Mrs. Biggs' Father Dies Suddenly

William Henry Stucke, 73, of Cain City, died suddenly at 12:30 o'clock last Thursday afternoon following a heart attack at the home of a daughter, Mrs. Ben Biggs, with whom he was visiting. Mr. Stucke, who had visited here a number of times, had come here by bus Wednesday and the family was preparing to take their daughter, Mrs. Robert McElroy and daughter, Barbara, to San Angelo where they were to board a train for their home in Chicago, when he suffered the attack. Mr. Stucke was a resident of Eola for 16 years, and in 1935 moved to McCullough County, and from there to Cain City four years ago. Funeral services were held last Saturday from the Church of Christ in Eola with A. C. Knight, minister of the Lake View Church of Christ, officiating. Burial was in the Eola cemetery.

Survivors besides the daughter here include the widow; six sons, Joe and Oscar of Eden; Benton of Seminole; Clarence and Louis of Lordsburg, N. M.; Walter of Seminole, and another daughter, Mrs. Dewey Burger of Brady.

Mr. and Mrs. Clarence Stucke and baby and Louis Stucke of Lordsburg, N. M., were involved in a car accident enroute here when their car was in a head-on collision with one driven by a Mexican, near Sierra Blanca early Friday morning. Clarence Stucke received cuts and bruises and a chest injury, the extent of which is not yet known. Mrs. Stucke also received multiple bruises and Louis Stucke suffered a crushed hand. The baby was uninjured. Both cars involved were demolished and a white man riding with the Mexican was killed. After investigation, charges of driving while intoxicated were filed against the Latin-American driver. After a delay of more than 14 hours, the family arrived Saturday morning in time for the funeral services, and are staying with relatives at Eden for a few days. Relatives from here who attended the services included Mrs. Biggs and sons, Glyn and Truman, Chester Biggs and Pat McAlpine.

EASTERN MEN BUY SEVENTEEN THOROUGHBREDS

For a selected group of thoroughbred horses from this ranching county, it's the parting of the ways—behind, it's the prickly pear, horned frogs and mesquite trees; ahead, race tracks, bright lights and the cheering of thousands of people!

After three weeks in Schleicher and neighboring counties, four buyers from the East, who had interviewed many breeders and carefully inspected dozens of horses, had chosen 17 thoroughbreds which they shipped out of Eldorado Tuesday, in a special de luxe car, enroute for the East; there the horses will be sold at fabulous prices for Association racing and jumping events.

Of the 17 horses, seven came from C. C. McBurnett's famous Schleicher County stables, 5 from Marion Stokes', 1 from Bud Smith's and 2 from Willie B. Whitehead's, all of Sutton County, and 2 from Dick Nasworthy's of Tom Green Co.

In a car brought in for the horses, and equipped with de Luxe appointments and individual stalls, the animals left Tuesday in the dignified grandeur which befitted their new station in life. The car went through by fast express with two of the men accompanying the horses—at express charges amounting to a cool \$1000.00.

As befitted horses destined to take their place on the race track with the upper 400 of the nation, and to lead a pampered life in which each whinny brings the attendants running, the animals carried with them an imposing array of "papers"; these proved to the world that each drop of blood represented the bluest of blue blooded stock through many generations, that in the "Who's Who" in the horses' world they are tops.

Schleicher County, always proud of her famous sons and daughters (man or beast), will watch the careers which these thoroughbreds will carve for themselves, realizing that once again the ranching Southwest LEADS THE WAY!

SOIL CONSERVATION NEWS

The Board of Supervisors of the Eldorado - Divide Soil Conservation District in their regular monthly meeting Friday, April 4, approved completed plans on two farms and one ranch, and approved applications for planning on five additional plans. The completed soil and water conservation plans represent the intentions of the owner or operators to conserve as much soil and moisture as possible, in an effort to produce maximum pounds of beef, lambs and other food and fiber crops. Each plan is based on the physical factors of the farm or ranch, such as soils, slopes, and conditions of pastures, correlated with the operator's own methods and his knowledge of his farm or ranch.

Each plan contains maps showing fences, acreage by fields, amount of erosion, kind of soils and other factors which will help the operator analyze his place and apply proper conservation measures.

W. C. Parks, cooperating with the Eldorado Divide Soil Conservation District, three miles north of the Bailey Ranch school, planted 7 acres of Hubam clover Friday of last week. Parks planted 3 1/2 lbs. clover per acre in rows on the contour. A cane plate with every other hole stopped up was used to plant the clover.

Faull farm in the Bailey Ranch community, had terraces lines run on 175 acres of his farmland Monday of last week. MANY WRITE-INS IN SCHOOL VOTE EFFECT RESULTS

Numerous write-ins, and an avalanche of late-afternoon votes upset the dope on the school election Saturday, when only about 25 votes were expected, and about 200 were cast. Write-ins failed to change the Rural High School vote materially, but caused some upset to the county slate.

Six board members of the Rural High School District were re-elected: Jimmy West, Sam Oglesby, Horace Linthicum, S. D. Harper, Jerry Pennington and Dick Bearce. Henry Speck was elected a new member, replacing Jim Hoover.

Crosby on the ticket, and Precinct 3, with Lottie Reynolds running, had no votes cast and places will have to be filled by appointment.  From where I sit... by Joe Marsh
And That Ain't Hay — Or Is It?

I guess all of us secretly hanker from time to time, for the good old days and the good old-fashioned pleasures. Leastways, Buddy Richards done a thriving business reviving the old-time hayride.

With a team of horses, and a stout straw-bedded rack, Buddy can take as many as thirty adults — at fifty cents a head!

Two or three times a week they start from Town Hall, and go out along the river; stop for a friendly glass of beer at Shoreside Tavern;

and come home by way of Pound Ridge... nine miles in all.

Not very exciting, you might say. But from where I sit it's not excitement that we need these days—but those simple country pleasures that are part and parcel of America—the old-fashioned hayride, with its song and jollity; the horseshoe games; the friendly glass of beer; and the good companionship that they engender.

MY LAST COMPANION GONE

Some four or five years ago a half grown pup hung around my place two or three days, almost starved. I finally fed him and ever since that day he has been my good and faithful friend—until his death Friday by strychnine poisoning that some ruthless dog killer fed him.

Why they wanted to poison him I cannot say. He was tied at night and never molested anyone. In wanting to be with me all the time he was almost like a child. I had him trained to keep my chickens from straying to my neighbors, and if anyone came at night he barked and woke me up.

Two years ago he got a dose of strychnine near my house and I worked half a day to save him, but it seems someone was determined to get him eventually. At daybreak Tuesday I turned him loose and we went to the clinic. Near there I found a piece of liver, back up the street another, and the next day another piece between the two buildings. I kept him tied until 11:00 a. m. Friday and he never left the yard. Just before noon I went in the kitchen to get lunch and he came in and lay down at the back door. When he jumped up suddenly I knew he had been poisoned. I made him vomit and did all I could to save him but in less than ten minutes he was dead. I know the poison was left in my back yard and I will give \$50 for arrest and conviction of the poisoner.—H. Z. Pennington.

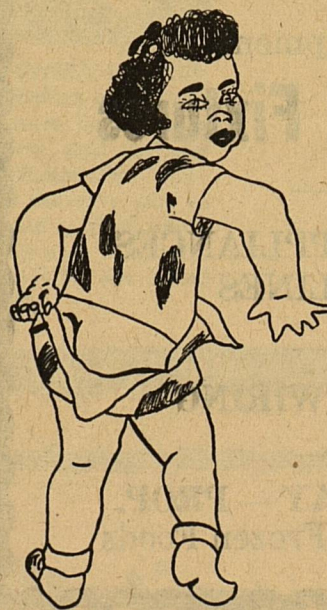

Twenty-six young people were present when Miss Jackie Henderson entertained with a dance last Saturday evening at the ranch home of her parents, Mr. and Mrs. Tom R. Henderson. The Easter theme was carried out in the decorations and punch and cookies were served.

Members of Brownie Patrols 1 and 2 enjoyed a hike, picnic supper and Easter Egg hunt Wednesday afternoon of last week. The children accompanied by their leaders, Mmes Palmer West, R. L. Ballew and Don Severns hiked to a place near the Payne Robinson farm where they played games, and hunted Easter eggs, followed by a picnic supper. Mothers present were Mmes. James Williams, Adams and Frank Reynolds.

Sing A Song
Sing a song of service,
Of cheap electric power—
Ready at your finger-tip
To lighten every hour!

MOTHER'S in the kitchen, dreaming up a meal. Grandma's in the laundry, busy washing clothes. Dad plugs in his razor, and whisks off his whiskers. Lights shine, the radio plays merrily, and Sister skims the cleaner across the bedroom rug.

This is a house with dozens of servants—dependable, willing electric servants—ready day and night to make work easier and life more comfortable. This is living the modern way—the electric way!

Yet how little it costs! Grandma can spin the dirt from six heaping tubs of wash—for only a penny! A few more pennies get Mother through her meal and Father through his beard, too. Sister can clean that rug and five others like it before her cent's worth of electricity is used up.

Dollar values for penny prices—that's the story behind every electric switch in your home. That's our song of service!

Bride Is Honored At Saturday Shower

Honoring Mr. and Mrs. Wm. W. Spurlock, Jr., members of the Presbyterian Auxiliary were hostesses at a gift shower Saturday afternoon in the reception room of the church. Mrs. Spurlock is the former Dorothy Jean Neill.

Greeting guests were Misses Edda Lou Meador, Danell Baker, Clara Lloyd Ochsner and Mrs. Gene Harvey, of Eldorado and Miss Betty Sue Nowlin of Pontotoc, school friends of the honoree.

Miss Oma Ford was at the guest register and Miss Bette Sproul presided at the coffee service and Miss Doris Calcote served cake. The lace covered table was centered with an arrangement of white carnations and rhododendrons in a silver bowl and flanked by tall white tapers in silver holders. The bride's cake was iced in white and decorated with a bridal bouquet and bearing the names "Dot and Bill" was placed at one end of the table.

Carrying out a pastel color scheme, the windows of the room were hung with pink and blue curtains, and pink and white carnations, lilacs and other spring flowers were used on the bride's table, the piano and about the room.

Sharing honors with Mr. and Mrs. Spurlock, who are both students at John Tarleton College, were the bride's mother, Mrs. J. L. Neill, her brother, Jack Neill, student at the El Paso College of Mines, her aunt, Mrs. John McLeod of Pontotoc, and her grandmother, Mrs. G. A. Neill of Eldorado; the groom's mother, Mrs. W. W. Spurlock, Sr., and his sister, Miss Norma Spurlock of Richland Springs.

Miss Frankie Thompson entertained with piano numbers and accompanied Miss Katharine Davis, who sang. Miss Spurlock also sang a vocal number accompanied by her mother.

Riedale West, Beccy Mund and Penny Childers representing Easter bunnies presented the bride with an Easter basket followed by a shower of gifts. Miss Thompson played "The Easter Parade" during this presentation.

Southern and Petty crews are expected back soon in Schleicher Co., as the lambing season here is nearly over.

Charley Daniels and family have moved to McCamey where Daniels has employment in a cafe.

\$10,000 of Income Insurance will provide a monthly check of \$100, as long as you live. If you don't want the checks when you reach retirement age, an attractive cash settlement can be arranged. Should death interrupt your plans, protection for a beneficiary is provided. Rates depend upon your age. At age 30, for example, you can put this program in effect by setting aside \$6 a week.

Just a Drop IN THE BUCKET

That's the way Jim always referred to the cost of his Southwestern Life Insurance. "From my pay check," says Jim, "I set aside ten per cent every month. It was just a drop in the bucket. I never missed it—less than a dollar a day—less than I'd spend on something I didn't need. But it created something real for me!"

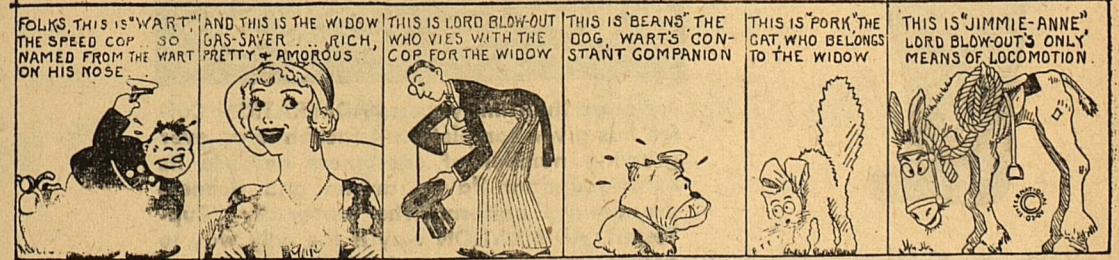

Jim is retired now. He quit work at 65. And now he's "living the life of Riley," playing a bit of golf now and then, hunting, fishing—doing the things he always wanted to do, and never found enough time to do before. His Southwestern Life policy made that possible.

You can get the same kind of insurance through Southwestern Life, and you can start your program today. It will take care of your family, should you suddenly be taken out of life's picture—and it will take care of you when you are ready to quit work. You can retire at 55, 60, 65, or at any age of your choice. Now, while you are earning, is the time to start your program. You'll never miss the funds you set aside out of the surplus income for this protection. Some day, they'll seem like "a drop in the bucket." Without obligation, ask for a descriptive outline covering your needs.

EGGS, a Dollar a DOZEN!

LAGGING CHICK SALES POINT TO SHORTAGE OF EGGS AND POULTRY BY FALL AS EXPECTED SURPLUSES FAIL TO DEVELOP

How much money could you make next fall if eggs were selling for a dollar a dozen? It could happen. In fact, in New York last week, the President of the Butter and Egg Merchants' Association said it may happen.

IT MAY HAPPEN! WHY?

Because every sign today points to a shortage of eggs and poultry next fall.

Two months ago—even 30 days ago—nobody would have believed such a prediction. Folks were talking of an egg surplus. The Government said it would support the price of eggs. But what has happened—?

There is no surplus. Eggs are disappearing as fast as they are being laid. And far too few baby chicks are being started to meet the demand for poultry and eggs next fall.

Poultry experts don't need a crystal ball to predict this coming shortage and high egg and poultry prices. They just look at these cold facts of the U. S. Dept. of Agriculture which tell the story:

These Facts Point To High Egg and Poultry Prices

- At the season when eggs would normally be moving into storage in great volume, stocks of shell eggs are dwindling. In February this reduction amounted to 70,000 cases. On March 1 there was only about half an egg in storage for every American. A year ago there were 1½ million cases—ABOUT SEVEN TIMES AS MANY.
- Frozen eggs in storage decreased by 7 million pounds in February as compared to an increase of 6 million pounds in February a year ago.
- Egg production in February was 4% below a year ago due to 6% fewer layers.
- Americans are eating eggs at a record rate because of high purchasing power and high meat prices.
- There were 55 million fewer chickens on farms January 1st than there were a year ago.
- Virtually all signs point to an excellent grain producing season in 1947 which normally means lower feed prices. A record wheat crop and another 3 billion bushel corn crop are forecast.

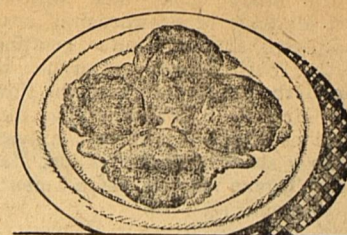

IT'S A GOOD YEAR TO START CHICKS

Yes, eggs may sell for a dollar a dozen next fall, but you'll have to start chicks this spring—to cash in on this golden opportunity.

Our advice is to buy good chicks and start them right. Feed them Purina Chick Startena to get them off to a flying start. It's America's Favorite Chick Starter for Life and Growth and this year it's the BEST Purina EVER made. We have a good supply in stock. Come in and see us for all your chick raising needs.
