Old Settlers Reunion and Rodeo.

The poet was born in New York, and before the World War

started, he was in El Paso doing Boy Scout work. He joined the army and served at Camp Bowie

and at Fort Sill in the 56th Field

Following the war, he worked

for a while with the YMCA, and then went into the dry goods business. The depression saw him ushered out of the business world

and he did whatever he could find to do.

Later he began writing poetry

and continued this work after he enrolled in the Memphis CCC camp in July 1937. He finally got his

poems into book form, acquired an old model car, and started out on his own to sell the books.

Thomas was still keeping going on the sale of his books at the time of his death in Fort Worth. He had been living there for a num-

Rain Plenty Early For Late Cotton

The rain did not come too late for some of the cotton in Hall County, to say the least.

Lee Thornton brought to The Democrat office Wednesday two stalks of cotton, one of which was planted April 10 and the other May 20. The late cotton was loaded with bolls and cotton was loaded with bolls and the other trice as tall as the

was about twice as tall as the early cotton, which had only

one boll on it.

Mr. Thornton estimated that the field from which the late cotton was taken would make between one-half to a bale per

acre. The other would make very little cotton, he said.

The rain which fell Monday brough below the

brought between one and two inches of moisture to his farm just south and east of Mem-phis, Mr. Thornton said, and the ground was wet approx-

#### CITY PARK GETS **NEW EQUIPMENT**

Swings, Giant-Stride, and See-Saws Added to List Of Playground Equipment

Several items of playgro quipment have been added to weeks, it was announced this week by C. C. Hodges, member f the Park Board.

Included in the new equi and Mrs. Claud Johnson and Mr and Mrs. John Deaver; a giant-stride, donated by G. W. Hogue; set of three swings, two and rings, donated by the United and four see-saws donated by the First State Bank.

All of these playground units have been built locally, according to Mr. Hodges, and are sturdily constructed of the finest marials available.

At the entrance to the park a riangle entrance pillar is being constructed by E. W. Godfrey, s making this marker his contri-oution to the park. The pillar is

#### ABOUT HITLERISM

CVERY FEW DAYS, we hear about or read about L some German product which is being sold in the United States at a lower price than the same type of product made here, even though the Nazi-made product has to be shipped a long way over the seas.

When we hear about these things, we get to wondering, and some people get scared-afraid that the influx of these German products will cause American manufacturers to cut wages to meet the Nazi

These Americans, who believe that Germany, with her virtual slave market throughout the nation, can produce goods more cheaply than the United States, seem to forget the gigantic and numerous facilities we have in America that Hitler does not have.

Mass production is much more capable of producing goods at a lower price, without affecting the rate of pay workers are given, than is any type of manmade production which Hitler may have. At present, of course, Hitler has his public so overcome with his wonder-working propaganda that the citizens will do anything he asks, no matter what the

getting, is not as sweet as they believe.

etting, is not as sweet as they believe.

In the meantime, our machinery in the United in the home of Mrs. Allie D. day.

Mrs. Ruth Kennedy and daughbeen visiting her parents in Sherter Jo Ellen of Clarendon visited man, returned to Memphis Monin the home of Mrs. Allie D. day. able to obtain American-made goods as cheaply, if able to obtain American-made goods as cheaply, if the criefper, than we could ever get Nazi-made materials. Hitler's human machines require food, and Germany can get only a limited amount. The American machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature, and thousand machines require fuel of a different nature. States will continue to produce goods. We will be Weaver Tuesday.

Germany can get only a limited amount. The American machines require fuel of a different nature, and the United States is self-sufficient in this type of fuel.

Right now, let's hope we stay on the outside of the war, looking in rather than on the inside looking out. We can talk about it, sure, for it certainly is not to be overlooked. We can use the war for food for thought, and at the same time remember that if Hithought, and wished the understanding the Methodist camp at Ceta Canyon this week.

Mrs. Gladden of Houston spent Sunday night with Mrs. A. W. M. Morrow of Dimmitt visited her parents, Mr. and Mrs. V. Mrs. W. M. Morrow of Dimmitt visited her parents, Mr. and Mrs. V. Mrs. C. C. Spieler spent the week.

and I'd be dumb not to prove it!

I wouldn't be smart if I'd lose sight of

one swell way to make you my steady cus-

tomer. I couldn't keep you coming here

by nothing but the polish on my manners.

That isn't much to you unless at the

same time you notice all your swell mile-

age from my Conoco Bronz-z-z gasoline.

You still want mileage, no matter how

much like a good hotel I keep both the

restrooms, and no matter how bright I

always shine your windshield and win-

dows. And I fill your ra-

diator and tires exactly enough, but the thing

At 4:30 o'clock Monday afternoon an inch of rain had fallen, according to the guage, and it was still raining.

Revival to Start

Revival services will begin Friday night at the Methodist Church with Rev. John Crow of Merkel in thange of the preaching. Rev. Crow is well known here, having been born and reared in this community. Services will be held outside at night with the seats and lights arranged on the east side lights arranged on the east side lights arranged on the east side in the occasion were Mr. and Mrs. And Mrs. Messick and Mrs. And Mrs. Mr. and Mrs. Mr. and Mrs. Boyd Divisiters Whoopee' and that's the way I feel cause right now it's poursing rain, great big drops that splash and blow as they fall on the windows and run down the windows and run down the honoree and fallen. A Word About the Weather Whoopee' and that's the way I feel cause right now it's poursing rain, great big drops that splash and blow as they fall on the windows and run down the honoree and fallen. # Many Thanks

We wish to thank our patrons for their co-operation during the recent shortage of water. Due to the extre dry weather that this locality has experienced for past few years we have added a number of wellse year to keep our water supply up and to off-sel shrinkage of the older wells.

However, we have had very little rain-fall di 1938, 1939 and this year. The rainfall for 1938 12.92 inches, for 1939 it was 11.26 inches and the seven months of 1940 the rainfall reached a surple low of only 6.05.

Due to the rain and cooler weather of the past days we have gained in our water supply and hop have sufficient supply to water lawns and flower the balance of the summer.
