Out-Numbered, Disease-Ridden, Hungry And Exhausted--

Bataan's Heroes Collapse

New Formula May Solve India Issue

Hindus And British Near Understanding On Temporary Government

NEW DELHI, India, April 9 (AP)—A general understanding on the main points at issue between the British and politically articulate Hindus appeared to be at hand today, with reported assent by leaders of the all-India Congress party and the Hindu Mahasabha to establishment of a national government for India.

Such a government would serve India pending the post-war dominion status offered by Britain.

Britain's chief negotiator, Sir Stafford Cripps, was understood to have telegraphed Vinayak Damodar Savarkar, president of the Hindu Mahasabha, asking if that organization of political moderates had any objections to joining a national government.

Savarkar was understood to have replied through the governor of Bombay, Sir Roger Lumley, that his organization had no objections, even though it still opposed a clause in the British plan allowing provinces to remain outside the proposed Indian union.

It was reported that the Mahasabha would get two seats in the national government.

Reports on the status of the negotiations with the Congress party, the dominant political group, varied between statements that "a general understanding is nearly reached" and that it was "as good as reached."

Local Crude Impractical For 100-Octane Gas

Lack of certain crudes in this area make it difficult and impractical for Cooden Petroleum Corp. to produce the wonder-fuel—100 octane gasoline—J. Blount Mull, technologist for Cooden said in an address before the Kiviana club Thursday.

Explaining the fuel, Mull pointed out that it would produce 20 to 25 per cent more power if the engine is not reduced in size, or better still it permitted equal power in smaller engines, an important factor in aircraft.

Many plants, he said, are experimenting with 110 to 120 octane fuel, but that such potent mixtures would necessitate new type engines which might not be readily made without an extensive retooling program which might slow up defense production.

J. T. Sitchler, accompanied by Helen Duley, sang several numbers.

R. L. Tollett, Cooden president and who was in charge of the program, explained a new policy of better employer-employee relations which he believed paid big dividends. Next week's program will be in charge of Harry Hirt and will have to do with the observance of Golden Rule week.

Copper Screening Stocks Are Frozen

WASHINGTON, April 9 (AP)—All stocks of copper screening in the United States were frozen in the hands of retailers today by the War Production Board.

British Counter-Attack In New Libyan Flare-Up

NAA Chief Will Visit In Big Spring

Capt. Gill Robb Wilson, Washington, D. C., president of the National Aeronautical association and one of the originators of Civil Air Patrol, will be here during the weekend for the joint state-wide meeting of CAP and the Texas Private Flyers association, it appeared Thursday.

He advised Dr. P. W. Malone, chairman of the chamber of commerce aviation committee and who is in charge of the program for the parades here, that he and possibly others would fly from the national capital to attend the meeting.

At the same time came word that some 30-35 members of the Ninety-Niners—women's pilot organization—would come to the meeting, holding a special meeting as well as attending sessions of the TFFA. The Ninety-Niners draw membership from Texas, Oklahoma, New Mexico, Arkansas and part of western Louisiana.

With the issuance of training operation directives, flights from several squadrons of CAP over the state were due to come, weather permitting. San Antonio officials advised Thursday that they expected several flights to fly from that area.

Plane reservations to date stand at 23 and personnel registrations at 31, said Dr. Malone. He added he would not be surprised if the number of private craft putting in here for the meeting reached 100 by Saturday evening.

Two British Cruisers Sunk

LONDON, April 9 (AP)—Two British 8-inch-gun cruisers, the 10,000-ton Cornwall and the 9,975-ton Dorsetshire whose torpedoes finished off the German battleship Bismarck little less than a year ago, have been sunk by Japanese bombers ranging the Bay of Bengal and battering at thin-stretched British naval communications to India, the admiralty announced today.

The shock of the loss of the two powerful ships rubbed the grit off the admiralty's announcement two hours earlier that a British submarine had sent a 10,000-ton Italian cruiser to the bottom of the central Mediterranean.

Marshall Talks To British Army Chief

LONDON, April 9 (AP)—General George C. Marshall, U. S. army chief of staff, conferred throughout this morning with Lieut. Gen. Sir Alan Francis Brooke, chief of the imperial general staff, presumably on grave developments in the eastern Mediterranean area and on the Burma front.

Harry Hopkins, chairman of the British-American munitions assignments board, conferred with William A. Harriman, war production representative in Britain, and talked with Foreign Secretary Anthony Eden.

Soviets Report Hitler Throwing New Forces Into Spring Campaign

By The Associated Press

Britain's desert armies, swiftly countering the threat of a new drive by 125,000 troops under Field Marshal Erwin Rommel, were reported seizing the initiative with attacks on advanced axis positions in North Africa today, while at sea, the British reported the sinking of a 10,000-ton Italian cruiser in the central Mediterranean.

A London admiralty communique said that a British submarine torpedoed the cruiser, which was escorted by destroyers and aircraft, and that eight minutes later the warship "was heard to break up and sink."

Premier Mussolini's high command acknowledged that the British were counter-attacking on the Libyan front, but asserted they had been beaten off.

British headquarters in Cairo said that British troops were engaging axis forces at Sidi Breghis, about 75 miles southwest of Tobruk, and that other British columns had captured a number of axis troops between Tmimi and El Gazala.

El Gazala is 40 miles west of Tobruk; Tmimi 20 miles farther west.

"The enemy did not attempt to advance further yesterday," British headquarters said.

On the Russian front, Soviet dispatches reported that Adolf Hitler was already throwing his spring-camouflaged tanks and newest 1943 planes into the struggle and that Red army fighters and anti-aircraft gunners had destroyed a total of 345 Nazi planes in 16 days.

The Russians said 139 German transports assigned to supply isolated Nazi troops on the northwest front—in the bloody Staraya Russia sector where the German 16th army has been trapped for weeks—had been blasted out of the skies.

"Landing grounds in the neighborhood of Lake Ilimen became a cemetery for German Junkers 52's," said the Soviet army newspaper, Red Star, adding that the Germans had transferred heavy aircraft from France and North Africa to help relieve food and munitions shortages at key bases.

A bulletin from Hitler's field headquarters, which lately has been stressing Nazi offensive operations, reported tersely today that "various powerful attacks by the enemy were repulsed" on the Moscow and Leningrad fronts.

In aerial warfare, RAF bombers pressed their spring offensive against the Reich, attacking the key port of Hamburg and other objectives in northwest Germany as well as the docks at Le Havre in German-occupied France.

The British air ministry acknowledged the loss of six bombers in the night forays.

Use Of Rubber Further Limited

WASHINGTON, April 9 (AP)—Use of rubber covers or rubber sealing rings in containers for packaging more than 40 groups of products, including coffee, tea, tobacco, candy, spices and various sauces, was prohibited today by the War Production Board, effective May 9.

Beginning ten days from today, the order further provides, no rubber product or compound may be purchased or used for manufacture of glass jar covers for these products.

Gas Delivery Cut In East And Northwest

WASHINGTON, April 9 (AP)—The War Production Board today ordered gasoline deliveries to service stations in 17 eastern states, Oregon, Washington and the District of Columbia cut one-third compared with average deliveries last December, January and February.

The curtailment compares with a 20 per cent cut already in effect, resulting from tanker sinkings and transportation shortages.

In addition to the states already affected, WPB included the city of Bristol, Tenn., on grounds that Bristol was partly in Virginia—which is in the curtailment area—and partly in Tennessee, which is not.

The new reduction, effective April 16, will require proportionate reductions in gasoline deliveries during the latter half of April.

The seventeen eastern states affected are Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia and West Virginia.

Meanwhile, Secretary Tokes, the petroleum coordinator, told his weekly press conference that rationing by use of cards might be avoided if the public cooperated in the filling station supply limitation program.

"If this works satisfactorily," he said, "we may go to Mr. Henderson (the price administrator) and say there is no need for card rationing."

Last Of City Water Warrants Paid Off

The City of Big Spring was done with its warrants Thursday.

City Secretary H. W. Whitney picked up the last of the \$30,000 block of warrants issued in 1937 for waterworks improvements, issued payment therefor, and prepared to write the obligation off the books.

Probably this will be the last such warrant obligation, for such sizeable issues now must come under the head of bonds, subject to a vote of the people. The warrants, payable \$1,000 on April 6 and Oct. 6 of each year, drew five per cent interest.

Big Spring Area Escapes Weather Ills

Rain Brings Only Good Here; Floods Threaten Some Areas

A beaming sun smiled on the fortunate Big Spring area today while spring rainstorms threatened to bring floods in other sections of the state.

Although snow fell for three hours early this morning, temperatures remained a fraction above freezing so that crops and fruit trees were not damaged.

Snow mixed with rain began falling at 12:30 a. m. today, continuing until 3:30 a. m. For about an hour midway during this period, snow alone was falling, but melted as it struck the ground.

Ranchmen reported no losses of newborn lambs up until last night, and the situation then was not generally known.

Some rural telephone lines were down north of Big Spring this morning.

An additional 40 inch of rainfall between noon Wednesday and daybreak Thursday brought the total precipitation for the week to 1.70 inches here.

Clear skies gave promise that farmers would soon be in the fields to start putting in crops under favorable conditions.

Elsewhere rains that began as a blessing to farmers and ranchers had caused four deaths and brought about damage in some sections.

The three-day total of rain at Tyler was six inches, and highways in East Texas were closed.

Highway 110 between Tyler and Troup was closed at Mud creek. Flagmen slowed traffic on highway 15 between Tyler and Dallas where the Neches river was rising rapidly.

Cypress creek left its banks to flood the Tyler-Mount Pleasant road near Gilmer.

The danger of flood at Wichita Falls lessened. Holiday creek and the Wichita Falls river apparently had reached their crests and were falling. Water Superintendent G. M. Norris said little additional rise, if any, was expected for the creek, and Wichita river was still in its banks. Rainfall since Monday in the Wichita Falls area was 4.25 inches.

Cold rain and snow fell alternately over the South Plains yesterday. At Lubbock, there was 1.58 inches of moisture within 24 hours, and it continued snowing and raining last night.

Amarillo's communication with the outside world was partially cut off by unusual spring weather disturbances which sent streams out of their banks and disrupted rail and highway traffic.

More than 100 telephone circuits to the Panhandle city were out of service. Emergency shortwave radio transmitters and receivers were rushed by the company from Dallas and Kansas City.

Four men working on a Stano-land lease near Nocomo, marooned a day and a half by high waters, were rescued. Fred Schell, company superintendent, and two other men affected the rescue by means of a motorboat which approached the rig through eight feet of water.

Four privately-owned planes were damaged last night when high winds whipped them loose from their moorings at the municipal airport in Fort Worth.

36,853 Soldiers Killed Or Captured

WASHINGTON, April 9. (AP)—Secretary of War Stimson reported today that Lieutenant General Jonathan Wainwright's force on the Philippine's Bataan peninsula numbered 36,853 effective troops when their resistance apparently collapsed.

The secretary indicated at a press conference that the bulk of this force had been either killed or captured.

President Roosevelt has authorized the Philippine commander to make any decision he deemed necessary in the light of events, Stimson said.

Stimson told reporters that latest reports from the Philippines indicated that Corregidor and the other fortifications guarding the entrance to Manila Bay still stood, but declined to make predictions as to how long they could hold out.

"This is only a temporary loss," Stimson said. "We shall not stop until we drive the invaders from the islands."

Attempts Made To Reinforce Defenders But Many Ships Lost

Stimson said the figure of 36,853 effective was in the report received yesterday from General Wainwright. He stressed that this figure included only the men fighting on Bataan at that time.

Excluded were American and Filipino troops guarding the defenses of Corregidor and the other islands, the wounded, nearly 20,000 civilian refugees, and some 6,000 Filipino laborers who were non-combatant.

Stimson disclosed that under the direction of Brigadier General Patrick J. Hurley, former secretary of war who is now

minister to New Zealand, urgent efforts were made beginning last January 11 to reinforce the beleaguered Philippine forces.

From a base in Australia, several ship loads of supplies were sent to the Philippines, and part of these supplies reached Corregidor and Bataan.

"But for every ship that arrived, we lost nearly two ships," Stimson said.

Because of these supplies, the defenders were never short of ammunition, the secretary said, but had been on short rations.

Resistance Likely To Continue By Small Forces On Luzon, Mindanao

Stimson said he saw no reason why resistance by isolated, relatively small forces should continue in northern Luzon, on the island of Mindanao and elsewhere where blows have been struck, aside from further defense of Corregidor.

The war department's sober early morning communique stating "the probability that the defenses of Bataan have been overcome" was the latest news the war department had received up to 9:30 a. m., Central War Time, today, Stimson said.

"Our troops, outnumbered and worn down by successive attacks by fresh troops, exhausted by insufficient rations and the disease prevalent in that peninsula, finally had their lines broken and enveloped by the enemy," the secretary said.

"We do not know the details of what has happened since that communique, but it is evident as stated therein that the defenses on Bataan have been overcome."

"A long and gallant defense has been worn down and overturned."

"We have nothing but praise and admiration for the men who have

conducted this epic chapter in American history."

Stimson emphasized also that both General Wainwright and General Douglas MacArthur, his predecessor, had nothing but praise for the Filipino soldiers who had been fighting side by side with the Americans.

President Roosevelt's message to General Wainwright, he said, was sent yesterday. In the message, Stimson said the chief executive expressed his "full appreciation of the enormous difficulties confronting General Wainwright and told him he had nothing but praise for his method of conducting the defense and for his soldierly conduct throughout."

Stimson said the president told Wainwright that "any decision he reached now would be in the interests of the country and the splendid troops he commanded."

The war secretary said he discussed the exact figures for the effective in the final stage of the struggle because he anticipated there would be "great exaggeration by the Japanese of the number of men who have gone down."

200,000 To 300,000 Japanese Believed In Attacking Forces

Stimson declined to estimate the numerical odds against which the defenders fought. Earlier reports had indicated the invaders had at least six divisions on the peninsula. The total enemy strength on Luzon has been estimated at from 200,000 to 300,000.

The defenders had no air support of any substantial size recently, Stimson said, adding, "that is what made the outcome

practically a foregone conclusion."

The secretary said the efforts to aid the defenders from outside were undertaken as soon as General MacArthur had taken his position on the peninsula in early January, when "we began to take steps to make his stay as long as possible."

Federal Order Blocks New Construction

Building Here Must Stop Unless City Named Critical Zone

A drastic government order blocking virtually all new construction work, private and public, except for the war effort, went into effect today—and the ban includes Big Spring unless and until the city is declared a "critical area" because of the new flying school.

The War Production board's order prohibits any residential construction other than maintenance and repair work if the cost is \$500 or more, forbids any new agricultural construction of \$1,500 or more, and specifies that no type of construction—commercial, industrial, highway or utility, whether publicly or privately financed—can be started if the cost is more than \$5,000.

Only exemptions are in cases where specific government permission might be granted. The \$500 limit refers to a 12-month period, and does not permit \$500 this month, another like amount the next, and so on.

Meanwhile, moves toward making a housing need for the flying school have continued, with chamber of commerce officials conferring with FEA representatives and an agent of the National Housing agency. The latter, Joe Blanton of Dallas, whose office has issued priorities in "critical areas," said that this city's first step is to determine actual need for construction, this to be ascertained from a survey.

Government priorities under any circumstances will be only for industries designed to take care of civilians, and military employees permanently connected with the school, and these likely would not be issued for some time. If and when Big Spring is declared a "critical area," priorities might be issued which would permit construction to house defense workers.

Those in charge of the survey here—and a listing of every available house, apartment and bedroom is wanted by the chamber of commerce—pointed out that repair and maintenance jobs up to \$500 can be continued, and that perhaps several rental properties could be altered or put in shape for such a sum and then be listed as available quarters.

Wardens, Firemen Get Instructions

One hundred city and county air raid wardens and auxiliary firemen turned out Wednesday evening for the preliminary party which headed up a series of five classes to be given for these volunteers in civilian defense.

E. B. Bethell, who helped map out the basic organization, said that starting next week, classes would be held each Wednesday evening under E. C. Gaylor, assistant fire chief, and his staff of instructors.

The first class will be on salvaging, the second on first aid, the third on knots and ladders, the fourth on use of ladders, and the fifth on incendiary bombs and fire prevention.

At the Wednesday meeting were 19 county air raid wardens, 60 city wardens and 21 city auxiliary firemen.

Horror Reigns In Air Raid On Unprepared Mandalay

(Editor's note: The first part of the following dispatch from Daniel De Luca, Associated Press correspondent in Burma, has not been received. His gripping, eye-witness account, however, indicates that a great area, perhaps most of the storied city of Mandalay has been laid waste by Japanese bombers with unchallenged control of the skies. (De Luca's story presumably refers to an attack April 3 which the British have said caused no military damage.)

By DANIEL DE LUCA ALLIED ARMY HEADQUARTERS IN BURMA (Delayed) (AP) The drone of enemy planes almost overhead was the only warning that Mandalay's quarter million in-

habitants received of impending danger. Sticks of bombs exploded with ear-splitting thunder before more than a few persons could dive into narrow slit trenches which provide inadequate shelter from air attack.

Bomb fragments rained down on the squalid, teeming Indian and coolie refugee camps on the north side of the railway yards. The corners of a big brick civil hospital and buildings near the station were blasted into dusty rubble.

A line of bungalows behind the hospital was smashed to bits. The roof of the Princess of Wales hospital in the same street was blown in.

One wave of bombers finished their work and as fire mushroomed in scores of wrecked buildings a second wave came over. There was no opposition.

The hot breeze that usually fans dusty, sprawling Mandalay at midday spread the flames swiftly through block after block of the dense wooden tenements of Chinatown and into palm-fringed Buddhist monasteries, where blazing timbered shrines crashed down on recumbent statues of Buddha.

The fire spread eastward into a district of elegant two-story bungalows owned by rich Burmans.

Lepers fled from the Wesleyan and Catholic asylums. Buses sprang up around the Methodist and Baptist churches and the Catholic cathedral. They all were soon smothered.

Inside the Mandalay fortress, the hospital and barracks in the southeast corner caught fire. Sweating Indian riflemen bore the wounded to safety on their backs.

Under a rain of embers, screaming, burning men, women and children flung themselves through the purple water hydrants into the fortress' shallow moat.

Engineers in fierce heat, planted dynamite charges and blew up buildings in an attempt to limit the holocaust before all Mandalay was destroyed.

British army engineers and British and Indian crews saved hundreds of freight cars. Wounded men helped carry out the salvaged job. A British captain with a bomb splinter in his right arm filled my jeep with gasoline opposite a

burning two-story Indian foodstore and told me of a detour which would let me deeper into the fire area.

"You can slip a stretcher across the jeep," he said. "There are people lying around in the streets in the middle of that bloody thing."

I drove through an alley near the fire-cloaked civil telegram headquarters and raced along the east side of the native bazaar which had not yet burned, although shops across the way were cracking and the jeep had to dodge hot sheets of tin roofing falling on the sticky asphalt road.

The bodies of dead bullocks swollen drumhead light littered the way. By a tangle of wires under a telephone pole I saw

the bodies of two Indians. Their legs were burned to stumps. A decapitated Burman woman lay sprawled by the drain in front of a native teashop.

Two priests, protecting their shaven heads with flaps of their orange robes, stood by a garden well staring mutely at the disaster.

Near the American Baptist boys school, at the edge of the southern limits of the fire, another jeep rolled up driven by a smoke-grimed British captain.

"I'm with the sappers but got separated from my unit," he said, "so I started ambulancing."

A thousand yards into the fire, at the corner of 8th street and 21st road, two wounded, staggering Chinese appeared. One held

up the fingers of both his hands. He was telling me there were ten more in the neighborhood. Both floors of the American Baptist Mission's Little Memorial hospital were filled with victims. Indian, Burmans and Chinese. More arrived in what seemed to be an unending procession of horror.

Magazines Wanted For Troop Trains

Local residents were reminded Wednesday by VFW Auxiliary officials that the supply of magazines for the troop trains has been exhausted. Magazines are collected at the shoe shop in the Douglas hotel building. Fiction, picture magazines, and all new and up to date magazines are acceptable.

Magazines are collected at the shoe shop in the Douglas hotel building. Fiction, picture magazines, and all new and up to date magazines are acceptable.

'One-To-Three' Pictures Will Close This Week

Rainy weather cut down on the number of entries in the Personality Child contest Wednesday but new appointments were made for today and throughout the week for the second age group of over one year and under three division. Johnnie Marie Rhodes, year and four months old daughter of Mr. and Mrs. Bill Rhodes, was first to be photographed for the day. Mary Ann Nugent, year and three month old daughter of Mr. and Mrs. F. Nugent; James Howard Stephens, year and two month old son of Mr. and Mrs. H. H. Stephens, and Robert Evans Holladay, year and ten month old son of Mr. and Mrs. V. E. Holladay, were all photographed for the event. Entries for the second age group will close Saturday at the Kelsey Studio and parents were reminded to make appointments for their children in this group before the last day.

Musical Program At Masonic Meeting

A special musical program has been arranged for a meeting of the Masonic lodge this evening, at the Masonic hall, features to include selections by a local quartet. The session will begin at 7:30. All members are urged to attend and the public is invited.

The Matanuska agricultural colony of Alaska has a growing season of about 115 frost-free days per year.

In Concert Here—The Libbey family band from California will be featured in an evangelistic band concert at the Main Street Church of God Thursday night at 8:15 o'clock. The band composed of ten members of one family will play marches and hymns. String and vocal numbers including a girls trio will precede the Bible message. Billed as an old-fashioned family preaching the old-fashioned gospel, the group urge that parents bring their children to this unique and interesting program.

Frank Pool To Close Out After 36 Years Here

After nearly a half century in the food merchandising business, Frank Pool thinks it's about time to take a rest. The veteran food store man thus has revealed plans to close out his stock in Big Spring, and is announcing in today's Herald a close-out sale with all items at special prices. Disposal of his store will mean the termination of the oldest food store continuously operated by one man in Big Spring. Pool having been in business here for 36 years. His place is located at 417 East Third street, across from Stryker Motor company. "We are planning a special sale as one means of appreciation for the patronage and friendship we have enjoyed through 36 years of business in Big Spring," Pool said. Over a long period, it has been a pleasure to serve Big Spring people. Pool said that his store-wide sale included many items at a price below replacement cost.

Solons Talk At Eastex Rally

SULPHUR SPRINGS, April 9. (AP)—Thousands of unity-minded Texans bent on hearing from congressional leaders a direct report on arms production gathered here today at a rally designed to weld public opinion of the state solidly behind the war effort. The principal speakers were Rep. Sam Rayburn of Bonham, speaker of the national house of representatives, and Rep. Wright Patman of Texas, both of whom are in the state during the congressional Easter recess. Special trains and buses from north and northeast Texas cities braved high water and adverse weather to converge here for the rally scheduled to start at 2 p. m. with a parade. Several hundred came from Dallas in a special train carrying political and business leaders from central and north Texas. The unity rally was called several weeks ago after a meeting of 27 business and professional men here. They passed a resolution calling for unity instead of indignation and for full support of congress and the president in the war effort. Prime movers behind the win-the-war gathering were J. K. Brin, Texas democratic party leader; County Judge W. B. Kitta; and Charles E. Ashcroft, Hopkins county chairman of war savings stamp and bond sales. Expected for the rally were Attorney General Gerald Mann; Railroad Commissioner Ernest O. Thompson; Myron Block, national democratic committeeman from Texas; Frank Scofield, state director of war stamp and bond sales, and other political and business leaders. Stores and schools here and in other northeast Texas cities closed for the occasion.

America's Triumph Assured, Is Result Of Club Debate

Indulging in a forum type of meeting, Lions club members Wednesday argued whether America has something which will enable it to overcome the fanaticism of Shintoinism, the patriotic religion of Japan. Joe Pond led the discussions, giving background material on the origin and conceptions of the Shintoin religion, how it teaches divinity of the emperor and that death is better than failure of any enterprise undertaken in the emperor's name. More than a dozen members of the club engaged in what turned

out to be a pretty one-sided debate, and finally concluded that America's calm faith in its democracy, its love of freedom and Christianity would meet the test when soldiers of this nation are pitted in comparable force against the Japanese.

Reduced Travel Hits State's Gas Tax Revenues

George Sheppard, Texas' popular comptroller, was on one of his periodic visits to Big Spring Thursday, this time to study effects of wartime travel restrictions on the state's gasoline tax revenues. Sheppard pointed out that state gasoline tax collections for March were \$500,000 under the total of March, 1941, and that last month was the first since enactment of the levy in 1933 in which gas tax revenues had not gained over the corresponding month of the previous year. It is reasonable to conclude, Sheppard said, that further declines in revenues will be shown this year and next. The comptroller is studying to what extent the state highway bond assumption program will be affected by the curtailed revenues.

Market Strong In Livestock Auction

Although inclement weather limited the number of offerings, sales were exceptionally good at Wednesday's auction of the Big Spring Livestock Commission company. Buying representatives of packing houses were on hand to pay good prices for better classes. With the market strong, the

turnover reached about \$19,000, with some 400 head going through the pens. Stockers hit a top of \$14.25. Other prices: cows, \$3.00-\$3.50; canners and cutlers, \$5.00-\$7.00; bulls, up to \$3.00; and fat butcher yearlings up to \$2.00.

Midway Island is only about a mile and a quarter long and three quarters of a mile wide.

Now She Shops "Cash and Carry"

Without Painful Backache When disorder of kidney function, painful urination, burning, itching, redness, itching, swelling, itching under the eyes, headache and dizziness. Frequent or scanty urination with smarting and burning sensation shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 45 years. They give happy relief and will take the 15 miles of kidney tubes back into normal waste from your blood. Get Doan's Pills.

From where I sit... by Joe Marsh

Barstowkeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold mine. "But the most important thing of all," he used to say, "is to remember who's Boss!" "You may think you are Boss of your business... but you're not. The Public, your customers, are the real bosses... and you've got to run your business the way they want it." That little statement of Sam's made a big impression on me... particularly since it certainly seemed to work so well in Sam's case. And Sam isn't the only one. I see the beer industry feels the same way... certainly, the brewers believe in running their business the way you and I would like to see it run.

SEE OUR BIG EIGHT PAGE CIRCULAR—BEING DELIVERED TO YOUR DOOR

OUR ARMY AND NAVY As Uncle Sam's MOST ACTIVE PARTNER, you logically receive a Priority Rating second to none. Yours is first choice of all the vast stock of merchandise Wards sell!

Yours, by Right, is the Highest Priority Rating of Them All

Mr. FARMER . . . You are Uncle Sam's partner . . . in supplying our nation (and our Allies) with food! That's why he's given you an "upkeep" Priority for your farm. "Vittles for Victory!"

You Can Buy Tools and Equipment to Repair Your Farm Machinery!

Mr. DEFENSE WORKER You're the partner of the men behind the gun! That's why you still can buy the tools you use so well . . . to turn the wheels that soon will turn the tide! (Keep 'em turning!)

Uncle Sam Has Given You the Priority to Buy the "Tools of Your Trade."

Mr. FACTORY OWNER You are Uncle Sam's leader of "the men behind the men behind the guns." That's why he has given you Priority to buy the equipment you need, to keep your factory humming.

You Have the Priority to Purchase Tools, and Maintenance Equipment

Mr. CONTRACTOR . . . Whether your defense-work is a single new room, or a whole new housing project, Uncle Sam says you're a highly privileged customer—gives you Priority to buy what you need!

You Have the Right to Buy What You Need for Defense Housing and Remodeling Jobs.

Mr. HOUSEHOLDER . . . In the restricted fields, you can buy plumbing and heating equipment, for replacement and repair. In the hundreds of unrestricted fields, you can buy everything you need!

You're the "Uncomplaining Silent Partner"! You Sacrifice, But You Still Can Buy Plenty!

Uncle Sam is now putting

THE RIGHT TOOLS

in the

RIGHT HANDS

In This Great "Priorities" System YOU are Uncle Sam's Partner!

"What are Priorities?" "Why do we have them?" "What do they mean to me?" We hear these questions asked, today, everywhere. And the answers are really *simple*. On many important products and materials, today, the *demand* exceeds the *supply*. That's because Uncle Sam is providing the necessities for America's armed forces, as well as for our Allies. **PRIORITIES** are Uncle Sam's system for seeing that these vital products and materials are employed **WHERE THEY'LL DO THE MOST GOOD FOR AMERICA!** In making this system work, each and every one of us is a partner. In varying ways. If your job is vital to our nation, you're entitled to buy, on Priorities, the "tools" you require. If your need for these scarcities is *not* so vital, you *still* play your part . . . in temporary sacrifice . . . helping make sure these necessities go **WHERE THEY DO UNCLE SAM THE MOST GOOD!**

MAKE WARDS YOUR HEADQUARTERS FOR PRIORITIES INFORMATION . . . WE'LL BE HAPPY TO HELP YOU!

The latest Priorities rulings, and the correct interpretations of them, are sent to us here every day. If you aren't certain whether or not you are entitled to a Priority . . . or if you are puzzled by any Priorities problem . . . come in to Montgomery Ward, and let us help you. We believe we have the answers to

your questions . . . and to your merchandise-requirements as well. You will find at Wards stores, as always, a wide selection of merchandise on hand . . . many thousands of *additional* items you can order through our Catalog . . . all at the money-saving prices *traditional* at Wards for seventy years.

Serving America for 70 Years

War Board News

Hints Given For Control Of Common Poultry Diseases

The old saying, "an ounce of prevention is worth more than a pound of cure," is very true in poultry keeping. But the ounce of prevention is not "dope" sold by peddlers. The following hints will go a long way toward keeping your flock healthy.

A roost big enough to give all your birds plenty of room, and free from drafts, but well ventilated.

Proper feeding. See that your birds have fresh succulent green feed at all times. When green feed is not available then a good grade of alfalfa soaked over night. The green feed or alfalfa will furnish Vitamin A, the anti-infection vitamin. Your hens cannot lay without Vitamin A.

Plenty of clean water at all times. Notice it is to be clean water. Do not depend on dope to put in the water to make it clean.

A good poultry man. About all of the poultry feeds bearing the Texas Food Control tags are good. Don't try to keep chickens on grain alone unless you have plenty of milk for them.

Whole grain or cracked grain, the more different kinds the better. If they have access to grain they will not eat too much mash. Oats should be used in the grain ration. If they have free choice of grains, they will not eat many seeds.

Vaccinate all pullets for fowl pox as soon as the fryers are sold off. Sanitation, good feeding, including green feeds, proper housing, plenty of clean water and vaccination for preventable diseases will give you a healthy flock. Poultry medicines have their place, but they cannot take the place of these measures.

At the present time baby chicks all over the county are affected with a gassing disease. The trouble begins at one to three weeks of age. The chicks gasp for breath for a while and then choke to death.

This trouble is caused by common green mould. The spores lodge in the bronchial tubes and grow until the passage is closed. Perhaps the growth of mould in the fields last fall and water and mouldy feed are the cause.

No treatment has been found to be very effective. They can be relieved by spraying kerosene compound over the birds so they will inhale it or burning creosote dip on hot surfaces such as bricks that have been heated and placed in the brooder, and protected against the birds walking on them. All feed should be free of mould and the brooder litter kept clean and free from mould.

Many reports have been received of hens being affected in a similar manner. This in some instances, is the same trouble as that in the baby chicks. In other cases the older birds are suffering from diphtheria, an aftermath of chicken pox. If the mouth and throat are examined cheesy patches will be found. This cheesy substance may also be found in the eyes and sinuses.

This condition can be relieved somewhat by moistening the cheesy patches with hot water to which a small amount of salt has been added, then remove the patches with tweezers or a tooth pick and paint

the place with 2% tincture of iodine. But this condition could be almost entirely prevented in the future by vaccinating all young pullets that are to be kept in the flock for fowl pox. The importance of protecting pullets against fowl pox and methods of vaccination will be discussed in a later article.

There is, however, another ailment of chickens that may be responsible for part of the trouble being experienced at the present time. I refer to a condition commonly called roup. The external appearance of the bird may be very like that seen in cases of diphtheria where the eyes and sinuses are affected. In bad cases there will also be difficult breathing accompanied by a noise in the throat.

Sick birds should be removed from the flock and placed in a warm, well ventilated, room free from drafts. The affected mucus membranes may then be treated with antiseptic solutions. A special nasal irrigator for poultry is on the market, consisting of a rubber bulb to which is attached a nozzle for forcing the solution through the cleft palate and out through the nostrils.

A suitable antiseptic for this purpose is permanganate of potash 3 drams water, 1 pt. or boric acid, 1 oz., water 1 qt. may be used. If the inflammation has reached the eyes a 15 per cent argyrol solution may be dropped in the eyes.

Future Condition Of Soil Important In Present War Effort

Conservation of our soil and moisture is one of the most important things in our present war effort. This is true from the standpoint of range land as well as cultivated land.

Of first importance in our present effort is the production of more of the things that are needed to carry on the war and then we must consider the after-effects and what we are going to do when the war is over. Do we want another dust bowl like we were faced with not so long ago? During the last World War a large acreage of land that was unsuitable for continued cultivation was broken out for wheat because there was a wheat shortage. The dust bowl followed and now there is a large acreage of abandoned land where World War I wheat fields grew.

Good conservation farming will greatly increase the products that we need in this war and tend to leave the soil more stable when conditions become normal again.

We have plenty of cotton, wheat and corn. We need beef, pork, dairy and poultry products, and vegetable oil.

Proper care, management and feeding will take care of most of the needed increase in all items except vegetable oil and it seems that peanuts is the main source for this increase. A peanut crop is recognized as one of the greatest hazards we have in promoting wind and water erosion and generally depleting the soil. In order to prevent another dust bowl following World War II great care should be exercised in properly managing the peanut crop so that the hazard will be minimized.

Building, Keeping Health Is Patriotic Duty Of Americans

Building and keeping health is the first duty of every patriotic person. A good diet is necessary for health. Milk tops the list of foods needed for this good diet as given in the Texas Food Standard. Every young person needs a quart a day and many older people need that much. Every adult should have at least a pint a day.

Milk is known as one of the protective foods because of its vitamin and mineral content. Milk is one of our best sources of calcium, a mineral necessary for bone and tooth development and health. It's also a good source of phosphorus which is needed for all living cells.

Vitamin found in all yellow and green foods and in the cream of milk protects the health of the eye and the lining of the nose, throat, and bronchial tubes. That is a person having plenty of Vitamin A is not likely to suffer from bad colds and night blindness. Of course milk differs in the amounts of these nutrients depending on the kind of feed the cow has.

One quart of milk furnishes as much energy as nine eggs or three fourths of a pound of beefsteak, or six and one-half oranges, or two pounds of potatoes. If milk is taken in the place of other solid food it will not add surplus fat.

General belief that milk is fattening food and detrimental to girlish figures is a lot of nonsense. It is the excess of food, not milk itself, that fattens, yet many people, particularly women, deprive themselves of dairy products because of this false idea. In a reducing diet, it is necessary to cut the food intake of calories to the desired number; however, certain quantities of minerals, vitamins, and protein foods are essential in maintaining vigorous health. The

WMU At Knott Sends Box To Orphans' Home

KNOTT, April 8.—The Woman's Missionary Society of the Knott Baptist church met Monday afternoon for the regular first Monday Bible quiz program. A report from the president, Mrs. J. T. Gross, was given on the orphans' home gift made by W. M. U. and the church. The specified garments were bought, together with 26 pounds of clothes and two cases of eggs. Present were Mrs. Roy Phillips, Mrs. J. T. Gross, Mrs. L. C. Gibbs and Mrs. Herschell Smith.

The program given by Mrs. Shirley Fryar for the Hwy home demonstration club when it met in the home of Mrs. R. A. Brown, was on "Getting Vitamin B into the Diet." Present were one visitor, Mrs. J. D. Hanson and Mrs. Don Hasberry, Mrs. J. E. Brown, Mrs. Shirley Fryar, and the hostess, Mrs. Brown.

Billie Marie Ciyburn, daughter of Mr. and Mrs. Ciyburn, who is attending school at T. S. C. W. at Denton spent the weekend with her parents.

Donald Phillips, son of Mr. and Mrs. J. W. Phillips, Jr., has been absent from school this week with an attack of tonsillitis.

Home for the weekend from Sul Ross, Alpine, were Jo McGregor, daughter of Mrs. J. J. McGregor, and Edna Mae Motley, daughter of Mr. and Mrs. Jim Motley.

Iris Dunlop, teacher of Garner, spent the weekend with her parents at Lubbock.

Miller Nichols who has been under medical treatment for the past several weeks with an eye ailment underwent surgery at the Big Spring hospital Friday and returning to his home Tuesday evening.

Word has been received from Mr. and Mrs. W. M. McCauley and family that they are now settled in their new cafe business at Artesia, N. M.

Mrs. Farris Bass and son Johnnie is spending several days with her parents, Mr. and Mrs. John Fry, at Lubbock.

Mr. and Mrs. Jake Gross have returned from Denton where she has been to be at the bedside of her brother who has been gravely ill.

Margaret Burchell, who is attending school at Abilene spent the weekend with her parents, Mr. and Mrs. Wiley Burchell.

Betty Rae Fryar, daughter of Mr. and Mrs. Shirley Fryar, and Doris Roman, daughter of Mr. and Mrs. E. L. Roman, who attends Tech at Lubbock spent the weekend here with their families.

During the electrical storm Sunday evening lightning struck a barn on the farm of Mr. and Mrs. Clarence Fryar, setting it afire. A considerable amount of feed and several cows and calves and pigs were destroyed.

Radio operators holding Class "A" or "B" licenses may be enlisted in the Naval Reserve as petty officers.

nutrition authorities tell us that foods necessary are milk, eggs, fruits, and vegetables.

Now the question is, how are we going to use this milk? There are a dozen or more answers. A quart a day can be used for each person in cooking. Most of us can drink a quart a day and like it. Good clean cold milk makes any meal better.

Two New Members Join Lions Club Auxiliary At Luncheon Meeting

Two new members, Mrs. C. A. Shaw and Mrs. A. W. Storrs, met with the Lions Club Auxiliary Wednesday at the Settles hotel for luncheon.

Hostesses were Mrs. Burke Summers, Mrs. Bill Edwards, Mrs. C. J. Staples, Mrs. John Ratliff and Mrs. Z. L. Blue.

A novel game was played with Mrs. W. M. Gage and Mrs. Larson Lloyd named as prize winners.

Entertainment committee selected included Mrs. Edwards, Mrs. Neal Stanley, Mrs. Lloyd, and Mrs. Escol Compton.

Mrs. Earl Corner was present as a guest.

Hostesses for the next luncheon are to be Mrs. J. O. Vineyard, chairman, Mrs. Jack Smith, Mrs. Randall Pickle, Mrs. Joe Pickle and Mrs. Don Penn.

Others present were Mrs. C. W. Deats, Mrs. Randall Pickle, Mrs. Lawrence Robinson, Mrs. Jack Smith, Mrs. Compton, Mrs. John Ratliff, Mrs. C. J. Staples, Mrs. C. L. Henry, Mrs. Neal Stanley, Mrs. Dan Conley, Mrs. Paul Darrow, Mrs. Schley Riley, Mrs. Alfred Collins.

Mrs. Cecil McDonald, Mrs. H. W. Wright, Mrs. P. W. Malone, Mrs. Boyd McDaniel.

VISITS AND VISITORS

Hollie Williams of Dallas spent Wednesday and Thursday visiting in Big Spring.

Mrs. W. M. Taylor had as a guest until Tuesday, Mrs. D. M. Pinnell, Jr., and son of Odessa.

Mrs. Jack Hodges of Odessa spent Wednesday here visiting with Mrs. J. B. Hodges, Sr.

Lillian Eubank returned Wednesday from Abilene where she spent the day.

Mrs. Pearl Branch of Denton will arrive here Thursday for a visit with her sister, Mrs. C. M. Shaw, and family.

Mr. and Mrs. J. O. Vineyard left Thursday accompanied by Mrs. J. T. Lamberson of Clarendon for a visit in Corsicana with Mrs. Vineyard's brother and family, Mr. and Mrs. Adrian Williams. They will return Sunday.

Mr. and Mrs. Lee Jenkins and family and Mrs. W. O. Sorrella, and Mrs. Lucille Johnson, both of Hot Springs, Ark., spent the weekend in Artesia, N. M. Mrs. Sorrella and Mrs. Johnson returned to their home today.

Mrs. Loy Thompson and Mrs. Roy Markham, both of Hollywood, Calif., spent Wednesday night visiting with Mrs. D. S. Orr. They left Thursday for Abilene where they will visit relatives.

Mrs. A. Polacek and son, Fred, and Mrs. Carl Bauer spent Tuesday visiting in Odessa with Mr. and Mrs. I. G. Haines.

Betty Lee Eddy has returned home from Albuquerque, N. M. where she visited a few days with friends.

James Slaughter spent Easter vacation with her parents, Mr. and Mrs. Jess Slaughter, on their ranch near Ft. Hancock.

Mrs. Chester Mathewson is ill at her home.

Miss Laneous Notes

Thoughts When We Should Be Working

The little prairie flowers that inhabit this vicinity are certainly reviving with the advent of the rain. The population looks positively refreshed with the rain in the air.

Wish there were some way to be a superman and get those men in Bataan all the planes they need to bomb the Japs into submission. It seems so darn unfair.

Wonder why people are so like people. India squabbles while the Japs attack her shores. Like the man and his wife in a boat who had a scrap over whether the proper term was scissors or shears. In the excitement he fell overboard and drowned but as he went down for the last time he managed to move his fingers in the form of scissors.

Almost as good: Truck loads of army supplies are being held up on the highways through certain states due to the fact that the trucks are over loaded. While men die for want of equipment, some smug man says "it's the law," and the trucks go back to re-load.

Wonder why folks get so excited over atrocity stories attributed to the Japanese. The missionaries from China have been writing and telling these stories for the past four years. But then they were just missionaries and the victims were just Chinese so nobody worried except the missionaries.

Sometimes we think that the only thing that defeats nations is the people that inhabit them, not the enemy. The enemy hasn't the power to inflict the losses that a self-centered, avaricious people can cause themselves.

Big Spring Hospital Notes

Mrs. A. E. Johnson, Coahoma, was admitted for treatment.

Mrs. Jack Schaffer, Route One, was admitted Wednesday for treatment.

Bud Maxwell returned home Wednesday following a month's stay in the hospital.

W. W. Davis, Luther, has been dismissed following surgical treatment.

J. B. Kimble underwent surgery Thursday.

Walter Zimmerman, Luther, had surgery Thursday.

Mrs. A. D. Friday's condition is improving following eye surgery. J. L. in y. Bumgarner received treatment Thursday.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizziness, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given Laxative-Senna in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Music Study Club Ends Program On American Composers At Session

The last program of a series on American music was given for the Music Study club Wednesday in the home of Mrs. Anne Gibson Houser with Miss Elsie Willis as leader.

"Our Lighter Musical Moments" was the theme of the program introduced by Miss Willis.

Mrs. L. S. McDowell accompanied by Miss Willis sang "And a Little Child Shall Lead Them" by Charles K. Harris.

Mrs. J. P. Kenney and Mrs. Stormy Thompson played a duet, "Stars and Stripes Forever," by Sousa.

Mrs. Carl Strom, accompanied by Mrs. Harry Hurr, sang "Roses of Picardy" by Hayden Wood.

Mrs. J. H. Kirkpatrick played selections from "Student Prince" by Sigmond Romberg.

A sextet from the high school band, directed by Dan Conley, played "Stout Hearted Men" from the operetta "Now Moon" by Romberg. Conley also announced the plans of the Lions club to sponsor an entertainment course for next year.

Music Week will begin May 4th with a piano ensemble program it was announced.

Others present were Roberta Gay, Mrs. S. H. Gibson, Mrs. Bernard Lamun, Mrs. C. W. Norman, Mrs. J. H. Parrott, Mrs. Omar Pittman, Mrs. King J. Sides, Mrs. R. V. Middleton, Mrs. Larsq Lloyd, Mrs. W. K. Edwards, Jr.

Daughter Born To The Marion Doves

Word has been received here of the birth of a daughter to Mr. and Mrs. Marion A. Doves of Luke Field, Arizona. The mother is the former Betty Jane Douglas, daughter of Mr. and Mrs. Derrel Douglas of Big Spring, and Mrs. Douglas is with the Doves.

The baby girl, born Thursday morning and weighing five and one-half pounds, has been named Virginia Lynn.

Defense Stamps Are Prizes At Pioneer Bridge Party

Defense stamps were given as prizes when Mrs. Albert Fisher entertained the Pioneer Bridge club at the Settles hotel Wednesday.

Mrs. E. O. Ellington won club high score and Mrs. George Wilke won high score for guests. Mrs. G. T. Hall was also present as a guest.

Refreshments were served and others present were Mrs. Shine Phillips, Mrs. J. D. Biles, Mrs. W. W. Inkman, Mrs. R. C. Strain.

Mrs. Joyce Fisher is to be next hostess.

Calendar Of Weeks Events

THURSDAY
X. Y. E. CLUB will meet at 7 o'clock at the Settles hotel with Mrs. Douglas Orme and Mrs. J. M. Woodall as hostesses.

FRIDAY
WOODMEN CIRCLE, Howard Grove 963, will meet at 8 o'clock at the W. O. W. hall.

LADIES GOLF Association will meet at 1 o'clock at the Country club for luncheon.

MODERN WOMAN'S FORUM will meet at 8 o'clock with Mrs. W. J. McAdams, 211 Dixie.

SATURDAY
HOWARD COUNTY MD Council will meet at 2 o'clock at the county agent's office.

JUNIOR MUSIC Study Club will meet at 10:30 o'clock in the home of Mrs. Stormy Thompson, 710 W. Park.

1880 HYPERION CLUB will meet at 8 o'clock in the home of Mrs. Z. S. Thompson, 611 White.

Kongential Klub Uses Easter Theme At Party

Easter tallies were used and Easter baskets of candy were given as favors by Mrs. Bill Edwards who entertained the Kongential Klub in her home Wednesday.

Mrs. C. B. South and Mrs. D. A. Watkins joined the club as new members. Mrs. J. O. Vineyard won high and Mrs. Bert Shive second high score for members. Mrs. Sam Hefner won guest high score and Mrs. R. W. Hallbrook binged.

Other guests were Mrs. Ollie Anderson, Mrs. E. C. Boatler, and Mrs. Herschel Petty.

Hydrangeas were used throughout the entertaining rooms. Others playing were Mrs. Jack Smith and Mrs. Escol Compton.

Mrs. Hallbrook is to be next hostess.

Mother Singers Have Last Rehearsal Before Convention

The last practice session before the district conference in Sweetwater was held Wednesday by the Parent-Teacher Association Mother Singers at the First Methodist church.

The Mother Singers will sing at the Tuesday evening session of the convention with other Mother and Father Singers of the district.

Attending were Mrs. G. W. Chown, Mrs. M. A. Cook, Mrs. Joy Stripling, Mrs. Buel Fox, Mrs. Randall Pickle, Mrs. Bernard Lamun, Mrs. H. G. Keaton, Mrs. Ray C. Clark.

Ely See Club Meets With Mrs. McEwen For Bridge Games

Mrs. D. M. Penn was included as only guest when the Ely See club met in the home of Mrs. R. McEwen Wednesday for bridge.

High score went to Mrs. McEwen and second high to Mrs. J. E. Young.

Refreshments were served and Mrs. Leo Rogers was named as next hostess.

Others playing were Mrs. Victor Martin, Mrs. Tom Ashley, Mrs. R. B. Biles, Mrs. R. L. Beale.

MINER DIES

OKLAHOMA CITY, April 9 (AP)—Lucius DePee, 71, former miner and rancher, died yesterday after a year's illness.

Ex-Navy man under 90 years of age may enlist in the Naval Reserve in rating in which discharged or now qualified to hold.

Tuesday and Thursday, 7:30 o'clock to 9:30 o'clock at the East 4th St. Baptist church. Two classes taught by A. C. Reed and Otis Griffith.

Monday and Thursday, 7:30 o'clock to 9:30 o'clock at the Red Cross Headquarters. C. J. Lamb instructor.

Dos Por Ocho Club Includes Four Guests At Sewing Session

Lilies, bridal wreath and iris decorated the home of Mrs. H. V. Crocker when she entertained the Dos Por Ocho club in her home Wednesday.

Four guests were present and included Mrs. Dora Scott, Mrs. Rebecca Casey of Fort Worth, Mrs. Guy Stinebaugh, Mrs. Herbert Johnson.

Knitting, crocheting and embroidery were entertainment. A dessert course was served and Mrs. C. L. Roden was named as next hostess.

Others present were Mrs. Ches Anderson, Mrs. Ollie Cordill, Mrs. Pat Sullivan, Mrs. M. S. Beale, Mrs. R. L. Pritchett, Mrs. Hollis Webb, Mrs. Garner McAdams, Mrs. C. Y. Clinckales, Mrs. R. F. Bluhm.

Surprise Bridal Shower Given For Newlyweds By Club

A surprise bridal shower was held for Mr. and Mrs. Rayford Gillman in their home by the J. F. F. club Tuesday evening. Mrs. Gillman is the former Opal Martin.

Refreshments were served and gifts presented to the couple. Others attending were Norma Rogers, Tink Collier, Joyce Powell, Anita Cate, Toka Williams, Billie Cain, Alva Marie Powell, Mary Alice Oak, Joe Allen Wilkerson, Cecil Ray Ivey, W. F. Harrell.

Sending gifts were Jeanette Christensen, Norma Lee Eames, La Verne Marshall, Leslie Christensen.

Friendly Forty-two Club Presents Gift To Hostess

A hostess gift was presented Mrs. E. A. Davis when she entertained the Friendly Forty-two club in her home Wednesday.

Bridge and forty-two were played and refreshments served. Others present were Mrs. C. C. Hale, Mrs. Carl Merrick, Mrs. Pat Boatler, Mrs. Leeman Bostick, Mrs. Paul Bradley, Mrs. R. V. Foresyth, Mrs. C. E. Manning, Mrs. E. G. Patton, Mrs. Otis Johnson, Mrs. S. D. Carriger.

Mrs. Johnson is to be next hostess at her home, 1708 Donnelly.

Rainbow Sewing Club Meets To Sew For The Red Cross

A covered-dish luncheon and sewing for the Red Cross were entertainment for the Rainbow Sewing club members in the home of Mrs. Leon Chalf Wednesday.

Plans were made to meet April 22nd for an all day session in the home of Mrs. F. L. Eudy, 2306 Runnels.

Others present were Mrs. L. C. Nanny, Mrs. W. C. Peacock, Mrs. Stewart Womack, Mrs. F. L. Eudy, Mrs. Tom Stewart, Mrs. Dorey Phelan.

Three Guests Included At Wednesday Club

Three guests met with the Wednesday Bridge club when Mrs. George Hall entertained yesterday in her home. Mrs. J. C. Smith was high for the visitors and others were Mrs. S. A. McComb, and Mrs. J. J. Green.

Mrs. M. C. Lawrence won club high score. Mrs. G. C. Graves and Mrs. C. M. Shaw binged.

Defense stamps were given as prizes. Refreshments were served and others playing were Mrs. W. M. Gage and Mrs. Ray Shaw. Mrs. M. C. Lawrence is to be next hostess.

High Heel Slipper Club Makes Plans For April Dance

High Heel Slipper club members met Wednesday evening in the home of Emily Prager to make plans for a Sadies Hawaiian dance to be held soon at the Crawford hotel.

Committee reports were given and Joanne Switzer was named as next hostess.

The program was an information please quiz. Guests were Mrs. Clyde Thomas and Mariene Merwin.

Others included Mrs. King Jos McClarin, Joanne Switzer, Billie Frances Shaffer, Emily Prager, Jonanna Terry, Barbara and Marjorie Laswell, Lorena Brooks, Mary Kay Lumpkin, Verna Jo Stevens, Sara Maude Johnson, Barbara Sewell, Betty Jo Pool, Mary Ann Cox.

Mrs. Max Welch Joins Forty-Two Club As A New Member

Mrs. Max Welch, who was present as a guest, joined as a new member of the All Around Forty-Two club Wednesday in a session in the home of Mrs. Jim Harper.

Prizes went to Mrs. Buck White and Mrs. Bob Phillips.

Refreshments were served and others present were Mrs. Geady Jones, Mrs. D. S. Orr, Mrs. Guy Mitchell, Mrs. Frank Gray.

Mrs. Phillips is to be next hostess.

To relieve distress from MONTHLY FEMALE WEAKNESS

Try Egan's Finkham's Vegetable Compound. It helps relieve monthly pain with its weak, nervous feeling—due to monthly functional disturbance. It helps build up resistance against such distress of "stitch-out days." Follow label directions.

Thousands have paid \$1.00 for this thrillingly different, early blooming

LONG STEMMED

Chrysanthemum Plant

Glowing peach blossom pink chrysanthemum—3 to 5 lb. stems.

1942 Catalog Price \$1.00
New Yours, for Only

10¢

and the last inch of the band, or the paper label from Folger's Coffee

As different from ordinary cheap varieties as mountain-grown Folger's is from ordinary coffee

What a sensation it will be in your garden! A glorious new long-stemmed chrysanthemum—so thrillingly different from the ordinary, cheap garden varieties—it's potent! Very easy to grow—and guaranteed to thrive anywhere.

It's called Early Wonder—for it bursts into bloom weeks earlier in the fall. Producing giant clusters of dazzling peach-blossom pink mums year after year! Flowers so perfectly shaped you'd think they came from a florist—with long, graceful 12 to 18 inch stems ideal for cutting. Each plant gives approximately 100 flowers, grows up to 3 feet high!

Thousands have paid \$1.00 each for this Early Wonder Chrysanthemum plant. Developed by America's largest growers of greenhouse plants, Good & Reese, Springfield, Ohio—it's featured at \$1.00 in their 1942 catalog. But by acting on this offer now—you can get it for only 10¢!

And you'll get delightfully different coffee in Folger's! The vast bulk of coffee is lowland grown—but Folger's is mountain grown! So vigorous in flavor, many women tell us they use ½ less of Folger's than of other brands they've tried—and get better-tasting coffee besides! So get a can or glass jar of Folger's, then...

Here's all you do. For each chrysanthemum plant, simply mail the last inch of the unwinding band from the can, or the paper label from the Folger glass jar—with 10¢, using coupon at right. You'll receive your plant growing—6 to 8 inches high—packed in moss, with directions for planting—and printed guarantee! Order as many as you wish. Clip the coupon now—and mail without delay!

Folger's comes Vacuum Packed in 3 grades: REGULAR, DRIP GRIND, PULVERIZED

BUY FOLGER'S COFFEE

Give loads of long-stemmed, glowing pink mums. So perfectly shaped, you'd think a florist grew them!

Guaranteed to grow and bloom—by America's largest growers of greenhouse plants, Good & Reese, Springfield, Ohio. If for any reason your plant fails to thrive—it will be replaced without charge.

Through Unsung Liaison Work -- Red Cross Helps With Soldiers' Personal Problems

By MARY WHEALEY A mother worries about her son, ill in a distant army camp; a soldier applies for leave to visit his sick wife; another man in the service is reported lost to his nearest kin.

The local Red Cross has served in 300 some cases, since August, straightening tangled affairs, tackling every deserving appeal that comes along.

Cases range in variety from obtaining leaves for men due to death in the family, to finding the address for a girl who could not write her home, to assisting stranded soldiers. Always there is the check as in the case of a man applying for leave on grounds his ill wife is unable to work and faces eviction for inability to pay rent.

to come home. Requests are not always granted. In one instance leave was asked to visit a "dearly" ill relative. The physician said progress of the patient was steady and satisfactory, not alarming. Sometimes "missing" families turn out to be simply negligent about writing.

Through international branches of the organization, families have even learned whereabouts of sons who are prisoners of war. Race or color make no difference. If the case is deserving, the Red Cross handles it. If it is urgent, wires, telephone calls or airmail letters are employed in untangling the problem.

Bataan

Continued From Page 1

The American army officers who set up the base in Australia and as part of their duty the assignment to break the Japanese blockade.

"To make sure that special efforts were put into the task, former Secretary of War Hurley was put in charge and authorized and directed to make every effort possible," Stimson continued.

"Very large sums of money were placed to his credit and also to the credit of General MacArthur. It was proposed that MacArthur put in the Philippines what he could.

"General Hurley was very successful. He secured several ship loads of supplies which got into the Philippines and part of which reached Corregidor and Bataan. But for every ship that arrived, we lost nearly two ships.

"I am glad to say the defenders were never short of ammunition, owing to these efforts. Up until the last word from them, they had plenty of small arms and artillery ammunition.

"But they had been on short rations since MacArthur put them into effect January 11. This fact and long straits were a very potent factor in wearing down our troops, making them unable to rebound to the counter attacks as at first."

Stimson told questioners that no casualty totals were yet available. He made it clear that Filipinos the bulk of the peninsula defenders, the Americans being made up largely of the 31st Infantry regiment, crews of two tank battalions and units of self-propelled artillery sent to the islands last summer and fall, plus air force ground crews and sailors and marines from the abandoned Cavite naval base.

"The air force personnel numbered about 5,000 men at the start of the invasion, Stimson said. Of these, some 3,000 fought as infantrymen in the latter stages, after their planes had been put out of action or transferred to the New Guinea Islands and Australia as were a number of long range bombers.

American air losses were very heavy the first day of the invasion, the secretary remarked. Overwhelmingly outnumbered, American-Filipino defenders facing the Japs were estimated here not to have exceeded two skeleton divisions in seven days, though forced to fight continuously a day and night against an enemy able to throw fresh troops into the fray in relays.

One handicap suffered by General Wainwright was that a large proportion of the personnel behind the front lines was non-combatant, including wounded, supply troops and thousands of Filipinos who fled from their captured villages. All had to be fed from the defenders' limited food supplies.

Heavy Earthquake In The Yellow Sea

BOMBAY, India, April 9 (AP)—An earthquake of great intensity, apparently centering in the Yellow Sea between Japan and the China coast, was recorded here last night at 9:19 p. m. (1:49 p. m., EDT, Wednesday).

Weather Forecast

WEST TEXAS: Warmer this afternoon with temperatures about the same tonight as last night except not quite so cold in El Paso area and Big Bend country. EAST TEXAS: Little change in temperature tonight. Sunset tonight, 8:11; sunrise tomorrow, 7:24.

Here 'n There

Total of automobile registrations continues to stand lightly above the figures for last year. Through Wednesday, 4,154 passenger cars had been registered here this year, compared to 4,093 for the same date last year.

County Superintendent Anne Martin reported receipt of two funds for county schools Thursday: a \$1,325 payment for the state, representing \$2 more on the per capita allotment; and \$396.54 in current and \$25.58 in delinquent taxes from the county assessor-collector, being March collections.

Taki Taki! We must admit error, the typographical sort, naturally. In specializing on the school bond issue, the tax rates were set at a \$100,000 army flying guessed at 10 cents. Tax rates are pegged on \$100 base—not the \$10 as got into print. In other words, the story made it sound 10 times heavier than it really would be.

People in the south part of town complained of hearing weird and disturbing noises at 2:38 a. m. Thursday. Police investigated quickly, finally concluding that the still cleaning operation at Corden refinery was responsible. Everybody went back to sleep, perfectly happy.

Three men, who had a good racket while it lasted, were in city jail Thursday pending transfer to the county for action on checking charges. One of the trio specialized in writing worthless checks, said officers, and the other two turned them into cash at hands of unsuspecting dealers.

Back from Memphis, Tenn. where he took his wife and two children for a visit, Sgt. Troy Gibson, army recruiting officer, Thursday reported an army station wagon to be used in recruiting duties. He also announced that openings for 11 parachute troops (which pay \$50 per month bonus above base pay). Qualifications are somewhat stiffer than ordinary, but men between 18 and 30 and who are in sound condition and are aggressive can qualify.

Paving operations have been resumed at the airport where 400 tons of material daily are going in place. Possibly one fourth of the east-west runway has been topped.

Navy men serving at sea or on foreign stations receive 30 per cent increase in base pay.

Results Reported In Rat Campaign

A dozen Big Spring firms were reporting good results from the concerted rat poisoning campaign being conducted in business areas of the city, according to reports Thursday. John W. White of the rodent control service of the U. S. department of interior, was distributing the poison for concerns which have made purchases. Worst infestation appeared to be in the blocks fronting on Main and north of Second street.

Markets At A Glance

NEW YORK, April 9 (AP)—Stocks continued to limp in today's market as the war news took on a somewhat bearish appearance. Fractions were shaved off leaders at the start and losses were extended eventually to as much as 3 or more points for scattered blue chips.

Withdrawal of buyers, rather than pressure of offerings, turned trends downward. While there were brief lively intervals in the forenoon, feelings eventually reverted to sluggishness. Transfers for the full proceedings were around \$25,000 shares.

NEW ORLEANS, April 9 (AP)—Cotton futures traded irregularly here today over a moderate range. Closing prices were steady 2 to 4 points net higher.

Livestock

FORT WORTH, April 9 (AP)—(USDA)—Cattle 900; calves 400; all classes strong with spots 15-25c higher; common and medium slaughter steers and yearlings 9.00-11.25; good grade 11.50 upward with choice yearlings to 12.75; beef cows 7.50-9.50; canners and cutters 8.50-7.25; bulls 7.00-8.25; good and fat calves 11.80-12.00, lights 11.80; common and medium lots 9.00-11.00; good stocker steer calves 12.00-12.50; choice grade scarce.

Hogs 1,400; mostly 10-12c lower than Wednesday's average; top 14.40; packer top 14.25; good and choice 13.00-13.50; good and choice 12.00-12.50; packings 12.00-12.50; down, stocker pigs 8.75-9.25, 12.00-12.00.

Sheep 1,700; receipts mostly clipped lambs selling from 8.75-9.25, or steady; clipped 2-year-old wethers 7.50, other classes scarce.

Pork Price Control Puts The Small Packers In A Squeeze

CHICAGO, April 9 (AP)—Efforts to control wholesale pork prices while purchasing large quantities of pork for lend-lease export appeared today to have brought government agencies face-to-face with one of the knottiest problems yet to confront the anti-inflation program. Aroused by what they termed an inequitable situation, representatives of small meat packers convening here have sent a delegation to Washington to see if some changes can be made in wholesale pork ceilings or in agricultural marketing administration buying policies.

Trade circles said smaller packers were caught between rising live hog prices, which are at 15 year peaks, and the frozen wholesale pork price structure. Some of the smaller packers even might be confronted with the possibility of closing their businesses. The plight of the smaller packers, as they presented it at their meetings, is the result of the following aspects of the pork situation: 1. The office of price administration has placed "temporary" ceilings over 90 per cent of all wholesale pork products. This was done to protect consumers from higher pork meat costs.

DENISON, April 9 (AP)—The rubber shortage has hit Denison full blast. The J. W. Tipton Tire company received an order to vulcanize a rubber girdle. The woman's husband brought in the girdle and waited while repairs were made.

Assembly Sees School Play Contest In Play Contest

A preview of the play which will be presented at the district meet in Sweetwater in the dramatics division competition was given for the Big Spring high school assembly Thursday morning.

"Sugar and Spice," the one-act comedy, tells of the effect of Susan, who has just returned from Paris, on the Jones family.

Susan's first conquest is daughter Jane Jones, played by Maxine Moore, who has just returned from Paris, on the Jones family. Susan, Jane finds her family's lack of elegance something awful. Especially is she worried about what Susan will think of her family since she has been used to so much in "Paris."

Mr. Jones, played by Paul Kasch, and Mrs. Jones played by Betty Newton, have a hard time living up to Jane's new standards until Susan tries her wiles on Jane's playmate and the boy next door, Chump Edwards, played by Elzie Burton Boyd.

With Chump and Mr. Jones both apparently falling for Susan's technique, Jane decided suddenly that Susan is just plain Susie and nobody at all. But as the play closes, Jane is giving Susan's honey-worded conversation to which Chump off to the country club dance.

Two New Nurses At Cowper Clinic

Two nurses have been added to the staff of the Cowper Clinic & Hospital, Miss Grace White, graduate of the Parkland hospital, Dallas, and Miss Mary Alice Hobbs, graduate of King's Daughter's hospital. Miss White's family lives in Compton.

Balanced, Healthful Diet Not Necessarily Expensive

Eating a balanced, healthful diet does not mean consumption of unattractive or expensive foods, a lecture being given at USDA war board meetings by Fontilla Johnson, county home demonstration agent, is convincing listeners.

At each of the community meetings sponsored by the war board, Miss Johnson displays a table containing the foods each person should have each day. The assortment of foods is so appetizing that the listeners' mouths water. And a checkup will reveal that the needed foods are by no means the most expensive items on the gro-

cer's shelves. Many of them are among his cheapest wares.

The daily list includes:

At least a pint of milk for adults, or a quart for children. (A 13-cent quart of milk will supply as much energy as three-quarters of a pound of meat—and what meat is so cheap?)

One egg—and eggs cost only 2 cents each at retail.

One green or yellow vegetable—many of which may be had two-bunches-for-a-nickel.

One other vegetable.

One serving of potatoes—and potatoes are among the cheapest of all foods.

At least one serving of fruit.

Necessary bread.

One serving of meat—or cheese may be substituted.

One serving of butter.

One serving of whole-grain cereal—cracked maize, corn or wheat, cooked like oats.

One serving of other cereal.

At least six glasses of water.

Some sweets, but these may be made of honey or syrup to save sugar.

This list shows that the healthful diet is not difficult to attain, and not unpleasant to eat. Insufficient diet is more likely to come from carelessness, Miss Johnson's lecture shows.

Experienced construction workers are being enlisted as petty officers in the U. S. Naval Reserve.

Seven Die Of Heart Attacks During Blackout

LOS ANGELES, April 9 (AP)—Seven persons died of heart attacks and an air raid warden fell off a two-story building as the Los Angeles area blacked out an hour and 51 minutes last night. The warden was injured critically.

The blackout was ordered because of the "presence in the Los Angeles area of unidentified planes which later were identified as friendly," reported Lieut. Gen. John L. Dewitt of the western defense command, at San Francisco.

There was no gunfire, as in Los Angeles' last blackout, Feb. 25. Los Angeles and Orange counties, the only ones blacked out, doused their lights quickly and nearly 100 per cent.

Japan To Exchange Diplomatic Group

TOKYO (From Japanese Broadcasts), April 9 (AP)—Domei reported today that 63 diplomats captured today at Hongkong, including United States Consul General Addison E. Southard, would be sent home under an exchange agreement Japan has reached with the United States and Britain.

Forty-nine of the diplomats are Americans, two are Dutch, five Belgians, three Norwegians and four Canadians, Domei said.

A recent Chilean law requires that 30 per cent of all building construction costs be devoted to sculpture and decorative art.

The population of New Zealand mostly of British and Irish descent, about equals that of Detroit.

Oil Paradox Proves Costly To This State

TULSA, Okla., April 9 (AP)—The law of supply and demand is being twisted into curious shapes to meet the war-time problems of the U. S. oil industry.

This becomes apparent as the gasoline shortage in the east and Pacific northwest grows more severe day by day, while some refineries in the southwest are being closed down because of excessive stocks.

This paradox, caused by the transportation bottleneck, indicates that the most important factor in the present emergency is not supply or demand but availability.

There are abundant supplies of oil products in Texas but the loss of tankers which normally ply between the Gulf coast and Atlantic seaboard had made the movement of these supplies a virtual impossibility.

Until a solution to this transportation problem can be found, the government seems to be encouraging development of those producing areas nearest to the eastern and northwestern markets.

Michigan, for instance, has been called upon to produce more oil because of its proximity to the east.

A price increase was granted in the Appalachian district and there was a tendency to ease up on drilling restrictions to stimulate a search for new reserves.

The Rocky Mountain states, particularly Wyoming, were encouraged to greater production in the hope they could relieve the short-

age in the Pacific northwest. Meanwhile, a number of refineries in the Mid-Continent district were closed down because their storage tanks are full and there were indications that many others not producing essential war products would have to follow suit.

Texas, the nation's greatest producing state, was expected to be the hardest hit by the oil shortage, with Oklahoma, Kansas, Louisiana and Arkansas also feeling the pinch.

Lower Water Rate Has Cost City About \$20,000 In A Year's Time

Remember April 8, 1941? Perhaps you ought to, for that's the day last year when the city commission instituted a sweeping revision of its water rates.

What happened? It cost the city somewhere between \$18,000 and \$20,000.

The books show that the first year under which the system operated, water billed to consumers totaled \$117,228.71 or \$25,074 less than the preceding year under the old rates.

Only part of this decline however, can be properly laid to the door of lower rates. Consumption for the year was 287,497,000 gallons as against 304,785,000 gallons the previous year, or a consumption decline of 17,288,000.

Bill this 17 million gallons of water at the old rate of 40 cents per excess thousand and you get \$6,800, which from the actual revenue decline leaves roughly \$1,800 which might be rightfully called revenue lost through lower rates.

It also might be called by consumers "what we saved." As such, it would figure out about five per cent. Actually, the fly in the whole deal is that abnormally rainy season in 1941. Had it been dry, consumers probably would have taken their savings in water—paying just as much for more water. That's somewhat the way the city had it budgeted, but the weatherman can fool even municipalities now and then.

Special Tax On War Contracts Advocated

WASHINGTON, April 9 (AP)—A special tax on the income from military production contracts was proposed today by Chairman George (D-Ga.) of the senate finance committee to supplement congressional efforts to limit war profits.

committee will take up the profit question later this month when it meets to consider amendments to a \$10,212,000,000 military appropriation bill but George said it was his opinion that a practical curb on excessive earnings could be accomplished only through taxation.

Inclining to agree with George, Senator Nye (R-ND) said the conference committee, of which he is a member, was likely to be hampered in its work by fear lest too drastic curbs on profits slow down industrial production.

"I, for one, am not going to agree to anything that will impede production," he said, "and there is some rather conclusive evidence that production officials believe a profit limitation would do just that."

Rationed Sugar Calls For Some New Recipes For The Cookie Jar

CHOCOLATE MARSHMALLOW CRISP: No sugar, but just as sweet as ever.

By MRS. ALEXANDER GEORGE

Wide World Food Editor
Having a dessert on hand for an emergency or a regular meal is a big help to most any housewife these busy days.

So I am giving you some spring specials which can be made up a day in advance. They come at bargain prices, contain little or no sugar and yet will have a distinct flavor-appeal to members of the family or to guests.

FRUNE SURPRISE: Dissolve a package of orange gelatin in 1 cup boiling prune juice, add 1-3 cup orange juice, 3 tablespoons lemon juice and 1-4 teaspoon salt. Cool until a little thick, then mix in 1-3 teaspoon cinnamon, 1 cup sliced cooked prunes and 1-3 cup silvered almonds or other nuts. Pour into mold. Chill until needed. Unmold and cover with custard sauce, sliced oranges or plain or whipped cream.

ICE BOX SPECIAL: Soak 1 tablespoon granulated gelatin 5 minutes in 1-4 cup pineapple juice.

CHOCOLATE MARSHMALLOW CRISP

- 1-3 cup butter
 - 1-2 lb. marshmallows
 - 4 oz. (1-2 cup) semi-sweet chocolate
 - 1-2 teaspoon vanilla
 - 3 1-2 cups popped rice cereal
- Melt butter and marshmallows in double boiler. Add vanilla; beat thoroughly to blend. Add melted chocolate. Put popped rice cereal in large buttered bowl and pour on chocolate marshmallow mixture, stirring briskly. Press into shallow buttered pan. Cut into squares when cool.
- Yield: Sixteen 2 1-4 inch squares (10x10-inch pan).

Add to 3 egg yolks, which have cooked 3 minutes in double boiler with 1-4 cup sugar, 1-4 teaspoon salt and 1 cup milk. Stir until gelatin dissolves. Cool and let thicken slightly, fold in 3 beaten whites, 1 teaspoon grated lemon rind and 1-3 cup currants or raisins. Pour into glass mold, rinsed in cold water. Store in refrigerator. There are 4 generous servings.

British agriculture is being mechanized; twice as many tractors are now being used as three years ago.

U.S. Submarine Sinks Two Ships

WASHINGTON, April 9 (AP)—Two Japanese merchant ships totaling 15,000 tons have been sunk by an American submarine operating in the China sea—the 22nd and 33rd Japanese vessel destroyed or damaged by American undersea craft in the Pacific theatre.

Air Crafts School Operates At Lubbock

Training in air-crafts is available in West Texas, at the Aero-Crafts Institute, Inc., in Lubbock, which now is in operation with an enrollment of 60 students. Courses are patterned after the basic requirements outlined by the plane factories.

The institute has been incorporated, and the president is H. R. Lewis, formerly a member of the staff of the Lubbock chamber of commerce. Other officers are Frank F. Bryant, executive vice president; Mel James, vice president in charge of legal affairs; and Joseph G. Bryant, secretary-treasurer.

Don't Forget
MAXWELL HOUSE
PUTS MONEY IN YOUR POCKET

... WHEN YOU GET THE 2-LB. TIN

To save money and save shopping trips—ask for the thrifty 2-lb. tin of Maxwell House. And remember, today that famous blue Maxwell House tin gives you more flavor for your money because...

- There's more flavor in the Maxwell House blend—it's far richer in highland-grown, extra-flavor coffees.
- All the flavor is brought out by the special "Radiant Roast" process.
- No flavor can escape—it's sealed, roaster-fresh, in the famous super-vacuum tin.
- No waiting—Maxwell House is already precisely ground for every method—Drip, Regular, Glass-Maker.

It's St. Louis Over The Dodgers This Year, According To Experts

Masters' Tourney Opening Today May Be Last Until--

AUGUSTA, Ga., April 9 (AP)—Over one of the world's loveliest golf courses, the royal family of the game stars playing today in the 75-hole Masters' tournament, with the snarl of military motors overhead to remind them that this probably is the last sentimental stop at Bobby Jones' course until after the war.

Even though they have been playing against each other all winter—most of them—from the west coast across the country, the boys

seemed not to realize that the big bust-up was at hand until they landed here. Now they do, and it has given them an added incentive to win the most coveted of the titles, excepting only the open. It was a tense, tightly-wound field of 42 that teed off today.

The Masters, though it was what might be called a "manufactured" tournament to begin with, has in the last eight years taken a remarkable hold on the players. One and all, they look forward

each year to receiving one of the big embossed invitations, and when none shows up they are crestfallen. Partly, no doubt, it is because they are playing in the same field with Bobby Jones. It seems almost unbelievable, sometimes, that such mechanically perfect players as the two Texans, Ben Hogan and Byron Nelson, for instance, should stand in such honest awe of Jones. But they do, and to their credit.

Perhaps this gives another angle on the appeal of the Masters. The pairings are made with an eye for the dramatic. They do not pull names out of a hat. At 2 o'clock today Jones goes down the first wide fairway with Craig Wood, the defending champion and the 1941 open champion. They will carry the gallery to the exclusion of the Nelsons, the Hogans, the Picardis and the Littles.

And further down, playing together, will be little Bobby Cruikshank, the "Wee Scot" whom James Watson defeated in a play-off for the 1923 open crown, going around with Tommy Armour, who won in 1927. Cruikshank has just become a grandfather. The money tournaments do not produce that kind of sentiment.

That, however, wraps up the sentimental side of this tournament. Getting down to earth, the overwhelming favorite to win is Ben Hogan, a dark, sober money-winner who was born in Stephenville, Tex.

Teacher Wins Fight To Keep Her Job

HARRISBURG, Pa., April 9 (AP)—A 28-year-old school teacher has won her fight against dismissal for incompetency because she became an expectant mother.

Dr. Francis B. Haas, state superintendent of public instruction, directed reinstatement of Mrs. Gertrude Koller Brown of Bethlehem, Pa., as a dental hygienist, declaring:

"The fact of pregnancy does not, per se, establish incompetency." The Bethlehem school board claimed "pregnancy is not an unavoidable circumstance; it is not a sickness. She made it impossible by becoming pregnant to perform the duties of her assignment."

With The Major Teams On Tour

CHARLESTON, W. Va., April 9 (AP)—After being forced to pass up a \$2,500 advance sale in Lexington, Ky., because of weather, the Boston Red Sox and the Cincinnati Reds came here today to wind up their fifth consecutive northward series. Manager Joe Cronin of the Red Sox picked Joe Dobson to pitch for the Red Sox, who have dropped six of the 11 games.

ENID, Okla., April 9 (AP)—The Pittsburgh Pirates will field one of the youngest teams in the majors when the baseball firing begins in earnest next week. Exclusive of batters, the Pirates' opening day lineup will average 26 years per man. The Cubs and the Philadelphia Athletics resume their training series here today after being kept idle by weather the past two days.

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist

NEW YORK, April 9—The horses start running today at Jamaica and Keeneland; New England opens its season Saturday, the day after Florida closes. Wonder when the fans are expected to find time to refill their pocketbooks? It's our idea that all sports seasons run too long. There would be more fun and just as many customers if they'd start later and end earlier so the fans could get a breathing spell and get steamed up about each new sport as its season came along. Another suggestion: If Leon Rains' peace conference between the Army and the A. U. doesn't smooth things out today, why not have an arrangement whereby the armed forces could "certify" athletes as being okay the way colleges do?

Today's guest star—
 Jim Reed, Topeka (KAK) Daily Capital: "Kansas farmers report beef prices the highest since 1928 and it wouldn't be surprising to see a new record set this fall for the price of football beef."

Sportspoint—
 After the Augusta Masters' golf tourney, Craig Wood, the national open champion, and Ben Hogan, the top money winner, will play a series of matches for the "unofficial world championship" and a wad of cash for war relief. Looks as if Hogan had better win the Masters. Also may race in Toronto during the Woodbine Park meeting in May if a date can be arranged that won't conflict with any of his stakes engagements. Whitney Fuller, Dartmouth drum beater who now is pounding the tom-toms for the navy air corps, will be dined tonight by the Indian coaches he has been praising all these years. Headline in N. Y. paper: "No time for lunch for race fans." And no dough for dinner.

Tactical approach—
 Lieut. George Barnshaw, the old Athletics' pitcher, wanted to arrange a game between his Jacksonville, Fla., naval air station ball team and MacDill Field at Tampa. A formal request brought no reply so Lieut. Barnshaw wrote to Sergeant Hank Greenberg as follows: "Listen, you big lug, I hear you have a ball club down there. We want a game. I may not have much left but I can strike you out three or four times."
 P.S.: The game will be played early in May.
 Only three players on the Indians' squad, Red Embree, Steve Gromek and Jim Hegan, are younger than Manager Lou Boudreau—and all three may be farmed out before the season starts. Blackout notes: Crooner Bing Crosby, who owns a race track in California, has eight horses at Churchill Downs and plans to move on to Detroit for the summer racing. And Ed Vines, Ely's brother, has been named assistant to Joe Kirkwood at Philadelphia's Huntingdon Valley golf club. He was at Catalina Island until the boats quit running. Whit Wyatt didn't waste all that time he was holding out. He practiced throwing a knuckle ball and may be able to use it this season.

Figure it out—
 Latest interpretation of the California boxing rules, sent out by Chief Inspector Willie Fitcher: If a fighter who is well to front in a fight and sustains a cut and is unable to continue he will get credit for winning. If the guy who is hurt is behind at the time the match is called no contest. Old

Writers Back Cardinals By 2-1 Margin

NEW YORK, April 9 (AP)—By a 2 to 1 margin, the experts today picked the St. Louis Cardinals to overthrow Brooklyn's Dodgers and win the 1942 National league pennant.

In a surprising one-sided vote, 46 of the 74 baseball writers balloting in the annual Associated Press pennant poll tabbed the Cards to finish on top. One other writer, Jim Gould of the St. Louis Post-Dispatch, couldn't make up his mind between the Cards and Cincinnati Reds, and split his ballot.

Only 23 picked the Dodgers to repeat their 1941 triumph in the senior circuit. Four forecast a return of the Reds to the top spot they held in 1935 and '36. No one could see the Cards worse than third, while four writers picked Brooklyn as low as fourth.

Those were the only three clubs drawing ballots for first place and the voting wound up in that order, with St. Louis piling up 56 1/2 points on a basis of 8 for a first-place vote, 7 for a second, 6 for a third, etc. Brooklyn had 515 and Cincinnati 434.

The Pittsburgh Pirates, who brought up the rear of the first division in last year's pennant parade, were tabbed to do that again this time. Frank Frisch's frolics were selected on three second-place ballots, 21 third and 23 fourth and compiled 375 points.

The second division voting wound up with New York, Chicago, Boston and (you guessed it) Philadelphia's Phillies in that order. There was quite a scramble for fifth place, with the Giants, under Mel Ott's brand new management, winning out, 290 to 244.

Naturally, there was no argument for the cellar. In fact, only four of the 74 writers had the Phils in seventh place. One hardy citizen, however, saw them as high as fifth, in the crystal ball.

Streamlined Army Is Presented In March Of Time

At a time when the nation is electrified by General MacArthur's arrival in Australia, the March of Time is releasing a story which shows how Uncle Sam is streamlining our fighting forces.

This film, "America's New Army," which plays Friday and Saturday at the Ritz theatre here, explains what this new realignment means to the man in the service. Scenes showing training camp activities, munitions factories, supply depots and actual combat tactics emphasize how revolutionary have been the changes, and the March of Time, working throughout with the cooperation of the Army, has edited its story to bring out the most striking of these new departures.

Chief step in unification has been the centering of all military activity under General George Catlett Marshall, who heads up the three all-embracing commands—Services of Supply, Ground Forces, and Air Forces.

In charge of Services of Supply is General Brehon Somervell. His is the task of seeing that equipment is provided for what is to be the greatest fighting force in the history of the world.

In charge of Ground Forces is General Lesley McNair, administrative chief of all infantry, cavalry, artillery and armored divisions.

In charge of Air Forces is General Henry H. Arnold, himself a flyer, with a flyer's knowledge of the job of training the men who may prove, in striking power, the decisive factor.

And lastly, a sequence recreating the drama of General MacArthur's message upon his arrival in Australia climaxes the film. In this, announcing his assumption of command of the Pacific offensive, he presses home his appeal for cooperation and sacrifice on the part of every American.

Angelo Poloists Due Here Sunday

Some of the fastest polo yet unrecorded on the local field this spring is in store for Sunday, when the Big Spring riders, reinforced with some Lamesa power, engage a strong aggregation from San Angelo.

The San Angelo team is considered one of the strongest in the state. Visiting riders due here for the tilt at 2 p. m. on Bennett field will include Len Meritt, Gene Lanthorn, Bob Rathel, Steve Scott and Freddy Rose. Capt. Trum of San Angelo will referee the match.

The Whites of Lamesa—Gus Sr. and Jr.—will assist M. H. Bennett, Rip Smith, Lloyd Wesson and Lewis Rix in holding up the local colors.

The Angeloans may bring enough men for two teams. If a double header can be worked out, some Lamesa riders may be here to play the second group.

Work Started On Projects

FORT WORTH, April 9 (AP)—Actual construction has been started on two more war public works projects in Texas, work orders have been issued for two others, and two additional contract awards have been approved, George F. Harley, regional engineer for the federal works agency reported here today.

E. R. Harrison of Corpus Christi has started work on a general construction contract in connection with the Sunshine-Aberdeen school project at Corpus Christi. The contract was awarded on a bid of \$95,983 and is scheduled to be completed within 125 calendar days. The entire project is estimated to cost \$115,000 with the applicant furnishing \$34,000 and receiving a grant of \$80,000.

The French & Fruit company of Abilene was ordered to start work not later than April 20 on construction of sewer system improvements at Brownwood. The contract was awarded on a bid of \$159,779 and is scheduled to be completed within 105 calendar days.

Also approved was the award of a contract to Herman Weber of Beaumont providing for construction of a fire station at Orange. The contract was awarded on a bid of \$15,938 and is scheduled for completion within 150 days.

The regional engineer also reported that the data for the opening of bids for a contract to construct an incinerator at Corpus Christi has been changed from April 15 to April 18 at 10 a. m. The project is estimated to cost \$169,800.

It was that if the guy who was winning got out they called it a technical draw.

Quicky quote—
 Mickey Cochrane (concerning the Great Lakes naval station team): "Anyone who can throw, bat or field will get a chance to play, and this includes ex-National leaguers."

Texas Univ. Baseballers On Road Trip

AUSTIN, April 9—The Texas Longhorns, perennial baseball champions of the Southwest conference, take to the road Friday for a crucial three-game stand in North Texas with Coach Bib Falk still frantically combing his squad for two of the most important factors in a championship club: (1) consistent hurling; (2) clutch hitting.

To date Falk has used five hurlers in an effort to find a dependable starter. All of them have been wild as proverbial March hares with Bob Strelsky, a recruit from the intramural squad, shaping up as the best prospect. Strelsky hurled four hitless innings against the Rice Owls in his only appearance.

Bill Dumke, senior, squadman Sterling Price, and sophomore Jim Collins and Charles Tankersie, complete the mound list.

And for a Texas team, used to lousy hitters like Pete Layden, Jack Conway and Charlie Haas, the stickwork has been light as the Longhorns have won two out of their first three conference games. Shortstop Grady Hatton is pacing the squad with a .461 average with first baseman Speed Houpt and catcher Jack O'Reagan as the only other regulars over .300.

The Longhorns meet Southern Methodist Friday and Saturday, then clash with the T. C. U. Horned Frogs Monday.

Softball League To Be Set Up At Monday Meeting

Eight teams have been indicated in advance of the first softball meeting of the year, H. F. Malone, city-WPA recreational supervisor, said Thursday in announcing the party for Monday at 8 p. m. in the recreation office at the city hall.

The meeting is a preliminary affair to set up organization, and one will be held later to draw up rules and schedules when a roster of teams has been completed.

As it now stands, there likely will be a fast and a slow league as was the case a year ago, said Malone.

Among the teams indicated, without regard to how they will be classified in league play, are Darden Quick Lunch, Crystal Cafe, Vaughn's Bakery, American Business Club, Lions Club, Sea Scouts, Scout Troop No. 3, and City Employees. Others interested should contact Malone before Monday and arrange to be represented in the meeting.

Race Season Opens In NY

NEW YORK, April 9 (AP)—Jamaica's iron men open their hungry faces today for the start of the 180-day feeding season that makes up New York's long racing campaign.

From all indications, it's going to be quite a rich diet for Mr. Mutuel's folks, too, between now and the time the gee-gees gallop back south late next fall.

With this year's campaign four days longer than last—and all signs pointing to lots of the "fresh" around and about—Pa. Knickerbocker's racing officials wouldn't be at all surprised if a record-smashing \$100,000,000 or more is poured into the machines in the two meetings each at Jamaica, Aqueduct, Belmont and Empire City and the traditional August at Saratoga.

Babe Ruth Shows Some Improvement

HOLLYWOOD, April 9 (AP)—The once mighty Babe Ruth, stricken critically ill yesterday, is improving slowly, but still not out of danger.

Ruth's nurse made that report twice during the night as the former home run king of major league baseball lay wrapped in a heavy jacket because of recurring chills. Alternately, his temperature soared.

Babe, 44, has had a strenuous picture-making, war bond-selling, military camp-entertaining two months here. Previously, he dined away 40 pounds to get in trim for the picture, about his late New York Yankee teammate, Lou Gehrig.

32 Policemen Are Suspended On Graft Charge

NEW YORK, April 9 (AP)—Stripped of their shields and facing possible loss of their jobs and pension rights, 32 policemen charged with condoning at a 4 per cent fee a \$100,000,000-a-year gambling racket were under suspension today.

In one of New York's biggest and most sensational exposes of alleged graft and corruption, two Kings county grand juries named 49 policemen yesterday in presentations.

Further investigation on three of them—an inspector, a deputy inspector and a lieutenant who had applied for retirement previously—was being made, while no action was taken on the remaining 12 because they already had retired before the case was broken.

Rice, Baylor Will Play Double Header

HOUSTON, April 9 (AP)—Because of weather conditions, the first of the two games Southwest conference series Thursday between the Rice Owls and the Baylor Bears has been postponed. The clubs will play a double header here Friday afternoon.

Youth Beauty's Bowling Margin Cut To 2 Games

With only two rounds remaining in scheduled play, Youth Beauty Shop hedged nicely against Cornelison Cleaners in the women's bowling league Wednesday evening, but the cleaners kept alive their title chances by routing Youth Beauty's margin in two games.

At the same time, C. R. Anthony rose up with a mighty effort that completely erased Modern Cleaners as a title threat and pulled the cloths to within two games of Modern.

Cornelison trimmed Youth Beauty 2-1 and Anthony took three straight over Modern. Fern Weiss was high on game at 375 and series at 460. Cornelison had high series at 2101 and Youth Beauty high game at 600.

Next week Youth Beauty and C. R. Anthony meet while the cleaners battle it out. The final round will see Cornelison against Anthony and Youth Beauty against Modern.

Standings

Team	W.	L.	Pct.
Youth Beauty	25	18	.580
Cornelison	21	23	.580
Modern	18	21	.462
Anthony's	16	23	.410

All that its name implies

Walker's BE LUKE Straight Bourbon Whiskey

It's Hiram Walker's!
 It's DeLuxe!

Stretching her luck! A one-in-a-thousand picture by Ylla, but by no means just "lucky." A perfect combination of skill, timing, and experience gets the bow for this split-second shot. And that's just what it takes to make Hiram Walker's DeLuxe a prize bourbon. It's not just the four long years of aging—not just the mouth-watering aroma—not just the glorious, full-bodied flavor—but a perfect combination of all these things that gives Hiram Walker's DeLuxe its "prize" bourbon taste. Try Hiram Walker's DeLuxe today!

Straight Bourbon Whiskey, 50 proof. This whiskey is 4 years old. Hiram Walker & Sons Inc., Peoria, Ill.

Chamber Of Commerce Needs Fullest Support In Time Of New Activities

All are agreed that Big Spring is shortly to face a period of intense and unusual activity. In certain things, the city government can do as much as the state, such as the \$100,000 bond issue for land purchases and utility extensions required by the army for an army flying school. But there will be many more demands which fall outside the realm of the city government's legal responsibility. There is no place to turn for help except to the chamber of commerce. That means that the chamber of commerce—and we have a thoroughly good one—will need support as never before. Never before, we believe, is the

chamber of commerce more entitled to support, expressed by a membership and by a willingness to work as well as to pay. The very fact that the chamber now finds itself in need of more support argues well for its effectiveness. The occasion is the construction of an air school costing more than five millions of dollars. To say that the chamber, the city, or any group or any individual "secured" the school is false and wholly beside the point. Moreover, it is immaterial. The United States war department announced designation of Big Spring as a site, and let the matter stand at that. But it is important to note that the chamber of commerce, just as it always does, had the heavy responsibility of constantly making available to the army all pertinent

facts about Big Spring and its adaptability as a site for war facilities. This was a difficult task. While there was an eternal chorus of "why don't the chamber get us something?" it must be remembered that the chamber had no desire, and indeed could not be in the position of "getting" or "grabbing" for the community. Naturally, the policy of close cooperation with the military was tedious at times painfully slow and even discouraging—especially when bombarded from every side by unthinking people. The history of this development, however, has vindicated the vigilance of the chamber and has again borne out its worthiness as the instrument by which many things may be initiated, furnished

or prosecuted by the community. In this case, the chamber kept the school possibility alive with military authorities over a period of a year and a half, then withdrew when negotiations between city government and army were ripe. We cannot do without the services of this fine organization. We can ill afford to deprive it of all due support. We cannot hold back when it must serve as a clearing house of business activity; when it must tackle Herculean housing problems; when it must lead in civilian defense; when it must be the central station for an increased USO drive; when it must do scores of things it never faced before. The chamber of commerce urgently needs you...yay sir, you, you and you.

Man About Manhattan—Dietrich's Name Looks Like Her Legs, Analysis Shows

By GEORGE TUCKER
NEW YORK—The daughter of the late Tony Sarg may change her name from Mary to Toni, for business reasons. She still has the Tony Sarg shops to consider, and Tony's newest book, which went to the publishers the day Tony went to the hospital, and came off the press the day he died. I saw her when she came up from her home in New Hope, and she said the bulk of the shop proprietorship had fallen to her, and her husband, an engineer, was off making airplanes for the government. "It's a good thing to have at least one engineer in a family of artists," she explained, "somebody with their feet on the ground."
Tony Sarg's estate is in the question mark stage. No one knows yet if anything was left, although he earned staggering sums with his marionettes and his animated books. Last year his "Surprise" book was second only to "Berlin Diary" as a best seller.
"Tony would be the first to admit he had little business acumen," Mary went on. "She always calls him Tony; never Dad, or Father. . . . We had lots of money but it went here and there."
Did you ever see Jan Struthers blush? She hides her face in her hands and then turns her face far away. I saw her become suddenly and altogether embarrassed over a package of soda bicarbonate. It was during the film of the unrehearsed "Information Please." With Miss Struthers, who was the guest expert, were John Kieran, F. P. A., and Oscar Levant.
Clifton Fadiman then said, "I am going to show you a few scenes that represent magazines. I want you to see if you can identify them."
The first scene showed a man reading a "History of the Soviet Union."
"Red Book," correctly cried John Kieran.
The next scene showed a man reading a paper by a sign that said "Bicarbonate of Soda."
"Gone With the Wind," cried Miss Struthers.
The four men let out a shriek. Miss Struthers, for one fleeing second, showed her startled countenance to the cameraman and then buried her face in her hands. That almost broke up the screening.
People who think they can read character in handwriting are going to have trouble with Marlene Dietrich. This lady correctly letters a few parts of her name and then trails off into meaningless scrawls. You can

Hollywood Sights And Sounds—Ginger Will Gamble

By ROBBIN COONS
HOLLYWOOD—Ginger Rogers was back where she started from; a shing-faced little girl with her hair slicked back, a big sailor hat on the back of her head.
She was popping her gum—"smack! smack!"—and drawing exasperating noises from her big red balloon, rubbing her fingers over its screeching surface to the great joy of fellow passengers on the train.
Ginger used to be a baby-talk girl. Remember? She was liping and hoop-a-dooping her songs on the vaudeville circuits in the late twenties before pictures got her (or vice versa) and she never has worked the baby-talk out of her system. This is strange predilection for a tragedienne who wins Oscars, but when she feels like it Ginger can convulse a roomful by lapsing into her act.
This makes her a natural for

SECRET ORDERS By ELEANOR ATTERBURY

Chapter Four
GOLF GAME AS BAIT
Stephanie was just turning out her light when she heard Vicky's silver laugh followed by the slamming of a car door. A moment later she came up the stairs. "Miss dear," she called softly, tapping at the door. "Are you awake?"
For a moment, Stephanie was tempted not to answer. Listening to all the details of Kurt's captivity wasn't going to be any pleasure. Then, with a grimace, she answered:
"Come in. Have a good time?"
"Oh, simply divine." Vicky perched on the edge of the bed. "Didn't you?" and then without waiting to hear, "Isn't he simply adorable!"
Stephanie's smile twisted. "Adorable" was hardly the word to describe Kurt.
"He's so terribly good-looking and such a divine dancer and you know," Vicky pursed her lips thoughtfully, "I don't think I've ever met a man who is really intelligent as he is."
Something inside Stephanie began to ache dully.
"And do you know, angel, I do think he's interested in me." Vicky's eyes misted dreamily. "I think I'll be married in palest pink satin."
"Well, aren't you rather counting your brideprice before the honeymoon?" Stephanie's little laugh but her own persistent hopes silently folded their tents and slunk away.
Vicky wrinkled her nose, flounced off the bed. "You'll see!" Then, brushing a kiss against her cousin's cheek, she said, "Get some sleep, angel. We're playing golf with Henri at six in the morning."
"Six? We are?" Stephanie gasped. "Since when have you taken to rising before dawn?"
"Since—tomorrow." Vicky smiled knowingly.
And not until the next morning as they walked through dew-wet grass approaching the Mayfair's tricky third hole did Stephanie begin to understand Vicky's little errand. At best, Vicky's game was erratic but this morning it was simply wild. She'd already lost two balls and since she'd insisted they play without caddies, she spent most of the time searching "out in the rough." Finally, Stephanie saw why. Beyond a water hazard and a sand trap and just putting onto the fifth green, was Kurt Knudsen.
"Why—there's Kurt Knudsen," Vicky echoed her thought aloud with so much surprise in her voice that any innocent bystander would have been completely fooled. "And he's playing alone, too. Maybe he'd like to join us."
Vicky called, waved and Kurt, missing his putt, looked up scowling. But instantly, a smile appeared. He picked up his ball, walked toward them.
The best-laid plans of a wily woman, Stephanie thought savagely as she slipped her own ball into the hole. Vicky worked. And for all his intelligence, Kurt Knudsen was certainly falling for some pretty old tricks.
Stephanie drove again. This time her ball soared beautifully straight toward the green, rolled obligingly into good putting range. "Beautiful shot!" Kurt's deep voice just behind her.
Stephanie flushed. "Thanks. It was—just luck."
"Indeed it wasn't." Vicky defended her with suspicious ardor. "Stevie's a marvelous golfer. She does all the sports so well. I envy you, angel. Truly I do. You have so much strength."
Stephanie could have strangled her. Nice work, cousin. She was making Stephanie feel exactly like an Amazon. It took all she had to shrug carelessly. "Don't be silly, and walk off after her ball."
But, she determined, she was not going to let Kurt see her temper again. Not even if he mistook her for a feminine Samson. Besides, maybe if she gave Vicky enough rope, she'd hang up her own silly strategy for Kurt to see.
But Kurt was blind to everything except Vicky's beautiful face. Apparently, he fell for all the little tricks like showing her how to stand, how to hold her club, helping her decide which club to use. And finally, abandoning his own game, he actually suggested Henri play on ahead with Stephanie.
"No need for you two to wait," he suggested, smiling. "I'll help Vicky."
And Vicky needed plenty of help. Out in a sand trap, she lost her ball, was frightened by "something" in the brush, ran screaming up a bank and—turned her ankle. So badly that Kurt must carry her to the club house.
Stephanie ground her teeth, and tried hard to make her concern pass for genuine. Tried hard not to see the way Vicky's arm curved around Kurt's neck, the way ten-

der concern had written itself into his face.
He carried her straight to his own car. There, he put her carefully into the seat, pulled off her shoe, examined the injured foot. "Nothing broken, anyway," and smiled up at her as he knelt to massage the ankle, to bind it quickly, skillfully.
"There," he said finally, "that will do until you get a doctor."
"Oh, it feels much better already, Kurt. You've just helped it wonderfully. Thank you so much."
"And you are a very brave little girl," Henri offered, still carrying Kurt's golf bag and Vicky's as well as his own.
Call To Duty
Et tu, Henri? Stephanie thought and despised herself for being mean about it all. But when even worldly sophisticates like Henri made pack-horses of themselves to please Vicky, things were certainly pretty hopeless.
"Oh, I'm not a bit brave, Henri," Vicky's blue eyes widened. "I'm just an awful baby, I'm afraid."
Stephanie glanced at Kurt. Surely Vicky was over-playing her hand this time. Surely any reasonably intelligent male could see through that. But Kurt's blue eyes didn't betray even the ghost of a smile.
She was grateful then, that a boy from the club ran toward them shouting Kurt's name.
It was an order from Kurt's superior officer. He was to report, in uniform, at once.
"I'm sorry," Kurt apologized. "I'll have to leave immediately." He turned to Henri. "You'll see that the girls get home safely, won't you, sir?"
Henri bowed. "But of course." And then to Stephanie, Kurt said, acting as if she were Vicky's mother instead of her cousin. "And you'll see that Vicky's foot is properly attended to?"
For an instant, Stephanie met his eyes, tried in vain to see something there to revive her own secret hopes. "Certainly," she said finally. And then watched Kurt pick Vicky up again and with incredible gentleness, transfer her to the seat of Henri's car.
As he swung into his car, drove off, Stephanie remembered the word she'd been hunting for almost from the moment she'd first looked up at him. Viking. He looked like a decided, like a hero straight out of Beowulf or off an ancient Norse battlefield.

WPA Projects For Texas Approved

AUSTIN, April 9 (AP)—Governor Coke Stevenson yesterday was advised of federal approval of WPA projects as follows:
Athletic facilities for the Texas State College for Women, \$27,287.
Improved storm drainage system for the city of Port Arthur, \$81,629.
Improved sanitary sewer systems for the city of Laredo, \$68,328.
Excavations at Cerro de las Mesas, Mexico, last year uncovered nearly eight hundred specimens of jade.

Washington Daybook -- Scandals To Make News Now

By JACK STINNETT
WASHINGTON — The other night I sat across the table from a man who is considered one of the great news editors of these turbulent times.
"Aside from the big battles on this front or that," he said, "the biggest stories of this month and probably the next and the next are those which concern extravagance, waste and chiseling on the part of labor, management and government."
Why? Because letters, telegrams and editorials from you and you have got congress (a few months away from election in the whole House and part of the Senate) in a fine state of jitter.
No one who has been around Congress very long is going to be too much perturbed about a deluge of mail on any specific issue. It's enough to arouse the pressure groups without arousing the real voters in ordinary times. A lobby for some cause gets set up about some pending legislation. The word goes back down the line until it reaches the little people—and they write their Congressmen.
Ordinarily the Congressmen thumb through this mail, answer it (just for fear it might be a voter), make some notation of it in the Congressional Record, and unless it assumes bandwagon proportions, go on about their business.
This time it's different. In the first place, it can't be determined that any of the mail demanding economies, an end to boondoggling, or a punishment—through new laws of labor and management who step out of the war production line, is coming from any of the old organized pressure groups.
One flood of letters has come from the south and southwest and this sectional source has caused some Congressmen to demand an investigation. But I have seen scores from other areas. If Texas and Oklahoma, and a few other states have been most vociferous in their demands for a clean-up of the labor-management squabbles and the wage and hour problems, the same can't be said for the complaints against the Office of Civilian Defense and the Office of Government Reports; the NYA, the CCC; and congressional pensions, to mention just a few.
Important enough to be included in the Congressional Record, with the demands from their recipients that the Truman committee investigate, are such letters as (1) From a big defense contractor holder in Connecticut that he is receiving so many questionnaires from sundry defense and government agencies that it takes 80 per cent of his time to answer them; (2) From a well known columnist that near Tucson, Ariz., millions of board feet of scrap lumber, owned by the government, had been burned up on government agents' orders, while hundreds of citizens nearby scoured the countryside for mesquite and other brush to combat their shortage of fuel and keep them from freezing to death.
It has been a long time since this country was aroused to such a consistent fit of writing its Congressmen. That fact and the nearness of election has a lot of them jumping when the postman only rings once.

Charter Issued For A Pig Iron Plant In Texas

AUSTIN, April 9 (AP)—One more step was completed today toward the establishment of a pig iron plant near Daingerfield, Morris county.

A state charter was granted yesterday to the Lone Star Steel company, destined to become one of the nation's largest and most modern pig iron blast furnaces. The product will emerge from the East Texas plant, according to plans, at the rate of 1,200 tons daily.

Approval of the company's application for a steel mill, now pending before the WPB in Washington, would increase the project by \$1,518,750 and provide facilities for the turning out of 500,000 finished product tons per year, officials said, to feed the gulf coast shipbuilding plants.

Final approval for the pig iron plant, which will use East Texas ore, was recently given by the War Production Board. The Defense Plant corporation will finance the \$14,850,000 undertaking and lease it to Lone Star Steel, which was capitalized yesterday for \$1,000,000.

Original incorporators of the company included John W. Carpenter, Nathan Adams, Charles R. Moore, W. W. Lynch, E. B. Germany, R. L. Thornton and Fred Florence, all of Dallas, and W. O. Irvin of Daingerfield.

Three Trustees Named At Midway

Named to the board of trustees for the Midway school district in last week's election were T. E. Stringfellow with 78 votes, Alva Poreh, 44; and Leo Floyd, 40. They topped a ballot which also included the names of L. E. Arnold who received 38 votes and R. F. Jenkins who polled 27. The vote total was 22.

Floyd was re-elected. Holdover trustees who will serve with the three new members are J. H. Hush, W. L. Sandridge, C. A. Denton and M. H. Hoover.

Seedlings may be grafted on a mature tree for the purpose of hastening their blossoming or fruiting.

PLUS A NEW ISSUE OF THE **MARCH OF TIME**

Elementary Air Training To Be Given In All High Schools

WASHINGTON, April 9 (AP)—The nation's high schools soon will be geared to the elementary training of pilots to fly America's great air armada.

J. W. Studebaker, U.S. commissioner of education, disclosed today that the plan contemplates the teaching of aeronautics in all high schools where 15 or more prospective air cadets can be enrolled.

"It is expected," Studebaker said, "that recommendations for pre-pilot refresher courses in physics and mathematics soon will be sent to all school systems of the country—these recommendations to be followed soon thereafter by the publication of detailed suggestions emanating from the army and navy as to the course outlines and instructional materials."

Synthetic Rubber Asked For Civilians

WASHINGTON, April 9 (AP)—The petroleum industry war council urged the government today to permit the production of at least 300,000 tons of synthetic rubber annually for civilian use.

A committee representing industry immediately began to study the problem of making synthetic rubber, especially butyl rubber, "with a view of determining its practicability in meeting the tire shortage."

Sunday Entertainment In Australia Studied

SAN FRANCISCO, April 9 (AP)—A relaxation of laws governing Sunday entertainment in Australia was considered today for the benefit of large numbers of American troops, but also considered was a reduction in liquor trading.

The Sydney radio, in a broadcast heard by the CBS short wave listening station, said that at present regular picture shows must close on Sunday and, if any entertainment is given, no charge may be made for admission.

Knott Church Slates Series Of Discussions

A series of public discussions will open at 8 p. m. today in the Mt. Joy Missionary Baptist church at Knott, it was announced by church leaders.

The discussions continue through Friday and Saturday evenings and Sunday afternoon the meeting will be climaxed with ordination of Lloyd Nichols as a deacon and Harry Robertson as a minister of the Gospel. The public is invited to participate.

Earnest Rippetoe, Stephenville, will lead the discussion on whether to commission to preach the Gospel to all the world is as binding upon churches now as when given. D. F. Brown, Bronte, will open talks on the use and abuse of prayer. Relation of circumcision to baptism, if any, will be discussed by E. G. Newcomer of Brownfield.

Lath Smallwood, Dublin, will open talks on whether it is scriptural to grant letters of recommendation for any cause. Frank Fort, Houston, will open discussion on whether Scriptures teach who the Man of Sin will be. Mention of duty and its relation to the church will be talked by H. L. Willborn, Holt. Whether and where Christ will reign with the saints will be discussed by L. Davis, Ft. Worth. Jim Corbin, Lamesa, talks on the Scriptural purpose of baptism, an C. A. Hernden, Stephenville, on whether it is possible for a person to be saved unless he hear or reads of the plan of redemption.

Farmers Face Wheat Excess

KANSAS CITY, April 9 (AP)—The wheat farmers' old dream of a bumper crop with quotations well above a dollar a bushel seems about to materialize.

But that rosy dream of a few years ago has turned into just another nightmare.

There's no place in the wheat belt to store the crop. A record carryover of 630,000 bushels is taking up all the elevator space, and the railroads, already working overtime to meet wartime demands, can offer little encouragement to grain shippers seeking elevator accommodations elsewhere.

Grainmen from Nebraska, Kansas, Missouri and Oklahoma, meeting in Kansas City yesterday could offer only one solution—the grower, himself, is just going to have to provide his own storage space for the largest crop in 10 years, a crop expected to equal the amount of the carryover.

Frank A. Theis, member of the joint terminal committee of the
