CHURCHES

MEMPHIS MINISTERIAL ASSOCIATION

The Ministerial Association will have its regular services on the court house square Saturday afternoon at 2:30. Bro. Joe Findley, of the First Christian Church will conduct the service.

FIRST CHRISTIAN CHURCH

Next Sunday thousands of ministers will preach on a subject on which they feel ill-prepared. Millions of persons will try to honor someone, dearly loved, who is worthy of far more than the best happy anticipations for some who will wear red flowers. Others, a day to revive memories sweeter than life itself. Even for those it will be a time for deep gratitude. We hope all believe it is good. May 8, 1938, has been red-lettered in the calendar as Mother's Day.

Hours for services at our church are as follows: Sunday School, 10 a. m.; church 11 a. m. and 8 p. m.; prayer meeting 8 p. m. Wednesday.

JOE FINDLEY, Minister.

CHURCH OF CHRIST

W. M. Davis, Minister

Next Sunday morning the minister will have for his subject, "Paul's Answer to Peter's Question." Paul asks, "What shall the end be of those who obey not the gospel of Christ?" (1 Peter 4:17). Paul answers that they will be punished with everlasting destruction (2 Thess. 1:7-9). The evening subject will be, "The Great Invitation."

The Sunday morning Bible school will begin at 9:45 o'clock. The women's Bible class meets on Tuesday at 3:30 p. m. The mid-week Bible study is Wednesday at 8 p. m. We are studying the Book of Revelation.

PRESBYTERIAN CHURCH

"Mother's Day" will be observed next Sunday morning and evening in our Church. Therefore you are most cordially invited to attend and enjoy the day in keeping with the thought of "Mother" so sacred to earth's millions and so radiant with real life and courage.

Come and help sing some of her songs she so much enjoyed. If your mother is yet with you, will be lovely to come with her to the service. In the event your mother is residing at some other place, your letter this week, or your telegram will bring joy to her. To all mothers we send this word of greeting and cheer. Your friends,

Rev. and Mrs. Cargill.

FIRST BAPTIST CHURCH

Sunday is Mother's Day and the services at the church will be given over largely to the observance of the day in a suitable manner. The pastor's message Sunday morning will be on the subject, "An Ideal Mother," using the story of Hannah the mother of Samuel as the scriptural foundation.

At the morning service we want to recognize the mother who has the largest number of children present in the service, also the mother with the oldest son present, the mother with the oldest daughter present and the mother with the youngest baby present. To each of these four mothers an appropriate floral offering will be given.

You are needed in Sunday school, the morning and evening preaching services and the B. T. U. We trust you will honor mother or the memory of mother by being in all of the services.

Mrs. Maude Williamson went to Fort Worth Thursday to spend until Sunday visiting with friends. T. M. Potts, Don Wright, W. C. Chapman, and Allen Grundy of the Potts Chevrolet Company, attended a Chevrolet sales meeting in Childress Wednesday night.

## "KEEP IN THE SHADE" . . . IT'S SPRING!

THE DEMOCRAT isn't afraid of receiving too many reports of fatal sun-strokes this time of year, but reference here is made to the need for keeping in the shade through safe and sane driving during Spring and Summer months, as illustrated by the cartoon at the top of this page.

With the arrival of Spring comes an increase in traffic. People take to the open roads every available hour they have . . . but more and more the truth is established that the open road is not always open. With the increase in traffic come increases in the number of accidents along the no-longer-open roads.

The Democrat issues this warning because every indication points to the fact that it is spring. Memphis filling stations are reporting increases in gasoline sales, tire dealers are busy supplying the demands and more and more Hall Countians are spending idle hours driving along the byways and highways. The odds are against you if ALL drivers are not safe and sane.

The best way to describe it is this way; You may be able to dodge one crazed bee but you don't stand a chance if the entire hive is after you. Play safe and be a sane driver and there will be one less fool at the wheel of an automobile.

### CITIZENS OF LAKEVIEW FIGHT A GOOD FIGHT

LAST WEEK church women of Lakeview, and community, launched Hall County's first public fight to control and eradicate the spread of the two horrible diseases, gonorrhea and syphilis. For many months a nation-wide movement against these health destroying diseases has been developing in importance until today they are no longer "unmentionable words" to American society.

The Democrat has watched with interest the development of this campaign throughout the forty-eight states, but has heretofore evaded all mention of the movement, or the proposed La Follette-Bulwinkle Bill, with the hope that Hall County citizens themselves would make the first move. Now that the ever alert and broad-minded women of Lakeview have broken the ice, so to speak, The Democrat openly pledges its support to this worthy fight.

Hall County is no different from other communities of America in that gonorrhea and syphilis are as contagious here as they are in other areas. In fact, without a sound, united public fight against their spread these diseases may take untold amounts of happiness and health from the ranks of Hall citizens.

Citizens of Lakeview, you fight a good fight! Hall County needs more alert thinkers like you.

### TEXANS ARE LOYAL TO TEXAS

IN A RECENT issue of The Texas Weekly we read, "So far as we have been able to determine, virtually all Texans are consistently glad that they are Texans. In other words, State patriotism knows no season in Texas. Your Texan born and bred doesn't long to live elsewhere even when the winter is frigid or the summer is torrid. Even so, most Texans find it more than ordinarily satisfying to be in Texas in the spring. And the principal reason for this lies, we think, in the fields of bluebonnets to be found in such widely separated sections of the State."

The Democrat can understand that this gregarious plant is very attractive and very beautiful but cannot agree with The Texas Weekly in its belief that the bluebonnet is the principal reason for a Texan's loyalty to his state. We of West Texas and the Panhandle don't need bluebonnets to arouse our patriotism. The dust storms, the high winds, the spring snow storms and the long drouth periods fail to daunt our spirits and turn us against our native Texas.

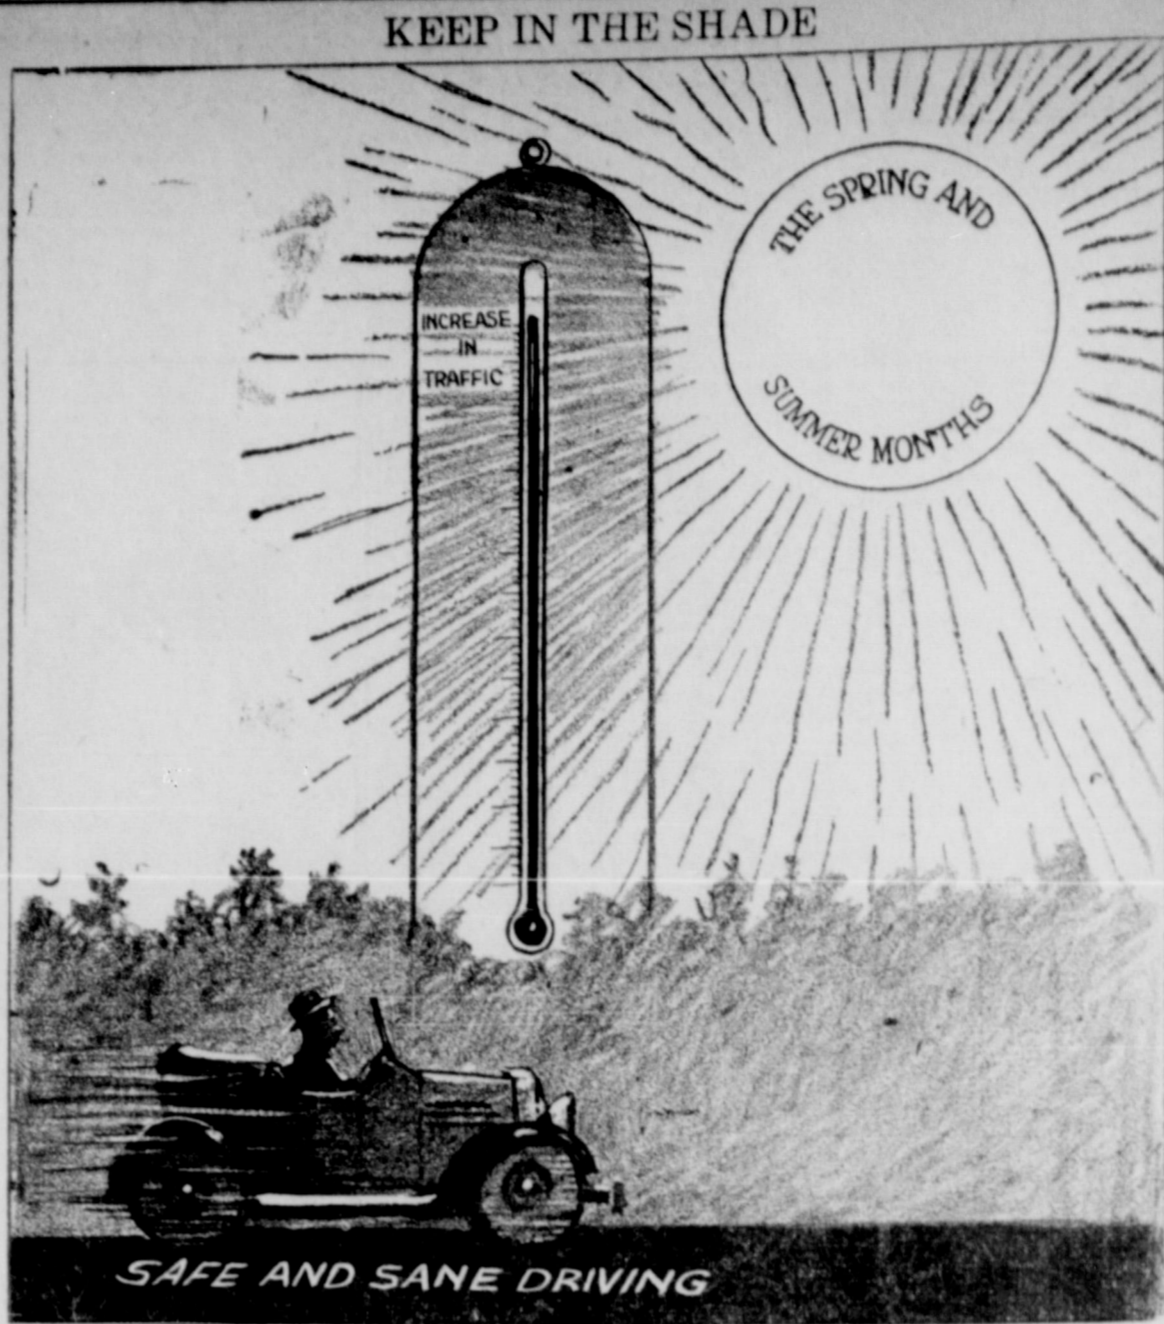

Be we native sons or adopted sons we love Texas because it is Texas and not because of the official state flower or any other principal reason. To all sons Texas is the greatest state in the Union . . . and thus it should be.

A recent editorial says, "political farm relief comes and goes." We have about decided that it never even "comes" in Hall County. 1937 program money is several weeks tardy already.

### Bits o' Nothing

By EARNEST E. HAYLEY

Sunday is the day that Americans honor their mothers by going home and having the dears spend three-quarters of the day cooking a big dinner while "we children" visit with dad in the comforts of the living room. This year remember your mother with a gift . . . or else take your own dinner.

Personally we vote for John Gilbreath, soda-jerker deluxe at Durham-Jones, for the title of Clerk of the Month. Who else would take off a few hours from his regular duties to engage us in a game of Star Checkers? Best of all, he still speaks to us even though we didn't purchase one of the new games.

This week-end a few Hall County students are in Austin to participate in the state Interscholastic League meet. This reminds us that it was exactly seventeen years ago that we first invaded Austin for the same reason. In those days we thought we were about unbeatable in declamation. There wasn't a shaky nerve in our frail body, and just to prove it we walked right up and shook hands with Gov. Pat. M. Neff. However, some place down through the years we have gathered a couple of grey hairs and lost complete control of our system of nerves. Today we can't introduce ourself in Sunday School class without suffering stage fright. Carroll Smyers, your able C of C manager, used to come to our home town to compete for various speaking and stage prizes. He can still tell you what's on his mind . . . but now we have to rely on the linotype to help us express our thoughts. We hope that the Hall County youths, who are in Austin this week, will turn out better in later life than we have. The first thing to remember is . . . "keep in practice at all times."

The above brings to mind the words of a speaker we once heard. Said he, in so many words, "Newspapermen get out of the habit of talking in public, but Chamber of Commerce Managers live on forever." (Now wait a minute Smyers, we mean nothing personal.)

We have been sold on G. H. Nelson's proposed Unicameral Legislature idea for the last three years, but now some smart, adverse thinker comes along with a large collection of facts, gathered from history, to prove that our present bicameral system is superior. It's funny we never learned those things from our history courses, but then they could have been discussed that circus day that we didn't feel like going to school.

Senator Sherman Minton, of Indiana, has introduced a bill that would make it a felony for a newspaper to publish as a fact anything known to be false. That means that the society pages of America's newspapers could no longer say, "The lovely bride wore a beautiful gown of . . . etc." Unless, of course, some sort of group voted that the bride was lovely and that her gown was beautiful. The Minton Bill would put a halt to such abuse of the freedom of the press. (Then what would newspapers do for subscribers?)

Dr. W. W. Woody, physician at the local CCC camp, and Captain Fred W. Maxwell made an inspection trip to camp SCS-13-T at Amarillo Tuesday.

Mr. and Mrs. W. R. Gilbreath of Lakeview were visitors in Memphis Saturday and while here renewed their subscription to The Democrat.

Mr. and Mrs. Leon Bullard have purchased the duplex at 419 South Sixth street and moved to their new home Friday from 1221 1-2 West Montgomery street.

### Paragraphs From Panhandle Culled From The Democrat

**That Foolish Feeling**  
 Concerning sessions in a barber shop, Wells Burton, Childress County News columnist, in "Under the Green Lamp Shade," writes:  
 Is this the creature Heaven has raised to rule the world? Just look at yourself now. Just sweetness sits enthroned with a grouch that would make news biting dogs. But here in the barber shop, wrapped in white robes, it is as harmless as a pin cushion. Your wings are clipped. You're as helpless as a chicken on the roost in the dark. You can't smoke; you can't chew your tobacco; you can't even look intelligent. No wonder the poet wrote:  
 "And much it grieved my heart to think  
 "What man has made of man!"

**Gentlemanly Ladies**  
 A lady went out to play golf with the neighboring golfers, and as it was a mixed crowd this lady was paired off with what she supposed was a gentleman. As they started to tee off the lady noticed a girl just always down the fairway dressed up like a man. She remarked to her partner that she did not approve of ladies dressing like men, and her partner said, "That's my daughter." "Oh, excuse me," the lady said, "I did not know you were her father." "I'm not," her partner replied, "I'm her mother."

**Over-Parented**  
 A new expression, one that is due to have wider currency than it has gained, was used in a conversation overheard by a friend of mine. Two Wichitans were discussing a youth who, despite certain seeming advantages, isn't getting along so well.  
 "The boy's all right," said one of the men, "he's just over-parented, that's all."—John Gould in Wichita Daily Times.
