NUMBER 41

## Rain Drenches Eldorado and East Half of Schleicher Co.

Starting about 5:00 o'clock Monday morning rains began falling in Eldorado and by mid-afternoon had measured from 5 to 7 inches in town, and still greater amounts east of town.

Just a few miles east of town, P. S. Dudley reported 7 inches and Gene McCalla, 8.70. Thomson T. Circle reported 6.40 and apparently the heavy rainfall was general throughout that area. Josh Ewing, about 12 miles northeast of Eldorado, hit the jack-pot with 9.60 inches, just about an inch an hour for the day.

Roads from here to Menard were under water and impassable at a number of points.

Any given amount of rain is always welcomed by ranchers while with cotton farmers it is a mixed blessing at this time of the year.

In the cotton farming area west of town, the rain was light. Elizabeth Powell had only one-tenth; Milton Baugh two-tenths, and Ray Bruton 6-tenths.

Henry Moore had .75. The sun was shining again by Tuesday noon and Ray Bruton was sending his hands back to the fields to pick and no doubt his neighbors were doing the same thing.

The Mikeska gin was idle on Monday and Tuesday and had a total of 833 at noon Tuesday. This included 6 bales ginned Tuesday which had been brought to the gin lot on Sunday.

### Cash To Be Honored At November 10 Game

The Eldorado Lions club and the Schleicher County Chamber of Commerce are planning to honor Norman Cash on November 10th, when Ozona comes here to play the Eagles in the final scheduled game of this season.

The two organizations plan for Cash to be introduced during half-time of the game, when he will be presented with a gift.

November 10 is also Dad's Night for the Eagles. That is the final scheduled home game for the Eagles after tomorrow night's tilt with Junction.

Mr. Cash is to play in an all-star game this Friday night in Houston.

### Norman Cash Of Detroit Tigers Visiting Here

VISITING here with her parents, Mr. and Mrs. S. D. Harper, are Mr. and Mrs. Norman Cash. Mr. Cash is with the Detroit Tigers and his baseball career has been followed with interest this year by sports fans when the Tigers had the lead for quite a while in the American League.

Tuesday evening, Mr. and Mrs. Paul Page were hosts at a reception at their home in Sunset Acres honoring the Cashes.

The Methodist church here in Eldorado was the scene in January, 1954, of the marriage of Myrta Bob Harper and Norman Cash. The

### Scout Meeting Re-Set

The reorganizational meeting of the Boy Scout troop, which was to have been held last Monday night, was postponed on account of the high water. It will be held this coming Monday night, Oct. 16, at the Scout hall and J. B. Morris of the San Angelo office will be on hand to help leaders plan the program for the new year.

Jack Mills is new Scoutmaster and Jack Mund will serve as assistant.

All boys of Scouting age, 11 through 13, are urged to be on hand Monday night at the reorganizational meeting.

### Eldorado Eaglets Take Two From Junction

Eldorado Jr. High beat Junction 16-0 and 34-6 last Thursday. Pat Childers and Walter Bosman paced the Eaglet team with a touchdown each.

Charles Nixon passed 41 yards to Dickie LaBaron for a TD and 2 yards to Sam Henderson for an extra point. Henderson scored on a 75 yard dash around left end. Nixon scored on a 6 yard plunge over center. Ronnie Griffin scored on runs of 26 and 19 yards and also scored an extra point.

Junction scored with only one minute left in the game as Randle scored on a one-ft. dive over center.

Eldorado goes to Menard this Thursday (tonight) for a game against the Yellowjackets. Game time is 7:00.

### Scout Drive Under Way

Under direction of J. H. Mace, a combined fund drive for the Concho Valley Council of the Boy Scouts, and the Girl Scout organization, is under way in Schleicher county.

Lions club members are soliciting local people this week and it is hoped that the drive can be completed in a week or two.

Unless otherwise specified, contributions will be split half for the Boy Scouts and half for the Girl Scouts; however, a donor may specify all for one organization, or divide otherwise.

### Post Script

With our subscribers: A. R. Parker is now at 4415 Harlowe, Midland, Texas. Jim Steward is a new subscriber at 825 E. North 18th, Abilene.

Mrs. I. V. Huichuman of 325 Millett Drive, Dallas 32, is now subscribing to the Success. Mrs. Huichuman is the former Patsy Holden.

Charles McLaughlin Jr. has a new address in San Marcos: 606 Barbara Drive.

Ronnie Mittel is a new subscriber. His address is 2134 East Hildebrand, San Antonio.

Friends here have learned that Herrin Ramsey has returned to his home in San Angelo after spending a period in the Veterans' hospital at Big Spring.

Dr. Bob Suhler was at his new office here yesterday directing the installation of his new dental equipment. He gave Monday, Nov. 23 as the date when he might possibly be ready to open for business. There was still more equipment on the way which hasn't arrived yet.

With the opening soon of Dr. Suhler's offices here, Eldorado will have its first local dentist in many years.

Dr. Nettie Isaacs still lives here in Eldorado but has been retired from active practice for some time.

Older residents recall that a Dr. Moore practiced here back before World War II, for a while in the Wiedemann clinic building where the A.S.C. office now is. Still farther back, in earlier days, a Dr. Chatman was here for a while.

And in the Success files of 35 years ago, a Dr. Looks was advertising his dental practice in Eldorado on designated days.

Mrs. L. T. Wilson reports a total of 8.10 inches at her home 2½ miles southeast of Eldorado during Monday's downpour.

This week an unsigned letter was received by the Success. It dealt vaguely with city and county government, and closed with the notation, "Please Print This."

As we said some time ago, we welcome letters from our readers, but we have joined the ranks of nearly all other newspapers—both dailies and weeklies—in insisting that contributors sign their letters.

We will, on request, withhold the name of the letter writer if the contributor so desires.

The publisher of the Success has to stand behind everything that appears in its columns.

We will not knowingly print fraudulent or misleading advertising from anyone, and we try to get facts straight in all news items and articles.

We stand behind any editorial comment we make in this "PS" column, and we expect any readers who write letters to the editor to stand behind their comments as well.

So please, let's have no more unsigned letters sent to us.

### OIL MEN HERE

At noon yesterday two large planes landed at the Eldorado airport bringing in 14 men representing the TXL oil corporation of Dallas and another company.

A chartered bus was at the airport waiting for them and the entire group took off for the field 20 miles northwest of Eldorado where the TXL No. 1 Henderson gas discovery is located.

This well, which came in about three months ago, was rated an open flow of 53 million cubic feet. Two other drilling operations are now under way in the area. The discovery well is still capped.

This week the county had heavy rains, sure to bring on grass, weeds and other cover on county rangelands. We can look for a frost in November, posing a big grassfire threat.

The fire department has designated the evening of Tuesday, November 7, for county ranchmen to meet with them to discuss means of preventing grass fires and methods of fighting them most efficiently.

Remember the date, Tuesday, November 7, at 7:00 o'clock.

Following their marriage September 30 in Fort Worth, Mr. and Mrs. Duwain Sauer are living in the Knig house on Dixie Drive which Coach Whitaker vacated recently. Mrs. Sauer is to be honored Saturday afternoon with a gift tea in the Memorial Building.

## Eagles Due to Get Serious As District Play Starts Tomorrow

### Robert Lee Defeated In Last Week's Game

The calm and unruffled Eagles in their last non-conference contest of the current season defeated a fired-up and fanatical herd of Robert Lee Steers Friday night in Robert Lee by the deceptively low score of 12-0. But the Eagles had a much greater margin of superiority than the score indicates.

For instance, the Eagles chalked up 12 first downs to Robert Lee's three, this summary seeing the Eagles grind out 240 yards while the Steers could move only 146.

The Eagles tossed 10 passes, completed four which netted 44 yards. Robert Lee could complete only two of nine for a skimpy five yards. Eldorado intercepted two Robert Lee missiles but Robert Lee could capture but one of the Eagle's.

The Eagles captured two Robert Lee fumbles while Robert Lee gathered in only one wild one for the Eagles.

The Steers got the better of the penalty situation, however, being set back only once for 15 yards while the Eagles had three probable scoring drives halted by five penalties totaling a costly 65 yards of lost territory.

Big Donnie Holden brought the Eagle partisans to their feet just before the end of the first half with a punt return for 56 long yards which saw his team mates throwing some hard-nosed discouragement to would-be Steer tacklers. In the third quarter "Jolting Jim" Cheek climaxed a 23-yard drive by punching over from the three-yard line.

John McGregor's educated toe failed a couple of mid-season examinations in the tries for extra points, so the Eagles had to be content with 12 points instead of 14.

The Steer scouts made the usual mistake by concluding that if enough pressure were placed against big Donnie Holden, the Eagles offense would collapse, but while they were concentrating on blunting Holden's "yards-per-try" record, holding him to 53 yards for 15 runs, John McGregor was racking up 67 yards in 14 efforts, and Jim Cheek 112 yards in 14 tries.

Defensive prowess exhibited by Pete Logan, Gary Whitten, Dennis and Mike Jurecek, along with Jim Cheek, and the Eagles Incorporated throttled the Steer's offense.

Meanwhile Messrs. Draper, Childers, Jurecek, Thackerson, Logan and McAngus nudged or blasted as occasion demanded to provide running room for Eagle backs.

Too many penalties, an inferior team wound up to a frenzy, and the "upper dog" burden combined to make the 12-0 score a misnomer. The Eagles just had the "most" and refused to become "incandescent" about it, perhaps saving their fury for a future target, or targets.

### Firemen Called Monday To Andy Nixon's Shop

Local firemen were called out late Monday morning when a welding machine in Andy Nixon's shop on North Divide street caught fire.

F. O. Franklin who was working in the shop had to break down the front door to get out, and for a while dense smoke poured out. Prompt action by firemen confined the damage.

Mr. Nixon estimates his loss at \$1200, which was insured. He reported yesterday that his shop was about back to normal except for repairing the front door.

Andy Nixon's shop is located in the building which formerly housed the Fambrough Chevrolet Co.

### Gin Report

Ginning resumed at the Mikeska Gin Tuesday afternoon and at 3:00 p. m., Wednesday (yesterday) the total was 912 bales. If the weather will settle down and remain clear the crop will soon be coming in fast.

At this time last year the gin total was 2117 bales.

### PACK LEADERS MEET TONIGHT

A meeting of Cub Scout pack leaders is set for tonight (Thursday) at 7:30 o'clock at the Presbyterian church. All leaders are urged to attend.

### Eagle Of The Week

JIM CHEEK

### Sweethearts To Be Crowned Halftime

During half-time of tomorrow night's game with Junction, the Band Sweetheart and Football Sweetheart will be crowned.

The band and twirlers will perform as usual under direction of Glenn Mathews.

Remember — game time will be 7:30 instead of 8:00.

### Cotton Acreage Totals 8,446 Acres

A recent report from the ASC office, of which Wilson Smith is manager, gives Schleicher county a total of 8,446 acres of cotton standing at the beginning of the harvest season.

This is the figure arrived at after counting out the acres that were drowned out, and the acres plowed under as a result of overplanting.

While the exact figure for last year was not readily available, the men connected with the measuring job said that it wouldn't total much more than 1960.

### Max Brown To Speak In Christian Church Wed.

Max Brown, student at San Angelo College, is to speak at 7:30 p.m. October 18th in the First Christian church here in Eldorado.

He and three other young people spent the summer in Bolivia as missionaries, and he will show slides and discuss his experiences there.

He is a member of the First Methodist church in San Angelo. Everyone is invited to come and hear him next Wednesday night.

### Junction Here Tomorrow For First District Tilt

Tomorrow night sees two sets of Eagles tangle talons in the Conference 8-A opener for both schools. Eldorado should be favored in the contest, but the Eagles on the Divide will find that the Eagles from the river Junction will be fired up underdogs, thirsting to win fame and fortune by knocking off the other set of Eagles from their high perch.

School wise, Junction has a slight margin in numbers with an enrollment last year of 647. At the same time Eldorado's enrollment was 585. From the standpoint of finances though, Eldorado has it all over Junction which has a district evaluation of \$6,535,000 and a tax rate of only 65c for each hundred dollars for everyday expenses and 35c for indebtedness. Eldorado has almost three times as much for each student. Neither is Junction a member of the Southern Association of Secondary Colleges and Schools while Eldorado is.

Only recently, the voters of Junction and London Common School District voted down a proposal to consolidate. Success of this project would have provided better opportunity for the 48 children in the London District as well as added \$833,345 to Junction resources.

Season's record to date shows that each team has played six games, Eldorado having but a tie with Wylie against its record while Junction has three wins and three losses to date.

Football hostilities between the two schools began in the mid-1920's and Junction had the long end of the score for several years. But about 1934, Eldorado began to even it up at particularly crucial times for the Junction Eagles. In 1934, a band of fired-up Eldoradoans toppled Junction from its district championship lead on the same field where tomorrow night's struggle will take place. Again in 1938, Junction came to Eldorado with a district championship nearly in the bag but again the Eldorado Eagles triumphed in a bitter struggle. The same thing happened again in 1946 when the Eldorado lads rose up and denied Junction a championship.

Tomorrow night, Junction will have the opportunity to upset their Nemesis of past years. Their best efforts probably won't be enough, though. Just one year ago the Eldorado Eagles handed them the losing end of a 42-14 score.

Cooler weather and longer nights will see the kickoff moved up to 7:30 p.m. rather than 8:00.

Billy Frank Meador and 10-year-old son, Clay, have returned from Valentine where they each bagged an outstanding head of antelope.

### Game Time Now 7:30

Mrs. Donaldson Honored With Gift Tea Saturday

Mrs. Walter Ray Donaldson, a recent bride, was honoree at a gift tea Saturday afternoon in the Methodist Fellowship Hall.

Greeting guests were the honoree and Mrs. E. G. Donaldson, Mrs. T. E. Donaldson and Mrs. Way King. Miss Edna Faught registered guests. Miss Lynda McGinnes was at the piano throughout the tea hours. She also accompanied an ensemble of high school girls who sang "Band of Gold" and "Every Day of My Life." In the ensemble were Linda Nixon, Jan Davis, Genelle Edmiston, Joyce Woodward, and Rozanna Sudduth.

The tea table was laid with a white cut-work cloth over pink. The center piece was an arrangement of pink gladioli and pink carnations in front of which stood a miniature bride and groom. Cake squares decorated in pink and green, the bride's chosen colors, were served with lime sherbet punch. Serving at the tea table were Misses Arlene Harris and Genelle McCalla, former classmates of the groom, as was Miss Faught.

Bouquets of fall flowers and Queen's Wreath decorated the tables on which the gifts were displayed. Pink carnation corsages were presented the honoree and her husband's mother and grandmother who were in the receiving line.

Hostesses for the affair were: Mmes. Gail Mittel, Perry Mittel, Clovis Taylor, Delbert Taylor, Des-

mond King, Taylor King, Orland Harris, Jimmy Harris, E. R. Bryant, Charley Morris, H. W. Scott, J. D. Holden, George Williams, R. S. Boynton, R. A. Hammond, W. G. Godwin, Wiley Hight, Solon Boothe L. V. Newport, Elton McGinnes, and Albert McGinnes.

January Wedding Set

Mr. and Mrs. C. E. Horton of Andrews have announced the engagement and January marriage of their daughter, Carla Sue, to Herman Ray Phillips, son of Mr. and Mrs. Paul Phillips of Eldorado. The bride-elect, a 1958 Andrews High School graduate, will be a mid-term graduate at Abilene Christian College, where she is a

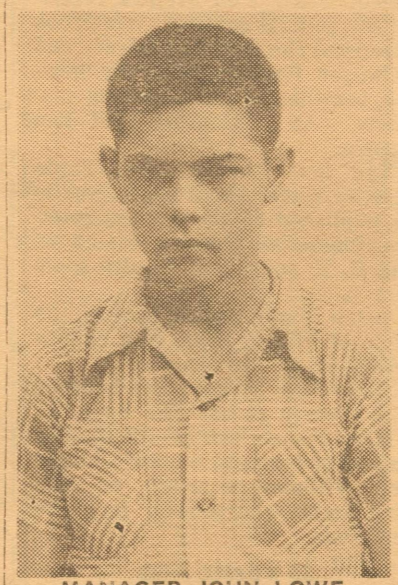

member of the W club, Kappa Delta Pi and an officer of GATA.

Phillips is a graduate of ACC where he was a football captain and an officer of the sub-T-16 in his senior year.

The couple will reside in Dallas following their marriage. Phillips is employed as an Interpretation Data Processor for Mobile Oil Co.

The Kimble-Menard county singing convention will meet in the Presbyterian church at Roosevelt on Sunday, Oct. 15, at 2:00 p.m., announces the secretary, Nona Montgomery.

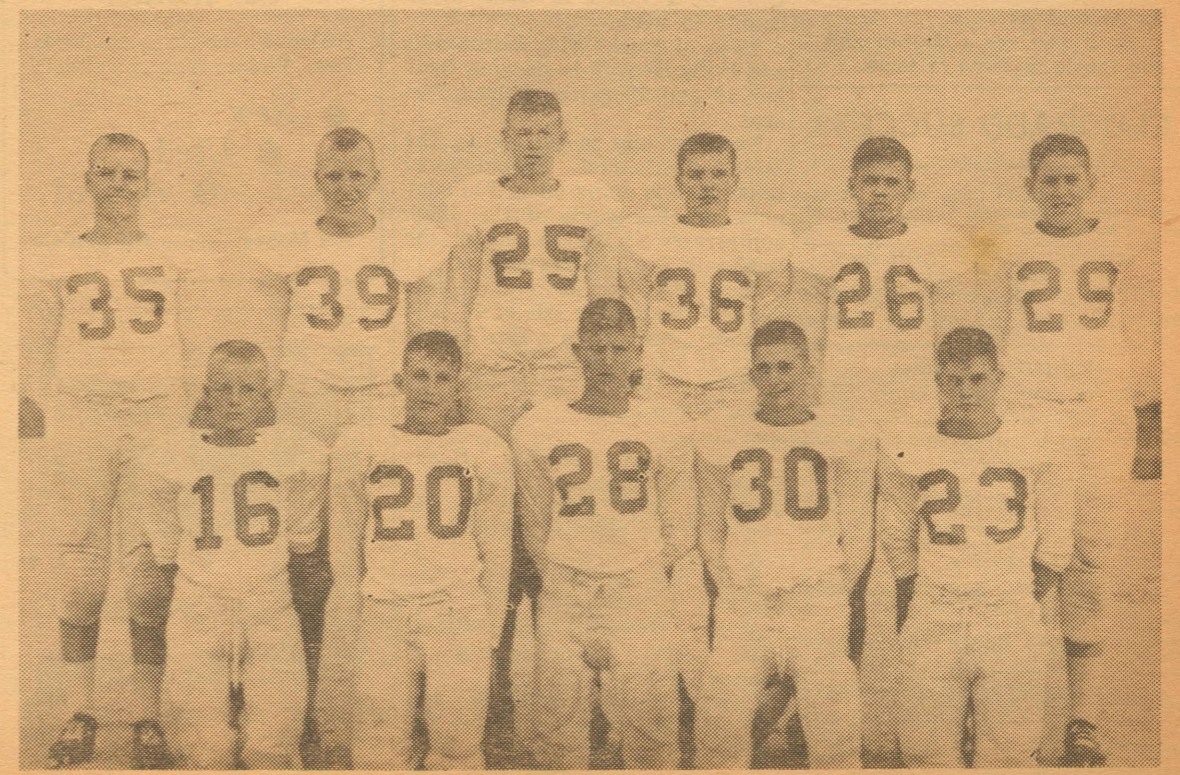

Mr. and Mrs. Buster Gunn attended funeral services Saturday for Mrs. J. T. Preston.

In These Days

Compiled From Success Files

ONE YEAR AGO Oct. 13, 1960—Announcement was made that Dr. M. D. Faul was coming to Eldorado, and promotion was continuing on a local hospital.

The Schleicher County Chamber of Commerce was putting on a free barbecue.

Lynda McGinnes, Joyce Woodward, Kathy Sauer, Eileen Kent, and Sue Blaylock accompanied Miss Owens to the district FHA meeting in Big Spring.

FIVE YEARS AGO Oct. 11, 1956—The Southwest Texas Electric Co-Op received approval from the REA in Washington for a \$445,000 loan.

Mrs. A. E. Kent was honored on her 80th birthday. W. Lee O'Daniel was campaigning as a write-in candidate for Governor.

Miss Gerry Dale Jones became the bride of Clarence Wayne Dickens in Odessa.

The Tex Carcan Circus was coming October 24.

The home of Mr. and Mrs. W. W. Williams was the setting for the marriage of Miss Fayla Rae Blasdel of San Angelo and Tony Oliver Cheatham of Grandfalls.

12 YEARS AGO Oct. 13, 1949—Contracts were let for the new Schleicher county school plant at a meeting of the school board. Von Frellick received the general contract, Westbrook Electrical the electric contract, and Bollinger Plumbing Co. the heating, ventilating and plumbing contracts. All firms were of San Angelo.

The first issue of The Eagle Scratches, the school paper, was to be published by the Success printers. Jonnie Lee Dickens was editor and C. F. Jones was faculty sponsor.

Helen Marie Brown became the bride of Wilson Page, in a church ceremony in San Angelo.

Doris Jean Dickens was honored with a party on her 12th birthday.

Mary Tisdale was president, Ann Ballew vice president, and Jimmie Dell Williams secretary, as the Girl Scouts reorganized for the new year.

35 YEARS AGO Oct. 15, 1926—Lee Buie has gone to a ranch in Tom Green county to work.

"Men of Steel," with Milton Sills and Doris Kenyon is showing October 18 and 19 at the Palace Theatre.

Farther away in the news: The Sesqui-Centennial International Exposition is going on in Philadelphia, in observance of the 150th anniversary of the signing of the Declaration of Independence.

Joe Tisdale was in town Wednesday and reports the sale of 40 head of steer yearlings to a San Angelo party at \$30 per head. Floyd L. Napier of Menard advertises himself as a concrete tank specialist.

Born, to Mr. and Mrs. Henry Wilson on Thursday, October 7, a daughter. Mrs. Wilson is in San Angelo at the hospital and is doing nicely.

A son was born October 9 to Mr. and Mrs. L. Nixon.

Arthur, Howard, and Wilbert Faull made a business trip to Sonora Saturday.

Eight Seniors attended the picnic last Friday that was given for the football team. Attending were Agnes Wright, Lucille Page, Bernice Putman, Floyd Young, Bernice Jones, Pete Finley, J. S. Trotter, and John Walton Cain.

Oct. 13, Friday. Junction vs. Eagles here. Kickoff time: 7:30.

Oct. 14, Saturday. Gift tea honoring Mrs. Duwain Sauer, 3:00 to 5:00 at Memorial Building.

Oct. 16, Monday. Boy Scout troop reorganizational meeting.

Oct. 16, Monday. Booster club.

Oct. 18, Wednesday. Lions club meets 12:15, Memorial Building.

Oct. 18, Wednesday. Max Brown, San Angelo college student, to speak at 7:30 p.m. in First Christian church.

Oct. 19, Thursday. D.A.R. meets.

Oct. 19, Thursday. Jr. High team to Big Lake.

Oct. 19, Thursday. Cub Scout Pack meeting.

Oct. 23, Monday. P-TA meets.

Oct. 24, Tuesday. Woman's club meets.

Nov. 2, Thursday. American Legion post meets.

Nov. 7, Tuesday. Ranchmen to meet with fire department at 7:00 to discuss grass fire prevention and fighting.

Nov. 8, Wednesday. Garden club meeting.

Nov. 9, Thursday. Masonic Lodge meeting.

Nov. 13, Monday. Eastern Star meeting.

Nov. 14, Tuesday. Woman's club Thanksgiving luncheon.

Nov. 16, Thursday. DAR meets.

Nov. 27, Monday. P-TA meeting.

CARD OF THANKS

I wish to thank the Eldorado Fire Department for their prompt action Monday morning when the welding machine in my shop caught fire. Your prompt action prevented damage from being more extensive. Andy Nixon & employees

Presbyterian News

A special service will be held this Sunday in the Presbyterian church in connection with the founding 100 years ago of the Presbyterian Church in the United States.

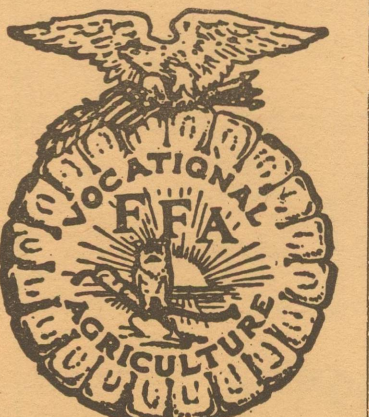

The Rev. Dan Sebesta will be in charge of the Centennial Sunday service which will start at 11:00 o'clock and will include Communion. Sunday School at 9:45 will precede the special service.

American Presbyterianism stems chiefly from Scotland, England, Ireland and Holland. Calvinists arrived in Virginia in 1607, the first Presbyterian minister in 1611. The first presbytery, Philadelphia, was organized in 1706, and Hanover, the mother of presbyteries in the South, in 1755. In time, the Reformed, United Presbyterian, and Presbyterian, U.S.A., churches came into being. The tensions of 1861 caused a North-South split in the latter, and our own church was organized. We now build on 300 years of Presbyterian life and service in the South, the nation, and the world.

Today our church extends from Baltimore, Md., to Portales, N.M.; from Proctorville, Ohio, a d Kansas City, Mo., to Key West, Fla. With nearly one million members and 4,000 congregations, we are the second largest Presbyterian body in the United States.

NEWS OF THE SICK

Mrs. Joab Campbell has been ill. Mrs. John Luedecke was in the Sonora hospital this week.

F.F.A. BOYS FEEDING CALVES

Frank Williams 60 head Billy Shore 2 Danny Burk 8 Joe Hardin 3 J. W. Hawkins 2 —Total 75

All these calves are on full feed at the present time. They will be weighed once a month and the average gains per day will be figured.

F.F.A. BOYS FEEDING LAMBS

H. A. Belk 10 Clyde Thackerson 5 Walter Powell 8 Danny Burk 30 Kenneth Henderson 10 Henry Roach 5 Joe Hardin 15 Phil Edmiston 10 Roy Lynn Love 10 Joe Lowe 5 —Total 108

Most of these boys have weighed their lambs and have them on feed. These are the calf and lamb projects of 1961-62.

Local Students Enrolled In SWTSC, San Marcos

San Marcos—Sandra Alcorn, daughter of Mr. and Mrs. Paul H. Alcorn, and Charles McLaughlin, son of Mr. and Mrs. C. C. McLaughlin, are among the 2,879 students who have registered for the fall semester at Southwest Texas State College.

Miss Alcorn is a senior student, majoring in business administration, and McLaughlin is a junior elementary education student.

Methodist Notes

This Sunday the local church will receive special offerings to go to rebuild Methodist churches in the coastal area which were damaged and destroyed by the recent Hurricane Carla. The church most seriously damaged was the one at Palacios. This and other churches are to be helped.

The Black Art Glass Co. of San Antonio has the new windows for the church about half completed. They are to be installed late this fall.

Mrs. Frances Peters has been named chairman of a steering committee to make preliminary plans for a homecoming to be held at the church in the Spring of 1962. Tentative plans call for the event to be held in March or early April. The homecoming will include dedication of the church educational building, which is now almost paid for, and dedication of the new art glass windows in the church.

Former pastors and members will be invited back for the affair, and details will be worked out in the months ahead.

WOMAN'S CLUB MEETS

The Woman's club met on Tuesday afternoon in the Woman's club room with the president, Mrs. W. O. Alexander, presiding and Mrs. Jess Blaylock, secretary. Bouquets of dahlias and fern decorated the room.

In the business session the club voted to enter the Community Beautification Project sponsored by the General Federation. Mrs. Jackson and Mrs. Joe Edens were appointed on this committee.

For the program a panel discussion was had. Mrs. W. N. Ramsay read a paper on the subject, "Can Peace be Achieved in our Day." Mrs. Gladys Mittel's topic was "People to People Diplomacy." Mrs. C. N. Clark gave a paper on "Effective Utilization of the United Nations."

The hostesses, Mrs. Edwin Jackson and Mrs. Keno Ogden served sweet sandwiches, nuts and coffee.

O. E. S. MEETING

Eldorado Chapter No. 140 Order of the Eastern Star met Monday evening for its regular meeting. It was also the occasion of the chapter's birthday, and friendship night. Miss John Alexander and Mrs. L. M. Hoover were presented with 50-year pins.

There were guests present from the Sonora and San Angelo chapters. The refreshment and decorating committee served refreshments during the social hour.

Mr. and Mrs. William Jarrett and children visited with the Pete McBurnetts in Odessa over the week end.

Mr. and Mrs. George Sullivan are visiting here this week with their son-in-law and daughter, Mr. and Mrs. Dan Sebesta and son.

Just Received: New Stock Crestwood Electric Blankets. Come in today and lay away yours, for yourself or for Christmas giving. Both single and double sizes and single and dual control. AT POPULAR PRICES! Eldorado Hardware Phone 23351

**Lions Have Scouting Program Yesterday**

With the combined drive for the Boy Scout council and Girl Scouts getting under way in the county, the Eldorado Lions club had a Scouting program at yesterday's meeting.

J. B. Morris, assistant executive from the Concho Valley Council office in San Angelo, was present and he introduced Paul Beisenhurst, deputy Regional Scout Executive from the Region 9 office in Dallas. Mr. Beisenhurst discussed the Boy Scout program and how its purpose was character development and citizenship training.

Mr. Morris is to meet with the local troop this coming Monday night at the reorganizational meeting.

W. H. Hale presided. Dennis Jurecek was Lion of the Week from the school.

New members of the club are Douglas Jung and Raymond Mittel.

**Eldoradoan Named Assoc. Director TADA**

George Humphrey of Eldorado, Texas, has been appointed an Associate Director of the Texas Automobile Dealers Association. The announcement of the appointment was made by TADA President C. C. Gunn of San Antonio.

"Membership of our organization includes 1,200 factory-authorized new car and truck dealers," Gunn stated. "Our purpose is to maintain a high plane of commercial integrity for those engaged in the new car and truck business."

"Mr. Humphrey, as one of our Associate Directors, will work closely with W. W. Mason of Ozona who is the TADA Director for this area."

**Tire Dealers To Pay Tax On Stocks On Hand**

Tire dealers were reminded today of the October 16 deadline to report and pay their Federal floor stocks tax.

In a joint statement, District Directors Ellis Campbell, Jr., of Dallas, and R. L. Phinney of Austin recalled that this is the tax passed into law effective July 1, 1961, and placed on highway type tires, inner-tubes (except bicycle tires and tubes), and tread rubber held by wholesalers, jobbers, distributors, and retailers as of that date.

Floor stocks tax returns should be prepared on Form 3174 and, together with the tax payment, sent to the Internal Revenue District in which the taxpayer's principal business is located.

Forms 3174 and instructions are available in all IRS offices.

Roscoe Simpson of San Angelo was a business visitor in Eldorado on Tuesday.

Robert F. Isaacs of Austin was visiting his parents, the Will L. Isaacs, on Thursday and Friday of last week.

**Twirlers Will Perform At Half Time At Junction Game Here Tomorrow**

LENDING MUCH to both local and out of town games this Fall are these twirlers. Left to right are Terry Phelps, of the Junior class; Jane Sanders, Sophomore; Paula Mace, Freshman; and Pamela Calk of the Senior class who is drum major again this year. (Staff Photo)

**BACK TO THE ARMY**

Mr. and Mrs. Myrl Sudduth left yesterday for Fort Polk, La., where he will report for military duty with the 49th Division.

They were accompanied by his parents, Mr. and Mrs. Vernal Sudduth, and pulled a house trailer from here to Fort Polk where it will provide housing for the young couple.

The young men being recalled to duty now have no idea how long they will have to remain in service.

**GARDEN CLUB HAS GUEST SPEAKER**

At a meeting of the Eldorado Garden club on Wednesday morning, Mrs. Hartgraves, the president, presided with Mrs. Edwin Jackson acting as secretary in the absence of Mrs. Joe Edeus. Mrs. Kenneth Cheek was leader of the program. Mrs. Nolan McDonald reported that several new plants had been planted on the Finnigan lot, which is the Garden Club project.

Mrs. Cheek introduced the guest speaker, Mrs. Ridgeway of San Angelo, who operates a flower shop there. Mrs. Ridgeway had a number of cut flowers with her and talked on flower arrangement, and made several types of arrangements. Her talk was very informative to the members of the club and will be a great help in planning for our next flower show. Twenty-three members were present. Mrs. Holiday of San Antonio, sister of Mrs. J. Forrest Runge, was a guest. —Reporter.

Mrs. F. J. Miller of Denton was a guest in the Jack Etheredge home for several days the first of the week. Mrs. Miller and Mrs. Etheredge are sisters.

**New Babies**

A son weighing 7 lbs. 6 oz. was born September 17 to Mr. and Mrs. Lewis Chancey of Holland, Michigan. Mrs. Chancey is the former Dolores Calcote and the couple also have two daughters.

Grandparents include Mr. and Mrs. Orval Sparks of Eldorado.

David Powell is being recalled to duty now with the Army. He is to report Oct. 24 to Fort Sam Houston for physical exam, and on the 26th to Fort Polk, La.

The Ed Meador house has recently received a coat of stucco.

Mr. and Mrs. Julian Morehouse visited here this week with Mr. and Mrs. S. D. Harper, Mr. and Mrs. Lawrence Steen, and other relatives and friends. They were to leave yesterday for Dallas. Their younger son, Jaye, is attending school here and staying with the Ed Meador family.

Mr. and Mrs. Tina Huichuman and daughters, Trena and Karen, of Dallas, spent the week end here with her parents, Mr. and Mrs. J. D. Holden.

Mr. and Mrs. Jack Browning of Eden visited here this week. Mr. Browning is former coach of the Eldorado Eagles and is now coach at Eden.

Mrs. Felix Hash and two children have returned to California after a month's visit with her mother, Mrs. Bauguess, and other relatives here.

Visiting Sunday in the home of Mr. and Mrs. John Whiteley were Mr. and Mrs. Tom Carroll and daughter Vicki of Ozona, and Mr. and Mrs. Jimmy Carroll of San Angelo.

Mr. and Mrs. Leslie Baker are leaving today for Dallas to take in the State Fair and on Saturday they plan to see the Oklahoma and Texas football game in the Cotton Bowl. They will be accompanied to Dallas by Miss Ruth Baker.

G. E. Hensley has moved back to Eldorado and is in a Gus Love house.

Jerry Doyle, a student at San Angelo College, spent the week end with his parents, Mr. and Mrs. Claude Doyle.

**Home Demonstration Agent's Column**  
By MRS. VIDA KREKLOW

Some interesting facts about candy—a subject of great interest to people with a sweet tooth. We have proof that 2,000 B.C. the ancient Egyptians were making candy. The ancient Romans made candy too; excavations in Herculaneum produced tools and molds which look a whole lot like our simple candy making equipment of today. India produced the first sugar and was later produced in Persia and Arabia. The Persian word for sugar was kandisfid which was shortened and we still use the word today—candy.

Somehow I get the impression from the younger set that candy giving isn't what it used to be—well, several years ago. I remember a roommate in college whose boy friend had a lot more money than anyone we knew. (You didn't have to have much to make an impression in 1930.) We all agreed that the finest thing about Rufus was that he sent big boxes of candy. The roommate threatened a break with Rufus several times but we in turn threatened her and with the understanding that we would untie the thank you notes for her, she took no drastic steps until school was out. I only wish that I'd known about the symbols then which all makers of boxed candy use. At times we had such an abundance we go very choosy and unmindful of our manners and pushed the tops in to check on the piece which we were about to take. If we had only known that—

A square piece of candy denotes a caramel; an oblong, a nougat; and a round piece is always a piece is a clue to the type of filling. A "v" means vanilla cream; a flat-topped candy with an open "c" is a chocolate butter cream; a dome shaped chocolate with a closed "c" is a chocolate covered cherry; a square piece with a "v" is vanilla caramel. The letter "o" stands for orange cream filling; "p" for pineapple, and "r" for raspberry.

Color is the key for hard candy symbols. Red candy with narrow white stripes is cinnamon; white candy with narrow red stripes is peppermint and the same with a green stripe is spearmint. White with broad red stripes is wintergreen. In plain colored pieces lemon yellow, orange, lime green, and grape purple are obviously what they say they are.

It has been said that it is virtually impossible for a person to eat just one peanut. And the same is true about candy. Each bite calls for "just one more bite." An average piece of candy has 47 calories. Not that 47 calories make so much difference, but 6 times 47 could. Candy is great for satisfying of hunger and taking away the appetite, but it doesn't fill the bill as an all around food. Who wants to eat spinach when there's candy around?

Correction due in the uncooked relish recipe:  
6 bell peppers should have been called for—not 6 hot peppers.

Mrs. J. L. Ratliff's keen eyes picked that one up right away. Thank you, Verna.

**The Dessert Quickie of the Week**  
½ cup flour and pinch of salt;  
½ cup sugar;  
1 teaspoon baking powder;  
½ cup milk or cream.  
Mix these ingredients. Dot a baking pan with butter. Pour mixture into pan. Pour two cups some type of juicy fruit, canned or stewed, on top of batter. Cherries, berries, peaches or pineapple may be used. Bake at 375 F. for 30 minutes.

Mr. and Mrs. John Sedberry visited Tuesday and Wednesday in Abilene with Mr. and Mrs. Jim Steward and baby daughter.

Mrs. Hollis McCormick is in the Sealy hospital at Galveston for a check-up, expected home Saturday.

**WINTERIZE NOW**

It's not too early to start getting your car ready for the winter driving ahead. We specialize in thorough winter servicing, including new Anti-Freeze. Complete stock fan belts, heater hose, and radiator hose. Drive by or call us for pickup and delivery service . . . your car will be miles ahead when serviced with Phillips 66 products.

ELDORADO, TEXAS

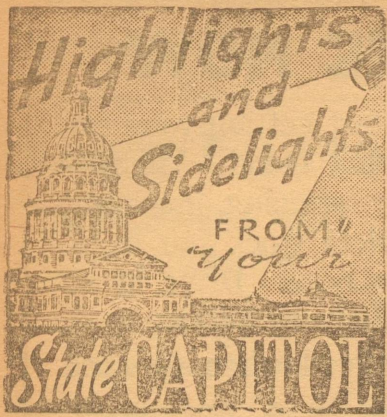

Which of the following is spelled correctly?

- invalid      invaled      invalid

(meaning of no force or authority)

See Want Ad Page for correct answer

Three members of the House of Representatives and two state senators were named by Sen. Bruce A. Reagan of Corpus Christi as a Subject Matter Committee to determine which of 25 suggested interim studies shall be made by the Texas Legislative Council.

Reagan is president pro-tem of the Senate and presided at the first meeting of new Legislative Council. He and Sen. James A. Turman, speaker of the House are ex-officio members of the Subject Matter committee. Turman is chairman; Reagan vice chairman.

Designated membership on the committee were Senators Preston Smith of Lubbock and Geo. Moffitt of Chilocco. House members appointed were C. W. Pearcy of Temple; Sam Collins of Newton; and Alonzo Jamison of Denton.

During the three 1961 sessions of the Legislature, 25 resolutions were passed, calling for special studies by the council. Of these 25, twelve were concurrent resolutions approved by both House and Senate. The remaining 13 originated in the House. Among the 25 topics under consideration for special study were:

- Coordination of Health and Welfare services of the State.
- Space Utilization by Institutions of higher education.
- Election code revision.
- Non-constitutional duties of the Attorney General.
- Opinion Authority of the Attorney General.
- Laws Relating to Wild Life Resources of the State.
- Teacher Certification.
- Laws Based on Population Classification.
- State Hospitals and Special schools.
- Health, Accident and Hospitalization Insurance Claims.
- The Judicial System of Texas.
- Laws Governing Acquisition and sale of state owned lands.
- The State's Public Higher Education System.
- Regulation of the Insurance Industry.
- Ad Valorem Tax Laws.
- Telephone Utility Regulations.
- Texas Utility Regulations.
- Discrimination in Employment because of age.
- Branding of cattle and registration of brands.
- Reciprocity practices of Texas examining and licensing boards.
- Purchasing practices and procedures of the State and its political subdivisions.
- Recordation of mineral interests.
- Mentally Ill Children.
- Rate Making powers of the Railroad commission.
- Mass transportation in major metropolitan areas of Texas.
- FM Road Building Plan**
- State Highway Chairman Herbert Petry Jr., of Carrizo Springs completed one major assignment for Gov. Price Daniel, but has a tougher one ahead. Petry and Daniel worked out agreement with the Texas County Judges and Commissioners Association under which the farm-to-market road

building program will be modified along lines long advocated by the Texas Good Roads Association and the Highway Commission. But now the plan has to be sold to the powerful Texas Farm Bureau at its convention in Galveston Nov. 13-15.

Governor Daniel vetoed the \$15 million appropriation for farm-to-market road construction from general revenue for the year starting next September 1, saying it was time to settle the question of rural road maintenance. He got together a committee of road-minded people. County judges and commissioners agreed to this plan—pay for about \$17 million of the present \$18 million cost of maintaining rural roads out of the \$50 million now going to FM road construction. They also agreed to build a total of 50,000 miles of FM roads, instead of the 35,000 miles now set as unofficial goal.

**Court Opens**

Appellate courts opened their fall terms, handing down dozens of decisions. Key case of great importance was decision in suit of Key Western Insurance Co., of Abilene against the Board of Insurance, from both insurance and legal points of view.

Here the Supreme Court upheld a new requirement that appeals from decisions of the Board of Insurance on approvals of life insurance policies must be tried "de novo" or "anew" rather than accepting the old rule that an administrative agency is to be upheld if its decision was not arbitrary or capricious.

Of major importance also was the award of \$139,250 to the City of Graham for damage done its sewage treatment plant to backing up of water of the Brazos River Authority's Possum Kingdom Dam. The case goes back for retrial of whether Graham can collect for damage to its water plant.

**Padre Study**

Gov. Price Daniel got together his special committee to study the idea advanced by Land Commissioner Jerry Sadler to make Padre Island a state park instead of a national seashore area. Sadler, a member of the committee, did not get word about the meeting and was not present.

State Parks Board Chairman J. Carter King of Albany, said the whole appropriation of the board for the next two years would not scratch the surface of making Padre into a state seashore area. King is worried about the 74 presently designated state parks.

Daniel asked the study committee to have a recommendation ready in time for the winter special session of the Legislature to take policy action on the state vs. federal issue.

Daniel feels Padre should be dedicated as a public area, by one means or another.

**Orphans' Ranch**

Orphans at the Corsicana State Home got a 4,180-acre ranch on the Lampasas River under a Supreme Court decision on the will of the late Mrs. Parrie Haynes of Bell county.

Other heirs contested, but the court turned the ranch to the Texas Youth Council, which runs the orphan's home. Atty. Gen. Will Wilson, who handled the defense of the will, said there is talk of making the ranch an outdoor branch of the Corsicana school.

**Where To Go**

Big events of Texas communities during the winter and spring months are advertised in the State Highway Department's "Texas Cal-

endar of Events," just out. Folder listing fairs, rodeos, dozens of other events is available free from the Travel Division of the Highway Department as a part of its travel promotion work.

**Insurance Claims Rise**

Insurance spokesmen estimate that \$5,000,000 already has been paid out on windstorm insurance policies. Rate of payment of claims will reach 20,000 a week soon, William J. Harding, coordinator of the Texas Joint Loss Catastrophe Plan, said.

Harding, speaking for fire and casualty insurance companies, said much misinformation has been given out on insurance coverage. He declared that policies are being interpreted after Carla just as they always have—that damage from wave wash or flooding has never been covered by Texas standard insurance policies.

**Club Taxes**

First month of collections of the new tax on private clubs by the Texas Liquor Control Board saw the tax take total \$414,612.

Tax is about \$2 per member, so indicated membership of the 472 licensed clubs is 207,306. Veterans and fraternal clubs are exempt from the tax.

First headache for Liquor Administrator Coke Stevenson Jr. from the club license law was on the question of bingo. This game has supported many such clubs.

Stevenson decided to let "local option" rule. If local law enforcement officials allow school, civic, church and other organizations to run bingo games, private clubs can too.

**Business Better**

Texas business perked up in August. University of Texas Bureau of Business Research said the new sales tax, taking effect September 1, is hitting all-time high.

September figures are expected to be badly out of kilter because of the slow-down in industrial and nearly all activity on the Gulf Coast during and after the hurricane.

**Constitution**

Talk continues about revising the 1876 Texas Constitution.

Texas League of Women Voters, unable to get legislative support for its pet project of constitutional revision, got an ally in U. S. Rep. Jim Wright, speaking to University of Texas Young Democrats.

Wright said that for too long "we have patched new pieces of cloth onto an old garment." He also advocated streamlining of the state administrative agencies along lines the Hoover Commission recommended for federal government.

Legislators objecting to the revision, among other reasons, say that complete revamping would result in far more errors than in the present piece-meal procedure.

**Peyton Cain Joins Local Insurance Agency**

Formal announcement was made this week of the association of Peyton Cain, former superintendent of the Alpine Public School System, with Ed Meador Agency, local insurance firm.

Mr. Cain is well-known throughout West Texas, having lived in the area since 1924. He is particularly familiar in Schleicher county for it was here that Cain began a teaching career that was to last for 37 years.

Meador pointed out that it is his firm's intention to provide the best possible insurance service to the people of Schleicher county. "We feel extremely fortunate in having a man of Mr. Cain's background and ability with us," Meador said, "and we feel certain that our desire to better serve our many policyholders and friends in their insurance needs will be greatly enhanced by Mr. Cain's presence. He is professionally qualified in every respect, and I am sure the people of Schleicher county welcome this family back into our community."

Peyton Cain arrived in Eldorado in late August of 1924, along with his mother, Mrs. Alice Cain, and younger brother John Walton Cain. He and his mother taught in what was then the Bailey Ranch Consolidated School until 1930. After a period in Sul Ross college, he became high school principal at Comstock, Texas, after which he became junior high principal in the Alpine Public Schools. While in Alpine he was on the Sul Ross College summer faculty a number of years prior to World War II. Cain entered the Army in 1942, serving until August 1946, when he came back to Eldorado and became high school principal. He returned to Alpine as superintendent of schools in late May 1947, where he remained until his retirement June 30, 1961.

Mr. Cain married Alta Stevens, daughter of Mr. and Mrs. Alfred Stevens, long-time Schleicher county ranchers, in 1930. They have planned to return to Eldorado since 1943, when Mrs. Cain purchased land from Robert Nixon in the Bailey Ranch Community while her husband was away in service. They purchased the Slim Boyer

place in 1955, which is adjacent to the original purchase.

This past spring, the Cains remodeled the house on the Boyer place and have settled down, so to speak, in Schleicher county along with their children, Beep, age 15, a freshman, and Jane, age 13, in the eighth grade, both of whom are attending school in Eldorado.

Since his arrival here, Cain has qualified for insurance work and has his office with Meador in the Ed Meador Agency building on Divide Street.

Mr. Cain plans to deal in both general insurance and life insurance.

Ed Meador Agency represents five insurance companies with casualty insurance, health and accident insurance, and life insurance.

Mr. and Mrs. Phil Benedict of Wichita Falls and Mr. and Mrs. W. W. Beal of Austin visited in the home of Mr. and Mrs. Edwin Jackson during the week end.

At the Eastern Star meeting Monday night, Miss John Alexander and Mrs. L. M. Hoover were honored with 50-year awards.

**Ed Meador Agency Announces**

With great satisfaction the association of Peyton Cain with this firm as solicitor and office manager.

In our desire to bring to the people of Eldorado and Schleicher County the best insurance service available, we are fortunate in having a man of Mr. Cain's ability and background to join us in rendering the professional service and advice that you are entitled to.

It has been a pleasure over the years to bring to you the best that the insurance industry has had to offer. We plan to continue providing the community the greatest benefits available in casualty, health, accident, and life insurance.

You are invited to visit us in our pleasant offices to discuss your insurance needs or just for a friendly visit.

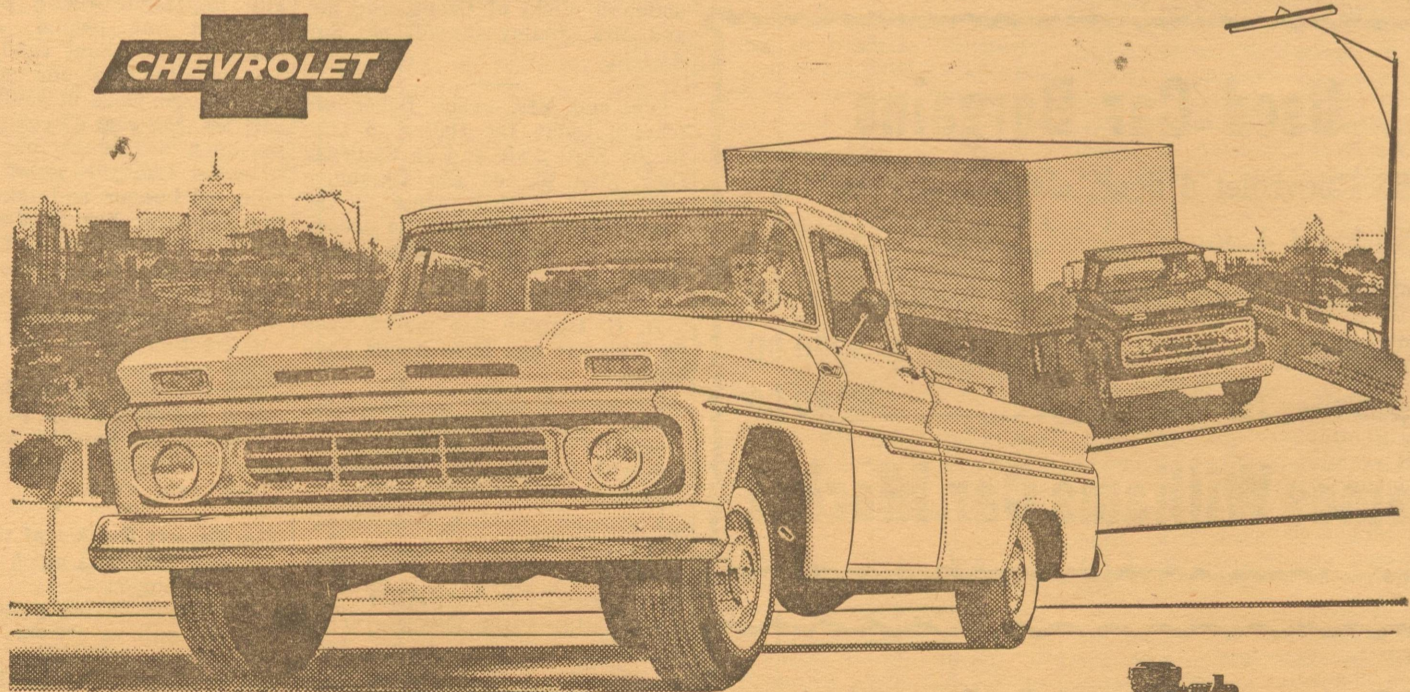

ED MEADOR

PEYTON CAIN

**NOW! A NEW WORLD OF WORTH!**

**'62 CHEVROLET JOBMASER TRUCKS WITH NEW High Torque Power!**

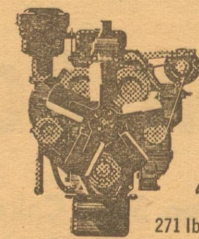

Here's new High Torque power for every weight class—light, medium and heavy... the most powerful engines in Chevrolet history... sure saving power and dependability for every job!

There are plenty of powerful reasons for Chevy superiority. High torque reasons. Reasons that range all the way from a mighty new High Torque 409 V8\* for heavies, right down to the thrifty Sixes... including the High Torque 261 Six\* that's available for the first time in light-duties.

Loads of other reasons, too. Like the new work styling with downward-sloping hoods

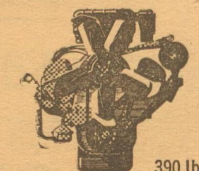

that let drivers see up to 10½ feet more of the road directly ahead. Like Chevrolet's proved Independent Front Suspension for even smoother riding, easier working trucks. Like the heavier duty hypoid rear axles for middleweights and the rugged new I-beam front axles\* (9,000- or 11,000-lb. capacity) available for extra-tough jobs on Series 80 heavyweights. Like the longer lived mufflers. Like work-proved Corvair 95's (2 pickups and a panel) that haul up to 1,900 lbs. of payload with low-cost dependability and sure rear-engine traction. Like to know more? See your Chevrolet dealer.

\*Optional at extra cost

4-53 Diesel  
130 hp;  
271 lbs.-ft torque

**NEW CHEVROLET-GM DIESEL DURABILITY**  
Here's new earning power for middleweights... rock-bottom maintenance costs, compact size, low weight, top torque and top power.

409 V8  
252 hp;  
390 lbs.-ft torque

**NEW HIGH TORQUE V8** With 16½ per cent more torque than ever before available from Chevrolet.

## COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

B. E. Moore was re-elected Soil Conservation supervisor of Zone 3 of the Eldorado Divide Soil Conservation district No. 212. Mr. Moore has been supervisor since the organization of the district in 1940. He has served the land owners of zone 3 since infancy of the district. He has helped with the many problems of the district, always rendering a decision that has been to the best interest of all land owners in zone 3, and to all producers of the county. He was re-elected for a five-year term.

The election was held between tours of a deferred rotation ranch of W. R. Bearce. Mr. Bearce has been in this type of program for three years. The results noted was the good condition of the pastures now being grazed and the pasture to be turned into what has rested for three months—each pasture receiving rest at different periods of three months of the year over a period of years.

A youthful figure is something you get when you ask any woman her age.

Whether there has been an abundance of moisture or whether it has been dry, producers who are doing range work by eradication of mesquite are reminded that the period before frost mesquite is hardest to kill. Research shows that all growth has stopped and there is a short period of inactivity due to the chemical make-up. When frost comes basal application of 2-4-5-T ester and diesel will be effective. This method should be applied especially by farmers on the fence rows. Eradicate the mesquite that have for years robbed you of valuable yields in cotton, grain sorghum, and grazing crops is one of the small activities to efficiency of production.

Even though you may be on the right track, sit there and you are sure to be run over.

Speaking of efficiency of production, have you as a rancher seriously considered the mesquite eradication from this angle?

Suppose you have a total of 1,000 acres of mesquite on your ranch. Now this mesquite did not

come into being overnight—but oh how we would like to get a complete eradication overnight. Being of normal income, study the economics. It will cost approximately \$3 per acre to fly—including cost of material. Now, we put into use a well planned operation.

Year No. 1. Fly 250 acres, and year no. 2, 3, 4 fly an additional 250 acres until you have completed covering of 1,000 acres.

Suppose you get a kill of 60% to 90% on years 1, 2, 3, and 4. Here are the economics:

1. You have paid for years no. 1, 2, 3, and have a start on years 4 and 5 with increased pounds of lamb, calves, wool and mohair, because you grow 4 pounds of grass for all mesquite that you formerly had from the same moisture. This means that 15 pounds more calf at 20 cents per pound or only 22 pounds more lamb per acre or a combination of beef and lamb to pay the eradication cost of 60-90%. Your lambs and ewes will shear heavier.

2. The most severe mistake that you can make is: increase stocking rates. Increase stocking rates is the most unsound economic move to be made—taking for granted you are dependent on the ranch for your living and desire to stay in business.

3. At the end of four years you have improved rangeland, marketing heavier and thirtier livestock. Improved livestock by selection have been fully paid or partially paid for your trouble. Do you stop? No. You are now ready to start on the first 250 acres. You spray and lessen the percentage of mesquite on this 250 acres more, and confine use over the whole 1,000 acres year by year in rotation.

4. Consideration of droughts! The Schleicher county ranchman will be in a drought 54% of the time. The moisture that falls—12 inches or 25 inches will go to grass production less cost for will result.

There are other factors: fluctuations in price, time of application, etc. But over all with mesquite having increased from 260,000 acres in 1940 to 570,000 acres in 1960—to control mesquite is profitable from all economic situa-

tions.

With the recent rains the build-up of boll weevil is a certainty. 140 producers who are to share in a million plus have to think of the greatest economy for this year and protect the economy of cotton production for future years.

Early stalk destruction and farm clean-up are valuable tools to use in controlling the pink bollworm and boll weevil. The use of a desiccant or defoliant as early as practical, then stripping, picking or pulling will expedite the situation greatly. This insures the harvest all at once, then too insures a better grade at the gin if hand pulled.

In most cases late fall crops are expensive because of the large build up of cotton insects.

A big part of wisdom is knowing when to appear ignorant.

### Openings Announced For Highway Patrolmen

Midland—Applications currently are being accepted from men 21 to 35 years of age—who can meet the qualifications—for possible training as patrolmen with the Texas Department of Public Safety.

The announcement of the acceptance of applications was announced today by Major Wilson E. Speir, Commander of the 49-county Midland Region of the DPS.

"Applications must be in the Austin office of the Department of Public Safety by October 20," Major Speir said, "in order for the applicants to take the next field service examination of select student patrolmen for our training school which begins Jan. 9, 1962."

"During the last session of the Texas Legislature, additional personnel at the patrol grade was added, several promotions are being made and several of our personnel have been called into military service, thus creating the vacancies," he added.

### GERALD B. HARTGRAVES BUYS PUREBRED ANGUS CATTLE

Gerald B. Hartgraves of Eldorado recently purchased 44 Aberdeen-Angus cows and 16 registered Angus bulls from A. J. Lewis of San Antonio.

Thursday guests of Mrs. Frank Bradley were Mr. and Mrs. H. D. Bradley of Brady and W. D. "Bill" Bradley of Waureka, Oklahoma.

Thurs., Oct. 19: Roast beef & gravy, creamed potatoes, Sammy's beans, stewed tomatoes, buttered rolls, milk, fruit cobbler.

Friday, Oct. 20: Tuna croquettes, English pea salad, boiled carrots, buttered rolls, milk, peach short-cake.

### CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Lionel Castro Chaves, Defendant, Greeting:

You Are Hereby Commanded to appear before the Honorable 51st District Court of Schleicher County at the Courthouse thereof, in Eldorado, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of November A. D., 1961, to Plaintiff's Petition filed in said court, on the 16th day of August A. D. 1961, in this cause, numbered 1073 on the docket of said court and styled Anita Barrera Chaves, Plaintiff, vs. Lionel Castro Chaves, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof and make due return as the law directs.

Issued and given under my hand and seal of said court at Eldorado, Texas, this 21st day of September, A. D. 1961.

Attest: J. P. Enochs, Clerk  
51st District Court  
Schleicher County, Texas  
(Se 28 Oc 5-12-19)

## George Humphrey Motors, Eldorado, Texas

By Dayton Kelley  
Mary Hardin-Baylor College  
Belton, Texas

October a century ago was a month of slack fighting in the war areas of the nation. There were minor skirmishes in Missouri, light fighting in Kentucky, and some scattered clashes in Virginia and Maryland but both North and South, for the most part, seemed to be using up the remaining days of 1861 to get organized for the savage fighting that would come of next year.

Command of armies changed frequently and there was much jostling about among the generals for coveted positions. One of the most important of these changes on the Union side was the appointment of Brig. Gen. William T. Sherman to command the Federal army in command in central and eastern Kentucky replacing Robert Anderson, the hero of Ft. Sumter.

Just three days after Sherman's appointment, Brig. Gen. William S. Rosecrans was given command of the Department of Western Virginia, and a few days previously on October 1, Major General Butler became commander of the newly-created Department of New England.

The Southern commands were also becoming better organized and on October 7, Major General Braxton Bragg's command was extended to include the state of Alabama. Only a short seven days later Bragg's territory became known as the Confederate Department of Alabama and Western Florida.

The final command assignments for October, 1861, were made when the Confederate Government organized the Department of Northern Virginia under the command of General Joseph E. Johnston; divided the department into the Valley District, the Potomac District, and the Aquia District to be commanded by Major-General's Stonewall Jackson, P. G. T. Beauregard, and T. H. Holmes respectively; and assigned General Albert Sidney Johnston, a Texan, to command of the Confederate Army in Central Kentucky.

And in Texas, where the Con-

federate command had been given to General P. O. Gebert only a month before, the soldiers of the South were busy chasing an enemy from the state. The enemy was, however, not the Yankee variety; but Indians who came through the back door from the west while Texans watched from the front door to the east for signs of Northern activity.

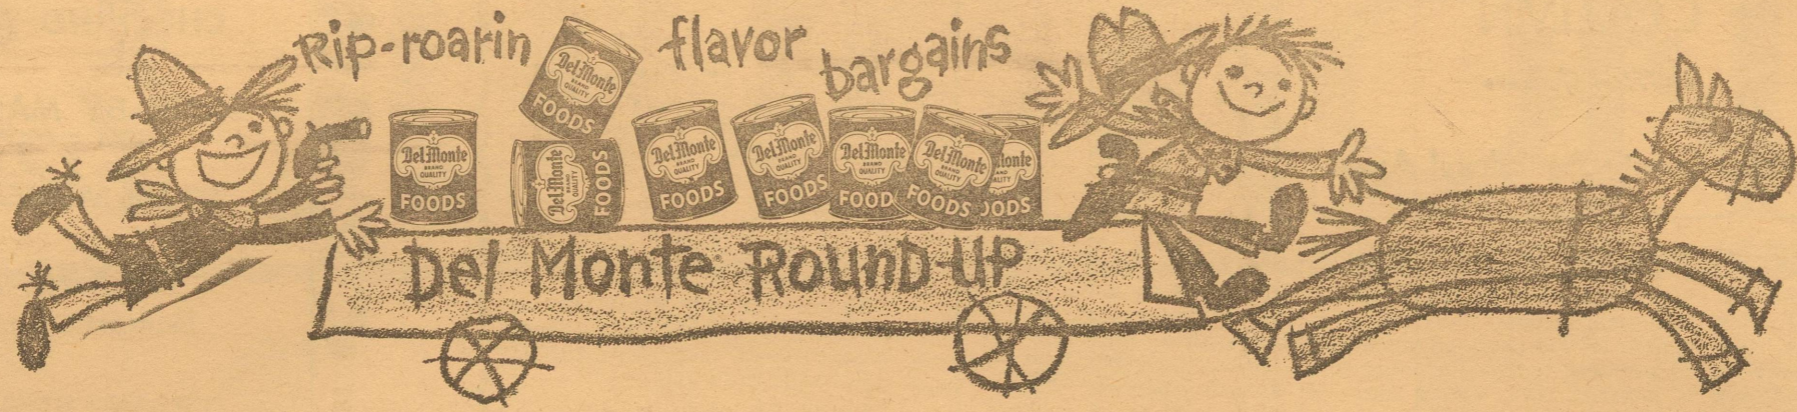

Company D, Second Regiment, Texas Mounted Rifles, stationed at Fort Inge near Uvalde, spent a whole week from October 11 thru 16 chasing the Indians all over that part of the state. The company was commanded by Sergeant W. Barrett.

The comparative inactivity was not to be of long duration for either Texas or the rest of the South. The bloody battles of 1862 at Shiloh, Seven Pines, Second Manassas, Malvern Hill were still to come. But everybody was getting ready for them in late 1861.

Recommended reading this week includes: The Battle of Ball's Bluff occurred just one hundred years ago this month and was a severe reverse for the North. Major General Joseph Korst Patch has, in a little volume published by Potomac Press and entitled, The Battle of Ball's Bluff, taken that battle apart to provide a well-balanced account of the Union defeat which came on the heels of the tragedy of First Manassas. The book provides an opportunity for the reader to know the people of both North and South who are yet unaccustomed to war.

Later this month, McGraw Hill Book Company will release a new study of D. H. Hill by Hal Bridges. We've just seen a pre-publication copy of the book entitled Lee's Maverick General and after only a quick perusal, agree with the author of Mighty Stonewall, Frank Vandiver, that Bridges "is one of the most brilliant of the younger men in the field and a man who writes with great clarity and charm." His study of D. H. Hill sheds new light on questions that have puzzled Civil War buffs for a long time.
