Clothing Issued To Texas State Guard This Week

At the regular meeting of the Texas State Guard, Co. D, 41st Battalion, in Memphis Tuesday evening, summer clothing was issued to those present, according to E. L. Yeats, supply sergeant.

The clothing issued consisted of a denim suit, known as fatigues, shoes, belt and hat. The winter clothing is on hand now, but will not be issued until fall. Ammunition and guns have been received and will be issued next week. Hereafter, practices will be held with the guns. A gas mask drill will be staged at the meeting Friday evening.

"There is a good interest shown by the men in the work now and we have enrolled several new members, so many are having to drop out on account of the army, we still need more members. There were 61 percent present at the meeting Tuesday evening. The meetings are held each Tuesday and Friday evening on the soft ball grounds by the high school," stated Capt. M. G. Tarter.

Rotary Assembly Will Be Held in City Wednesday

M. W. Larmour, District Governor, Will Attend; 16 Towns to Be Represented

The Rotary International North Section 127th District Assembly will be held in Memphis Wednesday, June 16, at the First Christian Church. Registration will begin at 8:30 Wednesday morning and the morning session will open at 9:45.

Additional Rainfall Damages Crops

Additional rainfall Monday night of about two inches washed out crops near Memphis. The heaviest rain was reported to be about two miles south of here and was about a mile wide. There was very little moisture right in Memphis.

Temperatures have varied within the past week but during the day it has been warm. High for the week was Thursday, June 3, when 101 degrees was registered and low was 70 degrees registered Tuesday night.

This morning (Thursday), the reading was 92.65, according to J. J. McMickin, local weather observer.

Commencement for Turkey Schools Monday Evening

Baccalaureate Sermon Sunday Morning; Grade School Graduation Wednesday

Fifteen students received their diplomas from the Turkey high school Monday evening. The commencement program was held at the high school auditorium.

The program began with a professional by Mrs. A. I. Walker and included an invocation by Rev. W. M. Culwell; salutatory address, Norma Louise Walker; valedictory address, R. D. Jones, and a piano solo by Alpha Joyce Mullin. Chaplain Pope, U. S. Army, gave the main address. Supt. Lee Vardy presented the diplomas and Rev. J. W. Tucker gave the benediction.

The baccalaureate sermon was delivered by Rev. John F. Johnston, pastor of the First Baptist Church, Sunday.

Members of the class are: T. J. Cummings, Frances Case, Evelyn Coker, Peggy Jean Edgar, Roy Gene Gilmore, R. D. Jones, Jimmie Dean Nall, Lee Roy McKay, Gale Stephens, Marion Rivers, Norma Louise Walker, Henry Williams, Birdie Bell Eudy, Eula Pinkerton and Harold Lane.

Victory Council To Aid in Mobilization Of Farm Man Power

Members of the County Agricultural Victory Council have made definite plans in mobilizing the manpower of this county to avert the loss of any 1943 crop due to the shortage of help. Subcommittees of various organizations are being appointed and they will work with the Victory Council said W. B. Hooser, county agent.

The Chamber of Commerce selected Roy Fultz, Tomie Potts and Ottilie Jones as their representatives in this program.

A labor file for each individual farmer may be obtained at the County Agent's office. This is to be filled in and left at the Agent's office so that he will know what type of worker the farmer needs. On this sheet is listed the acres on the farm, acres in cultivation and acres in pasture. It also lists whether transportation will be furnished, housing facilities and various other information that will be needed.

The laborer's file will also be in the County Agent's office and anyone wanting to fill one of these out, may do so and leave it at that office. On this sheet, the kind of work the person can do or wants to do, his qualifications and other necessary information will be listed.

"Right now, the farmers are beginning to need help and since there is little available help, the people who have any spare time are being asked to fill out one of these laborer's files so that the farmer may know where to find him and what he can do and will be willing to do. This program is being left up to the Victory Council and their workers in each county, since the local people know what the farmer needs and who can supply his needs," stated Hooser.

"We realize that farmers and ranchers in Texas will not be able to obtain the quantity and quality of labor to which they are accustomed, but we hope to get them enough workers to prevent any loss, whatsoever, of any crop this year. The farmers, themselves, will have to teach the new hands. It will be the patriotic duty of the farmer as well as the patriotism of the worker for them to work with each other in this program," continued Hooser.

Bankers Attend Convention in Amarillo June 3

T. H. Deaver Elevated to Vice-Presidency; Hall County Well Represented

At the close of its 39th annual convention in Amarillo Thursday, June 3, the Panhandle Bankers Association elected Jim Farwell of the Amarillo National Bank president.

T. H. Deaver of the First National Bank and J. O. Gillham of the Brownfield State Bank were elevated to a notch, as vice presidents. Other officers are E. L. Grimes of the Panhandle State Bank at Borger, treasurer and Chester Albritton of the American National in Amarillo, secretary.

The bankers met this year on Jefferson's birthday and the meeting was only one day instead of the usual three-day convention.

Attending from Memphis were: Elmo Whaley, S. S. Montgomery, T. H. Deaver, W. V. Coursey, T. E. Noel, G. M. Duren and J. H. Smith. From Lakeview were Mr. and Mrs. B. E. Davenport and daughters, Anna Katherine and Bobbie Claire.

Funeral Services Held Sunday for Mrs. Davenport

Resident of Hall County Since 1889 Passes Away Saturday in Local Hospital

Mrs. C. O. Davenport, 65, passed away in a local hospital Saturday evening, June 5, at 11:20, following a long illness.

Funeral services were held at the Baptist Church Sunday, June 6, conducted by Rev. E. L. Moody, pastor of the First Baptist church of Clarendon.

Jo Ann Roberts was born April 18, 1878, and came to Hall County with her parents in 1889. She joined the Baptist Church in early childhood and remained a faithful member until her death.

She was married to W. H. Bowerman, April 15, 1893, who passed away June 26, 1928. To this union, one son, W. H. Bowerman, Jr., was born. He died April 27, 1940. She was married to C. O. Davenport December 12, 1929.

Surviving Mrs. Davenport are her husband and one grandchild, Beverly Bowerman.

Pall bearers were Herb Barbee, Carl Hignite, Paul Blevins, Hal Goodnight, J. E. Roper and J. Henderson Smith. Interment was in Fairview Cemetery by King's Mortuary.

Dignity and dullness are double first cousins.

Turkey Territory To Grow 15,000 Acres of Peanuts

Approximately 100 Acres Planted in 1942, Says A. I. Walker, Warehouseman

From 12,000 to 15,000 acres will be planted to peanuts in the Turkey territory for 1943, according to A. I. Walker, warehouseman for the Southwestern Peanut Growers association.

Approximately 1000 acres were planted in 1942, for the first time in this territory, more as an experimental project. Results were satisfactory despite the inexperience of the growers in planting, cultivating and harvesting of the peanuts and the shortage and lack of machinery to properly harvest them. Several growers reported a yield of 40 bushels per acre.

Walker stated he has delivered 20,000 pounds of unshelled peanuts for planting already this season, while most of the farmers are using the shelled peanuts for planting purposes. He also stated he accepted approximately 225,000 pounds of last year's crop for storage.

Some of the larger growers this year are J. R. Nall 125 acres, Henry Clay 125 acres, Jack Tutor 65 acres, Smith Purdy 40 acres, Willis Walker 40, E. F. Hughes 50, I. F. Reed 30, Z. H. Jouett 40, Leon Nall 24, L. L. Tiffin 25, J. H. McDonald 25, Ralph Meacham 20, and numerous others are planting from 5 to 20 acres.

Turkey has a large acreage that is adapted to the growing of peanuts and no doubt they will be one of the leading money crops for that territory in the future, providing sufficient machinery can be had for harvesting.

Pests Destroyed by Estelline Chapter

According to Sammy Stout, member of the Pests Eradication Committee, the Estelline chapter participated 100 per cent in their annual pest eradication contest in spite of the shortage of shells.

Junior Potts, applicant for the Lone Star Farmer Degree, won the contest with 1,483 points.

The following pests were eradicated: rabbits, 439; sparrows, 214; rats 379, mice 271, moles 2, hawks 12, rattlesnakes 48, water moccasins 11, skunks 13, opossums 27, badgers 1, gophers 3, coyotes 2.

Publicity lies behind many sensational statements that appear in the public prints.

WINNING ESSAY ON "ADVANTAGES OF COW, HOG, HEN TYPE OF FARMING"

Continuing the series of the essays on "The Advantages of the Cow, Hog and Hen Program," James Wesley Smith, son of Kay F. Smith, is the writer of the one this week. He is a winner of a gilt.

I am James Wesley Smith, the son of Kay F. Smith. I have 12 tons of feed maize heads. I am getting 20 gallons of milk a day and more cows coming soon, two big lots, one furrowing pen and two acres of pasture fenced.

If I were to set out to find the proverbial "hen that lays the golden egg" I should not need to look beyond the possibilities of the cow, hog and hen program. For the advantages of this three-fold program are a guarantee to a personal happiness and well being, financial security and a patriotic participation on the greatest battle front of the world, as this three way is America's guarantee to life and that life has become world inclusive.

Personal happiness and well being are the secret to any man's success. A man must be well fed to be fully and healthily developed. And in this world-wide crisis of food shortage each man carries not only his personal load of consumption but also that of another—a man in uniform. A man in uniform that is fighting our battles for us. Some where out yonder today, this minute, a soldier perhaps 20 in round numbers, is laying down his life for me. In return I must furnish that combating body energy with which to fight and food is that fundamental source of energy. No one alive furnishes more energy than the combined results of the old reliable God-given 4 fold pro-

Gregg to Speak at Christian Church

8,000 Packages in May—SEND CIGARETTES TO BOYS OVERSEAS

The public now may send cigarettes to the boys overseas at the rate of five cents per package to any foreign country except possessions of the United States. Due to the tax on tobacco, the cigarettes cannot be sent to any possession of the United States at this price.

The cigarettes must be sent in lots of one thousand packages, that is, \$50 worth of cigarettes at one time. Anyone or any group of persons who care to contribute any amount toward sending cigarettes to the boys overseas give your money to Mrs. Inez Baker.

There is no profit made on the cigarettes. The company turns the cigarettes over to the government and they are sent wherever designated. They may be sent wherever the contributor desires and as many as twenty words may be enclosed.

During the month of May, eight thousand packages of cigarettes were sent from Hall County. Those contributing were: Tarver Pharmacy, Farmers Union Coop Gin, Farmers Union Supply Co., City Grocery, Annex Drug, Cafe 13, Doss Dry Cleaners, A. W. Howard, Durham-Jones, Busy Bee Cafe, Dr. R. E. Clark, M. J. Draper, Alexander and Ross, Allen C. Grundy, Frank Garrett, J. V. Dennis, Banta's Cafe, Jack's Cafe, Gene Chamberlain, Perk's Cafe, C. & M. Grocery, Corner Cafe, Childress Grocery, Corner Cafe, Pharmacy, Foster Bros. and Lodge Gin of Flaska and the citizens of Lakeview.

Of these eight thousand cigarettes sent during May, four thousand were sent to North Africa, two thousand to Guadalcanal, one thousand to Australia and one thousand to China.

The representative of the cigarette company will be in Memphis during the latter part of June and anyone wishing to contribute any amount toward sending the next shipment of cigarettes, contact Mrs. Inez Baker.

Vada Webster On WTSTC Honor Roll

Miss Vada Webster, daughter of Mr. and Mrs. James W. Webster, has been placed on the honor roll at West Texas State Teachers College at Canyon. The honor roll is made up of the ranking five per cent of students of the institution.

D. A. Shirley, registrar, writes the following to Mr. and Mrs. Webster: I take pleasure in writing you relative to the most excellent record that Miss Vada made during the spring semester. As you no doubt know, the honor roll in this institution is made up of the ranking five per cent of students, and to my way of thinking, it is the highest honor, scholastically that can come to a student.

THE DEMOCRAT STAFF POET
I never will forget the time my Grandpa was lying around the house sleeping and a sipping from his jug, and Grandma slipped some hard, sharp knots in his pillow. After awhile he roused up and was settin' on the side of the bed holding his head in his hands. He says to Grandma, "I ain't aiming to drink no more. For 40 years I been a sipping my licker, and it's done a lot of things inside my head. But this is the funniest it ever put knots outside of hit."

SWEARING OFF
When full to the gills of tobacco or booze, And you figure you'll never more drink; You tell the wide, wide world. But friends, that's what you think.

You're just a weakling—morals gone; You're always right, the other guy's wrong; You'll find some loophole to snatch a drink, You've got the habit, that's what I think.

So never make resolutions, my brother, Or do things you might always regret; We all have our weaknesses maybe, But never back them up with a bet.

Women Work

By INEZ BAKER

It is with deepest regret that we announce the resignation of Mrs. Lloyd Phillips as county chairman of Surgical Dressings. Those present were Mrs. A. B. Jones, Mrs. W. E. Johnson, Mrs. M. O. Goodpasture, Mrs. E. M. Dennis, Mrs. T. R. Blades, Mrs. J. B. Wrenn, and the following visitors, Mrs. Jeff Messer, Mrs. Cliff Evans, and Mrs. A. B. Rasco. The next meeting will be with Mrs. T. A. Messer on Thursday, July 1.

every confidence in your ability to use discretion in selecting the girls who are anxious to work and who have the ability to do a good job. I know that you will arrange for them to work under supervision. Many chapters have found that girls of this age are doing beautiful work in Surgical Dressings as well as sewing and knitting. We also realize, now that schools are closing, that many women will not have the time to devote to the surgical dressings that they have had during the school year. The girls will be rendering a service to Red Cross and the men in our armed forces, using their leisure time in this way.

Sincerely yours, Helen Scheitlin, Administrative Assistant, Chapter Service.

Mrs. Davis is delighted to have you and is looking forward to your coming. The present working time is: 2 to 5 p. m., each Tuesday, Wednesday, Thursday and Friday; 7 to 10 p. m., each Tuesday and Thursday.

WHAT YOU CAN'T Eat CAN

Food is a war weapon and also a problem these days. Coffee, sugar, meat, canned vegetables and fruits, are all rationed.

Some of the best foods of all, however, are not rationed, fresh vegetables—beans, peaches, corn, and fresh fruits—peaches, plums and the wide variety of berries.

These are vitamin foods, vital to health and morale. The question is how can we continue to benefit by their food value all year around.

Eat all you need now while vegetables are fresh. What you can't eat, CAN. That will guard your pantry against a possible food shortage, save money, help "stretch" ration tickets, and help keep our armed forces better fed.

CANNING TIP Inquire about the bulletin, "Home Canning of Fruits and Vegetables." Here's a tip from its pages: "To speed up canning work... equipment should be cleaned and checked, jars examined, and caps and rings should be put in order the day before."

This handy canning booklet is free. The pamphlet dehydration of fruits and vegetables is also free. Call your office and ask for your copies.

There are two letters from W. Galloway, who is in Africa under Gen. to his mother, Mrs. Galloway: Africa May 10, 1943 Mom: Time has passed, till it is months, will again let me know how I am still well and pleased at the present. The end of the war in Africa everyone here very happy, the outcome, tho there that never lived to see. The situation has changed the past few months we hardly time to keep everything that happens quite dark on what is going on in the States. Have the boys been at home as I used to pal around in Africa ended on the 4th, as you already know Mother's Day. I am the mothers in the States boys in Africa had one of the happiest days possible reached there and the cessation of all enemies here. I'm sorry that I can't be with you on this day.

Alaska Highway! For Your After-War Trip? U.S. Army Engineers couldn't be told that it couldn't be done. Like Superman, they cut and smoothed the wilds to Alaska. The Al-Can highway leads nearer to Victory Day, when you can hope to head your car north... or to the Rio Grande... or where you choose... leaving war worries in your wake. But will you have a car? Not a new one; not soon after Peace, experts agree. Your best bet is to preserve your present car for the future. At the same time you'll preserve it for your essential driving today, by recognizing its ruthless enemy—engine acid! Mere normal combustion has always left acid in any engine after it has stopped. But in running often, driving long, and heating the engine well, you mostly dispersed this acid. Then along came rationing and limited driving. Plenty of time now for acid to gnaw and corrode inner parts that you cannot easily replace. But what familiar thing bars corrosion? Good metal plating! And your engine's insides can have anti-corrosive OIL-PLATING—attached as closely as any fine plating, by Conoco Nth motor oil. It's patented. It includes the modern synthetic that behaves almost "magnet-like" to maintain OIL-PLATING—even for days—where acid could otherwise freely attack. Block it! OIL-PLATE today. Your Conoco Mileage Merchant knows your right grade of Conoco Nth oil. Continental Oil Company

could certainly tell the difference. We had the opportunity for many long talks, and I hope that he enjoyed our friendship half as much as I. He was in high spirits when he left here. I am sending you a sample copy of one of our Worship programs, and also a picture of the altar that we rigged for our Easter service. The men here are most responsive to any effort that is made to aid them spiritually, and my ministry is a happy one. A. W. is a fine man, and I am sure that these days are dark and lonely ones for you while he is away. Please know that my prayers follow him too, and may we all work more diligently to get this mess over and get home again.

Dear Editor: I have just received two copies of The Democrat and have been reading about the boys in service and know most of them. So I thought I would write a few lines about where I am. I can not tell the name of the island. It is a very pretty place. The natives are very friendly, but they do not know the value of money or I should say we don't, for they sold us coconuts for 25c a piece until we found out that we could climb a tree and get all we wanted.

Some times they have coca cola in their stores here and they cost 35c a piece. There are lots of bananas on the island. I read in the paper that it was pretty dry there. You people need some of the rain we have here. We work most of the time 10 hours a day and 7 days a week, rain or shine. Well, maybe the day will come when we can all come to Memphis on Saturday afternoon again. I will say hello to all my friends that are in the service that get the paper and to all of them at home.

Yours truly, C. W. Whitfield, CM 3-C Corp. Marcus Rosenwasser of Camp Claiborne, La., visited here last week-end with friends.

Corp. Jack Holcomb of Camp Carson, Colo., came Thursday of last week for a visit here with his mother, Mrs. Maggie Holcomb.

Ensign Clyde E. Wilkinson, U. S. N., of Chapel Hill, N. C., has spent a week's leave in Estelline with his home.

Bryan Boane Adams has completed a seven months course in the University of Rochester, Rochester, N. Y., and has returned to Washington, D. C. where he will take up his duties as chief in the photo science department of the U. S. Navy. He is the son of Mr. and Mrs. Bryan Adams of Lesley.

Pfc. James M. Martin, Jr., stationed at Fort Graham, Brownsville, is here on a 15-day furlough visiting his parents, Mr. and Mrs. J. M. Martin.

A-C Lyman Davenport, Jr., stationed in Shawnee, Okla., visited from Wednesday until Saturday here with his wife. He also visited with his mother in Hedley.

Alvis M. Melton, Yeoman second class, has been moved to Seaside, Ore. Mrs. Melton has joined her husband there.

Mr. and Mrs. Henry Blum, Jr., received word from their son, Melvin, who is stationed at Camp Livingston, La., that he had been promoted to Private first class. He stated that he was well and enjoying his work and that his wife, who is employed at Pineville, La., near the camp, visits him often.

Mrs. C. L. Nixon has received the following letter from her son, Pfc. Eddie L. Nixon. He is in Australia. May 22, 1943. Dear Mother, You will probably be surprised when I tell you that I am somewhere in Australia. Well, that is where I am as of now. The rules and regulations of the mail prohibit me from telling you anything about the place so I'll just say I am getting along just fine and getting plenty to eat. My APO is 712. There is a movie here every night and we brought our radio with us, so we get to listen to it. The next time you are in town, get around to The Democrat of office and have my address changed on the paper. I have been getting the paper regularly as the weeks go by. I'll close for now as I have home work to do. You can tell all the folks my address and have them to write. With love, Yours, MICK

A letter written by Pvt. Edwin E. Cheslier, stationed at Fort Lewis, Wash., to his parents, Mr. and Mrs. O. E. Cheslier of Giles, follows: Dear Dad, Mom, Sisters: Just received two letters from you, the long one and the one you wrote at the hotel. Boy, I sure enjoyed that big "fat one." Thanks for the addresses, maybe I can write a few while I'm in here.

Yes, Mom, I think I have gotten all your mail. I'm sending all my mail home. There is no use in tearing into it for you've seen it all, so put it away for me, and don't let the kids tear them up. There are 25 long letters, 30 short ones, 9 folders, 16 cards, 2 packages, that's what I have gotten from you all, and I don't know how much from others. The chaplain is going to mail them for me. I'll try and send the gum, too, what I've got saved up. The little kodak too.

I've just gotten a letter from Addie Mae. She said she guessed she would go to Wichita Falls and work in some defense job. Darn, time sure is passing off slowly lately, first time I've really been home sick, guess it's because I've got nothing to do but lay and think about it. About my being shipped somewhere else, I don't have the least idea in the world. We may be shipped in 3 days, it may be 3 months. It may be that we stay here until we are shipped across the "pond."

Three months and 3 days ago today I left for Lubbock. It doesn't seem so long in a way, and then again, it seems like 3 long years. I've got all my clothes in the laundry to be cleaned. If I do get a furlough, I'll have plenty of clean clothes. I looks pretty doubtful from the hussy that they threw over it, but one thing sure, I'll get one by Christmas anyway. I'll strut my okra then, by gosh. They are trying to get 20-day furloughs for us now, instead of 15. I sure hope they do. Well, I'll close and try to answer Addie Mae's letter. Guess she showed you the bracelet I gave her for her graduation. I promised it to her a long time ago. Will try to write the kids too, so answer soon. With love, Your son, EARL

Mrs. Ernest Godfrey of Houston and Mrs. Ben King Boswell of Taft visited here last week-end with relatives. Mrs. Lloyd Miller and daughter of Los Angeles, Calif., came Sunday for a visit with her grandmothers, Mrs. Ida Hensley and Mrs. W. T. Clifton. R. S. Greene and Mrs. Gladys Power returned Friday from a business trip to Fort Worth and Dallas. Mrs. Greene went from there for a visit in Houston with relatives. Mrs. Mack Graham is visiting in Oklahoma with her sister, Mrs. Pearl Robertson.

When Your Back Hurts - And Your Strength and Energy Is Below Par It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Refrigeration: Your Weapon In the War on Food Spoilage

Farm cold storage equipped with cooling apparatus.

By IRA MILLER Farm Electrification Bureau

This is a year in our nation's history when the battle of production on the farm front must be won. Regardless of difficulties, it must be won and it will be won. And this year, more than ever before, electric refrigeration will be the farmer's reliable and constantly serving weapon in the war on food spoilage.

All farm products—eggs, poultry, meats, fruits, vegetables and dairy products—need refrigeration. This need is served by several different types of electric refrigerators ranging from the milk cooler to the household refrigerator. Your refrigerating units must be kept going. With the shortage of service facilities, and replacement parts, this fact is more important than ever. Here are a few rules to follow that will pay dividends for the same reason that an ounce of prevention is worth a pound of cure.

- 1. Open the switch or pull the plug before doing any work on a refrigerating unit.
2. Use a vacuum cleaner blower attachment, or a long brush, to keep condenser and compressor clean.
3. Never expose motor or compressor to weather. Keep boxes, bags and other obstructions away from the machine so that it has a free circulation of air.
4. Do not attempt to remove ice from any part of the equipment except by defrosting. Chipping may damage the cooling coils.
5. Check lid or door gaskets and replace if badly worn. Feil is a good substitute for rubber.
6. Keep the milk cooler in service

continually. Shutting down units in off-season may result in a greater servicing than operating cost. If a shut down is necessary it is advisable to have a service man "pump the system down" and close proper valves to avoid possible loss of refrigerant and damage to compressor and lines.

- 7. Watch for refrigerant leaks, indicated by accumulation of oil on coils or connections; odors; bearing squeaks; excessive operation. In the wet-type milk coolers, escaping refrigerant may make the water bath acid. A simple litmus paper test will show if this is the case. If a refrigerant leak is evident, call a refrigerating service man.
8. Change water in the milk cooler tank occasionally to keep it clean. Paint the tank if necessary to prevent rusting.
9. Electric Motors. To assure maximum life keep them clean, lubricate regularly, avoid overloads, provide proper mounting and ventilation and keep the commutator clean.
10. Belts. Be sure belt tension is correct. A belt that is too tight wastes power and makes bearings on the motor and the machine wear out faster. And a belt that is too loose slips and shortens the life of the belt. When not running, the belt should fit the pulleys snugly. When running, there should be a slight sag on the top side of the belt.
Be sure that the motor and machine pulleys are in line. If pulleys are out of line, the bearings and the belt will both wear out more quickly. If pulleys are in line and you have proper belt tension, you will not need belt dressings. Small quantities of any vegetable oil make the best dressing to apply to a belt.

Somewhere in the Hawaiian Islands June 1, 1943

Dear Editor: Howdy. Well, here I am somewhere in the Hawaiian Isles. I'm not allowed to say where though. I arrived safe and sound and had a fairly nice trip across. This is sure dretty territory over here and I think I will really like it here. I have seen Honolulu and Pearl Harbor. Well, I must close for this time. Yours for Victory, Sgt. W. R. Landis.

GOOD HEALTH is a PATRIOTIC DUTY

★ Yes, that's putting it plainly. But it is a fact that Health is our defense. No country is more secure, more reliable than people within its borders. That's why it's so important to all, in these moments, to make a special resolution to get well and stay well. How about your own? Better see a good Pharmacist. And, of course, we're just enough of our service to that you will bring his prescription here to be completed.
