

# ELDORADO SUCCESS

"A Weekly Publication Serving Schleicher County"

VOL. XXXVII

Eldorado, Schleicher County, Texas, Friday, September 24, 1937.

NO. 39

## On The DIVIDE

### ITS THIRD YEAR

With the issue of last Monday, the "Eagles Scratches," high school paper, started its third consecutive year. This little paper, has played an important part in school activities. In its column many school activities are recorded, and students look forward each week to the day on which they will receive the paper.

Those who will direct the Eagles' Scratches this year are: Ed Reynolds, editor-in-chief; Genevieve Rasey, associate editor; Alice Mund, copy editor; Glenn Parker, sports editor; Mable Whitley, circulation manager; Bobby Oliver, foreign editor; Ernestine Finnigan, business manager; and George Williams, who is secretary of the Press Club.

As "their printers" we welcome these boys and girls to the Success Office at any time, and we pledge our cooperation with them in making their school paper a successful one. We believe their paper is one of which they may well be proud, and we hope their work will be pleasant throughout the year.

### THERE'S "TINY" GODWIN

When local folks see "the movies" of Schleicher county's first annual lamb sale, perhaps they'll be able to say: "There's Tiny Godwin."

Anyway, Schleicher county is "crashing the movies" in a big way. It just took a sheep auction sale to place us there!

Jimmy Lederer, with his movie camera, came to Eldorado Tuesday and took pictures of the preliminaries of this sale. Wednesday he filmed the auction and loading of the sheep as they were being made ready for shipment.

The sound pictures will be shown by both Paramount and Fox Movietone newsreels, he said.

### SCHLEICHER BOOSTER

J. E. (Toot-em-up) Jones is rootin' for Schleicher County now. He has traded his farm and ranch holdings near Eola, known as the Bellview Stock Farm, to J. Tom Williams, formerly of Eden, for the Williams 4-section ranch in Schleicher. Toot-em-up is calling his new place the Rock Ranch. If he continues to boost the county in the future the way he has in the brief time since he became a Schleicher landowner, he will make a valuable member of some Chamber of commerce. With the trade, Mr. Jones bought 1,200 ewes and 888 lambs.

Albert Bailey of Eldorado has sold his lease on the 6 1-2-section Rufe Hinyard place to Tobe Whitley. The ranch, located 18 miles east of Eldorado, has been operated by Bailey for several years.

Talk on the streets of Eldorado yesterday was that 1,100 choice young ewes were sold by Bailey at the same time—at a reported price of \$10 a head.

A son was born to Mr. and Mrs. R. J. Alexander on Tuesday Sept. 21, at a San Angelo hospital. He weighed 9 pounds and with this good start promises to be a husky football star like his dad!

## City Election To Name Two Members Of City Council

### NEW ALDERMEN TO TAKE PLACES OF TWO WHO RESIGNED RECENTLY

A city election, for the purpose of electing two aldermen for the city of Eldorado, will be held at the courthouse on Tuesday, October 5th, it was announced last week by A. T. Wright, mayor.

The election is being held for the purpose of electing two aldermen to fill the unexpired terms of J. L. Ratliff and Geo. R. Long, who resigned recently. The City Council accepted the resignation of Mr. Long at their regular meeting on Tuesday night, Sept. 14. Mr. Ratliff resigned at a former meeting.

W. N. Ramsay, F. M. Bradley and J. H. Rodgers have been appointed to hold the election, and all qualified voters of Eldorado are urged to vote in this election.

### New Keep-Em-Cool Counter Installed At Rees Grocery

In that sort of mild way of his, H. B. Rees is telling folks how proud he is of the new keep-em-cool meat counter he recently installed at the Red & White Grocery.

This is the new Hill refrigerator counter which he has installed in the meat department. It is of the latest design and is so arranged that all meats are kept in plain view. He has ample storage for the various kinds of meats which are handled in the market.

"This new counter has been installed in order that we may serve our customers better," Rees said.

### Schleicher Lambs Going On Feed For Tom Green Youths

Realizing the value of Schleicher-bred lambs for their 4-H projects, the 4-H Club boys of Tom Green county will feed out a number of these lambs this year.

County Agent W. I. Marshall and others were here last Monday, at which time they selected 100 lambs from the Jess Koy ranch. They are being distributed among Tom Green 4-H club youths to be placed on feed.

Every year, quite a number of county agents come to this county to select lambs which are to be fed out among their 4-H club boys.

### J. C. JOHNSON, JR., IS INJURED SUNDAY

J. C. Johnson, Jr., son of Mr. and Mrs. J. C. Johnson, was painfully injured last Sunday when he accidentally stuck a knife in his left thigh while playing.

The knife pierced into his thigh to a depth of about two inches, it was stated, and came very close to severing the main artery. J. C. received medical treatment and was laid up in bed for several days.

Mrs. J. W. Leggitt, who has been at Christoval for treatment for the past two weeks, returned home last Tuesday.

## Building Activities

### WORK ON SEVERAL HOMES UNDER WAY; OTHERS JUST COMPLETED

One of the most active building periods this county has experienced in a number of months is now under way, both in Eldorado and in rural sections of the county. A check which was made this week revealed that a number of new homes have been started, others are nearing completion, and quite a bit of remodeling and repairing is being done over the county.

This, in the opinion of many, is indicative of the steady growth of Eldorado and Schleicher county, and this present building boom will meet a long-felt need in Eldorado. Should this "building fever" continue to grow, the problem of finding a residence in Eldorado will not be so acute.

Among those who are engaged in some sort of building activity are the following:

Mr. and Mrs. Luke Thompson started construction on a new residence in the Glendale addition this week. This will be a 1-1/2 story frame structure, modern in every respect.

Claude Meador has just recently completed remodeling the (See No. 1 Last Page)

### Visitor Here

Congressman Chas. L. South, above, of Coleman, was in Eldorado a while last Friday, enroute to Del Rio. While here Congressman South met many Eldorado people and visited with several of his old friends whom he knew in Coleman county.

"I always enjoy my visits to Eldorado," Congressman South said. "Schleicher county people have never asked me for anything; consequently, I have not disappointed them, and I always find a friendly welcome among the people here."

## Schleicher Lambs Sell At Average Of \$8.15

### MANY ATTEND SALE AS INTEREST SHOWN IN SCHLEICHER SHEEP

Approximately 4,000 lambs, 195,000 pounds, changed hands at the first annual auction sale here Wednesday. Many of them went to feeder pens and slaughter pens. A large crowd attended the sale, although many who had indicated their interest in the sale were not present. This interest, manifested by some 350 letters on file, encourages the local sheep sales service to begin early plans for the next sale.

Although the lambs carried a 24-hour shrink and were slightly "off-form" due to dry weather, an average of \$8.15 per 100 resulted from the bidding, with two lots of yearling ewes selling for \$6.50 and \$6 per head. The consensus was that the number animals listed for sale would have more than doubled if it had not been for their slow development because of the dry summer.

J. Forrest Runge, County Agent W. G. Godwin, and Ed Hill, wool warehouseman, directed the sale and were assisted by John Rae, Ford Oglesby, W. R. Nesbitt and E. O. Nevills.

Several county agents attended the sale. A consignment of lambs will go to Hale County for club boys there, the purchase being made by the county agent, C. B. Martin. Mr. Neville made several selections for his students' feeding projects.

Possibilities of a sale later this fall or a similar sale next year, for several surrounding counties were discussed by members of the sale committee. The problem of avoiding heavy shrinkage remains the major one of the enterprise. Many of the consignors found it necessary to work

the sheep several hours to get the cut they desired and the chousing around, with a truck ride of from five to 15 miles in to pens, and several hours standing combined unfavorably for the feeders.

### Film Cameraman Here

An unexpected attraction for the crowd presented itself in the person of the Paramount and Fox Movietone news cameraman, Jimmy Lederer. Early yesterday he pictured the Jess Koy lambs as they were led through town by Patches, a black and white pet lead-goat. Later at the pens, Lederer recorded the auctioneer's voice, the yell of a hand bidding the lambs to scatter out of the pens, and close-ups of the lead goat and lead ewes. He got a bird's-eye view of a black (See No. 3, Last Page)

### "Stag" Supper To Be Enjoyed By Men Of M. E. Church

Plans for entertaining the men of the Methodist church in a fellowship meeting are in the final stages of completion. This meeting will be held at the church on Friday night in the form of a "stag" supper.

A menu of chilli, tamales, red beans, bread, crackers, pickles, coffee and angel food cake will be served, beginning at eight o'clock.

Rev. R. F. Davis, pastor of the Sonora Methodist church, and W. E. Caldwell of Sonora, assistant district lay leader, will be the principal speakers. Coach Weldon Bynum will act as toastmaster.

It is planned to make this program one of fun and fellowship, and all men of the church are urged to be present.

## Grand Jury Returns "No Indictments"; Is Dismissed Monday

### DISMISSAL IS SUBJECT TO RECALL BY JUDGE IF NECESSARY

Members of the 51st District Court grand jury completed their investigations at two-thirty last Monday, after being in session a little over half of the day. In making its report to District Judge John F. Sutton, the grand jury reported "no indictments," and was dismissed by Judge Sutton.

In dismissing the grand jury, Judge Sutton said: "Bear in mind gentlemen, that I'm not discharging you. Something might happen here in Schleicher county during the next three weeks that might make it necessary to call you back for further investigation."

The jurors investigated the dissension between the sheriff and county judge and commissioners court. They found this matter of civil nature and, as most people understood, did not involve anything of criminal nature. The jurors regarded this as a matter to be settled by the sheriff and commissioners court, in civil courts of necessity, and, (See No. 2 Last Page)

### Clean-Up Time Designated Here For Month Of October

In response to several requests and in cooperation with the fall clean-up activities in other portions of the state, the City of Eldorado will observe the month of October as clean up time. The following proclamation designating October as a time for clean-up premises in Eldorado was issued Wednesday by Mayor A. T. Wright.

I hereby designate October as clean up time, and request that individuals clean up their premises and all vacant lots they may own.

The club women are requesting also that all join in this much needed clean up. All weeds and grass should be cut and burned, to prevent fires.

A. T. Wright, Mayor.

### Procedure For Cotton Loans

The following wire from I. W. Duggan, acting director of the southern division, Agricultural Conservation Program, explains procedure for securing the 1937 government cotton loans:

Buyers receipts for cotton from 1937 crop sold prior to Sept. 15 must be mailed or delivered in person to the county officer not later than Sept. 30. Buyers' receipts for cotton sold after Sept. 15 must be so filed not later than 15 days after date of sale. Pending receipt of government forms producers should secure original sales receipt from buyer showing date of sale, name and address of producer, number and gross weight of bales and signature and address of buyer.

Members of the Woman's Club have supervised the cleaning of the court house park which is under their care. This work was completed Wednesday.

## Judge Renders Decisions In Court Cases This Week

### CITY OF ELDORADO WINS SUIT; SCROOL DIST. LOSES DECISION

Two suits in District Court here this week were decided by District Judge John F. Sutton without going to the jury. After all evidence was heard, these cases were boiled down to points of law, and the decision was rendered by the Court.

The case of John F. Becker, architect, vs. Eldorado Independent School Dist., the decision was rendered in favor of the plaintiff. Mr. Becker was suing on payment for services rendered during the construction of Eldorado's school building.

Jurors in this case were W. J. Burrus, E. M. Roach, L. B. Kerr, E. N. Edmiston, A. J. Mund, Palmer West, H. J. Ramsey, Jack Mann, Royce Smith, R. L. Bricker, Lum Davis and C. A. Graves.

### City Wins Decision

The case of W. D. Collins vs. City of Eldorado, suit for payment of sanitary toilet warrants, was tried Tuesday afternoon. Again Judge Sutton rendered the decision on points of law, this time rendering the decision in favor of the city.

Jurors were W. J. Burrus, E. H. Dannheim, L. B. Kerr, John R. Jones, Doc Kerr, Henry Mittel, A. J. Mund, C. C. McLaughlin, Otto Williams, T. G. Springston, Palmer West and Jack Mann.

It is understood that notice of appeal has been filed in both cases.

### SUNDAY IS "RALLY DAY" AT PRESBYTERIAN CHURCH

"Rally Day" is next Sunday in the Presbyterian Sunday School. Each year at this season such an occasion is observed with special program at the Sunday School hour. The various departments of the school will have representatives on the program, which will be entitled "Catching the Vision." Mr. Edwin Jackson will be in charge. Committees have been appointed and rehearsals are being held with the purpose of making the day the starting point for new endeavor and increased interest in the Sunday School.

In addition to the special program certificates will be presented to those pupils who will be promoted on Oct. 3rd. Also the teachers and officers elected for a year beginning October 3rd, will be formally installed.

According to the pastor, a decided increase in attendance is expected on "Rally Day"; all pupils are urged to be present, and the friends of the school cordially invited. The program begins at ten o'clock.

### LAUNDRY OPEN

Mrs. R. C. Overman has opened the Square Deal Laundry in Eldorado. The laundry is located on the Sonora road. Mrs. Overman invites Eldorado people to come and do their laundry the Helpy Selvy way, or to have her do the work. All work is guaranteed to satisfy.

**ORIGIN OF BASEBALL**

While baseball as we know it is a sport of comparatively recent development, a game in which a tossed ball was battled with a rude club has been traced back to the 14th century in Europe. The present American game was probably an outgrowth of that of "town ball," played in New England from about 1830, in which the runs were made around posts set in the ground, instead of bases.

The first code of baseball rules was formulated by the Knickerbocker club of New York in 1845, the first match game was played the following year, and the first gate money series of games took place at Hoboken in 1858. The development of the game was checked by the Civil War, but was revived in 1865, when a convention was held at which representatives of 30 clubs were present.

A Rockford, Ill., team first employed regularly salaried players, but the Cincinnati Red Stockings organized in 1868, is considered the first professional

**Strength During MIDDLE LIFE**

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place.

In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

club. It made a tour in 1869, winning 69 games without meeting a single defeat. In 1870 it won 29 straight games, being defeated in the 30th by the Athletics of Brooklyn.

Gamblers having gotten control of the game, a convention was held in Louisville in 1875, at which strict rules to overcome bribery, betting by players and other abuses were adopted, and the National League was formed. There are now more than 20 professional leagues, of which the National and the American (originally the Western, formed by Ban Johnson in 1893) are the two "big leagues."

The most significant event in recent baseball history was the appointment of Judge Kenesaw Mountain Landis as "baseball czar" in 1920.

**SCABIES ERADICATION REPORT**

There was employed in San Angelo District for the month of August, three State men, and three county men who spent their entire time in an effort to eradicate scabies infection, and a total of approximately \$44.80, was expended by this Department in its regular Eradication Program.

135 herds, and a total of 78,547 sheep or cattle were inspected or dipped. 802 head of sheep were classed as exposed on account of being imported into Texas and appealed to comply with Texas Scabies Law.

All exposed or infected live stock were systematically treated.

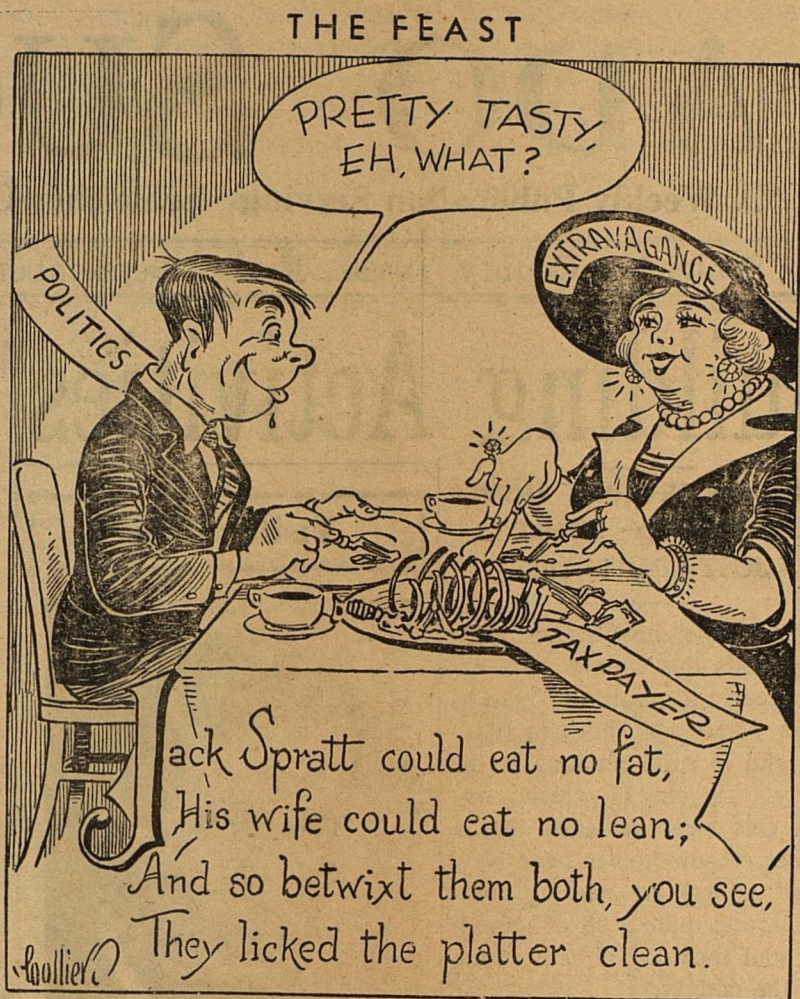

The Livestock Sanitary Commission of Texas will continue the work in the San Angelo District in an effort to protect the livestock in that District from imported infection, and according to the necessary scabies certificates demanded by other states on live stock moving from Texas.

There were employed in San Angelo District three county paid men which are not included in the above expenditure.

**WILL IDAHO MAKE A DENT?**

Idaho is meeting an emergency treatment.

During the first six months of the year, Idaho's traffic deaths increased alarmingly. Idaho of-

icials didn't attempt to correct the situation with talk and vague suggestions. Instead, the governor ordered the departments of public works and law enforcement to utilize their joint manpower, finances and equipment for the purpose of properly policing and supervising roads. Vacations of all patrolmen were cancelled, and seven new officers were added. Additional patrol cars equipped with radios, loud speakers and special lighting devices, were purchased.

It is too early to know the result of this emergency action, but Idaho is doing something. Traffic deaths and accidents have increased lately in most all states. Sporadic safety campaigns are started in bursts of enthusiasm that soon die. Brief law enforcement drives are instigated and then forgotten. And the accident toll soars.

Dismissing all humanitarian considerations, and looking at the economic standpoint alone, accident reduction is a burning necessity. Last year the direct cost of highway accidents was more

than a billion and a half dollars—and the indirect costs were several times as great. Today we actually spend half as much money, directly, to pay for accidents, as we pay for gasoline. The average cost is \$45.00 per family per year.

Will Idaho make a dent in highway slaughter? Other states should watch the experiment.

**IF YOUR HOUSE CATCHES FIRE**

If your house catches fire—keep your head. Follow a simple but vital routine and your chance of escaping safely will be tremendously increased. Succumb to panic and thoughtless activity and your next stop may be the hospital or the morgue.

Writing in McCall's, John J. McElligott, New York Fire Chief points out that two-thirds of our annual fire deaths occur in dwellings, mainly because the occupants don't know how to get out. And three-fourths of these victims are trapped on top floors, because they fail to recognize the danger signals of heat and pressure on bedroom doors.

The first thing the household-er should do if awakened by fire, is to feel the bedroom door panel. If the wood is hot, don't open the door unless you want to sign your death warrant. If there is an exit via a window or roof, take it. If not, stay in the room with the door closed and call for help.

If the door is relatively cool, open it an inch, with your body

braced against it so it can be instantly slammed if a rush of hot air follows the opening. If the heat outside is bearable, move with the utmost speed. Don't try to save belongings. Fire travels a thousand times faster than the uninitiated realize. A stairway that is passable one minute, may be a roaring inferno the next. And once you're outside—stay out! Many a life has been lost because someone rushed back inside a burning building.

Chief McElligott recommends that every family hold periodic fire drills, especially if there are children. The experience these drills provide may be a life-saver if fire eventually breaks out—a mind and body trained in the technique of escaping a burning building, are not so susceptible to the deadly delay and panic.

**SCOUTS GATHER AT LOUIS FARR**

Scouters from throughout the Concho Valley Council have been extended an invitation to meet at Camp Louis Farr on Saturday, September 25th, for a real kick-off for the Fall program of Scouting. R. G. Carr, Area Commissioner, is in charge of the activities.

The program starts at 4:00 p. m. and extends to late evening. Some Scouters will remain over-night and return to their homes early Sunday morning for the religious services.

The affair is partially in the nature of a reception for the new Scout Executive, C. H. Janeway, who became the director of the Concho Valley Council during the late summer.

A. B. Thomerson of Sonora, former resident of this county, was a visitor in Eldorado on Thursday of last week. While here, Mr. Thomerson was a caller at the Success Office and renewed his subscription for another year.

N. R. Kennedy returned home Sunday from San Antonio, where he spent a week visiting his brother, Frank, and undergoing medical treatment.

**FIND DANGER SIGN**

Mr. and Mrs. R. Kay McKinney of Sabinal came in Monday for a visit with Judge and Mrs. C. S. McKinney and family. Upon arriving in Eldorado, they found the McKinney household under quarantine and were not allowed to enter the house. Kay is former publisher of the Sabinal

West Texas Lumber Co. Lumber—Paint

Sentinel, having recently sold his paper.

**BACK TO SCHOOL**

Misses Margaret Hill, Zona Clare and Mary Jess Koy left last week for Austin, where they entered Texas University again this year.

Mrs. Jack Kerr, Mrs. R. J. Page, Ms. R. A. King and Miss Elnora Andrews spent several days last week in San Antonio.

Mr. and Mrs. Leonard Baugh of Blum, Texas, are visiting in Eldorado this week.

**RETURNS FROM DALLAS**

Miss Mary Heffley, daughter of Mr. and Mrs. A. L. Baugh, returned home last Sunday from Dallas where she has been undergoing medical treatment.

Jack Meador left on Thursday of last week for Austin to enroll in Texas University for this year.

Mrs. Holcomb of Richland Springs is here this week, visiting her daughter, Mrs. R. T. Crain.

Mrs. Nolan Kennedy and son, returned home last Sunday from Bronte, where they spent last week visiting Mrs. Kennedy's mother and other relatives.

Mrs. J. W. Hoover, Mrs. Van McCormick and Mrs. Chester Wheeler were visitors in San Angelo last Monday.

Miss Ruth Howell spent last week-end in Dublin, attending the bedside of her father, who is ill in a Dublin hospital.

Mr. and Mrs. L. M. Hoover and daughter spent last week-end in Ballinger, visiting with Mr. Hoover's brother.

Mr. and Mrs. Otis Buie spent last Saturday in San Angelo, attending to business matters and visiting.

**1938 AAA Conservation Program  
Announced by Secretary Wallace**

The outline of the 1938 Agricultural Conservation Program, which establishes national, state, county and farm goals for soil-depleting crops and for soil-building crops and practices as a part of the effort to restore soil fertility and stabilize agricultural production, was announced today by Secretary of Agriculture Henry A. Wallace.

"The new program," Secretary Wallace said, "represents a progressive development from the previous programs formulated under the Soil Conservation and Domestic Allotment Act. It follows the broad outlines already established and sets up definite objectives for 1938. These include an increase in soil-conserving crops and soil-building practices to further the primary aim of soil-improvement. Goals for soil-depleting crops were fixed as a conservation measure and to assure an ample and balanced supply of food, feed and fiber crops.

"Four years ago agriculture's immediate problems was one of adjusting surpluses which had accumulated during the depression. As the emergency lessened, the farmers began the task of working out a long time and permanent farm program. Such a program must of necessity include soil conservation and a balanced production of food and feed supplies at prices fair to consumers and growers."

Sallient points in the new program are:

- (1) Establishment of national goal for soil-depleting crops and a national objective for soil-building crops and practices. The national goal will be sub-divided into state, county and individual farm goals.
- (2) Establishment of individual soil-depleting crops goals for cotton, corn, flue-cured, Burley, fire-cured and dark air-cured and cigar filler and binder tobaccos; peanuts and rice. A soil-depleting crop goal for potatoes will be established if two-thirds of the producers so vote in a referendum to be held before October 2. Corn goals for individual farms will be established only in designated areas in the Corn Belt. If potato goals are established, they will apply only in designated commercial areas. Goals will not be established for

potato producers growing three acres or less. Other crops included in the total soil-depleting crop goals will be classified together in the general soil-depleting crop goal.

(3) A maximum payment will be calculated for each farm. Payment will be made for keeping within soil-depleting crop goals and for attaining soil-building goals, including the carrying out of practices. If the soil-depleting crop goal is exceeded, or there is failure to reach the soil-building goal, the payment will be less than the maximum payment.

(4) In general, the 1938 crop classifications will follow those for the 1936 and 1937 Agricultural Conservation Programs.

(5) In all regions payments will be divided between landlord and tenant in the proportion that they share in the principal crop, or all crops and practices on the farm.

(6) Specific provisions applicable to the Great Plains area encourage the restoration to grass of land which should not have been plowed.

(7) The AAA regional organization for the administration of the program and provisions for local administration by county and state committees will correspond to those for 1937. Administrative expenses of all county agricultural conservation associations as in 1937 will be deducted from payments to farmers in their respective counties.

(8) As was the case when the 1937 national program was announced, the actual appropriation for next year's program has not been made. The 1938 program, therefore, is dependent upon the action of Congress, although in 1936 Congress authorized an annual appropriation for carrying out a program under the Soil Conservation and Domestic Allotment Act.

**Methods of Payment**

Payments will be made for staying within a farm's soil-depleting crop goal and for achieving the soil-building goal. The payment will be calculated as follows:

\$1.50 per acre, adjusted for the productivity of the farm, for each acre in the general soil-depleting crop goal.

10 cents per bushel of the farm's normal yield per acre of corn for each acre in the corn goal.

2 cents per pound of the

farm's normal yield per acre of cotton for each acre in the cotton goal.

70 cents per acre on either the soil-conserving acreage, or one-fourth of the total soil-depleting crop goal established for the farm, whichever is greater.

\$2.00 per acre of the average annual acreage of commercial vegetables grown on the farm in 1936 and 1937 and of commercial orchards on the farm January 1, 1938.

**Great Combined  
Circus Is Coming To  
Angelo October 4th**

**Al G. Barnes and Sells Floto Combined Circus, with Hundreds of New Features, declared to be the Finest in History**

Offering the largest array of world famous arenic stars, ever presented in history, the great Al G. Barnes and Sells Floto Combined Circus is scheduled to exhibit in San Angelo, Monday, Oct. 4th.

The uniting of these two giants of the tented world has created an amusement colossus, offering hundreds upon hundreds of world famous circus headliners, as well as scores of Europe's most sensational new acts.

The World's Best Circus will arrive on three double length trains, carrying over 1,000 people, five herds of elephants, 400 horses, not to mention the vast army of tents necessary to house this small army, and the superb new menagerie that includes over 800 furred and feathered creatures.

New European troupes are the amazing Cristiani troupe, without question the only bareback riders in the world accomplishing a twisting somersault from galloping horse to galloping horse; daring and exotic Amerika, who features breath-taking feats on a lofty swinging trapeze, where without touching the supporting wires, she pirouettes and dances; The Flying Artonys, daredevils who leap across great spaces high in the tent and use no safety net; The Three Poll's—a new aeroplane thriller, and the last word in sensationalism, and Louise Schroeder, the only girl in the world to stand on her head on a wildly swinging trapeze.

The largest group of ferocious wild animals ever assembled in the history of the world are on display in the menagerie. These mean brutes, who defy all efforts to tame them are twice daily herded into a triple steel bar amphitheater, where they are made to perform. The intrepid trainer is Bert Nelson, the greatest wild

animal subjugator ever known since time began. His daringness is a sight never to be forgotten.

In addition to the hundreds upon hundreds of world famous arenic stars who make up the AL G. BARNES AND SELLS FLOTO COMBINED CIRCUS program there is a most elaborate opening spectacle titled OLD MEXICO. Using over five hundred performers and three hundred horses and animals in its presentation, it strikes a new note in beauty, never before witnessed.

**Club Women To  
Attend Meeting At  
San Antonio**

At the meeting of the County Home Demonstration Council, Saturday, September 18th, 2:30 p. m., it was voted to send three delegates to the Texas Home Demonstration Association which meets in San Antonio, headquarters at the Gunter Hotel, September 28th, 29th, and 30th. The voting delegates previously elected were Mrs. Elmer Bruton and Misses Lottie Reynolds and Ruth Baker. Mrs. Bruton, being unable to attend, Miss Pat Talbot was elected in her place, other candidates were Mesdames Palmer West and Claude Alexander.

While at the meeting of the Texas Home Demonstration Association the delegates will attend lectures by well known people and take part in the election of officers of the Texas Home Demonstration Association.

Each club and council is to pay seven dollars towards defraying the expenses of the delegates.

Achievement Day events which are to take place at the first meeting of the month of October, were discussed with plans to be further developed by each club. The Ball Brothers Contest is to be held in each Club with the winners of the club bringing their product to the November Council meeting where the winners of the county will be selected.

Those present were: Mesdames Palmer West, Jarvis Benton, Mangus, R. C. Edmiston, Ben O'Harrow, Luke Robinson, Gordie Alexander, Ray Alexander, Claude Alexander, Tom Alexander, Silas Burke, Elmer Bruton, and Misses Lottie Reynolds, Pat Talbot and Margaret Stewart, County Home Demonstration Agent.

Mr. and Mrs. Vernon Carroll are moving to the Case Ranch this week, where they will be employed by Mr. P. F. Case, who has just completed construction of a new ranch home.

**Eldorado P. T. A.  
Holds Initial Meet  
Of Year Tuesday**

Members of the Eldorado P. T. A. held its initial meeting of the year in the school auditorium on Tuesday, Sept. 21. Mrs. Luke Thompson, president, presided at the session, with Miss Marshall Elmore acting as secretary in the absence of Miss Oma Ford.

The third grade presented a program consisting of two numbers, a folk dance and a song, "Ten Little Pickaninnies." Mrs. Payne Robinson is teacher of this grade.

After the business session, a short program with the theme of Home Work was given, with Miss Annie Herbert presenting the teacher's viewpoint and Mrs. Bert Page the parent's viewpoint.

Dave Williamson, school superintendent, gave a short address. It was decided to have some meetings at night so that the men might be able to join and attend these sessions. Several women paid dues for their husband's membership.

Members paying dues at present are: Mrs. L. L. Stuart, Mrs. Mabel Parker, Mrs. Bennie Watson, T. D. Riddle, Mrs. L. L. Baker, Mrs. C. C. McLaughlin, Mrs. J. W. Lawhon, Mrs. John Williams, John Williams, Mrs. C. C. West, Bert Page, Mrs. Bert Page, Mrs. Marion Wade, Mrs. Reuben Dickens, Dave Williamson, Mrs. Dave Williamson, Mrs. Hensel Matthews, Mrs. Payne Robinson, Mrs. T. J. Jacoby, Mrs. H. B. Rees, Mrs. L. M. Hoover, Juanita DeFord, Mrs. Luke Thompson, Mrs. Geo. Williams, Mrs. D. C. Hill and T. J. Jacoby.

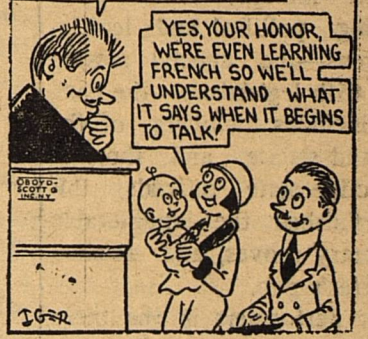

Dr. Newson, former resident of Eldorado, now residing at Rockwood, spent last Wednesday here visiting with old friends.

Rev. N. P. Wilkinson left on Tuesday to attend the fall meeting of Brownwood Presbytery in session this week in Paint Rock.

A group conference for District No. 4 of Brownwood Presbytery will be held in the Brownwood Presbyterian Church on Friday of this week. Those Eldorado ladies who are Presbyterian officers will attend from here, namely: Mrs. Joe Edens, Mrs. W. E. Eaton, Mrs. N. P. Wilkinson, Mrs. Leslie Baker will accompany them.

**NOBODY'S BUSINESS**  
BY JULIAN CAPERS, JR.

Austin.—All set for the opening next Monday of the great three-ring political and legislative circus—the special session of the 45th legislature—the cast, which includes members of the house and senate, and most of the elective state officials, this week finished the innumerable preliminary moves, and awaited the starter's gun.

Chief performers in the three rings will be, respectively, the senate and the governor. The governor has asked the legislature to raise \$15,000,000 of new revenue thru taxation—an increase of approximately 60 per cent over the present general fund. He has recommended increasing taxes on oil, gas and sulphur, on pipelines and public utilities, a luxury tax.

As a center suggestion, the senate investigating committee, headed by the veteran conservative, Tom Holbrook of Galveston, has compiled a list of alternative proposals which include reopening of appropriations, with the hope of reducing them substantially, for the current biennium; abolition or consolidation of several of the newer state bureaus, notably the liquor control board, which costs \$1,000,000 a year to maintain; the old age assistance commission and the other social security agencies, including those to administer aid to dependent children, the needy blind and teachers' retirement.

**WOULD SHIFT FUNDS**

There is also material in this record available for diverting some excess revenue from oil, cigaret and sulphur taxes, now going to the school fund, back to the general fund. The constitution allocates one-fourth of these levies to the schools, but the legislature, by statute, has allocated one-half the oil tax yield, more than half of sulphur taxes, and a

**When HEADACHE Is Due to Constipation**

Often one of the first-felt effects of constipation is a headache. Take a dose or two of Black-Draught!

That's the sensible way—relieve the constipation. Enjoy the refreshing relief which thousands of people have reported from the use of purely vegetable Black-Draught. Sold in 25-cent packages.

**BLACK-DRAUGHT**  
A GOOD LAXATIVE

third of the cigaret taxes. Precedent for such a switch of revenues is the message of Gov. Allred himself, who in his January message to the regular session recommended the transfer. But the school lobby, one of the most numerous and effective in Texas, will doubtless combat any reduction of present school revenue to the last ditch.

The best guess of observers here is:

First, no new tax measures will be adopted, and the session will end in a deadlock, and

Second, that if revenue bills are enacted, they will be designed to raise from \$5,000,000 to \$7,000,000 additional, instead of the \$15,000,000 demanded by the executive.

**BACK TO SCHOOL**

The hope of the preservation of democratic government lines in the education of the masses of the oncoming generation of voters. This week, thruout Texas, millions of youngsters were beginning their trek up the trail to knowledge. At Texas university, main fortress of the state higher students, by far the largest enrollment in history, took up their labors.

One obscure freshman, from a tiny west Texas homelet, owes his place on the university's rolls to his gift of salesmanship and the fact that Lieut. Gov. Walter Woodul remembered the day, more than a score of years ago, when he entered the university. This lad talked Woodul out of a job as senate messenger, working half a day, and his earnings will see him thru the first semester. Woodul, entering his own son this term, recalled how he borrowed \$100 from a railroad conductor friend and came to Austin for an education. He got a job as dish washer in a boarding house and eventually worked his way to a law degree.

Hundreds of students, working their way, find sympathetic friends in state officials who have traveled the same trail. Railroad Commissioner Ernest Thompson worked as secretary to a supreme court justice, and now a score of engineering students find jobs every summer with the commission, because Thompson remembers his own struggle. Speaker Bob Calvert ran an elevator in the capitol to get his education, and he, too, has aided several youngsters with jobs in the house.

**CONGRESSIONAL RACE**

The declaration of President Roosevelt in his Constitution day radio talk that he proposes to battle on for supreme court reform has centered attention here on next year's Texas congressional races. There is the widest divergence of opinion among the

21 Texas congressmen about this and other New Deal policies. The congressmen, back home to mend political fences, are trying to guess how the people stand on the New Deal. Some, like Hatton Summers of Dallas, who has been thundering with the voice of the old preacher in Ecclesiastes against dictatorship and court reform, apparently believe the people of his district have quit FDR. Others, like Sam Rayburn of Bonham, Marvin Jones of Amarillo and the brilliant young Lyndon Johnson of Austin, are still vigorously proclaiming their New Deal allegiance. Still others are hedging, hoping for a "break" that will show them how the wind is blowing before next July's elections. State politicians, likewise, are much upset by the prospect that the court fight issue is to be kept alive, and they may have to declare themselves.

**NOTES**

Rep. Emmett Morse of Houston hopes to get the issue of sale of whiskey by the drink, killed in the regular session, up again this time, on the theory that it would be a tax measure and within the governor's call. . . Texas banks, seeking to restore the pre-depression good will they enjoyed, are again pointing to their willingness and ability to serve their communities in their advertising. Typical of the trend is this line from Chauncey Parsons, "your singing neighbor" on a recent radio program of Dallas: "The platform of this bank is to deal humanly with our clients; to share the common interests of our friends; to serve with a generous understanding on a common ground with our patrons. After all, there can be friendliness in business" . . . Another effort to submit the constitutional amendment providing for a state advertising campaign to attract tourists and industry to Texas will be made at the next regular session. The amendment failed to get out of committee last session.

**PEPSQUAD MEETS AND ELECTS NEW LEADERS**

The first week of school the Pep Squad met in the sixth grade room, for the purpose of electing new leaders for the year. There are sixty girls in the Pep Squad this year, and we hope to have a better Pep Squad this year than ever before.

The new leaders for the year are Charlene Mund, Mable Whitley and Ernestine Finnigan. This is the third year that Miss Finnigan has held the position of Pep Leader.

The Pep Squad is under the direction of Miss Marshall Elmore and Miss Evelyne Strickland.

**W. M. S. Circles Reorganize Monday At Called Meeting**

The president of the Baptist W. M. S. called a meeting of the societies last Monday afternoon at two-thirty for the purpose of reorganizing the circles of the society.

A new circle of young married women of the W. M. S. was formed. Mrs. Fred Watson was elected chairman of this circle.

Chairman of the Dorcus Circle is Miss John Alexander, with Mrs. Geo. Williams acting as chairman of the Lottie Moon Circle.

By adopting the circle plan in W. M. S. work the president hopes to have more women in the work, and also expects to enlarge the mission program. Every lady who is a member of the First Baptist church is a member of the W. M. S. and should give the program her support. A cordial invitation is extended to others who believe in missions and who are not working in some of the missionary societies of other churches.

Those present for the meeting Monday were: Mesdames B. L. Isaacs, Jr., Frank Newman, Gordie Alexander, Truett Stanford, Claude Alexander, C. T. Aly, Ed Finnigan, W. T. Whitten, R. O. Smith, J. A. Whitten, J. S. Hudson, R. A. Evans, T. W. Johnson, L. M. Hoover, A. E. Kent, Clyde Galbreath, Bailey Montgomery, W. N. Ramsay, Geo. Williams and Miss John Alexander.

**Missionary Ladies Meet Monday At Home Of Mrs. Dickens**

Mrs. A. J. Atkins and Mrs. G. A. Neill were joint hostesses to the Women's Missionary Society at the home of Mrs. Reuben Dickens last Monday afternoon. After a short business session, in which reports on the study course were made, refreshments were served to the following members:

Mesdames Luke Thompson, A. J. Atkins, Weldon Bynum, G. A. Neill, Reuben Dickens, Orville Berry, W. H. McClatchey, O. E. Conner, J. R. Word, W. E. Cloud, Dave Williamson, L. L. Stuart, Edwin DeLong and Misses Tom Smith and Bessie McCadary.

The next meeting, Sept. 27th, will be at the home of Mrs. A. J. Atkins and Mrs. Luke Thompson and Mrs. Atkins as hostesses.

**OTIS L. PARRIS**  
OPTOMETRIST & OPTICIAN  
5 W. Beauregard Dial 6006

With school opening soon it is important that the children's eyes be examined. With proper light and proper glasses they should have little trouble.

This will be the first lesson of the fall study course. All members are urged to be present.

2. Be quick to answer when called.

In the Southwest, 25,000 people a day hang up before the called party has a chance to answer.

**"THE REST OF THE RECORD"**

BY JAMES V. ALLRED  
Governor of Texas

The newspapers during the past week have quoted members of the Senate Committee as predicting that the Legislature would block my program for new taxes unless the subjects of appropriations and reorganization are submitted.

Such statements by the senators are calculated to put me in the false position of being opposed to economy in state government when just the opposite is true and my record bears it out.

At the beginning of the regular session, I submitted the subject of appropriations and recommended the reorganization of certain state departments in the interest of economy. Not a single thing was done about it. In a written message to the Legislature, I stated definitely that while the Board of Control had recommended increases, and certain bills for salary increases were pending, I did not join in these recommendations; nor could I approve salary, or other increases until and unless the Legislature provided additional taxes to pay them. My recommendations substantially increased even to the point as these senators now admit, of being "top-heavy." They would not have been "top-heavy" if my recommendations had been followed.

For the purpose of keeping the record straight, I wrote a friendly letter to Senator Albert Stone, which was not intended to criticize him or to rebuke him, but merely to point out some of the facts in the controversy that has been started in the newspapers. There are no personal differences between us. In order that the

record may be kept straight and the people of Texas may have the facts in this "Rest of the Record," I am quoting the following excerpts from my letter to Senator Stone:

"In the first place, I recommended no increases (in appropriations) except a little more than a million dollars for our insane. You voted for all increases, either as a member of a conference committee or a member of the Senate; one of the biggest increases was in the departmental appropriation bill, for which you voted on May 22nd, as shown at page 2288 of the Senate Journal. **Only four senators voted against this bill, and this was the biggest vote cast against any general appropriation bill in the Senate.**

"You were a member of the conference committee which recommended the passage of the educational appropriation bill—and 'admittedly top-heavy appropriation'—and you voted for the passage of this bill on May 22nd as shown at page 2308 of the Senate Journal.

"You voted for the passage of the eleemosynary appropriation bill on May 19th, as shown at page 1905 of the Senate Journal. "But that's not all: There is a further contrasting record for 'economy';

"You voted for Senate Bill 15, which donated \$350,000.00 State taxes to Harris County each year for ten years, a total of \$3,500,000.00. I vetoed this bill, and you voted to override my veto and give this money to Harris County notwithstanding. Senate Journal, page 1592. I vetoed this and saved \$831,000.00.

"You voted for House Bill 24, which appropriated and diverted approximately \$1,500,000. each year for soil conservation work—and the Legislature did not provide other taxes to take the place of the diversion for which you voted. Senate Journal, pages 1588 and 2134. I vetoed it and saved the taxpayers \$1,500,000.00 per year.

"You voted for the departmental appropriation bill (S. J. 2228), which carried an appropriation of \$750,000.00 for a Big Bend park, and \$250,000.00 for a cotton research laboratory. The Legislature provided no funds to take care of this appropriation, and I saved the taxpayers one million dollars by vetoing it.

"Thus, it will be seen that in addition to the 'admittedly top-heavy appropriations,' which you now wish to correct, you voted for a total of almost seven million dollars, which I vetoed. I am wondering if you can point to any such saving that you made

for the taxpayers during the regular session? Or to any vote to save the taxpayers that much money? Had it not been for my vetoes, the State would now be about seven million dollars more 'in the hole' as a result of the measures for which you voted.

"I do not personally condemn you for these votes—I simply take the position that it is now the Legislature's duty to raise money to pay the increased appropriations they themselves made.

"You now suggest that I submit the matter of appropriations and reorganization of the government at a special session which can only last thirty days; and after the appropriations have been made for several months and acted upon by the departments, contracts having been let under them.

"I want to appeal to your sense of fairness, Senator, is it reasonable to suppose that, waiving the question as to whether it is equitable to try to work these appropriations over after the departments have acted upon them and contracts have been made, if I should submit this subject to a special session, the same Legislature would do something in thirty days that it failed to do during a four months' session?

"In any event, even if you passed any economy measures, which I seriously doubt, could I hope for the passage of necessary tax measures that you failed to pass during a four months' session if the calendar is cluttered with anything other than revenue measures. As Governor, I am firmly convinced that no substantial saving would actually be accomplished."

The Legislature has submitted several constitutional amendments. The people have voted these amendments. No one can deny but what it is my duty as Governor to recommend a revenue program to finance the people's program. Is it reasonable to expect that the Legislature who so recently passed the appropriation by overwhelming votes, would now reverse themselves and substantially reduce the appropriations? I point to the fact that only four senators voted against the general departmental appropriation bill in the regular session. This vote is typical of all other votes on appropriation bills.

**STUDENTS LEAVE**

**WAR ZONES**  
Denton, Sept. 22.—From Shanghai, the heart of battle-torn China, will come two sixteen-year old girls to Texas State College for Women this fall. Miss Mary Ellen Kelhofer arrived in this country the early part of the summer, but Miss Alice Bryan is now on her way, traveling alone across the European route.

In writing to the registrar, Miss Bryan's parents expressed the desire that she would be able to adapt herself easily to living conditions and customs over here. She has lived for a time in Japan too, and will therefore probably be able to bring to her

fellow students in Texas a cross section view of the warring nationalities. Both students attended the Shanghai American School.

**Girl Scouts Elect Officers**

The girl scouts met at the scout lodge for the first meeting of the year on Thursday, Sept. 16, 1937 for the purpose of organizing their troop and electing officers. The officers for the year are: Reporter: Raydene Neill; Song Leaders: Dorothy Jean Burk and Winnie Jean Steward; Game Leaders: Joy Sample and Neva Jo Steward; Secretary: Nora Davis.

Those present were Raydene Neill, Dorothy Jean Burk, Winnie Jean Steward, Joy Sample, Neva Jo Steward, Nora Davis, Anice Green, and Evelyn Strickland, sponsor.

Their regular meeting date was set for each Thursday afternoon.

**Large Enrollment For High School**

It is encouraging to report that both the High School and Grammar school have a large enrollment this year.

The high school has an enrollment of around 160 at the present time, while last year it this

time it had an enrollment of 142 and this enrollment never did increase to over 147 the entire year.

The Grade School now has an enrollment of around 223. Last year there was an enrollment of 273 in the Grade school, but as this is only the beginning of the school year the present enrollment will probably increase much during the year.

**CIVIL SERVICE EXAMS ANNOUNCED**

The United States Civil Service Commission has announced open competitive examinations as follows:

Associate medical officer, \$3,200 a year, for general practice and for various special branches.

Engineer, and senior, associate and assistant engineer, \$2,600 to \$4,600 a year.

Associate dentist, \$3,200 a year, Veterans' Administration, U. S. Public Health Service, and Indian Field Service.

Full information may be obtained from the Secretary of the

United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

Fifty-one NYA youths in the amarillo district are assisting county agricultural agents in agricultural extension and experimental work, vocational agriculture, and other rural community activities, Phil B. Wilson, district project superintendent, has reported to J. C. Kellam, State

(From Page One)  
interior of his home, recently purchased from Teed Cope.

Mrs. Rutha Boyer has completed construction of her new 6-room frame residence in Eldorado.

Mr. and Mrs. Jack Elder will soon have their home ready for occupancy. This is a 5-room frame structure, with all modern conveniences.

Construction work is now under way on the 4-room frame building which will be the home of Mrs. Dora Oliver. The garage is being built first, and work on the house is expected to be in full swing shortly.

A. J. Stevens has just completed remodeling work on his ranch home near Bailey Ranch, making the home up-to-date in every respect.

Mrs. A. E. Kent has had her home in Eldorado remodeled,

which includes a new coat of paint, new wallpaper and other improvements.

Oran Benson is constructing a 3-room frame building, a place he expects to call "home".

The 6-room rock veneer ranch home of Mr. and Mrs. D. E. De-Long is now in its final stage of completion, making one of the most attractive and convenient ranch homes in the county.

Blaine Sammons has done much repair work, redecorating of the interior, etc., on his brick home which he recently purchased from C. S. McKinney.

L. L. Baker has built an addition to his home and has done much remodeling work.

H. H. Murchison has started construction on a 4-room rock home in Eldorado. Work will be pushed to completion as rapidly as possible.

Mrs. Frankie Thompson has just completed a stucco and remodeling job on her ranch home.

C. S. McKinney is doing quite a bit of improvement in his home, which he recently purchased from V. H. Humphrey. A new sleeping porch is being added.

Included in the building program is the construction of the new Alexander school building, replacing the one destroyed by fire last spring, and a remodeling job on the Reynolds school. Several farmers and ranchmen are also constructing new barns, it was stated.

Practically all of the materials going into these new buildings are furnished locally, including plumbing fixtures, etc.

**2**

(From Page One)  
as some of them stated, "should not have come up before the grand jury at all."

In commenting on the decision of the grand jury, Judge McKinney said: "I think their decision is exactly right. If I had considered this of such a nature as to warrant investigation of the grand jury I would have called it to their attention before now."

"I consider this a case to be settled by the sheriff and commissioners' court, and settled without civil suit, if possible."

Members of the grand jury were: R. H. Jackson, foreman, V. H. Humphrey, T. H. Wilton, J. Forrest Runge, L. L. Baker, Bert Page, T. K. Jones, Jim O'Harrow, Ed Finnigan, S. D. Harper, C. M. Mund and Sam Oglesby, Jr.

League at 7 p. m.  
Misionary Society, Monday 2:30 p. m.

In our efforts to "make a living" our search of the material things we do not neglect the more important things, the spiritual.

"Man cannot live by bread alone so said the great teacher.

"What will it profit a man if he gains the whole world and loses his soul."

J. W. Leggitt

We will also bleach your clothes white. We are located on the Sonora Highway, and will appreciate your business.

MRS. R. C. OVERMAN

**Confidence**

Those who desire a Good Used Car can shop with confidence at the local Chevrolet agency, Benton Motor Co. Confidence in Chevrolet's guaranteed O K dealer symbol sold over two million uesd cars in 1936.

Now the biggest values in used car history are backed by this famous tag. And we have a number of Used Cars on the floor. Among them we list the following:

**Priced To Sell!**

1936 Model G. M. C. Pickup, 20,000 miles \$450

1930 Chevrolet Coupe, new paint, good rubber \$100

1935 Plymouth Coupe \$400

1929 Chevrolet Coach \$125

1933 V-8 Sedan \$300
