Eldorado, Schleicher County, Texas, Friday, November 26, 1937.

NO. 48

On The DIVIDE

PRESERVE OUR GAME

Since Schleicher county has many sportsmen, the following letter from Percival F. Case of Evanston, Ill., might be of interest to readers of The Success: Editor Eldorado Success Eldorado, Texas.

Gentlemen: With reference to your editorial of Nov. 12th, "Saving The Game"—the idea behind the article was fine and I hope you'll follow it up so that Schleicher county residents will get behind it and lead in a crusade.

For unfortunately, the Texas Game, Fish and Oyster Commission is a conservation agency in name only. It is the trends of the times to expect "the government" to do everything for us, then kick like a steer because we have to pay for it. To quote from a letter from Mr. Beal Jester, assistant executive secretary of the Game, Fish and Oyster Commission, Austin, Texas:

"Texas is the biggest state in the union, and the greatest game state in the union, but unfortunately our legislature has never seen fit to give us sufficient funds in order for us to carry on conservation work as it should be carried on. We are the only state in the American Union that does not have a universal hunting license law."

"We have many preserves that have been under contract for several years which we have not stocked and which we cannot furnish adequate protection to for the reason that we do not have sufficient funds to carry on this work as it should be carried on."

Everybody is interested in seeing our game life preserved. Particularly is this true of game birds. Game birds have decreased in this country because the annual losses from all causes have exceeded their natural ability to multiply. Nature made no provision for the taking of game birds by man, and, hence, sportsmen constitute an additional check to the increase of game birds, which with prolific predators as cats, rats and dogs, make it pretty tough on the natural propagation of game birds.

Sportsmen of tomorrow will have cause to regret if some action (there's been plenty of thought and talk) is not taken toward protecting our game birds.

What are the worst enemy of game birds? The sportsman with his gun? Most emphatically no. The enemies are the cat, rat, dog, skunk, opossum, armadillo, snake and red ant (walking the ground) and the hawk, owl and crow (in the air). And be it added that the low-flying hawk is the worst enemy in the person of the "blue darter" hawk. There will be those who will protest that "you mustn't upset the balance of nature." That balance has long been upset and is the real cause of scarcity of game birds.

Texas is ideal for the propagation of two splendid game birds; the wild turkey and the native Bobwhite quail. When I was in Mr. Godwin's office one day last month I picked up a (See No. 1 Last Page)

Eagles Are Dist. Champs!

Gold Footballs To Be Awarded To District Champs

Merchants Are Contributing To Fund For Medals For Eighteen Players

Eighteen members of the Eldorado High School Eagles, district champions for 1937, will be awarded gold medals as a result of their splendid performance on the gridiron this year. L. T. Barber is in charge of soliciting funds for the purchase of these medals.

The medals, miniature gold footballs, will have the inscription: "District 41-B Champions, 1937" on them. In addition, the footballs will have the name of the player to whom the award is made and his position on the team inscribed thereon.

Coach Weldon Bynum, who coached the District Champs through a very successful season, will also be given the gold football award. Barber stated that merchants of Eldorado and a large number of individuals who are football enthusiasts are contributing to the award fund. The order for the awards will be sent off this week, it was stated.

Those to whom awards will be made are: Coach Bynum, George Williams, Edward Meador, Richard Bruton, A. J. Friess, Earl Bryant, Bob Bradley, Jack Jones Willard Newlin, George Whitley, Jack Whitley, Morris Underwood, Orvil Edmiston, J. W. Yates, Bob Williams, Joe Ed Hill, Albert McGinnis, Bobby Oliver and Gerald Nicks.

Truckers Report Livestock Moved To Market Points

Ranchmen of this county are continuing to market livestock, according to reports from A. J. Burk and Buck Graves, truckers. Among recent hauls made for ranchmen in this county, the following have been reported.

A car of fat cattle was loaded out for John Rae last week. This week Mr. Rae also loaded out two cars of yearlings which were shipped to the Fort Worth market.

Three loads of calves were taken to Fort Worth for Mrs. M. M. Reynolds, whose ranch is near Rudd.

Two loads of cattle were taken to Fort Worth for W. H. McClatchey last Tuesday.

Mund and Graves recently hauled some stock to Colorado City for Mr. Maddox.

A load of cattle were trucked to Fort Worth this week for Jim O'Harrow.

SENIOR CLASS STUDENTS RECEIVE RINGS MONDAY

Members of the senior class of Eldorado high school received their class rings last Monday. The rings are "streamlined" and have an "E" engraved on the crest, with the year 1938 also engraved on them.

Those who ordered rings last spring had their choice of a wristlet, football, belt buckle, or a basketball as a premium.

Down Ozona Lions For 66 To 0 Count Saturday Afternoon

The Eldorado Eagles completed their district race Saturday, by turning back the Ozona Lions of Coach Ted White, by the score of 66-0. The Eagles, not letting up a bit during the game, proved that they had what it takes.

The Eagles lost the toss, and Edward Meador kicked to the Lion's 20 yard line. Ozona tossed two laterals and advanced to the Eagles 42 yard line stripe. In this play, Captain Perner, of the Lions, who was carrying the ball, received an injured knee. He was taken to the sidelines and was unable to do anything the remainder of the game. On the next three plays the Lions lost 12 yards and were forced to punt to the Eagles 14 yard line.

Without losing the ball the Eagles scored with Meador and Williams carrying the ball. Meador scored from the one-foot line. Meador's kick was blocked.

Meador kicked to the Lions 5 and the Eagles downed them on the 23. On the first play, the Eagle Line broke through and threw them for a 13 yard loss. After two more plays failed, the Lions kicked to the Eagles 27. G. Williams, behind excellent blocking, carried the ball over for a touchdown on the first play. This play was called back. In the next play there was a fumble, and a complete new team of Eagles came onto the field. In three plays the Eagles scored with Nicks carrying the ball. The regulars then came back on the

Schleicher Is Among First To Complete Contracts

Word was received from the State Office that Schleicher County was one of the first counties in the State to get both range and cotton contracts accepted in the State Office.

All Records of Compliance on the Farm Program have been sent in and awaiting Applications for Grant.

Records of Performance are being sent in under the Range Program as fast as the ranchers notify the County Agent's Office that they have used all their Range Building Allowance or have finished all that they are going to do under the 1937 program.

These men are in Eldorado every Tuesday to examine applicants and issue drivers' licenses, and quite a few applicants are receiving their licenses. Reports from over the state are that less than two per cent of the applicants are being refused drivers' licenses because of some inability.

Meeting Of Schleicher County Agricultural Conservation Assn. Called For December 4th

The Schleicher County Agricultural Conservation Association calls a meeting for the purpose of electing committeemen for the 1938 Range and Farm Programs, in order to acquaint new County Committeemen with the 1938 Programs. This meeting of both farm and ranch people will be held at 2 o'clock, December 4, 1937 at the Court House in Eldorado, Texas.

This election is of vital importance to every farmer and rancher in Schleicher County as it is their duty to come in and cast a

State Candidate

W. E. James of Austin has recently announced his candidacy for the office of State Superintendent of Public Instruction.

Mr. James was born and reared on a farm in Van Zandt county and attended the public schools of that county. He is a graduate of the North Texas State Teachers College and holds a B. A. degree from Baylor University and the M. A. degree from the University of Texas. His teaching experience has been in the public schools and in each of the institutions of which he is a graduate.

He has served as county superintendent and has had eight years of experience as Rural Aid Supervisor and as First Assistant State Superintendent in the State Department of Education.

Schleicher Is Among First To Complete Contracts

All Records of Compliance on the Farm Program have been sent in and awaiting Applications for Grant.

Records of Performance are being sent in under the Range Program as fast as the ranchers notify the County Agent's Office that they have used all their Range Building Allowance or have finished all that they are going to do under the 1937 program.

Mr. and Mrs. Frank Kennedy of San Antonio are visiting in the home of Mr. and Mrs. N. R. Kennedy this week.

Another Story

It looks like we got in dutch on every side last week about that deer which "Bink" killed. "Bink" told us that his deer was an eight-pointer instead of a six pointer, but he brought us a big mess of venison, so we didn't feel so badly about that mistake.

We met Fred Watson at the ball game Saturday, and he declared he wouldn't speak to us because we didn't say anything about Paul Nixon and himself being in the bunch that went hunting.

Then Nixon has a "crow to pick" with us about the story—and incidentally he tells a rather entertaining story about "Bink's" kill. He said "Bink" came running up to him just puffing like a steam engine and says: "Come here! Boy, I've shot the biggest deer you ever saw. Broke his front leg—and he's throwin' up!"

With the aid of some dogs, they caught the deer and cut his throat. They found that "Bink" had shot the deer through the stomach and the result was that there wasn't anything inside of him for him to be "throwin' up."

"Bink" told us he'd killed so many deer that he didn't get much kick out of it any more—but Paul Nixon tells us that "Bink" was the most excited man he'd ever seen on a deer hunt.

We kinda hate to tell all this about Binkley, especially after he brought us that venison, but if we don't Paul Nixon will. Anyway, "Bink", the venison was mighty good—thanks a lot. And we hope you kill another one next time you go hunting.

Final Adjustment Of Range Program Is Anounced

Final adjustment has been accepted by the State Office on 47 Range Contracts for Schleicher County. Final adjustments were as follows:

A total of 335,915 acres was turned in, 30,538 animal units were accepted by the State Committee and a total of \$45,807.00 that can be used by the 47 ranchers of Schleicher County for improvement of range.

Announcement of the 1938 Program will be December 10, 1937.

Following is a copy of a letter which County Agent Godwin is sending to each one who is participating in the range program:

Dear Rancher: As you know, final adjustments have been accepted by the State.

When you have used your Range Building Allowance or have done everything that you are going to do under the 1937 Range Program, get in contact with the County Agent's Office (See No. 3, Last Page)

MATCHES A LUXURY

In 1833 the cost of matches to the consumer was 37 cents per box of 100 matches. They were ignited by pulling them rapidly between two sheets of sandpaper.

City Council In Meeting Monday To Receive Water Bids

BIDS REJECTED; ENGINEER TO NEGOTIATE PURCHASE OF PRESENT SYSTEM

Members of the City Council of Eldorado met last Monday afternoon at two o'clock for the purpose of receiving bids for the construction of a municipal water and sewer system for Eldorado.

Mr. Koch, of the engineering firm of Koch & Fowler of Dallas was present at this meeting. He reported that the Intertate Public Service Co. has expressed a desire to sell the plant now in operation in Eldorado to the city and asked that he be given time to attempt negotiations with them. Mr. Koch drew the plans and specifications for the proposed new system.

The City Council voted to reject all bids made last Monday and recess this meeting until Mr. Koch has had time to contact representatives of the Interstate Public Service Co. The meeting will be resumed on or before December 14th, at which time council members hope to be able to let the construction contract.

Local Hunters Return From Trip After Big Game

Dutch Ohlenburg Is Only Hunter To Come Back "Empty Handed"

Five local hunters and one from San Angelo returned home late Sunday, most of them with game and all with good tales of an enjoyable outing, a good congenial crowd, a good cook and plenty to eat. They went to the Delaware mountains in Culbertson county, about 40 miles north east of Van Horn.

The report of their kill is about as follows: Sheriff O. E. Conner, 1 deer; Johnnie Isaacs, 1 panther; R. J. Page, 1 deer; Willie Whitten, 1 deer; Dutch Ohlenburg, no luck; T. H. Langham of San Angelo, 1 deer.

We haven't heard the story of Johnnie's thrilling kill. It might have been that he had killed so many deer that he wanted something else as a remembrance of this hunt. Then it might have been that it was either Johnnie or the panther. Anyway, Johnnie was winner.

Hunting was very nice, these boys said. The weather was somewhat nipping during early mornings, but it was just right to save them a rushed trip to the cold storage vaults when a kill was made. The boys were gone eight days, and reported this the most enjoyable hunting trip they had ever been on.

TENT SHOW COMING HERE NEXT WEEK

King Cole's Comedians will set up tent in Eldorado next Monday to show here three nights. This is said to be a good, clean show with good plays and vaudeville acts each night.

Their opening play will be Mark Twain's sensational laughing success, "Huckleberry Finn." Free candy will be given all school children on opening night.

THE RAILROAD CRISIS

There is a real crisis in the railroad industry.

The essential facts underlying the crisis are detailed as follows by the Association of American Railroads: During the past four years, due to causes beyond the control of the railroads, the cost of most supplies have advanced, railroad taxes have increased and wages have risen. During the same four years, railroad freight and passenger rates, as measured by the average revenue received, have gone down—and today the margin between income and outgo has been squeezed so thin as to imperil the future of the railroads as self-supporting, tax-paying, efficient and economically operated enterprises.

This is the condition that has made necessary the lines' recent application to the Interstate Commerce Commission for permission to raise rates in general by 15 per cent.

There is no need for arguing that the railroads are essential to the nation—everyone knows that no other form of transportation can render a service com-

parable to that of the railroads in economy, certainty, scope and speed. Nor is there any need for arguing that the railroads are vital to the welfare of all other industry—as the cold figures show they are the greatest single purchaser of commodities and supplies in the country. In peace or in war, no industry means more to commerce, agriculture and the general welfare.

There will be opposition, the bulk of it selfish and short-sighted, to the railroads' request for rate revision. But the facts speak for themselves. We regulate the railroads in every detail of operation. We tax them heavily. We are continually fastening new costs upon them by law. Labor has demanded and received more pay. Is it any wonder that these things plus the widespread price increases that have occurred throughout the whole economic structure in the last few years, have made it impossible for the lines to operate on a solvent basis with rates the same as those prevailing in 1932?

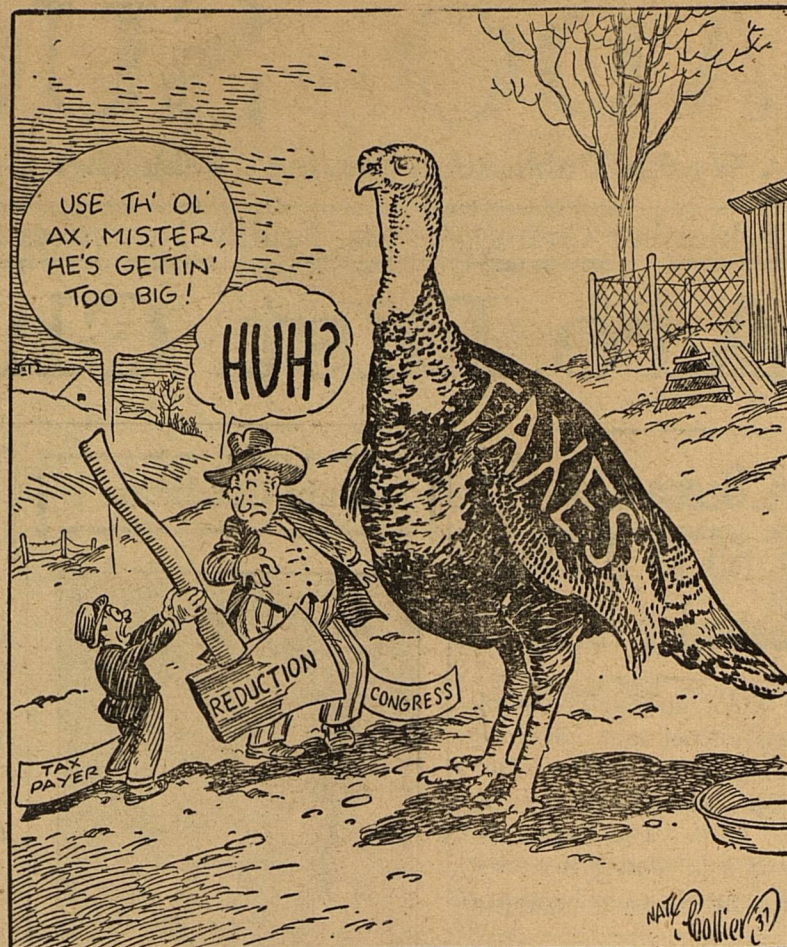

FLIRTING WITH DEATH

It is an amazing fact that the appalling number of deaths and injuries which result from sheer carelessness make no greater impression upon the average person. This is especially true with respect to drivers of automobiles.

Persons who are ordinarily careful in protecting their health and property often throw discretion to the winds the moment they grasp the wheel of a motor car, and flirt with death through failing to observe the most elementary principles of safety.

They will take a chance at a grade crossing, speed while

A THANKSGIVING SUGGESTION

rounding a blind curve, pass other cars under dangerous conditions, and do other foolish things which menace life and limb—seemingly oblivious to the fact that one slight mistake of judgment may prove fatal to them or to those who happen to be passengers in their cars.

The jaywalker is equally reckless, taking the chance of being run down for the sake of saving a few steps or a moment's time. In fact, many pedestrians are even more careless than the average motorist.

Safety education has been the means of reducing accidents to some slight extent, but the lamentable fact remains that no amount of warning has any appreciable effect upon the majority of people.

The result is that 37,000 or more persons are killed and about a million are injured in automobile accidents in the United States every year, while at least 90 per cent of these casualties might be averted by the use of ordinary common sense.

FUTURE FARMER STARS

At the tenth national convention of the Future Farmers of America held in Kansas City last month, representatives of more than 200,000 vocational agriculture students throughout the na-

tion attended and took part in the contests.

Among the contest judges were Harold L. Ickes, Secretary of the Interior; Philip S. Rose, editor of the Country Gentleman, and Dr. Willard E. Givens, executive secretary of the National Education Association.

The highest award bestowed at the convention went to Robert L. Bristoe of Saluda, Va., who was designated Star Farmer of America in competition with 100 candidates selected by the various state organizations and F. F. A. chapters.

Regional Star Farmer awards were won by Lex J. Murray of Santa Rosa, Calif.; Ralph Davis of Napton, Mo., and William Stiers of Alexandria, O. Many additional awards were made to individuals, local chapters and state associations for outstanding record in F. F. A. work.

The annual conventions of the organization, which are held at the same time as the Royal Livestock Show, have become the most notable events for young farmers in the history of American agriculture.

SCABIES ERADICATION REPORT

There was employed in San Angelo District for the month of October, 3 State men, and 3 county men who spent their entire time in an effort to eradicate scabies infection, and a total of approximately \$468.45, was expended by this Department in its regular Eradication Program. 213 herds, and a total of 107,988 sheep, goats and cattle were inspected or dipped. 1,359 head sheep were classed as exposed on account of being imported into Texas and dipped to comply with Texas Scabies Law.

The Livestock Sanitary Commission of Texas will continue the work in the San Angelo District in an effort to protect the live stock in that District from imported infection, and affording the necessary scabies certificates demanded by other states on live

stock moving from Texas.

The above work was conducted under the supervision of H. H. Cosper Supervisor of Scabies Eradication Work, San Angelo, Texas.

Note. There were employed in San Angelo District 3 county paid men which are not included in the above expenditure.

Timely Topics

Unlike the famed "old gray mare", a Canadian horse named Squire, 23 years old, seems to be just about what he used to be. At the national Horse Show in New York a few days ago the veteran jumper won the Whitney Stone trophy, defeating 35 young horses.

Reports that Tommy Manville the eccentric asbestos heir, has about run through with his large fortune are denied by a friend, who declares that Tommy is a shrewd business man and still has sufficient money to pay off the Finnish national debt "and have enough left over for a carload of blondes."

A hospital error caused relatives from three states to gather in Brooklyn for the funeral of Mrs. Maria Maggio, 94. When the casket was opened after its arrival at the Maggio home it was found that the body was that of a much younger woman, Mrs. Maria Maglio. The hospital authorities made profuse apologies for the mistake.

C. B. Clayton of Long Beach, Calif., aged 92, is suing his wife, who is 77, for divorce, charging desertion. He also alleges that Mrs. Clayton is worth \$60,000 and he asks for "reasonable alimony."

An A. P. dispatch from Lafayette, Tenn., states that when

John Wisdom went to investigate a noise in his henhouse a fox attacked him, chasing him into the house and biting him six times. The animal jumped on a bed, then to a sewing machine, and was finally killed with a poker.

Crime didn't pay in the case of Oscar Shires, who was sentenced to from one to two years for robbery at Alma, Wis. The crime netted Shires only three cents.

Chaplain William B. Arnold has been appointed chief of chaplains of the U. S. Army by the President. Father Arnold is a Catholic, the first of his faith to be made chief of chaplains. He was ordained a priest in 1908 and joined the Army in 1913.

Theophilus L. Haecker, known as the father of Minnesota's dairy industry and for many years head of the dairy school at the University of Minnesota, recently celebrated his 91st birthday. He retired in 1918 and now lives in St. Paul.

Mr. and Mrs. J. L. Ratliff left Sunday for Coppell, Texas, where they spent the first of this week, visiting relatives and attending to business matters.

Hazel Doyle Plans Demonstration For Next Year

Hazel Doyle has been selected as wardrobe demonstrator for the Eldorado senior girls' 4-H Club for next year. Her purposes for the 1938 wardrobe demonstration are as follows:

First, to have attractive clothes sufficient and suitable for her needs, she will take inventory of clothing, plan clothing, keep record of clothing expenditures, and keep clothing in good condition;

Second, provide adequate storage, and as Helen has a closet, she will add to this 5 hat racks, 1 belt and tie rack, paint rod, partition drawers that all contents will not be in a jumbled condition every time the drawers are opened and closed. When these things are done, Hazel will have adequate space for storing her clothing.

Third, D-105, "Good Looks for Girls" will be checked every week, the first check being made November 19th.

Fourth, make a minimum of four articles or garments with simplicity and excellent work-

manship as the keynote. Two of the garments will be a slip and dress which Hazel will wear in the dress contest which will be held in July 1938. The garments are to be made of cotton material, with the exception of slips, which may be cotton, silk or rayon.

EVERETT FLEMMING, MISS LOUISE THORNTON MARRY OCTOBER 23

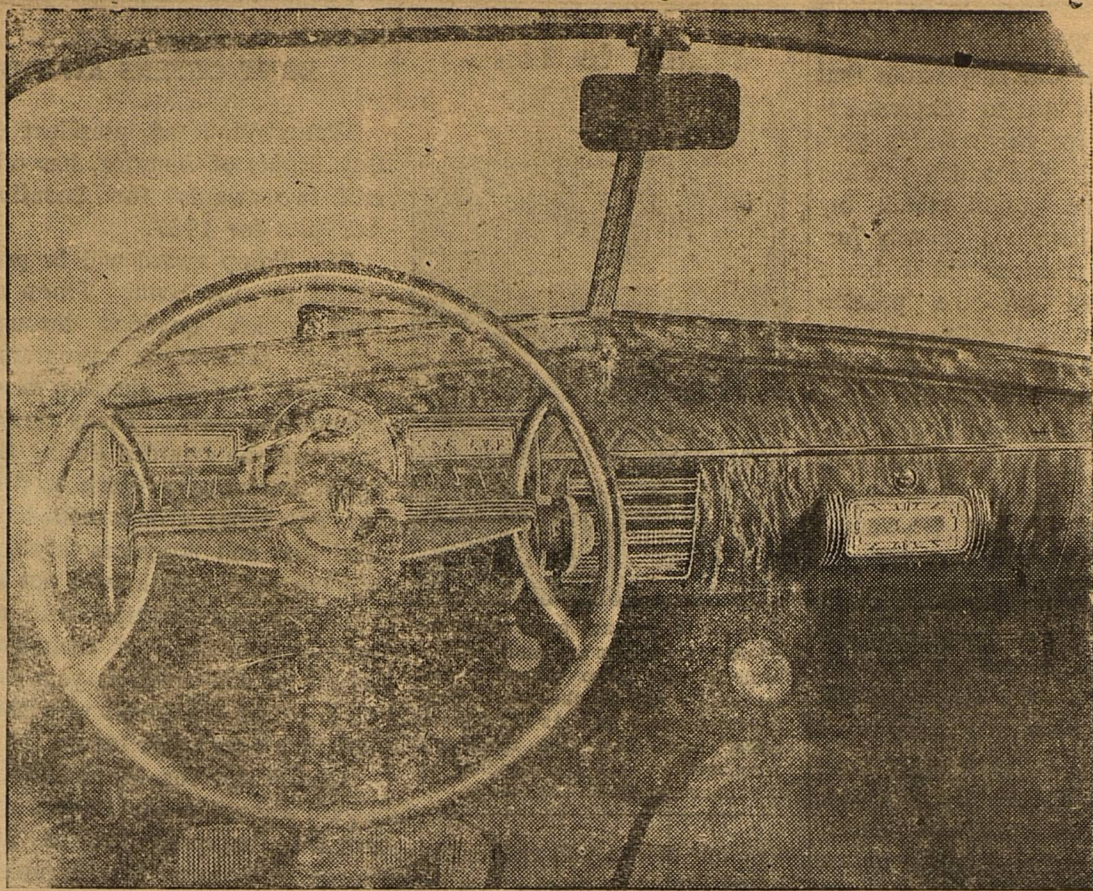

Wedding of much interest to their many friends was solemnized Saturday, October 23, when Miss Louise Thornton of Eldorado became the bride of Mr. Everett Fleming of Melvin. The single ring ceremony was performed by Rev. Noel P. Wilkinson at the Presbyterian Manse, Eldorado.

The young couple are both well known in Melvin, the bride having resided in the Whitefield community until about six years ago when she moved to Eldorado with her parents, and has since resided on the Jess Koy ranch. She has a host of friends here who welcome her return.

The groom is the son of Mr. and Mrs. J. W. Flemming, one of the most prominent families in this section of Texas. He was reared here and is a promising young farmer and rancher. — Melvin Enterprise.

H. Ramsey shipped out two cars of sheep for Trent on Monday of this week.

Mr. Cope, of the Standard-Times at San Angelo was a business visitor in Eldorado last Tuesday, calling at the Success office while here.

Instruments are grouped directly in front of the driver and just below the eye level in the rich sepia brown Safety Instrument Unit of Oldsmobile's new Safety Dash. Controls on the curved dash—which has a burled walnut finish—are set flush, minimizing possibility of injury. Instrument and speedometer lenses are of unbreakable Lucite for greater safety. The deluxe steering wheel, also finished in the harmonious sepia brown—with its transverse horn control—is standard on all Oldsmobile Eights and furnished on Sixes equipped with Oldsmobile's new Automatic Safety Transmission. The clock and radio are extra optional equipment.

Self Culture Club heard a program on "Our National Government Federation Day, Dec. 9th, when an all-day meeting will be held in the home of Miss Chris Enochs. Luncheon will be served at 1 o'clock at West Texas Cafe. Plans were made for a dinner-party to be had Monday evening at Mrs. Geo. Williams' home at which the husbands will be honored guests. Mrs. Montgomery announced that the Girl Scouts received \$10.00 as their part of the Poppy Sale here Nov. 6th. The remainder of the proceeds from this sale went to the support of Disabled veterans and for Child Welfare work. The Executive Committee for the Scouts will be composed of Mesdames Hoover, McSwane, and Montgomery for the next year. Diction lesson No. 3 and a Parliamentary Drill preceded the program. Why I am proud of America was the answer to Roll call. Mrs. John Williams discussed Our Government Plan, followed by Mrs. Reuben Dickens reading "America for Me." The Navy and Our National

paper. The high point of the program was the talk on tax and governmental problems in Texas by Mr. T. D. Riddle, principal of Eldorado High School. Some very practical ideas and suggestions were given on this important subject. A salad course was served to seventeen members and Mr. Riddle, guest.

METHODIST CHURCH

Some of you did not come to Sunday school last Sunday. Too cold?

Since we go about to our work and social activities, why be a "sissy" in church attendance. We will look for you Sunday in all services.

Sunday school at 10 a. m.
Preaching at 11 a. m. and 7 p. m.
League at 6:15 p. m.
Missionary society meets at 2:30 p. m. Monday.
Baptism of infants at 11:05 a. m.

Why not have loyalty, faith and love? These three things will make the individual, the church the community.

J. W. Leggitt

MORE FROM COTTON

So many varied uses have been found for cotton that the cotton products now go to the retail market in more than 10,000 different forms.

PRESBYTERIAN CHURCH

Sunday School at 10:00.
Morning Worship at 11:00
Evening Worship at 7:15
Pioneer Society at 6:45

Every Sunday School pupil is urged to help the school maintain the good attendance of the past several Sundays. We cordially invite others to enroll in the school.

The pastor will preach at both the morning and evening services.

At the morning service there will be an installation of the men recently elected to the office of deacon.

A cordial welcome awaits all at these services.

N. P. Wilkinson

Federation Day Observed Monday By The Woman's Club

Federation Day was observed and Spain as seen by a modern novelist studied by the Woman's Club in their meeting Tuesday afternoon.

Beginning the meeting early with a Thanksgiving Luncheon, the members assembled at twelve-thirty in the basement of the Presbyterian church, where, under the arrangements of the Social Committee, a table attractively decorated with a centerpiece of autumn fruits and leaves and silhouettes of the May flower and Puritan figures with Thanksgiving place cards, awaited them.

Thanks were offered by the new member, and former charter member, Mrs. Bert Page.

Thanksgiving readings by Miss Page and Mrs. N. P. Wilkinson a song by Mrs. W. N. Ramsay and Convention news by Mrs. F. B. Gunn and Mrs. D. C. Hill made the program for the luncheon, and a most interesting account of the State Federation meeting by the delegate, Mrs. F. B. Gunn, with additional remarks by Mrs. D. C. Hill began the regular program for the afternoon.

A book review "Mariflor" was given by Mrs. Cora Millar and the contrast in the morals of Byronic England and the Spain of Mariflor discussed by Mrs. F. B. Gunn.

Members present were Mrs. D. E. DeLong, Mrs. W. E. Eaton, Mrs. Joe B. Edens, Miss Norine Ellington, Mrs. F. B. Gunn, Mrs. D. C. Hill, Mrs. Ernest C. Hill, Mrs. Cora Millar, Mrs. C. M. McWhorter, Mrs. W. N. Ramsay, Mrs. R. O. Smith, Mrs. V. G. Tisdale, Mrs. N. P. Wilkinson, Mrs. Bert Page, Miss Anna Florence Page, Mrs. T. J. Jones, Mrs. Jess Koy, Mrs. C. L. Meador, Jr., Mrs. W. L. McWhorter, Mrs. W. T. Whitten, Mrs. A. J. Atkins, Miss Tom Pearl Smith and Mrs. J. B. Sammons, guest.

TAKING OUR

Medicine

It is not a pleasant thought to think of taking medicine, but when your doctor prescribes, he does so believing it is for the best.

And, if his instructions are carefully adhered to, you may expect the best results.

Your Doctor knows your case just as he knows our ability to fill his prescriptions. Our prescription service is as prompt as the exercise of care and efficiency will permit.

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
Governor of Texas

AUSTIN.—In issuing the annual Thanksgiving Day proclamation, I did so this year with the feeling that a little white-haired old lady of some seventy years had really written it.

Out of the heavy mail on my desk, I found last week a penciled letter with the writing shaken by the palsied hand of age. Its message typified the real spirit of the Pilgrim Mother of 1621 when the first day of Thanksgiving in America was observed. I felt humble in the presence of that letter for in it I could see the reason why this State has become so great. Back of it, I could see the pioneer mothers whose love and faith gave the steel to the courage of their men that enabled them to overcome hardships and build the mighty

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

empire of Texas.

The dear old lady wrote that she only wanted to express appreciation for her monthly pension check. She added "while some people might think my room too bare and poorly furnished for comfort still to me it is home and for the pension check which makes this possible, I am thankful. My children are all gone and I would be lonely except for the memories of a long life which God has blessed with many friends and much happiness. To him I shall give thanks on this Thanksgiving Day."

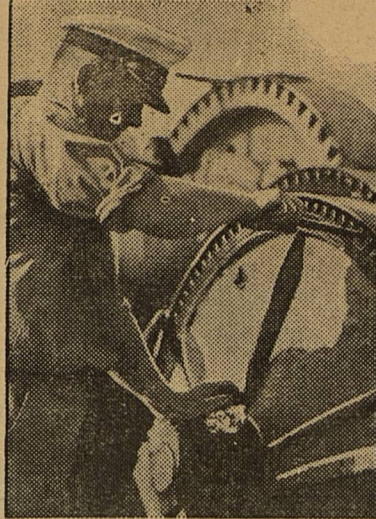

What a lesson to those of us more fortunate! From that letter I gained a feeling of humility grateful that she should write me at this time.

I don't know how other governors feel about the pensiled, often poorly written letters which we receive, but to me these are just as important if not more so, than the neatly typed, embossed letters from lawyers and bankers. These letters are from poor people who travel on a three-cent postage stamp to ask the governor of their state for help or advice. The least a governor can do is to read them and help in every way possible.

In many instances the letters are written in Czech or Spanish, or German and often illegible. These I have translated and returned to me promptly.

Yes, we have much for which to be thankful on this Thanksgiving Day. In contrast to war-torn and war-fearing countries, America will observe its day of Thanksgiving in security and peace confident that our ideals of democracy, the industry of our people, and the vast resour-

Ready to De

SHIPS in port are beehives of industry. Repairs are made; stores replenished; cargo unloaded and loaded. Derrick winches work twenty-four hours a day. As the "Santa Lucia" nears New York, the ship's carpenter greases the winches of the luxurious Grace Line ship.

es of our nation will enable these United States to meet crises under which other nations might crumble.

As Governor I feel grateful to the kind Providence that has guided this state and nation out of the depths of depression into an era of comparative prosperity. True there are many families whose tables will be pitifully bare in this Thanksgiving Day unless charitable organizations and kindly neighbors help them. But the bread lines which have threaded the nation in past years will not be as long nor will the suffering be as great—thanks to the humanitarian program of the President.

In our state there are still too many unfortunates for whom aid has been denied or for whom the aid given has not been sufficient to relieve their pain and need. Many aged needy, destitute children, helpless blind, and unemployables on the relief rolls will face a cheerless Thanksgiving Day.

As we who are more fortunate share the bounties of Thanksgiving dinner, let us remember that the obligation to our unfortunate neighbors has not been filled by partial payment. Let us remember the happiness and comfort brought to the old lady by the pension check and whose brave attitude so typifies the real Thanksgiving Day spirit. Let us resolve that others like her but who are not being aided shall receive help.

There can be no turning back or any detour, made from the humanitarian highway that we have traveled as an aftermath of the depression.

One group of NYA youths in San Antonio working at the Repair Shop in the City Street Department during the last three month period have assisted regular city employes in painting 21 trailers and repairing 40 others, in building six truck bodies, and in erecting 315 feet of six-foot wire fence. J. C. Kellam, State Youth Director, has been advised.

NATIONAL SCOUT PRESIDENT OFFERS AWARDS

Walter W. Head, president of Boy Scouts of America, has offered two awards for Scouting Activities for 1937.

The Troop award will be presented to the Scout Troop or Unit which qualifies through having satisfactory programs, activities, and membership throughout the year. These certificates will be awarded during the Scout Anniversary Week in February to those Troops who have Activities and programs throughout the year, who have a net increase in membership, who register four-fifths of their new Scouts of the previous year and 80% of the old Scouts who have less than four years tenure.

Certificates for the individual award known as the Acorn award will be presented to any Scout or Scouter who organizes and charters any Scout Unit. This includes not only starting the Scout Unit but getting it well enough under way that it will continue to function. A bronze Acorn on a metal bar is the Badge for the new Acorn recommendation. This will be made available to certificate winners.

COLLEGE STUDENT'S THEME TO BE PUBLISHED IN QUARTERLY MAGAZINE

Miss Johnnie Ferne Isaacs' one thousand word theme on Superstition written as an English Class project is to be published in the college quarterly magazine, The Rambler. This is quite an honor both for Miss Isaacs and Eldorado High School. Miss Isaacs was graduated from EHS last May.

She has been complimented on her excellent work by the faculty of the San Angelo Junior College. She has taken part in several college activities of importance. She sang in a Thanksgiving Choral Vesper last Sunday afternoon in the senior high school auditorium given by the San Angelo College Chorus and glee clubs from senior and junior high schools.

MISS MILDRED MUND GIVES SPECIAL DANCE AT COLLEGE EVENT

(Special to the Eagle Scratches) Denton, Nov. 20.—Miss Mildred Mund, a 1937 graduate of Eldorado High School, gave a speciality dance at a recent picnic honoring freshmen class officers at Texas State College for Women.

The picnic was held on the campus for 1100 girls, the largest freshman class in the history of the college.

Miss Mund, the daughter of Mr. and Mrs. Arthur Mund, was a member of the typing team at Eldorado High School and a Press Club reporter. She is majoring in home economics.

APPOINTED

New Special Representative of the Public Relations Department of the Santa Fe Railway in the Arapaho Territory is L. J. Cassell, formerly with the Department in San Francisco and Ex-Newspaper Man. He succeeds C. W. Lane who goes to Topeka as Assistant Manager of the Company's Agricultural Development Department.

Methodist W. M. S. Meets Monday With Mrs. DeLong

Society Elects Officers To Carry On The Work In All Departments

The Methodist Missionary Society met Monday, November 22, at 2:30 p. m. in the home of Mrs. Ed DeLong, with Mrs. Dave Williamson as co-hostess. Mrs. L. L. Stuart acted as program leader, and parts on the program were given by Mrs. W. E. Cloud and Mrs. Williamson.

Mrs. John F. Isaacs presided at the business meeting, at which time the following officers were elected: Mrs. John Isaacs, president; Mrs. L. Wheeler, vice president; Mrs. W. H. McClatchey, corresponding secretary; Mrs. Ben Hext, recording secre-

tary— Mrs. J. E. Tisdale, secretary of children's work; Mrs. L. L. Stuart, treasurer; Mrs. W. E. Cloud, supt. of study; Mrs. O. E. Conner, supt. of "World Outlook"; Mrs. Reuben Dickens, supt. of social relations; Mrs. Luke Thompson, supt. of local work; Mrs. Dave Williamson, supt. of literature and publicity; Mrs. J. W. Leggett, supt. of young people; Mrs. Weldon Bynum, supt. of spiritual life, and Mrs. J. E. Tisdale, supt. of supply.

Twelve members of the society were present.

WATER SOFTNER INSTALLED

A household water softener, known as Zeolite softening, because of its use of a mineral called Zeolite, has been installed by Mrs. Will Lewis, cooperater of the Country Women's Home Demonstration Club. This softener is a commercial one which has been put on the market the past few years.

"It is satisfactory" says Mrs. Lewis, "and is practical, economical, and a modern source of comfort and convenience".

Zeolite softening requires nothing but common salt, the same kind you use on your table to revive or regenerate the Zeolite when it has absorbed from the water hardening substances up to its capacity.

Mrs. Lewis has the tank, which has a capacity of about three gallons sitting on her cabinet by the sink, and as the water runs through the tank it comes out as soft a rain water. The tank costs something less than \$18.00 complete with those attachments.

**NOBODY'S BUSINESS
BY JULIAN CAPERS, JR.**

AUSTIN.—Politics and the problems of state were given a vacation this week in Texas, as State officials welcomed the opening of the deer hunting season by departing en masse for the deer country. Headed by Gov. Allred, who "jumped the gun" a week by going to Mexico, and

then returned for a few days hunting in Texas when the State season opened, with the Governor of Colorado as his guest, virtually everybody in Austin who owns or could borrow or rent a rifle, was afield. With 25 percent more hunting licenses issued this year than ever before, and a plentiful supply of bucks reported throughout the deer country, a most successful season was assured. Many lucky hunters were returning by the week-end, with huge bucks proudly draped over the motor-car fenders, having gotten their Thanksgiving trophy within 24 hours.

Politicos On Their Marks

The holiday interlude, ending January 2, however, will find the politicians all set and ready for the six-months dash that will bring them up to the July primaries. The "unofficial" campaigns which have been under way for months, will come out into the open. Developments of the last few weeks indicate that reform and economy in State

government will be one of the leading issues in both the Governor's and the legislative races. Another special session, despite denials by Governor Allred, may be staged in March, in the opinion of the best informed observers here, to raise some additional money for old age pensions, the teachers' retirement fund, needy blind and dependent children. Best indication for the last special session is that the goal of new revenue will be from \$3,000,000 to \$5,000,000 instead of the \$15,000,000 demanded by the Governor in the last fruitless session.

Legal developments which have occurred since the special session ended, however, may make considerable difference in the state's financial setup. Upholding by the higher federal courts of the State's intangible tax on pipelines apparently has put an end to this 5-year old litigation, and, if the pipeline companies pay off, as several have indicated, it is estimated the general fund will receive \$2,000,000 immediately, and several

hundred thousand additional annually hereafter. Counties in which the pipelines are located will profit by substantial sums, also.

The possibility that the Supreme Court may rule finally upon the litigation involving the inheritance taxes on the E. H. R. Green estate within the next few months, may, if the decision is favorable to Texas, bring in another estimated \$5,000,000 to the state treasury.

A third factor affecting revenue is the court decision ending the practice of oil companies of paying for only 99 percent of oil in tanks and pipelines, deducting 1 percent for "shrinkage." The Texas Railroad Commission ordered this practice halted, and the courts upheld the order. The additional 1 percent will substantially increase the State's revenue on crude oil production.

15 Senators Face Test

Issues are in the making now for the 150 legislative places in the House, and 15 Senatorial

posts to be filled at next July's primaries. In the Senate, especially, there is great interest, since the terms of some of the upper House's outstanding members expire, including T. J. Holbrook, who may not stand for re-election; Grady Woodruff of Decatur, dry leader; Weaver Moore of Houston, wet leader; Frank Rawlings, of Fort Worth, the Senate's best parliamentary expert; Ben O'Neal of Wichita Falls, administration floor leader and former law partner of Gov. Allred; G. H. Nelson, of Tahoka, who may run for Lieutenant Governor on a unicameral legislative platform; Clay Cotten, of Palestine; Olan Van Zandt of Tioga; Claude Isbell of Rockwall; Jim Neal of Mirando City, the man who broke the long reign of Archie Parr in the Valley; Allan Shivers, the youthful Port Arthur friend of labor; L. J. Sulak of LaGrange; R. A. Weinert of Seguin; Claude Westerfeld, the radical leader from Dallas; and E. M. Davis of Brownwood, farm bloc spokesman.

Mann Will Run

Part of the speculation as to who will be opponents of Lt. Gov. Walter Woodul for Attorney General was set at rest this week, when Gerald C. Mann, former secretary of State and now a Dallas lawyer, wrote members of the Dallas bar association, declaring he will run, making his formal announcement later, and seeking support of lawyers of his home town. Judge Ralph Yarborough of Austin is regarded as a certain candidate. He like Mann, has never made a Statewide race. Woodul is conceded easy leadership in the race at this early stage, and additional candidates may develop after January 1, including Speaker Bob Calvert of Hillsboro, and Everett S. Loney of Austin.

Notes

Sen. Morris Sheppard, senior Texas representative in the national upper house, has recovered completely from his recent surgical operation, and is back on the job, in the thick of the speci-

al session. Sheppard is sponsoring a Federal constitutional amendment exempting all homesteads up to \$5,000 value from all taxation. . . . The giant East Texas oil field will stand idle for four Sundays, while Commission experts make tests and study causes for an alarming decrease in bottom-hole pressure in the East Texas wells. Allowable oil was slashed 68,886 barrels for the State, to 1,354,143 barrels daily in the Commissioner order for November, to hold production within demands of a declining market. . . . Maury Maverick, the fire-eating congressman from San Antonio, is being encouraged to make the race for the Senate, against Senator Tom Connally in 1940, by Washington newspaper correspondents, with whom he is extremely popular, according to Stuart Long, editor of the Austin Times, just back from a visit East.

**Health Project
Being Attempted**

An attempt is being made to get a nurse for this county. Of course nothing has been done so far and it may not be possible to get one this year. The State Health Department has suggested that this county go in with some other county and in this way each county will pay half the expense of keeping the nurse.

The cost to the two counties will be approximately \$1,125 a year. This money will be used to supply equipment and gasoline for the nurse to visit various schools.

The work of this nurse will be to prevent the spread of contagious diseases, taking care of clinics, and caring for the general sanitary conditions in the country.

**ADRIAN BAGS 20 POINT
FLAGTAIL DEER TO
SAVE REPUTATION**

Mrs. Mary Davis Adrian bagged a 20 point flagtail deer while hunting with her uncle, Mr. Will Davis, Saturday on the Kickapoo. They were hunting on the Henderson ranch. She killed the deer at a distance of 110 yards and used a 30-30 rifle. She killed the deer "in the nick of time" to save her reputation as a hunter. Much has been said lately about her hunting ability and some were rather dubious. Mr. Davis bagged a 6 point buck.

Mrs. Adrian says that she has eye-witnesses to the killing who will swear to her story. She also says that she will have the mounted head as proof soon. The head is now being mounted by a San Angelo taxidermist, who says that is the largest number of points brought in to date. He said that for the last number of years the largest flagtail deer killed has had around 15 points. If it is the largest number or points this year she will receive the head mounted free.

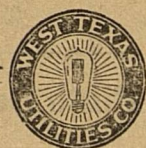

More than eight hundred "codies" at The University of Texas live in dormitories.

The library at The University of Texas has 531,454 volumes, making it the largest and most important library in the South.

Thanks to Electric Servants

Thanksgiving
is now
a Woman's
Holiday
too!

If our service to you during this last year has been instrumental in providing more leisure, more pleasure, and greater happiness, then this Thanksgiving Day is occasion for us to give sincere thanks. Like many of you, we have "grown up" right here in West Texas. This is our twenty-sixth Thanksgiving. So we can remember when the turkey season meant a holiday for every one except Mother. The Thanksgiving dinner was a long, tedious task for her... many hours in the kitchen before a hot, odorous stove. And there were seas of dishes to wash when it was over. This burden on her is no longer necessary, we're happy to recall. The trend toward the all-electric kitchen means complete emancipation for women. Out of this freedom is born the Neoelectress—a modern home maker alert to this new electric age. The vista of a more glamorous future than pots and pans has become a reality, whether it be Thanksgiving or just another day. If you have not yet electrified your kitchen, we suggest that you investigate the economy of Electric Servants ere another holiday rolls around. They have made Thanksgiving a vastly happier day for many of your neighbors... and we are glad!

(From Page One)
pamphlet, "More Game Birds in America." I hadn't a chance to digest it until I returned here, but then became so interested I sent for more information. From the Fish and Oyster outfit I got the rather hopeless reply above quoted, but on writing More Game Birds in America, 500 Fifth Adv., New York City, they sent me a pamphlet entitled, "More Game Birds by Controlling their Natural Enemies" and another entitled "Quail Breeding Manual."

At practically no expense one can raise quail, either the Bobwhite, our Texas native, or the larger chicken partridge. The eggs can be obtained from White oak Quail Farm, Richmond, Va., or from Herbert L. Stoddard, Thomasville, Ga., and they can be hatched with bantam hens. One bantam hen can brood twenty quail, and when they are finally released they will rest and brood nearby.

Wild turkeys of a sufficiently wild strain would be most difficult to obtain for breeding purposes, but by concerted effort to keep down the threat of the natural enemies of all game birds, the supply of wild turkeys will be bound to increase. At the same time one will be helping to reduce the loss of domestic fowl

Of course this is a "lot of trouble" but it will pay dividends in the way of increased numbers of game birds. Shoot or trap the stray cat, put a bell on the pet house cat, poison the rat and other vermin—they are disease spreaders anyway—and shoot or pole trap the hawk and crow. Pole traps are against the law in most states, but I believe they are not ruled against in Texas.

I hope you can interest some of our ranchmen and 4-H Club boys in this idea. The pamphlets from New York are available for free distribution and contain a world of information.

Sincerely,
P. F. Case.

2
(From Page One)
field and Meador kicked the extra point.

The Eagles took the ball after Ozona failed to gain and Williams passed to Meador for a touchdown. Meador's kick was blocked. The Lions lost 25 yards on the next two plays and kicked to the Eagles 30. On the next play, Meador went over for the score. His kick was good. After the kick off, Jack Jones intercepted a Lion heave on the 30 and ran it back to the 4 yard line. Bob Williams, in two trials went over for the score, Meador's kick was good.

In the remainder of the second half the Eagles threaten to score but were either penalized or stopped before they hit paydirt.

In the second half, the Eagles proved that they were stronger than they had shown in the first half.

A punt by Leath gave Meador the ball on the 30 and he ran it back to the 25. On the next play, George Williams ran it back for the score. Meador's kick was wide.

After three plays by the Lions, the Eagles got the ball on the 49 yard line. Then George Williams threw a pass to Earl Bryant who lateraled to Meador who went over untouched. Meador's kick was good.

After the kick off, the Eagles came in. Although the Lions tried to score, the Eagles held them for no first downs. With neither team gaining much head way, the Eagles came back in after Ozona had kicked out on the 8 yard line.

On the first play George Williams made the longest run of the day, a 75 yard gallop for a touchdown. Meador's kick was wide.

Meador kicked to the Lions 15 and they returned to the 24. Here Jack Jones intercepted a Lion heave on the 30 and ran it for a touchdown. Meador's kick was blocked but Friess ran across for the extra point.

The Eagles then got the ball on the 25 yard line. George Williams went across in one play for the last score. Meador's kick was good.

The game ended with Yates intercepting a pass on the 19 yard line.

The Lions threw 31 passes, completed 7, and had four inter-

cepted. The Eagles threw 21, completed 7, and had 1 intercepted. The Eagles made 17 first downs to 3 for the Lions.

All of the line played well. Richard Bruton set the Lion ball carriers back time after time. Orville Edmiston and Bob Bradley turned in a good game at the guard slots. Orville and Bob were in the Lions backfield most of the time. Billy Wilton also turned in a good game at the guard slot. Jones and Hill turned in a good game at the center position. The Eagle ends, Bryant, riess, Newlin, and Ashmore all turned in good games for the Eagles. All of the backs turned on a good game. But Williams and Meador led them. Leath and Montgomery were Ozona's main threats.

3

and a Performance Supervisor will be sent out to check on your Report of Performance. We can send in your Report of Performance immediately.

This does not apply to those ranchers that practiced deferred grazing only, as you were checked and inspected November 1, 1937, but if that is the only practice that you are going to carry out, let me know immediately and we will send in your Report of Performance immediately.

Thanking you, I am
Yours very truly,
W. G. Godwin,
County Agent

**FIFTH GRADE
RENDEZVOUS PROGRAM
AT P. T. A. MEETING**

Pupils of the fifth grade had charge of the program at the meeting of the Parent-Teacher Association, Tues. Nov. 16. The third grade rhythm band gave a musical number under the direction of Mrs. Hicks.

After the business session, Mrs. L. M. Hoover gave a paper on "Drugs and our citizens of tomorrow." The theme of the program for the afternoon was on Morals.

Home room mothers appointed at this meeting were Mrs. Horace Rees, chairman; First, grade A, Mrs. R. C. Edmiston and Mrs. Marion Wade; Mrs. Drenan's room, Mrs. Tom Jacoby and Mrs. Reuben Dickens; Mrs. Watson's room, Mrs. Dave Gregory and Mrs. Mullett; Mrs. Robinson's room, Mrs. H. E. Lynn and Mrs. Geo. Long; Miss Herbert's room, Mrs. C. C. West and Mrs. Bert Page; Mrs. Hick's room, Mrs. W. M. Pointer and Mrs. Watson; Miss Elmore's room, Mrs. D. C. Royster and Mrs. Frank Bradley;

Miss Oma Ford's room, Mrs. Tom Jones and Mrs. Geo. Williams. Room mothers for the high school will be announced later.

Miss Margaret Hill, who is attending Texas University at Austin, came in Tuesday to spend the Thanksgiving holidays with home folks.

Harmon Bodine, who is attending A. & M. College, came in Tuesday night to spend the Thanksgiving holidays with home folks.
