the Revolution, a day of Thanksgiving was annual. Commended by Congress, appointed such a day after the adoption of the constitution, and in 1795 he appointed another day as Thanksgiving for the general benefits of the United States. Since 1864, the last Thursday of the month has been proclaimed as Thanksgiving Day, following similar proclamations by governors of the several

Thanksgiving Day is observed throughout the States as a holiday, I doubt if the real significance is taken into consideration to any great extent. Most are pleasure bent on this day and a break in the routine of all we derive from it.

Thanksgiving Day, we feel grateful that our country is not involved in a war and that among most of the millions. #### \$100 Grand Prize For Window Goes To Jim Stanford

A signal honor, carrying with it a substantial award, has been conferred upon Jim Stanford of Tarver's Pharmacy. Early in the fall, Jim designed and executed a window for Tarver's Pharmacy. The window was an opening of the window in a national contest sponsored by the Sheaffer Pen Company of Fort Madison, Iowa. There were five classes in the contest, each class carrying with it cash awards of \$50, \$25, and \$15, and a grand prize was offered in the sum of \$100.

Wins Grand Prize  
Last week, Jim received word from the Sheaffer Pen Company that he had won the grand prize. When it is taken into consideration that Jim's window won out over the windows decorated by veteran artists and advertising men, the honor he received is all the more pronounced. In one case at least, he won over a \$10,000 a year advertising man.

Followers of the Memphis High School Cyclone saw part of next year's eleven in action here Tuesday afternoon when a team composed of second and third string men played a similar team from Childress to a scoreless tie on the local gridiron. The teams were evenly matched and the game proved colorful throughout.

Gordon Walker, playing in the Cyclone backfield, was the outstanding offensive star while the defensive star was A. R. Evans, end. V. L. McGlocklin and G. C. Baskerville also showed up well for the local eleven.

The game was hard fought throughout with both teams exhibiting strength, both offensive and defensive. In the last quarter, it appeared that the Bobcats would score. #### EFFORT ON PART OF MEMPHIANS IS CLIMAXED

#### Excavation Is Begun Tuesday Afternoon At 1:30 O'clock

Climaxing several years effort on the part of Memphis to secure a post office building here, actual construction work began Tuesday afternoon at 1:20 o'clock when the ground was broken for excavation work. The federal structure will be located on the corner of Seventh and Main Streets.

More than a year ago an appropriation was made by Congress for the erection of such a building in Memphis. After numerous negotiations, bids were advertised for and the contract for the construction of the building was let to the firm of Landis and Young of Bloomington, Indiana, in the sum of \$51,900.00. The remainder of the appropriation will be used in furnishing the building, it was learned.

E. P. Young and R. D. Landis, contractors, arrived in Memphis Sunday to begin work. The work will be done under the supervision of D. A. Redding, superintendent. An inspector from the Treasury Department will be here during the time the work is being done on the structure, Mr. Young stated.

While the contract allows the Indiana firm 300 calendar days to complete the building, Mr. Young is of belief that it will be finished within seven months unless adverse weather conditions prevail. Only the construction superintendent and labor foremen are being brought here for the job, and it will be necessary for local workers to be employed, Mr. Young stated. Sub-contractors have been let to local contractors. Texas stone and brick, as well as other materials, will be used in the building, it was stated.

Blue prints show that the building will face north and have one floor and a basement. It will face 81 feet and nine inches on Main street and 54 feet and 10 1-2 inches on Seventh street with a back extension where a loading platform for mail trucks will be built. The basement will be ten feet deep from finished floor to finished floor.

It is expected that the basement will be ready for concrete pouring in ten days or two weeks, Mr. Young stated. However, the job will not be rushed, for Government regulations will not permit it, it was pointed out.

#### State Patrolmen Visit In Memphis

John Keller and Jack Reeves, state highway patrolmen, with headquarters in Lubbock, were in Memphis Monday night and Tuesday morning making a check on the tonnage license carried by truck drivers hauling materials on the new Memphis-Mulberry Bridge highway.

Truck drivers were warned to remove cut-overs from their machines and to have the lights fixed so that both head lamps and the rear lamp would burn. The patrolmen stated that all drivers must have a chauffeur's license before driving their trucks in accordance with the law.

One driver was fined one dollar and costs for not having sufficient tonnage on his license. Another was fined one dollar and costs for having a cut-out on his truck. Keller and Reeves stated they would return to the city at an early date and make another inspection.

Miss Jim Browder was slightly injured when the automobile in which she was riding overturned in Denver, Colorado, late Friday afternoon, according to a message received here early Saturday morning from the dean of Colorado College in Colorado Springs where she is attending school.

## Wedding Date Of Martha DeBerry And Ollie Lee Announced At Musical Tea

Mesdames A. Baldwin and L. G. DeBerry entertained Saturday afternoon with a musical tea at the home of Mrs. DeBerry, 1114 Montgomery street, announcing the wedding date of their niece, Miss Martha DeBerry and Ollie Lee.

Autumn flowers of gold, the bride's chosen color, were used in decorating the reception rooms.

The guests were received by Mrs. DeBerry and a short musical program was given. A prettily duet, "Go Lovely Flower," by Lemare, was sung by Mrs. C. L. Sloan, Jr., and Mrs. M. G. Towner; Mrs. Elmer S. Shelley used "Diebstraum," by Liszt, for a piano solo; Miss Ruby McCanne sang, "I Have a Secret," by Cadman. As Miss McCanne sang the last bars of her song, little Patty Lou Sloan, as cupid, entered with the "secret." The little cupid, in gold tulle with bow and arrow, carried a tray bearing miniature copies of Mendelssohn's Wedding March which contained a few bars of the music and the announcement, "Martha and Ollie," November 28, 1931.

The tea table was laid with a lace cover and in the center a mirror formed a lake bordered with gold flowers and green foliage. A small golden love boat was on the lake and a miniature bride and bridegroom stood near ready to embark. Behind the lake was a half circle of yellow tapers in silver holders.

Mrs. A. Baldwin poured tea from a silver service which was placed at one end of the table. Sandwiches of chicken salad and orange bread, cut in heart shape, fruit cake topped with whipped cream and decorated candies were served with the tea.

The hostesses were assisted in the dining room by Miss Ruby McCanne, Mrs. Elmer S. Shelley and Mrs. M. G. Towner.

The guest list included, besides the honoree, Martha DeBerry, her mother, Mrs. W. B. DeBerry and Mesdames Roy Leverett, Byron Baldwin, R. S. Greene, Elmer S. Shelley, C. L. Sloan, Jr., M. G. Towner, W. P. Dial, W. C. Dickey, C. W. Broome, J. C. Hennen, Landrum Stanford, John Deaver, Chauncey Thompson, J. R. Jones, Sebron Buck, Archie Copeland, Mabone Hagan, M. P. # We Congratulate Our City and County That Work Has Started On The Post Office

**A**FTER many years of waiting—after numerous disappointments and discouragements—work has begun on Memphis' new Post Office. To those who played a part in securing this edifice—however large or however small that part may have been—we voice the appreciation of the entire community.

We desire to thank especially Congressman Marvin Jones and Senators Tom Connally and Morris Shepard, the local Chamber of Commerce, Postmaster Owens, and many others, who used their good offices to help secure this building. When erected, it will stand as a monument to their endeavors and as an exemplification of the spirit of progress that our city is noted for.

The new Post Office will not only serve well the interests of our city, but it will be the pride of the entire county and we hope all parts of the county will share in the good fortune that is ours.

The building of this structure represents a forward step in the life of this community—its completion will represent one of the biggest days in the history of Memphis. We believe every loyal son and daughter of Hall County will feel proud of this accomplishment and will be the more eager in the future to work for the advancement of our section.

To those in charge of the work, to the workmen and all concerned in the building of the Post Office, we extend sincere greetings and felicitations.

MEMPHIS, TEXAS

## On The Level—

(Continued from page 1)

work has been resumed and heads of large businesses throughout the nation are talking rationally concerning the future—something which was not the case six months ago.

If Thanksgiving witnesses the beginning of a widespread business revival, such as seems likely, Memphis and Hall County will feel its effects in keeping with other sections. We have not given up hope; we still believe in the future and the steady influence created by hope and belief in the ultimate righting of things is among the more pronounced evidences that normalcy is returning, however slow it is getting here.

members and the members from Oklahoma for a joint meeting of the groups to be held the latter part of next year. It was also decided that Memphis would be the meeting place, it was stated. This assembly will probably bring some 300 Odd Fellows to this city.

Officers attending the meeting were: General F. E. Walker, state department commander, Amarillo; General E. Q. Vistal, department adjutant, Dallas; Colonel W. A. McIntosh, colonel of the second regiment, Gilmer; Major C. E. McPherson, department inspecting officer, Amarillo; Major J. B. Greutz, Captain S. J. Jones, Captain H. L. Stovell, Chev. W. A. only half of their regular salaries can be allowed. It is hoped by the school board that the full amount can be paid the teachers for December, Mr. Noel said.

When paid half their salary, the teachers in the local schools accepted it realizing the present condition, and working on as before.

Approximately 40 per cent of the 1930 school tax is delinquent and only a small portion of the 1931 taxes have been paid. Several schools in this vicinity have either been forced to close or operate with unpaid teachers, and the Memphis School Board believes that with the cooperation of local taxpayers, the schools can go on with ease.

The visit of the Grand Inspector is much appreciated by the membership of the Commandery as instructions given are always toward the interest and improvement of the work in general, it was said.

The children's choir sings one number each evening and will give a demonstration Bible drill each Friday evening, Mr. Morgan stated.

The public is invited to hear Mr. Mullen who will be in the meeting here another week. He is a great gospel preacher and an interesting speaker and is proving beneficial to the local church, Mr. Morgan said.

That the event will be one of the most popular ever staged in Amarillo is indicated by the brisk advance ticket sales. Reservations are available now, and may be obtained by writing to Miss Era Lewis, News-Globe office, in Amarillo. Wilbur C. Hawk, sponsor of the event, is urging out-of-the-city theater-goers to reserve their seats early, as a sell-out is anticipated. The prices range from 50 cents in the rear of the balcony, to \$3 in the main parquet.

Miss Burke, who is the wife of Florenz Ziegfeld, who glorifies the American Girl in his annual Follies, is said to be a dazzling success in resuming her career after several years of home-making for her husband and her daughter, Patricia. Some 15 years ago she was the toast of Broadway in "The Mind the Paint Girl," and critics who have seen "The Vinegar Tree" say she is just as beautiful and vivacious as she was then.

Her supporting cast is headed by Kenneth Thompson, who gained fame in motion pictures. "The Vinegar Tree," which is strictly a comedy of Long Island society, will be in Amarillo for one performance only—Tuesday night, November 24. Order your tickets now while you can get choice seats.

Don't go to the trouble to prepare a meal at home Thanksgiving Day. Eat at Rube's Coffee Shop instead.

Dr. Robinson declared the Vernon conference an outstanding success with a large attendance throughout. Rev. M. M. Beavers, former presiding elder of the Plainview district, was appointed as presiding elder of the Clarendon district to succeed Rev. W. M. Murrell who will be the presiding elder of the Abilene district during the next four years.

### TEAMS TO MEET AT FAIR PARK IN CONTEST

Coach Nolan Walter Is Undecided As To Starting Lineup

The Memphis High School Cyclone will bring their 1931 football season to a close Friday afternoon with a game with the Wellington High School Sky-rockets. The game will be played on the local gridiron beginning at three o'clock, and the admission price will be 10 cents for children and 25 cents for adults.

In keeping with the usual custom, the mothers of members of the team will be honor guests. They will be admitted free and will occupy a special section.

**Dope Bucket Even**  
The dope bucket indicates that the two teams will go into the game on even terms. Wellington defeated Quitaque, Memphis losing to the same team. Memphis defeated Shamrock and Wellington lost to them by a score of seven to six. Clarendon beat both teams.

Coach Nolan Walter is undecided as to who he will start. It is probable that he will play members of the team that will be back another year a good part of the game.

Captain Curtis Bourland will be started and will probably play most of the game. J. P. Boles, who broke a hand in practice several weeks ago, may be able to play.

### Democrat Show Window Dressed For Armistice

In observance of Armistice Day, the American Legion Auxiliary decorated the display window of The Democrat into a miniature graveyard, depicting the graves of the soldiers who lost their lives in the World War and who were buried in France.

The window was very attractive, having a grass background with miniature graves decorated with poppies.

The window display was made in the direction of Messrs. W. Wilson, Glenn Simpson and D. J. Morgan.

A poppy sale was conducted to Armistice Day, and all expenses were paid, a total of \$54.73 was realized by Auxiliary. Mrs. T. Kitter had charge of the sale.

### Electric Wire Is Hit By Lightning

A bolt of lightning severed one of the electric power lines of the distribution system for the north part of Memphis Saturday morning about two o'clock causing the power to be off for several hours, according to W. R. Cabaness, manager of the West Texas Utilities Company. It is not certain as to where the bolt struck the line, but it was broken north of the Farmers Union Supply Company, he stated.

Repair men went to the break shortly after the line was severed, but were unable to mend it until late Saturday morning. It was repaired by splicing it with the other two lines which were not broken, Mr. Cabaness stated. Current was off in the south part of the city for several minutes, it was reported.

### Display Truck Of Fort Worth Boot And Shoe Manufacturer Visits In Memphis

A truck, unique in its arrangement, owned by Justin and Son's Boot and Shoe Company of Fort Worth was in Memphis from Friday until Monday advertising shoes and boots made by the company. The truck was driven by R. O. Woodie, formerly of this city.

The truck has a special built body which is used to display the different types of boots and shoes made by the factory. It has a capacity of 150 shoes and boots. Only one of a kind of each boot and shoe is carried to eliminate

as much weight as possible and still have for display every style of footwear made, Mr. Woodie stated.

**Top Will Expand**  
The body is made so that the sides and the top will expand. They are expanded by a special built motor or generator which is operated separately from all other parts of the truck and is controlled from the cab. The sides will expand five feet while the top will expand some two feet above its normal height.

# LOOK! LOOK! LOOK!

Inasmuch as conditions are not the best and as we have all lost heavily the past twenty-four months, we have decided to take a further loss and start a new era in business in order to help our customers that are owing us accounts and notes prior to September 1, 1931. We are offering the following from now until January 1, 1932, Maize or Kaffir Heads \$10 per ton; Cotton 8 cents per pound; Top prices for fat Hogs, Yearlings or Cows, or if you have neither of the above and will pay your note or account in full, we will deduct 20 percent. Saying you owe us \$50, pay us \$40 and we will give you a clear receipt.

We have always been of the opinion in times like this, when it is impossible to pay all you owe, to pay each creditor his prorata part, but it seems that some of our customers have been scared into paying it all at one place, so if your creditor insists on taking it all, ask him to do as we have offered to help you—to take the loss by giving you more for your farm products.

We have a great country. There is nothing wrong, only we over-bought and if we have learned to live at home more and pay cash for what we buy and receive cash for what we sell, Hall County will be as prosperous as ever in twelve months. We are going to do our share to help bring prosperity back. We buy direct from the factory and we are going to pass it on to you at a very small profit.

We have most anything for your automobile including any size tire, complete stock of piston rings, auto parts, accessories and batteries. If we are out of anything, we will get them for you the next day.

### FREEDOM OF CONSCIENCE

WE have always held, whether right or wrong, that freedom of expression, freedom of action, and freedom of the press are among the strong bulwarks upon which our nation was founded. So long as these three do not run counter to the purpose and intent of the laws of the land, they are among the more salient privileges of freedom. Along with them should be listed freedom of conscience—freedom from the shackles of convention—freedom to experiment—to feel, think and act in accord with one's intellectual capacity, and not because of any pressure brought to bear by party, sect, group or individual.

In this connection it is interesting to note that the Baptist General Convention of Texas in session at Waco last week voiced a protest against what was assumed to be a "conscience-oppressing interpretation of the Constitution" when in a recent decision handed down by the Supreme Court of the United States that august body of men declared Douglas Clyde MacIntosh, a Baptist minister and professor in the divinity school of Yale University, ineligible for citizenship for the reason that he could not promise in advance to bear arms in any war in which the United States may be engaged "unless he believed the war to be morally justified."

The convention went a step farther by reaffirming their belief in religious liberty. One noted divine stated: "Baptists have always stood for religious liberty." In many ways the resolution that was adopted should have a bearing on political campaigns in the future. If, as was stated, this denomination believes in religious liberty, there will be little doubt that any of its members will bring up the question of what denomination either of the aspirants for the Presidency belong to when clouds of battle gather next year. We are glad the Baptist General Convention has taken this stand. It shows that they do believe in freedom of conscience and at the same time uphold men who may differ with them on questions of momentous import.

### MEET MR. GARNER

IT now seems practically certain that the Democrats will organize the lower house of Congress in December with Representative Jack Garner of Texas at the helm in office as Speaker of the House. We are glad not only for Texas, but for the entire South and all the Democratic states. The Democrats have been ignored since Wilson went out of office and it will be sweet revenge to have every important committee in the House captained by a Democrat again.

Hoover has been doing his utmost to commit Garner to certain legislation, but the South Texas ranchman has proven too wily for the chief executive thus far. It may well be assumed that the House will be organized along party lines, with the bulk of the Chairmanships going to Texans and Alabamians.

### A FINE SHOWING AND A GOOD GAME

MEMPHIS is satisfied. It would have been mighty fine to have won from Clarendon again this year, but it was impossible to continue the string of victories forever, and football fans and enthusiasts here are satisfied. We are making no alibis. None are necessary. The Cyclone did their best to win, but their best did not prove good enough against what is unquestionably the best grid machine Clarendon has ever put on a field.

Memphis was heavily outweighed. The Clarendon team was composed of veterans, whereas Memphis had only four regulars back from last year. It seems to us, however, that our grid season has been a very successful one, any way. To make a football team click when most of the players are on the under side of sixteen or seventeen years of age is a real accomplishment and it speaks volumes for the coaching the team received.

We have never seen fans take defeat better than our own people have taken it. We have not heard a single complaint and very little griping. Every Memphian who witnessed the game seems to be satisfied. All are of opinion that the boys did their best—and more than this is not humanly possible. There will be other years in which to redeem this defeat and Clarendon is entitled to all possible credit for the victory. The fans there have waited long and patiently for a win, and now that they have it, we extend sincere congratulations. We hope the Clarendon Bronchos continue in their stride and win the district title.

### HARVARD IS RAISING A HOWL

AND now comes Old Man John Harvard raising a howl. We had thought Harvard was such a big school and such an old one that authorities there would not belittle themselves by becoming peeved, but that is exactly what has happened. It seems that Ted Husing, radio announcer for the Columbia Broadcasting Company, referred to the play of Barry Wood as "putrid" in his broadcast of the Harvard-Dartmouth football game Saturday before last. Barry is captain of the Crimson this season, president of his class, and a member of Phi Beta Kappa.

William J. Bingham, director of athletics at Harvard, announced the official action of the university by saying "No announcer can go into the Harvard stadium and refer to any player or any play made by any member of either a Harvard team or its opposing team as 'putrid'. Mr. Husing will not be admitted to the Harvard Stadium in the capacity of radio announcer again."

That seems to be carrying matters a little too far. From reading an account of the game in question, we are inclined to the opinion that Wood's playing was "putrid" in spots and there is no use in calling a brass tack a gold one. Such an attempt, it seems to us, is nothing short of being putrid itself.

### Teams to Meet

(Continued from page 1)

team last year, who was ineligible to play in conference games this fall, will play part of the game at tackle. Kunkler will be eligible to play next fall and Coach Walter plans to use him in the game this week.

Captain Williams of the Wellington eleven is reputed to be one of the outstanding backs of this section, and his play is expected to add to the color of the battle. It is reported that Wellington's line as well as their backfield is light, but fast.

"We want to end our season with a victory," Coach Walter said, "however, the game will not be a set-up by any means. Wellington has a good team, and I believe the game will be a good one. We want to ask that local football followers come out and see what we will have next year."

### Local Club Women

Mrs. Roy L. Guthrie. Among the outstanding speakers were H. M. Stanley who spoke on "Milestones of Public Health." Dr. P. W. Horn, president of Texas Tech, spoke on "Washington, the Citizen" and Mrs. A. B. Dements, president of negro women's federated clubs, spoke on "Needs of Negro Women."

Mrs. J. W. Fincher of Houston was elected president for the ensuing year. The 1932 meeting place is not definitely known. Mrs. Guthrie stated, however, it will be selected by February. "Lubbock was a very delightful host," Mrs. Guthrie said. "We enjoyed our stay, and the entertainment was very pleasing. We had a very good time, and the meeting was an outstanding success."

### Display Truck Of—

(Continued from page 1)

On the inside of the truck body, on either side, are racks where the different styles of shoes and boots are displayed. At the rear, there are two cases in cabinets on each side where dress, field and work boots and dress shoes are displayed.

**Door Opens at Rear**  
A door opens at the rear of the bed and at the other end is a large panel which may be used as a screen for a picture projecting machine to show the different processes the shoes and boots go through in being made at the factory.

The truck is also made so that a radio and amplifying machine may be installed.

The body is amply lighted with three lights in the top and three on each side over the shoe display racks. Ventilation is secured by glass windows in the sides of the top when raised. Two exhaust heaters are in the floor of the body.

The truck travels over Texas, New Mexico, Louisiana and Oklahoma. Mr. Woodie stated, and is

### HIT OR MISS

a column by T. R.

This week instead of having to write one column, I am writing two, and the second one goes to the Clarendon News in care of Sam Braswell, Jr. He and I made a wager concerning the Clarendon-Memphis football game on Armistice Day, and when we lost, Sam came to collect the wager by having me write his Sport Slants for one week. The fact of the case is that Fate smiled on Sam and gave me the razberries.

I know Sam will double the sale of his paper just on account of having the article I wrote for him in it, said the writer, blushing modestly. And if such is true, I am asking that he give me a percentage of the proceeds derived, but if he fails to sell the usual number, I am not saying that I will make up for the loss. I am hoping though that he sells more than the usual quota, for I will need something to repay me for the time, labor and energy which I lost writing the column.

Although it would have elated me beyond words to have had Sam lose the wager, I can say that the game was a good one and was one of the best that has been played in this section this year. If only the Clarendon players hadn't been so tall and couldn't have reached those long passes, we could have held them to the last notch. They were just too long

got as high up in the air as they could. Other wise much of the yardage gained by the Bronchos would have been cut down.

There was one time during the game that I thought one of the Clarendon players was not going to get up after being tackled by one of the Cyclone players. Charlie Flanery downed a Broncho on about the 40 yard stripe and the fellow looked as though a real cyclone had hit him. Charlie made contact with him about his waist line and they were both going about as fast as a limited train. The Broncho laid there on the ground for several seconds, but finally he shook his head and realized where he was. The tackle was one of the best I have seen this year.

And another time, one of the Cyclone made an exceptionally good play when Buster Leslie made contact with the flashy Reid of the Broncho squad. He broke away for a 65 yard run and was going on down the field, until Buster took after him and downed him on the Cyclone seven yard marker. Reid is considered one of the fastest men on the Clarendon team, but I imagine now he believes he is not so fast as our flashy half Buster Leslie. I heard a fellow from Clarendon say the other day, after the game, that he believed Reid could beat Leslie on a 100 dash, but I am inclined to believe he is wrong. Buster is plenty fast and I happen to know several more who are of opinion that the race would end with Buster in the lead.

But there is another thing which is preying on my cerebral hemispheres at the present time, and that is this expression which is rating in the town whereby every one is calling you his "pal." One may walk down the street not

out of a clear sky some one walk up from the rear, slap you on the back and haul out, "are you, 'pal'?" or "How is 'pal' today?" Not only are school boys taking it up, but of the business men are doing

I heard a fellow say the day that it was going to be the comic strip of "Fried that ends in a tragedy" or other fellow said anything "pal" to him. He said he not walk down the street with some person saying "pal" to him. Oh, well, I think the business is a bit overemphasized. And you have heard this about "I'm doing this just

I'll bet the fellow who is the expression "pal" was to death by one of his "pals" he had said it to him about times. And it serves the right. The same thing is to happen in this very town I happen to know one of the fellows who is going to do the bing, so he said, in a recent interview with a Democrat rep

Darrell Grundy returned home in Amarillo Saturday a visit here with relatives friends.
