year, just prior to the Christmas holidays, the world's newspaper, The New York Times, has selected the ten most beautiful girls in Gotham. Thousands of girls receive yuletide cheer through the medium of this newspaper, but the ten most needy cases always stand out. Abject poverty, the hand of death, the peril of disease, the utter forlornness, the pitome of misery and distress focus the attention of a city that does have a heart on those lonely individuals, lost in the mazes of a great metropolis, but found by a generous people who respond with a willing hand and an open purse.

The great, the elect among men and women—writers, artists, sculptors, musicians, business men, business women, alike with their rank and file, give of their means in a great cause. Cartoons and drawings that would command a big price ordinarily are published in The New York Times, donated by talented artists as their contribution. Names that have for made bright the Broadway sky give beneficent performance for the needy. The heart of a great city warms at Christmas to the unfortunates among them.

It is impossible to reach them all, of course. Every city, and hamlet has its quota of down-and-outers and in a city like New York, teeming with its millions, the task of reaching even a small part of those in need is indeed a gigantic one. Every Christmas, there is a fir tree in Times Square, ablaze with lights and tinsel. I have watched half-clothed little gamins staring at that tree, uncouth newsboys watching the colored lights as they flickered on and off. There were no presents on the tree—merely a symbol of Christmas cheer and spirit.

I have seen this fir tree covered with a web of down heavily with snow of lights when even Broadway was comparatively quiet—when only a few of the many thousands who generally make this street team with life and activity were brave enough to venture out in the cold. The cross-roads of the world—42nd Street and Broadway—took on a new aspect in this quietness, but still the newsies plied their trade and still the old men and women would ask a peddler for a cup of coffee and a roll.

New York is far removed from Memphis, or perhaps, it were better to say, Memphis is far removed from New York, but our problems are alike, in greater or lesser degree. Time and time again, Memphis has shown a disposition to help those who can help themselves. I know such to be true this year. If kindness, if consideration, if mercy ever justified their full meaning, it is now. We can all do something for the other fellow, for the little folks, for those less able to face life's problems than ourselves.

Before long, Christmas trees will find their way into many Memphis homes. Colored lights, red bells at the window, holly wreaths will bear testimony that the yuletide season is at hand. The greatest Christmas the world has ever known came more than nine hundred years ago. Hid away in the hills of Bethlehem, in Judea, in a lowly manger, Christ was born—the first and the only lasting Christmas gift to a care-worn world. God gave his son for us and since that evening under Judean stars, the most satisfying of Christmases have been those in which something fine, (Continued on page 6)

Odd Fellows Plan Home-Coming Meet

Odd Fellows lodges of Hall County, together with those at Childress, Wellington, Clarendon and Quitaque will have a home-coming meeting here on next Tuesday evening at the L. O. O. F. hall. Principal speakers on the program will be Ray Rector of Stanford, grand master of Texas and E. T. Vestal, of Dallas, grand secretary. A large number of visitors are expected to attend.

At a meeting of the lodge here last Tuesday night, the following officers were elected for the ensuing year: M. L. Todd, noble grand; J. T. Whitten, vice-grand; W. A. McIntosh, secretary; J. T. Kincaid, treasurer and J. M. McKelvey, trustee. J. A. Adcock was chosen representative and J. W. Johnson, alternate, to the meeting of the grand lodge which will be held in Fort Worth next March.

Santa Claus Will Come To Memphis In Big Aeroplane

Cheer up, everybody! In a radiogram received by The Democrat from Santa Claus, he asks that we inform the boys and girls and grownups, too, that he will arrive in Memphis on Saturday, December 13. And guess how he is coming? By aeroplane. Santa Claus, in person, will fly over Memphis about eleven o'clock on Saturday morning, December 13. He will have on that famous red suit of his that is known all over the world and those equally famous whiskers. He will wave at everybody as he flies over the business district.

Go to Landing Field
His pilot will then take Santa to the landing field and there will

be a reception committee there to welcome him. Santa will then get in an automobile and be brought to town. There will be dozens and dozens of cars at the landing field to see good old St. Nick and those who want to see him come down out of the sky had better be there on time—shortly after 11 o'clock.

Will Visit Stores
Santa will be brought to town between 11 and 12 o'clock and will be turned loose to do whatever he chooses. He will visit practically all of the stores in the business district and personally wants to shake the hand of every boy and girl who has had faith in him—no matter how old or how

JUNIOR COLLEGE LETTERS THREE LOCAL BOYS

Two Make First Team And One Awarded A Reserve Letter

Three former Cyclone players, now members of the Amarillo Junior College Badgers, will receive their football letters this year, according to word received from Amarillo this week. These men are Clarence Jackson, Billy Johnson and Claude Benton Harrison.

Played Pivot Position
Clarence played the pivot position for the Badgers, and although he was coming out against a veteran player on the Amarillo squad, he saw much action during the season. Claude Benton was on one of the wing positions throughout the season. Due to his speed, height and fighting spirit, he saw action during most of the hardest contests. Billy Johnson was hindered a great deal in his fight to make a regular guard by his light weight, but nevertheless he came through the season and won a reserve letter over much hard competition. (Continued on page 6)

Many Letters Being Received Daily For Santa Claus To Read

Since the announcement was made in The Democrat last week insisting that children write letters to Santa Claus in care of this newspaper, many letters have been received. They are coming in in every mail. Children from all sections of the county are writing to Santa Claus, letting him know just exactly what they desire for Christmas and telling him what kind of children they have been during the year that is fast drawing to a close.

All of these letters will be published in the Christmas edition of The Democrat and if any are received after that date, they will be published in time for Santa Claus to know just what to bring and in what quantity.

Triplets Arrive Wednesday Morning In Home of Mr. and Mrs. W. F. Sitton

There are now more boys in the Sitton household than formerly—considerably more boys—as triplets were born to Mr. and Mrs. W. F. Sitton at the family residence here shortly after two o'clock Wednesday morning. The mother and babies are doing nicely and W. F. Sitton is all smiles. He stated that his wife had had

Public Requested To Start Early On Yuletide Shopping

A second warning to the public to do Christmas shopping early, write plainly and wrap packages securely, has been issued by Postmaster W. M. Owens. If this practice were followed each year, little delay would be experienced in getting the Christmas mail out on time without confusion or congestion, he pointed out. The post office is willing to accept Christmas cards now to be sent through the mail just in time to reach their destination by Christmas. If local people will follow the practice of getting their cards in the post office this early, it will greatly facilitate the handling of the mail.

Will Give Holiday
It is the plan of the Post Office Department at Washington to give every employee a holiday on Christmas this year, and in order to make this possible, the public is asked to cooperate. Packages going long distances should be strongly wrapped and tied to insure safe delivery. If in doubt as to the amount of postage necessary to carry a small package or heavy letter, it will save considerable time to inquire at the window. This will obviate delays which might otherwise occur.

Urge Early Shopping
Merchants are also desirous that people start their Christmas shopping early and not wait until a day or two before Christmas and then make a mad rush to get last minute purchases. Christmas goods are now being displayed and if people will act without delay, they will have a large selection to (Continued on page 6)

MRS. SARAH ELIZABETH STARNES DIES MONDAY

Mrs. Sarah Elizabeth Starnes, aged 94 years, 9 months and 19 days, died Monday, December 1, at the home of her daughter, Mrs. I. E. McDaniel at Plaska. Funeral services were conducted from the Methodist church at Plaska Tuesday afternoon at 2:30 o'clock, conducted by the Methodist pastor. Interment took place in Fairview cemetery. Mrs. Starnes was born in Missouri on February 12, 1836.

Christmas Spirit Is Theme Of Talk At Rotary Tuesday

Rev. E. T. Miller, pastor of the First Baptist church, delivered a timely address on the "Meaning of the Christmas Spirit" at the weekly meeting of the Rotary Club Tuesday at noon. The speaker launched into his subject by giving examples of what it means to become imbued with the Christmas spirit. He cited an instance which occurred during one of his early pastorates when a wealthy man caught the spirit of Christmas and opened his purse to the needy folk of the town. He stated that the spirit of good will, good cheer, of gladness joy is only realized when it is shared with others.

Cited Material Blessings
He cited a few of the material blessings of Memphians and stated that all of us are indebted to the Christmas spirit for the good things we are enjoying today. He mentioned the "Empty Stocking Crusade" as one of the potent forces at work in the community to bring Christmas cheer to Memphis this year. This organization, he pointed out, will accept contributions so that those who would otherwise be without Christmas cheer will be remembered at the yuletide season. Thos. E. Noel, cashier of the First National Bank, is treasurer of the fund, and it will be expended by a committee of five women. The movement is entirely non-sectarian and all needy children will be remembered regardless of family ties and circumstances. He told the Rotarians that he knew of no better way in which to really do something worth while than to make contributions to the "Empty Stocking Crusade."

Two Mediums Evolved
There are two mediums, Rev. Miller stated, of bringing good cheer to Memphis. One, through the work of the "Empty Stocking Crusade" and the other through the instrumentality of the Community Chest. He said that the latter way would give cheer throughout the year as well as during the holiday season. He announced a novel way of securing funds for the community chest, saying the idea had been suggested to him by Wiley Orr, who had heard it announced over the radio as the way in which Chicago goes about helping her needy. The plan is simple. It is suggested that every working man and woman give just one day's wages to the cause, or in the case of the employer, for him to give of the revenue that would accrue to himself during normal times. This method he stated, would not be burdensome and he believes it will prove to be effective. It was the consensus of opinion among Rotarians that both plans were good ones and should receive earnest consideration by Memphis people.

Has Two-Fold Purpose
The meeting here has a two-fold purpose, Mr. Read said. Besides laying plans for the park project (Continued on page 6)

Senior Class Of '29 Plans Reunion Here During Xmas Season

A reunion of the Senior Class of 1929 of the Memphis High School is being planned during the Christmas holidays by Edwin Todd, who was president of the class. He stated that a number had suggested to him that a reunion be held and he is at work now making plans for a banquet which will be held in the private dining room of the Memphis Hotel, on Friday evening, December 26, beginning at 7:30 o'clock. All '29 class members are urged to attend.

With but a few exceptions it is believed that the entire personnel of the class will be in Memphis for the holidays. Those who have not already made their reservations for the banquet are asked to do so immediately.

BOURLAND WILL CAPTAIN TEAM NEXT SEASON

Blanket Is Awarded To Albert Pearson As Best Blocker

Twenty-one of the thirty-three boys coming out for football this year were awarded letters by Coach Nolan Walter, immediately following the chapel program at the high school Wednesday morning. Coach Walter told the letter men it would be necessary for each of them to pass his work at midterm in order to be eligible to receive the sweaters. Gold footballs will also be given the letter men, the necessary funds having already been raised.

Bourland Named Captain
Curtis Bourland, outstanding center, was elected captain of the 1931 squad and Albert Pearson, able quarterback, received the award of a blanket for being the best blocker on the team this season. The coach made a short talk in which he told the players of the pleasure he had in working with them this year and complimented the team, as a whole, for the fine spirit demonstrated and for realizing a really successful year of play. Short talks were made by Curtis Bourland and Albert Pearson, each expressing appreciation for the honors that had been bestowed upon them.

21 Letter Men
The men who were awarded letters are as follows: ends, J. D. Jackson, J. W. West, Buster Leslie; tackles, Tug Sanders, Garold Kunkler, Regnal Greenhaw, John Smith; centers, Curtis Bourland and Blanton Bagwell; guards, Ezell Champion, Weldon Dial, Gayle Greene, B. F. Shepherd, Jr.; quarterbacks, Albert Pearson, Charles Flanery; fullbacks, James Hammond, Carl McLeer; half backs, Barton Durrett, George May, Frank Jarvis and Cecil Stargel.

Selection Is Popular
The selection of Curtis Bourland to captain the team next year seemed to be a popular choice. When Coach Walter announced after the balloting that Curtis had been elected, his statement was greeted by prolonged applause. In a short talk Curtis told his team-mates that he was hopeful that he could make them as good a captain as James Hammond did this year.

Makes Staunch Friends
Coach Walter asked those who would not be back another year to stand. He told the boys that about the biggest thing that football does is to make staunch friends. Whenever a person needs a real friend in after life, he always feels free to call on the players with whom he has played in high school and college, he said. He stated that life should continue to get better for all the boys. If those who played football in high school enjoyed the game, then they should enjoy even more their college days and life as it is lived outside the classroom, he pointed out.

Last Meeting Wednesday
The meeting Wednesday morning is probably the last Coach Walter will call. Interest is now centering in basketball. It was interesting to watch the expressions on the faces of the twenty-one letter men at this last meeting of the year. They felt the (Continued on page 6)

Large Crowd Sees Well Known 'Sunup'
A large and appreciative audience saw "Sunup," as presented by a cast of five Columbian Artists in the senior high school auditorium Wednesday evening, beginning at 7:30 o'clock. The play was all that had been said of it and more. It was a thrilling production throughout, and E. R. Meikner, the director, should be complimented on the fine way in which it was staged.

Executive Board Of F. M. S. Has Luncheon Meeting

The Executive Board of the Federated Missionary society met Monday at 12:30 o'clock in its regular monthly luncheon and business session. The meeting was held in the ladies parlor of the First Presbyterian church. Owing to sickness the hostess, Mrs. T. Kittinger, was absent, and Mrs. Billie Kittinger served in her place. The attractively furnished parlor presented a pleasing scene with vases of chrysanthemums artistically arranged throughout the room. At 1 o'clock all were seated at beautifully appointed tables centered with roses when luncheon, consisting of sandwiches, potato chips, salad, pickles, pie and coffee was served.

At 1:30 the house was called to order by the president, Mrs. C. W. Broome, and the meeting was opened with a song, "Holy Night." Mrs. James Bass then read from Matthew and Luke, basing her theme on the Birth of Christ. Mrs. T. E. Noel called the roll, with all responding with Bible quotations. During the business hour it was voted to have a community Christmas tree.

A letter was read from Mrs. J. Hardin Mallard, expressing her deep appreciation for the lovely lace spread presented her by the Board. Then the nominating committee presented the following names for the ensuing year and all were unanimously elected: Mrs. C. R. Webster, president; Mrs. E. S. Foote, first vice-president; Mrs. Henderson Smith, second vice-president; Mrs. T. E. Noel, third vice-president; Mrs. John Deaver, recording secretary; Mrs. Claud Johnson, corresponding secretary; Mrs. Pete Clower, treasurer; Mrs. R. S. Greene, parliamentarian, and Mrs. Duval Brumley, press reporter.

Christine Allen Society Meets At Church Monday

The Christine Allen Missionary society met Monday evening at the church in Bible study. A very interesting study lesson from "Spiritual Adventuring" by Bertha Conde was given by Mrs. T. C. Delaney.

The following officers were elected at the business meeting: Verna Crump, president; Bird Presler, vice-president; Alice Marie McKelvy, corresponding secretary; Mrs. M. G. Tarver, Treasurer; Vada Crawley, recording secretary; Ira Hammond, superintendent of supplies; Naomi Phillips, assistant superintendent of supplies; Mrs. T. C. Delaney, superintendent of study; Mary Beckum, superintendent of social relations; Ruby Hoffman, superintendent publicity and voice agent; Mildred Beckum, superintendent of local work; Gladys Hammond, superintendent of Voice program. Ida Jones, superintendent of children, and Maidee Thompson, pianist.

Both Methodist Circles Meet At Church On Monday

Meeting for Bible study members of both circles of the Methodist Woman's Missionary society met Monday afternoon at the church. Mrs. E. E. Robinson gave the devotional and led the Bible lesson when the second chapter of

the new study book, "Great Soul's of Prayer," on the topic, Jeremiah the Thinker, was discussed.

A short business session was held and plans were made for the banquet to be given Thursday evening in the basement of the church for the young people.

Members present were: Mesdames C. W. Broome, E. E. Robinson, J. W. Slover, J. P. Montgomery, L. M. Hicks, Ed Lofland, A. C. Hoffman, Floyd McElreath, H. F. Schoolfield, H. W. Kuhn, J. H. Foxhall, W. W. Clower, L. S. Clark and Miss Clara Steinman.

Week Of Prayer Is Observed By Baptist W. M. U.

Dr. M. A. Cheek, returned missionary from China, made the initial address for the W. M. U. Week of Prayer at 11 a. m. at the First Baptist church. A collection was taken for the Christmas Lottie Moon offering. In his talk, Dr. Cheek showed that the W. M. U. of the South, through their Lottie Moon offering, sent joy and confidence to the ends of the earth, when, by the 1928 Christmas offering, they returned forty missionaries to the foreign field, and, by the 1929 offering, they returned sixty. The 1930 Lottie Moon offering will be used to pay the salaries of one hundred missionaries, returned to foreign fields.

Monday, the regular Bible study was held, with Mrs. J. H. Treadwell, teaching the lesson. Tuesday morning Circles 1 and 2 gave a program on missionary work. On Wednesday, the women had charge, and on Thursday, Circles

3 and 4 gave another program on foreign missions.

Don't Forget The Best

W. T. Hightower
I never was much of a hand for fairy stories. But I have often thought of one that I read from my old reader when I was a boy.

Hundreds of years ago a shepherd was tending his flocks among the beautiful hills of Germany. Among the flowers on the hillside he noticed a most beautiful flower. As soon as he had plucked this flower to examine its wonderful beauty he noticed an open door in the hillside nearby. On entering he found a great hall filled with the richest treasures of gold and diamonds. He laid the flower down and filled his pockets and hat with gold and diamonds. He left the cave, although an old fairy was continually urging him "Don't forget the best." As soon as he was outside the door he disappeared and the gold and diamonds turned to leaves. So he discovered that he had forgotten the best by leaving the flower.

When I look over the names of American florists I decide that in one way at least Germany has not forgotten the best.

It Is Stranger Than Fiction

BY DOROTHY B. ROBBINS

I had heard of and seen pictures of the Little Church Around the Corner for many years before it came close enough to really touch my life—then a near relative was married there and since that time very little in which it figures escapes me. It has celebrated its eighty-second anniversary and tribute has been paid to the first rector, the Rev. George H. Houghton, who established the parish of the Transfiguration in 1848.

Dr. Randolph Ray, the present rector, calls the parish a monument of faith, saying it had faith in the best and worst and through eighty two years good and bad alike have found their way to the church.

When the church was established, it stood in an open meadow. Near by were dens of wickedness which were the reason that site was selected for the church. But Dr. Houghton's faith which saw something good in the ugly and had never wavered and the church stands today as a memorial and testimonial to the vigorous work of its founder. Now the church is in the midst of the big city of New York—still the bad and the good attend it and the people who want a simple wedding ceremony. Belief in humanity thinks Dr. Ray is that we are of the heart of God.

John D. Rockefeller gave away many dimes, but I have heard that he now gives nickels. He has a rival in a "Mr. Glad," who stands every day near the corner of Lafayette and Leonard streets in New York city with pockets bulging with buffalo nickels to feed the hungry poor. He is a kindly old gentleman of distinguished bearing.

At first, it was thought by many to be some form of advertising, but as the days have gone by and Mr. Glad and his secretary appear unceremoniously in the wake of two patrol men who make a path in the crowds, a line quickly forms while each extended hand has a nickel dropped into it by the philanthropist. The secretary hands each man a circular which says: "The amount I give you is small, but will get you a cup of coffee or tea and a roll and I am glad to do this because my heart is filled with gratitude." Mr. Glad gives a thousand nickels away every day out of gratitude for having recovered his health and fortune.

Dr. John D. Brook of Kansas City, Missouri, is an aviation enthusiast. On November 15, the doctor made his 365th consecutive daily aeroplane flight. When he landed at the airport, he was acclaimed by a large crowd composed of civic and military officials who recognized and admired his record of a flight a day for a year.

Weather has been no bar to Dr. Brook's flights. Since the first flight, he has shown defiance of the weather man. November 15th was clear at the beginning of his flight but a slight rain was falling when it ended. City Manager McElroy was a passenger in the plane on its half hour flight and an escort was formed by nine army planes from Fort Leavenworth, Kansas.

There are many rich Eskimo families now. They earn \$40,000 a year selling white fox furs and do not feel extravagant when they pay \$300 a ton for coal nor do they feel they are squandering money when they spend large sums jaunting on airplanes or in buying radios. The information found outlet through the Hudson Bay Company's trading vessel, Baychimo, which had spent a season in the Arctic Ocean.

Outsiders are really startled, officers of the ship said, at the mode of life easily won fortunes has created among the Eskimos. Twenty airplanes visiting Herschel Island, lying off the Arctic Ocean, found willing flyers, and expense counted little with them.

Who wants a white seal skin jacket? It will not be an impossibility if the white seals seen in the early fall departing themselves can be reached. They have been sighted but in an inaccessible locality.

The San Diego, California, Zoological Society's expedition made report after returning from Guadalupe Island, off the Mexican coast. They were unable to bring back a specimen of the rare new find and were at the time of discovery, hunting for stragglers of a now very rare species of fur seal—the Townsend, which were at one time in plentiful quantities around Guadalupe. The seal they were searching for was not found, but what has long been

The curtain has fallen on the celebrated Passion Play at Oberammergau, Germany for ten years. Henry Ford attended it this year and presented an automobile to Anton Lang, long famous in the role of Christus in the play. Mr. Ford told Mr. Lang to select any car he liked at Munich.

The 1930 Passion Play drew 283,000 visitors and 50,000 were Americans. Ten more performances were given than in 1922. The receipts were about \$1,200,000—half to cover running expenses, cost of the new theatre and other improvements. The other half will be distributed among the villagers according to the places of importance they took in the play.

Late in September, peace settled down on the tourist-ridden little city and the day after will be a busy one for local barbers—for nearly all the men have long hair and beards which will have to be trimmed. Then there will follow a solemn procession to the Ettal Monastery where the Passion Play originated. It is not very far from Oberammergau.

Norman Hibbard of Bridgton, Maine, was an Infantile Paralysis victim, but his life was saved by an "iron lung" rushed by truck from the Harvard Infantile Paralysis Commission. When Mr. Hibbard reached the hospital, it was reckoned that his time was short—a half hour to live. He could hardly breathe. Then the lung was put to work. By dinner time of that same day (possibly luncheon time in Bridgton) he was pronounced on the road to recovery with normal respiration.

Shower Honors Bride And Misses Long and Wyatt

Honoring Mrs. George Spann, Thanksgiving bride, and Misses Ida Mae Long and Clem Wyatt, Miss Minnie Garrett, assisted by her sister, Mrs. Jack Breland, and Mrs. Fannie Morris, entertained a number of friends Tuesday evening at the home of Mrs. Breland with miscellaneous showers.

After a nut contest, of which Mrs. Vernon Williams was winner, Bettie Jean Milam and Elbert Kittinger, Jr., dressed as bride and groom, entered with a wagon load of gifts bearing the name "Just Married," for the bride. They were followed by Vernon Williams, Jr., and Billie Gene Morris, dressed as fire boys, each with a wagon load of gifts bearing the sign "Fire." On entering they gave a fire signal and delivered a wagon each to Miss Long and Miss Wyatt.

After the many lovely gifts were viewed, refreshments were served to the following: Mesdames Clyde Milam, Billy Kittinger, Vernon Williams, C. D. Denny, B. F. Denny, D. M. Jarrell, O. N. Hamilton, Ray Webster, George Spann,

Lucas Gruney, Hamp Prater and Misses Altha Tom Bridge, Ida Mae Long, Clem Wyatt, Frankie Allison, Molie Harris, Winnie Cassel, Almeda Jarrell, Mary Etta Whitefield and Bettie Jean and Frances Milam, Elbert Kittinger, Jr., Vernon Williams, Jr., Billie Gene Morris and the hostesses.

Mrs. R. S. Greene Is Hostess To 1913 Study Club

At 3:30 Wednesday afternoon, the 1913 Study Club met with Mrs. R. S. Greene. During the business session, the menu for the Christmas tree program was planned. This meeting will be at the home of Mrs. D. L. C. Kinard, December 17. Nineteen members answered to roll call. A Bible Day Program was rendered, the subject of which was "The Drama of Job." Mrs. Frank Fore was leader for the afternoon giving The Prologue. Cycle One was discussed by Mrs. M. McNeely; Cycle Two by Mrs. H. Ballew and Cycle Three by Mrs. G. D. Beard. The Fifth Character and the Epilogue were given by Mrs. T. E. Noel. The leader then conducted a round table discussion which added much to the interest of the program.

The following members were present: Mesdames M. McNeely, T. J. Dunbar, Margaret Morgan-

ATTEND DALLAS MEET

Hollis Boren, manager of the Palace Theatre, and Charlie Meacham, manager of the Gem Theatre, are back from Dallas where they attended a meeting of the Motion Picture Theatre Owners Association there last Monday.

The purpose of the meeting was to formulate plans to fight a bill to be presented in the Legislature in January to levy an additional tax on picture shows and to require local censorship of all pictures before they can be shown.

PLAINVIEW—Wheat and grass pastures are a source of profit that will be relied upon by a number of farmers in this section, who are handling livestock. During last week, eight carloads of sheep were shipped into Plainview and put on pastures near here.

MATADOR—The West Texas Utilities Company started work on the construction of their new office building and sales room Monday. The building will be a 25 by 60 steel and tile structure, with stucco front.

Safe? They Hold THE PIKES PEAK RECORD!

FIRESTONE Gum-Dipped Tires hold all worlds records for safety, endurance and mileage. Chief among these is the Pike's Peak record—the fastest run ever made to the summit of Pike's Peak over the highest automobile road in the world—263 dizzy turns, mile-after-mile of grade steeper than most motorists ever see, and a temperature drop of approximately fifty degrees. A race against time—a race to test the merits of a tire as perhaps no other race could do. But the extra safety, endurance and dependability that is BUILT INTO Firestone Tires by the exclusive Gum-Dipping process carried the winners SAFELY to victory. Why not equip YOUR car with these wonderful tires? Bring it in today and let us show you how we can save you money and serve you better.

some ennobling and unselfish has been done for the other fellow—for our neighbor across the way.

Christmas is always a bright spot for childhood—more so than for those whose daily routine refines much that is fresh and eager from living. We should not disappoint those who have looked forward to this season of good cheer throughout long months of pleasurable anticipation. They should be rewarded for their faith, for their simplicity, for their eagerness. No stocking in Memphis this Christmas should hang empty, and I believe that few, if any, will.

The badgers have one of the strongest Junior college squads in the state, due to the fact that no strict rules govern eligibility of players. They have come through the season with no defeats, being Wayland Junior and S. M. U. Beautiful Drive

In discussing this highway, should it materialize, Mr. Read said it would be one of the most beautiful drives in Texas, and thousands of tourists would drive over it each year. It would have still a greater value in that it would intersect roads from Clarendon, Silverton and Cladde, giving all towns in this section a short cut to the park.

Among those to attend the meeting here will be Phebe K. Warner, of Claude, secretary of the Texas State Park Board, and Clint C. Small, of Wellington, who has showed much interest in the work of the Palo Duro Park Board.

THE DEMOCRAT'S PROGRAM FOR 1930

(Check Mark Indicates Project Has Been Realized)

1. Less selfishness and more selflessness in the business, professional and social life of Memphis and Hall County.
2. The placing of agriculture on a higher plane, with emphasis being put on diversification, live at home movement, and the cow, sow and hen route to contentment and general well being.
3. A better understanding between Memphis and the towns and communities in Hall County.
4. More respect for city ordinances in connection with parking of cars in the downtown district, observance of fire rules and regulations, and keeping the streets of the city in a clean condition.
5. More general cooperation in all movements seeking the betterment of Memphis and Hall County.
6. A municipal auditorium.
7. More paved streets.

A GOOD MAN LEAVES TOWN

"WINDY" Mallard, as he was known to members of the Lions Club, has left town. Memphis has lost a citizen who always did what he thought was right. We have worked with Dr. Mallard in a number of enterprises—on a number of projects. We have found him always willing to do his best—to work hard for any cause he believed would help the community. On the other hand, we have disagreed with Dr. Mallard time and time again, but that has had nothing to do with the cordial relationship which has existed and still exists between this newspaper and the Presbyterian minister.

We do not know as much about the preacher Mallard as the man. While we have heard him preach now and then, it has been in a civic way that we have come to understand him. He has been on the side of righteousness, as he believed, in every undertaking or cause of the moment. He was not afraid to express himself, and fully, concerning every issue that would arise. When he knew his position would be unpopular with some, he nevertheless held his ground and stood by his guns. We appreciate that spirit in him.

Probably Dr. Mallard's greatest contribution to the life of the city was in his handling of the United Charities of Memphis as its president for some two years. This organization placed many demands upon the minister's time. He did not spare himself in investigating cases and in relieving distress wherever it raised its head. He has been criticized like the rest of us, but he did not let this criticism deter him from doing his duty as he saw and understood it. A good man has left Memphis and has taken with him, Mrs. Mallard, who has also contributed much to the local scene during the more than three years of their residence in this city.

THE SPECIAL TRAIN

THERE are special trains and then there is a special train. The latter was the case Thursday of last week when some 170 Memphians journeyed to Dalhart to see the Cyclone and Wolves in action. The equipment furnished by the Denver railroad was entirely adequate. Everything possible was done for the comfort and convenience of those on the train. The equipment was not junk. The coaches were in good condition and were kept that way.

Many have remarked on the orderliness of the crowd. That was, in fact, the truth. Very little rowdiness was evident. This was due in part to the fact that the Denver had a number of representatives on the special to weed out and segregate the rough element who would otherwise have caused trouble, probably. A good schedule was maintained throughout the trip. The officials of the road gave the high school annual the concessions on the train and in general showed that they were trying hard to make the passengers pleased with the service.

WHY HAVE THE SANTA CLAUS LETTERS?

WE have been asked, time and again, why have the Santa Claus letters? It has been pointed out that times are too hard this year for that kind of thing—that we are doing an injustice to the children to ask that they write the patron saint for gifts, impossible to deliver. We take an entirely different view, however. It is quite true that times are "tight," but Christmas always comes, regardless of conditions, and there are always children to look forward to the annual visit of Santa Claus.

If grownups refuse to catch the Christmas spirit this year, it would be a rank injustice to try to dampen the spirits of the children. We want to know what the children actually want. There is a movement on foot in the city at present time, known as the "Empty Stocking Crusade" to try and secure funds with which to permit unfortunate and underprivileged children to enjoy Christmas this year. If people will rally to this cause through the medium of free will offerings, they will more than justify us in our belief that Christmas this year has lost little of its usual significance.

One of the happiest times in the lives of children is in anticipating the coming of Santa Claus. This happiness is accentuated if they are given a medium through which to express their desires and wants. They may even find pleasure in seeing their letters in print. Our big desire this Christmas is to see all the children in Memphis and Hall County pleased and happy and we ask for cooperation from those who would have it thus.

THE PARK BOARD MEETING

AN event of importance in the civic life of Memphis will take place when the Palo Duro Park Board convenes here on December 5. The results of this conference are expected to be far reaching. Memphis, like many of her neighbor cities, is desirous that the vast beauty of the Palo Duro Canyon be perpetuated through the medium of a state park. It is understood that overtures are to be made to the Texas Legislature with this in mind. A playground is needed for this section of the state and the proposed highway would certainly benefit this section.

We hope that local people will extend every courtesy to the Park Board members. They are deserving of it. They are working for our interests. We have something in common to be proud of—the Palo Duro Canyon and it is up to us to capitalize on this beauty in a substantial way. The Legislature may turn a deaf ear, but there will be other Legislatures and other days to present the cause which is a good one and one designed to be successful ultimately. It is our opinion that Memphis is behind the movement wholeheartedly and if such is the case, we can do much to insure the success of the plans now being formulated.

The Delphian Club met in regular meeting Tuesday in the home of Mrs. R. V. West.

At the close of the business session, a very interesting program in music was given as follows: Roll call, "Our Favorite Tune"; "The Anatomy of Jazz," Mrs. J. N. Barnes; "What's the matter With our Music," Mrs. George Greenhaw, and "Opera—The Barber of Seville" by Rossini, Mrs. Jack Boone and Miss Oradel Nuhn.

Miss Imogene King Hostess Wednesday To Culture Club

The Woman's Culture Club met with Miss Imogene King in her home on South Eighth street Wednesday afternoon. "English and American Writers" proved to be an interesting subject for discussion. Roll call was on authors.

Here and There IN SPORTS

The season is over; the Cyclone through for another year. This has been a very successful season for the Twisters. At the beginning of the season, Coach Nolan Walter had very little material, few expected to see the local get very far. Coach Walter worked hard, and as a result, the fastest, smartest team in the district; it won "B" class team in the middle, which is a great honor for the Cyclone mentor.

To get into the District game, the local squad defeated some teams—Clarendon, Turkey and White Deer—that had them far outclassed in manual strength. They did this through speed, fight and, most of all, smartness. The Cyclone played a brand of football that added more color to the game than did any other team. Through smart leadership, they played for the breaks of the game; they were able to take advantage of these breaks.

Now basketball season is coming. Coach Walter is expected to have the same kind of cage team that had on the gridiron—a squad that will take advantage of every break offered them; smart squad with good leadership that will play a colorful game as well as a winning game. The Cyclone expects to find strong county opposition in Lakeview, Turkey, and Estelline. Outside the county, the local basketballers will meet teams like Pampa and Amarillo.

selection from Oliver Wendell Holmes and a review of "The Ring and the Book" was given by Mrs. R. E. Clark.

Dainty refreshments were served to the following club members: Mesdames D. A. Grundy, A. W. Howard, R. E. Clark, D. E. Brumley, George Sexauer, R. L. Madden, E. W. Thomas, J. A. Whaley, J. H. Norman, L. S. Clark and Misses Edna Bryan and Imogene King. The club will meet with Mrs. R. L. Madden on December 17.

GIRL SCOUT NEWS

The Golden Rod Troop of Girl Scouts enjoyed a Thanksgiving party at the home of their First Lieutenant, Maidee Thompson, Wednesday afternoon, November 26. The West Ward Patrol with Jeanette Watson as patrol leader directed an original dramatization of the laws of a Tenderfoot. Those assisting were Ina Sue McIntosh, Ruth Wood, Corinne Boles, Lorene Barton, Maxine Crump and Billy Sigler. A piano duet by Maidee and Helen Ruth Thompson was enjoyed. A patrol from Junior High, directed by Annie Ruth Williams, presented an original playlet, written by Bobby Clark. The characters included Annie Ruth, Bobby, Jackie Lee Boren, Helen Ruth Thompson and Jerry Kinard. The happy afternoon was brought to a close by the serving of pumpkin pie and popcorn. The girls who assisted in the entertaining are receiving credit on their hostess badge.

All troops are planning Christmas parties and Christmas trees, at which time they will remember families in the city and play Santa on Christmas Eve. The girls will again sing Christmas carols to shut-ins and scatter Christmas cheer wherever it is possible.

Mr. and Mrs. Bailey Gilmore and Mrs. Ottie Jones were visitors in Amarillo Tuesday.

of being 20-20 was 19 to 19. . . . In 1925, the cartoonist was right, there was no game scheduled between the two schools. . . . In 1926, the records show that the Bronchos received a 1 to 0 verdict over the Hall county entry, again due to illegibility. . . .

If it is necessary, I can become a Ripley and prove that the 1924 score was 20-20 as the cartoon showed—I'm glad that's settled. In 1925, the Cyclone did not meet Clarendon because those wild Donley County Horses were ineligible. In 1926, the Cyclone was ineligible. These games were considered as forfeits, but There Were No Games Played.

The Southwestern Conference championship goes to Texas. Their win over the Aggies broke a tie in which each team had won seven games and tied one in the last five years. T. C. U.'s victory over the Mustangs was the result of the Christians getting the greatest break of the season. Rain and mud made the Methodists' passing attack useless. "Red" Oliver's 80 yard run for a touchdown for the Frogs on the first kick off of the game was one of the greatest plays seen in the Southwest this year. Baylor ended the season with a very strong team, but next year the Bears will have to start all over again.

The big game of the season will be played Saturday when the Fighting Irish of Notre Dame go up against the boys from Southern California. The Irish have won their eighteenth straight start on the gridiron, but they may never add number 19 to that record. Notre Dame is acclaimed the strongest team in the world, but U. S. C. is stronger.

Quick Relief For Coughing Spells

Famous Prescription Stops Them Almost Instantly

The amazing success of this prescription called Thoxine is due to its quick double action; it immediately soothes the irritation and goes direct to the internal cause not reached by ordinary medicines. The very first swallow usually stops even the most obstinate cough.

Thoxine is pleasant tasting and safe for the whole family. Your money will be refunded if it does not give better and quicker relief for coughs or sore throat than anything you have ever tried. Put up ready for use in 35c, 60c, and \$1 bottles. Sold by Tarver Drug Co.—Adv.

Thirteen Bands To Take Part In Big Christmas Pageant

AMARILLO, Dec. 4.—(Special)—Thirteen bands from cities in the Panhandle of Texas and Eastern New Mexico already are assured the prizes offered at the giant Kris Kringle pageant to be staged here Thursday, December 11, it is announced by Mason King, manager of the trade extension department of the Amarillo Chamber of Commerce, in charge of that phase of the festival.

The spectacle, sponsored by the Amarillo Globe-News, the Chamber of Commerce and the Amarillo merchants, is the greatest Panhandle-wide celebration ever attempted.

Cities which already have given assurance of having their bands in the parade and to participate for the prizes offered are: Hereford, Clovis, Porthall, Tucumcari, Spearman, Perryton, Canadian, Shamrock, Clarendon, Wellington, Canyon, Claude and Groom.

Prizes are offered also for the best floats entered in the parade, which will be headed by Santa Claus himself, riding in a sleigh drawn by real live reindeer, and numerous civic and fraternal organizations already have signified their intentions of entering the competition.

Bringing with him a retinue of more than 50 persons, Santa Claus will arrive in Amarillo early on the morning of December 11 and begin making preparations for the colorful affair in the form of a two-mile parade.

In the parade will be real Alaskan Eskimos, attired in fur clothing as worn by the natives of Alaska; a brass band of sixteen pieces which travels with Santa Claus wherever he goes, and a portrayal of "Mary" Christmas, the wife of Santa Claus, appearing in a fancy sedan-chair carried by costumed chairmen.

There will be representations of Japan, including a Japanese girl riding in a jinricksha drawn by men, appropriately attired in true Japanese style; of Italy, including man and woman in native Italian regalia, one propelling a street pin on wheels while the other operates the instrument; of Holland, including a woman attired in the gay, clean, blue-and-white costume of that country and riding in a two-wheel wooden cart drawn by two live oxen in charge of a man wearing the quaint clothing of the Dutch; of Spain, in the form of an unusual characterization of Queen Isabella gorgeously draped in a dazzling creation of laces; and a colorful, spangled costumed characterization of "Miss America."

Adding even more color to the affair are "The Rainbow," a burst of colors, hues and tinges commensurate with the subject, and "The Peacock," another original characterization in the form of a costume of silks and splendid spangles and with a large tail of feathers opening and closing like a huge fan.

Comely features, including an extraordinary clown appearing in a burlesque mode of transportation; a freakish man on stilts ten feet high, and four clowns with large grotesque heads, and many others, will appear in the pageant.

Fifteen costumed banner bearers will carry banners, one preceding each feature announcing the subject, and others bearing such

Strange Case Of This Man Speaks For Crazy Water

Thought To Be Hopeless Yet He Lived To Tell His Story

Three weeks ago today, I came to the Crazy Water Hotel on a stretcher from the city of Lubbock, Texas, with what the doctors called Typhoid Spine, and they told me that there was no medicine that would cure me. I started drinking Crazy Water and taking the baths, and on the 12th day after arriving, I took to my wheel chair and on the 17th day I started walking on crutches and can now walk without them, so I feel if Crazy Water will do that for me, I cannot say enough for it.

inscriptions as "Love Rules the World" and "Welcome to Our City" will help to explain the spectacle as it passes any given point.

The parade will be held on all of the principal business streets of the city, affording ample opportunity for all Panhandle and Amarillo people to view it.

Mayor Ernest O. Thompson has sent invitations to the mayors and other officials of Panhandle cities urging them and their citizens to attend the pageant, and the mayors will be the guests of Mayor Thompson at a luncheon at the Amarillo Hotel following the parade.

15,000 Demand New Sargon Daily

Vast Growing Army of Sargon Users Marching Single File. Would Encircle Globe in Only Few Years Time

(By Richard L. Simms)

ATLANTA, Ga.—More like a tale from the Arabian Nights of old than a record of modern business achievement reads the story of the marvelous growth and development of Sargon the New Scientific Compound which has become the sensation of the drug trade throughout the United States, Canada and other countries.

The old illustration of the pebble dropped into the pool best describes the phenomenal and unprecedented demand and its fame so rapidly spreading over the entire continent.

Recently compiled figures reveal that approximately 15,000 men and women are marching into drug stores daily for Sargon and Sargon Soft Mass Pills, the marvelous new treatment that is restoring health to countless thousands by new and remarkable methods undreamed of only a few years ago.

Already more than 5,000,000 suffering men and women have put it to the test and have told other millions what it has done for them.

Marching regulation U. S. army fashion—single file—this vast army of Sargon users would reach from New York to San Francisco and at the present rate of sale—would, in a few years time, encircle the entire globe.

The only explanation of the Medical World is Sargon's true worth. Back of its triumph in the drug stores is its triumph in the homes and it is the grateful endorsements of its millions of users that has made it the most widely talked of medicine in the world today.

Sargon is extensively advertised, it is true, but no preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine.

There can be but one possible explanation for Sargon's amazing success and it can be told in one word—MERIT!

Ford Digs Two Mile Tunnel for A Billion Gallons of Water a Day

NEARLY a billion gallons of water a day—more than is used by the cities of Detroit, Philadelphia, Cincinnati and Washington combined—will be the capacity of a huge tunnel now nearing completion at the Rouge Plant of the Ford Motor Company, Dearborn, Michigan.

The tunnel will replace the present water intake system which supplies the Ford plants with 500,000,000 gallons a day. At the same time the company is remodeling its power house to greatly increase the power output. Both improvements, costing several million dollars, are being made to enlarge the production facilities of the Ford plant.

Sixty Feet Under Ground

In constructing the waterway, the largest of its kind ever undertaken by a single business concern, the engineers are burrowing sixty feet under ground for a distance of two and a fifth miles. They have gone under main highways, railroads, street car tracks, bridges, a cemetery and a creek.

One of the most difficult tasks was that of tunneling under Baby Creek at a point which is crossed by a railroad bridge and where also a large sewer is under construction by the city of Detroit. The piles that provide the foundation for the bridge and those driven by the company constructing the sewer formed a network on each side of the creek. It was the task of the Ford engineers to burrow under the creek, sewer and bridge, going between the piles without striking or weakening them.

The head of one of the sections of the Ford tunnel showing the machinery used to burrow through the ground. In the foreground is one of the concrete blocks used to line the tunnel which has an inside diameter of fifteen feet.

Boring of the tunnel is accomplished by means of a shield—a large steel cylinder fourteen feet long and twenty-one feet in outside diameter with a solid steel shell or skin two and a fourth inches thick. This shield has a bulkhead which is made fast near the front end. There are four openings through which the mud streams, like toothpaste from a tube, as the shield is shoved forward by twenty powerful hydraulic jacks.

When the shield has been pushed forward sufficiently concrete blocks two and a half feet wide and five

feet long, each weighing 3,420 pounds, are placed to form a ring around the circumference of the tunnel. One of them acts as a keystone so that the lining of concrete, which is eighteen inches thick, withstands the pressure of the earth. After this steel form is set up and filled with concrete to form a solid inner lining which is also eighteen inches thick.

The present intake system of the Ford plant has a capacity of 500,000,000 gallons a day. The new tunnel will be able to carry 917,500,000 gallons.

Wholesale Grocery Concern Is Robbed

Thieves effected an entrance into the H. O. Wooten Wholesale Grocer Company here sometime Wednesday night and escaped with \$235 worth of cigarettes and cash, according to employees of the company. Although police were notified Thursday morning when the theft was discovered, all traces that the burglars might have left had been wiped away by the rain.

Entrance into the building was effected by taking the screen from a window in the front of the building and then prizing open the window. The safe in the office was opened and \$23.80 in cash was taken. The thieves then broke a glass in the door leading into the storeroom. One hundred and sixty-five cartons of cigarettes were taken. They then left the building through a back door that was easily opened from the inside.

Everything in the building was rearranged as the prowlers had found it. The window was closed and the doors within the building were closed and locked, and no trace was left by the rain that might show how they had approached and left the building.

Let's Chat Awhile

BY DOROTHY B. ROBBINS

I know you are interested in your children, but are you giving them a chance to think for themselves. When Bob comes home tired as can be your mother heart aches and you want to be very tender and soothing. Bob rather resents being treated like a baby before his wife and you retire in a rather hurt frame of mind.

When the family sit in conclave, it is decided that Bob is killing himself and something

must be done, but nothing is. Bob must learn by experience what he can stand and all the advice from different sides of the family will fall on his deaf ears. He has always worked himself to the limit in whatever position he occupied. Nobody knows exactly what to do with a person like that.

He's a worry to his whole family unconsciously. All he is trying to do is finish his day's work satisfactorily to himself. But in finishing his work, he puts so much of his emotional self into it there is nothing left and when he gets

home, he is completely exhausted.

Don't you remember that everybody thought Bob would kill himself when he rented a farm while he was trying to keep a little grocery by the side of the road? Many's the night his wife missed him and investigating found he'd gone down to look the pigs over or the new calves before turning in for the night. Well, she told Bob's folks and they were sure he'd kill himself, but he didn't. He sold out finally and moved to town to please them all.

Sometimes Bob rouses up and asks what it is all about and says

MEMPHIS, HALL COUNTY, TEXAS, FRIDAY, DECEMBER 5, 1930. FIVE CENTS NUMBER 25.

Architect Asks For Survey Of Federal Site Here

CREDIT BODY IN COUNTY OPENS OFFICE HERE

Borrowers Required To Be Recommended By Local Bankers

The Agriculture Credit Corporation of Hall County opened here this morning with temporary offices in the Tax Assessors' office in the county courthouse. Dr. C. Dickey, president of the Hall County National Bank here, is president; Olin Stark, president of the First National Bank of Quitaque, is vice-president; Thos. E. Noel, cashier of the First National Bank of Memphis, secretary, and J. Henderson Smith is manager.

Capitalized at \$50,000

According to Dr. W. C. Dickey, the Corporation has a capital of \$50,000, and is able at any time to rediscunt about \$400,000 with the Federal Intermediate Credit Bank of Houston. Its purpose, as stated by Dr. Dickey, is to loan money to creditable farmers for the production of crops, and to ranch men for the breeding, feeding and marketing of live stock. These men must be recommended by their local bankers before they are eligible to borrow money from the Corporation.

Ten banks are included in this Corporation. They are the Hall County National, Citizens State First National of Memphis; (Continued on page 4)

Basketball Men Will Report To Coach For Practice Next Week

Coach Nolan Walter will call out candidates for the Memphis High basketball team next Monday afternoon, he announced this week. The Coach stated he has plenty of good material this year and he anticipates a successful season. There are seven letter men who will report Monday, of which three were regulars last season, as follows: J. D. Jackson and J. W. West, guards; Cecil Stargel, O. B. Smith, Carl Melear and Regnal Greenhaw, forwards, and John Smith, center.

40 Men Will Report

Giving some of the letter men a hard fight for their places on the squad will be three boys from Lakeview, each of whom lettered in football this year: Barton Durrett, Frank Jarvis and Weldon Dial. Jack Crump, from Oklahoma, is another likely prospect who will report Monday afternoon, this number will be weeded out as soon as possible, and only a comparatively small number of boys will make the traveling squad.

Three Practice Games

Three practice games will likely be played prior to the Christmas holidays. The boys will break training during the week's holidays at Christmas and will be ready for work when school takes up. After Christmas, the first game will be played here on January 2 with Crowell. January 7 and January 9 are open dates. January 16 and 17, the locals will (Continued on page 4)

Voice Selections Of Movie Feature Shelley Musicales

Advanced voice pupils of Mrs. Elmer S. Shelley gave a thoroughly enjoyable musicale at their instructor's home Monday evening, beginning at seven o'clock. The purpose was to familiarize the students with selections from the motion picture success, "The Vagabond King," which was the current attraction at the Palace Theatre Monday and Tuesday. Immediately following the musicale, Mrs. Shelley took her pupils to see the picture.

Voice Numbers Given

Voice numbers from "The Vagabond King" were as follows: solo, "Love For Sale," Miss Martha DeBerry; duet, "Love Me Tonight," Mrs. R. S. Greene and Miss Ruby McCanne; solo, "Only A Rose," Miss Annie Ruth Johnson; solo, "The Vagabond King Waltz," Miss Vernadine Jones; solo, "Some Day," Miss Ruby McCanne; piano selections from "The Vagabond King," Mrs. Elmer S. LOCAL POULTRY RAISERS SHOW BIG PROFIT

Three Demonstrators Show Profit During Year Of \$430.28

Three Hall County poultry demonstrators made a profit during 1930 despite the handicaps of a shortage of feed and the low market for poultry, according to Miss Ruby M. Adams, county home demonstration agent. Mrs. B. Plaster of Buffalo Flat made the largest profit with her flock of 191 S. C. White Leghorn hens. The records kept were from November, 1929, to November, 1930, and during this time the flock produced 27,142 eggs or an average of 143 eggs per hen for the year. The total receipts for the Plaster demonstration were \$552.88 with an expense of \$323.68, giving a profit of \$229.20.

108 Eggs Per Hen

Mrs. Guy Smith of the Indian Creek club has the following record with her flock of 91 Buff Orpington hens: 9,864 eggs or an average of 108 per hen for the year. Total receipts were \$311.96 from eggs and chickens with an expense of \$196.88, making a profit of \$115.08. Mrs. Smith sold \$100.88 worth of turkeys.

Mrs. C. A. Williams of the Salisbury club has reported on 150 S. C. White Leghorn hens, showing the production of 15,670 (Continued on page 4)

Memphis Cyclone Exes To Meet Clarendon In 2 Charity Games

Former players of the Memphis High Cyclone Football Team will meet former players of the Clarendon High Bronchos in two charity football games, sponsored by the American Legion, during the next few weeks. The first game is scheduled to be played here on Friday, December 12, at Owl Park, and on the following Friday, the two teams will meet in Clarendon. Both games will be played under the auspices of the American Legion posts of Memphis and Clarendon. The proceeds from the game here will go to the American Legion charity fund and the proceeds from the game at Clarendon will go for the benefit of the Clarendon High School Band.

Using Locals' Uniforms

The local players, made up of men who have played on the Cyclone squad in other years, started training Wednesday for the games. They are using the high school uniforms and are being coached by Nolan Walter, Cyclone mentor. Several old stars are included in the tentative lineup, but this year's high school players are barred from competition in the games. It is understood that in addition to coaching the locals, Coach Walter may play in the games himself at the position of quarterback.

Started Training Friday

Word has been received from Clarendon to the effect that the Bronchos started work on Friday of (Continued on page 4)

WOULD INDICATE WORK TO START ON BUILDING

Contractors Here To Figure On Work Of Desired Survey

James A. Wetmore, acting supervising architect of the Treasury Department at Washington, D. C., has forwarded to Postmaster W. M. Owens the necessary information relative to obtaining specification for the survey of the proposed United States Office building at Memphis. During this same time, 196 cars of feed were shipped in. (Continued on page 4)

Local Contractors to Bid

It is understood that some five or six local contractors will bid on the work. The information Mr. Wetmore furnished contained a blue print plat of the lot owned by the Federal Government on which the new building will be erected. A number of questions must be answered by the contractors in regard to the topographical survey and soil investigation of the site for the Federal building. The time to complete the work will be fifteen calendar days from the date of receipt of the notice to proceed, in preparing the topography. (Continued on page 4)

Low Freight Rates On Shipments From City Show Savings

According to County Agent E. W. Thomas, during the eighty days, from September 20 to November 30, that the two-thirds rate on shipping of livestock and feed was offered by railroads to farmers and cattlemen in all drouth stricken areas, 99 cars of livestock were shipped out of Memphis. During this same time, 196 cars of feed were shipped in. (Continued on page 4)

THRIFT

(An Editorial)

Thrift is known by most people as the saving of money. Many have the wrong conception, thinking that a person is stingy or miserly when he saves his money. We often forget that conservation of time and other things are known as thrift, also. The two most important ways of economy are the thrift of time and funds.

The thrift of funds or money is a very important thing for us to know. Gladstone said, "Economy is near the keystone of character and success. A boy that is taught to save his money will rarely be a bad man or a failure; the man who saves will rise in his trade or profession steadily." In order to save our money, forethought and careful planning are necessary. It is said that Americans think in terms of dollars. Whether this is true or not, money is very important. Money will not buy every thing, but it will buy many things and is really a necessity to life. Andrew Carnegie said, "No matter how little may be possible to save, save that little." Thrift is strengthening to our character because the person who has will power enough to save money strengthens his character from every

Extravagance is the opposite and is often very weak will power causes poverty. Extravagance causes criminals. Roosevelt said that extravagance rots character; train youth away from it.

We should be very conservative and thrifty of our time. Abraham Lincoln said, "The habit of uselessly wasting time is the whole difficulty; is vastly important to you, and still more so to your children, that you should break the habit. It is more important to them because they have longer to live, and can keep off the habit before they are in it, easier than they can get out after they are in." We can learn to save time by being punctual at school every morning and by going promptly to our classes and not try to be late. We should always try to keep our appointments on time. Also there are short cuts which save a great deal of time. We should not slight our work but should use improved methods of doing it. Orderliness in our school work will save much time and trouble.

THE END OF THE SEASON

The high school students seemed as though their hearts would break last Monday at chapel after they had thought over the loss of the game at Dalhart. This was hard to take, but the Cyclone can be as good a loser as they can be a winner. Mrs. Elmer S. Shelley had been promising the football boys she would give them candy some time, but the coach would not let her do so

Interesting Talks Given At Meeting Of Economics Club

The Home Economics Club met on Tuesday of last week after school. During the meeting, an interesting talk on "Pictures For the Home" was given by Miss Doris Robinson. Following this, Mary Luma Rasco discussed the last district meeting held in Clarion, and discussed the district meeting that is to be held here on March 2. She also urged the girls to attend the meeting to be held in Amarillo Saturday.

The following members were present: Edna Blair, Kathrine Barber, Tommie Mae Boren, Elizabeth Cooper, Inez Crow, Vallie Harrell, Iweta Moreman, Ruth Johnson, Mary Luma Rasco, Bernice Roach, Nell Walker, Loreece Webster, Betty Dale West, Gora Fox Yonge, Helen Ruth Wiggins, Vada Crawley and Doris Robinson.

Cyclone Squad Has Picture Made To Be Published In Paper

Members of the Cyclone football squad had their pictures taken by Wiley Orr at 3:15 o'clock Wednesday afternoon. The picture was taken at the request of The Democrat and will appear in this paper in the issue of next week. This is the first group picture to be taken of the squad this year.

The boys and Coach Walter had their picture made immediately after announcement was made of the players who would receive letters this year and this may account in part for the pleased expression to be found on the faces of the grid men.

GOOD FINANCIAL SEASON IS HAD IN FOOTBALL

Athletic Council To Publish Financial Report In Paper

According to Sam S. Cowan of the Memphis Athletic Council football has enjoyed a very successful season in Memphis this year. Despite the fact that a number of players have been injured since last September, necessitating medical treatment and the added expense of the trips at the end of the season, the treasury is expected to show a good balance.

Year Started With Deficit
It must be taken into consideration that the year was started with a deficit of some \$300 from last year and that football is a very expensive game. Football is also utilized to run the high school through the basketball and track season, so that when every

PICTURES FOR ANNUAL COMPLETED THIS WEEK

According to Harry Womack, editor of the High School Annual, the pictures of the Senior, Junior and Sophomore classes have been completed by W. D. Orr and are now ready to be sent to the engraving company for reproduction. The pictures will be arranged in the yearbook in a different way than they have ever been before. Each picture will be placed in an arrowhead of old Indian type. This is done to carry out the Early American theme to be used this year.

Grid Year Closed In Chapel Monday

A chapel program that closed the football season for the Cyclone was presented Monday morning by Mrs. Elmer S. Shelley. The program was dedicated especially to those who had played their last game with the local squad.

The squad marched into the auditorium as the student body opened the program with "The Eyes of Memphis Are Upon You." This was followed by talks by Mrs. Shelley, L. C. Linn and Ike W. Jay, in which the team was complimented very highly. This was followed by a reading, "Play the Game Fair," given by Miss Volva Mae Sharbutt. Miss Margaret Bell gave several piano selections. Iris Hollis and Mazie Perkins sang "Dear Little You," followed by H. A. Jackson singing "Some Where a Voice Is Calling" and "Juanita." Vernadine Jones and V. L. McGlocklin, dressed in Spanish costumes, closed the program with "It Happened in Monterey" and "Under a Texas Moon."

Annual Staff Has Charge Of Sales On Special Train

The concession for the selling of cigars, cigarettes, candy, sandwiches and soda pop on the Cyclone special train that carried fans to Dalhart last Thursday was granted to the "Sandstorm."

CAGERS BATTLE ESTELLINE TO 29-11 WIN

Inez Crow and Wilma Gilreath Star In Fast Contest

The Memphis Cyclonettes won their first scheduled game of the season on Tuesday night of last week by taking a fast cage contest from the Estelline squad by a score of 29 to 11. The local girls started the game fast, stepping quickly into the lead, and at no time during the game was that lead threatened.

Inez Crow Stars
Inez Crow, playing forward for the Memphis squad, was the outstanding star of the game. The entire contest being featured by her good shots for counters, and

TWO STUDENTS LEAVE SCHOOL—MOVE AWAY

The high school will lose two of its popular members within the next two weeks when Warlick Self and Leslie Jones are to move away. Warlick is moving to Littlefield to make his home with his parents, and Leslie will go to Amarillo to live with his brother there. The members of the high school regret very much to see these school friends of theirs leave.

Plans Completed For 10 To Attend Lubbock Conclave

Plans were completed, at a meeting of the Hi-Y Club Monday morning, for ten boys to attend the Older Boys' Conference in Lubbock this week-end, and their registration fees of 2 dollars each were sent in by Lester C. Linn, sponsor of the club. The boys leave Memphis early Friday morning and drive to Lubbock and will return Sunday afternoon. Linn will accompany them on the trip.

Following a request for aid by the members of the club, the diff-

Junior Hi Teachers Make Visits During Holidays Last Week

Several teachers of the Junior High school faculty enjoyed short visits during the Thanksgiving holidays. Several went to visit their parents, or friends, and others attended different football games.

Mrs. Clifford Lemons spent Thanksgiving Day in Amarillo; Miss Caroline McNeely visited her sister, Mrs. Gerald Sensabaugh, Jr., of Cleburne; Arthur Howard spent the day in Gainesville with his parents, and Miss Berl Clark and Miss Mary Ruth Grandberry went to Roswell, New Mexico, for a visit.

EIGHT WILL TO DISTRICT MEETING

Much Interest Shown By 33 Schools In New District

Eight girls of the High School Home Economics Club will attend the District Home Economics Club meeting in Amarillo Saturday. This is the first year that this club has ever attempted to have a district organization, but much interest is already being shown in the thirty-three high schools included in this district, and each club is expected to have members present for the

Creates Interest
The purpose of these meetings is to create interest among various clubs and to learn what the other clubs are doing in their work. They also receive helpful suggestions and instructions in their work that they cannot get in regular class work.

Girls Give Program
The programs for these meetings are provided by the girls without the aid of any of the sponsors, and they are given entirely by members of the clubs, with the exception of talks given by instructors. All offices are held by members of the club, and no instructor is allowed to perform the duties of any office.

THE PUNISHMENT

They Get in the First Few Minutes Decides How Long They Will Last

And so it is with your motor . . . 40% to 60% of all motor wear occurs in the first few minutes after starting, because ordinary oils drain away in idle periods. But CONOCO Germ-Processed oil is always on guard duty, never drains away, penetrates metal surfaces, reduces starting wear.

A step on the starter always takes ordinary oils unaware, and it is then that most damage occurs in your motor. By draining away during idle periods, ordinary oils "let down their guard" and let your motor in for severe punishment at a time when protection is vitally needed.

On the other hand, Germ-Processed oil always

has its guard up. Its film penetrates and clings to every working part while the motor is idle.

The first motor revolution finds ready lubrication guarding every clearance. The 40% to 60% of wear which might have taken place before you ever shift a gear is substantially reduced.

Thousands of motorists have found that this improved motor oil prolongs motor life and gives better all-round performance. You can find CONOCO Germ-Processed Motor Oil wherever you see the CONOCO Red Triangle.

Sudan Grass Seed Moves Much Faster

Early movement of Sudan grass seed from the hands of growers has been faster than usual. The U. S. Bureau of Agricultural Economics estimates that 70 per cent of the crop had been sold by growers up to that date, compared with 45 per cent last year and 30 per cent two years ago.

Movement is generally faster in the Panhandle than in other districts. This year about 80 per cent had been sold in that district compared with 40 per cent last year and 35 per cent two years ago. A somewhat faster movement in New Mexico and California was indicated by scattered reports. In western Oklahoma about 45 per cent and in western Kansas 30 per cent had been sold. Movement was

somewhat slower in Nebraska where about 10 per cent had been sold.

Prices offered growers showed only slight changes since harvest. On November 11 they averaged about \$5.15 per 100 pounds, basis tern Oklahoma, \$6.50; southeastern Nebraska, \$5.15; northwestern Kansas, \$5.10; and southwestern Kansas, \$4.60.

The quality of the crop is expected to be fairly good by shippers.

CARD OF THANKS

We take this means of expressing our deep appreciation for the many kindnesses of our friends during the illness and death of our beloved husband and father, Z. O. Batson. We are also grateful for the beautiful floral offerings. May God in his infinite wisdom and love bless each of you.

BIGGER AND BETTER

THE NEW CHEVROLET SIX

*Strikingly beautiful, fleet and smart
—a masterpiece of Fisher styling*

Front view of the new Chevrolet Sport Coupe

In the entire field of modern coachcraft no symbol has come to mean

more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six!

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, you will discover scores of refinements that stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar have been artistically grouped to create an unusually attractive and distinctive ensemble. Mouldings sweep back from the graceful new radiator in an unbroken line to blend with the smart new body contours. And new colors, in carefully devised combinations, lend a new individuality.

Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware, of modern design, lends a final note of charm.

The greater quality and beauty of the new Chevrolet-Fisher bodies have a counterpart in the many improvements which have been provided in the chassis of this Bigger and Better Six. Among these improvements are a longer, deeper, stronger frame; easier steering; a more durable clutch; a quieter, smoother-shifting transmission; and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The Bigger and Better Chevrolet Six is now on display in our showrooms. See it today—drive it—and learn for yourself that it is *the Great American Value!*

eggs, giving the average of 104 per hen for the year. The receipts from this flock were \$186 with the expense of \$100, or a profit of \$86.

Total of 52,676
The total for the three flocks gives 432 hens producing 52,676 eggs with an average of 120 per hen for the year. The total receipts were \$1,050.84 with an expense of \$620.56, the profit being \$430.28.

During the past year, it would have required about 45 acres of land to the nine and one-half bales of eight and nine cent cotton to equal just the profit made on this poultry. The aim of the demonstrators is to bring each flock up to a standard production which should average 140 eggs per hen for the year. Mrs. Plaster's flock shows the 143 egg standard was reached which gave her the \$10 prize for the best poultry demonstration for the year.

the Farmers State of Newlin, Estelline State, Estelline; First National and F. & M. Banks of Turkey; the First National, Quitaque; First National, Lakeview, and the Security State Bank of Hedley. The territory covered by the ten banks includes all of Hall County, a small strip of Childers and Collingsworth Counties, southeast corner of Donley County, and a part of Briscoe and Motley Counties.

The directors of the Corporation, including the officers already given, are as follows: Dr. W. C. Dickey, Thomas E. Noel, F. N. Foxhall, S. S. Montgomery and W. B. Quigley of Memphis; Chas. Drake of Newlin; R. C. Wiley, Estelline; John Sharp and Earl Lyle, Turkey; W. W. Williamson, Lakeview; J. W. Noel, Hedley, and Olin Stark of Quitaque.

Sums Up Resources

In summing up the resources of this organization, Dr. Dickey gave the following figures: There are 33,000 people in this territory, 3,500 farms, averaging 120 acres

each, with a total of 420,000 acres; 712,000 acres of grass land with 62,000 head of range cattle and 8,000 head of dairy cows. In six years, from 1924 to 1929 inclusive, this territory has averaged 128,000 bales of cotton per year, or one-third of a bale to the acre. Tax collections during that time have been 96 percent, and the total value of land, live stock and special personal property is estimated at \$50,000,000.

constipation

"I HAD a stubborn case of constipation after a very severe spell of grip," says Mr. John B. Hutchison of Newsho, Mo. "When I would get constipated, I'd feel so sleepy, tired and worn-out. "When one feels this way, work is much harder to do, especially farm work. I would have dizzy headaches when I could hardly see to work, but after I read of Black-Draught, I began taking it. I did not have the headache any more. "When I have the sluggish, tired feeling, I take a few doses of Black-Draught, and it seems to carry off the poison and I feel just fine. I use Black-Draught at regular intervals. It is easy to take and I know it helps me." This medicine is composed of pure botanical roots and herbs.
