

House May Force Senate's Hand On Farm Prices

Plan Would Allow Supports To Sag Until Late 1950

WASHINGTON, Oct. 17. (AP)—Two senators suggested today that House members may be handling farm legislation so as to allow a sag in farm prices early next year.

The senators, Democrat Elmer Thomas of Oklahoma and Republican Young of North Dakota, are members of a Senate-Home Conference Committee which has had a hectic time trying to patch up differences on a new farm measure. Lack of agreement is one of the things holding up adjournment of Congress.

Thomas and Young reasoned that House members of the committee might go through with a let-supports-sag plan in order to force senators to go along with a higher-level price support program later in 1950.

There was no comment from the House members. Rep. Paul (D-Ga.) limited himself to saying: "I do not regard the situation as hopeless. There are 14 sincere members of Congress trying to work out their differences, and I still believe they will."

If these 14 members of the conference committee do not get together and no bill is passed, then the Aiken Act of the 80th Congress will go into effect in January. This eventually was the basis for the senators' talk of a possible deliberate drop in the supports, since the Aiken Act in some cases would permit lower levels.

The conferees called a fifth meeting today for another effort to get a compromise after a reported agreement Saturday blew up with a bang.

The main dispute centers around the level of government supports for cotton, wheat, corn, rice and peanuts, five of the six so-called basic crops. The steel, tobacco, wool and sugar level supports at 90 per cent of parity if growers continue to approve marketing restrictions as they have in the past.

Guitar Gin Plant At Coahoma Is Gutted By Blaze

COAHOMA, Oct. 17.—Fire consumed the Guitar Gin plant here early Sunday.

The blaze was discovered at 4 a. m. and by the time firefighters, the Coahoma department aided by the Big Spring unit, arrived the main building was flaming throughout the interior.

Work of the firemen, said Howard Reed, manager, saved the seed house, with about 135 tons of seed, the engine room and the office.

There was no estimate of loss immediately. Monday work was started toward rebuilding the lost unit and will be rushed in an effort to put the gin back into operation in time to help process the current bumper crop. There was no indication as to how the fire started, said Reid. The gin had been shut down at 7 p. m. Saturday for the weekend.

Callaway Returned Here In Slaying

David C. Callaway, charged with the murder of Hope Leonard, has been returned here from Fort Worth where he was picked up on suspicion of robbery.

Callaway was identified in a police lineup by local witnesses who insisted they saw him with Leonard the night before the latter's body was found near a west-end liquor store.

Officers Baffled Mountain Feud Takes Still Another Life

DAISY, Tenn., Oct. 17. (AP)—Daisy Mountain's moonshine feud, bid fair to take its place with the famed Hatfield and McCoy squabble in southern mountain history.

Sprawled during a drive over the making of corn whisky and fanned by bitter hatred, the feud flamed anew over the week end. Another man was killed on the lonely mountainside—the third to die since the hill country feud was begun two years ago.

'CLOSE TO JESUS NOW'—Six-year-old Janet Latsha, who doctors say is dying of asthma, is shown after she flew to Albuquerque, N. M., in hopes she will improve. The daughter of Mrs. Wilma Latsha, Sacoche, Tex., (left) she will be cared for by the Catholic Sisters of Charity, above, who would not be identified. On the flight from Oklahoma City, Janet said she is "close to Jesus now." Her mother will work in the hospital. (AP Wirephoto)

VIOLENT DEATHS HIT 18 IN TEXAS

By The Associated Press
At least 18 persons died violently in Texas over the week-end, eleven in traffic accidents, a car crashed into the caboose of a parked freight train at a Missouri Pacific crossing in Odem Sunday, killing two women. They were Mrs. Ruby Hart, 29, of Redford, and Mrs. Geraldine Dehm, 29, of Woodsboro. Mrs. Hart's husband, Herman, 33, was critically injured. Their nine-year-old daughter, Bobbie Pearl, received head and leg injuries.

Adrian Allen, 24, of Tyler, killed Sunday when a train hit his car on a crossing within the city limits.

Jim Hapshe of San Antonio died Sunday in the cab of his truck when he left the highway, overturned and burned 11 miles east of Sanderson.

Horner Alex Green, of Palestine, a locomotive fireman, was killed about midnight Saturday, when his stripped-down car overturned, killed R. A. Poonen, 79, Saturday at H. L. Barber, 78, of near Tyler, was killed Saturday night in an automobile wreck which also injured six persons.

A shot from a .38 caliber pistol killed R. A. Penn, 79, Saturday as he bowed his head in prayer at a street-side religious service in Atlanta, Tex. Jess Warren, 73, of near Atlanta, was charged with murder.

Donald Williamson, 24, was shot to death as he stepped from a barbershop in Terrell Saturday. Oscar Truett Wilson, 29, who lives on a farm near Terrell, was charged with murder.

Arthur F. Rhodes, 35, of Dallas was fatally injured in a motorcycle wreck.

Mrs. Kate Coker, 71, of Pearshall was killed when struck by a car near her home. The driver said he was blinded by oncoming headlights.

Edgar Allen Folts, 26, Dallas accountant, was killed when his car overturned near Midlothian.

Audrey C. Campbell, 49, a laborer, was hit and killed by a passenger train as he walked along the Southern Pacific right-of-way in North Corsicana Saturday.

Edward Grayson Grounds, 19, of Dallas plunged from the observation level of the University of Texas at 27-story main building Saturday night. An inquest verdict was to be returned.

Leonard Edward Davis, 21, of Houston died of a crushed skull after the car he was working on fell on him. Davis had the car jacked up.

Mrs. Cora Lee Tabor, 43, of Houston was killed by a hit-and-run driver Sunday.

Enoch E. Green, 35, was shot to death Sunday in his Houston cafe. A four-time ex-convict, arrested at the scene told police he did the shooting.

Leslie Young, about 32, a cotton field hand from Austin, was stabbed to death Sunday in a farm near Haskell. Officers held another Austin man.

Author Wesley Cavitt, 26, died Sunday from injuries received in an accident. His right arm was cut off at the elbow in a gin saw Saturday.

Strike Idle In America Nearing Million Mark

16,000 Aluminum Workers Walk Off Their Jobs Today

PITTSBURGH, Oct. 17. (AP)—America's strike idle neared the million mark today as 16,000 CIO members struck in nine plants of Aluminum Co. of America.

The aluminum workers joined 480,000 striking steelworkers and 380,000 striking soft coal miners.

More than 55,000 workers in allied industries have been laid off. Some steelworkers' members in the fabricating steel industry—which makes everything from hairpins to refrigerators—struck during the week end. Other fabricators' contracts expire from now until mid-December.

There's still no sign of peace in labor's biggest conflict since the end of World War II.

The government is gravely concerned. The walkouts threaten to knock post-war economy into a coked hat.

Secretary of Commerce Sawyer said yesterday the steel strike will idle five million persons if it runs to Dec. 1.

So far, President Truman has kept on the sidelines. His mediators are pointing away at the problem—but with little success.

The mediators tried to head off the steel strike three times. Now they're trying to get industry leaders and steelworkers' president Philip Murray back to the bargaining table.

"It's in the lap of the gods," Murray said yesterday as he discussed possible strike settlement in a talk at Bethlehem, Pa.

Pensions are the big issue in the aluminum company strike, just as they are in the steel strike.

Murray insists industry pay the entire cost of a pension and insurance program—exactly as the presidential fact finding board recommended.

Big steel has offered to pay the 10-cent package recommended by the board—but not unless the steelworkers contribute too.

Numerous Auto Mishaps Are Reported Here

A half-dozen automobile mishaps in and near Big Spring over the weekend kept local authorities busy.

Grady Wilson suffered face and body lacerations when a car he was driving hit a bridge near Sand Springs about 10 p. m. Sunday after blowing out a tire. Wilson was uninjured but his vehicle was damaged to the extent of \$1,000.

C. G. Payne and Bernice C. Williams, both of Colorado City, suffered bruises when their machine ran under a truck parked near the Knott turnoff north of town. Their vehicle was a total loss. The accident occurred at about 7:30 p. m. Sunday.

A car driven by J. C. Duncan sideswiped a machine containing James A. Kuhena and Jimmy Cecil Holladay near Ellis Homes at 8:07 o'clock Sunday evening. None was injured but damages totaled about \$200.

Walter Carl Boone was the driver of a car that collided with a vehicle driven by Pedro Morales at the Forsan intersection on highway 87 at 9:15 a. m. Sunday. Owners said their cars were damaged to the extent of about \$500. No one was hurt.

An accident involving W. N. Hayden and Frank Albarado occurred some two miles north of Big Spring on the Snyder road at 4 p. m. Sunday. Damages were estimated at \$1,500.

Dave Sosa was involved in a collision with a car driven by a Negro in the northwest section of town Sunday but no injuries were reported.

Search Still On For Wanted Man

DALHART, Oct. 17. (AP)—Roadblocks were still up in the Panhandle today for Leonard (Lucky) Hawkins, 34, wanted for charges of murder and armed robbery.

Hawkins was reported seen at a liquor store north of here late Saturday night.

He is charged with the fatal shooting of Alfred Clark, 23, Boise City, Okla., whose body was found last Wednesday near Jerseyville, Ill.

Gunman Escapes

FORT WORTH, Oct. 17. (AP)—A youthful whispering gunman escaped with approximately \$400 in cash at 3 o'clock this morning after forcing Mrs. John Losero to empty the cash register and safe at the B&B Coffee Shop here.

Army Accused Of Crippling Marines

Reds Occupy All Canton, Prepare For New Drives

CHUNGKING, Oct. 17. (AP)—Canton slipped quietly into the widening orbit of Red China today and Nationalists asked "where next?"

Some quarters predicted twin Communist drives to knock out the government once and for all—against Chungking, the new Nationalist capital; the other, Kunming nearly 400 miles southwest.

The Reds already threatened several minor Nationalist positions along the east coast. Official reports said the Communist in a big amphibious operation established a beachhead on the northern corner of Amoy Island, about 300 miles northeast of Canton. About 1,200 others landed at Kulangsu, between Amoy and the mainland.

The British Steamer Anhui, carrying 1,400 passengers, was caught in the crossfire of an Amoy artillery duel yesterday. It returned to Hong Kong with three Chinese dead and 24 wounded.

Three U. S. representatives arrived here today—first foreign diplomats to reach Chungking since its re-establishment Saturday as the capital. A chartered plane brought U. S. Charge d'Affaires Robert Strong; Second Secretary Robert Hinden and Supervisor of Communications Lawrence Norton.

Press dispatches reported that Gen. Hsueh Yueh, governor of Canton's Kwangtung province, and other high officials of the provincial government had arrived at Hsain Island.

There was no mention of Gen. Yu Han-Mou, Nationalist military commander of Kwangtung, rumored to have gone over to the conquering Reds.

Iron Lung Fund Is Hiked To \$674.50

Contributions to the VFW Iron Lung Fund edged forward to reach \$674.50 today.

This was about 30 per cent on the way to the \$2,200 goal set by the VFW post and the junior chamber of commerce, co-sponsors of the campaign to provide a second iron lung for the county.

Among the latest donors were the Forsan Service Club, \$50; Tennessee Dairies and Jack Bennett \$20; G. L. Monroney \$5; Fairview Home Demonstration Club \$5.

Checks should be made to the VFW Iron Lung Fund and left at the Herald or KBST.

YMCA Directors To Meet Tuesday

Regular monthly meeting of the board of directors for the YMCA has been set for Tuesday in the Douglas hotel.

Walter Reed, president, said that the meeting would be a dinner affair starting at 6:30 p. m. It is, he said, an especially important meeting. Accordingly, all members of the board are being urged to participate.

READY FOR DISCHARGE—U. S. Senator Arthur H. Vandenberg, Republican foreign affairs leader, is shown ready to leave University Hospital, Ann Arbor, Mich., for his home in Grand Rapids, Mich. GREEK CONFLICT HALTED

New War Outbreak In Indonesia Seen

The fires of war were reported to have banked for a while in Greece today but across the world in Indonesia they threatened to flare up again with new intensity.

The Communist-directed Greek rebel army broadcast an announcement that it was stopping military operations in the bloody civil war, because it didn't want to destroy Greece.

The Greek general staff wasn't impressed. The Rebels were stopping, it said, because they were already licked.

The cease fire corresponded with moves in the United Nations of Greek relations with her Communist neighbors. A special U. N. group has drawn up suggestions for resolving the fight, based on charges that Albania, Bulgaria and Yugoslavia have aided the Greek guerrillas.

The broadcast made it clear that the cease fire was linked to the steps being taken at Lake Success. It said that Russia now is negotiating a peaceful settlement of the Greek question.

In Jogjakarta, Java, the Indonesian Republic's Minister of defense expressed fear, that open warfare would break out again in Java and Sumatra.

Said Sultan Hamengkijuwono: "The rapidly deteriorating situation in East Java is full of explosive possibilities, and if the Dutch continue to be unreasonable it is feared an armed clash is not only inevitable but will soon spread to the whole of Java and Sumatra."

The Dutch replied with a charge that the Indonesian Republic was putting through a "master plan" to encircle the Dutch army and accused the sultan of violating the inflammatory statements.

Partly Cloudy Is Texas Forecast

By The Associated Press
Texas skies were expected to be partly cloudy tomorrow with scattered showers in the Pecos Valley and westward this afternoon and tonight.

Today a few light showers were reported in the extreme southwest, mostly in the Guadalupe Mountain area.

Clouds are expected to move into East Texas tonight and tomorrow with higher temperatures tonight.

Low temperatures overnight were 45 in Dalhart and 68 at Brownsville. High readings yesterday were 90 at Presidio and 72 at Guadalupe Pass.

All mid morning today temperatures were in the upper 50s in the Panhandle and near 80 in the lower east. No important temperature changes are forecast.

Head Of Corps Asserts Combat Power Menaced

Reductions Draw Blast From Cates In House Hearing

WASHINGTON, Oct. 17. (AP)—Gen. Clifton B. Cates, head of the Marine Corps, accused the Army high command today of trying to wipe out the "combat power of the Marine Corps."

Cates told the House Armed Services Committee that the combat morale of his fighting force still is high.

But substantial harm has been done to the national defense, he said, by "crippling handicaps" inflicted on the Marine Corps through Pentagon policies.

Reductions, he said, are "striking into the heart of our combat forces."

Cates was a witness at the House group's hearings on the row within the armed services. The Navy is battling against policies which, it contends, build up the Air Corps at the expense of the Navy.

Admirals argue that in high defense councils the Army and the Air Force have joined up to outvote the Navy.

Cates and Gen. A. A. Vandegrift, a former commander of Marines, were called as the last witnesses for the Navy. Next the committee will hear the other side of the dispute from Air Force and Army men.

Adm. Louis E. Denfeld, chief of naval operations, told the committee last week that there have been moves to strip the Marines of their amphibious warfare. He noted that the unification law does not permit a major change in functions without approval of both the House and Senate Armed Services Committees.

However, Denfeld added, attempts at limiting functions have been made by misinterpretation of the language in regulations. He said naval aviation and the Marine Corps can be put out of business if the money to support them is choked off "in the councils of the department of defense."

JP Court Has No Lack Of Business Over Week-End

Justice court was a busy place over the week-end.

A dozen persons, most of them Latin-Americans, were haled before Justice of Peace Oren Leonard on charges of driving while under the influence of intoxicants and each fined \$1 and costs.

They were Lutarlo DeLeon, Colosimo Alvarez, Dan Martinez, Sufferin Suberter, Ramon Tadea, Blas Dominguez, Conophon Lopez, Amalio Larrino, Francisco Gonzalez, Vadell Moore, Onis H. Parker and Domingo Salinas.

Two persons charged with fighting, C. R. Mallow and L. O. Daugherty, were fined \$1 and expenses.

Joe Nunez, accused of taking part in an affray and resisting an officer was fined \$50 and expenses.

Checks, Cash Stolen

Two checks for \$2.55 each and about \$25 or \$30 in cash were taken from a building near the new VA hospital, Roy C. Hoover of Royal Electric company reported Sunday, police said. Hoover said he thought the loss occurred between Thursday evening and Saturday at noon, officers said.

IT'S A BOY

Stork Wins In Race With Airliner Pilot

SHANNON AIR BASE, Ireland, Oct. 17. (AP)—The stork raced an American overseas Airlines pilot over the Atlantic Ocean today—and the stork won.

A baby boy was born to Mrs. Darinka Parker of New York City while the Constellation roared at full throttle 400 miles from Shannon. Both the mother and child were reported well. The baby's weight was given as four pounds.

When the crowded transport made its regular stop here the mother and child were taken to a hospital.

The 20-year-old mother, a GI bride from Bavaria, was quoted as saying: "I hadn't expected the baby for another month and a half." Her husband still in the U. S. Army is stationed at Weishaden, Germany.

Time At Hand For Planting Bulbs.

If you wait until mid-winter to haul out the old seed catalogue to get the flower fever you'll be too late to get in on the early spring splash.

Bulb planting season is right at hand, and Caroline's Flowers, 1510 Gregg, has a big stock of sound and robust bulbs available for your use now.

Included are such beauties as the famous King Alfred daffodils, a variety of hyacinths in all colors, lilies and paper white narcissus.

The tulips come in red, yellow and in a special double tulip flower. Blossoms are large, luxuriantly waxy and like a picture.

Carrie Scholz, owner of the flower shop, also has laid in a good supply of random bulbs for rock garden use. The assortment is ideal for miscellaneous plantings for a pleasant blend of color and bloom.

Pansy plants are due soon, and by Nov. 1, when planting on these beautiful and prolific flowers should begin, there will be an adequate supply.

All the bulbs are mature and thus give assurance of large and rich blossoms next spring. There's no waiting an extra year when bulbs of the quality of those at Caroline's are used.

The cut flower season is placing emphasis on big and puffy mums. Carnations are in season along with roses and asters. Gladioli, of course, are always good.

READY FOR WINTER—Fleet of delivery and transport trucks of Smith Butane company has been ready for the increased winter demands. At the same time S. M. Smith, owner, has made arrangements for adequate supplies to meet the domestic, commercial and industrial demand before the first blue northern howls off the Cap Rock. The offices are conveniently located at the north end of the Lamesa highway in the city limits.

Driver White Adds More Personnel

New personnel has recently been added to the Driver White Truck company, 1600 East Third street, so that the concern can keep abreast of its commitments during the busy months ahead.

On duty at the local truck repair shop are Manager Bob Kehley and two parts department employees, Tom Walker and Tom Weaver.

Truckers will find they can get complete service at the Driver concern, if their vehicles are all-purposes or in need of new parts. Employees of the establishment are prepared to do everything to incoming vehicles from washing and greasing to complete overhaul.

Engine changes are accomplished with a professional approach.

The Driver company is commissioned to sell a complete line of diesel engines for trucks.

The "3099" truck, rapidly becoming famous where ever it is used, is sold through the local establishment. Interested persons can pre-view the various models of the carrier by conferring with Curtis Driver, owner and manager of the establishment.

Truck beds made to specifications is another feature of the Driver service.

Driver personnel is subject to 24-hour call and accepts night assignments in emergencies.

Business telephone number of the company is 1581.

Complete Feed Line Made Available By Nicholson's

Every feeding need of the poultry and dairy man can be filled at the Nicholson Feed Store, 602 N. E. 2nd street.

Featuring El Rancho feeds, Nicholson has a good variety of several other brands, including those from the Stamford Milling company and the C. I. Green Milling company of Winters.

Nicholson has mash grain, mixed feeds, and ground oyster shell for poultry flocks, and cake, pellets, and ground feed for all kinds of livestock. Feed can be secured in 100 pound bags or in larger quantities.

Located in the Co-op Gin building on N. E. 2nd street, the Nicholson docks afford plenty of space for loading or unloading, whether by truck or by rail.

During flight and was making his landing approach when the plane went into a spin and caught fire.

Mrs. Kemble and her two children were at Tussell Field waiting for Kemble to land.

"I saw him spin down," she said. "I could see the flames. And then I saw the puff when he hit."

W. P. Robertson and his wife saw Kimble crawling through a barbed wire fence. They drove him to the hospital where he was treated for burns on the face and lower legs and for a scorched face.

pickup, trailer or truck is used. Courteous attendants are on hand to wait on customers.

The Nicholson store opens early and remains open until after most business close for the benefit of those who wish to secure feeds on the way out of town each evening.

Farmers bringing cotton to local gins are invited to drop by and inspect the variety of feeds on display at Nicholson Feed store, and to load up on the way home.

The concern is only a few blocks away from all Big Spring gins.

During planting seasons, Nicholson also maintains supplies of all planting seeds used in this area. Poultry feeding and watering equipment is stocked for the benefit of poultrymen.

Facilities At Nalley's Ample For All Needs

The Nalley Funeral Home, an institution that has developed an enviable reputation in Big Spring, is thoroughly equipped to provide outstanding community service down to the smallest detail.

Facilities at Nalleys are modern in every respect, yet they are designed to preserve dignity and confidence on a level that is highly desirable in that type of establishment.

The Nalley Chapel lends itself fittingly to any type of service. At Nalleys nothing is overlooked when the establishment's services are required, and Mr. and Mrs. C. U. Nalley, owners, are constantly on the alert for any opportunity to improve their service. The chapel now is completely equipped, with a Hammond electric organ available for use in services whenever patrons desire it.

The professional staff at Nalley's is composed of J. C. Pickle and Joe Bunch, both licensed morticians, in addition to Nalley himself.

The Nalley Funeral Home also provides emergency ambulance service in this area, using modern vehicles for that purpose.

Wife Sees Mate Crash In Plane

FORT WORTH, Oct. 17 (AP)—Joe Ray Kemble crawled away from a burning biplane his wife saw spin to earth.

"I don't know how I got out of that plane," the Army reserve pilot told her yesterday. "I guess the Lord helped me."

Kemble was on a routine training flight and was making his landing approach when the plane went into a spin and caught fire.

Mrs. Kemble and her two children were at Tussell Field waiting for Kemble to land.

"I saw him spin down," she said. "I could see the flames. And then I saw the puff when he hit."

Northwest Texas Methodists Set Mass Meeting In Lubbock This Week

Big Spring Methodist pastors, the Rev. Aisle H. Carleton, First church, and the Rev. C. C. Hardaway, Wesley Memorial, and the Rev. I. A. Smith, Park church, and other Methodist leaders representing nearly every community in the northwest Texas conference will attend an Advance mass meeting at the First Methodist church in Lubbock, Texas, on Oct. 20-21. Bishop William C. Martin, resident bishop of the Dallas area and national chairman of Methodism's four-year program, Advance for Christ and His Church, will direct the meeting.

The Advance program represents Methodism's positive thrust at secularism and indifference and has the purpose of a deeper understanding of the basic elements of the Christian faith.

Garden City Notes

GARDEN CITY, Oct. 17 (Sp)—Junior Shumaker was in Garden City Tuesday and Wednesday for a visit with his parents, Mr. and Mrs. P. M. Cunningham. He came here from Fort Bragg, North Carolina, where he is stationed with the paratroopers. He was one of the group that made the mass jump when President Harry S. Truman reviewed the paratroopers in Shumaker's camp the first of the month. Unless orders are changed, he will be sent to Germany soon. He has served four years in the Army and during that time has been in every state in the Union with the exception of two. He has been in several foreign countries, too.

O. L. Rich left Friday morning for Devil's Lake, where he will fish for a few days. J. A. (Shorty) Bigby is in Temple for a physical check-up. J. L. Parker and Mark O'Bannon were in Abilene Friday to see the Abilene-Odesa game. They went to Fort Worth Saturday where they witnessed the TCU-A&M game. They returned home Sunday.

RIBBON RAMBLINGS

By Mildred Young

We've heard of everything now. The Poultry and Egg National Board is sponsoring a Fowl Fashion Show. Object of the contest is to find the ten "best-dressed fowl," chicken, duck or turkey in the country and from among those ten to make a costume to be exhibited on a live, healthy chicken, duck or turkey. Costumes must be made from poultry feed-bag material of any kind or color. Contestants may submit as many costumes as they wish, but each costume must have its own fowl on which to be exhibited. Costumes may be of any design from overalls to a play suit, a street dress or a "formal gown." Costumes will be judged on originality of design, fit and workmanship.

Big Spring's American Association of University Women chapter will have the annual membership tea Thursday at 8 p. m. in the Settles Hotel. Membership in the chapter is not by invitation only. Any person living in Big Spring or the immediate area and who is a graduate of an AAUW approved college or university may join the local chapter. Texas colleges which are approved include: Texas State College for Women and North Texas State College, Denton, Texas; University of Texas, Austin, Texas; Christian University, Fort Worth, and Southern Methodist University at Dallas. Mrs. K. H. McGibbon, phone 1109, is the local membership chairman and will be happy to talk to local women who are not sure they are eligible for membership.

Big Springers still have an opportunity to join the Town Hall Association. Tickets may be purchased at the first performance Tuesday at 8 p. m. in the municipal auditorium.

Wesley Methodist Mary Martha class will have a monthly party and business meeting in the home of Mrs. B. A. Graham, 1005 Wood, Thursday at 7 p. m.

DP Bill's Passage 'As Is' Demanded

WASHINGTON, Oct. 17. (U.P.)—The Citizens Committee on Displaced Persons wants the Senate to pass next January the now-shelved DP bill "as it stands."

The legislation to bring in additional thousands of homeless Europeans to America, said this private group, should not be "mutilated and emasculated beyond recognition as the apparent attitude of Sen. McCarran would portend."

The committee statement was distributed from New York last night by Earl G. Harrison, chairman. Harrison urged Senate passage of the House-approved Celler bill "as the one measure that can liberalize the discriminatory DP act of 1948."

The Senate voted Saturday night, 66 to 50, to send the measure back to its judiciary committee. It recommended return of the bill next Jan. 25.

Chairman McCarran (D-Nev.) of the judiciary committee, now traveling in Europe, had urged that the Senate take no action this year. He said the objectives of the bill, written by Rep. Celler (D-N.Y.), is to destroy immigration barriers and flood the country with aliens.

During debate on the bill, Sen. Cain (R-Wash.) criticized the citizens committee headed by Harrison as a powerful lobby. Its statement last night said that among backers of legislation to amend present laws were the AFL, the CIO, the U. S. Chamber of Commerce, and major religious groups.

President Truman also backed the bill. He charged that existing

DP legislation is "anti-Catholic and anti-Semitic." McCarran, himself a Roman Catholic, denied this charge.

The bill would raise the number of European war refugees who can enter this country from the present 205,000 in two years to 339,000 in three years.

For practical purposes the Senate action gave the bill an unofficial standing about third among next year's Senate issues.

Leaders have promised a House-approved oleomargarine tax repealer will be the first to see Senate action in the second session of the 81st Congress. They also have put civil rights legislation on the list for speedy attention when Congress returns.

Saturday's victory for critics of the displaced persons bill was discounted by Sen. Myers of Pennsylvania, the assistant Democratic leader.

"He told reporters he thinks that when the Senate takes it up again the bill will get overwhelming approval."

He added that many of those who vote to shelve it temporarily did so not because they were against the bill, but because they wanted to speed the adjournment of Congress. Opponents had threatened lengthy talks which might have cut off quelling time for several days.

Sen. Ives (R-N.Y.), a supporter of the bill, said it may be next March or April before proponents can get it up again.

Light Bomber Crash Kills Five

RIVERSIDE, Calif., Oct. 17. (U.P.)—A B-26 light Air Force bomber from Wichita Falls apparently lost in fog, crashed into high tension wires near here last night, killing five persons.

Four of the bodies, one a civilian, were recovered from the wreckage. The aircraft, which did not burn, sprayed gasoline around the area, making it hazardous to search for bodies. Police said the body of a fifth man, known to be aboard, was not found but believe there was no chance he survived.

The bomber was en route from Williams Air Force Base in Arizona to Long Beach, Calif., when it hit the 42,000-volt wires. It crashed 300 feet into a ravine in the hilly section.

The plane was due at Long Beach at 5:03 o'clock Saturday afternoon but the wreckage was not discovered until 9:30 o'clock last night by power company crews seeking the cause of an electric blackout.

Names of victims were not disclosed pending notification of next-of-kin.

Boy Kills His Young Brother 'To End Misery'

LOS ANGELES, Oct. 17. (U.P.)—Police today said that a 15-year-old boy killed his 10-year-old brother who lay groaning from an accidental bullet wound suffered only moments before — "to put him out of his misery."

Dead with two bullets in his head is Robert James Elliott. His brother, Richard Manning Elliott, 15, is booked on suspicion of murder.

Police Lt. Edward Ream gave this account:

The two brothers, alone in their home last night, watched a western movie on television. Afterwards, the older boy showed his brother an old-fashioned .32 caliber revolver he had bought from a school friend for \$6 and had kept secretly in his room.

As he took the gun from a drawer, it went off.

"Robert fell down groaning," Lt. Ream said. "I couldn't stand to see him suffer like that. I backed up two or three steps."

"I shot him again in the head to put him out of his misery," Richard then told West Los Angeles police and sobbingly reported.

"I have just shot my brother."

MEXICAN LAD SHOWS THE STUFF OF WHICH GOOD NEIGHBORS ARE MADE

OKLAHOMA CITY, Oct. 17. (U.P.)—Dolores, a Mexican lad, adheres strictly to the good neighbor policy.

That's what a young Oklahoma City National Guard flier says about him.

Lt. James Risner made a forced

landing recently about 130 miles south of the Mexican border.

He made it to Tampico on horseback and by truck. Before he left he asked Dolores to keep an eye on the plane until he got back.

Dolores took him for his word. Two weeks passed before Army officials ordered the stranded plane picked up by a cargo plane.

When the six-man crew reached the beach-ridden fighter plane, Dolores popped out from the shade of the wings.

He'd been there 14 days. The airman learned that friends brought him food and drink while he kept his promised vigil.

Keeping up their end of the good neighbor policy, the Americans gave the lad Army clothes, a few trinkets from their plane and \$4 in American money.

He was mumbling happily when they left, Risner related.

NEHRU FINDS VISIT TIRING

NEW YORK, Oct. 17. (U.P.)—A six-day whirl of greetings, hand-shaking and sightseeing on his goodwill tour of America has India's Prime Minister Jawaharlal Nehru just a bit worn.

Grinning tiredly, he told a friend: "No one should have to see America for the first time." This is his first visit.

Kills Self After Raping Daughter

JEFFERSON, Md., Oct. 17. (U.P.)—Harold W. Carder, 36, shot himself to death early today as state police tried to break in the door of his barricaded bedroom to arrest him on a charge of raping his 14-year-old daughter.

State Police Capt. Charles W. Magaña said Carder's wife and daughter swore out the warrant after doctors at Frederick Memorial Hospital examined the girl and found she had been raped.

When three state troopers went to Carder's home, he ran upstairs and locked and barricaded the door. As the troopers tried to force their way in, he shot himself with a .22 caliber target pistol.

Foster Says Reds Will Carry On

NEW YORK, Oct. 17. (U.P.)—Communist National Chairman William Z. Foster says his party "will continue to function as an American working-class political party" despite the conviction of 11 of its top leaders. They will be sentenced Friday.

The statement was made last night after a week end of conflicting opinions here and abroad, on whether the convictions would outlaw the party and lead it to go underground.

Hurricane Weakens

WASHINGTON, Oct. 17. (U.P.)—A small hurricane which sprang up this week end in the Atlantic Ocean grew weaker today and was expected to die out today. The center of the disturbance was reckoned about 330 miles northeast of Bermuda just before last midnight. It was moving east northeast at about 20 miles an hour.

'Miki' Invasion Fleet Again Evades Subs

ABOARD THE USS ELDORADO, Oct. 17. (U.P.)—The "Miki" invasion fleet on its way to recapture Hawaii from "aggressor" forces averted attack by "enemy" submarines yesterday for the second straight day.

Two "aggressor" subs were claimed sunk by hunter planes with the 96-ship task force only two days out from California in the biggest overseas maneuver since the war.

Thus far the "enemy" undersea craft have not been able to deliver.

Rear Adm. B. J. Rodgers, task

force commander, used course shifts, radar-equipped hunter-killer planes and destroyers in eluding his undersea "enemy."

Advising Rodgers was Cmdr. John S. McCain, Jr., of North Carolina, Miss., who skippered subs in the North African invasion.

A Douglas Skyraider flying from a "steep carrier caught an 'aggressor' sub surfaced at dawn. The new type carrier attack bomber satisfied "Miki's" umpires its attack destroyed the sub.

Capt. Carl F. Stillman, chief naval umpire, observed that such hunter-killer planes could employ weapons far more lethal than ordinary depth bombs against submarines.

Stillman did not describe the weapons.

A Navy-manned flying fortress from Miramar Naval Air Station sank an "aggressor" sub Saturday with a similar attack.

Security from attack by greatly improved submarines, McCain observed, is the most dangerous problem the U. S. Navy has to contend with.

"We'll get a real test of anti-submarine warfare tactics, before we get to Hawaii," the commander said.

Landlord Kills Tenant, Himself

BIRMINGHAM, Ala., Oct. 17. (U.P.)—An enraged landlord killed a woman tenant, wounded her husband and baby, fired on two ambulance drivers and then killed himself yesterday. Police blamed the shooting spree on an argument over heating the tenants' apartment.

Coroner J. L. Hilderbrand called it murder-suicide and said no further inquest will be held.

Detective Capt. Marcus Hancock said Frank E. Cheney, 53-year-old postal clerk, killed himself after shooting Mrs. Hazel Greer, 26, and wounding Floyd E. Greer, 26, and David Greer, 11 months. Greer is an aero-mechanics student.

The shooting occurred almost on the Greer's wedding anniversary. They were married two years ago today.

Cheney was an Army captain in World War I. He joined the Seabees during World War II after his daughter WAC Lt. Naomi Cathleen Cheney was found strangled near Sioux Falls, S. D., in November, 1943.

Mrs. Cheney said she ran from the house when her husband started shooting.

The detective captain quoted Mrs. Cheney as saying her husband "was pretty much crazy, and kept two guns and some dynamite in the house."

"I was afraid something like this would happen," she sobbed.

Byrnes may run for S. C. Governor On States' Rights

SPARTANBURG, S. C., Oct. 17. (U.P.)—Former Secretary of State James F. Byrnes says he may run for governor of South Carolina on the principle of states' rights.

But his statement yesterday did not refer to the states' rights platform on which Gov. J. Strom Thurmond of South Carolina ran for the presidency last year.

Breaking silence on his political plans for the first time since he resigned from the cabinet two years ago, Byrnes told the Spartanburg-Herald in an interview at his home here:

"A very important question (is) whether one as governor could secure the co-operation of other governors in arousing the people of the nation to hold the line against further encroachments upon the rights of states."

Byrnes has recently been critical of what he called a trend in federal government toward a welfare state. He will address the Southern Governors Conference at Biloxi, Miss., on Nov. 21.

Thurmond's term as governor expires in January, 1951.

Senate Leaders In Drive To Get Military Money Bills Approved

WASHINGTON, Oct. 17. (U.P.)—Senate leaders opened their last round drive today to push two big military money bills through Congress in the next 48 hours.

Chairman McKellar (D-Tenn.) said he is hopeful the Senate Appropriations Committee will get prompt agreement on these two measures:

(1) The \$1,214,010,000 program for strengthening the defenses of western Europe and other non-Communist countries.

(2) The multi-billion dollar appropriations for the Army, Navy and Air Force.

"I think we can reach agreement in a short time," McKellar told a reporter.

He urged the appropriations group to meet late today to take final action on the foreign arms bill. There were no signs of any serious opposition to full amount.

This measure would provide \$1 billion for western Europe's defenses. The balance would go to Greece, Turkey, Iran, the Philippines, Korea and the China areas.

The tough nut to crack is the armed forces money bill which has been stalled for the past month by a Senate-House dispute over Air Force funds.

The Senate went along with the President's budget recommendations for a 48-group Air Force. The House boosted the figure by about \$5 million in support of a 58-group force.

The two houses have been deadlocked on this issue with both stubbornly refusing to give ground.

A break is expected in the stalemate anytime now. McKellar said he would try to get the Senate and House conferees together again to iron out their differences.

There is still talk that the Senate may give in to the House demands—and then rely on President Truman not to use extra money.

But House members say the President couldn't take this responsibility since the House voted 395 to one for the 58-group Air Force.

The Army and Navy funds are not in dispute.

OIL PROGRESS WEEK • OCTOBER 16-22

This Week... take a look at the industry behind the service station where you buy gasoline

As an average American, you probably take it pretty much for granted that the oil industry will supply you with dependable gasolines and motor oils for your car.

Your confidence is well placed. In the 90 years since the Drake well "came in" in Pennsylvania, oil has progressed from "rock oil", a medicine advertised as good for man and beast... through an age of kerosene, when petroleum fueled the lamps of the world... to the great industry which today supplies you not only with gasoline and motor oil, but also with heating oils... with rubber... house paint... insecticides... detergents... plastics... cosmetics... solvents... a list of products too long for printing!

This is Progress: The search for oil frequently leads Humble geological and geophysical crews into such isolated areas that a helicopter is used for surveying and for transporting men and equipment.

This is Progress: At Humble's Baytown, Texas, refinery, scientists continuously explore ways to produce new and better products, and to devise new and better refinery processes. Petroleum's standard gives you a higher standard of living and a strengthened national security.

This is Progress: This automatic drilling rig is being developed by Humble engineers. Operated by a regular drilling crew, its automatic features make drilling easier, safer and quicker.

This week, October 16-22, the oil industry specially marks the great progress made since 1859—progress evident in the scientific methods used in the search for oil; progress in the production and conservation of oil; progress in oil refining and the development of new petroleum products; progress in distribution which makes oil products available to every American.

The two million men and women of the industry are proud of its accomplishments; at the same time, they recognize an obligation to you as the customer whose needs have made progress possible, and to the nation which provided the encouragement of an enterprising spirit along every step of the way. In the discharge of that obligation, the oil industry looks at today's progress in terms of your needs for tomorrow.

HUMBLE OIL & REFINING CO.

This is Progress: Extensive pipe line systems have been developed by the oil industry to transport both crude petroleum and refined products at low cost. Last year Humble Pipe Line Company's 5700 mile trunk line systems handled 278 million barrels of crude oil and finished products.

CHILDREN AFFECTED BY VIDEO

Magic Carpet Of Television Brings Problems For Parents

NEW YORK, Oct. 17. (AP)—Bobby Martin, five-going-on-six, sat spellbound before the television screen, a forgotten sock in his hand, as he watched the sheriff chase the "bad boys" down the road. But eight-year-old Sue turned her back to the set and began making her doll a new dress. Killer-diller westerns were too rough fare for her, though she watched other television programs with stars in her eyes. Like thousands of other children in this video era, the Martin youngsters are crazy about television. A magic carpet for the whole family, it took them places and showed them things they had never known before. It was a life-saver for Mrs. Martin too. With the children occupied, she had more time to do her work—especially cooking dinner. Mr. Martin found he spent considerably less on movies and other family entertainment. But the story does not end there. Television has brought peculiar problems, as well as blessings, to the Martins and many others. To find out what those problems are, how parents are solving them and what they think should be done about televisions, I talked to parents in 20 families in the New York metropolitan area. Most are far from rich. Many of the mothers work. Some families of four and five are living in three-room apartments, installment buying made it possible for many to fit the new

wonder into their budgets. Their story of how video's children have been affected is a new medium varied. About half said television had upset their family schedule at first to the tune of spats, spankings and tears. Some children are glued to the television set. For TV's wonders they will skip meals, homework, outdoor play and sleep. Many parents think they see far too many westerns and other exciting pictures on the screen, with the result that too many four-year-old girls want to carry guns and too many other youngsters get nervous and jumpy. Some children grow frightened and cry at exaggerated puppet characters. Some are wrestling matches and fights all evening. Several youngsters thought televisions were far too long and numerous. Some said their young acts and become such video fans that the television set was moved close to the dining table and family conversation had to be interrupted. "Finally we had a family meeting," said Jacob Bulkin, New York city employee, who has three children. "The five of us discussed the whole thing and then we took a vote. Now we have rules: no more than an hour and a half of television a day for the children. No television till homework is done and none after 7:30. Papa and mama choose what they shall see. We skip westerns and other pictures that make them scary and nervous."

"We just made one rule," said Mrs. Arthur Hyman, wife of a Bronx truck driver and mother of two, as she finished her ironing before the television set. "Everybody comes to dinner at six. True, they are through by six ten and back at the television set. They eat fast. But they don't seem to suffer for it." Programs for youngsters from six to seven o'clock—the dinner hour for many—pose one of the big television problems to parents. Some solve it by letting the youngsters watch the screen while he eats. Others postpone dinner. Many said they wished televisions would eliminate children's programs at this hour and present their menus for moppets from four-thirty to six, when they are out of kindergarten and school and mother is getting dinner. Others urged more winter morning programs for youngsters three to five, so mothers could finish their household chores. More than half the parents had criticisms about children's programs. Many urged fewer westerns and puppet shows and more educational programs. Several said their school age daughters only watched the screen when they had nothing more interesting to do. "There should be more travelogues and more programs keyed to their school work," urged Herman Kanet, store manager for a contracting firm. "Also more programs to teach children about nature—flowers, insects, and birds," said Mrs. Fernando Hernandez, wife of the manager of an export firm. "And more lectures showing life in the farm or work in a factory. Why should a good moral to them? And why could there not be played dramatizing stories of the Old Testament to give them some religious training?" Other parents urged more playlets depicting favorite children's stories, programs showing famous episodes of history, pictures showing how certain products are made. Several advocated programs showing how musical instruments are played. "And if we must have westerns," says Mrs. Hyman, "lets not have them before dinner. They excite the children too much."

Czechoslovakia Just Big Prison, Declares Cabby

PRAGUE, Czechoslovakia, Oct. 17. (AP)—"She's not here. Try Pankrac Prison."

The dejected couple stepped out of the queue at the police station and continued the hunt for their daughter — just one of the thousands arrested in the last two weeks by Communist government police.

The scene was repeated hundreds of times yesterday as anxious and weeping Czechs searched for relatives snatched up in the Red crackdown reportedly aimed at liquidating the middle class and nationalizing small business.

In this case, the missing girl's parents took their food package and went on to Pankrac Prison, Prague's biggest prison overlooking the city. Even before they got into the taxi the driver knew where they wanted to go. Czechs carrying food packages these days are taking them to imprisoned friends.

"I've taken hundreds of persons out to Pankrac this week," the cabby said. "Everybody is looking for someone else. These are crazy times, impossible days. Everybody is frightened. Last night I saw four overcrowded police riot cars arriving at a police station with arrested people."

"You know my opinion? The republic of Czechoslovakia is one big prison."

At Pankrac Prison the girl's parents squeezed through the crowd to a policeman sitting before a list of names. The policeman told them their daughter was there and the food package would be accepted.

After another long wait they reached the reception desk and handed over the package. It was opened and thoroughly searched. Written messages were destroyed. "All right, that's all," the policeman said. "You can bring another food package in two weeks."

The parents turned away. Others moved up in the queue.

Greek Issue May Be Settled By Report Of UN Committee

LAKE SUCCESS, Oct. 17. (AP)—Settlement of the long fight between Greece and her Communist neighbors hinges on answers to day to day questions made by the United Nations Balkan Conciliation Committee.

The special UN group, headed by Assembly President Carlos P. Romulo, drafted the undiscovered suggestions after meeting secretly with spokesmen for Greece, Albania, Bulgaria, Yugoslavia, Russia, Britain and the United States.

Greece has been at odds with neighboring Bulgaria, Albania and Yugoslavia because of their aid to the Communist-led Greek guerrillas in the civil war.

Replies from all the parties are expected today. The peace committee will then prepare a report to be submitted to the political committee of the assembly tomorrow.

Hope for a compromise settlement of the Balkan conflict has been rising since it was reported that Jakob A. Malik, Soviet deputy foreign minister, made a proposal to the committee which represented some concessions from the earlier Russian position.

The diplomatic information said today the proposal was a compromise, but tempered his optimism by saying the proposal was a tentative one and there was nothing to prevent the Russians from renegeing on their long-standing support of the Communist-led Greek guerrillas.

Romulo said the suggestions made by the committee included draft agreements between Greece and her neighbors—Albania, Bulgaria and Yugoslavia. He indicated some progress had been made and added "we have every reason to hope something constructive may come out of our negotiations."

The American view of the Balkan negotiations, as summed up last night in a radio broadcast by Delegation Member John C. Ross was "it would be too much to say that the prospects are promising, but it is too early to give up hope."

Ross added that even if the present talks bogged down he was "will make pretty good progress toward solving the problem of confident the current assembly Greece."

Ross termed the proposal for a five-power peace pact made by Soviet Foreign Minister Andrei V. Vishinsky a "phony." He said the U. S. planned to introduce a resolution of its own when the Russian plan comes before the political committee.

The American plan will not require another treaty, Ross said, adding that if the Russians would agree, no new treaties would be necessary.

District Court Jurors To Begin Civil Cases Today

Twenty-seven jurors were to report this afternoon to begin the first of a series of civil cases in 70th District Court.

First jury case called was that of Moree Sawtelle vs. L. E. Kunkle, a suit for possession of property. It was originally scheduled for this morning, but was postponed to await arrival of a defense witness from Oklahoma.

In proceedings this morning, Paul Adams was granted a divorce from Margie L. Adams, and the defendant's maiden name, Davis, was restored.

A non-jury case, Ara Carter et vir. vs. Sudie Wilson et vir, a suit to try title, was in progress at noon today.

A full week of civil trials has been set down for this week.

OMNIBUS MONEY BILL ASKED

Byrd Seeks To Cut Congress Spending

WASHINGTON, Oct. 17. (AP)—Sen. Harry Flood Byrd of Virginia, who might be excused for having some doubts, thinks Congress is going to save money next year by putting all its appropriations eggs in one basket.

Byrd, who broke with the late President Roosevelt when FDR shifted gears from economy to spending six months after he first took office, has been trying to get Congress to cut down government outlays in every peacetime year since.

Now he thinks he and those who go along with him have a chance to whittle spending through the consolidation of all money bills into one measure.

That will mean that about 19 big money bills, previously handled one at a time by Congress, will be bundled into a measure that will rival in size, if not complexity, the big tariff bills over which Congress used to argue so long, before it gave up and passed the tariff juggling powers to the President.

The Senate already has approved unanimously a bill by Byrd to set up the new system. While the House may not act on it officially, Chairman Cannon (D-Mo.) of the House Appropriations Committee already has announced that the method will be followed by his committee.

To Byrd this means that a budget which may run around \$44 billion for the 1950-1951 beginning next July 1 will be spread out in intelligible form for the first time when members of the Senate and House are called upon to vote upon it.

If the formula is followed, accompanying this bill will be an official Treasury estimate on how much money Uncle Sam expects to take in during the same period. Cannon said that by April 15 when the House would be expected to get the big bill, the Treasury ought to be able to make "an authoritative forecast" on income.

It has been difficult for Byrd to get over to the public the fact that the President's budget is based on how much money he expects actually will be coming in.
