although newly organized, the team has met with some success in the few games played previously this season.

The Junior High basketball team is composed of Louie Grimes, Berl Jeffries, Gler. Stilwell, W. H. Butler, Bobby Robertson, Sam Prather, Jack Kinard, Aldon Huggins, Joe Elmer Edwards, Howard Gilchrist, and Wayne Lowry. Participation in a practice tournament at Lakeview last week-end is expected to have put the team in good shape to win some laurels at the county meet.

## ALLOTMENTS ON ACREAGE AWAIT FARM COVERAGE

### All Applications For Grants Must Be Signed at Once

Acreage allotments will be given Hall County farmers when all farms are covered by 1937 worksheets, County Agent R. E. L. Pattillo stated this week.

If a farm is not covered by a worksheet at the time the allotment is made, the farmer cannot receive an allotment and will have to pay a penalty of two cents per pound on all cotton produced and sold on that farm in 1938.

A number of applications for grants on the 1937 crop have not been signed as yet. Mr. Pattillo is asking that all farmers who have not signed call at his office and do so immediately.

Mr. Pattillo, Assistant County Agent W. S. Bennett, and James Smith and D. A. Neeley, county committeemen, attended a farm meeting in Amarillo Monday. County agents and committeemen were present from the other counties in this district to hear Mr. Kensier of the Agricultural Adjustment Administration office discuss the 1938 farm program.

## Schools of County Being Inspected By State Official

### J. L. Beard, Deputy State Superintendent, Checking Affiliated, Common Schools

J. L. Beard of Childress, deputy state superintendent of public instruction, arrived in Memphis Thursday and will remain in the county through next Thursday for the purpose of visiting affiliated and standardized schools of the county.

While here he will check affiliated high schools for new credits, recheck standardized schools, which he last inspected in November, and inspect high school work being taught in some of the county's rural schools.

Thursday Mr. Beard was to have visited the Lesley, Brice, and Deep Lake schools. Time for his inspection of other schools has been scheduled as follows:

Friday—Eli, 9-10 a. m.; Webster, 10:30-11:30 a. m.

Monday—Buffalo Flat, 9-10 a. m.; Bridle Bit, 10:30-12 a. m.; Turkey, 12-4 p. m.

## Cotton Producers Will Approve or Reject Quota On Marketing at Polls

### Red River Dam Would Be Big Project

The Democrat believes that the proposed dam on the Upper Red River, as planned under the supervision of the Upper Red River Valley Flood Control and Irrigation District, is well worthy of this front page editorial. It is the biggest project ever attempted in this section of Texas.

The primary purpose of the dam is, of course, flood control. But this feature, which would be worth untold millions to owners of lowlands along the Lower Red River Valley during flood seasons, is only one of the two purposes of the project. Flood control itself would be only of minor importance to this immediate territory.

The plan uppermost in the proposed project, to the area along the upper section of the river, is the feasibility of farm irrigation. Farmers and landowners should find enough enthusiasm in this feature alone to give voice to further encouragement to the agency's plans. The Federal government's promised examination, in part, will be public hearings to determine the citizenship's reactions to the entire project, as has been proposed.

The lake, which would result from such a dam, would afford an added recreation site, but the agency isn't asking the Federal agencies to spend millions for that purpose. This section enjoys ample lakes for fishing and boating. The Red River Dam is something of much greater importance and the Democrat believes citizens should consider it accordingly.

## Evangelist

C. Y. Dossey, evangelist, who will conduct the First Baptist Church revival meeting which will be started Sunday.

## DR. THOMAS H. TAYLOR TO BE SPEAKER HERE

### Guest At Baptist Anniversary; Also Revival To Be Held

Sunday is the 48th anniversary of the First Baptist Church of Memphis, and Dr. Thomas H. Taylor, president of Howard-Payne College at Brownwood, considered as the Will Rogers of Texas, will deliver two sermons during the day, one at the morning service and one at the evening service, according to the pastor, Rev. J. Wm. Mason.

The Sunday services will be the starting of a revival campaign at the church, it was announced. For the revival the church has secured Rev. C. Y. Dossey of Dallas, evangelist, and Mark Short of Fairfield, singer. The two will arrive Monday to conduct the service Monday night at 7:30, and on through the campaign each morning at 10 o'clock and each evening at 7:30. Also, beginning Tuesday a children's meeting will be held each afternoon at 4 o'clock throughout the campaign.

Last year 255 members were added to the church during the anniversary year, while already this year 49 have been added at regular church services before the revival meeting, according to Rev. Mason, who extends an invitation to everyone to attend the coming revival campaign.

## Two Sentences Are Given in District Court This Week

### Motion for New Trial Filed By Ramond Ballew; Given Four, Two Years Last Week

The trial of two criminal cases was the principal business done in the fourth week of district court here up to Thursday. One of these, the State of Texas vs. Truett Dean for driving while intoxicated, was tried before Judge A. S. Moss; defendant pleaded guilty and was sentenced to one year in the state penitentiary.

A. V. Dean pleaded not guilty to a charge of felony theft; the jury returned a verdict of guilty and defendant was given a two years' prison term.

Two cases against Raymond Ballew for assault with intent to murder were tried during the latter part of last week. The jury found him guilty of the charge in both cases; he was sentenced to four years in the state penitentiary in the first case and was given two years in the second; whether terms were to be served concurrently or separately was to be decided later. Defendant filed motion for new trial Wednesday, which will be heard Saturday, it was stated.

Civil cases in which Judge Moss is disqualified will come up next week.

The jury list for next week includes: R. P. Backus, J. R. Morehead, T. M. Harrison, W. T. Driscoll, Bruce O. Gibson, L. G. DeBerry, C. J. McBride, Doyle Simmons, Allen C. Dunbar, R. M. Hill, John Capp, G. M. Duren, Ned Gruse, W. F. Holland, Kirby Jones, H. M. Lane, C. V. Meacham, E. E. Roberts, C. W. Kinslow, J. H. Wright, W. P. Hale, Luke Lane, J. B. Foster, R. J. Gilbert, C. R. McMurry, Arvor McQueen, D. L. C. Kinard, E. A. Brown, J. H. Russell, O. V. Alexander, William Hood, R. S. Greene, Jess Jenkins, J. L. Burnett Jr., E. E. Foster, Fred Hemphill.

## Clean Up Days Are March 15 and 16

March 15 and 16 have been designated by the City Council of Memphis as Clean-Up Days, and all citizens are called upon to cooperate in making Memphis a clean and sanitary city.

All burnable rubbish should be destroyed, and all unburnable rubbish should be sacked and placed on the alleys convenient for hauling off by wagons and trucks to be furnished by the City of Memphis.

The cleaning of the premises should be done before March 16, so that wagons and trucks will not miss any rubbish, it was stated.

Hall County farmers will go to the polls Saturday to vote for or against the cotton marketing quota going into effect for the 1938 crop. It is very important that all cotton producers take part in this referendum on the cotton marketing quota, according to R. E. L. Pattillo, county agent.

The cotton quota plan will require a two-thirds favorable vote to be effective, or a one-third negative vote to be rejected, he pointed out. Therefore, the true will of the cotton farmers can be expressed only if practically all producers vote.

The referendum will be in charge of the county committeemen. Voting boxes have been placed at Turkey, Parnell, Hulver, Estelline, Baylor, Newlin, Memphis, Eli, Plaska, Lakeview, Deep Lake, Lesley, and Brice.

Polls will open at 8 o'clock Saturday morning and will close at 7 p. m. Each producer who grew cotton in 1937 will be entitled to cast one vote.

Printed leaflets and other information on the details of the 1938 farm program have been sent to Mr. Pattillo for distribution among farmers.

The material being distributed includes "A New Farm Act," a leaflet which summarizes the provisions of the Agricultural Adjustment Act of 1938, and "Questions and Answers on the Agricultural Conservation Act of 1938 as It Applies to Cotton," which covers important points on marketing quotas, acreage allotments, penalties, payments and loans.

Surplus Food and Clothing Given To Those on Relief

450 Garments, 17,821 Lbs. Food Distributed in Feb.; Many to Be Aided in March

Families on the relief rolls in Hall County received a total of 17,821 pounds of surplus commodities and 450 men's, women's and children's garments during the month of February, according to George Carroll, manager of commodity distribution in the county.

The food commodities are itemized as follows: 1,207 pounds of dried apples, 940 pounds dried apricots, 1,238 pounds dry skim milk, 12,160 pounds Irish potatoes, 459 pounds dried peas, 607 pounds milled rice, and 1,210 pounds shortening.

Forty-six pounds of food commodities, including 8 pounds each of dried apples and apricots, 20 pounds Irish potatoes, six pounds dried peas, and four pounds shortening were issued for use in the WPA Home Aid project supervised by Mrs. Carroll Smyers.

Over 3,000 surplus garments and an indefinite amount of surplus food commodities are to be disbursed to the county's relief enrollees during March, Mr. Carroll reports.

All the clothing made in the WPA sewing rooms in Turkey and Memphis are distributed in Hall County. This is supplemented by shipments from elsewhere, but no clothing made in the county goes out of the county, it was stated.

## SALISBURY ART WORK TO BE EXHIBITED HERE

An art exhibit from Salisbury will replace the Plaska school display in the county superintendent's office Monday.

The Plaska exhibit has been perhaps the most successful in the series, it is reported, with many visitors having registered.

Everyone is invited to see any of the exhibits in this series, each of which remain on display two weeks.

## PRACTICE TRACK MEET TO BE HELD HERE FRIDAY

Track teams from Memphis, Hedley, and Estelline will have a practice meet at Cyclone Stadium here at 4 o'clock Friday afternoon. The county track meet will take place in Turkey two weeks hence.

The practice meet was originally scheduled for Wednesday afternoon, but was called off because of rain.

## Goodly Amount of Moisture Received

Several sudden showers of rain here Tuesday afternoon put .78 inches of moisture into the ground, according to J. J. McMickin, official observer here for the Department of Agriculture weather bureau.

During the month of February several days of rain and snow brought the total precipitation to 2.12 inches. Highest temperature recorded during the month was 82 degrees on February 10; the lowest 11 degrees on February 1, Mr. McMickin's report shows.

Of the 28 days in the month five were clear, nine partly cloudy, and 14 cloudy.

## 1913 Study Club Observes Annual Gentleman's Evening with Gala Affair

The 1913 Study Club held its annual gentlemen's evening Friday, March 4, in the spacious pioneer home of Mrs. R. C. Walker at 703 South Eighth street.

The occasion was an old time chuck wagon dinner, depicting early ranch life in the Panhandle. The house was decorated with ranch regalia creating a colorful atmosphere.

The guests were dressed in typical ranch duds: gay shirts, heavy skirts or trousers, bright bandannas, high heeled boots, and other accessories commonly associated with ranch life. As soon as the guests were seated napkins were passed on which were drawn cattle brands of the Upper Red River Valley. In the absence of a real chuck wagon, the food was served from a long table which was covered with red-checked oil cloth, and whose only decorations were two slightly smoked kerosene lamps, and the centerpiece an old fashioned spoon holder.

At one end of the table was the big iron bean pot filled with delicious red beans which had been seasoned with home-cured bacon, onions, and tomatoes, and cooked for two days in true ranch style. At the other end of the table was a huge platter of barbecued beef. There were hot hockcakes, sour-dough biscuits, the usual bowl of un-molded butter, and the pitcher of sorghum molasses.

The chuck line filed by with their tin plates and bone-handled knives and forks. At the side-board a cowboy served black coffee in tin cups from a tall tin coffee pot. As they were served the guests seated themselves in a circle on the floor in typical ranch-camp style.

After the tins and victuals were cleared away, there was entertainment for an hour or so: Mrs. R. S. Greene, who has won state recognition as a play writer, presented some of the club's most talented actresses and musicians in her one act play, "The Philosophy of Marriage." This play was written especially for the Texas Day Program. It was a clever story of pioneer life in the West and in which many Texas cowboy tunes and folk songs were featured in a most natural and interesting manner.

The story was of two Johnston sisters, Eve, the gentle soul who loved the west and all its pioneer ways, played by Mrs. Lorraine Tarver, and Nancy, the gay young sister who always wanted something exciting to happen, played by Mrs. Margaret Morgan, who were sole heirs to a large ranch located in the heart of the Upper Red River Valley.

A glamorous debutante, Ann Stewart of New York, played by Mary Helen Hardin; her mother, Mrs. Stewart, played by Mrs. D. L. C. Kinard, and Bob (Tex) Stanley, Ann's fiancee and a prospective buyer of the ranch, played by Mrs. Lois Tarver, visited the place.

Ann soon decided that everything about the ranch was too big. During this time she lost her lover, Eve, the gentle ranch maiden, whose likes were like his and who sang the songs he sang. Ann resolved to go back to New York and "make three people happy."

The act is finished with the ranch being sold to "Tex" and the happy couple singing, "Home on the Range." The following musical program was interwoven into the play: Piano, "Turkey in the Straw"; voice, "The Cowboy's Lament," "The Old Chisholm Trail"; piano; "Arkansas Traveler"; voice, "All Day on the Prairie," "Little Joe the Wrangler," "Get Along Little Dogies"; piano, "Sheep and Goats."

After the program prizes were awarded the best dressed couple attending the function. Mrs. Bertha Carter, made up as an Indian squaw with a papoose strapped to her back, and her escort, G. C. Wilburn, dressed as an Indian chief, received the prizes.

The members and guests present were: Mr. and Mrs. Byron Baldwin, Mr. and Mrs. M. J. Draper, Mr. and Mrs. T. J. Dunbar, Mr. and Mrs. Lesley Foxhall, Mrs. H. J. Gore, Mrs. Orion W. Carter, Mr. and Mrs. R. S. Greene, Mr. and Mrs. Rabb Harrison, Mr. and Mrs. Carl Harrison, Mrs. Jessie Jones, Mr. and Mrs. D. L. C. Kinard, Dr. and Mrs. Marion McNeely, Mrs. Margaret Morgan, Mrs. Lon Montgomery, Mrs. Horace Tarver, Mrs. M. G. Tarver, Miss Mary Helen Hardin, Mr. and Mrs. G. A. Sager, Mr. and Mrs. G. D. Mrs. Widener also received many lovely gifts from relatives and friends at Abilene.

## Garden Suggestions Given By Committee

Early this month is one of the best periods for a general cleaning. The grounds should be gone over carefully, and all dead and dying wood cut from trees, shrubs, climbing roses and vines.

The perennial planting may be given a remarking this month, resetting those not thriving and those crowding. It is usually better to take up the entire group, when separating, wash the earth away under death with a hose, and separate with a knife. As growth has begun, you can see just how to best do this work. After resetting, a top dressing of well-rotted manure or commercial lumus will prove helpful.

Feed and spray roses. Leave mulch over roots and do not spade around them; mutilated roots will not flower well. Do not prune live wood now; this delays flowering. Dust often with sulphur to prevent mildew.

Do not fail to call one of the committee if when resetting plants you have more than you will use, for there are many calls for different plants. A list is kept by the committee of those available and those desired.

Mrs. T. J. Dunbar, Mrs. Byron Baldwin, Mrs. Rabb Harrison, Mrs. Mac Tarver, Committee.

## Miscellaneous Shower Is Given For Mrs. Floyd Dunn of Lubbock Saturday

Naming Mrs. J. Floyd Dunn of Lubbock honoree, who was formerly Miss Ruth Pendegrass, Mrs. W. C. Anderson, Miss Vera Gilreath and Miss Thelma Shankle entertained with a lovely miscellaneous shower at the Mtphish Country Club Saturday afternoon, March 5, at 3 o'clock.

For the affair the spacious reception room decorated with spring flowers and pot plants presented a spring-like appearance.

The guests were entertained with an appropriate program. Mrs. Conly Ward rendered two violin selections, "Believe Me Of All Those Endearing Young Charms" and "Mighty Lak a Rose" with Mrs. Tom Draper playing the piano accompaniment. Sue Lynn Guthrie played a violin solo, "I Love You Truly," with Mrs. Ward at the piano. Mrs. T. M. Harrison read, "Advice to Husbands." For the concluding number Miss Jewel Keenan sang, "In The Garden," which was followed with the presentation of the many lovely gifts.

## Office of County Attorney Is Sought By Carl Periman

Carl Periman this week authorizes The Democrat to announce his candidacy for re-election to the office of County Attorney of Hall County, Texas, subject to the action of the Democratic Primary, July 23, 1938. He says: I wish to thank each and every citizen for the support and co-operation given me before and since being in the office of County Attorney. I have tried at all times to discharge the duties of the office honestly, fairly, and efficiently. I have tried to merit the confidence the people placed in me by electing me to the office. I appreciate the co-operation given me by the various officers and the citizens of this county. I have made mistakes, but hope to profit by them in the future. I am better qualified to perform the duties of the office than when first elected, and trust that I may continue to be worthy of your confidence and support. Sincerely submitted, Carl Periman.

## Memphis Townsend Club No. One

Many people are expressing themselves daily that they don't understand about the Townsend Plan. What its aims and purposes are. So in this brief article we wish to give some information concerning the plan and how it had its origin. In Los Angeles just a few years ago an aged physician was standing in an office building talking to a friend and his friend called his attention to a sight that should touch the heart of every red blooded American. It was an aged couple with whitened hair and near the end of life's journey stooped over a garbage can searching for some food to sustain life; they were somebody's father and mother, but no doubt had seen better days. So in that big sympathetic heart of Dr. Francis E. Townsend he started the movement to provide a way to bring relief to the aged people of America past 60 years of age. His plan was to make it the law to pay 2 per cent transaction tax on every dollar's worth of business throughout the land, and the funds were to be handled by your government and mine in paying our aged people \$200 per month, which sum they would have to spend each 30 days after receiving their check. The plan provides that it may be spent for food, clothing, a home and the things which make home life comfortable. So much may be donated to charity, and mother, you can use a part of yours to visit the daughter in a distant state whom you have not seen for years, owing to your inability to obtain your railroad fare. Father, you too can visit the son or daughter who has been away from you so long. And together you can again talk over the good old days you spent together around a happy hearthstone. That would be great don't you think? And that is not all, in your declining years you must agree that you will take a vacation. By that you agree to stop work. Up to this time you have spent 60 years in earning a living, paying taxes and contributing your part to the upkeep of your community, and the establishment and maintenance of a republic which is not surpassed or even equaled by any nation on earth. This is not a pension to you, mother and dad, but a recovery plan to aid all old people in their declining years and it does not stop with them. It aids the children in school, it is a sure source of income which may be used for the long needed operation for some invalid member of the family. In short, you are enabled to pay your doctor, merchant, dentist, druggist, and all others promptly and the business of our nation can be conducted on a cash basis. Let us say that in Hall County we have 500 fathers and mothers 60 years of age and over. With the Townsend Plan in operation that would mean \$100,000 in cash to our people each month or \$1,200,000 annually, which would amount to a little more than one-half of the 80,000 bales of cotton received here this season at \$25 per bale. Our nation is now in debt about 40 billion dollars and most every thing conceivable to the ingenuity and brain of man has been tried in an effort to end this deplorable depression, but our old ship of state is still floundering, trying hard to keep off the rock. We have around 11 million men unemployed and that number is increasing daily. Nothing seems to offer a solution to the problem. Why not put your shoulder to the wheel Mr. Merchant and Business Man and board the Townsend Plan. It is not dead, but is enlisting thousands of new recruits daily under its banner. So we conclude this little article by saying that when the historians of the future begin recording the deeds of great men who have contributed much to the betterment of mankind, they will write the name of Dr. Francis E. Townsend near the top of the list. Contributed by Memphis Townsend Club No. 1.

Bible Class Boys Have Banquet

The 13-year-old boys of the Baptist Bible Class, with I. G. Thomas as teacher, and several grown-ups had a great time Tuesday night when they had a banquet at the church. The banquet was prepared and served by mothers of the boys.

Place cards were St. Patrick designs, and this color scheme was carried out in the menu also. James Baldwin was toastmaster. James Perkins Jr., another member of the class, said the invocation, and Billy Joyce gave the closing prayer.

The program consisted of talks, stunts, and music as follows: Song by class; greetings, Leon Randolph; talk, John Perkins; banana feeding contest, two boys; song and guitar, Albert Bennick; talk, "My Gang," I. G. Thomas; songs, Bennick and Thomas; penny finding contest, four men; talk, George Cullin; talk, Hayden Goodnight; talk, Rev. Mason; cracker eating contest, four boys; talk, J. C. Wells.

CHURCHES

PRESBYTERIAN CHURCH

Good news came through one of the leading papers of America for all church people throughout the United States the other day. Dr. Herman Weber, who will edit the "Christian Herald" membership reports this year. He says it with figures, thus: "More than 30,000,000 people attend churches and synagogues in America every Sunday.

Church membership is growing at the rate of three quarters of a million persons per year. In the last seventy-five years, church buildings have increased seven fold. Debts on church buildings amount to only 11 per cent of their value.

From 1800 to 1934, U. S. population increased 22 fold, while church population increased 80 fold.

And when we add to this the marvelous contribution the church is making in leading souls to Christ, and encouraging people to attend upon its ordinances, and to promote good throughout the world, we are encouraged to carry on the good work and glorify His name.

So let us go to church next Sunday morning and evening with a much larger understanding and value of the church life in our community, and throughout the world.

Special music, and a most cordial welcome to strangers and friends.

E. C. CARGILL, Pastor.

CHURCH OF CHRIST

Our protracted meeting is now in progress, and the people are bearing the word gladly. Brother C. L. Taylor is preaching the gospel with power. Services are held each evening at 7:45 o'clock. We are having no day services. The meeting will continue over next Sunday and probably longer.

We insist on all the members being in their places at each one of these gospel services. Also we want you to bring your friends and neighbors with you.

FIRST CHRISTIAN CHURCH

All the churches of the city invite you to their services Sunday. Choose one and experience the refreshment which only the sharing of Christian faith can provide.

The Sunday school hour at First Christian is 10 a. m. Regular church services are at 11 a. m. and 7:30 p. m. The morning sermon will be on "Religion in the Present Tense" and the text is to be Matthew, chapter 6, verses 25 through 34. JOE FINDLEY, Minister.

FIRST BAPTIST CHURCH

Sunday is the 48th Anniversary of the organization of the First Baptist Church in Memphis. The church now has on its rolls more than 1,400 members. We are celebrating this year by having Dr. Thomas H. Taylor, president of Howard Payne College, for our speaker at both morning and evening hours. The Sunday school has set as its goal to have 500 in attendance. The B. T. U. is working for an attendance of 250. If everyone will do his part, we can easily reach these goals. We shall count on you. Plan to be in every service during our revival meeting.

Freewill Baptists To Have Revival

The Freewill Baptist Church of Memphis will have a two-weeks revival beginning March 12. The services will be held at the East Ward school building, and Elder J. G. Stone of Ada, Okla., and Elder M. M. McKee will do the preaching.

There will be some good preaching and singing and everybody is cordially invited to attend. S. M. ZIEGLER, Pastor.

## STOCK SHOW COOPERATION SPLENDID

**T**HE FIRST ANNUAL Fat Stock Show, here last Saturday, has been acclaimed a marked success. Interest exceeded even the expectations of those connected with the show and assured a bright future for the annual affair.

The importance of the show can not be fully measured, but it is an established fact that vocational agriculture students derived a vast wealth of experience and practical training through their participation. Too, the public's response and attendance added much to the success of the show.

Much of the thanks must go to buyers, who took keen interest and paid good prices during the sales, and to the Memphis Chamber of Commerce and Estelline merchants who made the attractive premiums possible.

Such splendid cooperation would make any affair a grand success . . . and lend it hopes for a bright future.

## NEW FAITH IN "SCHOOL BOOK FARMING"

**N**OT TOO MANY YEARS ago many farmers were want to ignore and abuse the teachings of county agents, then referred to by the tillers of the soil as "school book farmers." It took a long, drawn out drought to point out the ill effects of wind and water erosion and the true value of scientific or "school book" farming.

Today the advice of county agents and soil erosion experts is considered of much importance, by farmers who have seen "school book farming" put to fruitful practice. They have not only seen their lands saved through terracing and contouring but have likewise enjoyed an increase in acreage production.

A new faith in farming has been the result of this shift from straight-row fields to "school book farming." It has seen millions of farmers converted to the teachings of agricultural experts . . . and benefited thereby.

## USE OF COTTON EFFECTS THE PRICE

**T**HE DEMOCRAT believes that a Paris, Texas, man has the right idea about the low price of cotton. He points out that back fifty years ago cotton goods were in high demand whereas the styles of the day call for other materials.

Women wore cotton dresses then and there were from seven and a half to nine yards in every pattern. Today women wear few cotton frocks and men make about as little use of cotton materials.

Those who produce the raw cotton, those who buy and sell, and those who preach the need for wider use, practice about alike. They continue to wear silk stockings, rayon underwear and woolen suits and dresses . . . and such use effects the price of the product that provides their living.

## IT'S CLEAN-UP TIME AGAIN

**E**ACH YEAR THE MEMPHIS City Council designates a period as Clean-Up Days and seeks the cooperation of the citizenship. As a general rule the public is very considerate of the period and puts forth a good effort to clear the city of all unsightly and unsanitary rubbish.

The Democrat is desirous of seeing the Clean-Up Days entered into by the citizenship 100 per cent strong and adds its appeal to that already issued by the City Council. A clean city not only makes for better health but many times adds to the selling price of its appearance in the eyes of strangers.

It's Clean-Up time again, Tuesday and Wednesday of next week, and trash burning is in vogue again! Join with your neighbor and clean up your premises.

## Cope Withdraws From Race For County Clerk

Kenneth Cope of Estelline has withdrawn from the race for the office of County Clerk of Hall County. He authorized The Democrat to state that he is moving to Childress to engage in business and is therefore no longer in the race.

He wishes to thank his many friends who promised to support his candidacy and who gave him encouragement in the race. "I regret to have to withdraw," he said, "but I feel that it is best since I have an opportunity in business."

## TIME TO PLANT EARLY GARDEN

Now is the time to plant an early garden, according to Mrs. Juanita G. Butler, Home Management Supervisor of the Farm Security Administration. A coldframe is the only kind of garden that will survive all kinds of weather every day in the year, Mrs. Butler stated.

A coldframe is made about 6 to 8 feet wide and 8 to 14 feet long, consisting of a frame work of boards from 18 to 24 inches in height at the back or north side, and 8 to 12 inches at the front or south side, are generally built directly on top of the ground. Strips of wood or wires are stretched from side to side to keep the covering from dropping down on the plants. The covering may be made of old cotton sacks or unbleached muslin or even to sacks sewed together. Whichever one is used should be dipped in old oil, crude oil or kerosene, to exclude the cold and sand. The covering is fastened down on the north side and fixed so it may be rolled from the south side back, on pretty days.

Early in the season, extreme care is necessary in watering coldframes, because excessive watering is almost certain to cause damping-off of the plants. The best way to water is to put a row of tile. One may substitute tin cans for cement tile by cutting one end completely out and splitting the other except for one can which is used at one end. These are joined together just as any tile. For the T joint use a piece of old intertube. This tile is placed 4 or 5 inches under the surface. One may use waste water from the house if not enough water supply. Water just once a week.

Coldframes are used not only for maturing crops, but for the growing and hardening of early plants such as tomatoes and cabbage plants.

The vegetables most suitable for this type of garden is lettuce, onions, radishes, beets, carrots, cucumbers, mustard, English peas, parsnips, and parsley.

When the vegetables are exhausted they may be replanted at once.

Mrs. J. Wm. Mason is in Pampa this week attending the B. T. U. training school at the Pampa First Baptist Church to last through Friday. She is one of the instructors in the senior department of the school. Rev. Mason took her to Pampa Monday.

38 Bands Invited To Participate In Cap Rock Relays

All Track Events in 1937 Relays to Be Included in Tournament Here in April

Invitations were sent to 38 high school bands in West Texas and last week Oklahoma the latter part of last week to participate in the band contest at the Cap Rock Relays here April 15-16 by Milton Pullis, band director.

A beautiful trophy is to be awarded to the band judged as the best playing and to the winning band in the marching contest, it was stated. The first contest will be held at the high school Friday night, April 15, with the following rules and regulations in effect:

Bands will be limited to 30 members each to accommodate all bands and to place them on an equal basis.

Band directors will draw for places.

Three numbers, including a march as a warm-up number, will be required to be played by each band, with the director choosing his own numbers.

The marching contest will be staged on the square the following Saturday afternoon. To be eligible to compete in this each band must have entered the contest of the previous night. Directors will again draw for places and only one band will be allowed on the square at one time.

Capable judges are to be selected for the band tournament. Free housing will be provided for all band members during their stay in Memphis.

All of last year's track events will be included in the track meet this year, in addition to the "fat and forty" race, according to Coach Frank Hubbell. Winners in the 1937 Cap Rock Relays and the record set in each event are as follows:

Seniors: One hundred yard dash, won by Ingley of Lubbock in 10.4 seconds; high jump, Sims of Lubbock, 5 ft., 7 in.; 220 yard dash, Estes of Wellington, 24 seconds; 880 yard dash, Simpson of Samnorwood, 2 minutes, 13.9 seconds; 440 yard dash, Cooksey of Lubbock, 50.8 seconds; pole vault, Tyler of Floydada, 10 ft., 10 in.; one mile run, Alexander of Childress, 5 minutes, 11.6 seconds; medley relay, Lubbock, 4 minutes, 8 seconds; shot put, Nabors of Lubbock, 41 ft., 3 in.; discus throw, Simmons of Lubbock, 112 ft., 4 in.; javelin, Sims of Lubbock, 160 ft., 5 in.; broad jump, Tyler of Mt. Pleasant, 20 ft., 7 1/2 in.; one mile relay, Lubbock, 3 minutes, 50.5 seconds.

Juniors: Chin bar, Kirk of Claude, 27 times; 100 yard dash, Dozier of Claude, 11.5 seconds; 440 yard relay, Claude; high jump, Marler of Flomot, 4 ft., 11 in.; broad jump, Marler of Flomot, 17 ft., 1 in.

The debate tournament, originally scheduled as one of the principal features of the relays, has been canceled, according to Clinton Voyles, director. The time at which the relays are to be held comes after both the county and district interscholastic league meets; all but a few of the debate teams would have been defeated by that time, would be out of practice, and not likely to accept the invitation to compete in Memphis, was the reason given for calling off the tournament.

Mrs. Lee Crabb and Mrs. A. Bailey were visitors here from Estelline last Friday.

Miss Beulah Black spent Thursday of last week in Clarendon as the guest of Mr. and Mrs. S. D. Churchman.

C. C. Broughton of Childress spent Friday of last week in Memphis on business.

Mr. and Mrs. Regnal Greenhaw of Lefors spent Saturday here visiting with his parents, Mr. and Mrs. George Greenhaw.

Wellington Couple Honored on Golden Wedding Anniversary

On Monday afternoon, February 14, the Woman's Council of the First Christian Church entertained at the home of Mr. and Mrs. A. A. Allen, honoring Mr. and Mrs. C. C. Rolls on their golden wedding anniversary.

Mr. and Mrs. Rolls, whose home is in Wellington, spend a part of each year in Aransas Pass. They are members of the Christian Church and have endeared themselves to all whom they have met. Mrs. Rolls has been a member of the council for many years and the members took great pleasure in helping her celebrate her golden wedding.

The Allen home was decorated in lovely golden flowers and fern. An arch was made of flowers, and the bride and groom of 50 years marched in to stand under the arch as Mrs. Fern Clayborn played the Wedding March.

Congratulations were offered by Mrs. Ada Garside of Newkirk, Okla.

The courtship was given in song, dramatized by Mrs. Edison Kell, Mrs. Raymond Cameron,

Mrs. Fern Clayborn, and Mrs. Cecil Couch, to the accompaniment of the piano, played by Mrs. Houston Speer. With a few words of congratulations Mrs. R. G. Speer, president of the council, and Mrs. Birdie Howard, vice president, presented a lovely Bible engraved with the couple's name in gold on the cover. Twenty-three members and 28 guests from out of town included Mrs. W. M. Allison of Freer, sister of Mrs. Rolls, and Mr. and Mrs. H. C. Allison of Freer, nephew and niece of Mrs. Rolls.—The Aransas Pass Progress.

SKEPTICAL SAM - A FUTURE CUSTOMER OF OURS

THAT glint of doubt in this young man's eye says, plainer than words, "You gotta show me."

Car owners with this I'm-from-Missouri attitude are the best "prospects" for Phillips 66 Poly Gas. They doubt claims; they want facts. So here they are:

It is a fact, proved by thousands of scientific laboratory tests, that Phillips 66 is the highest test gasoline which you can buy at regular price. It is a fact that Phillips is the WORLD'S LONGEST producer of natural high test motor

fuel; which explains why Phillips can give you higher test without higher price.

Why not find out what this premium-quality gasoline will do in your car? Phil-up with Phillips and feel that difference! You'll discover that your motor starts faster and warms-up sooner. You'll use less choke and go more miles to the gallon. You'll get less vibration and more power, less noise and more speed.

See if it doesn't cost less to run your car better, by stopping for a trial tankful at any Orange and Black 66 Shield.

### Surplus Potatoes Will Be Given To Panhandle Needy

Sponsored by Federal Surplus Commodities Corporation in Effort to Protect Growers

Surplus potatoes from three states will be added to the diets of families receiving relief. According to R. L. Montgomery, director of commodity distribution, Texas Relief Commission, the Federal Surplus Commodities Corporation, under the direction of the Agricultural Adjustment Administration, is now engaged in buying surplus potatoes in Idaho, Colorado, and Utah, in order to bring about orderly marketing and to protect growers.

As a result of this buying program, the Texas Relief Commission has received 2,988,000 pounds of this nourishing vegetable during February, and Mr. Montgomery states that he expects 612,000 pounds more from the Corporation as its program progresses.

District 16, comprised of 26 counties in the Panhandle, received 108,000 pounds of the above potatoes to be distributed through its local storerooms and truck service at the Amarillo warehouse.

During the month of February, 107,200 pounds of Irish potatoes were disbursed to families on relief in the 26 counties in the Panhandle, including Hall County.

### Traveling Men's First Banquet Is Decided Success

Dr. L. B. Cooper Is Principal Speaker; Two-Act Comedy And Stunts add to Enjoyment

Dr. Lewis B. Cooper of Fort Worth, formerly a resident of Hall County, was the main speaker at the Traveling Men's banquet last Friday night, which was held at the American Legion Hall.

Dr. Lewis' address was very interesting and contained much food for thought. He is connected with the State Department of Education and is a writer for the Texas Outlook, official publication for the State Teachers Association.

A two-act comedy, "The Salesman's Operation", was presented as a part of the program. The characters were Lynn Thompson, N. W. Durham, Cecil Phillips, Johnny Mosley and Miss Lois Hill. The play was laughter-provoking, as well as several stunts that were pulled during the course of the banquet. One of the traveling men made quite a scramble to get out of the way of a gun play.

Gillian Brothers furnished music for the occasion. Carroll Smyers acted as master of ceremonies. Ottie Jones, president of the Memphis club, held a business session at the close of the program, and it was voted to have a monthly banquet and meeting.

About forty members were present, and an attempt will be made, it was decided, to get every traveling salesman in Memphis to become a member of the club.

### Progress

Present-day farm youth has opportunities that were unknown to its forefathers.

The remarkable development of the 4-H clubs has made it possible for tens of thousands of young men and women to learn scientific agriculture, and to earn generous rewards for work well done. In addition, the leading cooperative marketing groups take an unremitting interest in the affairs of tomorrow's farmers. From these groups, farm youth learns not only the great advantages of loyal cooperation between producers, but is instructed in a wide range of topics that are of direct and indirect importance to successful farming.

### Thousands Attend Mother-in-Law Day Affair In Amarillo

Nation-wide Publicity Secured By Outstanding Celebration In Panhandle's Hub City

Amarillo and the Panhandle of Texas received plenty of nationwide favorable publicity Wednesday when the great mother-in-law celebration was staged in Amarillo, with more than one hundred thousand people present to witness the affair. It was the greatest and most elaborate celebration ever staged in this section of country, visitors stated.

News reels and photographs were made, and a NBC radio hookup gave to the world details of the eight-mile-long parade which was staged at noon, with Mrs. Franklin D. Roosevelt as the guest of honor, and five governors and other notables present from a number of states.

The Memphis band, led by Milton Pullis, attracted lots of attention. The members were dressed as mothers-in-law, and the band was the only one in the parade so uniformed.

### ATTEND CELEBRATION

Mrs. Hal Goodnight and daughter Patsy Ann, Mrs. James Cornelius and children, Mrs. Grace Duke, Mrs. R. H. Wherry, Mrs. G. H. Hattenbach, Mrs. C. R. Webster, Mrs. W. Wilson, Mrs. J. W. Fitzjarrald, Annie Ruth Thompson, Martha Thompson, Billie Thompson, Mrs. L. D. Sanders, and Miss Grace Wilson were among those who went to Amarillo Wednesday for the mother-in-law day program.

### Local Teams Win Honors at Borger

Bowen Cox's typewriting, shorthand, and bookkeeping teams and Clinton Voyles' debate team attended an invitational commercial and debate tournament at the Borger High School last week-end.

In the individual typewriting contest, Mary Helen Lindsey of Memphis won first place. Memphis also won first place in the typewriting contest as a team.

As a team, Memphis won 4th place in the shorthand contest. The bookkeeping team won third place in that contest.

Typists attending the meet were: Mary Helen Lindsey, June Seago, Ruth Barnes, Rebecca Rae Weaver, Alma Sweett, Betty Johnson, Athla Goffinett, and Mary Isabelle Hanvey. Short-hand contestants: Patty Nell Craver, Inez Shipman, Doris J. Vallance, and Charlotte Coursey.

The boys' debate team, composed of Evan Roberts and Cullen Chapman, beat Morris in the first round, but were defeated by Amarillo in the second. The girl debaters, Katherine Robinson and Anna Kathryn Davenport, lost to Borger in their first contest.
