

# The Memphis Democrat

MEMPHIS, HALL COUNTY, TEXAS, THURSDAY, OCTOBER 28, 1926

NUMBER 18

## PRICE OF COTTON DOES NOT WORRY W. R. SCOTT

Early last spring W. R. Scott living on Mrs. Middleton's farm three miles south of Lakeview, paid \$110 for two brood sows, the Democrat is informed, and now Mr. Scott will not take \$400 for his hogs. He has a bountiful crop of cotton, feed, and other farm products, and will feed his surplus feed to the hogs. He has made more on the hogs than he would have with forty bales of cotton.

During the year the family has practically lived on home production. They have put up enough to run them a good part of the winter, and will have plenty of meat and lard.

Mr. Middleton says this has been made possible by the liberal attitude of his landowner, who believes in diversification. He also stated that the price of cotton does not worry him in the least.

## DEMOCRAT IMPROVED

Just to let the public know that the Memphis Democrat is improving in more ways than one. The paper is seven columns and has eight more columns of reading matter each week than it had when the paper was a six-column paper. Two linotype machines are being used instead of one. Six people are working in the office, and the job department is crowded practically all the time with work. New job and ad type has been received, and lately a new 12x18 job press was installed to help take care of the job printing.

## NEGRO WOMAN SHOT IN HEAD IS UNINJURED

A negro woman was shot and slightly wounded by another negro woman as a result of an argument between the two in a cotton patch near Newlin, across the county line in Childress county about noon today. The shot grazed the woman's head and glanced off, failing to injure the victim.

Childress county officers took the offender in charge and placed her in the county jail at Childress, awaiting examining trial.

## FIRST CHRISTIAN CHURCH

Mr. M. O. Goodpasture will relate a personal experience at the Bible school session Sunday morning that will afford rich food for thought. Be on hand at ten.

Communion at eleven followed by a sermon that is worthy of a good hearing. Subject: "Living Faith or A Silver Cord Strung with Golden Beads."

More than fifty passages of Scripture used in this convincing, attractive chart sermon. Competent critiques have pronounced it to be the best ever heard. It is a "message from the Lord, Halleluiah."

If you are a member or a friend of the Church your humble pastor will be sorry if you fail to be present Sunday morning.

## OVER SEVENTEEN MILLION IS NEW ESTIMATE FOR 1926 CROP

Washington, Oct. 25.—A cotton crop larger than ever before grown has been produced in the South this year. The Department of Agriculture Monday placed the indicated production as 17,454,000 bales of 500 pounds gross weight, or about 8,343,000,000 pounds of lint cotton. This is about 643,000,000 pounds of lint more than produced last year.

The estimate was based on conditions existing Oct. 18, to which date 8,722,966 running bales of this year's crop had been ginned, according to the Census Bureau's announcement. There was an increase of 827,000 bales in prospective production between Oct. 1, when the last estimate was made, and Oct. 18.

Uncertainty exists as to how much of the crop will be harvested, the crop reporting board announced, in view of the present low price of cotton and the scarcity of labor for picking. The factors have discouraged cotton farmers and this may result in some of the crop, especially that of lower grade, being left in the fields.

This year's enormous production was brought about by the planting

## THE GREAT AMERICAN HOME

A BROKEN AGREEMENT

## HEAVYWEIGHTS TO WRESTLE AT LEGION HOME

A wrestling match has been arranged for Tuesday night, Oct. 2, to be staged at the American Legion home on South Sixth street when Jack Bentley, well known heavy weight and Dutch Betke, the Panhandle ape-man will meet in a finish match, two of three falls.

Bentley has devoted his entire time the past year to the mat game and has met some good men in this time. He has won practically every match and says he can beat the much touted ape-man. The Dutchman says he has beat every heavyweight in the Panhandle and Jack will be next.

Several good preliminaries have been arranged and lovers of the mat game will be given plenty of pleasure when these fast heavies tangle.

## TO ORGANIZE A. A. A. CLUB

Mr. Todd is here securing members for the Memphis Club AAA. This club will be one of the branches of the Panhandle AAA Club, and will be directly affiliated with the Texas State automobile association and the American association, and will function locally.

Mr. Todd is securing a goodly number of members among the automobile owners of the community, and expects to have a good list in a few days.

## MARKET EXPERT PRO FOOTBALL TEAM WILL BE MATCHED SOON

H. L. FRY'S SISTER DIES

H. L. Fry, manager of Stone & Lang store, received word today of the death of his sister at Canadian, and left immediately for that place. Mr. Fry returned from that place Tuesday where he had been summoned last week due to the seriousness illness of his sister and was assured that her condition was improved before leaving.

Congressman Marvin Jones was in the city last Saturday meeting a few of his friends. He is just recovering from the flu and was not able to mix with the people very much. Mr. and Mrs. J. C. Wells enjoyed lunch with him at the New Memphis Coffee Shop.

Marketing expert coming to the Panhandle

We have been informed by J. M. Kayser, Field man of the Texas Farm Bureau Cotton Association, that Aaron Sapiro will speak in Childress Thursday November 4, at 2 p. m. in the Palace Theatre, where there have seats for eleven hundred.

Mr. Sapiro's time is very limited and the people of this section are indeed fortunate to be able to get him at this time. He is a national authority on cooperative marketing, being legal adviser for many of the largest and most successful of such organizations.

Mr. Sapiro will not only discuss the existing cotton conditions and their cause but he will offer a permanent program of solution. No one in the United States occupies a more prominent place in national agriculture and economic affairs than does Mr. Sapiro. He is a forceful and dynamic speaker. He speaks plainly and frankly and in a magnetic manner.

We would advise every farmer, banker professional man to take their wives and go hear this brilliant and logical man speak.

John T. Orr, president of the Texas Farm Bureau Cotton Association, will accompany Mr. Sapiro on his speaking trip through the state.

## MEMPHIS BEING SERVED WELL WITH STAGE LINES

C. C. Wells informs the Democrat that he is now operating four buses daily between Amarillo and equipment throughout. He says anyone can make connection with practically any train to most any point on other lines of railroads without having to lay over. He invites investigation of his schedules when contemplating a trip.

## IT SEEMS TO ME

Now that America has conquered the English Channel we should tackle the English language.

## LOCALS HOLD COLLEGE TEAM TO LOW SCORE

The Wichita Falls junior college Indians Friday afternoon defeated the strong Memphis high school in one of the hardest fought gridiron contests ever staged in this city, the score being 12 to 6.

The Collegians scored early in the first quarter, when an intercepted pass gave them the ball within striking distance of the Cyclone goal. Several short gains through the line and a five-yard Memphis penalty for offside paved the way for the first touchdown. Kick for point failed. The second score for the college came in the first play of the second quarter, when an 18 yard pass put the ball over the goal line.

The Memphis score came late in the third quarter, after a steady march of 50 yards, in which several passes played a part. Kick for point failed, the Cyclone missing the accurate toe of Dennis, star backfield man, who was not suited out on account of injuries.

The Collegians were held on the defensive during the latter half of the game, punting out of danger time and again. The aerial game was resorted to freely by both teams and accounted for many good gains.

Memphis made 13 first downs for 283 yards and was penalized four times for a total of 20 yards for offside play and incomplete passes. The Collegians made nine first downs for 108 yards and were penalized four times for a total of 50 yards for holding, illegal interference and delaying the game.

## NEWLIN MAN DISAPPEARED AT AMARILLO

FOUL PLAY FEARED AND CITY IS COMBED FOR MISSING MAN

A. W. Perry, prominent farmer of the Newlin community, who went to Amarillo Monday night has not been seen or heard of since. Officers and relatives fear foul play. Officers and relatives of the missing man have been combing Amarillo trying to uncover some clue as to his whereabouts.

Mr. Perry and A. J. Beasley both of Newlin, went to Amarillo Monday, and Mr. Beasley reports that they arrived in Amarillo about 7:30 Monday evening and after obtaining rooms at a hotel went to a picture show. At 9:30 they returned to their rooms in the hotel and he, Mr. Beasley, immediately retired. Mr. Perry excused himself saying he would go down to the drug store and get a cold drink and would retire in a few minutes.

No trace of his whereabouts has been learned since. A check of the police station, hospitals, and rooming houses of the city fails to show any record of the man.

These men went to Amarillo in the hope of finding cotton pickers. Mr. Perry had \$150 at the time of his disappearance. He has been in excellent health and has had no financial worries, which lead his relatives to believe that he has met with foul play.

## MEMPHIS FOOTBALL FANS FLAYED BY NEWSPAPERS

The Childress Index and The Wichita Falls Record-News got themselves all wet in reporting the Wichita-Memphis game. Every citizen of Memphis resents the insinuations and misstatements of facts published by those two papers. They published one side of the story without getting the other side. It is an insult to the good citizens of Memphis and they resent it in the very strongest way. Hundreds of good citizens witnessed the game and saw no such action as described by the two newspapers, and these same citizens would have had too much self-pride and pride in the community to have permitted any such action as ascribed to Memphis fans.

The two articles follow:

Inglorious in defeat was the high school football team of Memphis when they played the Junior College team from Wichita Falls at Memphis on Friday afternoon. The score was 12 to 6.

Those who witnessed the game said it was disgraceful from a sportsman's standpoint. There were fights on the field, side lines and other places. The visiting team was even threatened until they went aboard the train for the return home.

At one time four players were ordered out of the game by the referee for fighting.

Memphis has a strong team, one of the best in Northwest Texas, but it is poor sportsmanship to be a bad loser. If the time ever comes that the Bobcats must be fighters, and the student body possessed with a venomous feeling toward other schools, then it will be time to dismiss the entire athletic activities of our school.

The Wichita Falls boys said in all their experience they were never treated so roughly, and unfairly as they were in Memphis. They claim that Memphis people are so sold on their team that they think them unbeatable and when the team lost then every move was made to win regardless of consequences.

The Index has not heard the Memphis side of the story. They may have a different story to tell, but we have heard enough from other teams that have played Memphis to know that there is something wrong or Memphis is always in the right and the others are never real sportsmen.

The Bobcats will meet the Memphis team here on November 19. Coach Mitchell is taking the boys through a real training course for this game. Much blackboard work is being done and on the field the celebrated tactics of Memphis' aerial work is being played and studied. Memphis excels in passing but they will find this part of their game mastered when they come to Childress.

It is expected the Bobcats will

(Continued on page four)

## WELLINGTON TO MEET CYCLONE HERE FRIDAY

The Cyclone will meet the fast football squad from Wellington on the local grid tomorrow afternoon at four o'clock, and according to all dope this will be the fastest game ever witnessed on the local field between two class B teams. Wellington boasts one of the strongest teams the town has ever had and will have the advantage in weight both at the line and in the backfield. They report their team in excellent condition with only one man slightly injured and the entire first string team ready to start the game against the powerful Cyclone squad.

The Cyclone is still suffering from injuries received in the game with the Wichita College team here last Friday and will be handicapped by the absence of Dennis, star fullback.

A large delegation of students and fans from our neighboring city will accompany the Skyrockets to Memphis to witness the game and it is sincerely hoped that they will be accorded every courtesy possible, as is the custom for Memphis citizens to do and as they have always done.

## ARMISTICE DAY PROGRAM IS ARRANGED BY LEGIONNAIRES

The American Legion and Auxiliary of the Charles Simmons Post No. 175 are arranging the following program to be held on the Courthouse lawn, Armistice day, Thursday, Nov. 11.

It is hoped all stores will close, especially from 10 o'clock through the entire day.

All ex-service men are requested and expected to participate in the "Big Parade" which will assemble on Main street, south to Presbyterian church. It will be necessary to be on hand at 10 o'clock to get ready for parade which starts promptly at 10:30 down Main street around the courthouse square to monument in time to start the program at 11 o'clock. All Buddies wear uniforms.

John Deaver, Master of Ceremonies.

Music—Memphis Band. Flag Drill—School Children. Instructions Concerning Our Flag—Allen Grundy.

Song, "America—School. In Memoriam—Rev. Chas. E. Richter.

Prayer—Rev. E. T. Miller.

Taps.

Twelve O'clock—One Minute of Silent Tribute.

## BOY SCOUT OFFICIAL WILL LOSATE HERE

Ed Nettle, field executive for the Panhandle Area Scout Council, will move his family here November 1, and will have charge of the district composing Clarendon, Memphis, Wellington, Shamrock, Wheeler, Canadian, Pampa, Panhandle and Borger. Shamrock is the logical center of his district, but he was unable to get a residence there owing to the oil boom, so he is coming here.

Thos. Nelson, Scout Executive of the Area Council, and Mr. Nettle came Tuesday to look after scout matters in Memphis, and will be back to have a meeting of the local council tonight. Mr. Nelson will be able to give the Memphis Scouts more personal attention, than heretofore, and Scouting should become a live organization in Memphis.

Mr. and Mrs. Lee Wheeler of the south part of the county were business visitors here today. They state they have at least forty bales of cotton open on their farm, and pickers are scarce.

Arch Support Footwear

PERFECT foot comfort is no longer a matter of choosing ungainly footwear. Martha Washington Arch Support Shoes possess that dainty grace, desired by well dressed women plus a delightfully refreshing feel of ease and comfort to the feet. Slender, graceful lines emphasize their smart style. Foot troubles vanish when you wear them. We are presenting the latest models. Come and see them.

WHY GRUMBLE?

Before the 1926 cotton crop was planted every financier, every cotton expert, every manufacturer, every newspaper, urged a reduction of cotton acreage, because they foresaw what would take place if anything like a good crop was raised. Those predictions have come true. Who, then, is to blame for the low price now prevalent?

Instead of paying any attention to all the warnings, more acreage was planted to cotton than ever before. Nearly eighteen million bales is the result, and the crop was not much better than fifty per cent normal. A normal crop all over the South would have meant about thirty million bales. The strange part about the whole thing is the fact that the day after the government report of nearly eighteen million bales came out, cotton was a little higher than before. The wonder is that it didn't drop below ten cents, which such a crop would suggest.

An overproduction of cotton, naturally means a low price. Then to start in 1927 to planting as much or more acreage to cotton as was planted in 1926, when there is such an over supply on hand, would be sheer folly. But it will more than likely be done, if one is to judge by the action taken this year.

Taking all these things into consideration, why should any one grumble and growl because the price of cotton is not so good as last year? Why not take our medicine like a man, and get busy saving what has been made? Then, next year, try to improve conditions in other ways. The Democrat stated last spring more than once that a one crop system would bankrupt any individual or county, if followed very long.

Instead of grumbling let's see if there isn't something to be thankful for in Hall county. There is at least a seventy-thousand bale crop of cotton already made and practically all open—the most beautiful sight ever seen. This crop is worth at least four million dollars. Then there is plenty of feed in the county to run the whole county another year. Some have plenty of meat and canned foods to run them next year. Some have cows and chickens which are furnishing the table and buying the clothing. Taken all in all, if the four million dollar cotton crop is picked and marketed, even at the low price, it will put that much money in circulation in the county, and would keep everything going and prosperous.

With such conditions, wouldn't the Good Lord think more of his people if they would be thankful instead of dissatisfied and growling?

Let's all get busy and make the best of things, each man doing his part and smiling as he works, then next year do a little less one-crop business and more of a diversified business.

THE OUTLOOK FOR COMPETITION IN COTTON GROWING

(A. & M. Bulletin)

The United States of North America has been, since 1793 when the cotton gin was invented, in the lead of all other countries in cotton production and with diligence may hold this lead indefinitely, notwithstanding the fact that there are influences at work in promotion of cotton production in other countries having soils and climate fully as well adapted to cotton growing as our own; but American cotton growers cannot afford to ignore the possibilities of competition and should proceed intelligently so as to produce neither so little cotton as to impoverish not only themselves, but the growers of every land, and above all, if American supremacy is to be maintained, our cotton must be produced efficiently. This is perhaps a stern view of the outlook for cotton production in the United States, but it is nevertheless heartening when considered in the light of an intimate discussion of the subject by Dr. B. Youngblood, director of the Texas agricultural experiment station in bulletin No. 145 which has just come from the press and is entitled, "The Possibilities of Brazil as a Competitor of the United States in Cotton Growing."

Doctor Youngblood has for sometime been directing his thoughts to the economic phases of the cotton industry and during his visit to Brazil in 1922 he made copious notes upon the geography of that wonderful country and upon the stages of agricultural development and the general possibilities of the population. He reports fully in his bulletin many interesting features which he found in Brazil that have important bearing upon the future of the American Cotton Industry and which cotton producers of the United States will read with profit.

Hear Aaron Sapiro at Childress November 4, 2 p. m.

All together for a bigger and better Hall county.

These days are just what the doctor ordered, and never has the opportunity been so good for crop gathering.

J. B. Burnett: I believe the burn a bale movement to help the cotton price is wrong. Instead of burning a bale, why not hold it, and use the land to grow something else next year?

P. O. Young has about 300 bushels of potatoes which he raised this year. The Democrat force sampled some of these fine yams, and can say for a fact that Hall county can produce potatoes as good as any state in the Union. Just another example of how to raise a living at home instead of buying it with 12 cent cotton.

Next Tuesday is general election day and all citizens should go to the polls and vote. It may not be necessary in order to elect the candidates of your choice, but the representation to conventions, and such like, is based on the number of votes polled by that party in the general election, and not in the primary. As a matter of privilege and public duty, remember the lesson and vote.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms, but harmless to the child. Price 35c. Sold by, Leverett-Williams Drug Co. 15-4c

Turkeys Wanted

Since I have spent most of my time on the farm I realize the farmer is the man who needs all he can get for his products, therefore it will be to your interest to market your Turkeys, Chickens, Eggs, Cream and Beef Hides at the

Farmers Produce

J. H. LEE, Manager Phone 640 Memphis, Texas

SQUEEZED THESE ACRES

Five Hall County farmers who in 1925 planted ten acres each to milo left every third row vacant, and at the time of the first cultivation planted this row to cowpeas. Each plot was cultivated two inches deep every twelve days until the crop was too large for cultivation. These plots made 600 pounds more maize per acre than other milo on the same farms and same type of soil. L. M. Thompson, who helped these men said that the project was closely watched by many farmers and had a very beneficial effect. In the same report Thompson stated that certified seed demonstrations with grain sorghums made 1000 pounds more per acre than land planted with ordinary seed.—Extension Service Farm News.

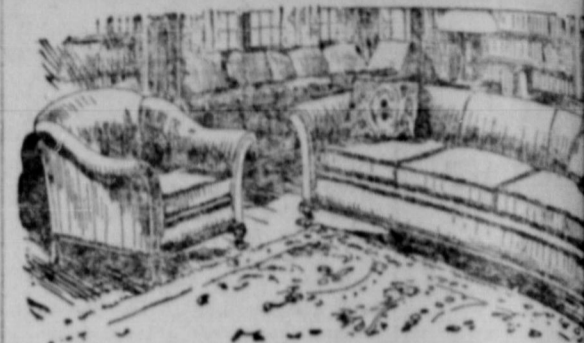

A seventy thousand bale cotton crop in Hall county, with plenty of feed to run the county a year, besides some eatable stuff raised at home, is not to be sneezed at, even if the price of cotton isn't but about 12 cents per pound.

I AM THE MAN! THAT MADE THE PRICE RIGHT!

In view of the fact that the farmer has had a calamity in prices, and the labor in general is up against it, I have decided to bear my part of the burden. In the future my price will be:

- Hair Cuts.....25c Shaves.....25c Tonic.....25c Massage.....25c Mange Cure.....50c Olive Oil Shampo.....50c BOB'S BARBER SHOP BOB HOWELL, Prop.

The Memphis Democrat issued a special edition on Tuesday, October 12, in honor of the opening of the new Memphis Hotel. Twelve pages of advertising and feature stories were used to celebrate the opening. J. Claude Wells did himself proud on this paper.—Wheeler News Review.

### Brice Breezes

Rev. Walden, the Methodist pastor, preached his farewell sermon Sunday night.

Miss Poole spent last week end at her home in Hedley. Miss Hutto was her guest.

Miss Anthony spent last week end at her home in Memphis.

The Literary Societies have named Number 1 the Wauaks and Number 2 the P. A. W.'s. The "paws" will entertain the Wauaks with a program in the auditorium Friday afternoon.

Miss Jewel Pittman who attends Clarendon high school spent the week end with her parents here.

Mr. and Mrs. D. P. Ausband are the proud parents of a baby girl born Tuesday Oct. 18.

A large crowd attended the pie supper Saturday night and the proceeds were large. A bar of tar soap brought \$5.00 and was voted to Mr. Smallwood for being the "laziest" man present. Mr. N. A. Hightower was a close second in the race.

Mrs. E. W. Eunsey and Mrs. Z. L. Pittman went shopping in Clarendon Monday.

Mr. L. A. Hatley was in Memphis on business Saturday.

Mr. and Mrs. J. W. Hatley and Mr. and Mrs. S. A. Hatley visited sick relatives in Amarillo Sunday.

Mrs. J. H. Gillespie's brother of Texarkana is visiting her now.

Everybody who came to the Methodist church to singing in the afternoon and League and church in the evening spent a very profitable Sunday.

There will be a Hallowe'en festival in the auditorium Saturday evening at 7:30. Everybody invited to come and bring your dimes.

### Webster Warblings

The farmers of this community are all very busy gathering their crops. Hands are very scarce at the present.

People of Webster community are talking up closing the school for a month on account of cotton picking. Most of the children are needed to pick cotton.

Rev. M. E. Hawkins filled his regular appointment at Webster Sunday afternoon at 3 p. m. A very good crowd attended. Preaching services at Webster every 2 and 4 Sunday, everybody invited to come.

Grandma Creager of Memphis is spending the week end at the home of Joho Creager.

If nothing prevents, the road hands will complete the Johnmans bridge this week.

T. A. Scroggins visited at the home of J. H. Scoggin Sunday afternoon.

James Skimmer, who is very ill with typhoid fever, seemed to be resting better Tuesday morning.

### Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below.

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 126 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

## CARDUI

For Female Troubles

The following ladies are attending the Grand Chapter Meeting of the Eastern Star, which convenes in Houston this week: Mrs. Chas. Webster, Mrs. R. H. Wherry, Mrs. F. A. Spenser. Also Mrs. Ollie Davidson, who represents the Estelline Chapter.

### PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. THE MAN'S STORE

MEMPHIS FOOTBALL FANS  
PLAYED BY NEWSPAPERS

(Continued from page one)

play the Junior College team in Wichita Falls on Tuesday, November 16. This game will be more of a scrimmage than a game. The Junior College team takes on the John Tarlton lads on Friday, November 19, while the Bobcats will engage Memphis on the same day. Both teams are anxious for a good workout and in this game the Junior College is expected to play exactly the overhead work done by the Memphis team.

While nothing has been said in an official way yet it is declared there are two ineligible on the Memphis team. It is expected that Supt. Roger A. Burgess of the

Childress schools will be prepared to look after the Bobcats' interests along this line.

It is expected 5,000 people will witness the Bobcat-Cyclone tangle here.—Childress Index.

Indians Bruised

Aside from a plentitude of bruises the Indian squad came out of the Memphis melee in good condition. The Redskins report the battle with the Panhandle huskies the roughest mix-up yet encountered. Sideline fights, fans surging on the field three times to attack Indian players when the latter had made dangerous gains, at the end of the game a hurried exit from the field under a shower of rocks and challenges to do personal battle when the Tribesmen mounted the homeward train—all these were

included in this adventurous journey. According to the players, Memphis fans seemed to labor under the illusion that they were dealing with an old and experienced college bunch that same with the intention of doing up their high school lads instead of realizing the fact that this junior college aggregation in reality was a lighter, a less experienced and a not much older aggregation than their own high school outfit.—Wichita Record News.

**MRS. CROSS HONORED AT PARTY THURSDAY**

A bridge party honoring Mrs. Hugh Cross of Jerseyville, Illinois, guest of Mrs. H. E. Tarver of this place, was given at the home of Mrs. S. S. Montgomery, with Mrs. Allen Grundy and Mrs. T. E. Noel hostesses, on Thursday afternoon. Five tables were arranged, and after an enjoyable afternoon was spent at bridge a delicious salad course was served to the following: Mesdames Hugh Cross of Jerseyville, Ill., Jet Fore, R. S. Greene, D. L. C. Kinard, W. B. Quigley, H. E. Tarver, Scott Peddy, T. E. Deaver, J. M. Deaver, C. A. Powell, J. E. Bass, Sam West, Raynes West, Pete Clower, Chas. Kinslow, Vernon Jones, S. A. Bryant, Miss Nookie Arnold, Mrs. D. M. Foster, of Canyon, and Mrs. Eli Johnston of Amarillo.

**W. M. S. HOLDS CELEBRATION**

It has been most fittingly said that memorials are needed to fasten events in the memory and keep their significance vivid and vital through the years. An anniversary program in keeping with these thoughts was given Monday afternoon when the W. M. S. met at the home of Mrs. Jim McMurry to celebrate the Tenth Anniversary of the Margaret Fund.

Mrs. Sam Foxhall had charge of the program. Mrs. Sigler conducted the devotional. A beautiful white cake attractively decorated with pink candles and 18 pink and white streamers with names of states sponsoring this work, was a pleasing feature of the occasion.

There are ten Margaret Fund graduates in active service now on the foreign field. This fund was made possible by Mrs. Frank Chambers who made the initial gift in 1905. \$73,245 have been given during the ten years to scholarships.

During the social hour lovely refreshments were served by the hostesses, Mesdames McMurry, T. L. Lewis, and E. T. Miller. Also all were invited to partake of the birthday cake.

**GENTLEMEN'S EVENING PRISCILLA CLUB**

The ladies of the Priscilla Club entertained their husbands with a 42 party on Friday evening, Oct. 22, at the home of Mrs. Will Kesterson, with Mrs. Kesterson and Mrs. Seth Pallmeyer hostesses. Nine tables were arranged, and after an enjoyable evening was spent at 42, a delicious two-course luncheon was served to the club members, their husbands and the following guests: Mr. and Mrs. Raymond Ballew, Mr. and Mrs. D. L. C. Kinard, Mr. and Mrs. J. G. Gardner, Mrs. M. McNeely, Mrs. Fred Clark, Mr. and Mrs. L. L. Offield, Mr. Fred Wilson, Miss Frankie Allison and Miss Elizabeth Bryant.

**U. D. C. MEETS WITH MRS. GEORGE SEXAUER**

The U. D. C. had a most enjoyable day in the home of Mrs. Geo. Sexauer Friday, October 22, Mesdames Wheat and Sexauer being hostesses. The Chapter met at the home of the president at 10 o'clock and with well filled cars and eager anticipation of the day's pleasure set forth. On arrival the first thing that greeted our eyes were the rose bushes laden with exquisite roses of several different colors. When we entered the home we found these flowers tastily arranged in every room and their beauty and fragrance delighted everyone.

Mrs. Sexauer soon announced the splendid meal she had prepared, and added to this were the different dishes each member wanted to bring, so, a veritable feast was spread and served in an informal way.

When this was over all the dignity and gravity of grown-ups was laid aside and practical jokes and various forms of merry-making were indulged in until the president called the Chapter to order.

After a short business session the following program was rendered:

Roll Call—What have I done to give the South her rightful place in History?

Round Table Talk—Some famous rides made by the girls of the sixties, leader, Mrs. Wainley.

Music—Mrs. Baskerville.

Reading—Mrs. Sexauer.

Song—Chapter.

We were glad to welcome Mrs. H. W. Kuhn and Mrs. J. H. Norman as new members and glad to have had Mesdames Anthony and Lee Madden as guests.

E. H. Crews of Brice was a Memphis visitor Thursday. Mrs. Crews, who has been visiting her daughter in California will return to Memphis Thursday.

**FIDELIS CLASS MEETS TUESDAY EVENING**

The Fidelis class of the First Baptist Church met in business session on Tuesday evening, Oct. 26, at the home of the teacher, Mrs. Vernon Jones. There were twelve members of the class present. The following officers were elected for the coming year: Miss Esther McElreath, president; Miss Lois Harrell, vice-president; Mrs. O. N. Hamilton, secretary; Miss Mildred Harrell, chairman of the Membership committee. Other matters relative to the class organization were taken up and discussed. After business was disposed of Mrs. Jones served a delicious salad course, and the girls enjoyed a social hour.

**BUSINESS GIRLS CLUB**

The Girls Business club met at its regular time Friday evening, October 22, at the home of Mrs. Roy Guthrie, with 25 members present. A short business meeting ensued after which each member answered roll call by quoting a stanza of some poem by Edgar A. Guest. Then a very interesting program was rendered on this noted author. Mildred Harrell gave a detailed account of Guest's life and Lena Melear told the club of Guest's religion and creed. Miss Estelle Dennis was unanimously voted into the club, and all the girls were exceedingly glad to welcome her. Mrs. Guthrie served fruit and candy. The club adjourned to meet again the second Friday in November.

Amerada, Texas A NEW CITY IS FOUND-ED TO GROW because of an assured future. Lots are selling—building to progress rapidly. Five miles south of Pampa—in the HEART of OIL ACTIVITY. Now here's an OPPORTUNITY to grow with the Panhandle. Right in the heart of the famous Gray County Oil Field, in Section 86, a townsite has been opened because of an impressive need—a need for a distributing center. To go into lengthy details of the promise of a prosperous future is unnecessary because of the obvious fact that the Gray County Oil Field is the only field in the Panhandle producing from a true oil sand.

Amerada Is so situated that the business man can shake hands with the driller, tool dresser and roustabouts of 150 drilling wells—in a field free from poisonous sulphur gas. To get a comprehensive idea of "what it is all about" and the fundamental necessity for the founding of AMERADA one must visualize this great OIL center in the territory in which the nation's outstanding economists have pronounced as the WORLD'S GREATEST OIL FIELD—the PANHANDLE. The Magnolia Humble, Gulf, Pure and several smaller oil companies have forty to fifty wells due to come in in the next fifteen or twenty days. For complete information write L. J. STARKEY MEMPHIS, TEXAS Phone 3378J Phillis Williams & ASSOCIATES 1619 Pierce Street Amarillo, Texas

Perfection Oil Cook Stoves and Ovens

In the Kitchen with 6 Famous Cooks

FIVE WAYS TO PREPARE CHICKEN

These Are Favorite Recipes of Four Famous Cooks

(Editor's Note: This is one of a series of unusual cooking articles contributed to this paper by six famous cooks.)

Chicken is a universal favorite. Very few folks can find it in their hearts to refuse a second helping of this appetizing fowl. Four famous cooks give tempting recipes for cooking it—fricasse, fried, broiled, stewed, and soup. There's variety enough for everyone!

Mrs. Sarah Tyson Rorer, the Philadelphia cooking expert, has a recipe for a delicious chicken corn soup. "This is an excellent dish," she says. "With a salad, coffee, and a bit of ripe cheese it makes a wholesome meal."

MRS. SARAH TYSON RORER

Chicken Corn Soup Her directions follow: Singe, draw, and cut up as for stewing a two year old hen. Put in a kettle, and cover with three quarts of cold water. Bring to a boil and cook until tender—about two hours.

Remove chicken, skim the broth, and put it back on the burner. Add two medium sized onions chopped, a teaspoon of salt, dash of pepper, and a box of noodles. Add one pint of canned or fresh cut-off corn. Cover and cook 10 minutes. Add the chicken cut into small pieces. When hot, serve. If too thick, add milk to thin.

Delicious Fricassee

For chicken fricasse, made according to the recipe of Mrs. Katie B. Vaughn, Los Angeles cooking expert, select a young chicken, weighing about 2 1/2 pounds. Season pieces of chicken with salt and pepper, dredge with flour, and fry in hot fat until brown. Place in casserole, add water and cook in hot oven, 225 degrees F. for one hour. Keep the cover on the casserole.

As They Cook It "Out West" Pacific Coast fried chicken is delicious. You have the word of Mrs. Belle DeGraf for that. Mrs. DeGraf is a domestic science counselor in San Francisco.

For this dish cut one medium sized young chicken as for fricasse. Sprinkle each piece with salt and pepper and dredge with flour. Heat four tablespoons butter or chicken fat in frying pan. Fry chicken until well browned. Cover with hot water. Add one tablespoon minced onion and cook until the chicken is tender, about a hour. When chicken is done remove to serving plate. If any liquid remains in pan, drain off in cup.

Put 2 tablespoons of butter in the pan. Add 2 tablespoons of flour. Mix until smooth, then add 1 cup of thin cream, or cream and liquid left to make a low Stir until creamy. Then add one tablespoon finely shredded green pepper, and 1/4 teaspoon salt. Simmer a few minutes, then pour around, not over the chicken.

To prepare the green pepper pour boiling water over it and let stand 10 minutes. Shred with scissors.

Two Southern Methods

Miss Rosa Michaelis, New Orleans domestic science specialist, comes from the south, where chicken is one of the most popular dishes. She gives two southern ways of preparing it.

For southern broiled chicken, she says, select a very young chicken, clean, singe, and split it down the back. It will almost lie flat. Season with salt and pepper, and brush melted butter all over it. Have a broiler ready over a moderate fire. Place chicken in it, and let it broil slowly for a half hour or a little longer if the chicken is not so tender.

Turn the chicken once in a while to brown both sides. When done, place on heated platter which has been garnished with sprigs of parsley or lettuce leaves. Pour melted butter over chicken, and serve hot.

With Brown Sauce Chicken prepared with brown sauce is good served with rice. Miss Michaelis says. Here are the ingredients:

- 1 chicken
2 tablespoons lard
1 sprig each of thyme, parsley, and bay leaf
1 onion
2 tablespoons flour, salt and pepper to taste

Clean and cut chicken in small pieces. Season well with salt and pepper. Chop onion fine. Put lard into deep pot. When hot add onion and let brown. Add flour, and stir brown, and add chicken. Let simmer a few minutes with thyme, parsley, and bay leaf chopped fine. Stir often. When all is nicely brown, add 1/2 pint boiling water. Stir until it begins to boil. If necessary, add more salt and pepper. Cover and let simmer until tender (about an hour). The gizzard, liver, and heart may be cooked with sauce, and served with boiling rice. No matter if the chicken is old or young, you can make it taste good if you choose one of these recipes. (Be sure to read this interesting cooking article on this page next week.)

New Toaster It really pays to invest in a good toaster which lasts a life-time. Many hardware stores are displaying a new blue glazed toaster. It makes four evenly browned slices of toast at a time. It does not warp. Very handy too for crisping over-cool. It can be used with equally good results on oil wood, coal, or gas stoves.

PERFECTION Oil Cook Stoves! Come in and see why a Perfection Stove means better cooking and greater convenience in doing it. Two, Three and Four Burner Sizes. King Furniture & Undertaking Co.

### VACATION AND PLEASURES

By T. R. GARRETT

(1) Wonderful Royal Gorge  
(2) Dropping Pebble Half Mile  
(3) Colorado Truck Farm

Leaving Colorado Springs we motored to Canyon City and decided to take a sky line drive and look down into the Royal Gorge. The tourist on the train travels at the bottom of the Gorge and looks up to see daylight. This Gorge is a wonderful example showing how the forces of Nature can wear away the solid rock by the use of wind, water and changes of ice and heat. The water had cut a channel deep and narrow through the mountain, so that the melting snow finds its way to the ocean. In some parts of the Gorge the train and the Arkansas river occupy the same space between the mighty walls, the railroad being built over the river which is compressed between walls about 50 feet wide at the bottom and more than half a mile high. About nine miles from Canyon City there is a cliff jutting out into the Gorge and the visitors can walk to its edge and looking down the dizzy depths can drop a pebble on the train passing half a mile below his feet. After eating lunch here we journeyed toward Salida where we expected to stay for the night and enjoy a fresh fish feast. Arriving in Salida, we went to the Camp Park, which is on the bank of the Arkansas river among shade trees, and arranged for a cottage for the night. After removing the dust of travel, we occupied seats around a table in the Commercial Cafe where we feasted on fresh mountain trout and vegetables. The next day we prepared to cross the back bone of the Rock Mountains through Monarch Pass at an elevation of 11,200 feet, as is indicated by the U. S. Government sign board. The road was firm, in some places, providing views of magnificent distances, and enough timber to warm the homes of our poor people in America. Speaking of Canyon City, it is recorded in the Gov. Weather Bureau, that this city has more sunshiny days than any other section of Colorado. There are some splendid irrigated districts in this part of the State on both sides of the Continental Divide. The seed houses buy great quantities of melon seed, squash seed and other varieties here. Penrose is the center of seed sowing farms. One man produced \$762 worth of squash seed on eight acres. Another sold \$538 worth of cantaloupe seed on two acres. One farmer with six turkey hens averaged \$375 a year selling their increase. With 60 Rhode Island pullets, one man raised 250 chickens and sold \$100 worth of eggs.
