ELDORADO — SCHLEICHER COUNTY, TEXAS

THURSDAY, SEPTEMBER 11, '52

NUMBER 37

FIRST GAME OF SEASON

Eagles Tackle Tough Foe Here Tomorrow

In the first game of the season for both teams, the Eldorado Eagles are all set to meet the McCamey Badgers here tomorrow night in the Eagle Stadium.

Game time is 8:00 o'clock with gates opening at 7:00. Admission, the same as last year, is \$1.00 for adults and 25c for school children.

School men point out that Eldorado was a near-perfect host to visiting teams and patrons last year and the same cooperation is requested this year. The school will attempt to accommodate all persons attending games and solicit their understanding attitude when unable to give special privileges.

Coaches John Waldrum and Miers Johnson report that average weight for the Badger line is 165 and for the Eldorado line 151. Average for the Badger backs is 170 and for the Eldorado backs is 154.

Starting Lineup

The coaches gave the following probable starting lineup:

Bill Pearce, left guard, weight 150, Sr. class.

Billy Kenneth Cheek, right end, 148, Sr.

Pinkney Craig, right halfback, 163, Sr.

Jimmy Doyle, right guard, 156, Jr.

Frank Edmiston, left halfback, 160, Sr.

Lynn Griffin, fullback, 168, Jr.

Wilson Humphrey, left end, 150, Sr.

Jerry Perry, quarterback, 119, Jr.

Jerry Lynn Pennigton, right tackle, 158, Soph.

Truett Stanford, center, 145, Sr.

Jim Thornton, tackle, 136, Sr.

Subs are: Wayne Dickens, Billy Gene Edmiston, Billy Jack Etheredge, S. E. Etheredge, Bill Holcomb, Tony Kerr, Harold Lloyd, Kenneth Love, Ramiro Minor, Sonny Moore, Donny Parks, Jack Stanford, Jack Steward, Jim Steward, and Jackie Wade.

Managers are Vernon Phillips, Raymond Mittel, and Alva Harris. At half time the band and pep squad will perform in their new green and white uniforms. Charles Ludwig is again in charge of these activities.

Supt. T. E. Holcomb asks that persons having keys to the old lock on the gate not to attempt to use them, as the old lock has been replaced because of damage, and the old keys will not fit the new lock.

As was the practice last year, the west end of the field will be reserved for doctors, ambulances, injured players, and people physically unable to go to the stands.

Season Schedule

Sept. 12—McCamey Here
Sept. 19—Ft. Stockton There
Sept. 26—Robert Lee There

* Nov. 7—Angelo Kittens Here
* Nov. 14—Sonora Here
* Nov. 21—Eden Here
* District games.

JR. BOYS' FOOTBALL

Sept. 25th, Ozona here, 8:00.
Oct. 2nd, Sonora, there, 8:00.
Oct. 9th, Ozona, there, 4:30.
Oct. 16th, Sonora, here, 8:00.
(8-minute quarters)

Lions Will Honor Faculty Monday

Eldorado Lions will honor school faculty members and their wives next Wednesday night at 7:30, with a banquet in the Memorial building. T. E. Holcomb, superintendent of schools, will have general charge.

This night meeting will take place of the regular noon meeting next Wednesday and Lions will pay 1 each for plates.

Arrangements are being made to have as principal speaker Miss Ruth Hillard, president of the Texas State Teachers Association. Miss Hillard has for a number of years been math teacher in the San Angelo school and has always worked untiringly for the interest of Texas schools. Her speech will be both informative and inspiring. Prospects of the football season were discussed at yesterday's Lions meeting by Coach Waldrum.

Doc Sofge drove to College Station Thursday with his son Roger, and Mrs. Elizabeth Powell's son David, who are rooming together. They are Freshman students at A & M.

Board Names Teacher, Holds Budget Hearing

The school board in a special meeting on Monday night, September 9, accepted the resignation of Mrs. Hazel Marx who had been assigned to the 4th grade, and elected Mrs. Robert Baker to the vacancy. Mrs. Baker holds the B. A. degree from the University of Texas and has eight years of teaching experience, most of which was in the San Angelo schools.

A public hearing of the 1952-53 school budget was held with about 35 patrons present. Those attending voiced confidence in the planning and procedures of the present school board. The appropriated budget for 1952-53 is \$233,556.27 with a valuation of approximately eleven million dollars.

District Court Starts Monday

Biggest Docket Ever Scheduled

The heaviest docket in the history of Schleicher County will be taken care of when retiring Judge John Sutton presides for the last time at the 51st Judicial Court. The grand jury convenes on September 15 and the petit jury on the 22nd, both opening at 10:00 a. m.

A study of the slate reveals the fact that increasing oil activity in this county has caused the stepped-up docket.

On the docket: no criminal cases, and six civil cases on the appearance docket—in a range of cases from removal of disability of minor to lawsuits involving royalty, etc. Eight divorces, some continued from the last term, are scheduled for attention.

The jury docket:

No. 740, Fay L. Jones vs Texas Employers' Insurance Association.

No. 746, Monte Hullon Mayfield vs Texas Employers Ins. Assn.

No. 756, Don Collins vs. Paul Haley, et al.

No. 757, Morris E. Thompson vs. Traders and General Ins. Co.

No. 758, Cecil J. Pelton vs Texas Employers Insurance Assn.

No. 759, Mrs. Clifton Daniel Ricks et al vs. Texas Employers Assn.

All of the above concern oil, and all except No. 756 are suits arising out of injuries or death of oil wells in Schleicher County. The Daniels case involves death and the Collins case involves the death of a child.

The jury docket is coming up the second week.

Here are the veniremen for the petit jury:

Dwight Wiedenmann, Palmer West, W. T. Whitten, O. L. Woodward, Thos. Baker, B. A. Biggs, O. B. Bradshaw, B. O. Bridgeman, Jud Brannon, Vernon Carroll, A. G. Clark, Marion Dacy, E. G. Donaldson, F. L. Furr, Fred Gillaspie, Jack Griffin, Orland Harris, Gerald Hartgraves, C. C. Henderson, Jo Ed Hill, L. L. Kinser, Fred Logan, Pat McAlpine, J. R. McMillan, John S. Miller, L. D. Mund, Bill Oglesby, Van O'Harrow, E. R. Peel, Cramer Sofge, John Stigler, Clovis Taylor, L. W. Steen.

Grand Jury

Grand jury veniremen are: Frank Clarke, Jack Elder, Jack Halbert, Jr., Otis Harris, Wiley Hight, Claude Jeffrey, Lloyd Johnson, Jack W. Jones, Hollis McCormick, Albert McGinnis, C. C. McLaughlin, W. F. Meador Jr., James Page, Jack Shugart, Robt. Sproull, E. H. Topliffe.

Jury Commission: R. B. Anderson, J. A. Griffin, John Williams.

FIREMEN'S CAKE AUCTION CLEARS NICE SUM SATURDAY

Firemen report this week that about \$150 was cleared Saturday in their cake auction, at which Alvin Atkinson was auctioneer. The money is used in various ways for community betterment such as flowers for people in hospitals, and for funerals, transportation for blood donors to and from the hospital, and help for needy people. In addition several firemen attend the convention each year, for which credit is given on local insurance rates.

STILL ACTIVE AT 80, MRS. A. H. GREEN HOLDS OPEN HOUSE ON HER BIRTHDAY; LOCAL FOLKS, OUT-OF-TOWNERS, CALL

Dozens of out of town relatives and many more local friends gathered Sunday afternoon at the residence of Mrs. A. H. Green to assist her in celebrating her 80th birthday. While her birth date was actually Friday, Sunday was selected for the Open House to enable a larger crowd to attend.

Four granddaughters received guests at the door and presided at the dining table and the register: Mrs. Jimmie May Hollowell of McCamey, Miss Mollie Word of Normandie, Miss Bonnie Fay Parson of Brownwood and Mrs. G. C. Jones of Iraan.

In the house party also were Mrs. Green's five daughters, Mrs. T. E. Parson of Brownwood, Mrs. Charles Hendrix of Crane, Mrs. Jim Patton of McCamey, Mrs. E. W. Word of Normandie and Miss Ethelene Green, who makes her home with her mother; and two sisters, Mrs. W. B. Tunggatt of Brownwood, whose three daughters, two sons and son-in-law Tom Dickie and his wife were also here; and Mrs. A. F. Hurston of Wilson, Oklahoma, whose husband was present also. A third sister, Mrs. A. F. Carter of Cleveland, Oklahoma, was ill and not able to attend. Also in the house party were other relatives and friends.

The register was fan-shaped, with orchid and silver cover. The table at which guests registered was centered with an arrangement of ivy and pink flowers, resting on a ruffled doily in pastel shades. The orchid and silver theme was carried out again in the serving table, lavender and purple asters with greenery composing the centerpiece, backed with a large fan of orchid and silver. Cake and punch was served to well over 100 callers during the afternoon. Tiny fans matching the centerpiece background were guest favors.

She's Still Spry!

Many callers had forgotten Mrs. Green's age, and were surprised at being reminded of the fact that this spry, active woman is now 80 years old. She walks to town from her home a short distance from the business district, does any housework she is inclined to do, has better than average hearing and sight for her age, and takes an active interest in church and community affairs.

And yet she has had more than her share of sorrow. Her husband died in 1925. Of the ten children born to the couple, five died—Archie, the oldest son, died in 1921 at the age of 27; Mrs. Fannie Chambers, oldest of the children, died in Brownwood in 1930; and death claimed three others, Emma at five, Henry at 10, and Albert at 14.

Native of Gonzales

Ella Dikes was born September 5, 1872, in Gonzales County, to Mr. and Mrs. John Dikes, farmers in that community. When she was still an infant, the family moved to Brown Co., where she grew to womanhood, attending the schools of the county there, and taking part in the community life of the locality. On December 7, 1887, she was married to A. H. Green in a quiet home ceremony, and the couple started housekeeping on a farm in Brown county.

In 1909 they moved to Schleicher county, leasing a place for three years and in 1912 purchasing a farm which Mrs. Green still owns. In 1927, two years after Mr. Green's death, she moved to a

Firemen Learn Handling Of Propane & Butane

Another in a series of lessons on Propane and Butane was presented to firemen by E. H. Topliffe at the regular meeting of the fire boys Tuesday evening. In a series of talks and demonstrations the firemen have been learning how to handle Butane and Propane, with Topliffe, local retailer and wholesaler, in charge of the lessons. The firemen meet each Tuesday night for practice, with the first Tuesday of the month set aside for business sessions.

Mrs. Harper Is Chosen To City Office Position

Mrs. S. D. Harper is the new water works and gas city office assistant, succeeding Mrs. Bill Rountree, who resigned effective the first of September. Councilmen chose Mrs. Harper out of three applicants at their meeting Tuesday evening, voting by secret ballot. Shell Pipeline made application to tie in to the city gas line, and were granted permission to do so under certain conditions. The pressure will be nine pounds.

MRS. A. H. GREEN

place she had bought in Eldorado, where she now lives.

Home Is Chief Interest

She has been a member of the Methodist church for 63 years, joining the church in Brown county and moving her membership to Eldorado after the family moved to this county. She has also been a member of the Eastern Star since 1913.

Home making has always been her chief interest. She is noted for her work with her flowers and yard, piecing of quilts, and good cooking.

She has had 72 years of experience in cooking, she says, and she explains it thus: she lost her mother when she was ten years old, and as oldest child had to take over the job of looking after five younger sisters! With the help of their father, a farmer, the little girls did their washing, ironing, cooking and housekeeping, and managed to attend school regularly! "The worst thing about it," she says, "was taking care of the two-year-old who was more than a handful—always wanting to climb trees." Work eased up somewhat when the father married again, but the sense of responsibility she developed so early and the many things she learned about housework stayed with the young girl, to help mould her interests permanently around the home which she and her husband later established.

Today her good cooking is a matter of general knowledge in this county. She is especially noted for her apple pies.

Mrs. Green has no explanation for her excellent health at 80 except "The Lord has been good to me."

Out-Of-Towners Here

Among those here for the birthday weekend celebration at the Green home in addition to those mentioned above were grandchildren, Mr. and Mrs. John Chambers and family of Pittsburg, Kansas, Mr. and Mrs. Jim Chambers and family of Brownwood, Mr. and Mrs. Paul Chambers of Mathis, Joe Allen and Thomas Parsons, of Friona, Mr. and Mrs. G. C. Jones of Iraan; a nephew, Curtis Herston of Wilson, Oklahoma, and others. A total of 118 people signed the register.

The crowd made a pleasant weekend visit out of the celebration which brought them together. Saturday evening supper was laid on tables in the yard, and there were 28 for breakfast and more than that number for Sunday dinner.

Guests who came Sunday brought Mrs. Green a large number of useful and attractive gifts as a reminder of their interest in her, and as an expression of their pleasure in assisting with the festivities by attending the Open House.

Parent-Teacher Ass'n Sets First Meeting

On Tuesday, September 16, the first meeting of the Parent-Teacher association will be held in the school auditorium, with the superintendent, T. E. Holcomb, as principal speaker. The meeting will open at 7:30. All members and others who are interested in the welfare of the school are urged to attend this meeting. Mrs. Jack Hext is new president of the P.T.A.

Mrs. John Stigler will lead the opening part of the program. Supt. Holcomb will speak on "Faith in Our Schools." The executive board will be hosts at the social hour following the program.

Here for a weekend visit in the home of the J. D. Meadors were Mrs. Meador's parents, Mr. and Mrs. E. E. Lockhart of Livingston, and her brother and family, Mr. and Mrs. Everett Lockhart and little son of Orange.

Mr. and Mrs. Spud Smith had as guests during the past week the former's parents, Mr. and Mrs. Emmett Smith of Richland Springs, who returned home today.

Road Bonds Pass By Three-to-One Vote

Another Gas Regulator To Be Installed Soon

City Gas Man Palmer West has been working on a new gas line to a regulator, which the city gas system is installing near the property of Joab Campbell, to provide a more centrally located pressure regulator. This will be used as a second regulator, the existing one at the gas manager's residence continuing in operation.

The meter has been bought, the line laid, and the regulators ordered and scheduled for prompt delivery, in time for use this winter. It is expected that the second regulator, with its more central location, would double the gas system's facilities.

A record turn-out of tax-paying voters went to the polls in Schleicher County Saturday and approved the \$75,000 Mertzton road bond issue by a vote of better than 3 to 1.

The total vote cast was 618—with 472 in favor, and 146 votes against. The vote by boxes was as follows:

	For	Against
1. Mem Bldg	256	56
1A. School	145	33
2. Mayer	6	8
3. Adams	1	11
4. Vermont	9	7
5. Tisdale	0	16
6. Alexander	30	0
7. Absentee Box	5	2
8. Cliff	8	2
9. Reynolds	12	11
Total	472	146

The vote was canvassed by the Commissioners Court on Monday, and on Tuesday bond company representatives met with the Court to arrange for the purchase of the bonds. The actual money will be forthcoming within 30 days.

Next steps for the commissioners will be actual purchase of right-of-way from the various property owners. Right of way deeds on the first 14 miles of highway involve the following property owners:

J. E. Hill, et al, trustee, J. E. Conner, O. E. Conner, Mrs. W. L. McWhorter, Perry Mittel, Paul Keele, T. K. Jones, W. T. Whitten, Small & Brooks, W. W. Barber, A. J. Brooks, H. J. Case, Roy I. Case and Mrs. D. E. DeLong.

It is estimated that the building of new fences might get under way by November. Preliminary steps will include asking for bids for posts, bids for wire, and bids for labor of fencing, etc. The right-of-way job should provide employment for a considerable number of people during the winter months.

Betty Doyle Cunningham Is Badly Injured In Car Wreck Yesterday

Mrs. M. J. Cunningham, the former Betty Doyle, daughter of Mr. and Mrs. W. C. Doyle, sustained a broken leg and concussion in a car accident in Jasper County, Indiana, Wednesday, according to information received by her parents during the night.

She has been taken to the Jasper County hospital at Rensselaer, Indiana. Her leg, broken between the hip and knee, will be set when doctors determine the seriousness of the concussion.

Further details are not known, except that the Cunningham car and another car collided head-on, throwing Betty from the car. Mr. Cunningham was not injured but the car was badly damaged.

Minister Cunningham, who has been in revival work throughout the summer, was conducting a revival at Wheatfield, Indiana. Further details are not known as this paper goes to press this morning.

It is tentatively planned that when Betty can be moved by ambulance she will be brought home to Texas, probably to Dallas, where the couple make their home. Mrs. Doyle expects to go to Indiana by plane as soon as she receives further word from her son-in-law today.

Betty, only child of the W. C. Doyles, has been accompanying her husband on his revival trips, which have taken him over many states.

OHIO CREW COMING BACK TO CONTINUE WORK AT HULLDALE

Some 16 or 18 families of oil workers are due to converge on Eldorado this week, as the Ohio Oil Co. brings one of its rigs back from New Mexico to resume work on their lease in the Hulldale field of north central Schleicher.

Names of the various crew members were not available today, but it is understood that most of them are men who worked here before. Included is A. J. Kirby, tool pusher. It is expected that all of the men and their families will find housing in Eldorado.

The well to be drilled will be No. 18 Thomson. Location is 924 feet from east line, and 2733 feet from most northerly north line of section 81, block TT, T&C Ry. Survey. It will be 283 feet south and 983 feet east from Ohio No. 17, a producer.

Gas Showing

Gray Wolfe No. 1 Thomson, about three miles southeast of Eldorado ran into a gas showing below 6300 feet. A test was made which did show commercial production and the operators are now drilling ahead.

Page Extended

The Page (Strawn) field of Schleicher County has been extended 3/8-mile southeast with completion of T. L. Williams, trustee, No. 10-A Bert Page for a daily flowing potential of 396 barrels of 42 gravity oil, no water, with gas-oil ratio of 900-1.

Production was from open hole between 5,485 feet, where 5 1/2-inch casing was cemented, and 5,600 feet, the total depth, with top of pay picked at 5,505 feet on derrick floor elevation of 2,297 feet. Completion was natural. It is C NW SE 32-L-GH&SA.

Taylor No. 1 Weddell, Schleicher wildcat, was drilling below 4,750 feet in shale.

Gray Wolfe No. 1 Lovelace, wildcat, was bottomed at 2,310 feet in lime and fishing.

Strake No. 1-B Runge, wildcat, was drilling below 1,529 feet in shale.

AMERICAN LEGION HELPS TO BUY TELEVISION SETS

At the regular monthly business meeting of the local American Legion Post last Thursday evening it was voted that Post 257 contribute its share to the 21st District's Deaf School T. V. project. This project is to purchase television sets for the deaf boys and girls at the Texas State School for the Deaf at Austin. Each Post in this district has been requested to contribute according to its membership strength and Post 257 has donated its prorated share of \$74. This contribution was made possible by the sale of barbecue dinners here on the first primary election day.

Only 1/4 Inch Falls Here; Heavy Rains To East

In the past two days heavy rains have been reported in the counties to the east of the Edwards plateau. Eden had 8 inches, Brady 6, Mason 10—to mention a few.

Eldorado has had cloudy skies and chilly north-east winds. Most of the rain gauges have shown about 1/4 inch so far.

GROW YOUR HEIFERS TO BE HEAVY MILKERS

then feed a Purina Milking Ration for high production

Big frames, big barrels, fast growth built the Purina Way—with Calf Startena and Purina D&F Chow—all go into the making of big, rugged, high-capacity milkers. However, if the milking ration lacks essentials needed for heavy production, milk supply will fall off. Protect your investment. Feed the Purina Way. There's a Purina Milking Chow built and tested to fit your particular needs. See us SOON.

News From Our Neighbors

School Day Shortened

Announcement was made Monday opening day of the Eden schools that school would operate on a short schedule, from 8:30 to 12:35 daily for the first two weeks, due to the extreme temperatures. Supt. Sanders stated that this was along the same pattern that was followed last year.

Enrollment in the high school showed an increase over that of last year with 112 students enrolling this week, while enrollment to date in the grade school was some lower.—Eden Echo.

Plan For Xmas

Big Lake merchants are urged to attend a meeting tonight in Judge Taylor's office for the purpose of discussing the coming Christmas shopping season. The time of the opening of the season and advertising will be among the things to be discussed. The meeting is being held under the auspices of the Retail Merchants Association of Big Lake.—Big Lake Wildcat.

New Business Building

Foundation is being laid for a business building with six thousand square feet of floor space at the corner of Main and Tenth Streets, Homer Hall, builder said.

The one hundred foot long building of concrete tile with holiday hillstone trim will face Main street and will also have a Tenth street entrance and parking space in the rear. It will provide for four different businesses. A corner drug store and a grocery and market will occupy two of the four stores. The other two have not been leased so far. T. J. Moore Lumber yard is builder and contractor.—Junction Eagle.

Ranches Leased

A change in the operation of two big ranches near Robert Lee has taken place. Effective Sept. 1 the Ralph Harris estate ranch above town was leased out to Lee Aldwell of San Angelo. At the same time Owens Bros. of San Saba took over the Weaver Ranch south of town. Both leases were for periods of 5 years and the rental is \$1.25 per acre.

Still On Schedule

The watering schedule which the city council announced by letter Saturday will continue in effect until further notice, according to Mayor Decker F. Womack. He said Wednesday that the well is continuing to pump about 200 gallons per minute, a quantity which so far is sufficient to maintain the present schedule.—Menard News.

New School Open

Parents and other tax payers who want to see Mason County's brand new elementary school, one of the finest in this part of Texas, are invited to attend the open house which will be held on Saturday afternoon starting at 3 p. m. The building was open to the students Wednesday, when the fall term began, but the general public will get their look-see this week end, when PTA members and teachers will be on hand to conduct the visitors through the school.—Mason County News.

Governors To Meet

Two governors will meet in Fort

Stockton October 12 when Governor Allan Shivers flies here from Austin to greet the official party of Governor Oscar Soto Maynez, enroute from Chihuahua City to Dallas for appearance at the Texas State Fair on Big Bend Park and Chihuahua Day.

Gov. Shivers this week accepted an invitation extended by Maurice R. Bullock, Fort Stockton chairman of the Big Bend Trail Association, to greet the Chihuahua executive here at a luncheon to be given in honor of the visitors by the Pecos County Chamber of Commerce.—Ft. Stockton Pioneer.

Enrollment Up

Enrollment in the Fort Stockton schools continued its upward climb of recent years on the totals of enrollment compiled yesterday—second day of the 1952-53 term, and in the last four years, the gain has been slightly more than one-third in total enrollment at the beginning of the term. Total enrolled yesterday in four schools stood at 1225, up 53 from last year's second day enrollment.—Fort Stockton Pioneer

Baptist To Build

A \$60,000 remodeling and building program is being inaugurated here by the First Baptist Church.

Proposed plans are to move the parsonage to the lot just west of the present location and to erect a new auditorium with greatly increased seating capacity, on the present site of the parsonage. The present church will be made into an educational building. It is also proposed to join the present church and the new auditorium with a common front. Temporary classrooms will be erected during construction.

Deacons of the church in charge of fund raising are L. W. Elliott, Thomas Morriss, M. C. Scott, Earl Smith, Ben Mittel, and Tommy Chenault. The Rev. J. E. Eldridge is pastor of the church.—Devils River News.

Early Destruction Of Cotton Stalks Urged

COLLEGE STATION — Drouths and cotton insects—independently or in combination—annually take a heavy toll from the state's cotton producers. This year the dry, hot weather of the past several weeks has caused the cotton crop in many sections of the state to deteriorate badly. On the other hand, boll weevils and pink bollworms, especially in South Texas, have been very destructive.

According to A. C. Gunter, entomologist for the Texas Agricultural Extension Service, the late stalk destruction program in the South Texas area last year became a major consideration in this year's heavy insect infestation. It is a matter of record, he says that when the cotton stalks are destroyed early, the insect infestation the next year has been comparatively light.

Weather conditions now prevailing in most sections of the state will speed up the harvest and give farmers an opportunity to practice early season stalk destruction which, Gunter says, is one of the most effective of known control methods against boll weevils and pink bollworms.

The specialist points out that to be most effective, the stalk destruction program should be carried out on a community or better still a county-wide or area basis. Right now moisture conditions are not favorable for plowing and this may

prove a handicap but stalks should be cut as soon as harvest is completed so that the plowing job can be done quickly when the rains come. A shredder type stalk cutter is best but the heavy roller cutters which cut the stalks into small pieces also do a good job. Removing the wings from the middlebuster will aid in making the plowing job easier if the ground is too hard and dry for normal plowing, says Gunter.

Besides being a good insect control practice, the early stalk destruction program also adds needed organic matter to the soil which helps to condition the soil and increases its water holding capacity.

As a direct result, better yields and larger profits should be obtained the following year due to fewer insects and improved soil conditions.

And finally, Gunter points out, there is still plenty of time to plant a winter legume crop, and he suggests that this be done to further improve the condition of the soil and to increase the yield of crops that will be planted on the land next year.

GUILD TO MEET

The Guild of St. John's Episcopal Church will meet with Mrs. Frank Clarke in regular session next Monday.

Get more power at less cost with a Dodge truck!

... says A. Keuning, Pres., Puente Ready Mix, Inc., Puente, California

"Dodge power really puts out the work at low cost!"

"We use four Dodge 'Job-Rated' trucks in our operation—and Dodge power really puts out the work at low cost! Most of our work is off the highway over mud holes, ditches, and sloppy ground. But that means nothing to a Dodge, because Dodge power pulls us through anything!"

"A Dodge truck doesn't 'two-bits you to death' either. Rarely do we have any maintenance expense and when we do, it's legitimate wear and tear we can reasonably expect. Our Dodge trucks are ready to go 365 days a year!"

- ▶ There's a Dodge truck—1/2- through 4-ton—that fits your job.
- ▶ Dependable performance with ample power is assured by features like high-capacity fuel pump and two fuel filters.
- ▶ High-efficiency fuel systems on all 8 engines save gas. Heavier models offer twin carburetion and exhaust system.
- ▶ For extra-smooth, wear-saving power, you can get gyrol Fluid Drive on 1/2-, 3/4-, 1-ton, and Route-Van models.
- ▶ See us today for a demonstration.

Power with economy! Powerful Dodge engines have compression ratios as high as 7.0 to 1. Dodge economy features like lightweight aluminum-alloy pistons help keep operating costs low.

Power with low upkeep! Dodge engines save on maintenance . . . keep your truck on the job. You get such famous Dodge advantages as exhaust valve seat inserts and chrome-plated top piston rings.

Power with long life! The Dodge truck you choose will be right for your job in every way. Deep frames, extra-sturdy axles and high-capacity springs are just a few of many long-life features.

Local Youth Is Wed In Church Ceremony September 1 At Carlsbad

The Carlsbad Baptist Church provided the setting for the wedding of Wanda Mae Treadaway of Carlsbad and Durward Rutland of Eldorado September 1, the pastor Rev. H. E. Snell officiating with the double ring ceremony. The bride's uncle, Mr. Peacock of Hillsboro gave her away.

For the ceremony the bride wore white embroidered organdy. Maid of honor was Anna Henson, and bridesmaid was Barbara Rutland, sister of the groom, of Eldorado. Harold Dean Rutland of Tankersley brother of the groom, was best man. Ushers were Maurice Christian and Eugene Alexander.

Organist was June Carter of San Angelo, who played traditional wedding music and accompanied Mrs. T. P. Holmes for her solos "I Love You Truly," "Because" and "The Lord's Prayer."

There were out-of-town guests present from Eldorado, Hillsboro, Waco, Brady, and San Angelo.

The bride is the daughter of Mrs. Mae Treadaway of Carlsbad and groom is the son of Mrs. Irene Rutland of Eldorado. The couple will live in Brownwood where both are Howard Payne students, and where the groom is preparing for the ministry.

The couple visited briefly in Eldorado before going on to Brownwood to enroll for the fall term.

They are making their home in the ministerial courts at the college.

Honored With Shower

Honoring the couple, a miscellaneous shower was held in the First Baptist church parlors Sept. 2 in Eldorado, with a group from the WMU serving as hostesses.

The color scheme of green and yellow was carried out in the decorations and refreshments. The serving table was centered with an arrangement of yellow mums in greenery, and there were other flowers used in the room decorations.

The program consisted of songs, "Because" and "Through the Years" with Mrs. John Stigler at the piano, and the story of the ro-

mance and marriage was depicted by a group of girls and women. Mrs. Roy Phelps was program chairman, and Mrs. Stigler was pianist during the tea hours.

Hostesses were Mrs. E. W. Perry program chairman, and Meses. Ben Biggs, Kenneth Check, Fred Watson, John Stigler, Roy Phelps, Heron Mace, Roy Martin, Allen Kuykendall, Frank Kinser, Ruth Finnigan, W. G. McAlpine, Jewel Shelton, L. D. Mund, Carrol Ratliff and Myrtle Williams.

Girls assisting with the serving and registering were Ebbagene Blaylock, Iretta Fae Mace, Helen Morgan, Ruthie Dee Harris, Betty Sue Williams, Gene Kuykendall, and Janice Cales.

First Baptist News

Our attendance was up in Sunday School and Training Union Sunday. We had 208 in our Sunday school and 75 in Training Union. The orchids were won by the beginner department with a grade of 75. The Nursery department was second with a grade of 73. There were five departments that tied with a grade of 55 for the onions. Adult, young people, Intermediate, Juniors and Primaries. Our goal for 1952 is an average attendance of 200. We have four more months to go. Let each departmental superintendent and each teacher and pupil of those departments find out what their goal is and determine that they are going to reach it.

Our annual meeting for the Concho Valley Baptist Association began with the W. M. U. meeting this morning at 10:00 a. m. The Association proper will begin at 7:30 this evening with the seating of delegates and the state planning meeting. The Association will continue with services through 4:00 p. m., Friday 12th. Our pastor will bring the annual Association sermon tomorrow Friday at 11:30 a. m. We trust a good group will decide to attend this associational meeting which is convening with the Harris Avenue Baptist Church of San Angelo located at corner of Harris and Buchanan streets. We will see you there.

We rejoice that we will have with us as associate pastor working with the youth program, the Rev. Darwin Welsh. Brother Welsh will enroll in Howard Payne College this month to work on completing the nine hours he lacks on his M. A. degree. Brother Welsh has been associate pastor of the Highland Baptist Church in Denton for the past few years. He has completed one year of his seminary work at Southwestern Baptist Seminary at Ft. Worth. Many of you will remember that Brother Welsh con-

ducted the music in our recent revival meeting. Brother Welsh's first Sunday with us will be Sept. 14th.

We say, with much regret, goodbye to many of our fine young people who will be going away in a few days. They are Miss Grace Crosby, Ruthie Dee Harris, Truman Biggs to San Angelo College. Miss Ebba Jean Blaylock, Glenn Biggs, Betty Sue Williams to Baylor. Sonny Stanford, Ireta Faye Mace to Texas Tech. Jack Mund to Baylor and R. B. Cooper to Howard Payne. We will miss them and hope for them the best year yet as they prepare their lives for a more fuller service to God and to their fellow man.

We welcomed into our fellowship Sunday the following: Miss Marie Welsh by letter, and there were two surrendering for special service. Miss Jean Kuykendall and Mary Janice Cales. We had a wonderful Back to College Night Service Sunday evening and if you missed that service you missed a blessing. In fact you will miss a blessing anytime you miss any of our services.

Mrs. Horace Linthicum and Suzie will leave Sunday for Ft. Worth, where Suzie will enroll at TCU and take up residence for her Freshman year at Foster Hall on the campus. Mrs. Linthicum will remain there several days.

Mrs. W. H. McClatchy spent the day Tuesday in San Angelo with the Frank Newmans.

Mr. and Mrs. Henry Moore and children spent the weekend in Veribest with relatives.

Mr. and Mrs. L. Moore left Tuesday for Brownwood to visit relatives.

Production for Freedom Week—September 7-13

Electric Power

PRODUCTION FOR FREEDOM

America must produce more and more to stay free! And the key to that vital production is an abundance of electric power. With only six per cent of the world's population and only a small fraction of the world's natural resources, American workers . . . utilizing enormous quantities of electrical energy . . . produce nearly half the world's goods.

That abundance of electrical power is provided by the heavily taxed, privately owned electric companies financed directly or indirectly by the savings of private citizens. Since 1945 those privately owned companies have spent \$10 billion to increase the nation's electric productive capacity 50 per cent; and in 1954 another \$8 billion will step up generating capacity 100 per cent.

Here in West Texas, your electric service company by 1953 will have increased its capacity for production 151 per cent since 1945. Yes, the privately owned electric companies have proved their ability to provide more . . . and more . . . and more *Electric Power for Production for Freedom.*

From where I sit... by Joe Marsh

Narrow Town—Broad Outlook

The wife's cousin Ben, and Belle his bride are back from honeymooning in the Rockies. Took them to dinner last night at the Garden Tavern. Ben told about the trip:

"Went through a town in Idaho that was only 100 feet wide. No kidding! Built into a long, narrow canyon. And it shares those 100 feet with a railroad track that runs right through the hotel!

"To get gas there we had to park right on the tracks. Suddenly Belle screams—'there's a train coming!' But the gas fellow just laughs and says we were there

first. Blamed if the engineer didn't stop the train and wait, too!"

From where I sit, it's a good illustration of how people can learn to "think of the other fellow" so that the community benefits. Railroaders and townspeople, Democrats and Republicans, malted milk fanciers and those who prefer a temperate glass of beer—we all have to share the same space. Let's maintain our neighbor's "right of way."

... Joe Marsh

CHILD IS HONORED

Honoring Sherry Diane Yates, daughter of Mr. and Mrs. Earl Yates, on her third birthday, a group of 18 children and a number of adults attended her party, given at the home of her grandmother Mrs. E. H. Sweatt on Sunday afternoon.

The children played games, were presented with favors and were served decorated birthday cake with ice cream at the close of the afternoon.

A number of mothers attended the party, and also these from out of town: Mr. and Mrs. George Ballard and daughters Cyndy and Georgia, and Mrs. Bill Morrow and two children Richie and Bubba.

Dr. H. Z. Pennington will leave this afternoon for San Angelo where he will undergo surgery tomorrow morning in the Clinic hospital.

Former Eldorado Pastor Dies In Robert Lee; Funeral In San Angelo

Rev. J. D. McWhorter, former Eldorado Methodist pastor, died Monday in Coke Memorial Hospital at Robert Lee after many months of illness. He was 80 years old, had retired from the ministry, and was making his home with his daughter, Mrs. Jeff Dean, and her husband, who is county judge at Robert Lee, since his wife's death in May, 1948.

He was born in 1872 in Attala County, Mississippi. He attended Millsap College at Jackson, and came to this state in 1911 to become pastor of the church at Jourdantown. His pastorates included: Sterling City from 1914-18; Ozona, 1918-21; Hallettsville, 1921-26; Sterling City again from 1926-30; Eldorado, 1930-32; Los Fresnos, 1932-33; Liberty Hill, 1933-34; Mertzon, 1934-38; and Poteet, 1938-40. He retired in November of 1940 and moved to Veribest.

He was ill for two years with paralysis, and seriously ill since June 11. He is survived by another daughter, Miss Katherine Parris of San Angelo, a son James of Sterling City, a sister Mrs. Lillie Bell of Mississippi, and five grandchildren.

Funeral services were held Wednesday afternoon at First Methodist Church in San Angelo, with the Rev. Ray Lee of Robert Lee officiating assisted by the Rev. Fred Brucks, district supt., of San Angelo, and the Rev. Ross Welch of San Antonio. Interment was made in Fairmount Cemetery.

YOUTH IS HONORED ON THIRTEENTH BIRTHDAY

Mrs. J. D. Meador entertained a group of young people at the Memorial Building Thursday evening with a party, honoring her son John Edward, who was 13 years old. The boys and girls, mostly his classmates from the eighth grade, played directed games and danced to recorded music during the evening.

Birthday cake was served with punch at the close of the evening. The youth received many nice gifts from his friends.

YOUNG MATRON HONORED WITH LAYETTE SHOWER

Mrs. Palmer West and Mrs. Joe Wagley were joint hostesses at a layette shower at the home of the former Thursday, honoring Mrs. Joe Chan Whitten, the former Joyce Burk.

About 40 called during the afternoon and others sent gifts. The serving table was centered with an arrangement of asters, and infant bottles and other baby goods. Mrs. Lillian Page served the punch and Myrta Bob Harper presided at the register. Sandwiches and cookies were also served. Mrs. Bobby Barber was an out of town guest.

WEDNESDAY BRIDGE MEETS WITH MRS. POWELL

Mrs. Elizabeth Powell was hostess at a bridge luncheon for the Wednesday Bridge Club and guests Wednesday afternoon at her home in Schleicher. Included with the seven tables of players were three tables of guests.

Mrs. H. T. Finley won high guest, Mrs. Pat Finley high club, Mrs. Lillian Crosby traveling and Mrs. Walter McGregor bingo.

BYKOTA LUNCHEON

The Bykota Class of the First Baptist Church held their regular monthly luncheon Wednesday noon at the church. During the brief business session over which the president Mrs. Joe Wagley presided, new officers were nominated and will be voted on at the next meeting, and there was a devotional, and other class business.

Letter From Gibson Tells Of His Interest In His Old Home Town

The H. T. Finleys were pleased recently to receive a letter from "Hoot" Gibson, nephew of Mrs. Mattie Cozzens—telling about himself and his continued interest in Eldorado. This letter was mailed, along with a news bulletin from Stanford Research Institute, in which his picture appears:

Stanford, California—September 1, 1952

I suppose the first thing you should do is turn to the end of this letter and see who wrote it. Under the circumstances, I find it a bit difficult to think of an appropriate salutation.

Upon my return to the office several days ago from a two months European trip, I found a stray copy of the Success, the first one I have seen in many months. This particular copy told about the recent reunion at the Eldorado school. Upon reading the article, I soon came to a list of people who registered for the affair. The realization soon came to me that it has been years since I last heard from many of those listed. Furthermore, I realized that I had not seen several of them since 1940. My first reaction was to write a letter to each person, but then I decided upon an easier course for me—but perhaps not so satisfactory from your standpoint. The result was to write one letter—and send copies of it to several people. Please excuse this broadside approach. If anyone is insulted my suggestion is that you throw the letter away at this point. I will guarantee to reply individually to any protest that may come my way.

As I read down the list of names, it came to me rather forcefully that I had little idea what many of my friends at Eldorado are doing these days. Time goes by entirely too rapidly. I would be tremendously pleased to hear from you and to know what each of you is now doing. My last trip to Eldorado was in the spring of 1941, and only a few letters and copies of the Success have come my way since that time.

Perhaps one way to open negotiations on correspondence would be to bring you up to date as to my whereabouts and activities. I am now living in Palo Alto, California, and am associated with the Stanford Research Institute. Perhaps you have never heard of this organization. As a matter of fact, I never had either until 1946 when my term of military service was ended. The new research organization was founded in that year, and I became about the third or fourth employee. It now has about 500 people on the staff. My position is that of chairman of the International Division and Director of Research in Industrial Economics. About one-fifth of the Institute's people are involved in these two activities. In addition, I am a part-time member of the faculty of the Graduate School of Business at Stanford University where I received the Masters and Ph. D. degrees.

The work and position at the Institute are exceedingly interesting. In fact, it would be impossible for me to even construct a more interesting occupation than that which I now have. We undertake applied research projects for industry and government in this county and for similar organizations abroad. It was in the latter connection that I had the opportunity to make three trips to Europe during the past eighteen months. Several members of my staff are now abroad, and the plan is that I will go to Europe again sometime this autumn or winter. Stanford is a wonderful place to live and work, and unless you hear to the contrary this will be my address from here on out.

During the course of our work, I find it necessary several times a

year to travel to the East and to the South. On several occasions I have thought of stopping by Eldorado but time has never permitted. One of these days I hope to bring this about. Perhaps it may be possible for me to attend the reunion next August.

It is seldom that I see anyone from Eldorado. Several months ago Mrs. DeLong came to Mountain View (near Stanford) to visit Jetty Grace, and we had an opportunity to visit with her for a few hours. Now and then I hear from someone at Eldorado through my father.

I was married here at Stanford in 1941 shortly before entering the military service. We now have two boys—one eight and the other five. Both of the boys have been asking me to drive them to Texas, but the right situation has never come about. Unfortunately, it has been necessary for me to be out of the country during most of the past two summers.

I see by the Success that Dave Williamson and Mr. Holt were at the Eldorado Reunion and that both had prominent parts in the affair. It would be wonderful to see them again. My information as to what they are doing is completely lacking. Dave should have been here at Stanford last year to watch the Big Red Machine go—that is until it hit the Rose Bowl. We take in all of the Stanford games; our home is in walking distance of the stadium. I am planning to go with the Stanford team this year to the WSC game and, of course, hope to see Buck again. We only see him about once a year.

That is about all that comes to my mind at the present time. It would be a great pleasure to hear from you and to know something about your activities. The address is 515 Chaucer St., Palo Alto, Cal. If you forget this, then just use % Stanford Research Institute, Stanford, California, or just plain Stanford University, California. If you should come to California, I would love to have a long visit. The welcome mat is always out at 515 Chaucer.

Sincerely,
W. B. "Hoot" Gibson

Eldorado Calf Ropers Put On Good Show At Sunday's Roping Here

The newly organized Calf Roping Club held a roping Sunday afternoon beginning at 2:00 at the local arena, with visitors present from many other places, and a good crowd of spectators to cheer for the principals in the show.

The first jackpot roping was won by J. W. Powers of Big Lake, on 13.4 time, with Bob Altizer of Del Rio winning second with 13.9, and Bing Crosby of Eldorado third with 14.12.

A matched roping between jackpots was unusually close. James Leonard of Del Rio won the 8-calf roping with 145 seconds, as opposed to Orval Thomas of San Angelo, who roped his in 146.1.

The second jackpot was won by Cliff Lowrey of Del Rio with 11 seconds, and second and third was split between P. C. Perner of Ozona and Jim Bob Altizer of Del Rio with 12.7 seconds each.

The final jackpot of the day was won by James Leonard of Del Rio with 11.6, Sonny Bailey winning second with 11.9 and Jim Bob Altizer third with 15.8.

The children's roping was won by Marlin Stevenson of Big Lake, with 13.6, Keeney McMillan of Big Lake winning second with 15.5.

Next Sunday beginning at 2:00 p. m. there will be another public roping. Club members state that the arena will be wet down, to provide a more comfortable afternoon for ropers and spectators.

A Guide For Dressing

COLLEGE STATION—A good basic dress plus correctly selected accessories make up a costume ensemble. Mary Routh, clothing specialist with the Texas Extension Service, points out that smartness is achieved when shoes, hose, bag, gloves, hat, blouse and jewelry serve to make the costume a unit.

The specialist suggests the "Guide for Dressing" as an aid for solving accessory selection and over-dressing problems. After dressing to go out, she suggests a last look in a full length mirror to see if the costume ensemble, from head to toe, is a unit and not over-accessorized. Count each accessory by the guide, the sum should be somewhere around 12 points. The "Dressing Guide" and points for each item follows: one piece dress, 1; suit, 2; buttons, 1 or 2; and all other items, each color, veil, flower, hose, dark heels, clocks on hose, shoes, bows, buckles, straps, purse, trim on purse, jewelry, gloves, scarf and coat or wrap count one point each.

The basic one piece dress counts one. If figured or plaid, the count may go up to five. A basic hat counts one but when a veil and feather or flower is included the count is three and each color gives a count. When a fancy hat is worn, choose a simple dress or suit and visa versa.

Accessories that are worn in pairs such as earrings, gloves or hose count only one point the specialist says.

Most of the count is on accessories and their trim. After the guide has been used for a while, skill is developed in varying accessories so the count will automatically fall under 12.

However, Miss Routh advises, a count too far under the prescribed number will make the ensemble appear under-accessorized.

Correct accessories in the right numbers are most important to the smart costume ensemble. The well dressed woman wears simple clothes with individual touches that express her personality.

NEW BABIES

Born Sunday night, at Clinic Hospital in San Angelo, a daughter to Mr. and Mrs. Jo Ed Hill of Eldorado. The new baby weighed six pounds and 13 ounces at birth, and has been named Peggy Jo. Grandparents are Mr. and Mrs. J. E. Hill of Eldorado and Mrs. D. D. Horton of Ft. Worth, and a great grandfather is John Hill of San Antonio. Peggy Jo has a sister, Susan, age 2½.

With the arrival of Cathey Dyann Perry September 9 the Fred Watsons of Eldorado become grandparents again. She weighed six pounds and nine ounces at birth in the Shannon Hospital at 8:36 a.m. The baby is the daughter of Mr. and Mrs. Travis Perry, and granddaughter of the Watsons and also of Mr. and Mrs. R. L. Perry of Hamilton. A great grandmother is Mrs. Mae Clarke of Kilgore. The mother is the former Gloria Watson, younger daughter of Mr. and Mrs. Fred Watson.

Claudia Lee is the name chosen by Mr. and Mrs. Edward Meador for their new daughter, born Wednesday morning at 9:45 in Clinic Hospital in San Angelo. The baby weighed about five pounds at birth. Claudia Lee has four grandparents Mr. and Mrs. P. S. Dudley of Gainesville and Mr. and Mrs. C. L. Meador Jr., of Eldorado, and two brothers, Lynn, nearly seven years old and Rusty, nearly three.

Mrs. T. E. Swigart of Houston has been a house guest of Capt. and Mrs. Thad Thomson this week.

Defoliating Hints On Cotton Are Offered

COLLEGE STATION—The ever-increasing use of machines for harvesting cotton have also increased the use of chemicals as plant defoliants. Defoliating the cotton plant, says Fred C. Elliott, cotton work specialist for the Texas Agricultural Extension Service, is a practice, when properly carried out, will materially improve the machine harvesting job.

Here are Elliott's suggestions on doing a successful job. The timing of the application of the defoliant is very important. In order to get maximum staple length development and yield, Elliott says the defoliant should be applied no sooner than 5 days after the period of maximum blooming. Another way to time the application is to wait 30 days after the cotton has quit making or when the youngest bolls are 30 days old. This condition will exist in most fields when about 10 per cent of the bolls are open. The defoliant should be applied from ten days to two weeks prior to intended picking dates in Central and South Texas and from two to three weeks on the High Plains.

When calcium cyanamide is used as a dust, the plants must be wet with dew or when adequate dew is forecast. The chemical to be most effective must remain in moisture on the leaf for at least two hours but four or more hours of moist exposure are preferred. Monosodium cyanamide does not depend on dew for activation but takes the needed moisture from the air or from the leaf. The leaves, however, should be green and not wilted, says Elliott.

Spray defoliants may be used in the absence of dew and when humidity is low; however, the specialist emphasizes that the plant must be thoroughly covered with the material. If an airplane is used for applying the defoliant, a flagman should always be used. Fenders should be used on ground equipment in rank cotton. Elliott points out that a better

defoliation job is obtained when the cotton is mature, leaves not wilted nor toughened by drought or starved by a lack of soil fertility, when plant moisture is adequate and weather is warm and humid. He emphasizes the importance of using weather forecasts as an aid when defoliants are being applied.

Defoliate only enough acreage to stay ahead of the picking, says Elliott and he warns against using any defoliant that is not labeled as to its exact chemical content. Using chemicals as defoliants which have not been tested may injure the open fiber, the unopened bolls or worst of all may cause fire hazards at the gin.

One final caution, Elliott says before making the application, to thoroughly clean the spray tanks, pumps, lines and nozzles to remove residues left in the equipment by liquid insecticides. The spray machines should be flushed with water after each day's operation.

Elliott suggests to cotton producers interested in obtaining more information on the subject that they contact their local county agricultural agent and ask for a copy of L-145, "Cotton Defoliation Guide in Texas." The leaflet has only recently been released and contains the latest recommendations covering the use of many defoliants.

Pansy Owens has given her San Angelo scholarship to Charlene Atkinson and has started book-keeping for Blake's Electric.

Billy Jack Etheridge, son of Mr. and Mrs. Jack Etheridge, had another attack of appendicitis Wednesday and was examined for possible surgery, but is now much better and is able to return to school today.

Weekend visitors in the L. D. Ochsner home were Johnnie, who has been employed with a seismograph crew at Marfa, and George, who is with a seismograph group in Sonora. This weekend John will return to Tech where he is a senior, and George will go back to SAC where he is a sophomore.

The Military

With the 25th Infantry Div. in Korea.—Cpl. Harold W. Grelle, son of Mr. and Mrs. Alfred Grelle, Eldorado, Texas, is on his way home from the Korean battlefield under the Army's rotation plan.

In Korea he was a member of the 25th Infantry Division, located on the eastern front, where bitter hill fighting and patrol probing continue. Grelle, who entered the Army in March 1951, was a switchboard operator in the 64th Field Artillery Battalion.

Cpl. Grelle with the Service Battery, 64th Field Artillery Bn., has received the following letter of commendation thru his commanding officer:

"I take pleasure in commending you and your section for the excellent signal display which you showed on the Division Artillery Command Inspection on 25 January 1952. You and your section's hard work and attention to duty reflect great credit to yourself, your battery and your battalion. A copy of this letter will be placed in your 201 file.—Lounsbury Branson, Lt. Col. Arty."

Several other Korean veterans will soon be at home in Schleicher County. Hal Whitten and William Spurgers have not been heard from here, but are on their way. Olge Halbert is at Ft. Hood and Jack Hodges at Ft. Sam Houston. All are expecting to receive their discharges from service. This paper is without further information as we go to press this morning but more information will probably be available by next week.

The EHS Class of 1947 is doing well—with five Lieutenants. These are Tommy Green, Fred L. Speck, John Ochsner, Henry Mittel, also John Lee Jones who is ready to receive his.

Mr. and Mrs. Nolan McDonald hope to leave soon for Pampa, Fla., to visit for two weeks with their son, Captain R. N. McDonald, Jr., who recently completed his schooling at Sacramento, California, and has moved to a permanent base at Pampa, where he will fly B 47 Jet Bombers. He and his family recently bought a residence at Pampa, and the family will remain there when he is called out on duty elsewhere.

Soil Conservation District News

"The longer the drought lasts, the more evident it becomes that farmers and ranchers should make every effort to retain all the rainfall possible when it comes," says Jack Wade, co-operating with the Eldorado Divide Soil Conservation District. The idea of holding the water on the land when it does come is not a new idea to Wade. He has been practicing soil and water conservation on his place for several years.

The level, wide base terraces included in Wade's well rounded soil and water conservation plan were constructed six years ago. Wade states that the terraces have meant the difference of a higher yield in fair rainfall years and some crops as compared to no crop in dry years. The 22 bales of cotton produced on 110 acres of land in 1951 brings out what Wade means by the difference of a crop and no crop at all in dry years. His best per acre yield in 1951 was 3 bales of cotton from 5 acres of land immediately above a terrace.

Wade realizes that terraces need to be maintained to keep the needed height, width and end closures in order to conserve the maximum amount of soil and water. He is maintaining his terraces where feed crops have been harvested. A farm tractor and disc plow are being used to maintain the height and width. End closures are being made with farm tractor and fresno.

GUILD TO MEET

The Guild of St. John's Episcopal Church will meet with Mrs. Frank Clarke in regular session next Monday.

Members will gather at the post office at 10:00 o'clock and leave in a group.

MERRY-MAKERS MEET

Mrs. Archie Wright was hostess to three tables of "42" at the opening meeting of the club Wednesday afternoon at her home. This club usually meets every other week, on Thursday afternoon.

Mr. and Mrs. F. B. Calcote have returned from Pennsylvania, where they spent nearly two weeks with their daughter Melba, Mrs. J. H. Minyard and her family. They report everything green—but came back with new appreciation of good Texas roads and roadside parks. They brought their granddaughter Celia Ann home with them to enter school here. On their way home they visited in Missouri with Mr. Calcote's brother Bill and in Dallas with another brother Charles. They arrived home Monday evening.

A LITTLE WATCH CARE SAVES COSTLY WATCH REPAIR!

ACT NOW—BRING IN YOUR WATCH FOR FREE CHECK-UP!

Come in today with your watch. Remember—a little watch care often saves costly watch repair. And any watch—old or new—should be seen by a professional jeweler at least once a year. Such periodic checkups will help you keep your watch running on time all the time and at the lowest cost! Inspection is free, of course, and there is no obligation. So why not stop in today?

It's WATCH INSPECTION TIME
SEPTEMBER 11th to 20th

Sophomore sponsors are Miss Mary Algood and Coach John Waldrum.

Success, \$2 year — anywhere.

TS&GR MEETING SET

San Angelo.—The fourth quarterly directors meeting of the Texas Sheep and Goat Raisers' Association will be in Sweetwater, Saturday, September 13, John T. Williams, TS&GRA president announces. Headquarters and all meetings will be at the Blue Bonnet Hotel.

Association members from Nolan and surrounding counties are invited to the business meeting of the directors, he added. Discussion will probably be mostly on the wool market including steps taken to strengthen it. A report will also be made on results of recent work on lamb grading.

Business interests of Sweetwater will be hosts to the visitors at a dance Friday night and breakfast and barbecue lunch on Saturday.

Williams stated that those who had not reserved rooms could do so by contacting A. C. Bishop, manager, Sweetwater Board of City Development.

Mrs. DeLozier is doing well, after surgery last week at the hospital in Sonora.

SAN SABA AUTHOR SUBMITS SKETCH ON THE LIFE OF COL. GUSTAV SCHLEICHER

GUSTAV SCHLEICHER

Frank S. Gray of Coppers Cove, Texas, submits the following sketch on the life of Col. Gustav Schleicher which should be of interest to many of our readers. Mr. Gray, born in San Saba County in 1861 and still a resident of that county, is the author of "Pioneer Adventures" and other stories.

Colonel Gustav Schleicher was born in Darmstadt, Germany, Nov. 29, 1823 and died in Washington, D. C., January 10, 1879. He was buried in San

Antonio, Texas. Mr. Schleicher was a very large man, weighing over 300 pounds. He was a naturalized citizen from Germany. He served in Congress and I appreciated the kindly efforts of our able and obliging Congressman the Hon. O. C. Fisher of San Angelo. Mr. Fisher is obedient to my request to send me Mr. Schleicher's picture, cheerfully responded and industriously searched the dusty archives in Washington where it had been slumbering for 70 years and found it and promptly sent it to me. Thanks to Mr. Fisher.

Mr. Schleicher was a young man and unmarried; he graduated in one of the highest Universities in Germany. He finished his academic degree and his ambitious desire was to leave his homeland and come to America. He wanted to learn the English language and become an American citizen. It was before the Civil War. When hostilities began Mr. Schleicher cast his lot with the South. He fought through the war and acquired the title of Colonel. Texas at that time was thinly settled and land was cheap. The State gave Col. Schleicher large bodies of her vast domain to bring home seekers from Germany, and settle them within the borders of Texas.

Mr. Schleicher located them in DeWitt County. The Colonel had political aspirations and ran for the Legislature in DeWitt district where the people were mostly Germans. The German vote was supplemented by the few native electors and Mr. Schleicher was elected. He said that while he labored in that field he could meet the Texas lawmakers and politicians of the state and learn the English language. When the Legislature met they discovered they had German member from De Witt on their hands who could not speak English and they in turn could not speak German.

Col. Schleicher when serving in the Legislature mastered English. His countrymen further promoted him by sending him to Congress. He served in the lower house and they advanced him to the Senate. Mr. Schleicher filled these high positions with credit to himself and honor to his country and beyond the fondest dreams of his delighted constituents. It has been said that Col. Schleicher was one of the most cultured men in Texas politics.

President Garfield, a Republican spoke highly of him and the Hon. Senator Bayard of Delaware, a Democratic leader and a presidential possibility, declared that Col. Schleicher with his well balanced mind and remarkable ability qualified him to successfully fill a place in the U. S. Cabinet, or any office within the gift of the American people. It is unbecoming for an American citizen, whether native or adopted to speak unkindly of this adopted American Citizen who was a great statesman and an honest man. But those days are gone. What our country needs today is fewer politicians and more statesmen. The United States should be proud of this man and all of her German population. They believe in law and order and are law abiding and a hard working class of people. German ancestors like Col. Schleicher fled from the storms of war in Germany and came to America to find peaceful homes in the United States. Mr. Schleicher having acquired large bodies of land in the Lone Star State made him an extensive real estate owner. Texas at that time was crying for immigrants. She needed to people the State with enterprising home seekers.

Mr. Schleicher sold some of his holdings to my father, R. W. Gray. The Col. was at our house quite often and he and father were great friends.

The big German owned a beautiful ranch on the head waters of Cherokee Creek in San Saba

MOURNING DOVE - WHITE-WINGED DOVE OPEN SEASONS 1952

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

TEXAS GAME AND FISH COMMISSION

GOOD NEWS FOR Butane Users

YOU CAN BE ASSURED OF WINTERTIME FUEL IF You have ample storage and KEEP IT FILLED During the Summer

These are the Facts about Gas Supply

There is no shortage of butane-propane. There will be no shortage in the foreseeable future.

Butane and propane are among the most plentiful products in our national petroleum reserves.

However, every winter many users go without fuel. This is ONLY BECAUSE OF TOO - SMALL STORAGE TANKS.

Your butane dealer knows the amount of gas you use summer and winter. He has the right answer for your needs. He will give you fuel —not promises!

Your tank may have been right when it was installed, for your family may have outgrown its original gas needs. To be safe you should KNOW just what size tank you need to fill these needs.

Now get the Facts about YOUR storage needs. We will give you a FREE analysis of your requirements

County. It was known as "The Schleicher Ranch." It was just above father's ranch. It had a bold spring of water with a stone house and strong stock corrals conveniently arranged for handling large numbers of longhorn cattle. It was often leased to big cattlemen. Indians were on the warpath. The hobbles they by chance dropped in their raids, that their squaws had dressed with the hair on them, showed they were made from Moose skin in the distant Rocky Mountains where the Indians lived. Indians depredated on counties east of us and the Schleicher ranch was in their passway. These stockmen kept their saddle horses hobbled at the ranch. The redskins would sometimes make raids on them on moonlight nights and remove the hobbles and bells and hurriedly drive them away leaving the com men afoot. The faithful pioneers of Schleicher County in fond remembrance of Col. Schleicher named their county for him. I am 91 years old and realize I will not be here much longer. Therefore I am presenting Col. Schleicher's framed picture I treasure highly, to Schleicher County.—Frank S. Gray.

Mrs. E. R. Bryant has returned from Corpus Christi where she spent two weeks with the Earl Bryants, during the illness of her daughter-in-law. She reported Monday that the daughter-in-law was improving.

Mr. and Mrs. Otto Sauer left Saturday by car, with Miss Gertrude Sauer and Clyde Perkins of San Angelo on a trip to Colorado to visit their daughter and to do some sight seeing. They will probably be home Saturday.

children of Ballinger were here during the weekend to visit Mrs. Ruby Damron.

Here from Big Spring for a weekend visit in the E. W. Craig home were Mr. and Mrs. Otis Craig, Mr. Craig's brother and sister-in-law.

A daughter and her family, Mr. and Mrs. George S. Robinson and

THE RESIDENTS OF THE ALEXANDER PRECINCT WISH TO THANK ALL THE VOTERS OF SCHLEICHER COUNTY FOR THEIR GENEROUS SUPPORT OF THE MERTZON ROAD BOND. WE PLEDGE OUR SUPPORT FOR FUTURE COUNTY-WIDE IMPROVEMENTS

Miscellaneous Shower Honors Newlyweds On Saturday Afternoon

Honoring Mr. and Mrs. George Stanley Finley, who were married recently and who live in Dallas, the women of the Presbyterian Church entertained with a gift tea Saturday afternoon from 3:00 to 5:00 in the church parlor.

Receiving guests were the groom's mother, Mrs. H. T. Finley, the honored couple, the groom's sister Mrs. Bobby Barber of San Angelo, his aunt, Mrs. Weatherly Kinser, and his grandmother, Mrs. Sam E. Jones.

Those registering guests were Mrs. James Lucas, Mrs. Paul Page and Mrs. Jodie Whitten. Also in the house party were Martha Dell Williams, Carolyn Ratliff and Lola Beth Ballew.

The pink and white color scheme was carried out in the table appointments and in the baskets of autumn flowers with which the reception rooms were decorated. The tea table was centered with pink and white asters. Decorated angel food cake squares were served with mints and pink punch to callers. Mrs. Carroll Ratliff and Mrs. Robert Page served the first hour and Mrs. Pat Finley and Mrs. Max Henry the second.

At the piano were Mrs. Charles Bruce and Mrs. James Page. The large assortment of gifts was displayed on long tables in the church parlors.

The honored couple spent the week end here with the Finleys, who also had as guests their son-in-law and daughter Mr. and Mrs. Bobby Barber of San Angelo.

Mr. and Mrs. Leonard Wilson and children spent the week end in Mason, where they visited an aunt and uncle, Mr. and Mrs. Savola Bolt, and attended the Calf Creek Homecoming.

Thirty Women Attend Opening Meeting Of Local Woman's Club

A morning coffee in the club room began the '52-'53 season for Eldorado Woman's Club Tuesday morning. The president, Mrs. E. M. Jackson announced the year's theme as Education. Mrs. Jess Walton, program leader, introduced Mrs. L. E. Dudley, state vice president, as guest speaker.

Mrs. Dudley stated that Texas' 75,000 and USA's 5 1/2 million club women could attain any goal they chose to work for, but that no organization is stronger than its individual members.

Mrs. Dudley continued that it is the responsibility of all federated members to expand and invigorate our priceless heritage of freedom.

Twenty-seven members and three guests were present. Hostesses were the social committee composed of Mrs. James Page, Mrs. C. L. Meador, and Mrs. John Stigler.

Visit Another Club

A group from Eldorado Woman's Club attended a tea given by the Ozona Woman's Club on Tuesday afternoon. Guest speaker was Mrs. Van Hook Stubbs of Wortham, state president of Federated Woman's Clubs. Her subject was "We Chart A Course From Here." She told of the many accomplishments of Texas Federation in the past and named the objects for the coming two years. Those making the trip were Mmes. Archie Mittel, Arthur Mund, J. E. Tisdale, Palmer West and W. T. Whitten.

DAR TO MEET

September 18, the third Thursday, is the meeting time for the DAR, which will open the first meeting of the year with a luncheon at the Memorial Building at 12:30. Mrs. J. E. Hill and Mrs. W. F. Meador Sr. will be hostesses.

Following the luncheon of the El Dorado Chapter of DAR, Constitution Day will be observed with a program in charge of Mrs. W. O. Alexander, with Mrs. Charles E. Gary the main speaker. All members are urged to be present.

HONORED ON BIRTHDAY

Honoring her father, Whit Smith on his 57th birthday, Mrs. Leonard Wilson entertained with a dinner at her home. Present in addition to the local relatives were Mr. and Mrs. Jack Smith of San Angelo. The birthday dinner was topped with a birthday cake, decorated for the occasion, and ice cream.

Leonard Lloyd is spending the week in Batesville on the family's place there.

Bridge Luncheon Friday At Country Club

There were eight tables of players at a bridge luncheon given by Mrs. Howard Derrick Friday at the San Angelo Country Club. All of the guests were from this county.

Winners at bridge were Mrs. Leslie Baker, high, Mrs. Seth Ramsey, second high, Mrs. Henry Speck Jr., low, Mrs. Robert Page, traveling, and Mrs. Patton Enochs, game prize. The luncheon was served at the quartet tables which were centered with small bouquets of pink and white pompom asters.

Methodist Notes

Rev. Fred Brucks conducted the first quarterly conference here Tuesday night, with the pastor, the Rev. Doyle Morton, opening the service. Rev. Brucks explained the four points of emphasis of the new four-year "All-Texas Methodist Stewardship Movement": 50% increase in attendance, enlisting of Methodism's inactive members, utilizing of leadership qualities and maximum giving of money.

Mrs. Mabel Parker was conference secretary. Reports were read from the church by the pastor; M Y F, Jerry Lynn Pennington; Sunday school; Superintendent C. E. Gary; WSCS, Mrs. Frank Meador; Treasurer, Mrs. Parker; auditor, Jo Ed Hill.

Elected to office were L. Steen, reserve district steward; communion steward, Mrs. Dee Love; delegates to district conference, L. W. Chrestman, Ray Tisdale, Mrs. L. Steen; stewardship committee, Mr. and Mrs. Frank Meador, Charles Gary, Ray Tisdale, L. Steen, L. W. Chrestman, A. T. Wright, L. V. Newport, H. W. Hunt.

Ministers will start off the stewardship movement by exchanging pulpits and helping each other in a series of services. Tentatively scheduled to come to Eldorado and occupy the pulpit is Rev. Roy May, pastor of First Church in Brady—the dates Oct. 19-23. The Eldorado church has 293 members on roll.

Stewardship Meeting

The Regional Stewardship meeting sponsored by the All-Texas Methodist Stewardship movement will be held Monday, September 15, at the Travis Park Methodist Church, San Antonio. The meeting begins at ten o'clock in the morning and continues throughout the day, featuring an inspirational and instructional session from 10:00 a.m. to 4:00 p.m.; a Laymen's Stewardship dinner from 7:00 to 8:30 p.m., and to climax the day, the Stewardship Rally, 8:15 to 9:30 p.m. Several from Eldorado will attend.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

FORT WORTH—Biggest run of cattle since 1948 went to market Monday at the nation's 12 major markets—over 137,000 head. Over 82,000 sheep and lambs went to market, Fort Worth had 13,500, Omaha and Denver both had 20,000, Western and Northwestern lambs were on the move at those points.

Stocker cows active at Fort Worth, a load at \$23, many from \$14 to \$19. Most other cattle and calves weak to 50 cents off, some spots on medium killing and medium stocker calves \$1 off. Only high quality stockers getting reliable play from buyers. Packers say meat is not moving well and freezers and coolers are holding heavy supplies of meat.

Hogs rallied Monday 25 to 50 cents, and soys were 50 cents above last week's close at Fort Worth.

Very firm market for sheep and lambs of all kinds. Not many good fat lambs in the Fort Worth receipts. Northern and Western markets reported lambs lower Monday.

Good and choice slaughter steers and yearlings sold at \$25 to \$32, and common to medium kinds sold for \$15 to \$24, with cull yearlings \$12 to \$15. Fat cows sold from \$14.50 to \$18 and canners and cutters cashed at \$9 to \$14.50. Bulls sold from \$13 to \$20.

Good and choice slaughter calves sold from \$20 to \$26.50, a few heavies at \$27. Plain and medium butcher sorts sold at \$15 to \$19, and culls sold from \$12 to \$15.

Good and choice stocker calves

sold mostly at \$23 to \$27.50, and plain and medium sorts sold from \$17 to \$22. Stocker yearling steers sold from \$27 down, feeder kinds from \$26 down. Heifer calves and yearlings sold usually \$1 to \$2 or more under similar steers. Stocker cows sold from \$14 to \$23.

Hog top Monday was \$20.25 to \$20.50, and soys sold from \$15 to \$17.50.

Good and choice fat lambs sold from \$24 to \$27, and culls ranged downward to \$9 to \$12. Stocker and feeder lambs sold from \$10 to \$18.50. Slaughter yearling wethers sold from \$10 to \$18.50 and stocker and feeder yearlings sold from \$10 to \$14. Aged wethers sold from \$10 down, and two-year-olds sold from \$12.50 down. Slaughter ewes sold from \$6 to \$7 and old bucks sold from \$6 to \$6.50.

ESTERBROOK FOUNTAIN pens, \$2.30 — Eldorado Success.

CHICKEN BARBECUE SERVED TO GROUP OF RELATIVES

Honoring visiting relatives, Mr. and Mrs. John Conner of Kingsville and Mrs. Fulton Young of Galveston, Mr. and Mrs. Beechie Murchison entertained with a chicken barbecue at their home Saturday night. Present also with others from here were Mr. and Mrs. Tom Johnson; Mr. Johnson is a brother of Mrs. Conner and Mrs. Young.

Guests in the Sam McGinnes home this week are Mrs. McGinnes' parents, Mr. and Mrs. Sam Lowe of Menard.

Guests of the Walter Barclay family this weekend were Mrs. Barclay's sister, Mrs. Arlis McCarty and husband and son of Mason.

Here Saturday night and Sunday from Midland, guests in the Van

McCormick home, were Gardner McCormick and Elizabeth Brown. Gardner taught the men's class at the Methodist Church at the morning session at which the Methodist men were hosts to the Businessmen's Bible Class.

Mr. and Mrs. Will Doyle have returned from El Paso where they visited their daughter and her family a week.

John Phillips, Freshman at ACC, Abilene, spent the weekend at home with his parents, Mr. and Mrs. Paul Phillips.

Nick Jurecek left Saturday for New Mexico, where he will remain for awhile to haul hay. In his absence Mrs. Jurecek and the children visited in Melvin with her parents Mr. and Mrs. W. E. Manley and her sister, Mrs. Rita Phillips and daughter Golda.

WELCOME HOMECOMERS TO ELDORADO

What's the MOST SURPRISING THING about this BUICK?

2-door, 6-passenger Special Sedan.

WE'LL tell you the answer to that one — it's the figures on the price tag.

For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger.

Maybe it's because they think Buick has so much more power and room—which is true.

Maybe it is because so many distinguished people own Buicks—which is also a fact.

But the fact remains—if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression valve-in-head—as much power as you can get in cars costing \$300 to \$400 more.

You get as much room as you'll get in cars costing hundreds of dollars more.

You get a ride that cost an honest-to-goodness million dollars to develop.

You get the silken smoothness of Dynaflo Drive.*

You get big-car comfort, styling, durability.

Don't take our word for it. Come in and see for yourself why so many folks are stepping up to this great car this year.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.
