MEMPHIS, HALL COUNTY, TEXAS, THURSDAY, JULY 14, 1927

NUMBER 3

## ALREADY IS THE NEW HALL COUNTY TOWN ON THE NEW ROAD SOUTH OF RIVER

Being promoted all county south the new Denver between Estel name is a few lots think plans for food houses are...

### HALL COUNTY FARM BUREAU HOLDS MEETING

The Hall County Farm Bureau held its regular meeting Saturday afternoon, at 2:30, at which time several checks were delivered to members. These checks represented the one per cent held in surplus from the sale of members cotton in 1926, the first year of the organization.

### MISSIONARY WILL PREACH SUNDAY

Joe J. Mickle Jr., Missionary to Japan, will preach at the Methodist church Sunday morning and at the Baptist tabernacle Sunday night. Joe is well known to the people here, having spent a great portion of his childhood here.

### ROTARY PICNIC GREAT AFFAIR

Members of the Rotary Club and their families enjoyed a real picnic last Friday night at Wayside Park. The entertainment committee prepared a bountiful repast, consisting of steak, potato chips, tomatoes, onions, pickles, bread, coffee and tea, and topped it off with ice cream.

## COOPER FAMILIES HOLD THEIR FIRST REUNION

son of the Lane was held at Wood and Hackwit four miles on July 3. The family of Cooper with their present, which D. C. Lane, S. Cooper and L. B. Cotton...

times were rehearsed by those that knew of the olden times. Of the old timers present that came to this country in the year 1890 were: D. C. Lane and wife, G. C. Lane, Mrs. L. B. Cotton, Mrs. Lillie Lane, Mrs. D. L. Cooper, R. E. Cooper, S. S. and C. L. Cooper. In round numbers there were 48 that enjoyed this reunion and feast.

THE GREAT AMERICAN HOME

## HIGHWAY FIVE PAVING WORK PROGRESSING

Engineers have been busy this week getting every thing in shape for the paving of the first two miles of the C. G. highway from the Donley-Ha line to the city limits. Traffic was detoured by way of Sixteenth street, then across at the Memphis Poultry Farm, and on north to the highway again at the crossing.

## CHEVROLET AND TRUCK COLLIDE ON SIXTH STREET

A collision occurred between a Chevrolet touring car and a Ford truck on Sixth and Davis streets Tuesday evening about 7:30, the truck being overturned and the front part of the Chevrolet car being badly damaged.

## ANNUAL TRUSTEE MEETING SCHEDULED FOR AUG. 11

Supt. Theodore Swift is in receipt of a message from the State Department of Education stating that the annual meeting of county and local trustees for Hall county will be held August 11, and it is desired that all trustees attend this meeting.

## HAD GREAT TIME WITH FINNY TRIBE ON TRIP

R. S. Greene, Thomas E. Noel and Pete Clower returned Sunday from a three weeks fishing vacation in New Mexico and Colorado. They were water-bou.d for several days while there due to big rains in the mountains which cut them off from the outside world.

## BOOSTS JUNIOR STATE COLLEGE

The Clarendon Band, accompanied by a number of citizens of that city, arrived in Memphis about 11 o'clock Wednesday morning, having come by way of the C. G. and "Detour" highways. After several numbers had been played Atty. Chas. Dean was introduced and in a short talk he told how Clarendon had lost the Clarendon College but had not lost their desire to have a good school and a good town, and they have succeeded in getting a junior state college which will open this fall, and their purpose in making this trip is to let the people know about the school.

## TWO DWELLINGS DESTROYED BY FIRE SUNDAY

Two residences and the household goods of one were destroyed by fire on South Seventh street Sunday night about 10:30 o'clock. The residence to catch fire first belonged to Will McQueen and occupied by Jim Vandiver and family. It is thought to have caught from an oil stove. The other residence was owned and occupied by J. V. Jones and family, and was just a few feet north of the McQueen residence.

## SINGER AT HOME

E. H. Martin, who has been singing with Evangelist Jeff Smith for several weeks is spending this week with home folks. He will leave first of the week for Arkansas for another campaign.

## INTERMEDIATE CHRISTIAN ENDEAVOR PROGRAM

Song service 7:15 Subject, "Amusements." Scripture Lesson Phil. 4:8; 1 Cor. 8:12,13. Prayer by Nell Grant. President's Message—Frances Wright. The Modern Dance—Dorothy Elliott. Card-Playing—Launa White. Joy-riding—Nell Grant. Movies and Theatres—James Rice. Scripture search. Questions on subject. Business period. Bible Drill. Dismissal.

Miss George Ella Mickle of Amarillo, who was the guest of Miss Verna Crump, was honored with a chicken barbecue and swim at Bryans Lake last Thursday evening. Chicken barbecue was served following the swim to Mr. and Mrs. A. R. Green, Misses George Mickle of Amarillo, Hazel Delaney, Verna Odom, Verna Crump, Messrs. Brummett, Cox, D. B. Gentry, Lee Pope and M. B. Garrette.

## MOST OF COUNTY RECEIVES PLENTIFUL SUPPLY OF RAIN; WILL MATERIALLY AID CROPS

### SALISBURY HAS DEMONSTRATION IN CANNING

A canning demonstration was arranged by County Agent L. M. Thompson, to be held at Salisbury school house Friday afternoon. Arrangements were made for the Donley county home demonstration agent to hold this demonstration, but on account of other matters it was impossible for her to be at this meeting. After learning that Miss Keys could not be consented to carry this work on. There were forty women and girls present at this meeting and great interest taken in the work.

### GREAT REVIVAL IS EXPECTED

Everything is in readiness for the Methodist revival which will be started Sunday, July 24, at the Baptist tabernacle, the preaching to be done by Dr. S. A. Barnes of Wichita Falls, the singing to be led by Roy Beights of Denver, and Miss Jessie Stell will have charge of the young people's work.

### WILL RUN GAS LINE TO CLARENDON FROM HERE

W. B. Watkins of Quanah, with the North Texas Utilities company is here this week arranging to survey for a gas line to run from Memphis to Clarendon. It is expected to start soon in laying the six inch main, and will connect with the Wellington-Memphis line near the east ward school building.

## SLOAN SETTING 8-INCH CASING

C. L. Sloan is preparing to set eight-inch casing in his well southeast of Memphis, in Childress county. Water was struck last week and interfered with drilling, so the casing will be set to cut off the water. A good showing of gas was made last week and quite a bit of excitement was created over this section of country. Mr. Sloan and his drillers feel confident that it will not be long until they strike an oil sand, and the formations encountered are good indications of a real oil well.

## LOCAL BOYS MEET WITH ACCIDENT AT SWIMMING POOL

Reginald Greenhaw and Winfred Landis were victims of a very painful accident which occurred Thursday afternoon at the pastime Swimming pool. Landis had jumped from the eight-foot tower into the water on his feet, and Greenhaw mistaking another boy that had jumped from the side of the pool and come to the top of the water for Landis, jumped into the water from the same tower on his feet striking Landis on the head with his upper teeth, cutting a gash about one and a half inches long to the skull, at the same time cutting his underlip through and through, requiring two stitches to close the wound. Two of his upper teeth were knocked loose. Two young men have had no desire for swimming the past week, but are both getting along nicely. Young Landis is a good diver

More than an inch of rainfall was recorded in Memphis Wednesday and the whole county received from light showers to two inches. Lakeview probably had the heaviest, reported to have been two inches. Leslie and Brice report light showers. Deep Lake reports a splendid rain. Lodge also reports a heavy rain. The country south of Red river is reported to have received a good rain, however Turkey is reported to have had just a light shower. In fact the entire county was blessed, even though some portions did not get as much as needed.

Still cloudy this Thursday with good indications for more rain. The rain Wednesday could not have been improved upon except in quantity. It fell and none was wasted. Farmers are rejoicing and believe with rain later at proper intervals they will make good crops. In the Leslie and Brice communities, the rain was light but enough for crops that are up, and for planting of late crops, provided they can get more rain later. It is now predicted that Hall county will have a normal crop this year, and the price will more than likely be good.

### DISTRICT COURT TRIES SEVERAL

Several cases were disposed in District Court during the few days of the special session. Court has not been finally adjourned, but has recessed awaiting disposition of one or two cases, in which bonds are required. Following is a list of cases tried: State of Texas vs. Joe Williams, colored, charged with possession of liquor and still; one year in pen. State of Texas vs. Wm. Miles, colored, attempted forgery; two years in pen. State of Texas vs. Jonnie Woods, colored, possession of home brew; hung jury. State of Texas vs. Jim and Riley Jones, charged with car theft at Estelline; five years suspended sentence. Two boys, charged with burglary, were put on probation until September. The flowers all around the court house are beautiful and very restful to the eye.

### ALLEN GRUNDY CHIEF SPEAKER AT ROTARY

Tuesday Allen Grundy spoke on "Man as a Citizen" and made an interesting and timely talk. To be a true citizen one must be four square and take his fellowman into consideration. When men practice the Golden Rule toward each other and toward other nations then permanent peace may be expected, Grundy said. His speech was highly enjoyed by all present. Jack Figh presided in the absence of the president, Coary Kinard.

### MOVE TO AMARILLO

S. E. Draper and family have moved to Amarillo. Mr. Draper is one of the members of the Draper & Ross wholesale produce company of Memphis and Amarillo. J. W. Rodgers of Amarillo will have charge of the Memphis house and will occupy the S. E. Draper home. The many friends of Mr. and Mrs. Draper regret to lose them from Memphis.

Entered at the postoffice at Memphis, Texas, as second-class matter, under Act of March 3, 1879.

Special Representative TEXAS PRESS WEEKLIES, INC. H. L. GRABLE, Manager 613 Mercantile Bank Building Dallas, Texas

POLITICS

Senator W. J. Reid of Canyon will not be a candidate to succeed himself to the State Senate, so we have been reliably informed.

Judge Jas. D. Hamlin of Farwell is the man and is an old timer in the Panhandle. He is known far and near, knows the needs of Texas and especially West Texas, and has a great influence because of his sound thinking and unquestioned ability.

The streets of Memphis now have signs on the corners and the houses are being numbered so that any wayfarer may find his way to any given place.

Wasn't it a grand and glorious feeling Wednesday morning when Jap. Pluv. poured out a wonderful rain over practically all the country?

Nineteen years of service to Memphis and Hall county is the record of the Memphis Democrat which celebrated its twentieth birthday with its issue of June 30.

Get it at Tarver's. Mrs. M. Combest returned Wednesday from a two weeks vacation at Cleburne.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life.

MEMPHIS PIONEER COUPLE WITH THEIR TEN CHILDREN

The above picture shows Rev. and Mrs. J. P. Wheeler of Memphis and their ten children. A family reunion was held recently, at which all their children, grandchildren, great grandchildren and "in-laws" were present.

MEMPHIS GIRLS MAKE GOOD IN SCHOOL

Misses Helen and Carolyn McNeely both made good records at McMurry College at Abilene the past year, the first as teacher of speech arts and the latter as a graduate pupil of the speech arts department.

The McMurry War Whoop (college paper) gave a number of favorable mentions of these young ladies in its issue of June 2.

"Carolyn McNeely of Memphis was presented Wednesday evening in diploma recital by the Speech Arts Department, assisted by Boog Sears, soprano.

Let's all forget our grouches since the good rain and get down to real constructive work in trying to make our town and county greater and better.

Memphis citizens are always proud of their young people for they make good wherever they go.

In a museum in Ottawa, Ontario, there is a cake, a relic of the Arctic expedition of Sir John Franklin in 1845, made of pemican, which is a compound of beef, fats and dried fruit; it is still good to eat.

Signs you can believe in. If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid.

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life.

VACATION VAGARIES

(J. C. Wells)

Last week we promised the readers we would tell them something more about the vacation trip we took.

One doesn't have to go many miles away from home to see many interesting sights, and these are in Western Texas and New Mexico.

Leaving Amarillo June 13 we slid to Canyon, for it had rained the night before.

Arriving at Roswell before night we decided to run into Carlsbad, 85 miles south, so we could get an early start for the cavern the next morning.

Carlsbad Cavern is thirty miles south of Carlsbad, and the road is fairly good, most of the way being over a veritable desert.

Wednesday morning we left Roswell headed west toward the White Mountains some 75 miles away.

Mr. and Mrs. G. D. Beard and daughter, Miss Helen, left last Thursday for a month's vacation at Bowlder, Colorado.

ness and a desire to recline at full length on a bed of pine straw and sleep for a century.

After a rest of a few hours the drive was continued up the valley, entering the Mescalero Indian Reservation, on one of the finest graveled roads in the state of New Mexico.

From there we drifted on down through desert, hills and hollows for a few miles.

The good road played out and we went over real desert roads for some thirty miles, then at Newman, the Texas and New Mexico line town, we hit honest to goodness pavement and breezed into El Paso, the town of conventics and with the suburb of Juarez.

Mr. and Mrs. G. D. Beard and daughter, Miss Helen, left last Thursday for a month's vacation at Bowlder, Colorado.

Get it at Tarver's.

A postal card three feet long and two feet wide and requiring one dollar postage was recently received in Chicago inviting the postoffice clerks to attend the national convention of their organization in Indianapolis.

Corot's oaks have been sold to a timber merchant. The country folks of Mur, near Loudeac, Brittany, were forced to choose between the trees and high taxes.

ONE IN TEN Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause not great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore.

After a brief stop at the Indian Agent's headquarters where the Indians gather for their supplies and sell their trinkets to the tourists, the drive was continued down the western slope into another interesting section of country.

At Alamogordo we went to a large saw mill and watched for an hour or more with bulging eyes how those fellows could take great logs, that had been cut and shipped down from the pine forests in the mountains, and run them through the mill, coming out as slabs of lumber of desired thicknesses, rough and with bark on the edges.

From there we drifted on down through desert, hills and hollows for a few miles.

The good road played out and we went over real desert roads for some thirty miles, then at Newman, the Texas and New Mexico line town, we hit honest to goodness pavement and breezed into El Paso, the town of conventics and with the suburb of Juarez.

Get it at Tarver's.

—and so forth.

Vertical text on the right edge of the page, including names like 'HIS' and 'REGULAR NIGHT'.

With the largest world telescope, on Mt. Wilson, California, man looks trillions of miles into space. He is able to see stars separated from him by the distance light could travel in 72,000 years, on the basis that in one year, light travels 5,800,000,000,000 miles. He sees that the "dust" in the Milky Way consists of millions of suns, each with its family of planets rotating around it.

C. W. Broome made a business trip to Dalhart last Friday.

**FARM WOMEN'S SPECIAL**

BY PHEBE K. WARNER

They say there is nothing new under the sun. But who ever heard of a Farm Woman's Special? There have been "Men Specials" of every species. And a few years ago Texas sent a Farm Boy's special up through the northern States. Just last week the Texas Good Will Special with its hundred and twenty-five business and professional men headed by our own Boy Governor, Dan Moody, (this seems to be the day of YOUTH) and there never was a greater generation of young men in America) returned from their Good Will tour of the North and East.

**Long Troubled by Constipation**

"Black-Draught has been a family medicine with us for fifteen years," says Mr. F. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time. "I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then. "Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine."

Costs only 1 cent a dose.

**Renew Your Health By Purification**

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family supply with full directions. On-

**Tours National Parks**

Starting from the campus of the University of Southern California, a Chevrolet Motor Coach has set out, under the direction of the Chevrolet Motor Company, on a circle tour of western national parks to secure pictures of the scenic wonderlands of the west and to report on the general conditions of the highways leading up to them. Willard S. Wood, the Chevrolet tourist, is indicating the route to Harold Stonier, vice-president of the University.

**GILES GLEAMINGS**

Barney Johnson was an Amarillo visitor several days last week.

Mr. and Mrs. H. F. Jones of Estelline visited in the E. H. Watt home Tuesday of last week.

Miss Lorraine Simmons was down from Clarendon last week visiting her parents, Mr. and Mrs. A. L. Simmons.

Tom Stotts made a business trip to Estelline Wednesday.

after studying the marketing systems of Southern California for her citrus fruits, and English walnuts. From start to finish the Texas Farm Woman's Special is to be an educational trip in the interest of Co-operative Marketing for the different Texas products offered for sale by the women of Texas. Every woman on this special train has been sent by the different organizations of her home county. The county Farm Bureau, The County Federation of Women's Clubs, the commissioners courts, the chambers of commerce, individual business men and scores of other organizations have contributed to this unique plan of collecting the best marketing information to be had from those who have had experience and know.

The Farm Woman's Special will return to Texas in time to attend the Farmers' Short Course at A. & M. College, July 24-29.

A. L. Westfall was a visitor here from Clarendon last week.

Miss Lorene Stogner visited friends at this place Friday.

Miss Ruth Johnson of Amarillo spent the past week end here with her mother, Mrs. C. Y. Johnson.

Mrs. Mattie Sturdivant of Memphis was here Sunday visiting Mr. and Mrs. G. C. Meredith.

Benjamin Kyle of Amarillo is here this week visiting in the J. B. Evans home.

Mrs. J. D. McCants and daughters, Alleene and Pauleen, were Memphis visitors Friday.

Misses Beulah and Vonnice Hix were down from Panhandle Saturday and Sunday visiting their parents, Mr. and Mrs. L. A. Hix.

Mr. and Mrs. R. E. Harvey and children of Martin visited with Giles friends a short time last week.

Mr. and Mrs. Charles Sanderly of Electra were here last week visiting Mr. Sanderly's sister, Mrs. A. L. Simmons.

Mr. and Mrs. Tom Gresham of Newlin were guests of Mr. and Mrs. Z. A. Cox of this place, one day last week.

Mr. and Mrs. Bill Jarrett, Mr. and Mrs. Bud Jarrett and Mrs. M. E. Bowlin of Elk City, Oklahoma, visited Mr. and Mrs. Robert Stotts last week.

Maurine and Ozier Hoggard went to Amarillo last week to join their mother, who has been there some time.

STATE OF TEXAS, County of Hall.—I, W. W. Williamson, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

W. W. WILLIAMSON, Cashier.  
Subscribed and sworn to before me this 7th day of July, 1927.  
(Seal) H. L. DAVENPORT, Notary Public.  
Correct—Attest: D. H. Davenport, Tommie Potts, R. D. Wiley, Directors.

**SHERIFF'S SALE**  
THE STATE OF TEXAS,  
County of Hall

Notice is hereby given that by virtue of a certain Alias Execution issued out of the Honorable County Court of Donley county, of the 24th day of May, 1927, by Lottie E. Lane, clerk of said County Court, Donley county, Texas for the sum of six hundred and seventy dollars and ninety-five cents and costs of suit, under a judgement, in favor of Ryan Bros., a partnership composed of George A. Ryan and John W. Ryan, in a certain cause in said Court, No. 623 and styled Ryan Bros. vs. J. W. Owens, placed in my hands for service, I, S. A. Christian as Sheriff of Hall county, Texas, did, on the 17th day of June, 1927, levy on certain real estate, situated in Hall county, Texas, described as follows, to-wit:

All of section number 184, block S 5, D & P Ry. Co. survey, Hall county, Texas and levied upon as the property of J. W. Owens and that on the first Tuesday in August 1927, the same being the 2nd day of said month, at the Court House door, of Hall county, in the city of Memphis, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said alias execution, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said J. W. Owens.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Memphis Democrat, a newspaper published in Hall county.

Witness my hand, this 17th day of June 1927.  
S. A. CHRISTIAN, Sheriff,  
Hall County, Texas.

Joe Is Champ

Joe Medvidovich is quite a name for a young man to be carrying around, but it means something to the nation's marble players. Joe is the Willie Hoppe in his field; the Pittsburgh boy winning the championship in the finals of the national marbles contests at Atlantic City recently.

AUGUST 25 IS DATE SET FOR COWBOYS DAY

The reunion of the T-Anchor ranch boys has been placed for August 25. The reunion will take place at the W. C. Baird place north of Canyon, on the Palo Duro canyon. R. E. Baird, who is in charge of the local arrangements, has notified the boys who worked on the T-Anchor in the eighties that there will be a camping party on the grounds on the night of August 24. Arrangements will be made to make the camp as comfortable as possible. More than 100 men who worked on the ranch in the Pan-

handle during the eighties were present at the reunion last year most of them bringing all or part of their families. The officers of the T-Anchor Association expect a larger attendance this year. The reunion of 1927 was an added interest because of the T-Anchor headquarters has become the property of the state and will be thrown open to the cowboys and they will use it in any way they wish.

Soft-shelled Adlay, which grows in tropical climes, is mentioned as a substitute for wheat in case the world's population increases to such proportion as to necessitate increased production of food-stuffs. A hard-shelled species of adlay is cultivated for its seeds, which are made into ornamental beads.

Get it at Tarver's. 32-c

Scientists' observations indicate that in 1922 the sun radiated 4 per cent less heat than normally, and that since then it has not been up to par. There is no danger of sol burning out yet, however, as the life of a star such as the sun is estimated to be 30,000,000,000 years, and the sun is still comparatively young.

NOTICE OF ELECTION STATE OF TEXAS. COUNTY OF HALL

Whereas, on the 23rd day of June, A. D. 1927, a petition was presented to me for an election in common school district No. 13, of this county, to determine whether or not the said common school district No. 19, will be consolidated with common school district No. 10, in Hall county, Texas; and It appearing upon investigation that said petition bears the signatures of a majority of the legal-

ly qualified voters of said common school district No. 19, and is in every respect in conformity with the law.

Now, therefore, I, A. C. Hoffmann, in my capacity as county judge of Hall county, Texas, do hereby order that an election be held on the 23rd day of July A. D. 1927 in common school district No. 19 of this county, to determine whether or not said common school district No. 19 of this county, will be consolidated with common school district No. 10 of the said Hall county, Texas.

M. A. Bennett is hereby appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding said election and he shall within five days after said election has been held make due returns thereof to the commissioners court of this county as is required by law for holding a general election. All persons who are legally qualified voters of this State and of this county who are residents

of said district shall be entitled to vote at said election, and all voters desiring to support the proposition to consolidate with said district No. 10, shall have written or printed on their ballots the words.

For Consolidation. And those opposed shall have written or printed on their ballots the words

Against Consolidation. The Sheriff of this county shall give notice of the said election by having a true copy of this order published for three weeks prior to said election in some newspaper of general circulation that has been continuously and regularly published for more than one year previous to the date of this order in Hall county, Texas, the date of first publication being not less than twenty-one full days prior to the date of election.

Dated at Memphis, Texas, this 24th day of June A. D. 1927. A. C. HOFFMAN, Judge. Hall County, Texas.

WEATHERLY Hall County TEXAS

LOCATED ON THE NEW DENVER RAILROAD IN THE CENTER OF HALL COUNTY, 16 1/2 MILES EAST OF TURKEY, 17 MILES WEST OF ESTELLINE, AND 27 MILES SOUTHWEST OF MEMPHIS.

Supported by the famous Red River Valley farming country together with the uplands which is just as productive as any farm lands in the State of Texas, producing one to one and half bales of cotton per acre, one to two tons of Maize and Kaffir per acre.

There are now 750 families living in the trade territory of WEATHERLY (not drawing on any other town's trade). With the opening and placing on the market of 150,000 acres of the Mill Iron Ranch, just South of WEATHERLY, will in all likelihood double this number of families which will support a town of 1500 population.

At present, in the townsite of WEATHERLY, is the Weatherly school, a brick structure of 5 rooms with three teachers and 140 pupils. McBride's Store and Filling Station, which makes it a community center and will add to the quick growth and development of the town.

WEATHERLY is fortunate in being Geographically located—center of County—far enough from other towns to keep down trade strife. A trade territory all of her own, and the best farm lands that mother earth has.

With all natural advantages WEATHERLY has will insure the original investor two to five profit on every dollar invested in a limited time.

The Denver Railroad has 32 acres for trackage and depot. Application has been made for postoffice and approved. Permit will be given as soon as suitable building is on the ground.

Business lots range in price from \$125.00 to \$300.00, size 25x140, twenty foot alley. Residence lots price \$100.00 to \$200.00, size 50x140; Main street 60 feet wide. Residence streets 50 feet wide. Terms \$25.00 cash, \$15.00 per month. Any general information gladly given. Write

Pounds Hotel, Memphis, Texas

THE FARMERS MUST REVERSE THE PROGRAM

The often heard remark that the farmers sell their products in the cheaper market and buy in a more expensive market is again illustrated by the fact that during 47 of the past 41 years the prices of agricultural products have been lower than non-agricultural products, said F. J. Hosking, professor of accounting and statistics at the A. & M. College of Texas, in a recent radio talk on reducing the farmers' cost of living. "The reverse in price conditions was true in only 4 years of this time, 1910, 1914, 1918 and 1919. Three of these were war years when food was in great demand. Statistics show that for the past 51 years the farmers have had a very small chance of getting the best of the bargain—a chance of 4 out of 51.

"The logical starting point for live-at-home programs is to provide for the needs of the family on the farm. The minimum requirements for a family of five should be one milk cow, one brood sow, 25 laying hens, and an all-year-round garden of one-half to one acre. If these are provided and the surplus production of meat and vegetables conserved for future use by canning, the amount of food that must be purchased from the stores will be reduced to the minimum.

"Another means by which the farmers may reduce their cost of living is in intelligent purchasing. Care must be taken in buying articles not raised on the farm because this price level is higher than the one in which the farmer receives his income. Buying articles for cash seems the logical means to eliminate cost of credit and enable purchasing by the farmers in the cheapest market. Recently collective buying by farm bureau purchasing associations has been used to meet the farmers cost of living problems. Collective purchasing eliminates the local retail merchants' profits which accrue to the farmers.

"Knowledge of the amount of income, its sources and its outgo, by a carefully planned and executed set of records with or without a budget system would suggest to each individual farmer his own financial problem and he could work out his own solution himself or with his county or district agent. Ten minutes a day or an hour a week is sufficient allotment of time to record the financial transactions of a farmers business in a farm account book as supplied by this college on any large stationery store.

"Other methods to reduce the farmers' cost of living are to kill and can the male birds of poultry flocks during the summer, to prevent fertilization of eggs; give more attention to the needs and health of the household. Bush and vine fruit production and orcharding assist in labor distribution and provide additional food for the family."

There is a Baptist church in Santa Rosa, California, 60 feet wide by 100 feet long, with seating capacity of 400 that was built entirely from timber sawed from one redwood tree. Although everything, except the glass, used in construction was furnished by the tree, only two-thirds of the tree was needed and 60,000 shingles were left over.

Shankle of this city and Mrs. Ed Coffman of Denver, a cousin who had been visiting relatives in Fort Worth, were here Tuesday and were joined by Misses Thelma and Zola Shankle, leaving Tuesday evening for a visit with Mrs. Coffman at Denver and a vacation trip to Cheyenne, and Yellowstone National Park.

**Really Nautical Term**  
Although the phrase, "to the bitter end," has become common in connection with the expression of tragedy or stress, it is in reality, but a nautical term, with an entirely different meaning. It originally referred to the "bitt," the nautical term for the turn of a cable, and "the bitter end" is that part of the cable that is wound around the bitt. "The bitter end" therefore is the extreme end. De Foe, in "Robinson Crusoe," used the term in that manner when he described a storm in which it was necessary to order out the sheet anchor. Even then the storm was so fierce that the ship plunged in the high seas and the cables veered out "to the bitter end."—Kansas City Times.

**Inventor of "Cocktail"**  
The origin of the term "cocktail" is not known. The drink is supposed to have been invented by Elizabeth Flanagan, who was the widow of an Irish soldier, who fell in the service of his country. She appeared, after his death, to have followed a troop of Virginia horsemen under the command of Colonel Burr. She took up quarters in the winter of 1779 in a place called "Four Corners." Here she set up a hotel and it was in that hotel that the drink that is known as the cocktail was invented.

**Would Mean End of World**  
The late Camille Flammarion, the noted French astronomer, expressed his opinion as to what would happen if the earth stopped revolving, as follows: "Were the earth suddenly stopped in its course, the shock would be transmitted by receding molecules to all the constituent globe, as if each received a stunning blow; the whole earth would be instantaneously luminous and burning, and an immense conflagration would devour the world."

**No One Escapes**  
"The poor are pinched by poverty," said the thoughtful one. "Yes," snapped the hard-boiled one, "and the rich by traffic cops and dry agents."

Among the most Nomadic people of the world are the Bakhtiyari tribes of Persia, where the main and about the only source of income is herding. Nature doesn't allow the Bakhtiyari to settle permanently; to escape the withering heat and then to avoid the cold they are constantly journeying from the Persian Gulf lowlands to the plateau highlands and back again. Their neighbors count them among the worst of the plundering hordes of the world.
