## Candidates Face Run-Off In Second Demo. Primary

Joe L. Mays, county judge of Tom Green county, and Clyde Vinson, San Angelo attorney, face a run-off for district judge of the 51st Judicial district this Saturday in the Second Democratic Primary.

This race is the one in which local interest has been shown, the only other race on the ballot being for Place No. 1, Associate Justice of the Supreme Court. Candidates in that race are Spurgeon Bell of Harris county and Frank P. Culver of Tarrant county. Martin Dies is unopposed candidate for Congressman-at-Large.

In the First Primary held July 26, Mays carried Tom Green county heavily, but later returns from the outlying counties of the district cut his lead to a plurality, necessitating the run-off with Vinson as second place candidate. W. S. Leslie was the eliminated candidate.

Absentee balloting was conducted until Tuesday, and the county clerk's office here reported this week that two ballots were cast.

### VOTING BOXES

There are nine voting boxes and one absentee voting box. These, together with the election judge for each, are:

- No. 1. Memorial building, Joe Edens, judge.
  - 1A. School house, W. N. Ramsay, election judge.
  2. Meyer, Arch Edmiston, election held at his ranch house.
  3. Adams school house, Otto Williams.
  4. Vermont, R. B. Anderson, at his ranch house.
  5. Tisdale, Merlin Rogers, at his ranch house.
  6. Alexander, Milton Faught, at his ranch house.
  7. Absentee box, Joe Muller Christian, election judge.
  8. Cliff, Forrest Runge, judge, with election held at his ranch house.
  9. Reynolds box, Buck Davis, judge, with election held at Reynolds school house.
- Polls open at 8:00 a.m.  
Polls close at 7:00 p.m.  
Election judges reminded voters that judges would again have the right to ask to see their poll tax receipts.

## 4-H CLUB SHEEP SHOW IS SET FOR THIS FRIDAY

The annual Schleicher county 4-H Club breeding sheep show will be held at the 4-H feeding barn Friday, August 22, 1952, at 4:00 p.m.

Total premium money will be \$100 divided as follows:  
Ram Lambs \$50—1st \$15, 2nd \$12.50, 3rd \$10, 4th \$7.50, 5th \$5.  
Ewe Lambs \$50—1st \$15, 2nd \$12.50, 3rd \$10, 4th \$7.50, 5th \$5.

The first four lambs in each class will compete in the district show to be held in Junction, Texas, Saturday, August 23, at 1:00 p.m.

4-H boys competing in the county and district shows are Ronnie Mittel, Ken Love, Mike Moore, and Dick Runge.

Clinton Langford, county agent of Sutton county, will place the ram and ewe lambs.

Counties competing in the district show are Schleicher, Menard, Kimble, Gillespie and Kerr.  
Judge for the district show will be Spud Tatum of Rocksprings.

## CROCKETT VOTES BONDS FOR ROAD WORK

Crockett County citizens Saturday voted 143 to 22 in favor of issuing \$200,000 in bonds for road work.

The funds from the bonds will provide for:

Buying rights-of-way and financing fencing on 17½ miles of paved road to be built by the State Highway Department two miles north of here on Highway 163 through the Vaughn Field and connecting with Farm-To-Market road 33.  
Seal coating for all paved streets in Ozona.

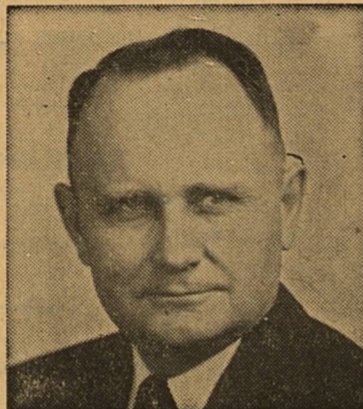

Building of a county road for 4½ miles to connect Todd Field to the new state road and constructing another road about the same length to connect Powell Field to paved roads.

The local American Legion post is having a watermelon supper to-night at 7:30 on the Court House lawn. All local veterans and their families are invited.

The Trentham family moved from the Lee Wells house to a Ray Jones rent house last week, and the Wellises moved from the T. C. Meador ranch back to their residence Saturday.

## Post Script

Will Isaacs is remodeling an old residence on his place on the Mertzson Highway, to provide living quarters for two families. The modern duplex will have two kitchens, two baths, and two living rooms, with cement porch at the front. Parent and Woodward are doing the carpenter work.

People continue to move: W. S. Grant, to Gus Graves house, W. D. Laird to Gus Love house, W. D. Gregory to Jess Walston house, Roy Teague to Crosby unit 4.

Distinguished guests from overseas visited Mr. and Mrs. Thad Thomson on their ranch here Thursday. The visitors—house guests of Publisher and Mrs. Houston Harte of San Angelo—were Lord and Lady Gifford of Sussex, England, and Australia.

They wanted to see a West Texas ranch, Lady Gifford having ranching interests in Australia.

While at Thomson's, Mrs. Gifford enjoyed her first ride on an American cow pony.

It looks like Eldorado's record water consumption month of July will be topped by August readings. All over town people have been watering heavily and some may pay the highest water bills they have ever had. Meters are read on the 20th.

We saw the city water man on his rounds Monday and he remarked that from the way the readings were running, he might have to turn in his report and leave town!

In July Eldorado used 17,117,000 gallons of water—a couple of million more than any previous month. It will be well over that this month.

New families in the Gus Love house (known as the old Holland place) are Mr. and Mrs. J. E. McKee and Mr. and Mrs. Tommy Freeman, formerly of Christoval. The men are working for Paul Haley.

Milton Baugh made a sale of cows: the deal included 20 two-year-old registered heifers at \$750 per head to Julian Ball of Cresson, who also bought seven aged cows at \$400 per head.

A concrete foundation has been run for one and stakes have been set for two more houses, that are to be built by Boyd Bradford, a building contractor from Menard. The first house is in block 21, just south of the Scout hall. It will be a two-bedroom house of 870 square feet and attached garage. The other two houses are staked off on a block farther to the southeast. Built to pass FHA inspection, the houses will be for sale, explained Mr. Bradford, who will have a crew of Menard carpenters on the job.

Returning from a ten-day vacation at Mineral Wells, Ft. Worth, and Killeen were Mr. and Mrs. L. E. McCalla.

## Bonds For Mertzson Road Will Call For No Tax Rate Increase

On Saturday, September 6th—a little over two weeks from now—the tax-paying voters of Schleicher County will go to the polls in a special election and vote on bonds for the proposed new Mertzson highway.

In order to get most of the facts before the voters, the publisher has recently talked with the Commissioners, the County Judge and Clerk, and gathered the following information which is submitted for your consideration.

The bond issue will be for a total of \$75,000.00. This compares with \$50,000 voted for the Menard road in 1945, and \$40,000 voted for the west highway in 1950. The explanation for the larger bond issue this year is higher costs of labor and materials. The court members also point out that it is better to vote too much than too little. If the job costs less than \$75,000, the remaining bonds will not be issued.

Some of the things the money will be used for are: Buying land for right-of-way 100 feet wide and 20 miles in length; 40 miles of fence, calling for about 7,000 posts, 21,000 stays, besides wire, gates and some extra-heavy corner posts; also it is estimated that 8 water wells will have to be dug, calling for 8 windmills and 8 tanks and 8 troughs.

Will it increase the tax rate?

Absolutely NO say the members of the Court. The county tax rate last year was \$1.25, and the proposed rate for 1952 will also be \$1.25, as shown by the minutes of the last regular court meeting.

At the regular term of the Commissioners Court on Monday, August 11, 1952, the county tax rate for the year of 1952 was set as follows:

General Fund	-----.42
Jury Fund	-----.01
Road and Bridge	-----.04
Permanent Improvement Fund	-----.07
Road & Bridge Special Fund	-----.15
Road Warrants, Machinery	-----.11
1945 Road Bond (Menard Road)	-----.01
Park Bond Fund	-----.02
Courthouse Improvement Bond	-----.04
1950 Road Bond (West Road)	-----.04
Farm to Market Road	-----.26
Fire Equipment Bond	-----.03
1952 Road Bond (Mertzson road)	-----.05
<b>Total</b>	<b>-----\$1.25</b>

Our readers will notice that the Mertzson road bond (if passed) is provided for by a 5c levy—the last item in the above list. The total was kept at \$1.25 by subtracting a penny here and penny there from some of the other funds. The reason they are able to make these subtractions and still have enough money in those other funds, is because of the increase in oil valuations.

The County Clerk's minutes for the month of June shows a list of oil valuations totaling 4½ MILLION DOLLARS—which list was approved by representatives of the various oil companies at that time. This brings the total (estimated) tax valuation of the county up to over 10 millions. That is the reason the Court will be able to handle the Mertzson road bonds at no additional raise in tax rates.

Another point brought out is this: It is now costing the county about \$2,000.00 a year to maintain the present rough caliche Mertzson road. When the state builds their new highway, we will be relieved of that maintenance expense.

Second: After the county spends \$75,000 as its part in providing the right-of-way, the State Highway Department will spend just about 5 TIMES THAT MUCH to actually build the new road—which should make it a pretty good bargain for this county.

Third: Work on the right-of-way will provide winter employment for a considerable number of people who will need work in this second year of drouth—besides giving us a paved highway to the last remaining county seat town neighboring on Schleicher.

It is urged that the property tax-paying voters study all the facts of the road proposition and be prepared to vote on Saturday, September 6th. A two-thirds majority is necessary to pass a bond issue.

Mertzson and Irion County have already provided funds for their part of the highway in a bond issue voted over a year ago.

## FIREMEN WIN AT POLO

Entering the events at the Hill Country firemen's semi-annual convention last week, the Eldorado volunteers won second place in water polo.

Firemen from here attending were Palmer West, Lester Early, B. L. Blakeway, Elmer Peters, Ray Hudgens, A. G. McCormick, and A. G. Clark.

Rev. Charles Bruce will leave about Wednesday of next week with Carl, who will enroll as a freshman at LSU, Mrs. A. J. Darden, Mrs. Bruce's mother, will accompany them and return to her home in Centerville, Miss., after a visit in California and Eldorado, Texas.

## SHRINERS MEET HERE

Eldorado was host to Plateau Shriners' Club with a barbecue supper on the courthouse lawn Thursday evening, a large crowd of Shriners and their ladies attending. Barbecue and salads and desserts were served. Afterward the men went to the lodge hall for their regular work, while the women played table games or went to the drive-in theatre. Fred Watson was in charge of arrangements.

Attending were representatives of a number of neighboring towns, in addition to Schleicher County which has a total of about 15 Shriners.

Jess Thompson is doing some carpenter work at Brookshire.

### Schleicher County Oil News

Standard Oil Company No. 3-4 Mrs. Lulalee Wilson, north offset to production yesterday became the eleventh producer in the Neva West field, with a flowing rate of over 1600 barrels daily.

A location northwest extension, the well is the tenth in the Neva West Strawn pool, Wesley W. West No. 3 Mrs. Christena Mittel being the discoverer and lone producer in the Neva West Canyon pool. It brings Standard's producers in the area to six, Wesley W. West having five.

Drilling is scheduled to begin in the near future on a new wildcat location in Schleicher County. Taylor Oil & Gas Company is moving in rotary on its No. 1 Mrs. Sadie J. Weddell, wildcat in northeast Schleicher. Tucker Drilling Company of San Angelo has the drilling contract. Location of the projected 6300-foot Ellenburger test is 467 feet from south and east lines of section 74, block M, EL&RR survey and 16½ miles north northeast of Eldorado.

Gray Wolfe No. 1 T. A. Thompson, south central Schleicher Co., venture, is drilling below 3,100 feet in shale. Location is in section 21, block A, HE&WT survey, about 2½ miles southeast of Eldorado.

Ralph Lowe No. 1 M. M. Reynolds, northwest Schleicher County wildcat, is preparing to drill deeper after a drillstem test between 5327 and 5335 feet. Tool was open 85 minutes. Recovery was 420 feet of mud and 90 feet of salt water with no shows of oil or gas. Open flowing bottom hole pressure was from 0 to 250 pounds and 15-minute shut-in pressure was 1600 pounds. The project topped the Strawn at 5324 feet on derrick floor elevation of 2376 feet. No. 1 Reynolds is located at the center of the southeast quarter of the southeast quarter of section 57, block 1, GH&SA survey.

The Pure Oil Company No. 1 R. S. Williams, northwest Schleicher County wildcat, 14 miles northwest of Eldorado, has plugged back to 7775 feet in the Ellenburger and is now waiting on cement to cure on the plug back. The tester made water in the lower Ellenburger section and will now test the upper zone through open hole. Top of the Ellenburger is at 4470 feet. Elevation is 2440 feet. Location is 660 feet from south and east lines of section 32, block TT, TCRR survey.

George W. Strake of Houston will drill No. 1-B J. F. Runge as a 7,000-foot wildcat in central north Schleicher County, 15 miles north of Eldorado. It is 660 feet from south and 1980 feet from east lines of section 67, block M, GH&SA survey.

Operations are to start at once. It is three-quarters of a mile north and slightly east of Strake No. 2 Runge, dry hole at total depth of 6400 feet.

Wesley W. West No. 7 Mrs. Christena Mittel and others is to be drilled as a one-location south offset to production in the Neva West field of central-north Schleicher County.

Location is 2,134 feet from south and 727 feet from east lines of section 77, block TT, TC survey. It will go to 7500 feet. Operations are to start in the near future.

Austral Oil Exploration Company No. 1 T. P. Russell, wildcat in northeast Schleicher County, has been plugged and abandoned on total depth of 5605 feet in the Ellenburger. That formation was topped at 5570 feet, elevation 2408 feet. Location was 660 feet from north and west lines of section 3, block H, GH&SA survey.

## RATTLER IN TRASH

Sam R. Garcia, who is hauling trash for the city, found a rattlesnake in an old trash barrel, at the rear of the Walter Warren's (C. A. Reynolds place) and near "Aunty" King's trash barrel in Glendale. The men killed the rattler, and Garcia brought it to town on his truck.

Born, Saturday, a son to Mr. and Mrs. G. E. Tipps, who also have a 16-months-old child.

Dr. Robert Macinot and his family spent a week on vacation at Buchanan.

School Superintendent T. E. Holcomb announces that the 1952-53 session of the Eldorado Public Schools will open Tuesday, Sept. 2, with general assembly at 9:00 a.m., followed by registration and enrollment. All parents and school patrons are urged to attend the assembly.

The faculty and tentative assignments were announced as follows:

### Opening Plans

High School students will assemble in rooms assigned on bulletin boards after the assembly on Tuesday morning where they will be issued textbooks. New students and students wishing to change their courses as registered last spring will do so after others have been issued books. This is to be cared for by the Principal. The elementary students will report to their home rooms in the elementary building as soon as the general assembly is over.

New students must present book cards from school last attended, also inoculation certificates of not more than five years old. Beginners will be enrolled after presenting birth certificates showing they will be six years of age before September 1, 1952, also they must have inoculation certificate for smallpox and diphtheria.

The lunch room will be opened Wednesday, September 3rd. Mrs. Lester Henderson, Mrs. Sam Gausemeier, and Mrs. Emma Bradshaw will operate the lunch room this year. Meals will be served at the same cost as last year as long as possible—elementary children (1st through 6th grades)—25c; High School (7th to 12th) and teachers—30c; these prices are good only if meals are paid for as many as 5 in advance. Single meals will be five cents higher. Meal tickets will be used and students are urged to pay for 20 meals (or a month) in advance. Any unused portion will be refunded upon a student's withdrawal from school or at the close of the school term.

Buses will operate on their regular schedule—but students may go home as soon as they have completed their necessary work if they have ways on Tuesday, September 2nd. Drivers and their assignments are:

- Route No. 1—Runge, Cliff, Mrs. John Hamm.  
Route No. 2—Rudd, Adams, Lof-ton, Mrs. R. H. Dameron.

Route No. 4—McKavett, R. H. Dameron.  
Route No. 5—Station A, Mrs. Lois Bingham.  
Route No. 6—Reynolds, J. W. Davis.  
Route No. 7—Mertzson Road, Mrs. Freeman Yardley.  
Route No. 8—Sonora Road, Mrs. Clifton Henderson.

Back in Eldorado, with their trailer parked at Halbert's, are Mr. and Mrs. H. L. Johnston, who moved here from Snyder. Mr. Johnston is employed with Morgan, on the Thomson Estate test.

**Senator Hardeman On State Amendments**

Once again Texans are called upon to pass upon proposals to change their basic law.

One of such proposes an amendment to the Constitution creating a State Medical Education Board and establishing a fund out of which "grants, loans and scholarships to students desiring to study medicine and agreeing to practice in the rural areas of this State" may be made.

We are all interested in providing adequate medical care and facilities, at reasonable expense, for the people of Texas. While the worthy motives of this proposal are appreciated, still, it is fraught with some aspects which suggest its undesirability.

For one thing, it adds another

board to the numerous boards, commissions and bureaus presently supported by the taxpayers, either by direct appropriations or from the proceeds of the sale of various and sundry licenses, permits or stickers for the privilege of simply engaging in legitimate business endeavors within the State to gain a livelihood.

The proposal would authorize "grants, loans, or scholarships" out of the general revenue fund to "students desiring to study medicine and agreeing to practice in the rural areas . . ." This would revoke and repeal, to that extent, a long standing constitutional provision which forbids appropriations of public funds for "private and individual purposes." (Art. 16, Sec. 6, Cont. of Texas.) Also, its adoption would contravene the provision forbidding the "giving or lending of the credit of a State in aid, or to

any person . . ." or the pledging of "the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual . . ." (Art. 3, Sec. 50, Const. of Texas.)

Sound governmental policy dictated these provisions at the time of their incorporation into our Constitution and the underlying reasons therefor, apparently, remain unchanged.

In addition, the proposal is discriminatory in that it is limited to a single class or group. The shortage of practitioners of the healing arts in our rural communities is an admitted fact. The question is whether the method proposed offers the solution to the problem. Frankly, I do not know the answer and will gladly await the decision of the people on the subject.

Nothing is binding, beyond the mere obligation of the person receiving such benefit to practice in a designated area, which obliga-

tion is legally unenforceable. It does not appear that a definite term for such practice in a particular area ever could be fixed and any effort to do so by law might amount to, more or less, "involuntary servitude" which the law of the land forbids.

Then there comes the question of determining whether there should be uniform requirements, such as the length of time each practitioner should be required to spend in the area; who should select the area and prescribe its territorial limits; the type of service and the extent of the care and facilities and equipment offered or to be provided; the charges that might be made; the duty hours that should be maintained, etc. Many factors, necessarily, would have to be considered in a determination of this matter, of which limited time and space preclude a full discussion. Suffice it to say that such a proposal dangerously approaches socialized medicine in designated areas, while excluding other areas therefrom.

These and other reasons might possibly be assigned for suggesting the rejection of this proposal at the polls.

Another of the proposals would authorize Workmen's Compensation Insurance for municipal employees, either by being provided by the municipality itself or by procuring such coverage from a private insurer.

The policy of this type insurance has long since been recognized in private industry. It has afforded the worker protection, as well as allowed industry the opportunity to limit its liability, thereby providing a practice of mutual security between employer and employee, in the event of injury or mishap to the individual covered.

The proposed amendment to the Constitution would extend this policy and the benefits thereof to public employees of cities, towns and villages, and, at the same time, authorize such municipalities to provide for or set up its own insurance risk for all such employees. Naturally, if this latter procedure is adopted, a new bureau or board for the administration thereof, will inevitably follow.

It would seem better, and in accord with our oft-expressed views of freedom of enterprise, that such insurance be obtained from private sources, in any event.

There is no sound reason for depriving this type public employees of such insurance protection. Workmen's Compensation Insurance is now authorized for State and County employees. (Art. III, Secs. 59, 60 Tex. Const.) The source of such insurance, necessarily, would be determined by the duly authorized and elected officials of the various municipalities.

Respectfully submitted,  
Dorsey B. Hardeman,  
State Senator—25th Dist.  
San Angelo, Texas.

**HOUSE JOINT RESOLUTION NUMBER 38**

providing an amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 50a, providing for the establishment of a State Medical Education Board and a State Medical Scholarship Fund from which grants, loans or scholarships may be made to students desiring to study medicine; providing that such students shall agree to practice in rural areas of this State; providing certain restrictions and limitations; providing for an election and the issuance of a proclamation therefor.

Be It Resolved By The Legislature of the State of Texas:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 50a which shall read as follows:

"Sec. 50a. The Legislature shall create a State Medical Education Board to be composed of not more than six (6) members whose qualifications, duties and terms of office shall be prescribed by law. The Legislature shall also establish a State Medical Education Fund and make adequate appropriations therefor to be used by the State Medical Education Board to provide grants, loans or scholarships to students desiring to study medicine and agreeing to practice in the rural areas of this State, upon such terms and conditions as shall be prescribed by law. The term 'rural areas' as used in this Section shall be defined by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1952, at which all ballots shall have printed thereon (or in counties using voting machines the machines shall provide for) the following:

"FOR the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

"AGAINST the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid for out of proper appropriation made by law.

**HOUSE JOINT RESOLUTION NUMBER 20**

proposing an Amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 61 to authorize cities, towns, and villages of this State to provide insurance for employees; providing for the submission of the proposed Amendment to the qualified electorate; and providing for proclamation and publication by the Governor.

Be It Resolved By the Legislature of the State of Texas:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new section thereto to be known as Section 61 to read as follows:

"Sec. 61. The Legislature shall have the power to enact laws to enable cities, towns, and villages of this State to provide Workmen's Compensation Insurance, including the right to provide their own insurance risk for all employees; and the Legislature shall provide suitable laws for the administration of such insurance in the said municipalities and for payment of the costs, charges, and premiums on policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at the General Election to be held on the first Tuesday after the first Monday in November, 1952, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages"; and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for Workmen's Compensation Insurance for employees of cities, towns and villages."

Each voter shall mark out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment; and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

**Vote For Clyde Vinson For Judge of 51st District Court**

Clyde Vinson CHALLENGED the present District Judge to run for re-election.

Clyde Vinson CHALLENGES the right of the present District Judge to choose his successor.

Clyde Vinson seeks no promotion, but the opportunity to use his 27 years' experience as trial lawyer to improve the administration of justice in the 51st District Court.

**SUCCESSFUL — EXPERIENCED DISTRICT COURT TRIAL LAWYER.** Clyde Vinson cites the following recent cases which he appealed from decisions of the district court against his clients and the COURT OF CIVIL APPEALS and the SUPREME COURT reversed the trial court and rendered judgments in favor of his clients: 248 SW 2d 520, decided April 16, 1952; 247 SW 2d 574, decided March 19, 1952; 239 SW 2d 379, decided April 25, 1951; and Harrison vs Tinney, decided June 25, 1952, not yet included in the Advance Reports, won by Vinson.

Clyde Vinson's opponent does not claim any district court trial experience. The qualifications for a county judge and district judge differ so profoundly that under our Constitution a county judge does not have to be a lawyer.

**WARNING ISSUED ON TOUCHING BLASTING CAPS**

The warning "Don't touch a blasting cap" was sounded today by Sheriff E. H. Sweatt in launching a county-wide safety campaign to protect children from blinding, maiming, and injuring accidents.

Blasting caps are shiny copper or aluminum tubes about as big around as a pencil and an inch and a half to five inches long. They pack deadly dangers, he warned.

Sensitive explosives in caps can explode at the slightest shock. The burst scatters sharp bits of metal that can put out the eyes or tear a hand or foot.

"When you find a cap that has gone astray or been stolen, tell me, one of my deputies, a policeman, or the nearest adult," urged Sheriff Sweatt.

"We're asking everyone, boys, girls, and grownups to help our community score a perfect safety record. We are distributing posters showing what caps look like, the dangers that threaten children who touch or, worse, play with one. Schools, playgrounds, and public libraries will do their parts if they post these on bulletin boards where boys and girls can see them. Let's never have even one child in our district hurt by a blasting cap."

The sheriff explained that he is pressing the safety drive at the request of the National Sheriffs' Association in cooperation with the Institute of Makers of Explosives. Caps, he pointed out, are needed to make dynamite useful in the important work of mining, excavating, building, construction, and farm land clearing.

"Users of caps on such jobs, the sheriff warned, should do their part by keeping them and other explosives under strong lock and key."

**DOYLE VISITORS**

Recent visitors in the home of Mr. and Mrs. Will Doyle were eight of their ten children, and three of the four sisters of Mrs. Doyle. Present were: Mrs. Ruby Damron, Mr. and Mrs. W. C. **TO GRADUATE FROM NTSC DENTON** — Claude Mike Henderson Jr. of Eldorado has made application for a degree from North Texas State College at the summer commencement exercises on August 22.

Five hundred and seventy-two bachelor's and master's degree candidates have made application, according to President J. C. Matthews.

Henderson, son of Mr. and Mrs. C. C. Henderson of Eldorado, has applied for the bachelor of science degree with a major in secondary education. He is a member of College Players, Varsity Club, Supper Theatre, Radio Club, and is a cheer leader.

Mrs. O. V. Doty spent last week in Kocksprings with her husband who is completing installation of the public scales there. He brought her home for the weekend and returned to Kocksprings for another week of work. The children stayed with Mr. and Mrs. Lee Wells during their mother's absence from home.

Mr. and Mrs. R. B. Griffith and baby of Penwell visited recently with the former's mother Mrs. C. F. Griffith.

Mrs. J. E. Jeffrey had as weekend guests her son W. E. Jeffrey, and Mrs. Jeffrey, of Dallas, and her grandson Jimmy Miller. Another visitor in the Jeffrey home was Airman First Class Ray Jeffrey of Langland Air Force Base, who was visiting here for the first time in four years.

The S. J. Blanyers, who live at Yoakum, were in Eldorado last week visiting friends. Mr. Blanyer is a Shell employee, now located in the Goelke Field area.

**First Baptist News**

We wish to express our thanks to all who helped in any way to make our revival the success that it was. To every one who supported with their presence and prayers. To the homes that were so graciously opened to us. To the wonderful love offering that was given.

We welcomed into our church during this revival Mrs. J. D. Hallmark, Clifford and Dan Hallmark, Mr. and Mrs. Albert Alexander, Mrs. Buster Calcote, Mr. and Mrs. Jess Blaylock and daughter, Mr. and Mrs. Jess Blaylock and daughter, Mr. and Mrs. Martin Estes, and Monte Hill. We trust that we will make for them a church home that they can find God's blessing in. To our many visitors in the meeting we say that you added to our services and were an inspiration to us. To Brother Pryor and the Fundamental Baptist church we say thank you for the seats you were so gracious to loan us. Thanks from the depths of our hearts to everyone.

Our Sunday school and training union were up good Sunday. But we had no more that we can and should have every Sunday. 214 in Sunday school and 104 in training union. A new record was set in youth fellowship Sunday evening. There were 58 present for youth fellowship. The orchids went Sunday to the young people's department with a grade of 71. With 16 on roll they had 13 present and 10 of them stayed for church. The onions went to the Intermediate department with a grade of 52. Let each department make an honest effort to reach their goal every Sunday for the glory of God.

We were happy to have Brother Albert Alexander to bring our message Wednesday evening at prayer hour. Brother Albert has surrendered to the ministry and has been licensed by the First Baptist church at Menard. I know you will remember him in your prayers and that those who were in attendance enjoyed his message.

The Sunday evening and Wednesday evening services will be held out on the lawn of the church until cooler weather arrives. After those wonderful evenings out under the stars we can't get our people back inside. If you have no church home come worship with us. You are always welcome to the friendly church with a spiritual program. Come see us any time.

A good group of the men of our brotherhood enjoyed our final meeting of this associational year. New officers were elected. Brother Doyle Morton, pastor of the First Methodist church brought a wonderful message. After the program ice cold watermelon was served to the men and their guest. Men, if you aren't getting in on the brotherhood work you are missing a great blessing. Every man of the church is eligible for membership in the brotherhood. We urge you to make these meetings.

Monday evening at 6:00 p.m. the barbecue supper will sound the gun for the big brotherhood jubilee of District Sixteen on the shores of beautiful Lake Brownwood. This meeting will continue all day Tuesday and close Tuesday evening. Fish fry will be on tap for Tuesday evening at 6:00 p.m. We trust that a good number of our men will be able to go for part or all of these services. The tent is still up on the camp grounds, but I doubt if rain will make it necessary to use it.

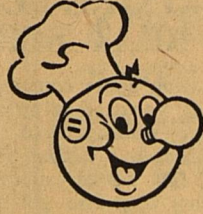

We will welcome and urge you to be a part Sunday of keeping our Sunday school over the 200 mark and our training union over the 100 mark. The things that happen after the revival let us know what kind of revival we had in our own hearts. The pastor will preach at the morning hour on the subject, "Converting That Counts." At the evening hour his subject will be, "The Holy Spirit and Prayer." We welcome all to be present for these services. Visitors are always welcome and members are always expected.

**WEST COAST IS STILL POPULAR WITH VACATIONING SCHLEICHERITES WHO MUST BEAT SCHOOL OPENING TIME**

Western vacation spots continue to be favored by vacation trippers from Schleicher County, and a number of families are taking advantage of the few weeks remaining before school opens to get in their vacation outings.

Vacationers Mr. and Mrs. Edwin Childers, and the three younger children, David, Pat, and Penny, stopped first at Monahans for a visit with the two older girls, Irene Sudduth and Gail Willy and their husbands. They then went on to Carlsbad, and through New Mexico to Clovis, where they visited Mrs. Childers' father, and from there completed the loop back home. Mr. Childers is employed on Cooper Lease.

During the three weeks they were on vacation Mrs. Tom Henderson and daughter Jackie and mother Mrs. H. R. Jack of Mineral Wells covered quite a lot of scenic territory and spent some time on the West Coast.

They saw Grand Canyon, Painted Desert, and went through Los Vegas on their way to San Francisco and Los Angeles. They also saw Yosemite and other tourist attractions, coming back to Texas through Phoenix. This was their first trip to California.

Santa Ana, California, is the destination of the W. H. Hale family, who will visit Mrs. Hale's mother and two brothers. Leaving this week end they expect to be away from home ten or twelve days, Mr. Hale having already used part of his vacation time earlier in the summer. As they make this trip once a year, they make as good time as they can, with the minimum of stops and sight-seeing.

The Godwins and their guests, including Mr. and Mrs. W. G. Godwin and Martha, and Mrs. Godwin's sister Mrs. Lucille Jones and the twins, Mary Lee and Jimmie Lou of Waco were away from home two weeks, returning from their vacation trip Saturday, and the Joneses going on to Waco Sunday.

They went to Carlsbad, Colorado Springs, Denver, Yellowstone park where they spent two nights, and Salt Lake. They camped out several nights, but found the weather too cold for that in the mountains. They report crowds everywhere they went—people in the vacation areas reporting that there are more people traveling there this year than ever. They had no car trouble of any kind and state that they enjoyed their trip.

**Personal News Items**

Billie Fae Ratliff of San Angelo is here visiting her aunt and uncle, Mr. and Mrs. W. G. McAlpine.

Mrs. Elton McGinnes and children accompanied Elton to his work for REA one day last week, and visited friends and relatives in Barnhart and the Roy Shilling family in Big Lake.

Mr. and Mrs. Freeman Yardley and daughters Mrs. Maxine Griffin and Mrs. Betty Marie and Mrs. Freda Hanusch, are leaving soon to visit J. D. Yardley, at Omaha, Neb., where he is employed with a gas company.

Mrs. W. J. Humphrey and children went to Brady today to bring Mrs. W. E. Humphrey to Eldorado for a visit.

Guests of the J. D. Meadors Thursday were Mr. and Mrs. H. Anderson of McCamey; Thursday night, D. Busk and daughters of Benevidas, who remained until Saturday; and Friday, an aunt and uncle, Mr. and Mrs. M. Dickens of San Antonio.

Rev. Charles Bruce and his family have returned from an 11 day vacation trip during which they covered 3800 miles in the north-western vacation country.

Their first major stop was at Old Lincoln, N. M., where they saw the scene of the famous Billy the Kid's activities, and the old jail and stores, then they went on to Old Socorro, said to be older than Boston, only completely walled town in the United States, location also of the College of Mines.

They went through Flagstaff to Grand Canyon, where Mrs. Bruce left the group to go alone to Los Angeles to visit her mother, Mrs. A. J. Darden of Centerville, Miss., who was in California visiting another daughter, the two women returning to Eldorado later.

The others stopped at Salt Lake City where they heard the organ concert in the Mormon Temple at noon, and saw the Painted Desert. They attended Presbyterian Church at Jackson, Wyoming, and thus permitted Buddy to hold his record of nearly ten years of perfect Sunday school attendance.

They spent three days at Yellowstone, stopped at Cody, and later at Denver, Colorado Springs, and other vacation spots, where they saw lots of snow. They covered nearly 600 miles the last day, to get back home.

One car of vacationers found the mountain sculpture of the four presidents in the Black Hills of the Dakotas a high point of the trip.

This sight-seeing group included Mrs. C. M. Reynolds and grandson C. F. Dacy, and Mr. and Mrs. Billy Jack Reynolds and son. They went through New Mexico into Colorado, where they visited relatives, Mr. and Mrs. Bernard Williams, then spent two days and nights in Yellowstone National Park, after which they crossed over into Montana to do some sightseeing in the hilly country.

Their route then took them into the Dakotas, where they were interested in seeing the Badlands, and especially the famous sculpturing of the four presidents, which they found more interesting even than Yellowstone.

They report rain nearly every day after they left the drouth country behind them, and also some snow and hail. They had no car trouble, and state that their only disappointment in the whole ten-day trip was the fact that they found no mud on their place when they returned home Monday night.

R. O. Manley and his family of Fort Worth have been visiting his sister Mrs. Nick Jurecek and her family. Other guests in the home were her sister Rita Phillips of Ballejo, California, and daughter, who have returned home.

Mrs. P. S. Dudley of Gainesville is here visiting her daughter Mrs. Edward Meador and children, while Edward is in New Mexico spending a few days with the Gene Koy.

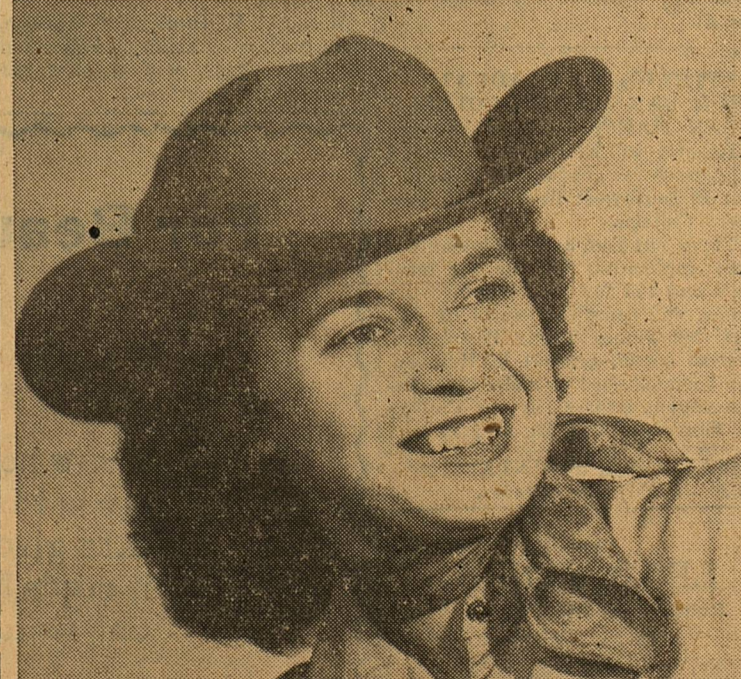

Mrs. R. A. King was informed recently that her nephew, Jimmy Martin of Abilene, was hospitalized in Abilene when he fell from the roof of a house. Mr. Martin works in the West Texas Utilities office in Abilene.

Reginal Lagow spent the week end in Eden with his aunt.

An aunt and her 15-year-old son were here last week end visiting Coach and Mrs. Miers Johnson. All were in Via Acuna during their visit with the Johnsons.

Mrs. A. B. White has had as guests her sister Mrs. R. W. Bennett of Kennedy and a niece Peggy Jo Teague of San Angelo.

Two Eldorado youths may be home in a few weeks after serving in the Korean war area. Olge Halbert, who was in Korea since January 6, had gone to Japan recently and after processing there hoped to be shipped back to the States soon afterward. William Spurgers also writes that he was leaving Korea about the same time. Both youths expect to be home some time between the first and 10th of September. They are with the 40th Division. Olge has been in the Hq department, and William in Artillery.

Mrs. Jimmie Cook and daughter, and her brother Arnold Jean Clark, who has been visiting her, returned this week from San Diego, as Jimmie is shipping out. They were met in Del Rio by the A. G. Clarks, their parents.

The Clarks have received word that Earl Dean, who is stationed in England, had his hand injured and placed in a cast recently. He is in the Air Corps.

Ralph Menees of the U. S. Navy, son of W. A. Menees, who has been stationed at Dallas, has been visiting his father and family in Eldorado, and will remain here until the 27th; he reports to Norfolk, Virginia on the 30th. With his is his fiancée, Myra Anders, of Quitman.

Ray Long, with the Air Force, left Wednesday morning for his camp in Washington, after spending two weeks with his parents, Mr. and Mrs. George Long. He has served two of his four-years' enlistment period.

Vicki Lou Carroll of Ozona is spending the week with Shirley Carroll.

### Jane Craig Marries In Church Ceremony

St. John's Episcopal church in Sonora was the setting Monday night at 8:30 for the wedding of Jane Craig, of Eldorado, to Winfield Scott Walters, son of Mrs. Lucille Walters of Sonora.

The Rev. John Winslow, rector of the church, officiated at the single-ring ceremony before the altar decorated with asters and carnations. Floor baskets with white gladioli were also used, and two seven-branched candelabra were placed in the sanctuary and were repeated in the chancel.

Family pews were indicated by white satin streamers.

Candles were lighted by John Winslow, Jr., while Mrs. W. T. Hardy of Sonora, organist, played the traditional wedding music.

Milton Jackson of San Angelo was best man and DeWitt Greer of Ozona was usher. Miss June Craig, twin sister of the bride, was maid of honor, and Mrs. Eugene St. Clair was a bridesmaid.

The attendants wore identical ballerina length dresses of white embroidered organza over taffeta and crinoline petticoats. Their shoes and sashes were aqua. Tiny starched lace hats completed their ensemble, and they carried white lace fans trimmed with white daisies.

Given in marriage by Gratton C. Crosby, the bride wore a gown of imported white embroidered organza which was fashioned with a moulded bodice over which she wore a tiny Spencer jacket with a high standing collar. The full bouffant skirt was ballerina length worn over crinoline. Her finger tip veil of imported illusion was caught to a half hat of flowers and rhinestones. She carried a white lace fan trimmed with white carnations with a shower of ribbon and stephanotis.

The bride's only jewelry was a single strand of pearls belonging to the late Mrs. Cordelia Lindsay Crosby. These were also worn by Mrs. St. Clair at her wedding.

Following the ceremony a reception was held in the parish house. White flowers centered the refreshment table with the wedding cake at one end and the punch bowl at the other.

Mrs. Howard Mittel served cake and Miss Louise Baird served punch. Mrs. John Barrows of San Angelo registered the guests.

The couple left for San Diego, California, where the bridegroom is serving in the Naval Air Force. For traveling the bride wore a black faille original suit, trimmed in velvet with black velvet accessories. Her corsage was white carnations.

The bride was born and reared in Eldorado. A graduate of Eldorado High School she attended San Angelo college before being employed at the Standard-Times.

Mr. Walters entered the Navy upon graduating from Sonora High school.

**Bride Elect Honored**

Honoring Miss Jane Craig, bride-elect of Winfield Scott Walters, the Eldorado Guild of St. John's Episcopal Church entertained at a tea in the Memorial Building Saturday afternoon, members of the Guild and the immediate family attending.

The serving table was laid with a lace cloth and Waterford crystal, white glads with silver candlesticks and aquamarine tapers providing the centerpiece. A gift from the Guild was presented to the bride.

Pre-nuptial parties for the bride included a card party and lingerie shower given by Mrs. Frank Clarke and a garden party given by Mrs. Cash Taylor in Sonora Thursday night of last week.

Guests in the home of Mr. and Mrs. F. B. Calcutt during the past week were their daughter Doris and family, Mr. and Mrs. S. D. Stevens and the twins, who returned to Portales Wednesday. They will move to Tatum when they find living accommodations there. The Calcutts are leaving in a day or two by car for Pennsylvania to visit their older daughter Melba and family, Mr. and Mrs. J. H. Minary and children, who live at Emporium, Penn. They will be away from home about a month.

The Alvin Atkinsons were in San Angelo Saturday to enroll Charlene at SAC, where she will room with Ruthie Dee Harris. Among others of last year's class planning to attend there is Margaret Ellen Edmiston.

Mr. and Mrs. Buster Calcutt and Mr. and Mrs. Thad Dildine of Eldorado joined others from San Angelo Sunday for a goat barbecue at Boys Ranch at Tankersley for which Lawrence Steen of Eldorado furnished the meat. Visitors from Angelo included Mr. and Mrs. Lowell Ellis, Miss Leta Henderson, David Hill and others.

In Eldorado over the week end was Miss Frances Barton, home economics teacher, who has been spending the summer in Littlefield with her mother, who had an operation recently. She was here to make arrangements for living quarters for this year. She was on her way home after spending a week at San Antonio attending the home ec teachers' convention.

### DOZENS OF PHONE CALLS DAILY, FOR HELP ON DYING SHRUBS AND TREES CAUSE AGENT TO ISSUE SOME ADVICE

Residents of Eldorado and farmers and ranchers over the dry county have been ringing County Agent Godwin's phone steadily to get help on saving their trees and shrubs.

To get information out to the most people in the least time he has prepared this article which he names:

**Weather and Shade Tree Troubles**

Shade trees and hedges in Schleicher county are in poor condition as a result of two fairly cold winters out of the last four years and two years of unprecedented drought.

Aside from the general undesirability of this situation there is immediate concern about the increased susceptibility of depressed shade trees and hedges to weakening parasitic fungi and other pests which do not commonly attack trees and hedge plants in vigorous health. For example, my attention has been called to a layer of fungus growth beneath the bark, and in some instances extended into the wood itself causing the bark to loosen and slough off. The cambium, which is the vital growing zone in a tree trunk, was killed when the kill zone girdled the trunk at any given level, and it was almost inevitable that parts of the tree above the level died.

The fungus that causes this trouble is identified as hypoxylon. Hypoxylons generally have very little real parasitic ability, but are notorious as attackers of trees and shrubs suffering the stress of severe drought. This situation is typical of some of the tree trouble in the county at present.

We tend to notice these troubles only after they have inflicted considerable injury on the tree. The best way to control them, however, is by action beforehand to keep the tree so thrifty that it will resist the attacks of weak parasites.

The following suggestions are offered as a program which will be beneficial in practically all situations.

W. G. Godwin, Co. Agent

1. Remove dead limbs, cutting back to live wood. Make the finishing cuts smooth and paint the cut surfaces with asphalt paint thinned to light brushing consistency with kerosene. This disinfects the wood, seals it against invasion of wood-rotting fungi and promotes healing.
  2. Inspect the trunk and principal limbs for evidence of any abnormality, such as sloughing bark, conks of bracket fungi, burls or pockets of wood rot. If rots are present chisel out the rotted zones down to healthy wood and treat with asphalt paint thinned with kerosene.
  3. Feed and water the tree by some method appropriate to the situation.
- Build a circular dike of soil around the tree sufficient to hold water four inches deep in the basin enclosed. The diameter of the basin should equal that of the shade canopy of the tree. For very small trees or shrubs a diameter of six feet is suggested.
6. Spread a commercial fertilizer over the soil within the dike. Use one pound of 5-10-5 or 8-8-8 per 20 square feet of soil surface.
- Fill the basin with water to a depth of four inches and allow to soak in. During the rest of the drought repeat every week to ten days.
- Repeat the fertilizer application every 30 days during the growing season, with holding fertilizer as the tree starts into dormancy.

A word is in order about lawn grasses in relation to shade trees and hedges. A thick turf of grass such as St. Augustine or Bermuda is beneficial to the mat of tree feeding roots in the top-soil, because the cooling effect of the turf tends to protect tree roots from excessive heat in summer. On the other hand such grasses are powerful competitors for plant food in the topsoil. Good turf around the base of a tree is a desirable thing provided that fertilizer is applied allowing for needs of both tree and grass.

In some instances trees have become victims of cotton root rot fungus. The above instructions can not help in this case. A tree dying from attacks by the cotton root fungus can sometimes be saved by following the instructions in section 3 above, substituting ammonium sulfate at one pound per 10 square feet instead of the commercial fertilizer suggested.

**EXECUTIVE BOARD MEETS**

The Parents-Teachers' executive board met Monday, and elected Ethel Etheredge as secretary, to take the place of Secretary Mrs. Jack Hext, who was elevated to the presidency upon the resignation of Mrs. Marvin McAngus.

The group also went over the local unit's program package, and made plans to attend the Home and Family Life district meeting at the St. Angelus Hotel in San Angelo next Tuesday and Wednesday. Attending this meeting will be Mrs. Hext, Mrs. Nancy Thompson Jr., local chairman of the Home and Family Life Committee, Mrs. Edwin Jackson, district president, and presiding officer Tuesday morning, and others.

**HOUSE GUEST HONORED**

Kay Humphrey honored her house guest, Rose Ann Reynolds of Brady with a coke party Friday afternoon. Guests were Terry and Mickey Phelps, Paula J. Mace, Patricia Enochs, Carol Tisdale, Prissy Linthicum, Mary and Martha Hmphrey. The honored guest was presented with a gift. Terry Phelps who was observing her eleventh birthday was also presented a gift.

**BAND PRACTICE STARTS**

Summer band practice is off to a good start under direction of Band Instructor Charles Ludwig. Practice starts each morning at 8:00, with flutes, woodwinds, and brasses practicing separately, then together. The Ludwigs live in one of the Crosby units.

Visiting Tuesday and Tuesday night in the E. H. Toppliff home were Mr. and Mrs. A. H. Smith and Mr. and Mrs. Frank Bass of Baytown.

Mr. and Mrs. J. H. Wagley attended the Old Settlers Reunion at Callahan.

Arriving here soon for a visit in the Mrs. Mary A. Johnston and Mrs. Bertha Wilson homes will be Mrs. Pauline Norton of Phoenix, Mrs. Maggie Peppers and son and family of Roswell, and Mr. and Mrs. Walter Chesser of Roswell. They will be here for the week end.

Mr. and Mrs. Truett Stanford have been spending the past week at Rogers, Arkansas.

Mrs. D. C. Royster and Elaine Whitten, daughter of the Chan Whittens, have returned from Aztec, New Mexico, where they visited Donald Royster and his family. They arrived in Eldorado Tuesday.

Mr. and Mrs. Jack Moore, who have been renting the Jimmie West residence in Eldorado, moved Wednesday to San Angelo, where Jack is employed by Lane Brothers.

### LET'S TALK LIVESTOCK BY TED GOULDY

Ft. Worth. Nearly 11,000 cattle and calves arrived at Fort Worth Monday, the largest number since June, 1947. Everyone held his breath to see whether the run would ruin the good gains made last week—but a surprising strong undertone prevailed and prices ranged from steady to 50 cents off most of the way. A few spots \$1 lower were noted on excessively full and on plain and medium kinds on the late rounds.

Hogs gained 25 cents, topping at \$22.50. Sows were steady.

Most sheep and lambs moved along steady on the slaughter kinds, but steady to 50 cents lower on stockers. Lightweight stocker lambs were the kinds encountering trouble. The sheep run was 10,000 head, unusual because it came so late in the season.

Comparative prices:

Good and choice slaughter steers and yearlings cashed at \$26 to \$32, and plain and medium butcher sorts sold at \$16 to \$25, with culls from \$13 to \$16. Stocker and feeder steers and yearlings of medium to good grades sold at \$18 to \$26, and choice lightweight steer yearlings sold to \$26 and \$27. Commoner stockers \$15 to \$18.

Fat cows cashed at \$16 to \$19, while canners and cutters sold from \$10 to \$16.50. Bulls sold from \$15 to \$23. Stocker cows cleared at \$14 to \$22, and stocker heifers sold at \$25 downward. Good and choice stocker calves \$25 to \$29, while common and medium quality sold at \$16 to \$25.

Good and choice fat calves sold at \$25 to \$28.50, while common and medium at \$16.50 to \$25. Culls sold from \$13 to \$16.

Good and choice fat spring lambs sold for \$24 to \$29, and medium to good kinds drew \$20 to \$24. Stocker and feeder lambs sold from \$10 to \$18. Stocker and feeder yearlings cashed at \$10 to \$15, and fat yearlings sold at \$17 downward. Aged wethers sold from \$8 to \$10. Two-year-old wethers cashed at \$14 downward. Slaughter ewes sold at \$6 to \$8.50. Old bucks sold around \$6 to \$6.50.

### Health Talks

#### THE HEAT

"It must be the heat," is a common excuse these days for a run-down, no-good feeling. "The heat saps my strength," "All the starch has been taken out of me"—any number of sad tunes in the same key are offered as an excuse to get out of a tennis game or a dinner date.

These fagged-out persons probably wish they had more git-up-and-go, but they just don't know how to come by it. Since causes for summertime tiredness may be many, each of its victims should look into his daily routine.

First of all, does he get enough sound sleep? The usual six or eight hours is not enough if it is broken by having to swat mosquitoes, get up and quiet a baby suffering with prickly heat or colic, or yell at the neighbors holding a watermelon party in their back yard. Of course, the obvious thing to do is to get rid of the cause of sleeplessness if possible.

Next, the worn-out fellow might think about the exercise he is getting. Is it enough or too much? Too little exercise can lead to sheep counting. On the other hand, it takes only common sense to know that eighteen holes of golf in the mid-day sun is not good for comfort, much less for sleep. Swimming and sunning between 11 a. m. and 3 p. m., can burn the additional danger of sunburn, itself a sleep killer at times.

Diet is important. Because of less physical activity during the heat and because of the heat itself, the appetite may be expected to fall off. This is little excuse, however, for making snacks a regular routine or for "living out of cans." Even though less food may be needed, the right balance of fats, carbohydrates, and proteins is just as important as in cooler weather.

The amount of salt which a person should have during hot weather worries some unduly. In general, unless one does hard physical labor at extremely high temperatures in dry surroundings, he will not need any more salt than usual. If an extra amount is needed, however, there are any number of methods for getting it; salt can be used more freely in cooking or can be added to tomato juice, soup, broth, or even beer. Salty foods such as crackers and sardines might be added to the diet. Still other ways are to take salt tablets by mouth (which occasionally may cause nausea and vomiting) or to dissolve a small amount of table salt in the drinking water.

A common question is what the temperature of drinking water should be. That is a matter of personal preference, as there is little evidence that cool water itself is harmful. Regardless of its temperature, large amounts of water, as well as other liquids, are called for when the mercury soars. In moderation carbonated drinks and beverages such as iced tea and coffee are helpful.

Constipation, which may occur more often during summer, should be treated with an oil or vegetable laxative rather than a stronger medicine such as epsom salts.

Above all, if the weatherman predicts a severe heat wave, sickness such as heat exhaustion, sun stroke, and heat cramps must be prevented by avoiding exercise, especially hard exercise, in the noon-day heat, by making working and living quarters as cool as possible; by taking sufficient liquids by mouth; and, if necessary, by increasing the amount of salt in the diet.

Guests in the home of Mr. and Mrs. Jess Thompson last week end were their daughter and family, Mr. and Mrs. Harvey Speir and daughter Deborah of Pasadena, Texas.

Mr. and Mrs. Marshall Bailey and son of Midland visited Mrs. A. K. Bailey and Mrs. Mattie Cozzens last weekend.

Mrs. Ammer Carter has returned home after a week's visit with relatives at Lampasas.

The J. B. Montgomery's have had as guests their son Joe Bailey and his family of San Antonio, who were here for a day and who brot home their guests Mrs. D. M. Humphrey and baby Ann, who are in Texas while Mr. Humphrey is in camp McCoy, Wisconsin for brief period of training.

The Allen Kuykendalls have returned from Colorado City, where they transacted business and visited Mrs. Kuykendall's father.

The Jerome Mitchell family have had as a guest Mrs. J. V. Logan, of Houston, whose son was recently killed in a car accident in Oklahoma

Mr. and Mrs. George Spence stopped to visit Mr. and Mrs. Milton Baugh on the ranch recently on their way back to College Station, after a trip to Marfa.

The enlarged and renovated Page cottage at Bloys camp grounds was occupied by the entire Page family, who have returned home after a week at the camp meetings. Mrs. Lucille Kinmerly and children of Dallas, Mr. and Mrs. Bert Page, and Mr. and Mrs. James Page went Monday, Wilson and Paul and their families on Tuesday, and R. J. and his wife on Thursday. They report a fine meeting and good attendance in spite of the fact that campers were fewer than usual. There were 2300 in attendance on Sunday.

Mr. and Mrs. Lewis Runge of Galveston are here for a week's visit with the former's brother Forrest Runge and his family.

Miss Jeanette Sikes of Talpa, McComme home ec teacher, arrives here Friday to visit Jane Mund and other friends.

Jorgi Lagow has gone to Wichita Falls to spend two weeks with her grandmother.

Mr. and Mrs. Carroll Conway were out of town recently visiting relatives in Oklahoma and Slaton.

Mr. and Mrs. Kenneth Love and children arrived here from El Paso recently to visit relatives in Schleicher County, then left Wednesday for Utopia, to visit Mr. Love's parents.

## Traffic Lines are LIFE LINES!

Throw a line to a drowning person and with all his remaining strength he reaches for it—to save his life. Throw one or two solid lines down the length of a highway, and too many drivers ignore it in their hapless hurry to get somewhere fast.

But those, too, are life lines. Road markings at danger points are put there to save lives. Passing on the wrong side of the road, violating right-of-way, cutting in, passing on curves or on the right, failing to signal a turn or intention to pass and other reckless acts are utter disregard for life. Traffic gamblers guilty of these violations cost the lives of 11,000 persons and injured more than half a million others in 1950—and the toll increased last year.

Have you ever been guilty of crossing a traffic line when it wasn't necessary? Have you taken the right-of-way when it wasn't yours to take? How often have you seen a squeeze coming and breathed a sigh of relief when Lady Luck gave you one more chance?

The life line in the palm of your hand doesn't contemplate violent death on the highway. Your future may be written—or written off—in the way you drive. You—and only you—can make your driving life line longer.

Drive As Though Your Life Depends On It - - IT DOES!

**News From Our Neighbors**

**Dr. Hawkins Moves**  
 GEORGETOWN — Dr. R. M. Hawkins has been appointed visiting professor in the department of education for 1952-53 at Southwestern university, according to information released by Dr. W. C. Finch, president of the university. He recently resigned his position as president of Sul Ross college at Alpine where he has been since 1945.

In addition to teaching courses in the regular long term, Dr. Hawkins will offer a course at the college for "in-service" teachers throughout the county. —Alpine Avalanche.

**Menard School To Open**

The Menard Public schools will officially open for the 1952-53 school year on September 2, according to action taken by school board members at their regular monthly meeting Tuesday night.

Other business included hiring three teachers and accepting the resignations of four others. Employed for the 1952-53 academic year were Mrs. D. Noguess, Mrs. Floyd Kinser and George McLemore. All are from Menard. (Their qualifications, also list of teachers resigning, follows). —Menard News.

**Sanderson To Open**

The opening date of the new school term for the pupils of Terrell County has been set for Tuesday, September 2, according to Supt. Matt F. Bader. Teachers will have a general faculty meeting on September 1 to make plans for the year's work. (Registration schedule, etc., follows). —Sanderson Times.

**McCamey School News**

"School Days, School Days . . ." And the first day of school for the 1952-53 school year is September 2, the day after Labor Day, announced Supt. H. S. Fitzgerald.

A faculty meeting will begin at 9:20 a.m. Monday, September 1, in the high school auditorium. Then classes begin at 8:45 Tuesday morning, September 2, and dismiss at 3:45.

The end of the first six-weeks comes on October 10, and mid-term on January 16. Easter holidays begin April 6.

A tentative school calendar will be announced next week.

All but three of the necessary teachers have been hired for the school year. Some fifty teachers are now on the faculty roster. Lacking are a high school girls' P. E. teacher, a fifth grade and a sixth grade teacher.

Enrollment details will be announced next week.

Below is the faculty roster as released Thursday by Supt. Fitzgerald. —McCamey News.

**New Theatre Opens**

Shooting Star, Big Lake's newest drive-in theatre, which is owned and managed by Noble Holt, observed its grand opening last night. Feature picture for the occasion was "Oklahoma Annie" starring Judy Canova.

This new drive-in is said to be comparable to any in large cities, boasting a projection screen which will carry a picture image 60-feet square. The projection room is in a building which also houses the concession stand. It has a glassed-in patio where patrons may view the picture while eating. —Big Lake Wildcat.

**Fort Stockton Elects**

Nine new faculty members have been signed for the 1952-53 school term replacing teachers who have resigned for various reasons. Announcement has been previously made in several of the selections, including Head Coach Bill Ford, formerly at Eden, and Assistant Coach Kenneth Watson, graduate of Hardin-Simmons University in 1952. Mrs. Watson also will be a faculty member.

Also on the list of new faculty members is Homer Smith, who has taught here for several years, and resigned last December to work for an oil company at Baytown. He will return as a member of the Comanche Elementary faculty. (List of others, with qualifications, follows). —Fort Stockton Pioneer.

**Two-Way Radio**

Two-way radio communication service for the Kimble Electric Cooperative, Inc., will go into effect this week following last minute details in the installing of the \$7,000 system, Chester Kirk, manager, said Wednesday.

**NOTICE OF ELECTION**  
 THE STATE OF TEXAS  
 COUNTY OF SCHLEICHER

To the Resident Qualified Property Taxpaying Voters of Schleicher County, Texas:

TAKE NOTICE that an election will be held on the 6th day of September, 1952, in said County, in obedience to an order duly entered by the Commissioners Court on the 4th day of August, 1952, which is as follows:

"On this the 4th day of August, 1952, the Commissioners Court of Schleicher County, Texas, convened in regular session at a Special Term thereof in the Courthouse at Eldorado, Texas, with the following members of the Court, to-wit:

- E. W. Craig, County Judge,
- A. J. Halbert, Commissioner Precinct No. 1,
- L. G. Edmiston, Commissioner Precinct No. 2,
- Carol White, Commissioner Precinct No. 3,
- H. A. Belk, Commissioner Precinct No. 4,
- Ida C. Neill, Deputy, County Clerk,

being present, came on to be con-

sidered the petition of Edgar F. Sauer and 72 other persons, praying that an election be ordered to determine whether or not bonds of said County shall be issued in the sum of Seventy-five Thousand (\$75,000.00) Dollars, bearing interest at a rate not to exceed two and one-half (2½%) per cent per annum, and maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed twelve (12) years from date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County; and whether or not an ad valorem tax shall be levied upon all the taxable property in Schleicher County for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity;

And it appearing to the Court that said petition is signed by more than fifty of the resident property taxpaying voters of said Schleicher County, Texas, who own taxable property within said County and who have duly rendered the same for taxation;

And it further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Schleicher County;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said County on the 6th day of September, 1952, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said County shall be issued in the amount of Seventy-five Thousand (\$75,000.00) Dollars, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, bearing interest at a rate not to exceed two and one-half (2½%) per cent per annum, maturing at such times as may be fixed by the Commissioners Court, serially or otherwise, not to exceed twelve (12) years from date thereof; and whether or not an ad valorem tax shall be levied upon all the taxable property in Schleicher County for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Chapter 3, Title 22, Revised Statutes, 1925, and only legally qualified voters of this State and of this County, who own taxable property within said County and who have duly rendered the same for taxation, shall be allowed to vote.

The ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT  
 FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF.

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

The polling places and presiding officers for said election shall be respectively as follows:

- Prec. No.—Voting Place—Prs. Of.
- 1 Memorial Bldg., Eldorado, Texas, Joe B. Edens.

**Get a Real Truck—a GMC with:**

- Full-pressure lubrication** to all main bearings—force-fed even to the piston pins!
- Airplane-type main & rod bearings** for extra durability and extra service under heavy pressures and high speeds!
- Deep, rigid frame construction**—just like the big GMC's—backboning the rugged, truck-built chassis!
- Recirculating ball-bearing steering mechanism** for "passenger car" ease in handling!
- "Shockproof," four-point cab mounting**—same as heavy-duty GMC's—for longer truck life and greater driver protection!
- Long, pillow-action springs** that smooth the going—cushion the load!
- Luxury-type seat cushions**—deep coil springs like the big GMC road-liners—that mean extra driver comfort and efficiency!
