ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, OCTOBER 23, 1952

NUMBER 43

DEEP WILD CAT IS SCHEDULED IN SCHLEICHER COUNTY

Toklan Royalty Corporation and J. G. Catlett of Tulsa have filed application to drill a 5,800-foot rotary wildcat in South-Central Schleicher County as their No. 1 C. C. McCburnett.

Location will be 660 feet from north and east lines of section 11, block L, GH&SA survey and on a 160-acre lease.

Drilling will begin at once. Ground elevation is 2,347 feet. The project will test the Strawn.

The wildcat is being as a result of a deal worked up by Charles W. Shelton and Arthur R. Brown of San Angelo. They took a farmout from George Edward Day of Springfield, Ill., on a checkerboarded spread of 1,020 acres in section 4, 11, 5, and 10, Block L, GH&SF survey, then turned it to Toklan and Catlett to drill. He retained an override and acreage.

No. 1 McCburnett will be three and one-quarter miles east and slightly north of the nearest oil production in the Page (Strawn) field.

Taylor Oil & Gas Company of San Angelo will drill No. 1 Lindsey H. Hicks as a 6,500-foot wildcat in the northeast portion of Schleicher County, 16 miles northeast of Eldorado.

The project is 1,980 feet from south and west lines of section 73, block M, GH&SA survey. Tucker Drilling Company has the contract.

Location is three-quarters mile northwest of Phillips Petroleum Company No. 1 Weddell, abandoned Strawn discovery. That well was completed in 1946 for a daily pumping potential of 35 barrels. The Strawn was topped at 5,620 feet and the Ellenburger at 6,090 feet, elevation 2,392 feet.

Wesley West No. 7 Christina Mittel has been completed as a new oiler in the Neva West (Strawn) field of Central-North Schleicher County.

The oiler was finished for a daily flowing potential of 431 barrels of 35-gravity oil through an 18/64-inch tubing choke and from perforations at 6,392-424 feet. Gas-oil ratio was 950-1 and tubing pressure 725 pounds. Pay was acidized with 500 gallons.

American Republics Corporation and The Ohio Oil Company each staked location for a project in the Huldale (Strawn) area of Central-North Schleicher County, 10 miles north of Eldorado.

American Republics will dig No. 2 W. H. McClatchy as a 6,850-foot test 1,403 feet from north and 3,190 feet from east lines of section 83, block LL, TC survey.

Ohio will dig No. 19 T. W. Thomson as a 5,900-foot test 1,520 feet from north and 924 feet from east lines of section 81, block TT, TC survey. Ohio No. 18 is undergoing completion this week.

DROUTH EMERGENCY HAY

There have been 81 cars, about 1000 tons of all classes of hay received under the emergency hay program up to October 20th. Orders for about 2500 tons have been received in the county office to date. More mixed hay is being received than legume and on all future orders mixed hay will have to be substituted for legume in many cases if the orders are filled.

Truman Biggs Plays On SAC Football Team

TRUMAN BIGGS

Truman Biggs continues to make good in football, according to reports from SAC, where Truman, 18-year-old graduate of EHS, is now a Freshman. He won All District honors while he played on the Eldorado team.

Coach Max Baumgartner says of him: "Truman is our leading defensive guard mainstay. A boy with excellent character, a great heart, and plenty of ability, he should go a long way in the field of football. He was bothered earlier this season with injuries but is ready to roll now. We are looking for plenty of praise about this big boy."

Garys Move To Houston

Charles Gary, who has been with Shell less than a year, working out of Eldorado, is moving to Houston, to continue with his work in the Corrosion department. As there is probability of advancement for Mr. Gary there, the couple decided to buy a residence, and were in Houston part of this week for that purpose.

Mr. Gary has a Master's degree, and is a former teacher in the Eldorado school system. Mrs. Gary also taught in Eldorado High School two years.

Tonight, at 7:30 at the Methodist Church, there will be christening services for the Garys' baby daughter Jessica Maurine. This will be a feature of the closing service of the Methodist Stewardship Revival. Here as a guest in the Garys' home, and to attend the christening services is Mrs. Gary's mother, Mrs. W. H. Roberts of Brady. Mrs. Roberts is placing her Brady property on the market and expects to move to Houston where the Garys will live and where she also has a sister.

On Wednesday, Mrs. Gary, who is a speech major, addressed the Lions Club in Sonora on socialism, stressing socialized medicine; she has been invited to appear before the Rotary Club in San Angelo on the 31st with the same message.

Mrs. Gary and the children will visit Mrs. Roberts in Brady a week while Chuck completes moving arrangements and has their new house ready for occupancy.

ATTEND BOARD MEETING

Mrs. Edwin Jackson and Mrs. Arthur Mund attended a board meeting Monday in Abilene of Sixth District Federated Women's Clubs.

NEW BABIES

Born, on the 11th, at Sonora Hospital, a daughter to Mr. and Mrs. R. B. Glasscock. She weighed six pounds and 10 ounces at birth and has been named Teresa Ann. Her arrival confers the title of grandparents upon Mr. and Mrs. Richard Cheatham for the first time. Other grandparents are Mr. and Mrs. Pink Glasscock of Sonora; great grandparents are Mr. and Mrs. Hop Cheatham of this county. The young mother is the former Fern Cheatham, and the family live in Sonora. Mrs. Cheatham has been with Fern and her family the past week.

Mr. and Mrs. Victor Kent and Mrs. Ray Boyer and son were in Brady Monday to visit the women's sister, Mrs. Enoch Hutchinson of Eden and her new daughter. The baby, who was born on the 18th to the Hutchinsons in a Brady hospital, weighed seven pounds and 14 ounces at birth and has been named Martha Ann. The young mother is the former Faye Stoepeler, who has visited here often.

Margaret Olga Laura is the name given the new daughter born Saturday, October 18, in a Hondo hospital, to Mr. and Mrs. Albert Ray Thigpen. She weighed seven pounds and 12 ounces at birth. The baby, whose mother is the former Elizabeth Reber, has three grandparents, Mrs. Harold Reber of Hondo and Mr. and Mrs. Albert Thigpen of Schleicher county, and a great grandmother Motto, of near Hondo. The Thigpens, accompanied by Mr. and Mrs. Hayden Lewis of San Angelo, spent the week end in Hondo visiting the family.

Leslie Jean is the name given to the new daughter born to Mr. and Mrs. Lester Nixon in San Angelo Oct. 19. There are three other children in the family, Jorgi and Reginald Lagow and Susie Nixon.

Grandparents of the infant are Mr. and Mrs. W. H. Barr of Wichita Falls and Mrs. Paul Nixon of Eldorado. Mother and baby came home Tuesday from the hospital. Leslie Jean weighed seven pounds at birth.

With the arrival of Tommie Aline's son in Midland Memorial Hospital October 7, Mrs. Sadie Davidson is grandmother again. The baby was born to Mr. and Mrs. Lawton Brevard of Andrews, weighed six pounds and eight ounces at birth, and has been named Victor Lawton. Grandparents are Mrs. Davidson of Eldorado and J. P. Brevard of Talpa, and greats are Mrs. B. K. Cheek of Eldorado and Mrs. George Davidson of Cedarhurst, Long Island. Mr. Brevard is employed with Stanolind. Mrs. Davidson spent four days recently with her daughter and family. She took her mother as far as Hobbs, visiting her former roomers, Mr. and Mrs. Wallace Gore and two children there, Mrs. Cheek going on to Melrose to visit a sister Mrs. Lizzie Green.

Post Script

By 4:00 Wednesday afternoon there had been 21 applications for absentee ballots here. This indicates a good vote and a lot of interest in the coming Presidential election.

Which reminds us: The 18-page edition of the Eldorado Success, featuring Oil Progress week, and the ballots for the voting boxes of this county, all came off the presses in the office of the Success last week. The crew, all THREE of us, were pretty well worn out by the time that was all over.

Quite a few kind words have been said about the Oil Progress edition—and the ballots came out on time—and the crew lived thru it! And everyone is glad it is over.

Also we had more bounce left than we'd bargained on—enough anyway to start already to talk about next year's Oil Progress edition, and make note of ways in which we can make it better! There will be more oil too to tell about.

—ps—

Around 38 per cent of the county and state taxes have been paid to date, according to records in the tax assessor and collector's office. Out of a total of \$167,078.99, the amount paid up to Wednesday night was \$63,927.57.

This may interest Success readers: only 72 poll taxes have been paid to date, indicating that voters don't expect anything very exciting to happen to get out the vote next year.

—ps—

Among new families here—or families moving—are W. M. Dagley, in Crosby unit No. 1; Mrs. Mae Mercer, back in her own residence, Mrs. Kenneth Love, occupying a Gus Love house for about two months while the family built a new house in Midland; Charles R. Oneal in Marvin McDonald rent house; R. B. Bohannon, in Crosby unit No. 3; Chester C. Brown, in C. L. Martin Sr., rent house; Tom Dagley, in Vernie Humphrey apartment; E. L. Byrd, Woodward rent house; Brady family, in the Eaton apartment.

—ps—

D. C. O. Wilson, who served under Dwight Eisenhower during World War I, had an opportunity to shake hands with the general at the airport in San Antonio last week. Mrs. Wilson accompanied her husband to San Antonio and the two later heard his address. Quite a few First Campers were there to greet the general in addition to Mr. Wilson. The Wilsons report that the general had a most cordial re-

'53 MODEL DODGES NOW ON DISPLAY AT PARKER MOTOR CO.

The most dramatic changes in the 38-year history of the Dodge passenger car was unveiled here today when Dodge Division of Chrysler Corporation introduced its sensational 1953 "action car."

The new, completely restyled Dodge with a powerful 140-horsepower Red Ram V-Eight engine went on display in the showroom of Earl Parker Motors this morning. A six and an 8-cylinder model are on display.

Sweeping changes in both styling and chassis features plus the unprecedented efficiency of the new engine are announced by Earl Parker.

The 140-horsepower Red Ram V-Eight engine is featured in the Coronet series, while the popular and dependable six cylinder engine is retained in the Meadowbrook and Meadowbrook Special series. The Wayfarer is not included in the 1953 Dodge lineup.

Parker, who handles both Plymouth and Dodge cars, reports that the '53 Plymouths will make their appearance much later in the year.

Harvey Dannheims Sell Laundry and Station, To Move To San Angelo

Mr. and Mrs. Harvey Dannheim, owners and operators of the Magnolia station and laundry here the past several months, have disposed of the station and laundry and this week end are moving to San Angelo where Mr. Dannheim will be employed at Goodfellow AFB.

The station here will be closed for a time and will probably be taken over later by Sinclair, it was stated.

The Dannheims will be at home at 3610 Sprague in the Lakeview addition, and their three school-age children, Clarice, Noel, and Sammy, will enroll in the Lakeview school. Their older son Lawrence, who graduated from high school here last spring, is with a Superior Oil Co. crew working out of Ozona.

LIONS CLUB

Rev. Roy H. May, speaker here this week for the Stewardship Revival at the Methodist Church, was guest speaker at yesterday's Lions club meeting. He was introduced by Rev. Doyle Morton.

ception in the Alamo City and that he was enthusiastically cheered wherever he went.

The benefits of soil and water conservation practices applied and maintained have been realized by most every farmer and rancher co-operating with the Eldorado-Divide Soil Conservation District.

On farm land increased production is noted the first year where cultivated land is farmed on the contour. Since contour farming does not require any additional farm equipment and very little, if any, extra farming cost, it is normally the first conservation practice applied by farmers. The benefits from contour farming can be seen, from a soil and moisture standpoint, even before a crop has been planted or harvested. This can be done after a rain by inspecting a field that is bedded on the contour. With the rows on the contour (water level) each row acts as a little terrace to hold the water that falls above it. Since moisture is one of the important factors in crop production, it is easy to see the benefits of holding the water by contour farming.

Since contour rows will not hold all the water in the big rains, level terraces are needed to conserve the maximum amount of soil and

water. The level terraces, constructed to a wide base and needed height as determined by the slope of the land, catch the water and hold it after the contour rows are full. This water held on the land goes into the soil and is available later for growing crops.

The increase in per acre yield, with level terraces to conserve soil and moisture, has been realized by numerous farmers of the Eldorado-Divide SCD. Cooperators, by continuing to construct terraces on their land, show further that they see the benefits, as well as the need, of a good terrace system in a well rounded soil and water conservation program.

Since water is one of the big factors in crop production in the District, it is easy to understand why all water that falls should be held. When we consider that one acre inch of water contains 27,152 gallons there is no question that terraces are needed in a well rounded soil and water conservation program. Each terrace stores several acre inches of water. The number of acre inches of water held by each terrace varies with the slope of land, height of terrace and end closures.

1952 COTTON ACREAGE

Cotton acreage history for 1952 is being requested from cotton farmers. All farmers who planted cotton in 1951 are being mailed a card for reporting cotton acreage. Any one who planted cotton in 1952 and does not receive a card should contact the PMA office at soon as possible. The acreage history will be kept on record for use, in case of future cotton allotments.

Rudd Rancher Nearly Severs His Leg Tuesday In Power Saw Accident

Reuben Reynolds, age about 34, received serious injuries while cutting brush on the Reynolds place in the Rudd Community at about 1:00 Tuesday afternoon, and is being treated in the hospital in Sonora.

Mr. Reynolds and his employee Tobe White were cutting trees, using a portable motor saw on wheels. The accident occurred when a tree suddenly pulled Reynolds into the saw, which cut into his leg below the knee, the blade going entirely through one bone and part way through the other. Tobe pulled him away from the saw thereby probably preventing more serious injuries.

Tobe drove the pickup bringing the injured man toward Eldorado, relatives accompanying them. Dr. Wm. Lindsey and his assistant who had been notified, met them on the way and drove with him to Sonora for hospitalization.

He has had several blood transfusions, as the wound bled profusely, and he has also been in considerable pain, but doctors assure relatives that there is probability of saving the leg.

Local relatives and a number of friends have called at the hospital since the accident occurred.

LIVESTOCK—Gouldy — CenJpdM

PORT WORTH—Most heartening news to livestock producers in weeks was the rally of cow prices at Fort Worth late last week and which carried over into Monday's trade. Cows sold Monday \$1 to \$2 above the low time last week. There was a better feel to the trade, though stocker demand remained very dull, and some signs of improving stocker demand at northern points were encouraging.

Lighter runs of sheep around the market circle set off a little rally in the sheep yards at Fort Worth Monday. Some lambs and some ewes sold 50 cents higher.

Hogs opened the week with a 25 cents higher to 25 cents lower market to top at \$18.50 to \$19 at Fort Worth. It was notable that hogs closed at the day's low points here and at other major markets. Sows drew \$14 to \$17.

The stronger tone to the market at Fort Worth and at other points around the market circle was particularly good news since October's twin gobblins, deteriorating ranges and heavy receipts, plumped calves and sheep to the lowest levels for the current crop and to the lowest point since OPA controls were removed in October, 1946, just a week ago.

Good and choice slaughter steers and yearlings sold for \$23 to \$31, and common to medium sorts sold for \$13 to \$21, with cutter grades at \$10 to \$13. Fat cows sold for \$12.50 to \$15.50 and some heiferettes topped at \$18. Canners and cutters sold for \$8 to \$13, few under \$8. Bulls drew mostly \$10 to \$17, a few best to \$18 and above.

Good and choice slaughter calves sold mostly at \$16 to \$22 and a few fancy heavies of 500 to 600 pounds drew \$22 to \$26 and better in the baby beef class. Common and medium slaughter calves drew \$12 to \$16 and culls sold for \$10 to \$12. Choice stocker steer calves and steer yearlings sold at \$22 down, sparingly, mostly \$21 down. A few cows went back to the country at \$12 to \$16.

Slaughter ewes sold from \$3.50 to \$5.25 at the close, with old wethers from \$7 down. Yearlings cashed at \$6.50 to \$16, and fat lambs sold from \$23 downward. Feeder and stocker lambs sold from \$8 to \$17, with cull slaughter lambs from \$6.50 to \$8. Old bucks sold from \$3.50 to \$4.50.

EAGLES OUTPLAYED BY MENARD TO A SCORE OF 20-0

The final score was Menard 20, Eldorado 0, when the whistle blew at Menard last Friday night. The Eagles played a good defensive game throughout, but they were out-weighted and out-played.

From the middle of the first quarter until the latter part of the 4th quarter the score stood 6 to 0, and there was a time or two when it looked like the Eagles might tie it up; but they never did have quite enough power, or luck.

The game started with Menard receiving and bringing the ball up to their 15. They then followed up with 6 first downs which brought the ball up into the pay zone where they lost it on downs. Eldorado fumbled on their first play; Menard recovered on our six, and then went over for a touchdown. It was all very efficiently done.

From there on it was more of a see-saw game; both teams doing their share of fumbling, but with Menard picking up most of the 1st downs. Near the end of the second quarter Menard had again steam-rolled over to our goal line, where the Eagles were saved by the half.

In the third quarter Eldorado picked up about the same number of first downs as did the Yellow-jackets. There was a flock of incomplete passes and fumbles on both sides which continued up into the 4th quarter.

Somewhere along there the Eagles recovered a Jacket fumble, and then made two first downs in succession. It looked like they were rolling, until the inevitable happened—Menard intercepted one of our passes, and put them down on the Eagles' 24. About that time Craig was injured and taken out of the game, and in two more plays Menard went over for their second touchdown; also making the extra point.

By that time the steam was pretty well gone from the Eagles. They received their last kickoff, made a first down, and then were forced to kick out. There was still time for Menard to run three plays, each good for a first down, and the fourth one put them over the goal line. They also ran the extra point, making it 20-0.

Boys injured were Frank Edmiston, Billy G. Edmiston, and Pinkney Craig. Frank will be out for the season, but Craig and Billy Gene Edmiston will be ready by Friday.

Junction Here Tomorrow

This Friday they face a similar situation, only worse. The Junction Eagles are larger and have two of the best backs in the state, it is reported. They beat Sonora Friday 27-13 without much trouble.

The possible starting lineup this Friday for Eldorado Eagles will be: Humphrey, Pennington, Doyle, Stanford, Holcomb, Bearce, Cheek, Perry, Billy Gene Edmiston, Pinkney Craig, and Billy Jack Etheredge.

Game time is 7:30.

Mrs. Emma Bradshaw and O. B. Bradshaw were among the local relatives who attended the funeral in Menard of the five-year-old son of Mr. and Mrs. J. B. Cox of Oklahoma, victim of polio. One of the boy's twin sisters, age 3, also has had polio but is improving.

Gulf Consignee Ernest Finnigan and several of his dealers from Eldorado and Sonora attended a Gulf meeting Monday night at San Angelo.

SURPRISE! SURPRISE!

If you were a Schleicher County rancher who had been putting in the past two years and a half "dry ranching"—and you suddenly found a watermelon on your place, wouldn't you be surprised?

That is what happened to J. H. Wagley, who lives on his ranch a short distance from the city limits on the San Angelo Highway.

He found the vine with a good-sized watermelon on it, growing "volunteer" around the base of his butane tank north of his house. The vine had found a little pile of dirt, and was growing in that. The melon weighed 44 pounds when Wagley finally picked it, after watering it a little while to coax out a little extra growth. Two other melons on the same vine had rotted, but the ripe one has a nice dark green rind and looks like an unusually healthy specimen.

Wagley is so proud of it he doesn't want to cut into it!

GUILD TO MEET

The Eldorado Guild of St. John's Episcopal church will meet this Monday at the home of Mrs. Jim Willoughby. Members will meet at 10:00 at the post office as usual.

Fishing at Buchanan were Mr. and Mrs. Marvin McDonald, Mr. and Mrs. Laymon Hazelwood, Mr. and Mrs. Vernon Hazelwood, Mr. and Mrs. P. W. Hazelwood and Mr. and Mrs. Roy Andrews.

Guests of Mr. and Mrs. Josh Ewing Friday night were Mr. and Mrs. Ben Ewing, their son, who were on their way to Fort Bliss where Ben is taking a government course in hydraulic engineering.

Mr. and Mrs. T. H. Alexander spent several days in Snyder visiting relatives. Mrs. W. H. McClatchy accompanied them to Snyder and her son Cecil brought her home.

Mrs. Ed Hill is doing as well as can be expected, following major surgery Monday morning at Clinic Hospital in San Angelo. Because of the seriousness of the operation, requiring five hours on the operating table, she has been very ill, but her condition is reported to be satisfactory.

FIRST BAPTIST BUSINESS WOMEN MEET ON MONDAY

The Carrol Ratliff home was the meeting place for the Business Women's Circle of the First Baptist Church Monday evening. After the buffet supper, Mrs. Ross DeLozier gave a book review.

SCHOOL NEWS

We, of the Eldorado High School Band would like to thank the REA and West Texas Utilities Company for their contributions to the Band Fund. With the help of this year Eagle Band had a most enjoyable time in Austin Saturday.

The Eldorado Eagle Band had a most profitable and enjoyable time in Austin last Saturday. Besides marching in the parade, of which there were 137 other bands, we also went through the State Capitol and saw the Texas-Arkansas football game. The band left Austin at 5:30 and arrived here tired and sleepy at about 12:00 p.m.

The highlight of the half-time performance this Friday night at the game with Junction will be the crowning of the football sweetheart, pep squad sweetheart, and the Eldorado Band sweetheart.

ESTERBROOK FOUNTAIN pens, \$2.30 — Eldorado Success.

Methodist Notes

Rev. H. T. Arnold, of San Angelo, Field Secretary of the United Texas Drys, will speak at the evening service at the Methodist Church, presenting the cause of the United Texas Drys both from an educational and inspirational viewpoint.

A large crowd is expected at this meeting in view of the importance of his message and its timeliness in today's state and national picture.

The pastor, Rev. Doyle Morton, will conduct morning services as usual, then at night will be in Sonora to begin a four-day Stewardship revival in the Sonora Methodist church, assisting the pastor, Rev. W. H. Marshall, in the launching of the Stewardship movement in that church.

The first phase of the Stewardship campaign was the five-day Stewardship Revival, which closes tonight at the local Methodist Church. Inspirational messages have been delivered by the visiting minister, Rev. Roy H. May, of Brady, each of sermons stressing some phase of stewardship. Interest in the meeting has been good and members have received in these five evening sessions a good start on their new four-year Stewardship campaign.

The next step will be under direction of the Stewardship Committee, members of which will meet Sunday afternoon at the church, and start on their program of every-member canvass and visitation. They will call on families as they can during the coming weeks.

A goal of 50 percent increase in attendance at Sunday School and church has been set.

A Methodist family leaving Eldorado are Mr. and Mrs. Charles Gary and two children, who are moving this week to Houston. The Garys have been active in church and Sunday school work since they moved here over two years ago; Mr. Gary has been Sunday School superintendent, and both he and Mrs. Gary have helped promote many of the church's activities. A "going away" gift has been presented to the family by their Methodist friends.

At the Layman's service Sunday morning, Edward Meador was principal speaker. In his address he stressed the responsibilities of laymen, their duties as working members of the church, and the many opportunities of service for people of all ages and talents. The other laymen participating in the program were Elmer Peters, who introduced the speaker and other numbers preceding the address, and Harold Hunt who offered prayer.

Mrs. Fred Watson has gone to Kilgore accompanied by her sister Mrs. E. D. Otis of Fredericksburg, to visit their mother Mrs. May Clark.

Mr. and Mrs. L. W. Chrestman have returned from an eleven-day vacation trip to Wichita Falls, Holiday, Nocona, Taft, Port Lavaca, Corpus Christi and other places. They report seeing the Peewee-Sinton game at Taft.

Right down to the smallest model

Only GMC builds 'em "Big-Truck" rugged!

GMC is the *only* manufacturer to engineer its lightest-weight models with all five of the "heavy-duty" features most other manufacturers reserve for "big trucks only."

Even in the lightest GMC pickup truck, you'll find a sturdy truck-built engine protected by many of the same extra-value features that go into the big 200-horsepower GMC's: Tocco-Hardened crankshaft, airplane-type main and rod bearings, full-floating piston pins, rifle-drilled connecting rods and full-pressure lubrica-

tion all the way to the piston pins. There's the same "extra" engineering that means extra years of trouble-free service in the chassis, too—a deep, rigid frame riding on long "pillow-action springs," and real "truck-size" brakes that respond to a nudge of the pedal.

Why not come in and drive one? Even the steering mechanism—which operates in a bed of recirculating ball bearings—is the best in the business. Whatever size truck you need, you can't beat a GMC!

a young
girl's
fancy turns
to Cooking

On an Electric Range, cake icing can be prepared in a regular saucepan. No double boiler needed because the heat's so evenly measured and distributed. No scouring the bottom of the pan, either, because there's no flame or soot.

"Yes, Judy, cooking on our Electric Range is exciting! Electric cooking is so clean, so fast and so easy!

"And we certainly make the best use of our Electric Range to cook complete meals. Dad sure loves those delicious roasts, tasty pies and cakes, and he's proud of those economy meals. Our food tastes better, cooks easier, and we save time and energy, too. By the way, dear—those cake layers should be ready by now. That bell you just heard was the automatic reminder. It's saying, 'Cake's done!'

"You might say that our Electric Range is like an automatic cook. It does the work, and you don't have to worry about it.

"Another nice thing, you don't have to clean the kitchen so often, because there's no smoke and no soot. The kitchen stays cooler, too, because the heat goes into the food, not the air."

DID YOU KNOW...

with an Electric Range you can:

Melt chocolate squares in waxed paper on a surface unit... save natural vitamins and minerals by cooking vegetables with very little water... roast meats perfectly with a minimum of shrinkage... Pop corn or sterilize baby's bottles in the deep-well cooker... have delicious "charcoal-type" broiling with no flame? Did you know that housewives everywhere are switching to Electric Cooking, the modern way?

Mother Knows Best... of Course, it's Electric!

RIDDLE-SHILLING WEDDING THURSDAY IN CHURCH AT OVALO

Miss Margaret Riddle of Ovalo, daughter of Mr. and Mrs. H. L. Riddle, became the bride of Roy Shilling Jr. in a ceremony Thursday evening at 7:00 in the Ovalo Methodist Church, the groom's father, pastor of the Big Lake Methodist Church, officiating. Miss Jo Ann Stockton of Tuscola and Lloyd Rucker of Abilene attended the couple.

For the ceremony the bride wore a wool suit with matching taupe velour hat and gold nylon blouse. Her corsage was of white orchids.

A reception in the home of the bride's parents followed the ceremony. Among those in the house party were the groom's sisters, Sue and Beth Shilling, and others.

After a wedding trip the couple will live in Big Lake until the groom receives his orders from Army headquarters.

The bride was reared in Ovalo, and was a student at McMurry until the time of her marriage. The groom is a graduate of Mertzon High School, moving to Eldorado with the Shilling family at the time Rev. Shilling received his appointment here. He attended McMurry College at Abilene, graduating last year, and serving Methodist charges as pastor while he was a student in college. Because of his pending induction into service, he has spent much of this fall in Big Lake with the family, taking some post graduate college work and working in the county.

Bill Word Satisfied At Masonic Home

Bill Word seems well satisfied with his set-up at the Masonic Home at Arlington, as excerpts from two recent letters will show:

It is after breakfast and what a wonderful place this is to live in. We have the most beautiful dining room there is in the state, and the room adjoining is furnished with the very best leather chairs and settees. There is so much to eat, and what an appetite it makes everyone have! Each table has a waitress and she is a lady from the Home, and it is so clean and nice.

When people have social security the Home takes all of the money except ten dollars and that is allowed for incidental expenses. Lots of people draw an income of say \$100 a month, and the Home gets all except the ten bucks, and that is fine.

We have a lady barber who cuts hair for 25 cents and shaves for 25 cents.

Everything is nice and clean and it makes one feel so happy that he is one of this big family of 131 men and women and everybody tries to be nice to each other.

I have a good bed to sleep on and a very nice and convenient room with hot and cold water.

They had the first funeral at the Home graveyard and it is simply a wonderful place to be put away in. The graves are side by side and each has a flat tombstone at the grave with name and years of birth and death.

The lady came around this morning checking our Christmas wants, so I will get a Thermos bottle and a pair of new shoes for my presents.

We should have put mamma here long years ago. Since I have been here I have met so many aged ladies and they all say they wish they had come before they did, and would not give it up for anything.

I have at my table a very old lady and she is the image of mamma. My table is one of three tables that are in front of the door for people who can get about and use crutches and walking canes and I am really enjoying it more each day.

The man we buried yesterday was David Crockett and he was dressed in his suit that all 32nd degree Masons wear when they attend the 32 degree Lodge, and such a beautiful thing it was to be put away in.

Had a chance to go to Fort Worth this morning but I stayed at Home as I want to make the Dallas Fair Wednesday.

Address: W. R. Word, Masonic Home, Arlington, Texas

Mr. and Mrs. Sam Keeney visited recently with their aunt and uncle, Mr. and Mrs. Clyde Keeney. They live in San Angelo.

THE STATE OF TEXAS
To the Sheriff or any Constable of any County of the State of Texas
GREETING:

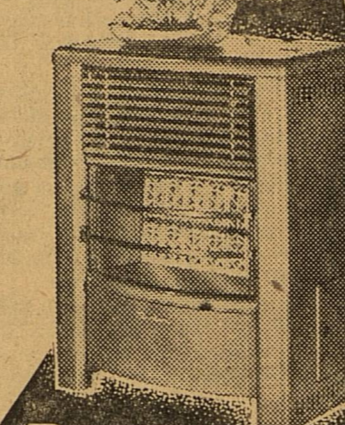

Whereas, on the 15th day of September, 1952, John F. Isaacs recovered in the District Court of Schleicher County, a judgment against Johnny Florence for the sum of \$171.38 with interest thereon from the 15th day of September, 1952, at the rate of six percent per annum and costs of suit; and, whereas, the said judgment is a foreclosure of a tax lien on the following described property, to-wit: an undivided one-half interest in Lots 5, 6, and 7 in Block 3 in the Glendale Addition to the town of Eldorado, as said tax lien existed on the 15th day of September, 1952, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said Johnny Florence. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed, and place the purchaser of said property in possession thereof within thirty days from date of sale.

Therefore, you are hereby commanded that you proceed to seize and sell the above described property, as under execution, and make a good and sufficient deed and to place the purchaser of the same in possession thereof within thirty days after the day of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of 171.36 Dollars, together with the interest that may be due thereon, and the further sum of Dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant Johnny Florence. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy said judgment, then you are directed to make the money, or any balance thereof remaining unpaid, out of any other property of the defendant, as in case of ordinary executions.

Herein Fail Not, but due return make hereof within 30 days, showing how you have executed the same.

Given under my hand and seal of the District Court of Schleicher County, at my office in Eldorado, this 15th day of October, 1952.
H. T. Finley, District Clerk
Court Schleicher County, Tex. (SEAL)

"Two Bits" Meador Is New Insurance Agent

Edward F. Meador of Eldorado has been named local agent for the State Farm Insurance Companies, it was announced here this week by Mr. H. P. Childress, West Texas District Manager.
Mr. Meador will represent the State Farm Mutual Automobile Insurance Company, largest writer of broad coverage auto insurance. State Farm Life and State Farm Fire are companion companies of State Farm Mutual, the State Farm Life being one of the fastest growing companies of its kind in the world.
The first of the State Farm Insurance Companies was organized in 1922. Since that time the Companies have expanded to where they operate now in 39 states, the District of Columbia and Canada.
State Farm Mutual has more than 2,000,000 policyholders and more than 6500 representatives throughout its area of operation.
In announcing that his business would be carried on at the Eldo Hotel, Mr. Meador said that he was prepared to offer complete insurance service to the residents of this community in an organization that has long been known, not only for its service but for its economical cost to its policyholders.

TIME CHANGE FOR DRIVE-IN

Starting this Saturday, October 25, show time at the Eagle Drive-In theatre will be moved up to 6:45 and the gates will be opened at 6:15, it is announced this week by Delbert Edmiston, owner.

Mrs. D. O. Johnson of Wasco, California, is here visiting her niece and nephew, Mr. and Mrs. W. H. Hale and children.

Mr. and Mrs. Gerald Hartgraves had as weekend guests the former's parents, Mr. and Mrs. B. F. Hartgraves of Maryneal.

Success, \$2 year — anywhere.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

Minors Legally Responsible For Negligent Acts

When a person suffers injury due to some negligent act on the part of a minor, his usual reaction is to seek out the minor's parents to press a claim for damages, leaving them to deal with their offspring in their own way.

It may therefore come as a surprise to many to learn that the minor himself may be held legally accountable. It is a well settled principle of law in the State of Texas that a minor, who by his negligent acts injures another, is liable in damages to the injured party.

Upon proper proof being presented to the court, a judgment for the damages inflicted by the minor may be secured in behalf of the injured party. In cases where a minor is thus sued for his negligent acts, it is necessary that the judge appoint a special guardian for the minor, known as a Guardian Ad Litem. The duty of this person is to see that the minor's rights are properly protected, and that he is adequately represented on the trial of the case.

A judgment secured in such cases against the minor is a valid and binding judgment which may be satisfied by levying execution upon any property which the minor may own which is legally subject to execution.

Should the minor have no property upon which execution can be levied, and satisfaction made, then steps should be taken to keep the judgment alive. There are means of keeping such judgments alive for many years. By doing this, and by keeping track of the minor, it is possible to make the judgment follow him until he eventually does acquire property subject to execution.

Of course, there are practical considerations in a lawsuit against a minor. The most frequent stumbling block is naturally the situation of a minor having absolutely no property to satisfy any judgment which may be secured.

However, this lack of property in no way affects the right of the injured party to his judgment, which, as mentioned above, may eventually pay off after the minor reaches maturity and accumulates enough property to satisfy the judgment.

Now, however uncertain this means of gaining redress for injuries may seem, in many cases it may prove to be the only method of collecting damages. For, when the chips are down, your chances of FORCING repayment from the parents are usually very slim. From a legal standpoint, there is nothing in the parent-child relationship which automatically renders parents liable for the negligent acts of their children.

In order to be personally liable, the parent must himself be implicated in some way. The rules which apply here are similar to those regulating the liability of an employer for the negligent acts of his employee.

Thus, although the law takes an extremely protective attitude toward minors and their contractual liabilities, allowing them many privileges not accorded mature persons, no substantial distinction is made with regard to liability for negligence.

(This column, based on Texas law, is written to inform, not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Junior Woman's Club Plans Drouth Party

Committees from the Junior Woman's Club have been at work for weeks on plans for their drouth party, which will be held in the Memorial building Saturday night beginning at 7:00. Guests will spend the evening playing bridge or "42" and there will also be door prizes and other entertainment to interest everyone.

Placards in store windows of Eldorado give details concerning this party, which is being held as a club benefit. Quite a lot of interest is already being shown in this coming event, and club members state that judging from advance information the crowd will be large, with everyone prepared to have a good time.

SAMMIE CALCOTE HONORED

Honoring Sammie Calcote, who reports for induction into service Monday, Mr. and Mrs. Arthur Faulk entertained with a hot dog supper at their home Saturday, October 18. The hot dogs were served with coffee and cold drinks to about 45, including relatives and friends.

After Sammie leaves, his bride intends to return to San Angelo to live, and will go back to her job at Wallace Studios.

Among those present were: Mr. and Mrs. Galen Hart, Mr. and Mrs. Cook, Mr. and Mrs. Terrell McMillan, Thelma Anderson, Nina Boerne, and one or two more, of San Angelo; Cal Henderson, Mr. and Mrs. J. T. Ottabury of Colorado City, Mrs. Jessie Caviness of Mason, Mrs. Maxine Griffin, Mrs. Freddie Furr Henderson, Mr. and Mrs. LeRoy Hanusch, Mr. and Mrs. Ray Hanusch, Mr. and Mrs. Freeman Yardley, Mr. and Mrs. B. A. Whitten and Jonnie, Mr. and Mrs. Cramer Sofge, Mr. and Mrs. T. B. Dildine and Ramona, Mr. and Mrs. Fry, Whit Smith, Charlie Wade, Jack Ottabury, who also leaves for induction, Paul Haley, Jack McClatchy, the Buster Calcotes, Mr. and Mrs. Arthur Faulk, Mr. and Mrs. Sammie Calcote and others.

PRE-SCHOOL PTA MEETS TODAY

The pre-school PTA will meet this afternoon at 3:30 in the Memorial building, with Dr. Lindsey as speaker. All parents of pre-school children are urged to attend.

Next week's meeting will have a showing of a film on personality development, and will be held at the school.

November 20 is the closing date for the study courses which the Parent Teacher Association is sponsoring each Thursday afternoon in the Memorial building. A nursery is being provided for the children.

LIVESTOCK NEWS

Ft. Worth.—Trade was resumed in the sheep yards at Fort Worth Monday after more than a week of idleness caused by the findings of some hogs in the yards with vesicular exanthema. Hogs and sheep can no longer intermingle on the yards and prices on most lambs and yearlings were steady with those in effect at the time the yards were closed. Old ewes sold 50 cents to \$1 lower.

Stock yards officials reported the hog yards would be opened to receive shipments at midnight Monday night and that trade would be resumed on Tuesday morning. They stressed, however, that there would be no market for stocker or feeder pigs and such animals should not be shipped onto the yards. Pigs cannot be held on the yards for more than 48 hours in the future and will then be sent to slaughter.

Cattle and calf trade was extremely slow and most classes were under severe pressure again and selling measurably lower than a week ago. The largest offerings of the year appeared around the major marketing circle, topping last week's mark by several thousand cattle and calves.

Stocker demand was virtually limited to choice quality light weights, other kinds having to move into slaughter channels.

A few good and choice fed steers and yearlings drew \$22 to \$31, and common and medium kinds cashed at \$13 to \$21. Cutter grade steers and yearlings sold from \$10 to \$13.

Fat cows cleared at \$11.50 to \$14, and canners and cutters sold from \$5 to \$11.50. Bulls sold at \$12 to \$18.

Good and choice fat calves cashed at \$17 to \$24, and common and medium sorts sold from \$13 to \$17, with culls at \$10 to \$13.

Good and choice stocker steer calves sold mostly from \$18 to \$23.50, and most heifer calves sold at \$21.50 down. Stocker steer yearlings and stocker steers cashed at \$17 to \$23 when good and choice. Stocker cows cashed at \$12 to \$15. Stocker heifers sold mainly from \$20 down.

Good and choice fat lambs cashed at \$20 to \$23 and stocker and feeder lambs cashed at \$12 to \$18. Low grade slaughter lambs and yearlings sold around \$8 to \$10. Medium grade feeder yearlings sold at \$10 to \$11. Slaughter ewes cashed at \$4 to \$6.

The C. N. Shaws had as guests Mr. and Mrs. E. C. Cozart, Mr. and Mrs. H. C. Williams and Mrs. J. W. Black, all of Portersville, Calif.

Mr. and Mrs. Lee Crenwelge and children returned Monday night from a two-weeks' vacation trip to Oklahoma, Colorado, and New Mexico.

Mr. and Mrs. W. O. Alexander returned recently from Houston where they visited Ollie Jr. and his family.

Mr. and Mrs. J. H. Mace and Paula Jo and Mr. and Mrs. Truett Stanford spent the weekend in Lubbock, where they visited Iretta Fae Mace and Sonny Stanford at the college and attended the Baylor-Tech game.

Friday, Oct. 17: Weiners and sauer kraut, egg noodles, english peas, lettuce and pineapple salad, Fridge bars, hot rolls, milk.

The Military

The address of Grover Lee Johnson is:
Pvt. Grover L. Johnson
U. S. 54076529
Co. C, 5th Tk Bn. CCR (1)
6th Armored Division
Fort Leonard Wood, Missouri

Derl Richard Griffin, age 19, was enlisted in the US Army Airborne Corps at Abilene on October 15, and has been sent to Fort Sill, Okla., for reception processing. Basic training will be given him at Fort Riley, Kansas, and Airborne training will be at Fort Benning, Georgia. Subsequent to training, assignment will be to an Airborne Division at Ft. Bragg, N. C., or Camp Campbell, Ky.

Roy Glenn Briggs, age 20, of this community was enlisted in the US Army Airborne Corps on October 16 at Abilene, and has also gone to Fort Sill for processing. Training assignment is the same as Griffin's. He moved here in June from Lubbock to work as telegrapher.

Floyd McGinnes called last night from California stating that he has overseas orders, but that he does not know where he will be sent.

DINNER-BRIDGE SATURDAY

Hostesses at a 12-table dinner and bridge Saturday night at the Memorial building were Mrs. John Williams, Mrs. H. T. Finley, Mrs. Lewis Whitten, Mrs. Joe Chan Whitten, Mrs. Bobby Barber of San Angelo and Mrs. S. E. Jones, Jr. The Thanksgiving and autumn motif was carried out in the table appointments.

High was won by Mrs. Luke Thompson Jr., second high by Mrs. Dwight Wiedenmann, bingo by P. F. Case, and high cut by Mrs. Lillian Crosby.

Mrs. L. V. Newport is back home after a few days' hospitalization in San Angelo.

Personal News Items

Mr and Mrs. Joe Eaker of O'Donnell spent Friday and Friday night with their aunt and uncle, Mr. and Mrs. L. T. Wilson. The Eakers and Mrs. Wilson spent the week end at Lower Lake with the Marvin Logans of Eldorado and the George Powers of Sonora, who were there on a fishing trip.

Mr. and Mrs. Frank Topcliffe of Houston are here to spend the week with their nephew, E. H. Topcliffe and family.

Mr. and Mrs. L. T. Wilson have received news of the marriage of their grand daughter Sybil Deaton, daughter of Mr. and Mrs. Mildred Deaton, Saturday at Concord. She married a soldier from Los Angeles who expects to receive his discharge in February. The family formerly lived here.

Mr. and Mrs. J. S. Johnson of Veribest have been guests recently in the Henry Moore home.

Mr. and Mrs. E. E. Newlin have returned from a week's visit in El Campo, with the J. C. Wells, in Austin with W. W. and his family, and in Bay City and Port Lavaca with other relatives and friends.

Mr. and Mrs. L. Moore left Tuesday for Brownwood to spend several days.

Mrs. Delbert Taylor has had major surgery in Clinic Hospital in San Angelo, and reported to be doing well, with prospects of returning home this week end.

Mrs. Perry Johnson, who has been in an oxygen tent in San Angelo at St. John's for well over a week, was able to be out of the tent a little while Tuesday for the first time. She has had two blood transfusions and is seemingly better this week, though her condition is considered critical.

New renters in one of the A. J. Roach upstairs apartments are Mr. and Mrs. Talmage Neues, of Roby, who moved here with oil work from Sterling City. They have three children.

Mr. and Mrs. Thad Thomson and Mr. and Mrs. Jim Willoughby attended the Cotillion's supper dance recently in San Angelo.

Mrs. Stella Gloss, who accompanied her sister Mrs. T. A. Smith home from Oklahoma recently, left Monday for New Orleans, her former home, after visiting a week with the Smiths.

Mr. and Mrs. Gerald Nicks of Marfa and their children spent the week end here with relatives.

Fred Riley was injured recently while working on a rig in the oil fields.

Houston Thigpen and his family were among those attending the game at Menard Friday night. They were supper guests in the home of Mr. and Mrs. S. A. Martin.

Velton Taylor, son of Mr. and Mrs. Clovis Taylor, has been on the sick list this week.

Mr. and Mrs. Pete Ringle visited over the week end with his brother A. L. Ringle in Texon. Mr. Ringle also attended the oil show in Odessa Friday.

Mr. and Mrs. C. N. Shaw and Mr. and Mrs. Dee Love visited Sunday in Snyder.

Whether You Are For Ike or For Adlai

ATTEND THE

POLITICAL RALLY

AT THE COURTHOUSE

SATURDAY, OCTOBER 25 — STARTING 3:00 P. M.

THE BALLOT WILL BE EXHIBITED AND EXPLAINED

PLENTY OF SAMPLE BALLOTS FOR EVERYONE

News From Our Neighbors

Coke Production Is Up
Coke County will produce more than a half million barrels of oil during October.

All the 483,000 barrels mentioned above will come from Coke county wells, except 700 barrels from the Paramore lease in Nolan county and 3,500 from the McCabe and Nail wells in Mitchell county.

Pipeline Accident

One man was killed and four injured Tuesday morning in a dynamite explosion near London on the pipeline job of the Shell Oil Co. Ewell Murrah, of Ballinger, lost his life.

According to reports, one charge of dynamite had been set off and another was in the ground, the second charge exploding unexpectedly when the first charge was set off.

Tank Farm At McCamey

Probably the most representative of projects depicting oil progress week in the immediate area is the Shell Tank Farm under construction a few miles east of McCamey.

Main artery of the set up is a 30 inch line from the manifold to the pump station, the first along a 465 mile 24 inch pipeline to Houston. The manifold is comparable to a telephone switchboard.

Rate Increase Granted

Following a special meeting of the Eden City Council some two weeks ago at which time the San Angelo Telephone Company presented a rate increase proposal to the City Dads for the operation of the Eden exchange, and the rejection of the increased structure asking for an estimated 64 per cent increase, the Council asked that the company be represented at the next regular meeting at which time a definite acceptance or rejection would be made.

The new rates, which will become effective October 21, 1952, for service from the Eden exchange, as approved by the City Council, are as follows:
Business Ind. Line \$5.50
Business 2 Party 4.00
Extension 1.50
Res. Ind. Line 3.50
Res. 2 Party 3.00
Extension 1.00
Rural 3.00

Blackwell Incorporates

Citizens of Blackwell went to the polls Tuesday and voted to incorporate their town by a vote of 103 to 18. The urgent need for water was the motivation for the incorporation of the 46-year-old town.

An election will be held soon, Cooksey said, to elect the mayor and councilmen.

Paving Is Halted

Time caught up with the contractors employed by the county to seal coat all Ozona paved streets and because of the threat of cold weather, the work has been abandoned for the present to prevent possible loss or damage in the

event of cold weather. Asphalt topping can be done only in warm weather and the work here was stopped when the season of dependable warm weather passed, the work not to be resumed until warm weather returns next Spring, County Judge Houston Smith announced.

Llano Turkey Shoot

The seventh annual and original Hill Country Turkey Shoot will be held at the Cowan gravel pit one-half mile north of Llano, Sunday afternoon, Nov. 2, at was announced Tuesday night at a meeting of the Llano Jaycee directors.

This event is sponsored each year by the Jaycees to raise funds to help finance the Western Party and other Jaycee projects.

The program will include head shoot, target shoot, exhibition shooting, bingo, and other events. L. D. Bryant is general chairman of the Turkey Shoot committee.

Candidate's Train Passes

General Eisenhower's campaign train passed through Alpine early last Saturday morning en route east where the General was due to make speeches in San Antonio and other Texas cities down-state.

But the general was not on the train. He was making a speech elsewhere in the West and joined the members of the campaign train by plane after it passed through here.

The people of Del Rio, 200 miles east of here, found out that the train was to be there and got a big crowd together, complete with band, and greeted Mrs. Eisenhower, who spoke to the gathering informally. Mrs. Eisenhower's mother, Mrs. Dowd, was also aboard the train.

State Fair of Texas OF '52 Is Biggest Ever

The State Fair of Texas shattered its own attendance record and set a new national record for annual fairs for the tenth straight time as its most successful exposition in history ended Sunday, October 19.

James H. Stewart, executive vice president and general manager, said a total of 2,387,140 visitors attended the fair during its 16-day run. This exceeded by 67,011 the number who attended the 1951 fair and was more than twice that of any other fair in America this year.

The fair has set a new attendance record each year since 1939; no fairs were held during the war years, 1942-45.

The giant exposition ended on a solemn religious note, with a Cotton Bowl religious festival Sunday night, dedicated to the late Dan D. Rogers, who had helped plan and organize the festival and who died suddenly three days before.

More than 85,000 people saw and enjoyed the Dean Martin-Jerry Lewis show in the auditorium, a record attendance for a revue-type show at the fair. About 115,000 saw Ice Cycles of 1953 in the Ice Arena, which has a larger seating capacity.

About 150,000 people attended the sensational new Rotor on the Midway. This is a whirling barrel that suspends its riders in mid-air, pinned against the walls of the barrel by centrifugal force. Only about 40 per cent of the people actually rode the Rotor. The rest just watched and seemed to enjoy it just as much.

Statistics in all other phases of the fair's operation were giant-sized also, from the 500,000 squirts of perfume dispensed to fair visitors by one exhibitor to the 2,500,000 cold drinks consumed.

"People seemed to enjoy this year's fair more than they ever have before," Mr. Stewart said.

Guest Speaker Addresses Local Parents, Teachers

Mrs. Sid Bolding, guest speaker at the regular meeting of the PTA at the school auditorium Tuesday night, stressed our freedom to express our own beliefs and convictions, in her address to the group.

Mrs. Carrol Ratliff was chosen to go to the state convention at Wichita Falls in November. Executive meetings will be held each month a half hour before the regular opening time of 7:30.

JUNIOR CLUB MEETS

Plans for the drouth party were made at the October meeting of the Junior Woman's Club in the Memorial Building. The group also voted to assist with the Federation's Australian Aid project.

The meeting featured a speech by Edwin Jackson who explained the workings of the Democratic party. Hostesses Mrs. B. L. Blakeway and Mrs. Ray Hudgens served coffee and cookies at the close of the program.

BYKOTA CLASS PARTY

A large crowd attended the Bykota Class come-as-you-are coffee Monday morning at the home of Mrs. Roy Phelps. There was a social hour and a business session.

America's New ACTION CAR is Here Now!

All New! Brand New!

IT'S THE LAW in Texas

Difference Between Divorce And Annulment Explained

Notices of the filing of suits for divorce appear daily in our newspapers. Something has gone wrong with the marriage, and one of the spouses is asking the court to end the marriage by granting a divorce.

Occasionally, however, we read that someone is suing for an annulment of their marriage. The average reader may be inclined to say: "What is the difference?" Obviously the marriage is terminated, whether for divorce or annulment.

In the case of a divorce, the plaintiff (the person asking for an end to the marriage, whether the husband or wife) recognizes that the two parties involved were validly married and that there is an existing valid marriage.

The plaintiff alleges, though, that the other spouse has been guilty of some act which the law says constitutes a ground for divorce. If the divorce is granted, a marriage that actually exists is terminated legally by the court.

In effect, the court tells the couple that they were validly and legally married at one time, but no longer are.

Annulment Differs In the case of an annulment, however, the plaintiff alleges that there never was a valid marriage in the first place because of some impediment of the parties or because of some fraud in its inception.

In this case the court must determine whether there ever was a valid marriage. If the court agrees

with the plaintiff, the decree says in effect that the couple never was legally and validly married, and is not now.

Such a decree of annulment establishes for the public record the fact that the marriage was and is invalid according to law.

Children Protected

Whether the action takes the form of a divorce or an annulment, the decree will have no effect on the legitimacy of the couple's children. Our statutes provide that the children of couples whose marriages have been declared null shall nevertheless be legitimate.

Every divorce petition must set out the name, age, sex and residence of each child under 16 years of age born of the marriage involved. Then, before a divorce may be granted, the trial judge is required by law to inquire into the "surroundings and circumstances" of each such child.

Having considered all the pertinent facts and circumstances, the court in granting a divorce may give the custody and education of the child to either the father or the mother. The governing factor here is the judge's belief and findings with regard to the best interests of the child himself.

Either parent may be required to make periodical payments for the benefit of the child, and may be punished for contempt of court in event of failure to comply with the support order.

In the past some trouble has been experienced in enforcing support orders against parents who move out of the state, as a person cannot ordinarily be extradited for the purpose of answering a contempt of court charge. However, many of the states, including Texas, have recently passed laws providing for the reciprocal enforcement of such orders, which is bringing some relief in support cases.

(This column, based on Texas law, is written to inform, not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

The Eldorado Success, \$2.00 year.

Post Script

"Oil—The Invisible Traveler," a new color motion picture portraying all aspects of petroleum transportation, is ready for distribution, Shell Oil Company announced today.

The new film is the fourth in a series entitled "This Is Oil," which Shell has produced to demonstrate the basic operations of the oil industry.

New renters in the Jack Elder house are Mr. and Mrs. D. L. Fissel, here with Strong Drilling Co. They are among about 15 new families moving here, some into apartments and houses and some with trailers.

THE SUCCESS OFFICE

First Baptist News

We are deeply grateful for our continued good attendance in our Sunday School and Training Union. We had 232 in Sunday School last Sunday. The Beginners won the orchids with a grade of 86. The seniors went to the Adults with a grade of 57. The average for the whole school was a grade of 71. Our average for the first three Sundays in October is 239. If we keep the good work going we will reach the highest average for October that we have ever attained in any month in the history of our Sunday school. Let us keep up the good work. Our attendance in Training Union Sunday was good. We have a class for all the family and a union for all the family. If you are a stranger in Eldorado we issue a warm welcome to each and all of you to be in our services. If you are a Baptist looking for a church home, we offer you ours. "The Friendly Church With a Spiritual Program."

Attention Adults—Special rally day in Sunday School this Sunday in the Adult Department. This is the Sunday that we regrade and reregister our Adult Department. Our goal is 100 in the Adult department this Sunday. We have 111 on roll in the department so this isn't an impossible goal. Let us all as adults work toward this goal.

As we build this department we will build our Sunday School. The secret to the growth or the saturating of our Sunday School in the next few months is in the hands of the Adult department. We must count heavily on you mothers and dads to build a great Sunday School. Will each of you be one and bring one toward that 100 goal for Sunday?

Notice Young People—The Concho Valley Baptist Youth Fellowship will meet this Saturday evening at Veribest Baptist Church. A fine missionary film will be shown. We will leave the church in cars at 6:00 p.m. for this meeting. We trust that we can have at least 30 of our young people to attend. Brother Welsh and Brother Nelson will take their cars, but we will need at least three others we hope. Will you volunteer to take your car? If so, call Brother Nelson at 2241 Saturday morning. Brother Nelson will bring the inspirational message following the showing of the film. Let's go to Veribest Saturday.

A wonderful new book entitled, "A Treasury of Inspiration," has been presented to our church library in the memory of Mrs. A. M. Nixon. This is a wonderful book of poems, essays, and proverbs. You are urged to drop by the library and check this wonderful book for any future use you might put it to

in your devotional reading or in making of any special programs you might have in mind. If any one else has some good devotional books they would wish to present to the church library in memory of a loved one we would be very happy to have them.

Our new Sunday school rooms will be ready for this Sunday. Two lovely rooms have been made in the balcony. Brother Nelson's men's class will occupy one and the other will be used by the new class of ladies to be formed in the regrading and is to be taught by Mrs. DeLozier. This will give us some much needed space. Temporary partitions have formed two additional classrooms in Mrs. Watson's Primary Department. God grant that it will be our constant problem of finding more and more room of those who will want to come and study God's word.

This coming Sunday will afford us two great privileges. Sunday morning at the worship hour we will be privileged to hear Rev. H. T. Arnold who is the field representative of United Texas Dries in this district. Brother Arnold spoke for us last fall and brought a warm and inspiring message to us. Then Sunday evening we will be privileged to hear our associate pastor Rev. Darwin Welsh bring the evening message. Let us give good audience for both of the fine men.

Our pastor is in Fort Worth this week attending the Baptist State Convention of the Baptist General Convention of Texas. These meetings are being held in the Will Rogers Memorial Coliseum. The Convention began Monday with the Brotherhood and W. M. U. meetings and will close Thursday evening with the last messages of the general convention. One of the highlights of this convention will be the adoption of a \$12,000,000 budget for the coming Convention year. The First Baptist Church is a cooperating church in the Baptist General Convention of Texas.

DAR Meets Thursday In Memorial Building

The El Dorado Chapter, Daughters of the American Revolution, met Thursday in the banquet room of the Memorial building for a program on Conservation. The Regent, Mrs. J. E. Tisdale, was in charge and the chaplain, Mrs. John Luedecke opened the Chapter in the usual form. Her subject was Unity of Purpose by Prayer emphasizing the need of our nation for more prayer in the lives of each individual.

The By-Laws were amended so that officers will hereafter be elected in January annually. The State Conference will be in Fort Worth, Feb. 24-27 and chapters of District 1 will be hostesses. This includes El Dorado and Mrs. Jerry Hartgraves and Mrs. Horace Linthicum were elected as pages from this chapter. Mrs. V. G. Tisdale volunteered to serve as librarian in place of Mrs. J. E. Hill, who is ill.

Mrs. Walter L. Ray (formerly Judy Powell) of San Angelo, was introduced as a new member of this chapter.

Mrs. Luke Thompson Sr. gave a report on National Defense. She urged all members to vote in the coming election.

Mrs. W. F. Meador was leader of the program "Unity of Purpose" which followed. Conservation by Building a Greater America was discussed by Mrs. V. G. Tisdale taking Miss John Alexander's place on program. Mrs. L. M. Hoover gave a discussion on Indian Work and the progress they are making. Mrs. Bailey Montgomery reporting on Americanism said that she had just completed a project on Indians and their customs in her Kindergarten class.

Mrs. Luke Thompson and Mrs. Mary Coupe served from the linen covered tea table to the following members: Mrs. J. E. Tisdale, Mrs. V. G. Tisdale, Mrs. C. M. McWhorter, Mrs. John Luedecke, Mrs. Bailey Montgomery, Mrs. Horace Linthicum, Mrs. P. K. McIntosh, Mrs. W. F. Meador Sr., Mrs. W. F. Meador Jr., Mrs. Jerry Hartgraves, Mrs. W. O. Alexander, Mrs. Luke Thompson, Mrs. Walter L. Ray, Mrs. Ernest C. Hill, Mrs. L. M. Hoover and the hostesses Mrs. Powell and Mrs. Coupe who were assisted by Mrs. Thompson.

Mr. and Mrs. Arthur Mund are visiting in O'Brien with their daughter and her family.

MR. FARMER:

Don't you think control of the farm program should be in your hands?

Don't you think you are capable of running your own business?

Then Vote for Texas Ike for President. He is pledged to decentralize the farm program, to place control on the State, District and County levels.

Here's what Ike said at Waco: "Our farm policies ought to begin, as well as end, out where the plowing and the planting are actually done. It should be a unified program, one in which the left hand knows what the right hand is doing."

IKE WILL THROW OUT THE FEDERAL WINDSHIELD FARMERS AND THE BIG CITY LAWYERS
VOTE FOR LOCAL CONTROL OF THE FARM PROGRAM. VOTE FOR IKE.

From where I sit... by Joe Marsh

Wonder How Miss Gilbert Is in "History"?

By now I guess you've heard about the spelling errors in the kids' report cards this week.

A typical card looked like this:
Arithmetic.....B
Geography.....B-
Spelling.....C
Grammar.....B

I don't know if Miss Gilbert, the principal, actually wrote those cards, but she took full responsibility. This morning I hear she got up in the Assembly Hall—before all the students—and started writing GRAMMAR with two "a's" on the blackboard 100 times!

From where I sit, I'll bet this makes her even more popular with the students. It's nice to see an expert admit she occasionally makes a mistake. Too many so-called "experts" claim they're never wrong on such subjects as what you or I ought to eat... what we should wear... whether we should enjoy beer or butter-milk. A really wise person never claims to "know all the answers" all the time.

Joe Marsh

HALLOWEEN CARNIVAL

The P. T. A. is sponsoring a Halloween Carnival at the Memorial Building Friday night, Oct. 31—open at 5:00. Come by before the football game for good food, hot coffee and cold drinks. The carnival will be in full swing after the game.

Let's have fun; bring the whole family.

Entertainment will be shooting gallery, spook house, funnie book booth, fish pond, bobbing apples, picture show, fortune telling, bridge and forty-two, and cake and candy booths. Too much fun to miss.

Mr. and Mrs. H. L. Connor, who have an apartment at Mrs. McClatchy's, are out of town on a vacation trip.

PARTY HONORS CHILD

Honoring her daughter Vivian, who was three years old, about ten children and several mothers were entertained with a birthday party at the Crenwolge home. Ice cream and birthday cake was served at the close of the games, and favors were Halloween toys.

Mr. and Mrs. Josh Ewing returned Friday from College Station, where Mrs. Ewing had spent two weeks with her mother Mrs. George Baugh. Mrs. Baugh, who will be 93 in February, is still doing well and is in excellent health considering her advanced age.

The new Jack Shugart house adjoining Mrs. D. E. DeLong's, is practically completed.

Mr. and Mrs. Clayton Nixon and family of Menard spent the week end with Mr. and Mrs. Ray Jones and A. M. Nixon.

Mr. and Mrs. T. L. Jones of Mertzon, Mrs. Newt Clark of New Mexico and Mrs. James Masey of Midland, also TL's son Derl Jones of the US Navy, visited Sunday with Mrs. B. F. Jones.

Patricia Elder of San Angelo and Rita Ann of the State University were here visiting their parents, Mr. and Mrs. Jack Elder last weekend.

Mr. and Mrs. L. Kent returned Wednesday from East Texas where they visited relatives and friends for about two weeks.

Biggest car buy in History

Never before has a car given you so much for the money!

VICTORIA AVAILABLE WITH V-8 ONLY.

Ford's 101-h.p. Mileage Maker Six is the newest high-compression, low-friction Six you can buy. Ford's 110-h.p. high-compression Strato-Star V-8 is the most powerful engine in a low-priced car.

Ford's new Automatic Ride Control brings a smoother, "heavy car" ride into the low-price field for the very first time. Takes bounce out of bumps, tilt out of turns.

White sidewall tires optional at extra cost. Equipment, accessories and trim subject to change without notice.

Yes, Ford's the very first car in America to give you so much style, so much comfort and so much power for the money. Only Ford in its price class is completely new in looks, for example, with wider, lower, longer, stronger bodies... with new Full-Circle Visibility that lets you see in all directions... and with a new steering system that makes steering easier, parking a cinch.

Come in and TEST DRIVE **FORD** You can pay more... but you can't buy better!
