**Black Top Being Run** to Co. Line

NUMBER 16

Schleicher County's newest 14mile stretch of highway, west of Eldorado, reaching to the Schleicher County line, is undergoing final surfacing, and will probably be completed this week.

Gravel had been on location for some time, and last week the machinery for making and spreading of the asphalt and crew to operate same and to drive the gravel trucks were put to work, applying the final touches on this 14-mile strip.

Working so rapidly that few had are today nearly ready to pull up The Kings announce that they stakes and leave for Ft. McKavett, to finish up the road from the Menard highway to Ft. McKavett, a total of five miles.

Here is a resume of the various projects which when all completed will give Eldorado a paved road to Big Lake about 34 miles to the Lowe of Abilene who specializes in Highway 161, then about 40 on to Big Lake.

1. 8-mile strip from Eldorado leading west, paved, completed last

2. 14-mile strip nearly completed, topping now being put on-most of road ready for use. Project goes to county line.

3. Crockett county-project divided into two jobs, east section, connecting with above at Schleicher County line, contract let several weeks ago, work due to start within two weeks—only stretch not started to date. West section, about same distance, now under construction.

4. Last 18 miles, to Big Lake, completed and in use.

The Menard highway, completed two years ago, and due to receive a seal coat, will receive attention this summer, it is understood.

Work is now under way on the short-cut road to the Hulldale oil field. County equipment moved on to the job last Saturday.

A fellowship day at the Funda-The couple, and their nine-year- mental Baptist Church, with dinwho is developing a herd of Regis-tered Polled Herefords, and who Bill Gay Kinnerly and children of Bill Ga Spencer and her family of Eldo-rado. ALK about power! These great new I GMC's are unsurpassed in horsepower in the 1/2- to 2- ton field-power to keep hauling years longer! But new engines are only part of the story.

From the rims up, these GMC's are truck-engineered to stay young throughout the uncertain years ahead. You get proof in feature after feature from individual models-things like wider Twin-Action hydraulic brakes, heavier axles and longer "pillowaction" springs.

Get a real truck !

Yet extra quality is standard GMC equipment. You pay no "extras" for such things as easy-turn steering with recirculating ball-bearing action, the Ventipane-controlled ventilation of the Weathersealed "Six-Footer" Cab-Turbo-Top pistons that develop higher power without "knock" even when using standard-grade gasolines!

Cosden-Wholesale, Retail

So come in. Select from the widest range of engine-body-chassis combinations, 9 smart new colors. Drive out in a rugged '51 GMC! You'll know it will take you farther, cost less to runbecause it's built to last like the big ones!
