Horse And Jack Owners Plan Annual Affair To Revive Interest In Good Stock

Hall County horse and jack owners will put on a colt show in Memphis on November 4 for the purpose of reviving interest in better grades of work stock. The show is to be staged in four divisions, mare and horse colts, County Agricultural Agent R. E. L. Pattillo stated. Cash premiums will be awarded the winners of the four divisions, and season awards will be made to the second-place winners. A great deal of interest was shown in the colt show that was staged in the county last year, and it is planned to make the event an annual affair.

OVER 7,000 ARE EXPECTED HERE AT CONVENTION

A. B. Wills, Memphis, Heads Body; Meets At Local Church

Singers and visitors from four states are expected to be in Memphis Saturday morning when the Ninth Annual Convention of the Northern Texas and Oklahoma Singers Association opens. A. B. Wills, Memphis, president of the giant singing association, estimated this week that between seven and eight thousand visitors will flood the city for the two-day convention. The reception committee has been notified that delegates will be present from Lawrenceburg, Tenn.; Hartford, Ark.; Cordell, Hobart, Granite, Elk City, Strong City, Carter, Mangum, Olustee, Eldorado, Gould, Texola, Hollis, Altus, Oklahoma City, Okmulgee, and Canute in Oklahoma; Dallas, Fort Worth, Wichita Falls, Wills Point, Vernon, Quanah, Childress, Paducah, Matador, Lubbock, Plainview, Floydada, Lockney, Amarillo, Claude, Hedley, Clarendon, Wellington, Shamrock, McLean, Wheeler, Dodson, Everett, Electra, Estelline, Turkey, Quitaque, Flomot, Silverton, Alvord, and Kirklind in Texas. Many other towns will also be represented.

Memphis Squad Is Primed For Defending Champions; Big Delegation To See Game

Coaches Frank Hubbell and Wilson Dees take their squad of Cyclone gridsters to Wheeler Friday of this week to do battle on the Wheeler turf Friday night with Coach Sting Cain's district championship team. The game is a conference clash, and one long awaited by the local footballers, as they will be seeking revenge for a defeat handed them by the Mustangs last year. Coach Hubbell will take his entire squad to Wheeler for the game, leaving Memphis early Friday morning in a large school bus. A large delegation of Memphis fans, the pep squad, drum corps, and band will go to Wheeler for the game. The Memphis Cyclone will be in top form for the contest. Wheeler defeated Clarendon last week 26-0, while the Cyclone was taking a 6-0 victory from Lefors. Those who will likely see service for the Memphis team Friday night are Blackburn Montgomery, end; Talmadge Pounds, quarter; Leroy Robertson, center; Billy Polk Hall, fullback; Alton Devlen, guard; James Evans, end; A. J. Clark, guard; Eugene Lindsey, half; Gordon Hagemeier, half; Paul Dodson, guard; Otto Brannon, tackle; Glen Bruce, end; John Harris, tackle; J. R. Sanders, half; A. G. Kesterson, center; Boyce Bruce, tackle; Dennis Sanders, tackle; Jack Foster, half.

At Baptist Church

The convention will open at the First Baptist Church Saturday morning, October 9, at 10 o'clock, under the direction of President Wills. The second session of the convention will convene at 1 o'clock Saturday afternoon, and the evening meeting Saturday will begin promptly at 7:30 o'clock. J. Claude Wells, Memphis mayor, will give the welcoming address to the convention body Saturday evening at 8 o'clock, with (Continued on page 6)

Two Arrested On Car Theft Charge

Activities of a car-theft ring which has operated in this section were thought by officers to have been broken up when Ed Parmley of Memphis was arrested last week in Wellington and Ralph Warren, alias George Kelly, was arrested and jailed in Denver. Parmley, an ex-convict, was arrested at Wellington in connection with an automobile stolen in Amarillo, local authorities stated.

Officers here issued a theft charge against Warren last week, and he was arrested and held at Denver. The state highway department is taking the lead in breaking up the alleged car-theft ring.

Carlton Discusses Agricultural Work At Rotary Meet

Riley W. Carlton discussed vocational agriculture in its different phases at Rotary luncheon Tuesday.

Thirty-three members of the Future Farmers of America—the club organized within the vocational agriculture class—have adopted for their major project this winter the feeding of a baby beef each for the market. Carlton said, and asked that each Rotarian select an F. F. A. boy as a "buddy" with a view to lending encouragement in the baby beef project.

Carlton said it is being planned by the three F. F. A. organizations in Hall County to hold a baby beef show here early next year.

W. C. Diskey, Rufus Greene, and Tomie Potts paid tribute, on behalf of all Rotary Club members, to Jeff Watson, who is leaving soon for Lubbock to make his home.

R. E. L. Pattillo was introduced as a new member of the Memphis Rotary Club.

TURKEY.—Turkey's oil test, located three quarters of a mile southwest of Turkey, Mo. The test is on a 12,000-acre block, assembled by H. M. Hanna and C. J. Barnhart of Oklahoma City.

The well is known as the English-Jacobs No. 1, and is located in the Southwest corner of Section No. 171, Block S-5, D & P Ry Company survey, approximately 1,000 feet from the west line and 600 feet from the south line.

The test is being drilled by C. G. English of Clement, Okla., and Leo Jacobs of St. Louis, Mo. The test is on a 12,000-acre block, assembled by H. M. Hanna and C. J. Barnhart of Oklahoma City.

Cable tools are being used and drilling will be slow and cautious in order that every formation can be tested thoroughly. The crew is composed of experienced drillers, and a day and night force will be used.

This test is creating much interest, since the block covers a structure that geologists consider as good oil territory. A shallow paying sand is expected in addition to deep oil.

Begins Work

Carroll Smyers of Amarillo, former Memphis school teacher, began his duties this week as secretary of the local Chamber of Commerce.

New Secretary Of Civic Body Takes Up Duties Oct. 4

Carroll Smyers of Amarillo arrived in Memphis this week to begin his duties as secretary of the Memphis Chamber of Commerce. Mr. Smyers formerly resided in Memphis, and is well known here. He taught speech in the local high school for a year and a half.

After beginning work Monday morning, Mr. Smyers released the following statement: "I am happy for the opportunity that I have of serving the city of Memphis and the surrounding territory, as secretary of the Chamber of Commerce. The ultimate aims of this organization can only be accomplished with the help of every man, woman, and child in this area. No single group of men can fulfill these far-reaching objectives.

"Memphis is built upon tangible and substantial assets, and there is virtually no limit to what our city may become. Memphis depends upon you, and you depend upon Memphis. The opportunity for growth and development knocks at our door. The time is ripe for further expansion, for re-doubled community effort.

"Let's go and grow together."

MUST SELL COTTON

Cotton placed in the government loan must be sold before July 1, 1938, for the producer to qualify for the three-cent government subsidy, according to word received by the county farm agent from College Station.

PIONEER HALL COUNTIAN DIES NEAR WEBSTER

John Robertson, 79, Had Lived For 30 Years In County

John Robertson, 79 years of age, well known citizen of the Lakeview community, died at his home Monday morning, October 4, at 10:30 o'clock. The elderly Hall County farmer had been in failing health since last winter. He became seriously ill Tuesday of last week of pneumonia, dying the following Monday.

Funeral services for "Uncle John" Robertson, as he was well known, were conducted from the Webster Methodist Church Tuesday afternoon at 2 o'clock. The final rites were conducted by Rev. G. H. Gattis, pastor, assisted by Rev. Ollie Apple of Petersburg. Interment was in the Lakeview Cemetery, directed by King's Mortuary. Pallbearers were W. W. Williamson, Lyman Davenport, Floyd Springer, Ross Springer, Bob Cannon, and Hollis Boren. Those in charge of the floral offerings were Mrs. J. R. Cannon, Mrs. D. Wigginton, Mrs. W. E. Henry, Mrs. Buddie Durham, Mrs. A. B. Henry, Mrs. Marvin Alexander, and Mrs. C. A. Orrell.

Mr. Robertson was born at Murphysboro, Ky., on December 9, 1857. He came to Texas in early boyhood, making his home in Hopkins and Denton counties. His early life was that of the pioneer.

He was married to Miss Ella Morrison in Farmington, Tex., on (Continued on page 6)

GIANT SINGERS' ORGANIZATION HAD Its Beginning In Memphis Eight Years Ago

The Texas-Oklahoma District Singers Association, which meets in Memphis for the annual convention on Saturday and Sunday, October 9 and 10, was organized in Memphis on September 7, 1929; and on September 7 and 8 of that year the association held its first convention in Memphis.

From the small body of singers who drove through the rain to attend the opening session eight years ago, the association has grown so rapidly that now between seven and eight thousand persons attend the annual conventions.

Cotton Sells More Freely In Area Now

Cotton has been selling more freely in the Memphis area this week, caused by the new regulations on the government loans and the fact that a government cotton classing supervisor was in Memphis Monday and Tuesday.

A. C. Polton of Memphis, Tenn., arrived Monday morning to help clear up the cotton situation here. He stated that licensed cotton classers will be stationed at Memphis and at other points in this area to class the cotton at the compresses. He will remain in the district as supervisor. The licensed classer is expected to be here shortly.

Marriage Licenses Issued 10 Couples

Ten marriage licenses were issued in Hall County during September from the office of Floyd Springer, county clerk.

Those issued were to: George Murphy and Miss Ruth Rogers, Oval Cogdill and Miss Clovaddell Baker, Jessie Arnold and Miss Juanita Allen, Clyde Camper and Miss Mattie Bell Melton, Walter Bishop and Mrs. M. B. Brackeen, O. L. Barker and Miss Beulah Hicks, Walter Harris and Mrs. Flossie Davenport, Casey Jones and Miss Rachel Piland, and Charlie Jordan (colored) and Naomi Evans (colored). One marriage license was not for publication.

SAGA OF THE COTTON COUNTRY

IT IS the fall of the year in Hall County that we like best. That's the time of the year that you walk down the streets and not know one in 20 persons you meet. Because itinerant families are drifting through the country earning and spending money through gathering the fleecy staple by which Hall County makes its living.

The most picturesque time of the year in Hall County is the autumn. Not because the blue sage turns and the cottonwood is transformed into beautiful yellowish hues, nor because the blue quail calls and the wild ducks cry. But because it is in the fall that the harvest is laid by.

When cotton is trundled over the country roads to the gins in Hall County, business begins to soar. Not many trips to market are made by the hundreds of farmers until the cotton towns take on an air of riches.

For it is then that the Mexicans, the Indians, the Gypsy clans, the negroes—and honest-to-goodness families of good, clean, white people—descend on the cotton belt to share in the prosperity brought on by hard, honest labor.

The fall is the time of year that the beat of marching feet around the business square is speeded up. For the jingle of money, with the knowledge that more is to come, puts a spring in feet which weeks before had pounded the pavement in a monotonous shuffle.

The fall is the time of the year when storekeepers and clerks harangue with the cotton "hands," and quote prices and count change in broken Spanish to swarthy-skinned Latins.

The autumn is the period of activity. Football rules the sport realms. The World Series has its day. Used car lots appear. Beggars and peddlers abound. Business houses fill up. Rent houses enjoy better days. White locks of cotton dot the highways and country lanes, and dust and smoke from the mighty gins cast an exciting element in the air. The gins drone, the compresses hiss and steam, and trains and trucks and wagons strain with heavy loads of cotton destined for all parts of the world. The farm folks wed. Tractors pull loads of watermelons into town. Maize is headed. Calico dresses, long anticipated, are bought; and blue serge suits are in vogue. Life is good when there is money in the country. . . .

It's the fall of the year that we like best.

PUBLICITY FOR DISCRIMINATING AGENCY

THE WORKS PROGRESS ADMINISTRATION continues to send The Democrat publicity to be run on the adult education program in the state, thus seeking to get free publicity from us for a government agency which discriminates against this section of the country.

Reduction of adult illiteracy in Texas by 25,000 persons during the current fiscal year is the goal set by Carl W. Huser, assistant state director of emergency education for the WPA. Thus a news release sent to The Democrat starts out.

Well, that is certainly fine. And attainment of this objective will practically double the number of Texas adults who have been taught fundamentals of reading and writing in Federally-financed classes, the WPA says.

As we have just said, all of this is certainly fine. But why should the adult education program of the WPA expect a pat on the back from newspapers of this territory when the state officials have kicked this section out of the program?

We believe in the education of adults. And we also believe that adults in this sparsely-settled region have as much right to be instructed at government expense as those living down-state.

0000000

THE MOST VALUABLE CROP

WHILE ADULT farmers are struggling with the problems of production and marketing, a splendid new "crop" of farmers of the future is growing up.

Thousands and thousands of farm boys and girls are now enrolled in 4-H clubs, in Future Farmers of America clubs, and in vocational agriculture study. Here they are learning practical lessons in successful agriculture. On a not distant tomorrow, they will be operating the nation's farms, organizing and running

the nation's farm programs, and working out the problems of the day.

The fact that organization of farm youth has not reached its highest point in history, augurs well for the agricultural future, as the Industrial Review points out. The training and information these young farmers receive in their club work and study will prove invaluable.

Paragraphs From Panhandle Press

Culled From The Democrat Exchanges

When Fred Patton, world's champion hog caller, demonstrated his artistry over a Norfolk, Neb., radio station, he damaged the equipment to the extent of \$500. . . . The dumbest man has been found. After losing a finger while fooling around a buzz-saw, a Pittsburgh man lost another showing a friend how he lost the first.—Wellington Leader.

80-Mile Cotton Row

Out on George Hider's farm there's a row of cotton 80 miles long, and Mr. Hider wouldn't be surprised if that isn't about the longest unbroken row of growing crop anyone ever had. Of course it isn't straight. It is a spiral, starting at the center of a 40-acre plot and spiraling out mile after mile. The eighty-mile row of cotton isn't just someone's idea of being different. Behind it is something that Farmer Hider's neighbors think may revolutionize farming. Farmer Hider can arise with the dawn and walk out to his 80-mile row of cotton. He can start his tractor at one end of the row. Then he can stroll into breakfast, read the papers, go to town, or do what he wants to—and the tractor will keep right on cultivating that row of cotton just as slick as you'd want. It makes no mistakes. It comes just as close to the growing plant as Mr. Hider wishes. A little after lunch, the farmer goes out to his mechanical farm hand, refuels it, and away it goes down the row again, chugging contentedly at the three miles an hour pace, never cussing and never stopping to go lie down under a shade tree.—Haskell Free Press.

Six-Man Grid Teams

David Lee, Texline high school principal and coach, is urging the adoption of six-man football by the small towns of the Northwest Panhandle and Northeastern New Mexico, and formation of a league. He believes that this would make for better football teams, since a number of the small towns do not have enough large boys for a 11-man team.

An' It So?

What we should have done while wishing for a big cotton crop was wishing that the price would be maintained around 12 or 13 cents, the Chillicothe News states.

Clarendon Traffic Light

Clarendon is going high-brow. According to the Donley County Leader a traffic light is to be installed in Clarendon at the intersection of Highway 5 and Kearney street.

An Old Racket

The Childrens Index. It's an old racket, but it's still being worked. The owner of a truck or a large car picks up a load of negro cotton pickers in East or Central Texas and starts west with them. He stops in Childress County and finds a farmer who needs pickers. "If you will pay me for transporting the negroes up here, you can have them," the trucker says. The farmer accepts the pickers, fits them out with cotton sacks and kneepads, sometimes paying the women for making the sacks, and often buys them a supply of groceries, with the intention of taking the expenses out of the pickers' earnings. That night, the pickers disap-

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

His Buddy Understood

By I. G. Thomas,
Member Memphis CCC Camp

When he answered the call and marched away
In a khaki suit that summer day,
He didn't know why he wanted to cry
Or why a thin mist would come to his eye,
But his buddy understood!

He didn't know why he should miss mother so,
When the troopship kept rocking to and fro,
Or why all his food seemed to stick in his throat
When he thought of the photo he kept in his coat,
But his buddy understood!

Then that day they were ordered to go 'over the top'
When he shook with fright, and his heart seemed to stop—
Why he had sickened when first he saw blood,
And beheld dead and dying out there in the mud,
But his buddy understood!

And when he lay limp on a hospital cot,
Wounded and galled, with a fever and hot,
Why he had called a girl's name o'er and o'er
As he talked of her waiting on America's shore,
But his buddy understood!

Then he came home—not the youth, but the man!
Seemed years had passed by in that fifteen months' span.
Gone was his smile and his free happy way,
And when out with his pals he had not much to say,
But his buddy understood!

There were those who talked how he'd changed since the war,
They knew not what he'd seen, or the pain that he bore.
And others there were only too quick to blame
His oft' changing moods, and excuses so lame,
But his buddy understood!

When he started to drink, it was not very long
Ere many condemned every act of his wrong.
And when as years passed, others called him a bum,
His buddy, stood by, never doubting, like some,
For his buddy understood!

Then came the day when they laid him to rest,
Dressed in that khaki he always loved best.
His old war-time buddy, still true to the last,
Forgiving, forgetting his misunderstanding past,
'Cause his buddy understood!

When folks have not heard bursting shells, dawn to dawn!
Seen bodies of men all bloody and torn!
Heard screaming and yells out in hell's no-man's land,
It's sure mighty hard to make them understand,
Like his buddy understood!

10,000 Texas Boys and Girls Aided In School This Year By N. Y. A. Program

Because they have been assigned to useful and practical part-time work under the NYA Student Aid program, about 10,000 Texas boys and girls who otherwise would not be able to attend school this year are now registered for classes, J. C. Kellam, Texas Youth Director, estimated this week.

Eighty-four Texas colleges and universities have been approved for participation in the Student Aid program and have been assigned quotas which will provide 4,096 part-time jobs at an average wage of \$15 a month. On October 1, 1,282 Texas secondary schools had been approved and had been assigned quotas providing 4,238 part-time jobs at a maximum wage of \$6 a month.

Since, in past years, some schools, particularly junior colleges and high schools, have limited the earnings of students to less than the maximum monthly wage, thereby making more jobs available, Mr. Kellam estimated that a number of students considerably larger than the number of jobs provided had already been given part-time work. The work must be practical and desirable, and is to be performed under the direction of local school officials.

Mr. Kellam said that the NYA College and Graduate program was almost completely organized for the year. He estimated that about 60 per cent of the second-

Over 100 Miles Of Shelterbelt Strips Are to be Planted

CHILDRESS.—More than 100 miles of land to be planted in shelterbelt tree strips during the coming winter has been placed under contract in the Childress district during the past 10 days, according to Edgar H. Kemp, head of the district office here.

Most of the contracts have been made in the concentrated strips near Turkey in Hall County and Dunlap in Cottle County. Planting will start in November, or early December, soon after the first killing freeze, Kemp said. Applications are still being received at the shelterbelt office here.

Many schools desiring and eligible to participate in the program had applied and had been approved. He stated that action was being taken upon all applications for participation on the day they are received in the State Office at Austin.

To keep your engine running smoothly, the oil you use must really do a job! Must cling to metal like the paper on the wall. Must supply a friction-fighting film that is tougher than tough.

That's where Phillips 66 Motor Oil comes in. It has high-degree oiliness. Its heat-resistant film does not thin out or squeeze out. It stays put

in the bearings and on all moving surfaces. Stands up amazingly. Lasts longer. Holds your oil level high. All because it is specially refined from a costlier 100% paraffin base crude.

Next time, drain and refill with Phillips 66 Motor Oil. It's concentrated! . . . This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Memphis Gridders Win Second Conference Game Of Season

and marched straight up the field in a sustained drive 60 yards to score. Pounds, turbine-legged quarterback, was the battering ram of the Memphis first-quarter attack which drove the Buccaneers steadily back in short, powerful thrusts through the center of the line.

Pounds Scores
Pounds rammed through right guard for the last two yards to cross pass dirt. Dennis Sanders' try for the extra point went wide, and the score was 6-0 with only a few moments having elapsed.

No further scoring was done, but this did not take away from the thrills of the game; for the crowd of approximately 1,200 was kept on edge throughout with first Lefors and then Memphis threatening to ring up markers. It was not until the final gun sounded that the Memphis fans drew an easy breath.

Collar-Bone Broken
An unfortunate accident occurred about mid-way of the first quarter when R. Carrouth, 165-pound Pirate quarterback who made the all-district team last year, received a broken collarbone to put him on the shelf for the remainder of the season. The mishap occurred when Carrouth slipped through the right side of the Cyclone line and was met with a vicious, head-on tackle. When tackled, the ace visiting back jumped high in the air and landed full on his shoulder. Local fans agreed that had Carrouth not been injured the game might have been a different affair.

Lefors threatened in the first quarter immediately after the Memphis touchdown. The Pirates took the ball on their 40. Then Carrouth, taking the ball for the first time in the game, swept his own left end for 20 yards before three or four Memphis tacklers pulled him down. Carrouth a moment later got another first down through the right side of the line, but was injured on the play.

Halt Lefors Drive
The threat was broken up a moment later when a Lefors back fumbled and Dodson nailed the ball for Memphis. Pounds and Hall took the ball back down the field in a series of first downs only to lose the ball on a fumble.

Lindsey, Memphis safety and end-runner, made the longest run of the game in the second quarter when he skirted right end for a 37-yard gain. But the play was called back and Memphis drew a penalty for holding.

Pounds got off a long punt late in the second quarter, which was taken by the Lefors safety on his own goal line; and Evans rode him out of bounds on the five-yard marker when the gun sounded for the half.

Second Half
Lefors returned the kick in the second half to their 35, and Memphis got possession of the ball out of the air on the visitors' 45. Hall and Pounds got a first, but Pounds booted out on the 20.

With Taylor and Jackson leading, the Pirates picked up three first downs through the Memphis line. The march was halted, however, when the stalwart Memphis linemen tightened and held for downs.

Two Punts Blocked
Lefors had the ball in Memphis territory again at the first of the fourth quarter. Lindsey returned a kick 15 yards to the Black and Gold 25. There the Memphis offense bogged down, and Pounds' kick was blocked, Lefors recovering on the 30. But the Pirates were unable to make a headway, and the Cyclone took the ball on downs. Hall knifed through the line for a first down.

But Memphis had to punt a moment later, and Pounds' punt was blocked. Lefors drew the ball on the Memphis 48. The Pirates made a desperate attempt to score. Walsh dropped a pass which carried 30 yards into the hands of Ellington. Taylor got seven yards on a slant at left end; but the next three downs failed to gain the needed three yards for a first, and Memphis took over. Pounds booted out to the 40.

Intercepts Pass
Evans sneaked a lateral, and Foster intercepted a long Pirate pass to ease the tension. The game ended shortly.

The star of the Memphis team was Talmadge Pounds, quarter, whose powerhouse drives through the line picked up gain after gain. But his offensive play was no better than his defensive. He backed up the line well.

Line Stands Out
The husky Memphis linemen did their part, blocking and tackling well. James Evans was the outstanding lineman. He rode the interference well, made numer-

ous tackles, and was down fast under punts. His running mate, Blackburn Montgomery, also showed up. The big, bruising Cyclone tackles, John Harris and Dennis Sanders, enjoyed a good performance, as did Paul Dodson and A. J. Clark at guards. Leroy Robertson played his best game of the year to date, making numerous jarring tackles from his line-backing position.

Hall, not being called on to display his passing ability, snaked through the line for good gains. On one occasion he came across from his right half zone to meet the ball carrier on the line of scrimmage on the left side with a vicious tackle.

Lindsey Returns Punt
Eugene Lindsey and Jack Foster at halves gave good accounts of themselves. Foster blocked and tackled well, and Lindsey looked good carrying the mail. He is the first safety man that Memphis has had in several years who looks good on returning punts.

J. R. Sanders at half, Dewlen at guard, and Boyce Bruce at tackle took care of their positions while they were in the game.

Standouts for Lefors were Williamson, tackle; Ellington, end; Carrouth, quarter; and Taylor, half.

The starting line-up:
Memphis—James Evans, left end; John Harris, left tackle; A. J. Clark, left guard; Leroy Robertson, center; Paul Dodson, right guard; Dennis Sanders, right tackle; Blackburn Montgomery, right end; J. R. Sanders, left half-back; Eugene Lindsey, right half-back; Billy Polk Hall, fullback; Talmadge Pounds, quarterback.

Lefors—J. Fite, left end; R. Williamson, left tackle; E. Pierce, left guard; F. Robertson, center; E. Lee, right guard; J. Denton, right tackle; B. Ellington, right end; C. Walsh, left half; E. Taylor, right half; J. Jackson, fullback; R. Carrouth, quarterback. Memphis substitutes: Dewlen, guard; Foster, half; Bruce, tackle.

Coaches: Frank A. Hubbell and Wilson Dees, Memphis; F. Smith, John Rankin, and D. V. Biggers, Lefors.

Officials: W. S. Bennett, W. T. S. T. C., referee; J. T. Duncan, E. T. S. T. C., umpire; J. Maxwell, E. T. S. T. C., headlinesman.

SAGA OF THE COTTON COUNTRY

IT IS the fall of the year in Hall County that we like best. That's the time of the year that you walk down the streets and not know one in 20 persons you meet. Because itinerant families are drifting through the country earning and spending money through gathering the fleecy staple by which Hall County makes its living.

The most picturesque time of the year in Hall County is the autumn. Not because the blue sage turns and the cottonwood is transformed into beautiful yellowish hues, nor because the blue quail calls and the wild ducks cry. But because it is in the fall that the harvest is laid by.

When cotton is trundled over the country roads to the gins in Hall County, business begins to soar. Not many trips to market are made by the hundreds of farmers until the cotton towns take on an air of riches.

For it is then that the Mexicans, the Indians, the Gypsy clans, the negroes—and honest-to-goodness families of good, clean, white people—descend on the cotton belt to share in the prosperity brought on by hard, honest labor.

The fall is the time of year that the beat of marching feet around the business square is speeded up. For the jingle of money, with the knowledge that more is to come, puts a spring in feet which weeks before had pounded the pavement in a monotonous shuffle.

The fall is the time of the year when storekeepers and clerks harangue with the cotton "hands," and quote prices and count change in broken Spanish to swarthy-skinned Latins.

The autumn is the period of activity. Football rules the sport realms. The World Series has its day. Used car lots appear. Beggars and peddlers abound. Business houses fill up. Rent houses enjoy better days. White locks of cotton dot the highways and country lanes, and dust and smoke from the mighty gins cast an exciting element in the air. The gins drone, the compresses hiss and steam, and trains and trucks and wagons strain with heavy loads of cotton destined for all parts of the world. The farm folks wed. Tractors pull loads of watermelons into town. Maize is headed. Calico dresses, long anticipated, are bought; and blue serge suits are in vogue. Life is good when there is money in the country. . . .

It's the fall of the year that we like best.

PUBLICITY FOR DISCRIMINATING AGENCY

THE WORKS PROGRESS ADMINISTRATION continues to send The Democrat publicity to be run on the adult education program in the state, thus seeking to get free publicity from us for a government agency which discriminates against this section of the country.

Reduction of adult illiteracy in Texas by 25,000 persons during the current fiscal year is the goal set by Carl W. Huser, assistant state director of emergency education for the WPA. Thus a news release sent to The Democrat starts out.

Well, that is certainly fine. And attainment of this objective will practically double the number of Texas adults who have been taught fundamentals of reading and writing in Federally-financed classes, the WPA says.

As we have just said, all of this is certainly fine. But why should the adult education program of the WPA expect a pat on the back from newspapers of this territory when the state officials have kicked this section out of the program?

We believe in the education of adults. And we also believe that adults in this sparsely-settled region have as much right to be instructed at government expense as those living down-state.

0000000

THE MOST VALUABLE CROP

WHILE ADULT farmers are struggling with the problems of production and marketing, a splendid new "crop" of farmers of the future is growing up.

Thousands and thousands of farm boys and girls are now enrolled in 4-H clubs, in Future Farmers of America clubs, and in vocational agriculture study. Here they are learning practical lessons in successful agriculture. On a not distant tomorrow, they will be operating the nation's farms, organizing and running

the nation's farm programs, and working out the problems of the day.

The fact that organization of farm youth has not reached its highest point in history, augurs well for the agricultural future, as the Industrial Review points out. The training and information these young farmers receive in their club work and study will prove invaluable.

Paragraphs From Panhandle Press

Culled From The Democrat Exchanges

When Fred Patton, world's champion hog caller, demonstrated his artistry over a Norfolk, Neb., radio station, he damaged the equipment to the extent of \$500. . . . The dumbest man has been found. After losing a finger while fooling around a buzz-saw, a Pittsburgh man lost another showing a friend how he lost the first.—Wellington Leader.

80-Mile Cotton Row

Out on George Hider's farm there's a row of cotton 80 miles long, and Mr. Hider wouldn't be surprised if that isn't about the longest unbroken row of growing crop anyone ever had. Of course it isn't straight. It is a spiral, starting at the center of a 40-acre plot and spiraling out mile after mile. The eighty-mile row of cotton isn't just someone's idea of being different. Behind it is something that Farmer Hider's neighbors think may revolutionize farming. Farmer Hider can arise with the dawn and walk out to his 80-mile row of cotton. He can start his tractor at one end of the row. Then he can stroll into breakfast, read the papers, go to town, or do what he wants to— and the tractor will keep right on cultivating that row of cotton just as slick as you'd want. It makes no mistakes. It comes just as close to the growing plant as Mr. Hider wishes. A little after lunch, the farmer goes out to his mechanical farm hand, refuels it, and away it goes down the row again, chugging contentedly at the three miles an hour pace, never cussing and never stopping to go lie down under a shade tree.—Haskell Free Press.

Six-Man Grid Teams

David Lee, Texline high school principal and coach, is urging the adoption of six-man football by the small towns of the Northwest Panhandle and Northeastern New Mexico, and formation of a league. He believes that this would make for better football teams, since a number of the small towns do not have enough large boys for a 11-man team.

Isn't It So?

What we should have done while wishing for a big cotton crop was wishing that the price would be maintained around 12 or 13 cents, the Chillicothe News states.

Clarendon Traffic Light

Clarendon is going high-brow. According to the Donley County Leader a traffic light is to be installed in Clarendon at the intersection of Highway 5 and Kearney street.

An Old Racket

The Childress Index: It's an old racket, but it's still being worked. The owner of a truck or a large car picks up a load of negro cotton pickers in East or Central Texas and starts west with them. He stops in Childress County and finds a farmer who needs pickers. "If you will pay me for transporting the negroes up here, you can have them," the trucker says. The farmer accepts the pickers, fits them out with cotton sacks and kneepads, sometimes paying the women for making the sacks, and often buys them a supply of groceries, with the intention of taking the expenses out of the pickers' earnings.

That night, the pickers disap-

pear, taking the sacks, groceries, etc., and leaving the farmer holding the sack. The pickers then meet the trucker and he transports them to another county and repeats the process. Several Childress County farmers have already reported being victimized by the scheme this fall, and officers are making efforts to stop the racketeering.

It's still unlawful to kill anybody in Muleshoe unless one takes several years for the job and does it by nagging. . . . One difference between a business place and a home is that in the former women do what men want done, while in the latter men do what women want done.—Muleshoe Journal.

Up to 16 a lad is a Boy Scout; after 16 he becomes a girl scout, says the Groom News.

The Post Dispatch: Social aspects of modern civilization, such as recreation and employment of leisure time, will be featured at San Francisco's 1939 world fair.

Band Clinic To Be Held By Panhandle Groups In January

CANYON, Oct. 6.—Plans for an all-Panhandle band clinic were formulated here when a group of band directors of this section met with President J. A. Hill.

The clinic, which was tentatively scheduled for January 7-8, would be under the direction of noted band instructors and would be open to all bands of the Panhandle. Though details for the clinic are not complete, the possibility of two ninety-piece bands, to be formed from the memberships of those bands here for the clinic was discussed. The clinic would be sponsored by the College.

Other sections of the state have held similar clinics and have received much benefit, and the Panhandle clinic will fill a need of long standing," Glenn A. Truax of Shamrock, president of the Panhandle Band Directors Association, said.

FEDERAL SECURITY ADMINISTRATION TO LONG TERM LOANS IN SOIL EROSION

His Buddy Understood

By I. G. Thomas,
Member Memphis CCC Camp

When he answered the call and marched away
In a khaki suit that summer day,
He didn't know why he wanted to cry
Or why a thin mist would come to his eye,
But his buddy understood!

He didn't know why he should miss mother so,
When the troopship kept rocking to and fro,
Or why all his food seemed to stick in his throat
When he thought of the photo he kept in his coat,
But his buddy understood!

Then that day they were ordered to go 'over the top'
When he shook with fright, and his heart seemed to stop—
Why he had sickened when first he saw blood,
And beheld dead and dying out there in the mud,
But his buddy understood!

And when he lay limp on a hospital cot,
Wounded and lamed, with a fever and hot,
Why he had called a girl's name o'er and o'er
As he talked of her waiting on America's shore,
But his buddy understood!

Then he came home—not the youth, but the man!
Seemed years had passed by in that fifteen months' span.
Gone was his smile and his free happy way,
And when out with his pals he had not much to say,
But his buddy understood!

There were those who talked how he'd changed since the war,
They knew not what he'd seen, or the pain that he bore,
And others there were only too quick to blame
His oft' changing moods, and excuses so lame,
But his buddy understood!

When he started to drink, it was not very long
Ere many condemned every act of his wrong,
And when as years passed, others called him a bum,
His buddy, stood by, never doubting, like some,
For his buddy understood!

Then came the day when they laid him to rest,
Dressed in that khaki he always loved best,
His old war-time buddy, still true to the last,
Forgiving, forgetting his misunderstood past,
'Cause his buddy understood!

When folks have not heard bursting shells, dawn to dawn!
Seen bodies of men all bloody and torn!
Heard screaming and yells out in hell's no-man's land,
It's sure mighty hard to make them understand,
Like his buddy understood!

10,000 Texas Boys and Girls Aided In School This Year By N. Y. A. Program

Because they have been assigned to useful and practical part-time work under the NYA Student Aid program, about 10,000 Texas boys and girls who otherwise would not be able to attend school this year are now registered for classes, J. C. Kellam, Texas Youth Director, estimated this week.

Eighty-four Texas colleges and universities have been approved for participation in the Student Aid program and have been assigned quotas which will provide 4,096 part-time jobs at an average wage of \$15 a month.

On October 1, 1,282 Texas secondary schools had been approved and had been assigned quotas providing 4,238 part-time jobs at a maximum wage of \$6 a month.

Since, in past years, some schools, particularly junior colleges and high schools, have limited the earnings of students to less than the maximum monthly wage, thereby making more jobs available, Mr. Kellam estimated that a number of students considerably larger than the number of jobs provided had already been given part-time work. The work must be practical and desirable, and is to be performed under the direction of local school officials.

Mr. Kellam said that the NYA College and Graduate program was almost completely organized for the year. He estimated that about 60 per cent of the second-

Over 100 Miles Of Shelterbelt Strips Are to be Planted

CHILDRESS.—More than 100 miles of land to be planted in shelterbelt tree strips during the coming winter has been placed under contract in the Childress district during the past 10 days, according to Edgar H. Kemp, head of the district office here.

Most of the contracts have been made in the concentrated strips near Turkey in Hall County and Dunlap in Cottle County.

Planting will start in November, or early December, soon after the first killing freeze, Kemp said. Applications are still being received at the shelterbelt office here.

Many schools desiring and eligible to participate in the program had applied and had been approved. He stated that action was being taken upon all applications for participation on the day they are received in the State Office at Austin.

That's where Phillips 66 Motor Oil comes in. It has high-degree oiliness. Its heat-resistant film does not thin out or squeeze out. It stays put in the bearings and on all moving surfaces. Stands up amazingly. Lasts longer. Holds your oil level high. All because it is specially refined from a costlier 100% paraffin base crude.

Next time, drain and refill with Phillips 66 Motor Oil. It's concentrated! . . . This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Memphis Gridders Win Second Conference Game Of Season

LEFORS FRIDAY
AND SETTO
ate Back Is Memphis Promise

and marched straight up the field in a sustained drive 60 yards to score. Pounds, turbine-legged quarterback, was the battering ram of the Memphis first-quarter attack which drove the Buccaneers steadily back in short, powerful thrusts through the center of the line.

Pounds Scores
Pounds rammed through right guard for the last two yards to cross pay dirt. Dennis Sanders' try for the extra point went wide, and the score was 6-0 with only a few moments having elapsed.

No further scoring was done, but this did not take away from the thrills of the game; for the crowd of approximately 1,200 was kept on edge throughout with first Lefors and then Memphis threatening to ring up markers. It was not until the final gun sounded that the Memphis fans drew an easy breath.

Collar-Bone Broken
An unfortunate accident occurred about mid-way of the first quarter when R. Carrouth, 165-pound Pirate quarterback who made the all-district team last year, received a broken collar-bone to put him on the shelf for the remainder of the season. The mishap occurred when Carrouth sliced through the right side of the Cyclone line and was met with a vicious, head-on tackle. When tackled, the ace visiting back jumped high in the air and landed full on his shoulder. Local fans agreed that had Carrouth not been injured the game might have been a different affair.

Lefors threatened in the first quarter immediately after the Memphis touchdown. The Pirates took the ball on their 40. Then Carrouth, taking the ball for the first time in the game, swept his own left end for 20 yards before three or four Memphis tacklers pulled him down. Carrouth a moment later got another first down through the right side of the line, but was injured on the play.

Halt Lefors Drive
The threat was broken up a moment later when a Lefors back fumbled and Dodson nailed the ball for Memphis. Pounds and Hall took the ball back down the field in a series of first downs only to lose the ball on a fumble.

Intercepts Pass
Evans smeared a lateral, and Foster intercepted a long Pirate pass to ease the tension. The game ended shortly.

Line Stands Out
The lucky Memphis linemen did their part, blocking and tackling well. James Evans was the outstanding lineman. He rode the interference well, made numer-

Lindsey, Memphis safety and end-runner, made the longest run of the game in the second quarter when he skirted right end for a 37-yard gain. But the play was called back and Memphis drew a penalty for holding.

Pounds got off a long punt late in the second quarter, which was taken by the Lefors safety on his own goal line; and Evans rode him out of bounds on his five-yard marker when the gun sounded for the half.

Second Half
Lefors returned the kick in the second half to their 35, and Memphis got possession of the ball out of the air on the visitors' 45. Hall and Pounds got a first, but the Buccaneers stiffened and Pounds booted out on the 20.

With Taylor and Jackson leading, the Pirates picked up their first downs through the Memphis line. The march was halted, however, when the stalwart Memphis linemen tightened and held for downs.

Two Punts Blocked
Lefors had the ball in Memphis territory again at the first of the fourth quarter. Lindsey returned a kick 15 yards to the Black and Gold 25. There the Memphis offense bogged down, and Pounds' kick was blocked, Lefors recovering on the 30. But the Pirates were unable to make headway, and the Cyclone took the ball on downs. Hall knifed through the line for a first down.

But Memphis had to punt a moment later, and Pounds' punt was blocked. Lefors drew the ball on the Memphis 48. The Pirates made a desperate attempt to score. Walsh dropped a pass which carried 30 yards into the hands of Ellington. Taylor got seven yards on a slant at left end; but the next three downs failed to gain the needed three yards for a first, and Memphis took over. Pounds booted out to the 40.

Memphis substitutes: Dewlen, guard; Foster, half; Bruce, tackle. Coaches: Frank A. Hubbell and Wilson Dees, Memphis; F. Smith, John Rankin, and D. V. Biggers, Lefors.

Officials: W. S. Bennett, W. T. S. T. C., referee; J. T. Duncan, E. T. S. T. C., umpire; T. Maxwell, E. T. S. T. C., headlinesman.

ous tackles, and was down fast under punts. His running mate, Blackburn Montgomery, also showed up. The big, bruising Cy-clone tackled, John Harris and Dennis Sanders, enjoyed a good performance, as did Paul Dodson and A. J. Clark at guards. Leroy Robertson played his best game of the year to date, making numerous jarring tackles from his line-backing position.

Hall, not being called on to display his passing ability, snaked through the line for good gains. On one occasion he came across from his right half zone to meet the ball carrier on the line of scrimmage on the left side with a vicious tackle.

Lindsey Returns Punts
Eugene Lindsey and Jack Foster at halves gave good accounts of themselves. Foster blocked and tackled well, and Lindsey looked good carrying the mail. He is the first safety man that Memphis has had in several years who looks good on returning punts.

J. R. Sanders at half, Dewlen at guard, and Boyce Bruce at tackle took care of their positions while they were in the game.

Standouts for Lefors were Williamson, tackle; Ellington, end; Carrouth, quarter; and Taylor, half.

The starting line-up: Memphis—James Evans, left end; John Harris, left tackle; A. J. Clark, left guard; Leroy Robertson, center; Paul Dodson, right guard; Dennis Sanders, right tackle; Blackburn Montgomery, right end; J. R. Sanders, left half-back; Eugene Lindsey, right half-back; Billy Polk Hall, fullback; Talmadge Pounds, quarterback.

Lefors—J. Fite, left end; R. Williamson, left tackle; E. Pierce, left guard; F. Robertson, center; E. Lee, right guard; J. Denton, right tackle; B. Ellington, right end; C. Walsh, left half; E. Taylor, right half; J. Jackson, fullback; R. Carrouth, quarterback.

Memphis substitutes: Dewlen, guard; Foster, half; Bruce, tackle. Coaches: Frank A. Hubbell and Wilson Dees, Memphis; F. Smith, John Rankin, and D. V. Biggers, Lefors.

Officials: W. S. Bennett, W. T. S. T. C., referee; J. T. Duncan, E. T. S. T. C., umpire; T. Maxwell, E. T. S. T. C., headlinesman.

PRESBYTERIAN CHURCH
Many thanks to every one who in the year helped to make last Sunday "Rally and Home Coming" a most impressive and blessed day.
From the very beginning in the morning hour throughout the entire day you so greatly helped, and your fine cheer and the lovely lunch was every thing one might desire.
To our many friends who came from other places if they read this good paper, may we say to them their coming added much to the fine success of the day.
I think we will never forget especially the sacred "Communion Service." A like service being held all around the world last Sunday.
We shall rejoice to again greet you in our service next Sunday morning and evening. Our prayers and sympathy to all who are ill at this time. We so much appreciate new members coming into our church.

Measuring of Hall County Farm Land Is Now Under Way
Measuring of Hall County farms to check compliance with the 1937 federal farm program is going forward at a rapid pace this week, the measuring having been started last week after it was announced that the county's aerial farm maps that were to have been used in certifying compliance had been destroyed in a laboratory fire in San Antonio.
The Hall County Agricultural Committee and County Agent R. E. L. Pattillo are asking all farmers to measure their land as soon as possible in order that receipt of payments by the government will not be delayed further. It was suggested that two or three farmers might get together and help measure one another's farms.
The full co-operation of every farmer in the county is sought in the land measuring, the county committee stated.
Truman Caldwell, secretary of the Panhandle Missionary Baptist Association, of Hedley, was a business visitor in Memphis Tuesday.

Cooper, Shamrock, second vice president; and Bernice Hackett, Granite, Okla., secretary-treasurer.
In 1933 the convention met in Shamrock. This was also a large convention.
Hollis made its bid for the convention in 1934, and it was held there that year. All officers were re-elected, with the exception of the second vice president, E. J. Cooper, who was replaced by A. B. Wills of Memphis.
Mangum was host to the convention in 1935 in its new auditorium. At this meeting, H. A. Henderson, president, handed in his resignation. It was accepted and A. B. Wills of Memphis was elected president. All other officers were retained for the ensuing year.
The eighth annual convention was held in Elk City, Okla. This was the largest meet in the association's history, and the convention was broadcast over Radio Station KTSA, Elk City, so that those who were unable to attend could hear it.
Memphis was chosen as the 1937 convention city, and the Texas-Oklahoma singers are looking forward to their visit here.
Present officers of the convention are as follows: A. B. Wills, Memphis, president; W. J. Mangum, Hollis, 1st vice president; C. C. Curry, 2nd vice president; Miss Bernice Hackett, Granite, secretary-treasurer.

Business Session
The association will re-convene Sunday morning at 10:30 o'clock, with the final meeting of the series at 1 o'clock Sunday afternoon. The general business session will be held Sunday morning, at which time the convention city for next year will be selected. There will be no election of officers this year, as the officials are named for two-year terms of office.
No set program has been arranged, and the program for each session of the convention will be outlined after delegates and singers arrive. In charge of the programs will be W. R. Rigby of Olustee, Okla., C. C. Curry of Hollis, M. J. Brock of Chillicothe, J. E. Trotter of Carter, Okla., James B. Smith of Lesley, and V. K. Scott of Dodson.
Outstanding Quartets
Among the outstanding quartets which have stated their intentions of attending the convention here are the Stamps-Baxter Quartet from Lubbock; the Hartford Music Company Quartet of Hartford, Ark.; the James D. Vaughn Music Company Quartet of Lawrenceburg, Tenn.; the National Music Company Quartet of Fort Worth.
C. M. Bartlett of Dallas, field manager of Stamps-Baxter, will be here for the affair, as will Robert Jordan of Wills Point, noted director. M. J. 1:30 o'clock, and the agriculturalists will visit the farms of Dr. W. C. Dickey, C. L. Caviness, George Sexauer, Frank Finch, and others. The Soil Conservation Service tour will be headed by J. T. Reese, superintendent of the local SCS camp, and C. A. Robinson, agronomist. Among the SCS work to be shown on the trip will be strip cropping, fresso terraces, tractor-built terraces, stock tanks, pasture furrowing, and tree plantings. Everyone is invited to go on the tour, it was said, and those wishing to go should meet at the SCS headquarters here.

Youths Enrolled October

George Stuart, 85 years of age, father of Wylie Stuart of Memphis, died at his home at Long Oak Saturday afternoon, October 2, at 4:15 p. m. Funeral services for Mr. Stuart were conducted Sunday afternoon at 3 o'clock, and burial was made in the Lynch Cemetery in Rains County. Survivors of Mr. Stuart are the widow, two sons, and four daughters. Wylie Stuart attended the funeral from Memphis, returning Tuesday.

County Judge M. O. Goodpasture appealed this week to cotton producers of the county to give Hall County cotton pickers preference over out-of-county pickers. He stated that pickers are flocking to this section. Works Progress Administration projects in the county shut down this week to allow the workmen to help gather the cotton crops, and Judge Goodpasture stated that he feared there would be more pickers than jobs. He urged that farm employers give Hall County men preference.

'THE REST OF THE RECORD'

By JAMES V. ALLRED

One of the ablest groups of newspapermen in America is reporting the present legislative session from the capitol pressrooms. Keen and intelligent, they do a good job of covering and reporting the daily happenings of the Legislature. It is no criticism of their fine work to say that often the average newspaper reader loses sight of the real issues in the mass of conflicting statements and reports which must be carried by the press. An example occurred this week when a good farmer friend wrote me that the farmers of his section "strongly opposed any increase in taxes, especially on farm real estate and taxes that affect farmers as a whole."

Now I have never had any desire for the legislature to pass that kind of a tax program nor have I ever sponsored such a plan. The record shows that I cast my vote with the state comptroller to lower the state ad valorem tax to 7c which is the lowest in over twenty years. As I told my farmer friend, I am urging a tax program to raise money from only a small, under-taxed and over-privileged group—interests able to pay the cost of financing old age assistance, aid to needy blind, dependent children, and teachers' retirement. An example of such a group is that of five major pipe line companies who in one year reported a total net profit of forty-one million dollars but paid altogether to the state the "tremendous" sum of \$5,647.99 in franchise taxes.

These are the kind of folks I want to see taxed—not to penalize them, but so that they will bear their portion of our state government cost. The only group that I know who want to levy taxes that "affect agriculture as a whole" are the "sales-taxers." A sales tax would fall squarely on the shoulders of the farmers and the working people. Lobbyists for all the big pipe line companies and other special interests watching the Legislature favor a general sales tax. Spokesmen for this group are saying no new taxes are needed. Such statements are simply a smoke-screen to defeat the people's program. Everyone of that group would vote tomorrow for a general sales tax if I would agree to it. Their strategy is to stave off any taxes as long as possible until our state is in such a terrible shape that some future governor out of desperation may turn to a general sales tax. To carry out their plan, this group has organized a campaign of propaganda to frighten the farmers and little business men into thinking that my tax program is going to hurt them. They raise the hollow charge that I want to levy more tax burdens on the people. The taxes I propose would fall on the shoulders of the over-privileged groups which are able to pay.

A certain senator and his associates in the "sit-down" strike against adequate revenues for the needy charge that I have increased the cost of state government. They point to increased appropriations during the past ten years as though I were responsible for all of them. I wonder why they are not fair enough to let the people know that represented in their figures is the money that is collected for unemployment insurance and for relief bonds which the people voted. Practically everything I have had anything to do with was voted by the people. The increased appropriations for ordinary purposes of government were voted by the Legislature against my recommendations. Texas cannot have progressive government by launching destructive economies and institution-wrecking politics in order to save a few privileged interests from just taxation. The people do not want to economize by cutting out unemployment insurance or old age assistance. The votes in every senatorial district registered overwhelming approval for aid to the blind, dependent children, and the needy. I believe that the majority of the legislators have the political courage and the patriotic purpose to provide for the state's unfortunates and to balance the budget.

VACCINATE HORSES
A number of Hall County farmers are vaccinating their horses against the "sleeping sickness" epidemic which is sweeping this section of the country. Several horses have died in this section. The disease is said to be caused by a germ carried by mosquitoes. Fuel pump exchange for all cars—Gertsch Battery and Electric Shop.

LOCAL INSURANCE AGENCY IS SECOND OLDEST ORGANIZATION BETWEEN FT. WORTH, AMARILLO

The second oldest insurance agency between Fort Worth and Amarillo is the distinction held by the Dunbar and Dunbar insurance agency and abstract plant of Memphis. Organized by T. J. Dunbar in 1904, the firm is said to be the third oldest organization to remain in continuous business service since the founding of the town. Three changes have been made in the organization since its origin over 33 years ago, one in 1909, one in 1917, and the other last Friday when Allen C. Dunbar became a partner in the firm with his father, having bought out J. P. Watson's interest in the agency.

Firm Changes
T. J. Dunbar and his brother C. F. operated the company from 1904 to 1909 under the firm name of Dunbar Brothers. In 1909, C. F. Dunbar died and T. J. carried on the company until 1917, when Mr. Watson bought an interest in the agency. The firm then was changed to Dunbar and Watson, and under that name it grew and prospered for the next 20 years. Mr. Watson sold his interest effective October 1 to move to Lubbock. Allen Dunbar, the new member of the firm, is well known throughout this section, having been born and reared in Memphis. He is a graduate of the Memphis High School and attended the University of Texas. He resigned a position with the First State Bank to go into business with his father.

Amarillo-Memphis
The senior member of the firm came to the Panhandle from Hunt County. He had difficulty in deciding on whether to open an insurance agency in Memphis or in Amarillo, but decided on Memphis because he thought it was the better town. That was just after the turn of the century, and Amarillo was very little larger than Memphis at that time. The population of Memphis was around 500 when Mr. Dunbar set out in business here the town did not have a lighting system, a water system, or gas system. His first office was located in the county courthouse. **Same Spot 30 Years**
When the First State Bank building at Noel and Sixth streets was constructed in 1907, the architect laid out a special office for the Dunbar agency, and the firm has occupied that office for the past 30 years. "When I came to Memphis in the early days, there were only two men in business then who have weathered the years without a change in business. These two men are Scott Montgomery at the First National Bank and W. D. Orr, photographer," Mr. Dunbar said. "I have enjoyed my years of

Texas Cotton Growers Association Opens Office Quarters In Memphis

The Texas Cotton Growers Association, incorporated, co-operative marketing with the home office in Dallas, is opening office quarters in Memphis this week in the Whaley building on the east side of the square. The association buys cotton direct from producers and ginners, in various ways, among which are: Market value, on call, and suspense, or valuation pools. O. E. Reynolds, a government licensed cotton classifier, is in charge of the new cotton office. Mr. Reynolds has been with the Texas Cotton Growers Association for the past seven years. He will move his family to Memphis from Hubbard as soon as desirable living quarters can be obtained, he stated.

Judge and Mrs. A. S. Moss left Monday for Dallas where Mrs. Moss was to undergo an operation in a Dallas hospital. They were accompanied by Mrs. Moss' sister, Mrs. F. M. Cooksey, of Plainview.

LION AUTO STORE WILL OPEN FOR BUSINESS HERE SATURDAY

A new business enterprise in Memphis will be launched Saturday morning, October 9, when the Lion Auto Store opens its doors to the Memphis Trade Area public for the first time.

Hank Hankins, formerly of Corpus Christi, is owner and manager of the new auto supply concern; and he is offering a number of specials for his opening day Saturday, and they will continue throughout the following week.

"We have come to Memphis to stay," Hankins stated. He and his wife moved to Memphis last week.

Hankins pointed out that the Lion Auto Store is not a chain auto supply, but it is a privately owned and privately managed concern. "There are other Lion

Auto Stores," he said, "but they merely go under that name. The 'Lion Auto Store' is merely a trade-mark," he said.

The new auto supply company is located in the building next to the Hogland Mercantile Company in the building formerly occupied by the Wherry Variety Store. It is on the east side of the square.

Hankins stated that he will handle all lines of mechanical parts for automobiles, with all accessories, including batteries, tires, radios, and heaters. All of the equipment is from well-known and reliable companies.

The new auto store manager has invited everyone to call at his establishment to look over his merchandise and to get acquainted.

W. B. DeBerry, refuting Collier's recent story about this county being in the "dust bowl," brought one bunch of white maize to The Democrat office Saturday.

Twelve good heads were in the bunch—one to a stalk, and all stalks were from the same set of roots. Will someone page Collier's and tell them this is not in the dust bowl?

The Baptist Church property here shows a marked improvement since all the half-dead black locust trees have been removed. It would be a fine idea to do away with all black locust trees in town, it is claimed, for they are full of holes and other insects that are hard on trees.

A negro woman, on being sworn in as a witness in a case in district court Monday, informed the court that she didn't swear.

Cicero Millam is hobbling about town with a broken foot, which he sustained when he stepped in a hole at Henrietta in the dark last Sunday night.

W. T. Hays has resigned as editor of the Turkey Enterprise, and Hubert Curry has taken the Enterprise over. Curry goes to Turkey from the Crosbyton Review, and Hays has taken a job on the paper at Crosbyton. Curry was formerly connected with the Memphis News, which was published here several years ago.

G. H. Garner, who runs the Armour cream station at 7th and Noel, is a farmer in his spare moments. Last spring he planted some cotton between the sidewalk and curb in front of his place of business and gave the crop two workings with a hoe during the summer. Now the stalks are full of bolls, forms, and blooms. He tied a string around one bloom on September 9, and it is now a full-grown boll. He tied another string around a bloom September 21, and it is now half-grown.

Anyone walking into the Memphis High School building between 9 and 10 o'clock almost any school morning is likely to wonder just what kind of a school he has walked into. For he is greeted by this conglomeration of sounds: Milton Pullis' high school band, Mrs. M. McNeely's boys' glee club, and Bowen Cox's rhythmic typing photograph records all going strong at the same time.

Bob Clark's Lakeview High School football team has created considerable favorable mention for the spirit and fight displayed by members of the team. Several members of the squad were injured in a bus wreck, but Coach Clark and his boys went to Wellington Friday night and played a hard game against the powerful Skyrockets. The Lakeview bunch made a good showing, despite getting beat 44-0.

Fuel pump exchange for all cars—Gerlach Battery and Electric Shop.

Coach Gene Sunderman's Estelline Bear Cub football team battled the Floydada Whirlwinds to a standstill on the Floydada gridiron last Friday. The game ended in a 6-6 tie. The Hall

County team is showing up well in its first year in district 4B.

W. B. Funk, Memphis business man, sustained severe bruises last week while standing behind a truck at his place of business on Noel street. A car at the Gibson Bros. Garage across the street rolled over the garage driveway and pinned Mr. Funk against the truck, bruising a leg severely.

The Russell Brothers Circus which showed in Memphis recently has paid numerous fines for law violations in this section. When passing through Dickens last week en route to Lubbock, the circus managers were arrested and fined \$285 for over-loading trucks and for driving several trailers without licenses. The circus people ran afoul of the law at Wellington when it was found they had brought a deer into the state illegally. They paid a fine and lost the deer.

Around the world in a rocking chair, make the trip often with a new Philco radio. Raymond Ballew, dealer.

Sand reed grass is being gathered along the banks of Indian Creek and Red River in Hall County and along Buck Creek in Collingsworth County to be sent to Dalhart. There it will be planted to help hold the soil. It is expected that 5,000 pounds of the grass will be gathered and sent to Dalhart by the Memphis Soil Conservation Service camp.

Coach Robert F. Devin says that cotton picking has had an ill effect on his football team at the local junior high school. Several of his players are out of school to pick cotton. Too, the junior high team is finding difficulty in finding opponents.

It has been authoritatively reported to The Democrat that two women teachers of the local high school have lost six pounds apiece in weight since the beginning of school. The loss in weight is ascribed to the flights of stairs which must be climbed.

Baseball has ended in the county this year, with the wind-up of the county league schedule. It had been planned to have a post-season game with the Fort Worth Cats, but the Fort Worth team won the Texas League and went into the Dixie Series.

The Democrat would like to have a correspondent for Lakeview, someone interested in giving his town lots of publicity. Our present correspondent, our good friend Bro. Gattis, is planning to leave Lakeview soon.

NEWS FROM ESTELLINE

By MRS. MARY FAULKNER

The Agnes Bailey Sunday School class met with Mrs. C. M. Brister for the regular monthly social Thursday, September 30.

After a short business session, presided over by the president, Mrs. J. T. Duncan, an hour of games was enjoyed. Then the hostess assisted by Mrs. Gattis served delicious punch and cookies to the following: Mesdames Edleman, Jackson, Hale, Holland, Greer, Duncan, Masterson, Faubion, Longbine, Pyatt, Davis, and Misses Dewey and Taylor. Mrs. Jackson will be the hostess when the class members entertain their husbands in October.

Mr. and Mrs. S. G. Webster and children of Plomot were visiting in Estelline Sunday. Rev. and Mrs. Tinkle of Newlin were here Sunday visiting friends.

Mr. and Mrs. Bill D. Hart and daughter of Memphis visited friends and relatives here Sunday. Mr. and Mrs. J. L. Marcum were in Memphis on business Saturday.

Mr. and Mrs. Finis Curtis and Gene and Naomi Curtis were in Childress Saturday. Mrs. E. W. Grundy of Plainview visited her father and mother, Dr. and Mrs. W. S. Miller, this week.

Fred Berry was a Childress visitor Thursday. H. M. Faulkner and H. M. Jr. of Childress were in Estelline Thursday.

L. C. Richburg was in Memphis Friday. Miss Dorothy Jean Power, Vera Mae Latham, and Dale Wise went to Childress Thursday and spent an enjoyable evening at the skating rink.

Mrs. L. H. Price and children were in Memphis Saturday. Miss Wilma White and Dorothy Lee Tucker spent the week-end with friends and relatives in Amarillo.

Mrs. J. L. Darby returned home Saturday morning from Grand Saline, where she has been at the bedside of her father. He is much improved. Miss Dee Groom left Saturday to spend a few days with relatives in Amarillo.

Mrs. J. E. Farley left Saturday for a visit to Amarillo. Claude Farley returned home for a few days. He has been attending W. T. S. T. C. at Canyon. Richard Lee Vardy of Turkey spent the week-end with friends and relatives in Estelline.

Mr. and Mrs. Roy Baccus, Mrs. Bill Wright, and Dee Groom went to the ball game at Floydada Friday night. Burl Bell, Jay Bruce, Mr. and Mrs. Walter Labay, Willie Bob Davidson, Lester Phillips, Annie Cook, and Joe Allen Ballard attended the football game at Floydada.

There was much excitement at the Estelline-Floydada football game Friday night when the score was tied 6 and 6. The pep squad, dressed in white and green corduroy, was indeed a pretty sight as they marched out on the field in formation.

Mrs. T. A. Power and Dorothy Jean were in Childress Wednesday of last week.

Drum Corps, Band, And Pep Squad At Grid Game Friday

The Memphis High School pep squad, drum corps, and band performed between the halves at the Memphis-Lefors football game last Friday night at Cyclone Stadium. It was the initial appearance of the year for the drum corps and pep squad.

The drum corps was led by Billie Blackwell, drum major; the band by Milton Pullis, band director; and the pep squad by Rebecca Ray Weaver. Lefor's colorful drum corps, band, and pep squad also performed at the half with formations.

BRICE

Brother Brister preached at the Baptist Church Sunday. Quite a large crowd was present. Mr. and Mrs. John Richey and daughter Bobbie Mae of Antelope Flat visited their parents and grandparents Mr. and Mrs. Gordie Cross Sunday.

WRONG NUMBER

Last week was "National Wrong Number Week," so far as The Democrat was concerned. We had King Furniture Company's telephone number listed as "229" when it should have been "222."

We also had the telephone for Mildred's Beauty Shop listed as "84-J." It should have been "48-J."

Bill Anthony of the Swearingen community was operated on Sunday of last week for ruptured appendix at a local hospital. He is reported doing nicely.

Members of the First Christian Church entertained with a dinner social and program Wednesday evening at 7:30 o'clock with about 60 guests attending, honoring the J. P. Watson family, who have been residents of Memphis for the past 20 years, and who are leaving this week to make their home in Lubbock.

With Mrs. Clyde F. Milam acting as toastmaster, the following program was given:

M. O. Goodpasture offered a beautiful prayer of thanks, followed by one of Mr. Watson's favorite hymns, "The Church in the Wildwood," sung by the assembly. Scripture, prayer, and remarks were given by Hayes O. Luna, church pastor, on "What It Means to a Family Upon Entering a New Place."

Duet, "Old Rugged Cross," was sung by Mrs. W. C. Chapman and Mrs. Watson. A talk, "Friendship and Co-operation Through Twenty Years," was given by Dr. J. A. Odom. Mrs. Bill Kesterson read a poem, "Go Thou Thy Way and I Go Mine."

In appreciation to the Watson family and in behalf of the Christian Church, a beautiful Dahlia quilt was presented by Mrs. J. A. Whaley with the following original poem:

To the Watsons So Dear—
We extend best wishes and good cheer
As they make a new home on the Plains.

It is with sad hearts and full realization
That our loss is Lubbock's gain.
For twenty years in all sorts of weather

We've met and broken bread together;
Have shared each other's joys and sorrows;
Have worked and planned for glad tomorrows.

In church affairs, many and various
offices you have filled
By virtue of your talents, efficiency, and skill.

And your willingness to serve has gone a long way
In building the church to what it is today.

With loving interest we have watched the family grow
From baby Geraldine, whose shining hair is like a halo,
To sturdy little Jimmy and his boisterous ways.

And many discussions we've had pro and con,
Just which shade of red was the favorite one.

Our happy and intimate relations are hard to sever,
But we feel sure that time nor place
Our affection for you can ever erase.

Our faith and friendship is so supreme—
That it will stand the test of the miles between.

Please accept this quilt as a small token of our appreciation.
In each stitch and line love is the master design.

If a face or form you would like to recall,
Just look at some familiar pattern and you'll remember all.

When to Memphis you would like to return,
Never think that your bridges are burned,
For the glad hand and welcome smile
Will be ready to greet you all the while.

Concluding the program, the group sang "Blest Be the Tie That Binds," followed with the closing prayer by C. F. Stout.

Call 15 for commercial printing.

Memphis Boasts 46-Piece Gold Medal Band, Expect 60 Pieces by Next Spring

The Memphis Gold Medal Band is now composed of 46 pieces, with 14 clarinets, four baritones, four basses, eleven trumpets, four trombones, three saxophones, one alto horn, and five drums. Director Milton E. Pullis said that he hopes to have enlarged the band to 60 pieces by next spring. The band intends to enter three or four contests this school year.

Mr. Pullis particularly urged that new members join the band, for a great many of the present members are Seniors and there are only three Juniors in the band who will be here next year. He stated that he could get horns for new members at a very reasonable rate and could make terms on some of them.

Members of the band are:
Clarinet—James Fultz, Sidney Mayfield, Paul Dodson, Marion Duren, Harold Smith, H. B. Gilmore Jr., Mary Jane Selby, Burl Springer, Ben Wilson, Robert Hanvey, Hurley Treadwell, Riley Carlton Jr., Jack Hightower, and Jack Miller.
Baritone—E. H. Chrysler, Ben Moss, Cullen Chapman, and Eugene Lindsey.

HALL DISTRICT COURT CLOSES LIGHT SESSION

Posey Case Results In Deadlock of Jury, Welch Presides

District court reconvened Monday morning, October 4, for the fifth and last week of an uninteresting September term of court, presided over by Judge C. Y. Welch of Quannah in the absence of Judge A. S. Moss of this district.

The case of the State of Texas versus F. B. Posey, an arson case, resulted in a hung jury. Posey had been convicted in an earlier term of court here, but a superior court reversed the decision.

In the case of the Estelle State Bank vs. J. H. Bruce et al for debt and foreclosure of deed of trust lien, judgment was rendered in favor of the plaintiff.

Judgment was awarded the plaintiff in the case of R. C. Parks vs. Ada Caviness et al for debt and to correct judgment.

In the suit of the First National Bank of Lakeview vs. M. W. Paschal, to revive judgment, finding was for the plaintiff.

Plaintiff was awarded judgment for amount of notes, together with interest and attorney's fees, in the case of the First State Bank of Memphis vs. S. L. Seago.

The application of the Estate of J. B. Bruce, deceased, for removal of executors, was dismissed on motion of the plaintiff.

In the case of J. D. Browder vs. A. R. Evans, for debt, judgment was for the defendant with costs to the plaintiff.

Divorce was granted in the case of Harold Lott vs. Lucille Lott. Cases which came up in the latter part of the fourth week of court included:

The State of Texas vs. Leroy Moore, for robbery. A verdict of "not guilty" was returned by the jury.
