Eldorado, Schleicher County, Texas, Friday, October 11, 1935

No. 41

## What Do We Think?

One of the best ways to boost the home town is to patronize the home stores. Every dollar that is spent outside of the town means a loss to the community. Progressive stores are a sign of a live town. The merchants are willing to do all in their power to help the community, but the people of the community must help them by trading at home.

Get the foolish idea out of your head that you can buy cheaper elsewhere. Just remember that the guarantee of the home town merchant is worth a great deal, especially if anything goes wrong with the article purchased. High class goods are sold about the same price everywhere, and going out of town to make the purchase will not save you a nickle.

Let the people patronize the stores of the community and let the merchants get back of the home town and do their part in bringing about a better feeling and help make their home town a better and bigger place.

## WHO OWES YOU A LIVING?

Millions of people are being educated in our country today to believe that someone owes them a living. The laws of nature do not seem to recognize this doctrine.

Just go out into primitive country and see who owes who a living—you will soon find that your existence depends on your ingenuity and initiative.

Governments were organized to go nature one better and make it a little easier to live and to take care of the helpless whom nature would otherwise unceremoniously remove.

But today millions of perfectly healthy, able-bodied people are being taught to loaf at the expense of the savings of others, instead of to rustle for themselves.

## VISITS IN ELDORADO

### FRTM PHILIPPINE ISLE

Mrs. A. P. Canova of San Carlos, Occidental Negros, Philippine Islands, spent the day with Mr. and Mrs. Wiley Ratliff. Mrs. Canova is a former governess of J. T. She has been in the Islands the past seven years and has just completed a trip around the world. She is accompanying Miss Kate Adelle Hill, district Home Demonstration Agent, on her regular tour of her district.

Mrs. Canova will return to the Philippines in December where her husband is connected with the San Carlos Sugar Co.

## STUDENTS FROM HERE

### HONORED AT BAYLOR

Waco, Texas, Sept. 11—Two students from Eldorado at Baylor university have received honors this week. They are Paul Geren, who was elected vice-president of the Iota chapter of the Pi Kappa Delta, honorary speech fraternity, and Cooper Waters, who was admitted to membership in the organization. Geren is president of the Baylor Religious Hour this year at Baylor.

## Eldorado Minister

### Selected For B.T.U.

### President Dist. 16

Notice has been received this week by Rev. A. J. Quinn, pastor of the First Baptist church here that he is to serve as president of the B.T.U. of District 16. He has for the past several months served as Vice President.

This is a distinct honor since this district covers ten associations and about sixteen counties.

Plans have been made, according to Rev. Quinn, to enlist a large number of young people in the Oratorical, Sword Drill, and Memory Verse contests. He hopes that District 16 may be able to place several winners in the state finals which will be held in Dallas during the Thanksgiving holidays.

Quinn will be away the next two Sundays, during which time he will preach in a revival meeting at the Baptist church of Menard. On next Sunday Rev. Weightman of San Angelo, will preach here, and the following Sunday the services will be conducted by local laymen.

## Moore and Whitley

### Wedding Held Monday

Miss Lois Whitley, daughter of Robert L. Whitley, and Joe Hearne Moore, son of Mr. and Mrs. B. E. Moore, were married Monday evening at the First Baptist Church at 6:30 o'clock. The Rev. A. J. Quinn read the double ring ceremony in the presence of relatives and a few friends.

Ferns, roses and other fall flowers were used in the church. Miss Maxine Wilton, pianist, played the nuptial music and accompanied Miss Oma Ford, violinist, for "Love's Old Sweet Song." The bridal party entered to "The Bridal Chorus" from "Lohengrin," and Mendelssohn's "Wedding March" was used for the recessional. During the ceremony. (See No. 4 Last Page)

## ACHIEVEMENT DAY FOR

### MAYER HOME DEM. CLUB

Mayer Home Demonstration Club held its achievement day program by visiting the wardrobe and pantry demonstration work.

At the home of Mrs. R. C. Edmiston wardrobe demonstrator she gave a lecture on storage of clothes, stating that articles to be put away for each season should be wrapped in a separate paper container and taped securely to keep out moths.

The club then went to the home of Mrs. R. A. King's pantry demonstration, where they saw a well filled pantry of 1000 quarts of fruits and vegetables of a number of different varieties.

At the several hour punch, sandwiches and cookies were served to Mrs. B. R. Cauthorn, Mrs. E. E. Menges, Mrs. E. N. Edmiston, Mrs. Frank Warren, Mrs. Dollie Edmiston, Members.

Mrs. Bert Page, Mrs. John Williams, Mrs. Palmer West, Miss Pat Talbot and Miss Lora Farnsworth, Schleicher County Home Demonstration Agent.

## EAGLES WIN OVER

### MILES BY 45-to-0

The Eldorado Eagles of Coach Weldon Bynum, scored a 45-to-0 victory over the Miles Giants here Saturday.

The second team started the drive and scored the first marker about the middle of the first period when Meador took a criss-cross play and made nine yards around right end. The first team took charge after the touchdown and M. Davis plunged over the right side of the line for the second and also the third markers in the second period. Paul Davis kicked the extra point after the third touchdown and the half ended 19 to 0 for the Eagles.

The second team started the third quarter and played most of the period. Williams returned the kickoff 50 yards. When the first string was put back into action M. Davis plunged over for the fourth touchdown of the game. Late in the third period Spurgers passed 20 yards to Paul Davis who ran 25 yards for another score. M. Davis plunged the line for the extra point.

In the fourth period, Paul Davis intercepted a Miles pass and ran 20 yards for another marker. Hext kicked a goal. Logan took a 30-yard scamper through the right side of the line that paved the way for the sixth and final marker and Spurgers plunged through 12 yards for the score. Try for point was blocked.

The Eagles open their conference attack with the Sonora Broncs at Sonora tomorrow.

Coach Clayton Hopkins refereed the game.

## Cemetery Associa'n

### Sponsors Picture

### Show Sun. & Mon.

The Cemetery Association will sponsor "Escapade," a picture to be shown at the Lone Star Theater Sunday and Monday. Liltng Tale of Vienna.

Philanderings of a debonair artist in Vienna, complications over past love affairs and a scrape over the portrait of a married woman that gets into print are among the details that provide a story of whimsical humor and gripping drama, liltng music and Continental romance, in "Escapade," Metro-Goldwyn-Mayer's engaging new production now playing at the Lone Star Theater.

William Powell provides a clever performance as the chief figure in the cocktail of mirth and romance, which serves to introduce a striking new personality in Louis Rainer, brunette stage star from Vienna who makes her screen debut as his leading lady. Robert Z. Leonard's direction is unusually skillful, and spectacular musical interludes introduce compositions by Walter Jurmann and Bronislaw Kaper, European composers of Jan Kiepura's hits.

An epidemic of pests completely devours a tree or a field of grain, and then the pests die. Nature does not owe them a living.

## Hon. Chas L. South

### Will Speak To Men of

### Eldorado Churches

Congressman Chas. L. South of Coleman, Texas will be the principal speaker at a joint meeting of the men's brotherhood of the Methodist, Presbyterian, Christian, and Baptist churches at the First Baptist church here tonight. The meeting will begin at 8:00 o'clock.

Dinner will be prepared and served by the men. A quartet from Sonora will sing.

More than 100 men will be present according to estimates made by brotherhood leaders.

## ELDRADO TO MEET

### SONORA IN CONFERENCE

### OPENER SATURDAY

Coach Weldon Bynum's Eldorado Eagles will meet the Sonora Broncs of Coach Adams in the opening Conference game for both teams.

The Broncs are expected to give the heavier Eagles a real tussle to the last whistle. Both teams are handicapped by injuries and ineligible. Two of Eldorado's men are out of the game due to scholastic failure. Alton Page, Eagle right tackle, will be handicapped because of a cracked rib. Robert Anderson is not expected to play his regular guard position in the Eldorado line because of a severe "Charley-horse."

Several of the Sonora boys are nursing bruises received in their game with Rock Springs last Saturday, but all are expected to be able to play against the Eldorado boys. The game is regarded as extremely important since it is the first Conference game for each team.

## A NEW AUTOMOBILE

### UPHOLSTERY FOR 1936

A new automobile upholstery with a "breathing back" will be one of the features to look for in the 1936 cars, according to Collins & Aikman Corporation, who will introduce this latest development at the New York Auto Show in November.

The new fabric is a modern mohair velvety upholstery, with a porous back which automatically adjusts the air pressure in seat cushions. This construction permits air to circulate through the tufts, providing an easier ride at all times and a cooler ride in warm weather.

Of especial interest to housewives is the fact that the new fabric can safely be washed with soap and water. Technical engineers have called modern mohair velvets the cleanest and most easily cleaned car upholstery. As woven, the surface fibers act to break up dirt and spots, making them easy to remove.

The new "breathing back" fabric also has a smoother, sleeker finish which is particularly appealing to those who demand style with durability. Impressive wear tests, conducted in the Company's laboratories, show that it causes less shine and wear on clothes, an important consideration for those who use cars continuously.

## BARBECUE FOR LIONS

### AT BAILEY RANCH CH.

The Bailey Ranch Community folks really put on the nose bag for the business men of Eldorado and their wives yesterday evening when they entertained the Lions Club at the Bailey Ranch Church.

The program was furnished by both, Bailey Ranch and the Lions. Music and several entertainment numbers were given by Bailey Ranch. The Lions club gave some of their stunts and a quartet made up of members of the club.

Rev. A. J. Quinn, the main speaker of the evening made a talk on community cooperation. He stressed the importance of setting an ideal and building toward it, endeavoring to make our community interests and business firms satisfactory to ourselves and those who come our way.

## Turkeys Prevent

### Leafworm Damage

All the leaf worms, boll worms and grasshoppers on the 50 acres of cotton belonging to Frank V. Hurd of McCulloch county have been cleaned up by 300 young turkeys, thus saving him at least \$50 which he would have spent on poison, he reports to James D. Prewit, county agricultural agent.

"While most farmers have been spending money and time on poisoning cotton fields and wondering whether or not they would save their crop, I have been wondering whether or not I would have enough insects to feed my turkeys," he said.

The cost of feeding the young turkeys through the summer months has been practically nothing because of the large number of insects. Besides the insects, grass, and field seed, the turkeys eat a light supplemental grain feed just before they go to roost.

## BUDGET OF RIVERSIDE

### DEMONSTRATION CLUB

As pantry demonstrator of the Riverside Home Demonstration Club, with \$30.14 made from the sale of pecans, pears and vegetables, I have completely remodeled and filled a pantry containing 92 varieties of canned foods which is valued at \$400.14.

My budget plans provided for 797 pints of canned foods and 455 pounds of cured products. I have provided 1372 pints of canned foods and 1181 pounds of cured products. In order to secure a larger variety, I traded tomatoes, pears and pecans for apricots, seafood, peanut butter, tame plums, fig preserves, mulberry juice jellie, red haw jelly, fried steak, and pimentoes.

Twenty feet of shelving and four cupboard doors over the lower shelves were added to the original pantry. Also a low cupboard was built even with the window sill on which is kept the milk cooler. The entire pantry is painted rich cream. The window curtains and shelf paper are green, carrying out the colors of the Texas Home Demonstration Club. Contributions made to my pantry were a sep-ro-siv and two potato baskets, given to me by

## SAFETY COMMITTEE

### MEMBERS ADDRESS

### SCHOOL ASSEMBLY

Two members of the Lions' Safety Committee, Rev. N. P. Wilkinson and Forrest Alexander, addressed the school assembly Wednesday afternoon on the importance of safety and fire prevention.

Rev. Wilkinson talked several minutes on the importance of being careful in avoiding fires, and quoted figures to show that there is one fire each minute somewhere in the United States.

He compared the number of fires in the United States with the number in European countries, and showed that even though the European countries are much more thickly settled they do not have near as many fires per capita as we do in this country.

Forrest Alexander, another member of the Safety Committee of the Lions Club, outlined the major hazards regarding fires and methods of preventing the occurrence of these hazards. Among other points, he mentioned the danger of substituting pennies for fuses, soot-clogged stove pipes and flues, heating beds or drying clothing with light bulbs, and mentioned care in extinguishing matches and cigaret stubs. He also cautioned against the use of oil in building fires, and made the statement that nearly a gallon of gasoline, if exploded, would hurl a heavy object several hundred feet. "Gasoline is more dangerous than dynamite," said Mr. Alexander, "but we are more careless" (See No. 2, Last Page)

## Eldorado Gets Baptist

### Meet For Next Year

## Concho Valley Association Sets

### Budget, Has Cash on Hand

For the first time in many years, the Concho Valley Missionary Baptist Association closed its 45th annual session at noon today free of financial debt and with \$100 in the bank to begin the new year, according to Floyd Cornelison of San Angelo, treasurer. Mr. Cornelison reported that the total receipts for the past year amounted to \$1,794.80 and expenditures, \$1,757.29. The budget adopted for the year of 1935-1936 set operating expenses at \$665.

Eldorado will entertain the annual session of the association next year on October 7 and 8. The Rev. A. J. Quinn, pastor of the First Baptist Church here, will be host. The annual sermon will be preached by the Rev. W. E. Brown of Mertzon. The Rev. A. T. Talbert, of San Angelo was elected as his alternate. As delegates to the State Baptist convention at Houston in November, the Rev. Raymond Collier of Sterling City and the Rev. Frank Nixon of Sonora were chosen. Trustees for the Mexican Church here, which is financed by the interest on a \$1,000 fund established by the late L. W. Walker, were named as follows: W. A. Perry of San Angelo, Floyd Cornelison of San Angelo, W. O. Alexander of Eldorado, and Mrs. L. W. Walker of San Angelo.

**DID YOU EVER STOP TO THINK**

Trade is like a river and, as a river cannot flow undisturbed unless its course is comparatively free of obstruction, so business cannot flow freely when it is obstructed by heavy taxes and unusual regulation and fear for the future.

The less the normal law supply and demand is interfered with, the sooner we will enter an era of prosperity. It is not good to deny natural laws their operations and the less interference with the exchange of commodities, the better.

Individual efforts to restore trade does not do much good. It takes mass effort. At the present time much can be done to cultivate a spirit of friendliness and not shoot fear into business in extra large doses. The sooner that is done the better it will be for all.

Fear gets us nowhere. Courage and cooperation will get us somewhere.

Great men says the Washington "Post," are always willing to forego vacations. And a lot of little ones have to.

**Our Churches**

**P. S. Connell**  
**BULLETIN BOARD SLOGANS**

You don't need the church—any more than the flowers need the sunshine.

Jesus will be enthroned or entombed.

The path of glory leads beyond the grave.

He who does not honor God with his substance does not honor him with his soul.

Filthiness is next to devilishness.

Business circles should be on the square.

It does not matter whether a man's religion has a picture or a blowout, the result is the same.

It is more profitable to spend time thinking about where you're going than about where you came from.

There are two life principles, service and serve us.

Nothing wounds our heavenly Father so much as unrequited love.

We sing about the "home of the soul", but it strikes us that a good many souls are boarding out.

It feels good to be good.

Have you prayed today? It helps.

What would your home be like if there were no churches?

Never give up, for God never gives up.

Only the wicked clamor for the repeal of a good law.

The program of Jesus is, mercy for the sinner, no quarter for the sin.

The church is a building and loan society to help erect mansions in heaven.

Work without worship means worry.

Prayerless pews make powerless pulpits.

The Bible promises no leaves to the loafer.

We are either "sheep" or "goats." The goat is closely akin to the mule, only he has his heels in his head.

The fellowship of the church is the best fellowship in the world.

Lack of church attendance—my excuses may satisfy me, but can they undergo God's scrutiny?

The Church stands for the highest thinking and the greatest, sacrificial doing.

To forget wrong is the best revenge.

The present is the future from which we hoped so much.

The truest end of life is to know that life never ends.

The mask soon becomes an instrument of torture.

A man may make a false step by standing still.

When faith goes to market it always carries a basket.

The church—the place where high ideals are born and power received to execute them.

A good Sunday makes a better Monday—try it.

Our services are happy, hopeful, helpful. Come.

"Come thou with us and we will do thee good."

**SEEING THE OTHER SIDE**

With reference to the United States works program in which a transposition of letters—PWA or WPA—seems to make so much difference between permanence and impermanence, the Success already has expressed its preference for construction projects of lasting value even though involving substantial expense for materials in proportion to direct labor. Yet two qualifications to this case are worth noting.

In road construction a number of WPA grants have been made for improvement of secondary or farm-to-market roads rather than trunk highways. This attention to tributary roads deserves to be recognized as a wholesome thing. Actually it is more needed in this section than an increase of intercity speedways. It would be well, however, if its support were put on some more-steady foundation in local and state financial planning than upon the monetary need of made work.

Among PWA projects the elimination of grade railroad crossings is a classification that has lagged disappointingly. There are 235,000 of these which add tragic hazards to American highways. Yet not all of these warrants underpasses or viaducts. Even so, there are enough main line crossings left to warrant a really large works program in this field.

These cases did not invalidate the greater desirability in general of waterworks rather than leaf-aking or of housing construction rather than of reorganizing some-

body's office files as part of a program of supposedly permanent public improvements. They are mentioned simply as two interesting counter-considerations.

Mr. Hoover has hinted to the republican executive committee that he will not be a candidate in 1936. Has Mr. Hoover just found this out?

—The Omaha World-Herald.

Senator Carter Glass is one of those who hold that Francis Bacon wrote Shakespeare. It is not known if Shakespeare replied.

### Some of the Diseases Common to Children

(Eldorado School Paper)

Above is the title of a bulletin recently received by the school from John W. Brown, State Department of Health.

As some of the diseases common to children, the bulletin mentions Chickenpox, Colds, Diphtheria, Measles, Itch, Mumps, Scarlet Fever and Whooping Cough.

The bulletin suggests that teachers observe their pupils each morning for signs of disease, and send suspicious cases to a doctor.

It is especially recommended that the school never be closed due to contagious disease, but that the first cases found be sent home until cured of infection. In this respect, the State Law is noted: "Those actually suffering from tonsillitis, itch, impetigo, shall be excluded from school during such illness and be readmitted on the certificate of the attending physician attesting to their recovery and non-infectiousness."

The bulletin further states: "The daily inspection of school children and the removal and is-

olation of those found ailing constitutes one of the most important factors in the control of communicable diseases in school."

#### TRY THIS MENU FOR REAL PARTY ON HALLOWE'EN

Hostesses the country over welcome Hallowe'en as one of the best excuses for a party. There is almost no limit to the possibilities of entertainment in keeping with Hallowe'en traditions. They may range from fortune-telling stunts to the never-to-be-forgotten treasure hunt.

But more important than entertainment is the dinner. The following menu is suggested by Inez S. Willson, home economist:

- Hallowe'en Dinner Menu**
- Fruit Cup in Orange Basket
  - Ham, Baked in Maple Syrup
  - Sweet Potatoes, Buttered Couli-flower,
  - Peach Jack-o-Lantern Salad
  - Nut and Orange Bread, Butter Pickles
  - Pumpkin Pie
  - Coffee
- The ham baked in maple syrup may be a center cut slice, a half, or a whole ham, depending on the number of people to be served.

#### Baked Whole or Half Ham

Place the ham, skin side up, on a rack in an open roasting pan. Bake in a slow oven (300 degree F.) until done. Allow thirty minutes per pound for baking a ham, twenty-five minutes per pound for a whole ham. Forty-five minutes before it is done, remove it from the oven and take off rind. Score it diagonally with a sharp knife and stick whole cloves in the centers of the diamonds. Pour off drippings. Pour maple syrup over the ham and return to the oven to finish baking. Baste frequently with maple syrup.

### THE WORK OF CREDIT

#### Bank Shows How It Gives Needed Aid to All Classes of Prudent Borrowers

How a bank loan portfolio presents a graphic cross section picture of the business of its community is disclosed by the description which a midwestern bank recently gave of its loans to customers. It revealed also how closely interwoven with its neighbors' varied lives are the threads of the bank's financial helpfulness.

This description showed that the bank had made a loan of \$100,000 to a local shoe manufacturer to purchase materials, discount bills and meet current requirements.

To a wholesale grocer \$95,000 had been advanced for the purchase of inventory, the loan to be repaid over a period in accordance with specified terms set forth in the loan agreement.

#### Assistance in Personal Matters

Another loan had been made to a home owner to the amount of \$200 for painting and repairing. This was made in cooperation with the Federal Housing Administration and was being repaid in twenty-four monthly installments of \$8.33 each.

A dentist had been loaned \$300 to purchase new equipment. He was paying off the debt out of his professional earnings as they came in.

To a large domestic refrigerator distributor \$20,000 had been granted on warehouse receipts to finance dealer shipments.

A home owner had been granted a \$3,000 mortgage loan to be repaid in three years.

One thousand dollars had been advanced to an office worker on the cash surrender value of his insurance policy to aid him in meeting an emergency.

#### The National Total

If each of these various examples were multiplied many times the result would represent the total volume of credit cooperation which the bank was extending to its neighbors in its community, for aggregate loans to all its customers amounted to more than twelve million dollars.

If the typical examples here given were multiplied by many millions of times the result, would represent the total economic cooperation which the banking system of the country as a whole is extending to aid the innumerable personal, professional, industrial and commercial activities which make up the whole business life of the nation. The nationwide total of such loans is in excess of 20 billion dollars.

#### BANKS PLAN ADVERTISING

Substantial funds have been set aside from reserves of the American Bankers Association to finance the development by its Advertising Department of a series of informative newspaper advertisements setting forth in brief, popular language the methods and policies under which banks operate, their effective practices for protecting their depositors' funds, the services they render and the various ways in which they cooperate with business in their own communities in fostering sound recovery and progress.

Some 350 banks are now using this material and it is available at a moderate price for all of the members in the association who care to use it in bringing about better public understanding in their own communities regarding banking and its services. It has materially stimulated the use of newspaper advertising among banks.

Many favorable comments have been expressed regarding the informative and constructive character of its messages. It is issued in two sizes: the larger size is 3 columns wide by 14 inches deep, but in some instances subscribing banks have expanded this to occupy full pages in their local papers in order to obtain a more emphatic effect. Four pieces of advertising copy are supplied each month in this service.

#### BANKERS SUPPORT ACTIVE AGRICULTURAL COMMISSION

The Agricultural Commission of the American Bankers Association is promoting widely among bankers the practice of aiding their farm customers in installing on their farms better financial, accounting and operating methods. It also cooperates in the endeavors of the state bankers' associations along similar lines.

The commission has published a book on "Making Farm Investments Safe," presenting a compendium of helpful material published over a period of years as a reference guide in the daily routine of banking and farming relationships. It has also published "Factors Affecting Farm Credit," discussing in an illustrative way how farm credit can be obtained on a sound basis.

Another publication is the monthly bulletin of the commission which circulates to about 10,000 persons, among them the county agents throughout the United States, who make frequent use of the material and suggestions prepared by the commission. Likewise, the commission has appointed 2,300 key bankers covering every county in the United States, who act as focal points in their districts in fostering better understanding between bankers and farmers.

#### A HUGE BANKING SYSTEM

The latest official figures covering all banks in the United States show that there are 16,042 licensed banking institutions of every kind and that over 2,000,000 persons have entrusted them with their deposits to the amount of 44,500,000,000.

### CHEF'S SECRET OF SEASONING IS TOLD

Chef's often have the knack of making foods taste different somehow, and very often it is only a matter of seasoning. While a broiled steak has a tantalizing flavor of its own and really needs no additional seasoning, yet you may be interested in knowing how to obtain that "different" flavor chef's sometimes produce. The recipe for the chef's seasoning is given below by Inez S. Willson, home economist. It may be used with broiled steaks or chops, or ground meat of all kinds.

#### Chef's Steak Seasoning

- 1 cup table salt
- 1 teaspoon black pepper
- 1 teaspoon paprika
- 1-3 teaspoon cayenne
- 1-3 teaspoon mace
- 3 cloves garlic

Mash the peeled garlic with the board side of a knife and mix with the other seasonings. Store this, if desired, in a tightly covered container. When ready to use, put a little in a shaker and sprinkle on the meat after it is broiled, just as you would salt and pepper.

### TOOK OFF 17 LBS. OF UGLY FAT

#### HEEDED DOCTOR'S ADVICE

Mrs. Robert Hickey, Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce. She wisely followed her doctor's advice. Why don't YOU?

Get a jar of Kruschen to-day (lasts 4 weeks and costs but a trifle). Simply take half teaspoonful in cup of hot water every morning. All druggists.

### Help Kidneys

#### Don't Take Drastic Drugs

Your Kidneys contain 9 million tiny tubes or filters which may be endangered by neglect or drastic, irritating drugs. Be careful. If functional Kidney or Bladder disorders make you suffer from Getting Up Nights, Nervousness, Loss of Pep, Leg Pains, Rheumatic Pains, Dizziness, Circles Under Eyes, Neuritis, Acidity, Burning, Smarting or Itching, you don't need to take chances. All druggists now have the most modern advanced treatment for these troubles—a Doctor's prescription called Cystex (Sias-Tex). Works fast—safe and sure. In 45 hours it must bring new vitality and is guaranteed to make you feel 10 years younger in one week or money back on return of empty package. Cystex costs only 3c a dose at druggists and the guarantee protects you.

**"TWIN SISTERS" LOST MAY BE BURIED IN TEXAS SOIL**

Where are the "Twin Sisters" of blessed memory. Were they buried, burned, or carried far from Texas?

The Texas Centennial state publicity department at Dallas, delving into the remote archives of Texas history, today issued an appeal for old-timers throughout the State to plumb the recesses of fading memory to solve the mysterious disappearance of these "heroines" of the Texas revolution.

The "Twin Sisters" were not girls. They were guns—two sixty-pound cannons donated by the city of Cincinnati to the struggling Republic of Texas a century ago. They were all the artillery Houston had at San Jacinto, and they were used, history records, "with terrible effect."

The "Twin Sisters" remained in Texas until the republic became a state, when the federal government sent them to Louisiana and they were later sold for junk. But an appeal from the Texas people for the historic guns, which were called the "little darlings" of the revolution, caused Louisiana fifteen years later to contribute \$700 to remount the cannons and restore them to Texas. They then sit

"grape and cannister" through the War Between the States.

Late in the war, when federal forces landed at Galveston and demanded the surrender of men and arms, three Texas soldiers and a negro cook are said to have slipped away under cover of night and buried the "Sisters" near Harrisburg. That much is legend, to be sure, but it was substantiated years later when one of the group "confessed" his part. But those whom he named as his confederates had passed away, and there stories with them.

There are many who believe that the rusty cannons now standing guard before the state capital in Austin are the famed "Twin Sisters", but historians are uniformly agreed that they are not the San Jacinto pieces.

So now, nearly a century after that warm April afternoon at San Jacinto when they became immortal in Texas history, the "Twin Sisters" are again the objects of a State-wide search. Are they in truth buried in Texas soil? What old-timers still live who can supply the answer?

**FOOD EXPERT TURNS COURT INTO SCHOOL THEN WINS CASE**

Uncle Sam's food examiners strive for accuracy—it's part of their job. One of them recently converted a Federal court into a schoolroom and enabled the Government to win a contested food seizure case. The canner, whose food was seized testified its count of molds was consistently lower than those of the Government.

B. J. Howard, Chief of the Microanalytical Laboratory of Food and Drug Administration, who teaches canner employees the proper method of using the microscope in examining and counting molds on foods, was summoned.

At the court's direction he instructed the cannery's food examiner in correct use of the microscope and revealed errors in the latter's methods of examination. The cannery attorney watched closely, and later consented to a decree of condemnation as originally sought by the Government.

**PUBLIC CONFIDENCE CONTINUES TO GAIN**

**Bankers Report Nation-Wide Improvement in Attitude Toward Banks—Educational Campaigns Play a Part**

NEW YORK.—Ninety-six per cent of over 300 reporting clearinghouses throughout the United States find concrete evidence of favorable turns in public opinion regarding banks. It is shown in the results of a survey made by "Banking," the monthly publication of the American Bankers Association. City and country districts in every state are represented, it is pointed out.

"The outstanding conclusion is that there has been a genuine nation-wide improvement the last few months in the attitude of the public toward its banking institutions," the publication says. Statistical evidence on which the bankers base their conclusions which warrant this statement is as follows:

**The Evidence**

"How do bankers know there has been an improvement in the public attitude? They have certain statistical evidence. They have seen their deposits increase substantially in nearly all the cases reported, and tremendously in some cases. Many letters tell of increases of 100 to 300 per cent from the low point of the panic.

"For another thing, they know that fewer people are using safe deposit boxes as a repository for their savings, and that, in many instances at least, postal savings are declining.

"However, many express the view that they could throw out the statistical evidence and still realize that the public is in a better mood where the banks are concerned than before. The best evidence offered on this point, numerous bankers say, is to be found in the acceptance by the public of the newly instituted service charges and the reduced deposit interest rates."

**A Summary of the Returns**

The statement presents the following summary of the survey:

"We find on breaking up the general classifications of replies to the poll that the 65 per cent of those answering with an unqualified 'yes' represent only a partial measure of the optimistic feeling. Adding the favorable replies included in other groups, (i. e. 'yes' with qualifications, 'no change,' and 'mixed') we find that the vote shows a definitely healthy situation in 84 per cent of the localities reporting; at least some signs of improvement in another 12 per cent; a continuance of unfavorable conditions in 2 per cent, and a change for the worse in another 2 per cent. It is not too much to say that this is substantially 96 per cent favorable."

**Reasons for Changed Public Opinion**  
As to reasons for the changes in public opinion regarding banks reported by the clearinghouses "more than one organization has a word to say about the American Bankers Association advertising and educational material," the magazine says.

It mentions in addition the benefits of the Federal Deposit Insurance Corporation in the emergency, improvement in the general business situation, the weeding out of weak banks and the banking moratorium.

"The response to the survey can be put down as encouraging and informative," the magazine concludes. "It holds out the definite hope that with a continuance of a cooperative, educational attitude on the part of the bankers the rest of the journey back to normal may well be completed in the not too distant future."

**BANKERS ACTIVE IN SOIL SAVING MOVE**

Issue Book Describing Causes, Ravages and Means of Prevention of Erosion

MADISON, Wisc.—Under the title "Protecting Investment Values in Land," the American Bankers Association Agricultural Commission has published a booklet dealing with the conservation of soil resources as a pressing national problem.

"Careful estimates indicate that 750,000,000 tons of soil, suspended and dissolved, are carried off to the sea each year by running water," the commission's book declares. "An equal amount removed from its source is left en route. This means a total of 1,500,000,000 tons, equal to approximately one ton for each acre of land in this country. The Soil Conservation Service estimates that 35,000,000 acres have been ruined.

"There are 125,000,000 more acres that have lost the valuable topsoil, and it is estimated that still another 100 million acres are being converted into marginal or sub-marginal land, bringing disaster to those trying to eek out a living from erosion enfeebled soil, and threatening ruin to the next generation, since these destructive forces are going on at an increasing rate."

In a chapter devoted to control and preventive measures for soil losses it describes terracing, strip cropping, wind erosion control, gully control and the control of losses from leaching.

Other chapters are devoted to soil resources, the toll exacted by soil erosion, methods for keeping soils productive, state and national uses for non-agricultural land, forestry in a soil conservation program and wild life in a land use program. The booklet describes in detail the marshalling of many forces which is being brought about under the leadership of the Soil Erosion Service to meet this national problem.

**MEAT CASING MUST BE MARKED BEFORE FILLING**

Housewives will be able to read required governmental markings on colored artificial casings for meat products more easily after October 1, 1935.

J. R. Mohler, Chief of the Bureau of Animal Industry, United States Department of Agriculture, has notified meat inspectors and packers that required Government markings must be printed plainly on such casings before they are stuffed with sausage or other meat product. This instruction, issued recently under the Federal Meat Inspection Act, applies to all colored artificial casings as they cannot be successfully marked with branding fluid after filling. Such brands on colored casings do not show up plainly and may be obscured in handling.

The Federal inspection legend, establishment number, name of product when required, and other markings as "imitation," "artificially colored," cereal added", and "dried skimmed milk added", must be conspicuously printed on that type of casing.

Anyhow the current war threat has served to inspire Thomas in the Detroit "News to draw a cartoon showing Graham, McNamee broadcasting from Ethiopia, "Oh boy, what a war, what a war! by courtesy of the So-and-So Oil Co."

# SOCIETY CLUBS PERSONALS

Mr. and Mrs. S. D. Harper Jr., and Mr. and Mrs. A. L. Baugh were guests of Mr. and Mrs. Lawrence Steen Sunday.

Mr. and Mrs. Leonard Baugh of Blum, Texas visited Mr. and Mrs. Aubrey Baugh this week.

Mr. and Mrs. R. A. King visited in San Angelo and Eldorado the first of this week.

Miss Aneragene Johnson of Goldthwaite, Texas is the house guest of Mrs. A. L. Ohlenburg at Station A.

Mrs. A. J. Roach and son are visiting Mrs. Roach's mother and sister, Mrs. H. E. Espy and Ruth.

Mr. and Mrs. Elton Smith visited in Eldorado Wednesday.

C. C. Doty was the guest of Mr. and Mrs. Joe Edens Tuesday.

Mrs. Tommie Ellis and son visited in Menard, Texas Monday.

Clyde Keeney is on the sick list. Clyde had just finished his Trench Silos that have attracted so much attention. We hope he will soon be up and able to gather in the fleecy white staple he is producing so abundantly.

Mr. and Mrs. Jim Williams and children and Mrs. L. E. Whitten and children attended the circus in San Angelo Monday.

Mr. and Mrs. Will Stuart have returned from Sanfa Anna, where they attended the golden wedding anniversary of Mrs. Stuart's parents.

Mrs. Joab Campbell and Mrs. Connell also Mrs. J. Carlton Smith visited relatives in Brownwood through the week-end.

Mrs. George Long has as her guest for this week, her mother and two sisters from Owamah, Texas.

Mrs. Clyde Keeney's mother, Mrs. Tant is visiting here this week.

The members of the Baptist congregation remembered Rev. A. J. Quinn and family with a good "Old Fashioned Pounding" at the church on Saturday night. A bountiful basket supper was served following the program, and all reported a good time.

Mr. and Mrs. B. F. Nolan have moved to San Angelo to make their home. Mr. Nolan has been ill for some time, but is improving now.

Mrs. Frank - Stanford and daughter will be leaving soon to spend the winter. Mrs. Stanford not being well is seeking a more suitable climate.

The Alpha Delta Study Club met with Mrs. Mable Parker on Friday October 4th.

The club voted unanimously to help sponsor a County Health Council as proposed by the P.T.A. at their first meeting. The program consisted of an extensive study of Byron and his Work as related to the general course of study "Europe as seen through the Eyes of Modern Writers."

New members are being received at almost every meeting and great enthusiasm is being manifested in the work of the club.

The Self Culture Club met in the last meeting at the home of Mrs. George Williams. Reports on Girl Scout organization and Federated Club in San Angelo were given by each chairman.

The program was led by Mrs. Pauline West. Subject for the afternoon was "Scenic Texas."

Historic Spots and Buildings, by Miss Pauline West; Old Trails and Modern Highways, by Mrs. Bill McSwain; Our Scenic Wonders and State Parks, by Mrs. Dollie Edmiston. At the close of the meeting pumpkin pie with whipped cream and coffee was served to the following members: Miss John Alexander, Mrs. Kenneth Cheek, Mrs. O. E. Conner, Mrs. J. E. Hill, Mrs. L. M. Hoover, Mrs. Bill McSwain, Mrs. W. F. Meador, Mrs. Thorpe Parker, Mrs. W. F. West, Mrs. Palmer West, Mrs. John Williams; Mrs. A. J. Quinn and Mrs. Bailey Montgomery were elected as new members.

### MRS. CROSBY HOSTESS TO BRIDGE CLUB

Mrs. J. C. Crosby was hostess to the Eldorado Bridge Club and several guests last Thursday afternoon.

Mrs. Lewis Ballew was high scorer among club members and Mrs. S. D. Harper Jr., was high for the guests.

Club members present were: Mrs. A. L. Baugh, Mrs. A. P. Bailey, Mrs. Ben Hext, Mrs. L. E. Whitten, Mrs. Luke Thompson, Mrs. L. W. Ballew, Mrs. K. J. Garey and guests were Mrs. G. C. Crosby, Mrs. Lawrence Steen, Mrs. S. D. Harper, Mrs. Georgie Brittan and Mrs. Jeny Westmoreland.

### MRS. W. N. RAMSAY HOSTESS TO WOMAN'S CLUB

Mrs. W. N. Ramsay was hostess to The Woman's Club Tuesday, October 8, 1935.

In a business meeting preceding the program, the club voted to donate to the public library books comprising a course of study on the short story, together with the circulating library both being now in the Woman's Club's possession.

Mrs. Aubrey Baugh was program leader, the topic being "The Indians in Texas". Members answered the roll call with a characteristic of the Indians. Mrs. W. N. Ramsay gave a paper on the "Indians Around San Antonio." Mrs. H. D. Irby told of "Spanish Attempts to Civilize the Indians"; Mrs. C. M. McWhorter gave some "Characteristics of the Texas Indians"; and Mrs. Aubrey Baugh discussed "Indian Folklore"; Mrs. F. B. Gunn gave a reading: "The Calling Forth of Santanta."

The following members, other

than the hostess, were present: Mrs. W. E. Eaton, Mrs. Joe Eden, Mrs. F. B. Gunn, Mrs. Aubrey Baugh, Mrs. D. C. Hill, Mrs. E. C. Hill, Mrs. H. D. Irby, Mrs. C. M. McWhorter, Mrs. A. A. Millar, Mrs. V. G. Tisdale, Mrs. N. P. Wilkinson, Mrs. A. J. Atkins, Mrs. F. S. Miller and Mrs. C. E. Poer, Miss Miltia Hill and Miss Elizabeth Ramsay were guests.

### 66 VARIETIES OF FOOD CANNED BY MAYER CLUB

Included in the 1,129 containers of food which Mrs. R. A. King, food supply demonstrator for the Mayer Home Demonstration Club, filled this year, there were 66 varieties.

These products are valued at \$514.12, but Mrs. King says they're much more valuable to her than that, for they're on her pantry shelf ready for use, and she can prepare a balanced meal with so little trouble in a very short time.

### ACHIEVEMENT DAY IN RIVERSIDE H. D. CLUB

Achievement Day was observed in the Riverside Home Demonstration Club October 1st, when members and visitors met first with Mrs. Lewis Tisdale, bedroom demonstrator.

Mrs. Tisdale exhibited the bedroom which she had improved, and gave a summary of improvements made, which include the addition of 8 pairs of sheets, 4 pairs of pillow cases, linens for vanity and chest of drawers, wool comforts, hand made rugs, tufted bedspreads, a mattress cover, a suit of furniture refinished, clothes closet improved.

Mrs. Tisdale served a cocktail course, then the group adjourned to visit the pantry demonstration in the home of Miss Pat Talbot.

Guests were taken into the pantry where Miss Talbot exhibited about 95 varieties of food which she had conserved. After she explained her year's work in this demonstration, the guests were shown an exhibit of tomato products, which was made up of contributions from all members of the club.

Canning and preserving equipment was also displayed, then Mrs. C. J. Murr, wardrobe co-operator conducted a program on Wardrobe demonstration.

Refreshments were served to the following:

Mesdames Merlin Rogers, Polly Whitworth, Damon White, J. H. Dunagan, Henry Murr, Hugh McAngus, Palmer West, John Williams, C. J. Murr, L. V. Fulton, Clarence Fish, Frank Pullen, C. O. Robinson, W. R. Tomlinson, Aca Tomlinson, Ed Lehne, Tom Talbot, Lewis Tisdale, Misses Marie Pullen, Gay Robbins, Opal Luedecke, and Lora Farnsworth.

2

with gasoline because we are around it more."

The pupils of the sixth grade under the direction of Miss Oma Ford, gave a playlet and readings on safety and fire prevention. A few of the Boy Scouts demonstrated how to extinguish the burning clothing of a frightened person, and how to remove a person suffocated by smoke during a fire. This part of the program was introduced by Rev. Wilkinson.

This interesting program was enjoyed by the entire school and the faculty, and much benefit was derived from the talks, readings, playlet, and demonstrations.

3

my sisters. It was only necessary for me to buy new lids for cans and jars as I reflagged all of last years cans.

The pantry is completely reorganized with all glass jars on one side and all tin cans on the other. On the two shelves above the door are pickles and relishes. On the side shelves are fruits, beverages, tomatoes, tomato juice, starchy vegetables, leafy vegetables, other vegetables, proteins, preserves, jellies, jams, miscellaneous, and bulletins and recipes in spaces labeled for them. Behind the cupboard doors are kept, in separate compartments, dish cloths, staple groceries, canning equipment, and laundry needs.

My pantry is located in the south-west corner of the house with a large south window and door opening to the north. It is very light and convenient to the kitchen.

I have helped 180 non-club members and 35 club members. I am certain that an equal number has helped me in completing the demonstration. I feel that I have been benefited by this work more than just obtaining a pantry full of goods, as I have learned much about food and their preservations. The greatest joy of it all has been the enthusiasm and the loving help of my entire family.

(From Page One)

1

Speakers in the concluding session meetings this morning were the Rev. A. J. Quinn of Eldorado, the Rev. Frank Nixon of Sonora, the Rev. A. T. Talbert of San Angelo, and the Rev. A. D. Foreman, Jr., of San Angelo. Dr. T. R. Havens, professor of sociology at Howard Payne College, Brownwood, spoke last night on the subject, "Our Baptist Heritage."

The association reported 339 additions to the church by baptism during the year just completed. The session here yesterday and today was attended by some 300 ministers and delegates from Baptist churches in Big

Lake, Barnhart, Christoval, Eldorado, Sonora, Water Valley, Mertzon, Sterling City, Lottin, Harriett, Carlsbad, Tankersly, Wall, Best, Grape Creek, Sherwood, Eola, Bailey Ranch, and four San Angelo Churches.

At the first day's session Tuesday, the Rev. N. E. McGuire was named moderator again and the Rev. H. F. Aulick, secretary. The Rev. Mr. Aulick succeeds the Rev. J. D. Coleman of Robert Lee. The Rev. Ralph Grant of this city was named vice-moderator.

Reports were heard Tuesday from all but five of the 24 churches in the district showing more than 5,000 members now, more than 4,000 in Sunday schools, and outlays of \$50,300 for local expenses and nearly \$10,000 for missionary work and other outside causes. Best is the new church of the association. It now has 50 members. The Rev. Henry Ford is the pastor.—Standard Times.

4

mony, Miss Wilton played "I Love You Truly."

The bride wore a gray suit with gold blouse and accessories of brown. She carried gold marigolds. Miss Josephene Clayton was her only attendant and Cecil E. Moore, brother of the bridegroom, was best man.

Mr. and Mrs. Moore left after the ceremony for San Angelo to spend a brief honeymoon. They will be at home in Eldorado with the bride's grandmother, Mrs. M. J. Whitley, after the last of the week.

The bride was graduated from the Eldorado High School in '35. Mr. Moore also a graduate of the Eldorado High School and a former student of A.&M. College, is with the Cameron Lumber Co.

**MRS. H. H. HOOKER ENTERTAINS MARY-MAKERS**

Mrs. H. H. Hooker entertained the club with three tables of members and guests.

After several games were played refreshments of pie with whipped cream and ice tea were served to Mrs. F. M. Bradley, Mrs. O. E. Conner, Mrs. Ben Isaacs, Mrs. J. F. Isaacs, Mrs. Betty, Tubb Mrs. A. T. Wright, Mrs. Shugart, Miss Chris Enochs, members. Mrs. A. J. Roach, Mrs. Royster and Mrs. Ernest Finnigan guests.

This may not be a pleasant-sounding philosophy, but it is a fact which honey-coated political cure-alls try to hide.
