## FOUR ARE SENT DRAFT NOTICES

Three of Four to Leave Here May 5 for Year's Selective Service Training

Four men, three to be enlisted in the army for a period of one year and the fourth a substitute in case one of the three is unable to go, have been sent notices of selection by the local draft board, W. J. Bragg, chief clerk, said this week.

The men will leave Memphis May 5, and will be sent to the recruiting station at Fort Bliss. Those sent notices are Hubert Whitley Isbell, Alvis Jethero Freeman, Rufus Clark Jones, and R. V. Spruill. Isbell and Freeman are volunteers, Mr. Bragg said, and will be two of the three needed men. The third will be either Jones or Spruill, he said.

General J. Watt Page, state Selective Service director, has sent out warnings to prospective trainees against subscribing to "deferment or exemption insurance."

"It has come to the attention of state headquarters," General Page said, "that swindlers are operating in Texas, and particularly among the colored registrants, selling for a cash fee policies or papers which are purported to insure the registrant against military training, or to procure him deferment of service under the Selective Service Act."

"It is reported that some of these men are carrying on a business in Memphis," General Page said. "It is reported that some of these men are carrying on a business in Memphis."

## Week of Services At Baptist Church In Memphis Closes

Thirty-One New Members Added to Roll; Twenty-Two Candidates for Baptism

The week's revival of the First Baptist Church closed Sunday night with baptismal services, with a total of 31 members added to the church roll.

Of the 31 new members, 22 were candidates for baptism and the other nine came by letters from other churches, Rev. S. F. Martin, pastor, said this week.

In charge of the preaching services was Rev. Dick O'Brien, pastor of the First Methodist Church in Stamford. Joe Trussell of Brownwood was in charge of the song services.

Both Rev. O'Brien and Trussell left immediately after the Sunday night services for their homes.

The revival began Sunday, April 20, with the evening services, although neither Rev. O'Brien nor Trussell arrived until Monday afternoon.

Rev. Martin conducted the initial services on the first night, and also the morning services the following Monday morning. Both morning and night services were held throughout the week.

## SUMMER ACTIVITIES PROGRAM OF MEMPHIS SCHOOLS TO BEGIN SOON; MRS. GUTHRIE SUPERVISOR

Again this year, there will be something to do this summer. For the summer recreational program, found successful in 1940, will again be sponsored by the local schools, and will be put into operation about the middle of May.

The activities this year, however, will be on a much broader scale, and there will be something for people of all ages to enjoy, it was explained.

Mrs. Roy L. Guthrie has been named as city recreational supervisor, and was in Lubbock last week, where she took a training course under the direction of Houston H. Crump, state director of recreational activities.

C. E. Headstream, high school coach, will direct playground ball, tennis, swimming, and gymnastics. The physical education department will cooperate in this phase of the activities.

Gene Barnett, vocational agriculture teacher, will supervise activities for the rural people. These activities will include croquet, shuffle boards, folk games, and gymnastics.

Another feature of the program will be the continuation of the hot lunch project which has been in operation during the school years. Needy children will be fed during the lunch hour, as they have been during the year.

Mrs. Guthrie has been in charge of the lunchrooms throughout the county, will supervise the summer lunch program.

Three librarians will be on duty during the summer to supervise a story-telling hour, a recreation room, and a reading hour. All the books in the school libraries will be at the disposal of the public, it was explained.

## MEMBERS OF FFA CHAPTERS TO HAVE CONTESTS IN MEMPHIS

Representatives from 16 schools in the northern half of Area I of the Future Farmers of America organization will gather in Memphis Saturday for the annual FFA leadership contests.

Districts to be represented will be those of Memphis, Wellington, Pampa, and Childress—the towns in which, other than the four named are Miami, Canadian, White Deer, Panhandle, Groom, Claude, Lefors, McLean, Wheeler, Shamrock, Clarendon, Quail, Lakeview, Estelline, Quanah, Turkey, and Quitaque.

Four contests, farm demonstration, chapter conducting, public speaking, and news writing, will be judged, and the winners in each will be eligible to compete in the state contests, to be held in Marshall in July.

The other half of Area I, the southern portion, will have its contests in Lubbock on the same date, Gene Barnett, local vocational agriculture teacher, said this week.

The contests, to be held in various rooms in the high school, will begin at 10 o'clock, Barnett said, and it is planned to complete them by 12. The farm demonstration contest will be held in the farm shop at the school.

## Survey of County Cows Being Made

A survey of the number of dairy cows now in Hall County, and the probability of increasing this number is now being made through the county agent's office.

Cards have been mailed to farmers of the county, asking for information concerning the number of cows and their production ability, it was explained.

Farmers have been urged to return the cards immediately, so that the survey may be completed within the next few days.

## 1941 Baseball Club Is Organized; King Elected President

Try-Outs for Team to Be Held Sunday Afternoon on Field at Cyclone Stadium

Baseball fans who were afraid they would be unable to see any games in Memphis this summer can ease their fears, since local leaders met Wednesday afternoon and organized a baseball club.

All interested in trying out for the team will meet on the field south of the Cyclone stadium Sunday afternoon at 2:30 o'clock for work-outs, it was announced.

The team will go under the name of the Memphis Spudders, the same name as was used last season.

Max King was chosen as president to head the group; J. E. Roper, vice president; Don Wright, manager; Herschel Stewart, field captain; Lloyd Byars, secretary-treasurer; Dave Price, official scorer; and Andy Simmons and John Dennis, gatekeepers.

No games have been matched as yet, although it is planned for the first to be played Sunday, May 11, it was decided at the meeting.

### FARM BUREAUS ARE ORGANIZED

Groups to Work Together For Measures Which Will Aid Farming Occupation

Eight land-use planning committees were elected over the county in recent meetings of farmers—and, in addition, four farm organizations, one county-wide, were organized by farmers of Hall County.

The farm organizations, to be called Texas Farm Bureau Federations, will have regular meetings, it was explained, and will enable members to work together in any and all ways to aid the farming occupation.

The county farm organization, which was formed in Memphis at a meeting Monday morning, will have as its chairman J. P. Montgomery. B. M. Durrett will act as vice chairman, Floyd Springer as secretary-treasurer, and Carroll Smyers as reporter.

The Monday meeting was attended by a large crowd of farmers, and the district courtroom was more than filled with those attending.

At Turkey, the farm organization chairman will be Roy Russell. Vice chairman is J. B. Bray, and secretary-treasurer, Ed House. Forty-three farmers attended the meeting at Turkey, and voted to have meetings of the farm organization each month.

The third farm organization was formed at Estelline, where John W. Ewen was elected president. (Continued on page 4)

## Three Supervisors Of Soil District to Be Elected May 10

Will Work With Sharp And Leary in Governing Soil Conservation District

The election for the three additional supervisors of the Hall County Soil Conservation District, to work with the two who were appointed immediately after the district was voted in, will be held May 10, it has been announced.

John Sharp and Ed Leary were named as two members of the five-man governing group of the district immediately after the district was approved by landowners. The three men who will be chosen will work with Sharp and Leary.

Since the district was approved here, Childress County and a part of Cottle County have voted to join the district. It is expected that the three men elected will be chosen in a way to provide the new portion of the district some representation.

The three members, however, will not necessarily have to be from Childress County. All three (Continued on page 5)

## Services of M. E. Church to Start

The religious revival campaign of the First Methodist Church in Memphis, which was begun this week with visitations, will get fully underway Sunday with the initial preaching services.

Personal visitations, which are being carried on by members of the church, have been the most important phase of the campaign this week.

Another portion of the campaign is the Father-Son banquet, which will be held tonight at the church. The banquet will begin at 8 o'clock, and will have as the (Continued on page 12)

## Committee Appointed to Lead Sales Campaign for Defense Savings Bonds

Naming of the committee to lead in the drive and the initial meeting of that group Wednesday afternoon opened the campaign in Hall County to sell Defense Savings Bonds.

The bonds, which are being sold to raise money for the national defense program, went on sale today.

Heading the county committee as chairman will be C. Lee Rushing of Memphis. James H. Vallance, local postmaster, will serve as city chairman, and other members of the Memphis committee are Thos. E. Noel, D. J. Morgensen, James E. King, Lester Campbell, and W. C. Davis.

For Lakeview, the committee man will be Paul McCann; Plaska, A. Gidden; Turkey, Willis Walker; and two in Estelline, H. Clifton and J. A. Ballard.

Mr. King will act as chairman of the speaking committee for the group, and other members will be Davis and Smyers. Campbell is chairman of the publicity committee, and other members are Mr. Noel and Mrs. Wilson.

when their maturity is reached, from \$25 to \$10,000, thus enabling people of all financial abilities to purchase them. In addition, stamps of small denominations will be sold, and will be exchangeable for the bonds.

The stamps will be priced at 10c, 25c, 50c, \$1, and \$5 each. Purchasers will be given pocket albums in which to mount them. An album containing 75 of the 25c stamps has a cash value of \$18.75, and can be exchanged for the smallest of the Defense Savings Bonds, which will be worth \$25 in 10 years.

The Defense Savings Bonds, issued in denominations of \$25, \$50, \$100, \$500, and \$1,000, will mature in 10 years. The Series F Savings Bonds, intended for larger investors, will be issued in denominations of \$100, \$500, \$1,000, \$5,000, and \$10,000, and will mature in 12 years.

The third of the bonds, the Series G Savings Bonds, will be issued at face value, in denominations similar to the Series F. These bonds will bear interest at the rate of 2 1-2 per cent for a 12-year term.

## TOTAL FOR YEAR OVER SIX INCHES

Deluge Breaks Terraces; Heavier Falls Reported From Other Vicinities

Continued rainfall during the past six days gave Memphis another 2.52 inches of moisture to run the total amount received this year to 6.77 inches—the most rainfall in the four months since 1926.

With the exception of Wednesday, Memphis and Hall County had had rain every day in the week from Friday of last week through Tuesday.

Terraces were reported broken, creeks were up, and for a while it was feared the Red River bridge near Estelline might be in danger of a wash-out if another rise came down the river.

Most of the farmers were jubilant over crop prospects for next fall. Some few, however, who failed to get the weeds plowed up before the rains started, were worried about the rapid stride in growth the weeds are making.

Although Memphis got 2.52 inches during the past week, the falls were reported as heavier in a number of places in the county. Some reported more than three inches at Estelline, and about the (Continued on page 4)

## Library at Turkey To Have Formal Opening Saturday

New WPA-City Project To Remain Open Six Days Each Week After May 3

Formal opening of the new public library for the City of Turkey, sponsored jointly by the city, the WPA, and clubs, will be held Saturday afternoon, it has been announced. The program will be given on the recreation center platform on Main street, and will begin at 3 o'clock.

The library, however, will open its doors Saturday at noon and will remain open until 5 in the afternoon. After Saturday, the same hours will be maintained during six days of the week.

Principal speaker for the formal ceremonies Saturday will be C. E. Edgers, who will outline the part the library can play in the national defense program.

Lee Vardy, superintendent of the Turkey public schools, will be master of ceremonies. Invocation will be given by Rev. J. F. Johnston. Mrs. W. C. Gilmore, chairman of the library board, will respond to the main address by Mr. Edgers. Other platform guests who have been invited are members of the commissioners court, Judge M. O. Goodpastor, W. B. Morrison, Burl Bell, Tracy Davis, and Roy Russell.

The City of Turkey is furnishing the room for the library, and a number of improvements in it have been made. Co-sponsors of the library are the Gnavus Study Club, with Mrs. B. B. Phillips as president; the 1929 Study Club, Mrs. D. Armstrong, president; and the City Federation, Mrs. C. A. Russell, president.

## T. E. Noel Elected Rotary President

Thomas E. Noel, who has served the past year as vice president, was elevated to the office of president of the Memphis Rotary Club to succeed E. E. Roberts, in the annual election of officers held Tuesday at the regular meeting.

Named vice president was Harry D. Delaney. Allen C. Dunbar was elected secretary-treasurer to succeed J. Henry Read, who has held that office several years. Directors will be the officers, the retiring president, E. E. Roberts, and O. V. Alexander, E. E. Cudd, Ed Foxhall, and Tomie M. Potts.

### Two More Counties in Texas Benefits of Food Stamp Plan

Two more Texas counties will benefit from the food stamp plan, following the announcement of the USDA's Agricultural Administration.

The counties are Wilacy, Mason, Jones, Briscoe, Garza, Howard, Baylor, Garza, Bastrop, Denton, Grayson, Denton, Johnson, and Henderson.

These 22 counties, which were included in the 1940 census is 730,000, and that there are 41,690 families, receiving assistance in the operation of the plan.

The plan was announced by the department's purchase of supplies during the first two weeks of April. These foods included 9,160,000 pounds of dried beans, 175,000 cases of canned grapefruit segments, 528,335 cases of canned grapefruit juice, 1,109 tons of fresh grapefruit, 264 boxes of oranges, 150,529 bushels of fresh apples, 272,998 bushels of white potatoes, 15,000 tons of raisins, 696,000 pounds of cheese, 75,444 cases of eggs, 1,760,000 pounds of dry skim milk, 1,760,000 cases of evaporated milk, 9,540,000 pounds of lard, 6,045,500 pounds of pork products, 153,000 barrels of white flour, 178,000 bushels of oats.

These foods can be used for domestic distribution to public aid families and for free lunches, to meet requests from the Red Cross for shipment to war refugee areas, for transfer to other countries under provisions of the Lend-Lease Act, or for release upon the market when this is desirable.

### Father of Pastor At Plaska Dies

A. B. Cooper of Coleman, 79, father of Rev. Albert Cooper of Plaska, died last Sunday night after an illness of almost 18 months.

Funeral services were held Tuesday afternoon. Rev. Cooper is pastor of the Plaska Methodist Circuit.

### Bill Terry Learns It Pays To Be Nice to the Dodgers

BY ART BRONSON

BILL TERRY is learning. Back in 1934, sweet William made a famous remark about the Brooklyn Dodgers. He said: "Are they still in the league?" This classic innuendo immediately took its place among such famed quotations as "Fire when ready, Gridley" and "I'll moider da bum."

The boomerang behind Terry's innocuous query is history now. The men of Brooklyn knocked his "Jints" right out of a pennant, caused him to become one of baseball's most ridiculed members.

Comes 1941 and a reporter asks Terry: "How does Brooklyn look to you this year?"

Bill Terry . . . won't talk.

BILL smiles, a sweet, toothy, heart-warming smile. "They look just fine," he asserts. "Great ball club. One of the best. Most improved in the league. Should win the flag. Yessir, a real snappy outfit—and don't forget to quote me."

Of course, that gets back to Brooklyn. Everything gets back to Brooklyn. A few of the Brooklyn charge Terry with gross appeasement. But not the Dodgers. They are deeply appreciative.

The season opens—New York versus Brooklyn. The Giants win the first. They win the second. The Dodgers are hurt. Maybe they're not as good as Terry said they were.

But Bill just smiles. "Great ball club that Brooklyn," he mutters. "One of the best . . ."

EVERY baseball afternoon 45,000 bucks sits down on the Philadelphia Athletics' bench and watches a ball game.

His name is Benny McCoy. One year ago, Commissioner Kennesaw Mountain Landis made him a free agent, cut him off the Detroit Tiger roster.

He was free to bargain for himself, and he made Shylock look like a tin horn. No less a personage than the erudite Cornelius McGillicuddy captured Mr. McCoy. And it looks like Connie really booted one.

A young chap named Crash Davis is currently playing second base for the A's. McCoy snared grounders before the game, indulges in hitting practice, takes a shower—but he doesn't play.

Seven major league clubs aren't even interested in him at \$7500—the waiver price.

Benny McCoy probably will wind up in the minors this year. But he still has the 45 grand—and a lot of memories.

Feature of this new swim suit of pure silk is that it weighs less than four ounces and dries almost instantly. Best feature, of course, is Grace De Vita, Brooklyn, who modeled the suit at the Spring Festival of the St. George Swimming Club.

### Brooder House for Chicks Should Be Thoroughly Clean

Extension Expert Outlines Points of Sanitation in Caring for Small Chickens

In establishing a poultry flock, sanitation starts before the chicks arrive.

Geo. P. McCarthy, Extension poultry husbandman for A. and M. College, says the brooder house should be thoroughly cleaned by sweeping walls and ceiling, removing all dirt, and thoroughly disinfecting it with a good commercial disinfectant. A suitable disinfectant can be improvised from one can of concentrated lye in 20 gallons of water—the nearer boiling the better.

The floor and walls of the brooder house should be thoroughly scrubbed up to about two feet above the floor and, if space is available, skid it at least 20 yards to clean ground. Similar practices of sanitation should continue throughout the entire brooding period.

"There is no place that efforts expended in keeping things clean will pay a larger dividend than in raising chicks."

McCarthy offers chicken raisers these bits of advice and caution: Put the brooder in the house and operate it two days before the chicks arrive. Make sure it holds an even temperature of 95 to 98 degrees two inches from the floor at the edge of the hover.

Round off the corners of the house to prevent chicks from piling in corners. Have a fresh supply of chick

starter on hand so chicks can be fed as soon as they arrive. A good commercial buttermilk starting mash is recommended. Don't economize on chick starter mash.

Don't buy more chicks than your house will take care of.

Don't allow chicks to become chilled in transporting from hatchery to brooder house.

Don't forget that the brooder house should have an abundance of fresh air without drafts.

### Wichita Falls Golf Tourney May 3, 4

Invitations to the annual Wichita Falls Junior Chamber of Commerce golf tournament have been received by many golfers of this city and territory.

The tournament will be held this week-end, May 3 and 4. It consists of 18 holes qualifying Saturday and 36 holes medal play Sunday. All entries will be placed in flights of 24, so the poor golfers have just as good chances at the prizes (same in all flights) as the good shooters.

Incidentals of the tournament include \$100 worth of six-bit balls to be given for birdies on qualifying rounds and a stag party Saturday night. It's all included in the \$2 entrance fee.

### Portion of Tree From Foard County Battleground Sent to Local Minister

Cynthia Ann Parker, the famous white girl who lived for more than 24 years with an Indian tribe, may not have had much to do with Hall County, but at least there is something in Memphis now which she might remember if she still lived.

That "something" is the remains of a tree which once stood on the battlefield in Foard County where Cynthia Ann was recaptured by the white people in 1860.

The tree was cut down in 1937 by an order of the Foard County Commissioners Court, and turned over to Rev. E. L. Yeats, local Methodist pastor, who was then pastor of the Crowell Methodist Church.

The latest thing which Rev. Yeats has made from the wood is a gavel, which he recently presented to the Memphis Rotary Club.

The large part of the tree trunk was made by Rev. Yeats into a monument, a plaque placed on it, and the structure placed in the hall of the courthouse in Crowell, where it still stands.

Only recently, the smaller portion of the trunk—that portion from which the limbs branch—was sent from Crowell to Rev. Yeats. He plans on cutting the stump into smaller pieces and making various articles, such as the gavel, from the wood.

Farmers in a South Plains cooperative marketed 1,250,000 pounds of cheese manufactured in their plant during 1940. Their cheese scored highest of 34 other plants selling to the southwestern division of a national cheese company.

Raw salads are necessary because they provide the important Vitamin C, which is a factor in preventing pyorrhea.

Texas produced 14,362,000 pounds of cheddar cheese in 1939.

same was reported from Turkey.

Heaviest of the falls in Memphis came Monday night, when .86 of an inch fell. Friday's moisture totaled .18 of an inch; Saturday, .72; Sunday, .18; and Tuesday, .58.

This morning's clouds were once more hovering over Memphis, and scattered showers were reported for West Texas. Wednesday the sun came out, and no rain fell.

The rain this week ran the total for the first four months of this year to 6.77 inches. Of this, 3.04 fell in April, and the remaining 3.73 inches in the other three months. The total this year is the highest since 1926, when 7.13 inches fell. Nearest to this figure before this year and since 1926 was the 5.35 inches which fell in the first four months of 1931.

### Tax Injunction—

has been filed by Swaim with County Clerk Murray Dial. Local citizens, however, in a mass meeting and later with members of the commissioners court, opposed the contract. Last week several citizens asked for an injunction to restrain the collecting firm from carrying out the contract, and also to restrain the commissioners from approving the surety bond. The injunction was granted, and the Swaim firm filed the motion to dissolve the injunction.

It was reported this week that Swaim will be present for the hearing. He has had the three commissioners who signed the contract summoned as witnesses.

Named as plaintiffs in the petition for the injunction were J. P. Montgomery, H. E. Tarver, N. E. Burk, R. H. Crawford, and S. B. Pallmeyer. Attorneys for the plaintiffs are J. M. Elliott, C. Land, W. J. Brazz, John Deaver, J. O. Fitzjarrald, and Sam J. Hamilton.

The attorneys for the plaintiffs have been gathering evidence for their case during the past few weeks, it was reported. Several trips have been made to other counties in the interest of the tax controversy.

reader of this column phoned me this week to say something about it in this column. She said with tears in her voice that one gets disheartened and tempted to give up in disgust. I gathered from her tone of voice that she doesn't like to have her flowers ruined. Parents of children might caution them a bit and thus prevent them from overrunning other people's property. It is thoughtless on the

## Triumph Over Prejudice

International Uniform Sunday School Lesson for May 4. Text: Acts 8:1-8, 14-17, 25.

IT was a great day for the Christian church and for the world when a young man named Saul appeared upon the scene. He comes before us as a young man, zealous and intense, even to the point of fanaticism, aroused in his intolerance against disciples and preachers of the new way, who seem to him to be corrupting the ancient faith and the ways of Israel. In his persecuting zeal, he stands by, holding the garments of those who stoned Stephen to death.

THERE is always hope for a young man who is in dead earnest, no matter how mistaken his views may be. Unless he is a sheer fanatic in whom there is a touch of genuine madness, it is almost certain that something will occur to appeal to his

## Health Broken; Now He Praises Hoyt's Compound

Nervous, Acid Indigestion, And Night Risings Are Things of the Past, Says Ponca City Man

Mr. W. M. Klaus, 703 North Union St., Ponca City, Okla., states:

"I recommend Hoyt's Compound. I spent considerable time in the Panama Canal Zone, and was broken down in health when I returned to the United States. Malaria fever had undermined my health, but since taking Hoyt's, I feel a great deal better. I was nervous, suffered from acid indigestion, and couldn't sleep. Now I sleep better. There's no more belching from indigestion, and I don't have to get up nights. My nerves are much better. To anyone who is suffering as I did, and who is in a nervous, run-down condition, I recommend Hoyt's Compound. It is a wonderful medicine!"  
Hoyt's Compound is sold by the Tarver Drug Store, and by all leading druggists in this area.

**T**ODAY IS THE DAY which marks the opening of the campaign to sell Defense Savings Bonds, issued by the United States government, to the public.

The public, of course, means you and you—the people who comprise the population of the one remaining democracy which has not become actively engaged in the world conflict.

The way things are stacking up now the United States will not be free from active participation in the conflict for a much longer period of time. Our help is being sorely needed by the Allies who are fighting to retain the freedom they so fervently cherish.

To be of any help to this same group of people, it is necessary that the United States prepare—prepare not only men to fight, but also materials which may be used in fighting.

Preparing to aid in manslaughter seems to be a horrible thing to do, and it is. Yet we cannot stand by without preparation and see ourselves pulled into a war when we are not ready. Self-preservation comes first in almost every person's mind.

To prepare for such a gigantic enterprise requires money. The United States government has no way of raising this money except by taxes and by borrowing. Taxes alone cannot produce enough revenue quickly enough, so money must be borrowed. The Defense Savings Bonds are the answer.

When a person borrows money, he naturally goes first to the man who has that money to loan. If the loan cannot be obtained in one lump sum, it may become necessary for him to go to a number of people—and get some from each of them.

Such is to be the policy of the federal government.

Every person will be able to participate in the financial drive, since bonds may even be bought on the "installment plan" by purchases of stamps—to be sold in denominations as low as 10 cents each.

First of the series of bonds are those which are called Defense Savings Bonds. They will be issued in maturity values of \$25, \$50, \$100, \$500, and \$1,000, and will mature in 10 years. The smallest of these bonds will sell now for \$18.75, and at maturity in 10 years will be worth \$25. The others will bear the same rate of interest.

The next group is the Series F. Savings Bonds, which are intended for larger investors and which will sell at higher prices. They will mature in 12 years.

The Series G. Savings Bonds, which are the next group, and are to be issued at par. They will bear interest during a 12-year term at 2 1/2 per cent, which will be paid semi-annually by treasury check.

The stamps mentioned above will be priced at 10c, 25c, 50c, \$1, and \$5 each. Purchasers will be given pocket albums to mount them, and the albums, when filled, may be traded for one of the Defense Savings Bonds.

In other words, there will be a way for every person, no matter what his financial standing may be, to aid in the financing of the national defense program.

The President has said that conditions are not going to be normal during the coming months, that every citizen of this democracy will have to make sacrifices. Purchasing of the bonds is being made possible to every person, from the bootblack to the Wall Street capitalist, and no one will have to make too great a sacrifice in the purchases.

CULLED FROM THE DEMOCRAT'S EXCHANGES

#### Nail Polish

Virginia Anderson in the Shamrock Texan: New shades in nail polish are named "Chilibeau," "Hot Dog," "Black Mask," and "Cherry Coke." Makes you kind of hungry.

#### In the Near Future

The Quannah Tribune-Chief: There are growing indications in Washington that the administration is embarking on a quick campaign to make the American people more acutely aware of the dangers which President Roosevelt feels would confront this country if Germany wins the war.

#### Lindbergh

The Floyd County Hesperian: Had Chas. A. Lindbergh wanted to incite America to war he could not have done a better job of it than to issue the statement of his last week which in effect said the United States cannot whip the Nazis. The American people believe that the United States can whip the world! And that the United States will do so if and when it has to whether they are right or wrong that is what they think. In the words of one of our advertisers, Ask your neighbor.

#### No Nothing

E. E. Hayley in the Saint Jo Tribune: It is said that on an island in the South Pacific there are no taxes, unemployment, crime, beggars, jazz bands, radios—or inhabitants.

#### CIOers

The Canyon News: If there has ever been any doubt in your mind about CIO, just read the resolutions passed by the state convention in Fort Worth. Texas has had no strike trouble, because CIO has not been strong in this state. But the organization is composed of communists, who would like to overthrow the Democratic form of government. In this convention the new strike legislation was condemned, and Governor O' Daniel was recommended for retirement; conveying ships was condemned; support was offered against the deportation of Harry Bridges; formation of newspaper guilds were recommended. The sooner the United States gets rid of the CIOers, the quicker the defense program will become effective.

#### Love

The Plainsman in the Lubbock Morning-Avalanche: That Girl on Broadway says it sure would be fine if love was as easy to keep as it is to make.

#### True Friends?

The Tulsa Herald: Deliver us from the friend who is forever

#### They Know Better

The McLean News: There is no use in a man thinking he has all the knowledge on any subject. The rest of the folks know better.

#### Skirts and Clouds

Gertie Haskett in the Childress County News: Skirts are to be shorter because of the war, thus proving again that every cloud has a silver lining.

#### Barking

Ed Bishop in the Dalhart Texan: In my mail today: What's the use of having a dog if you are going to do all the barking yourself?

Answer: If you don't bark, who cares whether you are around?

#### Paving for Hedley

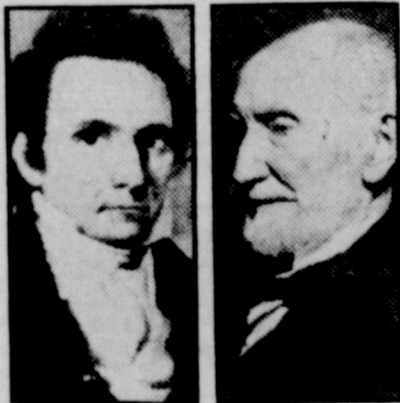

The Hedley Informer: A group of business men met with the City Council last Thursday night to discuss the possibility of getting street paving for Hedley. It was stated that we can secure this paving with government help by putting up cash amounting to about one-third of the total cost of the project.

#### Optimistic Note

The Stanton Reporter: The farmer is going at his work a-whistling and a-singing, if he does have to replant his cotton and such like. He has a gold mine underneath his planter (at present, anyway) in the form of lots of moisture in the ground, which bespeaks a flourishing start-off toward making a crop for another

### America in Action

Ships like these 33,000-ton battle-wagons will be dwarfed by new 55,000-ton flying fortresses, seven of which are to be part of our two-ocean navy. The recently launched S. S. North Carolina is the first of the new battleships to be completed.

## World's Greatest Navy Will Defend Both Shores Against Any Aggression

By David A. Stein

UNCLE SAM has swung into action swiftly, in building a two-ocean navy. The largest, most formidable fighting fleet ever to sail the seas under the flag of one nation is now under construction.

Orders have been placed for 201 new ships—each unit more formidable than its counterpart in any other navy. The S.S. North Carolina, recently launched, is the first of seven new battleships of 55,000 tons each. The floating fortresses will be 10,000 tons heavier than any other leviathan on the seas and will hurl projectiles faster and in heavier salvos than any other ships.

At present, six aircraft carriers are in commission and four more are under construction.

The new program calls for eight more carriers, to make the United States Navy more powerful in the air than any other fleet.

Present cruiser strength of the navy is far ahead of any other nation. We have 37 cruisers in commission, 21 under construction, and 27 more will be built. A total of 253 destroyers are in commission and under construction, and orders have been placed for 115 more.

When the building program is completed, we will have 185 submarines. While Nazi Germany and Fascist Italy probably have more submarines than the United States, they are small, short-radius craft, while ours are fleet submarines that can go anywhere with our surface fleet.

The U. S. naval strategists have planned the naval building

program to give the United States a 5 to 3 superiority in the Pacific, and a 4 to 3 superiority in the Atlantic. The United States will have a fleet in each ocean capable enough to protect us against any possible aggression, naval experts believe.

THE air arm of the navy now has on hand or on order more than 6000 planes, with 4000 more coming. When completed, the naval program will provide a total of 15,000 planes.

And so, the greatest fighting force afloat will protect both shores of the United States. America in action is powerful, alert, ready.

(This is the second in a series of articles on "America in Action." Watch for future articles in this newspaper.)

## Poison Aids Tree Growth in Belts

J. E. Gable, prominent and well-known farmer southeast of Lakeview, who planted over two miles of shelterbelts in 1939 and 1941, expressed a strong belief in the use of poison to prevent trees from being damaged by rabbits and gophers.

In Memphis Saturday to obtain poison grain to place in his shelterbelts, he reported that he has found it possible to protect his trees 100 per cent with the poison grain.

By using this method last year, he eliminated all damage by rabbits and gophers and states that he does not intend to work his trees all summer and then let the rodents destroy them.

He said that he was impressed by the fact that survival on his belts was greater than others planted at the same time where similar precautions were not used.

# SURE OF THE DAY'S Largest Catch?

It's HARD to tell... but EASY to pick a winning oil

IT'S A FISH STORY that the barefoot boy with the bent-pin hook will pull 'em in faster than the man with the costly rod and reel. It is merely a lucky break for the boy when he does get most of the bites.

But you don't need any lucky break to help you pick a winning oil for your motor. It's an oil that hundreds of thousands of motorists have gone for, hook-line-and-sinker. This is why:

When you want our best oil, we told them, you don't have to choose from the many oils Phillips makes because we frankly point out to you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, pick a winner by asking for Phillips 66 Motor Oil.

# FINAL ARRANGEMENTS ARE MADE FOR HALL COUNTY MUSIC FESTIVAL

Final arrangements were made this week for the County Music Festival, to be held Friday night at 8 o'clock in the Memphis High School gymnasium.

The program will have the theme of "God Bless America," and will be divided into three parts. The first part will consist of numbers by the following groups or persons: Don Monzingo, entire group, boys chorus, Bridle Bit melody band, Buffalo Flat tonette band, Ted Bruce, Parnell harmonica band, Plaska rhythm band, Lesley rhythm band, Zora Mae Sweat, E. L. McQueen, and Ila Sue Davis.

The second portion of the program will have numbers by the massed primary chorus, Pleasant Valley chorus, county chorus, massed upper chorus. Part three will be folk dances by students from Pleasant Valley, Brice, Bridle Bit, Newlin, and Weatherly.

## O'Brien, Trussell Speak in Assembly

Rev. Dick O'Brien, pastor of the First Baptist Church of Stamford, and Joe Trussell of Brownwood spoke to an assembly of high school students Tuesday morning at 11 o'clock. Mr. Trussell led the student body in singing the chorus, "Every Day with Jesus," and sang two solos, "If I Have Wounded Any Soul Today" and "His Eye is on the Sparrow." Rev. O'Brien made a short, impressive speech to the students.

Approximately 55,000 dry holes have been drilled at a cost of over one billion dollars by Texas oilmen in their search for additional oil reserves.

## Housekeeping Aid Needs Furniture

The WPA Housekeeping Aid project in Memphis is bringing to the town something like \$1,000 per month in wages, and about 25 women are employed, a Democrat representative found out when he visited the project on West Main street Wednesday. The money being brought to Memphis through the project is not the greatest consideration, it was learned. Women learn how to make an abode (be it ever so humble) a livable home even under reduced circumstances. They learn to sew, cook, keep house, wait on the sick, and to do those inexpensive things that go toward making the home attractive.

A number of these women act as nurses and housekeepers for families in distress, and through such work impart to others the knowledge obtained at the aid project, and thus spread the desire for better living conditions. The several rooms at the project have been equipped with many home-made articles of furniture, demonstrating how people of restricted means can fix up their own homes. But it has been decided that many people do not have the necessary carpenter tools to make the furniture. So the supervisors are asking for suitable furniture that will be suitable for one- and two-room houses, and will use such in fitting the rooms as they are usually found in homes occupied by people of small incomes.

People who have discarded any kind of furniture, such as iron beds, tables, chairs, oil stoves, etc., will be doing a noble deed if they will donate such articles to the project. Mrs. Ross Gentry, local supervisor, and Miss Joyce Harvey, district representative, stated Wednesday.

# April Shows New High Hit for Food Stamp Issuance

**Total of \$20,710 Worth Is Distributed in County; Previous High \$14,936**

Distribution of food stamps in Hall County hit a new high during the month of April, when a total of \$20,710 worth were given out, R. L. Madden, issuing officer, said today. Of the stamps issued, \$11,650 were of the orange denomination—the type which has to be bought—and the remaining \$9,060 in the free blue stamps.

The previous high month was September of 1940, when \$14,936 in stamps were issued, Mr. Madden said.

The cause for the increase in the distribution is probably due to the installation of the new plan of giving out the stamps, the issuing officer explained. Under this plan, only a very few blue stamps are distributed to those who do not buy the orange stamps, thereby creating a tendency for those on the eligible list to earn more money and thus be able to purchase more stamps.

In a few isolated cases—cases in which there is sickness within the family or some similar trouble—the blue stamps are sometimes issued alone. In these cases, however, the necessity of issuing the stamps must be certified by an order from the County Welfare Office.

The new plan provides that WPA workers who are employed on some job may buy orange stamps and receive free blue stamps equal to half the amount of orange stamps bought. In the old-age assistance cases where there is only one person in the family, the ratio is the same. Where there is more than one in a family, however, the ratio of blue stamps to orange stamps ranges higher.

## FSA Makes Plans For Defense By Farm Families

**Early Gardens Are Part of Administration's Plans For National Defense on Farms**

National Defense for the many farm families in Hall County who are cooperating with the Farm Security Administration, doesn't mean digging air raid shelters, carrying gas masks or learning how to shoot members of an invading army, according to Bessie Mae Love, Home Management Supervisor for the FSA.

"National Defense and home defense to these people," Miss Love said, "means digging frame gardens, carrying sacks of fertilizer and learning how to shoot and destroy inadequate diets." Miss Love announced this week that now is the time for farm families to begin raising early gardens—frame gardens—in order that they may have a long and enjoyable season of fresh vegetables chockful of fresh flavor, minerals and vitamins.

"Frame gardens," she said, "have long since passed the experimental state and the era of doubt in the minds of farm families. Last year there were a number of new frame gardens put in by FSA borrower-families in Hall County. This year," she continued, "we are in a campaign to try to have a frame garden on every farm where the family is working with FSA."

Miss Love explained that the frame garden is not intended to replace the old-fashioned regular out-door garden. The frame garden, however, makes it possible for families to have a sufficient supply of fresh green vegetables long before and long after the usual garden season. She recalled that several families in this county had fresh vegetables from their frame gardens for Christmas dinner.

"Adequate diets aren't the only benefits to be derived from frame gardens," Miss Love declared. "Almost everyone knows that food takes the biggest item in the budget of the average city family. Although a daily diet well-planned and well-cooked is worth a whole medicine cabinet full of pills, good gardens—frame and otherwise—means money in the bank for every family."

When Miss Love lauds the farm wives of Hall County for their enterprising efforts at gardening, she saves a few bouquets for the farm men, too. "Some of our best helpers in the garden work last year were the farm men because they have come to realize that home gardening is much more than a hobby for the women and children in the family. They were quick to learn that the garden crop is actually one of the chief crops on the farm and an integral part of the family's farm-and-home plan," Miss Love said.

## Dr. Humphrey Lee of S.M.U. Speaks At Lakeview Methodist Conference

Approximately 250 delegates and visitors attended the district conference of Methodist churches held Tuesday at the Lakeview Methodist Church.

Headlining the program was an address by Dr. Humphrey Lee, president of Southern Methodist University of Dallas, who told the group that the church was the "something" on which a permanent good habit might be tied.

The other main speaker was Ray H. Nichols of Vernon, who is the Northwest Texas conference lay leader. Nichols gave the layman's viewpoint of making the church a progressive institution. The district which was meeting includes churches in Donley, Gray, Wheeler, Collingsworth counties.

Reports made at indicated much progress during the conference. Dinner was served in the High School auditorium, with the Lakeview Methodist church members as hosts.

During the session, Rev. Pearce was licensed to preach, and one other man was licensed to preach. The band played new producing horizons as oil fields last year.
