No. 45

WHITTEN APPOINTED ON ADVISORY BOARD

J. A. Whitten received the following letter which is self-explanatory:

Judge J. A. Whitten:

Outstanding citizens of your community have nominated you for a position on the National Youth Administration Advisory Board for your county. You are to be congratulated on holding the admiration and respect of your people, and we invite your acceptance.

Your duties will be of an advisory nature, and will require but little of your time. This will give you an opportunity to serve the young men and women in your county and render a worthwhile and constructive public service which will directly benefit all West Texas.

We look forward to your acceptance, and inclose a form which you will please fill out and mail at your earliest convenience.

Yours very truly,
Calvin Hazelwood

Mr. Whitten states that he has accepted this appointment hoping that he can be of service to the young people of Schleicher county.

He has been associated with young peoples work here for years and is recognized as a leader of young people. He has done wonderful work in the Boy Scout organization in this district.

Anyone desiring information about the National Youth Administration will find that Judge Whitten will be glad to have you call on him.

School Receives Books Improves Curriculum

A few days ago the school received a number of bulletins or handbooks on curriculum development from the State Department of Education.

This is the second year of the curriculum revision movement in Texas. The first year was devoted to orientation, or exploration of the curriculum revision field. During the current year actual production of curriculum units is to be carried out.

State Superintendent L. A. Woods has the following to say in his forward to the handbook: "As we enter the second year of this program, may each purpose within his heart that he shall renew the energy and determination to see this program through to the end, that 1,565,000 school children in Texas may have a fuller and more concrete educational program; to the end that we may be able to teach them at least two things: first, how to live; and second, how to make a living."

ANOTHER ELDORADO BOY

Lubbock, Texas, Nov. 8.—Lee McElroy, Texas Technological College student from Eldorado, recently has been appointed chairman of the senior gift committee at Texas Technological College.

McElroy is the son of J. L. McElroy. He is enrolled in the agricultural division.

Mrs. W. E. Baker and Miss Ruth Baker are spending the week-end with Mr and Mrs. Leslie Baker.

Boy Scout Round-Up Will Be Held At Ozona For The Ranch District On December Sixth

M. C. Laird

J. T. Ballew

Two Boy Scouts of Eldorado, J. T. Ballew and M. C. Laird, of Troop 18 achieved the highest rank in Scouting during October. Ballew and Laird joined the Boy Scouts in July 1933, and both are 15 years of age. Ballew has 24 merit badges and Laird 29. Both these boys were selected to attend the National Jamboree this last summer.

FIFTY-SEVEN CENTS A DAY

Suppose all children brought home from school each day an itemized bill of services rendered. What would be the important items in such a statement?

Thirty-three cents would pay for the services of the teacher, with enough left over to pay for the work of the principal and other supervisors as well.

Seven cents would cover the cost of keeping the school warm, lighted, clean, safe, and in good repair. An additional 5 cents would pay for new school buildings.

Since new school buildings have been built with borrowed money, the bill would include 5 cents for interest on such debts. This charge would, however, include rent, insurance, and other fixed charges.

Three cents would be all that would be charged for such special services as health work, recreation programs, school libraries, etc.

Teaching supplies of all kinds would cost only 2 cents a day. Another 2 cents would cover all costs of administering the school system, including all state, city, and county school superintendents.

The total bill, an average for all children, would be 57 cents. This figure is based on days attended; it would be even lower if calculated on the basis of enrollment or on the basis of 365 days a year.—N. E. A. Journal.

A Boy Scout Round-up of the Ranch district was planned at a meeting of executive committee-men and scouters last Wednesday night at Sonora.

The Round-up will be held at Ozona December 6th. The Ranch District consists of three counties Schleicher, Sutton, and Crockett. Troops from Eldorado, Sonora and Ozona will compete for honors.

The Eldorado Scout committee met Monday night with the Eldorado troop in the Scout hut and checked up on each boy's work. Talking to the Scouters J. A. Whitten urged each boy to do his best this month and go to Ozona prepared to come away with our part of the honors. Several boys will secure merit badges this month and with good attendance Eldorado Scouters should make a good showing.

Thrift through a budget system is taught the Scouters here. Each boy is required to pay a small fee of five cents each meeting night. This goes into a sustaining fund and is used for the benefit of the local troop. Additional sustaining club members among the adults will be sought during this month. Members of the executive committee will make a canvas soon.

Fifteen Scouters and one candidate were at the meeting Monday night: J. T. Ballew, Eagle Scout; Jim Roach, second class; Wallace Couzens, second class; A. J. Burk, tenderfoot; Frank Henderson, Candidate; Sam E. Jones second class; Gardner McCormick, second class; Joe Ed Hill, Star Scout; Jolly Sample, tenderfoot; Bob Bradley; Life Scout; William Garrett, tenderfoot; Jack Whittle, first class scout (Ready for Star Scout); M. C. Laird, Eagle; Abe Miller, tenderfoot; Hugh D. Craig, second class; and Billie Green, tenderfoot; Committeemen, J. A. Whitten, F. M. Bradley, W. E. Brooks, and C. S. McKinney; Glenn Rattliff, assistant Scout Master.

JAMES M. EVANS DIED HERE FRIDAY

James Monroe Evans, age 77 years died Friday evening November 1st, at 10 p. m. at his home after an illness of several months.

Mr. Evans had been in failing health for about a year and has been confined to his bed for about three months with stomach trouble.

He was born June 28, 1857, Burnt Corn, Alabama, the son of Mr. and Mrs. J. H. Evans. He was in business here for several years and has lived in this country for about fifteen years.

Mr. Evans is survived by his wife, Mrs. Lena Evans, of Eldorado, Texas, one son, J. W. Evans of Phoenix, Ariz., and a daughter, Mrs. Myrtle Osteen of Water Valley, Texas. One brother, J. H. Evans of Rising Star, Texas and three sisters. He also leaves ten grandchildren and one great grandchild.

Funeral services were conducted by Rev. A. J. Quinn at the First Baptist Church of Eldorado at 2:00 p. m. Saturday. Entombment was made in the Eldorado Cemetery.

Armistice Day Game The Best Of Season

The Armistice Day tilt with the strong Rocksprings Bulldogs promises to be one of the best games of the season to be played in Eldorado.

The Bulldogs, led by Monte Earwood, 186 pound captain and quarterback, are undefeated by any conference team this season. The Rocksprings eleven will average 160 pounds to the man, their heaviest man being Norman Fred, who plays guard and weighs 202 pounds.

Coach N. S. Ward of the Bulldogs claims a team that is potentially stronger than his last year's team, which defeated Eldorado in the game which decided the championship of District 34-B.

Coach Bynum has had considerable trouble due to injuries since the Junction game. All the boys, however should be able to begin the game against Rocksprings, barring new injuries in practice. Wet weather during the early part of the week hindered practice somewhat.

The present standing of the teams in District 34-B will be found on this page.

Junction and Rocksprings still are undefeated. The most important game of this district comes when Junction and Rocksprings meet on the 23 of this month.

New 1936 Chevrolet Announced to Public

On Saturday, November 2nd, Chevrolet Motor Company announced to the public their new 1936 Model Cars and Trucks. Commenting on the new Product and the manner in which the public has accepted the new Chevrolets, Mr. H. C. Howard, zone manager, Dallas, said "In the Dallas zone territory, which comprises practically one-half of Texas, every Chevrolet dealership was literally crowded to over capacity on announcement day." He continued, "the huge throngs of prospective buyers immediately endorsed the 1936 Chevrolet, which is significant by the number of cars sold on announcement day. Many dealers in the Dallas zone made immediate delivery last Saturday on from ten to 25 cars to customers. Dealers everywhere are making immediate delivery—this fact—combined with the unusually low prices of the new Chevrolets, has enabled Chevrolet dealers and salesmen to secure more advance orders than even in the boom year of 1929."

Mr. Howard also stated that many people have commented to him on the exclusive safety features of the 1936 Chevrolet. Such as solid steel turret top bodies, new perfected hydraulic brakes, shock proof steering, and the safety of Chevrolet's 'kneecap' ride are to be found in the low price field only in the 1936 Chevrolet Models.

Chevrolet Motor Company has spent millions of dollars in enlarging plant facilities for the 1936 production in order that dealers everywhere can make immediate delivery of the new car. The additional manufacturing facilities expanded by Chevrolet has provided employment for thousands of craftsmen and factory workers.

ELDORADO PIANISTS ON HONOR ROLL '35

All five music students entering the 1935 National Piano playing tournament from Eldorado won honors. Three won high district honors and two high state honors.

Miss Mollie Turner, music teacher who entered the five is a

MRS. C. E. POER

charter member of the Piano Teachers Guild who made the tournament possible. Those who entered from Eldorado are: Celeste Tisdale, Lois Carr and Helen Thompson winning highest honors in the district and each was awarded a \$100 certificate on a Steinway Grand Piano. Mrs. C. E. Poer and Ruby Quinn won high state honors and were awarded a certificate of \$140 and \$160.

More than 3,000 piano pupils ages ranging from four to fifty-four years participated in the tournament. Twenty-five thousand pieces were played, with American composers being emphasized.

Mrs. Poer has received her Steinway Grand Piano. A news story commemorating Mrs. Poer appears in the current issue of the official newspaper of the Teachers Guild and a picture of Mrs. Poer was requested by editors of the publication. This picture is reproduced above.

Mrs. Poer, having begun the study of music late in life has made rapid progress and has received a number of honors. Eldorado is proud of these accomplishments.

ANOTHER ELDORADO BOY

W. B. Gibson, a 1933-34 graduate of the Eldorado High School, is now spending his second year in Washington State College at Pullman, Washington.

W. B. is a member of the College football team and has recently made trips with the team to play at Missoula, Montana, Portland, Oregon and Spokane, Washington. His next trip will be to Los Angeles, California, where his team will play University of Southern California.

W. B. is one of the many graduates who are reflecting great credit on the Eldorado High School.

REV. P. S. CONNELL RETURNS

Rev. P. S. Connell, pastor of the Eldorado Methodist church returned from San Antonio where he attended Methodist annual conference. Connell has been assigned to the local church for another church year.

Presbyterian Teachers In Monthly Meeting

The officers' and Teachers' Council of the Presbyterian Sunday School met in their regular monthly meeting at the Presbyterian church on Wednesday night with a splendid attendance. The topic for discussion was "What is Teaching and How can I Make My Teaching More Effective?" Following the period of devotion and discussion, business matters were taken up. Several things were attended to, and definite agreement was reached to have a Christmas tree at the Christmas season. Announcement was made of a teachers' institute to be held in the San Angelo church on Monday evening, Nov. 25th. A short social period followed the business, with a \$3.00 for all.

Schleicher County Club Boy Win Trip To Chicago

Edgar Sauer, a 4-H club member of the Reynolds community, one of the free trips to Chicago where he will have an opportunity to attend the International Livestock Show. The trip was won on lamb feeding demonstration. The Santa Fe Railroad Company offers 19 free trips to outstanding club boys who make unusually good records in their club work. Edgar's records were sent into the State office at College Station as a contestant for one of these trips and according to advice from Mr. L. L. Johnson, State Boys' Club agent the judging committee has selected Edgar as the outstanding club boy in sheep work.

Edgar is beginning his third year as a 4-H club boy with 66 lambs on feed. He fed out 15 lambs the first year and only had part of the garage to feed his lambs in. There was not enough room on his dad's farm to have a separate shed but under these conditions he won three prizes in 1934. During the summer of 1934, he and his dad built a new barn and some new carrels and in the fall Edgar started his lamb feeding demonstration with 80 lambs. Out of this flock he selected 16 to show as individuals in Club work and fifty were selected to show in the open class in the car load lot.

These lambs were shown at Eldorado, San Angelo, and Fort Worth. His most successful winnings were made at Fort Worth where he had First prize and Champion lamb in the Club class. This lamb was sold for \$1.00 per pound and weighed 97 pounds. He won first with his carload of lambs and they were sold for a premium. He also won other prizes with his lambs. The total amount of money that he received for his Club work for the year was \$727.97.

Students Historical Essay Contest Will Be Announced Soon

Complete details will be announced shortly of the Eldorado Success Students Historical Essay Contest. Below is one of a series regarding the Historical subjects and places portrayed on Centennial thrift stamps. Prizes will be offered.

THOMAS J. RUSK (By Arthur Curry, B. L. S.)

Thomas Jefferson Rusk was born in Pendleton District, North Carolina, December 5, 1803. His parents were John and Mary (Sterritt) Rusk.

As his parents were "not wealthy," Tom had to make the most of his opportunities. His mother taught him to read, using the Bible and a few other books as texts. John C. Calhoun then let him have law books to read and allowed him to use his office.

Rusk read law in this office and worked in a grocery store until he was twenty-two years old.

He moved to Clarksville, Tennessee, to practice law. He was successful as a lawyer. On April 4, 1827, he was married to Mary F., lovely daughter of John Cleveland.

In a few years his law practice and business prospered. However, he lost his money in a gold-mining venture, the promoters having absconded with the funds entrusted to them. In the pursuit of them, Rusk came to Nacogdoches, where he overtook them, only to find that the funds had been squandered.

He became interested in the movement for Texas Independence, became captain of a company of troops, joined Austin's forces near San Antonio, and was soon made a colonel. He was then appointed to raise men and supplies to help carry on the war, he being assigned to work east of the Trinity as Fannin was to work west of the Trinity.

In 1836 Rusk was a member of the convention which declared the Independence of Texas and was one of the signers of the declaration. Soon thereafter, on March 16, 1836, he was elected as Secretary of War in the provisional government. Rusk tactfully conveyed President Burnet's order to Houston to stop the retreat eastward, take the Harrisburg road, and meet the enemy in battle. At San Jacinto he fought gallantly, assuming command after Houston was wounded and pressing on to victory. He then pursued the retreating Mexicans to Goliad. There the remains of Fannin and his men were given a military burial, in "the biggest grave in Texas."

When Houston became president, he selected Rusk as Secretary of War. Rusk later resigned from Houston's cabinet and began practicing law in Nacogdoches. He served in the House of Representatives, Second Congress of the Republic, September 25, 1837 to May 24, 1838.

He took an active part in making war upon the Cherokee Indians in East Texas, and was a leader in the battle of July 16,

1839 in which the famous chief, The Bowl, was killed. On Dec., 12, 1838, Rusk was elected Chief Justice, but he resigned on June 30, 1840, having held but one term of court. From 1845, Houston and Rusk worked harmoniously in securing the annexation of Texas, the forming of the state constitution, and in joint service in the United States Senate.

Rusk was a quiet, dignified, lovable man. Even his slaves were bound to him by ties of affection; they were spoken of as Rusk's free negroes. He and his wife had seven children. In 1856 Mrs. Rusk died of tuberculosis.

Her death and the increasing clamor for secession, which Rusk saw leading inevitably to civil war, brought on a despondency that was terminated by his taking his own life on July 29, 1857.

Rusk's grave beside that of his wife, is in Oak Grove cemetery, Nacogdoches. On September 27, 1895 a monument was unveiled and appropriate memorial services were held. The monument is a tall granite shaft, hewn from the quarries near Burnet, Texas. It was designed by R. T. Jaeggli of Brenham, Texas. On it are these words: "Erected by the State of Texas to the Memory of Thomas J. Rusk. Who fought for Her Liberty at San Jacinto. Born in South Carolina, December 5, 1803. Died at Nacogdoches, Texas, July 29, 1857. Patriot, Soldier, Statesman, Jurist."

Scientific Research to Envade Last Frontier

Scientific research will soon
envade Texas' last frontier. Less
than sixty years ago Apache In-
dians were sent to make fre-
quent attacks on venturesome
white settlers and slow-moving
wagon trains in the mountainous
region of Southwest Texas. Now
a new institution for the gaining
of scientific knowledge is being
established in that section.

Located at an elevation of 6,
794 feet on the summit of Mount
Locke in the Davis Mountains
the building of the new W. F.
McDonald Observatory of The
University of Texas now awaits
the installation of its equipment.
The 82-inch mirror of the reflector
type telescope, which will be
the second largest of its kind in
the world, has been cast by the
Corning Glass Works of Corn-
ing, N. Y., and is now being
ground in the laboratory of War-
ner & Swasey Company of Cleve-
land, Ohio, which has built and
mounted some of the world's
largest telescopes, both reflectors
and refractors. It will be another
twelve or eighteen months before
the laboratory work is complet-
ed and the installation accom-
plished. In the meanwhile the

construction of homes and other
facilities for the accomodation of
members of the staff is in pro-
gress upon the scenic summit ad-
jacent to the Observatory.

It was through the benevo-
lence of the late W. J. McDonald
of Paris, Texas, that the estab-
lishment of this astronomical ob-
servatory by the University is
made possible. Astronomy was
his hobby for many years, al-
though his principal vocation
was banking. Precisely what
caused him to bequeath almost
his entire fortune of over \$1,-
000,000 for the construction and
maintuance of the Observatory
which bears his name is not
known.

In order to conserve their re-
search resources, The University
of Texas and the University of
Chicago entered into a coopera-
tive 30-year agreement for the
joint operation of the Yerkes Ob-
servatory at William's Bay Wis-
consin, of the University of
Chicago and the W. J. McDonald
Observatory of The University
of Texas, Dr. Otto Struve serv-
ing as director of both observa-
tories.

Million And a Half Dollars Saved States By Investigtion

Austin—"More than a million
and a half dollars has been saved
the State of Texas by an investi-
gation of deficiency certificates
held by local officers for felony
case fees," said State Auditor
Orville S. Carpenter about a re-
port completed this week.

Four years ago the audit was
started by the Senate Investigat-
ing Committee in conjunction
with the State Auditor and the
State Comptroller. At that time
a number of sheriffs were indict-
ed and two of the officials com-
mitted suicide.

"Local officers receive fees
from the State for felony cases
and for the legal procedure neces-
sary in prosecution. Deficiency
certificates (promise of the State,
to pay when the Legislature mak-
es an appropriation) are given
these local officials. When the
Legislature appropriates the mon-
ey, local officers bring their cer-
tificates in and receive payment.
Our audit was to determine
whether or not these claims were
just," Mr. Carpenter explained.

"Forgeries and other irregu-
larities were discovered, but the
principal reason for refusing pay-
ment on a fee account is that the
official has already been paid
fees in excess of the amount to
which he is legally entitled," the
State Auditor said.

"Claims totaling \$574,255.53
have been set up against fee of-
ficers, and of this amount \$119,-
498.13 in cash has been collect-
ed. At present the greater part of
these claims is in the hands of
the Attorney General for collec-
tion. Of the deficiency audited,
\$306,850.99 was refused as re-
presenting invalid claims for pay-
ment against the State. By elimi-
nation of practices heretofore ex-
isting, \$831,714.51 in fees was
cut from the judiciary appropria-
tion," he continued.

"Actual saving to the taxpay-
er made possible by this audit
was \$1,712,821," Mr. Carpen-
ter declared.

Tugwell states that Federal
budget will be balanced in 1838.

Italy relies on arms as peace
negotiations appear futile.

Shrine Uniform Bodies Make Possible a Free Trip to Centennial

One of the most unique and
unusual projects ever to be con-
ducted in Texas will soon be in
"working order" for the citizens
of Eldorado and the surrounding
area.

The Western Union, Grey-
hound, Bowen transportation
systems and local fraternal mem-
bers have been notified that the
Shrine Stamp Committee will
make its appearance shortly.
This newspaper will give official
announcement when the plan is
in operation among the local
merchants—through whom the
Centennial Thrift Stamps are is-
sued to the public.

Your continued trade with
Eldorado merchants make these
Centennial trips available. Your
favorite grocer, druggist, depart-
ment store, beauty shop, gas sta-
tion,—in fact, no matter where
you spend your money—will all
be in a position to issue these
stamps to you.

They cost you absolutely noth-
ing, yet, in your hands, they be-
come as valuable as cash. You
simply save the Centennial Thrift
Stamps in convenient books fur-
nished free, and the accumulation
being rapid—you soon have
ample stamps to pay transporta-
tion, hotel and restaurant ex-
pense, admission charges, buy
gas and oil, etc.

Arrangements have been con-
cluded with every organization,
so that, no matter where you
choose to go for your 1936 Tex-
as Centennial visit, you can do so
readily through the simple means
of getting the Stamps from your
local merchants—saving them—
and using them for that trip you
"hoped to take" but, up until
now, you've "doubted you could
take."

Centennial Thrift Stamps,
through the courtesy of numer-
ous patriotic Texas organizations
and individuals, now give you
your opportunity to see the 1936
Centennials—at no cost to you.

HELP STUDENTS

Financial assistance is being
extended to 100,530 needy stud-
ents in 1,514 colleges in 46
states by the National Youth Ad-
ministration at a monthly cost of
\$1,503,795.

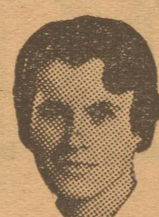

The best way to keep govern-
ment out of business is to keep
business out of politics.

9,000 REPLIES

More than 9,000 replies to the
President's letter to ministers
have been received. They are
being sorted and analyzed, and it
is probable that a summary of
their contents will be released to
the press later.

"THE CAUSE THEY SERVED"

Armistice Day calls our attention to the Americans who gave up their lives in the service of their country during the great World War.

It is well that the people of Schleicher County should place some emphasis on the sacrifice of brave young men who surrendered their lives. Surely we should honor the memory of those who offered their lives upon the altar of patriotism.

The men who went to their

**Women Who Have Pains
Try CARDUI Next Time!**

On account of poor nourishment, many women suffer functional pains at certain times, and it is for these that Cardui is offered on the record of the safe relief it has brought and the good it has done in helping to overcome the cause of womanly discomfort. Mrs. Cole Young, of Leesville, La., writes: "I was suffering with irregular . . . I had quite a lot a pain which made me nervous. I took Cardui and found it helped me in every way, making me regular and stopping the pain. This quieted my nerves, making my health much better." . . . If Cardui does not benefit YOU, consult a physician.

deaths during the titanic struggle fell asleep with a dream of world peace in their hearts. Rightly or wrongly, they were convinced that the suffering they endured and the blood they shed would be part of the price that mankind must pay for world peace.

Jingoistic speeches and fulsome oratory on Armistice Day make no impression upon the dead. If happily they exist in the land beyond and are able to keep in touch with a world they loved, it should be a source of joy supreme to them to see that the people for whom they died are at least loyal to the ideals that cost them most. Our only fitting tribute to the dead soldiers, sailors, marines and others connected with war-time service is sincere attachment to the ends they sought and a courageous determination to secure the goal for which they struggled.

The Eldorado Success salutes all the soldier dead of this country. So far as it is concerned, it pledges allegiance to the high ideals that nerved them to superhuman endeavor. We hope that the people of Schleicher County, along with vast millions of others in the United States, will always remember those who died and be loyal to the cause they served.

MAP-MAKING AND FARMERS

There are people in Schleicher County who wonder why governments spend money for map-making. They consider it a waste of time to send experts to measure the earth, classify its soil and make notes of its varied conditions.

Perhaps it will be interesting to farmers to know that there is in preparation a new map of the world and that, in about two years, government experts and foreign scientists will attempt to

locate areas where weather conditions are best adapted to various crops. The work includes recording interpreting and correlating weather facts to show the relation between climate and agricultural production.

Once this is completed, it will be possible to make far more accurate estimates of crop production and to advise farmers all over the world as to the possibilities that may lie ahead of them any year.

DID YOU EVER STOP TO THINK?

Wright A. Patterson, president of the Western Newspaper Union touches on a very vital subject when he says: 'The circulation of large city newspapers in rural communities develops among the people of these communities the city buying habit. The effective advertising of the big stores attracts business away from the home town, and in time the home town as a market place has passed out of the picture. When it does the local newspaper is buried in the same grave.'

"Consider from this standpoint the regional or local weekly is even more important to the town or city in which it is published than it is to the owner or publisher. There is no getting around the fact that the trade of a town or city follows the circulation of the local newspaper, just as civilization follows the flag.

"Your town or city is not going to advance very far unless your local newspaper blazes the way. And your local newspaper is not going to be the sort of newspaper necessary to gain and maintain a complete coverage in the logical trade radius of your town or city unless it has the wholehearted support of your merchants and business men.

"Aggressive business men in many of the small cities of the country are coming to understand and appreciate the importance of the home newspaper, and the day is not far distant when local Chamber of Commerce will make one of their main objectives an annual drive for increased newspaper circulation in the logical trade radius of their respective communities."

ONE, TWO, THREE AND FOUR

(1) The speed of an automobile depends upon the horsepower of its motor.

(2) The condition of business depends upon the buying power of the public.

(3) To get faster speed from an automobile, increase its horsepower.

(4) Need we go any further? And, so what.

(Every reader of the Eldorado Success would like to buy many things that he, or she needs.

(2) The merchants of Eldorado have these things and would like to sell them.

(3) Every individual will buy

IT PAYS TO LOOK WELL

WEST TEXAS LUMBER CO.

A West Texas Institution Serving West Texas

ANNOUNCEMENT!

"This is to notify the public and especially those who have been carrying their insurance with me, that I have sold to W. O. Alexander and Son all my interest in said business. I have felt for some time that there should be one good INSURANCE AGENCY in Eldorado. Mr. Alexander and Son are endeavoring to establish such connections. An Insurance Agency requires much study and hard work. One whose time and interest are divided among many things can not give the proper time and attention. In this connection I want to thank those who have given me their Fire Insurance Business. It has been gratefully appreciated. I also trust that you will cooperate with them and enable them to give us better insurance service.

J. L. RATLIFF

To Our Customers

We wish to announce that we have purchased the Insurance Agencies of J. L. Ratliff and Whitten & Royster, and have opened an office in the T. K. Jones building.

To the patrons of these Agencies, we earnestly ask that you give us your support and allow us to serve you in any way that we can.

We are a permanent institution in Schleicher County, having been in the General Insurance business since 1921. Representing companies that have established an enviable record of fairness and service in Schleicher County over a period of twenty-two years.

We have the facilities to write any standard type insurance. Our desire is to conduct our business in a manner that will merit your support, and to continue to serve this County and grow with it.

To those who have given us their Fire and Tornado Insurance business, thereby making it possible for us to carry on the business to our financial benefit, we appreciate to the fullest extent your confidence as well as the nice business which you gave us.

Your interest was at all times duely guarded in that all of our Policies were carried with companies that are the strongest (financially) in the entire country. Floyd West & Co., representing the Hanover Fire Insurance Co., are among those who carried our business, and we are proud to have been associated with such people.

We have sold our Agency to W. O. Alexander who we know and heartily recommend that you continue your Insurance business with him.

Lack of time for the Insurance business is the reason for selling, but I would not under any circumstances turn your business to a man who I didn't believe would serve you well.

W. O. Alexander and Son, Forrest are in position to give your Insurance business the proper attention and we bespeak for them a splendid business.

SOCIETY CLUBS PERSONALS

A. B. White is in Christoval taking baths and treatment for his health.

Ernest Sweat has been absent from the Saddle Shop for several days due to illness.

Mr. and Mrs. A. L. Baugh left Eldorado Wednesday morning for Cleburn, Texas to visit a few days with Mr. and Mrs. Leonard Baugh.

Mrs. W. E. Baker, Mrs. Leslie Baker and Miss Ruth Baker spent Wednesday in San Angelo.

Mr and Mrs. Stanley Landon and children of San Angelo visited Mr. and Mrs. W. B. Cobb Sunday.

Mr. and Mrs. Bright McCutcheon of Briggs, are announcing the arrival of a baby boy, and he has been named William Bell.

Mrs. Will Isaacs has returned from Briggs, where she has been visiting her daughter and helping to entertain the new grandson.

Allen T. Tiller of Dallas returned to his home Thursday of last week, after a ten-day visit with his mother, Mrs. F. B. Gunn.

Dr. Fred R. Baker, eye specialist who was supposed to be at the Eldo Hotel Tuesday failed to come on account of sickness.

Mrs. T. W. Swell and son Roland were visitors out at their ranch last week-end.

Mr. and Mrs. Dick Bearce and two children were in from the ranch Thursday visiting Mr. Bearce's mother.

Mr. and Mrs. Clyde Keeney returned home yesterday from Ballenger where Mr. Keeney has been in the hospital for several days. Mr. Keeney is recovering from a serious attack of illness, and will soon be out doors again.

Mr. and Mrs. Glen Williams spent Monday night in Ballenger.

Miss Virginia Williams enrolled in the Eldorado High School Wednesday.

Mrs. W. M. Bearce was out at her ranch Monday.

Mrs. A. H. Connell returned home with her son, Rev. P. S. Connell, she will make her home here for a while.

O. E. S. NOTICE

The regular meeting of the Eastern Star will be held on the evening of November 7th, in the Masonic Hall. Mrs. Joab Campbell worthy matron will make her report on the State meeting which was recently held in San Antonio; at this time members are urged to attend this meeting in order to keep in touch with the general O.E.S. work of Texas.

Kidneys Must Clean Out Acids

The only way your body can clean out acids and poisonous wastes from your blood is thru 9 million tiny, delicate kidney tubes or filters, but beware of cheap, drastic, irritating drugs. If functional kidney or bladder disorders make you suffer from Getting Up Nights, Nervousness, Leg Pains, Backache, Circles Under Eyes, Dizziness, Rheumatic Pains, Acidity, Burning, Smarting or Itching, don't take chances. Get the Doctor's guaranteed prescription called Cystex (Siss-Tex). Works fast, safe and sure. In 48 hours it must bring new vitality, and is guaranteed to fix you up in one week or money back on return of empty package. Cystex costs only 90c a day at druggists and the guarantee protects you.

Tom R. Henderson was in Dallas last week on business.

Mr. and Mrs. Lum Davis spent Tuesday in San Angelo shopping.

Rev. E. N. McGurie, wife and daughter of the Immanuel Baptist church of San Angelo accompanied by Rev. A. J. Quinn of the Eldorado Baptist church all are in attendance of the Baptist State Convention in Houston This week; each one acting as a delegate from their respective congregations.

MRS. M. M. REYNOLDS' CLUB WORK MENTIONED

Utilizing the thread obtained from raveling out the seams in salt sacks, Mrs. M. M. Reynolds, cooperator in the Adams Home Demonstration Club, made a set of four hot dish mats of the Waffle weave design.

The thread was left in the color it was when obtained from the sack, which is a pretty deft blue.

The waffle weave mats are made winding the thread to and fro lengthwise then crosswise on specially constructed frames, until the desired thickness is obtained. The intersections are tied in an "X" fashion. The mats is removed from the frames, and the edges clipped to give fringe and complete the mat.

CHURCH SERVICE HONORS GIRL SCOUTS

Last Sunday morning at eleven o'clock Brother Quinn pastor of the First Baptist Church preached his sermon from the 12th verse of the 90th Chapter of the book of Psalms, honoring the girl scouts and their leaders. Eighteen girls and one captain Mrs. Palmer West were present. Preceding the sermon the girls marched into the church and occupied reserved seats at the front after repeating from memory the scout promise and scout rules, 10 in number.

The girl scout movement is being sponsored by the Self Culture Club and deserves the cooperation of every citizen, as well as the leading organizations of the town.

LIBRARY NOTICE

The Executive committee of the Eldorado Public Library held their regular meeting Tuesday afternoon. A complete check of books was made and several books found to be over due.

If you have a book out which is overdue, please return it with the fine. Notices were also mailed for unpaid fines which they hope will be paid promptly.

The Library has no income and each little fee helps in the upkeep of this public commodity.

Please cooperate with the committee and help the work along.

The treasurers' report shows a balance on hand which will be applied to furnishing the work.

About twenty new books were checked in to the Library that had been donated by the Woman's Club from their circulating library. Mrs. Ada Bowder, of Providence, R. I., has contributed three new volumes, and valuable pictures to the Library. Mrs. Bowder makes these contributions from time to time in memory of her father C. C. West, one of Eldorado's pioneer citizens. The example could be followed by others to a good advantage.

Let everybody help the Library.

ALPHA DELTA STUDY CLUB MET FRIDAY, NOV. 1ST.

The Alpha Delta Study Club met Friday November 1st with Mrs. E. M. Reynolds.

Mrs. D. C. Royster was elected as a delegate to the State Federation meeting in Austin.

The subject of the study was "Spain and Portugal" with Mrs. H. W. Weidenmann as leader. Mrs. Weidenmann gave a brief history of Spain and compared the size and Geographical conditions with Texas and also a description of the Mediterranean towns of Spain. Mrs. Geo. R. Long gave a description of Seville and Granada. An interesting talk "In Old Madrid" was given by Mrs. J. C. Crosby. Mrs. John Davis described the Prado and its contents. "Points of Interest in Portugal" were given by Mrs. Mabel Parker.

The following members were present: Mrs. W. O. Alexander, Mrs. J. C. Crosby, Mrs. J. N. Davis, Mrs. George R. Long, Mrs. Mabel Parker, Mrs. D. C. Royster, Mrs. H. W. Wiedenmann, Mrs. McLaughlin, Mrs. W. L. McWhorter, Mrs. W. A. Mullett, Mrs. L. J. Moore, Mrs. E. M. Reynolds and Mrs. W. T. Whitten.

COUNTY H. D. COUNCIL MET HERE SATURDAY

The Schleicher County Home Demonstration Council met Saturday November 2nd in the office of the home demonstration agent. The following officers were elected for the ensuing year Chairman, Mrs. Gordie Alexander; Vice-Chairman, Mrs. Silas Burke; Secretary-Treasurer, Mrs. Palmer West.

Fourteen members were present for the meeting.

ACHIEVEMENT PROGRAM FOR ADAMS H. D. CLUB

The Adams Home Demonstration Club held its annual Achievement program at the home of Mrs. M. M. Reynolds October 31.

After the business meeting, Christmas gift suggestions were displayed, then Miss Lottie Reynolds took the guests to the pantry where she exhibited a well organized pantry of 564 quarts of home canned products, which included 27 varieties.

Refreshments were served to Mrs. Silas Burk, Mrs. Bailey Montgomery, Mrs. Geo. R. Alexander, Mrs. W. F. Wilson, Miss Lora Farnsworth, Mrs. Reynolds, Misses Gertrude, Lottie and Bessie Reynolds.

Mrs. A. J. Roach of Hyman, Texas spent four weeks with her daughter, Marjorie in the home of Mrs. H. S. Espy; Mrs. Espy has been visiting in Hyman part of the time that Mrs. Roach was here. Each returned to their own home last week-end. Marjorie has as her guest this week Miss Alice Durden from San Angelo.

Mrs. Anderson Davis has been very ill the last few days with a case of pneumonia. A doctor from San Angelo was at her home today and reported that she is some what better.

Mrs. Ollie Evens is planning on taking a trip to Louisiana in the next few days to visit her sister.

Mrs. Frank Spencer, Mrs. Henry Mund, Mrs. J. N. Davis, Mr. Eddie Reynolds and Mr. Buck Joiner all of Eldorado and Mrs. Watson from the Shell Station all spent several days at the Rawls Sanitarium in Christoval recently.

Lest We Forget! A thought for

1918 November 11, 1935

Time moves on. Hardly seems that seventeen years have gone into history since that eventful day of 1918 when the greatest conflict the world has ever known came to end. A glorious victory it was for the Allied Armies . . a glorious triumph of Humanity over the forces that sought to destroy it.

And yet it was not a victory without its price. In honored graves in Flanders fields and in our own consecrated ground lie those young heroes who so unselfishly gave their all in Humanity's defense. And, in hospitals throughout the land . . yes, in civil life, too . . there still are many whose wounds of war have never healed. Yet uncomplainingly they carry on . . bearing the cost of their devotion to their fellow man with a fortitude that is amazing.

To the hero dead . . to the wounded . . yes, to all the lads who in '17 and '18 followed the flag in the World War . . our undying gratitude. And to give that gratitude expression, let us solemnly FACE THE EAST at 11 a. m., Armistice Day, and breathe a silent prayer of Thankfulness!

We, the undersigned, subscribe to these sentiments:

Information From The Internal Revenue To The Cotton Producers and Ginners

Information has reached the Collector of Internal Revenue that in certain sections of this district, which comprises the northern half of Texas, there exists illegal and unauthorized traffic in cotton exemption certificates issued under the Bankhead Act. Attention of all interested persons is hereby directed to the following provisions of the Law and Regulations, namely:

Sec. 53 (a) Any producer holding such surplus certificates may sell to any other cotton producer situated within the county where originally issued (or re-issued) the remaining unused portions of his certificates at the uniform price fixed by the Secretary. In such case the statement prescribed in section 52 shall be executed and filed with the appropriate Assistant in Cotton Adjustment, who shall keep a record of the same in his office. The sale of such certificates shall be approved by such Assistant, whose approval shall be accorded only when an amount of money or acceptable funds equal in value to the full legal transfer price of the certificates has been paid therefor in the presence of such Assistant. In each such case the Assistant shall cancel the certificate, (or portion thereof) delivered to him for sale by the seller and re-issue to the purchaser another certificate of the same poundage but of a color different from that delivered by the seller. All certificates so re-issued shall be marked "Re-issued under Sec. 43 (a)."

(b) Certificates canceled shall be turned in as supporting vouchers in accounting for blank certificates furnished him in order that he may re-issue certificates. Sec. 55. In order to provide facilities for a general transfer of surplus certificates and thereby increase the benefits which may accrue to cotton producers holding surplus certificates and at the same time provide reasonable means whereby producers whose production exceeds their allotments may share to a certain extent in the advantage of such a transfer, there is hereby created a national Surplus Cotton Tax-Exemption Certificate Pool.

(b) In order to prevent speculation, no certificate shall be received for inclusion in the pool

except from the person to whom it was originally issued (or re-issued) or unless the producer so offering it shows to the satisfaction of the County Committee, in case it was not originally issued (or re-issued) to him, that it is surplus either because his production has been lessened by natural cause (such as drought, storm, flood, insect pests, etc.) since he acquired it or because his estimate of certificates needed by him (to procure bale tags for his 1935 crop of cotton) was too high, in which latter event he must show that such estimate was a reasonable one in view of all the circumstances. If the County Committee is satisfied with such showing, it shall endorse on such producer's trust agreement a signed statement to the effect that "The undersigned County Committee is satisfied that the above-described certificates were not acquired in speculation." The Secretary may cancel any certificate if he finds that the producer surrendering it into the pool speculated in acquiring such certificate or obtained it through sharp practices or by fraud or coercion.

(e) (1) All sales shall be made at a uniform rate per pound (of tax-exempt cotton expressed

in the certificate) fixed by the Secretary, who may if he sees fit change the price from time to time, and the same price shall prevail throughout all cotton-producing counties for the time such price is in effect.

(e) (3) Payment for such certificates so purchased shall be made only by postal money order, certified check, bank draft, bank cashier's check, or express money order, made payable to the order of "Certificate Pool Manager."

The purpose of this communication is:

First, to give due notice of the provisions of the law quoted above, and;

Second, to advise that this office will require a strict accounting, both from the producer and ginner, of all certificates coming into their possession; will vigorously enforce the Bankhead Law and report for prosecution any violations that may come to its notice; will immediately report for assessment and all taxes accruing by reason of such illegal handling of said certificates, and will proceed to collect said taxes in the most vigorous manner possible.

—W. A. Thomas, collector.

If you see two men putting their heads together the chances are that one is telling the other a joke.

WHAT WE THINK

In many cities you can find men endowed with wealth who never seem to take any interest in their home city and do nothing to assist in its upbuilding.

These same men spend much valuable time on selfish ideas, living for themselves alone.

Nothing seems to make them realize that no city can prosper without the friendly and hearty cooperation of all.

Their attitude makes the work of the real citizens exceedingly hard.

In spite of these handicaps many good things are being accomplished every day.

A whole lot of clams in every city never open their shells to look around. If they did, many things would look better to them and they couldn't help liking the home city.

It's always easier to work for your own city you will like it and something you like. If you know will like to work for it.

Helping Mothers to Cut Down On Family's Colds

Unique Formula for Nose and Throat Helps to Prevent Colds—And to Throw Off Head Colds at the Start.

SOON CLEARS "STUFFY HEAD"

Mothers are so often worried about their families' colds that they find special comfort in this unique aid for preventing colds—Vicks Va-tro-nol.

Especially designed for nose and upper throat, where most colds start, Va-tro-nol stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off head colds in the early stages. Used in time—at the first sniffle, sneeze or nasal irritation—just a few drops up each nostril—Va-tro-nol helps to avoid many colds.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol spreads through the nasal passages—reduces swollen membranes—clears clogging mucus—brings comforting relief.

A Practical Guide for Mothers Each year, more and more families are being helped to favor colds, shorter colds and milder colds by following Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use throughout the country. Full details of the Plan come in each package of Vicks Va-tro-nol.

Over 53 Million Vicks Aids Used Yearly for Better Control of Colds

Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

EAGLES WIN LAST PRACTICE GAME OF SEASON BY A SCORE OF 13 TO 7

November 4 in the last practice game of the season the Eldorado Eagles won over the San Angelo High team. This game was of little importance but it was harder than expected.

The game was scheduled to be played Saturday but it was changed to Friday afternoon. One end of the field was sloppy but the game went on fairly well.

Eldorado kicked off to San Angelo and they ran over the Eagles line several times. After a few minutes the Eagles checked them. Nothing of much importance happened in the first quarter.

The first event of any importance was when "Pinkie" Moore ran about sixty yards for the first touchdown for the Eagles and of the game. Jack Hext kicked the goal. Up until this point it

seemed to be "anybody's" game.

A little later in the game Jenkins went over from the 2 yard line for a touchdown for the Tide. Holliday had brought it about 20 yards on a nice run. Their try for the extra point was good.

It was "nip and tuck" after this and it again seemed that anybody could win it. Late in the fourth quarter Eldorado made their second touchdown. The attempt for the extra point was not successful.

NOBILITY OFF CHARACTER

(Oveede Faught)

What is character? We find that it is not a matter of intelligence, or money. It is hardly possible to define, yet we may say it is the moral qualities that are unconsciously revealed in human conduct. It is hard to estimate a person's character on Sunday when he is more or less on dress parade, so the best estimate of a man's character may be obtained by observing his conduct when not actuated by a definite purpose.

Some writer once said that

character is what a man is; reputation is what a man seems to be. Character resides in an individual reputation is an opinion held by another.

Character reveals the real man; reputation is often only a cloak that hides him. Character is sound solid, substantial, shot through and through by real worth; reputation is often cheap veneer.

Character is growth, and accumulation of years; reputation is often the result of a single achievement. A man's reputation may be stolen but still he has his character.

How may we get character? We find that it is made up of virtues that appear as a matter of habit in his conduct. Truthfulness, politeness, goodness, honesty, courtesy, and sympathy, industry, charity and justice, these are the backbone of moral character.

But what is the formula, how may it be built? The answer seems easy but the work is difficult. One must practice persistently the virtues he would build into character until they become automatic and habitual because

moral character is nothing more than an unconscious revelation of moral qualities in human conduct.

Every student should get all the culture he can; get all the wisdom he can; but above all things he should strive to build nobility of character.

SAMPLE'S DAIRY

8 1/2 chilly hours
since he parked
BUT NO CHANCE OF DAMAGE... HIS ENGINE
stays oiled

Today you can use a winter oil which builds itself right into the "innards" of your engine. That is, a certain portion of Conoco Germ Processed Oil really forms a BOND with metals, and stays on continuous duty where all the worst friction used to come.

This uncanny action, created by the patented Conoco Germ Process, automatically wipes out the costliest winter wear . . .

"Dry," unlubricated, wracking starts? . . . Not with the oil that's Germ Processed to stay up on the job every minute, every hour, every day that you park—"whatever the weather" . . . Not when Germ Processed Oil has become

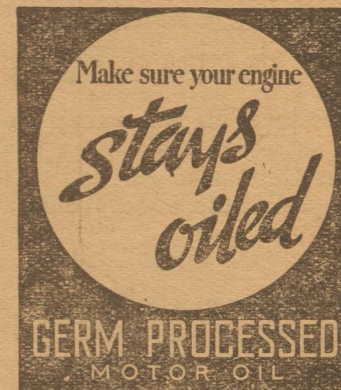

a part of all metal surfaces . . . Not with the Hidden Quart, which has enabled many an engine to run with the crankcase absolutely empty—in verified show-down tests.

And this same patented Germ Process means extra protection not only for the conventional babbitt bearings, but for the newest bearings—whether copper-lead, high-lead or cadmium-alloy. Germ Processing also creates the high-durability oil film . . . hence a light, free-flowing winter oil that's tougher too, for the toughest going of all the year. You and your Conoco man can make this whole Winter "act gentle" to your motor, beginning today. Drive in.

ELDORADO H. D. CLUB
MET OCTOBER 31ST

The Eldorado Home Demonstration club met in a called meeting at the home of Mrs. Palmer West, October 31, with nine present. The officers for the new year were elected as follows: President, Mrs. Palmer West; Vice-President Mrs. G. L. Ballew; Secretary-Treasurer Miss Ruth Baker; Mrs. Bradley, Co. Councillor Delegate; Mrs. Ramay, Recreational Leader; Bed-

room Demonstrator, Mrs. Frank Bradley; Wardrobe Demonstrator, Mrs. Otis Buie; Pantry Demonstrator, Mrs. G. Ballew; A committee was appointed to arrange for "Stunt Night", Nov. 2nd.
 Mrs. Ballew will be hostess to the club November 8.

MATTRESS MAKING

Mattress making and renovating will be one phase of work for home demonstration clubs for the coming year. The club women are urged to have cotton ginned this fall for this purpose.
 According to Cotton Letter No. 52 received from the State Allotment Board, each producer may gin as much as 110 pounds lint cotton tax free, for domestic use.

END your COLLAR TROUBLE

THANKS TO THE MISSES SHE STARTED ME, WEARING X-ACT-FIT SHIRTS. THEY FIT PERFECTLY EVERY TIME THEY'RE LAUNDERED.

wear X-ACT-FIT adjustable collars SHIRTS
The Only Shirts With COLLAR-SIZE CONTROL

The family question—"Who wears the pants?" is debatable—but there's never a doubt about who wears the shirts—especially when they come back from the laundry—too tight or too loose in the neck. Women will testify to that.

But X-Act-Fit Shirts end all collar trouble. The adjustable invention lets you vary the collar size to take care of changes. Instead of one pearl button X-Act-Fit has a laundry-proof stud permanently attached. Instead of one buttonhole X-Act-Fit has three giving you a choice of three 1-4 collar sizes in each shirt—and the collar sets perfectly with just the right tie space, no matter which buttonhole you use!
 X-Act-Fits are the only shirts made with Collar-Size Control—yet they cost no more than ordinary shirts. Priced \$1.95.
