Take Good Care of What You Spend Your Life to Earn

The man who labors six days in the week for a living should make an effort to save a part of his earnings for that time in the future when Age shall reduce his earning capacity.

The man with a bank account is in a position to do this, for this plan of setting aside a regular amount each month or week from the salary is the ideal method of saving money.

Early Morning Blaze.

About 3:30 a. m. Wednesday morning the town was alarmed by the fire whistle and it was ascertained that the home of J. F. Wyatt on North 7th street was in flames. The building was practically burned up before the alarm was given and the fire company was on the scene in very short time after the alarm. It is not known how the fire originated. It caught in the room where Mr. Wyatt's children were sleeping.

The house with all its contents was a total loss. \$700 insurance on the house and household goods. This is very unfortunate for Mr. Wyatt and family and they have the deepest sympathy of the entire community in this loss. This is the first fire since the new fire wagon has been in use and they were on the scene in a very short time after the alarm was given but the building was practically burned when they arrived.

HOG TRAIN COMING TO MEMPHIS

Will Be Here On Friday, September 30, At 3 P. M. Don't Fail To Be On Hand At That Time.

On last Saturday morning Mr. Davis, traveling representative of the Ft. Worth & Denver passed through Memphis on the northbound passenger. While at the depot he gave the Democrat reporter a circular announcing the day and date that the Hog Special would be in Memphis. The train has been traveling over Oklahoma and the greater part of Texas the past few weeks, and at each place where it was announced that they would stop, they have been met by a large body of people, the greater number of which were

farmers directly or indirectly interested in the raising of hogs. They carry with them some fine specimens of hogs and are furnishing these exhibits for our benefit free of cost.

Come and see the mortgage lifters and have the expert hog man tell you all about hogs. These hog talks are very beneficial to everyone. Let all the farmers of this county and surrounding country come to Memphis on Friday, September 30, at 3 o'clock and listen to one of the greatest talks you ever heard on hog raising.

In Memoriam.

Wherers, it has pleased the All-Wise One, in the dispensation of His divine providence, to remove from the walks of this life our friend and brother officer, Judge T. R. Phillips, an honorable and esteemed member and presiding officer of this court, and Judge of Hall county.

And whereas, by his untimely death, this Court has been bereft of its presiding officer and the County of an honorable and faithful servant;

Therefore, be it resolved by the Commissioners' Court that we acknowledge our great loss and that of the public, who have thrice honored him by their votes and confidence, in his sudden and untimely death, and upon our own part and upon the part of the people whom he served, we offer, by way of condolence, to his relatives and loved ones, our most sincere sympathy and friendship in their great bereavement.

Resolved further, that in the death of Judge Phillips, the County has lost a good upright citizen, this Court a zealous and faithful officer, the officers a true friend and co-worker.

Resolved further, that the foregoing resolutions be spread upon the minutes of this Court, and published in our local papers and the same is so ordered.

COUNTY JUDGE APPOINTED.

Commissioners Meet in Call Session and Handles Quite a Little Batch of Work.

There has been quite a good deal of speculation for the past few days as to who would probably be appointed by the commissioners to fill the unexpired term in the county judge's office caused by the death of Judge Phillips. The commissioners meet in call session Monday and Tuesday. At this meeting the county attorney's office was to be filled caused by the resignation of Attorney T. J. Rich. Judge S. A. Bryant, nominee of the recent primary for county attorney was appointed to fill the unexpired term.

In the county judge's office there were three applicants before the commissioners, namely, A. J. Kinard, W. F. Cunningham and John D. Bird. After several ballots had been cast, the name of John D. Bird was finally un-animously settled upon.

In this selection the commissioners have selected a man who is well known to most of the people of the county and one in whom the whole county has utmost confidence. The commissioners had no easy job in selecting a man out of these three applicants as all three men would have made the county honorable executives.

Mr. Bird qualified at once and will take up the duties of the office. There was some other business transacted which we failed to get this week.

A Remarkable Reunion.

One of the most remarkable reunions we have ever heard or known of was held at Bazette, Texas last week and we wish to make some mention of the same as one of its members were composed of one of our most highly esteemed citizens of Giles, E. H. Watt. We understand that on Labor Day F. G. Watt of Woburn, Mass. met a brother, Jno. Watt of Chicago Junction, Ohio, and a sister, Mrs. W. P. Catlin of Bay City, Mich. at Detroit, and from there they traveled southward reaching Giles on the morning of the 10th where they were met by their brother, E. H. Watt here, remaining here a day or two, then on to Bazette to the home of the second sister, Mrs. J. M. Albritton, where the reunion was held. Being joined there by the other brothers, G. G. Watt of Los Angeles, Cal. and his daughter, Mrs. Dr. Sweet of Butte, Mont., W. F. Watt of Quinton, Okla., and J. M. Watt of Bazette, Texas. The reunion lasted from Tuesday till Friday of last week, all returning to

their homes. The brothers from Cal., Ohio, Mass. and the sister from Michigan returning with E. H. Watt and stopping off here from Saturday till Monday morning. On Sunday last a sumptuous family dinner was held at Mr. Watt's. Mrs. Watt's sisters and other relatives being present.

The parents of these eight brothers and sisters migrated to the South many years ago from Prince Edward Island, Canada, and have long since passed on to the portals of heaven.

There has not been a death in the family of children and all are in perfect health, and are passing up in years, the oldest being 65 and the youngest one 52 years of age and this was the first time in 40 years they had all been together, being scattered from the Atlantic to the Pacific. Their next reunion will be held at the home of the other sister, Mrs. W. P. Catlin of Bay City, Mich., two years hence, and they are all now looking forward to this next happy meeting with yearning hearts, and we ask that the Heavenly Father will again show His goodness and mercy as He has to them in the past and again may they all be spared to again unite.

Miss Frankie Watt, daughter of W. F. Watt of Quinton, Okla., who is teaching in the public school at Clarendon came down Saturday morning and remained over until Sunday night. The children of Mrs. W. P. Brumley of Clarendon, Mr. and Mrs. W. I. Raines and children of Rowe and Mr. and Mrs. W. D. Shelton of this place were present at the dinner Sunday the ladies being sisters to Mrs. E. H. Watt.

TO THE FRONT.

The good men must always be at the front. It is not enough that there be more good men than bad, but they must be at the front everywhere and at all times. One man in a position of influence is worth a thousand men single-handed and silent. It is a Christian's duty to wield all the influence he can honestly and judiciously, wherever he is. If a mechanic, be a leader as far as consistency will allow, in the councils of labor; if a "drummer" be a leader among commercial travelers; if a merchant, be as successful as conscience and circumstances permit; in politics, be always on hand; sacrifice time, convenience and comfort to be at the caucus and the polls. It requires more grace, more head and heart to be a leader in social, scholastic, mechanical, mercantile or political life, constantly and consistently, than it does to be the best deacon, superintendent or prayer meeting worker in the city, and it is as essential in its way.

BECOMING RICH

Too often the fact that a man is growing rich is first announced to his neighbor by a wider spread and a finer show in his style of living. His wife and daughters begin to resemble the lilies. They neither toil nor spin but Solomon in all his glory was not arrayed like one of them. Next come a coach and span. Then, of course, a new house. The old one was ample. There is no increase of family but without a grander mansion how is the world to know the man has made a fortune? So architects and painters and decorators in due time install the household in a palace fit for a duke and they take their rank among "the upper men." All the humble walks of life are abandoned, old friends are dropped, the hearts once often cheered, and the poor helped, look no longer for their coming. The cloak of selfishness is tightly drawn and the heart closed to the appeals of charity. How true, when blessings come in the way of great prosperity, they are wholly appropriated for self, and the good they were intended to do never speed on missions of mercy, but are tightly held dwarfed and thwarted altogether and they are not known to have become rich by the many blessings bestowed or good done, but only by an outward dazzling show that a few years will obliterate.

AN ALLOWANCE FOR CHILDREN.

If children have no money of their own, how can they learn to manage it? Begin when they are very young and teach them gradually the use of money by arranging household work so they can earn a few pennies, and perhaps by giving moneyed rewards for special excellence in school. Whenever children are given money let them understand it is because they have earned it by good behavior. Money should not be doled out to a child as if were to a beggar. It has a right to its allowance; and children that are early taught that they furnish equivalent of money received learn the value of money and grow up to be respected be-

The plan we have suggested is followed by many families and each child is paid a fixed sum for certain duties. While the sums earned by smaller children are trivial, the children are compelled to pay out certain small necessary expenses from them, and contribute a penny of the earnings to the church contribution box each Sunday. As soon as they have a dollar saved they are urged to put it in the bank, unless it is near a birthday or the holidays, when extraordinary expenditures are in order. In one family the writer remembers it is the rule of the mother to make a liberal allowance of paper, pencils, and other sundries for school and if any of these articles are wasted or used up before a certain time the child in fault is compelled to purchase others from her own money, a very definite and usually effective way reaching carelessness. By gradually becoming used to spending money, and learning by "paying" the suffering and folly of carelessness, the child grows to learn the values, and when he arrives at an age suitable may use an allowance given her wisely and with proper discretion.

DISCONTENT.

It is astonishing how small a proportion of the men and women, old and young, who inhabit this earth are contented with their lot. How few laborers in this great work-a-day world receive payment commensurate, in their own eyes, with the labor performed. How is it with the housewife, who from morning till night toils unceasingly for her family, yet with all her diligence, must pinch here and there, keeping her own wants in the back ground, that the household she manages may have clothes to wear and food to eat? It is so throughout every department of industry to a great degree, and one great crying evil is the cheapness to which nearly all work done by the human hand is reduced. The craving for cheapness and hunting after bargains is not only economically false, but a cause of great suffering to thousands of individuals. It is hard, in fact impossible, to be content and be in want. But when want is past, and comparative comfort is granted, almost invariably comes a craving for something still better, and the very ones who have felt the pressure and pinch of bitter need, are ready to drive as a trade, and exact as much in exchange for very little pay as those who have experienced none of the grinding lessons of poverty. When we learn to deal fairly and squarely by ourselves and others a spirit of contentment will be almost sure to bless us.

Clay Akers of Giles is now working in the First National bank and will fill the place soon to be vacated by J. Henry Read. Mr. Akers is a worthy and competent young man and will no doubt make good in his new position. Mr. Read will be with the T. R. Garrett Co.

How to Own the Oliver Typewriter for 17c a Day

You don't have to draw on your Bank Account when you pay on the Penny Plan. You need not disturb your dollars. Keep them at work earning interest? We offer our newest model, the Oliver Typewriter No. 5—fresh from the factory—for Seventeen Cents a Day. The plan is printed in "black and white" on the Application Blank below. Simply fill out the blank, attach the small first payment, send it in, and on comes the Oliver! No tedious wait! No red tape! No long-drawn-out correspondence! You quickly own your Oliver and scarcely notice the delay. You can have the use of your machine while pennies are "paying the freight." You will never have a better chance to test the power of pennies.

The Oliver is everywhere. It's the universal typewriter. Reels off real work with the ease and speed demanded by this mile-a-minute age. Wherever you turn—in business offices, great or small—in the quiet of the home—in the roar of the railroad and telegraph service—in the seething maelstrom of modern newspaperdom—in countless kinds of service—it's the sturdy, strenuous Oliver that's "making the wheels go 'round.'"

The OLIVER Typewriter

The Standard Visible Typewriter. You need your Oliver now. It's yours almost for the asking. The biggest hundred dollars' worth in America—for Seventeen Cents a Day. Send along the Application Blank, with a small first payment of \$15 as an evidence of good faith. Your check is good—send draft, postoffice or express money order.

Eyes That Squint

People having a tendency to squint may be relieved of the awkward, unbecoming habit by wearing proper glasses.

Squint is caused by nervous twitching of the eyelids, and is positive proof of defective eyes.

Children should have their eyes examined before being taxed by study. Defects may be remedied then that, if left alone, may cause much distress in after years.

Fine Chickens

It does not cost any more to raise fine single comb R. I. Red Chicken than it does to raise a sorry, mixed bunch. The Reds are the best winter layers that you can get, the best to eat, the best to look at and the best rustlers. We have raised a nice flock of the chickens this year and are offering roosters and hens at the low price of \$1.00 each. This price is very low, when you consider the grade of chicken you get. You can not send East and get the same grade for less than \$2.50 to \$10.

The ladies of the Rebekah lodge and the local Odd Fellows celebrated the 59th anniversary of the Rebekahs Tuesday night of last week with nice refreshments and a splendid program which was highly enjoyed by all. The Rebekahs are a noble band of workers and are building up a nice lodge at this place.

Watering Station.

The Fort Worth & Denver is now having built a very large tank in the north part of the yards for the purpose of watering the engines. A contract has been made with Mr. Browder for all the water they want. We have plenty of it and are glad to be able to accommodate them. We would also like to have the Denver move her shops here to Memphis where they could get an abundance of pure water for all purposes, but it takes time to do all things.

Mrs. Foralee C. Wilkins.

This lovely christian woman in failing health and strength came some time ago to spend a while with her daughter, Mrs. J. W. Wilkins, grew weaker and weaker and in spite of all that tender loving hands could do her spirit on September 19th returned to him who gave it. She gave her heart and life to God and His cause when a girl and had continually since found great joy in that divine love and service. She was a life long member of the C. P. church. The husband of her youth was called on ahead of her some few years ago. May we hope their reunion will be sweet and eternal.

Sister Wilkins was a native of Tenn., was married to Mr. E. M. Wilkins in 1856, moved to Texas and settled in Plano, Collin county about that time.

She was in her 74th year. Mrs. Wallace, Mrs. Nemo and Miss Oma Wilkins of Fort Worth were present with Mrs. Wilkins and a son F. M. Wilkins who with friends gave her a Christian burial in Memphis cemetery.

B. Webster went up to Clarendon this week where he has a car of apples on sale.

We notice from reports in the Dallas News from Atlanta, Ga., that the Magnolia degree team of the Rebekahs of Fort Worth had won the \$400 cash prize for the best drilled team in the United States. This is quite a feather in their caps and Memphis and all Texas feels proud of them and especially does Memphis feel proud as Mrs. W. A. Bennett was at the meeting with them pulling for Texas and talking the good qualities of the Rebekahs.

Edwin Thompson returned from Muskogee Saturday where he had been several days on a business trip. He says that he did not see anything that looked as good to him as Hall county in the way of crops.

Wagon load of school shoes just come in on the F. W. & D. All styles and prices just right. THE FAMOUS.

The band concert last Saturday night brought out more people than was out the Saturday night before.

Our ladies coats and military capes have just come in and are up-to-date in every particular, both in style and texture. Call and examine them. THE FAMOUS.

W. H. Melton returned last Saturday from Walters, Okla., where he was called to the bedside of his sister who was quite sick. He left her very much improved. He reports the cotton crops in that section very sorry.

The old coal box which has obstructed the side walk on the north side of the Mickle building has been removed. This certainly looks good to see the side-walks cleared of all obstructions.

Every A to Beauty
