

The Memphis Democrat

VOLUME XVIII

MEMPHIS, (Hall County) TEXAS, THURSDAY, SEPTEMBER 3, 1925

NUMBER 10.

HERE AND THERE

SUCCESSFUL FARMER

Bill Hill came from Madison county, Texas, October, 1916, and worked six years on a long-bone place at Hulver, and then moved to his present place south of Memphis two and a half miles where he bought 160 acres of unimproved land from J. N. Hill in July 1922.

His obligations have been paid from the products of his farm. He improved the place with a four-room building with conveniences, poultry houses, hog sheds and stock lots, fencing on the farm. The products from his cows and hogs have paid all the current expenses of the family, having the income from the farm to go toward paying all indebtedness incurred on the farm and improvements.

Hill has been keeping a record of butter fat received from seven cows since May 1, 1925, to August 1, 1925, inclusive making four tons, and the money received from the butter fat totaled \$165.00. This is just what he shipped to Trinidad, Colorado. In addition to the cream sold Hill fed the skimmed milk to his two China hogs numbering two and five meat hogs. The milk from the very little other feed made 150 pounds of meat on the fattening hogs in the four-months period, and the two sows now have six pigs each and are being fed on the skimmed

has a flock of 100 laying Leghorn hens and they have him an average of \$12 per dozen, besides the home consumption. These hogs and chickens are maintained without any additional expense. Hill has not stopped with that, but has everything on the farm. He has two calves which he had raised and sold for \$37.50. The feed for the entire lot of stock cost him \$100 for the four months. Counting the feed he sold and used in the home, shown a remarkable gain, and demonstrating the fact that a good farmer on the farm will get very time.

Hill has very flattering prospect for good crops this fall, and he thinks his cotton will bring him a good money.

C. Chappell, Lakeview: "The hail ruined my cotton crop. That came I had the best cotton crop in sixteen years."

L. McMurry: "Went out in the field today (Friday) and we have fair corn, but beginning to rain again. If we could have an general rain it would add several hundred bales to Hall County production."

D. Dail was displaying five bales of cotton Monday which were from an 80-acre patch. Two of the stalks had one boll each and the other three had none. He stated that a fair sample of the 80 acres, he would be many more acres the way if it does not rain this

Cudd came last Friday from Christi and reported cotton about over in that section of Nueces County is making twenty-five or thirty thousand bales of cotton this year, when they to ninety thousand bales annual crop there.

Stout and Dave Decker of here Tuesday: "We have a fine crop and prospects look money crop this fall. We are on chickens, eggs, butter at this time. Makes a good crop."

McKee: "Crops are holding. Wilted some under the day."

W. W. Miller, who lives west of Memphis, says his crops are looking fine. The cotton opening in spots. He will go to picking the latter this month."

Wines, living south of Memphis six miles, was a pleasant to the Democrat office Friday here said: "Have not had good rain in some time. If soon I will make one-fourth crop."

Lights Are Being Tested

Parker Motor Co. has been the past few days testing their auto lights. Autos have been up the street for several days their turn. Up until now this company has had 800 cars, and still busy, only firm in Memphis who has the expense of equipping

two in Estelline and one about 3,200 cars in Hall County. The Parker Motor Co. has about twenty-five per cent of the present.

SCHOOL WILL HAVE EXCELLENT FACULTY

The public schools of the country are among the most sacred institutions which belong to the people. They are, or should be, distinctively for the people, irrespective of social or financial standing. The people of Memphis have taken upon themselves heavy burdens of taxation to erect suitable buildings and to support suitable high schools in order to furnish a free opportunity for higher education to all the boys and girls of the city of Memphis that are willing and worthy to receive it.

The courses offered in these high schools are varied, suited to different types of interest and intellect, preparing and training for various lines of activity. In the Memphis High School the youth may be prepared for any college or technical school in the U. S., or may be fitted to take his place immediately in the world of business, depending on the type of course he may choose and the earnestness with which he pursues it.

The faculty for the ensuing year is as follows:

Senior High School—H. W. Kuhn, Principal, Miss Loma Madden, Blake Bolton, Miss Mary Beth Carter, Hugh Barrett, Jr., Miss Edith Rogers, Miss Lucile McCann, R. W. Davidson.

Junior High School—H. A. Jackson, Principal, Mrs. H. A. Jackson, Miss Blanche Temple, Miss Belle Jones, Miss Pocahontas Culbreth.

West Ward School—W. C. Blankenship, Principal, Miss Ruth Keeling, Miss Ira Hammond, Mrs. Blake Bolton, Miss Martha Scott, Miss Neville Wrenn, Miss Martha Wulfman, Mrs. Alice Dycus, Miss Lola Ball, Miss Jewell Jones, Mrs. Marguerite Jenkins, Mrs. J. G. DeBerry, Mrs. S. C. Miles, Miss Grace Ezell.

East Ward School—Mrs. Linda Estes, Principal, Miss Daisy Sachse, Miss Carrie Belle Lee.

Good Party Staged By the Bottling Works

The Memphis Coca Cola Bottling Co. held its formal opening on last Friday afternoon from three to five. J. C. Colquitt, local manager, says that there were about one thousand people served during the two hours. They were served with Whistle, Coca Cola and Soda Pop. Several people visited the place who had formerly been enemies of such drinks, but after being served to these drinks and being shown how sanitary the machinery is, they went away well satisfied that these drinks were not what they had thought them to be and wanted more.

Texas Has More Miles of U. S. Roads

Texas farmers and tourists now enjoy 784 miles more of the Federal highways than they did a year ago. This mileage, completed in the year ending June 30, cost a total of \$11,778,972, of which the federal government furnished \$4,867,315. Highway construction under this plan now under way in the state totals 1599 miles, while the total mileage completed previous to last year was 3122 miles.

This additional mileage, while a convenience to the tourists in this section of the country, is a godsend to the farmer, according to the Foundation. It is estimated that each and every farmer in this section of the country averages 23 tons of farm products hauled to market and 5 tons of feed, fuel, fertilizer, machinery, supplies, etc., from town. When good roads make trucks feasible this is not very burdensome, but it represents a good many hours' labor where horses and poor roads must be used. And so while the tourists find the inter-city roads mighty comfortable, to the farmer a good serviceable road from his farm to the nearest market is a downright necessity.

Childress Man Killed By Car

Hub Gray, aged 35 years, was killed Wednesday morning on the Childress-Wellington road when his car overturned. He was driving a high-powered roadster, and went over a high embankment, pulled the car back on the road and went over on the opposite side. His body was crushed and he lived only about 20 minutes.

Lakeview, Estelline and Memphis Get First Bales Cotton This Week

Baptists Hold Big Revival at City of Estelline

Last Saturday night the revival at the Baptist Church of Estelline closed after two weeks' meeting, during which time there were fifty-three reclamations and conversions. Forty-four joined the Baptist Church and the others are going into other churches. Last Sunday afternoon twenty-four were baptized near Estelline.

The meeting was conducted by Rev. and Mrs. L. L. Cooper of Ft. Worth, and the singing was conducted by the pastor Rev. Strickland.

Rev. Cooper is a son of a Hall County pioneer, D. L. Cooper, of Memphis, who came here 35 years ago. Rev. Cooper started in religious work several years ago at Hulver. After attending school several years with Rev. J. Frank Norris at Ft. Worth as financial secretary and having charge of the boys work and the gym. During that time helped to build four Sunday school and church buildings. Then he went to Houston and acted in practically the same capacity as at Ft. Worth. For the past two years he has been financial man for the Travis Avenue Baptist Church in Ft. Worth, resigning last July to work in the Evangelistic and Church Budget campaigns. From Estelline he goes to Anton, Texas, for a two-weeks' revival.

Festival Day Picnic Enjoyed By the O. E. S.

The O. E. S. had their festival day picnic at Wayside Park Monday August 31. A goodly number were present and a splendid dinner spread and enjoyed by all.

PLASKA GETS GIN-READY BY OCTOBER 1ST

Plaska is to have a gin plant in the very near future. This plant is to be an existing different points on the Lums Gin Co. It will be equipped with the Murray Gin System of four 80-saws, and an oil burner engine. It is to be ready for operation within thirty days.

The citizens of that community met last Thursday and made a deal with the gin people for the erection of the gin. A committee composed of E. T. Montgomery, J. H. Grant, Roy Jewell, G. D. Hall and A. W. Francis was appointed to assist in the building and get donations for securing the gin site. \$428.50 was raised by the next day, and the people of that community have been working in getting lumber and cement on the ground. All this was done by the next day after the meeting was held.

The citizens also expect to secure cotton buyers at Plaska, and expect to have a drug store and physician by first of the year, and before another twelve months roll around expect to have a bank established. All of which goes to show the value of co-operation in any community. Plaska people are to be congratulated upon the community spirit they are manifesting.

Mrs. Singer Dies Wednesday at Littlefield

Word was received in this city early Wednesday morning to the effect that Mrs. A. R. Singer, mother of Mrs. A. C. Hendricks and T. A. Singer, had died at her home in Littlefield at 5 a. m. Wednesday morning. Mrs. Singer and Mrs. Hendricks departed immediately for Littlefield. Mr. Singer and Mrs. Hendricks were up in Gay county at the time and they were reached by telephone messages.

We extend our sympathy to the sorrowing relatives here in Memphis. H. M. White of Estelline transacted business here last Friday.

MEMPHIS GETS ITS FIRST BALE MONDAY

Memphis got her first bale of cotton for the season Monday. John Capps of Lakeview brought 1340 pounds of seed cotton to the gin and got a 436 pound bale, which was bought by Thompson Bros. at 22 cents per pound. The cotton graded middling. The Chamber of Commerce gave a premium of \$25.00.

The cotton was ginned by the Nail & Beatty Gin Co. of Memphis. This gin company ginned and wrapped the bale free of charge. In this connection Nail & Beatty Gin Co. has thoroughly overhauled and put in fine shape their gin for the fall season.

The first bale last year was brought in about the 8th of September. Cotton is still looking good over most of the county, but some crops in the tight land are hurting for want of rain. A heavy crop will be made without rain, but plenty of rain now would insure a lot more.

LAKEVIEW GETS FIRST BALE TUESDAY

John Deering, living seven miles west of Lakeview, was the first farmer to have cotton ginned and sold at Lakeview this season. Tuesday he took 1240 pounds of seed cotton to the Potts Gin Co. of Lakeview and had it ginned, and it made him 480 pounds of lint. B. J. Woodington bought the bale, paying \$22.50 per hundred for it.

The town made up a premium of \$50 for Mr. Deering. The Potts Gin Co. donating the ginning and wrapping and \$6.00 of the money. The Potts Gin is now owned by T. M. Potts who bought it last June from the Rosamond company. They have increased the plant to six stands, and have put it in fine shape for ginning this fall, and expect to get a lot to do, as the crop prospect is fine in that community.

ESTELLINE GETS FIRST BALE WEDNESDAY

Estelline's first bale of cotton for the season was ginned and sold there Wednesday by M. R. Barton, living three and a half miles northeast of Estelline. There were 1,550 pounds of seed cotton, making a 492 pound bale. It graded strict middling and sold for 23 cents. There was a 30 dollar premium raised in a few minutes by business men.

The Democrat failed to learn who ginned the cotton.

Former Hall County Man Dies

The many friends of Jim S. Smith will regret to learn of his death which occurred Tuesday morning at Petersburg, Texas, after an illness of pneumonia. The remains were brought to Memphis by Ray Goodson in charge of the King Undertaking Department, who left Memphis Tuesday night at eleven o'clock with the hearse, arriving back at Memphis about 5:30 Wednesday afternoon. Funeral services were held at the First Christian church by Eld. A. D. Rogers, after which interment was made in Fairview cemetery.

Mr. Smith was a resident of Hall County for several years and has many friends besides a large number of relatives in this place who are left to mourn his going away.

He leaves a wife and six children, five girls and one boy, all grown and married. They were all here at the funeral. The Democrat extends its heartfelt sympathy to the sorrowing family in this sad hour.

Turkey Elects C. C. Officers

The Chamber of Commerce of Turkey, called a meeting for Tuesday night, September 1, for the purpose of electing officers and attending to such other business as would come before the body.

Over 70 farmers and business men of the Turkey community were present. Resolutions were passed showing the appreciation of the people for the work that Secretary John Sharp was doing in connection with the Texas Panhandle & Gulf Railroad.

R. F. Meacham was elected President, John Sharp, was re-elected Secretary and Manager.

Turkey will soon be on the main trunk line of the Texas Panhandle & Gulf Railroad, as it is generally believed the permit will be granted when the hearing comes up before the Interstate Commerce Commission, in Washington, D. C., Oct. 1st.

Hunting Season Opened First on Prairie Chickens

The hunting season in Texas will open September 1, when the ban on the shooting of mourning doves is released. The open season on other game in the northern zone of Texas follows closely that of the doves.

The season on mourning or turtle doves is from September 1 to October 31. During this season not more than 15 doves can be shot by one person, and the number for a week of seven days is limited to 45.

The quail season opens November 16 and closes January 1. The bag for one day is limited to 12, and the number that can be killed in a week of seven days is 36.

The season on ducks in the northern zone will open October 16 and close January 31. The shooting of this game is limited to 25 birds a day for one person, and not more than 50 ducks shall be killed in one week by the hunter.

Only 10 days are allowed for the hunting of prairie chicken. This is from September 1 to 10, inclusive. Five chickens may be killed in one day, but the total number that one person is entitled to shoot during the season is limited to 10.

The foregoing regulations apply to the northern zone of Texas, which includes that part of the state lying north and west of a line extending along the I. & G. N., and T. P. railway running from Laredo, Texas to Texarkana.

All of Texas this year has an open season on prairie chickens. Donley, Wheeler, Coffingsworth, Gray, Hemp-hill, Roberts, Lipscomb and parts of Dallam and Oldham counties have plenty of chickens, it is reported here. Terry, Cochran, Gaines and Yoakum counties in the South Plains also are reported to have many chickens.

SKATERS WILL ENTERTAIN THE FAIR VISITORS

The popularity of good roller skating acts with the public has never diminished, but the offering must be exceedingly clever, possess rare speed and have that added touch of newness to be a substantial hit today. Big time vaudeville patrons have found that the Skating Hamiltons have all the essentials that spell success and patrons of the Hall County District fair will have an opportunity this year to judge the rare ability and skill of these two famous exponents of the tricky rollers.

The Skating Hamiltons present a most perfect artistry of graceful motion, making spectacular gyrations such as pivots, spins and intricate whirls. Their act is one that will add variety and spice to any program. Miss Hamilton has all the grace of Faylowa and she is a vision of loveliness in her special wardrobe, which has been designed by one of the leading modistes of New York City.

A special skating floor is carried by the Hamiltons and their routine consists of a number of the latest dances, performed on the intricate rollers. One of their extraordinary feats is performed by Miss Hamilton locking her limbs around her partner's neck, while he goes into a sensational whirl, and one misstep would be certain injury to either or both of them. Miss Hamilton is handled in much the same manner that the premier danseuse is by her male assistant. The act is so far away from any previously presented on rollers that the Skating Hamiltons can be classified as originators.

Miss Nellie Wallace was called to Crowell last Thursday on account of the illness of Mrs. H. S. Wallace, who underwent an operation. Mrs. Wallace was dead when Miss Wallace reached Crowell. Funeral services were held at Thalia, Texas, their old home. She leaves a husband and six children, four boys and two girls, to mourn her going away. To the sorrowing relatives in this city the Democrat extends its deepest sympathy.

ALL FAIR DEPARTMENTS ARE GETTING READY

All departments of the Fair are working into good form and all indications are for the largest exhibits that have been placed on exhibition at the Fair. Applications are being made at the managers office for exhibit space for community and individual exhibits also reservations are being made for pens in the hog exhibit building. Letters have been received from the Lillard Stock Farm at Arlington asking information regarding the Fair and stating that they wish to place a large exhibit of hogs with us. Requests for several pens has been made by Mr. Jack Jones, Poland China breeder of Dodsonville, Collingsworth County.

The ladies appear to be taking a great deal of interest and an exceptionally large exhibit is expected in the canning department. The ladies exhibiting in the canning department should use quart jars as far as possible as the larger fairs are demanding jars in preference to pints. This was not known at the time our catalogues were printed, however the pints and quarts will be accepted but if possible send in quarts for canned fruits and pints or jerry glasses for jellies and preserves.

We wish to request all communities who have not made application for exhibit space to do so as early as possible so that the Fair Association will have ample time to arrange sufficient space for all communities and agricultural exhibits.

The machinery department will have the largest display that has ever been shown at this fair. We have already received request for space in this department which will be filled to capacity. The Rosamond and Lecky Burr Extractor Company will have one of their burr extractors on display which will enable the farmer and gin men to see one of these machines which is so beneficial in giving the farmer the best sample of cotton.

The Automobile race at the Hall County District Fair this Fall are going to be the biggest and better than ever before. The races will be held on Friday, September 25 and will be as follows: Five mile Ford Stock Car, \$25.00 prize; Five mile Four Cylinder Stock Cars selling under \$1000.00, \$75.00 prize; Five mile free for all, \$100.00. There will be a time tryout for all races. The man making the best time will secure best position. Not over four cars will be allowed to enter into any one race. If more than one car enters, the four cars making the fastest time in the tryout will be allowed to contest.

The Fair management wants to make this one of the biggest and best entertainment features of the Fair.

Five mile Ford Stock Car, \$25.00 prize; Five mile Four Cylinder Stock Cars selling under \$1000.00, \$75.00 prize; Five mile free for all, \$100.00. There will be a time tryout for all races. The man making the best time will secure best position. Not over four cars will be allowed to enter into any one race. If more than one car enters, the four cars making the fastest time in the tryout will be allowed to contest.

The Fair management wants to make this one of the biggest and best entertainment features of the Fair.

Auto Kills Two Brice Citizens

T. C. Roe and James Calhoun of the Brice community, met death when the car in which they were riding overturned on the highway south of Clarendon last Saturday. Mr. Roe was killed instantly and was buried Sunday morning.

Mr. Calhoun, 75 years old, a tenant farmer of the Brice community, died early Sunday morning and was buried Monday. He leaves a wife and several married children.

It is said the driver was attempting to pass another car going at a high rate of speed when the front wheels struck some high weeds and swerved the car into the ditch.

Memphis Couple Marries at Nocona

Herbert Estes and Miss Linda Peters pleasantly surprised their many friends in Memphis by quietly slipping away to Nocona, Texas, where they were married on the 26th of last month. They were married at the home of the bride's parents in Nocona and returned to Memphis where they will make their future home.

The bride has been principal of the East Ward school here in Memphis for the past three years and has made a host of friends by her efficient work in the school work.

Mrs. Estes will continue her work with the Memphis schools, much to the satisfaction of both the parents and pupils.

Mr. Estes has been a resident of Memphis for many years, during which time he has held responsible positions with different firms, and at this time is with the King Furniture and Undertaking Co., as book-keeper. The Democrat extends congratulations and best wishes.

Local Scouts Filled City and County Offices

As was scheduled on last Saturday, the Boy Scouts, who had been elected, took charge of the various offices, and throughout the entire day performed the services as though they were old timers at the job. Everything passed off without a hitch, except possibly, some few motorists who might be just a little disgruntled by being made pay fines for traffic offenses. The boys showed that they had the material and making of first class business men and no doubt will be placed in other places of importance in the course of time. The boys who were holding the county offices were tendered a banquet at Rube's Cafe at the noon hour by the county officials and those holding the city offices were given a banquet at the White Rose Saturday night by the city officials.

The splendid work of the Scouts is to be highly commended in all lines and they are going to be the coming men of tomorrow. A Boy Scout is always on his honor.

Hall County Singers Will Meet at Brice

The Hall County Singing Convention will convene at Brice, Texas, on the Second Sunday in September and Saturday night before. Brice is making plans to entertain the convention in a great way. Every community is earnestly invited to have a good quartet present and all will be given a chance to sing any quartet or other special. Officers for the coming year will be elected at this meeting of the convention. All singers are invited to be present and are asked to bring song books for use in the convention. Let every singer help to make this one of the greatest meetings the convention has ever held. You are invited to be present.

W. A. McIntosh, Acting President.

NEW TIN SHOP

We have opened a first-class tin shop at Wellington, and we solicit the work of our friends and customers in Memphis and guarantee first class and prompt service. Phone 60 and work will be delivered. 1011p BARBER & DENNIS.

Didn't Exactly Order Speeders to "Desist"

As for Irish yarns—they never cease to beguile the world, Celtic or non-Celtic. A volume of them, such as Henry Robinson's "Further Memories of Irish Life," can always be trusted to furnish examples of the volatile or inconsistent spirit—according to the viewpoint—of the Irish. On the word of Sir Henry, Ireland was a paradise for motorists when motor-ing first became the rage and he proves his contention with a story of an incident watched by himself and Col. Oliver Nugent.

There were two policemen on duty at the roadside, and Nugent asked them what they were doing, as each had a notebook in his hands and wore an air of intense responsibility.

"We're watching out," they said, "for to see that them motorists isn't exceeding the legal limit."

At the time the cars were going "all out" along the level stretch of road, few of them under 40 miles an hour, and many of them far beyond it. Whereupon Nugent, much amused, asked the sergeant what he would do in the possible event of seeing one that appeared to be exceeding the limit.

"We'd order him to desist," said the sergeant.

"But supposing he didn't desist," said Nugent, "what then?"

"We'd arrest him," said the sergeant.

At that moment a roar was heard down the road and a dark-blue torpedo-shaped racer, with driver and mechanic in leather skull-caps, crouching low in their seats, came along at about 70 miles an hour—a flying blur of blue on the highway.

It seemed that here at last was a case where the "order to desist" must inevitably be given. They waited with great curiosity for the result. But not a bit of it!

"Good for ye," yelled the excited constable at the flying car; and the sergeant, making a speaking trumpet of his hands, shrieked out encouragingly: "Ye're the best yet!"

Discovery May Mean Much

Dr. Herbert M. Evans, distinguished scientist of the University of California, has made a discovery in glandular nutrition by which he hopes to demonstrate the effect of "vitamine X" in regulating growth and prolonging life. In his research laboratories at Berkeley Doctor Evans has carried out experiments on rats, tadpoles and guinea pigs that have produced startling results. Much attention has been given to the little gland at the base of the brain called the hypophysis, or pituitary gland. In discussing "vitamine X," the scientist said: "We were astonished to find that if we treated animals with this fluid, provided it was not given by the mouth, but under the skin, or in body cavities, where it would not come in contact with the digestive tissues, and was administered daily rather than at infrequent intervals, we could turn normal animals into giants. The next point which arises is just how this will concern the practical problems of human welfare.—San Francisco Argonaut.

Ancient Works of Art

A vase with a secret, a Fifteenth-century Chinese production, with a "secret" design, the only known specimen of the period of the Emperor Hung Chih (1488-1506), has just been acquired by the British museum. It is decorated with green dragons, but the "secret" design, almost invisible at first sight, represents rocks standing out of waves, and was traced very finely and faintly with a needle stylus before the vase was glazed. "There is no special significance so far as I know in these secret designs," said an official of the museum. "It is simply a feature of Chinese art." The carved figure of a bull found in Babylonia, and believed to be about 5,000 years old, minus legs, arms and tail, has also been added to the collection. It is thought that it was used for religious purposes.

CARD OF THANKS

We wish to thank our many friends for their kindness they showed us in the death of our dear mother, and for the pretty flowers; and we hope it will be many years before such sorrow comes to your home. May God bless each and every one of you.

A. J. Wheat and two sons, Earl and Herbert, of Loving, Texas, spent Wednesday night in Memphis with the family of W. L. Wheat. They departed today for a trip over the plains country.

The Democrat office this week turned out two sets of catalogues, one for the Newlin Public School, a twenty-four page catalogue that is hard to beat. The other catalog was an eighty page book that few offices in the Panhandle could have handled.

The Democrat office has received a new shipment of new type and now better equipped than ever to render service in job printing and advertising. You will find the Democrat always prepared to serve the needs of the community in the printing line.

Raymond Ballew and family returned Saturday from a trip to the Western Coast, visiting all the principal places of interest from Southern California to Canada, and then back through Yellowstone Park, and then home. They travelled something over seven thousand miles and report a most wonderful trip.

WOMEN'S WORK TO BE BIG FEATURE AT STATE FAIR.

Women's work is to be a big feature in the art and textile department at the State Fair of Texas, Dallas, Oct. 10-25, according to Mrs. Fannie Howard of Dallas, superintendent of the department.

The premium list carries a full detail of the various branches of women's handicraft in which premiums will be offered, including painting, sewing, embroidery, domestic science, preserving, applied design, lace work, knitting and crocheting, etc.

Entry books for this department will be open Monday, Oct. 5, and close Wednesday, Oct. 7. All articles to be entered from outside of Dallas, must be delivered at the Fair Grounds on or before Friday, Oct. 3. Premium lists may be had by applying to W. H. Stratton, secretary, Dallas.

STATE FAIR SHOW GIRL IS FEATURED AS BEAUTY

One of the big illustrated magazines has featured a State Fair show girl for her beauty.

A photograph of Miss Helen Veronice appears in the August issue of one of the well known publications. Miss Veronice is a member of the big singing and dancing chorus of "Sky High," the Shubert Broadway musical comedy which will come to the new auditorium at the State Fair, for the sixteen day run, Oct. 16-25.

Willie Howard, the famous comedian, heads the company of 108 which will be seen at the State Fair.

HUMORIST TO WRITE LON MONTGOMERY

Rich Smithwit, who writes humor for several hundred publications, has agreed to write his friend Lon Montgomery a letter on a popular topic every week and these letters will be published in the Democrat exclusively.

Mr. Smith claims the best way to make up humor is to sit on a wood pile, and expect the wood to split, or to put plenty of fuel on the fire, and listen to it roar.

The first of Mr. Smith's letters appears below.

LABOR DAY

Lon Montgomery, Chevrolet Distributor, Memphis, Texas.

Dear Monty:

Of all holidays, Monty, the most hollow day to me is Labor Day. Labor makes the wife think of work and me, and that's how she makes me celebrate.

I've got to fix the porch swing, chicken coop, drain pipe on the roof, cellar stairs, and attend to the window and kids that won't shut up.

When Labor Day was set aside to get rid of work for that day, it was not specified as to how to get rid of a wife. I expected to play golf with Harry Delaney, but he will know I was working under false pretensions having been working under the cellar stairs.

I'm going to try and get the wife to let me off for a little spin in my Chevrolet.

Hoping she will be as easy to work as it is.

Yours everlastly,

Rich Smithwit.

P. S. Will write again next week.

Will Kesterson has let the contract for a five room modern bungalow to be erected on lots between the Addison place and where Mr. M. J. Draper now lives on South Seventh street. It will be modern in every respect and will soon be ready for occupancy.

NOTICE

We wish to announce that our Cream Station is now back in operation again and the same courteous treatment and service will be accorded all. Telephone 278. MEMPHIS PRODUCE CO. 10-tfc

What My Neighbor Says

Is of Interest to Memphis Folks.

When one has had the misfortune to suffer from backache, headache, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of many thousands, but it is that of a Memphis resident. Who could ask for a better example?

Mrs. C. H. Bell, nurse, N. 6th St., says: "My back ached and pained all the time and when I tried to stoop sharp pains shot through me. I could hardly straighten and became dizzy and weak. My head ached a lot, too, and also, my legs began to bloat. My kidneys irregularly, too. Doan's Pills relieved me of the trouble." (Statement given April 17, 1919).

On February 20, 1924, Mrs. Bell said: "Any time that I have taken Doan's Pills they have soon cured me of the attack." 60c, at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Neighborhood NEWS

Newlin News

Mr. and Mrs. W. B. Hamilton and family returned this week from a visit with relatives near Olney, Mo. They reported having seen the atrocious train wreck that occurred at that place last week.

Miss Mattie Lee Cannon of Newlin returned this week from a three months' visit with relatives in and around Texarkana. Miss Cannon reported having spent an enjoyable summer there and has returned to enter school in Newlin for the fall term.

While returning from church Monday night the car of Mr. G. W. Helm collided with Mr. C. P. Wasson's car. Helm was thrown through the windshield of the car to the ground and sustained a very severe cut on her forehead that was thought to be serious, but is now improving rapidly.

Mr. and Mrs. Bill Messich returned Sunday night from a week's visit with friends and relatives in Ellis County. They returned sooner than expected on account of their youngest son's illness who was suffering from a rising in his head, he is better at this writing.

Mr. Cecil Guthrie, accompanied by his sister, Berniece and brother Cleo, returned Thursday from Houston where he has been for three months with his sister Mrs. Jack Leath. Mr. Guthrie and Miss Berniece have only been on a short visit. Mr. Cecil Guthrie expects to return to Dallas shortly where he will begin work as a salesman for a Dallas firm.

Mrs. Verna McCulloch of Plainview visited this week with her parents and Mrs. W. L. Kellison, of Newlin.

The erection of the home of Mr. Mrs. Doc Lawrence was begun this week. The new building is to be a modern six-room stucco bungalow and is being built in the same place as the old house.

Rev. Chas. T. Whaley closed a six-week revival in Newlin Saturday night which was highly appreciated by the Newlin community for the great efforts he put forth to help Newlin, and the fine sermons he enjoyed. He returned with him an Evangelistic singer, preacher, Bro. Sam Rayburn, who preached Sunday morning to a large congregation. At the request of the people he consented to stay and preach Monday and Tuesday nights.

Mr. W. J. Harper left Wednesday for Hot Springs, Ark. where he will join his son Lewis who is there for treatment. They are to return to Glen Rose, Texas, where they will be treated and from there they will return home.

Mr. and Mrs. G. Whiteside and family returned Monday night from an extended trip in and around Waco, visiting friends and relatives.

Mr. and Mrs. Allison of Lawton, Okla., are visiting this week with the pastor's sister and family Mr. and Mrs. J. W. McCulloch of Newlin.

The Christian Church of Newlin has been holding a revival for the past two weeks. They services have been conducted by F. M. Farr and J. Bentley of Newlin. There has been twelve conversions.

The Candidates who were converted during the Methodist and Baptist revivals were baptized Sunday afternoon at the salt hole at Estelline by the pastor, Rev. Hensley. There were eight baptized.

Pro. Dwight McCree delivered his well sermon to the Newlin community Sunday night on the subject "Know your man". He is to leave for Dallas where he will enter S. M. U.

Estelline Events

Mrs. Carl Gilmore of Turkey is visiting her parents, Dr. and Mrs. P. L. Vardy.

Mrs. R. P. Anderson and daughter, Elizabeth, returned home Tuesday from Canyon, where they have been visiting friends and relatives.

Mrs. C. M. Greene has returned home from N. Mex., where she visited her mother.

Miss Helen Hall of Vernon is visiting her cousin, Miss Daisy Prewitt, for a few days.

Miss Mary Ethel Barnes visiting at the home of Mrs. P. L. Vardy this week.

Mr. and Mrs. T. N. Copeland and family returned home Saturday from a visit in N. Mex. and Colo. Mr. and Mrs. Herlen Clifton accompanied them on the trip and also returned with them.

Mrs. Ollie Davidson and sons, Alvin Reid, Charles Lee and Willie Bob returned from Denver Tuesday, where they have visited for two months.

Mrs. V. V. Clark and son, Doyle of Lubbock are here visiting friends and relatives.

Misses Jewel Ray and Fay Farley are visiting at the home of G. W. Cowan.

Mr. and Mrs. Vivian Jones of Tell spent Monday night with the latter's sister, Mrs. Steve Edwards.

Elite Incidents

Elite, Texas, Sept. 2, 1925.

Cotton is beginning to need rain in this community.

The Baptist revival is now in progress. We are having a great revival.

Word was received here today that Uncle Jim Smith formerly of this community died at his home in Pterburg. He will be brought to Memphis for burial today (Wednesday).

W. B. Nall was in Memphis Tuesday.

W. C. Paage and son Earl of Lockney were here on business Monday and Tuesday.

Grandma Nall is on the sick list this week.

C. E. Nall was in Memphis Tuesday.

J. C. Coldiron was a Memphis visitor Tuesday.

W. B. Stargel and family accompanied by Mr. and Mrs. Tren Stargel and little daughter returned from a vacation and visit to Tennessee, Georgia, Alabama and other eastern states.

Work on the new school building is progressing nicely it will be completed by Dec. 1.

Mr. and Mrs. Walter McKee spent Sunday with Mr. and Mrs. Ray Butler.

Prof. Leroy McDaniels and wife have returned from school at Stephenville. They will visit in Canyon and other points on the plains before school starts.

E. M. Dennis is building a 6-room stucco house on his farm here and will be occupied by G. I. Moss.

L. E. Dennis is on the sick list this week.

Writer Speculates on Possible "Dog Heaven"

Been thinking again. Been sitting scratching my dog's ear and thinking. Nice little dog. She has more sense and more humanity almost than lots of humans whom I have met up with. What a wonderful thing is the love and care of an animal for her young! People have been coming over to see her puppies—three ugly little bull pups, with not much to see but wrinkles, says a dog fancier in Adventure Magazine.

Yesterday they disappeared mysteriously from their nest in the corner of my little barn. I looked round and by and by found them. She had dug a large round hole under the house and there she had taken them. I brought them out to the lawn. She smiled at me, in a superior and motherly manner and promptly lifted one by his hind thigh and bore him away to her newly made nest. In a very few minutes they were all back under the house. Then she came and looked up, smiling at me, and requested me to scratch her under the ear. It would be rather nice if there actually were a dog star, would it not? Where we might in the hereafter meet up with our old dogs and hear just what they had to say.

The complete trust and comradeship that a dog offers to a man is a lovely thing. Too bad so many men are not even fit for the trust of a little yaller dog! It is such an unwavering and utter trust. It ought to make a man the better, causing him to sense something of his responsibility to the animal creation. Don't you think so?

It would be rather correct, I think, if in the hereafter there is a dog star in which the dogs will live happily together with all the doggy affairs arranged to suit themselves. Then, perhaps, those humans who in this world have been unworthy of the confidence of their dogs will be led round on chains and fed upon old bones, and occasionally dipped in sheep dip to kill their fleas, eh? Shut in the pound and left there till some dog comes along and agrees to pay for their license?

How's that for an idea, now? Think I'm mad for sure, don't you? Well—maybe I am, but it was the mother of the puppies below my house who put me wise to it. You'd better look out. Maybe you will have to wear a muzzle yet, in dog star land.

Panama's Noah's Ark

Barro Colorado island was formed when the valleys about it were flooded by the impounding of the water of the Chagres river to form Gatun lake, says the Detroit News. It resembles Noah's ark in that there gathered as the waters rose nearly every form of animal life in the vicinity, seeking escape from the rising flood.

Despite that it is only two miles from the Panama river, it has been found to harbor amphibians of new and strange habits as yet unstudied and innumerable species of insects never described, as well as many strange and exotic plants, numbering 2,000 or more. It abounds with anteaters, sloths, armadillos, peccaries, tapirs, agoutis, coatis, the ocelot, the jaguar, many species of bat, monkeys of various kinds and the famous black howlers.

8,000 THEATRES JOIN IN BETTER FILM CAMPAIGN

Confident that the public will support the best in screen entertainment, the more progressive theatre owners in this territory have joined the national movement to celebrate Paramount Week, Sept. 6-13, when 8000 theatres throughout the country will unite in exhibiting Paramount Pictures exclusively.

It is significant that the Famous Players-Lasky Corporation has chosen newspapers almost exclusively to advertise Paramount Week. Coming as it does just after the opening of the Greater Movie Season, it will on this, its eighth annual year, be more widespread and popular than ever.

The past seven years have proved Paramount Week not only a prosperous one for exhibitors but is now recognized as a national movement giving prestige with those theatres identifying themselves with the movement.

To send the week off to a flying start the Famous Players-Lasky Corporation is advertising in 3500 newspaper throughout the country. These included both daily and weekly, and the sum spent is one of the largest ever by any one corporation in American newspapers in a single day.

It is only within the past few years that Paramount has included weekly papers in its list, and it is recognized as a tribute to power of the rural press.

A strong bid for continued popularity among the moviegoers was made by Paramount during the past year when that company released such pictures as "The Covered Wagon," "Thundering Herd," "The Ten Commandments," "Manhandled," "Monsieur Beaucaire," "Merton of the Movies," "North of 36," "Peter Pan" and many others of equal note.

And the company has in store for early release such pictures as are certain to keep Paramount out in public interest.

Paramount week has come to have considerable importance to the motion picture industry as well as publishers of the country. The latter gain not only the special advertising by the company, but increased lineages by the exhibitors. The industry recognizes the Week as the commencement of a new season for motion pictures.

THE SKATING HAMILTONS Coming to the Hall County District Fair

PRESBYTERIAN CHURCH

Sunday School 9:45 a. m. Dr. M. McNeely, Supt.

With the passing of summer vacations and the extreme hot weather gone, we ought to have a good increase in Sunday School and Church next Sunday. Many have been very faithful in attendance during the hot weather but many of us have been somewhat delinquent. Let us all resolve to come out this first Sunday in September and have a great day.

Morning Worship 11:00 a. m. Sermon subject: "The Person and Work of the Holy Spirit." This being the first of a series of four sermons on the Holy Spirit that the pastor will give during the morning hour throughout September. The choir will sing a special anthem at this service.

Evening Worship 8:00 a. m. Subject: "Organizing to Get Things Done." The men's choir will have charge of the music for this service. The quartet will sing and the orchestra will play. Come out to these services and it will do your soul good.

The Junior C. E. Society will meet at the church at 2:00 p. m. There will be a young people's meeting in the church Sunday evening at 7:00 sharp. Mr. Sloan Baker desires to meet all the young people at that time for the purpose of organizing a live wire organization that will help uphold and maintain the spiritual and social life of the young people of the church.

Prayer meeting every Wednesday 8:00 p. m.

We know no strangers. A hearty welcome awaits you and you will find this institution a church of real fellowship.—Charles E. Richter, Pastor.

METHODIST CHURCH

Services as usual Sunday except a little better. "Come thou with us and we will do thee good."

C. E. Jameson, Pastor.

MAIN STREET CHURCH

OF CHRIST

Sunday School at 9:45 a. m. Every member of the church at Sunday school on time; Every Sunday school attendant staying for church and coming to service Sunday night; our aim for Autumn—September, October and November.

Preaching at 11 a. m. and 8 p. m. Morning subject, "The Three Saviors." Evening subject, "Seven Things by Which We Are Saved."

A. D. Rodgers will preach at Eli Sunday at 3 p. m., Sept. 6.

WILL EDIT COLLEGE PAPER

Harry Montgomery and John Forkner left Wednesday for Lubbock where they will attend Tech College and will also have charge of the school paper, editing and publishing same. These young men have been with the Democrat some two years and, knowing their ability, we predict they will make good with the paper at Lubbock. Our best wishes go with them.

They were accompanied to Lubbock by Harry Delaney and Ollie Lee who will spend a few days there.

FORMER MEMPHIS PEOPLE INJURED

Mr. and Mrs. M. Simonds of Dallas, formerly of Memphis, were injured at Mayne, Colo., last Sunday morning when the engine of C. & S. passenger train No. 1, northbound, sideswiped passenger train No. 8 southbound. No. 8 was just taking the siding when the wreck occurred. Some twenty-five other people were injured in the wreck.

FORT WORTH GIRL HAS ARM BROKEN

The 10-year-old daughter of Judge Marvin Brown of Ft. Worth, who was traveling with Mr. and Mrs. Brook Morris of Ft. Worth, while camped at Wayside Park, fell from a swing and broke an arm at the wrist. She was brought to town and the bone set. After which they went to their home at Ft. Worth.

MEMPHIS CITIZEN WRITES FROM CALIF.

R. P. Martin writes from Porterville, Calif., and has the following to say:

We left Texas the 8th of June for California. We have been South as far as San Diego, and North as far as Sacramento; and have been in all the larger cities and towns in the State of California. Lots of fine country in the Northern part—a fine wheat country; parts of it fine for peaches, prunes and pears.

Most Texas people come to California just to be coming and do not see the country, but we have seen it and call it a fine country. If I could own five or six acres in some parts that I have seen, I would be fixed for life.

These people do something out here—the roads are paved most anywhere any one wants to go, and the taxes aren't any higher than in Texas. Taxes on cars any size or make is \$2.00, and I paid on a light Studebaker in Texas \$17.83. Can buy gas all over the state at an average of 20 cents a gallon—two cents of which go to the road fund.

Let's come out of the rut, Texas. Will be home soon.

LIKES THE DEMOCRAT

J. F. Meyers of Belvidere, Ill., writes concerning the Democrat, and among other things compliments the paper very much, and it is highly appreciated. He said:

"I have received two copies of the Democrat and will say that I liked them very much and think it one of the best small town papers I have ever seen. Full of good information and looks like a live wire were behind it. Success to you."

Tired After Eating? Try this Simple Mixture

If you feel tired after eating, it is often a sign of gas and undigested matter in your stomach or bowels. Simple buckhorn bark, magnesium sulphate, p. p., glycerine, etc., as mixed in Adlerika helps any case gas on the stomach, unless due to deep-seated causes. The QUICK action will surprise you. Adlerika is wonderful for constipation—it often works in one hour and never gripes. Clark & Williams Drug Co.

BASEBALL SEASON

CLOSED SUNDAY

On account of the wind and rain storm last Thursday the game between Memphis and Estelline was called off. The game Friday was 7 to 3 in favor of Memphis. Saturday's game was 13 to 6 in favor of Memphis. This made five straight games won from Estelline.

Sunday Memphis played the All-Star Indian Team from Clinton, Okla., at Hall's Place west of town. Memphis beat them out to the tune of 8 to 3. In this game six double plays from second to first by the Memphis players.

The game Sunday wound up the baseball season here for the year. Football will be the rage from here out.

REV. JAMESON IS VISITOR AT SNYDER

Rev. C. E. Jameson, former pastor of the Methodist church of Snyder, but now of Memphis, Texas, spent last Thursday night in Snyder. He was on his way from Putnam where he recently closed a meeting. Rev. Jameson was looking well and says that he is getting along well with his church work at Memphis.

Bro. Jameson is one of the most popular pastors that ever served the Methodist congregation at this place and his hundreds of friends here are always glad to feel the clasp of his big, friendly hand.—Scurry County Times.

Methodist Girls Encampment Managed by Mrs. Delaney of Memphis, A Splendid Affair

Written by one who learned to love Mrs. Delaney

came back last week from the Methodist Girls Encampment, which is managed by Mrs. T. C. Delaney. It was one of the most wonderful events I attended, or ever hope to attend. It is reported that 175 girls and leaders were enrolled.

Rev. John E. Ethridge of Tahoka was one of the superintendents and camped near the head of the canyon so one could come in and bother no other men or boys were allowed. We were camped across two two miles from Bro. Ethridge. We had camps from Dalhart, Plainview, Hereford, Stratford, Chillicothe, Memphis and many other places were represented.

We rose at 6:45 each morning and had breakfast, then got our camp inspected at 9—all the girls made good records, and Memphis made 100 per cent each morning. At 9:45 we went to the tabernacle for services. The different camps would have their program put out before going to the tabernacle and then would deliver the program—we would hardly ever get back camp before 12 o'clock. We were highly entertained that the time passed before we realized it. I wish I could have seen and heard these girls with their wonderful talents. I want to give you some idea what we saw and heard there in those canyons, hills, and where the water ran out in springs as cold as ice and rippled the rocks at a fast rate. This was

what God gave us to look at, and gave us music and voice to praise Him.

There were three violins and a saxophone and guitar or two and a piano, and the violin solos, quartets, piano solos, duets and readings—one just can't imagine how the music sounded in these lovely canyons. One of the sweetest things we had at the morning services was a wild canary which would come inside the tabernacle and the more the girls would sing or play music the louder and sweeter the canary would sing.

At 12 we would all rush to camp, get dinner over with as quickly as possible, then take time about cooking and washing dishes, so none of us had much to do; then at 1:30 we would rest until 3:30 and then put on our bathing suits and go wading, bathing and swimming. Then back to service at 7:45 until 9 or 9:30. Lights out at 10:30 and off to dreamland.

One of the main features of the encampment was the chalk talk by Miss Vernon Smith of Bronte, Texas. She drew the most beautiful pictures from just sweet thoughts, or to illustrate the song. She drew pictures twice daily.

Last but not least the pep squad made up a song to the tune of "Old Time Religion" in honor of Mrs. Delaney and Bro. Ethridge.

Those who did not attend the camp certainly missed the greatest treat of their lives and should endeavor to attend next year.

Mrs. J. A. Odom and sons, Coy Lee Adrian and Mayo, returned home Monday after a ten day visit with relatives at Rogers, Texas.

Fresh shipment Mackerel at Womack's Grocery. 10-tfc

The C. C. Band gave a splendid concert at Library Park Thursday night of last week which was enjoyed by a large crowd.

Ernest Franks, W. V. Coursey, Hal Goodnight and Lafayette Pounds are in Wheeler County chicken hunting this week.

No long waits when you order groceries from Womack's—we deliver the goods on time. 10-tfc

Mr. and Mrs. J. M. Strickland returned Sunday from Sayre, Okla., where they spent last week with Mrs. N. E. Lowrey, mother of Mrs. Strickland.

It will pay you to see those wagons, iron wheel trucks, and farm trucks at Memphis Hardware & Implement Co., before you buy. East side square. 9-2c

The Joe Lewis place at the corner of Brice and Seventh, owned by Jerry Dalton, is being converted into a duplex. He is adding two kitchens, bath rooms and dining rooms.

Mrs. C. E. Richter and Mrs. T. Kittinger went to Ft. Worth Tuesday as delegates from the local organization to the State Convention of the American Legion Auxiliary.

Fresh Hostess Cakes at all times at Womack's Grocery. Phones 262-600. 10-tfc

Mrs. A. H. Thornton and Mrs. Charles Whittaker of Lubbock were here several days the past week visiting their daughter and sister, Mrs. John M. Elliott.

Rev. Henry Wheeler and family of Custer Okla., came Thursday to visit his father, J. P. Wheeler and other relatives. Have a good cotton crop in his section of country.

Mrs. M. McNeely wishes to announce that she will begin her class in Piano and Expression Monday Sep. 7. Studio 1122 Main St. Phone 177. 10-1c

Dr. Rader of Waco spoke to a large audience on the court house lawn Monday night on the Klan subject. The Memphis Band gave a concert before the speaking started.

Fresh Hostess Cakes at all times at Womack's Grocery. Phones 262-600. 10-tfc

J. R. Harrell and family and Mr. and Mrs. H. S. Harrell returned last Saturday from a trip to Houston. They report thousands of acres not producing this year.

Try a sack of Yukon's Best Flour at the M System Store. 4-tfc

Mr. and Mrs. W. J. Lang returned last Friday from the Eastern markets where they bought a large stock of fall and winter merchandise for the stores here.

C. G. Nicholson of near McLean was here Monday looking for Cotton pickers for his farm in the Northwest corner of Collingsworth County. Mr. Nicholson got the premium at McLean for the first bale last week. He has 135 acres in cotton and figures he will get from one-fourth to one-third bale per acre.

W. C. Dickey, A Baldwin, Will Kesterson, Temple and John Deaver, J. P. Watson, and T. J. Dunbar, went to the Dial Ranch in Gray County Monday afternoon to be ready for chicken hunting Tuesday morning, and expected to spend some three or four days there.

Scarce Feed Increases Value of Fair Exhibits

College Station, Texas, Sept. 1—Scarcity of feed in some sections emphasizes the need of care and economy in the feeding of farm animals and makes more important the showing of both breeding hogs and market types of swine in the fall fairs. This is the advice of A. L. Ward, extension swine husbandman of the A. & M. College. The conditions now being faced in some parts of the state emphasize the need of better hogs to displace the large number of scrubs and cold bloods that are now consuming more feed than they will pay for when sold. Farmers in the Texas Ton Litter Club have found that purebred hogs can make money on a pork basis, when feed is as high as it is today. The purebred hog is a necessity for Texas farmers and the breeders in Texas should seize this opportunity and exhibit their herds to the farmers throughout the state this coming fall.

No long waits when you order groceries from Womack's—we deliver the goods on time. 10-tfc

M. O. Goodpasture moved his office Tuesday from the Hollis Boren building over Leverett-Williams Drug Co. store, to the rear office of the Cagle building.

The new Motion Picture Theatre building is fast being put in shape, and the owner hopes to have it ready for occupancy by the motion picture people in about two weeks.

Mrs. L. L. Cooper returned to Ft. Worth Monday after a months visit with her mother-in-law, Mrs. D. L. Cooper.

Mrs. H. I. Reed and son, Nathan, came over from Cushing, Okla., the latter part of last week and made arrangements to take back with them, Mrs. L. V. Crain, mother of Mrs. Reed who will stay with them for a year. Dr. Hicks and family will occupy Mrs. Crain's home during her absence.

Evolution

Darrow surely wouldn't have put up the fight he did for Evolution if he could have seen the Young Men that dress up in our suits. There never has yet any man looked like he originated from a monkey in one of our suits, they are the new double breast jacket with the wide lapel and the short two button short sack coat with staright hanging trousers. We have with these suits the new oxfords and the new hat. Have you seen them? If it is clothing and furnishings we have it all.

Vacation Time With Its Pleasures

By T. R. GARROTT

In going from Las Vegas to Santa Fe, New Mexico, the traveler will notice the contrast between the barren prairie lands and the productivity of the valleys under irrigation. The tremendous abundance of rock, cropping out and marring the terrain, will catch the eye and cause surprise as sometimes the rocks are blackened as though having been smoked and burned and belched up by some extinct volcano. In the region of San Jose, Watrons, and Glorietta, the immense quantities of alfalfa hay furnish food for stock and tonnage for the soil road. Near the village of Pecos there are many cottages built and occupied by people who are afflicted with tuberculosis. The location seems ideal, as the foothills of the Rockies, blessed with pure air, medicinal waters, and lovely scenery, together with fertile valleys affording plenty of fruits, vegetables, chickens and milk, combine to prolong the days in almost blissful comfort.

The giant old city of Santa Fe has a fascination and charm for the seeker of things historical interest in the days when the Spanish Dons and cowed priests of Spain ruled and governed the native Indians in this section of our present vast domain. The old Mission building, said to be the oldest building in the United States, can be seen and as one looks upon the massive logs forming the ceiling, one need not question the age, although its outer walls have been reinforced so as to change its original appearance. Then the documents and books and ancient relics in the great museum, among which are the clay tablets out of the ruins of Babylonia, will amply repay the effort in search of truth and facts. Catholicism and the Spanish language are much in evidence. The people talk Spanish, but the babies cry in English. Business is concentrated around the Plaza. The streets are usually narrow with level shady trees, attractive homes and many handsome public buildings. University, Indian schools, high schools and Catholic schools, add to the importance of the Capitol and Governor's Mansion. During two days of Indian Fair and Mexican Fiesta, with the city full of visitors, blanket Indians and gaily dressed Mexicans besides cowboys, miners and stockmen, I saw no drunkenness, heard no loud cuss words, or fights. The whole people appeared to be cheerful as children and bent on having a good

time in a joyful way. Perhaps the great number of armed special officers, carrying healthy size six-shooters and automatics had some influence in keeping order. One of the tourist camps or parks, is located in an old orchard about two blocks from the Plaza and has many conveniences for travelers, big shady apple trees, cottages, hot and cold water free, free cooking range, hot baths, wash water, electric irons, grocery store, filling station, lunch room and other things, which satisfy the needs of tired tourists. The charge for camping and using your own car or tent is 50c, which entitles the camper to the use of hot water, cooking range, electric lights and drinking water. Baths cost extra and a cottage costs \$1.00 to \$2.00 per day. Cottages are better protection during rainy weather, otherwise a tent is more comfortable.

Leaving Santa Fe, the road to Taos (pronounced Touse) winds up the canyon by the side of the Rio Grande River, through peaceful valleys and rocky hills, sometimes with sharp curves and turns high above trees and stream frequently, but between the traveler and the skyline there are thousands of tons of big boulders that appear to be loose enough to roll down on the narrow highway and cause unpleasant dreams. Looking up at the big rocks and then looking down on the jagged stones below the road, induces the tourist to sympathize with the fellow that found himself unexpectedly between the Devil and the deep blue sea. Before reaching Taos, the road emerges from the gloomy gorge and spreads out on the ample upland, so that the tourist can take time to breathe in the exhilarating ozone and enjoy the changing landscape.

Taos is a wonderful little city where the esthetic civilization of the East meets and mingles with the next to nature life of the West. Artists, whose paintings sell for thousands of dollars each have their unique studios here where the real Pueblo Indian wraps his blanket around him and poses for a part in a Western scene. Just a few miles out of town one can witness the simple life of these native Americans, whose veins carry blood antedating the landing of Columbus. Their houses made of adobe mud with flat roof of logs, may be three or four stories high, each story reached by a separate ladder on the out-

side, with the inside unincumbered with chairs or bedsteads, so they can have room to spread their pallets. Their truck patches are surrounded with fences of long poles held up by posts with holes cut through them, not being bothered with nails or wire. Out of peculiar clay they make pottery to sell to tourists and thus add to their slender income. These are 100 per cent Americans who could not defend their rights but now enjoy life under our National Flag.
(More next week.)

Her Unraved Taste

Marta Veronica believed in knowing her job. "I've got a real, depraved taste for labor," she said. "I just can't keep away from it. Some girls take up golf, and I've known others wear their fingers to the bone reading Gene Stratton Porter. But me—work just yanks me away from tennis and motoring and shopping, and the rest of the strenuous things that make woman old before her time."

"It's a sad symptom, but I take naturally to the heat and burden of the day. Give me just a yard of work and I'm happier than any girl with a vacation at Newport and a round of gaiety in her engagement book."—From "Marie Vee," by Douglas Newton.

MICKIE SAYS—

JUST TO REMIND YOU—These are Paramount Pictures that you have seen nationally advertised in the Saturday Evening Post, Ladies Home Journal, Pictorial Review, Photoplay, etc. Also in Farm and Ranch and national farm papers.

TEXAS TODAY

By Phebe K. Warner

Crops, Labor, Markets, Feed, Seed, Community Fairs and SCHOOL.

These are the subjects that are in everybody's mind and on everybody's lips these days. Turn any corner of the road or the street, stop to fix a flat, at church, at the civic club or at the woman's club no matter where you are if you listen one minute you will hear somebody talking about some of these topics, and if you listen long enough you will hear them talking about all of them.

Lucky Is the State.

Lucky is the State that is large enough to have one of the greatest crop failures and at the same time one of the greatest crops in the same year. That's Texas. But Texas is always doing the unexpected thing. But isn't it fortunate that a part of the State has an unusually good crop just when another part of the State happened to fail? The motive herein is not to advertise our Texas failure but rather to prove that Texas is big enough to take care of herself even if drought does overcome a large territory.

Will We Do It?

The immediate question is, will we do it? Can Texas take care of her own people this year? Can she back them up and tide them over the rough places in some parts of the country? Will there be enough feed in Texas to put her through the Winter? Will there be enough money in Texas to carry her crop failures to a sure success? There is a reason for this condition that no human being can fathom. Nor is any human being responsible for it. There is some reason for the conditions that exist in our State today. The best thing most of us can do is to try to get the lesson.

West Texas Jubilant.

Many of the counties in West and Northwest Texas are jubilant at the prospects for their crops. Not happy because another part of the State is suffering, but thankful they have something to help out with. There is perhaps no other part of the State that has been doubted longer than West Texas and the Panhandle. All Texas needed was something to cause them to sit up and take notice of this fair land. And sometimes we have to bow our heads before we can see the real earth. Then a friend in need is a friend indeed, says the old adage. There will be enough surplus food and feed in West Texas and North Texas and the Rio Grande Valley this year to furnish everything Texas needs to keep her well and comfortable until

another year rolls round.

There has been plenty of wheat harvested in the Panhandle to furnish the whole State of Texas bread for a year. There will be plenty of cotton marketed in East, Texas, North and West Texas to clothe every man, woman and child if we only had a way to get it woven into cloth. There will be plenty of feedstuff in West Texas for every cow and horse and hog and sheep and goat. Yes, and all the chickens and turkeys. And wherever there has been a home demonstrator in the county there will be enough food canned to run the State a year.

Texas on Trial.

Texas may be on trial but let's all work together. From north to south and east to west to bring the old State through safe and sound. There is enough to do in some parts of Texas to keep the whole State busy and earning a living. It may be hard to get in touch with the work that needs doing. But if we are all willing to co-operate for the welfare of the whole State no one need be out of work long. Texas is going to have a great lesson in 1925 on the distribution of labor. But there are brains enough in Texas to straighten it all out if we can be patient and forbearing.

Markets High.

It seems unfair at times when you need things most that the prices should soar into the sky. But that puts cash into circulation and it is not so hard for the banks to carry their patrons through. People are always more optimistic when wages and farm products are high. And there is a little silent secret in that condition, too. It teaches us all to prepare for the worst when things are at the best. These very lessons have to come now and then to teach us how to live at home. If every family on the farms of Texas knew how to make a living whether they made a crop or not no one would ever go hungry in Texas. But so many thousands never make anything but a crop. Then if the crop fails, WHAT?

Finest Seed in the World.

There are scores of counties throughout the State that have and will produce the finest seed in the world for next year's crop. Isn't that a grand thing? Texans should be able to get seed for next year's crop "Made in Texas." It's here somewhere. What's the Farm Bureau for? Now is the time to use it. And now is the time for that Community Fair. Don't fail to have it. The community fair is the biggest fair in the world. Not in size but in scope. It is not so much the corn and beans at a fair that counts. It is not so much the exhibits as the exhibitors. It is that good feeling a fellow takes home with him that braces him up all next year that counts. The consciousness of having done something well and having it recognized is what makes a fair worth while. The community fair offers so many more opportunities for people to be good teachers than any other

fair. It is the community fair that makes the country grow. Because nearly everybody in that community will have something to show. Almost the last man and woman in the community will take an interest in the community fair. How many of them will send anything to the State Fair?

Greatest Topic of All—the SCHOOL.

And right in the midst of all this talk about the crops comes the school. Is there any excuse this year for not sending the children to school the very first day where there is no crop to gather? This may be one of the lessons the Lord wants the people of Texas to learn. Send the children to school, crop or no crop. Our greatest failure in Texas is not the lack of a crop once in a while. Our greatest failure is keeping the children out of school to raise a crop.

NEW TINSHOP AND PLUMBING BUSINESS

J. W. Dennis has leased a building northeast of the square and is putting in up-to-date equipment of tinshop and plumbing and in the near future will have it ready for business. He has secured Dock Barber, formerly of this city, now of Oklahoma City, to run the business. Mr. Barber will move here in the near future.

SEVERAL CORRECT GUESSES WHISLE BOTTLE

Last Saturday in the window of the M System Store, there were 377 bottles of Whistle—the new drink being advertised here. Five people made correct guesses and were given a case of Whistle. They were R. D. Evans, Glenn Bernard, Ray Taylor, Winburn Messer and Thelma Shankle. The guesses winning second prize were 378 and 376. R. H. Duncan won party for second.

CARD OF THANKS

We wish to thank every one who helped in any way during sickness and death of our darling baby, Geneva. May God's Blessings rest on you.

How to Speed Up Corn-Cutting

That job of cutting corn for either fodder or silage is shortened by days when a John Deere Corn Binder goes into your fields. Seven acres of corn cut and bound ready for the shock or silo is an average day's work with this time- and labor-saving equipment and when you get through in your own fields, there's always work for you in the neighborhood, at a profit.

John Deere Corn Binder The Binder with Power Carrier and Quick-Turn Truck

Operating a John Deere is mostly a horse-driving job—there's no real work about it. There's no work of dumping the bundle carrier and returning it to position hundreds of times a day. The power carrier does all this work for you—merely press a foot lever and the power carrier dumps the bundles free from the horses' path, and practically parallel to the standing corn.

The Quick-Turn Tongue Truck is another feature you will appreciate because it takes neck weight from the horses—makes it easy for the horses to turn at the ends and keeps the binder running straight—slung on side hills is largely done away with.

When you buy John Deere implements you are sure of prompt repair service throughout their long life.

Drop in and see this popular binder.

Did You Know These Things About Oil Heating?

There are only four oil burners out of the 1700 on the market that you can possibly be considering. These four all sell for about the same price. If there is any doubt in your mind which to choose, read the facts below.

The more capital a manufacturer has, the better able he is to build in volume and to give you the benefit of his savings in better quality or lower price. OIL-O-MATIC is made by a million-dollar oil burner institution—by many times the largest in the world.

Highly successful products are made by successful concerns.

The OIL-O-MATIC factory, the largest in the industry, is a monument to the uninterrupted success of OIL-O-MATIC for nearly 7 years.

The fact that OIL-O-MATIC is operating successfully in more homes than any other oil burner is merely an indication of its merit.

But when OIL-O-MATIC dealers place orders for more burners in 65 minutes than any other concern sold all last year, there is little room for doubt about the kind of service OIL-O-MATIC gives.

"The house heating fuel of the future," say the Empire Refineries, "is going to be the heavier grades of fuel oil." It contains more heat units per gallon and costs on an average 1-3 less than kerosene or distillate.

The Underwriters' Laboratories, after exhaustive tests, proved that OIL-O-MATIC could use fuel oil as low as 28 degrees equally as well as any of the lighter grades. Thousands of OIL-O-MATIC owners are using fuel oil and saving as high as 25% over burners restricted to more expensive oils.

There are four natural laws of oil combustion, each as hard and fast as the law of gravitation. No oil burner can ever be made to work right if its principle is wrong.

OIL-O-MATIC was the first automatic oil burner built to operate according to these fundamental principles.

Continuous pilot lights, drip bucket shut-offs, pots inside the firebox, and crank handles on automobiles are all in the same class.

OIL-O-MATIC eliminated the needless waste of the pilot light 6 years ago. No part is inside the firebox to burn out. It is the only oil burner with the Williams Thermal Safety Control that makes the whole burner a single unit. Nothing can work unless everything is working right.

"No oil burner is any better than its installation," says E. J. Smith of the Underwriters' Laboratories. OIL-O-MATIC maintains the Williams Institute of Heat Research, the largest oil burning school. Over 1500 dealers, service and installation men have graduated from this national institution.

Once people learn what oil heat means, they never go back to coal even if they have to replace their burner with a better one.

As many OIL-O-MATICS are being bought to replace other burners as the total sales of many oil burner companies.

Right now is the time to decide. We are working at top speed to complete all installations in time for cold weather. Every day you delay makes it that much harder to get your burner installed in time. See a demonstration today. Take a year to pay, beginning October first, if you wish

WILLIAMS OIL-O-MATIC HEATING

L. HOLT PLUMBING & HEATING CO.

BUY IT IN MEMPHIS

This series of advertisements sponsored by the firms listed below is running weekly and is an invitation to the people of this trade territory to trade in Memphis. These firms are not asking you to trade with them as a duty, but because it is profitable for you to do so. Each one of them intends to build up his business on the basis of the good that he can do for his customers.

These business men recognize that

you have a right to trade wherever you think you can get the best bargains. They recognize that outside business which contributes little to the prosperity of the community has a right to advertise in and do business here, but they also recognize that for real values year in and year out, they are able to meet all competition.

It is true that the home business houses contribute to your churches, your schools, the sick and needy, pay taxes for the upkeep of town and country, streets and

roads, and every enterprise that the whole community enjoys. They also stay here to back up the goods they sell.

But these are not the principal reasons they are asking you to trade with them. It is strictly a business proposition. They can sell you goods of higher quality at very reasonable prices. They know they give you your moneys worth or their business will not continue to flourish. They can do it, and you will find it mighty pleasant as well as profitable to trade with them.

CITY FEED STORE

The city Feed store, which is one of the oldest establishments in Memphis, was bought by J. F. Forkner, March, 1925, from the Graver Grain Co. The establishment is not only an old one, but the proprietor is a long-time resident of Memphis, having come here eighteen years ago. During his eighteen years of residence in Memphis, Mr. Forkner has been engaged in some kind of business way, serving the public in an efficient manner. During his first fifteen years here he engaged in the dray business, specializing in heavy hauling; he also handled the agency for Magnolia Oils during seven years of this time. In December, 1922, Mr. Forkner bought The Memphis Democrat and had a hand in building an advertising medium for the accommodation of Memphis Merchants and had a great deal to do with placing it in its present high-standing with the general public.

In any adventure undertaken by Mr. Forkner he has enjoyed a liberal patronage from the people of Memphis and surrounding trade territory and is held in the highest respect of the general public as well as that of his competitors.

—PHOTO BY ORR

His method of square dealing and efficient and courteous service has attained for him positive degree of success.

After a glance at the accompanying photo and the checkerboard front of the building, it is not necessary to say that the City Feed Store deals in Purina Feeds. Besides a full line of Purina Chows, all other kinds of feed and field and garden seeds are carried in stock. Anything that should be handled by an establishment of this kind is carried in large stocks by the City Feed Store. The Purina Feeds are sold under strict guarantee that protects the purchaser against inferior quality and any defects that might be found in a newer and lower grade of feed. This establishment supplies local dairies and poultry farms with large quantities of feeds enabling Mr. Forkner to buy in carload lots which assures the purchaser of close prices.

The regular advertisement of Mr. Forkner, which appears weekly on the last page of the Democrat, in the checkerboard border, contains messages of interest to anyone in need of feeds or seeds.

SOCIETY

DRIVING MISS

Miss Esther Pearl Thompson entertained with a bridge party at the home of her sister, Mrs. Louie Goffinett last evening, favoring her guest with a game of Van Alstine. Two prizes were served to Misses Virginia Thompson, Emma Foxhall, Ver-rump, Doris Tomlinson, Paul Elrod, and Maurine Berry; to the Cousins, Deaver, Prince, DeKey, Alexander and Bill Anderson of Wellington; Messrs. and Mrs. Ray Godson, Pete Clover, Al-Grundy, and Frank Fore.

Wednesday afternoon Miss Verna Crump favored Miss Berry with a bridge party. High score was credited to Mrs. Van Pelt; low score to Miss Berry. A salad course served to sixteen guests.

Wednesday evening a swimming party was given in Miss Berry's home at Deep Lake.

Friday evening Miss Virginia Thompson entertained the Kil Kare with a swimming party and a picnic at Bryant's Lake. After a picnic supper was served to twenty guests.

PICNIC AND SWIMMING

Miss Virginia Thompson entertained the Bridge Club Tuesday at Bryant's Lake. There were ten couples present and they enjoyed swimming, which they had a splendid supper.

Those in attendance were: Mr. and Mrs. Ray Godson, Misses Ester Thompson, Emma Foxhall, Lucille McAnne, Margaret Hawkins, Maurine Berry, Mary Helen McNeel, Doris Tomlinson, Verna Crump, Mrs. Candler Hawkins, Lovie Thompson, Rainey Elliott, Alec Alexander, Chauncey and George Thompson, Carl Denney, Harry Delaney, Mr. and Mrs. Prince.

FRIENDLY BIBLE CLASS

Meet us in the basement of the Presbyterian Church at 10 o'clock, Monday morning, September 6.

We want to start on some plans to build our class attendance up to 500, be ready to offer your testimony. This class is for MEN and each can have a part to perform and must do his bit to make the organization what it should be.

After a short business session Mr. Grundy, teacher, will present the teachings of the letter Paul to the Philippians, carrying out the thought "I can do all things in that strength me."

Visitors are welcome.

ST MEETING

The first meeting for the season of the 1913 Study Club was held at the home of Mrs. Frank Fore Wednesday afternoon.

FRIDAY AFTERNOON BRIDGE CLUB

The Friday Afternoon Bridge Club met last week with Mrs. Scott Peddy. Besides the members the following guests were present: Mrs. T. E. Noel, Mrs. R. S. Greene, Mrs. Brent Gillenwater, Miss Maurine Berry of Van Alstine. High score was won by Miss Esther Pearl Thompson, and low score by Miss Verna Crump.

A delicious ice course was served to those present.

METHODISTS ENJOY S. S. PICNIC

Last Friday evening between two and three hundred members of the Methodist Sunday School enjoyed a supper was prepared by the Men's Bible Class and it was certainly one of picnic at Broome Park. The picnic the best ever served. Barbecued meat, with bread, pickles, beans, soup, coffee, lemonade, ice cream and such like served in cafeteria style.

The congenial crowd, the shady cool park, and plenty to eat made it a most enjoyable occasion which will long be remembered. This is an annual affair and the men are to be congratulated upon putting over such a good one.

TO PASS UPON MERITS OF STATE FAIR FOWLS

Keen interest is already manifest in the poultry show to be held at the State Fair of Texas, Dallas, Oct. 10-25, according to Walter Burton of Arlington, superintendent of the poultry department. Judges of the State Fair poultry show will be Newton Cosh, Vineland, N. J.; D. E. (Ted) Hale, Chicago, and E. C. Branch, Lee's Summit, Mo.

ODD FELLOWS TO MEET HERE NEXT WEEK

The Hall County I. O. O. F. Association will meet in Memphis at the Carnegie Library Building on Tuesday, September 8, 1925, at ten o'clock a. m., at which time the following program will be carried out:

- Song—"America."
 - Invocation—Rev. C. E. Richter.
 - Welcome Address (Odd Fellows and Rebekahs)—W. A. McIntosh.
 - Response—T. D. Gee, Esteline.
 - Address—Oddfellowship—Rev. Chas. T. Whaley.
 - Reading—Mrs. Lyons, Plaska.
 - Quartet—W. A. McIntosh, V. Hawkins, Miss Esta McElrath, Miss Edna Bryan.
 - Reading—Miss Thelma Lee Hattenbach.
 - Piano Solo—Mrs. W. E. Gammage.
- All Oddfellows and Rebekahs are urged to attend this meeting of the association and help to make it a greater and good meeting. A business session will be held at two o'clock, p. m. at which time all business of the association will be transacted.

MOTION PICTURE BOOSTS STATE FAIR ATTRACTION

A new motion picture, now being shown in Texas theatres, boosts a State Fair of Texas attraction.

In "Night Life of New York" there are a number of scenes along the great "White Way" of the American metropolis. One of them is of the brilliantly illuminated front of the Winter Garden, famous New York Theater.

An electric sign, with letters six feet high, reads: "Winter Garden—Willie Howard in 'Sky High.'" "Sky High" with Mr. Howard and the original inter Gardop company of 108, will be given in the new State Fair auditorium during the 1925 State Fair, Oct. 10-25, under the personal direction of J. J. Shubert.

New Way to Hull Walnuts

An innovation in hulling black walnuts was introduced Sunday afternoon by two small boys near a walnut grove on a road a few miles south of Kansas City, Kan.

After gathering the nuts the boys scattered them over the road where it was narrow at a bridge approach. Passing motor cars did the hulling, thus saving the labor and stained fingers.

One motorist, driving a small car, stopped to talk with the boys, and the new scheme was outlined.

"Sure, we get our nuts hulled this way," one of the boys said. "We did have them down where the road was wider, but the cars turned out. So we had to move them here where the cars can't turn out. Balloon tires hull 'em best."—Kansas City Times.

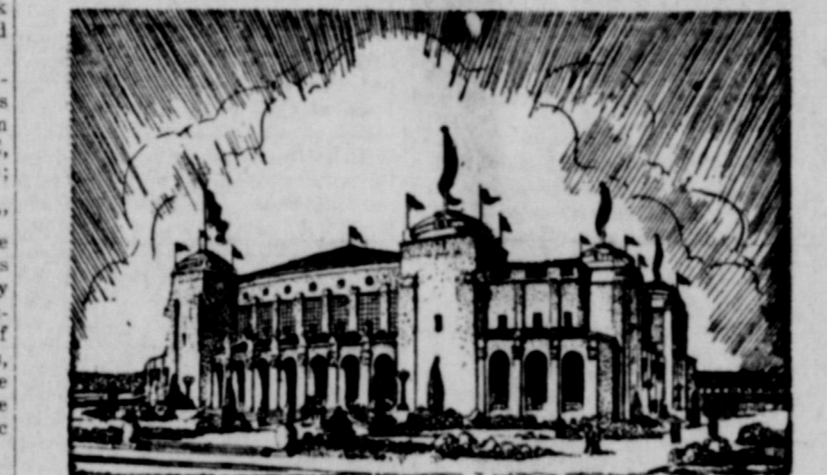

May End Mosquito Plague

An end to mosquito plague may be brought about by raising a brand of non-stinging mosquitoes guaranteed to expel the stinging variety, according to a paper by a well-known scientist, read in the Academy of Sciences, Paris. The scientist described how he had found in certain parts of Brittany a variety of common mosquitoes which never entered houses and never stung human beings. Furthermore, he noted that where these were found there was never any sign of the stinging variety. As an experiment he transported some of the harmless variety from Brittany to the Charente department and found the non-stingers supplanted their stinging brothers in a short time.

NEW STATE FAIR AUDITORIUM

Here's the new Fair Park Auditorium, located within the grounds of the State Fair of Texas at Dallas. It will be dedicated at the 1925 State Fair, Oct. 10-25, with the showing of "Sky High," a Broadway musical comedy success, which will come to the State Fair directly from New York. "Sky High" is a Shubert production, and will be given at Dallas under the personal direction of J. J. Shubert, with Willie Howard, the famous comedian, and the original company of 108.

The auditorium will cost \$500,000 when completed, and will be a complete theatre in every respect. Its acoustic properties are guaranteed. It will seat 5,000 people and part of its equipment will be a \$50,000 pipe organ, upon which Clarence Eddy, famous organist will give a dedication recital on the afternoon of Saturday, Oct. 10, opening day of the 1925 State Fair.

A Woman Will Not Look Like This

WHEN SHE WASHES WITH THE

EASY
Vacuum Electric
WASHER

The principle of washing clothes by air pressure and suction originated in 1877—forty-eight years ago, and the American housewife quickly accepted and approved this principle, with the result that since then this method of washing clothes has been developed step by step. Its popularity has constantly increased until today it is recognized as the most efficient mechanical method for washing clothes.

The latest development is the Model M "Easy" Vacuum Electric Washer—a washing machine that makes wash day a pleasure instead of a day to be dreaded.

The Easy Vacuum Electric Washer is the very acme of perfection, and a trial will convince any one that it is built and operates on the right principles, and it does not in the least injure the daintiest laces, flannels, or lingerie. It will wash the finest fabrics or the heaviest blankets.

LET US DEMONSTRATE THIS WONDERFUL LABOR-SAVING MACHINE

Phone 628 for appointment. The South Side Beauty Parlor, Mrs. N. H. Witt operator, will appreciate your trade. Phone 628 for appointment. The South Side Beauty Parlor, Mrs. N. H. Witt operator, will appreciate your trade. Phone 628 for appointment. Miss Helen McNeely has accepted a position as head of the Expression Department of the Texas Presbyterian College at Milford and will leave for that place next week. Miss Neely is a most popular teacher and while all are sorry to lose her from Memphis, are glad of her advancement and wish her success. J. W. Memmon, a professional musician and electric sign designer, has been in the city several days the past week looking out a location. He has decided to make Memphis his home and is now making arrangements to move his family here from Hobart, Okla. Mr. Memmon has electrical shops at several places and will put in a first class electric shop in Memphis. He will design, make and install any kind of an electric sign. He will also open up a music studio and teach violin. We are glad to welcome Mr. Memmon and his family to Memphis and bespeak for them a good business while among our people.
