NATIONAL REPUBLICAN VICTORY IS OVERWHELMING

MRS. FERGUSON TAKES LEAD IN GOVERNOR RACE

Little Interest is Shown in Election Here. Balloting is Light Over Entire County.

NEW YORK, Nov. 6.—The all measure of the Republican victory at the polls could not yet be taken today but the returns continued to show that President Coolidge would have at least a hundred votes to spare in the electoral college, and the largest popular plurality in history.

As the Presidential figures stood last night, with only a handful of electoral votes still in doubt, the indicated strength of the three candidates in the electoral college was as follows: Coolidge, total 367; Davis, total 136; La Follette, 13; Doubtful, 15.

DALLAS, Nov. 5.—Counting of ballots of yesterday's gubernatorial race in Texas, in which Mrs. Fergusson, Democrat, is presently elected on the basis of returns thus far tabulated, is being investigated at several places, state republican headquarters here announced today.

At the same time, George C. Butte, the Republican candidate, who declined to concede his defeat, denied that he contemplated any election contest. Both agencies which tabulated the returns yesterday, the Texas Election Bureau and the Western Union Telegraph Company, said today they did not plan to continue or complete any tabulations, stating that they considered Mrs. Fergusson elected.

The latest incomplete count, made today, gave Mrs. Fergusson 157,000 votes and Dr. Butte 124,908. John W. Davis received a vote of 4,000 to one over both Fergusson and Senator La Follette.

Newlin Boy Dies After Operation at Local Hospital

Archie Floyd Bice, aged 19, of Newlin, died at a local sanitarium Tuesday, after having undergone an operation for appendicitis. The young man, evidently not realizing the seriousness of his condition, drove a car to the hospital here after the operation had been performed. Bice was well known and popular in Newlin and community. He had been practically reared there. His father has been a farmer in that community for a number of years. The funeral services were held from the Methodist Church at Newlin yesterday at 2 o'clock, with Rev. J. T. Estell officiating.

Fire Destroys Plaska Gin; Loss Estimated at \$40,000

The plant of the Lodge Gin Company at Lodge, together with about 500 bales of seed cotton stored in the gin house, was totally destroyed by fire, of an unknown origin, Tuesday morning at three o'clock. The total loss was estimated at approximately \$40,000, according to G. G. Gidden, bookkeeper and manager of the gin. The gin was kept running until 11 o'clock Monday night, but all employees had left the grounds when the fire started. The plant was one of the best and modern in Hall County, and was constructed about five years ago by the Rosamond Gin Company. The cost of transportation of machinery from Memphis to Lodge made the total cost of the plant one of the highest of any gin in the County.

CYCLONE WINS BRONCHO TILT BY COIN TOSS

Clarendon Battles Memphis To 20 to 20 Tie. Cyclone Wins Decision By Toss of Coin.

Battling to a 20 to 20 tie, the Memphis Cyclone and the Clarendon Bronchos, last Friday, at Hedley, staged one of the most hotly contested and sensational High School football classics ever witnessed by football fans in the Panhandle. The local eleven, although showing superior football tactics, was given the hardest fight and biggest bugaboo they have yet had this season, when they unexpectedly let Clarendon grab off a touchdown before they got going, and received the decision they could have won, by a lucky flip of a coin.

The first quarter was a revelation of the fact that both teams had much stronger back fields than they had lines. The Cyclone seemingly never realized the strength of their opposition until Clarendon had made the first touchdown. At the end of the half the score stood 7-6 in favor of Memphis, with both teams still confident.

The third quarter ended with the Bronchos uneasy, and fighting in attempt to overcome the 7 point margin which the locals had gained in this quarter. Fighting with undaunted determination, Clarendon entered the last quarter and fought their way over for a touchdown, tying the score. Still confident and with their fighting blood aroused to a high pitch the Cyclone received the kick-off and rushed the ball goalward. Then came the break when Gatlin of Clarendon intercepted a pass and raced 60 yards.

MEMPHIS YOUTH IS SHOT DOWN WHILE CELEBRATING HALLOWE'EN

Cecil Odom Killed By Accidental Discharge Of 30-30 Winchester In the Hands Of Buster Montgomery; Dies Instantly.

Halloween mischief-making took its toll Friday night and one Memphis youth paid with his life while another must wait until the law takes its course before he again can follow the pursuits of life with all obstacles removed.

Cecil Odom, age 18, son of Dr. and Mrs. J. A. Odom, of Memphis, was killed shortly after midnight Friday by the discharge of a 30-30 Winchester in the hands of Buster Montgomery, age 19, son of Chas. Montgomery, deceased, former Memphis druggist and prominent property holder, during the proceedings of a Halloween escapade.

The Odom youth, with a party of Halloween adventurers, was rolling some empty barrels from the Kelly Filling Station, where Buster Montgomery is employed, and where arrangements had been made for him to sleep when the occasion demands. He had gone to the filling station only a few minutes before, it is said, the arrival of the "prankers," he was accompanied by Robert Henderson and Hubert Dennis, well-known Memphis youths. Upon hearing the mischief-makers outside, Montgomery took a 30-30 Winchester from its place of keeping in the building, where it had been placed during the Wild West Stampede, two weeks previous and remarked to his friends that he was going to have some fun.

Stepping outside with the gun, which was his own property, Montgomery put fright into the hearts of some of the youngsters, who ran as he had intended. Among those who remained until he approached with the gun were the victim of the tragedy and his younger brother, Adrian, Montgomery is alleged to have prodded Adrian with the barrel of the gun, at which time Cecil took up the argument. During a brief quarrel which followed, it is said that Cecil grabbed the end of the gun barrel and the weapon was accidentally discharged. The bullet entered the head just back of the right cheek, tearing away a part of the ear, and came through the skull at the base of the brain, rending the skull twain by the powerful explosion. Death was instantaneous. Only a faint flutter of the pulse remaining when the lifeless form was conveyed to a local sanitarium, five minutes later. Montgomery was immediately lodged in jail, where he remained until (Continued on Page Four)

TEAMS TO PLAY DECIDING GAME ON PAMPA GRID

Many Cyclone Supporters Plan To Follow Team To-Morrow. Much Interest is Shown.

Winning the decision by the toss of a coin, Memphis High School Cyclone squad, eliminated Clarendon for a chance at the District Championship title Friday, and won the right to play Pampa, the only contender left, for that honor.

Communication started with Pampa Monday morning, and a number of propositions finally resulted in Memphis accepting an offer of \$500, to go to Pampa for the game which will be played at three o'clock Friday afternoon.

Coach Bolton, with his regulars and every ounce of reserve material left at noon today for the battle site and will be there for a night's rest previous to the game. Many boosters are expected to follow tomorrow.

The Pampa Harvesters have played a brilliant game throughout the season, not having been scored on by a Class "B" school thus far, and have piled up 178 points to their opponents.

Coach Bolton has been making a desperate effort to get his Cyclone in shape for the tilt. Although a number of the reliables still feel the effect of the Clarendon game, careful coaching has brought the boys back to form and with even breaks the Cyclone is expected to bring home the bacon.

The Cyclone followers are not pessimistic in regard to the outcome, neither are they over-confident. Although this is by far the hardest game of the season, the outfit realizes that their strength has not yet been fully tested, and are hopeful.

L. M. Thompson Is Appointed Shipping Inspector, Dut To Foot and Mouth Disease.

The hardships recently forced upon shippers of products from Texas, by the foot and mouth disease over the State, have been relieved within the past few days through the co-operation of the A. & M. College and shipping inspectors, whereby County Agents are being commissioned as inspectors in their respective counties.

Texas products, such as dressed poultry, fruits, vegetables, etc., are being quarantined by many states, but as a relief to the situation, County Agents are being authorized to issue certificates allowing the products to be shipped to any section. County Agent, L. M. Thompson, has been commissioned inspector in Hall County, and those who need certificates should appeal to him.

Before being issued a certificate the shipper must file an affidavit with the County Agent. The certificate, then, will be issued in triplicate. The original will accompany the way-bill to be delivered to the buyer; the duplicate will be given the shipper, and the triplicate will be attached to the affidavit filed by the shipper.

Negro Is Fatally Wounded In Fight Over Crap Game

As a result of a shooting fracas, which occurred Friday night between two colored men, Cy King, and Ralph Hollins, on the Denny Ranch twelve miles Southwest of Lakeview, the former received a death wound, and the latter, charged with murder, awaits a hearing in the county jail here.

The dispute between the two men, who were employed as cotton pickers, originated in a crap game which was in progress at one of the shacks.

A detailed report indicates that Hollins was crooked out of \$1.50 during the game, and that he thought King's brother to be responsible for the cheat. In the quarrel which followed, King took the part of his brother. Before the onlookers were aware of the action, pistols were flashed, several shots were fired and the witnesses as well as the gun men had fled. Calls from a distance of some fifty yards from the shack brought aid to King, who had dropped, and an inspection of his wounds showed that two bullets had taken effect in the pit of the stomach. The victim's gun was fired as the bullet pierced him, and the shots took effect high in the walls of the shanty.

A physician was summoned for the wounded Negro, while Sheriff Merrick and Deputy Thomas arrived and took the accused in custody.

King was brought to town Saturday, and his testimony was taken. He was placed on the train Saturday evening and shipped to Venus, his former home. A report received later advised that he had died en route.

Hollins is making preparation to base his defense on self protection as the cause for the crime.

TUNNELL—GRADY

On Monday evening a pretty home wedding was solemnized at the lovely home of Mr. and Mrs. T. Kittenger, when their niece, Miss Mazine Graddy became the wife of Mr. Ernest B. Tunnell.

The home was decorated with gold and white chrysanthemums and lighted with gold candles, making an atmosphere beautiful and appropriate for the occasion.

Prior to the entrance of the wedding party Frank K. Fore played "A Dream" on the violin, with Mrs. Elmer S. Sheley at the piano. As a prenuptial song, Thos. E. Noel sang "At Dawning." Scarcely had the last notes died away, when Mrs. Shelley began the Bridal Chorus from "Lohengrin" and the little ribbon-bearers, Little Misses Jean Draper, Pat Noel, Nell McNeely and Tommie Grundy, dressed in white, and carrying white ribbons, formed two aisles through the reception rooms to the living room, where, before an improvised altar of ferns, with gold candles on each side, and under a canopy of white chrysanthemums, the ceremony was performed.

Rev. C. E. Richter, of the First Presbyterian Church, took his place before the altar and awaited the bride party.

Down the aisle came Mrs. Allan Grundy, matron of honor, wearing a dress of blue georgette, with hat to match. The brides-maid, Miss Helen McNeely and Groomsman, Mr. Hugh Wallace, entered from opposite aisles.

Miss McNeely wore a dress of heavily beaded pink georgette with hat to correspond.

Mrs. Elbert Kittenger the matron of honor, entered alone. She wore a dress of taupe color, draped with lace and a hat of taupe velvet and gold lace.

Next came the groom, with his attendant, Mr. Ray Goodson, who came down one aisle to meet at the altar, his bride, who came from the opposite aisle on the arm of her cousin Mr. Elbert Kittenger, who gave her away in marriage.

The bride wore a fur-trimmed ensemble of navy blue with hat to harmonize. Her flowers were pink rosebuds and sweet peas arranged in a corsage bouquet.

Following the impressive ceremony an informal reception was held. In the dining-room, Mrs. Ray Goodson poured fruit punch and Mrs. T. Kittenger served the wedding cake. The cake was cut on a table laid with lace. Mrs. Shelley presided at the brides' book.

Miss Graddy is a very accomplished young lady, having received her B. A. degree from the State University last June. While in Austin she was a member of the Orange Jackets, Eoed Music Society, Y. W. C. A. and played in the Tuxedo Orchestra.

Mr. Tunnell of the Guinn and Tunnel Grocery, is well known in Memphis and is a very promising young business man.

They will be at home in Memphis living in the bungalow given them by Mr. Tunnell's father.

Unique Halloween place cards marked covers for the guests and dainty Dresden appointments were used in serving the elaborate three-course breakfast.

The guests were delightfully entertained by Miss Mary Helen McNeely, who gave a reading of selected poems and Mrs. J. O. Haynes of Clarendon, who contributed a vocal solo in her charming manner.

Sixty guests were present.

Novel Programs at Chapel This Week

The chapel programs this week have been more than usually interesting. Monday, 10-A; under the direction of Miss Hicks, gave a program consisting of a violin solo by Margaret Milam, a reading by Cora Noel Thornton, and a reading by Edna Ellard.

Tuesday, Miss Culbreth sponsored a program which included a musical number, a reading by Edna Baker, and a number showing the evolution of style, by six girls.

Bert Chas. T. Whaley gave an interesting and inspiring talk Wednesday on the subject of our record in the world.

Thursday, Miss Jones sponsored a program which included a pep meeting, followed by a mock faculty, and a trial of fortunes.

Friday, the "Yellow Jackets" made their debut, followed by a pep meeting which showed the school to be a hundred per cent behind the City.

Campus Comments

It seems that "Jim Red" has a powerful influence over some of the school boys,—one football boy in particular. She proved her authority the night of the football banquet, like if Jimmie Likes came.

After her initiation into the Senior Girls' Club, we hear that Martha Temple has decided that she could finally understand what the people of England, under the rule of Alfred, went through under the Ordeals.

Edna has decided that she had to do some things that are absolutely against her religion. One of these drinking things.

Ollie said he would have made a long talk at the football banquet, but a certain part of his physical anatomy became very weak, and he has remarks very short.

It seems that some of the Memphis school boys are fast becoming famous athletes. The drug stores say that they sell them quite a bit of cosmetics, but we can't learn the brand.

SEVENTH GRADE ELECTS CLASS OFFICERS MONDAY

On Monday, October 27, the Seventh Grade met for the purpose of electing the class officers. Miss Belle St. Atching as sponsor, called the meeting to order. The election of President, vice-president and Secretary followed. Bonnie Woods was elected president; Helen Vandenberg, vice-president; and Mildred Ross, Secretary-treasurer.

As there was little time, the selection of colors, flowers, and other things were left for another time.

Miss E. "I saw you at the bank yesterday."

Miss A. "Yes."

Miss B. "Did you put in some money?"

Miss C. "Yes."

Miss D. "Did you take out some money?"

Miss E. "Yes."

Miss F. "Then did you borrow some money?"

Miss G. "Then what did you do?"

Miss H. "I filled my fountain pen."

"Yellow Jacket" Pep Squad Organized

Wednesday noon about twenty girls met Miss Porter in the Home Economics Room and a pep squad was organized under the name of the "Yellow Jackets." Marcelle Brewer was elected leader of this charming bunch of girls. The "Yellow Jackets" held their first practice Thursday noon and Friday morning made their first appearance before the student body in chapel.

They paraded across the front of the auditorium and onto the stage, singing a peppy song. They were appropriately dressed in the black and gold caps and sweaters, and carried little reed canes with the black and gold pennants, bearing the word "Memphis" on them.

They gave several peppy yells and songs. The "Yellow Jackets" assisted the yell leaders with the pep meeting of the morning in preparation for the coming game with Clarendon. They also made a very fine showing at Hedley at the Clarendon-Memphis game, and encouraged the boys on to victory. Three cheers for the "Yellow Jackets."

The meeting was held in the Domestic Science rooms, where a delicious salad course was served. The girls are looking forward to a jolly time this coming year.

No name has yet been selected for the club, but will likely will be at the next meeting which will be held as announced in Study Hall later. Wonder why the new members complain with their knees?

"If you are so much in love with that girl, why don't you marry her, doctor?"

"Marry her? I should say not. She's my best patient."

Mr. Kuhn: "Pluck, my boy, pluck; that is the one essential thing in business."

Forest Grant (a deep thinking Texas lad): "Yes, of course, I know that. The trouble is in finding some one to pluck."

Mrs. Beard: "Then how does it happen you left here with an umbrella and come back with a cane?"

Maynell: "Ugh! Look at that man's unkempt beard! He must be almost a wild man."

Ollie: "Just about. You see he's an old-fashioned gentleman, and he always surrenders his place in the barber shop to the waiting ladies."

"Don't need to, boss. Dat's when de crap game's de biggest."

Ruth Officer had just finished a selection on her saxophone. Turning to her audience, she remarked:

"Well, your playing it ought to settle it," some one remarked.

"Why?"

"Just open their graves and see which one turned over."

Miss Madden (to Robert Henderson, who is day-dreaming): "What is the time of Macbeth?"

Ayleene (in a loud whisper): "1040."

Robert: "Oh—ah—twenty till eleven."

"Dear Mr. Editor: Will you please read the enclosed poem carefully and return it to me with your candid criticism as soon as possible, as I have other irons on the fire."

"Dear Sir: Remove the irons and insert the poem."

"Yessuh. Dat's what he up an' done."

"Can you produce the rolling pin?"

Nossuh, a's 'fraid not, suh. Yo' see Ah jus' took it away from him at de time, an' busted it over his head."

IT'S ALL FREE!

Most people think that to run a news item in their local paper they have to pay for space, or so it would seem if we were to judge by the difficulty we encounter when trying to get information from them about some happening. Especially is this true of most of our Civic Clubs and organizations. They seemingly do not realize the value of newspaper publicity, for on several occasions when programs, etc., have been planned we have found it next to impossible to obtain any details in regard to their arrangements. We have given column after column of space to promote every interest of Hall County, but in each case we were compelled to go to unnecessary trouble to ascertain enough facts to make an article. We want to give publicity to all movements for the betterment of Memphis and Hall County, and feel that when persons have information regarding such plans, they should not try to keep them as secrets, but let us know about them and enable us to help put them over.

OUR BANDSTAND

Last week we mentioned the fact that Memphis needed a bandstand, and from what we have been told by band members, our efforts were not in vain, for several nice donations have been made for this fund. Now, if these boys call on you for a small donation, don't be afraid to dig down and get a nice little sum to help build a suitable place for them to give their concerts. If a new bandstand can be constructed, the band has promised to give more programs, and they will indeed be better, as they can play without being disturbed as they are while playing on the streets. Dig down!

Quitaque Man Is Slashed With Knife By Brother-in-law

Bud Ward was seriously cut and narrowly missed receiving a death wound when his throat was slashed, Monday evening, by a knife in the hands of his brother-in-law, Bill Milton, also of Quitaque. Ward was brought to town and taken to a local hospital and Milton was placed in jail here.

The near-tragedy was the result of a quarrel between the two men on the road near Indian Creek. Both men are truckers, and Ward, who was driving in front, was having engine trouble. Milton drove up from behind and in an effort to help Ward pushed his truck up the hill. In doing so he splintered the ingate of Ward's truck. According to Ward's story he good naturedly joked him about tearing up his truck. Milton instantly became enraged and made a knife play. They were separated by a man who was driving behind them.

Ward is fast recovering, the cut not being deep.

Said the puddle duck to the little white hen, "I've not sold an egg since I don't know when; yet I feel quite sure the eggs I lay are as good as a hen's egg any old day. Said the little white hen to the puddle duck, "You think perhaps you are out of luck. Your eggs are as good, I'll freely admit and larger, too, by quite a bit. But my dear Mrs. Duck, I'll give you a tip, the whole fault lies with your salesmanship. You produce your egg without a quack to your swimming pool you waddle back, I tell the world, to let it know, so I waddle around for an hour or so. There's a good demand for the eggs I lay, for I make my advertising pay."

COUNTY SUPT. MAKES STATEMENT REGARDING CERTIFICATE BUILDING

I am in receipt of a letter from the State Department of Education which changes the opinion I have held concerning the building upon teachers certificates. Following is an exact copy of the letter:

"Answering your letter to Mr. Mann of October 22, I wish to advise that any building beyond the basic certificate which was started before September 1, 1923, gave the builder the privilege of completing any building possible in his case up to and including August 31, 1925. If one held a first grade certificate before September 1, 1923, which was obtained through process of building, even though he has not done building since that time, may now take up his building and continue it until September 1, 1925."

MRS. ROY GUTHRIE, County Superintendent.

I'd like to don a football uniform and play football again, for as I think of the college days, I well remember when I used to plug the line for gains or sweep the field around the end; I'm modest, hence my brilliancy cannot be fully penned. Many's the time I've used my toe to send the pigskin far, and straight and true across the goal's crossbar. I'd hate to tell you all I've done to win some hard-fought fray; I'd also hate to be called on to do the same thing today, for I've grown fat and soft and old—the game of football's rough, an' though I'm dissolute, bad, and rough, I am not near tough enough.

for a touchdowns, during the last few minutes of play, and then it was that the Cyclone broke loose in all its avenging fury to come from behind and play two and one-half minutes of the most spectacular football ever witnessed. With the side lines hopelessly moaning defeat, and squarely facing what seemed to be a crisis, the Cyclone rallied with only 2 1/2 minutes to play.

Memphis received the kick-off and a back-field man romped off 56 yards before he was downed. A long pass and a wonderful catch netted 34 yards more. Where Did You Get That Hat?

By Phebe K. Warner

Here is another problem for the school boys and girls of Texas: How many hats do you suppose it takes to supply the men folks and boys of Texas annually? Where do they come from? Where does the material in them grow? We say men's and boys' hats because they do not represent quite such a conglomeration of materials as do the hats of women and girls. Although it would not be a bad plan while your mind is on the subject, if it is on it, to think and ask yourself where all the women's crazy hats come from.

How many of you have had a new hat this year? Do you suppose we average one hat around a year for all the 5,000,000 people? Not that the hat business is any different from any other article of clothing but is one essential article that all of us invest in occasionally. Did your hat grow on a sheep or a goat or a cotton stalk or an oats field, or where did it come from? How much raw material is there in it? What did that material cost? And where did your hat go before it circled around and settled down on the top of your head?

You might ask yourself, the same question about your shoes or boots or your dress or coat. The chief thought is, here in Texas we produce more raw materials with which to make hats and boots and shoes, and all kinds of clothing but about all the most of us see here at home is the cotton in the field and on the road to market, the cattle, sheep and goats grazing peacefully over the plains and through the mountains, during this year and then next year we find these same products on the shelves of our stores in our towns and cities but seldom think of them being any relation. The transformation scene is so great that we do not recognize our own raw products. Neither do many of us realize what a long journey those products took before they finally reached home again. But there are a few things that every Texas school boy and girl

ought to know. Texas is growing to be a manufacturing State. Textile industries have increased 30 per cent in the last year in Texas. One year ago there were 180,000 spindles operating in our State. During the past year 53,000 more spindles have been added to that number. More new spindles have been set into motion in the last year than in the previous ten years. Why do you suppose that is? Here is an industrial and commercial sign for the boys of today to watch. There are twenty-two textile mills now in operation in Texas. Do you know where any five of them are? These twenty-two mills employ over 6,000 workers. This means they are not so very large as yet, but look where they are and the chance they have to grow. And here are some of the things these Texas mills are producing. Gingham, drills, denims, duck, sheeting, plain yarn, twine, shirtings, dress goods and Houston is soon to have a mill that is to manufacture only blankets. Six new mills have been constructed this past year in Texas. They are located at Dallas, Fort Worth, New Braunfels, El Paso, Houston and Mexia. Each of these mills will manufacture a different kind of goods, something that will meet a Texas need. By producing a different kind of material these mills hope to be able to keep a full force busy every day in the year. Otherwise if all produced the same thing, they would soon over-stock the home market and then be compelled to shut down or ship out and hunt a foreign market for one article and ship in everything else.

But there is another industry growing in Texas and that is the garment manufacturing industry. There are at this time over one hundred such industries in the State which employ five thousand workers. The home is still the manufacturing center of most of the garments worn by little children. The things made in Texas include dresses, children's clothing, underwear, both in silk and cotton, ladies' ready-to-wear clothing, shoes, men's dress suits, work clothes, shirts, overalls, jackets, hats and ties. But there is perhaps no greater opening in the commercial world than in the line of manufacturing clothing in Texas where the raw materials are at your back door and fuel in the form of oil and gas is flowing out of the earth every day. What Texas needs worst of all is more trained workers to direct all the industrial possibilities of the State. And on November 11, 1924, Governor Neff will assist in laying the corner stone of Texas' new college whose mission will be to supply the State with skilled labor for all her mining, manufacturing and agricultural interests. Some day Texas will be one great, grand State when all her interests are balanced. These every dinner pail will be full every day. Every seat in the school house will be filled for nine months of every year. And Texas homes will be glorified and beautified with Texas-made products.

A Warless World

When?—How?

All Ex-service men of the County and the Public in General are invited to hear Rev. C. E. Richter discuss this subject.

Sunday, Nov., 9th 11 a. m. At First Presbyterian Church Mr. Allan Grundy will also deliver a Patriotic address at this service.

Change of Life

"When change of life began on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDUI The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Cardui." At the age of about 40 to 50 every woman has to pass through a critical time, which is called the Change of Life. At this time, great changes take place in her system, causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of the troubles or symptoms, take Cardui. It should help you, as it has helped others.

Golden Bros. Show Advertising Crew Here Last Week

When you saw that gaily painted 80-foot passenger coach on the Ft. Worth & Denver railroad station tracks the other day, you might have wondered how it could carry so many men. And you might have wondered, if you were a close observer, how the men standing, laughing about its sides, were so spick and span. Well, it's no secret. It was the advertising car of the Golden Brothers' Show, as you know from the gaudy posters on every billboard throughout the city and county. But here probably are some things you didn't know about the modern circus and its ways of advertising.

All the clean-shaven men getting ready for work in the bright sunlight, had just been fed in their own dining room. The night before when they retired they had a shower bath, after which they lolled about the library talking over the days' happenings and the circus world news. How can they do it? Very easy. The 80-ft. car you looked at last Thursday was built specially for Golden Brothers' Big Four Ring Trained Wild Animal Show. There is an electric lighting plant. A complete kitchen. Stateroom for the men and a dining room and office. Electric fans are placed wherever needed. In the middle is the 30-ft. library with its well-stocked shelves of classic literature. Each of the 20 men has a bed to himself. The Golden Brothers realized long ago in the show business, that advertising men work hard. They need recreation, and so the new car then started the circus world. There is only one thing the Golden Brothers forgot, but the manager, Mr. Van Millery, took care of that. He purchased an electric washing machine that sits in the kitchen. The white overalls are dumped in each evening, given a few swishes, and presto the next morning the men appear to have stepped from a band box.

Truly the world do move, and evidently the show is keeping pace.

30c COTTON—\$20.00 LAND

Either the cotton is too high or the land is too cheap. For one acre of land will usually produce from one-fourth to one-half bale of cotton annually—worth from \$35 to \$75. One crop will frequently more than pay for the land. We will sell you the land for \$12 to \$20 per acre on long time payments and at a low rate of interest. If you are interested in securing a home for yourself an family where there is no boll weevil and where the climate is fine and the water is good, write today to W. A. SoRelle, General Agent for the Spearman Lands, 15 Santa Fe Bldg., Seagraves, Gaines County, Texas, for descriptive literature, giving prices of land, terms, etc.

True To Type Is Cast Chosen For Covered Wagon

Acast selected absolutely for type was chosen for "The Covered Wagon" a James Cruze production for Paramount of the famous Emerson Hough novel which will be on view at the Palace Theatre November 17-18-19.

Lois Wilson plays the heroine, Molly Wingate, a typical girl of the frontier days, beautiful big of soul and with the bravery and stamina that the wild experiences of the caravan times demanded. James Warren Kerrigan is seen as Will Banion, the intrepid leader, whose sterling qualities win through in the face of impending disgrace and hold the heart of Molly Wingate despite the efforts of a rival to blacken his character. The rival, Sam Woodhull, is portrayed by Alan Hale noted screen. Mr. Wingate is played by Charl seOgle, noted member of Paramount Stock Company. Mrs. Wingate is played by Ethel Wales, who played Aunt Matilda, in "The Old Homestead."

This is one of the most ambitious efforts of Paramount pictures—and is expected to prove a historical pictorial document of immense value aside from a thrilling tale of the days when the west was untamed and largely in the hands of the redskins.

Webster Warblings

We surely are thankful for the pretty weather we are having, it is certainly fine for cotton picking.

Rev. Hawkins will fill his appointment at Webster Sunday afternoon at the regular hour, 4:00 P. M. Everybody is invited to attend.

Mr. and Mrs. W. E. Emmons will entertain the young folks with a party Saturday if the weather is fair.

Rosa Stanford, who suffered with a broken collar-bone last week, is reported doing nicely at the present time.

Columbus Davis and Miss Carrie Lee Creager visited Mr. and Mrs. Willie Mack Wolf Sunday afternoon.

Folks, I have been told a story of a Memphis young man who was disappointed in love, and decided that he would get a lot of liquor, and proceed to drown his sorrows in drink. At the end of a week he quit. He discovered that he wasn't drowning his sorrows at all. He was just giving them swimming lessons.

It was late at night. No one seemed to be about and the poor woman was very sea sick. She thought if she could only get up on the deck for a few minutes the fresh air would do her good. So, in her nightie, she was crawling upstairs, when she met a man equally sick coming down. She gave a feeble scream of embarrassment.

"Don't worry, lady," the man moaned. "I'll never live to tell it."

Lakeview Letter

We are still enjoying the pretty weather we are having.

Mr. and Mrs. T. M. Potts and daughter, Tommie Ruth have returned from a few days trip on the South Plains.

We are very proud to know that Rev. Hawkins will be our pastor again for the coming year.

Mr. and Mrs. J. H. Smith have moved to Memphis.

Several darkeys have been brought to Hall County the past few weeks to help the farmers pick their cotton.

Bro. and Sister Hood and baby, Eddie Drew, spent Sunday in Lakeview. In the absence of our pastor, Bro. Hood delivered a very interesting sermon.

Mrs. John Iosr is spending this week in Memphis, with relatives.

Mrs. Watson, who has been in Memphis for medical treatment, is spending this week with home folks. She does not seem to be improving very fast.

SOMETHING TO THINK ABOUT—

Cotton continues to sell at a good price, but will the price of cotton be next year or the year after? Why not own farms that will make money in cotton when the price is good or wheat when cotton is low?

Good land on the Plains is changing hands rapidly now and bargains close in are getting harder to find. Still have some extra good stuff at from \$15 to \$35 an acre, in any size tracts and on good terms.

Have some land can sell on crop payment plan.
