## Elgin Methodist Pastor Gets Local Church Job

The Rev. Doyle Morton, former missionary to Brazil, pastor of the Methodist church at Elgin, is moving to Eldorado today, succeeding the Rev. Roy Shilling, pastor here for four years, who moves to Big Lake today to become new pastor of the Big Lake church.

Lawrence Steen was the official delegate of the Eldorado Methodist church, officially representing the local congregation at the conference which closed Sunday at San Antonio.

Rev. Morton was reared in Rotan, was graduated from High School in Stephenville, and received his college work at Stephenville and McMurry. In 1939 he received his pastor's BD degree, and in 1945 his Master's, at Perkins School of Theology, Dallas.

From 1939 to 1945 he and Mrs. Morton represented the Methodist church as missionaries in Brazil, and since their return to the States the pastor has served churches at Sabinal, Port Lavaca, and Elgin.

Mrs. Morton, the former Mary Archer, of Floresville, was graduated from North Texas State College at Denton in 1936, with a major in home economics, and in 1939 the couple were married, after she had taught several years.

The Eldorado delegation, composed of Mr. and Mrs. Lawrence Steen, Mr. and Mrs. Frank Meador, and Mrs. Ed Hill, in addition to Rev. Shilling and family, met the new pastor, and report that he comes to this city with the best of recommendations—and that he is well qualified to serve the local church as new pastor.

The Elgin Church has produced two Methodist bishops, Bishop A. Frank Smith of this area, and his brother Bishop Angie Smith, of the Oklahoma-New Mexico area.

The Big Lake charge represents an advancement for Rev. Shilling, as it has a membership of twice that of Eldorado's Methodist Church. The new charge will bring the pastor a larger salary also. There is a new church building and a new three-bedroom parsonage, to provide favorable working and living conditions.

The church has an average Sunday School attendance of over 200. The building is modern throughout, with a sanctuary with divided chancel, large recreation room and other modern features.

Rev. Shilling came to Eldorado in May, 1948, succeeding the late Rev. F. B. Faust as pastor, moving here from Mertzon after four years in the conference. He took his undergraduate work at Southeast Teachers College, at Durant, Oklahoma, and his Master's in education at the Oklahoma State University at Norman. His teaching experience included some years as school superintendent, and he was in service in the Army Air Corps three years, some of the time at Goodfellow Field, San Angelo.

Since coming to Eldorado he completed the four-year seminary course by correspondence from Southern Methodist University.

Substantial growth has characterized the four-year period during which Rev. Shilling has served the Eldorado church. The church membership was 149 at the time he came to Eldorado; he has taken in 152 members, 45 of them men who are heads of families. New pews, a new piano, new pulpit furniture, classroom chairs, office furniture composed of desk, chair and typewriter—these are some of the additions to the physical plant. Also two lots at the rear of the church were bought, parking areas calched, a heating plant installed and a movie projector bought.

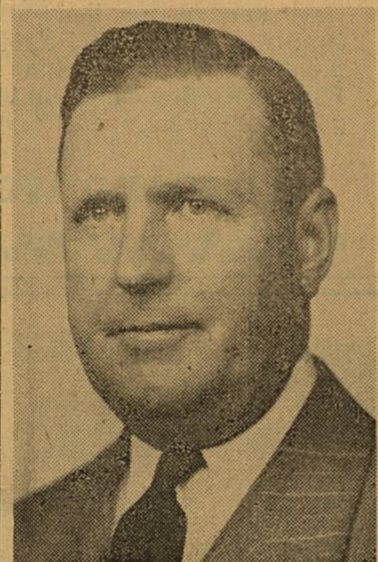

Rev. Shilling has been a civic leader in Eldorado for four years; he has been active in the Lions' work, serving on the important program committee, has been chairman of the Cub Scout work, president of the Ministerial Alliance, chaplain of the fire department, and would have been Eastern Star chaplain and PTA program committee member for the coming year if he had remained in Eldorado.

The conference honored him this year by electing him secretary-treasurer of the important board of evangelism.

He is a tireless worker for the betterment of the community in which he lives and for the building and improvement of the church of which he is pastor. As a minister his strongest points are his personal work among members and prospec-

Members, and his evangelistic method of carrying out his church's program.

Eldorado had urgently requested his return to this church, and he leaves for Big Lake voluntarily at a better salary and to serve a larger congregation.

**Reception Friday**  
On Friday night, following the program with which the vacation Bible school closes, there will be a reception honoring the new pastor. In addition to being a meeting for the welcoming of Rev. Morton and Mrs. Morton to the church and to Eldorado, there will also be a pouncing for the new pastor. All of this will follow the children's program Friday night. Everyone is cordially invited to attend.

### Koy's Horses Win At Big Ozona Show

Jess Koy's prize winning horses again took top honors when Koy exhibited both the champion and reserve champions at the Ozona Horse Show last weekend.

A total of 62 horses showed in the halter class. Ma Koy was champion, and Red Lady was reserve champion. Both were sired by Koy's noted stallion, V-Day, which has won championships at Del Rio, Sonora, Brownwood, and San Angelo, and possibly other places.

### HOMECOMING IS SET FOR AUGUST 9

According to decision made last year, the annual Homecoming will be held in Eldorado the second Saturday in August, which will be August 9. Mrs. Gus Love is president of the organization for this year, W. T. Parker is first vice, Mrs. S. D. Harper is second vice, T. P. Robinson Jr. is secretary and treasurer, and Mrs. T. P. Robinson is historian. Mr. Parker will be finance chairman by virtue of his office, and Mrs. Harper will have charge of entertainment.

### AMERICAN LEGION MEETING TONIGHT

The regular monthly business meeting of American Legion Post 257 will be held tonight, June 5, in the Legion room at the Memorial building at 7:30. The post's delegation to the 21st District convention will report on the convention activities at Fredericksburg. All Legionnaires are urged to attend.

Thirty-five years ago today men registered for the first draft.

### Schleicher County Oil News

Standard Oil Company of Texas No. 1 3-3 Wilson, Neva West field project, was drilling below 1,560 in lime.

The Pure Oil Company No. 1 Williams, wildcat in Northwest Schleicher, was progressing below 2,078 feet in lime toward contract depth of 8,000 feet which will allow for a test of the Ellenburger formation.

Humble Oil & Refining Company No. 1 Henderson, wildcat in northwest Schleicher, was preparing to take potential test and completed as a discovery and new field opener from the Wolfcamp.

Operator reported a full 24-hour pumping gauge of 77.5 barrels of fluid which was 97 1/2 per cent new oil and the rest water.

Production was from perforations at 5,492-5,514 feet. Operator now will take potential test and put the well on regular production. It is 15 miles north and slightly west of Eldorado.

Moore Exploration Company No. 1-A W. M. Noelke Estate is to be a 1,500-foot combination tool wildcat in Southeast Irion County.

Location is 9,574 feet from north and 6,280 feet from west lines of Tom Green County School Land survey No. A-592. It is 10 miles southwest of Mertzon and one-half of a mile north of the town of Noelke. Drilling is to start at once.

American Republics No. 3 McClatchey, Huldale project in Schleicher County, was bottomed at 5,785 feet in lime and shale with seven-inch casing cemented at that point. Operator will drill plugs and deepen into the expected pay.

The same concern's No. 1 and No. 2 McClatchey have both spudded and set surface pipe. They will stay shut in until outcome of No. 1 McClatchey is determined.

Pan American No. 1 Tom Henderson, wildcat 13 1/2 miles east of Eldorado, was drilling below 3,228 feet in straightened hole after plugging back from 3,430 feet.

Anton Oil company No. 1 Mrs. Hallie M. Reynolds, another Schleicher wildcat, was drilling below 7,220 feet in black shale.

La Gloria and Edwin L. Cox No. 1 E. Otto William, Schleicher wildcat, was making hole below 314 feet in lime and shale.

**New Producer**  
The south end of the Huldale (Strawn) field in northern Schleicher County has been broadened west by completion of Delta Gulf Drilling Co. No. 1 Mrs. Viola McWhorter.

The well flowed naturally 336 barrels of 40.1 gravity, pipeline oil in 24 hours through a quarter inch choke and perforations from 5,758-80 feet in 5 1/2-inch casing. Gas-oil ratio was 398-1. Flowing tubing pressure was 600 pounds. There was a packer on the casing.

No. 1 McWhorter is 467 feet from the north and east lines of the south half of the northeast quarter of section 70-TT-TCRR. It is a quarter mile south of Pan American and Taylor Refining No. 1 McWhorter and one-half mile west of Pan American and Taylor Refining No. 3 H. F. Thomson estate, nearest completed producers.

T. L. Williams, trustee for Cooper Gas Co. No. 9-A Bert Page, C SE NW 32-L-GH&SA, location southwest outpost to the Page (Strawn) field, was drilling at 3,610 feet in shale. It cemented 10 3/4 inch casing at 360 feet. Kewanee No. 1 Page, C SW SW 30-1-GH&SA, three-quarters of a mile southwest of Page field production, may not be started for two or three weeks.

P. R. Rutherford No. 1 A. L. Baugh and others, Schleicher wildcat in section 8-M-GH&SA, was drilling at 2,767 feet in lime.

### CHURCH OF CHRIST TO HOLD REVIVAL; START NEXT WEEK

A popular Church of Christ evangelist, who conducted a successful revival in Eldorado, at the West Side Church of Christ two years ago, has been engaged by the members to hold another revival here. The dates are from June 13 through June 22.

The evangelist is N. E. Rhodes, Jr., of Urbana, Arkansas. Services are announced for week nights beginning June 13, and on Sunday at 11:00 a. m. and again at night, closing the series with Sunday, June 22.

### Oil Employee's Wife Dies Monday Night; Funeral Is Today

Mrs. W. A. Menees, wife of an oil employee, mother of six children, and member of the Baptist church, died in a San Angelo hospital Monday night, June 1, 1952, at about 10:00.

The body was taken to Checotah, Okla., for funeral services, which are being held today, Thursday, at the First Baptist church, at 2:00 p. m., and interment is to be made in Green Lawn cemetery, Knox Funeral Home officiating. The family are expected back in Eldorado Friday or Saturday.

Lela Hollenbeck was born in Norman, Oklahoma, Feb. 21, 1909, to Mr. and Mrs. A. A. Hollenbeck. She was reared in Checotah, Okla., and attended the public schools of that city.

On March 1, 1929, she was married to William Andrew Menees of Muskogee, and the couple lived there five years, while Mr. Menees was employed by a business firm in that place. They then moved to Kilgore, and five years ago to Quitman, then this spring to Eldorado, where Mr. Menees is district gauger with Pan American.

Mrs. Menees was a member of the First Baptist church from the age of 12, when she joined the church at Checotah, leaving her membership there, after the family moved away.

She had been in failing health for two years. She had three major operations, was hospitalized seven times—at Tyler, Dallas and San Angelo—and had radium and X-ray treatments. She had been seriously ill when the family moved to Eldorado, and two sons in service obtained emergency leaves recently to visit her.

The Meneeses lost their third child, a daughter, Mary Elizabeth, in 1934, age five months. Surviving are six children, two sons, Kenneth, age nearly 22, in Japan; Ralph, age 19, of Grand Prairie, who is due to return to Norfolk, Va., soon; and four young daughters, Lola B., 15, Emma Lou, 10, Ruby Nell, eight, and Lois, four.

Surviving also are two brothers, A. I. Hollenbeck, and A. L. Hollenbeck, of Checotah; two sisters, her twin, Mrs. Ray Lansford, of California and Mrs. G. C. Doss of McAllister, and her mother, Mrs. Mary Hollenbeck, of Checotah. Her twin sister and her mother have been here the past six weeks during her critical illness.

Among those from out of town, in addition to her relatives mentioned above, who attended the funeral were Mr. Menees' parents, Mr. and Mrs. R. L. Menees, and his brother, Robert Menees, of Bakersfield, California, who will return to Eldorado after the funeral for a visit.

The sympathy of the entire community is extended to the family in their bereavement.

### Mittel and Stanford To State 4-H Roundup

Ronnie Mittel and Jack Stanford, outstanding in 4-H Club work in Schleicher county, will leave Sunday for College Station to attend the 1952 Texas 4-H Roundup, it was announced this morning by W. G. Godwin, county agent. Mr. Godwin left today to help with final planning for the event, which is expected to attract 1800 4-H members and leaders from over the state.

Highlights of the three-day event will include tours of the A & M campus, parties, a reception by Chancellor and Mrs. Gibb Gilchrist, and judging and demonstration contests. Further details are in a story on page 7 of this issue of The Success.

### Palmer West Again Heads Volunteers As 1952 Fire Chief

Drill reporter: Albert McGinnis  
Firemen's mother: Mrs. Gus Love  
Sweetheart: Carolyn Ratliff.  
Sponsor: Lucille Farmer.  
Chaplain: Charles Bruce.  
Junior Sponsor: Dale West.  
Mascot: Little Mack McGaugus.

Mrs. Edgar Spencer led the Bible study when the Bailey Ranch W.M.U. met Wednesday afternoon at the church. Mrs. Lester Henderson was hostess.

### Post Script

With the Rancho line nearing Eldorado, folks are apt to forget that there will be another line, a smaller one, emptying Scurry County oil into the Bailey Station.

Pan American already has a line to Arden, where there is a station, and where some oil is also gathered by truck. Now with the new Rancho line in the making, Pan American will build an extension of their line from Arden Station, to Eldorado. This 16-inch line will be about 40 miles long, it is understood.

—ps—

With the arrival of a Shell inspector in Eldorado, to represent Shell's interests in the building of the Bailey Station, there are indications that the contractors are ready soon to move in and go to work.

Finishing touches on a temporary installation of water equipment—the well was previously completed—will assure the contractors that there will be water when work is ready to begin. Later when the equipment arrives and work has been nearly completed, the permanent water set-up will receive attention.

The new inspector, whose name is Evans, is here from Cushing, Oklahoma, and is hunting a house so that he can move his family here, as he will be in Eldorado quite awhile. He arrived in this city Sunday.

We are informed today that actual work is expected to start Monday, Station Construction Co., Inc., are contractors from Houston.

—ps—

Now in effect, becoming law on June 1, is the new ruling that house builders and house movers will not be allowed to transport any houses over 20 feet in width over public roads. Housebuilders, with the backing of Dorsey Hardeeman, are protesting the action, which will effect the oil industry in moving of storage tanks, as well as the housing interests.

Eldorado has a number of ready-built which have been moved in during the post war years.

—ps—

The contractors and their crews will be handicapped by lack of housing facilities in Eldorado. They expect to hire as many local carpenters and other men as they can employ, to avoid having to move in too many families. It is probable that when the shortage caused by pipeliners eases up, work on the Bailey Station will have started.

—ps—

The Shell pump station is now receiving 75 per cent of the production from local oil fields, as compared with a normal 40 per cent, and 60 per cent of the past few weeks. This is because of the oil strike.

—ps—

Now in Eldorado, or moving to other houses in the city are these: Mrs. Louise D. Lancaster, Flora Riley house.

J. R. Crumley, Crosby apartment.  
E. W. Yarbrough, Stewart rent house.

Mrs. Lydia Thorp who bought the Christian house—Ben Dickison, renter.

A. R. Owens in the Earl Parker rent house.  
E. P. Gauntt in a Marvin McDonald rent house.

Carl Ward east side Humphrey apartment.

Robt. Allen in Eaton apartment.  
Loid B. Conner located in Mrs. Ernest Hill's apartment.

H. M. Stephenson in Marshall Davis house.

Floyd Hanusch in Dameron rent house.  
Carroll Powers in John Jones rent house.

Elwood Weeaks in McKee house.  
F. N. Wyckoff in Mrs. Mercers rock house.

N. D. Gillispie in E. S. Mattocks house.  
H. A. McCollum in Bert Page house.

Homer Wills in Bursleson rent house.  
Henry Salazar (Mexican community) Victoria Minor house.

Antonio Salazar in Burrola house  
T. B. Dildine from Dameron house to W. Joiner house.

Mrs. Paul Pena to Antonio Munos house and store, while Munos family are in California.

—ps—

Just about the time when we were starting to inquire about the roping club, in comes Pancho Bradley with some news about it. It seems there will be a meeting Friday night at the Fire Hall of all of those interested in joining—so those who want to join are urged to be present and learn what the set-up is to be. This will probably be an organizational meeting.

—ps—

This time the town IS crowded.

### PIPE LINE CREW NOW WORKING IN THIS COUNTY

Anderson Bros., contractor for the Rancho Pipeline, moved their base of operations from Big Lake to Eldorado last Saturday. Supply tanks and headquarters have been set up on the McCartney lots east of the business district.

In talking to some of the men connected with the big operation, we have picked up the following facts:

The pipeline crossed the Barnhart highway about a week ago, coming this way. The crew operates seven days a week and they lay over a mile of line each day. Average depth of ditch is about five feet, and rock is being encountered all through this area. Total number of men employed is about 280. Payroll per week is about \$40,000. Payday is each Wednesday. Anderson Bros. has about \$800,000 worth of equipment on this job.

### Al Groehl Dies

Alfred Peters Groehl, 50, oil man and ranch operator, step father of Mrs. Howard Derrick of Schleicher county, died in San Angelo at 6:20 Saturday, after suffering a heart attack a few weeks before his death.

Funeral services were held at the First Methodist church in San Angelo at 4:00 Monday afternoon, and interment was in Fairmont Cemetery, with Masonic rites.

He was active in civic work in San Angelo. He was educated in the schools of San Francisco, and was graduated from the University of California at Berkeley. On November 11, 1942, he was married to Mrs. Faye Powell, and the couple have been living in San Angelo.

Mrs. Howard Derrick of Schleicher county is a stepdaughter of Mr. Groehl, and the Derrick family, and others from this county were among those who attended the funeral.

Those who have followed the development of Schleicher County's oil activity, will remember that Mr. Groehl owned minerals before and during the development of the Koy wells, and that he was interested also in Baugh tests.

### Fastball News

Games played in the Eldorado fastball league during the past week, resulted as follows:

Last Thursday night Republic defeated Gulf-Ratliff 23 to 15.

Friday: Magnolia 7; Blakes Electric 2.

Monday: Ohio 21; Gulf-Ratliff 1.

Tuesday: Republic 20; Blake's Electric 10.

### Game This Week

Tonight (Thursday) Ohio will play Magnolia.

Tomorrow night (Friday) Magnolia will cross bats with Gulf-Ratliff.

A meeting will be held some time this week to arrange for new schedule beginning next week.

### The Military

Rusty Dannheim has returned to Alameda, California, after spending 30 days with his parents, Mr. and Mrs. E. H. Dannheim. He reported back to his base the 30th.

A-2c Earl Dean Clark arrived in Southampton, England, May 31. He expects to stay there several years. He is the son of Mr. and Mrs. A. G. Clark.

Henry Mittel Jr., of Waco spent the weekend with home folks.

Arthur Mund, Jr., who is stationed at San Antonio, is spending his 15-day furlough with relatives and friends. He visited his parents several days, then on Wednesday left for Sierra Blanco to visit the Johnnie Luedekes.

We even hear tales of men having to sleep in their cars!

There are lots of trailers, all living quarters in town are occupied, some people have taken in couples and given them kitchen privileges—and still people come in looking for places to live.

To provide more trailer space, Paul Phillips is getting a trailer court ready down at his place near Doc's Courts.

—ps—

The local airport is getting a little more use recently. This morning at 9:30 Anderson Construction Co. flew in with their Twin Beach plane.

**News From Our Neighbors**

**Construction At McCamey**

Representatives of Station Construction Company of Houston have arrived in McCamey to start construction of the new Pump House and additional storage at the Shell Pipeline Corporation Tank Farm.

It is stated that approximately 1,200,000 barrels of additional storage will be constructed. Extensive improvements will be made to the pump station.

These improvements are made necessary to take care of the oil which will flow through the new 24-inch line that is now under construction and which will be the property of the Rancho Pipe Line System.

The major new trunk pipeline is scheduled to be completed by December 1, 1952.

**Graduation Held**

Eight 1952 graduates of the Ozona High school received their coveted diplomas Monday night in graduation exercises held in the high school auditorium.

W. T. Walton, vice president of Hardin-Simmons university at Abilene, delivered the address to the graduates. Mr. Walton, who was introduced by Lem Bray, Ozona superintendent, as the man who, as superintendent of schools, handed him his high school diploma 16 years ago, urged the graduates to adopt what he termed the three greatest attributes of a successful and satisfactory life, simplicity, sincerity and restraint.

Graduation exercises, presented by members of the class marked the successful completion of elementary school work for a record class of 37 Junior High graduates at the high school auditorium Tuesday night. The exercises also marked the final event of the 1952 school year. —Ozona Stockman.

**Voters Reject Spring Creek Water**  
About 2,000 San Angelo voters went to the polls to register straw ballots protesting against the purchase of Spring Creek water from the farmers, most of whom were

against the move in the first place. It makes very little difference to the Irion County farmers whether it is second hand or not, they use it and like it.

Construction of the proposed Santa Anna Ward School will get under way Monday, June 2, according to a statement made by Robert A. Kirkbride of Hillsboro, low bidder on the project. Kirkbride said plans had been altered some, but primarily there would not be much change in the actual construction but most changes were of minor importance. The building will be a fifteen-room building with a combination auditorium and cafeteria to be used for the lunchroom. It will be of red brick materials and will be located on the lot with the high school building. —Santa Anna News.

**Big Lake Oil Field Is Now 29 Years Old**

The Big Lake oil field, the first of the West Texas oil producing areas, observed its 29th anniversary on Wednesday of this week. Since the late Carl G. Cromwell brought in Santa Rita No. 1, the discovery well, on May 28, 1923, this field in Reagan County has produced 109,442,775.88 barrels of crude. Santa Rita No. 1, drilled with cable tools, flowed oil from the

Permian at 3,048-55 feet. Through Dec. 31 of last year, this well has produced a total of 101,800 barrels, and is at present pumping 6 barrels of oil and 80 barrels of water daily.

The Big Lake field was discovered by Frank T. Pickrell of El Paso and associates, who organized the Texon Oil & Land Co. and who leased a large block from the University of Texas. In the latter part of 1923, the Big Lake Oil Co. acquired the holdings of the Texon Oil & Land Co. W. J. Grissett is the general manager. —Big Lake Wildcat.

**Proposition Refused**

The San Angelo Telephone Company has made a proposal to the patrons of the Blackwell exchange to install a dial system and remove the switchboard from the town effective July 1. HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more — and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more—and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes. So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflo Drive\*

feeds the power — with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this—because a lot of folks have told us this: No matter what car you're driving now—no matter what cars you've looked at—they'll never seem the same after you try this one.

Just give us a chance to prove it — and you'll have a lot of fun.

### Bonnie Biggs Weds In Church Ceremony Sunday Afternoon

Bonnie Biggs and Clyde Reece were married Sunday afternoon at 4:30 in the First Baptist church of Eldorado, the pastor, the Rev. Clifford Nelson, officiating with the double ring ceremony.

Chester Biggs, the bride's father, came back from New Mexico where he is employed, to take part in the festivities and to give his daughter in marriage.

Maid of honor was Vera Faye Biggs, sister of the bride, and bridesmaids were Juanita McAlpine of San Angelo and Doris Queen of Ballinger, her cousins. These three wore organdie pastels, ballerina length, in orchid, ice green and yellow, respectively, with fitted bodices and full skirts. The round bouquets which they carried were of daisies, in colors contrasting with their dresses.

For the ceremony the bride wore Chantilly lace, ballerina length, and veil of imported matching lace, with seed pearl trim. With this short-sleeved dress Miss Biggs wore long lace mittens of matching lace, and she carried an orchid bouquet with her white Bible.

Organist for the ceremony was Dolores Biggs of San Angelo, cousin of the bride, who played the traditional wedding marches. Vera Fae Biggs of San Angelo and Harold Lloyd Biggs of Wall sang as a duet, "I Love You Truly," and the latter sang as a solo, "Because." At the close of the ceremony, Miss Biggs sang as a benediction The Lord's Prayer.

Mrs. J. W. Reece, mother of the groom, wore rose malinson shadow sheer over taffeta, with white accessories, and Mrs. Chester Biggs, mother of the bride, wore a two-piece shantung suit with white accessories.

For something old, the bride wore her grandmother Biggs' wedding band, and she also wore the traditional something new, something borrowed, and something blue.

The altar before which the couple pledged their troth was decorated with an arch of white glads with greenery.

Best man was Bud Biggs, brother of the bride, and ushers were Ray Reece of Coleman, the groom's brother, and Calvin Reece of Bryan, his twin brother.

Reception Follows  
About 70 attended the reception in the church parlors immediately following the ceremony. The serving table was laid with white cut-work, centered with an arrangement of white glads interspersed with yellow callas. From this, chains of tiny flowers leading to the corners of the table picked up the motif of the ribbon and flower cascades which completed the bridesmaids' bouquets.

The bride cut the wedding cake, a three-tiered decorated cake iced in white, with off-white rosebud and silver trim. Punch was served with the cake from a crystal bowl. Mrs. Carl Fields of Lubbock, sister of the groom, served the cake, and Mrs. Calvin Reece of Bryan served the punch, these alternating with Mrs. Bill Ratliff of San Angelo and Fay McAlpine of Eldorado.

Here for the wedding from out of town were Mr. and Mrs. Tony Queen and Doris of Ballinger, Mr. and Mrs. Bill Ratliff and two daughters of San Angelo, Mr. and Mrs. Clyde Biggs and Dolores of San Angelo, Mrs. Will Sanders, Mrs. Clark Biggs and son Harold Lloyd of Wall, S. G. Danford of Sherwood, Mr. and Mrs. Grady Bailey of Sherwood, Mr. and Mrs. Robert McElroy and daughters of San Angelo, Mr. and Mrs. Albert Woeff of Goodfellow.

The groom's brothers and sisters and families: Troy Reece and family of Odessa, James Reece and family of Memphis, Ray Reece of Coleman and family, Mr. and Mrs. Carl Fields of Lubbock, and Mr. and Mrs. Sam Vess of San Angelo. Also in attendance were an aunt and uncle, Mr. and Mrs. R. V. Lay of Austin, and the groom's parents, Mr. and Mrs. J. W. Reece.

The bride is a graduate of Eldorado High School and of business school, and has been employed at Goodfellow Field. The groom is a graduate of Ballinger High school, served in the US Navy and has been employed the past year with Cooper Gas Co. The couple are living in the Chester Biggs place while Mr. Biggs is employed in New Mexico and Mrs. Biggs is on an extended visit with her mother, Mrs. G. M. Moore at Granbury. The newlyweds are expected back in Eldorado after the wedding trip.

Jackie Henderson, who has been attending college at Texas Tech, has been visiting her parents, Mr. and Mrs. Tom Henderson, and will return to Lubbock to attend summer school.

Mrs. A. E. Kent has as a guest this week her cousin, Mrs. A. D. Phillips of Del Rio, who is also visiting the women's uncle D. C. Hill, who has been in.

Here for a visit with the N. R. Densmans were Mrs. Nettie Bible and family of Lamesa and Mrs. Joe Harvey and baby Roy Jo, who recently returned from Georgia.

Wallis Cozzens of Midland came in Saturday and took his daughter Pam home with him, after a week's visit with her grandmother Mrs. Mattie Cozzens.

Four young women who were her classmates in EHS served: Mrs. Joyce Ann Speck, and Misses Ebba Gene Blaylock, Juanita McAlpine, and Jane Mund.

The tea table was centered with mock orange blossoms flanked with candles, and there were sweet peas and other summer flowers elsewhere in the reception rooms.

Mrs. A. G. McCormack registered about 45 guests.

**ROY SHILLING JR. APPOINTED PASTOR AT LEUDERS**

Roy B. Shilling Jr. left Tuesday for his new assignment as pastor of First Methodist church at Leuders, Texas. Leuders, some 30 miles north of Abilene, is a full time church which has around 175 members with average attendance at Sunday School of about 75.

In addition to serving as pastor for the next year, Roy Jr. will also do some post graduate work with the colleges in Abilene. Roy Jr. was very thrilled with the unusual appointment his conference gave him, as this work usually demands a minister with much more experience. Roy has served as associate pastor of First Methodist church at Sweetwater for the past several months.

**Methodist Revival To Open June 13**

Plans are being completed for the annual summer revival, to be held at the Methodist church from June 13 through June 22. Services will be held at 10:00 a.m. and 8:00 p.m.

Rev. Quay Parmer, experienced and successful evangelist, will do the preaching for this meeting. His home is in Fort Worth. The singer is Earl L. Ward, of Waco, who will be music leader for this revival.

Rev. Parmer, a member of the Central Texas conference, is a native of Alabama. He moved to Texas in 1935 and has made his home in this state, except for time spent in the Army. Rev. Parmer brings a unique and varied experience to the evangelistic field. He has served seven years as a pastor of country and city churches, five years as a chaplain, and six years as an approved evangelist.

His formal education has been secured at four colleges and universities. He holds an A. B. degree from Bob Jones University, Greenville, S. C. Subsequent to that time he took special work at Asbury Seminary, Willmore, Ky. In 1938 he secured the B. D. degree at Perkins School of Theology, Dallas. Again in 1951 he was awarded the Master of Theology degree by Emory University at Atlanta, Georgia.

As indicated Rev. Parmer has served successfully as a pastor. In 1941 he entered the Army to serve his church and country as a chaplain. Five years were spent in this work. Two of those years were spent in Europe with a combat division assigned respectively to the Third, First and Ninth armies.

Upon his separation from service Rev. Parmer felt the call to full time evangelistic work. Since 1946 he has held more than 112 campaigns in 14 states. He presents a challenging and dynamic gospel in an interesting and enthusiastic manner.

**W. T. HUBER WINS SAFETY AWARD GIVEN BY SHELL**

Shell Safety Chapter No. 17 held their regular safety meeting Wednesday night at the Cactus Hotel in San Angelo, representatives from Big Lake, Eldorado, and Menard stations and the Eldorado maintenance crew, comprising the chapter, attending. This was family night and there were 45 present.

E. W. Perry, acting governor of the chapter in the absence of Bud Davidson, the regular chairman, presided during the evening. A dinner preceded the meeting.

Representing Shell pipeline, safety driving awards were presented by Frank Prochaska to ten men, who had driven a total of 805,000 safe miles without accidents. Highest of these ten was W. T. Huber, with 22 years of safe driving, and a total of 379,029 miles of driving in company equipment.

Kenneth Moulthin presented a certificate of award for Shell Pipeline Corporation for working through the year of 1951 accident free; this award went to Eldorado Station, Menard Station, Eldorado maintenance crew and Big Lake Station, for a total of \$2,49 days.

There was discussion of the various types of hazards on and off the job—but no discussion was necessary of the chapter's accidents since the last safety meeting, as there had been none.

The men and their families saw a movie shown by Mr. Moulthin, safety representative of Houston, on "You Can Beat the Atom Bomb," and led discussion of defense against subversive activities in atomic warfare.

At Shell Meeting Fred Watson, of the Shell Station, is attending a three-day labor council meeting in Houston, as a member of the council. Each division has two representatives, the Austin Division being represented by Mr. Watson of Eldorado and Joe Dossett of Austin; this division reaches from Houston to McCamey.

**MAGINOT CLINIC PATIENTS**

Billy Gene Edmiston, medical patient Tuesday and Wednesday.

Rosetta Lozana, injured in car accident at Ft. McKavett, hospitalized Monday and Tuesday.

W. Williams and Lawrence of Brenham visited during the week end with Ab Williams.

Mr. and Mrs. L. B. Burk had as weekend guests Mr. and Mrs. L. B. Burk of Austin.

Carolyn Ratliff will leave this weekend for TCU, to enter a twirling school, which will close on the 20th.

Fay Davis left Friday for Austin to spend part of the summer with her sisters, Mrs. L. Schwobel and Mrs. Bill Cowan.

Leonard Schwobel of Austin, has accepted a position with Tesco Electric Service Company in Fort Worth, and he and his wife, the former Jewel Davis, will move to Fort Worth soon, relatives here learned this week.

Mr. and Mrs. Jack Truman of Bartlesville, Okla., were weekend guests of Bernard Carr. The men were in service together during the war, and both have photography as hobbies. On Sunday they and Mrs. Sadie Davidson took a trip to Del Rio and Langtry.

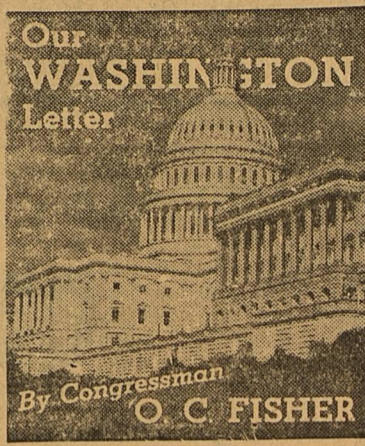

Mr. and Mrs. A. D. Walker of San Angelo visited this weekend with Mrs. Irene Rutland, and Durward accompanied them to San Angelo to catch a bus for Wichita Falls, where he is conducting a vacation Bible School.

Mrs. B. Arthur, sister of Jim Smith, visited in Schleicher county during the week end, and her husband came after her from Abilene Saturday, both returning home Sunday.

Mr. and Mrs. D. C. O. Wilson have returned from San Antonio and New Orleans, where they spent two weeks, on vacation.

Mr. and Mrs. Andy Nixon and three daughters have returned from a trip west. The girls stayed in Hobbs, N. M., while their parents went on to Albuquerque, and from there to Durango, Colorado. All returned to Eldorado Friday.

D. C. Hill, who has been in the Lillian E. Hudspeth Memorial Hospital, Sonora, has returned home and is improving. The doctor states that he may have visitors: mornings, 10:30 to 11:00; evenings, 6:00 to 7:00. Mr. and Mrs. Hill are deeply appreciative for cards, flowers, and calls received during Mr. Hill's illness.

A FEW YEARS ago there was a story going the rounds about what the welfare state had done to a flock of seagulls in California. A fish processing plant was being operated, with the refuse being dumped on a nearby hillside. Soon the seagulls found this easy source of food and more were attracted to this easy life. They no longer had to work and use their talents and instincts to live. Then came the pay-off—sure enough, a new sanitary law was put into effect and the garbage was disposed of in a different way.

Thus the source of livelihood for the seagulls suddenly disappeared. The story has it that the birds held a protest meeting. Many of them were indignant in their denunciation of the politicians who had robbed them of their source of livelihood. Finally, one old seagull got the floor and said: "Now, I'm not for this appeal to Washington. I remember when we had to work for a living. We were sleek, fast, physically fit and rugged. We were happy then. But came the easy life when we didn't have to work for a living. You are spoiled, and it's your own fault. Let's go back to making our living the way God expected us to. Let's no longer be softies, sluggish, and expecting somebody else to do our work and make our living for us. Let's go back to the sea and make our living for ourselves!"

Well, the other day there was a parallel story—a true story—out of the Far North. It began: "Government handouts have destroyed the initiative and independence of Eskimos once renowned for vigorous self reliance in the far north, authorities on Eskimo life reported."

The story went on to say that deterioration of morale and health among the Eskimos, under the white man's socialistic system, was a chief concern at conference in Ottawa, attended by Arctic missionaries, Mounted Police, and government representatives. Eskimos now tend to concentrate at posts where they receive government handouts, it was disclosed.

"There has been a consequent decline in their vitality and resistance to disease," the report continued.

"The inclination of some Eskimos to depend on government aid has lessened their desire to seek food and game in outlying areas."

And so it is—whether seagulls or Eskimos—or any of us for that matter. Life in a welfare state is often a hoax and a delusion.

**Patentable Ideas Protected By Simple Precautions**

Many people have good ideas about new or improved machines or gadgets, but never do anything about them because they don't know how to protect their rights while perfecting such items and going through the necessary patenting procedure. Here's what you can do to protect your invention before you have it patented.

Under the patent laws of the United States the person who first conceives of a new and novel patentable idea is entitled to it. Therefore, if conflicting claims arrive as to who is entitled to a patent, it is necessary to establish who first had the idea, not who filed the first application for patent.

Of course, it is always advisable to make application for patent as soon as possible in such cases. But don't forget to protect yourself while you are completing your final drawings and ultimate plans and making such tests as may be needed to perfect your patent. To do this, you should, as soon as you conceive the idea, make a written

record of the facts, dating the same, including a general statement of the nature of your invention, and a rough drawing if possible. This should be witnessed by two persons who could be called on later to certify that they witnessed the same on the dates set out in the instrument you have drawn.

Some inventors place such witnessed statements and drawings in an envelope. This they seal and mail to themselves by Registered Mail. Their post office stamps each seam of the envelope in such a way that any opening of same can be detected. Upon receiving the registered envelope and its contents, the inventor merely files it away in a safe place unopened. Then, if a contest should later develop, postal records will lend additional support to the testimony of his witnesses.

By taking the above precautions, you will establish a preliminary date showing the time when your original idea was conceived. After that you can continue with your work, perfect your idea, and after the same is perfected, make application for a patent, if you feel you have a patentable idea.

One should not just make a preliminary sketch and put it away and think that is sufficient to protect his rights. That is just one additional bit of evidence to help him establish his right to the patent. The patent should be sought as soon as one possibly can after conceiving his patentable idea and working out details of the same.

(This column, based on Texas law, is written to inform, not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

**Finders Not Always Keepers**

The old rhyme, "Finders keepers—losers weepers," is not always strictly accurate under the law. It is sometimes difficult to define the rights of a finder in court, and much confusion on the subject exists in the mind of the public generally. Confidence men have many times taken advantage of such confusion to "fast talk" unwary individuals out of large sums of money.

There are some rather fine distinctions and exceptions to the "finders keepers" maxim that have plagued the courts—and finders—for generations. In the first place, the finder is not entitled to keep the property unless the original owner is not known and cannot be located. Neither may he keep it unless the object is truly "lost" and not merely "misplaced." In general, property is legally "lost" when parted with involuntarily—through accident, neglect, forgetfulness or any other unintentional circumstances. Property is not lost in the legal sense when voluntarily left by the owner, intending to pick it up later—even though he fails to do so. Such property is "misplaced."

Thus, if one loses a watch on the street by having the clasp break, not knowing where or when it was dropped, it is legally "lost." The same is true of a fountain pen falling through a hole in one's pocket unobserved. In such cases, the finder owns what he has found against all but the true owner.

But when articles are left on a train or bus, in a public hotel room, or even when dropped on a shop floor, under circumstances indicating that the true owner will later return to claim them, such items are not considered lost. The proper custodian to hold them for the owners return would be the proprietor or other person in charge. Remaining unclaimed, the property sometimes goes to this custodian, sometimes to the finder. The distinction here appears to be whether the place it is found is private or semi-private, or a place used by the general public.

Mr. and Mrs. O. M. Nick and Martha Lynn of Ft. Stockton and Mr. and Mrs. Albin Houdek of San Angelo spent the week end visiting relatives in this county.

Mrs. J. F. Jeffrey and family had as guests Mrs. Jeffrey's son W. E. and wife and grandson, W. E. Jr., and great grandson Jimmie Miller, all of Dallas.

Mrs. Bertha Shugart is improving and has gone to Dallas to convalesce in the home of her daughter, Mrs. Spann.

**How To Freeze Green String Beans**

COLLEGE STATION — Fresh string beans may be enjoyed the year-round if a supply is stored in the freezer locker or home freezer while gardens are still in production.

Maeona Cox, foods and nutrition specialist with the Texas Agricultural Extension Service says choose fresh, young, tender, barely mature beans of a recommended variety such as Tendergreen, Blue Lake, Logan or Kentucky Wonder for preserving.

To prepare beans for freezing wash in running cold water. Cut and snap off tips and sort for size. If desired, small whole beans may be frozen but larger beans should be broken or cut into suitable lengths.

The specialist points out that it is necessary to scald beans in boiling water before freezing. This prevents loss of quality, preserves the vitamin content and brightens the color of the vegetables. Scalding also stops the action of enzymes and further cleans the product.

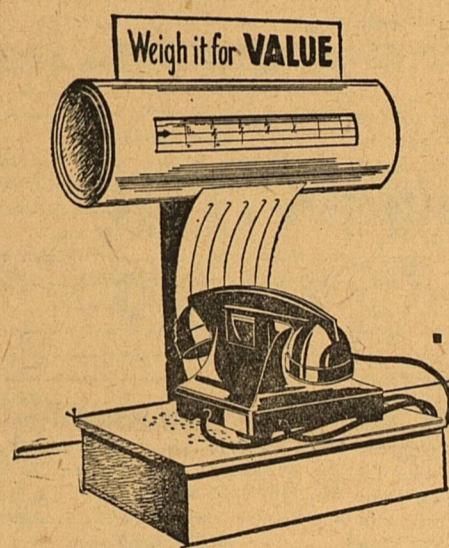

For scalding the beans, select a large enamelware, aluminum or stainless steel kettle. Put a gallon of water in the kettle and bring to a rolling boil. Place about one pound of prepared beans in a wire

basket or large loose cheese cloth bag and dip in the vigorously boiling water. Keep the kettle covered and the water boiling.

This recommended by the specialist for scalding is 2 minutes for small beans, 3 minutes for medium beans and 4 minutes for large beans. Chill in ice water and drain. Package and freeze immediately at 0 F. or below.

Wrappings or containers for frozen foods should be moisture-vapor proof. The use of such containers will help retain the product's flavor, color, food value and texture. Miss Cox suggests contacting the local county home demonstration agent for further information on freezing foods. Ask for B-175, Frozen Foods, How to Freeze, How to Cook.

**First Baptist News**

Our attendance was better this Sunday with 200 in Sunday school and 62 in Training Union. Orchids went to the beginner department with a grade of 78. With 22 enrolled they had 26 present. The onions went to the young people with a grade of 39. With 13 enrolled they had 13 present but seven of these were visitors. We trust that many of those will become a member of our young people's department. The general officers were 100 percent again. Young people, Juniors, Primaries, Beginners and nursery reached their goals for last Sunday.

We welcome into our church membership Mr. Durward Rutland and Miss Ebba Jean Blaylock. We have a church home for every one and offer an earnest invitation to each and every one who is a Baptist desiring a church home to come and be with us. We sincerely welcome all visitors and strive to be the church that is "The friendly church with a spiritual program."

Our Vacation Bible School is in full progress. Through today, Tuesday, there have been approximately 150 enrolled. Our goal is 202 in '52. The ages are 2 through 16. A child must come as much as two days to be enrolled. Every child who is enrolled will receive a lovely certificate of attendance and those who do not miss a day will receive a special award of recognition. The school will continue next week and will close with a commencement service at 8:00 p.m. next Friday. If you have not yet been in our Vacation Bible school you still have a full week of wonderful opportunity.

There has been a change in some of our times for services. Our training union will meet this Sunday evening at 7:30. And the evening worship service will begin at 8:30 p.m. Wednesday evening prayer services will be at 8:00 p.m. and officers and teachers meeting at 8:45. Take full notice of these changes in time and govern your schedule accordingly.

The Vacation Bible school at the Latin American Mission is getting under way in a fine way. They have enrolled approximately 50. With a good corps of workers. This school is sponsored annually by the First Baptist church and has always proved very successful.

We were very grateful to have with us for a weekend mission revival Brother J. Ivie Miller from Chile. Brother Miller has been on leave in the States for one year following five years on the field in Chile. Our hearts were warmed by the warm spiritual messages Brother Miller brought us. Our people are to be commended in the fine love offering of \$100 that was given to Brother Miller. This is to be applied on sound equipment to be used in his evangelistic work when he and Mrs. Miller and their four children return to Chile in August.

Our pastor will preach at both

services on Sunday. He will speak Sunday morning on the subject, "Feeding the Multitudes," and his message for the evening hour will be, "Stewardship and God's Promises." We issue an earnest invitation to each and all of you to be in any or all of our services. Visitors are welcome and members are expected.

**THANKS, EVERYONE!**

We take this means of expressing to all our friends, our sincere appreciation for the many kind deeds and acts of service you have rendered us, while we have lived among and with you. We love everybody, not only in the Methodist church, but all the people of all the churches and those not in any church, as well.

We hope we have at least rendered some little service as we have been with you. We have enjoyed the work, we love the town, the school, the churches and all of the people.

We appreciate the splendid cooperation and fellowship that exists among the churches. We are all trying to get to the same place and there will be folk in Heaven from all churches, some from no church at all.

I hope you will continue the splendid fellowship we all have together.

Bro. Doyle Morton will succeed me as your pastor. He will be your pastor. Make him feel welcome from the very start. He is a fine high type Christian and minister. I know you will love him.

We are not so far away. We hope to see you during the coming revival. When I can help you in any way, I shall be happy to do so.

Mrs. Shilling, Sue and Beth, Roy Jr. and I all join in saying God bless each and every one of you.

**TRUE HAPPINESS**

"Happy is he that hath the God of Jacob for his help, whose help is in the Lord his God." Psalm 146:5.

There are several things to notice here.

1. Are you happy? Now this doesn't mean being silly or in a worldly or giddy condition. This happiness comes from having a complete confidence in God. Now this may be he is speaking of his happy because he has God for his help. My friend can you say this, that you have God for your help?

2. Notice now the verb tense. It means that if you are happy somewhere in the past God found you and saved you by his matchless grace. This is always the beginning of happiness and if you don't have this kind you have a false happiness.

3. Now examine yourself friend and see if you have God for your help. If you are saved you may have God for your help. Now this doesn't mean that every saved person has help from God, for there are many saved people who are out of fellowship with God because of unconfessed sins. You can't have God's help and not come to church. You can't have fellowship with God and practice any form of sin, for sin separates man and God now as it did in the Garden of Eden.

4. Notice also that if you have happiness you have God for your help and if you have these you have hope and faith, and that only in God.

So friend, the only happiness, help or hope is in God. Do you look to God for everything or is your mind on earthly things? Come to church and find God. Come before it is too late.—F. H. Pryor, pastor, Fundamental Baptist church.

**ELDORADO GUILD**

The Eldorado Guild of St. John's Episcopal church will meet Tuesday, June 10 at the home of Mrs. P. F. Case.

**SINGING HELD SUNDAY**

The community singing which is held here at the Memorial Building each first Sunday was attended by a good crowd Sunday, with out-of-town visitors present from Menard, San Angelo, and other places. It was decided to meet each first Sunday at 3:00 hereafter instead of 2:00, for the usual two hours of singing.

**CHURCH OF GOD IN CHRIST**

The Church of God in Christ is beginning a revival meeting on the 8th of June which will run through the 10th of June. We are inviting all to attend.

Elder E. C. Montry, Pastor

Among those attending the bull fight in Villa Acuna Sunday were Mr. and Mrs. W. C. Evans of San Angelo, Bill Talbert of Goodfellow Field, and Mr. and Mrs. Buster Dickens.

Among those attending the annual Clark family reunion at Lampasas Sunday were Mr. and Mrs. N. G. Hodges and granddaughters, Linda Jean and Marcia Mund, Mr. and Mrs. Jack Clark, Mrs. Clifton Henderson and children, Mrs. Ernestine Cook and daughter, and Mr. and Mrs. Claude Alexander. This reunion is held each summer, the first Sunday in June, at Guenderland Park in Lampasas.

Mr. and Mrs. E. W. Craig had as guests Mr. and Mrs. Ted Kirby and son Kenneth Craig of Crane. It is understood that Coach Kirby is leaving the teaching profession for the year to sell athletic equipment, and that the family will live in Brownwood after going to Alpine where he will receive his Master's.

Guests who visited here during the weekend were Robert Isaacs of Austin and his three daughters, Mrs. W. H. Meredith of Junction, Mrs. David Halastrome of Austin, whose husband is stationed in Alaska, and Dolores Isaacs, of Austin. All visited Mr. and Mrs. Will Isaacs and other relatives.

**1800 Expected For Texas 4-H Roundup**

COLLEGE STATION—Recognition for achievement and entertainment are the primary objectives of the 1952 Texas 4-H Roundup. The 1,800 4-H club members, local adult leaders and extension agents who are expected to attend will attend all planned programs and activities aimed at achieving the two objectives.

According to A. H. Walker, chairman of the Roundup program, the first planned activities are scheduled for Monday afternoon, June 9, and include visits to spots of interest on the campus of Texas A&M college. The Monday night program will feature an outdoor party for all 4-H members at the "Grove" and at the same time Chancellor and Mrs. Gibb Gilchrist will honor all 4-H leaders with a reception at their home on the A&M campus.

Tuesday is the big day. Sixteen judging and demonstration contests will be held to pick the state winners in as many different 4-H fields of work. The delegates to the Roundup and the leaders will participate in the program which formally opens the 1952 state meeting and they will hear Dr. G. C. Baker,

Jr., chaplain, Southern Methodist university, discuss "Tomorrow's Honors." Periods devoted to group discussions and recreation for the 4-H delegates will follow the general meeting while the 4-H leaders will confer on "How to be a Better 4-H Leader."

The afternoon session will feature Captain Don Lawrence, Department of Public Safety, with a special program on firearms. Beginning at 2:00 p.m., a tour of the A&M College Campus and the new agricultural facilities will be made. A tea honoring all 4-H members who have won state and national awards is scheduled for 4:30 p.m., Social Room, Memorial Student center.

The winners, teams and individuals, will be presented in a series of meetings to be held in the MSC between 6 and 7 p.m.

The State 4-H Recognition Banquet is scheduled for Sbsa Hall at 7 p.m. The Sears-Roebuck Foundation is sponsoring the banquet and the state winners and local leaders will share the spotlight. An outstanding entertainment program has been arranged by Mr. C. T. Johnson, southwestern area director for the Foundation.

The Roundup will be officially over after breakfast on June 11.

**CIVIL SERVICE JOB**

The Civil Service Commission announces examinations for filling vacancies in the position of Petroleum Inspector, GS-9, \$4620 per annum. Employment will be with the Supervising Inspector of Naval Material in Houston, Texas, and other Federal Agencies in the state of Texas. The majority of the positions will be in the vicinity of Houston, Texas. Application forms may be obtained from any first- or second-class post office.

Mrs. Annie Dickens and daughters, Carol Lynn and Mrs. John Barrows, and the latter's son, were here visiting relatives and friends Friday. Billy Jo Jeffrey, who had been visiting them since Sunday, accompanied them home.

Mr. and Mrs. S. P. McDonald and daughter Sandra, age 5, were here Saturday, visiting Mr. and Mrs. Ray Alexander and other old friends. They are former residents here, Mr. McDonald having worked for Shell in this county.

Mr. and Mrs. T. H. Alexander and Ray Alexander attended the Homecoming at Llano last weekend.

Guests of Mr. and Mrs. Milton Baugh were Mrs. Charles Broome and grandson Leighton Brown of San Angelo.

Wanda Jane Lackey and Dianne Lackey of San Angelo are attending Bible school in Eldorado.

A guest in the home of Mr. and Mrs. Nick Jurecek is a niece, Winnie Arlene Manley of Meivin.

Tom Henderson has returned from Sonora hospital where he had surgery, and is doing well.

Durward Rutland left on the 4th for Wichita Falls, where he will conduct a vacation Bible School.

B. P. Smith of Colorado City, father of Mrs. Alan Kuykendall, developed pneumonia recently, shortly after the death of his wife, and has been quite sick. A daughter and children of Andrews are staying with him, also his grand daughter, Wilma Jean Kuykendall, whose mother returned home Sunday from Colorado City.

Myrtle Beard of San Angelo spent the weekend with Mrs. W. H. McClatchy.

Mr. and Mrs. Pat Finley and Toya Jo visited Saturday in Menard with the Clyde Doziers, and that night went to a dance recital given by Polly Stockton's dancing class, in which Toya Jo did a tap dance number.

Mack and Becky McAngus are spending the week in Odessa with their aunt, Mrs. Donald K. Neill.

Mr. and Mrs. Tom Carroll, who recently sold their laundry in Sonora, and have been visiting local relatives since school closed there, are moving this week to Brady, where they have rented a six-room house, on Oakes Street. Mr. Carroll will start work Monday for an aviation company which is to be enlarged under Martin Aviation ownership, and make parts for jet planes. He will work in the assembly department. He had five years' work during the war at Goodfellow Field.

Iretta Faye Mace has returned to Lubbock to attend summer school after visiting her parents, Mr. and Mrs. J. H. Mace.

Mr. and Mrs. Bob Bradley have returned to Midland after a vacation trip and visits with relatives in Eldorado.

Mrs. Daisy Ford is back home, probably for the summer, after a visit in Kansas with her daughter Mrs. Harlan Graves, and also in North and East Texas, in New Mexico, and old Mexico. She was accompanied by Mrs. Graves who spent two weeks here and in San Angelo. Mr. and Mrs. James Page and Mrs. Graves left Friday for the Graves home in Kansas, where the Pages will visit; they left their daughters with Mrs. Page's parents, Mr. and Mrs. Tom Wilton, in New Mexico. The Pages expect to be gone from home about two weeks.

Mrs. Kenneth Cheek returned Sunday night from San Antonio where she had visited her father, T. F. Hoffman, who is ill—then left again Tuesday to visit him, accompanied by the other members of her family.
